## POWER SYSTEMS DIVISION

Management Personnel  
Fellow Engineers & Scientists

The Power Projects Development Department is restructured as follows.

Mr. Jarvis D. Cotton is appointed Manager, Marketing and Sales with the following responsibilities.

Mr. David R. Hamzavi remains Manager, Generation Projects Development.

In order to achieve more flexibility and focus on closing projects, we have eliminated the demarcations between electric utility, industrial and international market segments. Accordingly, the project development and regional planning activities will be handled by two project development groups.

Mr. George C. Lamonettin is appointed Manager, Region I Project Development.  
Mr. Peter G. Abdalla is appointed Regional Sales Manager reporting to Mr. Lamonettin.

Mr. Michael E. Glasgow is appointed Manager, Region II Project Development.  
Messrs. Robert J. Gross and Ernest A. Izzo are appointed Regional Sales Managers reporting to Mr. Glasgow.

Messrs. Lamonettin and Glasgow will be responsible for coordinating all regional planning activities as well as project development of large complex projects.

Messrs. Robert L. Brooks, Michael D. Costa and Daniel L. Vargo are appointed Project Development Managers.

Mr. Gary Albrecht, Manager, Generation Proposals, will continue in his current function responsible for steam turbine and expanded scope steam turbine proposals.

Messrs. Lamonettin, Glasgow, Brooks, Costa, Vargo and Albrecht will report to Mr. Hamzavi.

Mr. Van B. Walker is appointed Manager, Engineering Services Marketing.

Mr. John E. Hord, Manager, Marketing Applications; Philip H. Woolhiser, Manager, Contracts Development and Commercial Applications; and Dennis M. McCarthy, Manager, Installation, Construction and POS Marketing will continue in their current functions.

Mr. Dwain W. Alexander will continue as Manager, PED Product Line Marketing.

Mr. Peter P. DeRosa, Director of Technical Programs (Juno Beach) and Ms. Nancy A. DeAngelis, Manager, Marketing Communications, Engineering Services will continue in their current positions.

Ms. DeAngelis and Messrs. Hord, Woolhiser, McCarthy, DeRosa and Alexander will report to Mr. Walker.

Mr. Joseph A. Dahlheimer is appointed Manager, Nuclear Plant Programs replacing Mr. James J. Holland who has accepted a position in the Nuclear Fuel Business Unit.

Ms. Mimi H. Limbach, Manager, Marketing Support Services and Mr. Ernst H. Weiss, Manager, International Development Programs will continue in their present positions.

Along with Messrs. Hamzavi, Dahlheimer, Walker, Weiss and Limbach, Messrs. Walter B. Thee, President, (W) Energy Systems Japan; W. Michael Owen, President, (W) Energy Systems Asia; and Richard E. Seif, Vice President, (W) Energy Systems European Business Development will report to Mr. Cotton.

Mr. Reginald S. McIntyre continues as Manager, Combustion Turbine Operations Marketing reporting to Mr. Hank Kaczowka, Manager, Combustion Turbines and on a matrix basis to Mr. Cotton. The product line includes combustion turbines, parts and services, and expanded scope combined cycle proposals.

Mr. Steven R. Tritch, is designated as Manager, Marketing, Advanced Engineering and Government Programs. The organization previously reporting to Mr. Tritch continues with the exception that the business resources function will now report to Mr. Theodore S. Andersen. Mr. Andersen will continue to report to Mr. Tritch. Mr. Tritch will report to Mr. Joseph M. Giglio, Manager, Advanced Energy Systems and on a matrix basis to Mr. Cotton.

Dr. Ronald R. Henderson is appointed Manager, Commercial Integration and Licensing with the following responsibilities.

Mr. Edward P. Gerstenhaber, Manager International Technology Programs will continue in his current function.

To better coordinate and consolidate our U.S. based activities for the Japanese market, the functions previously performed by Mr. Arthur E. Stephen and Mr. Gerald L. Gregg are combined. Mr. Stephen is appointed Manager, Asian Technology Programs and will report to Mr. Edward P. Gerstenhaber for Asian licensing activities and on a matrix basis to Mr. Walter B. Thee for overall Japanese activities.

Mr. Philip P. Evison will continue in his current position as Manager, Commercial Integration with responsibility for corporate approvals.

Mr. Richard A. Musmanno is designated Manager, Contracts. Mr. Musmanno will have primary responsibility for preparation, analysis and review of all major contracts and agreements.

Mr. Gerald L. Gregg is appointed Manager, Special Programs. Gerry will be primarily responsible for special assignments related to contract closures.

Mr. Randy H. Zwirn will continue as Director Projects Investment Programs.

Messrs. James D. Mottley, Manager, Generation Planning and Hugh R. James, Manager, Investment Programs will continue in their current positions reporting to Mr. Zwirn.

Messrs. Zwirn, Musmanno, Gregg, Evison and Gerstenhaber will report to Dr. Henderson.

Mr. Cotton and Dr. Henderson will report to T. E. Campbell.

T. E. Campbell  
General Manager  
Power Systems Division
