Come to Church Every Week

MUST THINK IT OVER!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest family on earth for the building of character and good citizenship. It is a nursery of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own good. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

That's what my parents said when I asked if I could go to Eddie's Sunday School.

You see, there are lots of churches in town. And my parents haven't decided which one we ought to attend. These are important decisions. They take time!

But that doesn't make Sunday mornings much fun. With all my friends at church, there's nobody to play with except that bully up the street. And Dad and Mother say I shouldn't play with him.

That's funny! How come parents can decide what kind of boys we should play with, but they can't decide what church we should attend?

Seems to me that going to church next Sunday might help us all decide.

'Savage Sons' Back With Families

AROUND THE CLOCK

A Sanford Herald news story Friday concerning the Hullabaloo Scene teenage night spot inadvertantly quoted a police officer as making a comment concerning the Slumberland Motel next door to the youth's gathering spot. The remark did not come from a police officer but another news source, and was mistakenly credited to the officer.

• • •

Diogenes could find his honest man at Sanford Naval Air Station: AR3 H. J. McGuire. The sailor found a sack full of money ($600) and a photo. Sailor in the photo was identified . . . and his money returned.

This item about McGuire was in the "Scuttlebutt" column of the Sanfly, which also reported it was necessary to put locks on the doors of the changing rooms at the Navy Exchange. Reason was loss of so many clothing items.

• • •

Pinecrest School, recent target of vandals, is now protected by a burglar system. Alarm system installation had not been completed by original contractor at time school was vandalized. New contractor was engaged and work is finished. If school is broken into, alarm system activates a special telephone line and an operator notifies police.

Lions say this year's Fun Fair was the greatest ever and more than $1,000 was raised for their fund which goes to help the blind. But the Lions are not resting on their laurels — they are already making plans for next year with a bigger and better fair.

• • •

Robert Lamar Watson, Sanford man freed from prison after being falsely convicted of robbery, and John Frasca, Tampa Tribune reporter whose expose led to Watson's freedom, will be guests soon at a Tampa Rotary Club session. Frasca won a Pulitzer Prize for his series of news stories which led to Watson's release and the arrest of three Mulberry police officers for the robbery.

You may think Batman is a nowhere show, but licensing of the rights for over 500 Batman items, expected to retail at around $8 million dollars this year!

LOOKING like replicas of Lawrence of Arabia, Savage Sons of RVAH-5 arrived home Saturday from a 7½ month Med cruise. Arab-type headdresses were symbolic of squadron's tour of duty in Arabian countries and were worn at a farewell party for several squadron members, held in Beirut, Lebanon. Squadron Commander David Dearolph (center) is greeted by Capt. R. J. Fowler, Wing commander, as unidentified squadron mate is hugged by small son at NAS airstrip. (Herald Photo)

After 7½ Months At Sea

Glaring white runways at Sanford Naval Air Station took on the appearance of glittering desert sands, Saturday as Arabian sheiks in flowing white headdresses dismounted from their jet-propelled steeds and swarmed over the airstrip converging on groups of women and children who welcomed them with open arms.

A closer look disclosed the Indian head insignia on the sleeves of the Savage Sons of Reconnaissance Attack Squadron Five, home from a cruise aboard the USS America, which took them to many Mediterranean ports during the past 7½ months.

RVAH-5, serving as part of Carrier Air Wing Six, participated in both Allied and NATO Exercises with the Sixth Fleet.

Cannes, France; Athens, Greece; Istanbul, Turkey and Beirut, Lebanon were some of the ports visited during the deployment. It was at Beirut where the Savage Sons of Sanford were transformed into "savage sons of the desert," during a farewell party for several members of the squadron.

While at sea, Cdr. David Dearolph assumed command of the squadron, replacing Cdr. Wallace Russell, currently serving as Wing Chief Staff Officer.

Striking TWA Employers Still Picketing Moon-Launch Area

CAPE KENNEDY (AP) — Striking employers of Trans World Airlines continued picketing one entrance to the nation's moon-launch area today, but their impact was confined to TWA personnel.

Army Corps of Engineers officials said about 200 construction workers who honored picket lines Friday returned to work today. Industrial union members with firms other than TWA also showed up for work.

About 1,100 TWA personnel here have been idled by the work stoppage, part of a nationwide strike against five airlines. TWA holds the prime contract for launch support operations at the National Aeronautics and Space Administration's moon-launch area on nearby Merritt Island.

Government and union officials minimized the strike's impact by confining picketing to only one gate.

The government has required all TWA personnel to enter only through the south gate of NASA's moonport. The union accomplishes its purpose by picketing that gate. Union employes with other contractors can go to work through any of four other entrances to the space center.

Planning Committee Request Slated

Request for formation of a planning committee for urban development will be brought before city commissioners at their 8 p.m. meeting tonight by Lee Moore, chairman of the Downtown Development Committee, a division of the Seminole County Chamber of Commerce.

Discussion is expected to center around the need for broad city planning and development programs.

The controversial sign regulation ordinance will again be up for discussion, along with consideration of bids on Sunland Estates water line materials, future projects under federal grant programs, dance hall permits and statements for lakefront dredging work to date.

Sanford Chamber of Commerce will again ask for release of quarterly funds, which were refused as the last meeting of the commission.

Bank Windows Open Tuesday

New drive-in windows at the Sanford Atlantic National Bank will open Tuesday, Howard Hodges, president, announced today.

Drive-in and walk-up hours will be from 9 a.m. to 4 p.m. Monday through Thursday and 9 a.m. to 6:30 p.m. on Fridays, Hodges said.

Bank lobby will be open 9 a.m. to 1 p.m. Monday through Thursday and from 9 a.m. to 6:30 p.m. on Friday.

Repairs Halt Lake Dredging

Capt. J. R. Wells Jr., head of the dredging operations for the Sanford lakefront development project announced today that the dredge had been shut down for repairs.

Capt. Wells estimated repairs might take "two or three days." Work on the filling of the 13 acre tract of land for the marina is proceeding on schedule at this point.

COOPERATION of the Seminole County Federation of Women's Clubs and the Seminole County Sportsman's Association will result in the building of restrooms at the Wayside Park on the Wekiwa River. A check for $650 was presented to the Sportsman's Association today by Mrs. W. B. Brinson, (third from left). The sportsmen will match the fund from their own treasury. Land on which the park is located is owned by the Woman's Club. From left are Howard Hodges, secretary, Robert Wyche, president, Mrs. Brinson and W. A. (Jake) Adams, treasurer. (Herald Photo)

Federal Help Awaited

WASHINGTON (AP) — Airline strike negotiations reopened today on a sharp note that further dimmed hope of a quick settlement of the walkout that started Friday.

Joseph Ramsey, vice president of the AFL-CIO International Association of Machinists and chief union negotiator, entered the conference room and said:

"The public should know that there hasn't been five minutes of real negotiating since this strike started.

"These carriers are standing pat, protecting their profits, waiting for the President or Congress to help them out.

"Union members on the airlines are asking to share in the profits.

"After all these years when they have accepted substandard conditions, airline employes are entitled to a better deal."

Ramsey handed out mimeographed copies of the statement but declined to elaborate on it, saying, "We better get on with the job."

William J. Curtin, chief negotiator for the five struck airlines—Eastern, National, Northwest, Trans World and United —arrived in the hallway as Ramsey was speaking, and listened before entering a separate conference room.

Asked for comment, Curtin said:

"We have endorsed the emergency board recommendations which the President himself characterized as the framework for a just settlement of the dispute, and we have improved upon it in our negotiations."

Curting said evidence before the emergency board indicated clearly that airlines employes are treated far better than most in terms of working conditions.

During fruitless weekend negotiations, officials of the AFL-CIO International Association of Machinists met in one conference room in the basement of the Labor Department building, airline officials in another.

Assistant Secretary of Labor James J. Reynolds, who shuttled between the two rooms, arranged the joint meeting, telling reporters that 10 hours of talks Saturday and Sunday had brought no progress.

Secretary of Labor W. Willard Wirtz was keeping President Johnson posted on negotiations, Reynolds said. Johnson returns to washington from his Texas ranch today.

Wirtz, who was touring the Far East when the strike started, entered the sluggish negotiations Sunday.

The strike against the five airlines — Eastern, National, Northwest, Trans World and United — has paralyzed much of the nation's air commerce. Normally, the five carriers handle 60 per cent of the domestic industry's business.

CDR. K. M. SANDON . . .relieved today

Kilcline New RVAH-11 Commander

Winds of change which recently redesignated VAH-11 as RVAH-11 have also brought a change of command with Cdr. Thomas J. Kilcline relieving Cdr. Kenneth M. Sandon as commanding officer of the Checkertails in ceremonies at Sanford Naval Air Station today.

Cdr. Sandon will attend the Naval War College at Newport, Rhode Island.

Cdr. Kilcline has been the squadron executive officer since June 1965. He has served as aide on the staff of commander of the Sixth Fleet, attended test pilot school and served as program manager of the staff of the commander of the Naval Air Test Center for A7, A6, A5 and COIN aircraft. He is married to the former Darnell Thompson of Pensacola and they have four children.

Author Dies

NEW YORK (AP) — William A. Hyman, internationally known lawyer and author of "The Magna Carta of Space," died Saturday. He was 72.

12 Killed In Florida Mishaps

By Associated Press

Florida weekend accidents claimed 12 lives, nine in traffic accidents and three drownings.

A 16-year-old Crystal River youth, Jimmy Frye, drowned Sunday in the Crystal River.

Drownings also took the lives of Sharon Hodric, 14, and Mrs. Shirley Jones, 23. Miss Hendric died in a swimming pool near her home at Delray Beach.

Mrs. Jones drowned in the St. Johns River in Jacksonville Saturday.

Pedestrian Jesse L. Sutton of West Palm Beach was killed Saturday when he was struck by a car on State Road 80 at West Palm Beach.

Eusardo Flores, 16, and Hugo Sanchez, 23, both of Miami, were hitch hiking Saturday night when a car hit an abutment in Miami.

Barbara Carr, 20, of Miami, and Lester Gibson, 18, of Arlington, Va., were killed Saturday when their car skidded into a canal at Miami.

Other traffic accidents killed: Richard Wayne Johnson, 17, Whitehaven; Tommy Ideman, 18, Miami; Mary Parker Davis, 52, Lakeland; and Ruth Bryant, 4, Lakeland.

World Famed Whale Is Dead

SEATTLE, Wash. (AP) — Namu, the gentle world-famed killer whale who became a motion picture star and a subject of many scientific studies, is dead.

Ted Griffin, who brought the 24-ton, 30-foot whale from two Namu, B. C., fishermen and brought him to Seattle for a marine attraction, said the friendly beast apparently drowned when he dove under a fleet at his waterfront pen and got caught in a net Saturday night.

Tornado Rips Panama City

PANAMA CITY BEACH (AP) — A tornado ripped into Panama City Beach Sunday night, causing an estimated $17,000 damage and injuring a trailer dweller.

Police Chief Thomas Sullivan said Irene Hicks was hospitalized after her trailer was overturned. Hospital officials said she suffered cuts and abrasions but her condition was listed as not serious.

The twister, followed by heavy rains, ripped open a number of roofs, smashed at least two frame houses and broke windows in apartment buildings.

FLORIDA STATE BANK has been named outstanding in civic beautification for July by the Sanford Beautification Committee. Selection was made by Mrs. J. V. Jones, (center) chairman of Hibiscus Circle. Accepting the award are T. E. Tucker, (left) chairman of the board of the McNulty Group of Banks and Howard McNulty, (right) president of Florida State Bank of Sanford.

'Black Power' Misinterpreted, Says King

New Grenada Demonstrations Set

GRENADA, Miss. (AP) — Steel-helmeted highway patrolmen, wielding billy clubs and gun butts, drove off some 30 Negroes demonstrating outside the Grenada County Jail, as sheriff's deputies scattered 100 jeering whites.

But civil rights leaders planned new demonstrations today — a swim-in and a read-in — in their test of public accommodations in this town of 7,914, halfway between Jackson — the Mississippi capital — and Memphis, Tenn.

The trials of some of the 43 civil rights workers jailed for staging a sitdown demonstration on a Grenada street come up today in city court.

Many of the Negroes dispersed Sunday from the jail area had come on a sympathy march for the 43.

Also scheduled today was a preliminary hearing for two white men arrested after shots struck near a federal official and two others as they were about to go into a Negro church late Saturday night.

A column of patrolmen, armed with shotguns, carbines and tear-gas grenades, were marched into one group of about 200 Negroes standing near the man who fought back when the troopers moved in.

When the first group had been scattered, the riot squad turned on another group of some 10 Negroes who were watching from a courthouse parking lot across the street.

The bystanders were still being hit with billy clubs and rifle butts by highway patrolmen when county policemen were ordered to disperse the noisy crowd of whites.

The whites fled and none was hit.

CHICAGO (AP) — Dr. Martin Luther King Jr. Sunday brushed past signs calling for "black power" to post the demands of his Chicago civil rights movement on the front door of City Hall.

The posting came after a heat-defying anti-slum rally in Chicago's Soldier Field and a traffic-halting march through the Loop. Better housing, more jobs and better schools were among the demands.

Earlier, King linked arms with civil rights leaders, including Floyd McKissick, national director of the Congress of Racial Equality, to form a common front in the struggle for Negro equality.

McKissick, who at first had said he might not be able to attend the rally, told the crowd of some 35,000 that the concept of black power had been misinterpreted, that it meant only that Negroes "have a right to determine their own futures."

He called for a "united black consumer bloc that would be able to strike at any concern," and ended his speech with a pledge to come to Dr. King's aid at any time.

King recently has been in disagreement with McKissick and other advocates of black power.

James H. Meredith, first known Negro graduate of the University of Mississippi, who was wounded during a recent march to Jackson, Miss., told the rally that all civil rights groups must join to fight "the system of white supermacy."

The slogan "black power" was seen in crudely painted signs, and heard in the chants of clutches of young Negroes

Pistol-Packing Gal Wounded After Wild Shoot-Out With FBI

POST FALLS, Idaho (AP) — Lillian Jo Ramus, the young woman who charged out of a motel room, spraying bullets from a gold-plated M1 carbine at policemen and FBI agents, lay seriously wounded today but was responding to treatment.

One FBI agent was wounded in the shoot-out just before midnight Saturday before the 28-year-old woman fell with bullet wounds in the head and left hip. After emergency surgery at a hospital in Spokane, Wash., 20 miles away, she was taken off the critical list.

"After we told her to come out, she opened and closed the motel door several times, then fired a single shot inside the room, apparently to make us think she had shot herself," said FBI special agent Robert Rockwell of Coeur d'Alene, who was shot in the leg.

"We told the officers over the bull horn to stay back, then she opened the door and started firing," he said. There were "almost a hundred" officers surrounding the motel, said the wife of the owner, Mrs. David Doty.

The sawed-off M1 carbine had been fitted with a pistol handle so it could be used as a hand gun. Her wild flurry of shooting sent bullets through a screen door into Rockwell's car and flattened the tires on her own automobile.

The officers then opened fire with pistols, rifles and a shotgun. Miss Ramus fell to the ground, screaming. Police found a loaded 38-caliber revolver in her clothing, and a 22-caliber rifle and a .44 magnum carbine inside the room, along with ammunition for all the weapons and a fountain-pen tear-gas gun.

Authorities had been looking for Miss Ramus since last Sept. 13, when she and Johan M. Bosley, 29, of Spokane, both held on forgery charges, used smuggled-in hacksaw blades to saw through the bars on a cell window in the Spokane city jail.

They jumped from their third-floor cell window to the roof of the men's quarters on the second floor, then two stories to the ground. Miss Bosley was seriously injured in the last jump and was left behind.

Miss Ramus and three other persons were accused of counterfeiting $40,000 worth of $20 bills, and printing $5,000 worth of fake unemployment, welfare and railroad pay checks. She also is charged with armed robbery in the $1,225 holdup of a market in a Seattle suburb.

Officers had watched the motel room all Saturday afternoon, hoping she might come outside. Her brother and an unidentified man visited her for several hours. Police said she apparently had returned to the Northwest to visit relatives.

"LET'S TALK DRY CLEANING"

BY WOODROW CASH

Grandma's wedding gown is a priceless antique. When a girl in this generation walks to the altar, she looks just like she just stepped out of a fairy book, and everyone exclaims, "Isn't she beautiful and radiant in the exquisite duchess silk satin her grandmother wore over a half century before." Little thought is given to the fact that proper care of the garment preserved it for this generation. Likewise proper care of bridays bridal gowns preserve them for our future generations.

Downtown cleaners offer these tips that modern brides should remember:

Be careful of that confetti: the paper in confetti is dyed with colors that bleed and stain fabrics if wet with water.

Be careful with your corsage and bouquet. Flowers and plant leaves contain a substance called tannin that can stain fabrics. Keep your hand steady when you are drinking champagne, cocktails or coffee. These stains are easily removed when fresh. They are difficult or impossible to remove if they age or set in the fabric.

TRUST THE CARE OF YOUR CLOTHES TO US. YOUR SANITONE CERTIFIED MASTER DRYCLEANER

Downtown Cleaners and Launderers

Viet Cong Shoots Down 3 Helicopters, 2 Jets

SAIGON, South Viet Nam (AP) — The Viet Cong shot down three American helicopters in South Viet Nam, killing four U.S. and nine South Vietnamese soldiers, while two more U.S. jets were lost in the air war against the Communist North, an American spokesman announced today.

A Navy fighter-bomber became the 285th plane lost in the 17-month air war against North Vietnam early today. The bombing continued with an attack on another oil storage depot 130 miles westnorthwest of Hanoi near the old French town of Dien Bien Phu. The pilots reported that two buildings were damaged.

Ground fighting in South Vietnam died down, with both U. S. and Vietnamese headquarters reporting only light patrol contacts.

In the jungles northwest of Saigon, a battered Viet Cong regiment escaped toward the Cambodian border, leaving at least 238 dead after the U.S. 1st Infantry Division decoyed the guerillas into a furious fight.

All 13 helicopter deaths came when a U.S. UHID Iroquois was shot down 18 miles southeast of Ca Mau in southernmost An Xuyen Province, which has been relatively quiet in recent months. The U.S. spokesman had no further details.

The two other helicopters—both Marine CH34 troop-cargo carriers—went down in the northern part of the country 12 miles northwest of the Marine base at Chu Lai. There were no casualties in either crash.

The Communists nailed a chopper as it ferried in Marines to protect another CH34 which had gone down Sunday night with mechanical trouble. A second CH34 was brought down by the Reds this morning in the same area. However, the original helicopter was repaired and returned to action, a spokesman said.

U.S. Air Force and Navy planes flew 88 missions against North Vietnam Sunday. In addition to the fuel dump near Dien Bien Phu, an oil storage area 32 miles northwest of Vinh was hit in the continuing American effort to cripple North Vietnam's motor transport. Other targets included bridges, barges, roads and trucks, most of them near the coast of the southern panhandle.

The Navy said its planes destroyed or damaged 20 supply trucks, most of them near Thanh Hoa.

The bombing of North Vietnamese fuel supplies began in mid-June, and 15 smaller dumps were hit before U.S. planes attacked the major depots on the edges of Hanoi and Haiphong June 29. In the two weeks since, Air Force and Navy planes have struck at fuel installations every day except on July 2 and have bombed at least 24 of them, including one return to the Haiphong depot.

An A6 Skyhawk from the carrier Constellation went down on an armed reconnaissance mission before dawn near Vinh. The pilot was listed as missing. An airman in an accompanying plane said there was a large explosion when the Skyhawk went down.

Communist ground fire knocked down an Air Force F4C Phantom over North Viet Nam Sunday, but the crewmen were rescued. Capts. Thomas P. Weeks Jr., 33, of Moundville, Ala., and Frank J. Lennon, 35, of Pawtucket, R.I., bailed out a half mile off shore and were picked up with 20 minutes by an Air Force flying boat.

Communist shore fire came within 10 to 20 feet of the rescue plane, said its commander, Maj. Jesse J. Anderson, 40, of Shallimar, Fla.

Guam-based B52s hit two targets in South Vietnam's central highlands near Pleiku 210 miles northwest of Saigon today: Communist withdrawal routes leading to Cambodia, and bunkers and fortifications in the Ia Drang Valley just north of the scene of the first big fight between U.S. and North Vietnamese forces last November.

U.S and Vietnamese pilots flew 640 sorties in the South Sunday. American airmen, in 452 sorties, claimed possible kills of 32 Viet Cong, destroying or damaging more than 500 enemy huts and fortifications and sinking 24 sampans.

In scattered clashes in the northern provinces, the U.S. Marines reported killing 13 Viet Cong Sunday.

In addition to the 238 Viet Cong reported killed in the battle near the Cambodian frontier, eight were captured by the American infantrymen. The action was part of Operation El Paso, which began June 2. A spokesman said that a total of 854 Viet Cong had been killed, 37 captured and 188 weapons seized so far.

Congress Vacation Is Over

WASHINGTON (AP) — Congress, ending a 10-day vacation today, barely has time to put down its suitcases before shouldering the burden of major decisions on the Vietnam war and foreign aid.

Both houses are expected to take up Tuesday the compromise version of a $17.4-billion bill to authorize procurement of military hardware and pave the way for an across-the-board pay raise for the armed services. Actual funds depend on appropriation measures to be considered later.

The authorization bill, substantially larger than administration recommendations, includes provision for several controversial items such as a nuclear frigate and a start on a new manned bomber and the second, and development of a Nike X antimissile system.

The House next takes up its version of the $4.1-billion foreign aid authorization act, which for the first time would authorize a two-year program. Congress previously has insisted on authorizing foreign aid only a year at a time, with a full review each year.

The Senate has a different version which may be considered late in the week, or more probably next week. Vietnam and foreign policy generally are certain to figure largely in the debate in both chambers.

The House has only minor matters before it today, but the Senate considers a House-passed bill to give federal civilian employes a pay raise of about 2.9 per cent, with improvements in fringe benefits.

The Senate, after acting on the defense authorization, is scheduled to take up legislation for stepping up programs to alleviate water and air pollution.

Later in the week, if time permits, the Senate is expected to renew a lively internal scrap on a proposal to add members of the Foreign Relations Committee to the special watchdog committee supervising the Central Intelligence Agency. Present members of the watchdog committee, now drawn from the Armed Services and Appropriations committees, oppose enlargement.

Worth Knowing

Of more than 10,000,000 estimated DISABLING accidents every year, a figure approaching 50% occur in and around the home. Some 16% happen in or by motor vehicles (not including deaths caused by motor vehicles), and about 20% happen on the job. So there Just isn't anywhere that you can relax your guard or sense of safety. If you smoke in bed you shouldn't even relax there. Of perhaps 950,000 fires it is estimated that about 16%-17% are caused by someone's careless use of matches or smoking. Of a reported 886,600 fires in 1962 about two thirds were in one or two family residences, so who can feel immune? Our prime aim is to serve you well in every way. MASON'S JEEP SALES, INC., 500 E. Second St.

Longwood's Drainage Plans Not Approved

GENE STEPHENSON

By Donna Hates

The county did not approve engineering for drainage on the proposed sidewalks for Orange Avenue from the elementary school to Grant Street and from the school from Highland Avenue to Longdale subdivision, Longwood Council Chairman Percy White reported at the regular meeting of the city council.

Plans for the project already had been drawn by Glece Engineering Company and submitted to the county commission with a request for joint participation.

White further reported the county is willing to cooperate with the city on the sidewalks to the extent of providing forms and leasing machinery and laborers on Saturdays, for a fee not yet determined, when plans are corrected to provide better drainage.

In other business, City Attorney Gene E. Stephenson was instructed to prepare forms to be available at the clerk's office for insurance claims by residents and the complaint of the police department that certain lots on Wayman had returned "to their natural state and contain wild creatures and varmints" was referred to the attorney.

Councilman John Deaton requested that providing a paid fire department for the city be discussed at a work session. The clerk was authorized to invite the city auditor, Frederic Dunn-Rankin, to recommend to council at next work session feasible ways the city can comply with recommendations of the state audit.

Letter was read from the office of state auditor, Ernest Ellison, informing that state audit had cost $2,000 and that $1,100 was being refunded to city of the $4,000 put in escrow to cover the expense.

Rental charge was reported as $22.50 per month.

Passage of an ordinance prohibiting construction of fences, trees or shrubbery over 2½ feet above street grade failed for lack of second. Several members of council complained they had no opportunity to study the proposed ordinance.

Bids were called for a transmitter radio for the fire department with bids to be in city hall by 4:30 p.m. August 4.

Monthly fire report showed fire calls—21, man hours on fire — 115, man hours of drill—62, and man hours on maintenance of trucks—89.

The new fleet of Glass Bottom Boats at Florida's Silver Springs has been named for famous Seminole Indian Chiefs.

12 County Men On Celery Group

Twelve Seminole County executives today were named to the Florida celery committee by the U.S. Department of Agriculture, according to an AP report datelined Lakeland.

The committee administers the marketing order regulating the handling of celery produced in Florida.

Named to the committee were Gen. J. C. Hutchison, Sanford; B. F. Wheeler Jr., W. R. Clonts, Andrew Duda Jr., James D. Colbert and David M. Earle, Oviedo, members, and Randall Chase, Sanford; John W. Evans, C. R. Clonts, Andrew Stanko, Ferdinand Duda and James E. Pearson, Ovido, alternates.

Weekdays: 10:30 a.m.—4:30 p.m.

MUST THINK IT OVER!

That's what my parents said when I asked if I could go to Eddie's Sunday School.

You see, there are lots of churches in town. And my parents haven't decided which one we ought to attend. These are important decisions. They take time!

But that doesn't make Sunday mornings much fun. With all my friends at church, there's nobody to play with except that bully up the street. And Dad and Mother say I shouldn't play with him.

That's funny! How come parents can decide what kind of boys we should play with, but they can't decide what church we should attend?

Seems to me that going to church next Sunday might help us all decide.

THE CHURCH FOR ALL. ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a stronghold of spiritual values. Without it, strong moral leadership in democracy nor civilization can survive. There are few sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Deuteronomy 30:15-20	Joshua 24:19-28	II Chronicles 29:1-11	Psalms 32:4-12	Isaiah 41:8-13	Philippians 1:19-26	Hebrews 11:23-26
