# Fed Scrimmages To Be Held On Tuesday Or Wednesday

## Word From Eustis Says Memory Martin Has Another Excellent Backfield; Willie, Jim Peterson Are Back

By JULIAN STENSTROM  
Herald Sports Editor

Coach Leonard L. McLucas and his 1934 team of the Seminole High School Gators will start their second week of practice sessions this afternoon on the drill field in the rear of the high school. Coach McLucas sent the boys through a tough session yesterday afternoon and a tougher one is slated for this afternoon's pigskin parade.

McLucas and his assistants, Coaches Woody Riser and Russell McCracken, are going to put the youth into work in earnest next week. Scrimmage sessions are slated for Tuesday or Wednesday. The Gats have only two more weeks of drill ahead of them since the first game is with the Eustis Panthers two weeks from tonight.

The Gats still have many obstacles to overcome before the tilt but there had been no doubt will be pushed off by the squad next week. The blocking and tackling have improved to a certain extent but it still has to look better before the opening.

Coach McLucas probably will not be able to announce a starting line-up until game time for positions on the line are still wide open. It has been reported that James Young will report for practice sessions Monday afternoon.

The schedule for next week will consist of spud formations and dummy scrimmages with regular scrimmages slated for either Tuesday or Wednesday. Arthur Williams, right half back on the first four, came up with several

cuts and bruises following the drill yesterday but Williams is still expected to be in the starting backfield when Eustis travels here.

Word from Eustis praises the Lake county eleven this season as Coach Memory Martin boasts an experienced line and a well balanced backfield still starring the Peterson brothers, Jimmie and Willie.

Several automobiles filled with white-robed men circled the negro section late Monday night. The men left behind several notes saying "All negroes take warning. Stay out of Sanford county politics or take the consequences. This is a white election."

Sixty negroes registered for the election, largest number ever to become eligible for a vote. They were among the 525 qualified to take part in the election. Two crosses were burned in the negro section during the demonstration.

Instead of importing Khaki dye from Germany for military uniforms, Japan is now making its own dye, which, officials say, is of superior quality.

# McClelland Will Lead Stetson In Tilt With Gators

## Sanford Youth Shows Plenty Of Power In Hatter Backfield

DELAND, Sept. 14.—The Hatter backfield began to take shape this week after the Stetson University coaches threw their gridiron into the first scrimmages of the season.

Brady Cowell, head coach, evidently plans to develop a varied offensive. In each intrasquad battle he has called for exercises in end runs, driving through the line, and passing.

The passing is being done not only by Lynn Warren, whose injured flinging arm is almost well but by Harris Lowery, and John Griffith, two other well seasoned backfielders. Two left halfbacks, George McClelland, half, and Stuart Ryan, quarterback, are also having an occasional pass.

In the running game, Gene Drake, a Kansas youth, and McClelland of Sanford are showing the most promise. Both are halfbacks and like all cowboys will show their worth about fall opening.

Russell Lowery, reserve full back, has been showing a lot of stuff in hitting the line this week. Larry Hardy, who was laid off by illness last week, has come back fast and is also plugging with power. Troy Hall of Leesburg continues to please the coaches by his action through the line.

Chet Freeman, line coach, has encountered some difficulty this week because of minor injuries to his stalwart forwards. But the tackles, guards, and centers still appear to be the strongest factor of the Hatter lineup.

The return of Vincent Schaefer, outstanding wing man, has improved the outlook for the ends. Schaefer was reported and probably not participate in scrimmage this week.

Britain And France Plan Joint Discussion As War Crisis In Europe Continues

Daladier, Bonnet To Fly To London For Session Tomorrow With British Heads

Armed Sudetens Organize Corps

Czechs Will Not Sanction Plebiscite, Minister Declares

Great Britain and France arranged today for joint discussion Sunday of the Czechoslovak crisis and the demands of Chancellor Adolf Hitler of Germany.

An official announcement in Paris said Premier Daladier and Foreign Minister Bonnet will fly to London tomorrow in response to a British invitation.

The British cabinet met twice with Prime Minister Neville Chamberlain today in sessions lasting more than two hours. What decisions were made, if any, and what Chamberlain reported on his Thursday conference with Hitler at Berchtesgaden were not disclosed.

A dispatch from Berlin said Konrad Henlein, whose demands for autonomy for his Sudeten German followers brought on the crisis, had announced that the Sudeten Germans were "making to arms and organizing a 'Sudeten Free Corps' along the Czechoslovak border."

Because the "Free Corps" will be formed on the German side of the border, it was obvious Henlein's actions must have been approved by Hitler. The corps will be composed of men trained in the Czechoslovak army who fled across the border and became refugees.

They are to be drilled, armed and organized against the day when they may be commanded to rush back across the border.

The whereabouts of Henlein, sought by the Czech government on charges of treason following his demand for annexation of the Sudeten region by Germany, were not revealed.

Germany, believed to have demanded annexation of the Sudeten area, reportedly notified Jewish physicians whose licenses have been revoked to which they must report in case of war.

The French government's support of Czechoslovakia was said to be stiffening. Czechoslovakia itself took precautions against disorders stemming from the liquidation of the Sudeten party as Ernest Kuntz, deputy party leader, urged his followers to await the outcome of British-German negotiations.

Rudolf Beck, Czechoslovak minister of railways, said his country would not agree to a plebiscite, he said, since the Sudeten party had been outlawed, adding that the integrity of the Czechoslovak state was essential to any settlement.

On the other side of the world Japanese forces which have been making steady up the Yangtze River for a week reported important advances, including the capture of a river boom 100 miles downstream from Hankow.

The Spanish civil war continued a week-old stalemate.

SNIPPING THE INVADERS

Although overshadowed by the crisis in Europe, the Japanese are continuing their drive on the provisional capital of Hankow along the Yangtze River. Chinese soldiers are deployed to guard against the advances of the Japanese forces.

Government In Prague Continues Course Of Firm Action In Sudetenland Crisis

PRAGUE, Sept. 17.—(AP)—Continuing a course of firm action in the German minority in the Czechoslovak government last night outlawed the Nazi Sudeten party.

The party was ordered dissolved immediately as a speedy reply to the polemical attack issued Thursday by the Berlin-supported leader, Konrad Henlein, that Sudeten Germans want the return of their home in the German Reich.

The first answer was Friday night's order to Henlein's arrest on a charge of treason.

These steps were taken despite the fact that several foreign legations were urging that the Sudeten party be treated gently in view of the delicate negotiations for preservation of European peace now under way between Adolf Hitler and British Prime Minister Chamberlain.

At the very core of these negotiations lies Chamberlain's determination to "protect" the Sudeten Germans of Czechoslovakia.

Hitler's proposal, upon which Europe's decision of peace or war may have to be made, was said to include:

1—Immediate surrender to Germany of the Sudeten border districts of Czechoslovakia having 80 percent German-speaking population.

2—A cantonal system, similar in some respects probably to the Swiss confederation of states, for the Sudeten areas further inland where the German population is less than 50 percent.

3—An international guarantee by Great Britain, Germany, France and possibly Italy to protect the integrity of the remainder of the Czechoslovak nation, after dismemberment of the Sudeten areas.

A neutrality guarantee for Czechoslovakia along the lines of those granted during the past two years to Switzerland and Belgium, both of which hold pledges from Germany and other major powers that they will not be invaded in event of another war.

When Chamberlain emerged from the palace in London at 10:47 P. M. last night he was greeted by swelling cheers from a crowd packed almost solidly from the palace gates back to the Victoria memorial.

He had been with the king an hour and 24 minutes, an unusually long audience.

It was significant that Hitler's proposal for a three or four-power guarantee of Czechoslovakia's neutrality—providing the Sudeten areas are surrendered to him—coincided with Czech Foreign Minister Krofta's exclusive statement to the United Press in Prague suggesting such a solution.

Krofta insisted, however, that the Czech government would never consent to cession of the Sudetenland, by plebiscite or otherwise.

See Four-Power Parley Should Britain and France accept Hitler's terms as the alternative to war, a four-power offensive probably would result.

WASHINGTON, Sept. 17.—(AP)—Stephen Early, President Roosevelt's secretary, disclosed today the Chief Executive is hopeful James H. Fay will win his race against Rep. John J. O'Connor of New York.

City Commission Begins Work On New Years Budget

Committees Seek Golf Course Project, Recreation Director

Work on the city budget by the Sanford City Commission began today with an adjourned meeting of the City Commission held at the City Hall in Sanford.

The commission is expected to complete the budget for the coming year by the end of the month.

City Clerk Frank S. Lamson reported that the Commission made good progress in their work last night but added that a great deal more work remained to be completed before the budget is ready for the final approval of the Commission.

The new fiscal year begins Oct. 1.

The committee seeking a project for development of the golf course was composed of E. J. the banker, Henry Watson, and Roy Heller.

It was stated that the city is planning to file a project for improvement of the course and the committee members requested that a project for the work be filed and pushed to final approval during the coming year.

Floyd Palmer and H. E. Morris appeared before the Commission in behalf of employing a supervisor of recreation for Sanford next year.

Frank S. Lamson, also read a letter from the Seminole County Real Estate Board approving plan for a director and requesting the City to set up the necessary \$400 per year in its budget for 1938-39.

The letter from the local real estate board, which represents the county's realtors, is as follows:

"When the Honorable Board acquired property for Fort Mellon Park and through a WPA project started a recreational area that is essential for any city that hopes to have tourists stop and spend a while, it was an excellent start toward giving Sanford some industry other than farming."

"However, Fort Mellon Park can not achieve its full purpose unless recreational facilities are planned and supervised by a full time director. Therefore, the Seminole County Real Estate Board petitions you to include the estimated \$400 per year needed for part payment of a WPA trained recreational supervisor in your next budget."

MIAMI BEACH.—(AP)—Police raided a penthouse atop a hotel here yesterday and arrested four men on charges of operating a gambling establishment. Fifteen persons were ordered to leave the place.

Andrews To Address Jaycees On Tuesday

If nothing prevents, Sen. Charles O. Andrews will be the guest speaker at the meeting of the Jaycees at the Hotel West on Tuesday.

Andrews, chairman of the program committee, announced today.

After a telephone call to the senator at his home in Orlando, Mr. Andrews said he agreed to speak at the meeting unless official duties prevented a full attendance of the members of the junior trade body was requested.

Kirchhoff, Yowell Join In Support Of New Hospital

Absentee Ballots May Be Cast, Ware Says; Registration Closed

A telephone call to the Senator, W. F. Ware, closed the book for the hospital election yesterday.

W. F. Ware, chairman of the hospital election, said that approximately 100 qualified voters had cast their ballots during the period, bringing the total of those eligible to vote in the election to over 2,700.

According to the terms of the agreement which authorized the election, at least 50 percent of the number must cast ballots in order to make the election valid and a majority of the voters must vote in favor of the project before the county can raise funds to the amount of \$100,000 to pay its share of the cost of constructing the hospital.

County Judge R. W. Ware also reminded that those who will be out of their precincts on election day may cast absentee ballots in the office of the clerk on next Friday, the deadline for casting absentee ballots.

Declaring that he favored anything that made for betterment of the community, Mr. Yowell, who is one of the old timers here, in an interview today pointed out that this was a definite need for better hospital facilities.

Mr. Kirchhoff stated that Seminole County had outgrown its present institution and that a larger and better equipped institution was necessary to keep in step with the progress of the community.

Truckers Revolt Against Orders To Return To Jobs

NEW YORK, Sept. 17.—(AP)—A last week-end "wildcat" strike of insurgent truckers, in revolt against back-to-work orders by officials of the AFL-affiliated International Truckers Union, threatened New York's milk supply with a food shortage today.

Albe Klein, chairman of the strikers' rank and file committee, today announced that only foodstuffs for hospitals, orphan asylums or persons on relief would be permitted to move through the picket line.

All trucks arriving from Jersey via the Holland tube were halted by a 70-man picket line.

Klein said already 5000 men were affected by "outlaw" strikes which developed two days ago over the union's demand for a 10-hour week with base pay of \$56.50 a week unchanged.

Men now work 47 hours.

Constitution Is Again Hit By Roosevelt

Great Men Needed, President Says, To Make Constitution Workable Nowadays

Speech Delivered At Poughkeepsie

Fear-Mongers Of '38 Are Compared With Patrons Of Ghosts

WASHINGTON, Sept. 17.—(AP)—President Roosevelt criticized today "the professional fear-mongers of 1938." Speaking by radio in connection with a Constitution observance program at Poughkeepsie, N. Y., the Chief Executive asserted that "the patrons of ghosts and hobgoblins of the nation's early history will never learn from present-day 'fear-mongers'."

Mr. Roosevelt declared that to become a workable instrument of government, the Constitution must be in every succeeding generation to administer it who were as great as the men who wrote it.

"And the greatest of them," he said of those who administered the Constitution, "have been men who have sought to make the Constitution workable in the face of new problems and conditions that have faced the nation from year to year."

Roosevelt Keeps Well Posted On European Crisis

President, Cabinet Discuss Situation At Two-Hour Parley

WASHINGTON, Sept. 17.—(AP)—Roosevelt cancelled today a speaking engagement at Chattanooga, Tenn., next Tuesday in order to remain here in close touch with the delicate international situation.

Disclosing this, Stephen Early, White House secretary, told reporters the Chief Executive was given Secretary Hull and other State Department officials' right of way into his office at any time.

State Department officials now are coming and going at the White House as they please, Early said, keeping the President advised regarding the latest international developments.

Roosevelt met with his cabinet for two hours yesterday to consider emergency plans that would be indicated there were no decisions of import.

The session dealt primarily with the European crisis and (Continued on Page 24)

Czech Forces May Be Big Obstacle To Hitler's Aims

American expert says Republic can hold out for 2 months

By WALTER M. HARRISON PRAGUE, Sept. 17.—(AP)—That baby republic which the cartoonists picture as a sausage in the mouth of the German Reich may turn out to be a gas that will choke Adolf Hitler.

When stolid, swarthy, one-eyed General Stryk mobilized 10 divisions on May 21 in six hours he caused brows to wrinkle in Berlin. At home the single-minded patriots reaffirmed their trust in the blunt, Prussian-like inspector general who would be chief commander if war came.

A good many people believe the army could hold off the Germans till help arrived.

Recently, as the guest of the minister of defense at Milovice, 30 miles northeast of Prague, I watched two regiments of second-year service soldiers in routine field work. In men and equipment these elements compared favorably with outfits I have seen at Fort Sill and Fort Sam Houston in the United States.

Close order drill was tight and snappy. Deployed as skirmishes, the ruddy faced, hard-bitten boys found cover like Oklahoma Indians.

Brown machine guns beat a tattoo in the digestion of the oblique thicket.

Skoda tanks lumbered through a swamp, gears screaming and two turret guns spitting lead.

Swarming into the lorries, 18 men to a car at one o'clock, the soldiers tossed 50-pound packs, tin hats and all into the car, bounced home singing the Czech national anthem, "Where Is Our Home?"

Pay is a crown and a half a day. This is about 5 cents in American money.

Beer at the ganteen is a few hellers a mug. There the boys see Turkin and other Hollywood pictures with Czech titles and pick up American slang. They play ping-pong, chess, checkers, pool and read.

Cities Service Will Enlarge Bulk Plant

Work will begin right away on an extension to the Cities Service bulk plant on the lake front, according to H. B. Pope, local agent for the company.

Mr. Pope said a large new storage tank will be erected near the present tanks and that the work will cost approximately \$1,000.

Three other building permits were also issued at the City Hall this week.

Permit was granted to make alterations to the Mad-dock Lunch Room in the Bishop Block, facing Palmelle Avenue, at an estimated cost of \$70.

J. C. Phillips was granted permission to re-roof a building at 615 Palmelle. The work is estimated to cost \$75.

Permit was granted to make repairs to building at 1117 West Third Street at an estimated cost of \$250.

State Road Group To Continue Work In '39

TALLAHASSEE, Sept. 17.—(AP)—The Florida Road Department announced today it would carry forward, if federal agencies approve, a \$6,750,000 highway building program during the remainder of this year and in 1939.

The Federal government, through its Bureau of Public Roads, will supply half the money.

Contracts have been awarded on three projects, involving \$800,000, this year and 12 others are ready for bids when federal authorization is received. The 1938 budget calls for \$1,400,530 in federal aid construction and the cost of the 1939 program has been tentatively fixed at about the same figure.

The biggest single project in the two-year program is the new main street bridge across the St. Johns River in Jacksonville at a cost of \$700,000. The 1938 allocation for the bridge, on which the contract has been awarded, is \$400,000.
