Dear Friend - Your card
received in due time, so kind
of you to remember my birthday.
I am living on borrowed time
now as I have passed the
three score years and ten.
We are feeling the effects
of a long, hot summer, the
weather is delightful now
and we hope to gain strength.

Was sorry to hear that Mr.
Beinkle was poorly, think
he better come to Fla. - blood
and spend the winter.
Mrs. Bassell keeps about the
same, he is quite poorly would
not be surprised if she outlived
him. Mr. Funch has some old friends
living in the front room, they are
pleasant-neighbors and have improv-
ed the looks of his place greatly.
Wish you could all come and spend the
winter here - except for all our kindest
regards and best-wishes. Jennie Scriber
