Latte Condensato Zuccherato

Questo latte condensato è preparato col miglior latte di montagna, garantito puro e non scremato, senza altra aggiunta che zucchero puro.

Si distingue pel suo gusto squisito, la sua grande ricchezza in crema e il suo valore nutritivo e sostituisce ottimamente il latte fresco.

Massaie ricordate: il Latte Condensato Zuccherato BERNÀ è utilissimo per la preparazione di gelati e pasticcerie.

MODO DI USARLO

Sciogliere il latte condensato in acqua fredda o calda di un volume 4 o 5 volte superiore a quella del latte.

1) Nelle 24 ore deve essere data al bambino una quantità di latte eguale al settimo del suo peso.

2) Questa quantità sarà suddivisa in 7 pasti, dai 4 ai 7 mesi, ed in 5 pasti dagli 8 mesi ad un anno.

Per preparare il Latte BERNÀ per i lattanti, diluirlo in acqua bollente come segue:

1^a Settimana: 1 parte di latte BERNÀ ed 11 parti di acqua. Durante le 3 settimane seguenti, 3 parti di latte 9 parti di acqua.

2^o e 3^o mese: 1 parte di latte e 7 di acqua.

4^o mese e seguenti: 1 parte di latte e cinque di acqua.

Queste dosi possono essere modificate secondo le prescrizioni del medico e la costituzione fisica del bambino.

Società An. LATTE BERNÀ

VIA PETRASANTA N. 12 - MILANO
