52 Job Applications Filed At State Agency

There were 52 additional job applications filed at the Sanford office of the Florida State Employment Service during February, according to Lawrence W. Emerson, manager of the local office. This is only slightly less than those filed in January, but the number of veterans who filed for the first time is 16 2-3 per cent above the number who filed a month ago.

Total job placements of workers in February fell 13 per cent below the January number as job opportunities became less plentiful. In spite of this situation 158 placements were made during February.

Job openings listed with the local office at the end of the month show the greatest demand for agricultural workers, such as citrus pickers and harvest hands.

Persons seeking employment may contact the Sanford Employment Service office at 112 North Park Avenue and employers may telephone 64 to place orders.

Air Parcel Post To Foreign Nations Set

WASHINGTON, Mar. 4 (Special)—Postmaster General Jesse Donaldson announced last night that Air Parcel Post will be inaugurated between the United States and 21 foreign countries effective Mar. 15.

The countries which will receive this service are: Austria, Belgian Congo, Bermuda, Czechoslovakia, Denmark, Egypt, Eire (Ireland), Finland, Gold Coast Colony, Great Britain and Northern Ireland, Greece, Iseland, Italy, Netherlands, Newfoundland, Norway, Sweden, Switzerland, Tunisia, Turkey and Union of South Africa.

Air Parcel Post will be accepted for mailing at any post office in the United States and will receive all available domestic air mail service in addition to transportation overseas by air. This new service does not apply to territories or possessions of the United States.

Weight and size limitations, customs declarations and other conditions that govern international surface parcel post will apply to Air Parcel Post. In addition, the blue par avion, or air mail, sticker must be applied to parcels sent by air. Air parcels may be registered or insured to those countries where such service is now in operation.

Attached is a table showing the rates and weight limitations to the countries where Air Parcel Post is to be inaugurated.

About 22 million American homes are wired for electricity.

Legal Notice

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF FLORIDA
United States of America,
Petitioner,
vs. No. 397-Orlando CIVIL
Eight (8) Tracts of Land in Seminole County, Florida
et al,
Defendants.
NOTICE OF CONDEMNATION PROCEEDINGS

TO WHOM IT MAY CONCERN:

WHEREAS, a Petition for Condemnation has been filed on January 9, 1948 in the above entitled Court, whereby the UNITED STATES OF AMERICA, as Petitioner, prayed for the condemnation upon proper compensation of a perpetual easement to enter upon, dig, cut away and remove any and all of the land hereinafter described, as may be required for the construction and maintnance of the improvement to the St. Johns River, Jacksonville to Lake Harney Cut-Off Channel via Woodruff Creek and Canal, and to maintain the portion so cut away and removed as a part of the navigable waters of the United States, and to enter upon, use and occupy any portions of the land, not so cut away and converted and that public navigable waters, for the deposit of dredged materials, together with such other purposes, as may be needful for the preservation and maintenance of the improvement work; reserving, however, to the owners of said lands and their asigns all such rights and privileges in the lands as may be used and enjoyed without interfering with or abridging the right and easement above described, over the following described tracts of land:

TRACT NO. 56-(b)

A parcel of land, with all riparian rights appertaining thereto, lying in the unsurveyed part of Section 29, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S E corner of said Section 29.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the east boundary of said Section 29 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

From said Point of Beginning run N. 65°05'20" W., 1450 feet, plus or minus, along said S R/W line to the High Water Line of Lake Monroe; thence run Northerly 529 feet, plus or minus, along the meander of said High Water Line crossing the mouth of Woodruff Creek, to an intersection with the N. boundary of said Section 29; thence N. 89°59'10" E., 120 feet, plus or minus, along said N. boundary to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" E., 1359.47 feet along said N R/W line to an intersection with the east boundary of said Section 29; thence run S. 0°00'50" E., 551.35 feet along said east boundary to the Point of Beginning, containing a net acreage of 14.3 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(e) & 56-(e)

R/W Parcel No. 56 (e)

A parcel of land lying in the W. 50 feet of the unsurveyed part of Section 28, T-19-S R-31-E Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W Corner of said Section 28.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

From said Point of Beginning run S. 65°05'20" E., 55.13 feet along said S R/W line to a point; thence run N. 0°00'50" W., 551.35 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 55.13 feet along said N R/W line to an intersection with said west boundary of said Section 28; thence run S 0°00'50" E., 551.35 feet along said west boundary to the Point of Beginning, containing 0.63 acres, more or less.

R/W Parcel No. 56 (e)

Also a parcel of land lying in the E. 400 feet of W. 500 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run S. 65°05'20" E., 110.27 feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line S. 65°05'20" E., 441.08 feet to a point; thence run N. 0°00'50" W., 551.35 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 441.08 feet along said N R/W line to a point; thence run S. 0°00'50" E., 551.35 feet to the Point of Beginning, containing 5.66 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(f) & 56-(f)

R/W Parcel No. 56 (f)

A parcel of land lying in the E 202 feet of the W. 1330 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run S. 65°05'20" E., 1243.84 feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W Line S. 65°05'20" E., 222.75 feet to an intersection with the west boundary produced of Government Lot 3 of said Section 28, thence run N. 0°00'50" W., 551.35 feet along the said west boundary produced to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 222.75 feet along said N R/W line to a point; thence run S. 0°00'50" E., 551.35 feet to the Point of Beginning, containing 2.56 acres, more or less.

R/W Parcel No. 56 (f)

Also a parcel of land lying in the E. 368 feet of W. 868 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference, run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run S. 65°05'20" E., 551.35 feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line S. 65°05'20" E., 405.79 feet to a point; thence run N. 0°00'50" W., 551.35 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 405.79 feet along said N R/W line to a point; thence run S. 0°00'50" E., 551.35 feet to the Point of Beginning containing 4.66 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56, lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(g)

A parcel of land lying in the E. 160 feet of the W. 1028 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W Corner of said Section 28.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run S. 65°05'20" E., 176.43 feet to a point; thence run N. 0°00'50" W., 551.35 feet to an intersection with the N R/W line of R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N 65°05'20" W., 176.43 feet along said N R/W line to a point; thence run S. 0°00'50" E., 551.35 feet to the Point of Beginning, containing 2.03 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(h)

A parcel of land lying in the W. 100 feet of the W. 1128 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'50" W., 4152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run S. 65°05'20" E., 1133.57 feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line S. 65°05'20" E., 110.27 feet to a point, thence run N. 0°00'50" W., 551.35 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 110.27 feet along said N R/W line to a point; thence run S. 0°00'50" E., 551.35 feet to the Point of Beginning, containing 1.27 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(k)

A parcel of land lying in the unsurveyed part of Section 28, T-19, S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the ¼ section corner located on the south boundary of said Section 28.

From said Point of Reference run N. 0°10'50" W., 2224.2 feet along the east boundary of Government Lot 3 of said Section 28 to the N E Corner of said Government Lot 3, thence continue N. 0°10'50" W., 656.83 feet along said east boundary line, produced, to an intersection with the S R/W line of R/W Parcel No. 56 St. Johns River Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

From said Point of Beginning run S. 65°05'20" E., 1337.95 feet along said S R/W line to point; thence run N 0°12'50" W., 552.25 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run N. 65°05'20" W., 1337.60 feet along said N R/W line to an intersection with said produced East boundary of said Government Lot 3; thence run S. 0°10'50" E., 552.16 feet along said produced East boundary of said Government Lot 3 to the Point of Beginning, containing 15.36 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-T, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled, "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

Said Petition naming as defendants the following parties to-wit:

(a) The following persons, who are residents of the State of Florida:

Chase and Company, a corporation,
Sanford, Florida.
M. L. Collum,
Sanford, Florida.
Mary C. Coulbourn,
123 Live Oak Avenue,
Daytona Beach, Florida.
John L. Galloway, as Tax Collector of Seminole County,
Sanford, Florida.
O. P. Herndon, as Clerk Circuit Court, Seminole County,
Sanford, Florida.
Lucas W. Loyvell,
Celery Avenue, Sanford, Florida.
C. J. Meriwether, a widower,
Sanford, Florida.
P. T. Meriwether,
Sanford, Florida.
Wilhelmina C. Meriwether,
Sanford, Florida.
Frances L. Pemberton,
105 East Pine Street,
Orlando, Florida.
Martha C. Scruggs,
2050 Forbes Street,
Jacksonville, Florida.
Park T. Tyre, and
Sara Lois Tyre, his wife
Sanford, Florida.

(b) The following parties, who are non-residents of the State of Florida:

Annie Hawkins, single,
Box 521, Commerce, Georgia

(c) The following persons, deceased, or believed to be deceased, and all persons claiming any interest by, through or under them, to-wit:

Mary Wheeler Chappell,

and all persons whose names are unknown to the Petitioner, claiming or who may claim to have an interest in or a general or specific lien upon the real property described in said petition or any part thereof, by, through or under any of the hereinafter named parties, or any of them, including the husbands, wives, widowers, widows, descendants, heirs-at-law, executors, guardians, administrators, devisees, legatees and creditors, if any, of the said corporations, and the Trustees thereof, if said corporations be dissolved, the grantees, lessees, assignees, successors or next of kin of any of the said defendants hereinafter named, or their predecessors in interest or of any person or persons deriving any interest in or lien upon or title to the said real property or any part thereof, by, through, or from them or any of them, and their respective husbands, wives, widowers, widows and their and all of their successors in title and successors and all of whom and whose names and places of residence are unknown to petitioner.

NOW, THEREFORE, you are commanded to be and appear in the United States District Court for the Southern District of Florida, at 10:00 o'clock A. M., April 1, 1948 at Tampa, Florida, by filing your written claim or answer, either in person or by attorney, and to show what right, title or interest you have or claim to have in said property and to show cause why the above described estate therein should not be taken for the uses and purposes set forth in said petition, and this you are not to omit upon the penalty of being barred of all claim and interest in and to said lands and of having judgment by default entered against you.

WITNESS my hand and official seal of this Court, this 18th day of FEBRUARY, A. D. 1948.

of Counsel for Petitioner.

Piggly Wiggly Holds 29th Anniversary

In celebration of their twenty-ninth successful year in business Lovett's Piggly Wiggly is holding a 12-day sales event beginning tomorrow and continuing through Mar. 17. All of the 80 super markets operated by the Winn & Lovett Grocery Company, located in more than 50 Florida and South Georgia cities, are participating.

Newspaper advertising carries many of the unusual values offered in the sales. The "buys" are available in every department and thrifty housewives will welcome the opportunity to take advantage of such values. Due to present day conditions and shortages, however, it is pointed out that all advertized items are necessarily on a "while they last" basis. In view of this it is suggested that buyers make purchases early before stocks are depleted.

The present company was founded 29 years ago and from a small beginning has grown into one of the largest and best operated food chains in the nation. "It is our aim," says A. D. Davis, president, "to make our food stores the finest in the country."

The big sale celebrating 29 years of economical food distribution rendered by the company, is an event held every year—one featuring many outstanding bargains in nationally advertised products.

Officials of the company and store employes join in extending the public an invitation to buy well-known brands at birthday prices.

Actual skin tests prove VEL* MILDER TO HANDS than any product made for washing dishes or fine fabrics!

• A new day dawns for your dishwashing hands! Vel's supreme mildness is a scientific fact . . . proved by skin tests made on scores of women by a famous independent laboratory (name on request)!

Wonderful beauty news for hands! Vel is milder than any other leading product made for washing dishes and fine fabrics. Get Vel, the great new Colgate-Palmolive-Peet product now!

VEL cuts dishwashing time in half!

DISHES, GLASSWARE GLEAM WITHOUT WIPING

Just wash and rinse dishes. Even glassware dries sparkling clear without wiping! Vel leaves no soap scum or streaky film to polish away. Pots and pans get clean with much less work because Vel cuts grease faster, more completely than soap.

Leaves no dishpan ring to scrub out. Cleans dishes cleaner than soap; saves up to half your dishwashing time!

*VEL is the trade-mark of the Colgate-Palmolive-Peet Co.

Truman Seeks To Close WAA By June 30th

$600,000,000 Remaining For Foreign Sale Will Be Transferred To Owners

WASHINGTON, Mar. 5, (AP) — President Truman returned today from his southern vacation. His plane arrived from Key West, Fla., at 3:06 P. M. Mr. Truman's first order of business was a cabinet meeting set for 4 P. M. The President had spent nine days resting at Key West after a five-day tour by plane and ship to Puerto Rico, the Virgin Islands and Cuba.

WASHINGTON Mar. 5 (AP)—President Truman asked Congress today to wind up the War Assets Administration June 30. The disposal of remaining domestic surplus war property would be transferred to the Federal Works Agency.

Of the original $40,000,000,000 worth of surplus property, about $5,400,000,000 will remain to be disposed of at home by June 30. The $600,000,000 worth left to be sold abroad by that date would be transferred from the State Department to the owning agencies for handling. These agencies primarily are the Army and Navy departments.

Mr. Truman also recommended that government procurement and disposal functions be consolidated by transferring the Bureau of Federal Supply to the works agency.

In a special message to Con-

Wallace Tells Of League Formation For U. S. Freedom

NEW YORK, Mar. 5 (AP)—Henry Wallace today announced formation of an "informal" Freedom League because, he said, "the time has come for those of us who believe in old-fashioned Americanism to fight back."

The Third Party presidential candidate wrote in his column in the current New Republic: "I want everyone who has a specific instance of how the federal government or businessmen have abridged our freedom to write in to the Freedom League."

The league's headquarters is listed at the New Republic office, 40 East 49th Street.

Wallace wrote: "Give the name of the man who put pressure on you or asked an un-American question."

Asserting that "stealthily, over the United States black fear is creeping,' Wallace said the FBI and the Immigration and Naturalization Service "spread this terror most insidiously."

The Freedom League, he said, "must also prepare to expose businessman who employ economic coercion to control the political activity of employes."

Exploding Truck Kills 1, Injures 3 Others

JACKSON, Miss., Mar. 5, (AP)—A truckload of dynamite blew up today on a highway killing a bystander, damaging three residences and injuring three occupants. The blast was heard in Jackson, 23 miles away.

The truck driver, William Lee Johnson of Jackson, escaped injury by leaving the scene prior to the explosion. Johnson said the truck had caught fire, but that he parked the truck and thought he had extinguished the blaze.

Robert A. Davis of Memphis and Durant, Miss., driver of another truck, was killed when he came upon the scene while the explosives truck was burning. His body was found about 100 feet away.

THE WEATHER

LAKELAND, Mar. 5, (AP)—Slightly cooler weather will hold sway through Florida tomorrow, the Federal-State Frost Warning Service predicted.

Intermittent light rain is expected along the east coast. No frost danger is in sight through Monday.

Lake Mary Has Heavy Demand For Home Site Property Near Lakes

Demand is heavy for properties adjoining Lake Mary and Crystal Lake in Lake Mary, and a number of fine, new homes, mostly of concrete block construction, are being erected on the shores of these beautiful lakes.

The heavy demand for these properties was reported by Raymond Ball, president of the Sanford Board of Relators, and by Frank Evans, one of the leading developers of the community.

Located six miles southwest of Sanford on the Atlantic Coast Line, and about one and a half miles south of the Seminole Country Club, Lake Mary is an unincorporated community that spreads for several miles in and around its large, beautiful lakes.

Many visitors from the North, principally from northern Ohio, have been so attracted to Lake Mary that they are now building homes there.

On the south shore of Lake Mary in the Frank Evans development, five new concrete block home of the one-story ranch type are nearing completion and range in estimated cost between $7,500 and $12,500.

Nearest to the highway is the new home of Mr. and Mrs. John Peckham. Mr. Peckham has for many years been connected with the ACL shops here. Their new home affords a beautiful view of Lake Mary. Nearby is a home being built for rental purposes by

14 To 20 Crewmen Missing From Tug Capsized In River

Witness Says Current Swept Boat Against Piling, It Then Sank

ST. LOUIS, Mar. 5 (AP)—The Federal Barge Lines said today 13 crewmen were either dead or missing and 13 known to have survived from the accident in which the towboat Natchez rammed a bridge and sank in the Mississippi River near Greenville, Miss., last night.

Two were known to be dead. One of them was identified as William H. English of Cairo, Ill.

The barge lines said the Natchez was carrying a crew of 26.

GREENVILLE, Miss. Mar. 5 (AP)—Fourteen to 20 crewmen were missing today from the 180-foot towboat Natchez, which rolled over and sank last night after a treacherous Mississippi River current swept it against a bridge piling below here.

Capt. William A. Howell of the towboat Sohio-Latonia, which brought 11 survivors here, said "there could hardly have been any others" saved. A 12th crewman escaped, however, as he was with the barges and not aboard the Natchez at the time.

The Natchez carried a normal crew of 28, but survivors' figures on the actual number this trip varied from 26 to 32.

Howell witnessed the end of the Natchez from his pilot house. "The current caught her and rolled her over," he said. "She went down in about a minute. The men below—firemen, engineers and so on—had no chance. The men picked up were mostly deck crew."

The Sohio-Latonia picked up nine survivors, of whom two died on board. Four other men, rescued by other boats, were transferred to the Sohio-Latonia to be brought here.

Howell said he had taken aboard all those picked up by the other boats, the Casablanca and Irene Shotan.

Howell, who lives in Cairo, Ill., said the disaster was "by far the worst" in the 12 years he has been on the river. He is 28 year old. The young captain said he had no names of victims or survivors, except that he had picked up the Natchez pilot, Walter Haas of St. Louis.

He said he thought the master

Lawton Is Injured In Highway Wreck

T. W. Lawton, superintendent of Seminole County schools, was painfully but not seriously injured about 9:30 last night when his car collided with a logging truck parked on the highway between Lakeland and Winter Haven. His daughter, Mrs. Blaine Mikesell of Winona Lake, Ind., was more seriously hurt, with several bones believed to have been broken in her face.

Mr. Lawton was returning from a school meeting at Southern College with his daughter, who has been visiting him and Mrs. Lawton in Oviedo. During a blinding rainstorm while proceeding at a slow rate of speed he ran into the truck, which was parked without lights on the highway.

Both Mr. Lawton and his daughter were immediately taken to the Winter Haven Hospital for treatment.

HIT BY TRAIN

GAINESVILLE, Mar. 5 (AP)—Thomas F. Brown, 62-year-old railroad telegraph operator at Waldo, 14 miles north of here, was killed when hit by the locomotive of a Seaboard Railroad train at 8:15 this morning, Sheriff Fred Holloman reported.

Christoffel Gets 2 To 6 Years For Lying Under Oath

Defendant Is Charged With Falsely Swearing He Is Not Red

WASHINGTON Mar. 5 (AP)—Harold Christoffel, former CIO union officer in Milwaukee, today was sentenced to serve from two to six years in prison for denying under oath he was a Communist.

Before sentencing Christoffel, Federal District Judge Edward M. Curran turned down a request by O'John Rogge, chief of defense counsel, for a new trial.

The defendant, grim-faced, replied "No, Sir" when asked by Curran whether he had anything to say before sentence was passed.

Christoffel is a former president of Local 24, of the United Auto Workers at the Milwaukee plant of the Allis-Chalmers Company.

He was convicted on six counts of perjury before the House Labor Committee a year ago.

Christoffel testified he had never been a Communist or had connections with the Communist Party.

Curran granted a motion by Rogge that the second count of the indictment be stricken. This was a statement by Christoffel that he never had been a member of the Communist political association.

Directors Elected By Dusty Boots Club

New directors and committee heads were elected by the Dusty Boots Riding Club at its meeting last evening at the Club House at the Municipal Airport, and plans were made for a house warming next Thursday evening at 8:00 o'clock in order to fix up the club house. Jack Sassard presided.

The following directors were named: D. L. Hendricks, H. M. Gleason, R. Z. Johnson, P. A. Mero, George Pittard. Mrs. A. L. Bankes was elected secretary to succeed Mrs. Herman Harriett who resigned from the office. Mrs. D. L. Hendricks was named treasurer. Mrs. R. Z. Johnson was appointed head of the publicity and Mrs. Roy Reiter was entertainment chairman.

P. A. Mero, Roy Reiter, Carl Rabun and I. V. Williams were elected to serve on the program committee.

Sub Chaser To Lead Parade Thru Cut-Off

Submarine Chaser 679 will lead the parade of Coast Guard Auxiliary boats that will celebrate the opening of the Woodruff Creek cut-off Sunday afternoon at 3:00 o'clock, Edward Higgins, manager of the Seminole County Chamber of Commerce, announced this morning.

The naval vessel, which has been docked for some time at the Municipal Pier for Naval Reserve training purposes, will lead the parade of about 25 yachts from the Sanford Boat works, through the new channel to Lake Monroe and to the Municipal Pier, said Mr. Higgins.

The Coast Guard Auxiliary boat will pick up city and county officials for the parade at 2:30 o'clock sharp at the Municipal Pier.

CANCER FUND

WASHINGTON, Mar. 5 (AP)—The House Appropriations Committee today recommended a $10,000,000 fight against cancer.

It approved a $2,063,000 appropriation for the construction of 18 hospitals and laboratories under the direction of the National Cancer Institute.

Jewish Agency Remains Firm On Palestine

Spokesman Pledges Finish Fight For Partition Regardless Of U.N. Vote

LAKE SUCCESS, Mar. 5 (AP)—The United Nations Security Council today voted down a Columbian proposal for a week-long recess in its debate on Palestine partition. The United States led the opposition to such a delay.

DAMASCUS, Syria, Mar. 5 (AP)—Fawzi Al Kaukji has established headquarters of his Arab volunteer army in the Nablus area of northern Palestine.

An official source here said the Arabs now "control all eastern Palestine from Safad to Hebron." Fawzi Bey and his headquarters company rode into Palestine during the night. They joined Arab concentrations surrounding Tubas, in the mountains north of Nablus. Fawzi Bey reported to his Damascus headquarters that his "invasion" was completed without incident.

JERUSALEM, Mar. 5 (AP)—Haganah said today 30 Arabs were killed and many were wounded in a four-hour battle with Jews last night on the plains of Sharon between Tel Aviv and Haifa.

The battle erupted when Arabs attacked a Jewish settlement at Magdiel on the Tel Aviv-Haifa Highway, said a communique of the Jewish militia issued in Tel Aviv.

LAKE SUCCESS Mar. 5 (AP)—The jewish Agency told the

Florida Blue Blood Cattle Bring Fancy Prices At Auction

OCALA, Mar. 5 (AP)—The blue bloods of Florida's cattle ranches, many of them holding top prizes in the Southeastern Fat Stock Show and Sale, today were drawing fancy prices in the show's official public auction sales.

Two hundred and fifty head of show cattle, headed by the Grand Champion Angus steer of Henderson Dial of Sumterville, Ala., were put on the auction block.

By this time next week they will have become choice cuts and steaks in many refrigerators.

Just what the show amounts to in dollars and cents alone is indicated by the fact that last year's sales totaled $62,637, which buyers paid for the 313,990 pounds of beef cattle that went on sale at the end of the 1946 exhibition.

Show officials expect this year's sales to exceed that sum, which bears out State Commissioner Nathan Mayo's statement at the show's annual banquet last night that the quality of Florida beef cattle is "getting better and better" and that the state is growing faster than any other in the quality and quantity of its cattle.

Legion Gets Okey To Conduct Fair

Campbell-Lossing Post 53 of the American Legion has secured permission of the City Commission to sponsor and hold a fair, and also to have the Royal Crown midway on Mar. 29 at Mellonville Avenue and Celery Avenue, it was announced today by Joel Field, post adjutant.

Capt. Earle Loucks has been appointed head of a committee to secure agricultural, horticultural and industrial exhibits at the fair, said Mr. Field.

The Fair will be located at a distance away from residences, said Mr. Field.

At a recent Legion meeting, A Reid Mann, state Legion adjutant, proposed that mimeographed copies of Sanford's bid for a state Legion headquarters site be furnished to each of the 750 delegates to attend the State Legion convention at Panama City. Ned Smith was appointed to head a committee to do this.

Hint Dropped Of Spy Ring In America

Harriman Refuses To Give Congress Record of FBI's Inquiry On Condon

WASHINGTON Mar. 5 (AP)—A hint that the Justice Department is seeking indictment of a suspected spy ring was dropped today during the congressional uproar over Dr. Edward U. Condon.

Rep. Nixon (R-Calif) tossed it out at a House Un-American Activities Committee meeting where the Commerce Department stuck by its guns and refused again to hand over its loyalty records on Condon. Rep. Rankin (D-Miss) had proposed that the committee make public all its records on Condon.

Nixon objected. He said a New York grand jury is investigating spying by Americans and aliens. He said its findings might be "prejudiced" if the complete files were made public.

John L. Towne, secretary of the Department's loyalty board, came before the committee in response to a subpoena directing that he show up with the papers. But he didn't have the papers. Nor would he answer questions about them.

Secretary of Commerce Harriman advised the committee by letter last night that the records would not be turned over to the

(Continued on Page Eight)

1 Killed In Blast Of Ammonia Tank At Packing Factory

PITTSBURGH, Mar. 5 (AP)—At least one man was killed today in an explosion at the plant of the Dunholm Packing Co.

An undetermined number were injured by the blast, which reportedly occurred in an ammonia tank. All available ambulances were rushed to the scene at Fifth and Frankstown Avenues and two fire alarms were sounded.

R. L. Weaver, co-owner of a nearby auto appliance store, said the plant engineer, James Bell, had been killed by the blast.

"I don't know how many were injured, but there must have been more than 10," Weaver said. "Some fellows were trapped in the building, but there was no fire I could see—just a terrific explosion."

The injured were taken to the Pittsburgh Hospital, only a few hundred feet from the packing plant.

About 100 employes fled to safety after the explosion rocked the four-story building in the busy East Liberty section. Some of them escaped down firemen's ladders. Ammonia fumes spread over the neighborhood, and several windows were shattered.

Firemen entering the building donned gas masks and smoke-protective equipment. A nearby resident said several women were carried from the building bleeding from cuts.

Donald Gene Harris, 3 Years Old, Dead

Donald Gene Harris, three year old son of Mr. and Mrs. Arthur H. Harris, formerly of Sanford, died early yesterday morning in an accident which occured near Cartersville, Ga. where the family is now living.

The child was born in Sanford on Apr. 24, 1945 and the mother is the former Miss Irene Rabun of Sanford. Other survivors besides the parents include one sister, Linda Diann; the grandparents, Mr. and Mrs. C. P. Rabun of Sanford and Mr. and Mrs. F. A. Harris of Kansas City, Kas.

Funeral services will be held Sunday at 3:00 P. M. in the Erickson Funeral Home with Father William Nachtrab officiating. Interment will follow in Evergreen Cemetery.

GOP Refuses To Mix In Civil Rights Row

Dr. J. H. Miller Formally Accepts Presidency Of University Of Florida

GAINESVILLE, Mar. 5 (AP)—Dr. J. Hillis Miller formally accepted the presidency of the University of Florida today with a pledge to work toward making it one of the "10 great universities of the country."

Anything less, he said in a speech at the elaborate inaugural ceremonies, "would place the state herself in an inferior place among the great states of the Union."

More than 400 delegates from North and South American colleges and educational institutions were on the campus for the inauguration. Five of the nation's leading educational figures received honorary degrees from the university.

Dr. Miller said the growing state of Florida now presents perhaps the greatest challenge to any president in any student body of topflight universities. He was nominated [illegible] 412 Florida "trustees" [illegible] program will be [illegible] of Florida [illegible] few months.

"It is [illegible] to supp[illegible]

Finnish Leaders Want No Military Pact With Russia

Members Are Willing To Form Alliance Of Different Type

PRAGUE, Mar. 5 (AP)—Communist Premier Klement Gottwald's office denied today that President Edvard Benes is being replaced because of illness.

HELSINKI, Mar. 5 (AP)—Two minority parties announced their opposition today to entering into a military alliance with Russia. Their stand means that parties representing a majority of the members of Parliament now are aligned against such a tie. The minority parties—the Conservatives and the Liberals—joined other parties and blocs, however, in approving the opening of negotiations with the Soviet Union on a friendship and mutual assistance pact as suggested last week by Prime Minister Stalin.

By ASSOCIATED PRESS

Most members of Finland's parliament want no military pact with Russia, but are willing to dicker otherwise on a new Finnish-Soviet treaty, under decision disclosed today.

The conservatives and the liberals lined up with the faction opposed to a military tie, giving this faction 101 of the 200 seats in parliament.

At the same time the Conservatives and Liberals joined other parties and blocs to make a majority approving the opening of negotiations with the Soviet Union. Prime Minister Stalin suggested last week that Finland and Russia sign a friendship and mutual aid treaty.

This is the type of treaty which has helped tie Balkan and Central European nations to Russia. They have signed up for 20 years. Pledges of military aid are included. The form such a treaty might take without military clauses is undetermined.

Czechoslovakia, Italy, Germany, Austria, Belgium and Canada also were scenes of development in the world struggle over Communism.

The American Military Government announced in Berlin it has suspended the extradition of Germans wanted by Czechoslovakia, now under Communist rule, for trial on war crimes charges. U. S. security officers estimated about 500 Czechoslovaks had fled into the American-occupied zone of Germany through one border point, the city of Hof, since the coup in Prague.

Vassil Youroukoff resigned in

VFW Meet To Be Held At Legion Hut

The VFW will meet Monday at 7:30 P. M. at the Legion Hut, it was announced today by John Sauls, Adjutant. Comdr. F. D. Scott will preside.

Plans for the coming convention to be held in St. Cloud and a meeting to be held later at Mayfair Inn will be discussed. Election ofofficers will be held at the next regular meeting. All members are urged to attend.

SEVEN DIE IN FIRE

HUNTSVILLE Mar. 5 (AP)—Seven negroes died last night when their two-story home was destroyed by fire. Two others were burned seriously. Seven others escaped.

The fire is believed to have started from a coal oil lamp that had been used to warm baby chickens in a pasteboard box in the living room.

Magill Says Tax Cut Would Be Aid To U. S. Economy

Ex-New Dealer Says People Wouldn't Resist Low Taxes

WASHINGTON Mar. 5 (AP)—Roswell Magill, a former New Deal Treasury official, said today a tax cut of [illegible] to six billion dollars would be "enormously beneficial to the economy."

Magill told the Senate Finance Committee that the Treasury surpluses for 1947 and 1948 may be higher than $16,000,000,000. He said, too, the loss in revenue from a tax cut also may be lower than the $6,500,000,000 reduction voted by the House.

Magill, who was a Under Secretary of the Treasury in 1937-38, said loss from a tax cut may be less than expected by

"People do not usually spend [illegible] to find the last dollar of [illegible] deduction. [illegible] tempting. Collection [illegible] costly."

The National Association of Manufacturers also gave the back-ing to the proposed tax cut. But, it made plain that it did not regarded as enough relief to provide risk capital for business and industrial expansion.

Meanwhile, [illegible] of [illegible] lined up with Senator Vandenberg of Michigan against trying to set up a world agency to block Communism.

The opposition of the two Republican leaders spelled death for the plan advanced by four of their GOP colleagues. Senators Ball (Minn), Wherry (Nebr), Hawkes (NJ) and Cain (Wash).

The super agency idea was offered as an amendment to the $6,000,000,000 European Recovery Program. It would direct the President to try to create an Education "supreme council" outside the United States. There would be no veto against the use of armed force to stop aggression or subversion.

Veterans' Council Is Proposed Here

Formation of a [illegible] composed of representatives of veterans' organizations in a new under way, it was reported today by John Sauls, adjutant of the John [illegible] Calloway post, [illegible] appointed to represent Campbell-Lossing Post 53 of the American Legion on the Council. Commander James [illegible] made the appointment.

This Council will serve as an advisory committee, said Mr. Sauls, to try to effect closer cooperation of veterans throughout the county. A meeting will probably be held [illegible] to try to lay the ground work for the organization.

Douglas Stenstrom and Roy Wright were recently selected by Post 3282 of the VFW to represent it on the Council. Chapter 30 of the DAV has chosen John Kader and Sam Mattina as representatives.

NO DAMAGE

WASHINGTON, Mar. 5 (AP)—Two negroes lost today in an effort to collect damages from the Louisville and Nashville Railroad in a case growing out of separation of whites and negroes in dining car service.

The Interstate Commerce Commission, which heard their claim, ruled they hadn't suffered any damage. It was the second time in two days the ICC has turned down claims based on race segregation.

Plan To Deny Federal Funds To South Voted Down 25-6 In GOP Committee

WASHINGTON Mar. 5 (AP)—The GOP-dominated House Appropriations Committee refused today to stay into the civil rights fight. It turned down in closed session a subcommittee recommendation that Congress withhold federal money for hospital building and vocational education from states that deny negroes equal educational and job opportunities.

The recommendation was made by a subcommittee headed by Rep. Keefe (R-Wis). It was knocked out by a vote of 25 to 6.

The full committee's last-minute action in overruling Keefe's group was unusual. Subcommittees almost always win their points in the committee.

The subcommittee put the anti-discrimination clause into a $1,017,864,000 bill to supply the Labor Department and the Federal Security Agency with funds for the year starting July 1. An attempt to retain the provision will be made when the bill comes before the House for debate next week.

A parallel of $150,000,000 of the Office funds would have been affected by the provision. The largest of these is $135,000,000 for hospital construction. On these funds, the states and local governments put up two dollars for each dollar furnished by the federal government.

Another $18,084,000 is for vocational rehabilitation grants for the training of blind, deaf and otherwise handicapped persons. And $19,812,760 is for vocational education [illegible] such as craft training in and out of schools. States match these funds 50-50.

The keefe provision says none of this money shall be given to states or educational institutions in which racial, creed, color, or creed, discriminatory practices deny equality of educational opportunity or employment to anyone to pursue such educational

(Continued on Page Eight)

Lions Club Fight On Communism Is Told At Meeting

The International Lions Association is engaged in fighting Communism, Hollis Johnson of Daytona Beach Lion district president told members of the Lions Club at their luncheon today at the Tourist Center.

Mr. Johnson told of the growth of Communism in Europe, and declared that in different ways, Communists are trying to get into every branch of our own government and educational system. There are more Communists in this country today than in Russia when it was taken over by them, he declared.

He revealed that Lions International is now considering branching into Switzerland and France. Club members were advised against bringing politics into the clubs in order to avoid petty jealousies. He announced plans for the Lions' national convention in New York this summer, and for the State Convention in St. Augustine, May 9-10-11.

Action on a club donation to the Red Cross was deferred pending the report of J. Robson, Jr., treasurer. Richard Deas, club vice president, who directed the meeting, announced the application for membership by R. S. Esterson of the West Coast Food Company.

Clyde Ramsey announced that the meeting next week would be in line with Governor Caldwell's declaration of the week as "Sight Conservation Week." Secretary Hamilton Bisbee, was commended by District President Johnson for submitting prompt and accurate reports. The possibility of organizing a Lions Club in Oviedo was discussed.

Lake County Votes To Stay Wet Over 2 to 1

TAVARES, Mar. 5 (AP)—By a count of better than two to one, Lake Countians have voted to remain among Florida's wet counties.

Complete unofficial returns from yesterday's local option election showed 5,783 votes for selling liquor and 2,785 against.

The county has been wet since repeal of prohibition.

Americans May Have To Trim Diet Due To Lowering Food Production

By OVID A. MARTIN

WASHINGTON, Mar. 5 (AP)—Americans may have to trim 50 calories off their daily diets this year. The Agriculture Department said so today after weighing 1948 food production possibilities.

But this reduced diet would have only 1 per cent fewer calories than last year's. What's more, it still would furnish about 40 per cent more than nutritionists say most people need. The department said it looks now as though the food supply will provide 3,370 calories, on an average, in the American daily diet. Last year consumption averaged 3,420 calories. From 1935 to 1939 it averaged 3,250.

Nutritionists say the average adult doing ordinary work needs about 2,400 calories daily. Heavy workers require more. In many other nutritional aspects, the 1948 diet will be below last year's, the department predicted. It will have less protein, fats, iron, thiamine, niacin and calcium. But it will contain more carbohydrates and ascorbic acid.

Proteins rebuild body tissues; fats and carbohydrates supply body fuel and energy; iron fights anemia; thiamin strengthens the nervous system; niacin keeps off dietary diseases such as pellagra; calcium builds bones and teeth, and ascorbic acid fights scurvy.

A prospective smaller meat supply accounts for the expected reduction in protein, fats, iron, thiamine and niacin. A smaller supply of milk will reduce calcium, as well as fats. Increased supplies of sugar will make more carbohydrates available. Larger supplies of citrus fruits account for more ascorbic acid.

Reviewing the 1947 diet the department said consumption per person of beef, cheese, evaporated milk and margarine, was at a record rate. Americans also ate more veal, butter, lard, fresh apples and citrus fruits, sugar and rice than in 1946.

On the other hand, they ate less mutton, pork, poultry, fluid milk and cream, shortening, dried fruits, fresh vegetables and ice cream than in 1946.

There were about 180,000 negro soldiers in the Union armies during the Civil War in the United States.

Florida State News In Brief

MAN, 77, DIES

JACKSONVILLE Mar. 5 (AP)—Kince Higgenbotham, 77, was burned to death today in a fire which razed his home in suburban Wesconnett.

Neighbors said the aged victim came to the front porch after the blaze broke out but then reentered the house, apparently in an effort to save some of his possessions. They tried to enter the dwelling through a back door in a rescue attempt, but were driven back by flames fanned by a strong north wind.

BAGETT QUALIFIES

TALLAHASSEE Mar. 5 (AP)—Ralph Bagett of Panama City today qualified as a candidate for delegate to the Democratic National Convention from the Third Congressional District.

COMMITS SUICIDE

BRADENTON, Mar. 5 (AP)—Funeral services were held Wednesday for Nick Keen, Jr., 43, farmer, married and father of three children.

Coroner L. K. Amlong said he committed suicide Sunday by walking two miles from home, stopping to water his berry patch on the way, disrobing, climbing into a tree and hanging himself from a fork 40 feet above the ground.

MEANS BUSINESS

FT. MYERS, Mar. 5 (AP)—Samuel C. Carter, 68, father of 19 children and a Spanish War veteran, has offered $100 for information as to who set up a fiery cross near his home.

He attributed the matter to differences with another man over sale of some oranges. He said he wanted the information not so much for authorities, but for settling the matter himself because "they better not mess with me."

LAST STRAW

FORT MYERS, Mar. 5 (AP)—County Judge Hiram W. Bryant, accustomed to hearing alibis, threw up his hands when Walter N. Ash explained why he took a $2 steak from a local supermarket.

Ash said he wanted to have some food to start his new restaurant business.

COMMISSIONER MEET

PANAMA CITY, Mar. 5 (AP)—Election of officers and addresses by several candidates for governor and state officials were on the program today for State Association of County Commissioners annual convention.

Some 200 persons are attending.

FISH STORY

FT. MYERS, Mar. 5 (AP)—C. L. Burleson, on a shrimping expedition off Pine Island Flats, watched mullet leaping in play. One leaped and hit him in the mouth, knocking out a tooth.

BAR MEET

JACKSONVILLE, Mar. 5 (AP)—The State Bar Association committee on revision of the Florida constitution met here today to complete work on drafts of the first three articles.

The results of the group's work will be announced when its annual report is submitted at the state convention in Hollywood Apr. 15.

CREW EXHONORATED

MIAMI, Mar. 5 (AP)—A Civil Aeronautics Board has "completely exhonorated" an Eastern Air Lines crew in the forced landing of a Lockheed Constellation at Bunnell, Fla., Feb. 7.

R. W. Chrisp, presiding officer of the seven-man board which yesterday concluded a two-day hearing into the mishap, also announced the four-engined "Connies" will not be grounded because of the accident.

RATE PROBE

JACKSONVILLE, Mar. 5 (AP)—The City Commission has approved action calling for an investigation of three recent rate increases by the Jacksonville Gas Company.

The Commission said scores of complaints had been received and the Commission needed information to determine whether the company is getting a fair return on its investment.

TAILOR MURDERED

MIAMI, Mar. 5 (AP)—The body of Robert H. Meeks, Sr., was found in his tailor shop last night and Dade County Deputy Sheriff Claude High said he apparently had been murdered.

High said there were three bullet holes in the body and Meeks apparently had been killed with robbery as a motive, as his wallet was missing.

TEACHERS' PAY

MIAMI, Mar. 5, (AP)—Immediate payment of two months back pay to 1,600 Dade County school teachers was ordered today by Senior Circuit Court Judge Ross Williams. The back pay is estimated to total $1,000,000.

Judge Williams ordered that those teachers employed before the beginning of the fiscal year, July 1, should have been paid one-twelfth of their annual salary on Aug. 1 and Sept. 1, 1947, and that those employed after the beginning of the fiscal year (new teachers) should have been paid one-tenth of their salary beginning Oct. 1 and one-tenth each month thereafter.

Plaints Made Due To Doctors Failing To Make Late Calls

CHICAGO, Mar. 5 (AP)—"Many physicians do dodge the making of calls on patients in the late hours of the night or early morning."

The Journal of the American Medical Association made this assertion today in commenting on recent complaints of this nature from "many sections of the country."

Some cities, the Journal reported, have set up machinery for meeting the demands for emergency medical service 24 hours a day through a physicians' telephone exchange.

The exchange maintains a list of physicians willing to make calls at night or to spend at night or to respond to the calls of persons unknown to them.

"Actually comparatively few 'night calls' are so urgent that harm would result from postponing responses until morning," the journal said. "Nevertheless, the patient who suffers pain or the mother who is frightened over a condition in her child that she does not understand is little interested in explanations as to the percentage of emergency calls that are not really emergencies."

The journal quoted the principles of ethics which read:

"A physician is free to choose whom he will serve. He should, however, always respond to any request for his assistance in an emergency or whenever temperate public opinion expects his service."

Cockroaches emit an ink-like liquid from their mouths.

Constrictor snakes do not break bones when they squeeze their victims, death coming from interference with heart and breathing actions.

The true quail is an Old World bird, but about 70 different types of the species have adapted themselves to the Western Hemisphere.

Program Given By Mrs. Ingley At Meet

Mrs. J. L. Ingley was in charge of the educational program presented at the monthly meeting of St. Catherine's Chapter of the Woman's Auxiliary of Holy Cross Episcopal Church held on Monday at the Parish House. The meeting was presided over by Mrs. George Shipp and decorations in the church for Easter and Palm Sundays were discussed. Mrs. J. N. Whitner, Sr. reported on the hospital sewing.

During the program Mrs. Ingley read a paper on the Ten Commandments and the Burning Bush, pointing out that most of the customs used now in the church are derived from those early days.

Those attending the meeting were Mrs. Ingley, Mrs. Fred Bell, Mrs. Hawkins Connelly, Mrs. Ernest Krup, Mrs. Whitner, Mrs. Mary Brandt, Mrs. Shipp, Mrs. R. W. Ruprecht, Mrs. J. N. Robson, Sr., Mrs. M. D. Barber, Mrs. Harry Tooke, Mrs. Tom Vaughn and Mrs. Harriett Warren.

Americans May Have To Trim Diet Due To Lowering Food Production

By OVID A. MARTIN

WASHINGTON, Mar. 5 (AP)—Americans may have to trim 50 calories off their daily diets this year. The Agriculture Department said so today after weighing 1948 food production possibilities.

But this reduced diet would have only 1 per cent fewer calories than last year's. What's more, it still would furnish about 40 per cent more than nutritionists say most people need. The department said it looks now as though the food supply will provide 3,370 calories, on an average, in the American daily diet. Last year consumption averaged 3,420 calories. From 1935 to 1939 it averaged 3,250.

Nutritionists say the average adult doing ordinary work needs about 2,400 calories daily. Heavy workers require more. In many other nutritional aspects, the 1948 diet will be below last year's, the department predicted. It will have less protein, fats, iron, thiamine, niacin and calcium. But it will contain more carbohydrates and ascorbic acid.

Proteins rebuild body tissues; fats and carbohydrates supply body fuel and energy; anemia; thiamin stren nervous system; niacin dietary diseases such a calcium builds bones an ascorbic acid fights sc

A prospective smaller ply accounts for the e duction in protein, fats, mine and niacin. A sma of milk will reduce c well as fats. Increase of sugar will make m hydrates available. Larg of citrus fruits account ascorbic acid.

Reviewing the 1947 d partment said consu person of beef, cheese, milk and margarine, wa ord rate. Americans als veal, butter, lard, fresh citrus fruits, sugar an in 1946.

On the other hand, th mutton, pork, poultry, and cream, shorteni fruits, fresh vegetable cream than in 1946.

There were about 18 soldiers in the Union a ing the Civil War in States.

BIBLE VERSE FOR TODAY

THIS SECT WAS DEBUNKED TWO THOUSAND YEARS AGO. HUMILITY MORE BECOMES US.—Luke 18:11: The Pharisee stood and prayed thus with himself, God I thank thee that I am not as other men are.

Greatest danger to the United States today, we fear, is not the split in the Democratic party, the likelihood of a Republican victory at the polls, the prospect of a third World War, or the atomic bomb. It is, it seems to us, the large number of screwballs running around the country making speeches and posing as experts on subjects about which they know little or nothing.

James F. Byrnes calls for quick action on the Marshall Plan for aid to Europe, and General Wedemeyer warns Congress that we cannot hope to stop the spread of Communism by dollars alone, but must back up our loans with military aid. Thus, the groundwork is being laid for World War III. The nations are already choosing up sides. We are buying our allies; Russia is conquering hers by force. It remains to be seen which is the most effective way. We like neither. But what is the alternative? What is the price of isolation, so generally discredited in World War II?

Outstanding attraction in Sanford is the Municipal Zoo where plans are now underway to move the deer now penned behind the Legion Hut into a more conspicuous spot near the Boulevard and Park Avenue. More people come to Sanford from surrounding towns during the winter to see the zoo than for any other reason. More Sanford people, including boys and girls, enjoy the zoo on holidays and Sunday than any other recreation. With a little money, a little more support from civic leaders, it could be made into one of Florida's outstanding attractions, ranking with Marineland, Cypress Gardens and Silver Springs.

It was a pleasure to see Karl Lehmann again Wednesday as full of energy and zest for life as ever. His latest enthusiasm is the Montverde School for boys and girls of which he has recently become president, taking the place of Dr. Carpenter who founded it some 33 years ago. During his spare time he still manages to find sufficient energy to continue as secretary of the Lake County Chamber of Commerce, accept the chairmanship of the Red Cross drive and preside over the destinies of the Sportsmen's Association. How he manages to do it all, we will never know. But how badly the world needs more men like him, when there is so much to be done, so little time to do it!

"Neither a borrower nor a lender be:
For loan oft loses both itself and friend,
And borrowing dulls the edge of husbanry".

The man who wrote those lines was not Clement Attlee, nor was he Ernest Bevin, but he was an Englishman, a greater Englishman perhaps than any of those who have taken his advice so lightly. For England, scarcely a year and a half after a four billion dollar loan was made which was expected to suffice for about five years, finds it has already squandered its money and must come back again for additional funds on which to live. Will America, trying to support her old friend in a style to which she has become accustomed, lose both its loan and friend, as England has already "dulled the edge of husbandry?"

Our Place In The World

Is the United States again forsaking the world? The position of our government on critical issues of the day leads many thinking people to ask that question.

The decision of the United Nations for the partition of Palestine was made at the insistence of the United States. Now enthusiasm for partition is beginning to wane in Washington, as complications arise and the issue is reviewed. Perhaps it was a bad decision. If so the situation can be saved only by frankly and promptly admitting the error. If the decision stands, there is no alternative to carrying it out, by force if necessary. Simple failure to act would tell all the world that the U.N. is powerless to support its words and aims, and that the United States has forsaken it even as it did the League.

The future of the United Nations already is greatly imperiled by its seeming impotence in the face of the seizure of Czechoslovakia. The official reaction of the United States did nothing to enhance western prestige.

It is not enough to enact a Marshall Plan to help feed Europe and stimulate its economic recovery. The world looks to the United States for leadership. If we do not show that those who govern us are capable also of leading the world, if we as a people do not express to our leaders and to the world our willingness to bear the responsibility and the cost of our place in the world, then the world will look elsewhere for leadership.

Small-City Symphony

Proof that a small community can have a symphony orchestra is found in St. Cloud, Minn., a city of less than 25,000 persons. It was organized four years ago through the energy of the public school music director and the support of the mayor. Now the city appropriates funds to buy music and the larger instruments, and to pay operating expenses and small salaries to the players.

The result is an orchestra which provides an outlet for the musical inclinations of some 50 citizens of St. Cloud and vicinity, and several concerts of very good music each year for the other residents. It supplies inspiration and incentive for younger musicians who aspire some day to join.

No measure can be fixed for the value of such an enterprise. Just to learn to hear and enjoy fine music is an achievement which many Americans somehow seem to miss. The opportunity for contact with good music, first hand, as opposed to radio, often is sadly limited in the small community. This Minnesota city has proved that it need not be so.

Monuments To Battle

Great boulders of American granite will be shipped to the islands of the Pacific to be used in building monuments to mark battlefields of World War II. In Europe and Africa are cemeteries with white crosses which designate the graves of American soldiers, sailors and marines.

It is well that some permanent mark be left on these battle-scarred places. The monuments and cemeteries will help to remind both natives and visitors -- including Americans -- of the terrible cost of not knowing how to live and work at peace with one's neighbors Such memories are not happy, but they might help to prevent more such memories for a future generation.

SOCIAL SECURITY PAYMENTS

CHRISTIAN SCIENCE MONITOR

Payments of old-age and survivors' insurance under the Social Security System should be increased. Climbing prices have sharply lowered the purchasing power of the modest benefits provided by the Government's social insurance. The time has plainly arrived for raising the monthly checks to retired workers and their dependents.

As Lewis Meriam of the Brookings Institution has pointed out in his book, "Relief and Social Security":

> One cannot read the literature on social insurance systems without appreciating that their social and economic utility may be almost completely destroyed by changes in the level of prices and wages.

While that stage is nowhere near in the United States, the mere listing of the present payments makes the desirability of their revision self-evident.

The highest benefit allowed a single man who is insured at the age of 65 years amounts to $44.40 a month. Actually, the average payment on June 30, 1947, when the last national survey was made, came to $24.10. When a retired worker has a wife who is also 65, the maximum for the two is set in the law at $66.60. In practice, the payment to the pair averaged $39.20 a month. And for a family, the top permissible monthly figure is $85, while the average given a retired worker with two or more children was found to be $47.90. Translating these payments to a weekly basis makes their meagerness still more apparent.

Fortunately, things seem to be moving toward raising the benefits. Labor organizations are not alone in advocating an increase. Life-insurance executives who have specialized in social security recommend higher payments. A short time ago, the Social Security Board in its annual report lifting the benefits, and now Harold Knutson (R), Chairman of the House Ways and Means Committee, indicates some improvement may be undertaken this spring.

As originally written in 1935, the Social Security Act planned much smaller pensions for the present time than are now being paid. The 1939 amendments had the effect of raising the earlier-year benefits materially and lowering the long-range ones to compensate. A further boost is now necessitated to help hundreds of thousands of the elderly.

Balance Of Junior Red Cross Fund To Be Used Next Year

A balance of $256 remaining in the Junior Red Cross Service Fund will be used for local junior members activities and projects during the coming year, Miss Edna Chittenden, chairman of the Junior group told members of the Seminole County Chapter American Red Cross at their meeting at the Chapter House, Tuesday. Edwin Shinholser presided, and 12 Board members were present.

G. W. Morgan, disaster chairman, reported one disaster and the asistance rendered during the past month. A nominating committee was appointed to select chapter executive officers for the coming year.

Mr. Shinholser commended Karlyle Housholder for his splendid and well-organized plans for the annual Red Cross Fund Campaign and reported satisfactory progress during the first few days of the 1948 membership drive which began Mar. 1.

Mrs. Elvira Garner, Fund Drive Secretary announced, through the cooperation of WTRR, three speakers have been invited to participate in a program scheduled during the coming week. Mrs. E. D. Brewster will speak on Red Cross service to the Community; Miss Frances Mc[illegible] the National Blood Program; G. W. Morgan, disaster, and J. Brailey Odham, services to veterans.

Miss Jewel Graves, American Red Cross General Field Representative from Southeastern Area, was present for the meeting.

OCALA, Mar. 4, (AP)— Fourteen high school bands will contest in drilling and marching here tomorrow night to determine which will represent the fourth district in the state meet in St. Petersburg later this year.

Those participating will be Memorial Junior High, Orlando; DeLand Junior High; Cherokee Junior High, Orlando; Seminole High, Sanford; Winter Park High; Apopka High; Cocoa; Melbourne, Seabreeze High, Daytona Beach; Wildwood; Leesburg; Mainland High, Daytona Beach; Ocala; and DeLand.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

It isn't often that the sun breaks through the clouds over Europe these days, and there's always blood on the moon of a night, but a splash of sunshine is playing about the Brussels conference which is considering a union of Western Europe to halt the advance of aggressive Communism.

It's far too early to make any predictions, of course, for it was only yesterday that the five nations got together — Britain, France, Belgium, the Netherlands and Luxembourg, the last three known as the Benelux countries. Still the very fact that they are meeting is in itself a historic development which might lead to great things—even to the birth of a new Europe in due course.

This conference has been hanging fire for some time—an idea which hadn't quite jelled. It took the Bolshevist assault on helpless Czechoslovakia and the threat to little Finland to bring the five nations together on the jump. For the Czechoslovakian coup was a brutal warning that the Red menace might strike next in Western Europe.

The conference is debating the idea of a treaty and alliance for mutual benefit and protection. There are four aspects to the proposal—political, economic, cultural and military. Of these the military is the most important because the other three can't be implemented until that is taken care of.

In short, the conferees are attacking the problem on the basis that they need American military guarantees, since the United States is the only great power to which they can turn for such support. They have in mind some agreement like the Pan-American pact for mutual assistance against aggression.

The five conferees have started out with the assumption that if they themselves can agree and secure a military guarantee from Washington, the other countries of Western Europe will join. In this way would be created the union of Western European states which British Foreign Secretary Bevin advocated some time ago.

Such a union already has received the nod of approval from America. It is recognized that it would be a perfect complement to the Marshall Plan and would, in fact, be able to supplant the Marshall project as soon as Western Europe got on its economic feet again.

The question of that all important alliance was raised at a press conference with Undersecretary of State Lovett in Washington a couple of days ago. Asked if the United States might underwrite a Western European union, presumably with a military alliance, Lovett said a policy decision was being made, but couldn't be completed until the results of the Brussels conference were known.

The Brussels parley is faced with the obvious danger that unless there is concerted action to hold the Bolshevist advance, Italy is likely to fall a victim, and France will be in grave danger. Both these are key nations in the Western European structure.

Then there is another fear which is spurring the conference. This is that Russia and the Germans might get together again. The Reds already have made Eastern Germany a part of their empire, and are working night and day to convert the western zones of Germany to Communism.

Social And Personal Activities

Social Calender

FRIDAY

The regular meeting of the American Legion auxiliary will be held at 8:00 P. M. at the Legion Hut. The board meeting will be held at 7:00 P. M. preceding the business meeting.

The Adult Bible Class of the First Baptist Church will sponsor a pot luck supper at the church. All members and visitors are urged to be present. Bring table service.

SATURDAY

A buffet supper will be served at the Seminole Country Club for members and their guests from 7:30 P. M. until 9:00 P. M.

MONDAY

The W. M. U. of the First Baptist Church will meet at 3:30 P. M. as follows: Circle No. 1 with Mrs. S. J. Davis, 719 Myrtle Avenue, Mrs. W. L. Vance as co-hostess; Circle No. 2 with Mrs. B. G. Methvin, 1015 West First Street; Circle No. 3 with Mrs. H. M. Pearce, 717 West First Street; Circle No. 4 with Mrs. Joe Wright, 2700 Sanford Avenue, Mrs. R. T. Thomas co-hostess; Circle No. 5 with Mrs. John Miller, 113 West Fifteenth Street; Circle No. 6 with Mrs. O. C. Gibbs, 1201 Park Avenue, Mrs. Clyde Piercy and Mrs. C. L. Carter hostesses. The Sunbeams will also meet at the church at 3:30 P. M.

P. M.

Circles of the Presbyterian Woman's Auxiliary will meet as follows: Circle No. 1, Mrs. A. B. McRaney, chairman, with Mrs. Victor Greene, Jewett's Lane, at 3:30 P. M.; Circle No. 2, Mrs. Charles E. Ginn, chairman, with Mrs. Ginn, 1719 Sanford Avenue, at 12:30 P. M. for a covered dish luncheon; Circle No. 3, Mrs. W. D. Hofmann, chairman, with Mrs. George Stine, 429 Summerlin Avenue, at 1:00 P. M.; Circle No. 4, Mrs. J. C. Hutchison, chairman, with Mrs. Mary Bolly, 1108 Myrtle Avenue, at 3:30 P. M.; Circle No. 5, Mrs. D. B. Middleton, chairman, at the church for a covered dish luncheon at 12:00 noon; Circle No. 6, Mrs. H. H. McCaslin, chairman, with Mrs. W. M. McKinnon, 901 Magnolia Avenue, at 12:30 P. M. for a covered dish luncheon; Circle No. 7, Mrs. W. L. Roche, chairman, with Mrs. Roche, 919 Laurel Avenue, at 12:30 P. M. for a covered dish luncheon. Business Woman's Circle No. 1, Miss Sara Easterby, chairman, will meet at the church at 6:30 P. M. for a covered dish supper; Business Woman's Circle No. 2, Miss Mary Earle, chairman, will meet with Miss Rebecca Stevens, 621 Park Avenue, at 6:45 P. M. for a covered dish supper.

Mrs. Holtzclaw Head Of High School PTA

Mrs. Charles Holtzclaw was elected president of the Seminole High School P. T. A. at the monthly meeting of the organization on Tuesday afternoon in the school auditorium. Other officers elected to serve for the new year with Mrs. Holtzclaw include Mrs. L. E. Spencer, first vice president; Mrs. G. E. Wells, second vice president; Mrs. O. R. Smith, secretary; Mrs. H. W. Rucker, treasurer, and Mrs. D. C. Howard, historian. Installation of the officers will be held at the May meeting. The nominating committee was under the direction of Mrs. R. F. Cooper.

Mrs. Spencer presided over the business meeting when it was decided to sponsor a blood bank. In charge of arrangements are Miss Ruth Hand and Mrs. Cooper. It was also decided to send a girl to Girl's State to be held in Tallahassee in the summer.

Following the routine business Rev. W. P. Yesley and Rev. J. E. McKinley were introduced by Mrs. Joe Corley, who spoke on "School Cooperation in Training Leaders for Tomorrow" and "Parent Cooperation in Training Leaders for Tomorrow," respectively. About 45 teachers and parents were present for the meeting.

Daughters Of Wesley Meets On Monday

Hostesses for the regular meeting of the Daughters of Wesley Class of the First Methodist Church were Mrs. J. A. Anderson, Mrs. P. A. Rowland, Mrs. R. A. Futrell, Mrs. Ruth Lundquist and Mrs. M. B. Smith. The meeting was held on Tuesday evening in the church annex.

During the meeting presided over by Mrs. J. B. Williams, the poem, "Ninety and Nine" was read by Mrs. O. E. White. The group voted to contribute $50. to the church building fund.

At the conclusion of the business meeting a social hour was enjoyed and a St. Patrick's word contest held. High prize was won by Mrs. J. E. Courier and low by Miss Versa Woodcock. Refreshments consisting of a sweet course carried out a St. Patrick's theme.

Those present for the meeting were Mrs. J. P. Thurmond, Mrs. White, Mrs. Maude Williams, Mrs. J. C. Davis, Miss Thelma Hammond, Mrs. M. L. Wright, Mrs. W. D. Forbes, Mrs. E. R. Doyle, Mrs. S. G. Harriman, Mrs. Helen Schultz, Mrs. Pauline Howard, Mrs. Roy Tillis, Mrs. W. L. Harrison, Mrs. L. M. Tyre, Mrs. Courier, Mrs. Ben Monroe, Mrs. J. B. Williams, Miss Woodcock and the hostesses.

Personals

Mrs. M. J. Meeks left today for Alma, Ga., where she was called because of the serious illness of her sister, Mrs. Walter Holton.

Mr. and Mrs. B. L. Perkins had as their dinner guests last night, Col. and Mrs. N. J. Perkins, Mr. and Mrs. R. C. Perkins, Mr. and Mrs. S. P. Harland and Mrs. Chester Kic, all of Fork Union, Va., who are spending some time at Daytona Beach.

BIRTH ANNOUNCEMENT

Mr. and Mrs. J. R. Bridges announced today the birth of a son on Mar. 3 at the Fernald Laughton Memorial Hospital. Mrs. Bridges will be remembered by her friends as the former Esther Benton.

Dr. and Mrs. Daniel J. O'Connor announced today the birth of a son on Mar. 2 in Forrest Hills, Long Island, New York. Mrs. O'Connor will be remembered by her friends in Sanford and Lake Mary as the former Claire Evans.

Mr. and Mrs. Linwood Twyman announced today the birth of a daughter, Gloria Susan, on Mar. 1 at the Fernald Laughton Memorial Hospital. Mrs. Twyman will be remembered as the former Lola Swaggerty of Lake Monroe.

Happy Birthday

WOMEN MAKE MOVIES

Women make up a large percentage of the student body at the City College of New York Film Institute, which trains movie photographers, directors and scriptwriters.

Leonardo da Vinci drew plans for flame throwers, grenades, tanks and a flying machine.

Visitors Enjoy Garden Club Tour

The Sanford Garden Club entertained members of the Tourist Club on Thursday afternoon with a garden motorcade. The group met at the Tourist Center at 1:30 o'clock and after registering were presented with corsages by Mrs. H. B. Odham, Jr. After leaving the center the motorcade visited the gardens of Mrs. Henry Wight on Park Avenue, E. B. Stowe at Indian Mound Village and of Mrs. Augusta Covington in Oviedo. Visits to other gardens were cancelled due to rain.

Upon their return to Sanford members drove through the garden of Mrs. Charles E. Ginn on Sanford Avenue and returned to the Tourist Center where refreshments were served by Mrs. Edward F. Lane, general courtesy chairman, Mrs. R. W. Herron, Mrs. Dale Scott and Mrs. Ginn.

Beautiful arrangements of azaleas were used in decorating the large room of the building. A pink and green color scheme was carried out in the decorations and refreshments. The tea table was covered with a lace cloth and centered with a graceful arrangement of the flowers. Silver candlesticks held burning pink candles. Individual pink and green cakes, salted nuts and punch were served from silver and crystal appointments on the table.

Corsages for the guests were made by members of the Ixora Circle with Mrs. Odham serving as chairman. Her committee members were Mrs. Roy Green, Mrs. James Crapps, Mrs. Dale Scott, Mrs. G. D. Bishop, Jr., Mrs. Charles Vodopich and Mrs. C. E. Spencer.

Hostesses for the afternoon were Mrs. A. W. Epps, president of the club, Mrs. S. C. Graham, tourist chairman, and her committee, Mrs. George McCall, Mrs. M. J. Lorig, Mrs. B. R. Beck, Mrs. A. C. Starke, Mrs. J. Roy Britt, Mrs. B. E. Ratliff, Mrs. Harry Heeren, Mrs. H. James Gut, Mrs. F. D. Leiske, Mrs. Ira Southward, Mrs. J. N. Gillon, Mrs. W. B. Beinson, Mrs. M. N. Cleveland, Mrs. E. C. Harper and Mrs. E. G. Kilpatrick.

Also Mrs. Robert A. Williams, visiting garden chairman and her committee, Mrs. Henry Wight, Mrs. Tom Vaughn, Mrs. Zeb Ratliff, Mrs. F. Bolz, Mrs. Fred Wilson, Mrs. R. T. Warren, Mrs. W. A. Morrison, Mr. and Mrs. E. B. Stowe, Mrs. Charles Vodopich, Mrs. W. A. Fitts, Mrs. C. R. Kirtley, Mrs. S. C. Dickerson, Mrs. H. N. Sayer. Also Mrs. Ginn, Mrs. Schneider, Mrs. Lee, Mrs. H. M. Papworth, Miss Ella Lee Kirchhoff and Mrs. W. M. Wray. Also assisting were Mrs. Covington and committee, Mrs. George Means assisted by the Camellia Garden Circle of Oviedo.

Ballet Group Will Perform Tonight

Nana Gollner and her dancing companion, Paul Petroff, will be presented with the Ballet Intime tonight at 8:30 o'clock in the Seminole High School auditorium under the auspices of the Civic Music Association. The program was postponed from Tuesday until tonight because of transportation difficulties of the ballet troop.

The ballet presents six dancers, including Miss Gollner, who has earned the title of America's Greatest Ballerina, and Mr. Petroff. This is the last in a series of musical presentations of the Music Association.

THE GARDEN GATE

MRS. E. G. KILPATRICK, JR., Editor
Weekly Column of the Sanford Garden Club

HIBISCUS

Most varieties are easily propagated from cuttings. Well-ripened from ½ to ¾ inch in diameter and about six inches long will root easily in a month, or six weeks, if planted about four inches in sand during the summer months. As soon as well rooted they may be transplanted directly into the garden.

Some varieties do not root easily and must be grafted or propagated by layering. Some are weak growers and must be grafted on stronger stock, such as the common red. In small gardens several varieties may be grafted on one stock.

The basket-flowered hibiscus, a native of Africa, is a beautiful shrub with deeply-cut scarlet orange flowers. The Althea, Hibiscus syriacus, is a native of China and India. It is deciduous, but is covered in summer with masses of white, rose pink or purple. It is hardy in Florida but for some reason is not used here so much, probably because the Chinese hibiscus is preferred. It has been used in breeding with the Chinese species in an effort to get a true blue which has not yet been accomplished.

The Cotton or Confederate rose, Hibiscus Mutabilis, is grown throughout Florida. The 4-inch flowers open white in the morning, become pink by noon, then red by night, when they fall off.

Hibiscus esculentors should need no introduction, as that is our old friend,okra gumbo.Another variety which provides us with food is Hib, sabriffa, the Roselle, or Florida cranberry. This annual grows to a height of 6 to 8 feet and should be in every Florida garden. After its yellow blossoms have fallen, the red calyx grows thick. This, with the seed pods removed, can be made into a sauce with an even finer flavor than cranberry sauce.

I will mention but one more variety. We have all seen the wild rose Mallows growing in low, moist places in the southeastern states. They grow from 3 to 8 feet, and in color range from white through shades of yellow, rose and crimson. The crimson Rose Mallow has gorgeous flowers, resembling our single scarlet, but six to eight inches across.

Frances M. Wilson

"Cass Timberlane" Is Coming To Ritz

"Cass Timberlane," Sinclair Lewis' rollicking story of a conservative judge who fights to save his marriage with a younger wife, has been brought to the screen with fidelity and resourcefulness and, with Spencer Tracy, Lana Turner and Zachary Scott as its trio of principals, emerges as a photoplay of compelling excitement and dramatic integrity.

The thousands who were held spellbound by this best-seller novel will not be disappointed in the M-G-M film version, being shown at the Ritz Theater on Sunday and Monday, for Producer Arthur Hornblow, Jr., has retained the full flavor of the original, with the fluidity of the camera only adding greater scope and pictorial interest.

It is difficult to conceive of anyone except Spencer Tracy playing the role of the thoughtful, honor-bound "Cass," whose steadfast but monotonous career as a midwestern judge is given an abrupt dramatic turn when young and vivacious Jinny Marshland enters his life. Similarly, so effectively does Lana Turner fit into the pattern of this girl from the "wrong side of the tracks," who marries the dignified older man, finds herself hemmed in by the smugness and hypocrisy of smalltown society, and turns to another man in an attempt to achieve her freedom, that it would almost seem that Author Lewis had Miss Turner in mind when he wrote his absorbing saga of American life.

Yearling feeder cattle will gain 100 to 450 pounds in weight with the feeding of about 40 to 45 bushels of corn, but the same animals may be increased 250 to 300 pounds in weight by feeding 20 to 25 bushels of grain with plenty of hay or silage.

A large alligator can outrun a man for short distances.

Program Given By Mrs. Ingley At Meet

Mrs. J. L. Ingley was in charge of the educational program presented at the monthly meeting of St. Catherine's Chapter of the Woman's Auxiliary of Holy Cross Episcopal Church held on Monday at the Parish House. The meeting was presided over by Mrs. George Shipp and decorations in the church for Easter and Palm Sundays were discussed. Mrs. J. N. Whitner, Sr. reported on the hospital sewing.

During the program Mrs. Ingley read a paper on the Ten Commandments and the Burning Bush, pointing out that most of the customs used now in the church are derived from those early days.

Those attending the meeting were Mrs. Ingley, Mrs. Fred Bell, Mrs. Hawkins Connelly, Mrs. Ernest krup, Mrs. Whitner, Mrs. Mary Brandt, Mrs. Shipp, Mrs. R. W. Ruprecht, Mrs. J. N. Robson, Sr., Mrs. M. D. Barber, Mrs. Harry Tooke, Mrs. Tom Vaughn and Mrs. Harriett Warren.

Brave Life, Doc Seiler And Daddy's Girl Vie Tonight

A top card of 10 events featured by six races from the five-sixteenths of a mile box will be staged tonight at the Sanford-Orlando Kennel Club. The headline "hot box" ninth event will bring together a galaxy of popular favorites this season including Daddy's Girl, Brave Life, Doc Seiler, and Spanish Matron.

Despite several downpours, a good crowd was on hand last night, and it was pointed out by Robert G. Baird, general manager of the Kennel Club, that adequate protection from the elements is provided for all patrons. He said the racing program would be presented regardless of prevailing weather conditions.

For the fourth consecutive night this week, the daily double refund reached sizeable figures. The payoff last night amounted to $148 for a single $2 ticket. The winning combination, an 8-4 ticket, was made up of Borda Lady, an odds-on favorite in the first half, and John Walter, a longshot in the closing half.

TONIGHT'S ENTRIES

First Race—Futurity
Cow Poke, Marty B, Silver Clyde, Blue Wig, Jack Sherwood, Penny Larry, Gabby Gal, Tippy X.

Second Race—Futurity
Royal Repartee, Night Rocket, Bip, Chickadee, Sparkle Matron, Rumford Red, Atlas Max, Gay Date.

Tenth Race—5/16 Mile
Brother Bogue, Corky's Blitz, Just A Wac, Dusty Squeak, Journey Girl, Chan's Boy, Bunny's Master, Miss Sandusky.

Joe Bachelor Will Entertain Cue Fans Here On Monday

"Joe" Bachelor, youthful New York cueist and most promising of the new crop of pocket billiard players, will entertain cue fans of Sanford and vicinity at Monk Bennett's billiard parlors at 1:30 P. M. Monday in a special exhibition match. Following the match Bachelor will give a demonstration of fancy shots, always so popular with lovers of the green baize sport.

Bachelor hails from the Bronx, N. Y., and is one of the few top-notch players produced in years by that section. In exhibitions against the world's leading players in and around New York City, he has acquitted himself magnificently, the records showing victories over Mosconi, Ponzi, Caras and Lauri. Bachelor put together a high run of 107 balls to defeat the New York State title holder, Charles Harmon for the title in 1940. His best run in exhibition play is 223 balls.

Bachelor hopes to be invited to participate in the 1947 world title tournament, and many of his followers are hopeful his entry will be accepted. Improving year by year he has reached that stage where he is a dangerous competitor.

MUSIAL SIGNS

ST. PETERSBURG, Mar. 5 (AP)—Stan Musial, the St. Louis Cardinals' slugging first baseman, ended his holdout yesterday and signed his 1948 contract.

The signing came after a 15-minute conference with Robert E. Hannegan, president of the Cards.

It is believed the contract figure was somewhere between $31,000 and $35,000.

New Orleans is situated on the Mississippi River, 107 miles from the river's entrance into the Gulf of Mexico.

Training Camp Notes

NEW YORK, Mar. 5 (AP)—The expected epidemic of sore arms among Major League pitchers has failed to materialize so far, but the trainers of the 16 teams nevertheless are ready.

Due to the Mar. 1 embargo on the opening of Spring training and the fact that most teams are scheduled to start exhibition games in less than a week, managers and pitchers both were envisoning plenty of sore arms.

No pitcher has reported a bad flipper as yet, however, and injuries among players have been few.

The most serious injury so far was suffered yesterday by Eddie Dyer, manager of the St. Louis Cardinals.

Dyer suffered a "slight concussion" when struck in the head by a batted ball during the Cards' morning workout at their St. Petersburg base.

CIUDAD TRUJILLO, D. R., Mar. 5 (AP)—Jackie Robinson is the center of attraction as far as the fans who turn out for the Brooklyn Dodger workouts are concerned.

Robinson arrived in camp yesterday and took part in the team's regular drill. Fans cheered Robinson's every move during the drill.

The negro first sacker, although 15 pounds overweight, lined three pitches to deep left center and spent some time around the bag.

WEST PALM BEACH, Mar. 5 (AP)—Veteran Rudy York ran through his paces to prove that despite his 207 pounds, he's still fast afoot. Even Bossman Connie Mack of the Philadelphia Athletics agreed that the veteran first sacker "looks pretty good."

ST. PETERSBURG, Mar. 5 (AP)—After signing Stan Musial to a 1948 contract yesterday, President Bob Hannegan of the St. Louis Cardinals was ready for a talk with southpaw Harry Breechen, who is due here today from his Oklahoma home. It is understood that Brecheen is ready to sign.

If he does, all Card regulars will be in line, leaving only recruit righthander Ray Yochim holding out.

—TUCSON, Ariz., Mar. 5 (AP)—With a wealth of experienced talent at nearly every position, one of Cleveland Manager Lou Boudreau's chief problems is how to cut the 39-man Indian squad down to the 25-player limit by the May 15 deadline. Boudreau smiles when the question is put to him, saying, "I should always have had such troubles."

BRADENTON, Mar. 5 (AP)—Johnny Sain, winner of 41 games for the Boston Braves the past two seasons, says the next move in his holdout campaign is up to the club.

"I'm still here (Belleville, Ark.) until I head from them," said the tobacco-chewing righthander. "I haven't made any plans to go to camp and I won't until I've signed."

General Manager John Quinn said "We offered him what we thought was a large raise."

TAMPA, Mar. 5 (AP)—Center Fielder Johnny Wyrostek, late of the Philadelphia Phillies, says he will attempt to become a switch hitter.

The Cincinnati Red flyhawk normally bats left, but says he will try to bat right against southpaws in hopes of playing every game. He added that regulars Grady Hatton, Frank Baumholtz, Babe Young and Augie Galan bat left exclusively. "If I'm to be a regular, I'll need to hit against southpaws."

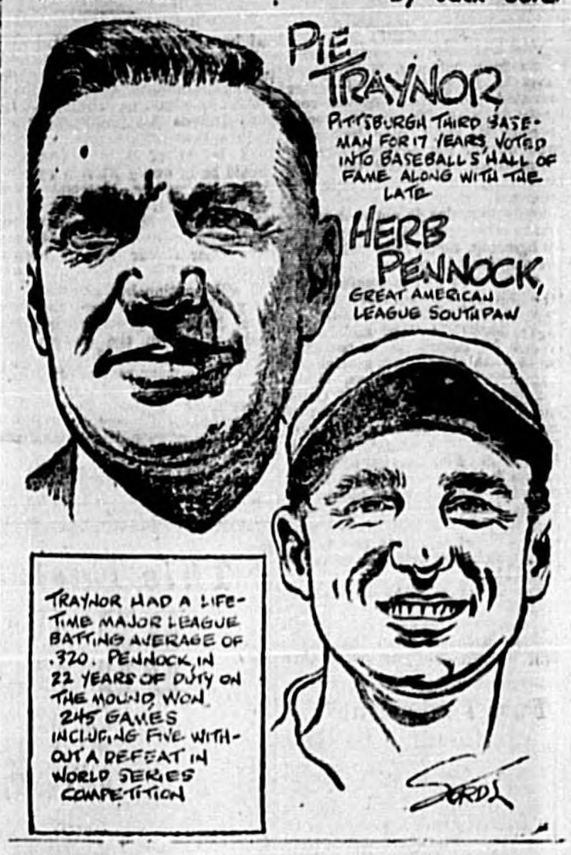
ORLANDO, Mar. 5 (AP)—"We've left every single position open," Manager Joe Kuehl of the Washington Senators said today.

If he had to field a team tomorrow, he added, his outfield would consist of Leon Culberson, obtained this winter from the Red Sox; Gil Coan, up for his third try this year, and Sherry Robertson, a converted third baseman.

LOS ANGELES, Mar. 5 (AP)—Clarence Maddern, one of the Chicago Cubs' recalls from Los Angeles, is ticketed for left field in the Cubs' first exhibition game against the Chicago White Sox tomorrow.

Gingerbread was made into the shapes of men and animals as well as letters of the alphabet for English children as early as the 15th century.

IMMORTALS . . . . By Jack Sordi



32 Players From 4 Nations To Tee Off In Miami Tiff

MIAMI Mar. 5 (AP)—Thirty two players from four nations will tee off here tomorrow in the start of the annual $10,000 invitational four-ball golf tournament.

Champions Ben Hogan, Hershey, Pa., and Jimmy Demaret, Ojai, Calif., will defend their title against leading golfers from the United States, Argentina, Australia and South Africa. Hogan and Demaret have won two years in a row.

The field includes Jim Ferrier, San Francisco, 1947 PGA Champion; U. S. Ryder Cuppers Hogan, Demaret, Lloyd Mangrum, Lew Worsham, E. J. (Dutch) Harrison, Herman Keiser, Sammy Snead and Clayton Heafner.

Others to represent the United States include Vic Ghezzi and Johnny Revolta, who have played in the tournament every year since 1934.

Foreign shotmakers include Bobby Locke, Johnannesburg, South Africa; Norman Von Nida, Sydney, Australia; Roberto De Vincenzo and Enrique Bertolino, both of Argentina.

The field will be cut to 16 after opening day, eight the third day and four for the finals, to be played on Tuesday.

Favored Golfers To Vie In SAWG Finals

ORMOND BEACH, Mar. 5 (AP)—Four pre-tourney favorites squared off today in semifinals of the South Atlantic Women's Golf Tournament.

Mary Agnes Wall of Menominee, Mich., qualifying round co-medalist, met Polly Riley of Fort Worth, Tex., in one match while Carol Diringer of Toffin, Ohio, was pitted against Peg Kirk of Findlay, Ohio, in the other.

In yesterday's quarterfinals, Miss Wall defeated Pat Devaney of Grosse Ile, Mich., 5 and 4, and Miss Riley, after a shaky start, trimmed Mrs. Maurice Glick of Baltimore, 4 and 3.

Miss Diringer, other co-medalist, eliminated Mrs. Edward Bush of Wilmington, Del., 3 and 2, and Miss Kirk defeated Margaret Guntaer of Memphis, Tenn., 2 and 1.

Starke High Is Added To East Florida Group

Starke High School has been admitted to the East Florida Conference of which the Sanford Celery Feds are a member, according to announcement made Wednesday by H. A. Schubiger, secretary-treasurer. However, the required number of Conference football games will not be in effect during 1948, due to schedules having already been completed.

Eustis, Leesburg, Palatka, St. Augustine, Sanford and New Smyrna Beach have expressed a desire to hold a Conference baseball tourney, and it will be staged in New Smyrna Beach Apr. 29, 30 and May 1.

A Conference regulation requiring the use of a white football has been rescinded.

Top Seeded Teams Enter Quarterfinals In SEC Tournament

LOUISVILLE, Ky., Mar. 5 (AP)—Three top-seeded teams and one dark horse faced quarterfinal opposition in the 15th annual Southeastern Conference Basketball Tournament in Jefferson County Armory here today.

Kentucky, Tulane and Tennessee, seeded 1-2-3, and Georgia Tech, victor yesterday in a mild surprise over fourth-seeded Alabama, were the survivors of first-round play.

The lineup today pitted Tech against Georgia at 1:30 P. M. (CST), Tulane against Vanderbilt at 3:15, Tennessee against Mississippi at 7:30 P. M., and Kentucky against Louisiana State at 9:15 P. M.

Survivors of the afternoon contests will be paired for the first game of Saturday morning's semi-finals and victors in the night contests will meet in the second game. The title clash will be played Saturday night.

MINORS' BEST HITTER

COLUMBUS, O., Mar. 5 (AP)—James T. Prince of Dallas, Tex., is king of minor league batsmen. The 200-pound ex-Marine, a 25-year-old first baseman standing six feet two, compiled a .429 average in 108 games for the Class D Midland, Tex., club of the Longhorn Loop last season to grab the championship, the National Association of Professional Baseball Leagues announced today.

LIKE A SINKING SHIP

If you permit your house to sink into ruin by neglecting repairs and improvements, then it will also sink lower in value and deeper into expense. Attend to small repairs as they arise and your house will keep pace with the times. Come to the Hill Lumber & Supply Yard, Inc. for help on any building, remodeling or home repair plan. We are at your service.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA IN AND FOR SEMINOLE COUNTY.
CHANCERY NO. 6826
VIRGINIA LUCILLE DOURLAIN,
Plaintiff,
vs.
LOUIS PROSPER DOURLAIN,
Defendant.
NOTICE TO APPEAR
TO: Louis Prosper Dourlain, 925 South Grove, Oak Park, Illinois.
Notice is hereby given that you must be and appear before the Court hereafter designated, on or before the 29th day of March, A. D. 1948, or a Decree Pro Confesso will be entered against you.
The nature of the suit is a suit for divorce.
The name of the Court in which this suit is instituted is the Circuit Court of the Ninth Judicial Circuit of the State of Florida, in and for Seminole County, in chancery No. 6826, and the title of the case is Virginia Lucille Dourlain, plaintiff, vs. Louis Prosper Dourlain, Defendant.
It is ORDERED that this Notice be published in the Sanford Herald, a newspaper published in Seminole County, Florida, once a week for four consecutive weeks.
WITNESS the hand of the Clerk and the seal of the Circuit Court of Seminole County, Florida, this 26th day of February, A. D. 1948.
O. P. HERNDON
Clerk of the Circuit Court
Seminole County, Florida
(SEAL)
Akerman, Wallace & Akerman,
Attorneys for Plaintiff,
Orlando, Florida.

IN THE COUNTY COURT OF THE COUNTY JUDGE SEMINOLE COUNTY, FLORIDA. IN PROBATE.
IN RE ESTATE OF ADDIE MC-DANIEL, Deceased.
TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE:
You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of Addie M. McDaniel, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida within eight calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing and shall state the place of residence and post office address of the claimant and shall be sworn to by the claimant, claimant's agent, or attorney, and any such claim or demand not so filed shall be void.
/s/ Rose M. Bowens
As executrix of the Last Will and Testament of Addie McDaniel, deceased.

Rural Common Sense
By SPUD JOHNSON

Taking into consideration the importance of obtaining full utilization of feed available, of increasing pork production as much as possible, and of holding their production costs to a minimum, Florida farmers who raise hogs will do well to give serious thought to some salient facts about parasites, feed and minerals that are being emphasized by Walter J. Sheely, Extension animal husbandman.

Quoting results of research by the Florida Agricultural Experiment Station and other research agencies and information extained from personal observations, Mr. Sheely points out that parasites cause a loss of 25 per cent of the pigs farrowed in Florida, cause infested pigs to require 25 per cent more feed than uninfested pigs, delay finishing by 30 days, and reduce the average value of market hogs 50 cents by damaging livers, kidneys and carcasses.

Two hundred pounds more feed are required to raise an infested hog to 200 pounds market weight than are required to raise a healthy pig to that weight.

Those facts about parasites should convince every farmer it will pay him to make every effort to control the pests responsible for such losses. No farmer wants to give his valuable feed to parasites, but that's what he does indirectly if he doesn't control them.

Then there's the very important matter of feed and minerals. Mr. Sheely's points on this subject are equally definite and emphatic. When corn alone is fed to a pig, 815 pounds are required to put 100 pounds of gain on that pig, but the same pig could gain 100 pounds from only 538 pounds of corn if he were given six pounds of recommended minerals to go along with the corn. Thus six pounds of minerals would mean a saving of 277 pounds of corn or enough corn to put more than 50 pounds gain on another pig.

Extracting the fangs does not make a poisonous snake harmless since a number of replacement fangs in various stages of development usually are present.

In New England, Ginger sauce is sometimes sprinkled on ice cream.

A copperhead has enough venom an hour after birth to kill a small mouse.

Jewish Agency

(Continued from Page One)

United Nations in effect today that it was determined in any event to go ahead with creation of a Jewish nation in Palestine.

This would be done even if the U. N. is unable to carry out its own partition project, the Agency said in a major policy statement to the U. N. Security Council.

Dr. Abba Hillel Silver, chairman of the American section of the Agency's executive, told the Council:

"We feel under obligation to make our position unmistakably clear. As far as the Jewish people is concerned, it has accepted the (partition) decision of the United Nations. We regard it as binding and we are resolved to move forward in the spirit of that decision.

"Under the plan there are dates to be met. We must assume that these dates will be met.

"We fully respect the authority of the United Nations but if it is unable to carry out its own decision and, as a consequence, the Jewish community of Palestine is confronted with the threat of annihilation, it will be compelled by the considerations of sheer survival, not to speak of the preservation of its rights, to take all the necessary measures which the situation will call for."

The Council met at 10:50 A. M. with prospects of reaching its first test vote during the day on the Palestine partition issue.

WAA Closing

(Continued from Page One)

gress, Mr. Truman said:

"The enactment of such legislation will abolish our largest remaining war agency and provide for an orderly liquidation of the present war surplus disposal program.

"It will establish an improved system for managing the government's property and mark a major advance toward the development of a central service agency for the federal government. These steps will make possible the efficient and economical conduct of the government."

Mr. Truman asked that the priorities and preference requirements of the Surplus Property Act applying to personal property should be struck out. Those applying to real property would continue until Dec. 31, 1949.

GAME SANCTUARY

BRADENTON, Mar. 5 (AP)—County Commissioners have asked the State Game and Fish Commission to close Manatee County to deer and wild turkey hunting for five years.

The commission said it planned to stock Myakka State Park with 20 deer and an unspecified number of turkeys to build up hunting prospects for the future.

Snakes must swallow their food whole, being unable to chew.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY
INCORPORATED

Lake Mary

(Continued from Page One)

Mr. Evans. It is also of concrete block construction, tile floors, extra large casement windows to give a fine lake view and a large garage built completely across the back portion.

Mr. Evans yesterday stated that it is his intention to build two more fine homes nearby on the lake shore. Further east, as he pointed out where Miss Elizabeth Baker of Cleveland, Ohio, is building two concrete block homes. Two former Akron, Ohio, residents, Tolbert Miller and M. Smith, are also building homes on the east shore of the lake. On the north shore of the lake Dr. William H. Kelly of Charleston, S. C., has purchased the Norris property.

Important new developments are pending and taking place on the shores of Crystal Lake, it was reported by Mr. Ball. Among these is the new Crystal Point Subdivision being developed by W. E. Kirchhoff, including 100-foot wide lots.

Lenwell A. Cline, who built a 21-home project at Luzerne, Mich., is developing a number of sites on Crystal Lake, has built one home, is starting others and intends to establish a souvenir factory in Lake Mary.

Another developer on the shores of Crystal Lake is C. P. Brazington, retired manufacturer of Cincinnati, Ohio, who has purchased a home from Mr. Ball near the lake and has a fine sandy beach nearby pumped in from the lake bottom. He is planning developments all around the lake shore, said Mr. Ball.

The large tract between the highway and Crystal Lake is the site of several new concrete block homes recently erected by H. M. Cochran. Mrs. Harry Wing of Eustis is now erecting a neat little home at the north end of the tract.

On the lake is also situated the Lake Mary park, sponsored and developed by the Lake Mary PTA during the last year. A fine pier has been built, a concrete bath house has been completed, and new improvements are planned. The County Commission aided in securing proper entrance and parking space in the park.

Near the Lake Mary school on the highway Ralph "Red" Williams is erecting a concrete block home. R. E. True, principal of the Sanford Junior High School, is developing a large tract of land at Crystal Lake.

Harry M. Huff of New Jersey has just purchased the S. L. White property and plans immediate improvements, Mr. Ball reported. Mr. Huff is interested in cattle raising, he said. Herbert Lampert, president of the Lake Mary Chamber of Commerce, recently built a new home near the center of town. Mr. and Mrs. O. P. Westmoreland are remodeling their home.

Mr. and Mrs. James J. Gehr of Pennsylvania have purchased the Daly property on Crystal Lake. The James L. Fields home opposite the Community Church has been purchased by Mr. and Mrs. Roy Howell, Jr. The church building has been recently painted and repaired. The John Peckham home has been purchased by Mr. and Mrs. Perry Bremer, who operate a photograph studio at Rollins College. Mr. Bremer is a former orchestra leader of Washington, D. C.

On the shores of Lake Emma, west of Crystal Lake, Burnette and Thompson are making developments. Mr. and Mrs. A. Armbruster have developed a homesite there. O. J. Lally, former owner of the Holiday Inn, has established a home in Lake Mary.

Earl Toney of Richmond, Ind., has built a garage apartment at the former Evansdale Park, and plans to erect a new home there. Mr. and Mrs. Albert Southern of Wellington, Ohio, have purchased a site for a new home.

During the past year, H. H. Greer moved his store to the corner location in the Evans Block. This has resulted in a large and well-lighted grocery store, including a meat department. Hardware is also sold.

The Community House has been the scene of much tourist entertainment during the past year under direction of the Chamber of Commerce, and is the social center of the community. It was built in 1926 by Frank Evans, who allows its use free for community and church meetings and entertainments. One of the principal attractions here has been Pioneer Night, an annual event for the past 22 years that has been presided over by Mr. Evans, and which has attracted hundreds of elderly visitors annually.

Lake Mary, which was originally known as Bent's Station, received its name from Mr. Evans' father, William H. Evans, who came to Lake Mary from Indiana in 1880. At that time A. E. Sjoblom had a large grove near Crystal Lake.

The lakes are noted for their fishing, although bass are much scarcer than in early days, and prior to when the lakes were seined for fish canning purposes, according to old residents. However, big ones are caught now and then. Joel Smith during the past week claims to have caught a 12 and a 10-pound bass in Crystal Lake, and previously snared a 14-pounder.

The Lake Mary Chamber of Commerce has recently appealed to the State Game and Fresh Water Commission to re-stock these lakes with fingerling bass, Mr. Ball reported.

Lake Mary has a fine water supply from two deep wells. It has two water towers, one holding 20,000 gallons from a 135-foot deep well which was dug in 1925 and another tank near the center of town of 25,000 with pure water from a 80-foot deep well. The water is piped to residents throughout the nearby area.

J. E. Reaves is postmaster at the Post Office, which also houses a small grocery operated by E. A. Douglas, H. M. Gleason operates a grocery store and meat market, H. C. Pugh operates a garage and William Pugh runs the Amoco Filling Station. F. M. Rice operates a furniture repair shop.

State Farmers Market

REPORT No. 82

The following prices reported by the dealers on the Sanford State Farmers' Market for produce sold to truckers and dealers up to 12:01 A. M. Mar. 5.

Livestock Market

THOMASVILLE, Ga. Mar. 5 (AP)—(USDA)—Livestock arrivals totaled 350 cattle, 190 calves, and 2,000 hogs at eight major packing plants at Albany, Columbus, Moultrie, Thomasville, and Tifton, Ga.; Dothan, Ala.; and Jacksonville and Tallahassee, Fla.

Hog prices were mostly steady. Composite quotations at eight plants for soft and semi-hard hogs were as follows: medium to choice grade Barrows and Gilts, 180-240 lbs. $19-$19.75; 240-270 lbs. $18.50-$19.25; over 270 lbs. $17.50-$18.75; with instances down to $18.50; 160-180 lbs. $18.25-$18.75; 140-150 lbs. $16.50-$17.50; and 120-140 lbs. $11.50-$14. Medium and good sows, $15-$16.75. The practical price limit was $19.75 for good and choice 180-240 lb well shrunk soft and semi-hard Barrows and Gilts.

Cattle prices were fully steady in the sales, good grade fed slaughter steers, and heifers weighing 500-900 lbs and more brought $22.25-$25; medium grades, $19.50-$23; common, $16-$21.50, with the bulk around $17.50-$20; and canner and cutter grades, including bulls, $12-$17.75.

Medium beef cows brought from $18-$20.75, with a few medium and good cows at $21 and $22.75; common slaughter cows, $15.50-$18, with a few at $18.50 and $19; cutter cows, $15-$17; and canners, $13-$16, with shelly canners at from $8-$12. Common and medium sausage bulls brought from $15.50-$21, and good heavy bulls got up to $22.

Good and choice slaughter calves were scarce, but quoted at from $22 to $26; medium grades, $19-$22; common, $15-$20; and culls, $10-$17.50.

Medium grade stock steers, heifers, and calves brought $17-$20; common, $14.50-$19; and inferior lightweights, $11-$16. Common and medium stock cows ranged from $13-$17.50, and inferior cows $10.25-$12.75.

Stock Market

NEW YORK, Mar. 5 (AP)—Another crawling stock market today failed to get anywhere in particular.

From the start dealings were among the slowest of the past year. While scattered leaders managed to edge forward fractionally, losers were numerous near the fourth hour.

Kennecott and Bendix Home Appliances responded moderately to pleasing earnings, but many others were uninspired by climbing net.

Occasional improvement was shown for U. S. Steel, J. I. Case, Douglas Aircraft, Santa Fe, North American, Du Pont, U. S. Gypsum, Texas Co. and Gulf Oil. Laggards most of the time were Bethlehem Steel, Youngstown Sheet, Republic Steel, Chrysler, Goodrich, Goodyear, Montgomery Ward, Deere, Anaconda, International Paper, Standard Oil (NJ), United Air Lines, Southern Railway and Great Northern Railway.

Some bidding was credited to the thought that the list was in a healthy technical position and could easily rally if the news warrants. The majority of professionals and commission house customers, however, were dubious. These either stood aside or trimmed accounts. Speculative and investment restraints still were seen in taxes, business doubts, the wage outlook and disturbing foreign affairs.

Bonds and commodities were relatively steady.

Supported in the curb were Aluminum, Ptd., Clinchfield Coal and Winnipeg Electric. Hesitant were Kaiser-Frazer, Beck Shoe and Cities Service.

EGG AND POULTRY

JACKSONVILLE Mar. 5 (AP)—Egg and poultry prices here were unchanged today.

NEW YORK Mar. 5 (AP)—Weakness marked dealings today in the wholesale egg market.

Eggs 28,293, weak.

New York spot quotations follow:

Midwestern:

Mixed colors.

Fancy heavyweights 49½; extra 1 large 48½; extra 2 large 47½; extra 1 medium 47; extra 1 pullets unquoted; current receipts 26; dirties 45; checks 43.

Whites:

Fancy heavyweights 50; extra 1 large 48½-49; extra 2 large 46; extra 1 medium 48.

Browns:

Fancy heavyweights 49½; extra 1 large 48½; extra 2 large 47½; extra 1 medium 47.

Finn-Red Pact

Brussels as Bulgarian minister to Belgium. He said he could "no longer represent a regime which has established itself against the will of the people and by violence."

Ankara, formely known as Angora, is the capital of modern Turkey.

U. S. expenditure for building residence varied from a high of $5.4 billion in 1925 to a low of $570 million in 1933.

Porpoise milk is slightly sweeter than cow's milk.

Miller Accepts

(Continued from Page One)

the state's comprehensive program of higher education is to be played by the University of Florida," he said.

The new president cited the institution's program of agricultural engineering, industrial and natural resources research, its professional schools and graduate training facilities.

"I shall, with the cooperation of my colleagues, do everything within my power to establish at the University of Florida an adequate program of music, a program of art, folklore and crafts, and a rich program of lectureships and artistic offerings."

Honorary doctor of law degrees were awarded to Oliver C. Carmichael, president of the Carnegie Foundation for the advancement of teaching; President Colgate Darden of the University of Virginia, President George D. Stoddard of the University of Illinois, and Owen D. Young, New York industrialist and educational leader.

An honorary doctor of science degree was awarded to Ralph H. Allee, director of the Inter-American Institute of Agricultural Sciences, Costa Rica.

Dr. Darden, former governor of Virginia, said that America's higher education institutions "must become advocates of a way of life, they must become the exponents of a faith. They cannot survive as apologists for a social system lacking purpose and direction.

"While building the most powerful industrial machine of all time, we have allowed the spiritual framework, which is required for the proper functioning of our system of government, to deteriorate to the point where there is grave question in the minds of many as to whether our society can remain alive."

Dr. Stoddard outlined aims and work of the United Nations Educational, Scientific and Cultural Organization, of which he is a member.

He said one of its projects is a "vast attack upon illiteracy, conceived not simply as an absence of reading and writing, but as a failure to undertake the common learning that characterizes the first six grades of school.

"Literacy may not bring peace," he declared, "but ignorance will always underwrite incompetence and impoverishment."

Tug Capsizes

(Continued from Page One)

of the Natchez, Capt. John Browninski of St. Louis was missing.

"Most of the fellows didn't know what had happened," he related.

"The pilot wasn't on duty—I understand the captain was at the wheel. The pilot was asleep they didn't know the boat had hit the bridge. They thought it had bumped against one of its barges."

The Natchez was owned by the federal barge lines, but was on charter to the Standard Oil Company of Ohio, which owns the Sohio-Latonia.

The two boats were taking tows of crude oil from Mayersville, Miss., to St. Louis.

Because the current was very swift, aggravated by high water, they were "double-tripping" the bridge between Greenville and Lake Village, Ark.—taking part of their barges through at a time, then going back for the others.

"We were about three quarters of a mile under the Natchez," Howell related. "Were about a hundred yards from shore, waiting for him to make the bridge. He had three of his barges, and we had four.

"When he went through, the current caught him and shoved him croswise. He went down on the pier. It rolled him under. The current just rolled him under."

MANTEO, N. C., Mar. 5, (AP)—The fishing trawler Marylon sank a mile off shore today and five men in a critical condition have been rescued.

The Coast Guard, which reported the incident, said the number of men aboard the trawler was not determined immediately.

The temperature was near freezing and a 30-mile wind was blowing from the north when the four landed. The Coast Guard report did not indicate whether the four landed from a life raft or whether they swam.

A Coast Guard helicopter was dispatched immediately from the Elizabeth City Coast Guard station to pick up the four from the beach.

U. S. Spy Ring

(Continued from Page One)

Congress members. He said that to do so would be "prejudicial" to the public interest.

In this situation:

1. Committee members talked of asking Congress to pass a law forcing Harriman to surrender the papers.

2. Harriman's stand was lambasted in speeches on the House floor by Reps. MacKinnon (R-Minn), Hoffman (R-Mich), and Rich (R-Pa.)

Rich said: "The only way we will ever get anything of benefit out of those bureaus downtown is to clean house—next November."

3. An Un-American Activities Subcommittee recommended that the full committee hold formal, public hearings on the case of Condon, director of the National Bureau of Standards.

4. Condon himself told reporters that "oh, certainly" he favors hearings. As a matter of fact, he said, he asked for them last July.

Civil Rights Row

(Continued from Page One)

courses or employment as are provided for by such a grant."

Keefe said there was no intention on his or the committee's part to require whites and negroes to attend the same schools; rather only an insistence that negroes be given equal chances.

Meanwhile Democratic peace feelers were reported to have bumped into an unbudging Dixie stand that only President Truman's exit can halt the civil rights revolt.

Democratic Chairman J. Howard McGrath, who also a Rhode Island senator, has been sounding out some of his southern colleagues on the chances for a compromise.

The party split over Mr. Truman's race equality proposals also is said to have been talked over informally with some senators by Secretary of Labor Schwellenbach, a former senator himself.

Some of those approached said both were told that only Mr. Truman's withdrawal as a potential candidate could bring peace.

Medical Book Says Health Meet Has Political Stigma

CHICAGO, Mar. 5 (AP)—The Journal of the American Medical Association said today the national health assembly called by the government for May 1-4 "bears all the stigmas—political and propagandistic—that accompanied the national health assembly of 1938."

Oscar R. Ewing, Federal Security Administrator, called the assembly to meet in Washington. The Journal said 19 of the 24 persons named on the executive committee of the assembly "have previously been associated with propaganda in behalf of compulsory sickness insurance." Only one of the 24 is a physician, the Journal added.

"Is the new national health assembly to be simply another sounding board for a leftist medical program? the editorial asked. "These are questions that should be answered for the medical profession now.

"The medical profession, having participated in the conference in 1938, which was in no sense of the word a conference, cannot be condemned if it views with reluctance a call for a similar assembly, particularly in an election year and particularly just before the major political parties will be drafting the platforms on which they propose to seek public support."

The editorial said the 1938 conference was "overwhelmed with agencies promoting nationalized medicine in the form of compulsory sickness insurance as the only answer to the medical problem."

Although a rattlesnake develops two to four new rattles a year it is a rare snake which has more than 10 rattles because they are worn away and lost by vibration.

THE WEATHER

Partly cloudy and slightly cooler this afternoon and tonight. Partly cloudy and little temperature change Tuesday. Moderate winds north to northeast, veering to east to southeast Tuesday.

Quick Action On ERP Asked By Marshall

Military Help For Chinese Nationalists Is Advocated By UNRA Director

WASHINGTON, Mar. 8 (AP)—The State Department announced today it will ask Congress soon to let the Export Import Bank lend $500,000,000 to Latin American countries.

The announcement was in a statement sent to the House Foreign Affairs Committee.

It said the department also plans to request $20,000,000 "to prevent disease and unrest" in the American-British zone in Trieste during the 15-month period between Apr. 1, 1948, and June 30, 1949.

WASHINGTON Mar. 8 (AP)—Secretary of State Marshall personally urged Speaker Martin today to expedite House action on European aid.

Accompanied by Undersecretary Lovett and Lewis Douglas, U. S. ambassador to Great Britain, the Secretar[illegible]ited Martin in the Speaker's [illegible]. Later, Martin said he told [illegible]rshall he believes the House will be able to act by April 10 or soon after.

While the subject of including military and other aid to China was discussed, Martin said, the main purpose of the meeting was to consider a timetable for the European Recovery Plan.

Meanwhile, in the House Mili- for China was urged by [illegible]tor general of the United Nations Relief and Rehabilitation Administration in the House when Lowell W. Rooks, the UNRRA chief, told the Foreign Affairs Committee that economic aid is "useless" unles the Chinese central government can win its war with the Communists.

He said the United States should send American military

Penn. State's New Party Seeks To Put Wallace On Ballot

YORK, Pa., Mar. 8 (AP)—Pennsylvania's political fledgling, the Progressive Party, set out today to place Henry Wallace's name on the state's presidential ballot.

The new party was organized with Wallace present yesterday. Geolgia, Maryland and Vermont previously organized independent parties to back the former vice president.

To assure permanency for the movement, Wallace described as "fantastic" a report that he would return to the Democratic fold should President Truman step aside.

Truman is not the issue, he told 2,500 delegates.

"The doctrine which carries his name is an issue and it was in the plans of men who are running the guvernment long before they told Harry Truman about it," Wallace added.

"The Truman Doctrine calls for military advice and economic assistance to nations fighting Com-

B-29 Feared Lost In Flight With 20 Men

SAN FRANCISCO, Mar. 8, (AP)—An Air Force Superfortress bomber with 20 men aboard on a flight from Spokane to Honolulu, has not been heard from since 1:34 A. M., rescue operations said at 10:30 A. M.

A second plane, also with 20 aboard, was reported turning back to San Francisco.

The Civilian Aeronautics Administration control station said a message on the turn-back was received from others in the flight of 10 superfortresses making the flight.

The 10:30 A. M. announcement was made within an hour of the time the missing ship would have reached Honolulu under normal flight conditions.

Hickam Field, Honolulu, had no report from the plane. Neither had the Civilian Aeronautics Administration control station, the air-sea rescue unit at Hamilton Field, or the Coast Guard.

CITY MEETING

The City Commission will meet tonight at 7:30 o'clock in regular session.

LAKE MARY TOURISTS

The Lake Mary Tourist Club will meet tomorrow night at 8:00 o'clock in the Community Building, Reginald Sheldon, president, announced today. Light refreshments will be served.

Mrs. Lamarre Says Meyers Told Her To Fake Story About Profits

WASHINGTON, Mar. 8 (AP)—Mrs. Bleriot H. Lamarre testified today Maj. General Bennett E. Meyers told her husband on at least five separate occasions to give Senate investigators a fake story about the General's business affairs.

Meyers, wartime deputy purchasing chief of the Air Forces, is on trial on charges of subornation of perjury. He is accused of inducing Bleriot Lamarre, a former business associate, to deny falsely to the Senate War Investigating Committee last fall that the General received $150,000 from a Dayton, O., plane parts company.

Lamarre has pleaded guilty to separate perjury charges in connection with his Senate committee testimony. He said he lied at Meyers' suggestion, claiming that he received the $150,000 instead of Meyers. Lamarre later changed his story and "told the truth about Meyers" to the Senate group, he said.

The attractive Mrs. Lamarre told the federal court jury today that Meyers met her and her husband frequently before Lamarre made his first appearance before the Senate committee.

"Meyers told us that as long as we stuck together on the fake story, nothing would happen," the slim brunette said, adding:

"He told my husband to say he (Lamarre) got the money and wasted it gambling. Meyers told us he had enough friends and influence in Washington to have the investigation stopped. He said it was political, and there would be no trouble."

Lamarre was the self-styled "dummy" president of Aviation Electric. The firm handled more than $1,000,000 in subcontracts for plane parts during the war. Lamarre said he actually received only $50 a week of a $20,000 annual salary, turning the balance over to Meyers as "real owner" of the firm.

Mrs. Lamarre said that Meyers told her that one drink too many

21 Men Are Saved In Daring Rescue From Doomed Ship

All Are In Good Condition After Night Of Steady Pumping

MOREHEAD CITY, N. C. Mar. 8 (AP)—Twenty-one men were rescued today from the stricken motorship Norfolk.

While towering waves still pounded the grounded tanker, Coast Guardsmen used a breeches buoy to take the men to safety one by one. One crewman was rescued yesterday.

The 21 men, all reported in good condition, spent a dreary night aboard their battered, leaking vessel. The Norfolk, a 252-foot, 2,453-ton ship, piled into the treacherous sand reef off Beaufort inlet yesterday while in distress and trying to make harbor.

For a time it appeared she would be broken up by the surging sea. Today Coast Guardsmen said salvage might be possible when the sea calms.

Coast Guard boats stood by the vessel all night in heavy fog. Bright sunshine this morning soon burned off the fog, but the waves still kept boats from going alongside and the breeches buoy was brought into play. Planes roar-

Florida Citrus Men Ask Price Hike Bill

WASHINGTON, Mar. 8, (AP)—Spokesmen for Florida citrus producers urged a Senate subcommittee today to approve legislation designed to raise prices paid growers for their fruit.

Growers, they contended, "are going broke" on portions of their crops sold to canners.

Specifically, the legislation would permit extension of the marketing agreements act to canners. It already covers fresh fruit.

Those appearing in support of the legislation today included:

Marvin H. Walker, general manager of the Florida Citrus Commission, Lakeland; J. Walter Reitz, economic counsel for the United Growers & Shippers Association, Orlando, and Counts Johnson, secretary of the Florida Citrus Producers Trade Association.

Senators Pepper and Holland, Florida Democrats, are among sponsors of the legislation and attended today's agriculture subcommittee hearing.

George Stine Is Named President Of Rotary Club

Other Officers And Directors Elected For Coming Year

George Stine, president of the Stine Machine Co., was today elected president of the Sanford Rotary Club at a meeting of the directors held immediately after the regular luncheon at the Tourist Center. Mr. Stine came to Sanford from Charleston, W. Va. in Sept. 1940 and has been an active Rotarian since shortly afterward. He is a brother of Paul Stine of Orlando, governor of Rotary district 167-B.

Other officers were re-elected as follows Dr. R. W. Ruprecht, secretary, and Walter Haynes, treasurer B. L. Perkins, Jr. was elected sergeant-at-arms. New directors elected during the regular meeting were Dr. C. W. Baker, Randall Chase and Robert Harris.

Prior to the election Robert Thompson, manager of Radio Station WTRR, was welcomed into the club by Jack Ratigan and President Gordon Brisson.

The program consisted of still pictures in color of the Cape Cod area of Massachusetts thrown on a screen by Ralph R. Patch of Stoneham, Mass. and Winter Park. He was introduced by Charles Morrison.

The pictures included a number of colorful views of Plymouth Rock, the statue of Miles

Rev. McKinley Is Honored By College

The Rev. J. E. McKinley, pastor of the First Methodist Church, was among the group of Floridians who were cited Thursday evening at Florida Southern College in Lakeland for outstanding community service. The citations were part of the college's special programs as part of its Founders Week celebration, and were awarded in the form of certificates by Ludd M. Spivey, president.

The citation to the Rev. McKinley stated that it is "in recognition of your wise counsel, able leadership and diligent work in civic enterprise, and your loyal support of this college and educational and religious movements of which it is a part."

Military Experts Wonder How Fast 250,000 Troops May Be Deployed

WASHINGTON, Mar. 8 (AP)—How fast could the 250,000 American troops stationed in the world's danger spots be reinforced or removed?

Military transportation experts believe there are enough ships to do the job—but only for the grim reason that the reserve force is small.

Available figures show there are only about two and one-third combat divisions in the continental United States—or about 30,000 men.

The Army Transportation Corps, in answer to questions, made available today a tally of the Army's present fleet.

It shows there are about 160 Army-owned or Army-manned ships currently in operation. Of these, less than 60 are troopships, but the majority of the remaining cargo vessels could be used to carry soldiers in an emergency.

The ships are assigned about equally to the Atlantic and Pacific. This reflects the approximate deployment of troop strength between occupation zones in Europe and the Far East.

The 160 Army ships are not all that could be counted upon, however, if a swiftly developing situation created a sudden demand. A transportation corps official noted that the Navy also has some passenger-carrying ships, and regular commercial lines could be diverted to troop use in a hurry.

Furthermore, the Maritime Commission's reserve fleet contained slightly more than 1,400

Finns Decide To Negotiate On Red Pact

Five Western Democracies Continue Efforts To Check Communism Flow

By ASSOCIATED PRESS

Finland decided today to negotiate with Russia on Prime Minister Stalin's request for a treaty of friendship and mutual assistance, a cabinet member said.

Across Europe, five democracies were welding together a bulwark against the further spread of Communism. Great Britain, France, Belgium, Holland and Luxembourg were reported agreed in Brussels on basic political, legal and military principles for a 50-year treaty.

Finland's fateful decision came after the cabinet met for an hour and a half today. The cabinet member did not say whether Finland would tell Russia she is ready to talk about a military pact. The majority in parliament has advised against a military link.

Finland has been pretty well at Russia's mercy since losing two wars to the Soviet union since 1939. Peace terms required her to pay $300,000,000 reparations, lease the Hango peninsula in southwest Finland as a naval base, and cede to Russia the Karelian Isthmus, the Petsamo area and lands along the eastern boundary.

General Charles de Gaulle asked U. S. help, including aid in the defense field, for an organ-

Senate Committee Orders Open Meet On UMT Testimony

WASHINGTON, Mar. 8, (AP)—The Senate Armed Service Committee today ordered public hearings on Undersecretary of Defense Forrestal, testifying for Universal Military Training.

Chairman Gurney (R-SD) made public estimates showing that the cost of the training program would run $1,541,000,000 for the year beginning July 1, if it is approved by Congress.

This is $555,000,000 more than the amount previously estimated by President Truman.

The President had put $400,000,000 in his budget for UMT, plus $556,000,000 for the reserves.

Under the new estimates, UMT would cost $880,400,000 and the reserves $661,500,000.

By 1952, when the full program would be in action, Gurney said its estimated cost would be $4,281,000,000. But it would decrease in annual cost thereafter, since the permanent plant for training would have been installed.

The program would be designed to train 1,000,000 men annually in a six-months military course. These men could elect to take the course anytime between the ages of 18 and 21, inclusive.

Labor Starts Drive To Register Voters

A campaign to get all people to register in order to exercise the privilege of voting was urged by A. Van Pittman, Jacksonville, state representative of the United Brotherhood of Carpenters and Joiners in a talk to the Seminole County United Labor group, which held its second meeting at the Court House yesterday afternoon. N. R. Johnson presided.

"Get the people interested in registering, see that they register, and then get out and vote," asserted Mr. Pittman.

Citing the benefits conferred upon the nation by organized labor, he pointed out that labor was the first group to suggest free schools, and declared that it was through the efforts of labor that the Industrial Commission was set up, "which is not only a benefit to organized labor but to the public as a whole."

It was announced that the labor group will again meet some time after Mar. 20, and a time and place will be set for candidates to address the group.

YOUTH GOVERNMENT

Youth Government "County Commissioners" recently elected in the educational voting campaign recently initiated by the Jaycees will visit the County Commission when it convenes in regular monthly session tomorrow morning at 10:00 o'clock at the Court House, it was announced by O. P. Herndon, county clerk, this morning. Others elected to posts of Sheriff, County Judge, etc., will visit these offices to learn their duties first hand.

2 U.S. Women Shot To Death In Indochina

French Agency Says Bodies Bore Holes In Head; Jeep They Rode In Was Burned

VIENNA, Austria, Mar. 8, (AP)—U. S. Army authorities said an American soldier was shot in the back last night after refusing to obey a Russian order to get off the sidewalk and into the gutter in front of a Russian headquarters hotel in the international district of Vienna. The provost marshal's office said the soldier probably will lose his left arm. His name was withheld pending notification of next of kin.

PARIS 8 (AP)—A French communique from Saigon announced today the slaying of two American women employed at the U. S. consulate general in Indochina.

The bodies of the women, Jeanne Roskewes and Lydia Ruth James were riding in a jeep. They had been shot to death.

"The two bodies bore bullet wounds, particularly in the head," said the communique, reported by the French press agency.

"Before withdrawing, the attackers had set fire to the car.

"There has been no explanation of the reasons which led these two girls to such a distant spot, unfrequented by Europeans."

The location was given as near

AMG Reports Rise In Production Of Ruhr Coal Mines

BERLIN Mar. 8 (AP)—American Military Government reported today there has been an encouraging uptrend in coal production in the Ruhr, a vital factor in Western Europe's economic recovery.

Hard coal production averaged 270,000 tons a day for a three-weeks period last month and is still rising, AMG's semi-monthly summary on occupation affairs reported. The daily average for January was 262,700 tons.

(The figures are given in metric tons. A metric ton is 2,204.62 pounds.)

The gain was recorded despite the fact there has been little improvement in the general food situation in the Ruhr, where the winter months were marked by hunger strikes in many factories.

With production going up, the report said, special efforts are being made to increase coal exports to Germany's western neighbors to make up quotas which are in arears.

An improved transport situation, aided by an unusually mild winter in Germany, has speeded the movement of coal from the mines to industries, the report continued. The stockpile of merchantable coal at the pitheads thus hit a new five-month low of 1,500,200 tons.

Supt. Lawton Returns To Home Tomorrow

Supt. T. W. Lawton, who was painfully but not seriously injured Thursday evening when his automobile collided with a logging truck on the highway between Lakeland and Winter Haven, was reported today to be much improved, and it is expected that he will be brought home tomorrow to Oviedo from the hospital at Winter Haven.

His daughter, Mrs. Blaine Mikesell of Winona Lake, Ind., who was riding with him at the time of the accident, is reported to be still in critical condition, according to information received today at Mr. Lawton's office.

Fifty-One Filipinos Killed On Week-end

MANILA, Mar. 8, (AP)—Fifty-one Filipinos were killed in week-end violence after Roxas outlawed the Hukabalahap (Peasant) army and the National Peasant Union.

Constabulary headquarters reported today 42 Huks were killed in a constabulary raid on a training camp maintained by the insurgents 30 miles north of Manila. Headquarters reported these other nine killings:

Two former members of the Peasant Union, killed by 120 armed men after the two had been questioned by constabulary. Two constabulary soldiers, two Huks and three civilians, slain in a Huk attack on a government detachment. The Huks were outlawed as a "subversive organization."

Caldwell's 2 Year-Old Libel Suit Against Collier's Goes To Trial

TALLAHASSEE, Mar. 8 (AP)—Governor Millard Caldwell's two-year-old $500,000 libel suit against Collier's Magazine is set for trial in U. S. District Court here today.

Much of the opening session will be taken up with selection of a 12-man jury from a venire of 65 called for prospective service by Judge Dozier Devane. The trial may last several days.

The suit grew out of the killing of a negro who was taken from an unguarded Madison jail and shot while he was awaiting trial on an indictment charging him with attempts to rape a five-year-old white girl.

In an editorial about the Governor's refusal to remove the Madison sheriff, Collier's commented that Caldwell "said he did not consider this a lynching. He went on to opine that the mob had saved courts, etc., considerable trouble."

Caldwell complained he had been falsely and maliciously quoted, and that his reputation as governor, a lawyer and an individual had been damaged. He sued, and said he would turn over anything he wins to Florida A. and M. College for Negroes here.

Attorneys for the magazine contend the editorial comment was a fair interpretation of part of the Governor's statement, which said:

"The ordeal of bringing a young and innocent victim of rape into open court and subjecting her to detailed cross examination could easily be as great an injury as the original crime. This fact probably accounts for a number of killings or lynchings which might otherwise be avoided."

Caldwell wrote that paragraph in a letter to an Encyclopedia Britannica writer who had requested an explanation of his earlier statement that he would not remove the Madison sheriff because he felt "stupidity and ineptitude are not sufficient grounds for removal of an elected official by the Governor."

Caldwell has maintained that the death of the negro, Jesse James Payne, was not a lynching because there was no evidence of a mob action. A special grand jury, called at the Governor's request to investigate the killing, said it could fix no responsibility and specifically exonerated the sheriff.

Strawberries And Beans Hit Peak In Season Last Week

JACKSONVILLE, Mar. 8 (Special)—Movement of strawberries from Plant City and beans from Pompano hit new peaks for the season, during the last week, and in one day the Plant City State Farmers' Market reached an all-time high, reports available today in Jacksonville offices of Florida State Markets revealed. The week's strawberry total at Plant City was reported as 713,736 pints—roughly estimated as adequate to supply one good, liberal serving to every resident of the State and every visitor within its borders—and producers received a cash total of $134,786.21 for their offerings.

Berries sold on the Plant City Market this week for daily price averages ranging from 13½ cents to 27½ cents per pint. In one single day the market handled 170,748 pints. This was the largest one-day volume of berries the Plant City State Farmers' Market has ever handled, according to Manager R. E. Johnson. Due to cold and bad weather earlier in the season the market is still be-

Former Irish Premier Arrives In America

NEW YORK, Mar. 8 (AP)—American-born Eamon de Valera arrived by plane today for his first visit to this country in 18 years—in plenty of time to take part in St. Patrick's Day celebrations.

A private citizen again after 16 years as prime minister of Eire, De Valera plans a tour of several large American cities until about Apr. 6.

De Valera, who flew in from Shannon Airport, where 3,000 well-wishers saw him off, was met before dawn by an official party at LaGuardia Field.

He said he believes his nation "will cooperate with other countries as far as feasible with its present national situation."

Answering a newsman's question, he said "everybody knows" the Irish people's opposition to Communism.

Completion Of Woodruff Cutoff Is Celebrated

Operation Saves Three Miles On Run From Bridge To City Pier

Completion of the Woodruff Creek cutoff at the east end of Lake Monroe was celebrated yesterday afternoon by the Coast Guard Auxiliary and local boatmen with a parade of 14 craft from the vicinity of the Sanford Boat house at the Osteen Bridge to the Municipal Pier.

Sub Chaser 679, with all flags flying, led the procession through the new cut which means a saving of at least three miles in sailing down the St. Johns River into Lake Monroe.

Due to the cloudy and rainy weather, there was but a small crowd of spectators gathered at the pier to see the procession.

Aboard SC-676 were a number of Naval reserve officers, crewmen, City and County officials and 14 sea scouts from Palatka headed by L. W. Anderson. Mr. Anderson stated that Palatka is keenly interested in river developments here and wished to express that interest by sending the sea scouts.

Naval officials aboard SC-679 included Lieut. Comdr. William Conway, "skipper" of the Naval Reserve Unit, Lieut. Comdr. Don Hawley, Lieut. Frank West, Lieut. Marshall Brady, Lieut. Hitchcock, Lieut. Conchenour and Ens. Victor Hutchins and Ens. Canals. Comdr. Joe Meisch and William Foll represented the local coast guard unit.

Manager Edward Higgins, H.

Lodge Nominated Elks Exalted Ruler

Jesse C. Lodge was nominated Thursday evening as exalted ruler of the Sanford Lodge of Elks, subject to election on Mar. 18. The nominations followed a supper served to more than 100 Elks by the ladies of the Anna Miller Circle. The sum of $25 was donated to the Red Cross. J. E. Rowland, Exalted Ruler, announced today.

Other nominations were: J. D. McNeill as esteemed leading knight; Robert H. Sharrock as esteemed loyal knight; Phillip Goodspeed as esteemed lecturing knight; Jack Kanner as tiler; L. T. Doss, secretary; J. H. Trulock, treasurer; Clarence L. Redding, trustee for three years, and Robert LeFiles, inner guard.

Five members were "impressively initiated." They were: Carl Williams, Richard Packard, A. B. Tedford, R. W. Cassube and M. O'Neill.

6 Persons Rescued From Damaged Craft

NORFOLK, Va., Mar. 8, (AP)—Six persons were rescued last night from the damaged schooner Black Duck 100 miles east southeast of Cape Henry, the Coast Guard reported today. The schooner, in tow of the SS Papazoglu, sank eleven hours later.

Persons aboard the 65 foot schooner were picked up by the SS Gulf of Mexico enroute to New York, the Coast Guard said. All were reported in good condition.

The six were listed as Ben Higgins, Newport News, Va.; Jack Barber and Tommy Meekins, Hilton Village, Va.; Charles Gallagher, 23, of Philadelphia; Dave Scott, 20, of West Chester, Pa., and Joe Birdsall, of Haverford, Pa.

Britain Asked To Join Talks On Partition

U. S., Russia, France And China Meet For First Time In Soviet Headquarters

NEW YORK Mar. 8 (AP)—The United States, Russia, France and China decided today to invite a British representative into the big power talks on the Palestine crisis.

The four powers, meeting for the first time in the Soviet consulate quarters, also agreed that Trygve Lie, secretary-general of the United Nations, should be invited to attend tomorrow's session.

A British delegation spokesman said Sir Alexander Cadogan was ready to appear before the other four powers to give information, but that Britain would not take part in discussions on implementation of the U. N. assembly's decision of last Nov. 29 to partition Palestine.

Neither Britain nor the United Nations administration was represented as the consultations got under way in the forenoon at the Russian's Park Avenue offices. The first meeting was informal and largely exploratory.

Dean Rusk, head of the U. N. division of the State Department, told newsmen after the secret session that the discussions ranged over the entire Palestine problem, but that no decision were taken on that question.

JERUSALEM Mar. 8—A ship-

Terwilleger, Pioneer Celery Grower, Dies At 75

James Edward Terwilleger, 75, pioneer celery grower of Sanford, died Saturday evening at a local hospital after having been taken suddenly ill during the early afternoon at his home at 709 Oak Avenue.

He was born in Ramsey, N. J., Apr. 25, 1872 and came to Sanford in 1883 and spent part of his childhood here, later returning to New York state. He was called back to Sanford in 1895 due to the illness of his father, Isaac Terwilleger.

With his father he later began the experimental growing of celery with plants from New Jersey and was one of the first three growers to ship a car of celery out of Sanford. He farmed until 1911 when he opened a concrete plant where he began experimenting with making pockets for the irrigation of celery land. Later, he developed the pocket that has been used for many years and is still being used for successful irrigation of celery.

Mr. Terwilleger was a member of the First Methodist Church, of the Elks Lodge, and had he lived until September would have been a member of the Masonic

Southern California Is Left Out In Cold

CHICAGO, Mar. 8, (AP)—Southern California had the unusual distinction today of being left out in the cold, too.

At 2:30 A. M. the temperature at Los Angeles had skidded to a chilly 44 degrees and was still going down, the Chicago Weather Bureau said.

The nation's only other subnormal readings were in the central and northcentral plains states where temperatures ranged from 15 above zero in Kansas and Nebraska to 11 below at Minot, N. D. Grand Forks, N. D., reported -7.

Snow was falling over northern sections of New England, the northern Great Lakes region and in Montana, but the weather was fair elsewhere from the Rocky Mountains eastward.

HELD FOR MURDER

ST. AUGUSTINE, Mar. 8, (AP)—Rufus Glover, about 50, today was held in St. Johns county jail on first degree murder charges in the fatal shooting of James B. Pleaden, 39, of Pahokee, near here last night, Chief of Police William Lindsey announced.

Glover was arrested at his home here after his wife, Mrs. Mable Lee Glover, 44, named him as the slayer.

C. OF C. TO MEET

The Board of Directors of the Seminole County Chamber of Commerce will meet in regular monthly session Tuesday evening at 7:30 o'clock at the Tourist Center, it was announced today by Manager Edward Higgins.
