

SPORTS

Pictures of the boys and girls who were in the track meet were shown in auditorium last week. These included group pictures of all boys and of all girls who participated in the meet and separate pictures of those who were point winners. These pictures were made and developed by Mr. Lewis.

A picture of the cast of "Mother Carey's Chickens" was also shown.

8-3 Holds Picnic

8-3 held a picnic at Olivia Park two weeks ago. Mr. Hammond is home-room teacher of this section. Miss Ford, Miss Henderson and Miss White were guests. 8-3 challenged 9-5 to a baseball game, which was evenly matched. 9-5 with Miss Brown, Miss Broadbent and Miss Mitchell, were also having a picnic.

The Who's Who club is studying about Edward Bok.

More Picnics

7-2 had a big picnic at Oak Island last Friday. Miss Scruggs, Miss Glace and Miss Broadbent were sponsors. Miss Graham was a guest.

The members of the Journalism club took an afternoon off from news writing and also picniced at Oak Island last Friday. Miss Henderson, Miss Datson and Mr. Hammond were the sponsors.

Be modest in speech but excel in action.—Chinese Proverb.

Veteran Campaigner.—Old Slow Poke—"Mister Jackson, er—that is, I would like to, er—that is, I mean I have been going with your daughter.

HUMOR

Hubby: There is something wrong with this soup.

Wife: Impossible. The cook book says it is perfectly delicious.—Ex.

Miss Broadbent: Give Edison's definition of genius.

Thomas Nickels; Genius is one per cent inspiration and 99 per cent recreation.

Lift His Face.—WANTED—By an Experienced carpenter, alterations, finishing, general repair.—Ex.

Father: Son why are you always at the bottom of your class?

Son: Well, dad, it really makes no difference, we get the same instruction at both ends of the class.

Some books are to be tasted, others swallowed and some few to be chewed and digested.—Bacon.

Tom: when you are facing the north, what is on your left hand?

Champ: Fingers.

Fred: How are cows and nickels alike?
Bob: They both have heads and tails and two rides.

Wanted; Lester Barlow's formula for the perfect marcel. Helen Nice,

Wanted: An extra quart of milk a day. Allen Hage.

Wanted: Someone to understand me. Jack Ferrell.

One Cent

BEST CITIZEN CHOSEN

The outstanding citizens in the school, as determined by student vote last fall' were presented in auditorium on Wednesday, April 17, by Mr. Meyer. These students were selected on the basis of personal characteristics scholarship, service, leadership and health. All of them are outstanding leaders in some phase of school life.

A second balloting was taken on Wednesday, April 24, to determine who should be winner of the citizenship cup for the year 1928-29. The person receiving the highest number of votes will be announced in auditorium next wednesday and will be presented with the citizenship cup.

The following students were considered: Betty Trimble, Maurice Harding, Allen Hage, Ester Hodek, Ormund Powers, Frances Slaughter, Montte Tanner, Mary Terhune, Shan Kazarian, Richard Lawson, Mary Parrish, Sammie Bethea, Temple Carter, Dorothy Cuthbertson, Betty Meyer, Barbara Parker, Yulee Way, Roberta Barnett, Billie Davis, Hal Davis, Betty Guernsey, Ruth Lerch.

GREAT MYSTERY SOLVED

Cherokee's super sleuth, Glen Thompson, announced last Wednesday that someone had absconded with Miss Vanenburg's "environment". As an environment is very necessary to Miss Vanenburg's happiness, Mr. Thompson at once began to exercise his deductive powers, a la Sherlock Holmes.

GUIDANCE PROGRAM

As a part of the Guidance Program in the Junior High Schools, two different events of importance will take place soon. On April 29th and May 1st, all of the sixth grade pupils in the city will visit either Cherokee or Mmeerial to take their first look at the school in which they will live and work next year. These pupils will be entertained in the Auditorium and then permitted to visit some of the classrooms. In preparation for this visit, Mr. Meyer is now meeting all of these sixth grade pupils in their own schools, telling them what a Junior High School is and what they may expect to see when they come.

Within a week or two Mr. Walker, Principal of Senior High School will be a visitor at our Ninth Grade Forum, and present to all ninth grade pupils the information they will need to know when they choose their subjects for the tenth grade in Senior High School.

A schedule of visits for both Junior High School is being worked out so that each ninth grade pupil will have a chance to see the Senior High School at work and to observe how many of he classes are organized.

Almost immediately he discovered that the valuable environment had not been taken but merely borrowed by one of Miss Vanenburg's associates, Miss Tate, to whom an environment is also necessary.

The matter has been satisfactorily adjusted and now both may be seen with and in their proper environment.

EDITORIALS

Many thoughtful persons are anxious about the future. Perhaps they have a right to be so. It is true there exists much selfishness, prejudice, and indifference to law and order. The churches and schools, however, are setting up splendid programs whereby boys and girls may grow into maturity with good habits of desirable citizenship firmly fixed.

Now, what is the responsibility of the pupil in the school today? Is he going to treat his opportunities seriously and attempt to meet them for his own sake, or is he going to waste his time in idleness and fun? Only knowledge and skill will assure the individual a high place in the world. These traits come as a result of sincere application into the schools' tasks.

A. M. Meyer

Some men succeed better than other because they attempt more.

"The candy we make is untouched by human hands."

"Hwh! So's the top of Mount Everest but that doesn't make it good eating."

CALENDAR OF EVENTS

May 1: Section 9-2 will give play in auditorium,
May 8: Student council in charge of program.

OBSERVATIONS

Only five more weeks of school.
And one more set of exams.
And one more report card to dread to take home.

Then our ninth grade will be leaving us.

Three whole months in which to do nothing. Why doesn't the Board do something about it?

It's been a good year. Cherokee has won many honors.

The students on the whole have done well, though could have done better. We've all had a wonderful experience and are sorry there is such a short time in which we can be together.

EXCHANGE

Spanish Class Publishes A Paper

"Los Tiempos" is by far the most interesting exchange we have received in some time. It is a four page mimeographed newspaper published entirely in Spanish by Spanish students of section 9-6. "Senorita" Esther Hodeck was directora of this edition.

The make-up is unusually attractive. It contains all the essentials of the city newspapers, such as radio programs weather forecast want ads, cross word puzzles, movie advertisements, as well as news items, personals and joke

The class and its instructor, Miss Glace, deserve high commendation for his project.

CLUB NEWS

Student Council Makes Pilgrimage

The following report of the pilgrimage of the Student Council members to the "Singing Tower" at Mountain Lake is made by Esther Hodeck:

The Student Council enjoyed its trip to the "Singing Tower" through the science highland of Florida.

From the time the council entered the wonderful sanctuary until it had the view of the landscape from the very top of the tower, the council thought it the most wonderful thrill ever experienced.

The afternoon was spent in walking through the sanctuary and noting the various and numerous kinds of birds and flowers. It is a spot of beauty, quietness and peacefulness.

Before the recital the council enjoyed a trip through the tower. The antique furniture was of interest to all.

The carillon of 61 bells is the largest one ever cast and the stairs were so close that many touched some of the bells and were thrilled. The tenor bell has on it inscribed, "This carillon is a tribute of affection from Edward Bok to his grandparents, lovers of beauty. Nineteen hundred and twenty-six."

Anton Brees, the carillonneur, showed the visitors how the carillon was played. It is played on a keyboard or clavier similar to an organ or piano. After leaving the tower, the recital began. The bells sweetly pealed forth national and sacred songs. A very beautiful scene was the re-

PERSONAL

The minstrel given by section 8-5 was such a success that it has been carried to both Senior High and Memorial.

Sections 7-7 and 8-4 have both put on interesting programs in auditorium recently.

Mr. George Patterson, one of our city commissioners, addressed the 9th grade Civics classes Friday. His subject was "The City Government of Orlando."

The cast of "Mother Carey's Chickens" held a picnic at Palm Springs last Friday.

Maun Pillow is the first among the typing students to apply for a certificate of efficiency. In order to receive a certificate the pupil must write at least 30 words a minute with no more than five errors. Maun Olo's speed was 31.3 with only three errors,

At evening when the crimson crest
Of sunset pass down the West,

I hear the whispering host returning;
On far-off fields, by elm and oak,
I see the lights, I smell the smoke,—

The Camp-fires of the past are burning.

—Henry Van Dyke.

flection of the tower in the artificial lake before it.

After the the council left for Lake Wales it enjoyed a picnic supper and a merry time at the playground.

"Do you know" said the successful merchant, pompously, "that I began life as a barefoot boy?"

"Well," said the clock, "I wasn't born with shoes on, either."
