

Headquarters  
Site Activation Task Force  
Ballistic Systems Division (AFSC)  
United States Air Force  
Francis E. Warren AFB, Wyoming

4 December 1961

Mr. Cal Fowler  
c/o B. G. MacNabb,  
Astronautics Base Manager  
Cape Canaveral, Florida

Dear Sir:

You are cordially invited to Warren Air Force Base, Cheyenne, Wyoming, on December 12th, 1961, to attend ceremonies marking completion of the first United States Air Force Intercontinental Ballistic Missile Wing.

A tour of the 566th Strategic Missile Squadron Complex 11 at Nunn, Colorado, is planned commencing at 3:00 p.m. There will be a special convoy leaving the Plains Hotel at 2:15 p.m., or you may go directly to the complex if you desire (map attached). The Commander of the Site Activation Task Force will present the keys for the missile complexes to the Commander of the 566th Strategic Missile Squadron. Following this ceremony and a tour of the complex, you are invited to the Plains Hotel where cocktails and dinner will be served in the Range Room commencing at 5:00 p.m.

I sincerely hope that you will be able to participate in the ceremonies marking this historic event.

Sincerely yours

William E. Todd  
William E. Todd  
Colonel, USAF  
Commander
