DELAND MAN IS KILLED FROM AMBUSH

KILLED BY UNKNOWN PERSON AND HIS WIFE WAS WOUNDED

(By The Associated Press) DELAND, Feb. 7.—William A. Shields, 60, poultry raiser, was instantly killed and his wife wounded late last night three miles east of here by unidentified person hidden beside the road fired on them with a shotgun. They were driving home in a car and stopped on account of obstruction in the road. As Shields stepped from the car part of a load of birdshot struck him in the head and the others struck his wife. Bloodhounds were taken to the scene immediately but failed to pick up the trail but the sheriff said today he had a clue which he believed would lead to the identity of the slayer. Mrs. Shields is in the hospital here.

MARY MILES MINTER LOVED DIRECTOR, LETTERS FOUND.

(By The Associated Press) LOS ANGELES, Feb. 7.—The Examiner says a scented note on mono-grammed stationery from Mary Miles Minter dropped from one of Taylor's bags while the police were examining the effects. It read:

"Dearest I love you, I love you, I love you X X X X X X X X Yours always, Mary."

The last X was ten inches high followed by an exclamation point. The newspaper said she did not deny the authorship. Miss Minter said she loved him wit hall the respect and admiration a young girl gives to a man with the culture of Taylor.

NEW CONFERENCE TO BE CONVENED 8 YEARS HENCE

LATE PARLEY LEFT COMMISSIONS TO CARRY ON THE WORK

(By The Associated Press) WASHINGTON, Feb. 7.—When the Washington conference went out of existence yesterday it left a dozen legates in the form of commissions and other international bodies which again will bring the representatives of the powers together to discuss world problems.

Besides many general agreements to "consult" among themselves when troublesome questions arise, the governments represented here authorized specifically, among other things, a five-power conference eight years hence to again discuss naval armament, a five-power commission to revise the rules of warfare, a "special conference" and a separate "revision commission" to regulate the Chinese tariff, a "board of reference" to consider economic and railway questions in the Far East, and an international commission to inquire into extra-territorial rights in China.

Only two duties are bequeathed to the secretariat-general of the expiring conference, and it is the expectation of officials that the secretariat-general's office will wind up these tasks and finally close its doors in the very near future. It has merely to compile and have printed the correct minutes of the plenary sessions and committee meetings, and to act as a clearing house through which the various nations will inform each other fully as to their existing commitments affecting China. This information is to be filed with the secretary-general for transmission to all conference members "at the earliest convenience" and similar commitments entered into in future are to be dealt with by direct communication between the various foreign offices.

FOUR PERSONS ARE DEAD AND MANY ARE INJURED IN RICHMOND, VA., FIRE

Lexington Hotel and Adjoining Buildings Were Destroyed Today

RICHMOND, Va., Dec. 7.—(By The Associated Press).—At least four persons are dead and several reported injured in a fire early today which destroyed the Lexington Hotel and adjoining structures at Twelfth and Main streets here today. Among the dead are C. M. Thomas, Sheriff of Albemarle County, Charlottesville, Va. Sixty-seven guests were reported in the hotel at the time. Twenty-eight were still unaccounted for at 8:30 this morning, but it was believed many would report their safety during the morning. No Floridians in the list, most guests were Virginians. Besides the hotel the other buildings destroyed or badly damaged were the Clyde W. Saunders' Printing Plant, Pearl Laundry, Wilson Paper Company, Savings Bank of Richmond, Branch of Cabell & Co., and Co-operative Exchange.

RICHMOND, Feb. 7.—Thirty were injured, five with broken backs received when they jumped to the street. Property loss is approximately \$150,000. Police believe the death toll may reach between fifteen and twenty. Search of the ruins began at ten o'clock. Fire apparently originated in the basement and spread rapidly over the four floors. The clerk said numerous guests jumped to the street from the third floor. One sailor came down the water spout with a man on his back and as he made way to the ground shouted "Don't crowd me." One man threw mattress to the street then jumped from the window on it, escaping with slight injuries. The flames were discovered shortly after four o'clock.

Take Tampa Boy, by Mistake, To Woods For "Necktie" Party

LAKELAND, Feb. 7.—(Special).—Two Rollins College boys, enroute to attend the water sports at Tampa today, were dragged out of an automobile at the point of a pistol and taken to Auburndale by a party of well-known Auburndale men for the purpose of being lynched. Upon arrival at Auburndale, it was discovered that the boys, although of the right general appearance, were not the men wanted. They were released.

The two men wanted are men who, under the guise of bookagents, entered a house in Auburndale and attempted criminal assault upon a woman. It is now stated that the bookagents escaped to the northward by bus and by train.

The Rollins students were going to Tampa, picking up a ride at intervals. They were in the car of Mr. and Mrs. Ransel Johnson, of Lakeland when held up. One was Harry Mundell, of Miami, formerly of Tampa, where he has relatives. The other's name is unknown here.—Tampa Tribune.

Sues Chicago Opera Co. For Half Million

NEW YORK, Feb. 7.—A half million dollar libel suit against the Chicago Opera Company was filed in federal court today by counsel for Madame Johanna Gadski, wife of Captain Hans Tauscher, a German subject.

Madame Gadski charges that the opera company, after contract with her to sing the role of "Isolde" in two Chicago performances of "Tristan and Isolde" at \$1,500 each, publicly cancelled the contract on the ground that patrons of grand opera would refuse to hear her sing because of the presence in America of her husband, a former German army officer.

Madame Gadski asserts cancellation of the contract and the attendant publication of "false and malicious" reports caused her the loss of the stipulated \$8,000 and have "destroyed her earning power, which heretofore has been very large," so that she is without employment and will be unable to obtain employment in her profession.

FOURTEEN VARIETIES OF FRUIT FROM ONE TREE

(By The Associated Press) LAKE WALES, Feb. 7.—A citrus tree with manifold possibilities of a scientific nature if no other, is now growing at the Mammoth grove near here, it is understood.

The tree is expected to bear fourteen varieties of fruit, at one time. Nature intended the tree to bear grapefruit, it is said, but man of the experimenting flair, has grafted the other varieties of citrus fruit onto it, and now is awaiting the day when tangerines, kumquats, limes, a temple orange and many other fruits of the kind come out in rainbow array. The tree is growing on the two acre piece of the grove set aside as a demonstration and experiment station.

Alleged Wire Tappers Are On Trial Today at Fort Lauderdale, Fla.

Ledger Seized in Raid Had Names of Many People

(By The Associated Press) FORT LAUDERDALE, Feb. 7.—A ledger seized in a raid on the headquarters of an alleged band of confidence men here Friday was introduced as evidence today at the preliminary hearing of a dozen persons under arrest. The ledger contained the names of 105 persons and opposite each amount varying from \$5,000 to \$175,000. Officials are unable to say whether it was a record of swindles or part of the paraphernalia to impress the intended victims. Other evidence introduced was an automatic telegraph sending machine which could be rigged up in one room and send to telegraph instrument in another merely by winding spring. Deputy Shackelford, of Duval county, who conducted the raid, said he caught one man burning papers as the deputies entered the house. Judge William Price, of Miami, for the defense, entered a blanket plea of not guilty. E. C. Thompson, of Palm Beach, assisted Price.

The defense attempted to show in the cross examination of Shackelford that none of the defendants were seen operating any of the instruments introduced as evidence. The hearing recessed for lunch at noon and subpoenas sent to C. N. Peterson and wife of West Palm Beach to appear for the state.

CHASING FIRE WAGON CHIEF OUTDOOR SPORT FOR JACKSONVILLE PEOPLE

(By The Associated Press) JACKSONVILLE, Feb. 7.—A favorite winter sport in this city is that of chasing the fire apparatus and Chief Thomas W. Haney is authority for the statement that the department is sorely overworked.

To the up town resident it seems as if the department is on the go throughout the day and night. The commotion caused when the apparatus does get underway, however, is responsible for much of this appearance. And during it all the fire-chasing fan can tell very little of the location of the blaze by the direction in which the machines run.

It seems that Jacksonville, as benefiting a big town, has a system whereby the major stations are always named. For instance, when No. 1 goes on a run, station No. 2 hastens to fill its place. No. 3 moving up to No. 2 etc. As a result an awful racket turns loose when the fire bell rings. The screeching sirens penetrate the air as the various apparatus scurries in all directions. No. 1 station responds to an alarm and passes No. 2 racing noisily to man the station made vacant. The fire-chasing fan chases hither and thither, not knowing which apparatus to follow.

In a few minutes, the fire out signal is sounded—few of the blazes are serious—and the town witnesses the shaken-down process as the machines return to their respective stations.

This done the town returns to normalcy, until the next alarm. For the month of January the fire department responded to 130 calls or an average of four plus a day.

SANDS CHARGED WITH MURDER OF MOVIE DIRECTOR

FORMER BUTLER TO TAYLOR THOUGHT TO KNOW SOMETHING OF KILLING.

(By The Associated Press) LOS ANGELES, Feb. 7.—Police today announced no warrant had been issued against Sands.

LOS ANGELES, Feb. 7.—A telegraphic warrant charging Edward Sands, former butler to Williams Desmond Taylor, with Taylor's murder was issued by the police last night and wired to authorities at Carlin, Nevada, according to information received by the Los Angeles Examiner this morning.

SMALL HOOSIER WINS RECORD FOR TARPON AT FORT LAUDERDALE

(By The Associated Press) FORT LAUDERDALE, Feb. 7.—Record tarpon caught last night here by C. E. Allison landing a silver king weighing 146 pounds. Allison is from Spencer, Indiana, is a tin can tourist and weighs only 122.

JOHNNY SCHIRARD WAS THERE

In the write-up of the "Taming of the Shrew" the name of Johnny Schirard was left out because he was not on the printed program and our representative being back of the scenes missed Johnnie's cornet solos when he was playing. He is Sanford's celebrated boy cornetist and one of the best in the country, and he added much to the entertainment Friday night.

SOLDIERS BONUS WOULD COST 2 1/2 BILLIONS

ON BASIS OF ESTIMATES PREPARED FOR HOUSE WAYS AND MEANS

(By The Associated Press) WASHINGTON, Feb. 7.—Soldiers' bonus would cost the government approximately two and one-half billion dollars on the basis of estimates prepared for the House Ways and Means Committee by the fiscal officers of the army, navy and marine corps.

BIRTHDAY SURPRISE

Last week Mrs. M. Zorrenner of the West side was most pleasantly surprised by friends and relatives it being her birthday anniversary. The evening was pleasantly spent playing games and cards after which delicious refreshments were served. There were 36 folks who enjoyed this occasion.

The meeting of the M. & D. Club was held at the home of Mrs. M. Zorrenner. The afternoon was pleasantly spent in sewing. Mrs. Zorrenner serving delicious refreshments. All members were present. The prize of the afternoon was won by Mrs. F. Brandt which was a dainty handkerchief pieced in pink.

BRING NEGRO PREACHER OF SOCIAL EQUALITY TO TAMPA FOR HIS SAFETY

LAKELAND, Feb. 7.—F. Jenkins, a negro preacher, was arrested by the local police yesterday afternoon after preaching race equality in a colored church in the colored settlement.

When questioned at police station Jenkins admitted he had been waited upon in Sanford where, he said, he was taken to the woods by a white-gowned mob and badly beaten. Jenkins, who still carries the marks of his flogging, was taken to Tampa for safe-keeping, local authorities fearing that similar action might be meted to the negro here.

LaFrance Pump and Hose Cart Recently Purchased by City GOOD INVESTMENT

MEANS THAT CITY CAN GET WATER AT ANY TIME EITHER BY PLUG OR FROM LAKE

The New LaFrance pump and hose wagon recently purchased by the city will prove a good investment from many angles. It was tested out yesterday on the lake front and also on Sanford Heights and proved to be all that was claimed for it by the manufacturers. The following is the official test:

The following was requirements of pumper according to Contract:
120 lb. pressure, 750 gallons water per minute.
200 lb. pressure, 375 gallons water per minute.
250 lb. pressure, 250 gallons water per minute.

Capacity named above to be delivered at a normal lift not to exceed ten feet.

Computation of capacity is founded upon Barometric pressure at sea level.

The following is actual test of performance of pumper as demonstrated to the Commissioners:

Pumper was placed on the bulkhead near the Clyde Line Dock having a lift of ten feet.

First test was for capacity used three lines of hose, two lines of which were 100 feet each, and one line of 150 feet.

One 100 ft. line having a nozzle of 1 1/8 inches.

Other 100 ft. line having a nozzle of 1 inch.

Other 150 ft. line having a nozzle of 1 inch.

From this test the pump delivered 783 gallons of water per minute, at a pump pressure of 128 lbs.

A second reading for capacity was taken on the same line of hose with the same nozzle, the pump giving a volume of 845 gallons with a pressure of 124 lbs.

High pressure rating 200 lbs., 375 gallons, pump pressure 210 lbs., volume of water 307 gallons per minute. One line of hose 250 ft. using 1 1/8 inch nozzle.

High pressure rating 250 lbs., 250 gallons water per minute, 255 lbs. pressure, volume of water 310 gallons. One line of hose 250 ft. using 1 inch nozzle.

Test on Sanford Heights: Hydrant located on corner of Central St. and Magnolia Ave., which is the end of 4 inch main extending from Eleventh St.

Pump pressure 70 lbs., nozzle pressure 60 lbs., delivering 229 gallons of water per minute.

IDENTIFY TWO OF FORT LAUDERDALE GANG FOR \$19,500 JAX SWINDLER

FORT LAUDERDALE, Feb. 7. The men held in jail here as a result of Friday's raid on their establishment were today identified by Mr. and Mrs. M. H. Blumenthal of Cincinnati, O., as having fleeced them of \$19,500 at St. Augustine early in January.

A man named Cowan, who escaped during the raid and is now being sought by the police, was identified through his photograph by the couple as a man who approached them on a train between St. Augustine and Jacksonville and led them into the alleged fraud. Officials said they expected to arrest Cowan tonight or tomorrow.

Mr. and Mrs. Blumenthal, who came here from St. Augustine when they noticed that they would remain here and further the prosecution.

Officials said they expected a large crowd of victims of the band's operations to be on hand at tomorrow's preliminary hearing.

In addition to the twelve men charged with operating a gambling establishment, W. O. Backrow of Cincinnati will be heard on the charge of frequenting gambling establishment. He was arrested in the raid.

GUESTS OF STONE ISLAND

The following party were the guests of W. T. Donnelly and family on their yachts the Dawn and the New Era going over to Stone Island yesterday afternoon. To those who are familiar with these fine yachts that are propelled with electricity the joys of yachting are a new story for the forward yacht is furnished with the electricity the power plant of the rear yacht and they glide along through the water with the ease and smoothness of a bird skimming on the water's surface the forward yacht having no vibrations or noise and they make splendid time so that the party were at Stone Island almost before they knew it and were met at the dock entrance by Mr. Commons who transported them with a smaller boat much to the delight of the ladies who while timid enjoyed the terror of the seas. Mr. and Mrs. Commons were there to meet them and they repaired to the Commons bungalow where they spent a most pleasant afternoon looking at her wonderful collection of paintings on china and porcelain and the "Cameos" that have made her famous. Mr. and Mrs. Commons now own seven hundred acres of land in this vicinity and are indeed the "king and queen" of Stone Island. On a long picnic table the guests were served tea and coffee and dainty sandwiches, preserved figs, guavas, jellies of many kinds and ice cream and cake and left only when darkness compelled them to embark for the journey home. Under the able

supervision of Capt. W. T. Donnelly and his son, Norman Donnelly the able pilot and Capt. Jerry and Lieut. Matt, the journey home was made in good time with the searchlight playing on the lake shore and the "skyscrapers" along the water front of Sanford and all arrived in due time safe and sound with the feeling that the Donnellys have the finest method of enjoying life that could be devised on sea and the Commons have the greatest "land" proposition. Among those enjoying the occasion were: Mrs. Hastings, Mrs. Thrask and daughter, Miss Olive, Miss Sara Evelyn Williams, Mr. and Mrs. Pearman and children, Mr. and Mrs. R. J. Holly, Mr. and Mrs. W. T. Donnelly and son Norman and daughter, Helen and niece, Miss Simmons.

Space will not permit an extended description of Stone Island but to anyone who has never visited this enchanted spot it would be well to say that the latestrating is always out and Mr. and Mrs. Commons are always glad to entertain visitors. It is well worth the trip to go on the water or via Osteen and the Enterprise road.

CARD OF THANKS

The Chairman of the Finance Committee of the Literature Department of the Woman's Club, wishes to thank each and every one who gave of their time and talent to make the Shakespearean play "The Taming of the Shrew" an educational success and thereby aiding the Literature and Music Departments financially.

The City of Sanford has every reason to be proud of its home talent, which can not be surpassed by any in the state.

The program committee, Mesdames John Leonard, Schelle Maimes and B. J. Sterling wish to thank the Sanford Herald and the business men of Sanford who helped so materially by gladly buying space.

In behalf of the departments, I extend thanks and appreciation to all that took part in the play.

MRS. B. J. STARLING, Chairman.

MELVILLE COMEDIANS

HERE—PLAYING FOR HOSPITAL BENEFIT

The big canvas theatre of the Melville Comedians has been erected on the lot next to the Post office, Bert Melville and his company of players will delight people for the week. Announcement has been made by the Kiwanis Club, under whose auspices the Melville Players are engaged, that

all the net proceeds realized by the Club from this attraction will be donated to the Fernald-Laughton Hospital. The play tonight is entitled "A Little Child Shall Lead Them," and every lady accompanied by a paid admission may see the show free. It is hoped that the Hospital will receive a neat sum from this source.

STOLEN FORD CAR

The Ford car of Mr. and Mrs. Alfred King was stolen from the front of the Baptist Temple last night while the family was attending church services. As they had the key in the car the thieves evidently detached the wires and made away with the car on Park Avenue between eight and nine o'clock. As soon as church was over Mrs. King discovered her loss and summoned the officers who are now working on the case and expect to land the thieves who were seen hanging around last night just before the car was taken. The car was a 1920 model and had a dent in the left hand side where it had been struck by another car, the license number was 20480. Left fender bent and left side of car bent near the front, leaky radiator, chock tied on with string, lights in rear of curtain have been torn out and pasted in, curtain torn and sewed together.

Any information relative to the car would be appreciated by the county or the city officials or the owners.

K. OF C. CARNIVAL

FEBRUARY 21, 22, 23

All the arrangements have been completed for the annual mid-winter carnival and festival of the local Council, Knights of Columbus, and this year it promises to be bigger and better than ever. They have gone to a large expense to make this production if not the very best, at least one of the best ever staged in Sanford, and from the advance dope given to a representative of the Herald it is going to be an affair long to be remembered.

This carnival takes place Tuesday, Wednesday and Thursday, February 21st, 22nd and 23rd, on the vacant lot on First street, next to the post-office.

One of the main features of this carnival will be a two act musical comedy called "The Boozy Cruisers" with Robert Herndon in the leading roll. Bob is the best character comedian in Sanford and will be supported in this play by an able cast consisting of such men as Clarence Mahoney, Tom Eagan, Sid Rive, Reg Holly, Peter Schual, Tom Meredith, Byron Stevens and many others. This show is bound to attract attention for the reason that it is as good, if not better than the usual dollar attractions put on by local talent but will only cost 35c. The show is made for laughing purposes only and the public is promised an hour and a half of real fun and amusement to say nothing of several good musical numbers.

The ladies of the Business and Professional Woman's Club will be given full charge of another one of the attractions and will put on a pageant play that will equal any of its kind before and the price of this attraction will also be within the reach of all. An athletic show and side show will be two more attractions worthy of your consideration.

The regular grind stores, paddle wheels, etc., will be of an entirely different nature, every thing absolutely new and the prices will be the lowest of any carnival ever playing Sanford before. A cafeteria supper will be served every evening of the carnival, the Sanford Band will play each night, there will be many free attractions, and taking it all in all, this promises to be one of the biggest times of the season for all Sanford. Make no dates that will conflict with the above, make your plans to join the crowds and have one big time.

One of the biggest contracts for advertising ever let to advertise a local affair has been let by the Knights of Columbus and people will know of it for miles around and many visitors will be in town for those days. Full information regarding the different events will be found in the Herald from now on and if you will watch for these special announcements you will be advised of some big doings. Remember the dates, Feb. 21st, 22nd and 23rd.

MEMBER THE ASSOCIATED PRESS

Cold weather again and it is just what we needed.

The Middle Atlantic coast is in the throes of another wintry gale with snow and ice and sleet. How happy we are in Florida.

Every time you put on special sales and bring new people to Sanford you are building up more trade and building us a bigger Sanford. Try it.

Our sympathy is extended to genial Billy Martin of Orlando, Orange County's efficient Tax Collector who broke his leg from falling from a ladder at his home. Billy has often almost broken a leg collecting taxes, we opine.

Sanford's new pumper is one of the best that is made. It means better fire protection, cheaper insurance rates and a better sense of security for the business men of Sanford. It is money well spent and The Herald wishes to congratulate our City Commissioners who purchased it.

We suppose that Mississippi will soon be in the midst of a case similar to the Breckenridge-Pollard case that tore up Kentucky many years ago. It seems that men in high positions must walk the straight and narrow path like other people. And very often men in high positions are targets when they are absolutely innocent.

It is unbelievable that moneyed men of Sanford would put their money in foreign stocks, wild cat schemes of all kinds when they can safely invest their money in Valdez Hotel bonds in Sanford Building & Loan stock and in Sanford real estate all of them safe and sure investments. There are many good paying corporations here that would take some of the surplus money of this district from time to time in case the men of money wanted an investment. All home investments are good and investing your money in Sanford means that you are building up Sanford and that you are making a safe investment for yourself and family. Think it over.

WANT SOFT WATER

It is one of Sanford's problems to find a supply of soft water for many and various reasons. While the present supply of water is undoubtedly the healthiest and best of its kind to be obtained the very fact that it is artesian sulphur water makes it objectionable to many strangers and it is so hard as to be almost useless for many domestic purposes. The sulphur is gaseous and can be eliminated by due process and was supposed to be eliminated in the contract with the Southern Utilities Co., but they have done nothing as yet and probably

never will. However this should not deter the city from making experiments with deep wells and test out the artesian water of this district for undoubtedly there is a bounteous supply of pure soft water under the earth as well as at other places in the state and Elder Springs south of the city proves this statement. If the test well here fails to bring out any indication of soft water from an artesian source it will not be difficult to tap one of the many clear water lakes near Sanford and give us all the soft and pure water that we need and a filtration plant would make any of the lake water into pure drinking water and water that could be used for domestic purposes. While sulphur water is the purest in the world it is death on water pipes and is expensive in every way to the owners of property is had on engines and boilers and is detrimental to our city in many ways. Jacksonville is troubled with the same kind of water and is casting about new for some relief as the following Associated Press dispatch would indicate:

Plans to supply this city with soft water to supplant its present artesian supply are under consideration by the city commissioners.

Suggestions have been heard that the Suwanee river be tapped while other plans would obtain the water from Kingsley's Lake, Sand Hill, Lake Black Creek, St. Mary's river and other sources. The practicability of softening the present supply has also been considered but opponents of this method argue that the artesian supply is slowly diminishing and that in time the city will have to look to other sources anyway.

Jacksonville's water supply has long been the conversation, at least. In most sections of the city the supply is extracted. In the sections not so served, however, the presence of sulphurated water is easily noticeable. Some newcomers describe it as having a decidedly unpleasant odor while the cubists of language say flatly that it carries the stench of over-ripe eggs. The housewife complains that it blackens the silverware. The conservative old timer argues in return that the water benefits the health.

In the meantime, the newcomer, excepting the women-folk who find readjustment more difficult, becomes accustomed to the water.

Neither are the women to be satisfied with the supply in the sections where natures intentions are thwarted by the filtering plant. Although shorn of its sulphur, the water is still hard and injures the hair, they assert. Instead of the glossy strands the coiffure becomes colorless and coarse, according to current gossip.

Receptacles to catch rain water are quite the fad among the younger set, while the hair-dressing establishments advertise as an asset the fact that they use water from above rather than beneath."

COMPANY GOES TO FLORIDA FOR EXTERIORS

Constance Talmadge with Director Chet Withey, cameraman Oliver March and her entire company, traveled from New York to Miami, Fla., to make some exteriors for "Lesson in Love," adapted for the screen by Grant Carpenter from Douglas Murray's play, "The Man from Toronto." This production which is Miss Talmadge's latest Associated First National release, will be the attraction at the Star Theatre tomorrow night. This story was played in this country by Henry Miller under the title of "Perkins" and it is still playing in England as "The Man from Toronto."

OUR SANFORD GIRLS WERE THERE ALL THE TIME

By JOHN "RED" DAVIS

"Red" Davis, formerly sporting editor of the Sanford Herald, but now with the Jacksonville Metropolis, went down to Lakeland Friday with Duval's boys' team and met our girls' team at the station. He says he was so impressed with our girls team that he just had to write the following:

Wake up Seminole!

You have a girl's basket ball sextet—and don't know it.

Friday afternoon while on the train with the Duval Tigers we reached Sanford—three minutes later a delegation of "children" (I say children for never once did our party dream they were basketball players) boarded the same train and sent up three cheers for Duval.

Right then an investigation was started and having met Misses Mildred Holly and Maude Lake, two that I knew back in 1917, I found out they were going to Lakeland, the very same place we were headed for.

Now that's off my mind. The game will soon begin as soon as I sketch a few more sidelights.

Edna Styles is now talking after being introduced to the various Duval players: "Boys, we are going to wear your colors and root for you all tonight against Lakeland." Very good says Ted Reed, Duval's captain.

Captain Ted Reed then calls his gang, or rather gentlemen, together and orders a cheer sent up for the Celery City. Here's the way it sounded to me on the train—"Rah-Rah-Rah-15 of them for the Celery City."

Some one in the Duval crowd asked Emma Spencer if she was a player or the girl that was supposed to hold the players' neckties and handkerchiefs—what prompted this silly question from this Duval player was Emma's size. From the back rows Gayle Marshall said, "Why she's the 'playinest fool' in the county."

The game begins: Sanford enters the court. From numerous voices on the sidelines I remembered a few of Lakeland's remarks. Some one said, "What kindergarten are they from?" Another said "Why they are babies, they can't expect to play our 'big girls.'" Another come forth with this "Why they'll be mince pie for us, they haven't got a chance." All of a sudden Maude Lake nearly knocked one of Lakeland's girls into Volusia county. Then the tune turned.

After Maude has demonstrated her Jack Dempsey prowess someone yelled from the sidelines "Why she plays too rough." I then thought the Lakeland lady that made that remark should have been shed off her glasses a little and gazed at Miss Hamilton who was playing forward for Lakeland.

Then Lakeland looked Edna Styles over and I mean right from Paris she has the style. She plays basketball excellently.

Probably the sensation of the evening was the way the Lakeland fans gazed in amazement over the work of Mildred Holly at forward and Emma Spencer at forward, the "two children" of the Sanford sextet—I say children for it's not right to say babies. Both Mildred and Emma marched through Polk county like Sherman marched through Georgia back in '65—they raised whatever you want to call it.

Sara Wheelless at standing center was also a star in this game. Often Sara received her jolts after running into a few of Lakeland's heavyweights but for every jolt she received somebody else received an earthquake in return.

By all means Sanford High bring Lakeland to Sanford. The girls can beat them.

Emma Spencer shot three field goals and all three were shot over the head of a girl who must have been as tall as Sanford's once-upon-a-time famous Helen Hand.

Talk about rooting for Duval—Lakeland thought Duval county had moved to Polk when the ladies from Seminole turned loose. And all the time Sanford's girls were kidding the spectators about how bad Duval was beating the boys.

Attention Mr. Holly: Boost the girls' and boy's team—maybe some of

the people will enjoy a little sporting news just as well as some of our polished editorials—some time I like sport news better—for all the editorials I read now are too blooming long, and everybody's writing the same thing "Come to Our City, It's the Only One."

Maude Lake, in my opinion, was the outstanding star of both sextets. She was closely followed by Hamilton of Lakeland, and Spencer, Holly, Styles, Marshall and Wheelless of Seminole.

Here's the most truthful paragraph of the whole lot: With the exception of Miss Hamilton at forward for Lakeland the Sanford girls stood over Polk's representatives like Sanford standees over Orlando in every way under the sun. Brother Glynn, I'll be in Orlando some time shortly—look me up. I still think you have the best morning paper in Orlando.

LOIS WILSON IN FINE ROLE

Dainty Lois Wilson, a popular screen actress, has an excellent role, that of a spinster, in William de Mille's Paramount production, "Miss Lulu Bett," which will be the feature at the Star Theatre tonight. Milton Sills is leading man and Theodore Roberts and Helen Ferguson are in the cast.

SANFORD'S TEMPERATURE

Yesterday's temperature looks kinda sickly reported this morning with the northeaster blowing right out of the Southeast—as it were—and the temperature down considerably below 80 and yet yesterday's climate together with what we could get this morning makes a little bit more and all of it makes a maximum of 80 or a minimum of 57. But it sounds like winter this morning and the celery will begin to perk up again. Nothing dangerous in the weather as yet. Only a little touch of Valentine Day.

BAND COLLECTED FOR SALVATION ARMY LAST SUNDAY

The concert of the Municipal Band last Sunday afternoon in the park was enlivened by the playing of the Salvation Army Patrol during which time Charles Brady passed the hat in the crowd and collected the sum of \$22.35 which was turned over to E. P. Foster president of the First National Bank who in turn sent a cashier's check of the amount Monday to Orlando where it will be turned over to the Salvation Army. It was the band's way of getting up the Sanford contribution to the Salvation Army fund being collected at Orlando by the Elks and other organizations. The slide trombone selection by Mrs. Ball and the solos by Brady were among the features of the band concert that was greatly enjoyed in its entirety by a large crowd.

ROTARY CLUB MEETING TODAY

The Sanford Rotary Club had their regular weekly luncheon today at the Valdez Hotel and had their usual singing and talking stunts and a general good time under the leadership of President Harry Stevens. Among the visitors were Rotarians Fred Long, and Bill Irwin of Jacksonville and Carl Rose of Ocala who made short talks and told who they were and what they were and were made most welcome by the Sanford Rotarians. The bowling game between Rotary and Kiwanis tomorrow night

at the Parish House was discussed and the Rotarians were given liberal supply of snake oil to rub on themselves tonight and they think they can put it over on the Kiwanis Club this time.
