CHASE & COMPANY

SEABOARD BUILDING

JACKSONVILLE, FLORIDA

April 15, 1911

Mr S O Chase,

Sanford.

Dear Syd:

ISLEWORTH VALENCIAS. What do you think of having Eubank select not less than six Isleworth Valencias and have same analyzed by Stillwell & Glading? We don notknow [sic] of any better Valencia than the Isleworth article, and we are willing to compare same with the analysis of the same variety grown in any other part of Florida. We would like to have this analysis to compare with the California Valencia. No doubt Stillwell & Glading would make upt this analysis for about \$15.

Do you think it would be worth while putting this work through CBA and pay him for same?

Yours very truly,

CHASE & COMPANY
