FLORIDA SHORTCUT—A huge, raw scar at present, the excavation for the Cross-Florida Barge Canal sweeps across northern Florida's timbered landscape in this aerial photograph from Du Pont Magazine. Wide area in foreground is the site of locks at St. Johns. When finished, the canal will run from Yankeetown on the Gulf Coast to Palatka on the St. Johns River, thence down the river to the Atlantic for a total length of 185 miles, three times longer than the Panama Canal. Termed a "pass-key to economic growth" by President Johnson at ground-breaking ceremonies two years ago, the Canal will cut 610 miles off the old Atlantic-Gulf open-water route around Key West and will link 29 states in a unified inland waterways system.
