## ENERGY & UTILITY SYSTEMS GROUP

Management Personnel  
Fellow Engineers & Scientists

Mr. Theodore Stern, Executive Vice President, Energy and Utility Systems Group, announces the following restructuring, effective immediately.

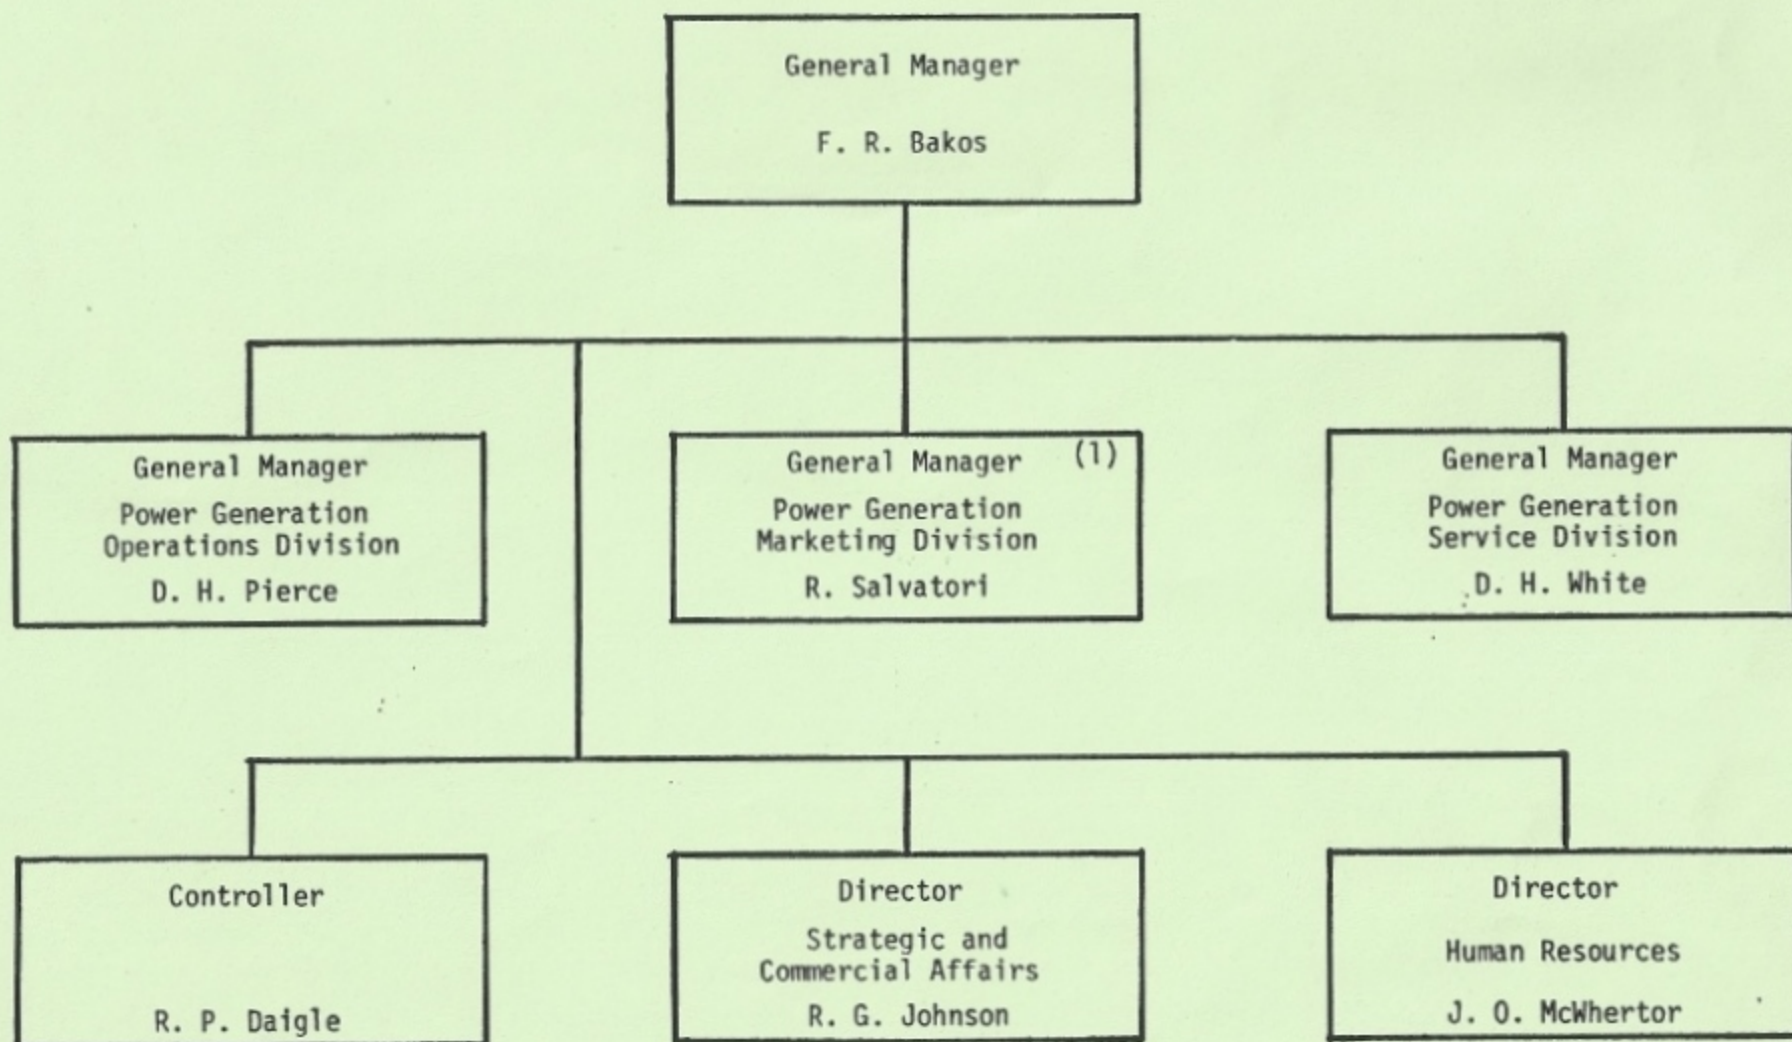

The Power Generation Business Unit is formed reporting to Mr. Frank R. Bakos. This Business Unit contains those previously announced operations of the old Power Systems Business Unit which will become part of the Westinghouse/ASEA Brown Boveri Power Generation joint venture to be headed by Mr. Bakos. The Energy Systems Business Unit is formed reporting to Dr. Richard J. Slember. The Government Operations Business Unit is formed reporting to Mr. James S. Moore. Mr. Nathaniel D. Woodson is appointed General Manager of the Nuclear Fuel Business Unit.

Mr. Joseph W. Baker, Vice President and General Manager, Utility Delivery Systems, Dr. William M. Jacobi, President, Westinghouse Hanford Company, and Mr. Robert R. Halverson, Manager, Electric Utility Sales, continue in their present positions. Mr. Baker will lead the Westinghouse/ASEA Brown Boveri Transmission and Distribution joint venture upon its formation.

Messrs. Baker, Bakos, Halverson, Moore, Woodson and Drs. Jacobi and Slember will report to Mr. Stern.

P. E. Lego  
President and  
Chief Operating Officer

POWER GENERATION BUSINESS UNIT
