NUMBER 21

## HILL SCHOOL OPENS WITH ENROLLMENT OF 75

Formal opening of Maitland Hill school took place Monday morning with a large gathering of parents and pupils, the latter totaling 75 upon completion of registration. This number will be materially increased in the next few weeks, judging by records of the past. Chapel exercises with special music under the direction of Mrs. A. B. Rowland were held during which announcement was made that the state did not make sufficient appropriation to furnish free books throughout, but that each child whose parents reside in the county will receive certain books free. Registration cards sent to parents when properly filled out will entitle each pupil to a proportionate share of books up to and including the sixth grade. Other necessary texts may be purchased at the Memorial High School in Orlando.

Teachers and the grades taught are as follows: Miss Mamie Fugate, 7th and 8th; Mrs. W. O. Rencher, 5th and 6th; Mrs. Laura Springer, 3rd and 4th; Miss Lena Fugate, 1st and 2nd; Mrs. A. B. Rowland, vocal.

## COUNCIL RECEIVES BIDS ON STREET PAVING

Bids were received Tuesday night, September 22, on paving and sidewalks amounting to approximately \$100,000.00 as previously advertised. This construction covers streets in Orangedale Park, Magnolia Farms, Winter Park Circle, Greenwood Gardens and several business streets in the center of town, including the widening of Horatio Avenue. Five firms presented bids, among which were several who also bid on the purchase of the bonds in combination with the construction contract. Amounts of the bids and the successful bidders will be announced later. Those bidding were: Cox and Bryson, Lake Region Paving Co., W. D. McBrayer, Sherard Construction Co., Southern Clay Company.

Mrs. Vernon Ayers is in the Florida Sanitarium suffering from a serious attack of rheumatism.

## TEACHERS AND TRUSTEES OF THE MAITLAND SCHOOL ARE HONORED BY THE P. T. A.

That interest in the local public school is sincere and general was attested by the crowd of parents, school children and friends that packed the Hill school to fullest capacity Friday evening, September 17, to welcome the school teachers and to do honor to the school trustees. Arranged by the local Parent-Teachers' association, the evening's program consisted of a reception followed by a musical program and refreshments.

In the receiving line were the officers of the P. T. A.: Mrs. S. J. Stiggins, president; Mrs. E. W. Horton, vice-president; Mrs. Mary Rice, secretary; Mrs. Edgar Allen, chairman program committee; Mrs. John Pinder, chairman refreshment committee; the trustees of the special school district: John W. Rice, chairman; Mrs. J. H. Bennett, secretary; J. W. McNair, the school faculty: Miss Mamie Fugate, principal, Miss Lena Fugate, Mrs. W. O. Rencher, Mrs. A. M. Springer, and Mrs. A. B. Rowland.

While ushers pinned badges with each person's name on them as the guests arrived, so that all might become acquainted quickly, Miss Agnes Moremen and Mrs. Eleanor Moremen Barnett delighted the gathering with several beautifully rendered piano duets. Following the reception a well arranged and beautifully executed musical program was presented beginning with a piano selection by Miss Minnie Moremen. Mrs. A. B. Rowland and Miss Eleanor Upmeyer in a vocal selection were accompanied by Mrs. Kenneth McPherson at the piano. A pretty violin solo was played by Carroll Bennett. Mamie Posey and Carroll Haile delighted the audience with a piano duet. Deserving of special praise was the reading of a historical poem by Cora Nelson in costume. David and Betty Jane Kilbourne sang a duet.

Delicious refreshments of cake and ice cream were daintily served.

It is felt that there has never been a better spirit of co-operation among those interested in the school than exists this year. The officers of the Parent-Teacher association are grate-

## GENEROUS RESPONSE TO CALL FOR HURRICANE RELIEF

As soon as word was received by radio of the need of assistance in the storm-stricken regions of south Florida Mayor E. A. Upmeyer sent out a call for contributions. The response was quick and generous, and notwithstanding that a number of Maitland people had given through other channels up to the time of going to press the mayor's fund had mounted to \$230.00 with additional subscriptions still coming in. Much credit is due to Councilman J. G. Friedland, who has given up his entire time to soliciting.

## STORM DOES SLIGHT DAMAGE

Other than the extra expense incurred by the town and individuals in cleaning streets and premises of twigs, leaves and dead branches blown down by the wind, the hurricane that caused such terrible loss on the east coast touched lightly here. Slight damage to flowers and shrubs in exposed places and perhaps a few broken branches in heavily loaded citrus groves will account for the actual losses, while service lines in some of the electric circuits were out for a number of hours, in several cases more than a day, causing inconvenience especially to those depending on electricity for their water pumps.

## MAITLAND FIRM PARTICIPATES IN BIG ACREAGE DEAL

K. N. McPherson of the Inter City Realty Company reports the sale of 10,000 acres in Lafayette county in which his company was one of the brokers concerned. Mr. McPherson also stated that Mr. H. E. Angel, formerly of Angel and Company, realtors of Scarsdale, N. Y., is now associated with the local real estate firm.

ful to the members and friends who contributed so wholeheartedly of their time and talent to make a fine beginning of the school term.

**ADVERTISING RATES ON APPLICATION****PUT YOUR CITY ON THE MAP**

Success is not of town or place. It's  
always of the man.  
It's not the city where you dwell, it's  
how you dream and plan.  
It's what you are and what you do  
which brings success about,  
Wherever leadership exists the world  
will find it out.  
So if your town be little known, it  
merely waits the chap  
Who'll be the man and do the thing  
which puts it on the map.

Success is not of size or crowds, it's  
always told in deeds.  
A city gets its glory from the race of  
men it breeds.  
The world discovers first the man, and  
after that it gives  
Attention to the distant place where  
in he toils and lives.  
Whene'er a victor rises with the feath-  
er in his cap,  
The fact that he's a champion puts  
the city on the map.

Somewhere, in some still humble place  
known only to the few,  
The genius of tomorrow waits the  
work 'twas born to do;  
And when the brilliant deed shall  
come which brings about renown,  
The world shall make a pilgrimage  
unto his little town.

The men shall come from distant lands  
his place of birth to see,  
And where he lived and where he  
toiled remembered long shall be.

Oh, dreamer in the hidden haunts,  
learn this from all the great,  
For you, the place where you abide  
and all its people wait.

Cities acquire their fame from men  
and not from buildings tall;  
Stratford shall still be Shakespear's  
town, though nations rise and  
fall.

So grow a rose or write a book, do  
aught which wins renown,  
Achieve success and from that hour  
the world shall know your town.  
—EDGAR A. GUEST.

**NOTICE TO PARENTS**

In accordance with the laws of the  
State of Florida and from statistics  
and advices and practices of different  
States, the County Board of Public  
Instruction has resolved that they  
deem it advisable for all children who  
will become six years of age by the  
1st of November, or who have not  
previously attended school, to enter  
at the beginning of the term, if they  
expect to attend that year, otherwise  
teachers are instructed not to accept  
pupils until the beginning of another  
school year.

### COUNTY CHAMBER OF COMMERCE STARTS ANNUAL MEMBERSHIP CAMPAIGN ON OCTOBER 6

Karl Lehmann announces that the membership campaign for the year 1927 of the Orange County Chamber of Commerce will commence October 6, the total membership desired is 3,000. Maitland's quota is twenty-five but it is expected that this will be considerably exceeded. C. N. Beecher, L. L. Coudert, E. T. Owen and Malcolm Niven have been appointed on the local committee. Memberships may also be taken out thru J. H. Hill, the Maitland representative on the board of directors. Annual memberships are \$1.00, while sustaining memberships are \$5.00, both entitling one to attend all general meetings, outings and motorcades, as well as to a year's subscription to the official publication, "Orange Echoes." The annual picnic and election of officers will be held in Winter Garden this year on October 30. A record attendance is expected.

### BOY SCOUTS DOING GOOD WORK

Scoutmaster Forrest B. Stone reports the local troop in good shape and doing some fine work. The recently inaugurated duty badge whereby a scout gains and maintains a special honor by the quality and number of good deeds done during the month has been taken up with enthusiasm. Robert Kilbourne, senior patrol leader, has done some very creditable work. Mr. Stone urges every boy between the ages of twelve and fourteen to join the troop as a camping trip of special interest is planned for the near future.

### MAYOR UPMEYER REPORTS AN INTERESTING NEW YORK TRIP

Not a dull minute was encountered during the two weeks' trip to New York, reports Mayor E. A. Upmeyer, who returned last week with his son Ernest. The boat returning had over three hundred passengers bound for Florida, many being young people with their families coming to enter school and spend the winter. Mayor Upmeyer states that he talked with many people about Florida, finding all much interested, and noting it significant that without exception those who had visited the state had faith in the future, and only those who did not know Florida had misgivings.

### CHAMBER OF COMMERCE HAS PICNIC

Thursday afternoon Maitland people enjoyed a basket picnic and swim at Sanlando Springs. Plans for the outing were perfected by Mrs. C. N. Beecher, chairman of the refreshment committee, and Secretary E. T. Owen.

### MAITLAND YOUNG PEOPLE OFF TO COLLEGE

Ernest Upmeyer has resumed his studies at Rollins College, where he is a sophomore this year. Miller Henkel has returned to the University of Florida to enter the Junior class.

### WHEN YOUR LIGHTS GO OUT

Any trouble with lights or power lines should be reported promptly to J. H. Bennett, phone 1201-X, as he is the representative of the company in Maitland.

### WHITEFLY FUNGUS

Gainesville, Fla.—Have you got that whitefly-fungus growing in your whitefly-infested citrus trees as abundantly as you desired? This is the question being asked citrus growers by the Entomological Department of the State Plant Board. Fungus is the best remedy to apply during the period of summer rains.

The Plant Board has this fungus for sale, and one dollar will buy enough fungus in pure culture (pre-paid) to treat about an acre of trees. There is still time to help. Nature give the whitefly a hard lick. The Board furnishes directions with each culture.

Inquiries should be addressed to the Entomological Department of the State Plant Board, Gainesville.

Mr. and Mrs. W. H. Manning spent several days last week in Georgia, where they visited relatives.

## NOTICE

We wish to announce that Theodore R. Jones, who has been Manager of our branch office in Winter Park has been appointed Sales Manager of our company.

Harry B. Mullan, formerly connected with the Chewning Realty Company will succeed Mr. Jones as Manager of our Winter Park office.
