

## SPORTS

The basketball game between the girls of Cherokee and Memorial resulted in Cherokee, represented by 9-2 winning by a score of 19 to 8. This is the second victory by this same team this year.

The seventh grade girls who play nine square basketball had quite a hard time to determine the winner. 7-3 finally succeeded in defeating all other seventh grade teams.

8-3 was declared winner of the eighth grade. 8-2 and 8-6 came in second in this tournament.

In the ninth grade, it was quite difficult to determine the winner. Elimination tournaments, however, resulted thus: 9-3 third place; 9-1 second; 9-2 first. 9-2 then defeated the winning eighth grade team, won the title of school champions, and represented the school against Memorial where they again met with victory.

9-4, 8-1 and 7-1 were the winning team in boy's basketball in the respective grades for the season.

The ninth grade contest was quite a spirited one. In the finals, nine four, six and three seemed almost equally matched. 9-3 was eliminated first, by receiving defeats from both 9-6 and 9-4. 9-6 then played 9-4, the latter winning. As 9-6 was ahead in the number of victories, they had to play 9-4 again but again were defeated. 9-4 then defeated the 8-1 team.

This victory meant that 9-4 boys were the school champions and that they were entitled to represent Cherokee against Memorial.

## EDITORIALS

Several weeks ago we published an appeal to the students of Cherokee in regards to the increased tendency to misuse our building. We hoped that certain evidences of carelessness, in the form of pencil marking on the walls, eraser dust on the building, scratching on the desks, etc., would decrease; but they seem to re-appear as steadily as removed.

We are fortunate to possess one of the most modern and up-to-date buildings in the state of Florida but we soon will not be able to make this boast if the present rate of vandalism continues. Since we have such a modern building, visitors from all sections of the country are constantly stopping to inspect it and we do not want them to carry away an unfavorable impression of Cherokee.

Each of us as a student Cherokee has a definite feeling of pride when we compare this building with others of the city and state. Let us keep this pride intact for ourselves and for future students of Cherokee by preserving the equipment place at our disposal.

These pupils will be required to take entrance examinations next fall in all major subjects. Other points must also be met, if report cards are received classes must be kept up to date, shop and home economic bills must be paid, library books must be returned, all obligations must be met.

## EXCHANGE

We are pleased to acknowledge receiving an issue of the "Red and Black" published by the Hillsborough High School of Tampa. This paper is a member of the National Scholastic Press Association.

Two interesting exchanges are the "Pioneer" and the "Wilson Broadcaster." "The Broadcaster" is published by the Woodrow Wilson Junior High School, Tampa, Florida.

"The Pioneer" comes from Denver High at Albany, New York. The make-up of this paper is unusually attractive. We are glad to have such distant exchanges.

## PERSONAL

Ethel Sigal and Ruth Wolly motor-ed to Mountain Lake last Sunday.

Have you noticed how attractive the flowers have been looking on the stage? Yulee Way arranges these each week just before auditorium period.

The Cher-O-Key believes it can claim something unique in having a boy for society editor.

The editors would like to correct an error which occurred in the last issue. The limerick contest was won by Thelma Jones 7-5, rather than from 7-2, as was published.

Miss Van Nest's section, 7-5, are 70 per cent subscribers to the Cher-O-Key. We appreciate their support and wish other sections would try to rival their mark.

Myer Sigal sees that the auditorium is properly ventilated every Wednesday.

Miss Ford, Miss Brown and Miss Henderson spent last Saturday at Mountain Lake.

Students! do you realize that there is less than one third of the school year left—only ten weeks in which to make good?

Many a race has been won during the last lap. These last few weeks wit-time for many of us. Now is the time to bring the poor grades up to average—not in summer school.

Let's get to work! Surely we can make this a record year for Cherokee
