Seminole Defeats Daytona 33 To 29 In Exciting Game

Locals Turn In 4th Straight Win Over Conference Foe

Seminole High School basketball squad scored a fourth straight Northeastern Conference victory in an exciting game on the local court last night by taking a 33 to 29 victory from the strong Daytona Beach team which had scored five consecutive victories before being halted here.

Coaching Coach Leonard McLeod, "It was the sweetest victory of the season so far," and it was by far the hardest existing the two teams had played a thrilling game at Daytona two weeks ago, with the East Coast team winning, 23 to 21 in the last few seconds of play.

Last night, the visitors had the upper-hand until the last quarter when Seminole came from behind to tie and to go ahead with only five minutes to play.

While the crowd on edge as the minutes slowly ticked away, Daytona had gave Seminole a single point, and Whitlock field goal made the score 33 to 29 with only three minutes of play remaining.

That three minute period was the most exciting of the season, with the ball passing from one Seminole player to another, never able to penetrate the Daytona fence, yet none being forced to release the ball to Daytona. The final whistle came as a release that had gripped players and fans alike.

Starting during the second forward Horne of the visitors who turned in a fine game, scored points. He ran into the game three quarters of the game, playing only flight assistant although a rangy center, he did a good job in some good work.

Seminole's star was Earl Whitten, forward who led the game near the end of second quarter when Coach McLeod turned his aides loose on the Pet Whitten nevertheless piled up a great game and accounting for 10 points and a good game. Herndon, stellar guard second high scorer in Altonah's service, was valued after a fleshy performance.

Seminole was further handicapped by the loss of Jack Hughes ill in the game suffered so he intermittently played on the court. Hughes was one of the stars of the game.

THE DAY OF RECKONING

E. J. Blackman

Whenever you hear a man who thinks he knows how run the country you could find a man who got his from a bell.

The difference between a newspaper and a politician is that the West Virginia weekly remarks that the former never should be built.

They say Upton Sinclair is planning to start a newspaper. Well, he's got to have some way of spending that money he made while running for governor.

If Congress has its way a million of people in the United States are going to keep from the year by giving up some of the money they have lost.

The Miami Beach police chief has ruled that men must wear shirts in the streets, entering lunch rooms or in other public places but when on the beach or in the ocean they may wear pretty much what they please; or pretty little, we might better say.

Do you know who are the highest paid workers in Soviet Russia? Not the coal miners, who do the dirtiest work in the country, not the railroad men, who do the most important, not the bankers, or the industrial managers, who would rank highest in this country. Mr. Ford's wrightsers, who help to provide amusement for the working classes. They run skin boats, and are allowed to keep more than any other group in Russia.

Vital Statistics

There are 122,775,046 persons in the United States, comprise 29,904,663 families or an average of 4.1 persons to the family. The population of this country is divided between 62,831,100 males and females 59,943,946 are 62,137,080 men and boys and 60,637,966 women and girls.

Most males over 15 are married. There are 28,327,109 men in this country over 15 years of age who are married. There are 14,953,712 over 15 who are not and never have been married. And there are 2,925,036 who are widowers, and 489,478 who are divorced. Of the women, 26,170,756 are married; 11,206,653 are single; 4,734,297 are widows; and 573,148 are divorced.

Of the 122,775,046 persons in the United States, 68,954,823 live in cities, and 53,820,223 are classified as rural population. There are 11,891,143 who are negroes; and 13,366,407 who are foreign born white. Slightly more than four million are Jews; 332,397 are Indians; 74,954 are Chinese, and 138,834 are Japanese.

Other nationalities represented in the United States include 1,452,052 who were born in England; 744,810 born in Ireland; 1,122,976 born in the Scandinavian countries; 1,608,814 born in Germany; 1,268,563 born in Poland; 491,638 born in Czechoslovakia; 370,914 born in Austria; 274,450 born in Hungary; 1,153,678 born in Russia; 1,790,429 born in Italy; 1,278,421 born in Canada.

In 1930 there were 2,164,389 persons in the United States who were one year old. There were more persons in the United States of the age of 21 than of any other age. The number who were age 21 was 2,335,915. There were 1,979,184 who were age 65, and there were 604,799 who were sixty-one, and there were 1,000,000 nine at the age of twenty-one. There were 1,005,000 persons in the United States who were over 100. There were 2,564,000 persons in the United States who are classified as insane as they were inmates of State Hospitals for Mental Diseases. There were 76,000 patients in state institutions and 120,000 persons were incarcerated in state and federal prisons.

There were 420,000 American citizens living in foreign countries.

A Painter's Bill

The Bradenton Herald tells a story about one artist who was employed to remodel and repaint the interior of a church in Bradenton. Long after the work had been finished he received a bill from the wardens who had engaged him.

The complaint was that he had used too much paint. The painter had to put in proper figures before the wardens would see that he had used just the right amount of paint to cover the surface. The bill was finally presented, with the result that the painter received his money.

It is certainly a case where the pot called the kettle black.

Political Primer

[illegible] Tuesday night a proposed primary bill for passage [illegible] Senate. The measure, which would provide for a primary to be held next August for the nomination of state officers, including governor, was introduced in the house last week by Representative Pearce, of which this is the statement.

CONGRESSIONAL SPEECHES

The senator or representative who wants his constituents to read a speech he delivered in Congress or elsewhere pays the cost of the copies.

Once permission is granted for inserting a speech in the Congressional Record or any remarks made on the floor of either House are reported in the Record, such material is available for mailing.

Thousands upon tens are printed annually at the government printing office and are charged for at cost price. A member often will send out another member's speech under his own frank and save 1000% by the cost of postage.

This is a law general in practice and has developed into a racket and grown widely [illegible]

of dollars was wrought. New names were added to the roster of more than 70 fatalities.

Communication lines in Minnesota were snapped, work on the outside was halted, schools in many parts of the state were closed. Evelyth, with its -34 reading, was the coldest point in the coldest state. The -28 registered at Duluth set a 56-year record for the date. Albert Lea, with -30, experienced its worst siege since 1904. A similar temperature at Winona was the lowest in 26 years. Minneapolis and St. Paul reported -21, the lowest mark in 23 years. North Dakota recorded a minimum of -40.

The thermometer dived to -23 at Iroquois Falls, Ont., threatening the all-time Canadian mark of -78 1-2 established in December, 1916, at Good Hope on the Mackenzie river.

Warnings were hoisted from Virginia to Maine as a blizzard swept up the Atlantic seaboard. A sixty-mile gale blowing offshore from the Ohio to New Jersey and New York put more than 12,000 merchant craft shivering more than 12 hours of enforced idleness. The weather bureau said the blizzard was the worst experienced in years.

The Coldwater River flood eight miles wide and in places four hundred of width in Mississippi, Tallahatchie and Yalobusha counties, has left hundreds of other refugees in northwestern Mississippi and northeast Louisiana seeking shelter. Hundreds of other refugees in northwestern Mississippi and northeast Louisiana sought safety. Ice floating on the rising waters added to the difficulty of the rescue work. Hundreds were left homeless in the Mississippi and Louisiana towns.

The Mississippi River at Memphis crested at 47 feet, 11 feet above flood stage, and was expected to remain at that height for several days. Thousands of persons fleeing before the flood were housed in Memphis schools and other public buildings.

Chinese Nationals Say Chahar Dispute Has Been Settled

(Continued From Page One)

China with points on the Russian trans-Siberian railroad.

A Chinese spokesman told the United Press the incident here included 1000 picked men aided by 1000 Manchukuo soldiers.

The battle raged along a 25-mile front from Tushikai to Kuyuan. A strict censorship was established.

The Japanese military attache in Peiping, Colonel Takahashi, confirmed that fighting had been out at Tushikou, Kuyuan and Tungyuanmen. He predicted a lengthy campaign — indicating that Tokio is prepared to proceed with the "pacification" of Chahar.

The cavalry green is that rebel Chinese irregular troops under Gen. Sung Che-Yuan had organized an independent state in Chahar and threatened to invade Jehol province.

The fighting began at 6 P. M., Tuesday, when Japanese artillery began shelling Chinese positions near the Great Wall.

Official dispatches from Kalgan said the Chinese had charged the Japanese attack. Wednesday night. Japanese reinforcements, with cavalry and with armoured cars, artillery and bombing planes, the dispatches said, had little difficulty in finding cover against the modern Japanese warplanes, but were unable to dislodge the Chinese from their positions.

Chinese positions were reported to have been shelled with heavy artillery. The attack of the Manchurian troops, eventually by an admitted into Manchukuo, Kalgan said Chinese artillery was firing on the Japanese positions in the passes and bridges. Chinese cavalry was reported to have taken the offensive against the Japanese.

Tokio said the Chinese had crossed the Great Wall in the autumn, and had actually about September 15.
