SANFORD, FLORIDA, DECEMBER 10, 1945

NUMBER 2

1945 FOOTBALL SQUAD "CELERY FEDS" SEMINOLE HIGH SCHOOL

The above picture is, of course, you guessed it, our own Celery Fed! The players are left to right seated; Brooklyn, Dyess, Grantham, Ludwig, Trapp, Kilpatrick, Lingle, Callum, Piery; kneeling: Whelchel, Beard, Reel, Lansing, Jones, Wathen, Harden, Cox, Jennings and standing: Singletary, Kastner, Jenkinson, Fielding, Ellis, Clark, Anderson, and Smith.

TALENT PROGRAM PRESENTED IN CHAPEL

A program of exceptionally good talent was presented on Thursday, November 29, under the sponsorship of the Student Council. Clyde Hutt, vice president of the Student Council, acting as M. C.

Members of the Tropic Dancing School presented several numbers. Gretchen Kirchoff and Jackie McDonald with their vivacious personalities captured the audience in the tap dance routine "Caldonia." One could not help noticing the graceful gestures of Ann Whitaker as she tap danced to "June is Bustin' Out All Over." If a had Phyllis Bach's gorgeous gams, I wouldn't mind doing intricate acrobatics to "Sweet and Lovely." Anita Aiken executed a soft toe dance to "Caldonia," with the polish of a professional. In Adroitness unmatched, Eloise Cook performed acrobatics to "Dream."

Gladys Wells, Cherry Singletary, Elizabeth Fite, and Marjorie Turner, Freshman, and pupils of Mrs. W. G. Fleming, gave several humorous poems, depicting various dialects.

Helen Bowen accompanied by Helen Hickson on the guitar, sang "Beautiful Blue Eyes."

With only a few hours notice, the Boy's Double Quartet, rendered "Deep In My Heart," which to prove the old adage "Practice makes perfect" does not always hold true.

At a faculty meeting held Monday, December 3, it was decided that no Christmas parties would be held in the various rooms this year. This decision was reached because of the fact that school holidays begin so early this year.

Students and faculty members regret that Leroy Gilbert is not able to be in school. We miss you, Leroy, and hope that you will soon be back with us.

CELERY CRATE NEWS

Seminole High Students this year have spent many carefree hours at the Celery Crate, center of extra-curricular school activities.

Hallow'een Stunt Night, at which the Sophomores won the cup, gave parents a chance to attend an event at the Crate, usually open only to members.

Planned recreation by the committee, headed by Jean Sayer and Lillian Boyle, is another reason the Crate has been a successful year as a youth center. Weiner roasts, square dancing, movies and parties have been held there to date.

The Crate will be open every night, except Sundays, during the holidays. An active calendar appears in this issue of the Celery Fed.

Dorothy Crumley, president, stated today that all members are eligible to attend the crate activities, with the exception of affairs sponsored by classes and clubs, when the club is rented to them by the organization.

Other officers who have assisted Mrs. P. H. Tepsic, director, in running the club, include: Walter M. Smith, vice president; Bobby Jones, secretary; Alvin Kilpatrick, treasurer; Laurier Beard, refreshments; Lillian Boyle and Jean Sayer, recreation; Daphne Connelly, and Toi Livingston, decorations. Joe McCaslin and Miss Joyce Whiddon serve as assistant club directors.

GLEE CLUB NEWS

The Glee Club had its first business meeting November 7, and at this time elected officers: President, Wayne Rucker, Vice president, Evelyn Mathews, Secretary-Treasurer, Martha King, and Business Manager, Huston Babcock.

SCHEDULE AND RESULTS

Our schedule for the past season and its results are:

	We	They
Eustis	6	13
Seabreeze	46	6
Deland	14	0
Ocala	21	7
St. Augustine	0	7
Winter Park	53	19
New Smyrna	21	13
Bolles	6	13
Leesburg	28	0
Post Season Games		
Deland	7	0
Gainesville	26	7

OFFICE FORCE MOVE TO NEW QUARTERS

At the beginning of school it was announced that those of us who work in the office would move to new quarters. This pleased us very much, especially when we heard how nice the new office would be.

As most of you know, quarters for the new office is the room formerly occupied by the library. It has been painted green and white and is very attractive with its recently sanded floor and the brightness and cleanliness afforded by the new coat of paint. The amount of space we have now is very welcome as chairs are provided where students and patrons may sit while waiting to see Mr. Morris. With more room we don't bump into each other the way we used to do. It really is nice and we thank Mr. Morris for providing Saidee and the office assistants with such a pleasant place in which to work.

Report cards will be given out Wednesday, December 12. It is requested that they be returned not later than December 14.

STUDENTS ASSIST WITH CHRISTMAS SEAL SALES

Three students from the Art Department, Dorothy Whitner, Simon Dingfelder and Larry Lasing duplicated the background of the 1945 Tuberculosis Christmas Seal. This is to be placed as the background of a window display depicting a very life like semblance of the this year's colorful Christmas Seal. Our hats are off to these three.

A group of our young Co-Eds spent a busy afternoon recently in the office of the Tuberculosis Association. Quite a surprising amount of mail was posted after these of our industrious gals, had finished their work.

The work of the Seminole County Tuberculosis Association is too important to overlook and our High School Students are always ready, willing and able to assist in so worthy a cause. Much comment has been forthcoming from the T. B. Executive, Mrs. Edw. Kircher, as to the spirit and the real help that our students have been in this Christmas effort. We leave you with a "Cheerio" and an important bit of admonition—"Buy Christmas Seals."

MISS RUTH HAND

Miss Ruth Hand, General Supervisor of Instruction of Seminole County announced that on December 1 principals and lunchroom managers of the county met at the South Side School with members of the state Health Board to discuss nutritious lunches and other lunchroom problems.

Miss Hand also announced that the schools of the county are co-operating in the sale of Christmas Seals and hange pins for the Tuberculosis Association.

MR. MORRIS ATTENDS FAMILY REUNION

Mr. and Mrs. H. E. Morris and two sons, Bobby and Ernie spent the Thanksgiving holidays at Mr. Morris's old home in Louisville, Kentucky. The occasion was a family reunion with twenty-four members of the family present. They came from Erie, Pa., Buffalo, N. Y., Sweetwater, Texas, Bowling Green, Kentucky, Cairo, Egypt (this was a brother in the service), Sanford, Florida, San Antonio, Texas.

Mr. Morris reports a wonderful time on the trip. It snowed all day the Friday after Thanksgiving, and this was a treat for the entire Morris family. They attended a football game between Male High and Tech High where there were 15,000 in attendance.

We are glad that you could make the trip, Mr. Morris, and we wish for you many more happy family reunions.

SEMINOLE HIGH SCHOOL CLUBS

Well, here we are again to let you know how our clubs are progressing.

The Tri-Hi-Y under the sponsorship of Miss Rebecca Stevens is planning a picnic in honor of the football boys. It will be on December 10th at the home of Mr. and Mrs. H. E. Morris. Come on, football boys and Tri-Hi girls, and let's have a good time.

The Key Club under the direction of Dr. Root have elected the following new members for the year: Walter Schnabel, Jimmie Anderson, Willis Anderson, Jan Jenkinson, Bill Ludwig, Gwyn Reel, Louis Reynolds, John Root, Fred Rossiter and Leland Rudd. With these worthy new members and the old ones, we know the Key Club will be able to complete any problem put before them.

Here we are again with likes and dislikes of two more faculty members.

First on the list is a teacher who is new to most of us although she has taught at S. H. S. before. She's Mrs. Nellie Coleman who teaches Latin I and II.

She was born in Pelham, Georgia, April 25, 1911. She went to school in our own city, Sanford, and attended FSCW at Tallahassee.

Mrs. Coleman's favorite food is shrimp salad and for a pastime she likes fishing. Her favorite movie actor is Van Johnson and Bette Davis is the actress she likes best.

As for her pet like, she says it's traveling (though it's really her husband) and her pet hate is insincere people.

Mrs. Coleman is one of the sponsors for the Freshman Class and we are glad to have her back again.

Next is Joe McCaslin and although he won't be with us after Christmas, we think he's done a wonderful job and we wish he could stay.

Born in Sanford on January 11, 1923, he attended the Sanford schools and also the Presbyterian Junior College, Maxton, North Carolina, University of Florida, and Stetson.

His favorite food is ice cream which he likes to eat after indulging in his favorite pastime, tennis.

His favorite stars are Greer Garson and Spencer Tracy. He especially likes quiet classes and he told us quite frankly that his pet hate was his study hall.

Mr. McCaslin taught American History and was an advisor for the Celery Crate.

Another new faculty member who has very recently joined the staff of our school is George McClelland, who is replacing Joe McCaslin as the American History teacher. Mr. McClelland will also assist Coach Kettles in training our boys for the various sports.

Mr. McClelland graduated from S. H. S., attended Stetson and was employed for three years as a coach before going into the Navy where he served as a lieutenant and was connected with the Physical Education Program.

We certainly are fortunate in securing Mr. McClelland and sincerely hope he will stay with us a long time.

Lotsa luck to these swell teachers 'cause they sure deserve it.

"And then there was the headman's bow-legged daughter, who had such a hard time keeping her calves together."

CELERY FED STAFF CONDUCTS POLL

The Celery Fed Staff under the supervision of Walter Sch-nable, Staff member, held a poll among the students on Thursday, November 29, on the atomic bomb. This poll is one of four to be held in Seminole High School.

These polls are being sponsored by the Institute of Student Opinion of Scholastic Magazines. Their aim is to contact the students of America and tabulate their opinions on major subjects confronting the people of America today.

The topics of this poll were discussed during Bob Emery's "Rainbow House" program on Saturday December 1, at 10:30 A. M. over the Mutual Network. Below is the tabulation sheet of the poll representing only the Seminole High School students. The national results will be published at a later date.

INSTITUTE OF STUDENT OPINION

Sponsored by Scholastic Magazines
Poll No. 11, November, 1945

1 Do you believe that the atomic bomb makes a larger U. S. Army and Navy unnecessary?

BOYS	Yes 29	No 77	No Opinion 5
GIRLS	Yes 20	No 105	No Opinion 8

2 Do you think that the United States should share the atomic bomb secret with other nations?

BOYS	Yes 28	No 77	No Opinion 6
GIRLS	Yes 44	No 85	No Opinion 4

3 In your opinion, which of the following influences your thinking to the greatest extent? CHECK ONLY ONE

BOYS	GIRLS	
46	63	a. Parents and other members of my family
13	11	b. My school teachers
8	5	c. My close friends ("the gang")
7	3	d. Community and student opinion. (What will people say?)
9	26	e. Magazines and Newspapers
14	8	f. Radio
3	3	g. Movies
10	12	i. School Books
10	12	i. Church

SEMINOLE TEACHERS CLUB

The Seminole Teachers Club held its November meeting in the Auditorium of the Sanford Junior High School on Friday evening, November 30.

Mrs. Ola Cochran, president of the organization presided over the meeting. Minutes of the last meeting were read and approved.

A discussion of the proposed workshop to be held in Seminole County during the summer on the subject of Guidance was discussed by Edward Marshall, Dr. J. B. Root and R. E. Kipp, Supervisor of Elementary Schools in Orange County. The group welcomed Capt W. J. Wells, former principal of Lyman school.

After the business session was completed, Dr. Hamilton Holt, president of Rollins College was introduced by Dr. T. W. Lawton as the main speaker of the evening.

Dr. Holt spoke on "San Francisco—the United Nations Charter." He described the conference by dividing it into the following four stages: Speeches from delegates of various countries, the organization stage where the real work to be done is handed over to commissions which are divided into committees and sub committees; the work of the men on the

committees which is composed of much jockeying for position and compromise; and the final stage when there is another meeting of the whole delegation to pass on the work of the committees.

He contrasted the men at San Francisco with those who were at the Versailles Conference 25 years ago, saying that he felt that the caliber of the men at Versailles was higher and that more real statesmen were in attendance. He pointed out that at Paris 25 years ago, the conference worked out the covenant for the League of Nations in eleven working days. The San Francisco Conference was merely improving the League of Nations about 25 per cent.

He spoke of the soundness of the plan of the League of Nations, saying that it is still being used as the basis for a world organization for preserving peace.

RED CROSS EXHIBIT

An exhibit of articles for the comfort and pleasure of children in foreign countries and service men in hospitals was shown in Miss Ruprecht's room at the beginning of the second unit. This exhibit was brought here by a Red Cross representative from Atlanta who is showing it in high schools in the Southern States in order to inspire students to make other articles.

The exhibit contained stuffed toys for children, Christmas cards, menu holders, lap boards, Christmas decorations, bath robes, kit bags and other articles for boys in hospitals in this country and overseas. This interesting exhibit assured the students that our boys are not being forgotten.

CELERY CRATE CALENDAR

Friday, December 7—Junior Dance
Saturday, December 8—Hay Ride
Friday, December 14—Talent Night Prize
Saturday, December 15—Picture Show
Monday, December 17—Game Tournament
Tues., Wed., Thur., 18, 19, 20—Free Lessons in Dancing and Bridge
Saturday, December 22—Alumnae Night
Thursday, December 26—Football Party
Wed., Thurs., Fri. 27, 28, 29—Open House

CAMPUS QUARANTINE TO BE PRESENTED BY JUNIORS

The cast for the Junior play, "Campus Quarantine" has been chosen and the rehearsals started December fourth. The play to be presented February 1, is being directed by the Junior sponsors, Mrs. Mae Fort and Mr. George McClelland. The cast is as follows: Gloria Smith—Jean Sayer
Mrs. Smith—Nancy Williams
Beryl Shepherd—Helen Hayman
Edythe Rhodes—Caroline Lee
Deborah Mercer—Myra Southward
Lela Dunn—Bette Shannon
Dr. Leon Atwell—Simon Youngfelder
Gordon Dunn—Bill Ludwig
Ronald Steele—Harold Kistner
Elliot Maxim—Jack Moye
Finlay Carruthers—Nollie Trapp
Howard Ross—Walter Cook

STUART McINTYRE'S EXHIBIT

An exhibit of trophies obtained from the European Theatre of War was shown by Stuart McIntyre in Mrs. Wray's room. Mr. McIntyre showed a collection of money which he had obtained in many European countries including France, England, Belgium, and Holland. The mayor and the mayor's wife of the town in Holland which his company had liberated added a small wooden shoe, a silver plate and other articles to his collection.

It also contained a badge which had come from the shoe of an S. S. trooper who had given himself up to McIntyre. From a woman of a concentration camp he received a strap which was used to torture prisoners. The students who saw this collection were greatly benefited by it.

Merry Christmas and a Happy New Year

FROM THE CELERY FED STAFF

DON'T FENCE ME IN

T. W. Lawson

Twenty-five or thirty centuries ago Solomon wrote, "A man's gift maketh room for him," and every giver has experienced the truth of this wise proverb through the ages. Now we sing, "Don't Fence Me In" and feel the abundance of the wide open spaces. No one likes to be shut in or up or out or strickly limited in thought or activities. That's one reason we love America, a land of the free, where we can think, act and worship according to our inner urge and longing, so long, of course, as our speaking and acting will not interfere with the rights of others.

Nobody loves or cares for a miser. He shuts himself in and by so doing shuts out far more than he shuts in. He can't enjoy friendship and fraternity and love for he has nothing to give, regardless of how rich materially he may chance to be. He is a getter and not a giver. He may be a success in his way. Some one has defined success as getting what you want. But happiness is wanting what you get.

Do I believe in Santa Claus? What real, normal person does not? The man, woman, girl or boy who doesn't have the Santa Claus spirit at this time of the year is poor indeed. He fails to enjoy the pleasure of unselfish giving and will not get much satisfaction from receiving gifts. He doesn't believe in Santa. One cynical little boy, thinking himself rather smart, put by the fireplace on Christmas eve an inopudent note saying, "I don't believe there is a Santa Claus." But he hung up his stocking, just in case he might be mistaken. Next morning he found a note sticking out of the stocking. The note said,

"I don't believe there is any little boy living in this home." Santa. Santa has plenty of room. He's never crowded. You never saw anyone try to push him around, shove him off the sidewalk or shut him up. He always has ample room, whether he is on the street, in your home or in your heart. You can't fence him in, and no one can fence you in if you have the Santa spirit, for your gift maketh room for you.

MALE CALL

Well, here we are once again. As time is really going on we can hardly realize that Christmas is almost here. Although the war is over, many of our boys will not be able to be home for the Christmas season, so come on, Students, and write to these boys, and try to bring them as much Christmas cheer possible.

As Bobo says, "The Navy is just perfect!"

The Christmas tree was introduced into the Court of St. James about 1840 by Prince Consort Albert of Saxe-Coburg, and the custom spread rapidly among the aristocratic families of London, and was almost immediately adopted by all classes throughout England.

THOUGHTS OF THE MONTH

Thanksgiving Day and Christmas

The blessings we are used to become so much the habit of our lives that we are apt to take them for granted and to fail to be stirred by them to any positive emotion of thankfulness. There are those who, ever mindful of the unequal measure in which privilege, opportunity and all material goods are distributed in this world, are always consciously grateful for the ordinary, every-day comforts; for food and shelter and decent surroundings and a peaceful life. But most of us, differently constructed, are prone to consider that all we are used to having is ours by a natural

right, and that on the whole it is rather a hardship that we cannot contrive to have an ever-increasing share of sugar-plums allotted to us.

We that are of that disposition must try at Thanksgiving to come to a fuller appreciation of our more recondite blessings, as well as of those which we accept as matter of course. As Riley puts it in his Thanksgiving poem—"Let us be thankful, thankful for the prayers Whose gracious answers were long, long delayed

That they might fall upon us un-awares,
And bless us, as in greater need we prayed"

—E. C. Martin

I will honor Christmas in my heart, and try to keep it all the year.

—Charles Dickens

'Tis the season for kindling the fire of hospitality in the hall, and the genial fire of charity in the heart.

—Irving

I hear the bells on Christmas Day
Their old, familiar carols play,
And wild and sweet
The words repeat
Of peace on earth, good-will to men!

—Longfellow

Let Christmas be a bright and happy day; but let its brightness come from the radiance of the Star of Bethlehem, and its happiness be found in Christ, the sinner's loving saviour.

—H. G. Dea

SCHOLARSHIPS OFFERED TO SENIORS

Many offers of scholarships to college have been received. The primary requirements are listed below. Further information can be

obtained from H. E. Morris, Principal.

Rollins college offers ten \$800 awards on the basis of competitive examinations. In order to compete, students should have a superior academic record and should be nominated by the Principal. Nominations will not be accepted after January 15, 1946

Mary Baldwin College, Staunton, Virginia will award the following in competitive scholarships: One at \$1,000, two at \$800 and four at \$400, all scholarships to be divided over a four-year period. The contest closes March 1, 1946.

Agnes Scott College, Decatur, Georgia, will award four college scholarships, one of \$1,500 and three of \$900 each. Decisions will be based on the following: aptitude tests, high school record to date, essay on "What College Should Mean to Me," autobiography, and personal data secured on the college application for admission form. Names must be submitted by December 15 as all contest requirements except the aptitude test must be complied with by January 18.

Ten George Westinghouse scholarships valued at \$1,850 each are open to outstanding boys who are high school seniors. Applications must be posted by February 1, 1946.

Poet Wathen speaks forth:
"Roses are red
The pages are blue
If you think you're the berries
I'm the cat's mew!"

Sometimes the only thing a man gets out of college is himself.

—Babbler

Mrs. Smith—Is "U" a consonant?
Wayde Garner—No, I'm a boy.

APPRECIATION

We, the members of the CELERY FED STAFF, give our heartfelt thanks to the merchants and friends of Sanford who have so generously contributed ads to make this Christmas issue of the CELERY FED the success it is. Merry Christmas and Happy New Year to you all.

THESE WILL ALWAYS BE CHRISTMAS

"Since time beyond memory, Christmas has been a day of glad reunion with family and friends. But this Christmas, many familiar faces are missing around America's firesides. Even at this moment, across the sea and all over the world, millions of young Americans are standing to their arms, not only in defense of human freedom but to preserve the right to follow the faith for which Christmas stands. Though far apart this Christmas, these men and their families are close together in thought."

Ideals

CHRISTMAS, PEACE ON EARTH

World War II is over. Christmas comes this year to a world of peace for the first time in four years.

The world has seen many horrible things, but it always gives us something to make up for our mistakes. It gave us Christmas.

I wonder if you remember how you used to look forward to Santa Claus. Would you take that joy and expectation out of your life? No! But think, it was almost taken from you. And by the grace of God, our brothers and fathers have preserved this holiday for our children.

What does Christmas mean to you? To some it means giving, Santa Claus, fruit cake, Christ, but to each one of us it has a foundation of peace.

In the dictionary the definition of peace is a state of tranquility; an absence of war. We must be thankful this Christmas, and pray a special prayer for this world of peace and the world we are about to launch. The future depends upon us and if we have Divine Providence with us and try to have a spirit of good will toward our conquered foe, our children and our children's children will observe Christmas in its true light—PEACE.

INFLATION

Inflation goods are scarce and the buyers are numerous; men with money will pay any price to get the article that they desire. This bidding causes prices to go higher; when prices rise, wages must go up in order to meet the prices. A manufacturer finds it necessary to raise prices in order to meet the demands of his expanding pay roll. And so it goes—up, up, and up.

The government in trying to combat inflation has established two boards, the Office of Price Administration and the War Labor Board. The O. P. A. was designed to keep prices from reaching extreme inflation. The W. L. B. was designed to keep prices in check so that manufacturers would not have to raise prices. If these boards had not been introduced, prices would have doubled and may be tripled, instead they increased on an average of 31 percent.

Those who would suffer from extreme inflation would be the non-union workers and persons who have invested large amounts in bonds, etc. The workers who do not belong to a union would not be able to increase their wages as quickly as prices rose; therefore their wages and prices would not run parallel. If prices continue to rise, say, for example, double, a man who invested \$1,000 in 1939 would find that his money would buy only \$500 worth of goods when he tried to spend it.

It is of the opinion of many that the O. P. A. should be continued for a while in the future. The new goods such as automobiles, washing machines, etc. will not be available in satisfying quantities for some time to come; therefore this board should clamp a ceiling price in order to eliminate prices from rising and causing extreme inflation.

In order to combat inflation the people of the United States should avoid black market and put their surplus cash in victory bonds.

The following new books have recently been added to our library: **SENTINEL OF THE SNOW PEAKS** by Harold McCracken. The beautifully written story of a friendship between a man and a wild ram, of a ferocious wolf enemy, of menacing danger in the vast Arctic mountains.

THE YEAR WITHOUT A SUMMER by Ethel Parton. Finished shortly before her recent death, this last book of this distinguished author is Ethel Parton at her best, a warmly human story of boys and girls in old New England.

MYSTERY IN BLUE by Gertrude E. Mallette. A story that uniquely combines dramatic plot and sound vocational background, when a young girl becomes secretary in the executive's office of a modern industrial organization. Authentic secretarial procedure; excellent characterization.

HULL-DOWN FOR ACTION by Armstrong Sperry. Dangerously exciting days, with four boys adrift in the Pacific and in Guadalcanal's jungles just after Pearl Harbor. Story and illustrations vividly portray the geographical background and inhabitants of a locale of crucial present and future importance.

MIKE MARONEY, RAIDER by David Lavender. Scholarly research uncovered the events in the War between the States that are here presented in a swiftly moving, dramatic story, valuable in its historical background.

BRAVE COMPANIONS by Adam Knight. This moving story of a Seeing-Eye dog and his blind veteran master brings wise comprehension of a problem young readers will need to understand. It is a story of hope, for the courageous hero, back from the Pacific, wins through to confidence and active usefulness. A genuinely important story.

PETA'S TREASURE by Clara Ingram Judson. The inspiring story of a splendid boy, born in Dalmatia, who comes to Biloxi, Mississippi, to live, to work in a shrimp factory, and to find adventure on a coastal island.

CHAPEL PROGRAM

November 8th the students and faculty were entertained in chapel by the Art Club and the Glee Club. Drawings displayed on the stage, were explained by Walter Schnobel. Then Larry Lossing drew caricatures of Mrs. Gladys Smith and Professor Morris.

As the devotion a mixed ensemble sang "Holy Ghost with Light Divine."

Wayde Rucker, newly elected president was announcer for the Glee Club.

The boys double quartette sang "By the Light of the Silvery Moon," "I'll See You Agin'," and "My Hero" were songs by the Melodians.

The girls glee club sang "When Day is Done," and "Night and Day;" the boys' glee club sang "Desert Song" and "Stouthearted Men."

The accompanists were Jean Manning, Rosemary Burdick, and Jean McIntyre.

GLEE CLUB TO PRESENT WHITE CHRISTMAS PROGRAM

The annual Christmas program of the Seminole High School Glee Club, under the able direction of Miss Ollie Reese Whittle, will be presented in the school auditorium Wednesday, December 12, at 8:00 P. M. Approximately 150 students will participate. All parents, relatives, and friends are cordially invited to attend.

The program will be as follows:

Processional	"O Come All Ye Faithful"
Invocation	Dr. J. B. Root
Hymn	Congregation
1 "To These We Sing"	Teach
2 "Today There Is Ringing"	Christiansen
	Combined Choir and Chorus
3. Scripture	Reverend E. McKinley
4 "Now Let Every Tongue Adore Thee"	Buch
	Choir
5 "Ave Maria"	Schubert
	Huston Babcock
6 "And There Were Shepherds"	Wilson
	Choir
7 "Cantique de Noel"	Adam
	Phyllis Allen
8 "We Three Kings"	Hopkins
	Double Quartet
9 "Carol of The Bells"	Leontovich
	Mixed Ensemble
10 "Sleep Holy Babe"	Matthews
	Girls' Glee Club
11 Offering of Gifts by the Student Body	
12 "As Lately We Watched"	Lovvas
13 "Beautiful Savior"	Christiansen
	Choir
14 Recessional	"Joy to The World"
	Combined Choir and Chorus
15 Benediction	Reverend W. P. Brooks, Jr.

4-H HONORS WON BY SEMINOLE HIGH GIRLS

Lillian Moran, a sophomore at Seminole High School won first place in a dress revue contest sponsored by the 4-H Clubs of Florida. Mrs. Ouida Wilson, local Home Demonstration agent, announced today.

Francis Le Fils, also a sophomore, won second place in a similar contest for clothing achievement.

Formerly, the winner was awarded a trip to Chicago, where she attended the National 4-H Club Conference, but for the past three years the four girls who achieved the highest honors in the contest have been given a \$25 war bond. Similar prizes will be awarded this year.

The 4-H Club members entered exhibits of dresses designed and fashioned by the girls themselves.

ART CLUB ACTIVITIES

This year a good many students from Mrs. Babcock's Art Club are entering the Scholastic Awards competition. In the contest the twelve best in the nation will receive \$200 each and their work will be published. Also their activities include the Harry Doehlla Contest for greeting cards which includes birthdays, Christmas, wedding announcements, etc. This year we also plan to have some out-

side activity in the form of a program, probably at the Woman's Club. The art students are hoping that we will also have a program in Orlando or DeLand. In the latter part of the year all art students will participate in a new type of art—finger painting (rather like making mud pies) which will be placed on exhibition.

LETTERS TO SANTA CLAUS

Dear Santa,
Please bring me a racer car, an electric train, and a steam shovel. I have been a good boy.

Justin Lynch

Dear Santa,
There are a number of things on my Christmas list this year, but there is one thing I am especially interested to have you take care of. I feel sure it will cause you much worry since the President of the United States, the Governor of Florida and many other people are worrying about it too. For this reason I am writing this letter to ask you for only this one thing. (I'll write you later about the other things.)

If you can make arrangements to fulfill this wish I shall be very happy and you will find a bag of cookies and candies on the mantle. Please, Santa, bring me a sugar coupon!

Thank you,
Barbara Ruprecht

Dear Santa,
As soon as you receive this, get a nice big box. Put these signs on it; DON'T TOUCH, HANDLE WITH CARE, C. O. D., SPECIAL DELIVERY. Inside, fix it nice and comfortable and put Ann Miller in it.

Hopefully,
Bobby Owen
P. S. If Ann Miller isn't available, send Rita Hayworth.

Dear Santa,
If you have any influence on the Navy, please use it. As I would love to have Jimmy wrapped up in cellophane paper, blue ribbon, and sitting under my tree, Christmas morning. Please be good and do it for me.

Yours truly,
Betty Jo Brock
P. S. I would kinda like to have Pete and Al under it too.

Dear Santa Clause,
Since I'm such an innocent little boy, I won't need anything this year. But will you please send my friend, Francis Wilson a 1942 Ford convertible with two superchargers and an overdrive. Please don't forget a pilot's license. Also include two pretty blondes; or better yet just send him Emily Matthews.

Your little friend,
Guyan Reel

Dear Santa Claus,
Foist, I want an explanation about last year, ya rilly did me doot, ya did. Why, ya didn't have a twig of what I asks ya fer, and was I mortrified when oily Christmas Mornin' I gets up and dips off to da parlor and look under da Christmas tree and yo ain't left nothin' like I rilly wanted.

Ya gotta make it up to me, Mr. Claws, which youse can easily do by bringing me da same tings what I asked ya fer last Christmas, and some pretty goils besides. In nder woods, what I wants dis year is pretty goils, a Moicway convertible, pretty goils, a Chris-Craft Runabout, pretty goils, a 12GA. Browning Automatic, pretty goils, a Indian Four-78, pretty goils, . . . and of course, I want some pretty goils, too. In fact, you might even bring me one P'dem Ejiptian Harems like what my uncle in the army wrote home about. But—bring me some pretty goils!

Yours very trooly,
Carl H. Moss, Jr.
P. S. Hope youse and yer missus is fine. My address is foist chimney east of Wilboro avenue goin' south from Ijeneva Street.

Dear Santa,
For Christmas I don't want much, but anyway here is a list of a few things I want: (1) a pound of radium, (2) a B-32 wrapped in cellophane, (3) a new 1947 green

cadillac, and last but not least, a one way ticket to California.
A good boy as always?

Pete Easton

Dear Sandy Claus,
Must have five new Goodyear 6.00x16 tires for my Ford, and cash enough for a grade A paint job. May need some help installing those new tires, so you'd better have me three Varga girls or Powers models.

Honestly yours,
Jack Benton

P. S. You can find me Christmas evening by buttoning up your top coat, increasing your manifold pressure on Doeder and Blitzen, and soaring up to 10,000 feet. Some where below you'll see me and my Ford, parked by the wayside, with me holding a blown-out tread-break on my lap vainly trying to nurse it back to health.

Dear Santa,
We have been especially good girls this year and are not asking much for Christmas, but one item would come in sorta handy. Mainly we would appreciate dates!!!! It's so little to ask, that I feel sure you will not disappoint us. We would not ask this, but we are now Juniors and only have one more year to go; so please, Santa, don't make the Junior boys so bashful in the future.

Patently waiting and we hope not in vain,
Certain Junior Girls

Dear Santa,
I have been a very good girl and all I ask is that you bring me a cute boy about 17, with eyes like Cox, personality like Laurier Beard, physique like Anderson and hair like Cox. Oh, Santa! Just bring me Cox!

A Sophomore

Dear Santa,
First of all I want you to know I've been a very good girl this year regardless of several other people's opinions.

I don't want so much this Xmas but if you happen to reach in your sack and find a car and juke and some new clothes, well I certainly wouldn't refuse them. Oh, and Santa, to please some folks would you mind putting a calendar in my stocking on Christmas Eve so people in Lake Mary will know what day it is.

And now Santa please make this the merriest Christmas for every one by bringing our troops home double quick.

Be seeing ya,
Lorelei Thorne

Dear Santa,
For Christmas I want Lee to come home. Then after that if I have a wish left over could I please have a juke and records?

I've tried to be a good girl. Look on the table for cake and milk.
Love,
Elizabeth Carver

Dear Santa,
Have you really got a heart as good as gold? Huh, Santa, have you? Well, Santa, if you have will you please bring us something big? Great big! Such as a stick of peppermint candy about a yard long and six inches in diameter. We just love peppermint!! Oh, yes! Santa, we have a list of some kiddes at S. H. S. who don't believe in you and we will send it next week. They're sure dumb aren't they, Santa? Thank you, Mr. Claus and remember the front door is open because we are cooking with gas.

Adois, hasta la nochebuena, Sus amigos: Jacqueline Michels
Offie Bell Fortson
Josephine Michels
Betty Hunter
Lois Halligan

BIRTH ANNOUNCEMENT

Mr. and Mrs. R. C. Miller announce the birth of a son, Terry Earle Miller, December 5. Mrs. Miller is the former Betty Earle, who taught Latin at dear old S. H. S.

FASHIONS

Winter is here for sure now, and around school, football games, and parties we see many good looking clothes.

Have you noticed ENDSLEY MEISCH'S violet sweater, or MARY ANN GALLOWAY'S pretty blue coat? Speaking of coats, there are plenty of pretty new ones seen around school. MARGARET DINGFELDER looks good in her bright red number, while EVELYN RATLIFF looks very attractive in her aqua one.

BILLY INGRAM and JEAN SAYER have darling sweaters with reindeers on them. Boy, have you seen KENNY LEFFLER'S bright red sweater? It is really zoot! Have you noticed all of the bright stocking caps many of the boys and girls are wearing? The colors are so loud you can hear them before you see them. The louder the cuter!

We really had cause to be proud of our sponsors at the New Smyrna game. DAPHNE CONNELLY looked very attractive in a yellow suit with black accessories. Her escort WESLEY JACKSON looked equally attractive in a brown sport coat. EVELYN MATHEWS was very cute in her light green suit with black accessories and KENNY LEFFLER looked very nice escorting her in his light sport coat. DOT CRUMLEY and WAYDE RUCKER were a good-lookin' tall couple with DOT all done up in black and WAYDE in a blue suit.

BETTY JO and BILLY GRAY were a darling couple. BETTY JO had on a lovely blue suit with black accessories, while BILLY had on a good-lookin' sport coat.

Have you ever noticed that our teachers also keep up with us when it comes to fashions? Our new American History teacher, Mr. McClellan, really dresses up. He had all of the boys envying his black as possible.

Well, so long until next issue.

SCHOOL

If you like to go in school You will study every day. But if you don't, will, darn it all You have to study anyway

There are a lot of high school kids Who like to skip their classes, But when the cards come out, they'll say,

"The teacher wouldn't pass us."

Once there were a bunch of boys Who had to go to school, But to tell the truth they'd rather be At Monk's Place playing pool.

With all the girls around the school Wearing jeans and shorts, We won't be shocked of all the boys Come one day wearing skirts!

The kids of dear old S. H. S. May sometimes be alarming, But let us say, for goodness sake, There's no one they are harming!
—Georgia Hutchins

DOROTHY CRUMLEY,
Vice President of the Senior Class, President of the Student Council, and President of the Celery Crate, was born in Eustis, Florida, on February 11, 1929, where she lived for nine years. Her favorite hobby is being a cheer leader. Doc's favorite actor is Spencer Tracy while her favorite actress is Hedy Lamarr. Her favorite food is "Corn on the Cob." Her pet like is snobbish people and her pet like is friendly people. She is also an active member of the Tri-Hi-Y. Her ambition is to marry a millionaire and buy herself a motorcycle, a horse, an airplane, and a convertible. That, fellow students, is all it will take to make her happy. All joking aside, she is really a SWELL girl.

HAROLD KASTNER, President of the Junior Class, and member of the Pan-American Club, was born in Paola, Florida, January 4, 1928. Harold's favorite subject is "Study Hall." His favorite actress is Diana Lynn, and his favorite actor is Danny Kay. His favorite food is steak. His pet like is dancing and his pet hate is work of any kind. His ambition is to get rich quick. His hobby is sports. He plays end on the football team, forward in basketball, also felder in baseball. Harold is known and liked by everyone.

ANITA AIKEN, that precious little freshman girl, was born in Winston Salem, North Carolina, on March 13, 1931. Her favorite subject is English. Her hobby and ambition is dancing. She thinks Van Johnson is simply out of this world. Rita Hayworth is her favorite actress. Her favorite food is just F-O-O-D!!!!

HERBIE STENSTROM, a prominent member of the sophomore class, was born in dear old Sanford, January 27, 1930. His hobby is reading mystery thrillers and his favorite subject is physical ed. His pet like is out of town football games, while his pet hate is gossipers. His favorite movie stars are Henry Fonda and Vivian Blaine. His favorite food is

GOOD SHOES
For All the Family
IVEY'S
SHOE STORE

chicken and dumplings. Herbie's ambition is to be a doctor. He is out for football this year and is a member of the Student Council. He was president of his freshman class.

CELERY AND SANDSPURS

To the teachers and students who made KNOW YOUR SCHOOL DAY such a great success we give a nice bouquet of CELERY.

Every student in school would give a nice bunch of CELERY for some new blenchers and a new score-board.

To the students who run and talk too loudly in the hall we give SANDSPURS.

To the students who persist in coming to class late, we give SANDSPURS.

SANDSPURS to the students who continue to insult the teachers.

G. A. BISHOP H. J. GUT
W. C. HILL M. J. LODGE

WHAT GOES ON IN THE CLASS ROOMS

Mr. M. W. Wilkins, teacher of Algebra I uses the inductive method. First, one problem is explained fully from the example given, then other problems can be done. He gives only four assignments each week. On Friday a test is given on the work covered during the week. If the pupils do not know the work, it is reviewed on the following Monday.

Mrs. Gladys Smith is the general science and radio teacher. The students are studying elementary beginnings of chemistry. It is presented through demonstrations in the class. The students keep laboratory records of each experiment.

The radio students are studying the principals of radio, with the comparison in operation of different types of detectors and audio-amplifier circuits.

This is to be followed by the study of battery eliminators. Each student will have experience in constructing a power supply and filter circuit for a radio receiver.

Mrs. Lucy Smith's tenth year English classes are studying parts of sentences. This covers simple subjects and verbs, nominative of address, appositive, predicate adjective, predicate nominative, adverbial objective, direct and indirect objects. The students must know all parts of speech and be able to analyze sentences. Sentence analysis as home-work and board work in class are used for drill.

Short stories are being studied in literature. Following completion of Regional Stories, the sophomore groups will take up Hawthorne stories, which are highly imaginative, fanciful, unreal, or idealistic. The students have given oral compositions from the Reader's Digest. This gives practice in public speaking.

Miss Barbara Ruprecht says, "The freshman home economics classes are beginning to feel the Christmas spirit. The girls are making Christmas gifts. Stuffed toys, hand-painted luncheon cloths and kerchiefs, quilted bedroom slippers, knitted mittens and scarves are some of the things being made. Many of the toys will go to the Red Cross to be sent to children in the bombed countries overseas. The last week of school before Christmas we will have a decorated tree with the gifts we have made placed around it. We hope you will come in to see our exhibit."

"The seniors will be making Christmas cookies and candies soon. We have found several sugar-saving recipes."

"On Tuesday, December 4, the senior group II of the Home Economics class served fried chicken to Mr. Morris and Coach Kettles. The girls enjoyed preparing and serving the meal to such appreciative guests. Both Mr. Morris and Coach stated that if any of the girls needed recommendations on their cooking that they are the ones who can help them out."

Miss Laura Chittenden teaches freshman English. During the past two units the work has been studying the analysis of sentences. Diagramming has been used to show the relation which the parts bear to each other. Punctuation has been stressed, with the students applying in sentences what they have learned.

In literature short stories have been read and enjoyed. In the recent study of epic poetry and folk ballads the students have learned that this type of poetry has been handed down from generation to generation.

Dr. J. B. Root emphasizes that the purpose of a course in literature is to teach the pupil to read. This means not merely the pronunciation of words but rather the grasp of the author's ideas and following his flow of thought. To understand the works of Elizabethan writers one must learn that many words which we use commonly today had at that time an entirely different meaning. For instance,

"confusion" then meant usually "destruction." Several hundred words have radically changed in their meaning. In the study of Macbeth the students having learned the ancient meaning of words are able dramatically to read a part and give a clear interpretation of the unfolding thought. A song book with famous songs from Shakespeare may be used to add incentive to study. Then the records by Maurice Evans and Judith Anderson are most helpful in bringing out the significance of great passages. So far, Shakespeare has not been filmed for school use. England is at present engaged in such a project and we hope within the next couple of years to be able to add this feature to our teaching aids in Seminole High School.

Mrs. Hilda Wray, teacher of civics and economics uses the problem and project method of teaching. In civics class a study is being developed of civilization over a period of 6,000 years. The illustrations for this work are being done under the able direction of Mrs. Babcock and her art students.

Some of the pictures and studies which have been taken up thus far are Time Through the Ages, The Cave Man, The Pyramids, Early Literature, Early Greek, Egyptian and Roman Civilization. Each of these is studied in relation to our present day culture, political and social standards. The civics class has a radio in their room and Mrs. Wray is interested in all modern methods of teaching as well as in modern equipment.

The economics class at present is studying the situation as it is occurring in our country between capital and labor, and what effect this will have on the economic condition of the citizens of our country. Each student is required to keep an individual record of various stocks showing the rise and fall of the market day by day. Cartoons illustrating the economic conditions, national and international, are now being made by the class.

Mr. L. E. Tew uses the contract method of teaching algebra II. These contracts cover about ten exercises with approximately sixty problems to be done in two or three weeks. The problems this six weeks are pertaining to graphs drawn from simultaneous equations.

The socialized general math class has studied area and volume of circles and circular solids. They are now studying interpretation and construction of graphs.

The physics class is studying the mechanics of gases, also the barometric pressure and its value in predicting weather.

P. T. A. MEETING

Mrs. Joe Corley, president, presided over the meeting of the High School P. T. A. at the school on Tuesday afternoon, December 4. Reports given indicated that the organization now has 448 members. Mrs. M. L. Cullum announced.

Mrs. R. F. Cole gave the devotional, Mrs. R. F. Cooper read the minutes, and Mrs. John Meisch, Jr. gave the treasurer's report. The library committee consisting of Mrs. Wayde Rucker, Miss Edna Chittenden, and Miss Barbara Ruprecht reported the selection and purchase of new material for draperies for the high school library. Mrs. Cooper, a delegate to the convention at Daytona Beach, reported on that meeting. A nominating committee was selected which included Mrs. B. B. Crumley, Mrs. F. T. Meriwether and Mrs. Phil Bach. Mrs. Elizabeth Kircher spoke on tuberculosis Christmas seals and gave a medley of gypsy airs as her musical presentation. Mrs. E. D. Brownlee was the principal speaker and her subject was Christmas and its various meanings which come through joyous giving and devotion to others.

Refreshments were served to the parents in the Home Economics room by Mrs. E. G. Kilpatrick, Mrs. B. B. Crumley and Mrs. F. T. Meriwether.

GETTIN, AROUND

MYRA SOUTHWARD went to Tampa in November to be maid of honor in her cousin's wedding. It seems she had a wonderful time!

MISS LAURA and EDNA CHITTENDEN spent Thanksgiving in St. Petersburg.

MARY ELIZABETH CARVER went to Georgia during Thanksgiving holidays.

Among those seen at the Bolles game in Jacksonville were DAPHNE CONNELLY, BETTY JO BROCK, JOHNNY BRUMLEY, SIMON DINGFELDER, CAROLINE LEE, LOUISE CLARK, DOT CRUMLEY, LYLIA BOYLE, BETTY CULLUM, PAUL PEZOLD, JACK MOYE, BILLY GRAY, BILL LUDWIG, DONALD DYESS, CARL WILLIAMS, EARL LEE, KELLY SMITH, GENE LE GETTE, MISS DURDEN, SAIDEE WILLIAMS, MISS STEVENS, DOT COLE, TOI LIVINGSTON, DILON BAKER, BETTY MATHews, BARBARA EDENFIELD, BETTY HALL, BARBARA RUCKER, MARY ANN GALLOWAY, SALLY MORRISON, MARJORIE ANDERSON, MARJORIE HURST, RUBY ANDERSON, BARBARA CHAPMAN, BETTY ROSE HOLLIHAN, WATSON JENNINGS, BUD SMITH, KITTY ODHAM, JEAN SAYER, and NANCY WILLIAMS.

MRS. COLEMAN spent Thanksgiving in Safety Harbor visiting her parents.

MRS. FORT spent the holidays with her husband in Wauchula. LOLO LEE and MYRA SOUTHWARD went up to Jacksonville the other day to see LOLO the 2nd (the Lee's new yacht, of course). MR. MORRIS skipped school Tuesday and Wednesday before Thanksgiving to go to Kentucky.

SISTER KENNY TAG DAY

On Saturday, December 8, the Junior Class was in charge of tag sales in the down town section. There were three tables attended by Juniors at Roumillat and Anderson's, Touchton's, and at the Post Office. The money taken in from this drive will be used to train nurses in the Sister Kenny method for the treatment of infantile paralysis. The Junior class will receive twenty-five percent of this money with which they will purchase some badly needed equipment for the hospital as a memorial to their beloved classmate, Pat Anderson.

TAMPA MUSIC CLINIC

On November 18 a happy group of students left S. H. S. on a school bus headed for Tampa with expectations of increasing their knowledge of music and a wonderful time also.

The "Clinic" group stayed in the Hotel Mirasol on Davis Island. We all worked hard, but thoroughly enjoyed it.

The concert, which was given in Tampa's Municipal Auditorium on November 20, was beautiful, with some 750 voices from all over the state participating.

Our hosts are off to Miss Whittle, our teacher who worked very hard preparing us and made the trip possible.

Those who attended the clinic this year are: Miss Whittle, Olive Bell Fortson, Helen Slaughter, Mona Ruth Mills, Evelyn Matthews, Jean McIntyre, Martha King, Phyllis Allen, Geraldine Hinchliffe, June Rose Dutton, Anne Lovell, and Myra Southward.

Also Wayde Rucker, Huston Babcock, Ralph Keogh, Richard Keogh, Ralph Cranston, Henry Richter, George Spencer, Dwight Peck, Leland Rudd, Stanley Stacy, Thomas Pinch and Herman Gano.

Generally speaking, a man likes a girl who is frivolous when he is frivolous.

FUTURE FARMERS HOLD INITIATION

Seminole Chapter of Future Farmers held its regular meeting at the Chapter house at 7:30 on December 4. After the regular routine of opening was completed, the president, Vern Clark, called for a report from the committee which had been appointed to raise chickens for the Future Farmers banquet this year. A motion was made and carried that a supper meeting be held on December 18. An agreement was made that the Future Farmers go to the State Fair in Tampa on February 9. Before the close of the meeting initiation was held, Douglas Bruno and Roger Herment being admitted as new members. The meeting was adjourned at 9:00 P. M.

VICTORY BOND DRIVE

As you all know the goal for our school for the Victory Bond Drive was three thousand dollars, or one hospital unit, and I'm sure you will be surprised as well as pleased when you know that so far we have not only achieved our goal, but we have surpassed it by almost twenty-two thousand dollars. This means that we can supply eight hospital units.

The bond auction which was held during the half of the New Smyrna-Sanford football game played a large part in helping us surpass our goal. Mr. Morris auctioned a football signed by all of our football players, Bill Fleming's football jersey, one of Fouts Brunley's football shoes, a picture drawn by Frank Robinson, and a football signed by all the players of the 1941 Navy team.

Mr. Owens paid \$5000 for the football signed by our players and Mr. John Ivey bought Billy Fleming's jersey for \$1000. Mr. Yowell was the biggest customer at this auction, for he bought Fouts' shoe for \$1000, Frank's picture for \$1000, and he paid \$5000 for the Navy football.

We are all proud of our success in this drive, but it is not over yet, so let's remember that from this

105 N. Palmetto Ave.

PHONE 1021

Well, here we are again with the inside lowdown on the latest gossip that makes talking so much fun.

PHYLLIS BACH can't wait until Christmas time cause PAUL HODGINS is coming home. They write long letters. Do you know why "GOOT" SINGLETARY hasn't been datin' the hometown girls? We hear it's because he's got a cute lil' blonde by the name of NELL GRIFFIN in Daytona. What's she got, "GOOT" that our girls haven't got? Did you know that P. R. BACH is president of the freshman class at military school? LILLIAN MORAN and BILLY SHUMAN have been seen together a lot lately. Some of the freshmen seem to be getting along pretty well. A few of these are CAROL SKINNER and MALCOLM MACNEILL; BARBARA EDENFIELD and BOBBY JONES.

HAZEL WILLARD seems to be carrying the torch for a certain New York boy meaning of course "BOOKIE" BACH.

Nothing seems to thrill BETTY HUMPHREY more than getting letters from ARTHUR DOUGHERTY, a former S. H. S. 'er.

We hear ANITA AIKEN and NED BELL had quite a time at ELOISE COOKS' party.

KENNY LEFFLER and MYRA SOUTHWARD have finally gotten back together again. Let's keep it up.

It seems that JEAN SAYER and ED FIELDING like each other's company. Cute couple!

We hear that JUDY JONES hated to see "CHIPPY" leave. Is that right, Judy? Who is the certain Senior boy that MARIE NETTLES is so crazy about? Could his initials be A. K.?

A certain senior girl who comes from Wagner proved quite an attraction to J. D. GROGAN and PAUL HODGINS when they visited S. H. S. recently. We don't blame them for visiting the library 6th period.

RALPH JONES and LAURA CURRY have been seeing each other quite a bit lately could there be a romance cooking?

Walking along in the pale moonlight Went Georgia and Ralph one lovely night

But wait! What could this be? What is this I think I see? Am I wrong or am I right? Is it Georgia and John this lovely night?

Yes? No, I'm wrong agsin, To sum it up it's Georgia and Gwyn!

Who's the boy that BETTY HUMPHRY has been seen with? He's no other than JACK BENTON.

A certain Junior boy thinks MYRA SOUTHWARD is plenty O. K. What about this KENNY?? Competition??

The following couples were seen recently having mo' fun!

NANCY WILLIAMS and IAN JENKINSON; LYLLIAN BOYLE and JOHNNY BRUMLEY; KITTY ODHAM and PORTER LANSING; CAROLINE LEE and GEORGE CHAPMAN; JOYCE GOOD-SPEED and VERN CLARK; HANK DAMPIER and ANDY ANDERSON; LOLO LEE and CARL WILLIAMS.

BETTY JO BROCK has been seen with BILLY GRAY recently. What about JIMMY A. BETTY?

LOLO LEE and JOE WATHEN have more fun talking about sailboats!

DILON BAKER has been getting around lately.

WALTER MEADS SMITH has the hearts of most of the sophomore girls. Nice work, WALTER.

How about BOB CULLUM and BETTY COPELAND being

seen together? Is this serious? KITTY ODHAM can't decide between VERN CLARK and PORTER LANSING. You can't be true to both, KITTY!

Just who does FLOYD COOPER like? There are quiet a few girls who would like to date him.

A new couple of the month, JUNE ROSE DUTTON and STANLEY STACY. They sure make a cute couple!

PEGGY PIPPIN and HERBY STENSTROM are at last together again—Lotsa luck!

J. W. ELLIS seems to be a steady escort of DAPHNE CONNELLY in the halls. Had you noticed? BUSTER FAIRCLOTH seems to think SHIRLEY MORELAND it.

The gremlin very quietly told us that "DEE" McCLELLAND has a very bad crush on JACK MOYE. It seems that JACK knows nothing of it. I don't think he would mind a little affection.

CLARK MOORE and LOR-ELIE THORNE were seen recently having fun.

Some of the couples seen at the Leesburg game were: BETTY COPELAND and AL DOUDNEY, PHYLLIS BACH and BUSTER FAIRCLOTH, LOUISE LUNDQUIST and PAUL PEZOLD, and JUDY JONES and KAY SHOEMAKER.

BETTE BALL thinks BILLY DUNCAN is strickly O. K.

EMILY MATTHEWS and GLENN LINGLE sure do enjoy each other's company.

RALPH KEOGH gets that gleam in his eye when BETTY ROWLAND is near.

EVELYN MATTHEWS really gets around. She can't seem to make up her mind.

CLYDE HUTT kinda likes the girls from Havana, Florida from all appearances.

WALTER SCHNABLE and ANNE LOVELL are seen together quite a bit.

JAMES CHESTNUT doesn't mind standing in lunch line at all, especially if VIRGINIA DANIELS is waiting also.

HARLET MATTHEWS and BILL KINARD really enjoy Algebra II 5th period. I wonder why.

GENE LEGETTE has really been getting around, and the Sophomores are helping him.

RALPH CRANSTON and GEORGIA HUTCHINS at the crate Saturday night. What goes here?? Better watch out JOHN ROOT.

BARBARA ANN and BOBBY JONES seem to be hitting it off pretty well.

It's been rumored hat BOBBY BRISSON really thinks MARY ANN GALLOWAY'S cute. What's happened to that cute little BETTY DUNCAN and JOHNNY ALEXANDER.

Wonder what has happened to JOHNSON and KELLAND? Could it be FORTSON?

Could any one please state where BETTY ROWLAND and RALPH KEOGH were Sunday night? Those two seem to be quite a couple. Shoot 'em a line, ROWLAND.

Who is that cute brunette you never see DICKIE FRANK without. Could it be VIOLA SKINNER? I just wonder who it is that has gotten CATHERINE RIVERS walking in the clouds? Could it be BILL COURSEY? RALPH JOHNSON, you had

INQUIRING REPORTER

Time: The Present
Place: SHS Campus
Questioned: The Students
Question: What Do You Think of Going Steady?
Lolo Lee: I wouldn't like to go steady 'cause I have too much fun dating different boys. But if I ever found one I really liked, Well, that would be a different story!

Alva Lundquist: Well I like it just fine!! (Could it be that she has a man to call her own?—Huh?)
Simon Dingfelder: I don't like it. It makes a boy feel obligated, and it puts a girl out of circulation.

Jeon Botled: It's all right for certain people. (Now, what did she mean by that?)

Kenny Leffer: It's heck! I've tried it!! (The voice of experience.)

Hazel Willard: I think anyone who goes steady has the right to do anything they want, but as for me, I don't think I would like it.

Daphne Connelly: I think that if a girl and a boy like each other enough to go steady then let them. But you are cut out of a lot of fun. You have time enough in future years to settle down to one certain boy or girl.

Caroline Lee: It all depends. If you like him, all right. But as for me, I don't like to over do anything.

Ed Fielding: Pretty good thing, especially wih Jean Sayer. (No wonder!)

Bill Ludwig: Possibly, but not probable, for me.

Gwynn Reel: Depends on who or, how many.

Sophia McDugal: Going steady is o. k. but anyone who goes steady is nuts!

Betty Jo Brock: Going steady is entirely up to the persons involved.

Jean Sayer: If you want to—O. K., if not, O. K. But as for my going steady—No opinion.

The teacher is my doggy-doll; I shall not pass.

She maketh me to show my ignorance; she leadeth me unto humiliation.

She racketh my brain; She leadeth me through the realms of chemistry for my grade's sake.

Yes, though I walk through the valley of facts and knowledge, I will learn no teaching; For thou art too deep for me.

Thy rod and thy staff they chastise me.

Thou preparest a lecture for me in the presence of my classmates; Thou anonitest my head with problems, my eye runneth over.

Surely atoms and molecules shall follow me all the days of my life; and I will dwell in the chemistry lab forever.

—Carl Moss

"Mister, would you give me two dollars for my dear sick mother?" "I wouldn't give two cents for her if she were well."

better watch yourself. MARY and DOT just love to pull hair. You know, RALPH, they both work in the same store. RICHARD KEOGH had a date Saturday night with EDNA LANDRESS. What about PHYLLIS ALLEN, RICHARD.

Well, that's all for now, but remember, if you know any hot gab, just drop it in the CELERY FED box upstairs.

DISAPPOINTED

Christmas morn, a jolly time
I'm feelin' gay and I'm feelin' fine
And on my face there's a great big grin
And in my heart a great big yen
For what dear Santa brought for me
But I do not know—I must go see.

Ah—down at last now to the tree
To see what Santa left for me,
Oh me! What's this so soft and furry?
Could it be a coat and hat?
No—No—It's only the cat!

A bracelet, gosh! Oh golly, gee—
Ooh! Just my luck—it's not for me!
But here's a box and it must be mine
Oh bother! Gloves—and not the right kind!
The tears were close, I could not see—

Why was old Santa so mean to me?
My heart was broken—I started to scream—
But just then I awoke—"Twas only a dream!"
—Georgia Hutchins

A LEGEND OF THE CHRISTMAS TREE

The Christmas tree seems to have originated in Germany, and can be traced back with certainty to the year 1604. There is a pretty legend in connection with it which makes St. Winifrid the inventor of the idea.

"In the midst of a crowd of converts he heaved down a giant oak which had formerly been the object of their Druidic worship. As it fell backwards like a tower, gnawing as it split asunder in four pieces, there stood just behind it, unharmed by the ruin, a young fir tree, pointing a green spire toward the stars.

"Winifrid let the axe drop, and turned to speak to the people. 'This little tree, a young child of the forest, shall be your holy tree tonight. It is the wood of peace, for your houses are built of the fir. It is the sign of an endless life, for its leaves are ever green. See how it points upward to heaven! Let this be called the tree of the Christ child; gather about it, not in the wildwood, but in your own homes; there it will shelter no deeds of blood, but loving gifts, and rites of kindness.'"

CELERY FEDS TROUNCE WINTER PARK BY 33 TO 19

Winter Park made an early touchdown in the first quarter of the game with a pass from Bryant to Osteen, after this the Fed's started to hustle.

Anderson tore through the center of the line for 25 yards and a touchdown. This was sparked by Cullum and Brooklyn who made the first 75 yards in an offensive attack. Other points of the game were a 12 yard pass from Andy to Cullum, two 6 point runs for 46 and 55 yards by Brooklyn and a 1 yard play by Anderson, all for touchdowns. Clark converted three points.

FEDS DEFEAT NEW SMYRNA BY SCORE OF 20 TO 13

Five thousand fans, the largest crowd of our season, attended this thrilling and memorable football game.

The tilt started off with an offensive attack by the Baracudas, starting Wilcox and Shafer which ended in a touchdown made by Mier, their 250 lb. fullback.

The tilters then turned and Brooklyn, Cullum and Anderson drove for a score made by Andy. Clark ran around end for a conversion after picking up a bad pass from center. Score 7-6. In the second half Cullum outsmarted and outran the opponents to score by a 47 yard run. Another march down the field, run by the three backfield aces protected by splendid blocking offered by the line, lead to a score by Anderson in an 8 yd. plunge.

The finest and most thrilling play of the game was a 48 yard pass from Mier to Wilcox of the Baracudas scoring 6 points and a conversion followed, also completed by Mier.

BOLLES WINS 13 TO 6

The Cadets kept the Fed's from becoming champions of the East Central Florida Conference at their home field in Jacksonville despite keen playing on the part of the Fed's in the first half.

The Seminole High eleven outplayed the Cadets all through the first half. Anderson made 53 yards and a touchdown after running the ball eight times in sequence. In the second half Bolles made two scores, one was an 85 yard run back.

FEDS LOSE TO ST. AUGUSTINE 7 TO 0

The Celery Fed's lost by a low margin to a heavier and larger Ketterlinus high school team. This was one of the hardest fought games of the whole season, and the Mulletts will remember this night.

After a 46 yard march St. Augustine scored by a pass from Skinner to LaProdd in the end zone.

The Fed's threatened twice treading deep into Mullett territory. The ball was lost on downs both times. Andy and Cullum drove 37 yards which ended on the St. Augustine 12 yard line on fourth down and Anderson, Brooklyn and Cullum drove again within one yard of a score when the Mulletts took over.

SANFORD DEFEATS LEESBURG BY 28 TO 0

A score and a conversion were made in each quarter of this one-sided victory for the Celery Fed's. Anderson, Brooklyn and Cullum were making 8, 15, 20 and 30 yard runs all night.

Anderson made three touchdowns and Brooklyn made one while Clark

converted all four extra points. Kilpatrick intercepted a pass and ran 42 yards before being brought down.

The reserves were poured in during the last four minutes of play. Piery made two fine runs, one of 20 yards and one for 15 yards which looked to be a touchdown play but a loose secondary stopped it.

CELERY FEDS WIN OVER DELAND BY 7 TO 0

Neither team made much headway in this second contest between the Fed's and Bulldogs this season. After a drive from the Fed 47 yard line made by Anderson, Cullum and Brooklyn to Deland's 15 yard line it was looking bad for the Bulldogs.

Cullum took the ball from center and went off tackle then cut back to score the only touchdown. Clark converted the extra point. Lingle, Fed's star end, played a great defensive game.

B-SQUAD TAKES MAINLAND BY 13 TO 12 SCORE

The Daytona Squad held a 15 or 20 lb. edge over every player on the Fed team. The first kickoff ended with an 81 yard runback by Brownlee of Mainland for a score. Five minutes later McClelland went over center for a 4 yard score making it 12 to 0.

Piery and Alexander sparked the Fed's drive. Holly picked up 35 yards after Alexander brought the ball to the Fed's 25. Bill Jennings caught a pass from Piery and was touchdown bound. Piery ran the ball over for the extra point.

Sanford recovered a fumble on the Buccaneer 31 yard line and Alexander and Piery ran it to the five yard stripe where Donald Deal plunged for a score.

There have been three other games played by the B-Squad this season which unfortunately resulted in defeats. Lansing, Grantham and Kinny starred in these games and they are quite a combination.

There will be quite a few like Lansing, Grantham, Deal, Wetherington and Jenkinson who will play a lot of varsity ball next year. Tom Kinny, star back, won't be with us next season as his family is moving away.

SOFT BALL TOURNAMENT

Well girls you can now all bow down to the almighty Junior girls who are the school's champion soft ball players.

The Juniors first defeated the Freshmen. Then the Seniors beat the Sophomores to be defeated in a hard struggle by the Juniors, with a nine to seven score as the outcome.

The Seniors played under the very capable Ann Lovell. The victorious Juniors' manager is Thelma Reynolds. The Sophomores played under Frances Le Fils and the Freshmen under Vivian McDaniel.

During the second six weeks, the girls of S. H. S. have enjoyed playing basketball in gym. During the week of December third through seventh will be after school practice and tournaments to prove who is the champion class of basketball.

Miss Durden said the gym classes will play volleyball for the gym activity of the third sixth weeks.

BASKETBALL SEASON STARTS DECEMBER 10

Coach McClelland stated that the basketball season starts after the last football game and urges all prospective players to report as a large season is planned. The practice will be at night through the Christmas vacation, so come on all you athletes and let's have a bang-up season!

WHO WANTS WHAT FOR CHRISTMAS

DICK KEOGH—Any kind of a car and a new singing voice so he can croon to Miss Whittle.

WESLEY JACKSON—Some Sanford girl who would really love him.

VIRGINIA REAVES—A white, hand-knitted sweater.

RALPH KEOGH—One 1946 Chevrolet (Doesn't want much, does he???)

BETTY YARBOROUGH—A free trip to Miami for the Orange Bowl Game.

E T T I E JANE GLEASON—Clothes and Luggage.

ELIZABETH CARVER—If one certain Marine could be home for Christmas she would be very happy.

DILON BAKER—A convertible (Or any kind of a car) and a big fat candy stick.

"TOI" LIVINGSTON—Two million dollars and a little kitten.

S A L L I E MORRISON—The man of her life to come home.

DWIGHT PECK—Kind words and ice water" (If anyone gets what he means will they please let us know?)

DONALD DYESS—A car and a certain blonde.

PHYLLIS ALLEN—A juke and lots of records.

OLLIE BELL FORTSON—"Most anything."

HAROLD KASTNER—All this guy wants is one Million Dollars and two 19" tires. They don't have to be especially new, just so they are tires.

EDNA LANDRESS—Some new skirts and sweaters and a big black and white panda bear.

JEAN SAYER—A new evening gown and a new green wool suit.

JEAN WILLIAMS—A juke, records, a ring, and some more jewelry. And on the side she could use a convertible, and a certain person to be home.

DAPHNE CONNELLY—A juke, records, gobs of new clothes, and a big puppy.

BETTY ROWLAND—Clothes and more of a certain Senior boy. (Yep you guessed his name. He's none other than Ralph Keogh)

WALTER MEAD SMITH—Three more weeks vacation.

JOYCE GOODSPEED—A nice surprise package.

S I M O N DINGFELDER—Most anything.

BETTY HUMPHREY—If Arthur Dougherty can come home she will be happy!

All library books must be returned before school closes for Christmas holidays on December 14.

WHO'S NEW

When school opened this year, we discovered a number of new kids sitting in chapel and in classes, so here is the dope on a few of them to help you get acquainted with these newcomers!!!

JAN JENKINSON, a new junior boy, was born in Jacksonville, Florida, July 11, 1929. Since then he has really been around. He has attended twelve different schools in Gainesville, Ocala, Williston, Inverness, Deland, Palatka, Green Cove Springs, Brantville, Dade City and others. He really hopes to finish here and we hope so, too. His favorite pastime is football at the present. His pet like is seeing a show with good company. (Um) His pet hate is too much homework. His favorite food is fried chicken with French fried potatoes, and as a hobby he likes to go fishing. His favorite movie stars are Betty Grable and Gene Kelly. Jan's ambition is to be a good boy!!

Next there is **LOIS LEE** who was born way up in Alameda, South Dakota. She attended Deland High School last year. Her favorite pastimes are attending the movies, football games, and participating in sports. Her pet like is friendly people, while her pet hate is unfriendly people. Give her fried chicken and cherry pie a la mode and she is satisfied. Her hobbies are reading and drawing. Her favorite movie stars are Alan Ladd, Van Johnson, Bette Davis and Claudette Colbert. Lois's ambition is to be a secretary and marry the boss!! Good luck to you, Lois!

PETE EASTON, the dream of the freshman class, was born in Honolulu, September 8, 1931. Since then he has lived in Coronado, California, Norfolk, Va., Washington, D. C. His pet like is the navy, and his pet dislike is women (???) As a pastime he just likes to sit around. As a hobby he collects drawings of Varga girls. His favorite movie stars are Esther Williams and Dana Andrews and his favorite food is steak. His ambition is to join the navy.

HELEN SLAUGHTER, a new junior, was born in Oak Hill, Florida, October 10, 1928. Last year she attended school in Lake Butler. Her favorite pastime is writing. Her pet like is going to the movies. Her pet hate is persons chewing gum with mouth open. Her favorite movie stars are Greer Garson and Gregory Peck. As a hobby she collects shoes—Little ones. She would like to be a writer or to work at a radio station.

CHRISTMAS DANCE

Put this one on your list. The YPSL of the Holy Cross Episcopal Church is putting on a dance with fine music and free refreshments at the Parish House on Saturday evening, December 15th. It's going to be one of the best, so everybody come!

KNOW YOUR SCHOOL DAY

In observance of National Education Week, November 16 was known as **KNOW YOUR SCHOOL DAY** at Seminole High School. In the morning a demonstration of the work of each department of the school was given in chapel by the teachers and pupils.

Classes were resumed at 12:30. After the parents had enjoyed a hot lunch in our lunch room, a tour of the school and grounds was conducted by the principal, Mr. Morris. After this, a program was given in chapel showing the organization and work of the various extra-curricular activities.

The entire day was a great success and much credit should be given to the faculty committee responsible for the arrangements, Miss Laura Chittenden, Mrs. Hilda Wray, and Mrs. Lucy Smith.
