Formerly of Bradford, Pa.

We landed here the 26th of October, 1911. Moved in our new house in January 1912; have $2\frac{1}{2}$ acres cleared of roots and stumps; forty rods west of city limits on a twenty acre tract, straddling a small beautiful lake. We are planting our third garden at this writing, January 1913; we are having for the table the following (Goodies) : Strawberries, lettuce, onions, radishes, celery, beets, cabbage, turnips, rutabagas, tomatoes, and cucumbers.

This picture was taken by a friend unbeknown to us. Exchange my shirt sleeves. House 24x24; porch 10x56 feet. We are having our after dinner chat and smoke.
