NUMBER 16

WHITE WAY RESTAURANT CLOSED FOR REPAIRS

The White Way Restaurant closed this week and will reopen about Sept. 15th. The place is to be entirely done over and remodeled. A tile floor will be put in and more tables added, thus enlarging the capacity of the restaurant. The lunch room also will be re-arranged, with the counters placed in the form of a horse shoe, giving more space for customers.

The restaurant, which opened for business on Christmas Eve last winter has had a remarkable year, far beyond the expectations of the management. Mrs. Manning has now gone north to make arrangements for taking care of the increased business which they expect to have this coming winter.

Not only is the financial success great, but the restaurant ranks high as to its sanitary condition. The state inspector who has recently looked over the establishment rated it at 94%, the 6% lacking to give it the perfect mark being due to a structural defect in the building which is to be remedied immediately.

LONGWOOD STATE BANK OPENED

Longwood's first banking institution, the Longwood State Bank, opened its doors to the public Monday afternoon for the first time, telegraphic permission having been received from the state authorities allowing the officials to do so.

The bank is capitalized at \$20,000, and bids fair to develop into one of the strongest financial institutions in the county.

Officers of the bank are C. W. Entzminger, president and chairman of the board of directors, J. E. Walker, first vice-president and cashier, and B. J. Overstreet, second vice-president. The directors are C. W. Entzminger, chairman, B. J. Overstreet, J. E. Walker, L. J. Slade and J. H. Hartley.

Mr. Entzminger and Mr. Walker are well known to the people of the county, the former having recently resigned as county commissioner after a loyal service of thirteen years, and the latter being mayor of Longwood.

(Continued on Page 4)

PROCLAMATION

I, E. A. Upmeyer, by virtue of the authority vested in me as mayor of the Town of Lake Maitland, Florida, do hereby proclaim:

The Week of Sept. 6th to 12th to be
CLEAN-UP WEEK

Property owners and residents are requested to observe this proclamation and arrange, during the week above mentioned, to cut and remove all weeds from fence lines and yards, to repair fences and buildings, to clear out all rubbish, and to otherwise improve the appearance of their property.

Rubbish deposited in piles at the curb line will be removed by the town truck.

The co-operation of all citizens is urged in order that we may maintain our pride in Maitland as a delightful and attractive town to live in and that we may present it in its best form to the host of tourists and winter visitors.

Signed E. A. UPMEYER,
Mayor.

Attest: E. T. OWEN, Town Clerk

TOWN OFFICES MOVED

On Saturday the town offices were moved from their temporary quarters in the post office to the new Municipal building. During the summer the upstairs room will be used as an office. Water and electricity have been connected and the place is being put into good order.

E. A. UPMEYER REPORTS CONDITIONS GOOD IN GEORGIA

Mr. E. A. Upmeyer, mayor of Maitland and President of the Bank of Maitland, who has recently returned from a business trip to Atlanta, says that there is a better outlook for farm crops of all kinds in Georgia than there has been for six years and that business and financial conditions are excellent. Incidentally he reports that Georgia can outdo Florida when it comes to lightning and rain storms, as he encountered one of the worst ones he has ever experienced, in Atlanta, 2.37 inches of rain falling in an hour.

OFFICERS OF ORANGE COUNTY C. OF C. ENTERTAINED BY MAITLAND CHAMBER

At the regular monthly luncheon and meeting of the Maitland Chamber of Commerce held at the White Way Restaurant, August 12, C. T. Bickford, assistant secretary of the Orange County Chamber of Commerce, and J. G. Wheldon and A. T. Coith of the Orange County and Orlando Chambers, were present and spoke of the work being done by the County Chamber. Mr. Wheldon, who is Industrial and Agricultural Secretary, spoke of his plan to bring industries to the various communities in the county, and Mr. Coith, who is on the Beautification Commission, told of the county nurseries which are at the disposal of any town or individual wanting to make plantings on or in sight of the highway. Mr. Bickford explained the plan of co-operation between the Orange County and Orlando Chambers now that Karl Lehmann has become Secretary of both bodies, by which each takes charge of certain aspects of work, the publicity being handled for the two together.

After considerable discussion on the subject of the unkept condition of the roadsides due to the overgrowth of weeds, it was decided to endorse a Clean-up Week and to ask the property owners and residents to co-operate in cleaning up their premises. The details were left to the Executive Committee to work out.

About thirty people were present at the meeting. Announcement was made that the next meeting on Aug. 26th, will be an evening meeting, at which time the various committees will report on the work done by them through the summer.

GASOLINE STOVE EXPLODES

A gasoline stove in the home of K. N. McPherson exploded, causing considerable damage in the kitchen, where a window was broken and fire broke out. The fire department was called, but the flames were extinguished by workmen on the place before the department arrived.

CLEAN-UP WEEK

The Mayor's Proclamation, designating the first week of September as Clean-up Week, is heartily welcomed by the News.

The first week of the first fall month is a most appropriate time for this action. To those of us who came from the north, the odor of burning leaves always brings to mind a crisp autumn day, the fields clean and brown after the harvesting of the crops, the trees bare of leaves, the weeds and roadside flowers cut down, and all outdoor activities turned toward cleaning up preparatory to the rigors of winter—an interesting but sad labor.

But here in the south what a different aspect does the fall cleaning have. Here it is preparatory to an active, not a dormant season. We are simply clearing out one period of growth to make way for another. With how much greater energy and enthusiasm should we attack this work, since it means making ready for that season of the year in which our lives are so filled with both work and pleasure that there is no time for doing "odd jobs" around the place.

So let us respond whole-heartedly to our Mayor's proclamation. Let us help the town to clean up the roadsides; let us prepare our own property for winter planting; let us repair and

paint our buildings; let us put our houses and grounds in perfect order so that our town may be more beautiful than it has ever been.

I enclose one dollar for which please put my name on your subscription list for 2 years. I have received several copies of your newsy paper already, and appreciate it very much, and am sure it will make a rapid growth. Wishing you success, I am,
Very respty,

R. B. YAW.

WHITE WAY POSTS KNOCKED DOWN

Many are the vicissitudes of the White Way posts along the highway. Last week a post near Lake Faith was cut neatly off just above the ground one evening by an unknown auto, and on Sunday a post near the south end of town was knocked over by a car which skidded and demolished a Ford as well as the post. No one was injured.

LOCAL ITEMS

The Misses Inez and Marion Kyle, who have been visiting their sister, Mrs. Arthur Wellons, for the past two weeks, have returned to their home in Mangrove, Florida.

M. L. Kyle returned from Tampa on Sunday, where he has been spending a week's vacation. He expects his father to come to Maitland next week to join him in his business.

R. A. Posey and family, after spending several months in Winter Park, have returned to Maitland and are occupying the house near Lily Lake, owned by Capt. Harris.

Mr. and Mrs. C. J. Woodward left Wednesday for several weeks' trip through the eastern states, spending some time in Boston and returning through Philadelphia, where they plan to visit the Sesquicentennial Exposition.

Mr. and Mrs. W. F. Parker and Mr. and Mrs. W. L. Parker, have returned from an extended motor trip through the middle west. Mr. Parker reports the roads in general, very good in Ohio, Indiana and Illinois, but poor in Missouri, through which they came on their return home.

Your Valuables are Worth More Than \$2 Why Take Chances?

In the event of fire or theft your valuable papers and articles are liable to be a total loss, and many of the things you value cannot be replaced, others can be replaced only at some expense and great trouble.

Such loss is easily avoided if you have a safe-deposit box in your bank, and the cost of a box compared to its value to you in case of fire or theft is nothing.

Let us give you a box in this bank's vault free of charge until January 1st, and then charge you for it at the rate of \$2.00 per year.

STATE ELECTRICAL LAWS TO BE STRENGTHENED

J. H. Bennett, who attended the Electragists' meeting in Tampa last Wednesday and Thursday, reports that a new set of ordinances governing electric construction in the state of Florida were adopted at this convention. These, if enacted into law by the legislature will require a state examination for all electrical contractors and journeymen, who if they pass the examination conducted by the State Examining Board can, by paying the vocational tax, do work in any municipality in the state. This is considered a good thing for the electrician and each community will be protected by being assured of having men who know how to do work properly and according to code. A local inspector will have jurisdiction over a five mile radius outside the city limits where there is not already an inspector. A state inspector will have charge of out-lying districts.

In a business where life and property are at stake, it is necessary that there should be competent men on the job, so this seems to be a wise act of legislation, and it is expected that it will become a law at the next meeting of the legislature.

NEW STORE PROGRESSING RAPIDLY

The new store building which W. T. Clare is erecting on Maitland Ave. is about ready for the roof to be put on. The two stores and apartments will be ready for occupancy before many weeks.

CLARENCE BROWN HOME SOLD

The bungalow recently built by Clarence Brown, on Packwood Ave., has been sold to Mr. Spencer, of London, Ontario. Mr. and Mrs. Spencer are now living in the house and expect to make it their permanent home.

LONGWOOD STATE BANK OPENED

(Continued from Page 1)

The other directors are prominent citizens of the town.

The bank has received a large amount of deposits in the first week of its existence, and the officers have been encouraged by this proof of the need for a bank here.

—Longwood News

Mrs. C. H. Hill and Mrs. T. J. Hill are visiting relatives in South Carolina.

The Misses Kingsley, of Elizabeth, New Jersey and Maitland are spending August at Bonny Oaks Camp, at Fairlee, Vermont.

BUILDING PERMITS FOR MONTH TOTAL \$38,000.00

Building permits have been issued in Maitland during the period from July 15th to August 15th, to the amount of \$38,000.00.

Explosion!

When your stove explodes or lightning strikes your chimney, there is damage done, and you should collect on your fire insurance policy.

We make adjustments at once on such losses and pay for repairs and replacements. If we are handling your insurance you can get action without delay and bother.

Let us shoulder your worries. We are here all day and all night, the year 'round.
