The Right Has Triumphed

Responding to a telegram from the Democratic national chairman declaring that Governor Wilson unquestionably was elected the Democratic candidate sent a message to Mr. McCombs as follows:

"I deeply appreciate your telegram and wish to extend to you and other members of the campaign committee my warmest gratitude on your fidelity and help in the campaign on which you fought out the essentials.

"The right has triumphed. Every Democrat and every true Progressive of whatever alliance must now lend his full force and enthusiasm to the fulfillment of the people's hope of the establishment of the people's right so that justice and progress may go hand in hand."

OVER 400 VOTES FOR WILSON

Tuesday's Election Appears From First Returns to be a Democratic Landslide—House Held by Democrats, but Senate In Doubt

With the election of Woodrow Wilson to the presidency and Thomas Marshall to the vice presidency, as indicated by the earlier returns, the early returns gave indications that the choice of the Democratic candidates will greatly pass the 300 mark.

Early returns gave Governor Wilson and Governor Marshall the "solid south" and the states of Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York, West Virginia, Indiana and Missouri. Early returns from the west began to come in, these earlier estimates were confirmed, and Montana, New Mexico and New Mexico were added to those that seemed certain for the Democratic candidates, while scattering returns from San Francisco and Los Angeles made it probable that California might join the Wilson Marshall column.

Electoral College Vote. Early returns indicate that the vote in the electoral college will stand approximately as follows:

LATE RETURNS ADD TO WILSON'S DEMOCRATIC PRESIDENT WILL HAVE AT LEAST 442 VOTES.

New York, N. Y., Nov. 7.—With fuller returns coming in from the few states that were in doubt last night in the national election, it seems that Wilson will hold California. He has gained Kansas, Illinois and probably Wyoming, while South Dakota and Minnesota are for Roosevelt. Illinois is very close.

The probabilities are that the final table of electoral votes will stand as follows:

State	Roosevelt	Wilson
Alabama	12	12
Arizona	0	6
Arkansas	6	6
California	14	14
Colorado	6	6

THE BOSTON

FLORIDA

O. & O. C. E. Convention
The Orange and Ocoosa Christian Endeavor Union met on the evening of November 1st in the beautiful village of Ocoosa.

The delegates began to arrive Friday afternoon from the east (wise men from the east) and from the south, beautiful maidens from country and village.

On Friday afternoon Dr. A. C. Dill, pastor of the Winter Park Congregational church, delivered the convention address, taking for his theme "Christian Endeavor means Christian Efficiency."

As the residents of Ocoosa must necessarily live some distance apart to allow room for their beautiful orange groves the early morning Consecration Prayer Service was omitted.

The omission of these services, however, did not lessen the spirituality of the convention for Christian Endeavorers believe in living in the spirit at all times and not during consecration services only.

At 9:30 Saturday morning the regular business meeting was called to order by the secretary. We were very sorry that our beloved president, Rev. S. S. Snyder, pastor of the Kissimmee church, could not be with us. To fill the vacancy, Mr. Fred H. McGuire, local secretary, was elected president, pro tem.

After appointing the various committees a very interesting conference was held, the subject being "Secrets of Success." The conference was in the form of questions asked by the leader and answered by the delegates.

At 2:30 the prayer and praise service was led by Mrs. W. F. Kinney, St. Cloud Christian church. Mr. R. H. Muirhead of Sanford made an interesting talk on "The Efficiency of the Quiet Hour." Papers from the State Supt. of the Quiet Hour and state Supt. of the Tenth Legion were read to the convention.

Mr. Fred H. McGuire, Ocoosa, was unanimously elected to active membership in the Orange and Ocoosa Christian Endeavor Union. Then followed the election of officers.

After a short praise service Saturday night, J. H. Cellar, District Secretary, Sanford, gave a short address on "The Efficiency of Christian Endeavor Interdenominationalism."

Mr. R. F. McGuire, Ocoosa, gave an interesting and instructive address on "The History and Principles of Christian Endeavor."

At 8 o'clock we followed the crowd to the reception hall in the school building, where we enjoyed a delightful social

hour with the friends of Christian Endeavor.

The convention sermon was delivered Sunday morning by Rev. W. F. Blackman, D. D., President of Rollins College, Winter Park. At this service the communion was also received.

Sunday afternoon we had the treat of our lives. It was the Junior Endeavor meeting. Eighteen earnest ladies from Ocoosa, Kissimmee, the Orlando Presbyterian society, came over in automobiles and held their Junior Endeavor prayer meeting. They were under the direction of their very efficient Junior Supt., Miss Mabel Briggs, Orlando. As the Juniors had promised their papas and mammas that they would start home at 4 o'clock they were excused at that hour.

Mr. Harrison, Winter Park, gave a very good talk on the "Whatsoever committee in Favor Work."

The Sunday evening Christian Endeavor prayer meeting was led by Mr. Percy Dale of Winter Park.

A unanimous vote of thanks was given to the Ocoosa society and their friends for the delightful hospitality given the guests.

Also a vote of thanks to Mrs. Clay of Tampa, and Miss Harriet Bartlett, St. Cloud, Presbyterian Society, for their assistance in music and song.

We could not hold a convention without the presence of our state secretary, Miss Grace A. Townsend, Intetlachen, so our district convention is arranged so that she can attend all of them. She arranged our convention program and was with us throughout the convention.

On Sunday evening the following officers were installed by Rev. W. F. Kinney, pastor of the St. Cloud Christian church:

President, Fred H. McGuire, Ocoosa.
Vice President, Raymond Ward, Winter Park.

Secretary, J. H. Cellar, Sanford (re-elected).

Treasurer, Rev. S. S. Snyder, Kissimmee.

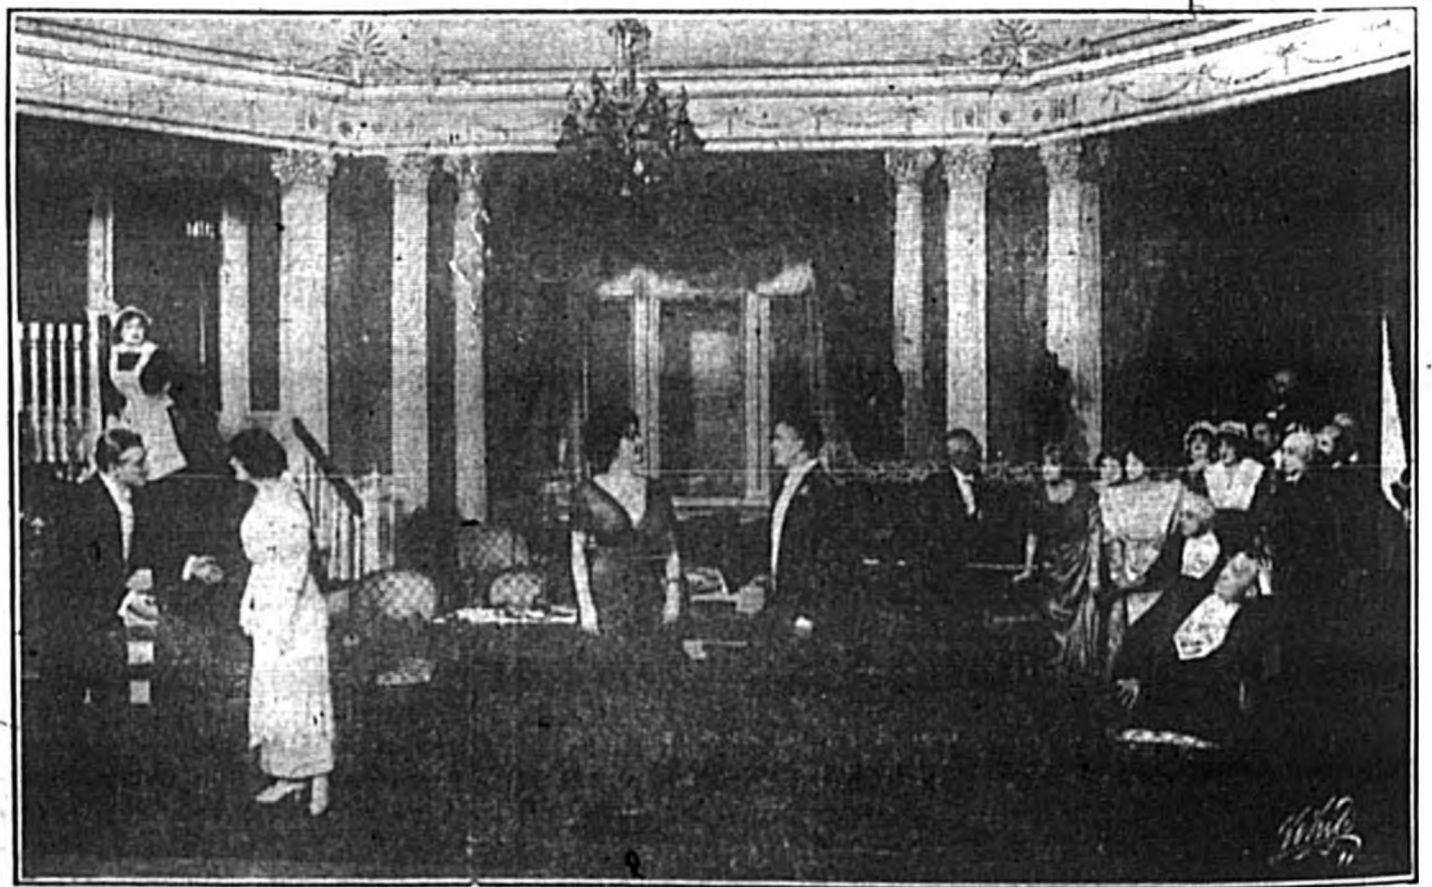

Supt. of the Quiet Hour, R. H. Muirhead, Sanford (re-elected).

Junior Supt., Miss Mabel Briggs, Orlando.

Tenth Legion Supt., Miss Ada Hermandance, Kissimmee.

Union Center U. B. Society, Good Citizenship Supt., Rev. W. F. Kinney, St. Cloud.

The invitation for the next convention to meet with the St. Cloud Endeavorers in the Christian church was unanimously accepted.

The New Senate

Washington, Nov. 7.—The personnel of the new Senate will show many of the well known veterans, with a large infusion of new blood. Among the prominent Senators holding over are Root, LaFollette, Gallinger, Penrose, Clapp, Culbertson, Kern, O'Gorman, Rayner, Shively and Hoke Smith. Others re-elected or likely to come back include Senators Bacon, Tillman, Borah, Nelson, Simmons, Martin, Bankhead, Davis and Owens.

Among those who failed of re-election and whose names will not appear on the Senate rolls after the fourth of March, is Shelby M. Cullom of Illinois, whose Congressional career goes back to the time of Abraham Lincoln. Included in this list also are Senator Curtis of Kansas; Bourne of Oregon, and

Gamble of South Dakota. Senator Bailey of Texas; Crane of Massachusetts; Guggenheim of Colorado; Richardson of Delaware; Burnham of New Hampshire, and Wetmore of Rhode Island have retired voluntarily.

Attorney for County

Carl B. Robinson was yesterday made attorney for the county commissioners of Orange county, vice W. L. Palmer, deceased. This action was taken at a full board of the county commissioners, who by resolution unanimously concurred in, made Orlando's young attorney their counsel in matters pertaining to county affairs. Mr. Robinson was the law partner of the late Mr. Palmer, and his ability and fitness for this important position goes unquestioned.—Reporter Star.

Will Have Democratic Senate
That the Democratic party would control the United States Senate became almost a certainty late Wednesday night when the possible loss of West Virginia seemed to stand in the way of success.

Of the nineteen seats held by Republicans which were at stake in the election it became necessary for the Democrats to elect six to secure a majority in the Senate, providing they were able at the same time to retain possession of their own.

Returns up to Wednesday night gave them the following in Republican strongholds:

Two in Colorado, where John F. Schroth, Dem., for the full term, and C. S. Thomas, Dem., for the short term, will be elected by a Democratic Legislature.

One in Montana, where Republicans and Progressives conceded the election of T. J. Walsh, Democrat.

One in Kansas, where W. R. Stubbs, Progressive, conceded the election of his opponent, Wm., H. Thompson, Democrat.

One in Delaware, a Democratic Legislature assuring the return of a Democrat to succeed Richardson, Republican, retired.

One in New Jersey, where William Hughes, Democrat, will succeed Briggs, Republican.

The uncertainty as to West Virginia, indicated in earlier reports seemed apparently the only obstacle to a Democratic majority. Definite returns are still lacking from Oregon, Wyoming, Tennessee, New Hampshire, Illinois, Iowa and South Dakota. Late figures from Nevada indicate Pittman, Democrat, leading and is probably elected.

Lovely Crysanthemums

At the drug store of L. R. Philips & Co. are three very fine crysanthemums which were grown by Mr. M. H. Bowler at his home on Magnolia avenue. These blossoms probably did not reach the perfection they otherwise would have done owing to the long and excessive rains. They are however a satisfactory demonstration that fine crysanthemums can be grown here.

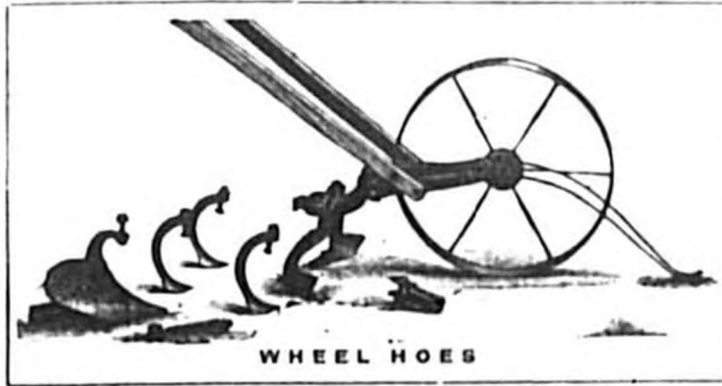

Body of Floridaian Found

Valdosta, Ga., Nov. 4. The body of a young man identified as William E. Overstreet of Kissimmee, Fla., was found today lying on the tracks of the Georgian Southern and Florida railroad a short distance from this city. A suitcase and a small hand bag found near the body indicated that the young man probably had fallen from a southbound train as it rounded a sharp curve. Letters on the body indicated that he was from Oklahama enroute to his home in Florida.

Killed Two Men

At Long's lake in Hernando county Wednesday morning, J. E. Livingstone of Newberry, shot and killed Joe and Dave Long, brothers who operated a saw mill. Livingstone claims self defense. He says Joe Long drew a revolver on him, and he replied with his repeating shotgun, killing both men.

Some time ago he was in partnership with Joe Long in the saw mill business, selling out to Dave Long. Notes were taken in part payment, and he believed that part payment of these notes caused the trouble and double killing.

Among the important facts shown in the "Purple Folder" of the Atlantic Coast Line Railway for October is that the big system will give southern and central Florida an outlet to the great west at no very distant date, cutting off more than one hundred miles in freight and passenger service by obviating the necessity of coming to Jacksonville.

Women, Get Well! Enjoy Life!

No More Suffering or Weakness if You Use Reno's New Health. Sold Under Guarantee

"For ten years I suffered from troubles peculiar to my sex. I consulted the best physicians without the least help. I lost all hope of being cured at all until I heard about Reno's New Health. The first bottle gave me relief and now I feel as well as in the days of my youth."

This letter is only one of the thousands of testimonials that have been voluntarily given to Reno's New Health in the past few years. Nothing ever approached this marvelous remedy in its power to build up weak women and cure their diseases. It is the one great restorer of all natural functions, supplying the system with vital force without which no woman can have health, strength and happiness.

Reno's New Health feeds every tissue of the body, strengthens the nervous system and surely and thoroughly relieves Beauty, Profuse, Painful, Irregular or Suppressed Menstruation, Sickly Periods, Constant Weariness and Weakness, Depression, Cramps, Dizziness, Violent Headaches, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea and all Inflammations, Ulceration and Discharges of the Vagina and Uterus.

There is positive danger in allowing female trouble to go uncared for and there is almost as much danger in using the ordinary remedies which are recommended for women. Reno's New Health is the prescription of an eminent physician whose life was devoted to the care and treatment of woman's diseases. This marvelous remedy is so invariably successful in curing the diseases peculiar to the female sex that it is sold under an absolute guarantee of money refunded if it does not do all that is claimed for it. No other medicine for women was ever sold in this way as there would be so many requests for money back that the proprietors would soon be forced out of business.

Your druggist will sell you Reno's New Health with a guarantee to return your money on first bottle if it fails to relieve. You certainly can afford to use it on this guarantee.

WHAT WILSON MEANS

The election of Woodrow Wilson for President of the United States means that the people are coming into their own. It means that the plutocratic pillars of public pill have had their fingers on the wealth of America long enough and now the people will have their inning. The victory was complete enough to satisfy the most exacting doubter that the majority wanted a change. From Maine, Massachusetts, Connecticut—the rock ribbed Republican stronghold in the past—overflowing New York state, carrying his own state, keeping the solid south, gaining in the middle west and far west and later figures may give even these doubtful states to him, this is the record for Wilson, the man who is undoubtedly the choice of the people of the United States.

For twenty years the Democratic party has stood outside looking in. For twenty years there have been dissensions in the ranks to make capital for the heretofore united Republican party and today we can look over the battle ground and "see ourselves as others see us." We had the support and strength of all real Democrats, and with the platform and issues well defined were able not only to muster the full Democratic strength but to take from the other parties and take so much that the victory is a veritable landslide, the largest electoral vote in history.

After many years of waiting the Democrats have come into their own and the next four years under the progressive ideas of President Wilson should be an unbroken trend of prosperity for the people as against the trusts and combinations. For the masses instead of the classes.

We may all rejoice in the victory whether Democrat, Republican, Bull Moose, Socialist or Prohibitionist. The people will get a fair deal once more.

ABOUT FIRE INSURANCE

The Tampa Tribune recently woke up to the fact that this whole southeastern section of the United States is in the clutches of a pitiless fire insurance trust and it made a great roar over the discov-

ery. It is possible that the Tribune's outcry caused a reduction in rates on its own property, as it was said happened in a similar case at DeLand; if so, we fear that splendid paper will cease its war on trust, but we hope not. The editor of the Herald has been openly fighting this insurance monster for fifteen years or more, but his efforts have received practically no support from other newspapers or the public at large. Compared with this insurance trust, the Standard Oil Company, and the American Tobacco Company, which the federal government has been active in prosecuting, are exemplars of public beneficence.—Punta Gorda Herald.

Editor Jordan of the Herald sees through his glasses darkly. He is so accustomed to looking at things through Amiable Albert's glasses that everything seems blurred when he does otherwise. The News has not ceased its fight against the insurance octopus. The publicity we gave this matter has forced the establishment of a "stamping office" in Jacksonville by the insurance trust, and now rates for Florida are made in Florida. This takes the trust out of the jurisdiction of the United States courts and places it under the jurisdiction of the state courts.

The publicity given insurance rates and conduct by the News has forced the lowering of rates in Cassadaga and Lake Helen, has started an agitation for more just rates in Orange City, has caused the re-rating of some DeLand property (all of which is still entirely too high).

The agitation has caused the people to think, and this was the whole subject of the agitation. Start the people thinking and they will see that abuses are abated.

No reasonable man asks for special privileges. All he wants is justice and to be treated equally as well as others are treated. In the matter of insurance rates, the people of Florida are not treated as well as the people of other states. The people of Florida are robbed. And they will be robbed until they force their legislature to enact laws for their protection.

Editor Jordan ought to assist in the fight. He ought not, by false innuendoes, try to detract from the good work accomplished by others. DeLand News.

SOME ADVERTISING

For a double center-page in colors, one insertion, in the Saturday Evening Post, the net cost is \$9000.

That is the price. No deviation. If in one color the cost is \$4000—but for the two colors, the advertiser must kiss his whole \$9000 goodbye. There's no knocking off a small per cent on good-fellowship.

Within the past few months a chewing gum manufacturer has several times used this \$9000 space to advertise his wares. Did it pay? It is to be presumed that it did, for the ad was repeated a number of times, and while the gum man might be fooled once he would not make a practice of it.

At a fair guess this gum which retails at five cents after passing through several hands can hardly yield the manufacturer more than a net profit of one cent a package. At that figure the normal sale would have to jump in a week 900,000 packages—or to make a justified profit on the investment one million extra packages must be sold!

A decade ago a man who would spend \$9000 to advertise a five cent article one time in one paper would have been examined for sanity; now he is styled a clever business man.—Palm Beach County.

Our troubles are just beginning, for all those jobs at the pie counter will have to be filled. The editor of The Herald, at the very earnest solicitation of many friends, has at last consented to become a candidate for the position of postmaster at Sanford.

Now for Joe Lee's scalp

The solid south is not such a joke after all.

And those dear old New England states are Democratic

To the victor belongs the spoils and remember how Cleveland's last appointees were swept out by the Republicans.

PURELY PERSONAL

W. J. Thigpen made a business trip to Osteen Tuesday.

✓ Fred Wight is well again after a short illness last week.

✓ Mrs. Deane Turner's many friends are congratulating her on her recovery from a recent illness.

✓ Mrs. H. H. Stevenson of Jacksonville is the guest of her sister, Mrs. W. M. Haynes.

George White has returned from a trip to Orlando, where he visited his father.

✓ Mrs. M. J. Doyle and Miss Mae are at home again after a long and pleasant stop in North Carolina.

The only consolation that A. Robbins has today since the defeat of Roosevelt is that a new Wilson Democrat will soon call him Grandpa.

The editor of The Herald has written to President Wilson for the postoffice and it will arrive by express on December 25th.

O. P. Swope took his gun down on his farm down in Black Hammock on Wednesday and killed fourteen fine, large cucumbers.

✓ Miss Mary McClung has returned to her home in Dunedin, after a pleasant visit with her sister, Mrs. C. H. Dingle on Sanford Heights.

Walter Bryant, representing the Robt. Cochrane Co., of New York, has arrived in the city and will make Sanford headquarters during the vegetable season.

The crowing of roosters on Wednesday morning disturbed some of the Sanford Republicans and they will complain to the Mayor about the same.

Col. Patterson is quartered at the Sanford House for the winter season and greeting his many Sanford friends. He will get busy at once angling for the big trout.

✓ Paul Weaver is spending a few days in Sanford auditing the books of the S. & E. Ry. Paul is assistant cashier of the Kissimmee bank and will combine business and pleasure in his Sanford vacation.

Mr. and Mrs. George Kinahan arrived in the city from Wichita, Kansas, on Wednesday and will be at home on the Kinahan place near Cameron City. Their many friends are glad to see them again.

Mrs. Frank Johnson has returned home after a pleasant visit to Mr. Johnson's old home in the New England states. Mr. Johnson is expected to arrive home today, having stopped over in Jacksonville.

Leigh, the Photographer, is making views for the stereopticon pictures to be shown in Jacksonville by the real estate men and they are the finest ever made anywhere in the south. Mr. Leigh is an artist in his line and the way he colors the plates is nothing short of marvelous.

C. W. Maltbie, marshal of Orlando, died yesterday at the Church Home and Hospital. Charlie had many friends in Sanford who will regret his demise.

✓ Messrs. J. N. Whitner and E. A. Brumley left Tuesday on a hunting trip to Fort Christmas and vicinity, where they expect to enjoy the abundant sport to be found in that section for a few days. They will probably return the last of the week.

Many of our local sportsmen have been hunting, but up to date they have not been very successful in getting more than enough birds for their own use. We say this in all truthfulness because there has been no game left at the Herald office as yet.

✓ Born to Mr. and Mrs. Harvey a fine baby boy. Mrs. Harvey was formerly Miss Alice Robbins and Prof. Harvey has a host of friends here and throughout the south who will congratulate the fond parents on the new heir.

J. F. Karnatz, the enterprising manager of the Imperial deserves great credit for his public spirit in giving the election returns last Tuesday night. He had no idea of making money on the venture and every one seemed so sure of Wilson's election that they took but little interest in the returns. The Herald wishes to commend Mr. Karnatz for an evening of rare enjoyment—that of listening to a Democratic victory.

✓ At DeLand the engagement of Mrs. Maude Lyman and Mr. James E. Alexander has been announced, their marriage to take place in the near future. This announcement will cause pleasurable interest throughout the entire state, as Mr. Alexander is a well known politician and was thought to be a "confirmed old bachelor." Mrs. Lyman is a very charming woman, who spends the winter at DeLand, where she owns considerable property.

The following highly amusing article is reprinted from the Times-Union; Hon. Henry S. Chubb, register of the

United States land office here and member from Florida of the national Republican committee, left last night for Winter Park, his home, where he will cast his vote for William H. Taft and the entire Republican ticket today. Col. Chubb is a most affable gentleman and, upon his departure, as he was stepping on the train, he remarked to those around him: "Well, boys, I am just going home because I know it's my duty. Taft will be 'the boy' anyhow, whether I go home and vote or whether I don't—but I'm going just the same—look for me back Wednesday and get your torches ready."

New Syrup at L. P. McCuller's.

Mrs. G. F. Smith returned Wednesday evening from Tallahassee, where she has been the guest of her sister, Mrs. Milton Harvey Mabry for a couple of weeks.

✓ Mr. and Mrs. J. M. Earl and daughter of New York city arrived Thursday evening, and will be guests of Mr. Earl's sister, Mrs. W. H. Milteer and family for ten days or more.

✓ Mr. and Mrs. Walseman arrived in the city today and will be located in their bungalow on Magnolia avenue. Their many friends are giving them a warm welcome.

Dr. Gossman has arrived in the city from Birmingham and will locate in Sanford and try the farming game. He has a fine tract of land near Monroe purchased from the Title Bond & Guarantee Company and will improve the same at once.

Miss Flanders and C. E. Ewing were the guests of Mr. and Mrs. Chalker on Sunday. Miss Flanders is a sister of Mrs. Chalker and is spending the winter in Florida.

✓ West Side Improvements

The West Side Improvement Association held its regular monthly meeting and annual election of officers at the Robbins Nest Thursday afternoon, Nov. 6th. There was an enthusiastic meeting, the members present pledging their hearty cooperation and support toward the upbuilding and beautifying of the western section of Sanford. Mrs. Parker, the president of the association was most cordially thanked for the able manner in which she had administered the affairs of the association. The secretary's report showed the excellent work that had been accomplished in the year by the twenty-eight members of the association. The officers elected for the ensuing year were:

Mrs. John Parker, president
Mrs. C. E. Walker, vice president
Mrs. A. Robbins, treasurer
Mrs. Richard Terhune, secretary
Mrs. C. E. Walker and Mrs. Deane Turner, auditors.

The little son of Mrs. Alice Robbins Harvey was elected an honorary member of the association.

The ladies of the West Side are urged to attend their monthly meetings at the Robbins Nest on the first Thursday of the month and take an active interest in the affairs of the association.

MRS. R. A. TERHUNE,
Sec. W. S. I. A.

An Apology

The Herald owes an apology to the Land & Hand Club who offered prizes for the most attractive costumes worn at the masquerade ball last Thursday evening by a lady and gentleman, and which were decided by the vote of every one attending the ball.

The lovely and dainty costume of Mrs. Samuel Puleston, the "Fairy Queen" of white and silver, with large butterfly wings, received the largest vote as the most attractive and was awarded the prize, a very handsome basket of beautiful flowers.

"Mephisto," personated by Eugene Roumillat, in an elegant and effective costume of red tights, long red velvet cloak and trunks, with a red mask and headpiece, received the largest vote for the most attractive gentleman's costume and won the handsomely trimmed cake, offered for the prize.

To the reporter, whose work in writing up the ball was marred by the unintentional omission an apology is also made.

As Tuesday was election day and printers are only human, with the consent of all concerned, we will charge the omission mentioned to the account of President Woodrow Wilson.

Boy Killed In Cave

A sad tragedy occurred at Bartow on Wednesday. The son of Fred Gibbs, the contractor and builder, did not appear for his supper as usual, and upon search being made for him, his dead body was found in the clay pit southwest of town. It seems that this boy and his companion had dug a cave in side of the clay pit to play in. From the position of the body when found about seven o'clock it seems that he had sat down in the cave and the roof caved in on him crushing out his life. The boy's name was Fred Gibbs, Jr., and he was 12 years old.

Drawing of Prizes

The drawing of prizes at the department store of D. A. Caldwell & Sons took place on Thursday at 10 o'clock and attracted a large crowd of buyers and others who were interested in the lucky ones. The tickets were well shaken before taken and were then drawn out amid the breathless silence as the first lucky person was announced. Those drawing prizes were as follows:

First prize, sewing machine, by J. B. Little, Geneva.

Second prize, mission rocker, J. F. Maher, Sanford.

Third prize, fine trunk, S. Gospielloff, Sanford.

Fourth prize, leather travelling bag Wm. Gaines, Sanford.

Fifth prize, center table, Julia Trammel, Sanford.

Those whose names appear as the winners of prizes and who were not present are requested to call at the store and receive awards. These popular drawings will continue through the winter season and some elegant prizes will be given away during the holidays. Keep your eye on the Caldwell stores and on the advertising in The Herald for the announcements will save you money in many ways. There is something doing at Caldwell's every day in the year.

✓ The Election in Sanford

Election day in Sanford passed off as quietly as usual and the voters did their work quietly, and in the case of the Wilson men, very effectively. A full report of the vote cannot be given in this issue on account of lack of space, but will be published in Tuesday's paper in the complete county vote. With some of the precincts not heard from we feel safe in predicting that Wilson not only carried Sanford, but also Orange county.

The Republicans, Progressives and Socialists were also active and their respective candidates also ran.

BUSINESS IS GOOD

Nothing In the Way to Worry Anybody.

Railroad Earnings for October Increased. New Equipment Orders Show Confidence Manufacturers and Wholesalers Busy.

New York, Tuesday. In their review of trade for the current week R. G. Dun & Co. have this to say:

"So far as the business outlook is concerned, conditions continue those of remarkable activity and soundness in most industrial and mercantile lines. One of the most important developments in the United States is the energy and courage of the railroads in the purchase of new rolling stock and other supplies in order to prepare for the expansion of trade.

"In New England, every important manufacturing industry is prosperous, and that includes of course the textile mills. Mercantile distribution keeps pace with manufacturing output.

Retail trade is somewhat retarded by the continuance of mild weather but wholesale transactions advance from the leading centers are all of well maintained and steadily increasing activity. The cotton and woolen goods trades are particularly satisfactory as regards both current and prospective conditions.

The shoe trade is reasonably active and leather and hides continue very strong with advancing prices.

So far as the agricultural situation is concerned it has changed for the better, and it is especially noteworthy this week that with the weather becoming favorable the cotton and woolen crops are heavy, and a large part of the mules. Thus in every direction low stocks coupled with resumed confidence and revived activity, create a demand that tests productive capacity.

Outside of the influence of the foreign war financial conditions are entirely satisfactory. The October output of iron and steel exceeded \$200,000,000, an enormous increase over a year ago. Railroad gross earnings increased 4.9 per cent over the corresponding month and year, and the total for the year is up 4.6 per cent over 1911.

The October record of commercial failures is somewhat more favorable than the earlier periods of the year, but there is still a too large number of small defaults. As usual since the domestic situation improves there is an expansion of the iron and steel exports, but exports of other commodities are heavy. During the month ending Oct. 31, 1912, New York the exports were \$18,913,952, against \$19,257,929 a year ago, and \$18,639,614 in 1910, while the imports amounted to \$26,549,126, against \$16,570,877 in 1911 and \$15,326,687 in 1910.

While the distinguishing feature of the iron and steel trade is now the heavy railroad buying, the activity extends to every branch of the industry, and the October records of production broke previous figures.

Early Truck and a Good Market

IT goes without saying that early truck sent north finds a good market. There is only one way to fertilize for early truck, and that is to use a fertilizer that is rich in plant food, and, more than that, rich in available plant food. An early crop must have food when it wants it. If it is not supplied the crop will fail.

BRADLEY'S FERTILIZERS

supply quickly available plant food in the best forms not only to start off the crop quickly and keep it growing vigorously but to back it up through the season and to ripen and harden off the product. It is this soft of combination that has brought success to many Florida truckers in the past thirty years and for this reason they swear by

Joe Cannon is Out
 Danville, Ill., Nov. 7.—Frank J. O'Hair, Democrat, is victor over former Speaker Joseph J. Cannon for Congress in the Eighteenth district by 810 plurality. Vermillion county gave Cannon 827 plurality and Kankakee 626 plurality. Clark gave O'Hair 300 (estimated); Cumberland 400; Iroquois 100 plurality.

Dixon Still Fighting
 New York, Nov. 7.—"We have ended the fight, but the fight has just begun," said Senator Dixon, chairman of the Progressive National Committee today. We shall not waste any time of the election, but shall begin at once the work of getting the new party in shape to accomplish results in the future."

The Press Discusses Campaign Donations

Smallest Expenditure Since 1861. Declares a Writer in The Buffalo Times.

Buffalo Evening Times:—"The campaign will pass into tradition for one reason, at least—namely, that it has been carried on by all parties with the smallest expenditure of money since the campaign of 1876."

Eight Years Ago
Boston Transcript:—"Eight years ago there were no legal obstacles to restrain a corporation from contributing to the campaign fund of a Presidential candidate."

Party Loyalty
Washington Post:—"If the Clapp committee has served no other purpose it has shown that there is such a thing as party loyalty and patriotism among big financiers."

"What They Expect to Get"
Pittsburg Press:—"Just who are financing the various candidates now agitating the country, and what they expect to get for their money ought not to be left in doubt."

"What is the Difference"
Montgomery Advertiser:—"What is the moral difference between the money of the Lumber Trust and the money of the Beef Trust being used to elect William Lorimer, United States senator from Illinois, and the money of the Harriman interests, the Morgan interests and the Steel Trust being used to elect

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardul for my complaint. I was so thin, my weight was 115. Now, I weigh 103, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women. Cardul relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

Theodore Roosevelt President?"
"Smell of Fire"

Troy Times:—"Progressive papers now say that the smell of fire is not on their candidate's garments, because he promised no favors in exchange for money."

"Slush Funds"
St. Louis Post Dispatch:—"The revelations of corrupting corporations contributions to campaign slush funds emphasize the necessity of popular pecuniary support for parties and candidates repudiating corporation contributions."

"Go Behind the Returns"
Burlington (Vt.) Free Press:—"Every one recognizes that there are legitimate uses to which money can be put in a campaign, but when the sums expended go far beyond any sum that could conceivably be spent legitimately the people have a right to 'go behind the returns.'"

Picture of Mr. Haskins
 In the window of Palmer & Seigh is an enlarged picture of Postmaster Haskins, done by Photographer Leigh and the

picture is a work of art. Seeing the picture in the window just at this time caused the query of why Mr. Haskins should have an enlarged photo in the window, and Albert Seigh explained it by saying that the genial postmaster was the only Republican left in Sanford and deserves a place in the Hall of Fame.

Will Have Fine Drug Store
 D. L. Thrasher is having his drug store cleaned out and the interior painted and decorated and put in fine shape. He will have a registered pharmacist on the job today and a first class soda fountain man and expects to give the people of Sanford one of the best drug stores and cold drink establishments in the county. Mr. Thrasher is as proud of his new possession as a boy with a new toy and with his usual vigor and business acumen can be depended upon to have a real drug store in all that the name implies. The location at the corner of Park avenue and First street is excellent and the store is bound to become popular.

EBENEZER ITEMS

The young people gave a chicken picnic at Robinson Springs Thursday night. Those present were Mr. and Mrs. I. V. Stromstrom, Miss Lillie Lord, Bethany Scott, Pearl Scott, Edith Corton, Messrs. Johnnie Evans, Howard Wyan, Walter Scott, James Cassidy, Lafayette Humphrey, Boneman. All had a merry time and are anticipating another in the near future.

Miss Bertie Riley visited Orlando last week.

Howard Wyan took a flying business trip to DeLand last week.

Mrs. J. M. Lord returned home from Rodman Friday, where she had been visiting her son, Rev. M. M. Lord.

J. M. Lord, W. C. Riley and P. M. Elder visited Orlando Monday.

The Ebenezer voters were well represented in Sanford on election day to vote for Wilson.

W. T. and C. C. Humphrey returned home from a camp hunt Monday, but left the game in the woods.

J. M. Lord left for Rodman Wednesday to visit his son.

Mrs. C. R. Lord lost a valuable dog last week.

CAMERON CITY CLIPPINGS

The many friends of Mr. and Mrs. Walter Haynes in and about Cameron City rejoice with them over the arrival of a little daughter at their home on Tuesday, November 5th. Mrs. Haynes will be remembered as Miss Neva Gormly.

Miss Annie Trego of Sedgwick City, Kansas, has come to be the guest of Dr. and Mrs. Minnick during the coming winter.

We are all glad to have Mr. and Mrs. Kinahan with us again and extend a hearty welcome.

We are pleased to know that Mrs. Grieve, who is with her niece, Mrs. Geo. C. Chamberlain, is recovering nicely from a fall one day last week.

C. G. Beck writes that he and his family expect to be here before the middle of the month. They will occupy their home at the corner of Howard and Jessup, which has been vacant since they went to their Indiana home a year ago last summer.

Dr. Minnick sold the fine team of mules he has driven so long, one day last week. Messrs. Brantz and Haines of Chicago, who have purchased land at Osteen and purpose making a home there, were the buyers.

P. Petry is share cropping with F. F. Dutton and has also rented an acre on Minnick place, on which he will raise yellow Romaine, something that has not been grown for market in the celery delta before this.

The many signs the farmers have been nailing up as a warning to those out with guns seem to be having the desired effect and we feel somewhat safer than heretofore during the hunting season. We have always been fearful that some of our people or our teams would receive the death dealing shot intended for some bird.

Howard Swartz, vice president of the Southern Produce Co., is to spend his Thanksgiving here, looking after the interests of the company at this place.

The crops are certainly looking fine—lettuce, Jumbo, cabbage, romaine, some tomatoes and potatoes, etc. Just now we need rain, but it will probably fall before these notes are published.

J. Edwin Dice, of Aledo, Illinois, who owned property here, has traded his property to Dr. McKelvey, also of Illinois. The Dices will be remembered here as a very pleasant family who lived here two winters ago.

The friends of J. C. Rich will be glad to learn that he is steadily improving, and he and Mrs. Rich will probably be at home in a few weeks.

MOORE'S STATION

We noticed Mayor Spencer and other familiar faces from town out looking for game on November 1st.

Mr. and Mrs. J. C. Smith entertained their cousin, Howard Slaten of Benton, Ill., last week. Mr. Slaten is making an extensive southern and eastern trip.

Mr. and Mrs. Bales of Kentucky are the new neighbors in the L. M. Lucas house.

Little Christine McClelland is again spending some time with her grandmother, Mrs. J. W. Prevatt of Geneva.

Miss Laura Fish returned last Friday from a visit of several months in New York.

Quite a party from here heard the Hon. Thomas W. Cox talk on Socialism in town last Friday night.

We understand E. A. Gilbert has accepted a position with the M. O. Cognition Co., and will move from his present location in nearer town.

We were much pleased to receive a post card from Miss Aileen Minnick saying she liked her position as assistant matron in the McDaniels home for children in Jacksonville.

Miss Mayme McLain and Miss Lydia Geiger gave a very enjoyable Hallowe'en party for the school, at the W. O. W. hall last Friday night. The hall was tastefully decorated with palms and vines and dimly lighted with citron lanterns shaded in red, which gave a very pretty effect. The ghostly appearance of the guests wrapped in sheets and the guessing who was who gave lots of sport. After half an hour of this weird and uncanny mingling lights were turned on and costumes removed. The young folks were themselves again and ready for a good time with Hallowe'en sports and games. During the evening the teachers served delicious fruit punch and cake.

SYMPATHETIC STRIKE MAY BE CALLED AT ONCE

Jacksonville Will Face Serious Problem In That Event

FLORIDA NEWS AND VIEWS FROM EVERY SOURCE

Daily Happenings in The Land of Flowers Culled and Tied
Into a Nosegay of Brieflets

Jacksonville may face a general strike which will be a serious proposition at the beginning of the winter season. The Central Trades Union is in executive session today considering a sympathetic strike. If the final vote results in a general strike the city will find itself in a most serious condition. There are thirty-six unions in the city. These different unions total in membership about 4,600 to 5,000 men. If all of these join the street car men in a sympathetic strike, practically all lines of business will be affected. Among those affected would be the Seaboard shops, the city water and lighting plants, the contractors of the city by losing services of their carpenters and masons, tin shops, boiler shops, machine shops, boiler shops, plumbing shops, newspapers and, in fact, all lines of business employing skilled labor.

Plans for the erection for the new building of the Woman's Club in Miami are almost completed and soon the cornerstone of this imposing structure will be laid with proper ceremonies. When this building is finished Miami will have the most elaborate Woman's club house in the state. The building will cost \$10,000, beside the furnishings.

It is more than probable that St. Augustine will have the honor of entertaining the President of the United States at the four hundredth anniversary of the discovery of Florida by Ponce de Leon to be celebrated in that city during the first week of April of next year.

Ten palatial trains, five from the north and five from the south, a day will make up the magnificent service provided for the coming season by the Florida East Coast railway. General Passenger Agent J. D. Rahner today gave out advance information regarding the schedule and the service.

Pablo Beach will get the first corps of United States Volunteer Life Savers in the state. The station at the beach has been completed and Capt. C. H. McDonald, who is in charge of the work for this state, has sworn in enough men to look after the work at the popular resort.

Although Florida boasts of being the largest state east of the Mississippi river, it cannot be said that her campaign contributions were in proportion to her size.

The Killer Will Hang

Robert Anderson, confessed murderer of three persons, whose murderous revolver and incendiary porch have been kept in a terror was convicted of the murder of Marie Louise Rodrigues after the jury had been out less than fifteen minutes. Anderson was immediately sentenced by Judge Robles, of circuit court to be hanged. Although the court room was crowded when the verdict was received, partially with negroes, there was no demonstration. The sentence was received with great satisfaction by the crowds. Anderson was defended by Attorneys H. B. Baya and Dozier A. Devane, appointed by the court. Defense announced that no appeal would be taken.

Gibbons Relieved of Command

Col. Cromwell Gibbons, First Infantry, National Guard of Florida, who was placed in command of the provisional regiment of infantry, now on duty in Jacksonville, as a result of the traction trouble, Friday night, was relieved of his command of the provisional regiment of command by Major General J. Clifford R. Foster, the adjutant general, at the direction of the Governor, and the military forces turned over temporarily to Major S. C. Harrison, Jr. It is claimed that Colonel Gibbons was relieved of his command because of the statement he gave to the press for publication Friday night immediately after he assumed command of the troops in which he gave occasion to define his policy in dealing with the strike situation.

WILL RAISE TOBACCO

Well Known Tobacco Man
Decides on Sanford.

OUR SOIL IS BETTER THAN BEST

Largest Tobacco Grower In the
State Will Try Tobacco Here
Next Spring.

Now for King Tobacco!
We have exploited celery—succulent celery—crisp and lotuslike lettuce, egri-gious egg plant, the calorescent cul-flower, the tonic tomato and every-thing else in the vegetable and mineral and animal kingdom and as if to give the after effect of a post prandial smoke after a hearty feast of fruits and vegeta-bles comes King Tobacco the man who wants to make us rich on a crop that can be planted and harvested on our lands when the bulk of them would be idle.

Last week E. K. Embry stopped over in our city to take another look at the famous sub-irrigated district where the water is made to do the work of man at any and all times. Mr. Embry is known as the principal tobacco raiser of the state and has grown the weed in almost every portion of the state. He knows conditions as no other man in the state knows them. He knows the kind of soil, the kind of seed, the kind of culture, the picking and packing and storing and the uses and prices. Having recently suf-fered by fire the loss of his warehouses and implements near Brooksville, Mr. Embry has been forced to buy tobacco in other parts of the state in order to hold his regular trade in the city and he is very anxious to try the culture of tobacco on a large scale of some locality where he can employ sub-irrigation and the other advantages of our soil to give him the best results. Naturally, there was only one place in Florida where he could combine all these requisites. San-ford.

He was very interested in looking over the ground, was satisfied and will return at an early date to take ten acres of choice Sanford soil for the raising of leaf tobacco for the trade. There is no question about our soil being good for tobacco. It is being raised here now for farmers for their own use. With the sub-irrigation and irrigation all the requisites of a tobacco section of the south have been eliminated. The great-est difficulty was in getting ten acres of good land that would be idle at the prop-er time and ready for the crop. This was overcome by the statement that the to-bacco would be planted just after the celery crop was off and several generous offers of the use of the land were made for the trial.

Mr. Embry will return later to put his plan in good shape, erect mammoth barns and warehouses and get all in readiness for the advent of Bill Burley, the man who may fight for first place in the affection of the people—fight Sally Ray and Letty Lettuce. The matter will be taken up at once by the Com-mercial Club and every assistance will be given Mr. Embry in his venture.

A Handsome Residence

The many friends of B. W. Herndon are congratulating them upon their hand-some new residence recently finished and ready for occupancy. The home is most commodious and convenient and is finished in the beautiful white enamel effect with wall paper that blends in the color scheme. The rooms are large and the reception hall impresses the beholder at once with the fine arrangement of the staircase that while being a part of the whole is so tastefully arranged as to delight the eye with the rare design. No expense has been spared in furnishing and fitting this modern home in every detail and it takes first rank among the beautiful homes recently erected in San-ford. Park avenue is the principal resi-dence street of Sanford and one that the visitors usually see first and the many fine residences now erected on that ave-nue will be greatly enhanced by the Herndon home and also by two other fine residences that will be erected early in the spring.

LETTUCE GOING FORWARD

About Thirty Cars Will be Shipped This
Week From Sanford

Lettuce is going forward and if the cool weather prevails there will be plenty of the crisp delicacy going forward in the next few days and plenty of money com-ing back from the northern markets. The price on lettuce was \$2.50 per ham-per in New York last Saturday with the chances good for even better prices if the cold spell continued.

According to the general belief there will be about thirty cars of lettuce and romaine leave the Sanford stations this week and should bring the growers good prices. Many of the local growers are relying upon the local market and the state markets to take the first crop or until the northern market becomes firmer. One grower brings in several loads of lettuce every day to the local grocery stores and is well content to take the prevailing price offered here. The gen-eral opinion now is that most of the let-tuce and celery will be contracted for here and paid for before the stuff ever leaves Sanford. Even at a lower price than the New York market this is a safer plan for the grower has the money and the profit and like the old adage "The bird in the hand is worth two in the bush."

The lettuce crop here this season will be one of the best that has ever been grown in the south and at the present time is a beautiful picture. It is to be hoped that the growers who have labored so hard to bring the crop to maturity will stand together for a good price and will demand the price for it. Sanford.

Interested in Tourist Hotel.

J. R. Hayes, Michigan's leading and widely known hotel man, whom some will remember as operator of the Sanford House here for a season some years ago is quite interested in the proposed new tourist hotel at this place. Were he not so engrossed with his hostelrys at De-troit, Sault St. Marie, Mackinac and Hot Springs he would take hold of the enterprise here, and give Sanford the finest kind of a resort and traveling as well as visiting up to date inn that the country anywhere affords. Mr. Hayes is one of the most successful and popular men in all the United States.

Class Meeting

A delightful class meeting of the Junior Boys of the Congregational Sun-day school was held at the home of their teacher, Mrs. Richard Terhune Friday afternoon last. Among the plans made for the close of the year's work was a Christmas box of clothing and books to be sent to the Reform School at Mari-anna, Fla. Under the leadership of their former teacher, Mrs. G. B. Wal-dron the boys have been sending to the Reform School monthly the "Well Spring," a weekly magazine distributed in the Sunday school. After the busi-ness meeting refreshments were served and games enjoyed until the late after-noon. The following officers were elect-ed to serve until January: Russell Brady, president; Fred Wight, secretary; Earl Waldron, treasurer; Clifford Walker and Earl Waldron were elected to serve on the sick committee.

Band Concert

The delightful concert given by the Sanford Military Band in the park Sun-day afternoon was exceptionally fine and was thoroughly enjoyed by all who were within sound of the music. The baritone solo, "The Holy City," was espe-cially enjoyed and elicited many compli-ments. Sanford is very proud of her band and considers it one of the most des-irable assets.

Sanford Music Club

The Sanford Music Club will hold their regular meeting at the studio of Mrs. Fannie S. Munson Saturday after-noon, at 3 o'clock. All members urged to be present.

Judging by all precedents in the Turkish-Balkan war the news from Constantinople tonight is the herald of another Turkish defeat at the Tchata-lja lines, guarding Constantinople, where a battle has been proceeding for the last two or three days. The Tur-kish admission that so many wounded are arriving at the capital as to show that the Turks are offering a fierce re-sistance has signified in view of previous admissions of a similar nature and may be regarded as preparing the minds of Turks for another disappointment. It may be quite possible that this may prove the last great battle of the cam-paign. There are indications that Bul-garia may, after all, forego a triumphal entry into Constantinople. According to some reports Bulgaria will be content with finding winter quarters for her army while the peace negotiations are going on and subsequent settlements are being arranged. The question of medi-ation has been put forward another step, according to the announcement from Paris tonight that the Austrian govern-ment has agreed to join with the other powers in transmitting Turkey's re-quest for mediation to the allies and dis-posed to accept mediation.

The Department of Agriculture claims that the wheat crop of this year will be 100,000,000 bushels greater than that of last year. Now if the big wheat crop does not help to fill the empty flour barrels it will be because the men who corner things and sew them up in a sack, are permitted to do things pretty much as they please.

Woodrow Wilson is a southerner, McCombs, his campaign manager, is a southerner, and the President-elect won on southern principles. Looks as if even southern newspaper men would be en-titled to a small allotment of pie after March 10th.

A No Mud Association has been formed in Paris and as a result of the ac-tivities of the association, taking the shape of threats of legal action against the mud splashing omnibuses the mun-icipal council has decided to hold a com-petition for splash guards. It will be remembered that tests of such guards, designed to protect the passers by from mud thrown by the wheels of a car were held in France some time ago, but no official action was taken.

President-Elect Woodrow Wilson con-siders attention to affairs in the state of New Jersey his immediate duty. He announced tonight that he would devote practically all next week to state busi-ness. This means that things national that may concern his future administra-tion will not be taken up until late in December, because he will start at the end of the coming week on a steamer trip and a vacation, which will keep him away from political callers or office-seekers for nearly six weeks. The President-elect believes there is no ne-cessity for haste; that by the time he is back from his vacation public opinion on various matters will have crystallized, and that by taking counsel with his ad-visors he will be able to make important announcements about his future policy.

Another milestone in the victorious sweep of the Balkan allies in the Turkish Bulgarian war was the entrance of the Greek army into Saloniki, which means almost as much to the Greeks as the an-cient capital Uskup to the Servians. Crown Prince Constantine, after an in-terview with the commandant and the foreign consuls received the surrender of the Turkish army under conditions im-posed by him. The report of a massacre in the city has not been confirmed and is not credited. Twenty-five thousand Turks gave up their arms and were parol-ed until the end of the war. All foreign-ers apparently are safe and will be able to depart by ship if they so desire.
