The Sanford Herald

Friday, April 28, 1972—Sanford, Florida 32771
64th Year, No. 180 Price 10 Cents

By John A. Spolaki

Case of Mistaken Identity
...see, if we can't do something for each of those involved.
First of all, to the lady who stopped Sanford Mayor Lee Moore, and complained about being called for jury duty... may I please remind you that you were NOT talking to Sheriff John Polk (as you had assumed).
One of them insists he's better looking than the other... and I'm not about to tell you which lays claim to that thought.

And all of the writing which I've offered on driving with the auto headlights on, especially so during foggy or inclement weather...
Well, there's this fellow Pete Duggan. Both of us are originally from Reading, Pa., but up there, not once was there ever a remark about any similarity.
However, here in Sanford... must have already eclipsed the million-dollar mark: "Are you two brothers, or something?"
And I'd always said "em, 'Nah, he's my Dad."
Anyhoo, Duggan was driving downtown... had to stop for a red light and this motorist pulls up alongside him and says, "Hey, John... I got my headlights on!"
Mind you, it was around noon time and the sun was so bright, you couldn't stand it.
So this clown comes up and wants it known he had his headlights on...

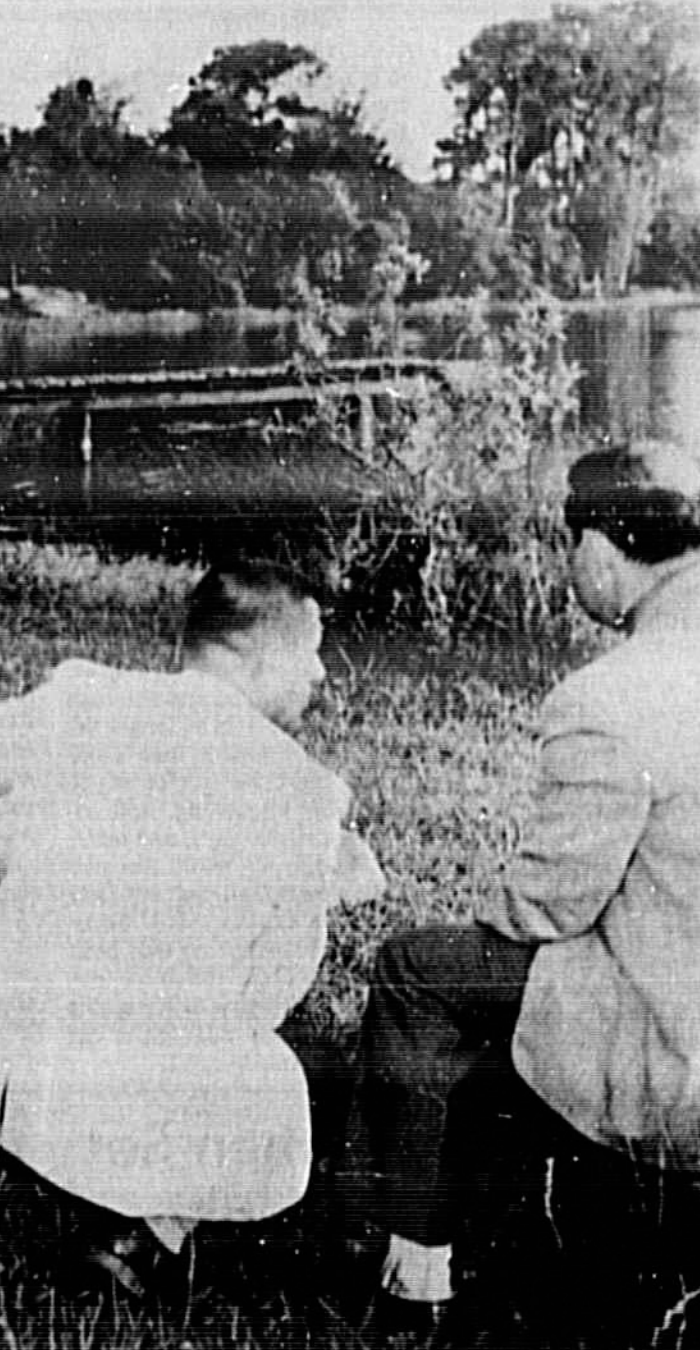

Let's get serious for a moment, friends. (Come to think of it, my next thought is on politics, so it can't be very serious, can it?)
Rumor... rumor... which has reached this desk more than once - so, it automatically becomes almost a fact, right?
Is there any truth to the supposition that a certain Sanford Attorney (who lives in the Springs) is being encouraged to run for the Senate?
I will receive support from Congressman Bill Chappell... and if this Sanford Attorney does run, he'll be in the battle with State Senator Bill Gunter, who is also considering getting his feet wet in this same battle for the newly-created U.S. House of Representatives.
More than a rumor, folks... just that we "happened" to find out about it before those who are doing the running wanted us to know about same, thank you.

Say a prayer... that you do live in Oregon, and worse, be a party of the following:
Legalize Prescriptions... out of Vietnam in 24 hours... legalize health care... legalize marijuana... amnesty for draft evaders... zero population growth... free college education... veterans' benefits for draft evaders... legalize homosexuality... abolish private ownership of land... Thus saith the platform of the Democratic Party of the State of Oregon, as adopted by 224 delegates to the platform convention April 2. The platform is not binding on candidates - "a fact," says the Portland Oregonian, "some of them appreciate."

ON THIS DATE IN HISTORY
- In 1923, San Francisco bartender Max Clifton galvanized the drinking world when he introduced martinis on the rocks. A later innovation involved martinis over ice cubes. Imtzwunderf!

SEARCH FOR DROWNING VICTIM
Sheriff's divers Thursday afternoon recovered the body of 71-year-old Victor Herbert Frederick, Sewell Road retiree, approximately three hours after the man drowned when his fishing boat overturned on Banana Lake. Det. Sgt. Tony Calangelo, far right, reported Frederick was alone in the craft at the time.

Charged In Robbery, Kidnaping
Richard Franklin Day.
The investigation of the robbery of Barone uncovered the same suspects as the accused murders of Day.
In other trials to be held next week before Circuit Judge Clarence Johnson Jr., the dock includes Gus Ashley, charged with breaking and entering with intent to commit a misdemeanor; Charles Kettering, charged with breaking and entering with intent to commit a misdemeanor.
Cecil Gerry, charged with larceny of a motor vehicle; Clarence Jordan, charged with attempted robbery and aggravated assault; Douglas Lewis, charged with auto theft; Albert Peppie, charged with resisting an officer with violence to his person.
George Watkins, charged with assault with intent to commit a felony; Lee Parker, charged with carrying a concealed firearm, and William Cribbs, charged with aggravated assault.

Headlines Inside THE HERALD
THE REPUBLICAN PARTY can't go back to San Diego for its convention, a high GOP source says, but Miami Beach is proving to be a reluctant bride despite the urgings of Florida's Democratic governor.
THE NORTH VIETNAMESE threw more tanks into the battle for Quang Tri. The South Vietnamese abandon another base on the central coast.
APOLLO 16's moon heroes steam toward Hawaii after completing man's fifth moonlanding expedition, a journey that commander John W. Young said pushed back "the frontier of the unknown."
RICHARD G. KLEINDIENST overcomes probably the highest hurdle in his bid to become attorney general.
THE PAY BOARD is steadily untangling a snarl of red tape that has delayed pay raises for hundreds of thousands of workers.
J. EDGAR HOOVER says he permits no hippies and no activists, "gay or otherwise," in the FBI.

'Go Slow On 45-15 Plan,' Warns School Candidate
By BILL SCOTT
William (Bud) Laver, Teague Middle School principal and a candidate for the Democratic nomination for county school superintendent, today cautioned against "going too fast" in implementation of the 45-15 year-round school plan in July, 1973.
"Speaking as a private citizen and a candidate but not as a school principal, I want to urge the school board to go slow in accepting the 45-15 program," Laver said.
He said, "Make sure that all financial implications are fully understood."

IT'S FOR REAL AT 2AM!!

LAST CHANCE! Sunday, April 30. Turn clocks ahead one hour for DAYLIGHT SAVING TIME.

Moon Heroes Sailing Home

ABOARD USS TIGONDEBOCA AP - Apollo 16's moon heroes steamed toward Hawaii today after completing man's fifth moon-landing expedition, a journey that commander John W. Young said pushed back "the last real frontier, the frontier of the unknown."
Young and fellow crewmen Charles M. Duke Jr. and Thomas K. Mattingly II, were deposited on the deck of this carrier Thursday after a pinpoint splashdown in the South Pacific.
During welcoming ceremonies, Young said the mission was one of discovery that had uncovered basic knowledge. Pushing back the "frontier of the unknown," he said, is "essential to the survival of humanity on this planet."
President Nixon telephoned congratulations, promoting Duke to the rank of Air Force colonel and Mattingly to commander in the Navy. Young, a Navy captain, was promoted after one of his three earlier space missions.
All three were in excellent health after their 11-day journey.
The landing was 1,500 miles south of Hawaii, and the astronauts will stay aboard until the Tienderoga moves early Saturday to within plane range of Hawaii.
They'll fly into Hickam Air Force Base at 2 p.m. EST and transfer to a C-141 jet transport for the 8 1/2-hour flight to the Manned Spacecraft Center.
Scientists and geologists at the center's Lunar Receiving Laboratory eagerly await the 245 pounds of rock and soil samples gathered by Young and Duke during 71 hours in the moon's Descartes Mountains.
Most experts, and the astronauts themselves, feel that and locked in some of the rocks is evidence that the moon long ago was wracked by volcanoes, and that these eruptions played a major role in that planet's formative years between 4 billion and 4.5 billion years ago.

Spring Frolic
Attention please!
This is the last chance to stand up and be counted for the informal Spring Frolic Ball tomorrow night at Mayfair Country Club.
Tropical punch will start the ball rolling at 8 p.m., luau food will be served and rounding out the fun-filled night will be Rick Montarano's band which will include a 45 minute floor show complete with dancing girls and the authentic fire dance.
Reservations are not absolutely necessary. Call Mrs. John Crabtree or Mrs. William Beck for info.

Source Of Power

Jesus made a promise to the disciples after His resurrection, and this promise is found in Acts 1:8. "But ye shall receive power after that the Holy Ghost is come upon you; and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth."

One could then read, "But ye shall receive power, strength, and ability, after that the Holy Ghost is come upon you." The Amplified New Testament renders, "ability, efficiency, and strength" where this word power is found.

The Lord Jesus made other promises such as those concerning His own substitutionary death on the cross for the sins of man. Mark 10:45 reads, "For the Son of Man came not to be ministered unto, but to minister, and to give His life a ransom for many."

Believers of all time and all nations are confident that Jesus Christ, God's Son will keep His word and are certain that this promise is a certainty. This last promise before ascending to the Father has special significance because these are the last words of the risen Christ before He enters His ministry of intercession for all saints.

New Modes of Life Subject Of Meeting

By GEORGE W. CORNELL AP Religion Writer - NEW YORK (AP) — As American pursuit of ever-expanding production and consumption moves toward what some analysts foresee as environmental "doomsday," scientific and religious thinkers are trying to stimulate a swing to some more hopeful course.

Determining what it is, still is part of the problem. But while opinions may differ on the dimensions of the environmental threat, its swelling impact already is obvious, and the prime question is "what we can and should do about it," says the Rev. John M. Cobb of the School of Theology at Claremont, Calif.

THE LORD'S LADS, gospel quartet composed of Spencer Moore, Hoyt Johnson, David Beavers, and James Vaughn with pianist, Mrs. Moore will sing at Sanford Christian Church during revival.

Revival Services Open Here Sunday

The Sanford Christian Church, Airport Boulevard, will have revival services each evening Sunday through May 5. The service on Sunday will begin at 7 p. m.; services on Monday through Friday will begin at 7:30.

The services will be led by "The Lord's Lads," a gospel quartet composed of Spencer Moore, of Orlando; Hoyt Johnson, of Lakeland; David R. Beavers, of Ft. Myers, and James C. Vaughn, of Sanford. These four men are all Christian Church ministers. Mrs. Spencer Moore is the pianist for the group. They have previously performed for the Florida Christian convention, and for numerous churches throughout Florida.

A Critical Problem: It's Tough To Solve

By EDWARD NEILAN Copy Editor Service

PHILADELPHIA — The pilot had just announced over the intercom, "We're making the rounds, that two engines have failed and the plane would have to make a crash landing. The passengers were terrified."

A middle-aged woman, panic-stricken, turned to a priest sitting across the aisle. "Don't just sit there, father," she said. "Can't you do something?"

"Sorry, madam," the priest had said. "I'm not in management, I'm in sales."

Many Catholic leaders and laymen lack the plight of Catholic education today to the secular in the anecdote. "We're on a crash course, a crisis path and there's not much we can do about it."

But others take a decidedly more positive view. "There is much national hand-wringing among Catholics about a set of problems that is, indeed, pretty awesome. Enrollment in Catholic schools is down. Costs per student are up. Children who have switched from parochial to public schools are putting added pressure on the latter systems, already strapped for funds and diminished in quality."

"I'm convinced that very great changes in our personal and social life will be required to avoid ecological catastrophe," he adds, noting that such a shift can emerge only through "radical changes in beliefs and values."

To help engender that process, as well as to assess the danger and map ways to avert it, a group of political scientists, technical experts and theologians are meeting at the Claremont campus May 3-4 on the theme, "Alternatives to Catastrophe."

It differs from most such meetings on the subject in that it is concentrating, not just on the danger, but mainly on shaping specific new modes for life in an ecologically plundered world.

Several possible new directions are cited by a planning committee, including the so-called "stationary" economy, one that stops seeking growth and stands still.

This is the "next and exceedingly difficult" step that must be taken, now that people generally have become concerned about pollution and conservation and the need for restoring society's relation to nature, the advance paper says.

Actually, it says, the production-consumption scale will need to be cut back somewhat. If economic success and high consumption "can no longer be fine man's good," then other goals must be projected to make life interesting, and advance analysis says, and adds: "Possibly we would discover that clearly and authentically Christian existence in a Christian community is the most hopeful realistic option for us."

It is possible "that the Gospel is now peculiarly relevant to our critical common need."

MARANATHA TRIO of Calvary Assembly of God, Winter Park will present a concert Saturday, May 6, at 7:30 p.m. at First Baptist Church of Sanford. The group which has sung in many gospel sings, fairs, schools, churches and rallies, is accompanied by a concert harp, piano, guitar, bass and drums. The public is invited.

Area Church News

St. Augustine Catholic Father Patrick O'Neill is having a spaghetti dinner, 1-7 p.m. at Camp San Pedro on Sunday to help raise money to continue his work with Newman Students Center for Central Florida. There will be games, boating and swimming. Tickets will be available after Mass or contact Pat Schepp at 831-1573. All are welcome.

Episcopal Holy Communion will be held at 7:30 p. m., Sunday, featuring Dr. Edward Earl Joiner, who will talk about "Jehovah's Witness". Dr. Joiner is a professor of religion at Stetson University, Deland, and an author of 28 articles and book views. He received his doctorate in theology from Southern Baptist Seminary, Louisville, Ky.

Longwood First Baptist "The Return," a 30-minute color film based on the best selling book, "The Late Great Planet Earth," will be shown at First Baptist Church of Longwood, located at corner of Church Street and Grant, Sunday at 7:30 p.m. Admission is free and copies of the book will be available.

Diocese Women Set Annual Convention Scheduled Members of St. Margaret Mary Ladies Guild, Winter Park will host the Fourth Annual Convention of the Council of Catholic Women of the Orlando Diocese which comprises parishes in Apopka, Casselberry, Daytona Beach, Deland, Goldenrod, Leesburg, Longwood, Maitland, Orlando, Oviedo, St. Cloud, Winter Haven, Sanford and Winter Park to be held at the Langford Hotel Tree Top Room, New England Avenue, Winter Park, on Monday and Tuesday, May 1-2.

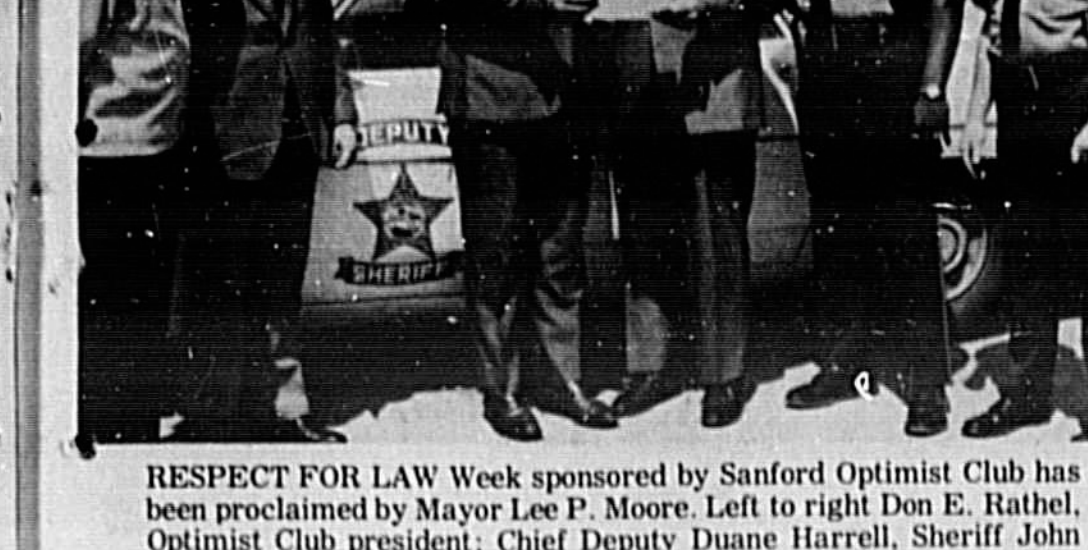

Community United Methodist Christian Homemakers Class will sponsor a Tasting Super Saturday at 6 p. m. with donations to benefit missions. Recipes will be sold for the gourmet dishes to be featured at the supper to be held in fellowship hall of Community United Methodist Church, Casselberry.

RESPECT FOR LAW Week sponsored by Sanford Optimist Club has been proclaimed by Mayor Lee P. Moore. Left to right Don E. Rathel, Optimist Club president; Chief Deputy Duane Harrell, Sheriff John Polk, Mayor Moore, and Deputies Oscar Redding and Phil Callahan. (Staff Photo)

Law Week Slated

"Respect for Law Week," an annual observance sponsored by the Optimist Club of Sanford, has been proclaimed by Mayor Lee P. Moore. The dates of this observance, May 1-7, were selected to focus upon the related year-round activities of this 100,000-member voluntary service organization. Through the Respect for Law program, Optimist clubs in the United States and Canada have been exerting positive leadership by encouraging citizens to become actively involved in combatting crime.

Judiciary Change To Be Aired

Sanford City Commission will meet with Judges Dominic Salfi, Volie Williams Jr., and Wallace Hall Monday noon at House of Steak to discuss the possibility of Sanford abandoning its municipal court system. City attorney William Hutcheson arranged the exploratory session as directed by the commission.

GOAL OF VISITORS EDINBURGH, Scotland (AP) — Most popular place in Scotland for visitors is Edinburgh Castle, which drew 64,200 people in the past 12 months, 35 per cent more than in the previous year.

Winn Dixie Grand Opening Remodeling Sale Starts Sunday, April 30 9 A.M. - 7 P.M. EDT FRENCH AVE & 25th ONLY Register For Free Gifts

THE NEWLY remodeled Winn-Dixie at French Avenue and 25th Street begins its "Remodeling Grand Opening Sale" Sunday. The floor space has been greatly expanded, and the interior has been completely redecorated. Available parking space has been almost doubled.

Air Tower Near Ready

Sanford Airport Manager J. S. Cleveland said today he expects the airport's air traffic control tower to be ready for operation "in about two weeks." Cleveland said a contract with Sanford Aviation Academy was approved by the Airport Authority, which would provide for staffing the tower from 8 a.m. to 5 p.m. seven days a week during the first six months of the agreement and such hours as the air traffic situation may dictate up to a maximum of 16 hours each week, seven days a week during the second six months.

'Pigs-in-a-Poke' Are Cited Warned Of Utilities Pact

By DONNA ESTES CASSELBERRY — City Council Thursday night, in a special session called to consider a proposed purchase contract with the City of Casselberry and South Seminole Utilities (CASSUCO), found itself "between a rock and a hard place" — unable to go along with the proposal, yet agreeing the water and sewer system, of necessity, must be acquired by the city.

Meanwhile, the mayor and some members of council relayed reports that the company is hooking-up utilities only for areas being developed by its major stockholder, Greater Construction Company, virtually stopping construction in the city. City Fiscal Agent David K. Gunby, at conclusion of a two-hour meeting, expressed the view which appeared to be the consensus of the city officials and advisors present. That CASSUCO is "either 'Mickey-Mousing' around with the contract or they are not interested in selling the utility."

In addition, Gunby said that the city, in order to have sufficient capital to bring the system up to municipal standards following purchase, may have to go for a \$4 million bond issue, rather than one of \$1.6 million contemplated for some months.

Gunby warned that, due to restrictive federal and state regulations, his knowledge at least two municipal utility systems in Florida in recent months have been closed-down because they did not meet municipal standards.

Three True Bills Returned

Sanford City Council returned three bills to the Mayor's Office after they had been passed by the City Commission. The bills were: 1. A bill to amend the city charter to provide for a mayor and a city commission. 2. A bill to amend the city charter to provide for a mayor and a city commission. 3. A bill to amend the city charter to provide for a mayor and a city commission.

Ulterior Motives Hinted By Doctors

Chief of Medicine John Morgan, M.D., Chief of Surgery Frederick Weigand, M.D., Chief of General Practice Tomny Lee Johnson, 35, is charged with first degree murder in the April 8 death of Joseph Green, 54, Midway, who was gunned down while standing on his front porch following an argument which

Go Slow, Warning

public teachers and students are better informed of all ramifications of the concept. "I say go slow as there are other alternatives to solving the county school housing problem and these should be studied with the same determination as 45-15," he concluded.

Area Deaths

Survivors include two sons, Edward William Platt Jr., Sanford; Norman Eugene Platt, Longwood; five sisters; Mrs. Alice Robinette, Orlando; Mrs. Louise Humphrey, Dunedin; Clara Chitwood, Warm Springs, Ark.; Betty Worgan, Barton, Pa.; Mrs. Dorothy Pulsifer, Orlando; brother, Jim Platt, Orlando; 11 grandchildren. Grankow Funeral Home in charge of arrangements.

THOUGHTS

But he refused, and said to him, "Go home to your friends, and tell them how much the Lord has done for you, and how He has had mercy on you." —Mark 5:19.

Go often to the house of thy friends, for weeds choke the unused path.— Ralph Waldo Emerson, philosopher.

"You did not choose me, but I chose you and appointed you that you should go and bear fruit and that your fruit should abide: so that whatever you ask the Father in My name, He may give it to you. This I command you, to love one another.—John 15:16, 17.

YASUKO NISHIMURA, in Central Florida with a group of 20 Methodist missionaries for a week of sharing about the church's missions, spoke to the Women's Society of Christian Service of Casselberry Community United Methodist Church. Native of Japan, she now lives in Atlanta where her husband is chaplain and professor at Oglethorpe University. Left to right, Mrs. Sandra Lenzen, missions chairman; Mrs. Nishimura, and Mrs. William Segrest, acting president. (Marilyn Gordon Photo)

Editorial Comment

Nixon's Indochina War Statement

President Nixon's latest statement on the Indochina war does little to explain the goals towards which our policy is directed, except to state again his conviction that support of the South Vietnamese is essential to prevent the spread of communism in that troubled land.

South Dakota, a noted dove — has gained new brilliance since the Vietnam war has become a hot issue again. There is also the newly surfaced Congressional opposition to the war which now has brought to the fore some of the leaders in the House of Representatives (all of whom will be up for re-election in November) ready to call a halt.

Thus the secret trip to Moscow by Dr. Henry Kissinger, the president's hand-picked top foreign affairs advisor, which was belatedly announced prior to the Nixon broadcast is another factor making the talk more intriguing.

Offbeat Ruminations Moving Days: More Than Furniture

By JAMES R. NORMAN Associated Press Writer

MONTCLEAR, N.J. (AP) — The move from a city apartment to a suburban house means different things to different people. To me, it's largely a matter of readjusting my approach to traditional chores.

"It's supposed to be really hot tomorrow." "Uh-huh." "It's cool now." "So it is." An astute observation.

put the cherry here." "But there's something already growing here. I don't know what it's given. Tulips maybe? Move them over there."

We are, as are all Americans, in full support of the Nixon policy of avoiding any closing of the conflict which would allow the label of "defeat" to be attached to our arms.

Yet the conflict must be ended. Just how and when this will come about will depend more on the tides of battle and the words at the Paris peace table than on presidential talks to the public.

How dangerous is the ability of the Hanoi forces to penetrate and threaten the life-lines of the south is shown not only by the advances they made but by the quick and enormous reaction of the American might in the air and on the seas.

Back And Forth

In oaken (precooled) days, the lady of the house baked the turkey for Thanksgiving, had cold cuts (and sandwiches) for several days following, then processed remains into hash. Nowadays it's known as recycling. — Nashville (Tenn.) Bamer

Global View

New Small Banks Viet's 'Defense'

By RAY CROMLEY

WASHINGTON (NEA)

Thirty odd years ago in Southern California an American farmer of Korean ancestry woke up one morning to find his tomato crop ruined by a freak change in the weather. Heavily in debt, and in danger of losing all he owned, he had been carried for almost a decade by an understanding banker who had faith in his integrity.

In the months just past, that man's son has spent a good deal of his spare time making certain South Viet nam's small farmers have the same good fortune his father had in time of need.

Henry Lee, who works for the Agency for International Development, is supported by the city alternatives of doing the necessary improvements and expansions to allow service to an anticipated 8,000 population all at once at cost of \$300,000 or of taking the project in two steps.

Each bank is very small. Each is founded, owned, funded and run by local villagers. Deposits are from the people in the village. All the money is lent to farmers with fewer than 25 acres, to small fishermen, to businessmen with assets under \$4,200 (U.S. equivalent) or industrialists with assets of less than \$8,400.

No one man or family can own a controlling interest in any bank. The government has no vote on the board of directors. Sixty per cent of the loans must go to farmers and fishermen.

The headlines these days are on military battles. But when the books are balanced, this reporter believes, from a decade and a half in Asia, that if South Vietnam survives and prospers, it will be because of these village banks and the chance they give the small man for credit.

Underground rise or fall on how well or poorly they can play on the hopelessness of a nation's small farmers, fishermen, workmen and shopkeepers. The left bank solution is land reform, a cutback on corruption and a stable government.

But without credit, the small farmer is a victim of the moneylender — paying 50 to 100 per cent for his money, forced to mortgage his crop for a low price and finally, all too frequently, losing his land.

He is perpetually in hock — living from hand to mouth without hope.

The farmer thus becomes the servant of the money-lender — a buy-back pattern. The profits, instead of going to building the community, are sequestered by the lender and put into fast-turnover money-making ventures. The great rural areas of a country stay backward and ready for whatever underground comes along.

Conventionally, the village bank may be one room in a home or a small shop. It may have eight to 60 or so investors. Depositors are paid from 12 to 21 per cent according to how long the deposit is to be left in the bank.

Since inflation is 13 to 15 per cent a year or more, without these high rates a depositor would lose more in purchasing power than he gained from interest. As a result, borrowers pay from 20 to 24 per cent, but they flock in. For the soil is rich in the South and this is a far better deal than the 50 to 100 per cent they've been paying the moneylenders.

Savings have been pouring into these village banks at a fast clip, indicating a prosperity and a confidence not seen in rural South Vietnam for many years.

The feeling is that farmers and fishermen with this confidence will fight with whatever weapons they have if the North Vietnamese and Viet Cong attempt to take over their hamlets.

One Man's Opinion Senate Abolishes War III, Kind Of

By DON OAKLEY

An interesting feature of the war powers bill passed by the U.S. Senate and sent to an uncertain fate in the House is that it effectively abolishes World War III, on paper, at any rate.

The bill forbids the president to make war without congressional authorization, except to repel a sudden attack against the United States or its military forces, and then only for 30 days until Congress decides whether or not a state of war exists.

"At what point does the state of affairs which flows from sudden attack become war?" asked New York Republican Jacob Javits, during floor debate of the measure.

"That is the pivot of the issue. What happens when the president, as Commander-in-Chief, 'repels a sudden attack' and that leads us into war? The Constitution, characteristically, is silent. So we have chosen the 30-day test in that regard. We have no illusions that it is a perfect answer but we believe that it is the best a group of men... could develop as a test of automaticity."

Since any attack against the United States serious enough to trigger the war powers of Congress would be unlikely to involve anything less than the full parity of nuclear weapons in the modern arsenal, and since the threat to Canada to acquire hard currency needed to keep Cuba's sagging economy afloat.

A Cuban guard died in the blast. Castro blamed the bombing on the U.S. Central Intelligence Agency, on which he blames most everything. Strangely, however, he directed his vitriol more against Canada than against the CIA.

What aroused the Cuban premier's ire was a post-bombing episode. Canadian police who went to investigate were met by Castro guards with machine guns. While holding off police, the Cubans burned papers. Police arrested seven of the men.

In a speech in Havana, Castro charged the Canadian police with "brutal and fascist methods." He also claimed that the exit organization La Joven Cuba — Young Cuba — that claims "credit" for the bombing, escaped tongue-lashing as the premier aimed his fire at Canada and the United States.

On July 4, 1776, the representatives of the United States of America in general congress assembled adopted the Declaration of Independence which declared, among other things, that "these United Colonies are, and of right ought to be, Free and Independent States."

The writers of the document also added: "And for the support of this Declaration, with a firm Reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor."

As we approach the bicentennial of this historic event, the continued existence of our heritage of freedoms, given to us by the Founding Fathers and their successors who risked their lives, and many of whom lost them, in defense of these freedoms, stands in the gravest jeopardy.

Our peril is so real, and so immediate, that it must be dealt with summarily if we are to exist as a free country long enough to celebrate July 4, 1976.

This peril is threefold. It includes the rapidly increasing military strength of our sworn enemy in all arms, nuclear and conventional, strategic and tactical, on land, at sea, in the air, and in space, with an equally rapid decrease in our own.

Donna's Deliberations

By DONNA ESTES

The meaning of the word "minority" like other terms appears to be in the eyes of the beholder. The use of the word in recent years has become very popular to describe every sort of a situation or group. But how often is it used accurately? Apparently, it must be judged in context with related statements and not always taken at face value.

A week ago in Longwood, a petition carrying the signatures of 289 citizens was submitted to the City Council requesting the board not to adopt a planned unit development (PUD) ordinance at this time, to ban sewer package plants and to retain high residential zoning where it is now designated in the city.

Councilman R. E. Williamson, who has consistently not vote-getter among the Council in winning re-election one right after the other in recent years, heeded the petition and voted against the zoning designation. Williamson got some 289 votes to win another term just this past December.

Council Chairman Eugene Jacques who voted for PUD and in opposition to the petition, instead branded the petition as a "minority" one in view of the city's 4,000 population.

If the 289 figure is compared to 4,000, it would indeed be a minority of little more than seven per cent. But if Longwood follows the national average of 1.5 children per couple which takes into account the fact that some families have more than this number and some not at all, the city would appear to have 1,556 children. This reduces the number of prospective signatures on the petition to 2,444 which allows the 289 total to rise in comparison to 12 per cent. Incidentally, I am sure all admit there were no children's signatures on the petitions.

The city has approximately 1,100 registered voters. When the 289 petitioners are compared to the total registered voters, the ratio climbs to 27 per cent.

Jacques has been elected to office three times. In 1968 he garnered 228 votes; in 1967 he took 222 votes and in 1970 he received 216 votes. Comparing the 289 signatures to these figures gives results of 128 per cent, 130 per cent and 134 per cent.

In this context, 289 does not appear to be minority at all, does it?

ALCOA Controversy Continues

It is to be noted the CALCO Council of Local Governments to include Casselberry, Altamonte Springs, Longwood and North Orlando which began with such high hopes for cooperation among the cities has had so much squabbling of late.

Chairman of the organization, Mayor Ken Brown of Longwood told his City Council earlier this week that he still awaits a decision from Casselberry on his suggested methods of funding. Brown suggested initial membership dues be raised to \$1,000 with a special assessment to help raise some \$8,000 in matching funds for a \$16,000 state-federal grant.

Savings have been pouring into these village banks at a fast clip, indicating a prosperity and a confidence not seen in rural South Vietnam for many years.

The feeling is that farmers and fishermen with this confidence will fight with whatever weapons they have if the North Vietnamese and Viet Cong attempt to take over their hamlets.

In any event George Gould of the state Department of Community Affairs was in South Seminole this past week and is said to have met with representatives of at least two municipalities on the problem. Perhaps, some sort of decision will be reached somewhere to proceed in a few days. Anyway, the regular meeting of CALCO is held on the first Wednesday of the month which means it would normally take place next Wednesday, the fourth. If the rotation plan continues as it has been, it will probably be in Longwood.

Gunter Eyes New Seat

Not to bow our own horn or anything — But some months ago we predicted that a new congressional seat would be designated in reapportionment to represent part of Seminole, part of Orange and parts of other counties in the state.

One wonders about the regular meeting of CALCO is held on the first Wednesday of the month which means it would normally take place next Wednesday, the fourth. If the rotation plan continues as it has been, it will probably be in Longwood.

Congressman Bill Chappell, D-Orla., will retain the Sanford area, a Democratic stronghold, while the South Seminole portion which generally votes Republican will be part of the district wherein Gunter will run. Gunter, unlike many Democrats, however, usually carries the Republican precincts as well as those of the Democratic ones in the district.

So we mentioned several times last week, filing for state, national and local offices will take place in July.

Rumors continue to float in the City of Longwood concerning prospective development in or near the municipal limits. Latest is that a shopping center will be built on commercially zoned lands near SR 44 and I-4 outside the city. At the same time reliable sources indicate a study in underway to determine the feasibility of locating a national bank within the city.

Cost of land on SR 436 meanwhile has gone out of sight. The latest story is that one parcel of property fronting the busy highway has sold for \$70,000 an acre and will be used as a site of a 15 to 18 story building. Some \$50 million in new construction is to begin in earnest in the 1972 year and some \$117 million in new construction is predicted to begin in the next 18 months. The expansions and improvements to the water and sewer system there when completed are contemplated to be able to serve 40,000 persons, according to official figures.

Water Improvements Slated Meanwhile back in Longwood again, Ken Brown apparently wore a string on his finger and remembered the water shortage problems in the city. Actually said to be suffering the most, especially with pressure, is the Longlake area served by two lines.

One thing for certain those living in Longlake have found that one cannot do dishes while another in the family is taking a shower. The situation should be cleared up soon, hopefully. About four months ago the city had a similar problem. Brown and City Attorney S. Joseph Davis Jr. were authorized to negotiate and prepare the proper documents to acquire a short-term loan of \$111,000 to finance the improvements needed immediately to the present system.

City Engineer Willis Palm gave the city alternatives of doing the necessary improvements and expansions to allow service to an anticipated 8,000 population all at once at cost of \$300,000 or of taking the project in two steps.

Palm was told to prepare plans on the improvements in two steps.

Another Lawsuit? Predictions of things almost certain to happen — The Longwood-Markham Road property planned for development by Trin-Tick Construction Company, commencing in Brown Creek and City Attorney S. Joseph Davis Jr. were authorized to negotiate and prepare the proper documents to acquire a short-term loan of \$111,000 to finance the improvements needed immediately to the present system.

Reds Seize Town

SAIGON (AP) — North Vietnamese columns of tanks and infantry smashed through South Vietnam's northernmost city, U.S. military destroyers poured 10,000 rounds into the Dong Ha area, nine miles north of Quang Tri, after the South Vietnamese fell back.

An Air Force F4 Phantom jet was hit by a surface-to-air missile east of Quang Tri, but the two crewmen parachuted into the South China Sea and a helicopter rescued them.

The South Vietnamese command reported that fighting was still raging south of Dong Ha, but field reports said battles erupted on all four sides of Quang Tri.

At least 11 of the enemy tanks were reported destroyed by South Vietnamese armored forces and artillery and by U.S. aircraft during a three-hour period this morning.

Kleindienst Faces Battle With Senate

By TOM SEPPY Associated Press Writer

WASHINGTON (AP) — Richard G. Kleindienst is overcoming perhaps the biggest hurdle, winning Senate Judiciary Committee approval in his bid to become attorney general. But he faces yet another roadblock before the full Senate.

The Judiciary Committee Thursday reaffirmed its confirmation of the Kleindienst nomination after a two-month investigation of alleged Justice Department improprieties in the settlement of an antitrust suit against International Telephone & Telegraph Corp.

Liberal Democrats on the committee, defeated in their attempt to continue the hearings, said they would fight Kleindienst nomination when it reaches the floor, probably several weeks from now.

Sen. John V. Tunney, D-Calif., an opponent of the nomination, said he favored full discussion of the issues before the full Senate.

Travel Funds Needed Esther Williams, Spanish teacher at Seminole High School, is taking a group of students from Seminole, Lynn and Oviedo High Schools in a comparative culture study to Europe for six weeks, beginning June 29. They are leaving from Washington, D.C. and are in need of money for transportation to and from Washington.

They are calling on the citizens of Seminole County to help with monetary problems and with transportation. There is a fund set up for this purpose at the United State Bank of Seminole. Please send contributions to:

Plant Construction Is Near Completed

The City of Maitland sewage treatment plant expansion project should be substantially complete and placed in operation by June 30, according to Utilities Director William Pinch.

He recommended to the County Commissioners the moratorium on new construction be cancelled and the normal issuance of building permits be resumed in the Indian Hills-Maitland Utilities Corporation service areas as of Monday, May 29.

In reporting to the board, Pinch said there is no adequate check on water and sewer availability before permits are issued.

Present procedures do not provide for review of individual building permit applications to insure compliance with the Seminole County utility regulations and the issuance of building permits for new construction with inadequate fire protection (fire hydrants) and other similar discrepancies has occurred on numerous occasions according to the utility administrator. "In the Sanlando area, many permits have been issued in spite of inadequacy of the treatment plant."

Pinch continued, "Since the board recently decided that my office should not be staffed to perform this review function, some other procedure should be promptly established. We have a good set of utility regulations. Compliance should be insured prior to issuing any building permit."

All notified parties have been interested that an application for Maitland to purchase Indian Hills Utilities present flow is 70,000 gpd, planned 100,000 gpd. Future flow 177,500 gpd, with a total anticipated 803,000 gallons per day. All of this means that the aggregate total gallons per day will be raised from 1,164,000 to a total of 1,967,000.

A work session with the Board of County Commissioners has been set for May 9.

Altamonte Mall Rite Slated In 60 Days

By MARION BETHAE

ALTAMONTE SPRINGS — According to Mayor Lawrence Swafford ground will be broken within 60 days for the plush Altamonte Mall.

Developers have requested several variances from the city, and Mayor Swafford contended these presented nothing unreasonable and the project should have "fast tracking."

In other news of development within the city, council approved upon second reading, the annexation of the Lake Destiny tract located south of Spring Lake Hills, west of Wynore Road.

The property, comprised of 21 acres, is being developed as a 248 unit apartment complex to be logically known as "Lake Destiny Apartments."

Developer is Grand Hotel Company, Palm Beach, Fla. "You are in the city now," commented Mayor Swafford, "you can get a building permit."

Mayor Swafford was authorized to execute an agreement between the city and Spanish Trace Apartments to assume control of the lift station, lines and easements at Spanish Trace. This agreement paved the way for the approval, upon first reading, of an ordinance annexing an additional 22 acres for the complex, east of Wynore Road, west of I-4.

Work upon an

County-State Merger Urged

Pollution Pact Eyed

By ANN SIECZKOWSKI

A proposal that Seminole County become a subregional office of the State Department of Pollution Control was presented to the Board of County Commissioners by Al Senekovic, regional pollution control officer.

According to the state representative, the personnel would be Seminole County employees, but would actually operate under the technical direction of the state, with the overall technical operation under the direction of the regional engineer.

The plan for contractual agreement would be based on a similar agreement made between the state and Escambia County, with specific provisions for Seminole needs and standards.

The intent of the program is to develop a pollution control program to protect the public health, welfare and environment of the citizens of the county.

In the accomplishment of the agency objectives, the chief investigator will establish and maintain full working cooperation with all state and federal agencies responsible for pollution control and the protection of our environment.

To increase the strength of this working cooperation, the local anti-pollution ordinance required to implement the program will adopt all existing air and water quality standards embodied in the rules and regulations of the Florida Department of Air and Water Pollution Control.

The letter, which had previously been presented on April 11, was then delayed 80 days for referral to the city zoning board.

A motion to authorize the attorney to prepare an annexation ordinance died for lack of a second, and the petition was referred to the zoning board for recommendation.

The property is excluded from the 30 day moratorium, since it had been previously rezoned under a different ordinance.

Commission Chairman Greg Drummond asked, "Can we invoke our own standards or would we have to use yours even if they are lower?"

Knuckles said the city of Sanford is willing to cooperate with the county in obtaining a second county judge for the county.

It will be many years before the cities can afford their own pollution boards. This project would save some money and would not appear to hamper local efforts.

Drummond said he felt the idea is worth pursuing once thoroughly investigated. "I would fear that the board would be permanent. The state standards are high naturally, but they don't necessarily meet Seminole County standards. We can submit the information to the state for an opinion and approval, but definitely not on a permanent basis."

The state representative of the pollution control office said the counties might adopt standards which they are able to enforce — standards which are not realistic. "The State Pollution Board programs may eventually have to be under one grouping. We have some problems now. We would advise that the county not jump into the local program 'right now.'"

DEAR ABBY: I own my own business, and I have many high school students for part-time work. Abby, you cannot imagine how many parents call me and ask if I have a job for Mary or Billy!

If Mary or Billy want to work, they should do the asking. Having Momma or Dad ask for them doesn't say much for their child's initiative.

I feel it is important for young people to work, and I give as many of them a break as I can, but I have made it a policy NEVER to hire anyone whose mother or father calls and asks me to put their child to work.

Let's face it, the biggest job in the world is to be a parent. Let's face it, the biggest job in the world is to be a parent. Let's face it, the biggest job in the world is to be a parent.

DEAR AUNT: It is proper under the circumstances that all gifts be returned.

DEAR AUNT: My wife and I remarked on the number of letters in your column from couples who were married 20 years or more and have made a mess of their marriages.

When a person seeks employment and gets a job he wants, does he sit back and relax just because he got the job? No, he works at it.

That's the way it is with marriage. It has to be worked at. The wife and I will be married 25 years in November. We have three children, one married, one engaged, and the third practically out of the nest, but we have never put our children before each other. That's the first rule.

My job is supporting her and the kids and letting her know I appreciate her. I help her when I can. (A few years ago I discovered outdoor cooking, and I'm sorry I didn't discover it years ago. I'm the "cook" which takes a lot of work off her shoulders.)

I'm not saying we don't have our differences. What couple doesn't? But our marriage is working because we both WORK at it. And the job is never finished. STILL WORKING.

DEAR STILL: Your "work" sounds like a pleasure because you've set up ideal working conditions. Bless you and your "queens," and may you celebrate your 50th.

CONFIDENTIAL TO "ANONYMOUS PLEASE": The man who is your legal husband at the time of your baby's birth is the baby's legal father. No lie, ends or buts. You should see a lawyer anyway.

What's your problem? You'll feel better if you get it off your chest. Write to Abby, Box 678, Los Angeles, Cal. 90016. For a personal reply enclose stamped, addressed envelope.

WIN AT BRIDGE Plays 'Like a Millionaire'

By Oswald & James Jacoby

Some years ago Hal Sims told a lady that she played bridge like a millionaire. The lady failed to realize that this was a dubious compliment.

South played today's hand like a millionaire also. He won the club lead and promptly drew his trump with three leads. Then he tried the spade finesse. It worked nicely and our millionaire looked around for some way to get to his hand. He did so by leading dummy's last trump. This repositioned the spade finesse.

South wanted to get back to his hand for a third spade finesse but he had wasted his entries on riotous living. He had to lay down dummy's

Want a job? Then you should do the asking

By Abigail Van Buren

DEAR ABBY: I own my own business, and I have many high school students for part-time work. Abby, you cannot imagine how many parents call me and ask if I have a job for Mary or Billy!

If Mary or Billy want to work, they should do the asking. Having Momma or Dad ask for them doesn't say much for their child's initiative.

I feel it is important for young people to work, and I give as many of them a break as I can, but I have made it a policy NEVER to hire anyone whose mother or father calls and asks me to put their child to work.

Let's face it, the biggest job in the world is to be a parent. Let's face it, the biggest job in the world is to be a parent. Let's face it, the biggest job in the world is to be a parent.

DEAR AUNT: It is proper under the circumstances that all gifts be returned.

It worked nicely and our millionaire looked around for some way to get to his hand. He did so by leading dummy's last trump. This repositioned the spade finesse.

WIN AT BRIDGE

South wanted to get back to his hand for a third spade finesse but he had wasted his entries on riotous living. He had to lay down dummy's

POLLY'S POINTERS

Here's Way to Change Finish on Furniture

DEAR POLLY—I think R. B. will find changing her golden oak buffet to a mahogany finish quite easy—the opposite would be harder. If the finish is already smooth, go over it with fine sandpaper or steel wool, always following the grain at the wood—NEVER ACROSS THE GRAIN. Wipe off all dust and apply a coat of mahogany stain, again following the grain. When this is thoroughly dry, apply a coat of either shiny- or dull-finish varnish in the same direction. When this is thoroughly dry, use fine steel wool or the finest sandpaper so as not to remove the varnish, but to smooth it. Apply a second and third coat following the same sanding process between each one to build up a good finish. After the third coat is dry, apply a liquid furniture polish to which you have added a little powdered rotenone. Rub with a piece of terry cloth until you bring out the beautiful finish.—ETHEL

DEAR READERS—Some may prefer waxing to furniture polish, but this is a matter of personal taste. I also prefer removing the old finish completely before starting such a job and the use of shellac instead of varnish for the three or four build-up coats, and sanding in between each to cut any streaks. Again this is a personal preference but I feel the shellac finish produces a softer patina.—POLLY

Polly's Problem

DEAR POLLY—I used a felt-tipped pen to write on the back of my snapshots of my baby. Evidently the ink was not dry when I stacked them for the writing on the backs smeared on the fronts of each to cut any streaks. Again this is a personal preference but I feel the shellac finish produces a softer patina.—POLLY

DEAR POLLY—A. T. G. and other news vendors complain of the money they lose but Pet Peeve is just the reverse. Those same vendors never mention the extra money they make on the change. They just take the customer's coins and do not pay off with a paper. I find this happening all too often.—MRS. E. D.

You will receive a dollar if Polly uses your favorite homemaking idea, Pet Peeve, Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

CARROLL RIGTER'S horoscope SATURDAY

from the Carroll Rigter Institute

GENERAL TENDENCIES: A day and evening when you have a good chance to find out the specific manner in which to handle duties satisfactorily. Many plans are made on paper, on best ways to accomplish a particular course of action, and then go ahead with it. Good also for personally tidying up your surroundings.

TAURUS (Apr. 20 to Apr. 19) Know what your true responsibilities are, and then do your best to discharge them sensibly. Don't neglect important governmental matters, or get into trouble later on. Make your home more attractive, comfortable and cheerful.

TAURUS (Apr. 20 to May 20) Come to a better understanding with a partner with whom you have disagreed badly of late. Get at the root of the matter that is bothering you. Many situations exist that show you what your position is with the public in general.

GEMINI (May 21 to June 21) If you tackle that work before you now with vim and vigor, you find you are accomplishing more than you thought. Plan a little time for improving your health. Stop letting other people get the best of you.

MOON CHILDREN (June 22 to July 21) Take care of details now for any recreational pleasures you have planned and they will work out much better. Show emotional attachment great devotion and gain the backing you need for pet projects. Don't be glib about your plans. Plan your routines at home much better so you have more leisure time and do not get so tired. Some small gift for close tie who is not feeling up to par is wise. Do not permit some tooth trouble to go unattended.

VIRGO (Aug. 22 to Sept. 22) Get out early for that shopping and visiting that will put you in touch with interesting people. Secure the help you need. Your interests you receive can open new doors of opportunity for you.

GENERAL TENDENCIES: Until shortly after midday most people are likely to be too abrupt and critical in their comments to others, but later extremely good aspects are in effect for making changes, gaining information of importance and traveling or arranging a future change of location. State your mind directly tonight.

LEO (Mar. 21 to Apr. 19) You had better wait until after lunch when you get right facts and figures concerning the matter you have to decide about that is important to you. Investigate new outlets, but don't just jump into them now.

TAURUS (Apr. 20 to May 20) Morning finds you having to take care of some income duty, but then you can still get out to places and see people you enjoy. Keeping prompt made to others is most important in p.m. Clear the date for a happy week ahead.

GEMINI (May 21 to June 21) If you have long conversations with associates during late time today, you find you come to a perfect understanding. Plan some day for that public work you have assumed. Show you are most capable at it.

MOON CHILDREN (June 22 to July 21) It may be surprising for you to work today even though it is Sunday so get at it willingly, then show bigwigs appreciation. Go over your wardrobe and see where it needs replenishing and refurbishing. Plan it now.

VIRGO (Aug. 22 to Sept. 22) Take more interest in your home and family today and establish more harmony and comfort there. Know what is of greatest importance to you and concentrate your efforts on that, also the future can be as bright as you visualize it.

LIBRA (Sept. 23 to Oct. 22) Begin the day properly by attending services you like and become spiritually strengthened. You want to enjoy the company of others and the evening is the best time for that. Avoid one who has an axe to grind.

SCORPIO (Oct. 23 to Nov. 21) Enlarge your thinking to include greater things so you can have increased prosperity in the right way. You can get advice from an expert in your own field and that can be most helpful. Avoid one who argues too much.

SAGITTARIUS (Nov. 22 to Dec. 21) The morning starts with some difficulties cropping up, but as the day progresses all becomes much more favorable for you. Dress well and be neat in social life where you can make big headway, meet interesting people.

CAPRICORN (Dec. 22 to Jan. 20) Investigate the true principles under which you want to operate in the days ahead. SAGITTARIUS (Nov. 22 to Dec. 21) Let there be a good reason for entertaining, otherwise forget it. Don't ask for favors point-blank. Improve your health through exercise and diet. Show that you are capable.

CAPRICORN (Dec. 22 to Jan. 20) Don't do anything that will make others think less of you. Also, be sure to get your credit improved. Show others that you are thoughtful of them. Think logically.

AQUARIUS (Jan. 21 to Feb. 19) Don't criticize a good friend but do it in the way you like. Study his or her methods and see if they are not superior. Show loyalty to friends. Stop wasting time.

PISCES (Feb. 20 to Mar. 20) It's an ideal day to see good friends but don't let them know you're there. Group affairs are not particularly good now, so forget them. Being objective is your best bet at this time.

IF YOUR CHILD IS BORN TODAY... he or she will be a social star, and make the new acquaintance who can help you reach your aim faster. Drive expertly.

SAGITTARIUS (Nov. 22 to Dec. 21) You can get needed information tactfully from those who have it. Put it to work quickly and wisely. Avoid the social event that is important, which will help you meet the right people. Make your life more worthwhile.

AQUARIUS (Jan. 21 to Feb. 19) Analyze your work duties to handle, and this is the right day for that. Then cut to a social affair, and make the new acquaintance who can help you reach your aim faster. Drive expertly.

SAGITTARIUS (Nov. 22 to Dec. 21) You can get needed information tactfully from those who have it. Put it to work quickly and wisely. Avoid the social event that is important, which will help you meet the right people. Make your life more worthwhile.

Miss Godwin Bride Of J.E. Whigham

MISS REBECCA LAYNE GILES

Rebecca Giles, S.C. Guillemette To Marry

Mr. Wesley Earl Giles Sr. and Mrs. Thekla Lane Giles of Lake Monroe, announce the engagement and approaching marriage of their daughter, Rebecca Layne Giles, to Stanley Clifton Guillemette, son of Mr. and Mrs. Theodore M. Guillemette of 402 Carlisle Avenue, Altamonte Springs.

The bride-to-be was born in Pensacola and is a 1964 graduate of Seminole High School. She is a graduate of South Georgia College, Douglas, Ga., 1968, and Valdosta State College, Valdosta, Ga., 1970.

She is presently employed as a teacher at Crooms High School, Sanford, and as youth director at Community United Methodist Church, Casselberry.

Mr. Guillemette was born in Waterville, Me., and was

Miss Margaret Lynn Godwin became the bride of Julian Eugene Whigham March 28, 1972 at 7:30 p.m. at Convent Presbyterian Church, Marietta, Ga.

Rev. Paul O. Kapperman officiated at the candlelight, double ring ceremony. Organist, Mrs. Van W. Miles, Atlanta, Ga., presented a program of nuptial selections and accompanied soloist, Mrs. C. R. Vaughn, Marietta.

The bride is the daughter of Mr. and Mrs. Charles D. Godwin, 1189 Seminary Drive, Sanford, and the groom is the son of Mr. and Mrs. Julian B. Whigham, 806 Plumosa Drive, Sanford.

The bride also wore a diamond necklace, a gift from the groom; (her something old was a dinner ring which belonged to her grandmother, the late Mrs. Ruth Brisenidine Godwin, Atlanta, and carried a borrowed handkerchief which had been used by her mother, Mrs. Wesley Louwama, Sanford, sister of the groom and Mrs. Sylvia Lane, Marietta. Her gowns and flowers were identical to those of the honor attendant.

The groom's father was best man and serving as ushers were Wesley Louwama, Sanford, Roger Coleman, Birmingham, Ala., and Thomas J. VanSant III, Marietta.

The groom is employed by Whigham Furniture Co., Orlando and the bride is an X-Ray technologist.

Out-of-town guests included Mr. and Mrs. Wesley Louwama, Whigham, Sanford; Mr. and Mrs. Roger B. Coleman, Birmingham, Ala.; Mark Whigham, and Johnny Whigham, Sanford.

MR. AND MRS. JULIAN EUGENE WHIGHAM

Gardeners Elect New Officers

South Seminole Garden Club elected officers for the coming year at their monthly meeting at the Casselberry Woman's Club.

Mrs. R.L. Buffalo was re-elected president and others named were Mrs. Ralph Newcomer, vice president; Mrs. Lu Carlson, recording secretary; Mrs. Velvet Jacobs, treasurer; and Mrs. W.W. Wilson, corresponding secretary. Installation will be May 15 at the House of Beef.

Exquisite decorations in a color scheme of bright pink and green adorned each table.

The tea table had many beautifully decorated petite favors iced in pink and green, little open faced sandwiches and a huge bowl of fruit punch.

Artistic Mrs. Axel Orenberg, chairman of hostesses, and her assistants, Mrs. J.R. Dobson and Mrs. W.W. Wilson decorated the tables and made the sweets.

Jr. Woman's Club Loves Thy Neighbor

At the request of Mrs. Herschell (Mary) Pyle, recently elected president of the Longwood Civic League, Mrs. J. J. Siczekowski called together a group of the leaders of the Sanford Junior Woman's Club which was organized during Mrs. Siczekowski's term as president of the Sanford Woman's Club.

Present at this meeting were Mrs. William E. (Carol) Kirchoff Jr., who worked for several months with Mrs. Siczekowski in planning the organization of the Sanford Juniors; Mrs. Sidney Vihlen, one of the past presidents of the organization; Mrs. Margaret Suber, retiring president; Mrs. Eve Crabtree, incoming president; Mrs. Linda Reck and Mrs. Mary Anne Bothe.

From the Longwood Civic League were Mrs. Charles (Joanne) Peterson.

Mrs. Pyle said that she feels that there are a large number of young women from the ages of 18 to age 40 who will be interested in joining an organization of women of their own age and interests and who

will hopefully become the future leaders of the Longwood Civic League.

It is the desire of the members of the Civic League to sponsor such a group in a similar relationship as is enjoyed between the Sanford Juniors and Sanford Seniors.

Because this will be an entirely new venture for the Civic League members, Mrs. Pyle asked Mrs. Siczekowski and the Sanford Juniors to advise her in the proper procedures toward organization of their group in the Sanford area because they consider it a compliment to their success that their efforts have been recognized as worthwhile for the community.

Of course, this will be a real pleasure and a labor of love for this outstanding group of young women.

Another meeting is scheduled for early in May between the leaders of the two groups.

Spring Frolic Luau Needs Support

According to LINDA RECK, reservations are NOT ABSOLUTELY necessary and you can pay the tab at the door.

For those who DO desire to make up a table, please phone Linda at 322-9546, or EVE CRABTREE, 323-4073.

We want you, meet you and will be a total flop without you! HELP!

By DORIS WILLIAMS SOCIETY EDITOR

Dare to be bold!

So help me, this is the last time you'll hear from me regarding Seminole Mutual Concert Association's Spring Frolic Ball...until after the ball is over, that is.

In fact this is the last Herald publication before the ball which is tomorrow night at Mayfair Club, beginning at 8 p.m.

Bored, huh? NOW HEAR THIS! Proceeds from this ball will support the concert association to further a cultural element surrounding all-Seminole.

The association has already booked FRED WARING, HILDEGARDE and THE FLORIDA SYMPHONY for the 1972-73 season...and these artists don't come cheap.

EVERYBODY'S INVITED! The ball will take on shades of the Tropics, it will be strictly INFORMAL and luau chow will be served.

Forget about dragging the tax and ball gowns out of the moth balls and dress to suit your mood.

Admission price is 20 bills per couple...which includes Tropical punch, food, and dancing to the music of RICK MONTARANO.

In addition to delightful music for dancing, Rick is bringing with him to Sanford, DANCING POLYNESIAN girls who will stage a magnificent floor show, complete with the fire dance.

Can't ask for anything more! Yes, Dear Hearts, I know...this is going to be the weekend that WILL BE, IS and WAS...in fact, would you believe, almost LOST?

NOW HEAR THIS! Since many plan to attend SHERIFF JOHN POLK'S Appreciation Day...please make this one, also...and then come on to the Spring Frolic Luau. The sheriff's shindig will be over at 7 p.m. with plenty of time to "do" both events...so why not make Saturday a day of appreciation on all counts.

Another REMINDER! According to Margaret GANAS (see, too) Sister set by George's date for the Fourth Annual Sidewalk Sale is May 19 in downtown Sanford. All non-profit organizations are invited to participate in swell their treasury through the sale of their own pet projects items.

MRS. HERMAN JACOBSON (at Ro-Jay) is in command so please register with her as soon as possible. Locations will be allotted on a "first come, first served" basis.

HURRY!

Dance, ballerina, dance!

That was the order of the past weekend when dancers of Ballet Guild of Sanford-Seminole participated in Southeastern Regional Ballet Association's Spring Festival in Atlanta.

They're still talking about the marvelous trip, the fabulous ballets with time out for lessons under the instruction of the country's finest dance masters.

The dancers jettied off to Atlanta accompanied by the artistic directors of Ballet Guild, MIRIAM RYE AND VALERIE RYE WELLS.

Two mothers chaperoning the trek were MRS. JACK (MIMI) GREENE and MRS. TOM (DORLA LEE) RUSSELL.

The proud mammas (and if you don't believe their daughters are the world's greatest ballerinas just ask them) report the Southern hospitality reigned supreme to

The Sanford group, well, IT SHOULD have! The dancers, their parents and all allies are the greatest! Sometimes, I wonder if the populace of Sanford is aware of this talented ball company and what a credit to Sanford the dedicated group is! Don't worry! I'm gonna knock myself out trying to inform you!

Phew! Got outta that one...I hope!

On April 25 faculty members of Seminole Junior College attended a luncheon honoring MRS. BERNICE HOYLE and THURSTON CHILD, fellow members who are retiring this year.

BURT PERINCHIEF, past-president of the faculty senate, acted as toastmaster for the occasion, and tributes to the honored guests were presented by CHARLOTTE LAWRENCE and DAVID EHLETT.

ROBERT TROTTO, representing the Student Government Association, presented Mrs. Hoyle and Mr. Child with plaques expressing appreciation for their outstanding and devoted service to the teaching profession.

Mrs. Hoyle, a native of Michigan, has taught at Seminole Junior College for

four years. Mr. Child's native state is Colorado, and he has also taught at Seminole Junior College for four years.

Both taught in the Humanities and Communications Division at the college.

It was so nice running into TEDDY ABLES while on a shopping spree this week...she is such genuine earth people. I miss Teddy with Sky Anchor Toastmistresses, the toastmistresses miss Teddy and Teddy misses toastmistresses.

TO MERRY MARILYN GORDON — since you are a novice in your new hobby of printing and developing pictures and find dark room technique fascinating...wake up and live!

Just in case...and take it from an old pro...you think all there is to it is a myopic eye condition, nearly broken back and alienated

I predicted...via the written word...that STELLA WOODHOUSE was probably upsetting Greece.

Well, she did!

Upon her return, her account of the fun-filled trip was most exciting, interesting and hilarious. She had a bash...a la Greek style.

The vivacious blonde promised to send me a boatload of Greek goods and from all reports had the Greek Navy sailing for the banks of the good ole old U.S.A.

Yes, she did bring me a Greek god...a statue, that is...quite a gal, that Stella!

CORRECTION! SUSAN ELIZABETH SKRINER, daughter of MR. AND MRS. JOHN D. CRIM, will become the bride of GARRY WAYNE RAY on May 6, 2 p.m., at Palmetto Avenue Baptist Church, Sanford.

I had Susan heading down the altar at First Baptist in her engagement announcement. Sorry!

So will all friends and relatives of this happy betrothed couple please attend the wedding? No invitations are being mailed.

FACULTY MEMBERS of Seminole Junior College retiring this year, Mrs. Bernice Hoyle and Thurston Child, were honored at a luncheon. They are shown with Robert Trotto, Student Government Association president.

on Frosty's Fairway by Ron Frost

Most of the competition this week at Mayfair came from the women. In their weekly outing, the gals played a Scotch foursome tournament which saw Hazel Durso and Jane Topper pick up first prize by a 67. Second place went to Frances Banks and Lib Robertson with a 68.

The nine hole group played low net, in which Marjiam Aekwon won the single prize by turning in the lowest score of 41.

The monthly Doris Money award went to Peg Billups, wife of, of, O. Well, I think he is the starter out there. Anyway congratulations, Peg!

Don't forget that this Sunday is the annual singles and doubles mixed tournament as well as the Grandmothers and Grandfathers tournament. It's sponsored jointly by the men's and women's golf associations, with the women doing most of the work. It is one of the highlights of the year, so grab your partner and join in the fun. There will be a dinner Sunday night at the club. So far as I know, the tournament will be a two partner, best ball event.

So many people have criticized the condition of the greens at Mayfair lately, particularly the ones on the front side. However, maybe you have noticed that much work and effort have gone into restoring the greens, and the results are beginning to show up.

I just remembered Peg Billups husband's name. It's George. And while we are on that subject, George says that he caught the third hole a couple of weeks ago. He had a hole out an eight on second shot. Did anyone see it???

The men's association will hold an individual points tourney on May 67. Members can play one round for the tourney either Saturday or Sunday.

Valley Forge

Low putts was the name of the game at Valley Forge last Tuesday for the women members. In "A" Flight, Maggie Thompson, Lois Smith and Patsy Mioducki all recorded just 20 putts each in their rounds, and wound up splitting first place. Second place also finished in a tie at 21 putts between Nannie Lee Schramm and Betty Dumas.

In "B" Flight, publicity chairman Fran Albrecht not only won first place with 30 putts, but also scored her best round ever. Fran played the front side in even par 36, and turned the back side in 46, totaling 82, her best score. Fran's 17-18 and 19-20 were also members of handicaps. In fact, Larry has been doing a tremendous job as handicap director.

Second place in "B" Flight was shared by Beth Sears, Jane Montgomery and Cindy Casper. They had 32 putts. "C" flight saw Ruth Davis alone in first place with 32 putts, while Helen Cramer took second spot with 37 strokes.

Rolling Hills

The Rolling Hills Men's Golf Association held a two partner, best ball event last Saturday. Low score for the day was a three under par 68, carved out by Fred Harvey and Eddie Miller.

Low net for the day was a 61 which was turned in by Jack Shannon and Abe Gordon. Frank Eaton Jr. and Herm Hornize combined for a best ball of 61, and took second place money. Again Jack Shannon teamed with Glen Williamson for a 64, picking up third place.

A mixed two partner, best ball was played on Sunday. Low score ended in a tie at 71 between John and Millie LaRuche, John Basso and Fred Harvey. There was only one low net prize for the day and that went to George and Phyllis Cardanica, Bob and Cecy Bereng. Both teams finished at 62. The men at Rolling Hills are presently in the midst of their club Championships tournament. The match play event includes championship and four flights.

The first round in all flights has been completed, and in most matches we have scores. Championship Flight: The current Club Champion, Billie Gordon, defeated his dad and teacher 3-2; It was Bill Hermann over Jack Shannon 2-1; Roy Gilbreath over Tom Harvey 7-4; Stan Williams over Reed Gregory; Fred Harvey over Bill Munn 5-2; Eddie Miller over Kay Taylor 2-4; Jack Sheubert over Randy Grady; Bill Norman over Tom Tooles; Bob Stockman over Tom Lang; John LaRuche over Andy Lehtoy 1-4; Chuck Lytle over Terry Riordan 4-3; John Nicholson over Bill Carr 1-4; Bradley over Fred Tamler.

In first flight, which was made up of the first round losses in championship flight, 2-3 Gordon defeated Jack Shannon; it was Hal Clark over Joe Quack; Tom Harvey over Reed Gregory 2-1; Kay Taylor over Bill Munn; Tom Tooles over R. Grady 2-1; T. Lang over Andy Lehtoy 6-4; Terry Riordan won by a default; and Fred Tamler won over W. Carr 2-3.

Second Flight: R. Bennett defeated A. Bets 1-4; it was V. Johnson over Larry Priore 4-3; R. Ferguson over John Franklin 4-3; O. Weiman over Bob Oliver; Frank Eaton Sr. over Pete Bortner; Sam McWilliams over J. Schoultz; T. Harvey over Peter Lytle 3-2; and W. Rouse over J. Coleman. In Third Flight: R. Norton over R. Johnson; D. Wells over K. Klaus over M. Parker 5-2; W. Wright over J. Barkes; J. Bidwell over D. Williamson; R. Copeland over R. Hughes; F. Weaver over Bob Luan 2-4; D. Lee over George Higgins 3-2; and Lytle Nelson over George Cardanica 2-3.

Fourth Flight: R. Norton over R. Johnson; D. Wells over W. Richardson; Gerry Varni over R. Corrado 1-4; 18th hole; R. Brandt over Bob Gaud; H. Tucker over Fred Darling 1-4; and Bob Taylor over Walt Blake.

Whips Stetson B Team, 12-1 Raider '9' Ties School Mark for Wins

DeLAND—The Seminole Junior College Raiders boosted their season mark to 31-13, tying the record for wins, as they blasted the Stetson University "B" team 12-1 yesterday at Conrad Park.

The Raiders need only one more win to break the record set back in 1969 when they also posted 31 victories.

CLUB CHAMPION of the Mayfair Women's Golf Assn. is Betty Daniel, left, shown receiving trophy from Mrs. Ralph Ray. At right is runner-up for club championship, Lib Robertson. Trophy presentation was made this week. (Don Vincent Photo)

Today the Raiders host Valencia in a 1 p. m. twin-bill with Mike Kelley pitching the game and either Mitch Moyer on Dun Nay on the mound for the Raiders in the second tilt.

Tomorrow SJC is home against Florida Bible College in a 10 a. m. game. Dan Corban is the probable pitcher for that tilt. The game will be played at the Seminole Little League Park on SR 419 near Five Points.

The eight boys who will go to the All-Star Game to compete for the national title will be selected from the winners of the regional tournaments.

The Raiders close out the regular season this weekend as they prepare for a trip to Winter Haven, site of the 1972 state tournament. The Raiders will be expected to exceed 700,000. The tournament will be double elimination, giving teams a chance to win even with one loss against.

The Raiders go into the tournament as the Division II runners-up. St. Johns was the division champion.

Registration Now Open For Pitch, Hit & Throw

All boys, aged nine through 12, in the Seminole County area soon will have an opportunity to test their baseball skills in a nationwide competition that will culminate with eight boys competing for national championships at the All-Star Game in Atlanta on July 25.

Registration will continue through June 4 and local contests will be held on June 10, according to Jim Jernigan, Sanford Recreation Director, the PH&T coordinator for this area.

Jernigan said he expects that several hundred boys from this area will register for the competition. Each boy competes with boys of his own age in three events—pitching, hitting and throwing for accuracy. Winners are determined on the basis of total scores.

Local winners will advance to district contests on June 17 at Tinker Field in Orlando.

Barbara Ann got the Life Savers award last month. She was named top female athlete in another poll. She was decorated by the Vermont General Assembly at Montpelier. She was guest of honor at an Olympic fund-raising dinner in Philadelphia.

And always at her elbow—watching her, kid sister crowned U.S. Skier of the Year Thursday, "but we're all proud of Barbara Ann. We just say it's another one for the family."

Whether he expected what happened Thursday night, though is debatable. It wasn't very different from what has happened pretty regularly to the Padres since their inception—with Gomez at the helm—back in 1969.

What happened is that they lost 4-3 to the Mets. It was San Diego's sixth setback in seven games while, for the Mets, Jerry Rouse pushed the way to victory No. 6 in a row.

And after Tony Perez was also supposedly passed to lead the bases with one out, Ted Uhlender, an off-season acquisition from Cleveland, got his first National League hit, a run-scoring single. Denis Menke then hit a sacrifice fly that proved to be the Reds' winning run.

Greg Luzinski's fourth home run of the season and the Phillies' fourth of the game snapped a ninth-inning tie and led to the Giants' downfall.

WOMEN'S SOFTBALL

Stromberg-Carlson 5
For Shoemaker Construction, Ginger Von Herbulis was four for four, all singles. Dale Gallien had a triple and a double. Laura West was a singles. Babe Von Herbulis, Francis Thompson, Lori Harper, Colleen Harrison and Shirley Thomson each had a single. For Stromberg-Carlson, Dot Bryant, Eve Audrey and Lyn Stewart each had a single. Winning pitcher, Shirley Thompson; losing pitcher, Nadine Williams.

Bass Tournaments Set Around State In May

Several bass fishing tournaments are scheduled for May, according to Tom Binstford, president of the Association of Bass Clubs, and publisher of The Florida Bass Fisherman magazine.

The Florida Bass Fisherman is published bi-monthly and is concerned only with bass fishing in Florida. Information concerning subscription rates can be obtained by writing the Florida Bass Fisherman Inc., P.O. Box 392, Casselberry, Fla. 32707. The magazine carries a fishing tournament wrap-up each issue.

The Lake Weir Chamber of Commerce is sponsoring a one-day tournament on Lake Weir May 13. Lake Weir is located in Marion County, 18 miles south of Ocala and 13 miles north of Leesburg.

Tournament sponsored by the Florida Bass Fisherman May 26-29 out of Sportman's Lodge in Welaka, located 15 miles south of Palatka.

Fishing waters will include Lake George and all waters of the St. Johns River. Partners will be drawn. Total cash prizes will be over \$5,000 with over 30 trophies. First prize is \$1,000 plus a trophy and the big bass will be worth \$500 plus a trophy.

Chartered buses have been lined up to take the wives and children to Walt Disney World while the men compete in the tournament. For further information, contact St. Johns Bass Anglers, P.O. Box 4123, Jacksonville, Fla. 32206.

The biggest tournament scheduled for the month of May is the Memorial Day Bass Tournament sponsored by the Florida Bass Fisherman May 26-29 out of Sportman's Lodge in Welaka, located 15 miles south of Palatka.

Over \$1,200 in cash and 15 trophies will be awarded to winners in the tournament. Information may be obtained from the Lake Weir Chamber of Commerce, General Delivery, Ocala, Fla. 32666. Their phone number is (904) 288-3751 or (904) 821-2526. Deadline for entry is noon Saturday, May 6.

Small boats will be used in the tournament. Information concerning subscription rates can be obtained by writing the Florida Bass Fisherman Inc., P.O. Box 392, Casselberry, Fla. 32707. The magazine carries a fishing tournament wrap-up each issue.

Padres Fire Gomez; Name Zimmer To Post

By BRUCE LOWITT Associated Press Sport Writer "I hope we're not all fired."

That was Don Zimmer's first reaction when he and fellow San Diego coaches Roger Craig and Bob Shemin met to discuss Wednesday morning, were told that Padres General Manager E. J. "Burriz" Bavanti wanted to fire him.

His job, however, were safe. It was Preston Gomez, the Padres' field manager, who got the axe. And it was Zimmer who got his job.

"I've always wanted to be a major league manager," said Zimmer, who went from the Dodgers' world championship club of 1955 in Brooklyn and 1959 in Los Angeles to become a charter member of the bumbling New York Mets in the course of his 23 seasons in professional ball.

"But I never expected it would happen like this," Zimmer added.

Whether he expected what happened Thursday night, though is debatable. It wasn't very different from what has happened pretty regularly to the Padres since their inception—with Gomez at the helm—back in 1969.

What happened is that they lost 4-3 to the Mets. It was San Diego's sixth setback in seven games while, for the Mets, Jerry Rouse pushed the way to victory No. 6 in a row.

Greg Luzinski's fourth home run of the season and the Phillies' fourth of the game snapped a ninth-inning tie and led to the Giants' downfall.

How To Beat Knicks Make All Shots, Hope For Tie

By RON ROACH Associated Press Sports Writer LOS ANGELES (AP) — Question: "How do you beat the New York Knicks?"

Answer: "Make all your shots and hope for a tie."

At least that formula would have kept the Los Angeles Lakers in Wednesday night's opener of the best-of-seven series to decide the National Basketball Association championship.

The Knicks won 114-92, surprising the Lakers and themselves with their uncanny accuracy in the first half when the game was decided. Bill Bradley and Jerry Lucas led the assault as New York made 72 per cent of its first-half shots, many of them from beyond 20 feet.

The Lakers and their coach, Bill Sharman, studied game tapes Thursday in an effort to gain an edge for the rest of the series.

New York forward Dave DeBusschere said, however, that the Knicks cannot expect to shoot so well the rest of the series.

Taking DeBusschere's word for it, then, Los Angeles (perhaps) has a work order on the scouting report of K.C. Jones, assistant coach.

That Los Angeles is highly aware that "If I had 10 boys," said Wilson, one of the high school's two teachers, "we'd have eighteen football."

But Lester doesn't have 10 boys, so Wilson has concentrated on track. He has nine of the school's 13 students competing for him—five girls.

"One not out for the team, he said, "is 24 years old so he's quite rare in baseball but Trinity Prep's Bob Ficquette made it through the district playoffs and it's too bad Ficquette can not work since it was against Florida Central in the final of the Class A Academy 144 yesterday at Harper Shepherd Field.

Today the Saints go out against Florida Central again in the final of the Class A Academy 144 yesterday at Harper Shepherd Field.

driving a 30-mile run of potters isn't much fun at all. But transportation was only one of the problems Wilson had to overcome.

There were no facilities when Wilson decided on the track program, so team members pitched in to prepare the field.

A 220-yard grass track was staked out, starting blocks were made from 2x4s and nailed into the ground, and four makeshift hurdles were put together.

When sophomore John Jewett first jumped 16 feet in Lester's first meet, the team decided to build a pit.

"For punishment," said Wilson, "we'd give the school kids a taste of taking a sweat or moving out a wheel load of rocks. Then we borrowed a pickup truck went up to a bar on the river and brought back some sand."

Lester doesn't have an eight-pound shot so Laura Garris, senior shotputter, has to use the boys' 12-pounder. And the team doesn't even have a Wilson stopwatch.

"It broke so often," Wilson said, "we decided not to repair it anymore." So he uses a wristwatch with a second hand.

Even so, sprinter Dindira "Doc" Dumas has qualified for the girls' state meet. None of the boys have qualified as yet.

Lester's main worry, however, is Lester's mercenary population. "It's like a roller coaster, up and down," Wilson said. "But I'd still go ahead even if we had only one boy."

Parsons' single was followed by a booming shot to dead center by Ficquette. The ball was caught but it was so deep that DuBose tagged and scored from third and Parsons came around from second.

The third inning also produced two runs for the Saints. Mark Hanna singled and moved to second when Andy Parsons grounded out to short. Penn struck out to short.

John Kennedy was safe on an error by the Howey second baseman and ended up on third when the play ended. Farnham drilled a long fly to center on which Kennedy scored easily.

Another long sacrifice fly which scored two runs was the highlight of a four run fourth by the Saints. Walks to DuBose, Knowles and Hanna singled and moved to first. Ficquette accounted for one run, then came the long sacrifice fly off the bat of Penn. Kennedy's single brought in the fourth run.

Kennedy was the star of the show in the fifth when he drilled a shot into the left-centerfield alley after singles by Jack Madden, Parsons and Hanna had loaded the bases. Before the ball could be run down Kennedy

and the three runners ahead of him had circled the bases. The opposite field shot enabled Kennedy to get the jump on the fielder and score easily on a grand slam homer.

In today's game Hanna will get the starting assignment. He has a 7-4 mark for the Saints who topped their season record to 16-3 with yesterday's triumph. Hanna and Parsons were the hitting stars yesterday, each with two hits, sharing the spotlight with Kennedy.

Nine Of 13 Compete Track Is 'In' At Lester High

driving a 30-mile run of potters isn't much fun at all. But transportation was only one of the problems Wilson had to overcome.

safe boating for young skippers

10. Avoiding Collisions

When one boat overtakes another, the boat coming from astern is responsible for avoiding collisions. It must turn well to the right or left (whichever is safer).

When two boats are meeting head on, BOTH should turn to the right so they pass port to port side. It is permissible to pass starboard to starboard only if both boats are designed for that purpose.

When two boats are meeting head on, BOTH should turn to the right so they pass port to port side. It is permissible to pass starboard to starboard only if both boats are designed for that purpose.

FTU Borrows Shell, Then Wins Title

Something borrowed and something blue is usually reserved for brides-to-be but the Florida Tech rowing crew stole a page from that book and revised it to their liking.

They borrowed a shell from Alabama University, ours from Rollins College and then made everyone "blue" when they captured the Southeastern collegiate four-man rowing championship this past week.

(FTU Photo by Bill Ivey)

Womens Softball

For Shoemaker Construction, Ginger Von Herbulis was four for four, all singles. Dale Gallien had a triple and a double. Laura West was a singles. Babe Von Herbulis, Francis Thompson, Lori Harper, Colleen Harrison and Shirley Thomson each had a single. For Stromberg-Carlson, Dot Bryant, Eve Audrey and Lyn Stewart each had a single. Winning pitcher, Shirley Thompson; losing pitcher, Nadine Williams.

The Church...

...THE HOPE OF OUR COMMUNITY, OUR NATION!

the good earth

This is the soil, the good earth without which we could not exist. Suppose we woke up tomorrow to find a concrete world. Flowers would wilt, plants would die, and famine would sweep the land. God, in His infinitely wise planning, gave us the earth to make use of — to care for. Without this care, the soil and fields become barren.

People are not very different. We need three kinds of care if we are to flourish — physical, mental and spiritual. Unfortunately the last, in many ways the most important, is often most neglected.

The spirit is a great part of you! Nurture it by attending the church of your choice.

48—The Sanford Herald Red Tent Playing At Ritz

Gen. Umberto Nobile's ill-fated 1928 Arctic expedition is the dramatic "Red Tent" now being played at the Ritz Theatre in downtown Sanford.

This has been the decade of the "Star Spangled Girl." In color, she is a movie star. In black and white, she is a television sensation. In Sunday through Wednesday, she is a stage play.

Simple Comedy At The Plaza

Warner Bros. "Summer of '42" now showing through the Plaza Booking Club Theatre is an excursion into nostalgia for those who grew up in the 1920s and 30s.

My head opens, and was taken to the doctor, bleeding all the time. I was constantly being told to get out of the house. I was laughing too long. Now my statistics assure us that he is the most commercially successful playwright in the history of the American theatre.

CLAUDIA CARRINER's film "The Best Year of My Life" is a simple human comedy with a simple human message.

"Summer of '42" stars three regulars: Robert Mulligan, director; Robert Mulligan, producer; and Robert Mulligan, writer.

My head opens, and was taken to the doctor, bleeding all the time. I was constantly being told to get out of the house. I was laughing too long. Now my statistics assure us that he is the most commercially successful playwright in the history of the American theatre.

Expulsion Hearing Set For Student

By BILL SCOTT

The School Board was to meet this afternoon to consider at a public hearing expulsion proceedings against a South Seminole Middle School student. The girl has received three suspensions during the year for various infractions, according to a School Board spokesman, and is automatically expelled on the third suspension. Parents of the student have requested the hearing.

A 17-year-old girl, a senior at Seminole High School, formally expelled from class last week, six weeks before she was to graduate, has been fined \$102 in lieu of a 30-day jail sentence, on her guilty plea to striking a woman English teacher.

She was convicted of assault and battery charges by Municipal Judge Roger Berry the day after she was expelled from school.

Another teacher striking incident has occurred at Sanford Middle School with the disclosure that a 14-year-old girl had been suspended from class until the School Board can act upon a recommendation from principal Dan Pelham to expel the girl.

According to police records, the girl is charged with hitting a woman teacher, who tried to intervene in a fight between two students.

Betty Williams Lykens reported assault and battery charges will be placed against the student. School Board acted on total five expulsions last week to bring to 55, the total number of students removed from class since the beginning of the 1971-72 school term.

Headlines Inside THE HERALD

SOUTH VIETNAMESE defenders sag into a close circle around the besieged provincial capital of Quang Tri under pressure from one of the heaviest North Vietnamese artillery barrages of the war. An enemy regiment beats back an attempt to re-open the northern lifeline, National Highway 1.

SENS. HUBERT H. HUMPHREY and George McGovern campaign in Ohio's major cities. McGovern says an upset over Humphrey in Tuesday's Democratic presidential primary could be "the catalyst we need to go all the way to the nomination."

SCIENTISTS take their first look today at rocks brought back to earth from the mountains of the moon as the Apollo 16 astronauts continue a technical debriefing on their 11-day lunar mission.

GOV. REUBIN ASKEW, seeking to allay the fears of Miami Beach officials, suggests hiring off-duty policemen from other states to help keep order if the Republican National Convention is held in the city.

WEATHER

Yesterday's high 81, low 59 with .69 of an inch of rain. Partly cloudy with chance of showers mainly during afternoons. Highs 80 to 86, low in 60s.

A storm system moving across the Great Plains early today spawned tornadoes and severe thunderstorms across areas of Kansas, Oklahoma, Nebraska, Iowa and Missouri.

Kansas was hardest hit late Sunday, destroying a mobile home and injuring several others.

Letter To The Editor Hospitals Are Not Taxed

In its continuing effort to provide our readers with both sides of the controversial "hospital sale," The Herald offers the thoughts of Art Harris - administrator of the largest nursing home and extended care facility in Florida.

who know nothing about the business of taking care of sick people. I don't care how good a businessman they are, if they have not learned the special problems of the sick, then they are not qualified to make such an important decision as selling our hospital.

I have read that the purchaser will be required to do many things. If a company organized for profit buys the hospital it will be required to do one thing, - make a profit. If it doesn't, all the contracts in the world can't make it do things and give services that it can't afford to give. I have seen this happen when making a profit was the main motive for owning a medical facility.

I know that everyone is upset with the emergency room operation. I have been at times, myself. However, I deal a great deal more with the other hospital emergency rooms that have been mentioned and many times they are just as lacking.

The commissioners talk about the tax money it costs to operate the hospital. I will be glad to go to each area hospital with them and they will see that the pay for indigents is much higher than it is at Seminole. If this hospital is sold they can be sure that any saving they may make on direct taxes will be more than offset by the higher rate they will be required to pay for indigents and their part of the Medicaid bills.

I have seen said the new Medicare and Medicaid, the two programs, do not provide for a profit. They are cost reimbursement policies. Can anyone guess where and from whom the profit would come?

Can't they see that total cost that was paid for the facility would have to be paid for again by the users with the taxpayer picking up the tab for indigent cases and Medicaid?

Some think that the operation of the hospital would be more (Cont'd On Pg. 2 Col. 1)

Deputy Fatally Injured

By GARY TAYLOR

Volusia County's death count reached 25 for 1972 as three persons died on that county's roads over the weekend. Statewide, 18 persons died in traffic accidents over the weekend.

Elijah Faulkner Jr., 23, off-duty Seminole County Deputy Sheriff, of 1212 West 12th Street, Sanford, was killed in a crash on SR 415, eight miles north of Osteen Friday night.

Faulkner was north-bound on SR 415 when his 1970 Plymouth left the road at a rate of speed estimated by troopers at 90-100 miles per hour. The car traveled at total of 700 feet out of control, rolling once and going airborne for the final 72 feet before landing on its side.

Faulkner was thrown nearly 40 feet from the wreckage. A passenger, Rita Yvette Stephens, 21, of Rt. 2, Sanford, also was thrown out of the car on impact. Halifax Hospital attaches in Daytona Beach this morning listed her in serious condition in the intensive care ward.

Troopers Robert Lovering and H.S. (Bud) Eaton are investigating the accident. The wreckage was cleared from the scene three hours after the accident, Sheriff John Polk and Chief Deputy Duane Harrell also were on the scene.

A 16-year-old youth was killed in a two-car accident on SR 442 east of DeLand Saturday afternoon. The two, identified as Michael Thomas and Deborah Dunn, of Ocala.

Improved Results Seen 45-15 Plan Is Favored

Instilling the 45-15 school plan in Seminole County schools will allow the school system to do more instructionally than now and will lessen the number of failing grades.

This is the opinion of W. H. DeShazo, assistant superintendent for instruction.

DeShazo, who is engaged in preliminary steps to restructure the county's academic program from conventional 45-day segments, said the new plan actually will help students who are having difficulty in the day.

John W. Young, Charles M. Duke Jr. and Thomas K. Mattingly II came back from their 11-day mission with a record 245 pounds of material. Young and Duke gathered it while making man's first exploration in the moon's mountains, in the Descartes Highlands.

These rocks may be among the oldest on the moon, dating perhaps back between 4 and 4.5 billion years to the formative years. The rocks returned by four earlier Apollo crews ranged between 3 and 4 billion years in age, so the Apollo 16 samples could provide clues to an important chapter in lunar history.

Lunar geologists believe that during this early period the moon had a hot, active interior like the earth's and that volcanoes played a role in carving features such as mountains, canyons and plains.

Those who watched Young and Duke on the moon via television and listened to their descriptions believe there is a good chance the astronauts re-

turned with the volcanic evidence they sought.

Experts expect to be studying the samples for years, comparing them with earlier Apollo samples and eventually peeling together the story of the history of the moon. This in turn could tell much about how our earth and solar system evolved.

The three astronauts returned here Saturday night after a flight from Hawaii, where they were taken after their successful Pacific Ocean splashdown Thursday.

After embracing their wives, the moonmen addressed a welcoming crowd of 3,000 persons at nearby Ellington Air Force Base.

Astronauts Are Debriefed Moon Rocks Are Studied

By HOWARD BENEDICT AP Aerospace Writer

SPACE CENTER, Houston (AP) - Scientists take their first look today at rocks from the moon's highlands while the astronauts who brought them to earth continue technical debriefings on the Apollo 16 lunar mission.

Some of the rocks, in sealed containers, are to be placed in nitrogen-filled examination cabinets and one sample bag.

These rocks may be among the oldest on the moon, dating perhaps back between 4 and 4.5 billion years to the formative years. The rocks returned by four earlier Apollo crews ranged between 3 and 4 billion years in age, so the Apollo 16 samples could provide clues to an important chapter in lunar history.

Lunar geologists believe that during this early period the moon had a hot, active interior like the earth's and that volcanoes played a role in carving features such as mountains, canyons and plains.
