

President To Send Congress Proposal For Reorganizing Pentagon

WASHINGTON (UP)—President Eisenhower planned to send Congress today his proposal for reorganizing the Pentagon to put more power in the hands of the secretary of defense.

The President also said the defense secretary has to have a degree of financial flexibility for defense planning. But he said the question of how much financial authority the secretary should have is for Congress to decide.

makers to give the defense secretary direct control over the size, composition and strategic planning of the Armed Forces.

Another defense request Eisenhower sent Congress Wednesday was the creation "at the earliest possible date" of a civilian-run National Aeronautics and Space Agency to direct non-military, scientific space projects.

He also requested an extra \$1,455,757,000 for stepped-up space research programs, and more missiles, H-bombers and Polaris-firing submarines in the fiscal year beginning July 1.

The new expenditures would hike defense outlays next year above \$40 billion dollars—a step almost certain to cancel out the \$60 million dollar budget surplus predicted by the President last January.

The Senate preparedness subcommittee meanwhile summoned Defense Secretary Neil H. McElroy to a hearing today to give progress report on post-Sputnik steps he has taken to beef up the nation's defense program.

Changes Unnecessary
At his news conference Wednesday the President said he did not think his Pentagon reorganization plan "necessarily" would require great changes in present law.

Weather
Partly cloudy becoming mostly cloudy with scattered showers Friday; low tonight 64 to 72.

Citrus Earnings High Despite Bad Winter

LAKELAND (UP)—Florida's citrus growers came out of their most frosty winter with the sweet smell of orange blossoms in their groves and a large pile of green money in their banks.

The winter was the coldest in Florida history, but higher prices on the fruit they did manage to produce made up for all the discomfort and extra work. Their 1957-58 winter income may be the best ever.

According to the U. S. Agriculture Department, the freeze cut the Florida orange crop this season from an estimated 102 million boxes to 85 million, and the grapefruit crop from 38 million boxes to 32 million.

Freeze Solved Problem
The 102 million box orange crop would have been the largest in Florida history and the industry was wondering how to dispose of it at profitable prices. The problem was solved by the freeze.

There apparently will be no overproduction worries next season since the freeze damaged trees are generally believed incapable of producing more than 85 million boxes of oranges in 1958-59.

The reason is the law of supply and demand. Citrus is less plentiful now and consumers are willing to pay more for it. The result—the basic price of Florida oranges this year is about twice what it was at the same time last year.

The segments of the industry suffering solid financial blows from the series of freezes which began in December and continued through February are growers in northern lowland areas where the cold hit the hardest, suppliers and laborers.

The firms which manufacture boxes, sacks, cans and other materials used in the industry were hurt by the drop in fruit volume. The workers were hurt because fewer of them were needed. And some growers in the hardest hit areas simply haven't got enough fruit to take advantage of the price increases.

All-Time Record
General Manager Robert W. Rutledge of Florida Citrus Mutual, the nation's largest cooperative, products growers' earnings this season will set an all-time record, probably exceeding 200 million dollars. The record is 195-56, growers took in 160 million last year.

General Manager Homer Hook of the Florida Citrus Commission, the state agency which regulates the industry, estimates that growers' earnings "may possibly" set an all-time record, but not making any flat prediction that they will.

At the end of March last year, oranges were selling for an average of \$1.25 per box on the market. At the same time this year, the average was \$1.

Cameras Also Profit
Not only are growers expected to reap a rich harvest, but the makers of frozen juice concentrate and the fresh fruit shippers are expected to take in a

healthy haul. Demand for citrus products is much higher than normal and so are most of the prices.

James Robertson, 37 year old filling station operator of Winston, Salem, N. C., driver and owner of the car, is in Seminole Memorial Hospital, where it was reported he had a fractured left leg.

Two men narrowly escaped being crushed to death when the 1955 Cadillac in which they were riding went out of control and crashed into trees and underbrush early this morning.

2 Men Narrowly Escape Death In Wreck Today

The accident occurred about 1 1/4 miles north of Sanford on Highway 17-92 shortly after midnight.

Both men were thrown from the automobile as it smashed into water, trees and underbrush. Water was thrown into mud and debris and Robertson landed in water which covered him up to his waist.

One witness to the crash who was traveling south toward the Cadillac, said "I saw the car coming around the curve, its lights going from one side to the other, then a puff of smoke, and the automobile went down the bank and crashed."

Radio Broadcast Tells Of Sumatran Uprising

SINGAPORE (UP)—The central government radio at Medan claimed today that local officials and residents of west-central Sumatra had launched a general uprising against the revolutionary government.

It said rebel Maj. Noormadras, commander of the 10th Battalion at Bukittinggi, had fled the rebel capital with 300 troops and was attacking other rebel forces from the mountains in the area.

The Medan broadcast followed an announcement by the rebel government Wednesday that it had crushed a counter-revolutionary plot by top rebel military, police and political leaders. It said four ringleaders had been arrested and that the situation was under control.

Thousands of persons fled their homes in the San Francisco Bay area as rain-swollen creeks overflowed their banks.

The storm cost two lives. Richard Chave, 31, drowned when he slipped into swollen Ross Valley Creek in Marin County. In Lake Anderson near San Jose, William Vallotton, 23, former University of California football player, was feared drowned when his canoe tipped over in the wind.

Rebel Foreign Minister Col. Mubandri Subandrio, in a broadcast over Radio Padang, charged today that central government troops were using arms made in Russia.

He challenged a statement by central government Foreign Minister Subandrio that the Jakarta regime had not received any Soviet aid.

It said 600 residents of Padangman, a village north of Padang on the west coast, attacked the rebel forces when they arrested four senior government officials on charges of being communist agents.

Alzang had earlier danced, turned somersaults and skipped rope on a wire high under the roof of the garden. He was descending a wire at about a 45-degree angle when he lost his footing and fell onto a rubber mat over the solid floor.

Twin Tornadoes Ram Through Texas Town, Village

WICHITA FALLS, Tex. (UP)—Twin tornadoes "bouncing up and down like yo-yos in slow motion" ramed through Wichita Falls and a nearby village late Wednesday, killing one man and injuring dozens.

Traffic Safety Priorities Listed

CHICAGO (UP)—A citizen leadership conference of the President's Committee for Traffic Safety ended a two-day meeting Wednesday night with a priority program for combating traffic deaths.

The six-point priority agenda was listed by Calvin Pentecost Jr., Skokie, Ill., head of the business advisory panel of the president's committee and board chairman of Allstate Insurance Co.

"We're the luckiest people ever," said Steve Marchand, director of Civil Defense here. The two tornadoes rumbled along the Wichita River, taking 15 minutes to traverse their course and missed the downtown section, packed at the rush hour, by three blocks.

Enactment of stronger uniform laws with sufficient funds to conduct effective programs with trained personnel and adequate facilities.

Broadening driver through state financial aid so all eligible high school students get training; and establishing standards for private driving schools.

Marchand said only the tail of one of the tornadoes touched the ground, which might have accounted for the "comparatively light" destruction and injury in the town of 100,000.

Improving enforcement to include the use of more patrolmen, uniform non-traffic tickets, chemical tests for intoxication, radar and unmarked police cars.

Upgrading traffic court procedures to meet out more appropriate and more stringent penalties. Periodic motor vehicle inspection.

Periodic motor vehicle inspection.

Wylie Taylor, 50, a rancher at Dean Dale, a tiny village 12 miles east of Wichita Falls was dead. Taylor was apparently sitting in the living room of his home when it crumpled on top of him. Almost every building in Dean Dale was destroyed or damaged.

The twister that touched ground destroyed about 50 homes and buildings in Wichita Falls and damaged another 250. A. N. Anderson of the Department of Public Safety said, and left another 300 without power.

The tornado hit Wichita General Hospital and knocked out windows. Some patients panicked and had to be taken into the basement.

No Pictures In Paper Yesterday Because Of Mechanical Trouble

Pictures tell a story which words cannot describe, a statement that can be borne out when blank spaces appear on the front page where pictures should have been printed.

The Sanford Herald apologizes to many of its readers for the publication of yesterday's paper without pictures.

Machines, especially those operated electronically, get out of order at times and to correct the adjustments, replace parts and generally overhaul the apparatus requires many hours.

Today, the pictures are being used over again with their appropriate cut lines. Our faces are red because of the necessity to print the paper without pictures. We apologize and hope that "it won't happen again."

MRS. PATTY GATCHEL and her gift of a hand embroidered pocketbook from the Philippines. The gift, from Mrs. Concepcion Jaladon, president of the Rural Bank of Holo City, Philippines, was 35 days in transit to Sanford. (Photo by Bierstrom)

429 Building Permits Issued First 3 Months

The Seminole County Zoning Commission initiated the number of building permits issued by that office since Jan. 1.

For the first three months of 1958, building has been going on at a clip of nearly five new houses under construction each day.

Actually, the Seminole County Zoning Commission issued 429 building permits during the first 90 days of the year.

Estimated valuation of the construction is \$3,180,000, or over \$1 million dollars per month.

Robert S. Brown, Director of the Seminole County Zoning Commission, told the Seminole County Board of Commissioners recently "What we are doing is beyond our fondest dreams."

A building inspector was employed at the first of the year and another was recently added to keep up with the constantly increasing load and the number of daily inspections necessary to comply with regulations.

The storm moved down the Central Valley and into Southern California early today. As it did so, it left streams and rivers overflowing or nearly so, flooding thousands of acres of land.

At Stockton city officials braced themselves for a crisis.

DeBary News

Mr. and Mrs. David Rothchild of Lake Dr. are entertaining Mr. Rothchild's sister and husband, Mr. and Mrs. Edgar Perkins from Mt. Vernon N. Y. On Thursday Mrs. Rothchild will honor her sister-in-law, with a luncheon and two tables of bridge.

Mr. and Mrs. Rutledge Fray of DeBary Dr. intend to leave around the 15th of April, for their home in New Hampshire, for the summer.

The DeBary Women's Club Music department, held a musical at the studio on the main street. Mrs. Brown spoke on suggested forms of entertainment for retired people. Mrs. Louis St. Almond, guest soloist sang, "His Prayer and Her Dream," from the opera. Mrs. Brown read the story of the love of Langrin and Elza. Mrs. St. Almond sang two hymns written by Fanny J. Crosby, and two by Isaac Watts, she was accompanied by Laura P. Brown at the piano. Co-hostesses for the afternoon was Mrs. Albert Salisbury, who assisted in serving the thirty guests present.

The next meeting of the DeBary Canteen will be April 11 at the Fire House.

Mrs. Joseph Callahan, chairman of the DeBary Red Cross Drive, would like to thank all her committee and any one helping in any way to reach their goal. They were \$6 short of \$1,000 at the last count.

Mrs. Cassin Crosby who handled all details of the chartered bus to Lake Wales, to see the Passion Play, was sorry she couldn't take all who wanted to go. Another group is going Sunday, April 10th. Those wishing to go, contact Mrs. Thomas Arno of Park Lane, for reservations.

The DeBary Lions Club meets Thursday Evening, April 8, at Pappas's Restaurant.

There will be a Sun Rise Easter Service at 6 a. m. on the Shell Rd. side of Lake Marie, near the Civic Building.

Mr. and Mrs. Fred Wulf of Lake Dr. have as their house guests for a few weeks, their daughter and her husband, Mr. and Mrs. Edwin Nappes from Brookhaven L. I. and their two children, Edwin Jr. and Lynn.

Mr. and Mrs. Charles Prager of Catalina Dr. entertained at dinner, her folks from New Hampshire, at Pappas's on Sunday. Mr. and Mrs. William Reich of Hillsboro Dr. entertained on Saturday evening, with a few tables of bridge. Her guests were, Mr. and Mrs. Chester Beavish, Mr. and Mrs. Charles Woessner, Mr. and Mrs. Albert Salisbury.

Mrs. Rose Burdette, the 8th District President of the American Legion Auxiliary, will visit DeBary soon, to form an Auxiliary to

THE OLD HOME TOWN

Herbert D. Gibb Post No. 500. The charter will be kept open for six weeks allowing plenty of time for those desiring to join as charter members. Nominations for officers will be held on Saturday, April 16th. First Vice pres. Mrs. William Brown; Second Vice pres. Mrs. H. K. Johnson; Sgt. at arms, Mrs. K. Johnson; Secy. at arms, Mrs. K. Johnson; Treas. Dr. May Anderson; and Rec. Mrs. Frank Moore.

Mr. and Mrs. Charles C. Bartlett of Lakewood Rd. are entertaining Mr. and Mrs. W. P. Longdon from Lakewood Maine.

Mr. and Mrs. Peter Hall of No. 901 Main St. will have as their house guests for a few weeks, their daughter and son-in-law, Mr. and Mrs. George Prager of Jacksonville N. Y. and their three children, Susan, James and Thomas.

Mrs. J. R. Wood of Lake Dr. will entertain old friends, Mr. and Mrs. W. Sloan, who are returning from their winter home in Venice, Fla. for luncheon Thursday, before they continue on to Keyport, Conn. Mr. and Mrs. Wesley Dobray of Lakewood Dr. have as their house guests, their daughter and son-in-law, Mr. and Mrs. J. V. Hillman and sons Jack and Donald.

Floridians Warned Against Joining Auto Club By Mail

TALLAHASSEE — Floridians were warned against joining auto clubs through the mail. State Insurance Commissioner J. Edwin Larson said he has information that Southern Automobile Assn., Inc., of Charlotte, N. C., is soliciting by mail in this state without a license. He said there is a possibility other companies are also operating illegally in Florida by mail.

Auto clubs operating in Florida must have a deposit of \$25,000 with the Insurance Department if they were in business before April 1, 1938. After that, the deposit rises to \$25,000.

COOPERATION SOUGHT

WARSAW, Poland — A delegation of top Polish economic experts was en route to Moscow today to discuss conditions for economic cooperation. Mission leader Stefan Jedrychowski said the talks would cover both current economic agreements and plans for the 1938-42 period.

The world's shortest river also has the shortest name. It is the RIVER in Italy.

Violent Death

How far will the mind wander if unbridled? Here is a good example, from the second Creative Writing Class. Wally Pope, in a rather facetious vein, creates a culpable character then disposes of him in a unique and ingenious manner. This is intended as sheer fantasy, and not realistic writing.

VIOLENT DEATH
Clyde Smith had never amounted to much in his 43 years of life, except to be a petty thief, and he would probably always be a thief.

Clyde had been sentenced to a year in jail for trying to steal a woman's purse and he was just becoming accustomed to the stench of the rats and roaches that abounded in and around his cell, which was to be his home for the next year. He thought to himself, "I wonder what could have gone wrong. How did those dumb cops catch me?"

Clyde's personality was repulsively overbearing, a characteristic which caused him to be disliked by many people, but he thought that he was pretty smart. He thought that he would show those cops a few things.

After almost a month of living in the cell, Clyde noticed that one of the rats that stayed around the cell was becoming quite large as a result of eating Clyde's dinner scraps every day. Clyde wondered how the rat could keep getting through the bars, as the rat was getting rather large.

After several more weeks, Clyde noticed that the rat was actually stretching the bars of the cell as he grew larger, so Clyde decided to eat rat, and Clyde decided to eat the rat of the meal to the rat in order to hasten its growth.

When three months had elapsed, the rat had become cyclopean in size, and Clyde decided to give the rat all of his daily meal so that the rat would get even larger, and Clyde would get thin enough to crawl through the spreading bars.

After a week of absolute abstinence from eating, the effect of malnutrition began to show, a fact which was noticed by the city doctor.

When dinner time arrived the next day, instead of the usual meal, the guard brought Clyde only two pills which he handed to Clyde saying, "The doc says that you look a little pale, and for you to take these pills instead of eating today."

Suddenly a look of dreadful horror was transfixed upon Clyde's face as he shrieked "Not! Not! I've got to have the food!" but the guard merely chuckled as he went on through his rounds.

When the rat arrived for his daily meal, the only thing in the cell was Clyde, who was covering in the corner, and quaking with fear. Because of the rat's enormous size, he could not go a day without eating, and he turned on Clyde, who was so stupefied with fear that he could not utter a sound.

When the guard made his next rounds, he was shocked to numbness by the sight of Clyde's cell. The cell was a complete chaos and the only trace of Clyde was a few scattered bones and some spots.

Ostriches are known to grow to be more than seven feet in height.

Couple Of Week

Gossip Clouds

If anyone sees Pat Blom in a date, tip-off quietly because she has good reason to be on Cloud No. 7. We think Pat and Ace make one cute couple.

You lucky, lucky juniors and seniors. We know that you had a fabulous time at the Prom. If you want to see a crazy couple, you should see Dolores Bailey and her new flame Chester. I've doubted with them and they are a riot. Lots of luck, you two.

What's this we hear about Judy Brute having a deliciously mad crush on Johnny Y... It's a shame she will be gone by the time this is printed. What a beautiful love story wasted.

Lindsay Humphrey, tell us who Mike F. is... We've seen you wearing his jacket, and we're beginning to wonder about this affair. Oh! Mike! Good luck, you two. Brown and Pat Mc. are going steady again. Lots of luck, you two... You are two swell people.

What's this we hear? The Luxen's car has a big new dent on the front fender. What ever could have happened Janice?

Seen together lately have been Harold Frizzell and Kathy Griffin. Maybe this will develop into something important.

Ask Mary Jane Flynn what she thought of this Friday? Just call her "Farmer Flynn" from now on.

I wonder what is so interesting in Orlando for Fayo and Annette Wolfe. Maybe they will tell you if you ask.

You should have seen Audrey Bolgers face Friday night when she started to slap Henry on the knee but instead hit her fork in her plate and the fork came down in Henry's lap. Did she ever turn green and Annette, well, ask him.

Elaine Mims is just counting the hours now. Happy week-end for you, huh, Elaine?

A cute couple around S. H. S. these days is Barbara Colbert and Mike Batey. Best of luck kids.

Connie Brown will soon be wearing glasses if she don't watch it. It seems she is always straining her eyes for something, or should I say, someone?

I hear there was a bad need for WATER Friday night. Have a bit of trouble Gary? ? ? ? ?

Don't you guys forget to get your dates for the Glee Club Ball this coming Friday night. Make reservations with Bill Tyre or Miss Whittle.

Everyone is busy making posters for the campaign, it seems Audrey Bolger has some darling idea. Edith Hanson seems to be concerned about the election too. In fact it's right on the tip of her tongue if you want to talk about it.

Pete Nash and Marlon Routh have been dating a lot lately. Best of luck to you two. I heard Marlon say it had been a whole week.

Ronnie Russel still free? Some one let us know, or rather, Ron, let us know.

LEGAL NOTICE
PETERVILLE NAME:
NOTICE IS HEREBY GIVEN THAT I am engaged in business at Rt. 1—Box 280, Forrest Road, Orlando, under the fictitious name of Peter Electric and that I intend to register said name with the Clerk of the Circuit Court, Seminole County, Florida, in accordance with the provisions of the Fictitious Name Statute, in Title Section 852.08 Florida Statute 1925.

MOVIELAND RIDE - IN THEATRE

Can You Imagine

By Joyce Lynn Benton
Our couple of the week this week is Shirley Morgan and Greg Walker. They have been going together eight wonderful months and I'm sure everyone will agree with me again that they make a darling couple and will want to wish them the best of luck always.

Shirley has dark brown hair, hazel eyes, and is only five feet tall. Her favorite song is "The Twelfth of Never". Her favorite food is fried chicken. Shirley is very active in school. She is a cheerleader, a member of the Tri-Hi-Y, a member of the Glee Club where she is in the Triple Trio and also our secretary and treasurer of the Glee Club. Shirley was elected to go to Girls State. Greg has blond hair, hazel eyes, and is 5'8". His favorite song is "The Twelfth of Never" also and his favorite food is pizza. Greg is a member of "The Counts", a member of the Theatians, and also was very helpful on the Junior-Senior Prom.

I interviewed Shirley and Greg and here are the results:
Question: What are your plans after school?
Shirley—Brenau College
Greg—College
Question: What do you enjoy doing together most of all?
Shirley—Just being with Greg is enough for me.
Greg—Just being with Shirley.
Question: What do you like most about each other?
Shirley—Just Greg
Greg—Shirley is understanding
Again we want to wish you two the very best of luck in the future.

Could It Happen To You?
Kathy Carlson

The above title refers to the movie seen last week in assembly. Be honest with yourself and ask yourself if you could be a lung cancer victim now or will ever let yourself lack enough self-control to avoid excess smoking. I've never seen one person who could give five sound reasons why he smoked. I can certainly think of five good reasons why you shouldn't smoke.

1.—The nicotine is bad for your health.
2.—It isn't a pleasant sight to see someone always puffing on a cigarette.
3.—Smoking leaves a film on your teeth.
4.—Smoking leaves an unpleasant taste in your mouth and is annoying to others.
5.—Smoking can become a bad habit if once neglected.
If you smoke don't neglect getting a chest x-ray at least every six months, you owe it to yourself. The operation we witnessed in the movie shown wasn't the most pleasant sight in the world, but it will sure make you think twice. If I'm stepping on anyone's toes, I'm glad, I'd rather do that than attend your funeral.

The rugged Olympic peninsula, in the western United States, takes the heaviest rainfall in the United States, it reaches more than 200 inches at some points in wet years.

Question Of Week

By JOYCE LYNN BENTON
Question: What do you want the Easter bunny to bring you?
Gary Baker—A little bit of everything
Evie Kratzert—I don't know

Jimmy Cordell without a Ford? Mary Jane Flynn without Eddie? Lynda Lou Yeackle letting her hair grow REAL long? Betty Johnson with black hair? Pete Nash not acting crazy? Teddy Walker not being able to dance? Linda Anderson not eating? Dolores Bailey not writing gossip?

Joyce Ann Benton not having to say "I'm Joyce ANN!"
Janie Brown not taking her little trips?
Cindy Roumillat not having a tan?
Wally Phillips being sloppy?
Mr. Leyer smiling?
Jack Stotsky not arguing?
Connie Brown not looking out her window?
Edith Hanson not talking about the election?

This Year's Glee Club Operetta About Gypsies
By Pam St. John

Exactly one night from tonight the curtain will rise on the annual Glee Club Operetta. This year's plot is based on the happenings in a Gypsy Camp, and should prove quite interesting.

The main characters are: Teddy Walker, as Rob the leader of the Gypsy Camp; Linda Anderson, as Constance the daughter of an English nobleman; Shirley Morgan, as Zara; and Johnny Harley, as Silvio. Bruce Hold will portray Craven, an English nobleman who is betrothed to Constance. Craven is quite the madcap and adds a vein of comedy with his "Toneka Know".

A chorus of gypsies in brightly colored costumes and a chorus of conservatively dressed Englishmen will add to the background and setting of the operetta.

The operetta will take place in the S. H. S. auditorium at 8 p. m. Tickets may be purchased from any Glee Club member who is walking around the halls looking as if he would like to sell you a ticket. Remember, friends, we will approach you. All kidding aside, though, the operetta will be quite worth your while and everyone should come.

The sweetest plant in the world is said to be the Stevia of Paraguay. It produces a liquid that is 300 times sweeter than sugar.

It took some 12 years to design the 103-foot Colossus of Rhodes, one of the original Seven Wonders of the World.

Formosa is about 100 miles from the Chinese mainland.

Kiddie Korner

Everyone is sure to sign up for table reservations in Miss Whittle's room for the forthcoming Glee Club Ball on April 11. The ball will be at the Mayfair Inn and, as I understand it, will be a formal affair. However, coat and tie will be acceptable. The Glee Club is planning a wonderful time for all. There will be entertainment during the evening, and a dancing program will be enjoyed. Who goofed in the auditorium? Somebody must have or we wouldn't have had to have a seating chart. It's my impression that certain people have not been sitting where they were supposed to. I don't know who they are, but I hope that they will straighten up and fly right.

All this week we have been having good ministers at chapel. This, of course, is in remembrance of Holy Week, which will soon draw to a close. We appreciate the Sacred ministers taking time to come and talk to us.

Has everyone seen Angelo's "catty" shirt he was wearing last week? Next time we know, it'll be leather jackets and motorcycle hats.

As some of the freshmen know, a few of the girls sang together in an ensemble. Well, the other day in Glee Club, we were going over some of the old songs. Cindy and I were at the piano looking at sheet music, and I found an old copy of "Be Kind to Your Parents." Well, that started it. Before you could say "ensemble" all the girls were around the piano singing. Now I understand they are going to re-organize. A few of the girls are if don't know the entire list: Sunny Skinner, Nick Ashby, Barbara Bradley, Suzanne Jones and Cindy May. Judy Ludwig is at the piano. We should be hearing a lot from this group. I am writing this in study hall, and it is almost time for the... I guess it rang—Ed!

BOAT PROMOTION OFFERED
PHILADELPHIA — Philadelphia promoter Nick Troilo has offered to stage the Virgin Akin-Vince Martinez welterweight title bout in either Philadelphia or Pittsburgh this summer as part of a benefit show. The fight, being promoted in conjunction with the International Boxing Club, tentatively has been scheduled for June 6 with no site as yet named.

Formosa is about 100 miles from the Chinese mainland.

The Typewriter Can Be A Very Important Item To Some People

How many typewriters are bought in the United States each year?

The figure would run into an astronomical sum.

The typewriter is used by business of every kind. No matter how small the office or commercial establishment, the typewriter is the gadget that assists in correspondence, in making up orders, and in keeping in touch with the world all about.

Even the housewife, the sportsman, the student—maybe including everyone who has any reason to correspond with friends, relatives and acquaintances—uses the typewriter nearly every day.

We are better informed because of the typewriter; our businesses depend on the typewriter.

But did you know that nobody in Romania is allowed to own a typewriter without a special permit from the Communist military authorities?

The Communist Council of Ministers in Bucharest has issued a decree prohibiting not only the manufacture and repair of typewriters, but transference to any person without permission.

Severe fines are imposed for violation of this decree and penalties from 100 to 150 lei are levied not only against institutions

that do not register with the militia but against individual violators. The fines are about equal to eight to twelve dollars which are more severe than they appear when the low pay and the hard-pressed Romanian economic situation are considered.

This further precaution against freedom of expression is reported by the *Crossroads for Freedom*, which supports Radio Free Europe, and is based on reports of recent Romanian visitors to Radio Free Europe headquarters in Munich, Germany.

Typewriter permits are issued only after the Communists carefully take down all personal data on the owner, plus the make and number of the typewriter. Especially significant is the fact that a specimen of the type must be recorded in the militia files, and the person given the permit may not use the machines for any purpose but the one specified in the permit.

What a conglomerated mess we would have in this country if such a regulation were imposed. The Freedom of Expression would suffer immeasurably because of such an edict.

How fortunate we are to live in a country that believes in the free use of the typewriter in the daily lives of its citizens from one side and from one end to the other.

Faith In Immortality Of Man

Why is ham considered especially suitable for Easter Sunday dinner? Why are eggs dyed and given to children on Easter? What is the significance of the Easter rabbit? Why do millions of Christians make a point of wearing at least one article of new clothing on Easter? Why is Easter called by that name?

Many parents, if these questions were posed by their children, would be hard put to find satisfactory answers. The fact is that millions of Christians take part in the joyous festival of Easter without having any very clear idea about its origins and meaning, except that it celebrates the resurrection of Jesus Christ. This may be annoying to those who place a high value on tradition, but it need not disturb any one who believes in three things first.

The fact is that when it comes to Easter the first and ever most important thing is that this day bespeaks Christendom's faith in the immortality of man. The fact that the

egg symbolizes new life, that the date of Easter changes from year to year because of its original association with the Jewish Passover, that Easter gets its name from the old Teutonic month dedicated to the goddess of spring—these and other bits of Easter lore are interesting but entirely secondary.

The hope and promise of eternal life, the denial that man's spirit dies like mown grass—these are the heart and soul of Easter.

Other Editors Are Saying...

Addison, N. Y., Advertiser: "It is true enough that industries as well as individuals are over-taxed. But the remedy is not to be found in shifting the burden from one pair of shoulders to another's. The remedy is to seek out waste in government and unnecessary expenditures. Double taxation is one of the greatest burdens now pressing down the brow of the people..."

"Nor can the individual owning no stocks escape the effect of this double taxation. No one will willingly invest their money in a company which pays no return. To have anything left after taxes for dividends, every company is obliged to sell its product for higher prices. And since every individual must at some time buy the products of some of these corporations, they, in turn, are helping to pay this double tax. It is as simple as two plus two make four."

Beaver Falls, Pa., News-Tribune: "Government financing is puzzling to the average citizen under any circumstances. It is especially difficult trying to figure out how taxes could be cut, more billions spent, and the budget balanced all at the same time."

Herlong Report

Congress is about to take its annual recess, and it will be nice to get back to the District again. I will be home from April 6 through April 12, then back to Washington for a start of executive sessions by the Ways and Means Committee on the reciprocal trade agreement extension bill.

It is hoped that these hearings begin on the very day the major league baseball season opens in Washington. Naturally, I want to go, but I'll probably do as I did last year—I had a ticket and was all set to head for the ball park when some business came up on the floor of the House and I couldn't leave—so I gave the ticket away. That hurt, because opening day tickets in Washington are really hard to get. On almost any other day people go to the Washington ball park when they want to be there, but not on the opening day.

I am really looking forward to being home for a few days. We have a new grandson that I haven't been able to see yet—so those of you who are grandparents know how anxious I am. Then I want to get away from the Washington office for a spell. It has been the worst winter in my 10 years in Washington. I know it has been pretty tough at home but when you think of the Washington Cherry Blossom Festival with no cherry blossoms, the first day of Spring without an inch of snow, and the fact that we're almost forgotten what the sun looks like, then you can know that Florida is still a mighty good place to be.

The Ways and Means Committee is working on the matter of extending unemployment compensation benefits. It is very important.

draw unemployment compensation during the off season will no doubt find that due to the freeze and the resultant short crop, that the off season will be longer this year than in previous years—and it certainly isn't their fault. We are going to have to add some additional weeks where they can draw these benefits or many of them won't be able to buy food.

However, we must be very careful in changing this law, even temporarily, so that it remains sound, and we must see that state control and state rights are preserved. Sitting in with me on these hearings was James V. C. Sullivan, chairman of the Florida Industrial Commission.

While Florida isn't suffering as some sections of the country, there may be a time later on when we will feel the pain. Fasting workers who customarily

Parables of Christ

Parable of the Sheep

After Jesus had told how one who enters a sheepfold by other than the door is a thief and a robber and that he who enters by the door is the shepherd and the sheep will follow him, He explained further:

"Verily, verily, I say unto you, I am the door of the sheep... by me if any man enter in, he shall be saved, and shall go in and out, and find pasture."

Jesus then related that a hireling would flee at the approach of a wolf because he did not care for the sheep and continued:

"I am the good shepherd, and know my sheep, and am known of mine. As the Father knoweth me, even so know I the Father; and I lay down my life for the sheep. And other sheep I have, which are not of this fold; them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd."

"Therefore doth my Father love me, because I lay down my life, that I might take it again. No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This commandment have I received of my Father."

St. John 10:1-18

What Easter Means To Me

By The Rev. David A. Cavendish

Easter, to me, means resurrection. It is the positive confidence that God's promise to provide redemption for sin-cursed men was consummated in the death and resurrection of Jesus Christ.

The name "Easter" comes from the pagan goddess of light and spring, known in Anglo-Saxon as Eostre. "Easter" occurs only once in the King James version of the New Testament. It is in Acts 12:4, but is a mistranslation. However, it is a fact that the only annual festival of the Christian Church was the celebration of the death and resurrection of her Lord and Saviour.

Much unchristian interest has crept into the Easter celebration. Some commercial interests have exploited for selfish profits the tradition of wearing new spring clothes at Easter. To others, Easter means only the renewal of nature in green leaves and grass, and beautiful flowers.

And yet, the true meaning of Easter is not found in the adopted name, nor in the current distortions. Such viewpoints are focused in the wrong direction.

The early Christians adopted the pascha (Acts 12:4) which was the Jewish Passover Feast. To them it meant the crucifixion and resurrection of the Christ. At that time they chose to commemorate the most important event of all history.

The Feast of the Passover recalled the deliverance of Israel, under the leadership of Moses, from the bondage of Egypt. It signified a new life and new freedom. It is very very significant that Christ

"We Invite Charge Accounts"

The Sanford Herald Sports

Today's Sportrait

By BILL HENRY
United Press Sports Writer
CHAMBERSVILLE, Ohio—He is a small college basketball player who has gained national recognition and acclaim.

He is sought by National Basketball Association teams to play professionally.

He is Jim Smith, 6-6 center on Chambersville's small college national championship team.

Smith led the Barons to a 94-1 record last season and gained the attention of numerous NBA scouts who would like to sign him for their club.

Sought by Knicks
 According to one college official, the New York Knickerbockers will draft Smith in the first round of the annual player selection.

Smith said the Harlem Globetrotters offered him \$2,000 to make the annual tour since 1947 play in New York, Philadelphia and Kansas City, and Jim could hold his own in that company.

Smith earned his recognition the hard way at a small school with an enrollment slightly over 500.

The college, which is just across the Ohio River from Weston, W. Va., doesn't have a fieldhouse or gym of its own. The team works out wherever it can on high school floors in the area. One of the gymnasiums used to practice in last season, was a poorly lighted team had to use a white ball.

814 Points
 But none of this affected Smith. He posted 814 points through the hoops in 25 games and pulled in 200 rebounds, almost half of the team's total rebounds for the season.

Smith blames himself for the one defeat the team suffered at the opening of the season. He said "You know this is a Catholic school, and just before the game we lost, I ate meat. It was on Friday and we lost that night to Mount St. Mary's."

Smith said his biggest thrill was gaining the small college championship in the first small school ratings by the United Press.

Minoza Enjoying One Of Finest Springs Of Career

By FRED DOWN
United Press Sports Writer
 Those critics of Cleveland Indians General Manager Frank Lane are being drowned out by the thunder of Minnie Minoza's bat.

And they'll cease to exist at all if the newly-acquired Larry Doby pans out for the Indians the way Minoza is. Acquired Dec. 4 in a deal that involved the popular Earl Wynn and Al Smith, Minoza is enjoying one of the finest springs of his nine-year career.

All the 34-year old native of Mantanzas, Cuba, did Tuesday was wallop three homers and a single to drive in eight runs and lead the Tribe to a 14-7 victory over the Chicago Cubs. That outburst topped another terrific showing by Ernie Banks who smacked his 10th and 11th homers of the spring and knocked in five runs for the losers.

Lane was criticized for making both the Minoza and Doby deals but in reuniting sluggers who twice previously have been "roomies" he is trying to "wake up" a city whose attendance last season fell to 780,000.

Bill Showron knocked in eight runs with two homers and a single as the New York Yankees outdistanced the Chicago White Sox, 15-11.

Steve Bilko, fighting to win a job with Cincinnati, knocked in four runs with two homers off Curt Simmons to lead the Redlegs to a 9-3 triumph over the Philadelphia Phillies.

The world champion Milwaukee Braves waded up their "home" exhibition season at Bradenton, Fla., with a 7-3 win over the Pittsburgh Pirates; the San Francisco Giants clinched the Cactus League title by beating the Baltimore Orioles, 6-1; the St. Louis Cardinals crushed the Boston Red Sox eight games winning streak, 4-1; the Kansas City Athletics downed the Detroit Tigers, 4-1; and the Washington Senators thumped the Los Angeles Dodgers, 7-4, in 10 innings.

Senators Seem Doomed For Cellar

By LEON E. PETERSEN
United Press Sports Editor
ORLANDO (UP)—The Washington Senators, who are getting used to finishing there, seem doomed to wind up in the American League cellar again.

Even their manager, Cookie Lavagetto, is as pessimistic as he'll only go so far as to say, "We'll win more games than we did last year." He won't admit it, but he'd settle right now for seventh place.

The only ray of hope Lavagetto sees in the Senators' 1954 outlook is that he plans to start the season with five new regulars and has what appears to be the best rookie pitcher in the Florida spring training camp.

Promising Newcomer
 The newcomer is Ralph Lumet, a 6-2 left-hander whom the Senators signed off the University of Massachusetts campus late last season.

Lumet was only the third player to whom the Senators ever gave a bonus—the others being third baseman Harmon Killebrew and outfielder Jared Schoonmaker.

Killebrew isn't much of a glove man, but the 101 runs he batted in for Chattanooga last year while hitting 20 homers, gives Lavagetto hope that he finally will be able to hit major league pitching.

The other new regulars in Lavagetto's scheme of things are centerfielder Albin Pearson, catcher Steve Korchak, first baseman Norm Lachin, and second baseman Job Malkmus.

Lavagetto rates Korchak the top of his four catchers, the others

being veterans Ed Fitzgerald, Clint Courmy and Lou Berberet. That is Washington's strongest department, and the Senators may collect dividends from it because several clubs, including some in the National League, are after catching help.

Schedule at First
 Smooth will be at first base with the National League castoff, Rocky Bridges at short. Veteran Eddie Yost is pushing Killebrew at third base while Herb Flies will take over second if Malkmus, a .291 hitter with Wichita, can't make it.

The Senators' brightest star, Ray Siewers, the American League home run and runs batted in king, will be in left field with Jim Lemon in right if he hits. Otherwise Nell Chrastka, who batted .248 at Indianapolis in 1953; Carlos Paula, up from Minneapolis where he hit .286, or Whitey Herzog will be given a shot at the job.

CHARLES DOWN IT POUNDS
CINCINNATI, Ohio—Essard Charles, the former heavyweight champion, was down to 208 pounds as he trained for a proposed comeback. Charles, now 36, said he weighed 230 when he started training in mid-January.

TO TRY COMEBACK
INDIANAPOLIS, Ind.—Pat Fishery, who won the 1948 Indianapolis 500-mile auto race, will try a comeback in this year's Memorial Day renewal. Fishery was badly injured in a 100-mile race shortly after his Indianapolis victory two years ago.

LOANS MADE TO RESIDENTS OF ALL NEARBY TOWNS

FSU, Notre Dame Clash Saturday

TALLAHASSEE (Special)—West Virginia and Wisconsin open play in Florida State's third annual baseball tournament here Friday afternoon.

But interest won't hit its peak until Florida State and Notre Dame—champions of the NCAA's District three and district four—clash at 12:30 on Saturday.

Notre Dame established as a pre-tourney favorite on the basis of its finish in the college world series last year, isn't fully convinced it has the material to be a winner.

And Florida State, though losing its first two games to Auburn, has a new confidence after defeating Knoxville of the South Atlantic League in an exhibition game, 3-2, last Saturday.

Notre Dame advanced all the way to the semi-finals of the world series last year, finishing as the nation's fourth best team.

But the Irish point to the fact that they lost by graduation All-America catcher Elmer Kohorst, their top pitcher, and their entire infield.

Florida State also competed in the college world series, losing its first two games to Penn State and Connecticut. In addition to graduation losses, the Seminoles had two players—infielder Phil Hunt and pitcher Dennis Midgette—snapped up by the Los Angeles Dodgers.

Though Florida State and Notre Dame will probably hold tourney interest during the first few days of play, Wisconsin and West Virginia aren't to be ruled out.

West Virginia will bring probably the most veteran team into the tourney, with seven regulars returning, including Ron Retton, the Southern Conference's leading batter last year at .417.

Wisconsin was hardest hit by graduation last year. The Badgers lost 10 players in addition to two who signed major league contracts.

Each of the four teams will play six games during the week-long tournament. Afternoon games are scheduled for Seminole Field and night games are set for Tallahassee's downtown Centennial Field.

Florida State finished in a three-way tie with Duke and Michigan State for the title last year. The Seminoles won the inaugural tourney two years ago.

Whatever Happened To Basil James

HASIL JAMES
BY UNITED PRESS
 Jockey Basil James rode in his first race at 13 and won the national riding championship with 245 winners in 1922 at the age of 18. Long one of the top men in his profession, he entered the Army during World War II but came back strong in 1946, winning among others the \$100,000 Hollywood Gold Cup on Fred Astaire's Triplecat. That year, too, he won the New York turf writers award for the second time.

1940 was his first outstanding riding achievement. And as late as 1957, he still was accepting an occasional mount.

Whatever happened to Basil James? Nov. 40, he operates a steak house in California only a mile from Santa Anita race track.

The average American engages in 375 telephone calls annually, or slightly more than one a day.

Masters Golf Tourney Gets Underway Today

By TOM PRICE
United Press Sports Writer
AUGUSTA, Ga.—The Masters golf tournament, won by relative youngsters the past three years, started today for the 22nd time with four old timers making perhaps a last grand effort to stave off the new generation.

Jimmy Demaret and Sam Snead, the only three-time winners in Masters history, along with two-time winner and four-time runner-up Ben Hogan and Lloyd Mangrum, holder of the record 18-hole score in Masters play, know this may be it if they are ever going to win the big one again.

Dominate for Six Years
 For six years, 1949 through 1954, Snead, Demaret and Hogan dominated the Masters scene, Sliammin' Sammy winning in 1949, '52 and in a 1954 playoff over Hogan, Demaret, who had also won in 1940 and '47, was the 1950 winner, and Hogan emerged on top in 1951 and '53.

But the past three years have been dominated by the younger generation. Cary Middlecoff, the golfing dentist from Memphis, won in 1955, Jackie Burke Jr., in 1956, and Doug Ford was victorious by three strokes over Snead last year.

Snead posted a three under par 69 Tuesday over the 6,850-yard course which most of the pros said played "long" due to heavy recent rains. Hogan had a three over par 75 practice round.

Venturi Five Under
 Ken Venturi, the California youngster picked by Snead and other veterans as a favorite in the tournament founded by the ailing

Rangers, Bruins Battle In Playoffs

By UNITED PRESS
 The Montreal Canadiens, who "rocketed" into the Stanley Cup playoff finals in four straight games, sat back today to enjoy at least one week of rest while the New York Rangers and Boston Bruins battled for the other berth.

The Canadians swept their best-of-seven semi final series from the Detroit Red Wings with a 4-1 victory Tuesday night as the incomparable Maurice Rocket Richard turned the three-goal "trick."

Meanwhile, the Rangers whipped the Bruins, 5-2, to square their series at two games apiece. The remaining games are scheduled April 3, 5 and 6, all on Boston ice.

Tourney To Have Professional Touch

TALLAHASSEE—Florida State's annual invitational baseball tournament opening here Friday will have a special professional touch. Umpiring the week-long round-robin tournament between host Florida State, Notre Dame, Wisconsin, and West Virginia will be three veteran umpires.

Professional umpire Fred Kirkland of Bradenton and Larry Johnson of Iola, Kan., will work the tournament along with veteran Tallahassee umpire Walt Schenk.

Both Kirkland and Johnson, products of the George Barr Umpire School at Longwood, Fla., called the balls and strikes in the Sooner State League and strikes in the Georgia-Florida League this season.

Geographically a part of the Bahamas, the Calcos Islands were discovered in 1612 and have long been a source of salt. Fishing is one of the chief attractions of the islands.

Whatever Happened To Basil James

HASIL JAMES
BY UNITED PRESS
 Jockey Basil James rode in his first race at 13 and won the national riding championship with 245 winners in 1922 at the age of 18. Long one of the top men in his profession, he entered the Army during World War II but came back strong in 1946, winning among others the \$100,000 Hollywood Gold Cup on Fred Astaire's Triplecat. That year, too, he won the New York turf writers award for the second time.

1940 was his first outstanding riding achievement. And as late as 1957, he still was accepting an occasional mount.

Whatever happened to Basil James? Nov. 40, he operates a steak house in California only a mile from Santa Anita race track.

The average American engages in 375 telephone calls annually, or slightly more than one a day.

ANNOUNCEMENT

Senator Dudley J. LeBlanc, of America's best known and foremost merchandisers, the man who originated and sold millions of dollars of HADACOL, is now manufacturing a new, revolutionary product in a different field, expected to gross well into the millions. He needs a personal associate who will be given this exclusive area and if you have had at least one year's sales experience or sales management experience, a good character background and \$25,000 to invest in your own wholesale distributing business, he would like to hear from you. The product will be backed by a powerful program of TV, radio, newspaper, and/or direct mail advertising. Income is limited only by your own initiative and qualifications. All inquiries are confidential and will be answered promptly and there will be a factory representative to interview you in the next few days. When answering please give background, age, financial status, etc., and phone number.

Shrine Band Will Entertain Monday Night At Game

The red feet are all over town! And the wearers are selling tickets to the Annual Shrine Club benefit baseball game to be staged Monday night 7:45 p. m. at the Sanford Memorial Baseball Stadium.

Everybody loves a baseball game—and everybody loves a brass band.

And that's the reason for the second annual Shrine Club benefit baseball game between the Phoenix Glants of the Pacific Coast League and the Corpus Christi Glants of the Texas League.

The game will be between the two top teams completing their spring training at the Glants Farm System Training Base. The Phoenix Glants is a AAA Club while the Corpus Christi Glants is a AA club.

One of the many features of Monday night's annual event will be a concert by the Bahia Temple Shrine band at 7 p. m. This 25-piece band is under the direction of "Doug" Hill, a band director of many years experience and former director of the Oasis Shrine Temple band in Charlotte, N. C., his former home.

The band will entertain with rousing Sousa marches, catchy fox trots, and perhaps a longhair number or two.

Col. E. G. Harriman is chairman of the event and members of the local Shrine Club are going all out to make Monday evening an enjoyable one for all who attend.

Another feature of the benefit baseball game will be the "Fun and Frolic Unit" of the Bahia Temple. These members, as clowns, will go through many antics to provide laughs for the young and old alike.

Shrine Club members will be selling popcorn, cold drinks, and peanuts in the stands throughout the game.

M. Newton, 31, Dies Early Today

Montros A. Newton, 31, died at Orange Memorial Hospital in Orlando early this morning following a short illness.

Mr. Newton was born Sept. 17, 1926 at Madison, Ill. He made his home in Sanford at 2621 Elm Ave. and has lived here for the past seven years. He formerly lived in Orlando and came to Sanford from West Palm Beach.

He was employed by Southern Bell Telephone Company. Mr. Newton attended the First Methodist Church of Sanford and was a member of the local Elks Lodge.

Survivors include his wife, Mrs. Grace Newton, Sanford; two daughters, Betty and Bonnie Newton, Sanford; one son, Richard Newton, Sanford; and his mother, Mrs. John Costello, St. Louis, Mo. Funeral services will be held at 2 p. m. Saturday at Brison Funeral Home with the Rev. Joe H. Courson and Dr. R. E. Rutland officiating. Interment will be in Oaklawn Memorial Park.

Mixed Tag Team Match Will Be Featured Tonite

A mixed tag team match—with a male and girl wrestler on each team—will be one of the features of the three-hour wrestling show at the National Guard Armory tonight. The first match will begin at 8:30 p. m.

The pairings for the mixed tag team match will be announced at ring time.

Of much interest tonight will be the return match between Great Tanaka, the Japanese wrestler, and Doran O'Hara.

O'Hara is itching for the chance at Tanaka. When they wrestled here last week Tanaka used a blackjack to knock out O'Hara. O'Hara demanded a return match but got it only by agreeing to wrestle under Japanese rules.

In the girl match fiery Juanita Velez, the Latin bombshell, will wrestle Mae Masten.

The National Guard sponsors and promotes the weekly wrestling matches here. Guard officials have been disappointed in the attendance so far but hope the crowds will pick up.

Cuban Rebels Call Off Hunger Strike

BROWNSVILLE, Tex. (UP)—Thirty-five captured Cuban rebels called off their hunger strike in its eighth day Wednesday night on learning the United States has banned further arms shipments to the Cuban government of Fulgencio Batista.

The rebels, captured last Thursday as they attempted to sail in an arms laden ship to the aid of Cuban rebel leader Fidel Castro, had originally vowed to starve "to the death if necessary" to protest their imprisonment. They had not eaten for two days before their capture, doctors said.

Seventeen had been taken to Mercy Hospital where they were fed intravenously while continuing the strike by refusing to take food by mouth.

The rebels' leader, Arnaldo Barron, 34, of New York, and three other ringleaders were to appear in court today for hearing on a habeas corpus proceeding filed by their attorney.

Before breaking their fast the 18 jailed rebels sang their "victory song" and later said a prayer and sang again.

Baptist Choir To Give Easter Cantata Sunday

The Adult Choir of the First Baptist Church will present an Easter cantata "Redemption's Song" Sunday night at 8 o'clock. "A New Song" begins the cantata, sung by the entire choir. The Male Chorus will sing "Bide On In Majesty". The Double Duet, Mrs. Christine Woodruff, Mrs. Ann Stephens, Mrs. G. A. Anderson, and Miss Joyce Miam, will sing "Midnight In The Garden." Mrs. Woodruff, soprano soloist, will be heard with the choir singing "And, He, Bearing His Cross, Went Forth."

Ballet Master Appears In Case Of Anastasia

WIESSBADEN, Germany (UP)—Russian born Paris ballet master Serge Lifar flew here today to appear in one of the most prolonged and intriguing royal mysteries of the 20th Century: Is Anastasia, grand duchess of Czarist Russia, alive or dead?

An attempt to unravel the 28-year old riddle is now in its 20th consecutive session before the German courts. The court is reviewing the claim of Mrs. Anna Anderson, 57, that she is Anastasia, daughter of Czar Nicholas II, and that she survived the Bolshevik massacre that killed Nicholas and the rest of the Russian royal family in 1908.

Anastasia's former cavalry escort, Felix Densel, supported Mrs. Anderson's claim. But Prof. Pierre Gilliard, a former language teacher in the Czar's court, said she definitely was not Anastasia.

Lifar, who last week lost a rapier duel in Paris with the Marquis de Cuevas, declined to say in advance whether his testimony would support or oppose her claim.

President Introduces New Streamlined Reorganization Plan

By CHARLES W. CONDRY
United Press Staff Correspondent
WASHINGTON (UP) — President Eisenhower's defense reorganization plan seemed to many today to take America a long step toward a single military fighting force.

Under pressure of the air-atomic and missile age and with need for instant command decisions, Eisenhower's plan broke with service traditions as old as the Republic.

"Separate ground, sea and air war fare is gone forever," he told a none-too-receptive Congress in a special 7,000-word message Thursday.

He said he would strip the present Army, Navy and Air Force Departments of their combat forces and assign those fighting elements to "truly unified" commands.

Unified commanders would have "unquestioned authority" over the air, ground and sea units assigned them and would receive their orders directly from the President, Defense Secretary Neil H. McElroy and the Joint Chiefs of Staff.

The service secretaries and their departments would be cut out of the military chain of command completely. Their job from now on would be administration, supply, training and budgeting.

The combat elements would in effect become forces of the Defense Department responsible to McElroy and the Joint Chiefs of Staff.

"We must recognize that Law our military organization reflects the traditional concept of separate forces for land, sea and air operations," the President said. "Clearly incompatible with unified commands whose missions and weapons systems go far beyond concepts and traditions of individual services."

Weather
Partly cloudy to occasionally cloudy through Saturday; low tonight 62 to 64.

U. S., Allies Near Split Over Disarmament Plan

Progress Report To Highlight CofC Directors Meeting

A progress report on industrial development in Seminole County will highlight the quarterly meeting of the Board of Directors of the Seminole County Chamber of Commerce Tuesday night, John Kridler, manager, said today in a notice to all members.

The meeting will be held at 7 p. m. in the Ballroom Room of the Mayfair Inn and will be a dinner meeting, said Kridler.

Reservations are necessary, the Chamber of Commerce Manager said, and must be made by noon Monday at the Chamber of Commerce office.

Also on the agenda of the meeting will be a demonstration of the newest telephone equipment, Bob Shelden, Group Manager of Southern Bell Telephone Company will give the demonstration and explain the various types of equipment to be demonstrated.

"Something new has been added," Chamber Manager Kridler said in his letter as he explained that Mrs. Orela Higginbotham, president of the Sanford Women's Golf Association, will introduce a couple of the State Champions who will be attending the Women's State Golf Tournament here at that time.

WASHINGTON (UP)—The United States and its allies are near a dangerous split over a possible shift in policy on disarmament and an East-West summit meeting.

Indications are that differences over these two important issues were argued by the allied powers recently and left unsettled. The differences are major ones, but the United States is confident they can be overcome.

In an effort to get on with work toward a possible summit meeting with the Russians, President Eisenhower has ordered a speed-up in his executive order for a "new look" disarmament policy designed to break the East-West arms deadlock.

The top-level policy review will include the possibility of halting nuclear tests, halting production of nuclear bomb materials, reducing nuclear bomb stockpiles, reducing dangers of surprise attack and cutting back armed forces and conventional armaments, and the President's proposals for an international agreement to use outer space for peaceful purposes.

NATO Meeting in May
The President's hope is that the basic disarmament review can be completed in general form by the end of this month and adopted with U. S. allies. The council of the North Atlantic Treaty Organization will meet in Paris May 5, Secretary of State John Foster Dulles and other allied leaders will attend.

The United States, Britain and France are ready to begin diplomatic talks in Moscow, in the second half of April, on a summit meeting.

Britain and France have registered objections to halting nuclear tests pending some agreement to provide them with more American nuclear know-how.

In addition to the disarmament problem, it is known that the United States and its allies do not see eye to eye on how to proceed with summit negotiations with the Soviet Union.

Negotiators Not Determined
A crisis on this point was barely headed off last weekend when Eisenhower and Dulles held a series of emergency telephone conversations to discuss the problem of which allied nations would ne-

golate with the Soviets at a summit conference. The decision was to table the issue temporarily.

Monday's Big Three note to Moscow made no mention of the composition of negotiating forces in the western side.

Italy, Turkey, West Germany and some other nations are understood to have questioned whether they should let the United States, Britain and France undertake diplomatic negotiations with the Russians on their behalf.

At several points in this message, President reassured Congress he had no thought of abolishing the traditional

under the streamlined new plan the President said the principle of command was "cumulative and unrelaxable in time of crisis and not usable in time of

Merchants Association Requests CofC Group Take Over Functions

Out of a membership of over 300 only six members of the Sanford Merchants Association attended a meeting this morning in the City Commissioners Room of the City Hall to discuss two important problems.

President Francis Roumillat said that letters had been mailed to every member of the organization requesting attendance at the meeting to discuss a \$400 debt to the Sanford-Seminole County Junior Chamber of Commerce for staging last year's Christmas Parade.

Also on the agenda was the problem of "very little interest" and a suggestion that the organization be disbanded.

After discussing the two problems, the group of six merchants stated that the \$400 would be raised in order to pay the Jaycee debt for the 1957 Christmas Parade.

A meeting Tuesday morning at 9 o'clock will kick off the work of three committees in soliciting for the \$400.

The members attending approved a request to the Seminole County Chamber of Commerce that its Commercial Activities Committee take over the functions of the Merchants Association, eliminating, however, the financing of the Christmas Parade each year.

The request is slated to be presented to the Board of Directors of the Seminole County Chamber of Commerce at a meeting to be held Tuesday night at the Mayfair Inn.

A request to the Jaycees was also approved in which the present Merchants Association group will ask that the Sanford-Seminole County Junior Chamber of Commerce take over the staging of the Christmas Parade in its entirety.

"We are surprised that there is such little interest in the Sanford Merchants Association," Members said as they discussed the problems confronting the organization.

"The only alternative left for us is to request that the Chamber of Commerce Commercial Activities Committee take over the functions heretofore handled by this association," members said.

Sunrise Service To Start At 6:15

The annual Easter Sunrise Service is to be held at the Sanford Memorial Stadium, located at 9th Street and Mellonville Avenue in Sanford. The Seminole County Ministerial Association is the sponsor of this program as a community-wide, inter-church effort.

The service will begin at 6:15 a. m. Easter Sunday Morning, April 6th. The Rev. Perry L. Stone, president of the Association and pastor of the First Christian Church, will deliver the message. His theme will be "Reactions to the Resurrection".

Special musical selections will be rendered by the Seminole High School Glee Club and Band.

The public is cordially invited to join in this service of exaltation and praise commemorating the resurrection of Christ.

The program will be as follows:
Prelude, Seminole High School Band
Call to Worship, Psalm 16:8-11, Joel D. Brown, Church of God
Invocation, Rev. C. D. Caldwell, Church of God
The Lord's Prayer, Congregation
Hymn, "Holy, Holy, Holy", Congregation
Scripture Lesson, Acts 17: 16-34, William C. Fuller, Chaplain SNAAS
Prayer, William C. Fuller, Chaplain, SNAAS
Apostle, Seminole High School Glee Club
Sermon, "Reactions to the Resurrection", Rev. Perry L. Stone, 1st Christian Church
Hymn, "Christ the Lord is Risen Today", Congregation
Benediction, Rev. Joe H. Courson, Pinecrest Baptist Church
Postlude, Seminole High School Band

Additional Local News On Page 7

The Seminole County Ministerial Association met at the First Presbyterian Church Thursday morning.

The program of sharing sermon outlines, topics and suggestions was presented in which all those present participated.

The Rev. Perry L. Stone, president, called the business session to order. Final preparations for the Good Friday service and the Easter Sunrise service were completed.

The Association was informed of the following announcements: (1) The Church Music Workshop offered by the General Extension Division of the State of Florida in Gainesville, April 21 and 22. Those interested should contact Mr. Stone. (2) The Seminole County Mental Health Association's film and forum program to be presented at the Pinecrest School Monday, April 28. At least two representatives from each church are requested to attend. (3) The president called attention to the Easter editorials being published by The Sanford Herald this week which were written by five of the ministers.

Copies of the Teen Guide which was recently adopted by the Seminole High School were distributed to the ministers.

A statement of definite objectives for the Association was presented by the Program Committee and adopted. The objectives are:
1. To give expression to the oneness we feel as a result of our common faith in Jesus Christ our Lord and Savior.
2. To provide a means of inter-church ministerial acquaintance and fellowship that will result in increased brotherly love among us and in greater cooperation among our churches for the moral and spiritual welfare of the

Oviedo Turns Over \$919 To UF Drive

Seminole County charity organizations that are members of the United Fund will receive \$919.50 in addition to the allotments already made as a result of the effective efforts of a campaign conducted in Oviedo, according to Harold Kastner, campaign chairman for UF.

Under the chairmanship of Mrs. D. H. Ulrey a hardworking committee massed the efforts of public spirited citizens of their city in the Oviedo Area, "Combined Drive." From the funds collected they distributed \$371.00 to the Boy Scouts, \$262 to the Girl Scouts and gave \$286.50 to the Red Cross, Kastner said.

When the United Fund started its campaign throughout the county last October, Oviedoans pointed out that they would prefer to wait till after the first of the year, because the incomes of many of the citizens there came as crops were sold. They assured Kastner that when the allotments were made in the organizations in United Fund, they would notify him so that the sums might be made a part of the funds, even though they would not be received before the close of the UF drive.

Mrs. Ulrey complimented the members of her committee who made the solicitations and the generosity of her neighbors and the business firms of the city. The gifts were made in the face of the not too favorable conditions that so adversely affected the farmer's incomes.

Kastner said that he felt an outstanding job had been done in Oviedo and commended all who took part in the public spirited effort designed to help others who might not be able to help themselves. He said that remittances were being made directly to the charities named by Mrs. Ulrey's committee.

UF Pres. George Touhy praised the effort in Oviedo and said that the specified organizations would do their usual fine job in getting maximum results from the funds sent by the Oviedoans.

DuPont Official Rotary Club Guest Speaker Monday

John H. Noyes, Southern District Manager for the DuPont Company's Extension Division, will discuss the role of industrial research and business enterprise in strengthening our national economy and improving the American standard of living, in an address before the Sanford Rotary Club Monday.

His talk, entitled "Community of Progress," will be documented by display of a number of recent scientific developments, some new as to be still in the experimental stage. Noyes also will cite examples of the inter-dependence of all segments of the American business establishment in creating today's progress and seeking solutions to tomorrow's problems.

Noyes, who makes his headquarters in Atlanta, Ga., joined DuPont at Wilmington, Delaware, early in 1957 as a member of the Public Relations Department's Information Division. Later, he was transferred to the Extension Division, where he served as Manager of the Eastern District before being appointed Manager of the Southern District.

He was graduated by Wesleyan University, Middletown, Connecticut, in 1948. After three years with the Navy during World War II, he became a reporter for the Port Huron, Mich., Times-Herald. In 1948, he went to the Dayton, Ohio Journal Herald, where he spent five years as a reporter, radio newscaster, and editor. From 1953 to 1955, he was a member of the administrative staff of Wesleyan University.

200 Women Golfers Register For State Tournament Here

Sanford will host the Florida Women's State Golf Tournament next week. Some 200 women golfers have registered for the event. Play will be held at the Mayfair Country Club and the Sanlando Country Club.

Registration will begin on Monday, when ladies from all over the state will pour into Sanford. The pairings will be posted Saturday in the locker room. Each player is responsible for her mixing time.

Qualifying takes place Tuesday and Wednesday on both courses. Match play begins Thursday. Special events Tuesday and Wednesday include play for the Mildred Beuhw Trophy for the least number of putts in qualifying round; Anne Levine Trophy, low net for grandmothers; Mary McKenzie Thom Cup, for net medal; team of three from each club; John H. Perry Trophy, gross medal, team of three.

The special calendar includes dinner Monday night for the state board of directors and the advisory committee. Tuesday night at 8:30 p. m. "Forbidden Fruit and Club Fashion," will be presented in the Mayfair ballroom. At this time models from the local women's golf association will present fashions by Mary-Eather's.

Wednesday night members will attend a business meeting at 5:00 p. m. in the ballroom. An informal barbeque Thursday at 7:30 p. m. will be held at the Mayfair Country Club. The press is invited.

Other social plans for the week call for a cocktail party Friday night; banquet Saturday night, and the presentation of prizes Sunday afternoon at the Mayfair Country Club.

Local officers serving are president, Mrs. Earl Higginbotham; vice president, Mrs. John Crawford; secretary, Mrs. Ray Heron; and treasurer, Mrs. Mabel Maher. Mrs. E. B. Smith, former Sanford resident, is chairman of the State Board of Golf Associations.

AN AMERICAN FLAG AND TROOP CHARTER were presented to the Lake Mary Boy Scout Troop at the recent Lake Mary Chamber of Commerce meeting. W. D. Hardin (left) representing the Sanford Elks Lodge presents the flag and C. D. Caldwell, Scout Executive (right) presents the charter. (left to right) are: Hardin, Don Coleman receiving the flag, Marcel Failla, Harry Smith, receiving the charter, and Caldwell. (Photo by Bergstrom)
