

# Lookouts Trounce Daytona Beach 21 To 2 In Nightcap.

## Locals Split Twin Bill By Losing Matinee 2-1

### Sanford Crew Unleashes Big Guns As Five Islander Moundsmen Are Pounded For 19 Safeties

Although losing the matinee to the Daytona Beach Islanders by the narrow margin of 2 to 1, the Lookouts showed what they could do in the nightcap by blasting out 19 hits off a veritable parade of hurlers as they chalked up their largest score for a single game this season and downed the Islets 21 to 2.

In the second game of the double header the local nine unleashed its big guns and tightened the defense as the completely demoralized Islander crew dropped the game all over City Island Park.

Behind the five hit hurling of Joe Shroba, the Islanders limited the Lookouts to a single run in the eighth in the first game while Day crossed the plate for the Islets in the second and again in the eighth for the winning tally.

The Islanders tallied their first marker as Tex Steen singled and was forced at second by Day. Tuck McWilliams popped to second and Day went to third as Moore was slow in returning the ball. His relay went through DeRamus for an error and Day scored. The winning tally came in the eighth as Day connected with his second hit, stole second and crossed the plate as McWilliams pulled out a ground loper to right field. DeRamus scored the Lookouts only tally in the eighth as Bob

## Lookouts To End Islet Series In Tilt Here Tonight

### The Lookouts will attempt to duplicate the 21 to 2 thrashing they gave the Islanders in Daytona Beach last night when the nine from the coastal city invade the local ball park for a loop game tonight at 8:15 o'clock.

Blix Donnelly is scheduled to pitch the final game of the three-game series between the two clubs for the Islanders while Manager Bill "Raw Meat" Rodgers has not announced his starter but has guaranteed to entertain the invaders with the best selection of fast balls and curves on hand.

Insurance companies usually have a lower salary range for women office workers than banks.

## Ken Willis Drops First Contest As Saints Win 4-3

### Senators Bow To Reds While Gons Rack Up Win Over Azaleas

MISSOULA, Mont., July 27. — (AP) — Old Mother Nature has a rodent control method that beats anything yet devised by man, says G. Neilson, researcher of near Salmon, Idaho.

On a recent afternoon a heavy downpour drove all the gophers from their holes on Neilson's ranch. "Then," said the farmer, "hail started falling and killed all the pests."

GAINESVILLE, July 27.— Kenneth Willis, former University of Florida football star, suffered his first defeat in professional baseball last night as Gainesville dropped a 4-3 decision to St. Augustine.

Willis, who had won seven contests previous was relieved in the sixth inning after issuing three straight bases on balls. The Saints scored twice in this frame without a hit.

Weigle blanked the pace-setting G-Men until the eighth when they scored three runs to escape a whitewashing.

Score by innings:  
St. Aug. 001 102 000—4 4 0  
Gainesville 000 000 030—3 5 2  
Weigle and Mobley; Willis, Helms, Gray and Downey.

ORLANDO, July 26.—Porter, who relieved Mertz in the fifth inning, pitched and batted DeLand to a 7-5 victory last night over Orlando.

In the ninth with two out and DeLand trailing 4-5, Porter's triple touched off a three-run rally that beat the Senators. In the

Law Drafted As Bases For Sudeten Peace

Nation's Administrative Organization Would Be Modified By Czech Proposal

No Comments Are Made By Germans

Hodza Offers Statute As Basis For Discussion With Mediator

PRAHA, Czechoslovakia, July 28.—(AP)—The government transmitted today to its autonomy-seeking Sudeten German minority a draft of law laying down a basis for territorial self-administration.

The proposal would modify the country's administrative organization for provinces, districts and communes. Oral explanations accompanied the transmittal of the draft, details of which were kept secret. Beyond acknowledging receipt of it, leaders of the Sudeten Germans made no comment.

It was learned, however, that the highlights of the draft's provisions provided:

1. All nationalities within the state to have equal rights, regardless of nationality, race or religion.

2. Minority representation in all national and local administrations on a proportionate basis, thereby giving the Sudetens 22 percent of the posts in the government.

3. Use of German and other minority languages, as well as Czech, in postal and railroad services and publication of laws in German, Polish, Hungarian and Ruthenian languages as well as Czech.

4. Any person can reject his parents' nationality and profess another upon reaching the age of 18.

5. Any group of 50 deputies or 25 senators can call on the court of the constitution to decide whether any law is constitutional.

Premier Milan Hodza and the government were criticized for permitting publication of such an "insufficient answer" only a day after announcing that Viscount Runciman, former president of the British Board of Trade, and advisor in the Sudeten-Czech minority dispute that still holds a smouldering threat of hostilities.

The government's minority statute, approved late Tuesday by the inner political committee of the cabinet, was offered by Hodza as the basis of next week's scheduled negotiations with Helmlein in the presence of Lord Runciman.

Fire Of Unknown Origin Destroys Novelty Works

The Sanford Novelty Works was completely destroyed by fire of an unknown origin this afternoon. The works, one of the largest in central Florida during the peak of its operations, was owned by V. P. Collier but had not been in full operation for some time.

A strong wind from the north was all that saved the homes on First Street and the intense heat of the conflagration even then threatened.

The building contained a large amount of equipment and lumber but it could not be estimated at the time the exact extent of the damage.

The blaze, one of the largest in several years, drew thousands of spectators but lasted only a short time since the fire spread rapidly and the dry lumber on the interior burned like kindling.

Because of the intense heat and the rapidity with the flames devoured the timber, firemen were unable to do much to halt the fire.

Subsequent investigation was unable to determine the cause of the fire.

"Europe's Surgeon"

Prime Minister Neville Chamberlain, above, in a recent parliamentary utterance portrayed Great Britain in the role of surgeon for Europe's ills and intimated a desire that the United States become a consultant at the operating table.

Word Received From Hepburn Allays Fears

Anxiety Had Been Felt For Premier And Air Touring Party

WHITE ROSE, Yukon Territory—July 28.—(AP)—A message received here today said that Premier Mitchell Hepburn and his air-touring party had landed safely at Carcross, Yukon Territory.

Anxiety for the Premier and the party which included Bernard E. ("Bull" Ben) Smith, New York broker, mounted as hours passed and the party was unreported.

The plane took off from here at 5:12 P. M. yesterday for Juvau, Alaska about an hour's flight. Delay in hearing of the landing was caused by lack of communications facilities in this far-north country.

The party were reported to be awaiting weather reports at Carcross before continuing.

Gene Wagner Killed In Auto Collision

Friends in Sanford of Gene Wagner, 13, will regret to learn of her death in an auto collision near Jasper, Fla. on Sunday night. Three other persons were hurt in the accident.

The Wagner auto collided with a car in which two men were riding. These were identified as the pair previously holding up a nearby filling station.

Mr. and Mrs. H. E. Wagner and a sister, Francis were taken to Valdosta where they were treated for their injuries. They were removed by ambulance Wednesday to their home in Gainesville.

Mrs. Wagner was born and reared in Sanford and was formerly Miss Lottie Harrold.

Tax Assessment On Arcade Is Reduced

In Tuesday's Herald it was erroneously reported that the City Commission refused to take action on a request by Colton Mathew, head of the Mather Furniture Company, to reduce the tax assessment on the McLander Arcade building which he said he proposed to purchase if the Commission saw fit to reduce the assessment.

The Commission decided to reduce the assessment from \$85,000 to \$24,000, indicating that this would be comparable in line with others on First Street.

SEATTLE, July 28.—(AP)—The Pacific Northwest forest fire season is holding in other sections, shifted last night to the British Columbia interior, where a major fire broke out.

Several reports were heard during the summer. A report was given of the house party held at Daytons Beach early in the summer. A report was also heard of a joint meeting with Daytons Beach July 22. Refreshments included the program.

Bar Group Not To Ask Review Of Black Case

Resolution To Query Court On Eligibility Of Former Senator Is Turned Down

CLEVELAND, July 28.—(AP)—The American Bar Association's resolutions committee today refused to approve a resolution which would have the organization ask the United States Supreme Court for information on the "eligibility" of Associate Justice Hugo L. Black.

The committee also disapproved a proposed resolution sharply attacking Nazi Germany for "discrimination" against "law abiding citizens" solely because of their race, religion or political opinions.

The committee said the Supreme Court already had refused to rule on Black's eligibility and added that the resolution against Nazi Germany "is not within the purview of the association."

A committee of the American Bar Association last night described the New Deal's Social Security Act as "improperly drawn" and said the National Labor Relations Board and its subsidiary boards "must be regarded as the partisans of one class against the other and the result must be to intensify class antagonism."

The committee on labor, employment and social security in its report said the labor act is "the deliberate embodiment of a new social policy" in which the government "has departed from the traditional role of mediator and arbiter."

The house of delegates failed to complete its agenda and presentation of the report was delayed along with the controversial administrative law, which were attacked by Commissioner Jerome N. Frank on the Securities and Exchange Commission as "defamatory."

Frank has asked that the committee withdraw what he described as a "slur" on Chairman William O. Douglas of the SEC.

The labor committee said the labor board's procedure "is such that it cannot command the confidence of the public" and suggested amendments which would "observe the traditional requirements of fair play, guarantee an impartial hearing, and give to the employer and employee alike the right of presenting complaints."

City News Briefs

Fireman R. T. Thomas is confined to his home due to illness.

County Clerk O. P. Herndon has been ill for the past several days.

A new filing cabinet has been installed in the office of Judge R. W. Ware.

Emmett Milton Rogers and Queen Sheffield of Sanford were married yesterday by County Judge R. W. Ware.

A permit has been granted John Martin to erect a frame garage at 804 East Eighth Street at an estimated cost of \$100.

Antlers Plan Meet With New Smyrna

The Antlers, at the Elks Club Wednesday night, held a discussion on a proposed joint meeting with the New Smyrna chapter of Antlers in September.

Father A. B. Post, H. C. Waters, and Harry Thurston each spoke in the club on the growth of the Antlers.

Several reports were heard during the summer. A report was given of the house party held at Daytons Beach early in the summer. A report was also heard of a joint meeting with Daytons Beach July 22. Refreshments included the program.

CONGRESSIONAL PROBE OF TVA CONTINUES

Featured by the testimony of James Lawrence Ely, TVA general counsel, who charged former Chairman A. E. Morgan with "unwarranted interference" in the audit against the government last year, the investigation of the Tennessee Valley Authority continues. Shown here is Charles Hoffman, left, who recently testified that all three of the directors had ordered changes in the minutes. One of the directors, Harcourt A. Morgan, is shown as he prepared to take the witness stand.

Pepper Pledges Support To New Hospital Plan

Housholder Advised Project Will Get Closest Attention

A telegram has been received from Senator Claude Pepper, County Attorney E. F. Housholder stating that while the PWA hospital project for Seminole County has not yet been received by the Washington office, he expected there within the next week.

Senator Pepper promised his office would give the project the attention possible and that, if himself, would give the matter his personal attention.

Mr. Housholder declared that he had also received notice from the Atlanta headquarters of the PWA that the hospital project had been received and would be given the closest attention possible before being forwarded to Washington for approval.

A field representative from the Atlanta office of the PWA visited Sanford a few days this week on behalf of the project.

Mr. Housholder said, adding that he urged the County to prepare other worthy projects and submit them for approval.

It is contemplated that an election of the freeholders will be called just as soon as approval is given the project.

Declaring that he expected the PWA to render a favorable decision, Mr. Housholder pointed out that no objection had been raised and, therefore, the chances are that the project has been viewed favorably.

Radio Program To Be Given On Railroads

A program entitled "America on Wheels" will be presented over the blue net work of the National Broadcasting Company tonight from 8:00 to 8:30 o'clock according to an announcement received Thursday from George Rollins, division superintendent of the Atlantic Coastline here.

Featured on the program will be broadcasts from a railway yard and from a moving freight train. W. M. Jeffers, president of the Union Pacific Railroad, will deliver a short address. John B. Kennedy will be the narrator and master of ceremonies.

MONEY FOR HEARST

WASHINGTON, July 28.—(AP)—The Internal Revenue Bureau decided yesterday that William Randolph Hearst, the publisher, had been over-assessed \$242,750 in capital gains for 1930. The bureau said the gain reported in the tax return had been found to be over-stated erroneously and the amount of the over-assessment was credited against taxes for another year.

Maturity Of Nation Seen As Cause Of Depression

By MORGAN HEATLY

WASHINGTON, July 28.—(AP)—I believe I had been reading in the Times of an Justice Department back in the high-stomping days of 1929, we would have been amazed.

For we have known that our day within our lifetime one factor of the workers of the nation would be having jobs in vain.

We would have received a copy of the United States, updated with every article marked with standard economic translated conditions.

We might have predicted that our Congress, our state legislatures, and our city council would be spending borrowed money at the rate of two billion dollars a year to care for jobless millions.

I might have done no good to recognize them, but nevertheless, facts and figures showing us that the nation was in a desperate situation.

U. S. territorial expansion was and would be.

The railroad industry grew like a sunflower, then never grew another such.

A nation essentially agricultural became a nation basically industrial.

Automobile manufacturing appeared, raced into mass production, and tapered off to a steady grade.

Borrowed money from Europe developed the nation, then disappeared, while we became credit vultures to Europe and the world.

Immigration swelled until we had taken in 10,000,000 of Europe in the 1920's. Then it dropped off, until now the cities are taking in only 500,000 new residents a year.

Now let Secretary Thomas S. Holden explain all this to us, just as he did to the senator.

Each of those eight expansion factors had a beginning a growth a maturity, then a reduced a contraction. What we have witnessed in the past few years has been the ordinary depression, but the coming of age of a great nation.

Prompt Evacuation Of Civilians From Hankow Is Ordered

Buddhists And Moslems Clash In Burma City

Six Killed, 100 Hurt As Violence Rages In Rangoon Streets

MANAGONG, Burma, July 28.—(AP)—Six persons were killed and 100 injured in a riot between Buddhist and Moslem mobs in Rangoon today.

The trouble followed the publication of a book by a Burmese author, although the author's name was withheld.

Violence broke out in Rangoon, Burma, and the situation spread through the city after the riot was started.

High Tribunal Again Rules On Adjustment Act

LAHORE, July 28.—(AP)—The Supreme court decided today property owners who avail themselves of the Dutch tax adjustment law in 1931 may also invoke the Murphy law of 1932 to clear up tax discrepancies.

It was a 1932 decision Chief Justice Ellis and Justice Barendse decided by the controlling decision by Justice Terrell, who held and Chapman Justice Barendse did not participate.

The fact that a property owner started installing a reduction of depreciation taxes under the Dutch law did not prevent him proceeding under the later Murphy Law, the three justices said.

Justices Ellis and Barendse said this holding "creates an anomaly and discrimination in taxation which violates" the Constitution.

The Dutch Act provided for taxes delinquent prior to 1932 to be paid in equal installments over a period of years if current taxes were paid in full. The Murphy Act provided for all delinquent taxes to be settled by the high bid at a public auction of tax certificates held by the State.

E. H. Leathem, as clerk of the Circuit Court in Dale County, appealed here from an order directing him to issue receipts to the Somerset Company for 1935 and 1936 taxes, after a Murphy law sale.

Lieut. Hoffman Is Given Recognition

The rank of First Lieut. Wilbur D. Hoffman, commanding officer of Headquarters Company, 124th Infantry, Florida National Guards here, has been recognized as a valid by the War Department, according to the Associated Press.

The recognition, which followed fitness tests by boards of the regular army and national guard officers, gave those recognized the dual status of commissioned officers of the military force of Florida and officers of the United States National Guard.

Other officers gaining this recognition were First Lieut. Eugene D. Simmons, 265th Coast Artillery, Jacksonville, and Capt. James A. Fort, Jr. Lake Wales.

Large Bob Cat Has Been Added To Zoo

A large bob cat has been received from the Orlando zoo, superintendent of Parks James L. Moughton announced Thursday. It was sent here through the effort of Delmar Nicholson of Orlando.

Although called a bob cat, Mr. Moughton asserted, the animal looks more like a Canadian lynx.

A six foot black snake was also donated to the Zoo by E. C. Rawls, Jr., Mr. Moughton added.

Command To Leave Cities On Yangtze Made As Jap's War Machine Advances

Air Raiders Bomb Loyalist Bridges

Sudden Offensive In Catalan Checks Rebel Valencia Drive

MADRID, July 28.—(AP)—An air raid by 12 interceptors yesterday killed two aboard the British ship Kellaway in Valencia harbor. A total of 11 bombs were reported to have been dropped.

The Kellaway, recently had arrived from Mexicoville, France, to discharge a cargo of sugar and coffee. The ship itself sustained only slight damage. One of those killed aboard the Kellaway was Albert Mowell, Danish agent of the European Non-Intervention Committee. The other was the ship's Chinese cook. The Kellaway is owned by the same company as the freighter Dillwyn which was sunk yesterday by a lone air raider at the British operated port of Tientsin, north of Valencia.

The evacuation of all civilians from Hankow, China's industrial capital, was ordered as Japan's war machine moved steadily closer to the populous area.

In Spain, meanwhile, the surprise government counter-offensive in Catalonia apparently still was far from ahead in its fourth day.

The command that civilians leave those Yangtze river cities, Hankow, Wuhan and Hanyang, showed a definite trend for the area and a definite trend toward Japanese air raids. The Japanese captured Hupin province, the 11th of 24 Chinese provinces to be involved in the war.

Spanish government reports and those of Generalissimo Franco's

Composer Of Famous Battle Song Passes

LONDON, July 28.—(AP)—The man who wrote the famous British war song "It's A Long, Long Way To Tipperary" died today in Birmingham, England, at the age of 69.

It was Jack Judge, fish-skipper who became a British ambulance driver. He had been in for some time. His song, one of the most popular in the 20th century, brought him fortune and fame and his publishers pensioned him for life saying the song "virtually helped win the war."

Naval Cadet Killed When Plane Crashes

PENNSACOLA, July 28.—(AP)—Aviation cadet Lawrence D. Dunn, 23, Bartington, South Carolina, was killed at the naval air station when his plane crashed and burned today.

Lynn was alone in a torpedo type training plane when it hit the top of the barracks at Cary Field after taking off from the navy's land field.

The plane cut through the barracks and caught fire. Lynn, trapped by the wreckage, was dead when extricated.

GETS DECORATION

SAN FRANCISCO, July 28.—(AP)—Colonel Andrew S. Rowan, 31, who threaded his way through Cuban jungles with President McKinley's "Message to Garcia," was decorated yesterday by the Cuban Government.

LOCAL WEATHER

Partly cloudy, scattered showers Friday and on southeast and extreme south coasts tonight.

BIBLE VERSE FOR TODAY

EFFICIENT THINGS
A good man is like a glass, darkly; but the
light shall increase unto him; for he shall
know more and more. I Cor. 13:12

ON HEARING AN OUTDOOR CONCERT

The evening blows across the
river's sheen.
The moon, a golden ball, hangs
in the sky.
All of beauty we have
dreamed of seen
Returns to us on wings of har
mony.
What does it matter that the day
was hard,
That work seemed fickle, duties
manifold
And never-ending. Now let time
retard
His footsteps, now, while flute
and viol hold
All in abeyance. Let our wear
iness fall
Gently away with all that can an
noy.
We are reborn, this moment must
cal,
Rejoiced into peace and then
"aroused to joy
What does it matter that the day
was hard,
Now that its discords are resolved
in song?
MARJORIE KNAPP.

Tampa merchants are sending
out 30,000 pledge cards against
gambling. That's 20,000 more
than we reported the other day.

Senator Vandenberg says President
Roosevelt seeks a third
term, to which Senator Pepper
replies, "So what?"

If the new governor of Texas
can't succeed in bringing back
prosperity, he can at least sing
his way to sleep until the depression
is over.

It was all right for the King
of England to visit France, but
we don't believe the war scare
in Europe is over until he takes
a trip to Berlin.

The House of Lords in Eng
land is beginning to discuss the
possibility of making a few to
ken payments on the British war
debt to the United States. The
idea seems to be that they may
want to borrow some more money.

James in Miami a former Pitts
burgh business man insists he
has \$25,000 for a \$16,500 resi
dence. That's nothing, we can be
lieve, when a fellow here in
Sanford paid \$3,478,000 for \$385
worth of acreage.

Mrs. Curlett in her talk before
the Rotary Club Monday gave en
couraging indication that the
Rotary Club and the women in
general are going to see to it that
the rest of the lake front between
the hotel and Sanford Avenue is
going to become part of an even
more beautiful Fort
Sanford Park.

was a great victory for
the Democracy as the
"Blind Bull" Pappy
was a disgrace to
the Texas Maverick
as a Democrat in
this country.
He's almost his
country's
Maverick.

Europe's Discontented Masses

In spite of the fact that the recent improve
ment in the Wall Street stock market is attributed by financial
writers to a general lessening of the war tension in Europe,
fundamental conditions underlying Europe's complex
relationships remain as frougy: with the possibilities of
war as ever.

Alexander D. Noyes, writing in the New York Times,
says that unquestionably one of the influences which has
helped the financial and business sentiment in this country
has been the subsiding of apprehension regarding a
European war. "It should not be forgotten," he declares,
"that the stock market in particular reached its low level
for the period at the end of March, when Germany's seizure
of Austria and clash with Czechoslovakia seemed to
threaten a general European outbreak."

"Events of the past two or three weeks," he continues,
"have pretty clearly suggested that the most truculent gov
ernments are as much afraid of general European war as
are their supposed opponents. To the extent that immedi
ate fear of such an overwhelming calamity has been dim
inished or removed, natural economic forces will have at
least the chance to come into play again."

It is interesting to note, however, that whereas in
America, far from the scene of European intrigue, stocks
are climbing; in Germany, where there must be a better
understanding of present day developments and a clearer
vision of the immediate future, particularly as it regards
the possibilities of war, stocks have been precipitately
declining. "The week's stock market here opened with the
heaviest collapse in prices witnessed in the five years of
the Nazi regime," says a dispatch from Berlin.

Walter Lippmann, writing from Paris, his headquar
ters on a several months' visit in Europe, says "Beneath
the maneuvers and the accommodations on the surface of
events, the tension has not been relieved. It grows worse
from month to month. It grows worse because, given the
perpetual threat of war and the character of the revolution
ary regimes of Central Europe, every government is
driven to take a course which makes the ordinary life of
its people more difficult and more dangerous."

Mr. Lippmann points out that ever since the world
depression began in 1928, the policy of every government
affected by it has been to decrease the production of
wealth and thus to lower the general standard of living.
At first this was accomplished by tariff barriers, import
quotas, monetary controls and government monopolies.
Since Hitler's advent to power in 1933, the conversion of
wealth into armaments has further lowered living
standards.

This lowered standard of living, the fact that the
people do not have as much to eat and wear as they did
formerly, and are bearing an increasingly higher tax
burden while they have to do without many of the things
which they desire and need "is the primary cause of the
revolutionary tension which grips the peoples and their
rulers. Europe is like a crowded room in which the win
dows and doors are being closed, and the supply of oxygen
drawn off."

"The cruelties which men practice towards other men
in Europe," Mr. Lippmann declares, "are like those which
occur when crowds are in a panic, and men trample each
other under foot in a wild effort to escape. The heads of
states do not really control and, therefore, they do not
really lead their peoples. The best they can do is to give
them temporary relief by spending some more of their
capital or by distracting them with insubstantial triumphs
and by deflecting their discontent into hatred against
someone else."

SANFORD TWENTY YEARS AGO

Mr. and Mrs. W. A. Raynor
and family, and Mr. and Mrs.
B. E. Squires, went to Coronado
Beach this week to spend some
time.

Mr. and Mrs. G. C. Chamber
lain were at home a couple of
days from Daytona Beach, re
turning Wednesday for another
month.

Our mail man, F. L. Grewery,
is enjoying his annual vacation.
Mr. Cranson is substituting for
him.

Mrs. G. C. McDougal has
bought a fine cow horse.

Mr. Mayeda is a guest at the
Japanese Hotel in Daytona again
for some time.

Mr. and Mrs. Ben Monroe and
little daughter are at Daytona
Beach with Mrs. Monroe's par
ents, Mr. and Mrs. Cowan.

Miss Ruth Gorbett from Al
toona was visiting at the Hol
iday's Tuesday and Wednesday
and left Thursday morning for
Daytona where she will visit a
while.

The young folks had a picnic
Wednesday at Rock Springs, re
turning late and claiming to
have had a fine day.

Ben and Earl Holiday, with
George Eldest of Enterprise,
visited Sunday with the Reg
isters at Grand Island.

Mrs. A. Wallace is spending
a few days in Sanford.

STRANGE AS IT SEEMS—By JOHN HIX

For further proof address the author, including a stamped envelope for reply. Reg. U. S. Pat. Off.

Illustration of a man's face and a llama. Text: 'MILD LLAMAS DO NOT EXIST! THEY WERE DOMESTICATED LONG BEFORE THE ARRIVAL OF EUROPEANS IN SOUTH AMERICA, THEIR NATIVE HABITAT... KEY TO THE PAST... UNLOCKED 6,000 YEARS OF EGYPTIAN HISTORY BY WORKING 20 YEARS TO DECIPHER THE FAMED ROSETTA STONE AFTER OTHER MEN HAD FAILED! (1802-22) IT PROVED TO BE THE KEY TO TRANSLATING ANCIENT EGYPTIAN SCRIPTS... DOUBLE DEAD HEAT-- THE RUG AND ACE OF HEARTS RAN TWO SUCCESSIVE DEAD HEATS THE SAME DAY-- THEN THE RUG WON WITH A WALK-OVER! (4-mile steeplechase, Cambridge, Eng., 1862) 7-28-33'

KEY TO THE PAST... One of the most remarkable episodes in the history of archaeology was the finding in 1799 of the famous Rosetta Stone, which provided a key to translation of ancient Egyptian, a feat until that time unaccomplished. Divided into three parts, each a translation of the other, the Rosetta Stone presents in Egyptian hieroglyphics, in demotic writing and in Greek a decree of 195 B. C. honoring Ptolemy V Epiphanes. By comparing the known Greek with the unknown Egyptian writings, the "dead" Egyptian language was unfolded to modern civilization for the first time. The work of translating this famous basalt tablet proved to be no simple matter. Strange as it seems, to unlock 6,000 years of ancient Egyptian history required 20 years of work by one man—Champlion, a French scholar. Discovered by a French officer near the historic city of Rosetta in northern Egypt, the stone was carried to France. Nobody could make head nor tail of it until, three years later, Champlion started to work on it. For the next 20 years Champlion applied himself to the immense task of deciphering the Rosetta Stone's markings, realizing almost immediately what possibilities they held. Then, in 1822, he was able to announce the results of his work to the French Academy of Science. Through this key, other hieroglyphics were easily translated and today a more comprehensive picture of ancient Egypt has been gained than otherwise would have been possible. Tomorrow! The author who lived as he wrote.

WASHINGTON DAYBOOK By PRESTON GROVER

WASHINGTON—The voice of the head of the Democratic party sounds like the voice of the President of the United States. It has the same agreeable come-hither, even though Mr. Roosevelt said that he would not talk as President in the primaries but as head of the Democratic party would fight for his loyal Senators. Never does Mr. Roosevelt seem so happy as when he can cruise without restraint as he did at the Lorton race track at Covington, Ky., in his effort to rescue Senator Barkley from the toils of Governor Chandler. Not since 1916 has the Roosevelt zest for political battle been so obvious. The President is at his speaking peak when he has a crowd before him pitched to politics and there is no need to trim sail. The President knows that his "fighting speeches" always are being listened to with eagerness and that when he is compelled to hold his tongue in because of nettlesome political conditions, his enthusiasm is dampened. Thus, in the entangling political situation in Ohio and Oklahoma, where the President had to pull rein, his commendation of the New Deal Senators was so restrained that by comparison with the speeches in Kentucky which sounded like damning with faint praise. Dr. Ross T. McIntire, the President's sea-going physician, has a word for the President's seat. He says when the President is healthy, rested and doing something he likes he has "bounce," a certain mental resilience and responsiveness which is absent when he is exhausted. He had it at Covington. Some repercussions to the President's participation in state primaries were immediate. The President made Governor A. B. (Happy) Chandler of Kentucky happy with his plan. He writes Chandler about his heated advocacy of the present calling for thinking and reaching for a solution that Chandler had often expressed in Washington and also advised himself to have another word with Chandler. The President's intention is to go to the states and see how the situation is there.

Daniel Boone, VI Will Bury Hatchet

NORRIS, Tenn., July 27—(AP)—Daniel Boone, great-great-grandson of the frontiersman is going to hunt bears with a descendant of an Indian tribe with which his famous ancestor often waged war. Boone, a Nashville attorney, accepted the invitation of Amoret Stroumsh, descendant of a Cherokee Christian, to join him this fall in a bear hunt in the Great Smoky mountains. In making plans for the hunt, Sequoyah, a college graduate, explained: "The Cherokees liked Boone. Fought him in battle but always found him a valuable friend in peace. Indians captured Boone few times but never harmed him. Liked him too much for that."

Benjamin Franklin invented bifocal spectacles and George Washington was one of the first to adopt them.

Jap Flags Wave On Philippine Churches

MANILA, P. I., July 27—(AP)—Use of Japanese flags in church services and worship of Japanese-made images were reported in the Babuyan islands of the Philippine group by Elpidio Quirino, interior secretary of the commonwealth. The Babuyans are fairly close to Japanese Formosa. After his inspection trip to the Babuyans, the secretary recommended a more rigid patrol of the islands by Philippine cutters.

Government Wanted To Watch Volcanoes

MANILA, P. I., July 27—(AP)—As a result of the recent eruption of Mount Pinatubo a "volcano" committee of the government is organized. Dr. Jose M. Palanca, director of the Department of Education, is the committee's head. He is the only member of the United States government who has been in the Philippines since the war.

# Social And Personal Activities

GENE MARTIN LANEY, Society Editor

Telephone 148

## Social Calendar

**THURSDAY**  
There will be a meeting of the Townsend Club at 8:00 P. M. at the Welaka Building.

**FRIDAY**  
The Philathea Class of the First Presbyterian Church will hold a picnic supper at Sandal Springs at 6:00 P. M.

**TUESDAY**  
The business and social meeting of the Daughters of Wesley Sunday School Class of the First Methodist Church will be held at the church annex at 8:00 o'clock. Mrs. Quinton Brown and her group will be hostesses.

## OVIEDO

Albert D. Stine of the U. S. Navy has been spending his vacation with his parents, Mr. and Mrs. W. D. Stine, in Oviedo. He left Wednesday morning for Greenwood, S. C. where he will visit his sister, Mrs. J. A. McKinney, before going on to Norfolk, Virginia, where he will meet his ship, the U. S. S. Arkansas, and sail for Cuba for a short cruise. Mr. Stine says the Navy just can't be beat.

Mrs. Frances Stine, who is attending Southern College and will receive her Bachelor of Science degree soon, spent the week-end with her family in Oviedo.

## Personals

**Mr. Burns Garner of Atlanta is the guest of Mrs. W. F. Garner for a short time.**

**W. J. Garner of Brewton, Ala. arrived Wednesday to visit Dr. and Mrs. Wade H. Garner for several days.**

**Mrs. W. F. Garner and daughter, Helen, have returned from Atlanta where they visited relatives for the past few weeks.**

**Miss Elizabeth Hartle of Hagerstown, Md. arrived Thursday to be the guest of Mr. and Mrs. W. C. Erickson for some time.**

**Mr. and Mrs. D. L. Thrasher, who have been visiting friends in Wisconsin for some time are now in Clayton, Ga. where they will remain for a while before coming home in August.**

**Mrs. Herman Brown, Mrs. J. O. Huff, Mrs. M. Minarik, Mrs. C. Walker and Mrs. F. R. Talbot of Oviedo spent Wednesday in Daytona Beach as the guests of Mrs. H. Cooner.**

**Bill Preston left Thursday for Gainesville and Tallahassee where he will stay for a few days before going to Biloxi, Miss. to attend the Third Army maneuvers at DeSota National Forest.**

**Julius Dingfelder left Thursday on a business trip to New York. He was accompanied by his children, Margaret and Simon, who will visit relatives in New York City and Long Island. They will be gone for about ten days.**

**Mr. and Mrs. W. A. Zachary, Mrs. A. D. Zachary and Miss Beulah Zachary left Wednesday morning for Atlanta, where Mrs. W. A. Zachary will visit friends for a few days while the others expect to visit relatives in Kentucky.**

**Mrs. A. K. Shoemaker and Mrs. Murray Jarvis returned Wednesday from Sparks, Ga. where they visited Mrs. Flora McFall for a few days. Miss Mildred Bridges who accompanied them to Sparks, is now in Tallahassee where she will be the guest of her grandmother for about two weeks.**

**Mrs. J. H. Beckwith and Mrs. J. A. Calhoun have as their guests for a few days Mr. and Mrs. L. Segrest, Mrs. L. H. Beckwith, Mrs. R. G. O'Gain and Mrs. H. A. O'Gain and daughter, Helen Marie, all of Orangeburg, S. C.**

**Mr. and Mrs. J. C. Hutchinson and daughters, Elise and Helen, will leave Friday for Mississippi where Mr. Hutchinson will attend the Third Army maneuvers at De Sota National Forest. Mrs. Hutchinson, Elise and Helen will enjoy a short vacation on the coast at Biloxi.**

## Circle Number Three Visits County Home

Circle Number Three of the First Baptist Church were visitors at the County Home Monday afternoon where they held a short devotional and musical program.

Mrs. Fred Myers was leader for the afternoon. Miss Margaret Myers and Miss Jean Harper entertained with several piano selections and Miss Margaret Kader led the devotional service.

The members of the circle presented the Home with a number of watermelons.

Those present were: Mrs. W. E. Kader, Mrs. J. H. Colchoug, Mrs. Myers, Mrs. A. M. Gardiner, Mrs. E. C. Harper, Mrs. M. T. Haynes, Mrs. H. A. Haynes, Doyle Haynes, Miss Kader, Miss Harper and Miss Myers.

## Jacksonville Was Quick Evacuation Named 'Cow Ford' Of Civilians In In Early History Hankow Is Ordered

JACKSONVILLE, July 28.—(AP)—Jacksonville, largest city in Florida and one of the most modern, once was named "Cow Ford."

T. Frederick Davis, Jacksonville historical, said the earliest name of which there is a record was "Assochite" when the city's present location was occupied by a Timuqua Indian village of not more than half a dozen thatched houses.

Later, with the introduction of cattle into the country, the Indian name "Wacca Pilaika" was given to the site, signifying it was the place where cows passed over the river. Thus the first English name, Davis said, was "Cow Ford."

The present city of Jacksonville was founded in 1882 and received its name by unanimous agreement in honor of General Andrew Jackson, Davis said. The name was suggested by John Warren who had served as a volunteer in the army of General Jackson during the Indian outbreak in west Florida.

General Jackson was not present when the town was surveyed and there is no authentic record that he ever visited this part of Florida at all, the historical claimed.

Many streets named by the 1822 commissioners still bear their original names. Liberty and Washington streets were named for patriotic reasons but the origin of Market and Bay streets is uncertain.

Davis said this is how other well known Jacksonville streets got their names:

Newman for Col. Daniel Newman, here with the patriots who campaigned against the Indian King Payne in central Florida.

Fourth for General John Forsyth, United States minister to Spain who conducted negotiations for the United States' acquisition of Florida.

Adams for John Quincy Adams, then secretary of state.

Monroe for president, James Monroe.

Duval for Governor William P. Duval, first civil governor of Florida.

Continued From Page One

warplanes had blown up the hastily built pontoon bridges over the Ebro River for a drive on the 90-mile Catalan front. Insurgent plans to hasten the dam of the river and its tributaries to halt the offensive were reported.

Sudden government attack seemed to have put such a pressure on insurgents that their other offensives against Valencia and in Estremadura were halted at least temporarily.

Two Japanese columns comprising an army of nearly 200,000 men, thundered over the rolling plains below Hankow in a reckless drive that foreign observers believed would seal the fate of the provisional capital.

Foreign colonies in the path of the retreating Chinese army, including 87 consulates of the port town of Kiating on the upper end of Poyang Lake, prepared for emergency defense measures, and steps were taken by foreign consulates to remove their nationals, if the peril became acute.

Although Chinese reports indicated defending forces were in "orderly retreat" and intended to make a stand near Nanchang, Japanese and other sources indicated Chinese were fleeing pell-mell before the smashing Japanese offensive.

A Japanese communiqué said Japanese bombing planes raked the retreating Chinese with machine-gun fire, swimming to cover their rear lines and strafing them constantly to prevent reorganization.

A third Japanese column meanwhile hammered through Chinese defenses north of the Yangtze River, and was booming through Eg-shen Hankow to strike Hankow from the northeast.

In 1929 over 19 million families had yearly incomes of less than \$2,500, and in 16 million families the income was less than \$2,000.

Spanish is the native tongue of 25,000,000 people.

Spectacles were invented during the 17th century.

Jacksonville has had 12 mayors since 1832.

## Sanford Girls Take Part In Camp Program

Several Sanford girls, who are attending camp at Laurel Falls in Clayton, Ga., have been taking part in some of the summer activities, which have included hikes, camping trips and cooking out-of-doors.

"Town Day" and a cabaret, which is an annual event of the camp, were two of the most interesting of the recent activities. On "Town Day" the girls spent the day in Clayton visiting points of interest. Mexico was the theme of the cabaret to which all the campers and counselors were invited. The program consisted almost entirely of camp talent. Ann and Katherine Wiggins were among those entertaining with an exhibition tap dance.

Ellen Merriweather, who is a leadership girl, has passed several required projects and is reported to be one of the most outstanding campers at Laurel Falls this summer.

Game wardens in South Texas report the 1938 season was one of the best breeding seasons for birds in six years.

London is the largest fish market in the world, Boston next.

# Lookouts Win Over Daytona Beach Nine Again, 7 To 2

## Locals Take Two Of Three Games In Series With 1's

### Sanford Batters Get To Donnelly For 10 Hits As Schneider Gives Up 8; Hitting Attack Led By Stith

The Lookouts made it two wins in three attempts over the Daytona Beach Islanders by winning the final game of the series 7 to 2 at the Municipal Athletic Field Wednesday night.

The Celery City crew took advantage of 10 hits, three passed balls and two errors to chalk up one more game in their win column as they continued the "out of the cellar" drive.

With splendid support from his mates, Dutch Schneider, who went the entire route for the locals, was in command of the situation at all times and permitted the visitors only three safeties which died on the bases and the eighth and ninth innings when he allowed five more.

Adz, Pitman and Moore blasted out a two base hit each off offerings of Bill Donnelly while Wozniak secured a double base out off of Schneider. Stith led the local's hitting attack with three safeties in four trips to the plate while Davis and Adz collected two hits each. Wozniak lead the invaders with a double and a single in five trips.

Although committing the Lookouts only error, Pitman turned in an excellent game on the hot corner, handling five assists and one put out. However, Stith was the stellar performer by batting in three runs, making three assists, stealing two bases, handling three putouts, scoring one

run as well as leading the hitting attack. He brought a long applause from the several hundred fans in the stands when he lunged at a hot liner just off the ground. It was good for an out to end the inning.

Schmidt and Moore also turned in excellent performances in the outer gardens.

On the mound both Donnelly and Schneider issued four free passes while Donnelly sent six Lookouts down swinging against four for the local left hander.

**FIRST INNING:** Walking two men in the first inning, Schneider got himself in a tight spot but settled down to fan one batter and two others fled out to end the threat.

Moore, Schmidt and Pitman were to the plate and fled out to the outer gardens.

**SECOND INNING:** Schneider ended the inning allowing the invaders only one hit. In the Lookouts' portion, Adz doubled and went to third on a passed ball by McWilliams. Verner walked. Adz scored on a safety by Stith who was forced at second by a fielders choice. Verner was caught off third to end the inning.

**FOURTH INNING:** Turecki fanned and Steen hit safe to left field but was forced at second on a hit by Day who was caught on the relay to first.

Pitman went down swinging and Davis went out on an infield hit. Adz walked and stole

HEIGH-YO. SILVER PRINCE, Trainer Ben F. White might be calling to this footed steed whose range is a track on which to train for the Hambletonian stake, Aug. 18. The race will be at Goshen, N. Y., and Silver Prince, crack 3-year-old son of Mr. McElwain, is expected to give account of himself to owner, E. J. Markle of Columbus, Ohio.

second. Verner got his second walk. Stith hit a home run to left field to score Adz and went to second on the throw in. Schneider fanned to end the inning with two on base.

**FIFTH INNING:** McWilliams fled out to center and Donnelly fanned. Morton hit a hard one to left field, but it was fielded perfectly by Schmidt to end the inning for the invaders.

De Ramus lead off with a grounder to left field but was forced at second on Moore's bunt. Moore was safe on a fielders choice. Schmidt fled out to left field and Moore was caught attempting to steal second.

**SIXTH INNING:** Stefan went out to Schmidt in left field. Wozniak hit safely to left field and Neilson was safe on an error by Pitman. Turecki went out on an infield hit but Wozniak went to third. Steen hit a hot one to Stith who made a flying leap to snag it and get Schneider out of his second tight spot.

Pitman lead off for the Lookouts with a double to left field and went to third on a base hit by Davis. Adz was safe on an error at shortstop and Pitman scored. Verner was out on a bunt but Adz and Davis advanced. Stith went out on a foul and Davis scored on a wild pitch by Donnelly. Adz went to third but Schneider ended the canto by fanning.

**SEVENTH INNING:** Day went out Pitman to Davis. McWilliams went out on a fly to Davis and Donnelly went out Pitman to Davis.

De Ramus fanned and Moore clouted a two base hit deep into left field but was caught off of

## Saints Win Again From Gainesville; Gons Rally To Win

### DeLand Loses Again, 8-6, In Overtime Fray With Orlando

**ST. AUGUSTINE, July 28.** Lefty Brewer, the school boy marvel, came through with his seventeenth victory of the season last night as St. Augustine's Saints won the finale of their two game series from Don McShane's league leading Gainesville G-Men 6 to 4.

Brewer gave up but seven hits as he moved easily to his victory. The Saints knotted the count with a three on rally in the third and won with a two run burst in the seventh as Art Bloom was driven from the mound. Ken Willis finished the Gainesville hurling job. Score by innings:

G-Men 2 0 0 0 0 0 1 7 2  
Saints 1 0 0 0 2 0 6 12 1  
Bloom, Willis and Downey, Brewer and Mobley.

**LEESBURG, July 28.** Nellie Leach's Leesburg Condoliers rallied in the last of the ninth to win their game from Palatka's fighting Azaleas last night 4 to 3. The game saw the return to Leesburg uniform of Lefty Jojo Marina, who retired from the national sport about a month ago, and rejoined his club to weather a 14 hit attack by the Azaleas and win.

The Azaleas knotted the score in the sixth inning after the Condoliers took a lead in the third, and then talked twice in the first of the ninth, but were unable to hold their lead.

Score by innings:  
Azaleas 0 0 0 0 1 0 2 3 10  
Gons 0 0 1 0 0 0 3 1 1 1  
Hudson, Corley and Haslap, Marina and Omis.

**DELAND, July 28.** DeLand's Reds came back to their home park last night to stay in the same old rut and drop another bill game to Orlando's Senators, 8 to 6.

The only new item about the game was the fact that the Senators had to go into the tenth inning to win.

Ear Porter, veteran Daytona Beach hurler who has been in virtually every DeLand game for two weeks in one role or another, entered tonight's contest as a relief pitcher for Eddie Harper who had relieved Karl Wolfberger and the Daytonian ended up with the game in his lap as the Senators scored two runs in a tenth inning uprising.

Score by innings:  
Senators 0 0 1 0 0 3 0 2 8  
Reds 0 0 1 1 1 1 0 1 0 6

At Auray, on the coast of France, the harbor quay is named after Benjamin Franklin. There he landed in a rowboat in 1775, too impatient to wait for a wind to blow his ship into Nantes, his destination.

## German Airmen Want To Stop In Alaska

WASHINGTON, July 28.—(AP)—The German embassy asked the State Department yesterday to permit a German plane to land in Alaska on a projected round-the-world flight.

Embassy officials said the plane was a multi-motored craft carrying a crew of four.

Plans call for the plane to take on from Germany and fly southeast to India, to China and Japan and thence to Alaska.

From Alaska the plane will cross the United States and fly back to Germany either direct, or via Ireland.

The date for the flight was not disclosed. Deposits of gasoline already are being arranged at Fairbanks and Nome, Alaska.

The Municipal art commission of New York City has passed upon improvements costing over \$400,000,000 since 1931.

## Lookouts To Meet DeLand Crew For Game Here Tonight

The DeLand Reds, after losing two games to the Orlando Senators, come to Sanford tonight in an effort to break the winning streak of the Lookouts.

However, the Reds will find the Lookouts an even more stubborn crew than when they last met and a good being in order for the invaders. Manager Bill "Law Man" Rodgers believes.

The Rodgers' men turned in an excellent performance last night and continue their "out of the cellar" drive at the Municipal Athletic Field tonight at 8:15 o'clock.

Despite the threat of a down-pour, several hundred fans saw the Lookouts give the Islanders a facing last night and an even larger attendance is anticipated by officials of the Seminole Baseball Association for tonight's contest.

### Rangers To Put Bad Bears On Probation

**YELLOWSTONE NATIONAL PARK, Wyo., July 23—(AP)—**After three strikes a bear is out of Yellowstone National Park. That is a new regulation announced by rangers worrying over an increase of 125 percent in the number of bear-bitten tourists this year.

Under the new rules if a bear bites or strikes at a visitor he is placed on probation and rangers keep a close watch over him. If he is found guilty a second time he is hauled to another part of the park. The rangers sash a streak of paint across his brow to indicate he is a "tough customer." When he bites a third time he is captured, crated and shipped to a zoo.

Drytona Beach, Florida's leading summer resort is teeming with vacationers with a splendid representation from other states, particularly Georgia, the Carolinas and Alabama. Daily entertainment programs are provided while fishing and taking are at their best.

Some of the best hunting and fishing grounds in the U. S. are located in the Adirondacks.

### Prepared Hams Aid In Solving Meal Problems

By MARIE GIFFORD

How often have you wished that you could say "Presto Changeo" and have the meal appear like magic on the dinner table? Such a wish isn't quite as impossible as you think if your refrigerator boasts one of these grand new hams that are ready to serve just as they come from the market.

For years we've known that ham is an ideal summer meal purchase, partly because it is so well liked both hot and cold, but also because of its excellent keeping qualities. But a ham in the refrigerator used to entail at least 4 good hours of preliminary cooking—which meant an uncomfortably warm morning's work.

The new hams, mellow cooked, perfectly tender, absolutely ready to slice and serve look just like their ham brothers except for the difference in the wrapper which states plainly that it is "ready-to-eat."

And the cold dinners that you can create from one of these hams are legion. Ham, Potato Salad and Horseradish; Ham, potato chips and sliced tomatoes; cold sliced ham with pickled peaches and a vegetable salad; cubed ham jellied with celery and olives and sliced to serve with hot rolls and cucumbers in our cream dressing; piles of ham sandwiches to go with raw carrots, radishes and olives for a porch supper with iced tea and cookies; Ham salad to be served in tomato cups with bread and butter sandwiches; a green salad bowl dressed with French Dressing and topped with thin slices of cold ham for a warm noon-day. These are only a few of the "presto" meals that are possible with a ham on hand.

And here's some practical advice on slicing a ham for table service. When you buy it, ask the dealer to cut it in half. Keep one half wrapped until you have finished the first half. Then you won't be pulling it in and out of the refrigerator so often. It also makes it easier to slice.

Slice the shank half first. Turn the half ham on its side, (not on its back) and split it lengthwise along the bone. This forms a big boneless piece that slices into 18 or 20 good horseshoe slices. The other side can be boned and then sliced or sliced around the bone. When you get down to the end—save the chunky pieces for salads and sandwiches. The butt half has a more irregular bone, but it is fairly simple to carve around it.

Here are some ham salads that fit this scheme of cold meals beautifully.

**SLIM-JIM SALAD**  
1 head lettuce  
1 bunch watercress  
1 can white asparagus tips  
1 bunch radishes  
2 tablespoons crumbled Roquefort Cheese

Slices of cold ham  
French Dressing  
Shred lettuce and mix with cream. Place in bowl and top with asparagus and sliced radishes. Dress with 1-2 cup French Dressing in which the cheese has been crumbled. Cut the sliced ham in long thin slivers and lay over the top. Serve with hot biscuits or rolls and tall glasses of iced coffee for a summer luncheon.

**HAM SALAD IN TOMATO CUPS**  
6 large tomatoes  
2 cups diced, cooked ham  
1 cup chopped celery  
2 chopped pickles  
1-2 green pepper  
Mayonnaise  
Remove a slice from the stem

### Noiseless Night For Istanbul Is Planned

**ISTANBUL, July 23—(AP)—**The municipal council is planning to make Istanbul a "city of noiseless night." A new ordinance provides heavy fines and imprisonment for anyone causing unnecessary noise between 8 P. M. and 8 A. M.

The "all quiet" order forbids milkmen and street vendors to "cry their wares" as they have done for centuries. Automobile drivers sounding their horns at night will lose their licenses.

Owners of radios must close their windows at 11 P. M. Defenders will be fined and their radio sets confiscated.

More than 100 claimants are still seeking title to 9,782 acres of land along the Mississippi north of St. Louis, in a dispute based on grants given by Spain in 1802.

According to the U. S. Office of Education there were in 1931-34 almost 680,000 teachers in elementary schools, 250,000 in secondary schools and 90,000 in colleges.

### Miss Aurora Dixon Plans Art Exhibit

Miss Aurora Dixon will give an art exhibition at the City Hall Aug. 3, from 3:00 to 5:00 o'clock. It was announced this morning.

She will unveil a painting called "The Decension," styled the "Blaze of Day." There will be a musical program and a small admission will be charged.

## Revolt Against Greek Dictator Quickly Ended

Armed Rebels Seize Government Buildings In Crete But Are Later Ejected

## Civilian Deaths Blamed On Japs

Rebels Bomb Ebros Dams In Attempt To Destroy All Bridges

ATHENS, Greece, July 29.—(AP)—A revolt today against the regime of General John Metaxas, dictator of Greece, was apparently quickly crushed. The governor of the Isle of Crete, where the uprising broke out, cabled Metaxas that order had been restored in Crete, Crete capital.

All rebel-held government buildings had been re-occupied by authorities, he reported, and revolutionists fled. Four hundred armed men, said to be sailors, effected a coup by taking advantage of the weakened garrison at Canes. Most of regular troops had been sent to northern Greece to provide vacation relief for other garrisons.

SHANGHAI, July 29.—(AP)—Japanese fliers today were accused in Chinese reports of causing hundreds of civilian deaths during persistent bombardments of middle Yangtze River region. Chinese dispatches from Nanchang said the Japanese raiders shot 3,000 refugees in Lungshan mountains and dropped bombs on them, killing "unaccounted hundreds."

A Japanese naval communiqué charged that Chinese planes bombed a Japanese hospital ship at Tachihana Maru near Kluak although she flew a red cross flag. No mention was made of damage.

HENDAYE, Franco Spanish Frontier, July 29.—(AP)—Spanish insurgents opened all the dams in the Ebro River and its tributaries today in an attempt to sweep away bridges behind government's advancing armies on the Catalan front. Reports said the river became impassable in 30 minutes.

A government communiqué admitted the river rising but denied bridges had been swept off and said their lives were intact.

The government claimed its advancing troops were forcing insurgents to retreat but insurgent reports denied this and said they had stemmed the tide of the government advance and were beginning to regain ground.

## Cardozo's Housekeeper Left \$75,000 In Will

WHITE PLAINS, N. Y., July 29.—(AP)—Kale A. Tracy of Washington, housekeeper for 40 years of the late Justice Cardozo of the Supreme Court, will receive \$75,000 from the estate under the terms of his will, filed today in Westchester county surrogate court.

The will stipulated the bequest was "for services to my sisters, Ellen and Elizabeth, and after their deaths, to me."

Miss Tracy will receive the largest portion of the \$125,000 in such bequests specified in the will, although the law school of Columbia university will receive the complete residue.

How large the total estate may be was not indicated by the document.

## Fall Stock Will Be Bought For Yowells

Ann McNeill, buyer for The Yowells Company, will leave to purchase a supply of fall and winter.

## Happy Birthday?

Il Duce was 50 years old today but he refused to allow newspapers or the Italian Government to make any mention of the fact, according to an Associated Press dispatch from Rome.

## Improvements On Arcade Started, Mather States

New Location For Sanford Store To Be Ready Sept. 1

Improvements to the McLander Arcade building, which will be the new headquarters of the Mather Furniture Company here, have already begun, Cotton Mather, founder of the store stated in an interview today.

The building was purchased from the Orange County Building and Loan Association recently by Miss Caimen McChord, daughter of the founder, but the consideration in the transaction was not revealed.

Other than stating that an extensive remodeling program for the building would be undertaken, Mr. Mather did not reveal the amount that would be expended on preparing the building as a new location of the Mather Furniture Company in Sanford.

When asked if he planned to make his state headquarters here, Mr. Mather emphatically replied to the negative and declared that reports to this effect were erroneous.

Hobart Haynes, manager of the store here, said that the new building should be ready for occupancy about Sept. 1. The new headquarters will be much more spacious than the present location. Mr. Haynes said and pointed out that there would also be more storage room which Mr. Mather intimated might be utilized to store furniture making Sanford another of the distribution points for jobs.

## Police Find New Way To Figure Auto Speed

SPRINGFIELD, Ill., July 29.—(AP)—Illinois highway police are breaking up on their mathematics as they can measure the speed of automobiles by a new formula designed to eliminate perjury from motorist's stories after the crash.

## Holt To Object To Roosevelt 3rd Term

WASHINGTON, July 29.—(AP)—Senator Rush D. Holt, West Virginia Democrat and administration critic, said today he would ask the 1938 Senate to express formal objections to a third term for President Roosevelt.

## Barbara And Husband Will Reside Apart

Danish Law Permits Divorce At End Of 18 Months If Both Are In Agreement

LONDON, July 29.—(AP)—Barbara Hutton, heiress to \$20,000,000 to \$40,000,000 of the Woolworth five-and-ten-cent store fortune, was found today by Huggins-Reventlow, her second husband.

Under Danish law their deed of separation can be changed into a divorce after 18 months if both agree or after 12 more months if either of them disagrees.

The Countess and her estranged husband, whom she accused of threatening to make her life "three years of hell with head-lines", have decided to "live apart and separate," their lawyers announced.

## Further Support Given Diagnosis Chandler Poisoned

LOUISVILLE, Ky., July 29.—(AP)—Kentucky's health commissioner yesterday gave his support to the diagnosis of Governor Chandler's physician that the governor drank "poisoned" water here last week.

In a statement, Dr. A. T. McCormack, the commissioner, said he was thoroughly in accord with the findings of Dr. J. W. Bryan, who reported "poisoning" as the cause of Chandler's illness.

Stewart said all facts should be known, adding "but when there is a pre-determined judgment to make of the whole affair, a political bedtime story I have no belief that we shall get any results from those whose duty it is to inquire into the case thoroughly."

Chief of Police John Malley said he had investigated the case and found it "a political bedtime story." Chief of Detectives Joseph Stewart said the incident was a "publicity stunt."

The extent or thoroughness of the investigation made by the officials is not revealed, Stewart said, "but one might guess that from their statements that they were more or less partisan in the senatorial race rather than alert and conscientious officers of the law."

## Defense Counsel Hits UMW In Harlan Trial

LONDON, Ky., July 29.—(AP)—Defense Counsel E. C. Gillis told the Harlan anti-labor conspiracy trial jury yesterday coal operators were justified in distrusting the United Mine Workers of America which "held to its boom 'Russian' communists and all that kind of riff-raff."

Gillis opened summation for the defense in the trial of 66 Harlan county coal operators, former peace officers and coal corporations against charges of conspiracy to violate the Wagner labor act.

## KENTUCKY POLITICS SIZZLE

As Democratic factions in Kentucky, lead by Senator Alben W. Barkley, right, and Gov. A. B. Chandler, left, continue the bitter fight for election to the United States Senate, the Senate Campaign Investigating Committee has denounced campaign methods of both factions and is now faced with the task of issuing a report on the Kentucky situation.

Such a statement is expected to have powerful influence on the Blue Grass Democrats when they turn out to vote next Saturday. A Kentucky health commissioner has joined with Chandler's physician in content candidate was given poisoned water while campaigning recently.

partly filled with water and put guests gathered at Sanlando Springs Thursday afternoon for the annual chicken barbecue of puffing out like a balloon the local club. Included were members of the Deland and Winter Park chapters with their guests.

Preparations for the event were under the direction of John G. Leonard, who was general chairman.

## Kiwanis' Annual Barbecue Held At Sanlando Springs

About 175 Kiwanians and their guests gathered at Sanlando Springs Thursday afternoon for the annual chicken barbecue of puffing out like a balloon the local club. Included were members of the Deland and Winter Park chapters with their guests.

Those who aided in the preparations for the barbecue were Fred Scott, Ray Fox, B. D. Caswell, T. E. Simpson, Ed Marsh, J. E. Wethered, Ray Hough and Mr. Leonard.

## Report Of Picnic In Orlando Heard By Townsend Club

Secretary Arthur A. Kirchhoff of the local Townsend Club reported on the picnic of central Florida Townsend clubs in Orlando last week at the weekly meeting of the Townsend Club in its quarters in the Welaka building last night.

Mr. Kirchhoff also reported that the club would meet next Thursday night at 7:00 o'clock for a covered dish supper. At this time Mrs. Martha Moffitt will give a report to the club of her recent trip to California and the Townsend National Convention.

In his talk last night, Mr. Kirchhoff stressed earnestness of Congressman Lee Green's address to the central Florida Townsend club and the fact that the representative was confident of a Townsend victory in this state by March of 1940. The secretary also announced that this club and the whole state was in excess of quotas for the Townsend Weekly.

## Negro Boy Drowned Trying To Save Puppy

PATERSON, N. J., July 29.—(AP)—A little negro boy who could not swim gave his life yesterday to drown his mongrel puppy from drowning in the rain-swollen Passaic river.

Edward Blaco, 11, took his dog to the river because it's "so hot and I think he'd like a swim." The child put the puppy in the water. It began to swim around. Suddenly the current pulled the dog under momentarily. Edward took off his shoes and waded out on the muddy bottom. As he pushed his pet to safety, the boy was caught by the rushing water and was drowned.

## Board Rules Ford Violated Wagner Law

Recommendation Is Made That Company Cease Interfering In Union Activities

WASHINGTON, July 29.—(AP)—A labor board trial examiner ruled today that the Ford Motor Company had violated the Wagner Labor Act by "spying" and discrimination at the Buffalo, N. Y., assembly plant.

Examiner Francis M. Shea, recommended that the company reimburse 50 CIO members and cease "interfering" with union activities.

Shea, listing eight methods of alleged violation of law, said the company's service men had spied on union meetings and on men at work. At the same time, he added, the company "disseminated" propaganda to discourage membership in United Automobile Workers of America.

The company is given ten days in which to reply to the charges. The Senate Civil Liberties Committee also received evidence yesterday that company police of the Republic Steel Corporation attempted to hamper the activities of CIO organizers by shadowing them.

Everywhere they went, the organizers testified, they were followed. One of the witnesses, youthful Robert Burke of Youngstown, Ohio, told of trapping his pursuers and then automobile in a driveway on one occasion by parking his own car across the entrance. He said he bargained for two hours' freedom from pursuit by agreeing not to call the public police.

The shadowing of the organizers was admitted by Earl Butler, excitable captain of the company's police force in Youngstown, who had sworn to make an indignant denial of Burke's repeated assertions that Republican policemen were "things whether in or out of uniform."

## Tennessee Governor May Call Out Guards

NASHVILLE, Tenn., July 29.—(AP)—Tennessee politics sizzled yesterday and reports that Gov. Gordon Browning might send national guardsmen to Memphis next Thursday for duty during the Democratic primary voting in the home town of his foremost political foe.

These reports gained circulation as information leaked out that orders had been given postponing the scheduled departure next week of some militiamen for out-of-state maneuvers.

Browning, who is seeking re-election, neither confirmed nor denied the rumors. He said he would make known his plans next Tuesday, the day after he speaks in Memphis where re-elected E. H. Crump, head of the political organization opposing Browning, Crump is a national Democratic committeeman.

## Pan-American Stock Congress Proposed

BATON ROUGE, La., July 29.—(AP)—Plans for holding a Pan American congress on agricultural and livestock at Louisiana State university in 1940 were announced here yesterday by Dr. James Monroe Smith, president of L. S. U.

The announcement followed a conference yesterday morning between Smith and Dean J. G. Lee, Jr. of the college of agriculture, and Fernando Dahman, Chilean consul stationed at New Orleans, a number of representatives of the university's administrative staff, and Frank E. Curtis, representative of the Chilean Nitrate corporation.

HERTY RITES HELD  
NAVANNAH, Ga., (AP)—Final rites for Dr. Charles H. Herty, the Georgia wizard of chemistry who developed slash pine newspaper, were held here last night at St. John's Episcopal Church.

## Hawaii Clipper Is 12 Hours Overdue On Manilla Flight

Planes, Ships, Subs Join in Search For \$450,000 Pan-American Flying Boat

MANILA, July 29.—(AP)—The great Hawaii Clipper with 17 occupants, missing approximately 12 hours on a flight from Guam to Manila, was made the object of an intensive search by air, sea and underwater craft tonight.

Seven planes, eight navy ships, six submarines and an army transport were thrown into the hunt by the \$450,000 flying boat which vanished from an airfield on the Pacific Ocean.

Fears for the safety of the six passengers, a stack of time accrued as hours passed without word since the last message from the plane.

The search continued. Meigs, nearest ship to the clipper's last reported position, was within the area where the plane was believed to have crashed. The Meigs began sweeping the sea with its powerful searchlights and sent up rocket flares to illuminate the clipper's trail.

Rain made the visibility poor. The 12-mile an hour wind made it likely the clipper, if the landed safely, was blown far from its original position.

Pan American Airways said the clipper could float as well as a boat if unharmed by a forced landing. Officials didn't know what had caused the clipper to have trouble but assumed it was due to bad weather.

Captain Leo Frutkay, veteran pilot, was in charge of the search.

## Winter Haven To Seek \$85,000 Loan For Sewage Plant

WINTER HAVEN, July 29.—(AP)—The City Commission will seek a loan of \$85,000 in revenue bonds to construct a sewage disposal plant, estimated to cost \$100,000, during a period of 20 years, to finance its portion of the cost in building a \$16,000 sewage disposal plant here.

City Manager Jamison said today the city would apply to WPA for a loan of \$45,000 and a grant of \$40,000, but would ask permission to get the loan at a lower interest rate, through private borrowing, if possible.

The government charges four percent but most cities over the country have found insurance and trust funds at two and one-half to three percent to finance public works construction which will return the principal in service charges and fees.

## 76 Percent Of '37 Taxes Paid, Jinkins Reports

Reminds Delinquent Tax Sale Will Be Held On Monday

Pointing out that 76 percent of the 1937 tax roll had been collected to date, Seminole county tax collector J. D. Jinkins reminded that lands on which the 1937 taxes had not been paid and on which there are no outstanding tax certificates held by the State for 1932 or subsequent years will be sold for taxes at the Court House room on Monday, Aug. 1 beginning at 12:00 o'clock.

Delinquent certificates issued at this sale, Mr. Jinkins pointed out, constitute a lien on the property sold and draw interest at the rate of 18 percent for the first year, 10 percent for the second year and 8 percent thereafter.

Property owners, he added, have two years in which to redeem their property before a tax deed may be secured. Where there is no sale made by the individual, Mr. Jinkins said that the certificates are issued in the name of the State and that the interest rate is the same as when sales are made to individuals.

Up to July 1, Mr. Jinkins stated, tax collections amounted to 76.27 percent of the 1937 rolls and since the delinquent list was published last week, \$5,527.23 has been collected. The tax collector declared that he anticipated collection of several thousand dollars more in taxes before the sale on Monday.

On the same date of the delinquent tax sale, Mr. Jinkins said that tax executions will be issued for delinquent personal property taxes. He added that these will be collected by a levy and sale of the goods and chattels assessed or any other personal property belonging to the delinquent person, firm or corporation.

Quoting the Florida statute on the matter, Mr. Jinkins said, "All taxes assessed upon either real or personal property from the date of such assessment, shall have all the force and effect of a judgment and execution at law against the owner of such property."

Regarding the delinquent tax sale, Mr. Jinkins stated that owners whose property was advertised in the delinquent list may pay the taxes before the sale and the lands would be taken off the list. In order to accommodate those who wish to pay, Mr. Jinkins stated that his office would remain open Saturday afternoon until 5:00 o'clock. The tax collector's office customarily closes at noon on Saturday.

Lists of the lands to be sold that of the eleven Mountain and Pacific States of the United States.

## MAY STOP LOANS

MIAMI.—(AP)—Frank C. Hill, in charge of the Federal Housing Administration office in Miami, said yesterday abolition of the city's zoning division might cause abandonment of the office, which is currently insuring an average of \$1,000,000 a month in mortgages to home builders.

## LOCAL WEATHER

WEATHER FORECAST: Florida—mostly cloudy, local showers Saturday and on west and extreme south coasts tonight.
