

SPANISH GALLEON or freighter? Photo shows wood sample, brass peg and double pointed spike taken by Chuluota Reporter Lisa Baker from wreckage along Atlantic shore line.

Spanish Galleon, Old Freighter?

By Lisa Baker
On the Atlantic shore line there is what is believed to be one side of a ship. I have heard two different opinions as to what kind of ship it really is, a Spanish galleon, or an old freighter. It is rarely visible, according to the tides. It has wide planks running length wise and the same running the width with iron, wooden, and brass pegs, and at intervals there are brass spikes wedged into the planks. The spikes do not come to a point, but are tapered to a two-corner point. Also rumored is that several gold coins have been found on the beach in the area after a storm. I have never seen the gold coins. If any have been found, I do not know who found them. I became so interested in the "skeleton" on the beach, I got three other ladies to go with me and we spent a whole day digging, sifting, and chopping. I, myself, sawed and chopped off a portion of the plank. Eroston has made it a construction piece. One of the wooden pegs is still in this piece I have. Before the tide came in, I was fortunate enough to back out a portion of a brass peg and brass spike. The spikes are hard to find and the only way I could detect them was to look for a greenish color on the wood. Even so, we only found two of them. In the early 1970's a north-eastern storm occurred which turned the huge wooden skeleton completely around but

Bycom Lab Purchases Acreage

By JANE CASSELLBERRY
Irving Allison, manager of Bycom, a division of Browning Laboratories of Laconia, N. H., has announced the purchase of four acres next to Dektronics on Lake Howell Road, Casselberry, as a site for their operations. Plans have already been drawn up for an expandable plant from 4,000-6,000 square feet, but according to Allison the start of construction awaits the "magic time, maybe next week, maybe next year." At present the small lab operation, which began in mid-April, is located on Highway 17-92 north of Longwood and is being used for testing and development of electronic units for citizen band radios and background music equipment. Employees needed in the immediate future will be purely technical personnel.

IRVING ALLISON

Gov. Burns 'Thank You' Premature

TALLAHASSEE (UPI) — An embarrassed Florida Development Commission is holding a \$2,615 bill for a gubernatorial thank you note that was a little premature. The note, from Gov. Haydon Burns to President Johnson appeared as a full-page spread in the Washington Star Sunday. It thanked the President for his action in "settling" the airline strike. The strike, of course, got unsettled with a vote of union members Sunday but the ad had already been published.

Actor's Estate Left To Family

NEW YORK (AP) — The bulk of actor Montgomery Clift's \$200,000 estate has gone to his sister and mother. The will of the 45-year-old actor, who died in his Manhattan apartment July 24 of a heart attack, was made public Monday at a probate action filed in the supreme court. Besides his mother, Ethel Clift of New York, and his sister, Ethel McGilkins of Austin, Tex., the will also names the actor's brother, William B. Clift, of Atlanta, Ga. The first automatic gas was meter was made in 1889.

Heavy War Spending 'Squeezing' At Home

NEW YORK (AP) — Heavy spending for the war in Viet Nam is squeezing civilians and industry at home. The Defense Department has poured billions of dollars into the nation's economy to buy uniforms, food, bombs and bullets. To meet the needs of the fighting men in Viet Nam, some manufacturers have had to cut back on production for civilians. Shortages of men's clothing have been reported by some department stores. Factories note shortages of copper, electronic and chemical products, machine tools, small motors, forgings and castings, computers and aircraft engines. The Defense Department is having trouble getting bids on many military orders as a result of 200 firms asked to bid on making waterproof clothing. Of the 86 asked for cotton denim, only one bid. Of 261 asked to make flatter's nylon twill jackets, three submitted proposals. The Boeing Co. and Douglas Aircraft postponed delivery of some commercial jetliners, awaiting engines from United Aircraft Corp., which is giving first priority to military production. The military also has first priority on trucks. Civilian deliveries are running behind schedules.

'Big Steel' Joins in Price Hike

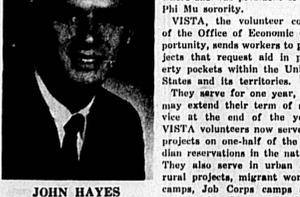

WASHINGTON (AP) — U.S. Steel, giant of the industry and usually its bellwether, joined today in raising prices, but the Johnson administration still stuck to official silence on the move. "Big Steel" was the third producer of the day to go along with price changes initiated Monday by Inland Steel Co. R. E. Porter will give the readers three guesses as to who is the highest paid official on the public payroll in Seminole County. And will give odds they'll all be wrong guesses. As all of Sanford knows, it rained here Wednesday . . . 2.19 inches. But the interesting part of it is that the Central Florida Experiment Station (which records officially for the U. S. Weather Bureau) reports 1.96 inches fell in 20 minutes starting at 6 p.m. Attention Altamonte Springs, Casselberry, North Orlando and Longwood Hospitality: in the word at meetings of the Oviedo Town Council and Sanford City Commission where the press and visitors are treated in "regal fashion." Following the business sessions in Oviedo, delicious dessert of hot, homemade pie is served with ice cream, while in Sanford tasty refreshments are served during breaks. The University of Florida's Public Administration Clearing Service has just published a Florida Voters' Guide, 1966 Edition which brings up (what all the major revisions in Florida's election law. Both the 1965 Florida legislature and 1964 Federal CIVIL Rights Act, as well as some Supreme Court decisions have changed some features of voters' rights. You can get a free copy by writing the director of Peabody Hall, U of F, Gainesville. There are about 106,000 young 4-H Club farmers and some of the older ones have outgrown their 4-H experience farmers with higher yields according to National 4-H News. The young farmers make soil tests, practice conservation, rotation, terracing, land reclamation, crop judging, farm machinery and study good marketing practices. Did you know that 6,000 persons down each year and a third of them are youngsters between five and 16 years old. It is significant that boys and men account for 87 per cent of all drownings! Sanford city commissioners will probably start studying the city budget at their regular meeting, Monday. Biggest item of increase is a pay raise for all municipal employees. It is a well deserved one, with city employees in most categories earning way below salaries paid for similar jobs in other cities of similar size. Sanford Elks Club has donated 25 pints of blood to the Seminole County Blood Bank for use in charity cases. A very generous gift. Well, what are YOU doing about it? Talk about being "chewed out," you should see what the machine that the tree treatment people are using is doing to the stumps of the used-to-be Australian pines opposite the postoffice on Palmtoe Avenue. What a real "chewing out!"

THESE TWO young boys had quite a job, this morning hauling in this 15-pound catfish from 'Lake No Name' at Sunland. On left is Steve Machak and on the right is Bill Hogan. The two 12-year-old boys used bait and a fishing rod to land the 'big cat'.

Sanford Couple To Aid Indians

A Sanford couple, Mr. and Mrs. John R. Hayes, of 105 Fairlane Circle, have volunteered to spend one year working at the Leech Lake Reservation, an Indian Reservation in Cass Lake, Minn. They are two of 34 trainees who recently were selected from VISTA (Volunteer In Service to America) training program at Arizona State University. Hayes, 23, was graduated from Seminole High School in 1961 and received his BA degree this year from Florida Southern College, where his major field was sociology. He is a member of Theta Chi fraternity. Mrs. Hayes, 21, is the former Kathryn Benton, daughter of Mr. and Mrs. David Benton, of Pittsburgh, Pa. She is a graduate of Penn Hill Senior High School in 1962 and received her BA degree in Christian education from Florida Southern, where she was president of the Phi Mu sorority. VISTA, the volunteer corps of the Office of Economic Opportunity, sends workers to projects that request aid in poverty pockets within the United States and its territories. They serve for one year, but may extend their term of service at the end of the year. VISTA volunteers now serve in projects on one-half of the Indian reservations in the nation. They also serve in urban and rural projects, migrant worker camps, Job Corps camps and projects for the mentally handicapped. One of Florida's newest Audubon wildlife sanctuaries has been standing in all its natural beauty for some of time, Wakulla Springs Wildlife Sanctuary, for the most part, is just as nature built it. It is one of the few unspoiled retreats left in Florida and the United States, for that matter. This week all Florida Magazine tours Wakulla, the River of the Geyser Bird, John Thorn offered and obligations incurred in the armed forces. You can obtain even more detailed information on the subject by sending for the \$1 booklet, G.I. GUIDE, which is an expanded version of the series. Starts in Today's Herald

KATHRYN HAYES

SR 427 Contract Bids Are Asked

First step in the long awaited repaving and realignment of SR 427 north from SR 434 through the city of Longwood was taken by the State Road Department today with the SRD putting the project out for bids. The project has been in the planning stages since 1958. Rights-of-way are estimated to cost approximately \$70,000 with other costs expected to total more than \$200,000. Sealed bids for the project are to be in the office of the SRD in Tallahassee by 10:30 a.m. August 25.

Mayor High Enjoys Visit With Johnson

WASHINGTON (AP) — Robert King High says he had a "very warm visit" with President Johnson Wednesday. High, Florida Democratic candidate for Governor, went to the White House to visit an old friend, presidential aide Marvin Watson, who took him in to see Johnson. High said he and the President talked of the relationship between Florida and the federal government and of the federal programs available to the states during the half-hour chat. High also introduced his 10-year-old daughter, Holiday, to the President. High said he and the President talked of the relationship between Florida and the federal government and of the federal programs available to the states during the half-hour chat. High also introduced his 10-year-old daughter, Holiday, to the President.

'Bloody Politics' Are Challenging

By DOTTIE AUSTIN
Claude Kirk apparently is little concerned with state issues and will attempt to run his campaign for Republican governor of Florida on the basis of national issues. This was the prediction of Mrs. Fae Owles, of Winter Park, candidate for state president of the Democratic Women's Club of Florida, speaking to members of the Seminole County Democratic Women's Club Wednesday evening. Mrs. Owles charged the Democratic women with the necessity for writing themselves with as much information as possible on all issues, both state and national through political education. "Democratic women have their greatest opportunity this year accept the challenge of being fully informed and understanding hard-core, practical, cold, bloody politics," Mrs. Owles declared. "While Florida moving into the status of a real two-party state, the challenge is great and the motivation is there." Mrs. Owles called for women to be so well informed on practical politics that they will be asked to act in an advisory and policy-making sessions and not just called on to "give tearful or ring doorbells." The only way to gain respect in politics is to know what you are talking about, speak authoritatively and be capable of thinking and making decisions," she declared. She noted that the Democratic women's clubs of Florida are approaching a membership of 3,000 women which can represent a powerful force at the polling booth. Elections for state officers of the Democratic Women's state organization will take place at the state convention to be held at the Robert Meyer Hotel in Orlando October 5-7. During the business meeting Mrs. Sheila Roberts, local president, announced the club will host the district meeting Sept. 17 and that the club's birthday party will be held on Sept. 3 with more than 200 persons invited to attend. Mrs. Roberts has been nominated for the office of first vice president of the state organization. A motion was made by Mrs. Leroy Nipper and approved unanimously by the club for a resolution endorsing the county and state Democratic ticket in its entirety. \$300,000 Fire LAKELAND (AP) — Fire early today virtually destroyed the Lakeland Tannery Company, which a group of Cuban refugees has operated for the last two years. Loss was estimated unofficially at \$300,000. HOBSON DIES TALLAHASSEE (AP) — T. Frank Hobson, a retired justice of the Florida Supreme Court and former Circuit Court judge for 24 years, died in a Baltimore (Md.) hospital. He was 66.

Hospital & Schools Ask More

By DONNA ESTES
Taxpayers of Seminole County can expect their tax bills for this year to be increased by 33 1/3 per cent over last year with the rate of mills to exceed 20 mills, if the present county budget is adopted. This was the prediction of W. Lawrence Swofford, county commissioner and mayor of Altamonte Springs, in answer to an inquiry at Wednesday evening's Altamonte Springs town council meeting. "The increase of approximately five mills is caused by the increased school millage of 4.65 (the 2.25 mills voted by the people and the 2.4 mills for the general school levy) and by the increase of \$90,000 in the hospital budget from last year's \$247,000 to \$337,000," Swofford reported. "The budget is to come before the commission for action the first part of next week," Swofford said, "and I will vote against it." In business of the meeting, report was read from the joint sanitary office on investigation which had been requested by the town following a complaint by residents near Lake Roy that objectionable odors were coming from the lake. The report observed the odors may be caused from septic tank seepage into the lake, which is also the receiver for storm drainage. Algae may be destroyed by chemicals, thus solving the problem temporarily, but chemicals might also kill the lake and marine life in the lake, the report warned. Council agreed at suggestion of Councilman Robert Newell and Swofford to instruct the clerk to correspond with the Game and Fresh Water Fish Commission to request determination if stocking the lake might alleviate the problem and if fish are available to stock the town's lakes. Also scheduled is a public hearing on the requested change in zoning of the William Hamly property from R-1 to M-3. On the agenda is the request for opening of Myrtle Street and purchase of a new pick-up truck for the maintenance department, and request that bids be called for installing pipe across U. S. Highway 17-92 for the water department. Bids for the city's insurance requirements are to be opened at the meeting.

Chief Of Police Appointment Due

Appointment of a police chief for the city of Longwood is scheduled to be announced at meeting of city council at 7 p.m. today. At the July meeting, Mayor B. E. Black was instructed by the board to name an acceptable police chief, which council can confirm by today or council would hire one. Also scheduled is a public hearing on the requested change in zoning of the William Hamly property from R-1 to M-3. On the agenda is the request for opening of Myrtle Street and purchase of a new pick-up truck for the maintenance department, and request that bids be called for installing pipe across U. S. Highway 17-92 for the water department. Bids for the city's insurance requirements are to be opened at the meeting.

Tropical Storm Is Developing

MIAMI (UPI) — The National Hurricane Forecasting center said today there is evidence that a tropical storm may be developing far out in the Atlantic. The disturbance was located some 2,000 miles east of the Windward Islands which would put it closer to the African coast than any land in the Western Hemisphere. Weathermen said they would keep a close watch on satellite pictures to see if there is any further development. If the disturbed area does produce a storm, it would be the sixth of the 1966 season and would be dubbed "Fath." ELECTIONS AT HOME GAITHERSBURG, Pa. (AP) — Former President Dwight D. Eisenhower is back home at his farm after a week in the hospital for a checkup. It was signed, "Crook."

Will Uncle Sam Be Supplying Your Son's Next Pair of Boots?

World War II veterans will agree it's wise to know all you can about the armed services if you are a potential draftee or volunteer. That's why you should read the eight special articles called G.I. GUIDE by Elton Fay, an authority on military affairs, now appearing in this paper. He tells all about the draft, volunteering, the reserve and National Guard, induction, training, benefits offered and obligations incurred in the armed forces. You can obtain even more detailed information on the subject by sending for the \$1 booklet, G.I. GUIDE, which is an expanded version of the series. Starts in Today's Herald

Bombers Again Hit Commies In Buffer Zone

Nigeria Tense; Deposed Ruler Still Missing

Lagos, Nigeria (UPI)—The military governor of one of Nigeria's four regions today said he called for an immediate ceasefire to consider the future of Africa's most populous state.

Colonel David Ejor, who took power in a military coup the midweek had been killed in the disturbances which began last Friday with the kidnapping of the deposed Nigerian military ruler, Maj. Gen. Johnson Aguiyi-Ironsi.

SF Nurse Strike Is Headed Off

SAN FRANCISCO (AP)—An interim pay increase and formation of a fact-finding committee headed off a threatened nurses' strike in San Francisco today.

Approximately 90 per cent of San Francisco's 10,000 nurses today agreed to a 2.5 per cent pay raise.

Politicians Stymied By Air Line Strike

WASHINGTON (AP)—The Senate hopes to act tonight on a compromise plan aimed at getting striking airline machinists back on their jobs for up to six months.

The proposal would divide responsibility between Congress and President Johnson in three steps: 1. Congress would order the strikers back to their jobs for 30 days.

Pilot Club Members Attend International Convention

A university professor has been installed as president of Pilot Club International at one of the five international classified service organizations for professional and executive business women.

Prof. Meralda I. Brennan of Shenandoah, Pa., an associate professor of Romance Languages, was installed on July 28 at the closing session of Pilot's 4th annual convention in Cleveland, held at the Sheraton-Cleveland.

She succeeds Dr. Vilda Shuman of Waycross, Ga., a pediatrician, as head of the organization which has more than 14,000 members in the 47 states in the United States (including Hawaii), Bermuda, Canada, England, France and Japan.

Mrs. Esther Williams, president of the Pilot Club of Sanford, was the official delegate of her club at the convention which was attended by some 1,000 women.

The new president of Pilot International has been on the faculty of The Pennsylvania State University since 1946 and prior to that she taught in high school and teachers' colleges in Pennsylvania. She is a graduate of Columbia University with bachelor's and master's degrees and did advanced graduate work at several other universities.

Prof. Brennan has long been active in the professional organizations of her city, state, country and even in some international ones. She also is active in the civic, religious and service organizations of her home town and county.

Mrs. Williams and Mrs. Moore report a marvelous trip and a fast-moving convention. They witnessed the burning of the mortgage to the International Headquarters Building at Macon, Ga.

MRS. ESTHER WILLIAMS, left, president of the Pilot Club of Sanford, chats with Prof. Meralda I. Brennan of Shenandoah, Pa., newly installed president of Pilot Club International, at Pilot's 4th annual convention at the Sheraton-Cleveland Hotel in Cleveland, Ohio.

Beauty Briefs

You haven't seen anything until you've witnessed the new false eyelashes. They are jeweled-luxuriant fringes of fur highlighted with crystal brilliants of lash line.

That old home remedy, the heating pad, is in a new shape. The wrap-around version can be used comfortably anywhere on the body. It gives spot relief for any minor ailment. You can even put it around your head for sinus and headache relief.

If you want coiled bangs with a puff, style them with a contoured bangs-trainer that slips on your forehead. Elastic goes across the back of your head. Fluff damp bangs (after washing) over the trainer. When hair is dry, remove trainer and comb body and curves into your bangs.

After sitting under a dryer for an hour, you don't want to flirt with the chance of getting a sunburn. The bouffant beauty cap (large enough to fit over rollers) will protect your fresh set as you sleep.

Versatile Turkey Treats Suggest Tasty Sandwiches

Tasty turkeys cater to summertime living—the time when folks are busy enjoying the sunny warm weather, traveling, or just relaxing around home.

The Consumer and Marketing Service of the U. S. Department of Agriculture notes that turkeys will be particularly abundant during the month of August.

Turkeys provide a versatile and economical array of ideas for summertime enjoyment. Select a large turkey. Roast and serve for a festive turkey dinner, and then, as soon as possible, cut the cooked turkey from the bone. Slice the turkey meat as thick as desired and portion into packets suitable for your picnic. Wrap the packets in foil, label and freeze immediately.

Follow the same procedure with cubed cooked turkey that you plan to use in turkey salad mixtures, too. Wrap it properly and freeze immediately.

Now, during August Sandwich Time, is an especially good time to enjoy some of the tempting and different turkey sandwich fillers.

—Toast sliced turkey slices atop buttered bread slice.

—Place cooked turkey slices atop buttered bread slice. Spread turkey with cream cheese. Add a layer of crisp bacon crumbles and ripe olives. Close sandwich with another buttered bread slice.

—Combine ground cooked turkey with an equal measure of ground cooked ham. Add drained and crushed pineapple and brown sugar to taste, and subtly accent with ground cloves. Spread generously over buttered bread slices. Broil and serve open face with a crisp summer vegetable salad.

—Toast sliced turkey with sliced Cheddar cheese and peanut butter in a hearty sandwich trio. Spread buttered whole wheat slices with thick style peanut butter. Add the turkey and cheese slices and some crisp lettuce leaves and mayonnaise, if desired. Top with another bread slice. This makes an interesting grilled sandwich, too, suggests the Consumer and Marketing Service.

Afternoon Tea Honors Mrs. Phil Goree

By RUTH RAYSON
Mrs. C. T. Niblack and Mrs. W. H. Martin entertained with an informal tea Tuesday evening, July 25, at the home of Mrs. Niblack. The guest of honor was Mrs. Phil Goree, who has recently moved to Oviedo with her family. Greeting the guests at the door along with Mrs. Goree were Mrs. David Jackson and her daughter, Pam.

MRS. C. T. NIBLACK, left to right, her granddaughter, Miss Pam Jackson, Mrs. Phil Goree and Mrs. W. H. Martin are shown at the Niblack home in Oviedo at a tea honoring Mrs. Goree, who has recently moved to Oviedo.

Geneva Personals

By MRS. JOS. E. MATHIEUX
Mr. and Mrs. Aubrey Moran from Jacksonville, formerly of Geneva, visited with relatives and friends recently. While here they made their "home" to Mrs. Ethel Thomas who is Mrs. Moran's sister.

What price popularity? Mr. and Mrs. Emerson J. Estes have really enjoyed visits from their many friends and relatives. In fact their guest list somewhat reminds one of "a hotel register." Recently they have been happy to entertain his brother and sister-in-law, Mr. and Mrs. J. B. Estes, from Memphis, Tenn., and their lovely daughter, Miss Maria Estes; Mr. and Mrs. Joe Williams (Mrs. Estes' sister) also from Memphis; Mr. and Mrs. Charles McGinnis and children from Birmingham, Ala.; and Miss Wanda Gail Estes, their daughter from Birmingham, who hopes soon to be transferred to the Retail Florida office of the Central Credit Association. Other guests who have shared the Estes' warm hospitality are their nephew, Silas Estes, also from Memphis; Donald Hobson, from Ripley, Miss.; and Evangelist and Mrs. Earl Arnold from Detroit, Mich. I assure you that the generous Mrs. Estes can entertain all of these fine friends and never flutter an eyelash!

Mr. and Mrs. W. L. Sieg recently paid a long overdue visit to their nephew and his family, Mr. and Mrs. Carol Culpepper, at Panama City. I am told that the Culpeppers were so delighted to have the Siegs that they were most reluctant to have them depart.

Hot Weather Fashions are now all lined up for the lazy days left of summer vacation.

Sanford Personals

By MRS. JOHN LEONE
Mrs. John (Elsie) Korman of Medina Road has farrowed on Sunday following a dinner held in the Plantation Room of the DeBary Restaurant, to her son, John C. Korman, and her daughter-in-law, Elsa, and their three children, Wells Bradford, Andrea and Matthew. They left DeBary to visit Elsa's parents, Dr. and Mrs. Roger Hewes Wells, a retired professor of Political Science at the University in Jacksonville, Fla. They will leave Illinois for Washington, D. C., for a few weeks then on to Libya, North Africa. Mrs. Korman taught the American History in the American School while stationed in Manila with John and will teach in Africa if her services are needed. They expect to arrive in Africa in September.

Mr. and Mrs. Samuel English of Magnolia Drive entertained their son and daughter-in-law, Mr. and Mrs. W. A. English, and children, Susan and Billy, of Pittsburgh, Pa. They visited Sanibel Island and other places of interest in the area.

Mr. and Mrs. David MacFarlane of Smyrna Drive visited their daughter and her family, Mr. and Mrs. Robert Morisset, in Detroit. They continued on into Canada, Niagara Falls, New England and Portland, Me. They returned home by way of the New York, Washington and Skyline Drive over the Shenandoah National Park. En route home on the Jersey Turnpike, they stopped for lunch and met Mr. and Mrs. Charles Youmans of DeBary Drive. Their trip took them over 3,850 miles.

Mr. and Mrs. George F. Fenske of Narcissus Drive, celebrated their 37th wedding anniversary on Thursday, July 28, with dinner at a restaurant in DeLand.

Rev. and Mrs. Augustus C. Summers, who will be leaving Sanford in September to make their home in Gainesville with their daughter, Kathryn, took a combined trip moving to Stephen James, their fifth child, born Sunday at Winter Park Memorial Hospital. Mr. and Mrs. Robert of Chuluota, are the proud parents of a seven-pound boy, born July 30, weighing eight pounds, 12 ounces, at Winter Park Memorial Hospital. His name is Robert of Chuluota.

Homemaker's Corner

By MRS. E. L. JOHNSON
LAST MINUTE PEACH CRISP
4 or 5 peaches, sliced fresh
1 1/2 cups sugar
1/2 cup butter
1/2 cup graham cracker crumbs
1/2 cup all-weather topping
1 tsp. cinnamon
1/2 cup margarine
Preheat oven to 350 degrees. Spread peaches in a 9-inch pie pan. Drizzle with lemon juice. Mix sugar, graham cracker crumbs, almonds and cinnamon. Sprinkle over peaches. Dot with margarine. Bake 30 minutes.

CRACKLED CHOCOLATE DROPS
8 oz. semi-sweet chocolate, melted
8 egg yolks
1/2 cup sugar
1 cup blanched almonds, grated
1 cup sifted flour
pinch salt
1 tsp. vanilla
Set oven at 350 degrees. Grease and flour a baking sheet while chocolate is melting. Beat egg yolks and sugar together until light and fluffy. Add vanilla. Stir in melted chocolate, grated almonds and flour mixed with salt. Drop small rounded sheets on prepared cookie sheet leaving 1 inch between cookies. Bake about 25 minutes or until cookies are cracked and dry. Makes 30 cookies.

CONDENSED MILK ICE CREAM
1 egg
1/2 cup sugar
pinch salt
1 qt. milk
1 large can condensed milk
flavoring or fruit
Beat the egg, add sugar and set. Stir in the milk, extract or fruit. Freeze. If refrigerated needs to be taken from bowl and stirred after partially frozen.

CANTALOUPE PRESERVES
2 lbs. firm, ripe cantaloupe
1/2 lb. sugar (4 cups)
juice of 1 lemon
Pare cantaloupe and cut into thick slices 1 inch long. Mix sugar and cantaloupe. Let stand overnight. Add lemon juice. Cook until clear. Pour into hot, sterilized jars. Seal. Makes 2 pints.

MYSTERY PUDDING
1 lb. can Fruit Cocktail
1 cup flour
1/2 cup granulated sugar
1/2 tsp. salt
1/4 tsp. baking powder
1/2 cup brown sugar
1 egg
1/2 cup chopped nuts
Drain and save 1/2 cup fruit syrup. Sift together flour, sugar, salt and baking powder. Add 1/2 cup brown sugar, syrup

Dear Abby: By Abigail Van Buren

DEAR ABBY: I know that according to the book of etiquette the man is supposed to treat the girl in dinner, movies and in fact—everything. I say these rules were made before women went to work and earned money. Now that times have changed, the rules should be changed.

Why should a working woman bank her whole paycheck while the man pays for everything? I once said to a girl who earned more than I did, "I have treated you quite a bit, when are you going to take ME out to dinner?" And her answer was, "You must be nuts or something." What do you think?

ON THE LEVEL
DEAR ON: I think you have a point. A working woman should occasionally "treat" a man who has entertained her. She could provide a picnic and give the goodies.

Do surprise him with tickets to some special entertainment. Or invite him to dinner. Or bill him in sweater. And the wise one do.

DEAR ABBY: My parents were divorced when I was five, and I lived with my mother until I was married last year. I hadn't seen my father in 12 years, but I found out where he was living two months ago, so I called him

and invited him and his wife to visit us. They stayed the weekend. Now they call almost every week and ask if they can come up. (We live in Long Beach and they live in San Diego.)

We have a one-bedroom apartment, so my husband and I sleep on our bedroom and we sleep on the living room sofa. I put the cushions on the floor for my husband and I sleep on the frame of the sofa.

My husband doesn't like this arrangement, but I'd feel just awful asking my dad and stepmother to sleep that way. Is my husband fair in asking that dad's visits be cut down? We have a lot of catching up to do.

"CATCHING UP"
DEAR "CATCHING UP": You had better reevaluate your values. Your husband's comfort is more important than the comfort of a father who disappeared for the 12 most important years of your life, and a stepmother who you owe nothing to.

If you want to "catch up," let them rent a motel for their visits, and you and your husband sleep in your bedroom where you belong.

DEAR ABBY: The daughter-in-law of my father is having a church wedding. My sister attends the church

Horoscope Forecast

FRIDAY, AUGUST 4, 1966
GENERAL TENDENCIES:
You have a whole new fresh start to be and to have success now and it is urged that you accept a change now present to take your most special talents to others and let them see that you are willing to do whatever is order to increase their scope and to so place yourself to the fore that success follows.

ARIES (Mar. 21 to Apr. 19)
You can plan for the future more wisely now and gain additional prestige, more success, find new outlets that are lucrative. Show co-operation to allies, gratitude. Then they further your ambitions.

TAURUS (Apr. 20 to May 20)
Your intuitive faculties are working very well today and you can make the best use of them around you appreciably. Initiate a better modus operandi. Be more co-operative instead of insisting that others do as you wish solely.

GEMINI (May 21 to June 21)
Doing some favor for friends will assist them to get started on some project that may have seemed difficult in the past. Being more social-minded can make your life far more successful. Dress in fine style.

MOON CHILDREN (June 22 to July 21)
Your ideas are very clever and others give you support you need but you must be gracious in accepting it, also their suggestions. Show that you have fine principles. Then you get excellent results.

LEO (July 22 to Aug. 21)
Doing those things that make associates respect you more is wise, but be very gracious to get best results. Your romantic leanings can meet with excellent results, also. Be highly ethical, however.

VIRGO (Aug. 22 to Sept. 22)
Plan to do whatever will truly please an ally of long standing and get together on all ideas and make right decisions. Your mind is filled with new plans. Analyze each well and act on.

LIBRA (Sept. 23 to Oct. 22)
Associates are in a mood to give you just anything you want, provided you aim specifically and give support to theirs. Working in unison is your best bet. Don't try to take on too heavy a load yourself.

SCORPIO (Oct. 23 to Nov. 21)
You are able to accomplish great deal with that magnificent quality you possess. If you just put it to its best use. Forget recreation for the time being. Keep busy at the practical side of your life, get into order.

SAGITTARIUS (Nov. 22 to Dec. 21)
You can be very ingenious now and should just slide the dull duties and have a wonderful time doing what you truly like to do. Plan to be with charming people, amusements, etc. Be dynamic.

CAPRICORN (Dec. 22 to Jan. 20)
You are cognizant of the desires of own kin and can do much for them as well as get their aid for your ambitions. Find an outlet that will give you a more secure position for the days ahead. Be ambitious.

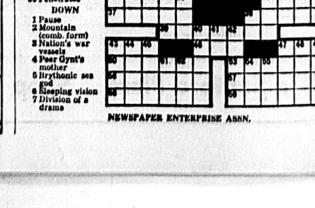

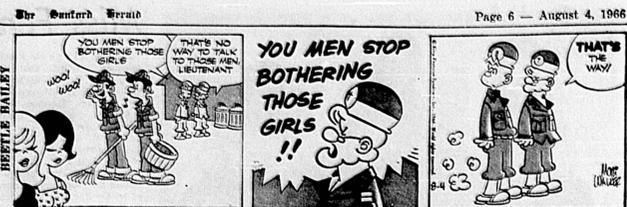

AQUARIUS (Jan. 21 to Feb. 19)
Thinking along financial lines is fine since this will help you to formulate plans with right persons for your greater success. Find data you need. Keep your appointments of a professional nature.

PISCES (Feb. 20 to Mar. 20)
You are now able to get your life operating on a more successful basis and increase your bank balance, if you get busy working early, are practical. Get bookkeeping records more precise. Use talents wisely.

IF YOUR CHILD IS BORN TODAY... he, or she, will be full of imagination and will be able to find new and better ways of doing old things, but the emotions here will be quickly aroused, so be sure to give enough spiritual training and there is trouble later. Out the approximating age of that your progeny becomes self-sufficient and can express self during day and then be happy to be at home with kin at night.

The Stars impel, they do not compel. What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for August is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast (The Sanford Herald), Box 1921, Hollywood 28, California.

We The Women: Muriel Lawrence

DEAR MRS. LAWRENCE: I'm disgusted by your support of the double standard of sex protection against men and women. You speak of boys being treated as free to snog wild out while the girls make pregnant. ANY IDEA YOU CAN GIVE ME OF HOW I CAN HELP THEM?

DEAR MRS. LAWRENCE: I can do nothing about the girl of her pregnancy. It makes itself accessible. That is our present reality. It's not going to help girls one bit to be so snoggy at it. To call the boy who fathers an illegitimate baby a "runny-nosed fellow" isn't going to relieve the girl of her pregnancy. He isn't going to alter the fact that she gives birth to her baby in loneliness and hurt. Your rage at the boy isn't going to reverse any part of her pain. I don't understand you. You seem to feel great concern for

the hurt girl and her orphaned baby. Yet you want her to be protected against men and women. And so this was what she wanted. And so this was trained not to venture into areas of the camp reserved for girls who wanted sex. So the young boys were not confused. They knew exactly where they stood with the maidens who kept to the path maintained for girls who wanted sex.

The young boys didn't constantly throw sex tantrums because the maidens invited love-making they weren't willing to come through with. The maidens didn't have to spend all their time explaining to the boys that they were frigid. So they didn't live in mutually chronic suspicion. Knowing what they could expect of each other, they could love each other.

Front row left to right, Michael Jones, Sabrina Terebo, Michael Turner, Ted Hooper, Rhonda Argentine, Terry Fuller, Peter Webb, Anita Stansland, Molly McGinnis, Terry Bracewell, back row, Carol Lee Anderson, Sandy Cook, Kenny Plant, Ken Wiggins, Allan Comery, Frances McGinnis, Beverly Warner, Greg Prager, and Quintin Lynch. (Herald Photo)

MISS MARLENE Sherrod is shown with her class consisting of front row: Lori Green, Charlene Eberley, Cheryl Mager, Elly Watson, Kelly Conners, Ricky Marsh, Evelyn Rainey, Lynne Hamlett, back row, Yvonne Stewart, Robin Riebel, Kent Brown, Chris Smith, Jeff McPadden, Sharon Zareic, Deborah Mohring, J. Clyde Knoblock, and Darrell Wagner.

Your Chances In The Draft

(EDITOR'S NOTE: This article is the first in a series that tells what every young man should know about his prospects for service in the armed forces. With much additional detail, the articles have been reprinted in a booklet which may be obtained through this newspaper. An author has long been a freelance military news writer in Washington.)
By ELTON FAY

What are the odds on you finding yourself in military uniform either because you are drafted or because you volunteer for regular or reserve duty after a glance over your shoulder at the draft board?

Selective Service headquarters has in its files some statistics which give a clue.

At the beginning of 1966, more than 31 million men were registered, with over 130,000 more being added each month. This big total, of course, includes millions over the 16-to-25 year age group now being drafted. And it also embraces other millions deferred or exempted.

In this "qualified" category (this means 1-A and 1-A-O, the latter being conscientious objectors available for non-combatant service) about 1.6 million were on hand at the start of the year.

Selective Service figures it this way:

At the age of 26, of each 10 who have registered, six are or have been serving in the regular Army, Navy, Marine or Air Force — or National Guard or reserve units.

The other four did not serve because they failed to meet Department standards in mental, physical or moral categories, were deferred by draft boards or exempted by law.

Selective Service says it fills the monthly quotas predominantly with single men who are 19 through 26 years old. The oldest available men are at the top of the list.

The older a man is, however, the more likely he is to be deferred or exempted for various reasons.

The average age for being drafted is slightly over 20 years and may increase somewhat in coming months.

It's possible to draft a man between the ages of 26 and 35, with the youngest being called first if the available pool of men below 26 is exhausted.

Only those classified as 1-A or 1-A-O can be called.

First on the order of call are "diligent"—those who have failed to perform some of their draft law duties.

After that come:

Volunteers for induction — those under 18 who want to get their military obligations over with as soon as possible.

The 18-through-25 group, un-

Odd World Of Commercials

One thing about radio and television commercials is that you meet such interesting people.

Interesting? Would you believe unusual? Odd? Weird? Spooky?

Take the one where the wife wistfully asks her husband, "How do you like the waffle, Harry?"

And Harry says, "SOGGY! Why can't you make 'em like my mother does?"

So the wife goes meekly to Harry's mom and learns the waffle secret. (We won't reveal it here because that would be telling.)

You know what OUGHT to happen to Harry?

The bum ought to get a big fat, soggy waffle SPLAT in his grumpy pusses, that's what.

Then there's the scene where the tired little housewife is wearily lugging this huge load of wetwash to the camera loudmouth yells, "Congratulations on a SECOND-RATE wash!"

What happens? The weary washer gratefully agrees to use the miracle detergent the sneerer is selling!

What SHOULD happen?

The short, short skirt is not for long. Why? Because fashions never stand still. They must change, if for no other reason than that it's good for our morale and for the national economy.

And there's really no direction for today's skirt to go but down—unless, of course, it's to disappear entirely. And even in the era of the undressed look, this has to be regarded as improvable.

Now husbands, you may as well face it that while the ladies can shorten skirts ad infinitum, they can lengthen them only so much. And if you know fashion changes, even vicariously, you know only so much won't be enough.

So get set, men, to help the economy. And enjoy yourselves while you can, girlfriends.

(But you know, fellows, it'll be kind of fun to have to guess a little again, at that.)

Thought For Today

The tribune answered, "I bought this citizenship for a large sum." Paul said, "But I was born a citizen."—Acts 22:28.

Liberty is the most contentious force in the world.—Chief Justice Earl Warren.

Worry Clinic

Dr. Crane's

Frank is terrified by the mirroring and podium at the speaker's table. But this is normal for all beginners. So don't try to hide behind chemical transmitters but follow the surefire psychological prescription below. And use the booklet offered today.

CASE 7-488: Frank P., aged 28, is in trouble.

"Dr. Crane," he began, "I was elected president of our new service men's luncheon club."

"But I don't know how to speak in public!"

"Although I am acquainted with a lot of men and have many friends, I am scarcely able to stand in front of a crowd."

"The fellows don't believe me, but I actually get sick at the podium at the very idea of presiding at our noon luncheon."

"For the cure of stage fright is never found in a bottle or pill but only in the mind."

Furthermore, stage fright is

one of God's methods for insuring that we will think faster in a crisis.

For during fear, our heart pounds faster and our blood is pumped through our brain, thus helping us think fast.

So reassure yourself by the following psychological laws:

(1) Everybody has stage fright, even professionals.

(2) Reassure yourself by the fact that the latter are not so panicky about the matter.

But you feel about 10 times as jittery and scared as you look.

The public sees only your trembling hands, so hold on to the podium at the outset, or your hands behind your back.

(3) Make a word-outline on a small card to cover the items you wish to mention.

Glance down for a reminder if you forget your second point after you've finished with the first.

But don't read a speech.

And if you write out your remarks in full, then tear up the written speech and throw it in the wastebasket before you go to the meeting.

Otherwise, you will keep trying to remember what was on Page 2 or Page 3 instead of watching your audience.

(4) Save your jokes for the middle of your talk instead of the start.

For the audience will watch you intently the first 3 minutes, anyway, till it dawns on you, so it is foolish to waste humor then.

Save your jokes to win back an audience that may be straying in its attention!

(5) Forget the mike.

Don't hold it against your face like a telephone, for the engineer will adjust the power.

Keep the microphone no higher than your neck, so your face is entirely visible to the crowd, thereby helping them "hear" via the lip movement.

(6) Take advantage of all public speaking opportunities, to teach a Sunday School class or lead a Boy Scout Troop, etc.

In college you pay tuition for such speaking opportunities, so don't avoid them.

And send for my booklet "How to Make an Interesting Speech," enclosing a long stamped, return envelope, plus 50c.

Too much bombing, too much misery, no future—that is why the Viet Cong rally to our side.

—La Quang Dien, director of South Viet Nam efforts to encourage defections.

Corcion, after all, merely captures man. Freedom captures him.

Quick Way To Annihilation

As of the first of this week, the United States listed 62 Americans as prisoners of the North Vietnamese, including 45 men. Among the latter may be many more now listed as missing.

The diplomatic activity touched off by the Hanoi threat and an obvious intermingling of the likely American reaction exceeds that which followed American bombing of Communist air depots at Hanoi and Hiphong and is not wholly humanitarian.

It seems probable that even Moscow, despite its official hands-off attitude, has gotten the word to Hanoi that the trial of Americans on any such trumped up charges could be the quick way to annihilation.

Although the Viet Nam conflict always has lurked the danger of World War III, and this, plus the U.S. warning of the "disastrous consequences" to follow any such North Vietnamese action, accounts for intense activity by United Nations Secretary General Thant.

and in World capitals ranging from Washington and London to Moscow and Cairo.

As for Hanoi, there is speculation the threat is a form of political pressure which the North Vietnamese regime is seeking to bring on the Johnson administration in advance of the November elections.

There remains the possibility of a repeat action of the North Vietnamese really mean it.

A war crime usually is defined as a crime such as genocide, the murder of six million Jews, maltreatment of war prisoners or any atrocity committed during a war.

International conventions regarding treatment of war prisoners are even more specific as worked out in meetings of The Hague in 1864 and 1907 and further clarified at Geneva in 1949.

The United States denounced the repeated slayings at "murder" and a violation of the Geneva accords.

The U. S. and South Viet Nam also declared they were abiding by the "humanitarian principles" of the 1949 Geneva accords.

The unfortunate truth is that years of brutal civil war have dimmed the values of human life in both North and South Viet Nam.

war has not been declared formally.

On Sept. 29, 1965, North Viet Nam notified the International Committee of the Red Cross in Geneva that it would treat captured American pilots as war criminals. It accused the United States of deliberately bombing hospitals, schools and other buildings bearing the Red Cross.

The United States denied the charges and asked the Red Cross to investigate.

By coincidence or not, the report of the President's special commission that was set up three days after the Communist Viet Cong executed two American prisoners in re-tribal for the execution of two convicted terrorists in South Viet Nam.

The United States denounced the report as a "murder" and a violation of the Geneva accords.

The U. S. and South Viet Nam also declared they were abiding by the "humanitarian principles" of the 1949 Geneva accords.

The unfortunate truth is that years of brutal civil war have dimmed the values of human life in both North and South Viet Nam.

Political Notebook

CHICAGO (NEA) — What ever their differences, Democratic Sen. Paul Douglas and his Republican challenger, Charles Percy, can agree on one thing right now. Each man's private polls show the two adversaries battling roughly 50-50 in their battle for the U.S. Senate.

No firmer underwriting is needed for the Douglas camp's own candid judgment that the senator's bid for a fourth term is by far his roughest test. By comparison, all his other campaign outings were a breeze.

In their candor, Douglas backers acknowledge something else — that the senator's age, 74, is a prime factor in a match with an energetic Percy just going up on 47. Percy does not raise the issue. He does not

have to.

In his campaign forays, Douglas generally exhibits his characteristic vigor on the platform. Charles Percy, can agree on one thing right now. Each man's private polls show the two adversaries battling roughly 50-50 in their battle for the U.S. Senate.

No firmer underwriting is needed for the Douglas camp's own candid judgment that the senator's bid for a fourth term is by far his roughest test. By comparison, all his other campaign outings were a breeze.

In their candor, Douglas backers acknowledge something else — that the senator's age, 74, is a prime factor in a match with an energetic Percy just going up on 47. Percy does not raise the issue. He does not

Letter To Editor

Zounds! To Hounds!

Editor, Herald:

In behalf of the fox hunters: One of the best and least harmful sports in the world is fox-hunting.

I would like to explain to you good folks that when a fox race is on it is not people's eyes as the spokesman for the Osteen area would have put in the (new) papers, but in the rough and tough part of the woods as the fox uses the advantage of rough going to keep in advance of the dogs.

Now as to the unexcused of the spokesman, I would like to know if he keeps awake to check those big airplanes that pass directly over his house every few minutes of the night or is it possible that he has some personal grievance with some of the fox hunters.

As to the damage the dogs could do, I will assure you that if it is proven that anyone of the fox hunters' dogs have done any kind of damage to anyone, the owner of this dog will gladly pay for damage.

This spokesman said that there had been ducks and chickens eaten. It is commonly known that a fox thrives on ducks and chickens if it is possible for him to get them. If you good folks will contact your wildlife officer he will tell you that if we did not keep the foxes and wild cats run out of the woods would become so infested with these animals that you could not have any chickens or ducks.

I have had two lengthy talks with your spokesman about the fox hunting in the Osteen area and I have tried to get him to contact you folks (residents of Osteen) and set up a couple of nights in the week to run fox, but he will not agree to anything. It seems that if he could keep some special individuals, he might see this fox hunting from a different angle.

MIKE WHELCHER (LEFT) AND BOB COOKE CHECK NINTH GREEN ... Front Nine At Mayfair Will Reopen Sept. 11

\$4,000 Mayfair Open To Attract Florida's Top Golf Professionals

By SAM STANLEY
A purse of \$4,000 will go to the top pros in the first Mayfair Open in 10 years, club owner Mike Wheelchel announced Wednesday.
The 54-hole, medal play tournament will be staged on the Mayfair Country Club course on Sept. 29, 30 and 31 and will attract most of Florida's best professional and amateur golfers.
"First place will be worth at least \$500," said Wheelchel. Grover Todd, former pro at Mayfair before Wheelchel took over, is the tournament director and has already lined up such pros as Pete Cooper of Seminole, J. C. Groves of Largo, Sam Harty of Jacksonville, Al Lopez Jr. and Al Lopez Sr. of Miami, Dup Pagan of West Palm Beach and Bill Girard of Sarasota.
"Dave Ragan of Orlando will be in the area at the time," says Todd, "and will probably enter the tournament."
While the pros will be shooting for the cash awards, a long list of prizes will be provided for the top amateurs.
The tournament will be co-sponsored by the Seminole County Chamber of Commerce.

Quality Scores, 15-7, To Gain Semi-Finals

Quality Mobile Homes advanced to the semi-finals of the All-Stars tournament in Orlando Wednesday night, but then saw Leeburg take a 4-8 lead, then a 6-4 and 7-6 lead. Quality took the lead to 8-7, with two runs in the sixth inning and wrapped things up with seven runs in the seventh.
Semi-final action is slated Friday night on the Mayfair Country Club course. Quality Mobile Homes' next game will be Friday night against the winner of tonight's DeLand No. 2 and Ocala contest.
Quality scored three runs in the first inning last night, but then saw Leeburg take a 4-8 lead, then a 6-4 and 7-6 lead. Quality took the lead to 8-7, with two runs in the sixth inning and wrapped things up with seven runs in the seventh.
Semi-final action is slated Friday night on the Mayfair Country Club course. Quality Mobile Homes' next game will be Friday night against the winner of tonight's DeLand No. 2 and Ocala contest.

All-Stars Ready For Green Bay

CHICAGO (AP) — With six exceptional runners ready as shock troops, the College All-Stars plan an infantry attack against the Green Bay Packers Friday night.
The only way to attract the best in sports — whether it be golf or bowling — is to wave a little green stuff in the air. The scout spreads quickly and before you know it, everyone will be making tracks to Sanford.
Wheelchel, with his 20-hole Jet Lanes all slicked up and ready to go, has staged a men's handicapped doubles tournament over the four weekends in September, and the lucky winning team will pocket \$750.
Both Spilzki and Wheelchel expect to attract the best bowlers and golfers respectively in the state, and commitments have already started pouring in.

New Look At Mayfair

But of Spilzki just kept on plugging his establishment, promoting new ideas, refinishing the lanes, got himself elected president of the state bowling proprietors and now has topped things off with this big September tournament.
Wheelchel's hurdles were even larger. He took over a course that was run down from lack of care over the past decade. Once a step on the PGA tournament tour, the Mayfair almost went fit for the weekend golfer.
But Mike has come to work. He purposely lost a lot of business this summer by closing the front nine for over two months to completely renovate and reshape the first nine greens.
On Sept. 1, the front nine will be open again and then it gets its real test at the first Mayfair Open since 1956.
We're sure the Mayfair will pass its test and once again be one of the top courses in the state.
Next year, these bowling and golf tournaments should be even bigger. The new motel on the lakefront is bound to help attract more entries, because now there are really no top-notch, modern lodging facilities available in Sanford.
Again, our hats go off to Wheelchel and Spilzki.
While others wait and watch, these two have to look back over their shoulders to see if anyone else is trying to keep up.

Blythe And Basketball

While the basketball pennants are ready to begin the stretch drive, and football season is right upon us, we got a call from Mack Blythe the other day and he wanted to talk basketball.
Blythe has just wrapped up a summer basketball program at the Seminole High and the dedicated Kentucky native is very optimistic about the Seminoles' possibilities this winter.
"We have some kids that really want to play basketball," says Blythe, who is trying his darndest to bring a winning team to Seminole High.
Blythe had special praise for Frank Whigham, Billy Higginbotham, John Weston, Bobby Lundquist, Lamar Oxford, Roy Dunn, Buddy Stumpf, Mike Ferrell, Syd Lloyd, Bob Powell and Bruce McKibbin.
The biggest problem Blythe will have this winter is re-rounding. His biggest man is Weston, a 6-0 transfer from out of state.
Asked if he picked up any pointers at the Stetson Clinic from Kentucky's great Adolph Rupp, who took a small team within a game of an unbeaten season last year, Blythe replied, "Yep. He told me all they had to do was hit the basket, move the ball and be aggressive on defense."

A Night For The Knights

To the winners go the spoils, and the Knights of Columbus softball team was just recently dined in style by the local organization.
The Knights have just won the City Church League for the past two years. This summer, after finishing last in the first half, they won the second half and the playoffs for the title.
City recreation Director Jim Jernigan was on hand at the feast to present the trophy and partake of the food.
The 1967 Greater Greenboro Open has been set for Greenboro, N. C., next March 30-April 1.

Wynn Probably Out For Year

PHILADELPHIA (AP)—Houston center fielder Jim Wynn, who dislocated his left elbow when he crashed into the wall at Connie Mack Stadium Monday night, will remain in St. Joseph's Hospital here until Friday and then fly back to Texas.

Unitas, Cuozzo Finish Matte's Career As QB

By ASSOCIATED PRESS
Tom Matte was all but forced into retirement as a professional quarterback Wednesday night when he was benched by the Baltimore Colts and San Francisco 49ers.
The pair ruined the coaching debut of Otto Graham as they led the Colts to a crushing 35-0 exhibition victory over Washington before a sell-out crowd of 45,000 that included President Johnson.
Unitas, showing no ill effects from a knee injury suffered last season, threw for two touchdowns and set up another score with his passes.
Then Cuozzo took over and threw 34 yards to Willie Richardson for another score as the Colts built a 35-0 halftime lead.
The defense completely stopped a trimmed-down Sonny Jurgensen and Dick Siner of the Redskins.
Brooks was the man of the hour for the 49ers when he ended a two-week holdout and signed a contract reportedly for \$700,000 for four years.
The 10-year NFL veteran, who led the league last year in most passing departments, was reported in May ready to jump to the American Football League for \$750,000 before the merger of the two leagues killed the deal.
In the AFL, veteran tackle Eldon Dauterive of Denver suffered a broken arm after returning from retirement and guard John Nisby will be lost to the Oakland Raiders because of a torn cord in his right heel.
The New York Jets released funder Jim Evans while the Cleveland Browns dropped half-back Jamie Cash.
The Atlanta Falcons cut loose veterans Ken Kirk, a center, and John Connelis, a tackle, and rookies Martin Kahn, a tackle, and guard Kent Francisco.
The Falcons claimed on waivers guard Mike Taylor from Los Angeles and defensive back Sam Montgomery from Green Bay.

Twins' Boswell Is Still Imitating

By Associated Press
Dave Boswell's homeward impressions still break up his teammates, but the Minnesota Twins' funny man is dead set on about his new act — imitating Fred Koufax.
Boswell fired a four-hitter against Boston Wednesday night for his seventh straight victory and added 10 strikeouts to his American League lead as the Twins battered the Red Sox 7-1.
The 21-year-old pitching prodigy has been the AL's answer to Koufax, Los Angeles' fabulous left-hander, over the past two months — and he's actually been a couple of steps ahead of Koufax in recent weeks.
Before June, however, Boswell's major contributions to the Twins were his hilarious imitations of the animal and bird kingdoms. "Come on, Boswell, feed the chickens for us," a teammate would command.
Elsewhere Wednesday night, the young right-hander would protest in vain before dusting off his chicken-feeding routine.
His bird-calls were a big hit, too, and his squeaking barn door always was in demand, but the strapping Baltimore native was a troubled pitcher. He was the clubhouse comedian — and his won-lost record was 0-4.
"I don't want that goofy reputation," he said. "I'm going to be serious this year."
Then he went out and proved it. Since June 1, he has won 11 of 12 decisions. Koufax, 31 on June 1, has been 8-4 since then. Boswell has won his last six starts; Koufax has won two of his last six.
Boswell's earned run average of 1.84 is far superior to Koufax's 3.00 mark, but the Minnesota fireballer will take the victories any way he can get them.
"I want to win," he says. "I don't care if it's 9.8, 8.6 or 1.0."
Boswell's 10 strikeouts against the Red Sox increased his own season figure to 158. Koufax, with 210 strikeouts, is the only pitcher in the majors ahead of him.
Elsewhere Wednesday night, the New York Yankees routed California 9-0 on Mel Sotell's two-hitler; the Cleveland Indians overcame five Baltimore homers for a 9-6 victory over the league leaders; Washington edged Kansas City 4-3 and Detroit split a doubleheader with Chicago, winning the opener 3-1 before losing 6-3.
San Francisco walloped New York 11-1. Pittsburgh tripped the Dodgers 3-1. Cincinnati outlasted St. Louis 3-1 in 16 innings, Philadelphia edged Houston 7-5 and Atlanta blanked Chicago 9-0.
Boswell, who had pitched a one-hitter against Baltimore in his previous start last Saturday, gave up bases-empty homers to Boston's Carl Yastrzemski and Don Demeter but was in control all the way.
The Twins wrapped up the game with a four-run burst in the fifth inning. Earl Battey rapping the rally with a two-run double.
Stolen bases scattered two singles and belted a homer as the Yankees beat Dean Chance for the fourth time this season. St. Louis' ace, Mickey Vernon, pitched a 9-6 victory over the league leaders; Washington edged Kansas City 4-3 and Detroit split a doubleheader with Chicago, winning the opener 3-1 before losing 6-3.

Clay Bans Spectators

LONDON (AP)—World heavy-weights of my training back to weight champion Cassius Clay has banned the public from his final workout for his title fight Saturday with Britain's Brian London.
The former British heavyweight champion said he expected to tip the scales at his best fighting weight of 198 pounds on Saturday.
Clay now weighs 205½, just over three pounds heavier than when he stopped British heavyweight champion Henry Cooper in the sixth round of their London title fight May 21.

Know Your Fireman

L.T. ED. F. Brooklyn came to Sanford from Lake Mary, was graduated from Seminole High School and spent two years in the U. S. Army. He joined the Sanford fire department 10 years ago. He and his family reside at 112 Bunker Lane.

Aims, Principles Of Legion Aux. Outlined To Girls

Members of Junior Auxiliary of American Legion Unit 55 received a better insight into the aims and principles of the Senior Auxiliary when they were addressed by the senior group's president, Mrs. Betty Luecker, at the home of Mrs. Theo. A. Riller. Mrs. Luecker charged the girls with becoming more familiar with all aspects of the senior activities and stressed that they prepare themselves for the day when they will be received into the senior group. "There is a trophy presented annually by the Department of Florida in recognition for the most active junior group," said Mrs. Luecker. "So, as long as we are becoming familiar with our duties, let's work for that trophy!" She encouraged the young women to adopt the following schedule of participation in order to qualify. Learn the pledge of allegiance to the American flag, the history of the flag, and the history of the "Star Spangled Banner"; send scrap books, comic books and bound books to crippled children's hospitals in Florida that are sponsored by the American Legion and Auxiliary; help with Pong's Day, make bean bags and dolls for the crippled children's hospitals; work with various organizations during fund-raising campaigns, give baskets to the needy at Thanksgiving, Christmas and Easter, send cards to shut-ins, and learn First Aid. "Participation in these activities and I feel sure that your efforts will be rewarded with that trophy," she assured the girls.

Mrs. Luecker concluded with an invitation to the Juniors to attend the next Unit 55 meeting when the girls who attended Girls State will make their reports on their trip to Tallahassee this summer. Plans also have been made for the Juniors and their families to have a picnic at Rock Springs on Aug. 20. Miriam Hamlin and Tequila Cheaser are co-chairmen of the telephone committee for the event.

Produce Garden Ok'd By Council

UPPER DARBY, Pa. (AP) — A move to ban front-yard vegetable gardens here has been shelved by the township commissioners. The ban was discussed after neighbors of Sotrios Travlos complained that his vegetables didn't look right growing next to their well-manicured lawns. The commissioners decided against the ban after receiving a "great amount of opposition."

Hot Bullet INDIANAPOLIS, Ind. (AP) — An Indianapolis welder was treated for a bullet wound in the leg recently after the flame from his torch exploded a .22 caliber cartridge. The cartridge was in a car the welder was working on.

The Sanford Herald \$2.85 Million Budget Given Tentative OK

By DOTIE AUSTIN Seminole County school administration offices were crowded to capacity Thursday with worried but well-mannered taxpayers, who gathered at a public hearing to probe the necessity for a 4.65 mill increase in county ad valorem taxes for the 1966-67 school budget. After hearing all those who wished to speak, the board unanimously passed the \$2.85 million budget, which provides \$1 million in pay increases for teachers and supporting school personnel. First to be heard was a former county commissioner, Vernon W. Dunn, who asked for "a lot of fat trimming."

The loud wall that you heard Thursday evening was not a test to see if the air raid warning siren. It was the combined screams of despair of the property owners as they read the front page headline on the Herald — "Seminole Facing 33 per cent Tax Increase."

Several Sanford merchants are busy with remodeling and expansion of their stores. City permit lists show Chase and Company plans to spend \$10,000 on office remodeling; Hill Implement has budgeted a \$15,000 expansion and remodeling job and Miller Machine is planning to spend \$200 on sprucing up their place. "This is a good indication of confidence in the community and shows enterprise can be done by government," without asking for government aid.

Big things are coming up on August 29 with all civic clubs banding together to honor one of Sanford's most important citizens. Now, from the White House comes the guideline figure of 5.2 per cent as a "non-inflationary" raise. That is, in everything but wedding expenses. And, oh yes, airline mechanics pay jumps as proposed by the unions.

H. D. SHINN, Longwood's new police chief, received the oath of office from City Clerk, Onnie R. Shomate, following his appointment and unanimous confirmation by the city council Thursday evening.

Longwood has a new police chief — but after Aug. 31 will have no patrolmen. Horace D. Shinn, formerly of the Maitland police department, was appointed chief of the Longwood police by Mayor B. E. Black at meeting of city council Thursday evening and unanimously confirmed by the board. Following the appointment and confirmation, the police chief tendered his resignation to become effective Aug. 31.

Charles Roberts Named Principal Charles Roberts, Goldsboro school teacher, has been named principal of Roper School, replacing L. R. Eubanks, deceased. Appointment was made by the county school board, Thursday, Roberts has been teaching for 15 years. In other action, the board heard a report from Dr. Earl Weldon, president of Seminole Junior College on progress of building of temporary classrooms on the campus.

Hearing Set For August 23 By DONNA ESTES Total budget of Seminole County expenditures during the 1966-67 fiscal year will be \$2.85 million and, if approved, will raise the millage to 20.89 mills from 16.82 mills, or an increase of 4.07 mills or 23 per cent. This tentative budget will be approved subject to a public hearing at 11 a.m. Tuesday, Aug. 23, at the County Commission chamber in the courthouse.

John Alexander, County Commission chairman, in a press conference this morning, reported the board of county commissioners has held its millage for operation of county government, including the Port Authority, at 6.2 mills. The request for \$90,000 more for Seminole Memorial Hospital, however, will raise the hospital millage from 1.2 to 1.53 mills, thus bringing the total millage for county expenditures to 6.83, he advised. Requests for an additional \$186,000 for county government operations was raised to \$190,000 additional. Budgets which are increased include hospital, fines and forfeitures for the courts and law enforcement from \$421,484 to \$465,312, up \$43,828; roads and bridges to \$911,266, up \$40,320; general fund, \$29,756 up \$10,021, and health department (county share), \$58,633, up \$14,387.

The port millage will remain the same at .37 for the \$78,982 budget and .50 mills will continue to be levied for capital improvements. The hospital budget of \$377,000, up \$90,000 over last year's \$287,000, has operated at a "non-inflationary" deficit," Alexander said, "and the board has called for the hospital trustees to work to correct this situation." The board has studied every budget request in detail since June 16 and I am proud of the dedication with which the commission has put into the budget this year."

Students who were in school in Seminole County last year and whose freedom of choice form has been filed and assignments made are already registered. Richey pointed out, "If no freedom of choice form is filed, the student will be assigned to a school outside the regular bus run, the parents are responsible for the transportation of the student to and from school," Richey explained. He emphasized that in addition to filling of the choice form, the student must be registered at the school which he or she will attend. Students who were in school in Seminole County last year and whose freedom of choice form has been filed and assignments made are already registered. Richey pointed out, "However, if the student is

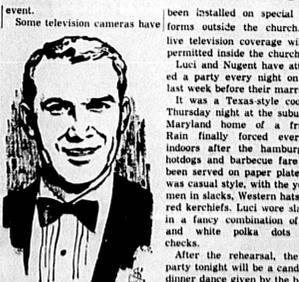

MISS DONNA HOWLAND, daughter of Mr. and Mrs. Ben H. Howland, Sanford, as the "Sanford DeMolay Sweetheart," will compete with other county sweethearts for the state title at the annual Florida DeMolay convales Aug. 7-11 at Hollywood. With Miss Howland's photo, The Sanford Herald introduces its new Photo-Lathe Duo-Tone process. (Herald Photo by Bill Vincent Jr.)

Seminole Schools Open August 29

Program and schedules for under 15 years of age and no freedom of choice form has been filed, he will not be permitted to attend school until this is done," Richey explained. "If, for instance, parents have asked that a student be assigned to a school outside the regular bus run, the parents are responsible for the transportation of the student to and from school," Richey explained. School hours will be the same as last year in most instances with junior high and high school students going to school at 8 a.m. and being dismissed at 2:45 p.m. Elementary school students will go to school at 9 a.m. and be dismissed at 3:30 p.m. in most cases. Reason for the different hours is to avoid overcrowding of buses as much as possible.

Saturday Is Luci's, Pat's 'Big Day'

WASHINGTON (AP) — It was church rehearsal day for Luci Johnson and Patrick J. Nugent on the eve of their wedding. Following their rehearsal walk down the aisle, there's one more dinner-dancing celebration tonight for members of the wedding including Luci's parents, President and Mrs. Johnson. Behind the scenes, many persons will be working late into the night to get things ready for Saturday's high-spoon nuptial Mass at the National Shrine of the Immaculate Conception and reception to follow. Later the huge church will be decorated with bouquets of white flowers, willyow greenery and potted trees. Pews and kneelers will be marked and decorated with greens, ivy and white blooms. The White House will be decked with flowers in the pink.
