Committee of the House of Representatives in its inquiry into alleged Communism within the government.

He said the only two people whose names have been brought into the inquiry as suspected Communists already were under indefinite leave before the hearing started.

It was learned from another source that Whittaker Chambers has not been a witness before a federal grand jury in New York City investigating espionage.

Chambers has acknowledged to the House Committee that he was a Communist from 1934-1937 and worked with a Communist underground in Washington.

The Justice Department has declined to comment on this in any way, repeated that it will not discuss proceedings still in progress before a grand jury.

Mr. Truman said he could say categorically that the government's loyalty program has been a success.

He added that the Justice Department has been at work for some time on a proposed new loyalty statute.

He said it was a very difficult

thing to get a statute that does not infringe on the bill of rights which is a cornerstone of American freedom.

He said sharply that he does not want any Gestapo law that does infringe on the Bill of Rights.

"Do you consider that the House hearings have infringed on the Bill of Rights?" a reporter asked.

The President replied yes, that he does.

The Congressional spy investigators are going ahead with their search for new evidence. They said they had lined up three new witnesses for secret testimony before the House Committee.

Truman On Probe

Continued From Page One
The U.S. This was the subject of a proposal by Governor Thomas E. Dewey of New York, Republican presidential candidate, that Italy be given administrative control of these colonies under a U.N. trusteeship. If the four powers do not agree before the U.N. General Assembly meets next month in Paris, the assembly itself will consider the matter.

No definite campaign dates have been set except his address in Detroit on Labor Day. This was in reply to queries whether he would visit Miami, Fla., and Tennessee.

New credit curbs enacted by Congress will be put into operation by the Federal Reserve Board as soon as practicable. It can be done in a minute because there are 12 Reserve Banks and all have to be unanimous.

He hopes the oil industry is right in saying there will be no oil shortage in the east this winter, but he doubts it. It will all depend on how hard the winter is.

Asked to comment on a statement by Secretary of Labor Tolson that the Taft-Hartley Act has forced into existence "boothleg closed shops," the President said he covered that thoroughly in his message vetoing the Taft-Hartley bill. He added he is in agreement with Tolson or Tolson is in agreement with him which ever way you want to put it.

Celery Crates

Small size crate a forward step by the celery industry.

Other proposals were approved which the industry hopes will aid in improving marketing conditions for Florida celery, prices of which have often been depressed at a station last season because of glutted markets, Mr. Graw reported.

Adoption of a Federal marketing agreement was recommended as a means of curbing the heavy losses incidental to glutting of the nation's markets.

Another proposal was to revise the planting schedule reports which were issued by the Florida Growers Association Celery Division in the 1946-47 season; to ask for certain minor changes in rates manufactured for celery shipment, and to ask the Interstate Commerce Commission to require better timing of rail shipments.

It was the consensus of opinion that growers and shippers would have to tighten their grades in order that only the best quality will be represented.

Thompson and F. M. C. Home of Deland, Robin Brown, Hubert Pierce and Joe Davis of Norfolk, Va.

Kiwanis Meet

Continued From Page One
Kiwanians.

Mr. Singer advanced the idea that sending money and armament abroad, or floating propaganda laden balloons over Russia is not the most effective way to meet the threat of worldwide Communism, but that it can be overcome by a spiritual reevaluation of human rights that will lead to economic and social reform.

"We can destroy Communism through social reform; money alone cannot do it," he declared. "We need a different kind of democracy with more idealism and less profit," he said. "We have become so secure in our democracy that we don't know how lucky we are. More militant, crusading, idealistic democracy can suppress Communism."

"Democracy is in danger today through the aggressiveness of the Communists, and another danger is that we don't see our danger," he declared and pointed out the millions in India, China, Russia, the eastern Arab world and some places in South America who are without democracy.

He predicted that Henry Wallace will get from four to five million negro votes in the north, largely because of the slum conditions in which they live, and described Wallace as one who knows what's wrong with America, but not what's wrong with Russia.

Voicing opposition to the Mundt-Nixon bill to outlaw Communism, he said that he agreed with Thomas Dewey that you cannot kill an idea with the law. He discounted the idea that the law is revelations before the congressional investigation committee would have much effect in combatting Communism, and said that the entire case had been before the FBI nine months ago.

"The FBI and Department of Justice are perfectly capable of dealing with the Communists and do not need the help of amateur detectives," he said. He warned of future destruction by atomic bombs should a third world war break out.

Visitors at the meeting were James A. Wright, the Rev. Charles

GOOD NEWS FOR SICK PEOPLE

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Long Spells

Drugless Health

RECALL: In how many times you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Natural Laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dose — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 85% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, listless, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind is sluggish, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry weighing you down — it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill people, on the advice of their doctors, to the mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and soak in the mineral-rich water. We have all heard of the wonderful springs of Lourdes, France, and famous thermal springs in Greece where, according to legend, Hercules, the god of eternal strength and youth, drank his waters and learned to be invulnerable.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will feel a

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drugstore now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money. REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you. Watch your elimination from your bowels. Make you feel, eat, sleep, work and enjoy life better. GEO-MINERAL, Retail Price \$2.00, 12-oz. bottle \$1.00. Walgreen Agency.

Soviet Police Conduct Raid In U.S. Sector

Black Marketeers Are Object Of Russian Crossings In Berlin; 5 Germans Arrested

BERLIN, Aug. 20.—(AP)—Russian military police and German police they control invaded the American sector of blockaded Berlin today on a black market raid and seized five German police belonging to U. S. sector forces.

An American Military Government official said the action clearly violated U. S. jurisdiction.

It was the second Russian-backed raid near the city zonal borders during the day.

Earlier Russian M.P.'s and Communist-controlled German police raided downtown Potsdam Platz, where the American, Russian and British zones meet, and arrested about 400 Germans without violence. This contrasted to an operation last evening when Germans stoned the Communist police, who responded with gunfire which wounded four civilians.

Ray Ashworth, U.S. public safety chief, said the Russians entered the American zone in the borough of Kreuzberg, where a city street divided the sectors. A similar situation occurred there last week which required intervention by American Military Police.

Ashworth said about 20 Russians and 50 Soviet sector German police cordoned some 200 Germans on black market charges and pulled them over into Soviet territory to arrest them. An alarm went out for western sector German police, four of whom drove up in a jeep. The Russians seized the four and their vehicle.

When the borough police chief drove up to protest, the Russians called him over, ostensibly for discussion. Then they seized him, too. Two of the five officers succeeded in getting away from their captors and hiding in a crowd of civilians. Three were reported still held, along with their jeep.

Tommy gunners, fully armed Henry Burroughs, Associated Press photographer, when he took pictures of a raid operation at Potsdam Platz. Burroughs had aimed his camera at a truck load of Russian troops preparing to withdraw after the raid. The soldiers saw him, and several left the truck to give chase. Burroughs dodged into a crowd of Germans and hurried to the safety of the British sector.

Soviet secret police, headed by Victor A. Kravchenko, have been seizing western sector police on sight since the split of the Berlin police department several weeks ago. Kravchenko has declared his forces will not recognize sector boundaries in their operations. Thus far the west has not struck back with any similar action.

Search For Slayer Of Ormond Couple Turns To Georgia

ORMOND, Aug. 20.—(AP)—Search for the moonlit slayer of a young couple turned to Georgia today.

But authorities gave no indication they had uncovered leads that might hold a solution to the crime, termed one of the most flimsy in Florida's history.

Gregory Blount, 23, University of Kentucky student, and his date were shot and killed last Saturday night. The girl was raped.

Altogether, more than a score of persons have been detained and questioned.

At Savannah, four men and a woman, held on auto theft charges were questioned today by a deputy from the sheriff's office here.

Still another Georgia angle cropped up when Capt. W. C. McNamee, Georgia bureau of identification chief, announced that agents had picked up a hitchhiker near Outhbert.

The man's face was scratched, blood-stained clothing was found in a handbag and he wore beach sandals with sand in them, agents reported. The suspect said he was a transient cotton mill worker from Alabama and got scratched in a fight.

He was taken to Columbus, Ga., for questioning, but no charges had been filed at midday.

LACEY SENTENCED

W. R. Lacey was sentenced this morning by Circuit Judge M. B. Smith to one year in Reformatory after Lacey had pled guilty to a charge of obtaining property under false pretenses in the form of a worthless \$50 check which R. R. Bates and J. M. Gonzalez had cashed for him.

Hiss Tells Of Meeting Accuser

INVITING REPORTERS into his New York apartment, Alger Hiss (left) tells them of his hotel meeting with Whittaker Chambers, the man who has accused him of being a member of a Communist underground group in Washington. Telling the newsmen that he identified Chambers as "George Crozier," solely on the latter's say-so, Hiss repeated his statement that he is not and never has been a Communist. (International)

Registration Of Local Youths To Begin On Aug. 30

Sanford School Facilities Will Be Open For Service Board

Monday, Aug. 30 has been set as the date for the beginning of Selective Service registration in Seminole County Schools of men between the ages of 18 and 26 whose date of birth is after Aug. 30, 1922, it was announced today by E. C. Harper, chairman of the Selective Service Board in this county. Registration will be open from 8:00 A. M. until 5:00 P. M.

School facilities have again been made available for registration through the co-operation of Supt. T. W. Lawton and Herman E. Morris, who is assuming his duties while the former is on vacation, as well as school board members, principals and teachers, said Mr. Harper.

(Continued on Page Six)

Soviet Author Says He Saved Samarin From Authorities

NEW YORK, Aug. 20.—(AP)—Victor A. Kravchenko, author of the anti-Communist book, "I Chose Freedom," says he saved Russian school teacher Mikhail Samarin from falling into the hands of Soviet authorities.

Kravchenko, who has repudiated his Soviet citizenship, told his story yesterday in a 3,000-word statement.

He said he was the intermediary who spirited Samarin away from a New Jersey farm last Aug. 8 at a time when Soviet agents were overrunning New York and New Jersey on the "trail" of the teacher and his family.

Kravchenko said he then arranged to have Samarin brought under the protection of the house of Un-American Activities Committee.

The rescue took place, Kravchenko said, "That if Samarin should fall into the hands of Lomakin (Soviet consul general Yakov Lomakin) they (the Russians) would duplicate the story of Kosenkina."

He said that if Samarin, who also has repudiated his Soviet citizenship, and his wife were returned to Russia, they would be "disposed of and their children—born in America—would be consigned to the children's prison."

NEGRO BOYS "BERRY"

RENO, Nev., Aug. 20.—(AP)—Two "awful sorry" negro boys were held by juvenile authorities today for starting a downtown fire Sunday which killed five persons and injured 137.

Police Chief L. R. Gresson said the nine-year-old boys told him they started a paper fire in the basement of a vacant building, then tried vainly to put it out as it spread to stored junk.

"I won't play with matches no more," one told him. Both were placed under juvenile court jurisdiction but are being housed temporarily in the county jail.

Defense Chiefs Will Hold Meet At War College

Forrestal To Report On Talks In Ottawa With Canadian Men

WASHINGTON, Aug. 20.—(AP)—A disabled B-17 Fortress carrying General Hoyt Vandenberg, Air Force chief of staff, landed safely at National Airport today. Vandenberg was returning from Europe. With him in the plane were Assistant Secretary of the Air Force Eugene M. Zuckert and Major Gen. W. F. McKeever, assistant vice chief of staff. The pilot of the Fortress, a bomber reported one of his four engines stopped while over the Atlantic this morning.

WASHINGTON, Aug. 20.—(AP)—Secretary of Defense Forrestal will hold a conference with the joint chiefs of staff at the Naval War College at Newport, R. I., beginning late today and continuing through Sunday.

The Defense Department said the conference follows the pattern established at Key West, Mar. 11-14. Similar meetings are planned at intervals of a few months in the future.

The purpose is to provide an opportunity for extended discussion of important policy questions in an informal atmosphere and at a distance from the routine administrative pressures and interruptions at headquarters in Washington.

Forrestal will give the service chiefs a report on his talks with Defense Minister Brooke Claxton and other Canadian government officials during his visit last weekend to Ottawa.

Among other subjects to be talked over are: a means of appraising capabilities and performance of present and probable weapons; and the feasibility of their development in terms of cost, time and other factors.

Various problems relating to strategic air warfare will also be discussed.

Guardsmen Request Aid For Club Room

Aid of merchants in donating furnishings for a club and recreation room at the Sanford Armory for enlisted men, was today requested by two National Guardsmen who appeared downtown spick and span in their uniforms and carrying walkie talkie outfits.

The recreation room will be open in a rear room on the ground floor of the armory not only for enlisted personnel, including Naval National Guardsmen, but for all men, said T. Sgt. C. O. Jones, who with Sgt. Ralph Geiger was making an appeal for the articles.

Articles needed to outfit the room include furniture, floor lamps, radios, etc. It is planned to include games including pool tables and ping pong tables.

CROSS BURNS

ST. AUGUSTINE, Aug. 20.—(AP)—A fiery cross was burned last night on the green of Fort San Marco, ancient Spanish landmark. The five-foot cross was stuck in the grassy field leading to the Fort's West. There was no sign of a demonstration and authorities suspected it might be the work of pranksters.

3 New Dealers Keep Mum In Red Spy Probe

Lawyers Decline Behind Closed Doors To Answer Questions On Activities

WASHINGTON, Aug. 20.—(AP)—Three former New Deal lawyers—Lee Pressman, John Abt and Nathan Witt—refused today to tell a Congressional committee whether they were members of a pre-war Communist underground.

Rep. Nixon (R-Calif.) and the three declined behind closed doors to answer questions concerning accusations made against them in the Congressional spy investigations.

Whittaker Chambers has told the house Un-American Activities Committee the three lawyers were members of a Red apparatus whose objective was to place Communists in federal jobs in the early 1930s.

Chambers has acknowledged he was a Communist from 1924 to 1937. He now is a senior editor of Time magazine.

Nixon said he and committee investigators questioned Pressman, Abt and Witt separately behind closed doors for a half hour each this morning. Nixon told reporters:

"Each witness refused to testify on the ground of self-incrimination and on other Constitutional grounds."

Nixon said they also refused to say whether they had belonged to the Red underground as Chambers has testified; whether they knew Chambers and half a dozen other men named by Chambers as leaders in the "underground"; and whether they were members of the Communist Party at the time Chambers claimed they were.

Pressman formerly was counsel for the CIO and Abt was formerly counsel for the CIO Political Action Committee. Witt once was a member of the National Labor Relations Board. All three served as lawyers for the New Deal Agricultural Adjustment Administration.

As this trial was being questioned, Nixon said it has become "time-consuming" that the immigration committee quickly produce a missing witness, J. Peters, to testify in the spy hearings.

Chambers has told the committee that Peters headed the unit. (Continued on Page Six)

James B. Whitfield, State Court Justice, Dies In Tallahassee

TALLAHASSEE, Aug. 20.—(AP)—Retired State Supreme Court Justice James Bryan Whitfield died in his sleep here early today.

His 87 year old jurist left the Supreme Court bench in 1941 after 20 years on the state's highest tribunal—longer than any other man ever served.

He began his career in 1885 as a young newspaper reporter covering the State Constitutional Convention. His long career in journalism and law began in 1889 when he served as a clerk.

Without stenographer or typewriter, he recorded in his own handwriting the opinions of the court's three justices.

In 1897 he became state treasurer and served as attorney general from 1903 to 1904. Earlier, he had practiced law in Tallahassee and served as Leon County Judge.

He was appointed to the Supreme court in 1921 and as chief justice administered the oath of office to several Florida Governors.

One of his last major public appearances came in September, 1946, when he received an honorary doctor of laws degree from the University of Florida.

The academic hood was presented to him in the courtroom in which he had served as a justice. The thin, white-haired, former justice was described then as a "great craftsman of the law."

Justice Glenn Terrell, who served with Whitfield for 20 years, declared at the time that the man who was present at the birth of the State Constitution interpreted it "by the new light of the present rather than the fallow dip of antiquity."

Whitfield spent his years of retirement in his old-fashioned home directly across the street from the State Capitol. He had been compiling a history of Florida and was a frequent visitor to the State Library and Capitol offices. The flag on the Capitol's silver dome and over the Supreme Court Building flew at half staff today.

Funeral plans are incomplete, pending arrival of members of family.

State Department Sends Note To Russia Demanding Recall Of Soviet Consul At New York

Investigation Of Fires At Macomb Farm Is Continuing

Air Force Officials Think Tests May Be On Sabotage Goods

DAYTON, O., Aug. 20.—(AP)—Air Force officials at Wright Field are proceeding on the theory that the fires at the Charles Willey farm near Macomb, Ill., may be test of Red-aided sabotage material.

A technical expert from the office of technical projects at the field has been ordered to the Macomb area to make tests, Lewis C. Gust said today.

Gust is the technician who told State War Marshall John Craig of Illinois that the fires may be caused by "some unusual sort of radioactive material."

The Wright Field radio expert, Gust said, will test radio frequencies in the area to determine if any extremely high or short wave frequencies are being used.

"Suppose you had some material that could be ignited by radio and you wanted to test it for possible sabotage value," said Gust. "Would you pick a city?"

"No, you'd pick some out-of-the-way place, like the Willey farm."

Gust emphasized that the theory is just that—that Wright Field is interested primarily in proving or disproving the theory. He said it would be several days before results of the tests would be known.

"Where and when will they be released he was asked."

"If they're hot, they won't be," he replied.

WASHINGTON, Aug. 20.—(AP)—The Army and Navy are warning business and industry to be wary of requests for information coming from overseas, especially from Russian-dominated areas.

The warnings are being given. (Continued on Page Six)

Average Florida Farm Has Income Of \$3,720 For '48

The average Florida farm had net income of \$3,720 last year, said County Agent C. R. Dawson. "This I know will be news to some of the Seminole County celery growers."

Figures released by the regional division of the State Department of Commerce, he declared, show that Florida's net income per farm in 1947 was 18 percent above the national average.

Poultry farming is one of Florida's profitable industries, he pointed out, and poultry industry has come a long way since the days when the farm flock was fed largely on table scraps, supplemented with whatever the farmyard could pick up around the farmyard.

In summer and a few handfuls of corn or other grain daily during the winter, profitable flocks today are fed on carefully prepared feed mixtures, and the quantities consumed are enormous.

Quoting U. S. Department of Agriculture statistics, he declared that in a year the chickens of the United States consume more than 20,000,000 tons of feed. Loaded in box cars at 40 tons to the car, this would require a half million cars, or five solid trains reaching from New York to Chicago.

This is at least one-sixth of all the concentrate feeds supplied to livestock said Mr. Dawson. It also represents about one-half of the efficiency of the poultry industry," he asserted.

ARMY REPORTS POLIO

TOKYO, Aug. 20.—(AP)—The first positive case of sleeping sickness among American occupational personnel and 64 cases of polio were reported today by the Army.

The known sleeping sickness patient is on Okinawa. There are 13 suspected cases in Japan. The polio cases are mostly in the Tokyo-Yokohama area. Three Americans have died of polio this year.

United States Has Given World More Than \$16 Billion In Aid

GENEVA, Switzerland, Aug. 20.—(AP)—In the three years since the end of the war, the United States Government has given more than \$16 billion in aid to the rest of the world totaling more than \$16,000,000,000, exclusive of the European Recovery Program.

Statistics supplied to the United Nations economic and social council showed today that U. S. Government loans, property credits and grants to the rest of the world between July 1, 1945, and May 31, 1948, amounted to \$16,376,000,000. In addition U. S. government credit and relief grants, still to be utilized, including the ERP, totalled over \$1,000,000,000.

A considerable portion of the aid total went to countries beyond the Iron Curtain, including \$4,500,000,000 to the Soviet Union.

U. S. grants and loans for economic aid to the Soviet Union and Eastern Europe since the war, totaled \$2,711,000,000 on 13 separate occasions in Germany and Japan, and \$1,414,000,000 in 85 per cent went to areas designated by the U. N. as being in need of aid.

The figures were contained in a U. S. report on implementation of a General Assembly resolution, adopted on Dec. 11, 1946, which had urged U. N. members to take all possible steps, "which may lead to the early solution of the problem of economic reconstruction of devastated areas."

The report showed that of the U. S. grants and loans since the war, \$1,762,000,000, or 10.7 per cent, went to the other countries, including Canada and Latin America.

Almost half the American financial assistance was in the form of grants and loans, including contributions to UNRRA, relief programs in occupation areas, and "Continued from Page Six"

President Leaves On 9 Day Cruise To Map Campaign

WASHINGTON, Aug. 20.—(AP)—President Truman left today on a nine-day, pre-campaign cruise aboard the Presidential yacht Williamsburg. He carried a briefcase full of "documents and papers" on which he said he will work while at sea.

He also said he hopes to get in considerable work on the address with which he will formally open his 1948 presidential campaign at Detroit on Labor Day. He added he likely will speak there "of-the cuff."

Press Secretary Charles G. Ross explained Mr. Truman presumably will talk from notes, rather than from a prepared manuscript. The President's aides think he makes a better speaker that way.

Meanwhile Senator Styles Bridges (R-NH) said in New York "the people are fed up with the inadequacy" of President Truman's leadership.

He predicted Governor Thomas E. Dewey, Mr. Truman's Republican opponent, would be elected in November by "a substantial sweep."

Bridges talked to reporters after conferring with Dewey at the New York Governor's Hotel Roosevelt suite.

In Johnston, Pa., J. Howard McGrath, Democratic national chairman, said the Republican party "is still dominated by the moneyed interests and the Congressional leaders who do their bidding."

"The Republican Party surrendered any claim to the leadership in this solemn hour," McGrath declared, "by its record in the 80th Congress."

The Democratic chairman made the assertion in a prepared address before the convention of young Democratic clubs of Pennsylvania.

At the same time, McGrath condemned Governor Thomas E. Dewey. (Continued on Page Six)

Dixiecrats Fight For Carolina Ballot Place

RALEIGH, N. C., Aug. 20.—(AP)—State Rights Democrats opened a court fight today for a place on the North Carolina ballot.

Judge W. H. Harris scheduled a hearing in superior court on an action brought by the party asking that the state board of elections be ordered to give it legal recognition.

The party is trying to get places on the ballot for its candidates—Governor J. Strom Thurmond of South Carolina for President and Governor Fielding L. Wright of Mississippi for Vice President.

THE WEATHER

Partly cloudy with widely scattered local thundershowers through Saturday. Gentle variable winds.

Lomakin To Be Sent From Country For Conduct In Case Of Red Teachers

WASHINGTON, Aug. 20.—(AP)—The United States demanded today that Russia recall Consul General Jacob L. Lomakin from his post because of his conduct in the Soviet refugee teachers case in New York.

The demand was made in a strongly worded note which the State Department published early today after sending it to the Soviet Embassy here last night.

The note said Lomakin has "abused" his position and been guilty of "gross violation" of proper official conduct.

The U. S. fully rejected Russian charges that the three teachers, Mrs. Oksana Kosenkina and Mr. and Mrs. Mikhail I. Samarin, were kidnapped by the anti-Soviet Trotsky foundation with the connivance of American officials. The note said the Samarin and Mrs. Kosenkina had declared their desire voluntarily to remain in this country.

While concentrating its fire on Lomakin, the United States declared its reports on the refugee teachers case in this country "indicate that officials of the Soviet government have been engaged in conduct which is highly improper."

The note "categorically" rejected all charges made by the Soviets against American authorities.

The United States requested copies of two letters which it said were in the hands of the Soviet consulate general in New York and had been written by Mrs. Kosenkina. One was written at the time she decided not to go back to Russia and one little more than a week ago when she jumped out of the consulate window in New York.

The United States said Lomakin was based on testimony given to American authorities by Mrs. Kosenkina. (Continued on Page Two)

Seminole Teachers To Report Monday For School Duty

Teachers of Seminole County schools have been ordered to report for duty at school on Monday. Principals will meet Tuesday afternoon at the County Board of Education.

Parents will register on Wednesday, Sept. 1, at 9:00 a.m. to 5:00 p.m. and school will operate over a week.

Schools will open for regular sessions Tuesday morning, Sept. 1, at 9:00 a.m.

The program for teachers next requires reporting for duty on Wednesday and Thursday of next week. On Friday morning at 10:00 a.m., Sept. 4, all teachers will report to school. On Saturday, Sept. 5, at 10:00 a.m., all teachers will report to school.

On Monday, Aug. 23, teachers will meet at 10:00 a.m. at the Junior High School with Miss Ruth Hadd, county school supervisor. In the afternoon at 3:00 p.m., principals will meet with Mr. Lawton at the Court House.

On Tuesday morning at 10:00 a.m. school teachers will meet with Miss and Mrs. Lomakin at the Sanford Grammar School.

Following this registration of pupils on Wednesday, distribution of pupils and assignment to various teachers will be made on Thursday. On Friday there will be a program on visual education at Seminole High School.

Sept. 1, however, is expected to return from Indiana where he is spending his vacation on Friday.

Showery Area Is All Remaining Of Squall

MIAMI, Aug. 20.—(AP)—A showery area over Cuba and the Caribbean Sea was all that remained today of a squall wave which left weather observers on the alert this week.

Grady Norton, supervising forecaster of the Federal Storm Warning Service, commented: "that one can be written off. It has flattened out all over the map and is no longer of any consequence."

CITY ASSISTANT

Mrs. Gabe Michael is assisting City Manager H. N. Sayer with his work in connection correspondents in regard to tax assessment adjustments.
