

Story Of Christmas

By REV. G. BLAIR MCGARVEY
Sanford Alliance Church

"For God so loved the world that He gave His only begotten Son... and this is the story of Christmas, Isaiah the prophet declared, 'For unto us a child is born, unto us a son is given; and the government shall be upon His shoulder; and His name shall be called Wonderful, Counsellor, the Mighty God, the Everlasting Father, the Prince of Peace.' (Isaiah 9:6).

What an introduction to Christmas! The great gift of God to a lost world; the supreme expression of His Divine love to unloving, unlovely mankind; this is the story of Christmas.

Our custom of giving and receiving gifts at Christmas time is a delightful one. We all regret that some gifts are given out of business and social pressures, but this should never take away the joy of giving and receiving gifts by those who really care. That first Christmas gift was given to a world in great need by a God who loved and cared about that world.

God's love is expressed in many ways but none in greater dimension than the gift of His son. He provides the sunshine and the rain. God sends the seasons, seed time and harvest. He continues to draw life and breath to men though they often neglect Him, disobey Him, reject Him, and even curse Him. He loves because of who He is, because of His nature, not because of any loveliness or the part of men.

All such gifts have been taken for granted by men since creation. At this Christmas season, however, we celebrate the gift of God's son. Jesus the man, was born, but Christ, the eternal, co-existent, Son of God, was given. He was with God in creation and it is written in John's Gospel, 'In the beginning was the Word, and the Word was with God, and the Word was God.' (John 1:1) The Christ who said of Himself, 'Before Abraham was, I AM,' could not be born. He could only be given.

God's love is evidenced in His giving and His forgiving. John the Baptist said of the Lord Jesus, 'Behold the Lamb of God that taketh away the sin of the world.' God gave His Son. Christ gave His life that at the cross we might, by faith, exchange our sin for His righteousness.

May each gift we give or receive be a reminder of the gift of God, and that eternal life through faith in the shed blood of Calvary. For the scripture speaks in John 1:12, 'But as many as receive Him (Jesus) to them gave He power to become the sons of God, even to them that believe on His name.'

Jesus was born, the Christ was given, that man might be born again unto eternal life through receiving Jesus, Christ as Saviour. Yes, indeed, this is the story of Christmas. 'God so loved... that He gave.'

Passion Play In February

The English version of the Oberammergau Passion Play will be coming to Sanford, Fla. in February, by the Sanford Ministerial Association.

The executive committee met with E. M. Edwards, business manager of the Passion Play, to make arrangements for the religious play to come to Sanford.

Rev. William Norris, president, states that the Sanford area is privileged to have the production staged in the Civic Center. The Ministerial Association is pleased that it can offer to the community a program of such excellence.

The Passion Play will be the second project of the Association in the interest of the area churches working together for a better community. Val Balfour has been proclaimed as one of the greatest men to play Christ in any Passion Play. This will be his 19th year to star in the play.

Three community services which are sponsored annually, Thanksgiving, Good Friday and Easter Sunrise services, will continue to be a part of the association's program. The recent Thanksgiving Service, held at Central Baptist Church, was attended by over 400 persons and an offering was received for the Good Samaritan Home totaling \$166.

'Hanukkah' Special Fete For Jewry

Sunday evening marks the eve of Hanukkah, the Festival of Lights or the Feast of the Maccabees. It was instituted by Judas Maccabee and his brothers, in 165 B.C. to celebrate the dedication of the new sacrificial altar in the Temple of Jerusalem where, three years earlier, it had been erected on the same day by Antiochus Epiphanes to serve as a pagan altar upon which the Jews were to offer other sacrifices to heathen deities.

For this purpose, Judas required pure olive oil. Although he found one small bottle which contained enough oil for one day's burning, through a miracle the oil burned for eight days. The bright, twinkling flames of the Hanukkah candles serve as a reminder of the heroism of Judas and his followers, and as a beacon of hope and guidance for us, in times of stress and persecution.

Long before the Christian observance of Christmas pervaded the world of the Jew, Hanukkah held excitement and joy for Jewish children. Games and play, and special foods added other dimensions to a holiday remarkably monolithic in its purpose. Interaction with the Christian world has only added to the importance of Hanukkah as a period of special light and gladness in the darkest season of the year.

For the modern Jew, Hanukkah's meaning transcends candle lighting and gifts for children. Of central significance is the recognition that an individual's religion must be his own choice, not the choice of the government under which he lives. The Maccabees recognized this principle which still unites governments all over the world today.

Until everyone lives in complete freedom to worship as he wishes, the message of Hanukkah will not be fulfilled.

So. Baptists Facing Explosive Question

By GEORGE W. CORNELL
AP Religion Writer
NEW YORK (AP) - "Some white Christians find it hard to worship with other races. This is not our job," a spokesman for the board said in a telephone interview. "It's not appropriate under Baptist policy, which leaves such matters to individual congregations."

Zeroing in on that specific issue, the California State Baptist Convention, in criticizing the board's action, demanded that it make publicly clear its position "on race relations and its belief in integration."

Three years ago, at their convention in Houston, Tex., Southern Baptists declared they would "welcome to the fellowship of faith and worship every person irrespective of race or class." And that seems to be why it was blocked, although reasons previously given were inattitudes over school bussing.

Prison 'Less Than Bed Of Roses' Convicts Have Few Privileges

By MARION BETHEA
The offender who has been convicted of a crime or who has entered a guilty plea stands before the court for sentencing... "no cause being shown why you should not be adjudged guilty, it is the sentence of this court that you be committed to prison for a term of from... Within the past several months, many have heard these words from Circuit Judge Dominick Salvi... after sentencing, what... processing at the receiving station at Lake Butler and then the degree of prison close for the determined length of time... What a life like in the "big house?" For one thing there are stringent rules governing visits from the prisoner's family... Each inmate must establish a social visiting list and receive visits in compliance with rules and regulations. This list may include members of the inmate's immediate family who includes grandparents, parents, brothers, sisters, wife, or children... The visiting hours for the inmates assigned to the general population are held each Sunday from 9 a.m. to 3 p.m. and upon authorized holidays... Such designated holidays include July 4, Thanksgiving and Christmas. Inmates who are assigned to administrative segregation, punitive segregation and death row may visit by special pass only. A dress code is established for women visitors for obvious reason. Appropriate dress is considered to be street dresses, slacks, pants (not stretch) and collars. Extremely short dresses are discouraged and an officer makes the determination as to the suitability of the dress length. In the event a dress is considered too short, the visitor will be offered a gown to wear during the visit. During the visit, no articles may be transmitted between the inmate and visitor. Each inmate may establish a social correspondence list with authorized persons which is limited to no more than four persons. Normally correspondents must be members of the inmate's immediate family. Inmates are permitted to mail only two letters per week to persons on the authorized list and to receive only two letters per week from each person listed as an authorized correspondent. All letters must be written on paper not to exceed letter-size, 8 1/2 inches by 11 inches, written on one side only and consisting of no more than two pages. Business letters may be forwarded and received, and are not logged against the social correspondent. The institution furnishes postage for the social letters, but the inmate must furnish the postage for business letters. Correspondents are not permitted to forward any newspaper clippings, letters from other people, stamps or stationery in their letters. Inmates may receive certain articles from outside sources with proper authorization, but must receive a package permit for such. Money orders from persons on the authorized correspondence list may be received by the inmates. Many offenders have told the court that jail is a "bed of roses" and certainly the above stringent prison rules illustrates the point that incarceration in a penal institution is less of a "bed of roses" than many think.

Yule Music Program

The 23rd annual all-music Christmas concert, under the direction of Mrs. George Touhy, minister of music, will be presented by First Presbyterian Chancel choir Sunday at 8 p.m. Included in the hour of worship will be the organ selection of the prelude: Carol Settings (Willbur Heide) and Pure Notes Set (Tilcomb) and the offertory, Sussex Carol (Elmore). Following the congregation's singing of "O Come All Ye Faithful," the chorists will sing Bach's "Break Forth O Beautiful Heavenly Light" to tell of the prophecy. Emphasis on Christ's nativity is sung in Wetzlar's arrangement of a French carol, "He Is Born," "This Endra Night," a 14th century carol arranged by Bushy, "The Christ Is Born" (Willan), "Shepherd's Pipe Carol" (Rut-

ter, "We Have Seen His Star" (Caldwell). Christ proclaimed is presented in an anthem arranged by Shaw and titled "A Joyous Christmas Song" (Geyer). Fulfillment of the prophecy is the theme of Mendelssohn's "There Shall a Star from Jacob." The service closes with the ever popular "Silent Night," benediction and choral amen.

CASH-FOR-CANS MOBILE UNIT COMING TO SANFORD

\$\$ For Aluminum

You'll now be able to convert your aluminum cans to cash right at the Wm. Dixie Shopping Center, First Street and Sanford Avenue, on Tuesdays from 11:30 a.m. to 2 p.m. while doing a good turn for the ecology. The new schedule starts Dec. 14.

The Reynolds Aluminum "Keep America Beautiful" mobile unit will be paying 10 cents per pound for all-aluminum cans and other clean aluminum household scrap such as TV dinner trays and pie plates.

You can watch as the aluminum is weighed after being run over a magnet to kick out any steel (tin) cans which might inadvertently be brought in. The driver of the mobile unit pays cash on the spot. There are about 23 all-aluminum cans to the pound.

Aluminum cans are easy to spot. They have no side seams and no bottom seams and the bottom edges are rounded. Also, aluminum is non-magnetic and will not be attracted by a magnet.

The truck, which has a picture of outdoor scene, takes the aluminum to the Reynolds recycling center in Jacksonville, where it is shredded and shipped in bulk to Reynolds smelters to complete the recycling process. Recycling conserves natural resources while cutting down on litter and saving disposal costs.

Paul S. Hayden, regional manager for the Reynolds recycling program, said many Florida organizations are raising money for their favorite projects while advancing the cause of recycling. Also, many individuals are making money by bringing in the all-aluminum cans.

He said more than \$1 million has been paid this year to groups and individuals who bring all-aluminum cans to the mobile units and recycling centers across the United States.

In Florida, Reynolds has permanent centers in Miami, Tampa and Jacksonville, and operates three mobile units.

The Sanford aluminum recycling program is being sponsored here as a joint Greater Sanford and Sanford-Seminole Junior Chambers of Commerce project.

DONNA'S DELIBERATIONS

By: Donna Estes

No candidate could have been more gracious in defeat than Mrs. June Lormann Tuesday night as she congratulated her opponent, Ken Brown, and offered all support in the 13 months ahead when he will be serving in the office she tried so hard to win.

"I'm going to be calling on you for help and please do not let this cause you to lose interest in our city," Brown told the attractive brunette, who had lost by a narrow margin in her first try for public office.

"Oh, I couldn't lose interest in Longwood, ever," June answered.

Brown, looking exhausted, greeted constituents and friends until well after midnight election day at his home on Logan Drive and received numerous telephone congratulations, including one at 2 a.m. from his old friend, U.S. Rep. Bill Chappell, from his Washington office.

It had been a grueling campaign for Ken. He had three separate mailings to the voters, went door-to-door, conducted a continuous telephone effort and kept a "stiff upper lip" as he stepped appearing on television and had to watch June in 14 separate appearances on Channel 2 talk up her candidacy.

TV Costs High

The 26 minutes granted by the television station in equal time for the spotcasts Brown had appeared in following his qualifying for the post of mayor would have cost \$3,005 if Mrs. Lormann had to pay for them.

Ken had only good words for Mrs. Lormann Tuesday night. "June is a real lady and ran a fine campaign," he said.

At the same time, Longwood's voters returned their "grand old man of politics," E. E. Williamson, to the council seat in which he has served his community for 25 years. It was a touching sight to see Williamson and his bride of 53 years, Lela, receiving handshakes and hugs all around at the city hall following announcement of the results. "I'll do the best I can for you," he said over and over again to well-wishers.

Dick Crenshaw, president of the South Seminole Jaycees and Bill Kiosky, both newcomers to politics, did a tremendous job in their first campaign efforts. The two ran as a team.

Returned To Office

In Casseberry meanwhile, Curtis Blow and Edith Duerr, returned to the offices of mayor and councilman, respectively, received congratulations at a celebration at the Blow home on Lake Ellen Drive. And Dr. John Zacco, also present, had a smile from ear to ear.

"Can I report this is your maiden effort into politics?" I asked the optimist.

"You can say it is my virgin effort if you want by," Zacco replied. His pretty wife, Barbara, couldn't have been happier as was the first lady of Casseberry, Rose Blow, who had tried to discourage her husband from running for reelection.

Of course, in Altamonte Springs, all three incumbents, Mayor Lawrence Swafford and Councilmen Helen Keyser and Keith Nixon, were elected unopposed.

Things To Come

Now, predictions of things to come — Look for Harry Sambrook to be elected chairman of the City Council in Casseberry come January. Sambrook going into the second year of his first term in office has been vice chairman of the board this past year.

The usual practice in Casseberry is to change chairman every year.

In Longwood, it appears that Councilman Eugene Jacques will be council chairman if he wishes the post. And indications are that he will not have to be offered the office more than once.

Jacques vocally and actively supported Crenshaw and Kiosky in the election. He has been vice chairman of the Council for the past year and during Williamson's recent illness he assumed the chair.

Word in the city is that Jacques, rather than running for reelection to the Council in December 1972 will seek election to the mayor's office.

John Glenn In News

Back to Altamonte Springs for a moment, the six-acre tract is the planned construction of a Holiday Inn on the present tract off SR 436. But bigger than Holiday Inn is the name of one of the principals in the motel, astronaut John Glenn.

With all the concern reported about not enough motel space in the area due to the influx of thousands of Walt Disney World, this motel along with another motel to be built near the intersection of SR 436 and I-4 should be welcome additions.

Building permit for the Holiday Inn is expected to be issued any moment as well as one for the other motel, touted as one of a national chain.

Longwood City Attorney Joe Davis would have won the "fashion plate" award, if one were available for presentation, when he officiated at the administration of the oath of office to Mayor Brown Wednesday.

Members of the election board and others, couldn't quite agree on the shade of blue the very mod blazer he wore was, however.

City Clerk Onnie Shomate said it was "teal blue," while chairman of the election board, Mrs. Jonnie Gray, ventured the guess it was "Alice blue."

Mayor Brown, a fashion expert himself attired in a coat of the latest "autumn harvest" shade of burnt orange described Davis' silk lined jacket as "Roy Rogers blue styled in the square manner."

Ken also got a nickname for the occasion from Mrs. Shomate. "Hi, Sir Galahad," she greeted the new chief executive.

Raiford Convicts Set Prison Escape Record

RAIFORD, Fla. (AP) — With the escape of four men Thursday, Raiford State Prison officials say they've recorded more breakouts in 1971 than any year since the prison was established in 1913.

In fact, the medium security Main Unit and the maximum security East Unit have been virtually escape-proof until this year.

In 1971, nine inmates stole their freedom — two smashed through barbed wire fences in a makeshift tank and the rest scaled the 15-foot barriers.

"I don't know what caused the big increase," said Warden L. E. Dugger. "Of course, these type of people are going to try to escape any time they can."

Bear Under Bed?

Editor, Herald:

What do the Russians have up there that our leaders are making such frantic efforts to appease "The Bear" that walks like a man? If you think this far fetched consider these facts.

When "The Bear" broke Ike's moratorium on air test of a atomic weapons it was said they had the capability of producing a 250 megaton bomb, which, if exploded 100 miles high, would incinerate one-fourth of the United States.

It is known that "The Bear" has a fractional orbiting bomb capability. While we continue to squabble over a space shuttle which would give us the ability to inspect whatever "The Bear" puts into orbit.

Now consider this, why should we make an effort to show the Russians our Apollo link-up mechanics? They are the ones who lost three men because of faulty link-up mechanisms.

The SALT talks said to be progressing very satisfactorily, and they probably are from "The Bear's" point of view, as the first things to be agreed on will be to eliminate our ABM capability as an on going thing.

And, I might point out that John Palon Davies is an advisor or consultant to the Disarmament Commission. He is one of those who sold the United States that the Chinese Communists were just "agrarian reformers."

Next, Secretary Rogers' almost frantic efforts to open the Suez Canal, no matter at what cost to the Israeli nation. Who gets the most out of this? "The Bear" of course, as it gives access to the Indian Ocean without running the gauntlet of Gibraltar and the Cape of Good Hope (South Africa's Air Force). Without the Suez Canal, "The Bear" would be bottled up in the "Med."

And last, but not least, Secretary of Commerce Stanis' visit to Russia to promote trade. Russia wanting most favored nation status. News reports say American business will invest millions in Russia. This will help expand "The Bear's" industrial base, which gives "The Bear" more power to subvert the free world. Remember: Chile and the copper mines. The American taxpayer will foot that bill. Is "The Bear" going to bury us, burn us, or just make economic slaves of us by atomic blackmail? If there is nothing to this then why all the frenetic effort to appease "Adam-zad." The Bear that walks like a man?

Think! Not since 1815, the days of the Barbary Pirates has the United States paid ransom and blackmail for the citizens, planes and ships.

"Am I seeing a bear under the bed, I wonder?"

S. B. (Jim) Crowe

from the quotation "Make ye no trace with Adam-zad — the Bear that walks like a man!" referring to Russia in "The Truce of the Bear," walks like a man?" (*)

Suspect In Rape Pleads Innocent

ORLANDO, Fla. (AP) — William Travis Brunson, recently freed from prison on \$15,000 bail, pleaded innocent Thursday to a charge of raping the teen-age daughter of a couple who took him in Thanksgiving Day because he was unemployed and broke.

Brunson was placed under a \$21,000 bond and lodged in a maximum security cell at the Orange County Jail after entering the plea before Magistrate Lee Conser.

He was arrested Wednesday night for the alleged rape of the 15-year-old girl at the home of her parents who took Brunson on Thanksgiving Day, a sheriff's office spokesman said.

The 33-year-old Brunson testified at the trial of Orlando gunshop owner Zerrl Resnick and David Mack Hicks. He stated Resnick paid Brunson and Hicks to kill Eugene Clayton Walker, a police informant who helped break up a multi-million dollar narcotics smuggling ring in central Florida.

Resnick was convicted of first degree murder and sentenced to death. Hicks was acquitted, but he still faces trial in the slaying of a pilot who allegedly smuggled marijuana for Resnick.

Brunson was granted immunity from previous charges, including murder, in return for his testimony.

A sheriff's office spokesman said Brunson stayed with the family since Thanksgiving Day and was still unemployed when he was arrested.

The parents went to a meeting Wednesday night and left Brunson with the girl and two other children, the spokesman said.

Brunson was arrested at the home of his boarders and charged with forcible rape, deputies said.

Law Enforcement Series Ends Judicial Change Pace Slow

By MARION BETHA (End of series)

According to Thomas Freeman, lawyer and municipal judge, the judicial system is the "slowest thing to change, which is good . . . there should be security in the population knowing what the law is."

However, Freeman remarked that the problem in the slow changing law is the fact that LSD has been illegal only within the last two to three years, that "speed" has just recently been made a violation of the law, with the reason being that it was never intended that people would abuse these drugs.

A further example of the slow change is the fact that a law has been passed only recently by the state Legislature in which alcoholics can no longer be classified as criminals; that it is no longer a violation of the law to be a public drunk and prison is precluded unless, of course, there is some other violation. The law does not state that the individual cannot be arrested and placed in custody (they must be released within 24 hours) and it does not excuse improper conduct.

Rural Society

The problem as Freeman sees it is that the court procedures are set for a rural type society, whereas today's society is complex with close proximity generating more friction. The judicial system, he said, should be a safety valve for grievances but is falling in the opinion of the people.

Illustrating the allegation, Freeman said that the judicial process is too time consuming due to a lack of sufficient judges, there are too few courts, and the courts have the wrong "set-up" in that there should be specialization in certain areas.

Judges, Freeman opines, should have expertise in domestic relations, criminal and civil cases, etc.

Specialization is common to attorneys and physicians, and Freeman thinks that the court should not attempt to try civil, criminal, juvenile, domestic, condemnation cases on a different day of the week.

In a statement regarding appointment versus election of judges, Freeman said, "Taking politics out of the judicial is a

Public Fed Up

Freeman, in support of a separate juvenile judge, cited that County Judge Wallace Hall is "fantastically overworked." He is the probate judge, magistrate, criminal judge, juvenile judge, handles misdemeanors. With a county population of 102,000, each is a full time job in Freeman's opinion.

Freeman continued that because of the tremendous workload of Judge Hall, as lesser amount of time must necessarily be given to each case, but "we're fortunate that Judge Hall is the best in America . . . he'll kill himself if he doesn't look out."

The article, he said, creates a two-tier court system in which there will only be a magistrate court and a circuit court. The magistrate court will handle 90 per cent of court matters; traffic violations, litigation involving less than \$5,000; misdemeanors and municipal ordinance violations.

Circuit Court will try all felonies, civil suits in excess of \$5,000, probate matters formerly handled by the county judge; marriage dissolutions. The article also will make the juvenile judge a circuit judge and will abolish all of the city courts.

Even though as municipal judge, his office would be abolished, Freeman said, "I feel this is a step in the right direction . . . a front porch typic justice is no longer acceptable in an urban society."

Streamlined

Freeman was queried as to the disposition of peace justices, and he explained that these probably would be grandfathered into the magistrate courts as judges.

The reform, he said, is intended to streamline justice and will be blessed to putting an efficiency expert into the judicial system. Freeman explained that this is similar to featherbedding on the railroad, and that "freeman are ridding all over the judicial system." Illustrating this point, he cited the fact that if a person is arrested for speeding he might come in contact with a constable, city police, deputy sheriff, highway patrol.

If the person goes to court he might come in contact with a peace justice, city judge, county judge, with all three courts and

Thank You!

MY SINCERE THANKS TO ALL OF YOU WHO VOTED FOR ME ON DECEMBER 7.

I WILL DO MY VERY BEST TO BE WORTHY OF YOUR CONFIDENCE.

A. A. "Mac" McClanahan
Fl. Pol. Adr.

Separate Court

A separate juvenile judge is indicated, Freeman says, by the simple rationale of being able to spend the time to "straighten out the kids before they become hardened criminals; unbending the twig, so to speak." Here again he illustrated as an example of 400 juvenile cases which must be handled expeditiously under the speedy trial law, thus pushing juvenile problems into the background, say for three or four months, which time might be critical in the life of a young person.

Time to spend with the youth is of the essence Freeman contends, using the analogy that should a housewife make a mistake in cooking, it can be rectified. But what "happens when you make the wrong decision in the life of a boy and send him to reform school. Here comes into contact with hardened criminals and sex perversa, the boy might be the victim of rape . . . "if we just had more time."

Freeman said that the rule of one circuit judge for every 50,000 people or the major portion is good if it only involves a rural society, but with the advent of business and industry there is necessarily more litigation. He went on to say that the courts are so crowded with commercial and criminal litigation, that the average citizen with a grievance cannot get to court

Sanford Garden Club Announces Table Show Winners

"BLUE FANTASY" by Magnolia Circle of Sanford Garden Club was judged the best table (by vote of public) at the Fantasy Land Holiday Table Show. Mrs. Albert Resch poses at beautifully appointed table featuring a blue net overlay, purple napkins, bone china, lead crystal and a blue, turquoise and purple floral arrangement.

ABBIE OWEN of Palm Circle decorated the runner-up table in the festive show. The unusual buffet table, "Midnight Magic" was decorated in silver, black and blue. A black felt cloth held gleaming silver service and an arrangement of blue artichoke blossoms accented with silver ornaments and twinkling blue lights.

Liz Has Ball At Annual Champagne Ball

By LIZ MATHEUX

Well, the Champagne Ball has come and gone and will be but a fleeting memory to some. But to my Joe and me it will remain as a most marvelous experience.

Honestly, it was great, the best one yet, a little cramped for space, but the greatest as far as hospitality and good fellowship.

We really did have a ball, the people were the friendliest and they even looked prettier than last year and that's going some!

Fashions really ran the gamut from super-hot pants to demure ruffles and would you believe some of the men even outshined the women guests!

We saw Charner Leone and her hubby, Fred, and want to hear a secret, Charner is in the market for "infant's wear," honest. In April she said, she looked cute as a bug!

We even saw former Sanford Herald angel, Dottie Greco and her spouse, Charlie... loved his red ruffled shirt... gosh we saw so many folks and talked and toasted so many folks I just simply don't know where to begin or end... so I'll just say we did have a real ball!!!

Bob Mitchell celebrated his birthday last week. His dutiful wife, Anne, "smoked" some fish and invited the David Browns over for dinner. The Mitchells live at Lake Harney Acres.

Before we leave the subject of the Mitchells, I must tell you that their adorable daughter, Linda, and her cute husband, Bob Stewart, are visiting moon and dad for a few days. The Stewarts are stationed at Warner Robins Air Force Base.

Surely it is good to see Lucile Norton up and about again. She is back home from Seminole Memorial Hospital after a recent setback resulting from an infected toe.

Speaking of feet, Bonnie Hampton, the ever-obliging custodian at the Geneva Elementary School, really suffered a mighty bad sprained foot when she toppled from her bicycle. Here's hoping that she will soon be fit as a fiddle.

Mrs. Eleanor Parcel seems to be coming along rather well after her extensive medical examinations and I am happy to tell you that she will not have to resort to the leg surgery which she anticipated and that's always nice.

Mrs. Bertha Lindsey and Mr. W. W. White are seriously ill and confined to Seminole Memorial Hospital. How about dropping them a card?

Say, I bet you all a brownie point that you didn't know that we had a Browne Troop going in Geneva and guess who the leaders are? None other than three very capable, very lovely young women, Donna Beardsworth, Beverly Lewis and Grace Straukas and I might mention that Beverly Lewis is also the Girl Scout leader... just for the records, guess what Beverly's husband's name is? Jerry.

While there they feasted upon real Vermont turkey, gosh, they really made even me homesick to go back to my native D.C. to see snow once more. I got so carried away with the snow and turkey, I almost forgot to tell you that they were visiting with their very dear friends, Myron and Roma Christensen, and their two precious wee ones, Mark and Elizabeth.

We saw Sharon Ward (nee Riser) at her mom's wedding to Fran Darland at Central Baptist Church and Sharon looks great. Just as if she stepped from the front pages of Vogue. Also saw Ethel Lee Walker (nee Riser) and her charming hubby, Greg, and they looked like two precious dolls. What I want to know is how do some folks manage to never look anything but beautiful and ageless?

Mrs. Estelle Reeves has spent several days with her parents up in Starke because of the recent illness of her father. Here's hoping that he will soon be on the road to recovery.

Birthday greetings to dear friend, Bill Dibbie, who celebrated his birthday anniversary this past week.

Cosmopolitan Club To Present 'Christmas Around World'

COSMOPOLITAN CLUB will present "Christmas Around the World" at the Lake Mary Woman's Club annual Christmas program, Dec. 16, at Lake Mary Elementary School. Among the talented cast are, from left, Ermelinda Tetreault, Portugal; Myrna Green, Italy; and Ann Sieczkowski, Spain.

By ANN SIECZKOWSKI

Lake Mary Woman's Club has scheduled an excitingly different Christmas program for its Dec. 16 meeting. The program will be held at the Lake Mary Elementary School at 7:30 p.m., and is open to the public and other club members in the area.

Participating in the program of "Christmas Around the World" in song and story form will be the Cosmopolitan Club.

Participating will be Cosmopolitan members from Russia, Denmark, Australia, Italy, Portugal, Spain, Germany, Holland, Sweden, England, and the Channel Islands.

The Cosmopolitan Club is an organization for foreign-born women. It meets once a month and many members enjoy a "little touch of home" visiting with their fellow countrywomen.

The Orlando Chapter which includes women from as far distant as Leesburg, meets on the second Thursday of each month at the YWCA at the corner of Hillcrest and Magnolia in downtown Orlando.

After a membership of six months, the members are eligible for participation in charter flights which the club organizes to help members visit their homelands.

In addition to the monthly meetings, the Chapter has a hobby group and a luncheon each month. Twice a year, once in summer and again at

Christmas, there is a dinner dance and throughout the year, various social activities are held.

\$2 Billion Child Care Vetoed Nixon Hits Radical Bill

By TOM SEPPY
Associated Press Writer

WASHINGTON (AP) — Despite adverse political implications, President Nixon has vetoed a \$2-billion program of day care and other services for children from families of all income levels.

Nixon called the measure the most radical piece of legislation to emerge from the current Congress. He said it would commit "the vast moral authority of the national government to the side of communal approaches to child rearing over against the family-centered approach."

Immediately following the veto message, however, liberal senators and representatives accused Nixon of bowing to politics in making his decision.

"President Nixon seems more interested in appeasing his radical right-wing critics than he does in making good on his commitment to America's children," said Rep. John Brademas, D-Ind., chief House sponsor of the child development program.

Rep. Ogden R. Reid, a New York Republican who helped draft the bill, said: "The administration has bowed to politics and broken faith with America's children."

The bill was approved by the Senate, 63 to 17, last week and passed the House, 210 to 186.

Tuesday even though Republican Leader Gerald R. Ford told the GOP members Nixon would veto it.

It would have created a far broader program of day care, medical, nutritional and social services for children from all income levels than is available under the popular preschool Head Start program.

Under the proposal, services would have been free for children from families with an annual income under \$4,320 a year. Fees based on a sliding scale according to income would be charged for other children. Priority for participation in the program would have been given to working mothers.

abolished the posts of virtually all judges who weren't already circuit or county judges and whose current terms expired at the end of 1972. The House version either guaranteed those judges their current posts through 1977 or created new circuit or county slots for them to run for.

The compromise did not come patently. A bitter Sen. Dem. Sen. Barry Goldwater, D-Panama City, House chamber following final passage of the proposed judicial reform measure.

"I think it's a good draft and I think it's one the people will accept," said Askew. "I certainly intend to do all I can to take it to the people."

If adopted by voters, the proposal would consolidate Florida's multi-tier, patchwork court structure into a two-level state-wide system of circuit and county courts.

The measure won final approval and the right to a March 14 early election test as the House and Senate agreed in an 11th hour compromise.

The compromise basically guarantees that about 35 existing court judges would keep their jobs.

Speaking for Seminole County, Commission Chairman Greg Drummond said that with the growth of Seminole County the problem now existing surely will continue.

He explained to the group of officials present that Seminole has reduced the certification area in an effort to stimulate the General Waterworks incentive program. And once the level of service is acceptable, the Commission could revise its position.

Objecting strenuously to the 55 per cent formula set by the Orange County Commission in its dealing with the utilities company, Drummond said this is primarily a problem of General Waterworks—not of Seminole.

Chairman of the Orange County Commission, Ralph Poe, said that as far as his county is concerned the company is running over capacity in its Winter Park location. The residents resent its current expansion work and there is no likelihood that any further expansion of that plant will be allowed.

Orange County Board of Adjustments agreed to the expansion with full time maintenance not to exceed 90 per cent use of an ultimate maximum of 4.8 million gallons per day. And the board stipulated that there would be no more Seminole connections. Poe said he realized this is restrictive but that Orange County could not be concerned about what is legal in Seminole County—that is not our interest nor our interest.

Poe said that Orange County is concerned because General Waterworks has not served North Orange as well as it deserves but has run a 12-inch pipe into Seminole which Dr. DeAngelis felt was unfair dealings.

Two Counties Differ Over Sewer Needs

By ANN SIECZKOWSKI

No immediate solution appears to be in sight for the opposing and growing sewer problem in Seminole County and the adjoining Winter Park area. This was revealed Thursday afternoon at a joint meeting of the Seminole and Orange County commissions at Maitland.

Charles Fox, assistant manager of General Waterworks Corporation, Miami, gave no assurance his company will be able to solve the problems currently facing Seminole and Orange Counties and his company.

Objecting strenuously to the 55 per cent formula set by the Orange County Commission in its dealing with the utilities company, Drummond said this is primarily a problem of General Waterworks—not of Seminole.

Murder Trial On Docket

By MARION BETHEA

A murder case dating back to Dec. 13, 1970, will be tried next week before Circuit Judge Vule Williams Jr.

Facing charges of second degree murder is Michael Wilson, who allegedly killed Kenneth Roberts by beating him about the head and body with a two-by-four piece of lumber.

The alleged incident took place on Lake Howell Road, north of SR 436 near a cafe and pool hall known as Club 436.

Other defendants facing trial are Eric Westbrooke, charged with buying, receiving, aiding in the concealment of stolen property; John Grove, charged with auto larceny; Charles Daniels, charged with buying, receiving, aiding, in the concealment of stolen property; and William Lowdermilk, charged with grand larceny. The state dropped charges of buying, receiving, aiding in the concealment of stolen property against

Hassle Resumed On Winsor Plat

By DONNA ESTES

LONGWOOD — Controversy continued Thursday night at the meeting of the City Council over approval given last week to the final plat of Winsor Manor subdivision, with the city attorney stating emphatically that Council should not be pressured by developers to "push anything" through to approval.

"The city should not be pressured into doing anything to short cut regulations," City Attorney S. Joseph Davis said.

Newly elected Mayor Kenneth H. Brown brought the matter of the subdivision, 100 acres of the old Slade Airport tract east of The Woodlands Subdivision and north of SR 434, back before the Council.

Brown questioned City Engineer William Palm closely if developers Irving Berger and Associates had complied with the subdivision ordinance by making revisions in his plat.

Palm, in answer to the Mayor's questioning, said the revisions had not been submitted and required performance bonds had not been posted. Brown stated firmly that the plat for the property "will not be accepted unless and until the subdivision ordinance and the engineers' recommendations are complied with."

Brown, as mayor, must officially execute the plat before it becomes public record.

Councilman-elect Dick Crenshaw, member of the city planning board, which was bypassed by council in giving approval to the plat, stated his concern that the first section of the development is in low-lying land and plans of the developer were to dredge a lake for fill dirt.

Councilman Eugene Jaques appearing distressed at the continuing discussion over the plans not having been submitted to the zoning board said, "if the

Saints Engage Hastings For Class A State Title

By LARRY NEELY
Herald Sports Writer
Last year people would have scoffed at the idea of Trinity Prep winning a football state championship. They aren't taking a step back and giving the Saints some room. Hastings will be doing the same tonight on Showalter Field for the State Class A championship at 8 p. m. in Winter Park.

In their first two years of football the Saints collected only three wins. With many of the same gridders, Coach Bob Foy has turned Trinity's squad into a well oiled and finely tuned machine that is hard to stop. Just ask the eleven teams the 18-1 Saints have met this season. Even Miami Military Academy, the only team to get by the Saints, respects the Saints after being squeaked out a mid-afternoon 34-10 win.

Class A champions from Hastings. With Hastings ranked third in the state-wide Class AA prep poll and the Saints holding the eleventh position in the same poll, tonight's grid match should be one of the best to be seen in Central Florida all year.

While Hastings may be on a par as far as team preparation, this season with Trinity Prep, the Saints have individuals that can give them an edge. First and foremost has to be Lawrence Cleveland. In addition to being a superb quarterback, Cleveland is also Central Florida's highest scoring backfield. Cleveland is also Central Florida's leading scorer with 174 points in eleven games.

With Parsons at the helm of the Trinity offense, the Saints are always a threat. Parsons has an accuracy mark of nearly 70 per cent and is credited with over 1,500 passing yards. Parsons will often be looking to the Saints' tight end, Mark Harris, as well as the Saints' running back, Jerry Faden.

Steve, Eydie In Hollywood

By DIK KLEINER

HOLLYWOOD — (SEA) — You can take the boy—and his wife, Aida, merrily, and get ready and mad — out of New York, but there's still a little bit of chicken skin bubbling in the kitchen pot.

It's been about a year since Steve and Eydie, an extraordinary husband-and-wife team, came to Beverly Hills. And while they've made the adjustment without any particular trouble, the members of the New Yorker duo are still in the first home they've ever had, but it is a rented one, and now they're building their own. Actually, they're not. They're still in the same place, but they're building their own. Actually, they're not. They're still in the same place, but they're building their own.

Crooms High Band Orange Bowl Tops

By FRED VAN PELT
The Crooms High School band traveled to Miami Saturday for the Orange Bowl Classic, participated in the parade . . . and brought home top honors as the best high school band in the parade. Proudest member of the contingent on the return trip was Band Director Robert A. Brown, bearing the huge first place trophy.

Sixty-nine band students and 11 chaperones made the trip. Brown said 17 high school and college bands competed in the parade. Following the parade, the Crooms contingent visited the Sea Aquarium and other points of interest at Miami Beach.

The Sanford group returned to Miami for the Orange Bowl Classic football game between Florida A. & M. and Kentucky, Florida A. & M. made the trip "all the sweeter" by trouncing Kentucky 27-9.

Beyond the pleasure of winning the parade trophy, Brown explained another highlight was the opportunity for the Crooms band members to study the Florida A. & M. band in action during the half-time entertainment.

Next on the agenda for the Crooms band, Brown said this morning, will be rehearsing for the concert season.

By JOHN A. SPOLSKI
We are all so very proud of the band members and their director Richard A. Brown at Crooms High School . . . they're number one after having competed in Miami this past weekend. Congratulations . . .

Look forward to tomorrow morning's 4th Quarterly Director's Meeting of the Greater Sanford Chamber of Commerce. Not only will it be an organizational meeting of old and new directors, but there'll also be a special color-film presentation by Dan Duden . . . Bureau of Planning and Grants from the Dep. of Natural Resources.

My kind of a hero . . . defensive linebacker Mike Curtis of the Baltimore Colts. When some "kook" tried to steal the game ball . . . while the game was still on in Baltimore this past weekend, Curtis saw what was happening and just "decked the clown."

That's the kind of justice I'm for . . . and hope that we can continue to make gains in that direction through our judicial system, too.

Talking about "justice," or the lack of same . . . here's another perfect example when polls and the-likes are strictly for the birds!

Seminole High School's Clifford Martin must have been "the most prolific" scorer in high school football throughout the state this year . . . and maybe nationally, too.

So, what honor does he get? He's named to the defensive team!

Hate to say it, but . . . my informants tell me that one of the area's political leaders is about to be involved in a "gambling" charge.

Can't say anything more than that right now, though . . .

Although there were some who said "it'll never happen," the "tipping off" ceremonies have been set for Friday, Dec. 17th at 8:30 p.m. for the Sanford Bram Tower . . . all the way to the top! There'll be 12 floors for the apartments, and a welcome addition it is to the rapidly changing Sanford skyline.

Fun-nee . . . when Judge Akridge looked at a deposition of one who was to stand trial before him, in the space where it questions the "state of the health of the individual" . . .

Discuss India-Pak War Nixon, Pompidou Hold Confab

ANGHA DO HEROISMO, ANORES (A) — President Nixon discussed the Indian-Pakistani war and other international problems today in his first session with President Pompidou of France.

The international monetary crisis did not come up in a 2 1/2-hour morning meeting, spokesmen said. Treasury Secretary John H. Connally and France's Finance Minister, Giscard d'Estaing talked about that in a side meeting.

Nixon and Pompidou are expected to discuss the monetary issue, as well as Nixon's upcoming trips to China and the Soviet Union at later sessions.

Nixon's objective in the meeting with Pompidou—and later with other allied leaders—is to discuss his visits to Peking in February and later to Moscow. In the meetings with allies, Nixon's idea is to discuss East-West relations in general.

But the monetary crisis figures to be an important topic here because of France's difference with the United States on how to reach a solution.

A French spokesman described the morning session as "very frank and cordial."

The spokesman said the war in Pakistan had come up at the

meeting but he did not elaborate.

Nixon told newsmen who flew with him to the Acores Sunday that their job would be difficult because "everything important pretty well has to be talked about behind closed doors."

Officially, Nixon made the five-hour Atlantic flight because he wanted to consult with the French leader before going to Peking and Moscow. Nixon was said to be particularly interested in discussing Pompidou's conversations with Leonid I. Brezhnev during the Soviet Communist party chief's visit to Paris in October.

However, Pompidou came preoccupied with the international monetary crisis. And Nixon brought a top-level monetary and trade team headed by Secretary of the Treasury John H. Connally and including Ambassador-at-Large David Kennedy, the former Treasury chief now specializing in trade negotiations.

5 Suspects Face Judge

By MARION BETHIA
Five of the seven suspects in last week's drug shooting case will be arraigned before Circuit Judge Donaldick Salt tomorrow.

The affray occurred when undercover county and federal narcotics agents surrounded a van at Fern Park to purchase a reported 1,000 pounds of marijuana. Instead armed men were found inside the van. They were subsequently disarmed.

Being arraigned on the charges are John Cooper, George Johnston, Hickey LaValley, Eddie Sanders and Gary Lee Herndon. Also charged are Werman Glover and Joyce Woodbury, who are not listed on the arraignment docket.

Thieves Have Busy Weekend
By GARY TAYLOR
Sheriff's Deputy G. W. Clayton reported the theft of cash and items valued at \$1,475 from the Wilson Place home of Mrs. Valdece Harrison. Among the items missing are \$235 in cash, a \$500 ring and five guns valued at \$647. The guns missing include two rifles, two revolvers and a shotgun.

Danny Horn, 116 Garrison Drive, reported a 12-gauge Winchester shotgun taken in the Farmington area. The gun was valued at \$169.

The rear tires from two 1971 Chevrolets were removed over the weekend at Joe Creamons lot south of Sanford. It was the second such incident in recent weeks. Deputy Edward Fagan is investigating.

Two juveniles were apprehended and arrested for vandalism at Christianson's Motor's in Forest City. Lt. Leroy Rice and Deputy Douglas Huth made the arrests.

Sanford police are investigating the theft of \$300 in cash, plus checks and credit cards, from Clem Leonard's Shell station at 25th Street and Park Avenue. The theft occurred sometime Sunday and was reported Sunday night.

Patrolman Robert Bernosky investigated an accident at 13th Street and Mangosuite after a truck hit a pole, knocking down power lines and a transformer. The truck apparently had been stolen from Turner Farms, Inc., located at the State Farmer's Market at 13th Street and French Avenue. Bernosky reported minor damage to the truck but extensive damage to the power lines.

50 GOLDEN YEARS

Kiwanians Observe 50 Years' Service

Sanford's Kiwanis Club is off on its second half-century of service after a Golden Anniversary celebration in the attractive, decorated Civic Center which extolled its past and raised a banner of accomplishment for its future.

An audience of distinguished Kiwanians, civic leaders and elected officials engaged in formalities which opened with the usual club order of business and proceeded with a reception for the honored guests.

President Ernest Crowley presided. But this semi-centennial affair was heavily weighted with recognition of the past and those who had so contributed to the high standing the Sanford Club enjoys.

The assembly showed its recognition in spirited bursts of applause. There were two persons whose major contributions to the local club were significantly honored.

One was Lt. Gen. Joseph Hutchinson, a charter member, whose service within the club dates back to 1921 and was interrupted only by his Army service during World War II. Presented with a plaque and a citation, this respected Sanford resident graciously acknowledged the honor.

Not so could the other person signally honored. This was Mrs. Roberta Galchert, whose long and close association with the club as caterer, formally, but loved "mother figure," in fact, had brought to the club a bequest on her passing which allows a scholarship award to be made every year.

Past Lt. Gov. William Fraasa, chairman of the Galchert award committee, announced that Mrs. Rosamond Chapman has been awarded the Galchert honor for 1971, for her long and significant service in many years of Sanford's community life.

The evening was golden in fact as well as in significance. Tastily decorated, the Civic Center made a proper background for the speakers. One of whom was Mayor Lee P. Moore, a Nordman, who emphasized the important part which all civic clubs play in the exciting history of a growing Greater Sanford.

Others whose presentation outlined the Sanford Club's activities were Past Lt. Gov. Rupert Strickland who recognized the clubs which the local club sponsored: Eustis, Maitland and the honor.

Division 6, Past Lt. Gov. and presently club secretary Ralph Austin Smith called on the charter members and made the special presentation to General Hutchinson.

Scholarships are one of the main interests of the club. Dr. John Wilson, chairman of the scholarship loan committee, spoke of what has been done and is to be done by the club in this project.

But it was Charles Roberts, of Fort Myers, Kiwanis International trustee, who made the address of the evening. He it was who spoke of the challenges yet to be faced and the means by which Kiwanis has and is using to do its part.

Most spectacular event was the lighting of the birthday candles on the Golden Anniversary cake by those past presidents who were present and by representatives of those who could not attend.

It was Lewis Dellarco, immediate past president, who had the honor of lighting the last of the 50 candles. The closing ceremony was the singing by the assembly of one verse of "God Bless America," with Arthur Beckwith, the club song leader, doing the honor.
