

INCREASED DAMAGE IN CHILE BY RECENT EARTHQUAKE IS SHOWN IN THE DISPATCHES

DEAD WILL REACH 1,500 IN THE PROVINCE OF ATOCAMA

MUCH SUFFERING

Follows in Path of Quakes Throughout Entire Country

(By The Associated Press) SANTIAGO, Chile, Nov. 15.—Each hour brings further details of the great disaster to Chile caused by the earthquake and tidal waves and each new report received from the provinces which suffered the full force of the convulsion adds to the list of dead and the enormous damage already recorded.

Advices yesterday afternoon from Valparaiso, in the province of Atacama, say that the total dead recovered thus far at that place number 1,500, while the adjoining town of Freirina is in complete ruins, the casualties not being known.

An official compilation by the ministry of the interior, based on reports received by that department earlier in the day, gave the number of dead in six towns as 886 and the injured 2,410. These towns were Valparaiso, Copiapo, Coquimbo, Huesco, Charral and Freirina. This compilation therefore did not take into account the hundreds of smaller places within the radius of the earthquake, which are virtually shut off from communication because of the break down of telegraph lines.

Two hundred miles of the coast line felt in varying degrees the effects of the great tidal waves which followed the earth shocks and for a large proportion of this distance sea ports, towns and villages were inundated. Now, nearly four days after the disaster, thousands of families are wandering about the countryside. Their distress is great, for they have little clothing and few supplies.

Again yesterday severe earth tremors shook the province of Coquimbo and other places and strange illuminations were observed last night over the sea of Laspereira and at Copiapo.

SANTIAGO, Nov. 15.—Scarcely a house remains standing in the Valparaiso valley in northern Chile as a result of the earthquakes and marine disturbances last week. The full extent of the disaster, which centered upon the provinces of Atacama and Coquimbo, became more fully known today with the reopening of telegraph communications. In these two provinces the victims numbered fifteen hundred so far as now known, but it is expected the number will be increased.

POPULAR HOTEL AT EUSTIS BURNS LATE LAST NIGHT

EUSTIS, Fla., Nov. 15.—The Ocklawaha hotel, one of the largest and best known tourist hotels in Central Florida, was completely destroyed by fire last night. The loss was estimated at \$100,000, fully covered by insurance, it is said. The fire is thought to have started from a cigarette butt, probably dropped by one of the workmen employed in renovating the structure. The Leesburg fire department assisted the local department in fighting the flames, their work saving nearby houses, which had been endangered.

The hotel was a three story structure with 150 rooms, built about forty years ago. It has been owned for the past two years by L. M. Wiggins, of Springfield, Ill. Mr. Wiggins is not in Florida at present.

WILL INTRODUCE NEW TESTIMONY IN DUAL KILLING

TO SHOW THAT MRS. HALL LEFT HOME ON EVE OF MURDER

(By The Associated Press)

NEW BRUNSWICK, N. J., Nov. 15.—Testimony that Mrs. Frances Stevens Hall left her home about 8 o'clock the night her husband, the Rev. Edw. Wheeler Hall, and his choir leader, Mrs. Eleanor Reinhardt Mills, were slain, will be placed before the Somerset county grand jury next week, it was learned last night. A hitherto unmentioned witness, a New Brunswick man, will tell the jurors that he saw Mrs. Hall run hurriedly from her home to the house next door, occupied by her cousin, Henry Carpenter, it was authoritatively announced. The name of the witness was not made known. Mrs. Hall has stated she did not leave her home until 2 o'clock the following morning, when she went to her nursing husband, the pastor of the church of St. John the Evangelist.

According to Mrs. Hall's statement to the authorities, her husband received a telephone call the night of his death shortly before 8 o'clock. She said she did not know its source or purport. Mr. Hall, she said, left the house a short time later. Timothy E. Puffer, Mrs. Hall's attorney, said he was unimpressed by the reported new testimony, declaring his client's recital of her actions the night of the murders was the true one.

Mr. Mott announced earlier yesterday that on the second day of the grand jury investigation he would present witnesses, tending to prove that Mrs. Hall knew of the relations between her husband and Mrs. Mills prior to the night of the murder. Mrs. Hall has told the authorities she had no suspicion of the relationship.

NOLED ACTOR AND HUMORIST FOUND DEAD IN BRONX

(By The Associated Press) NEW YORK, Nov. 15.—Lying against the mossy bank of a secluded ravine on the Bronx, a lighted cigarette dangling from his lips, the lifeless body of Arthur Crawford, actor, humorist, "the man of a wealth of funny ideas," was found dead yesterday, a bullet wound in his side.

The report of the shot, heard by Thomas Lillick, a passer-by, attracted him to the ravine. He summoned policemen, and in Crawford's pocket they found a letter, addressed to his son, an instructor in physical education at Columbia University, and a will. The letter contained a key to a safety box vault, and informed the son he would find \$8,000 in the Bank of Montreal.

Born fifty-five years ago in Montreal, Crawford was graduated from Lincoln College at Sorrel, Quebec, and from the Royal Military College at Kingston, Ont. He began his career in 1892 in the drama "Dartmoors," and later appeared in other stage productions. He left the stage in 1896 to write paragraphs, jokes and anecdotes for humorist publications. He was widely known as "A. C.," and for years had furnished artists with ideas for many of their best pieces, and behind the artist's name on such drawings, after a plus sign, appeared his initials.

Today's Election in Great Britain

(By The Associated Press) LONDON, Nov. 15.—The electorate of Great Britain swarmed to the polls by millions today to elect the fourth parliament of the reign of King George the fifth. No eleventh hour development lessened the uncertainty of the result. Few prophets who venture forecasts tie strings to their predictions.

KIWANIS CLUB ROAD SIGNS UP NEXT WEEK

ANOTHER GOOD MEETING AT THE VALDEZ HOTEL AT NOON TODAY

John Jenkins, Schelle Maines and Ed Lane were late at the noon luncheon of the Kiwanis Club at the Valdez today, and rendered "Liza Jane" in such a bum manner that the club decided in future to not penalize either for being late. Their singing was awful.

Entirely different were the songs and dances that dainty little Miss Wagner favored the club with. Her accompaniments on the piano were played by her mother, and both were greeted with hearty applause. Messrs. Miller, Neel and Carter were appointed a nominating committee to nominate candidates for the offices in the club for the coming year.

A rising vote of thanks was given Mrs. Ed Lane for her work in decorating the beautiful float for the club that appeared in the Armistice Day parade.

Chairman Ed Lane stated that the new Kiwanis road signs would be placed on the three roads leading into Sanford the latter part of next week, and stated he was sure the members would be proud of the handsome new signs, which are the work of C. J. Rumph of this city. The question of allowing shows to appear in Sanford under the auspices of the club was discussed and discussed but no definite action was taken.

"Sanford Follies" Scores Big Hit

As good as any traveling musical comedy, and better than a lot, was the unanimous opinion of the audience witnessing Sanford Follies, put on by the Business and Professional Woman's Club at the Sanford High School last evening. Every previous attempt to utilize local talent has disclosed the fact that Sanford possesses a great number of versatile individuals who, when properly coached, can put on an excellent evening's entertainment. It was a decided surprise to the majority to learn that those who had taken part in the play were not coached by imported professionals. This work was handled entirely by Mrs. W. E. Watson and Mrs. Hal Wright, who were the principals in directing the writing and assembling of the play, and to whom practically all credit is due for its successful management.

The stage was artistically decorated in artificial peach blossoms and made a very attractive background for the ensemble of local talent. Two of the latest successes from the New York Hippodrome, "Peach Blossom Time" and "Blowing Bubbles All Day Long" were put over big by the Peach Blossom girls and the Bubble Girls respectively. Other latest song hits which proved popular with the audience were "Time Will Tell," from the play "Sady, Irene and Mary," and two hits from the "Gingham Girl," "Twinkle In Your Eye" and "As Long As You Have Me."

Mrs. Coleough, musical directress of the schools, gave a solo, which was enthusiastically received. Mae Holly and the petite Miss Wagner featured "The Twinkle In Your Eye" in a song and dance.

Prof. Ebsen, the only outside talent employed, assisted by his wife, son and daughter, gave a very excellent dance.

Sanford's juvenile cornet wonder, Johnny Schirard, played one of his famous selections.

Another popular song soloist was Miss Lillian Ruth Spencer, who was the recipient of generous applause from the audience.

Mildred and Reg Holly brought down the house with an original song and dance in which they featured "As Long As You Have Me and I Have You."

The Sanford Follies played to capacity house last night and it is hoped that the Business and Professional Woman's Club are contemplating putting on another play equally as good in the not far distant future, and give Sanford amusement lovers another evening of real entertainment.

The Lake Worth leader is bragging about the large size of the grapefruit produced in that section. They must be of the large kind of which the Irishman said: "It wouldn't take many of them to make a dozen."

SANFORD ROTES CAPTURE PRIZE 1ST ATTENDANCE

AT ALL-FLORIDA ROTARY DAY IN TAMPA YESTERDAY

Arriving in Tampa early yesterday morning in a special Pullman car on Train No. 83 over seventy-five per cent of the Sanford Rotary Club proceeded to let the other clubs of the state know that Sanford had a live bunch of Rotarians, that they had put service above self and were there strong with the intention of taking first prize for attendance. And this they did, with Eustis, the baby club of the state coming in for second honors.

The prize, a beautiful Rotary wheel, made of light metal and carrying the Rotary colors, was presented to the Sanford Club at the banquet that took place in the Hillsborough dining room last night. Sanford was awarded this prize for having the club that sent the largest percentage of their club to Tampa, taking into consideration the number of miles traveled. The prize was accepted by Sanford through its Vice-President Judge E. F. Housholder, who made a neat acceptance speech.

The Sanford Rotarians gathered at the special car that was ready for them at the depot early Monday evening and after placing the large banners on each side of the car bearing the words "Sanford Rotary Club" proceeded to make merry amongst themselves until 11 o'clock and then picked them up. And from the time they arrived in Tampa until their special car left for home last night these Sanford Rotaries, as well as all the visiting Rotarians of the state were made to feel at home, were shown one of the big times that only Rotarians can put on, and when leaving left with the feeling that they were shown real Tampa hospitality and were ready to go back again.

Assisting Tampa as the club host were Lakeland, St. Petersburg and Orlando. These clubs had charge of the entertainment for the day and put on some real live Rotary stunts at the banquet last night.

During the day many topics of vital importance to the state were discussed amongst which was the \$100,000 Educational fund for young men and women wishing to attend college that had no funds to provide for their own education. Beautifying of roads, the St. Petersburg 1923 conference and other important subjects were discussed and while Rotary as a Rotary club is not permitted to endorse resolutions of different natures, still the five hundred Rotarians that were present, left for their homes with their minds made up to work as individuals for these different matters essential to Florida people.

The members of the Sanford Club attending the Tampa affair were as follows: D. L. Thrasher, E. F. Housholder, W. M. Haynes, C. L. Britt, H. R. Stevens, Mrs. H. R. Stevens, Dr. R. E. Stevens, Dr. S. Paleston, Colonel George W. Knight, A. E. Yowell, J. G. Ball, Rev. S. W. Walker, R. A. Newman, W. C. Hill, E. F. Roumillat, A. R. Key, Randall Chase, Mayor C. E. Henry and John Meisch.

TURKISH DEMANDS ARE NOT REGARDED FAVORABLY BY BRITISH FOREIGN OFFICE

(By The Associated Press) LONDON, Nov. 15.—The British foreign office, it was stated authoritatively today, has telegraphed the French and Italian governments a memorandum in which Great Britain declares that the main Turkish demands which are to come before the Near East peace conference at Lucerne, were not regarded favorably by the British government.

CECILIAN CLUB

The Cecilian Club program of last Saturday, November 11, was given by the junior and little folk members, assisted by the advanced students. The selections were much enjoyed. Those who played were: Thelma Tew, William Morrison, Virginia Lawton, Helen Douglas, Harriett Rossiter, Elizabeth Whitner, Rebecca Stevins, Mrs. Lawton, Charlotte Smith and Sarah Wheeler.

WIRTH GOVERNMENT IN GERMANY HAS COLLAPSED REORGANIZATION IN SIGHT

FLETCHER SHOWS HE IS ON JOB

WASHINGTON, Nov. 15.—The Board of Engineers for Rivers and Harbors has advised Senator Fletcher that in pursuance of the Act of Congress approved September 22, 1922, authorizing and directing the Secretary of War to cause preliminary examination and surveys to be made at the following named localities in Florida: St. Johns River, Jacksonville to Sanford; Caloosahatchee River; St. Lucie Inlet; Bayou Chico; Blackwater Bay and River; Suwanee River from Branford to Channel No. 4, near Cedar Key; Lake Worth Inlet; Sarasota Bay; Tampa and Hillsboro Bays; Choctawhatchee Bay, and entrance thereto through East Pass.

The district engineer at Jacksonville, Florida, and at Montgomery, Ala., will at an early date notify all parties interested when and where they will be heard concerning the character and extent of the improvements desired.

After the preliminary examinations and surveys have been made and the hearings held, the District Engineer will submit a report and recommendation on each project to the Division Engineer, who will in turn submit his report and recommendation to the Board of Engineers for final consideration.

It is necessary, under the law, for preliminary examinations and surveys to be made before the government shall be deemed to have entered upon any project for the improvement of any waterway or harbor, and not then until funds for the commencement or completion of the work shall have been actually appropriated by congress.

It was through Senator Fletcher's efforts that the secretary of war was authorized and directed to cause preliminary examination and surveys to be made of St. Johns river, Jacksonville to Sanford, Caloosahatchee river, St. Lucie Inlet, Suwanee river, from Branford to Channel No. 4, near Cedar Key; Blackwater Bay and river, and Bayou Chico. Provision for the examination and survey of the other localities was provided for in the House Bill before it reached the senate.

MORE HELP WANTED IN NEAR EAST

(By The Associated Press) WASHINGTON, Nov. 15.—The Greek government is asking the "utmost help" from every nation in its efforts to care for the hundreds of thousands of refugees which continue to pour out of Asia Minor as a result of Turkish military successes, according to a cable from the director of the Red Cross Near East relief. The cable declares the fate of a million Christians hangs largely on "quick charity from America."

TIN LIZZIE JOKE CAUSES MURDER—KILLING IN BIG JAX

(By The Associated Press) JACKSONVILLE, Nov. 15.—Neil Brabham, 21, alleged to have stabbed to death Earl T. Black, after the latter had accused him of calling his sister-in-law's new car a "piece of junk," went on trial charged with second degree murder in the criminal court here today. The wives of both men are principal witnesses. Brabham contends that Black fell on the knife during the fight.

THE SOCIALISTS REFUSE TO PARTICIPATE IN COALITION CABINET

BRIEF TELEGRAMS

Of General Interest From All Parts of the World

(By The Associated Press) BERLIN, Nov. 15.—President Ebert is confronted with one of the most critical problems of his administration as a result of the resignation last night of the Wirth cabinet. Doctor Wirth resigned with associates when the Socialists refused to participate in the coalition ministry. Ebert today conferred with leaders of Socialists and non-socialist parties in an effort to create a new ministry.

Dr. Joseph Wirth has been chancellor of Germany since May 10, 1921, when he took the head of the government on the resignation of Constantin Fehrenbach. The Wirth cabinet tendered its resignation October 22, 1921, but was reformed with a new personnel headed by Wirth, two days later.

For some time Dr. Wirth faced troublesome times owing to his ministry's program with regard to reparations, the stabilization of the mark and the general economic and internal and external situation to which the opposition parties in the reichstag objected.

A reorganization of the cabinet had been in contemplation for several weeks, but the stumbling block was encountered in obtaining working arrangement between the Socialists and the people's party.

President Ebert last Friday authorized the chancellor to enter into immediate negotiations with leaders of the various parties in the reichstag with the purpose of inaugurating steps for the early reorganization of the cabinet. The action of the president was in accordance with Dr. Wirth's desire to extend the basis of his coalition ministry, with a view to increasing its parliamentary prestige. The authorization had been deferred until the reparations commission had concluded its inquiry into the German situation in Berlin last week.

On Monday the social Democratic party addressed a letter to Chancellor Wirth declaring the stabilization of the mark was the most urgent question of German policy and that the party would participate in a new cabinet only if energetically pursued such a policy. Dispatches from Berlin said the fate of the Wirth government seemed to depend on the chancellor's ability to effect an early reconciliation between the United Socialist and the German peoples' party by inducing the latter to make a specific declaration of its attitude on the stabilization program demanded by the radicals.

PERSONALS

Miss Eleanor Blackman, a former well liked employee of the Daily Herald, now living in Daytona, was a most welcome visitor here yesterday.

The bill of lading of the new Model 14 Linotype recently ordered by the Daily Herald shows that the machine was shipped from New Orleans November 14 and should soon be in operation here. This will give the Herald two of the latest and best type casting machines and will add much to the efficiency of this already well equipped office.

Genial Dave Carroll, one of the best known and liked press representatives in the circus world, is ahead of the Sparks Circus this year and called at The Daily Herald office this morning. This big circus is rightly named "The 20th Century Wonder Show" and will give two performances here Tuesday, Nov. 28th. Watch for ads and announcements in future issue of the Herald.

Our readers will be interested to learn that Reardon Bros' Royal Palm Nurseries, of Oneco, Fla., department of landscape design has been awarded the prize in competition with other landscape architects for the design for the waterfront park at Eustis. This is just one of a large number of enterprises they are now at work on, both public and private, and it is decidedly encouraging to see the interest shown in the beautification of our wonderful state.

Mr. and Mrs. Bert Davis, appearing as Uncle Hiram and Aunt Lucindy Birdseed, advertising the big Jacksonville Fair and Exposition, were welcome visitors at the Herald office this morning. This interesting couple travel each year from the Great Lakes to the Gulf advertising numerous state fairs and other big gatherings, and have made hosts of friends in the sections visited who welcome them each year. They express much surprise at the growth of Sanford since their last visit a year ago.

C. C. (better known as Compound Cathartic) Lee, the expert mechanic who is erecting the big Duplex press in The Herald office, says he will have the machine in operation in time to print The Daily Herald Friday. Mr. Lee's home is in Atlanta, but he travels all over the South erecting and installing printing machinery of every description. He is ably assisted while here by George Shipps, a well-known machinist of this city. These two gentlemen will move the press now used by The Herald to Winter Park, where it will be used in printing the new Winter Park Herald.

Why the Nation Demands Calumet

—because it has more than the ordinary leavening strength; it raises millions of bakings every day to a light perfectly baked perfection that cannot be equaled.

—because it contains white-of-egg—the vital element that gives the housewives protection against using a baking powder that has lost its original leavening strength. It assures light, tender, tasteful things every time you bake.

—because it is economical—pure, sure and wholesome.

That's why the sale of Calumet is over 150% greater than that of any other baking powder.

A pound can of Calumet contains 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Finishing touches to the bulkhead on Lake Kusti are now being made. Practically all that remains to complete the work is the construction of a concrete floor. The fill is completed, requiring about 90,000 yards of sand, and not 140,000, as previously announced in these columns, to fill in the large space within the confines of the park.

Four thousand more strawberry plants have been received by City Clerk Dumluff, of Okeechobee City. This time the missionary brand was planted. This keeps Mr. Dumluff busy all the while. He will have to go to the strawberry king of Okeechobee, but he will have to go to hold his title if those who contemplate planting at an early date thousands more than he can count. Anyway, just look for a big acreage of strawberries for Okeechobee in the very near future.

Building permits issued for October at Lakeland show a larger volume than for any month in the six month period just closed. The total amount of new construction for which permits were issued thus far totals \$65,010. This is a record for the city.

This section of Florida has been adapted to the culture of bunch grapes, says the writer. "This culture has every indication that it could be developed into a profitable commercial crop. The Reporter is doing his best to encourage the planting of bunch grapes in Columbia county, and argues that diversification of crops is just what is most needed in the county.

People, used to activities in and out-of-doing towns, who come to Sanford, feel right at home here. Don't kick because we're busy; it is a healthy condition.

With Bob Holly down with dengue fever, a new press being installed, and nearly a car load of roll print paper at the Clyde Lane docks, a new model 5 lineotype at the A. L. freight depot, and getting ready to have a model 5 lineotype and Whitcomb press to Winter Park, life is not exactly a bed of roses for the Herald gang at present. But we are kept alive solely by the thought of what The Herald office will be when all this new machinery and equipment is installed and in place. The paper may be short-potted for a few issues, but this will all be made up when things are working smoothly.

"In Chicago there is one building that is used as a storage place for mail of obvious value and for mail of first class which can not be delivered. Twice a year the contents are auctioned off, because there is no way of finding the owners. In this building are bins of shoes, quantities of clothing, dress goods, automobile parts and tires, sporting goods, suitcases—everything from a bird cage to a mouse trap. These are lost to both the one who sent them and the one who should receive them, because somebody was careless in tying a knot, or used flimsy wrapping paper not on a defective address."

Nearly 300 employees are engaged in correcting the common preventable errors of the people. The only reason the postoffice can stand this drain of carelessness upon its resources is that the people pay the bill. There ought to be a general campaign of education with the object of

impressing upon the people the importance of properly preparing and addressing anything they put into the mail box.

"Another waste, caused by sheer thoughtlessness, arises from the custom of many business houses holding their mail to the close of the business day, they release it to the postoffice in a perfect deluge. All day canceling machines, distributing cases, and the other facilities for handling mail lie practically idle, and beyond their capacity. If people would simply change their mailing habits to the extent of depositing their mail even two hours earlier than they do at present, it would revolutionize the postal service."

This article is written in the hope that many good will adopt the idea of paying better attention to their mail matter.

"After all the postoffice is the great public servant, and it behooves every citizen of the country to make that servant as efficient as possible.

"Much of the criticism leveled at the postoffice is due to the carelessness of the general public."—St. Augustine Record.

La grippe cough rack and tear the sufferer to a state of exhaustion. "Would get completely exhausted from violent grippe coughs," writes R. G. Collins, Barnegat, N. J. "Tried Foley's Honey and Tar and the cough ceased entirely."

Used by three generations for coughs and croup, throat, chest and bronchitis, the Foley's Honey and Tar has stood the test of time. Contains no opiates, ingredients printed on the wrapper. Largest selling cough medicine in the world. Sold everywhere.—Adv.

ADVISES RELEASE OF MISS MARY MCSWINEY
DUBLIN, Nov. 15.—In an appeal to the Irish people on behalf of Miss Mary McSwiney, the other women political prisoners in Mountjoy prison declared today that she had undergone a great change for the worse and it is feared she would die. Rumors that she had died were not confirmed by prison authorities.

Dublin, Nov. 15.—Cardinal McGuire, primate of Ireland, suggests the release of Miss Mary McSwiney from Mountjoy prison, where she has been on a hunger strike eleven days. His suggestion was contained in a telegram to the free state minister of home affairs, and said more harm would be caused by detaining women prisoners in Ireland than by liberating them.
