

Different From Early Days

Southern Christian Leadership Conference Takes New Mood

UPI correspondent William O. Tompkins covered some of the Martin Luther King Jr. in Alabama in the early 1960s. He covered the just-concluded SCLC convention and found marked changes in the organization since those days.

The Rev. Ralph D. Abernathy, president of the SCLC, demanded the United States be put on "trial" for "illeged crimes against blacks." Abernathy charged the Negro had been lied to, defrauded, robbed and murdered during the generations he had been in this country.

By WILLIAM O. TOMPKINS ATLANTA (UPI)—The mood at the Southern Christian Leadership Conference (SCLC) has taken on a militancy far different from the early days of civil disobedience under the late Dr. Martin Luther King Jr. It has become a power in a bright African-styled shirt. It is a demand for black identity along with equality with the white man.

The difference was forcefully evident at the final night session of the SCLC's 13th annual convention Thursday. "What time is it?" shouted the Rev. Jesse Jackson, one of the young, forceful leaders in the SCLC. "Nation time," shouted the audience of some 600, an apparent reference to a black nation.

Power is in Commission A candidate for the Fulton (Atlanta) County Commissioner, Billy McKinney, said he was running for office because the "power" was in the commission. He had learned in 21 years as a city policeman that white patrolmen protected whites and, "we should protect our own."

SEMINOLE CALENDAR

Aug. 17 Regular monthly meeting of Branch 147 Fleet Reserve Association at 8 p.m.

Aug. 18 Democratic Women's Club of Seminole County Junction meeting at 12 noon, Ott's Hofraum Haus.

Pair Is Arrested ... Dope Charges

By BILL SCOTT Sanford police have arrested two persons, including a man and a girl, in separate assaults on drugs within the city.

A 17-year-old Sanford female was arrested on possession of marijuana charges when 30-40 cannabis seeds were found in her purse after a police raid on a Park Avenue apartment house.

According to Detective Ralph Russell, police armed with warrants obtained from a peace justice raided an apartment rented by a young male and found approximately eight teenagers, including Elizabeth Jean Denham.

Russell said the Denham girl was charged after the seeds were found in her purse. The detective stated there was no party going on at the time of the raid, but the young people scattered after Detective William Lykens, William Foster and he arrived.

In another city report, James Roper, 47-year-old truck driver, who listed his address as 1950 French Avenue, was charged with possession of central nervous system stimulants after his arrest by Patrolman William Dube on drunkenness charges.

Detective Russell said Roper "ad" amphetamine pills in his possession, and was placed in the Seminole County Jail in lieu of \$3,000 bond. Russell described the pills as being imported types and stated one bore the name of American pharmaceutical manufacturer.

Work Session

County Accused Of Evading Law

By KATHY NIBLACK CASSELBERRY — Councilwoman Edith Duerr at a work session Monday night accused the Seminole County Commission of using techniques to evade the law and cut down on what the county municipalities have coming to them in the way of Road and Bridge Funds.

"The county is using the cigarette tax funds to avoid paying the just amount of road and bridge funds, as they formerly used the race track funds," she opined, pointing out that instead of returning 40 per cent of taxes from municipalities that the law provides, the amount is now less than one per cent.

"The county is using our road and bridge money to pay for county roads outside the cities, and they have only cooperated on a road within the city limits one time in the last 10 years," Dr. Duerr stated.

She also accused the county of using the 1969 tax roll for figuring the allotment to the city while collecting on the 1970 tax list.

It was pointed out that Casselberry previously was not properly credited at assessment with mistakes always at cost to the city. The council was reminded that City of Orlando had sued Orange County over the Road and Bridge Fund allotment.

Councilman Bill Grier suggested, "It is time for the municipalities of Seminole to begin to think along the same line." Dr. Edith Duerr urged the mayor and council as well as City Attorney Ken Mettosh to represent the city at a public hearing on Aug. 25 in Sanford.

The Casselberry City Council achieved a first in the area last night when, during the course of a public hearing, it granted a request for construction of modular homes in an area zoned R-2T (for trailers).

In making the request, Lester Mandall, representing Seminole Sites, Inc., owners of the proposed 80 acre construction site explained the modular homes, and assured the council that

it causes you to wonder, doesn't it? Here we have talk about offensive weapons which we and our enemy have ... and then we talk about the billions to be spent for proper defensive measures. AND YET we devised the nerve gas and there wasn't any way in which it could be detoxified.

How many other weapons are there on both sides of the Iron Curtain in the same category?

The other day, the Maitland South Seminole Chamber of Commerce included a word of caution on its monthly publication that "there has been a rash of counterfeit \$20 bills being passed in the area."

Today we carry the story of an Orlando man found dead in Atlanta with over \$150,000 in bogus \$20 bills in his possession.

You read the following and after a reply, O.K. I'll gladly accept your comments via the telephone ...

Bl. 1, Box 2341 Sanford, Fla.

Dear Mr. Spolski, Pete Baker, a real genuine, United States Naval Academy Midshipman (J/C (senior) almost 21, is coming home for two weeks leave on about the 21st of August. He soon becomes reluctant to fly because there is, "nothing to do and nowhere to go in Sanford." ... this true?

Arnold A. Baker USA (ret.)

MISS UNIVERSE — Sylvia Hitchcock on the campaign trail on behalf of Democratic gubernatorial candidate Chuck Hall (left), shown being interviewed by Herald Assistant Editor John A. Spolski.

Gubernatorial Candidate

Chuck Hall on Whirlwind Tour

At 61, Hall has served in his 26th position, completing his fourth four-year term, the last of which he was unopposed for the office.

His campaign literature describes him as having an easy manner, which makes it possible for him to chat with almost anyone. That's not all, he comes into an area well prepared on local issues and recommendations for solving them.

"AS I SEE IT . . ." MAYOR CURTIS BLOW of Casselberry (right) tries to unambiguously over proper location of Lake Kathryn Circle as Richard Wirz points on map for other council members and residents of the area road recently in use in contrast to planned right-of-way. (Jane Casselberry Photo)

Local Officials Plan Academy Strategy

Efforts by Sanford and Seminole County officials to "sell" the Florida State Cabinet on locating the State Police Academy in a former Navy barracks at Sanford Airport was reviewed and new strategy formed this morning during a breakfast meeting at the holiday inn.

Mayor Lee P. Moore of Sanford brought out that a report was being circulated at Tallahassee which inferred the Navy may again take control of the former air station.

Moore said he wanted copies of the city-claim deed received by the city from the General Services Administration (GSA) at the time the facility was released, included with the formal proposal by Sanford requesting that Building 319 be leased for \$25,000 a year by the state for police training use.

Douglas Stenstrom said he had been unable to contact Dickinson, but had managed to talk to his aide and he felt the request would be forwarded to the state comptroller.

John Angel, county school superintendent, said he had talked with Christian, but received indications it would be around Sept. 25 before the educator would be available.

Stenstrom opined his belief that no cabinet decision would be taken on the airport lease request until after the first primary date Sept. 8 or possibly after the second primary three weeks later.

Sheriff John Polk said the Volusia County Association of Police Chiefs have endorsed the decision for Sanford and have forwarded letters to cabinet members advising of their stand.

Stenstrom and Rep. E. Pope Bassett both stressed the need to keep the matter before the public and not let up. Bassett also advised the need to get endorsements for the base facility and use this as a means to keep the project going.

The representative suggested having an architect draw up a cost amortization schedule contrasting costs of providing new facilities at Tallahassee as compared with the Sanford site.

Chuck Hall On Whirlwind Tour

are better qualified than most adults to vote right now. It is true that they must assume more responsibility but this will come with better training and education."

Hall would be in favor of providing better educational facilities and at the same time reduce county modular via a statewide resort tax. "In this way, we'd be shifting the fiscal tax burden to the state as opposed to the present system of taking it from the heavily burdened taxpayers."

When asked which of the Republican candidates he'd prefer, Hall said he favored it "98 per cent of those under 21 years of age

(Continued on Page 3A, Col. 3)

DOYLE CONNOR

Mayor Moore also disclosed that Tom Adams, secretary of State and Lt. Gov. Ray Osborne, both cabinet members, would be here Aug. 26 for tours of the building. Osborne is also scheduled to be here for the formal dedication of the Part of Sanford on the same day, it was disclosed.

"We also hope to have Gov. Claude Kirk, also a cabinet member, here on either Aug. 23 or 24. Moore revealed, Broward Williams, state treasurer, is expected to arrive at the airport property on Aug. 27. Moore continued.

Included with this information on cabinet members was the

Quality Is Always 'Foremost' At Miller Radio And Appliance

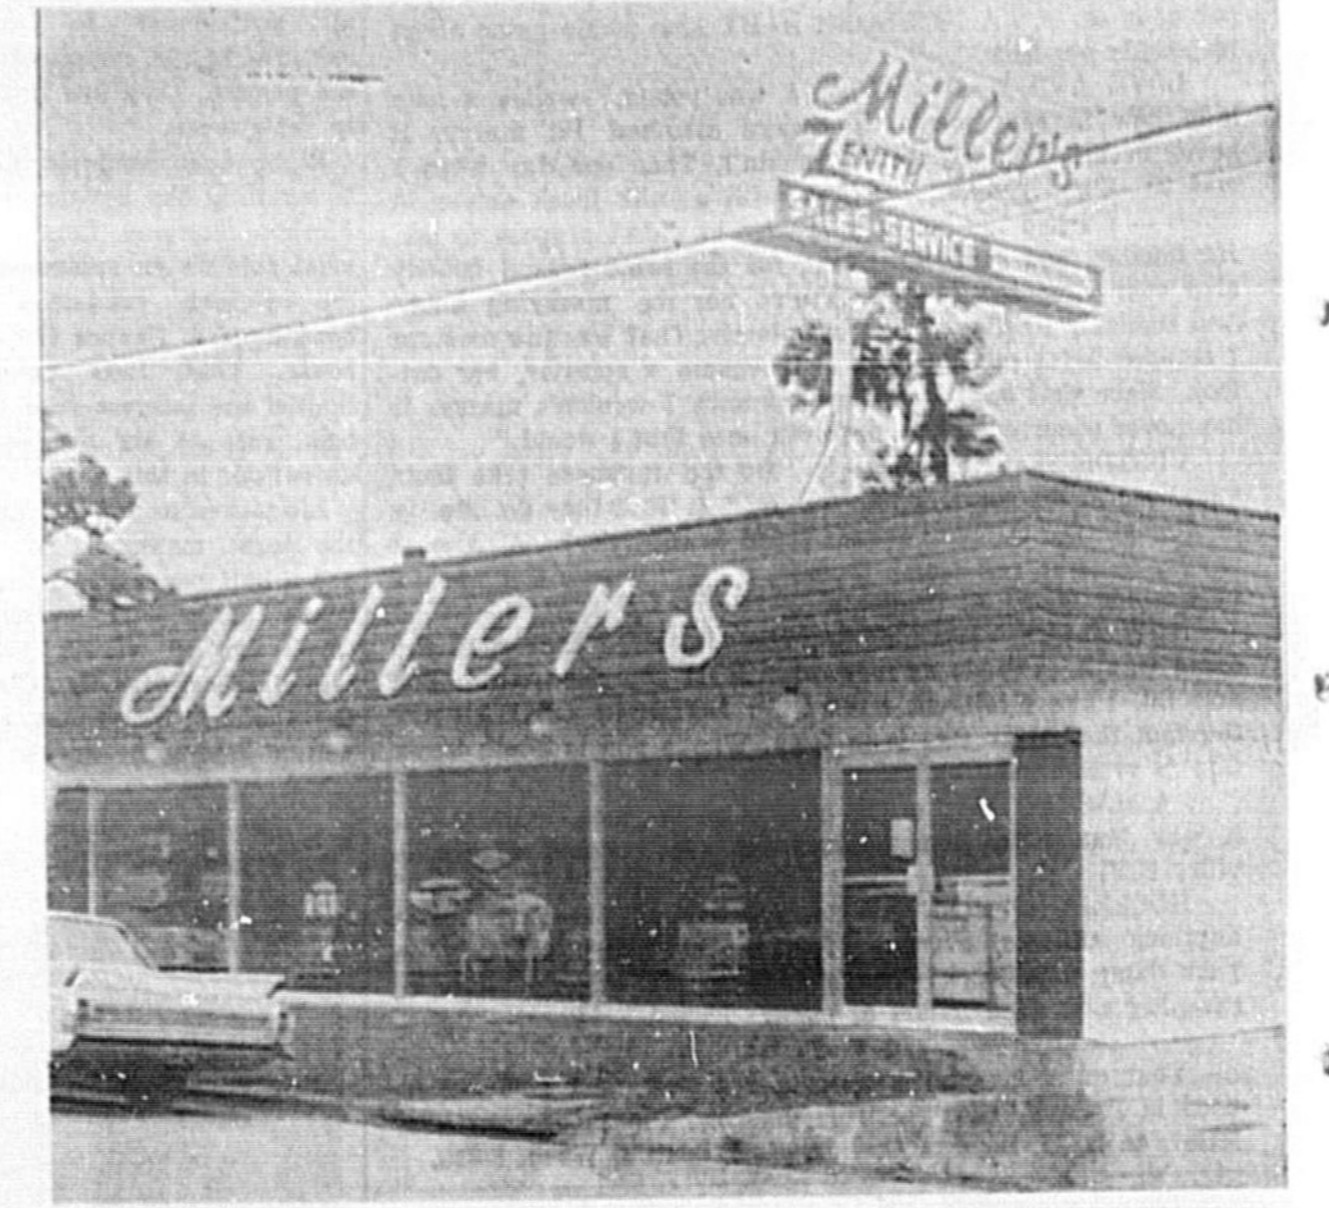

By CHARNER LEONE

The sale of the first television set in Sanford was quite an event! The milestone in our community's history occurred in the mid 1940's, and it's not hard to imagine what a stir the sale must have caused.

Miller Radio and Appliance, 2619 Orlando Drive, had the honor of selling the first television in the city. But little did they know at that time what a momentous occasion that was.

"Television was not established at that time," said Juanita Miller, who with her husband, Robert, is co-owner of the well known Sanford store. "We had to sell them on our own; no other store would stock them!"

The same good business sense that prompted the Millers to stock those first unproven t.v. sets is very much in evidence today.

FOR ZENITH TELEVISION, radio or stereo or Westinghouse appliances be sure to visit Juanita and Robert Miller, owners of Miller Radio and Appliance. For over 23 years they have brought to the area the finest in quality and in reputation. (Charner Leone Photo)

Today Miller Radio and Appliance is a byword for quality — in sales and in service, for many home appliances and comforts. And with this quality comes assurance that at Miller you will find the finest that is available, whatever you buy.

Mrs. Miller spoke with pride as she listed the scope of the stock carried at Miller Radio and Appliance. "We carry the Westinghouse franchise," she noted, including their fine line of stoves, refrigerators, washing machines, and dish washers — the complete line of major appliances.

But there was a special note in her voice as she said, "We specialize in Zenith — television, radio, and stereos." Zenith is an acknowledged leader in the electronics field. Her pride is well taken.

"And for 15 years we have sold and serviced hearing aids. We have a complete line of batteries for all types of hearing aids," claim the owner. This department is under the supervision of George Herra, a certified audiologist.

Miller is the factory authorized RCA Mobile radio communication service center. That is, they are authorized to service the heavy industrial two-way radios, such as those used by the police department. This department is run by Miller himself.

Miller Radio and Appliance is well known in the area for their

outstanding television service department. Manager of the department is Harold Layman, a retired Lieutenant Commander in the Navy. Layman specializes in electronics in the Navy. His ability puts Miller Radio and Appliance way out in the forefront for television service.

The credentials of all of the people who work at Miller Radio and Appliance are excellent. Miller himself was a communications engineer for an airline before buying the business.

Stop at Miller Radio and Appliance the next time you consider a major purchase for your home. The friendly, helpful attitude of Juanita and Robert Miller will do more than just make you feel at home. You will sense their confidence. They have a fine line of merchandise, and they are proud of it. And they are well acquainted with the maintenance of the line they carry, so you may be assured that whatever you buy will be well cared for in the future, should the need arise.

Your 'Link' With Quality

By CHARNER LEONE

R. E. Link and Son — they're your link to quality, fairness and efficiency in the construction business.

For a quarter of a century Byron Link has specialized in all phases of the construction business. He can handle all types of constructing, from roofing to the construction of a new house. And everything in between — painting, additions, and home improvement — you name it!

"No job is too small or too large," said the senior Link. "We can handle the job from start to finish. You have absolutely no worries. Link takes the total responsibility for any job he undertakes."

Free consultation is always available, pledged Link. He can be contacted at 322-1029 in Sanford, or 574-1080 in Deltona.

"We'll work anywhere in the state, but primarily prefer to stay in the Central Florida area," said Link.

R. E. Link Construction Company is fully bonded and licensed by the state to practice any aspect of building contracting and construction.

This licensing is especially important in this day of the fly-by-night, roving work crew who will "leave you a job done at below standards," said the conscientious contractor.

Link's reputation in this area certainly precludes any fear of a below-par job. Link stands for quality work. He's the kind of man that will work on your home as if it were his own!

Link can add a room or custom build a home for you under any government or conventional plan. Regardless of the scope of the work the same high standards serve as his guide.

Link Construction has completely renovated the houses which have been repossessed by the Federal Housing Administration. The company is also qualified to make insurance repairs.

"We can produce a home that looks like new," he said proudly.

There is a special note in Link's voice when he uses the word "we". His son, Byron Junior, recently returned from a three year stint in the Marines, has joined his father in the business.

This combination of experience and bright, new ideas is outstanding.

Young Link married a Miami girl, Tandy, and the couple now lives in Deltona. He is a fan of all types of sports, and was a member of the state champion high school football team.

The senior Link lives in Lake Mary. He and his wife, Bonnie, are the parents of three other children; two more boys, aged 13 and eight, and a six-year-old daughter.

Link believes in building a better community through his social contacts as well as his business. He is a member of the Sanford Civilians and the Deltona American Legion.

Need Quick Cash? See Crown Today

By Charnar Leone

Need some quick cash for an unexpected trip to visit your ailing mother Or has the girl of your dreams said "yes" and you want to slip a ring on her finger before she has a chance to reconsider?

The simplest way to get that loan or the diamond is a visit to Forrest H. Foggin, the proprietor of the Crown Pawn Shop.

For over four years the Crown Pawn Shop, located at 309 East Second Street in Sanford, has been "a friend in need" when even your closest friends can't help you.

The Crown Pawn Shop will buy, sell or trade on new or used items. And it's about the easiest way to get a loan.

You simply bring in the item you wish to use as collateral, a ring for instance. Foggin will appraise the ring and loan you a substantial percentage of the value of the ring. And he will hold the ring as long as the interest is paid.

Thus the pressure to repay the loan quickly is relieved — you may reclaim the ring at your leisure.

Foggin is skilled in the art of remounting or making rings and repairing jewelry. "I can even custom make a ring," said the craftsman. For the person who owns an antique ring, wouldn't it be lovely to have a matching wedding ring made?

My aim is to go primarily into the jewelry business, and keep the pawn shop too," said Foggin.

From diamonds to deacons, from office supplies to golf clubs, it would be hard to name an item not available at the

Baby Girl Sure Bet

TACOMA, Wash. (AP) — Despite there having been only one girl born to the Crockett family in 91 years. Mrs. Gene Crockett was so sure the next child would be a girl that she sewed 25 feminine baby outfits.

Genia was born May 5, proving Mrs. Crockett right, the 8-pound, 4-ounce granddaughter was born to Mrs. Ronald Holt, Mrs. Crockett's daughter, Harten.

Ultimatum Is Thought To Be Fake

MONTEVIDEO, Uruguay (AP) — Uruguayan police noted several major differences Sunday night between a new ransom note believed to be a Brazilian newspaper and earlier confirmed notes from anti-government rebels holding an American agronomist and a Brazilian diplomat as hostages.

The police said they doubted the message's validity or that its threat to kill Brazilian consul Aloysio Marrs Dias Gonde came from the Tupamaros guerrillas.

Brazilian police brought the communiques to Montevideo Sunday afternoon. Delivered to a paper in Porto Alegre, Brazil, it said Dias Gonde's execution date would be set unless the Uruguayan government released 183 prisoners by 11 a.m. Tuesday.

The note did not mention Claude L. Fly, 65, of Fort Collins, Colo., an adviser to the Agriculture Ministry who was kidnapped Aug. 7. Dias Gonde, 41, and Daniel A. Mitrons, 56, of Richmond, Ind., were abducted July 31. Mitrons was murdered Aug. 10 after the government refused to comply with a guerrilla ultimatum demanding that all political prisoners be released. President Jorge Pacheco Areco said the prisoners were criminals, and he has refused to negotiate with the Tupamaros.

Police sources said the message from Brazil was discounted because it was handwritten instead of typed or mimeographed, was numbered 14 when the last confirmed message was numbered 10, and the government is holding 206 suspected Tupamaros instead of 183.

The last confirmed message from the kidnappers was delivered last Tuesday, along with letters from Dias Gonde and Fly to their wives. Since then there have been four other notes which the police believe were fake.

Meanwhile, private houses, hospitals and churches were searched as 12,000 police and soldiers continued the dragnet for the missing foreigners and their captives.

Graduates Receive Diplomas

A revised list of FTU graduates shows that 133 seniors will receive their diplomas during ceremonies August 22, 1970, at the Orlando Naval Training Center.

The rites, scheduled to begin at 2:30 p.m., will be held in the Recruit Training Command gymnasium.

Commencement speaker will be Dr. Vito J. Marzio, president of the Florida Board of Regents.

FTU officials emphasize that since there is adequate seating in the gymnasium, there will be no restrictions on the number of guests to the ceremony.

Local students who are candidates for degrees are:

WINTER PARK:
Timothy P. Ackert, Joseph Francis Fletto, Marion Willard Hyton, James L. Kelly, Donald E. Marcum, Constance Patricia Picard, Beverly Myers Richardson, Maria Paul Salisbury, Charles E. Wartaki, Rodney Thompson Dodson.

MATLAND:
Thomas E. Collins Jr., Beverly Cayler Foster, Harry Williams Livingston, David Earl Perry, John Frederick Rheaps II.

LONGWOOD:
Doris Shannon Haleck.

ALAMONTE SPRINGS:
Agatha Geisler Klavum, Marjorie Platt Muffley, Sarah P. Pemberton, Michael Francis Ruf.

NORTH ORLANDO:

Coffee At Stenstrom Home Honors Sen., Mrs. Reubin Askew

THE LOCH ARBOR home of Mr. and Mrs. Herbert Stenstrom was the beautiful setting for a coffee, Aug. 17, to honor the Democratic gubernatorial hopeful, Sen Reubin Askew, and his attractive wife, Donna Lou, a former Sanfordite.

More than 175 "beautiful people" called during the appointed hours to chat and shake hands with the friendly senator and his wife.

Photo at left shows the Askews with coffee hostesses, Mrs. Ralph Austin Smith, left, and Mrs. Herbert Stenstrom, right. Appearing in right photo with Sen. and Mrs. Askew are the other two coffee hostesses, Mrs. William B. Wray, left, and Mrs. E. C. Harper, Jr.

(Doris Williams photos)

College Party Compliments Miss Peggy Hoover

MISS PEGGY HOOVER was honored by the women of the Lakewood Christian Church, of Bear Lake, as Peggy is leaving for Lincoln Christian College shortly. With Peggy is her mother, Mrs. Robert Hoover, and Mrs. George Hayter, president of the circle, handing Peggy one of her many gifts she received which included the useful foot locker.

Stadig-Stead Nuptials Spoken
Miss Terri Faye Stadig and William Charles Stead Jr. were united in Holy Matrimony, Aug. 8, 1970, at 4:30 p.m., at First Baptist Church, Sanford.
The bride is the daughter of Mr. and Mrs. LeRoyce Doyle Stadig, 111 Shannon Dr., Sanford, and the bride groom's parents are Mr. and Mrs. William Charles Stead Sr., 110 Kingswood Ct., Sanford.
Rev. Fred H. Chance was the officiating clergyman at the candlelight and double ring ceremony before the altar attended with standard baskets of flowers, posied palms and candelabra.
Given in marriage by her father, the bride chose for her vows a formal gown fashioned of layers of lace with a bell skirt. Her bouffant veil of illusion flowed to a floor-length sweep and she carried a bouquet of white roses and carnations.
Dianne Charron attended the bride as maid of honor, wearing a yellow gown with green trim. Her flowers were yellow carnations with green ribbons.
Bridesmaids were Bonnie Stadig and Raeneel Lee whose gowns and flowers were identical to the honor attendants.
Richard Justice served the bridegroom as best man and ushers were Duddy Tatum and Jack Stadig.
For her daughter's wedding, Mrs. Stadig chose an aqua dress enhanced with lace trim. Mrs. Stead, mother of the bridegroom, wore a gray dress with matching accents. Both mothers wore yellow rose corsages.
Immediately following the ceremony, Mayfair Country Club was the site of the reception. Assisting were Miss Cindy Wolters and Mrs. Peggy Denman.
Following a wedding trip to Florida East Coast, the newlyweds are making their home at 1318 S. Chase Ave., Sanford.

KNEE DEEP in OUTDOORS

by BILL VINCENT JR.

The fishing seems to be kind of up and down probably because of the bad weather we have been having. The catfish are still biting in the Osteen Bridge area on live shiners and the bass are schooling in the open water around Woodruff Creek and up in the brick yard slough area.

Reports from the Wekiva River area are that the fishing is real slack because of the excessive amount of rain fall in that area. The water level drops faster because it's flowing into the St. Johns River.

The mullet are still biting like crazy in Lake Monroe on live worms. If you want to get in on the fun, buy a box of worms, a cane pole and a cork, and partner, you are in for

some real fish catching if you can keep the things on a hook. It takes great skill to land one of these mallets because they are suckers. They don't bite the hook. That's the reason it's so hard to catch them.

We have noticed the water has risen several inches in the rivers and Lake Monroe areas. This is a blessing because of the hot weather we have been having as being making the algae bloom more rapid. This heavy rain should help out and slow down the spread of the stinky stuff.

AREA: 7 — VOLUNIA, BREVARD AND INDIAN RIVER COUNTIES
Fish caught, location, and bait used — in that order: Trout, Scattered throughout area mostly on flats, live pigfish, live shrimp, live mullet plugs & jigs; Pompano, Sheepshead, Drum, Whiting, Scattered in surf, Sandspine, Flounder, Around inlets & pier, Cut shrimp, Sheepshead, Bridges in all 3 counties, Shrimp & fiddlers; Cobia, Dolphin, Bonito, King & Spanish Mackerel, Offshore from New Smyrna to Sebastian Inlet, Trolling with jigs and baits, Redfish, Scattered in surf and in inland waters, Cut mullet, sandspine; Snapper, Offshore, Cut bait. WEATHER: Overcast, scattered showers, electrical storms.

Ocala — Hunters will have an opportunity to hunt on a newly established Wildlife Management Area in Putnam County this year according to Major J. W. Bickelstaff, Central Region Manager for the Game and Fresh Water Fish Commission.

The 12,000 acre Hudson Wildlife Management Area is owned by Hudson Pulp and Paper Company.

Hudson Pulp and Paper Company made the land available for public hunting and the Game and Fresh Water Fish Commission will manage the land and operate the hunting.

The area is bordered on the north by State Road 100 and on the south by State Road 20.

Final regulations for Wildlife Management Areas have not been established at this time, however, the Hudson Area will be open hunt only and no dogs will be allowed. The season will open one-half hour before sunrise November 14, 1970 and close one-half hour after sunset January 31, 1971.

Wildlife News
By Sgt. Herbert Shea, Jr., Deputy Wildlife Officer

On September 12, one-half hour before sunrise, the 1970 hunting season will begin for some 20,000 Florida hunters. This marks the start of the special 21-day archery season.

From all indications, this year should be even better, with more game and more of all more areas to hunt. There will be no restrictions on the Management Areas open for Archery this year. The bow hunter need not restrict his hunting to the Management Areas alone as there is still a little bit of open areas which, with the permission of the land owner, a hunter may stalk his trophy.

Legal game will be Deer of either sex (except fawns), Bear, Turkey, Squirrel, Quail, and Wild Hogs.

The regulations are few and simple. The archer must possess a valid hunting license and in addition, a State Archery Permit which is obtained at the courthouse for \$5.00.

Hunting hours are 1/2 hour before sunrise to 1/2 hour after sunset with hunting allowed every day of the week.

The Management Areas open to Archery on September 12 located in the FC Central Zone G are: Citrus, Bull Creek (Jane Greene), and Ocala. The Ocala Area will open October 3. The Farmington and Tomoka Areas will NOT be open to Archery Hunting.

A few notes on the areas that will be open and reports from Wildlife Officers in these areas show that the Citrus Area will be the place to hunt. In talking to Lt. Roosevelt Harbitt, Area Supervisor for the Central District, I learned that while the deer herd in that area will not be as large as last year, there will be enough to go around. Lt. Hamilton added that due to the later opening of the Ocala area, he expects that close to 6,000 Archers to invade that area when the gates swing open at 8 a.m. on September 11.

At the monthly meeting of GFC Deputy Wildlife Officers in Ocala last week, one of the guest speakers was the newly appointed Commissioner from Winter Park Robert E. Langford. This is the first time in many years that our area has had a representative on the Commission, and from all indications we have got a good one. He is an avid hunter and sportsman and doesn't pull any punches in standing up for the Central Florida Area.

60 Boys Turn Out Seminole Gridders Begin Practice

By GARY TAYLOR
Herald Sports Editor

Seminole Gridders began their first practice of the season yesterday. After head coach Tom Perrin talked to the squad, they were all given physicals by four area doctors, all volunteering their time and services. The doctors present were John Morgan, Vana Parker, Brooke Smith and Arthur NeSmith.

Members of the varsity squad were issued lockers and equipment and will report to practice tomorrow morning at 9 a.m. Practice sessions will be held twice daily, at 9 a.m. and 3 p.m. The Junior varsity will begin practice the first day of school. When school starts, the varsity practices will be at 9 a.m. and 3 p.m.

All boys must pass on playing varsity ball must be at practice Wednesday. A special invitation to all Coombs players was issued by Perrin. Seven varsity players from Coombs reported yesterday. Perrin stated that a 30-man varsity would be carried.

A new addition to the team is Buddy Head, a transfer student from Camp Lejeune, North Carolina. He is a senior and was an All-Conference player last year. Head will be replaced at defensive end, but

The Seminoles have several holes to fill. At defensive guard they must replace Ed Hughes and Mike Walrave. Mike Phillips and Dave Velick must be replaced at defensive end, but

Rick Green has shown a lot of promise at this position. The Tribe must also find an offensive center. Tom Benson held the position last year, Richard Settle, and Pete Kelly are likely prospects to fill his shoes.

At offensive guard the Seminoles have lost Yellock. Players who have filled in at this job are Chris Duam, Mike Sweeney and Leon Swain.

"Things are not looking too bad," commented Perrin. "What I would really like to have is a defensive secondary that didn't have to play on offense." Perrin pointed out Billy Jimmer as the most promising player coming up from the junior high. Jimmer will likely be a starter for the varsity squad.

The Tribe opens up their season Sept. 18 when they play host to Ovidio. They will play seven games home on a schedule. Season reserved seat tickets are available at Gordon Sweeney's Office Supply. There will be only 200 of these tickets sold, on a first come, first served basis.

IF HE CAN pass this examination he can play for Seminole High football team. (Gary Taylor Photo)

Germany Has Chance

U.S. — For the first time in its history West Germany has a chance to win tennis' coveted Davis Cup.

The Germans mean to make the most of their opportunity. Led by Christian Kuhnke and Wilhelm Bungert the Germans aim to wrest the Cup from the defending United States in the challenge round at Cleveland, Ohio, Aug. 29-31.

Ingo Buding, the No. 3 player on the German team, said Monday that "the United States won't have any walkover against us the way Kuhnke and Bungert are playing."

He made the comment after Kuhnke had beaten Manuel Orantes 6-3, 6-3, 7-5 and Bungert had crushed Just Gilbert 6-4, 6-1, 6-3 for a 4-1 German triumph over Spain in the inter-zone final and the right to play the U.S. for the Cup.

Enroute to the challenge round the Germans defeated Denmark, Belgium, Russia, India and Spain with Kuhnke and Bungert carrying the load.

"It is clear it will be difficult for us but both Kuhnke and I are presently in good form," said the 31-year-old Bungert.

Kuhnke, also 31 and West Germany's No. 1 ranking player, had no comment. He is known as the Silent One both at and off the court.

Ferdinand Henkel, Germany's non-playing captain, was more cautious. "It will be very difficult but we hope to give a good account of ourselves," he said.

"The Americans will be strong, especially on their home grounds."

The United States swept Romania 4-0 to win the Davis Cup in the challenge round last year at Cleveland.

Kicked Out Of Game

blinded Cleveland 10 behind Tom Murphy and Boston trimmed the Chicago White Sox 7-2.

McLain, making his 11th appearance for the Tigers since being reinstated by Commissioner Bowie Kuhn on July 1, pitched hitless ball until the fifth, when Felipe Alou cracked a leadoff single.

Fox, whose clarion chords were less than the rubber, he said, "I wanted for him to have a chance to ask anybody. If they (the Tigers) had asked me, I would have checked with the first base or third base umpire."

"But he came in with some choice words about my ancestry. I ignored it at first, but he repeated it and I said 'You've got to go.' It's the first time I've had to throw a pitcher out of a game."

McLain's account of the incident differed from the umpire's on all points except one. "I knew I was off the rubber," he said. "I wanted for him to check with somebody. We asked him to check. Then I ran in and questioned his ancestry."

Denny also insisted that Fox's organ antics hadn't been a factor in the flare-up. "I couldn't break his motion and called a balk, allowing Fernandez to trot home."

Joe's Coming Home

HEMPSTEAD, N.Y. (AP) — The welcome mat is out for Joe Namath.

The controversial star quarterback of the New York Jets was scheduled to report to the Jets training camp today.

The colorful quarterback who led the Jets to their stunning Super Bowl victory over the Baltimore Colts two years ago, has been AWOL from the camp at Yonkers University, but underwent a physical examination Monday and a Jet spokesman announced he would report today.

"We're happy to have Joe coming," said Coach Weeb Ewbank, whose Jets split his first two exhibitions without Joe. They play the rival New York Giants Sunday in the Yale Bowl at New Haven, Conn.

"We had a lot of work to do to make up for last time," Ewbank continued. "We'll have to see how Joe's legs react to setting up this week."

"We know that in the past setting up bothers his knees, especially his right knee," said Ewbank. "Clay is the first of several weeks. Fox, whose clarion chords were less than the rubber, he said, 'I wanted for him to have a chance to ask anybody. If they (the Tigers) had asked me, I would have checked with the first base or third base umpire.'"

"But he came in with some choice words about my ancestry. I ignored it at first, but he repeated it and I said 'You've got to go.' It's the first time I've had to throw a pitcher out of a game."

McLain's account of the incident differed from the umpire's on all points except one. "I knew I was off the rubber," he said. "I wanted for him to check with somebody. We asked him to check. Then I ran in and questioned his ancestry."

Denny also insisted that Fox's organ antics hadn't been a factor in the flare-up. "I couldn't break his motion and called a balk, allowing Fernandez to trot home."

McLain charged the umpire and was ejected after a heated exchange.

"He started his motion and then stopped," Goetz said. "He claimed he had stepped off the rubber, but I don't have a chance to ask anybody. If they (the Tigers) had asked me, I would have checked with the first base or third base umpire."

"But he came in with some choice words about my ancestry. I ignored it at first, but he repeated it and I said 'You've got to go.' It's the first time I've had to throw a pitcher out of a game."

Eddie Graham got his long awaited revenge last night, he finally beat Thunderbolt Patterson in a Texas Death Match, Graham beat Patterson senseless, and got even with "Green Power" for all the tricks he has pulled the past several weeks, like the Brass Knucks Patterson slipped in the ring last week.

The Memphis, wrestling as The Mysterious Mr. Smith, retained his recently won Southern Heavyweight Title by beating Hiro Matsuda. Mephisto won the title from Matsuda last week in Jacksonville, Fla. Matsuda, who was wrestling for the Memphis area, was defeated by Mephisto last week.

Although Thunderbolt has not received much applause lately, except from his most loyal supporters, it would appear that "Green Power" will have most of the fans behind him next week.

The Memphis, wrestling as The Mysterious Mr. Smith, retained his recently won Southern Heavyweight Title by beating Hiro Matsuda. Mephisto won the title from Matsuda last week in Jacksonville, Fla. Matsuda, who was wrestling for the Memphis area, was defeated by Mephisto last week.

Greg Cook Lost For Entire Season

By TED MEIER
Associated Press Sports Writer

There was good news for the New York Jets and bad news for the Cincinnati Bengals in pro football today.

Joe Namath, the colorful and controversial star quarterback, was scheduled to report to the Jets' training camp after missing the first two exhibition games of the season. The Bengals lost their star QB, Greg Cook, for the entire season.

Namath, the Super Bowl hero of two years ago, passed a one-hour and 45-minute physical examination Monday and a happy Web Ewbank, Coach of the Jets, said: "We're happy to have Joe coming back."

Cook, a standout passer for the Bengals last season, hurt his right shoulder in a pick-up basketball game this spring. He underwent a two-hour operation Monday and physicians reported there was "no way" he could play this season.

Another quarterback, Ken Stuber of Oakland, was in the news. He connected for three touchdown passes of 49, 22 and 60 yards, to lead the Raiders to a 20-19 exhibition victory over the Philadelphia Eagles Monday night.

A former Alabama star like Namath, Stuber's three TD aerials made up for a fumble that almost made him the game before 50,853 at Franklin Field. He bobbed the snap from center Clayton Littlebrook and Littlebrook, who saw some service last year, caught the 60-yarder that ensured victory for the Raiders.

Atkinson, who announced his retirement from the Jets several weeks ago, changed his mind and reported to the Jets' camp Monday. The star middle linebacker is expected to see limited action, like Namath, when the Jets played their rival New York Giants in the Yale Bowl at New Haven, Conn. Sunday.

Safety Eddie Meador, an 11-year veteran with the Los Angeles Rams, changed his mind about retirement and said he would report to the Rams later this week.

In a contrary development with Sweeney, an eight-year veteran offensive guard with the San Diego Chargers, said he was quitting football over the wording of his contract after three years.

Elsewhere, John Small, the No. 1 draft choice of the Atlanta Falcons from the Citadel, was shifted from linebacker to defensive tackle.

College Sports World

The Florida Gators will have 18 practice days prior to the season-opening Sept. 12 night game in Jacksonville, against Duke of the Atlantic Coast Conference.

Doug Dicke's squad will include 26 lettersmen, a dozen on each of the units, offensive and defensive, plus placekicker Richard Franco and punter Hunter Bowen, who must beat last year's scholarship junior John James of Panama City for his job.

In terms of lettermen the most experienced area for the Gators will be running backs, where four are available. The interior offensive line, however, lists only two.

Just one lettered veteran is available to man the five interior starting posts of the University of Miami offensive line for 1970.

The rest of the starting five in the pre-season charts include one junior college transfer, two highly sophomores and a junior who saw some service but did not letter a year ago.

Depth comes from a junior who lettered both on offense and defense as a reserve a year ago, an assortment of non-lettered veterans, plus an upcoming crop of untried sophomores.

Friday is the day 99 University of Florida football players report back to campus as Coach Doug Dicke's first Gator team begins getting ready for the 1970 season.

This list includes 18 scholarship players, 81 scholarship. Saturday will be a combination of Physical Day and physical examinations for the group. First practice session will be held in shorts Monday, August 24.

Most of the squad is expected to be at top speed from the outset, but a few will be allowed to go at only a limited pace due to recent operations.

Naturally, much of this optimism depends on the physical condition of Alvarez and the understated Chene. However, all indications point to an unqualified "go" condition for all 99 players.

Basically, the decision was a question of where to best use senior Jack Burns and how the other defensive backs would fit into the pattern.

Gator coaches have decided Burns is the man to play safety, whose veteran Jimmy Berry was lost due to knee surgery. From this point he will lead the secondary.

Geoff Travis, 56, running back of Ted Williams for the 1941 American League batting title, has a 230-acre farm in Riverview, Fla., where he was born. Travis formerly played shortstop and third base for the Washington Senators, the team Williams managed.

O-Twins Win Squeaker In Extra Inning Battle

By THE ASSOCIATED PRESS
Tampa Bay Times Staff Writer

Steve Gardner with a Jerry Marshall broke open a sharp single to left with one out in the 10th to give the last-place Florida State League contest. Antros' win over the Eastern Division's No. 1 team.

Six runs in the first five innings gave the Mets their head start behind the pitching of Alan "Doc" Nelson, who picked up his first win of the season with 44 pitches.

Dick Pole fired a two-hitter to give the Red Sox their 55th victory of the year compared to 4-0 West Palm Beach downed Fort Lauderdale 2-1 and DeLand had a 4-1 victory over Lakeland.

Pro Charts

BY MURRAY OLDBERMAN
American Conference:
MIAMI

PROSPECTUS — New deal can only mean good things for Dolphins. Don Shula, new coach, is strong leader who can make players respond. Several years of good drafting beginning to show results. It's not out of question for them to get in division race.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Joe and I are engaged to be married soon. He's intelligent, treats me good and I'm sure he loves me. However, we have this one argument every time any of my family calls, comes over or invites us to their home. Joe can't stand them, and he makes it obnoxious. This is really bothering me.

He won't go to their house unless practically dragged by the hair, and when he does, he never talks. Joe is a shy person to begin with, but after two years, don't you think it's time he felt a little more at ease with them?

I make an effort to get along with everybody in HIS family, and there are a few I don't care for.

Abby, how can I get him to love my family like I've loved theirs?

JOE'S FIANCÉE

DEAR FIANCÉE: Joe is really a nice guy, but he has a lot of growing up to do. Any grown man who refuses to make an effort to be at least "pleasant" to his fiancée's family shows himself to be immature. He may be "naturally shy," but that's no excuse for refusing. And if you're a sensitive girl who likes to see a lot of her family, you'd better recognize a king-size threat to your marriage before it engulfs you.

DEAR ABBY: There is a young woman for whom I make a habit of calling.

She did offer me a "sex-cue" for the pills. (They weren't necessarily for "birth control"—her doctor prescribes them for another reason.)

Do you think I am square in object to her continued close friendship with this woman friend?

SUSPICIOUS IN HOUSTON

DEAR SUSPICIOUS: Square, no. Fighting a losing battle, yet it's hard to conquer without appearing a jealous she's after?

DEAR SUSPICIOUS: You women, like men, choose their own friends for their own reasons, which is their privilege.

DEAR ABBY: Copper bracelets for relieving the pain of arthritis have become a big business—400 million dollars a year! As healers, they are absolutely worthless.

Your recent comment, "copper bracelets may not do any good, but they can't do any harm," was somewhat misleading, since prompt and correct medical treatment can prevent crippling in many cases. So, if victims of arthritis wear copper bracelets hoping for a miraculous cure instead of seeking medical attention, much time is wasted, which is not only harmful, but tragic.

WILKIN BENSON, TUCSON, ARIZ.

DEAR MR. BENSON: Thank you for your letter which was one of many trying to get me to set the record straight. And I hereby do so.

Horoscope Forecast

WEDNESDAY, AUG. 18, 1970

GENERAL TENDENCIES

Your intuitive perceptions are very accurate now. To get the fullest benefit it is necessary that you listen quietly to your hunches instead of being so preoccupied that you lose this powerful effect on your life. Attend to artistic and entertainment projects.

ARIES (Mar. 21 to Apr. 19)—You can complete a difficult task now and handle personal matters as well. This will allow time for bigger interests about to come up. Be more interested in the romantic. More happiness can be yours.

TAURUS (Apr. 20 to May 20)—Doing something special for good friends shows you are most considerate. Plan a social event in the evening or accept a fine invitation extended to you. Take time for some reading, too.

GEMINI (May 21 to June 21)—Handle outside duties in connection with furtherance of career or where civic affairs are concerned. Show higher-ups your finest talents. Avoid persons who want to take you off to camp.

MOON CHILDREN (June 22 to July 21)—You have met and impressed contacts, and they can be of assistance to you. A good time to expand activities. A trip to the record store profitable.

LEO (July 22 to Aug. 21)—Now is the time to handle obligations most efficiently and speedily. Show you are most inventive and ingenious. Show these little kindnesses to pleased loved one. Be happy.

VIRGO (Aug. 22 to Sept. 22)—Sit down and talk with associates about what can improve your future and cement better relations. Put new plans across with the public in general and meet with greater success. Be wise.

LIBRA (Sept. 23 to Oct. 22)—Show your true colors. What is expected of you and doing your work efficiently brings fine results. Add color and artistic pieces to your book, office and make it look bright and cheerful. Be sociable tonight.

SCORPIO (Oct. 23 to Nov. 21)—Recreations that bring relief from worry adds to much happiness. Then you can carry on better in the days ahead. Put talents to work that will impress others favorably. Do some talk tonight.

SAGITTARIUS (Nov. 22 to Dec. 21)—Spend more time at home today than you have lately. Make sure that all is running smoothly there; add comforts, etc. Avoid situations that has been causing trouble. Make plans for travel later.

CAPRICORN (Dec. 22 to Jan. 20)—Improving routines should occupy much of your time now, since there is little else that is inspiring right now. Take care of correspondence, do your shopping, make everything attractive and clean around your house.

AQUARIUS (Jan. 21 to Feb. 18)—Plan how to save more money in the future and build up your assets. Listen to what a business expert has to suggest so that you become more successful. Stop all that dreaming and sleeping—there are opportunities all around you.

PISCES (Feb. 19 to Mar. 20)—You are one of those talented individuals who will develop the right ideas for advancement to life. Show your finest abilities. Improve health so that you can carry through later in fine condition.

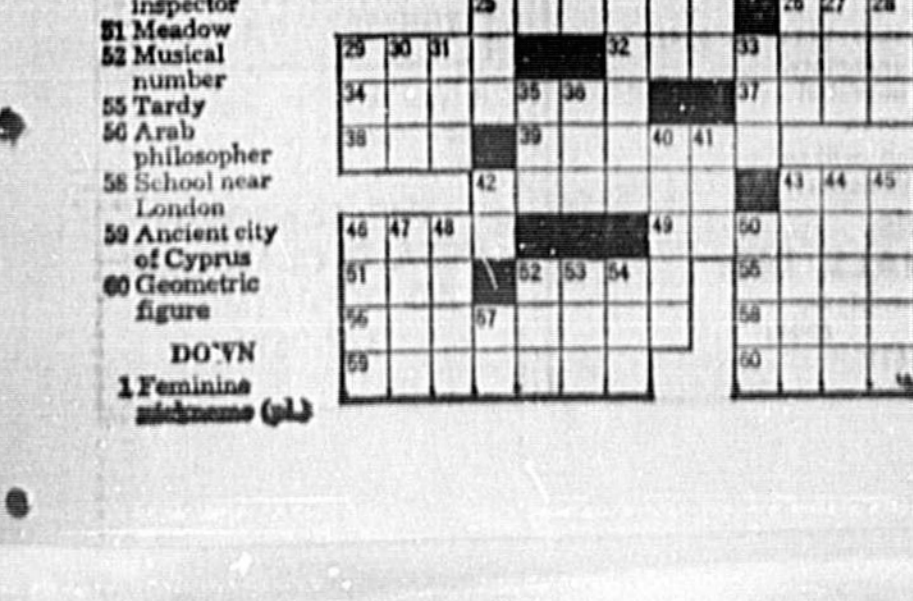

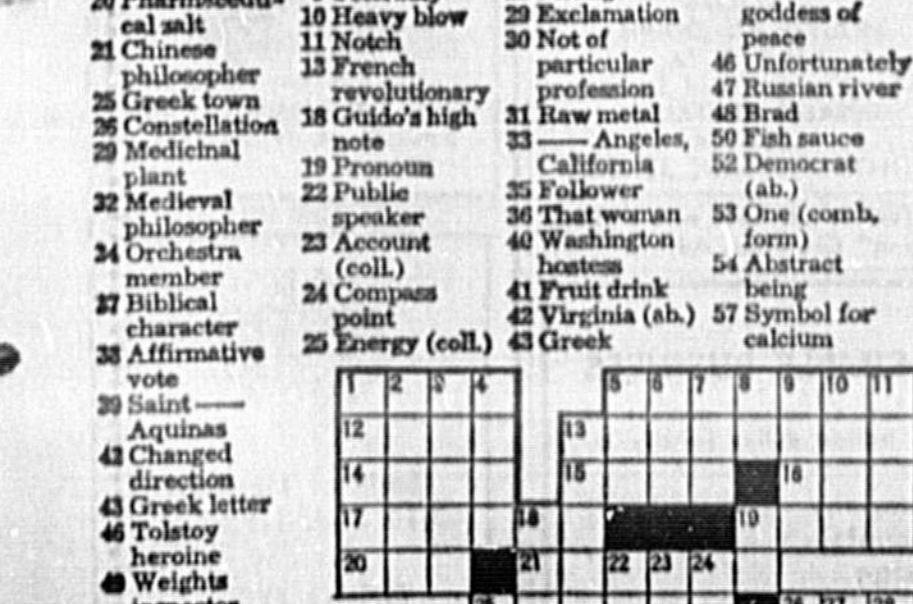

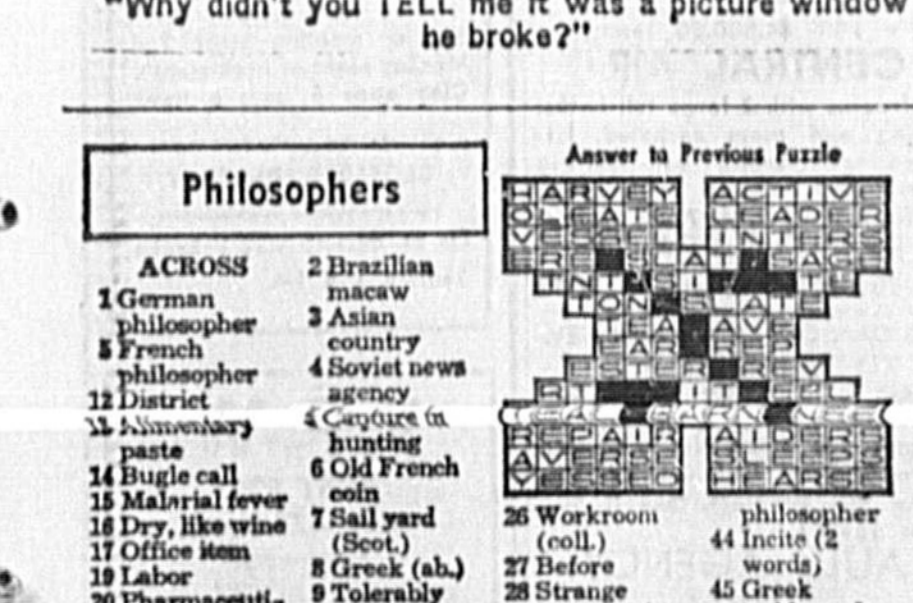

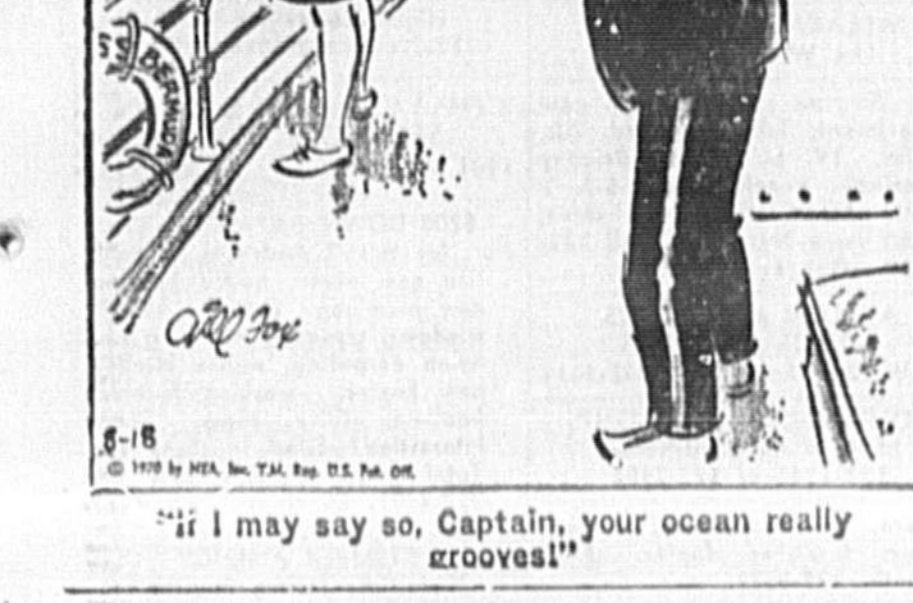

IF YOUR CHILD IS BORN TODAY... he or she will be one of those intelligent young people who wants everything to work properly, and who has much ability at the artistic and making life more pleasant for everyone. Be sure to give a rounded course of education that stresses both business and art. Teach early to concentrate on the best issues and not to spend too much time on minor details. Avoid tendency to feel sorry for yourself.

The stars impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for September is now ready. For a copy send your birthdate and \$1 to Carroll Righter Forecast, The Santa Fe Herald, Box 829, Hollywood, Calif. 90028.

TV Time Previews

8:00-10:00 p.m. ABC. The Movie of the Week. "Quarantine" (Rerun). This was another TV film hopefully intended to become a series, without making the grade. It's a "Medical Center" type involving a family of doctors and researchers who run a renowned medical clinic. Ordinarily, there's lively discussion and friendly scientific confrontation over a variety of issues, but when a cholera epidemic strikes, the arguments become as personal as they are professional, as if as deadly as the disease it makes them.

9-11 p.m. NBC. Tuesday Night at the Movies. "A Chair and a Parrot" (Rerun). (Quite the opposite of "Quarantine" is this TV film, which wasn't intended to be a series, but which will be anyway, mainly because of the unique acting abilities of Hal Holbrook. It starts as a young U.S. senatorial candidate who gets himself involved in an anti-pollution program which threatens the success of his campaign. His dedication is such that he continues his fight even when his own father (E. G. Marshall) who is a prominent senior Senator, opposes him for political purposes. Holbrook is outstanding, and the reason why he will be seen as "The Senator," a new segment of "The Bold Ones" in the fall, 1971 p.m. CBS. 90 Minutes.

10-11 p.m. CBS. 90 Minutes. "The Bold Ones" in the fall, 1971 p.m. CBS. 90 Minutes.

Jacoby On Bridge

Jacoby and Son

In the old days, we used to read of the Last Chance Saloon. Today it is the last chance filling station. At bridge, there are many last-chance moments. West opened the king of clubs and continued the suit. It had shifted to a diamond suit, but he had a good chance of making his contract. East had a good chance of making his contract. West had a good chance of making his contract. East had a good chance of making his contract.

East produced the ace and South had to lose two diamonds and another heart for down two.

"How could I tell?" asked South. "West had stuck in a vulnerable two-club overall. He just had to have the ace of hearts."

It was likely that West held the ace of hearts, but that didn't justify South's play. It was a matter of that last chance.

South was not going to make his contract if his king of hearts and his ace of spades. He would make that trick but two diamonds and the ace of hearts. His only chance to make the contract was to play dummy's 10 and knock out the ace. Not much of a chance but the only one he had.

Worry Clinic

By Dr. Crane

By GEORGE W. CRANE, Ph.D., M.D.

CASE 058: Sue G. aged 20 is a popular coed.

"Dr. Crane," Sue's boy friend began, "I have dated several girls but Sue is the most attractive of all."

"For she has personality and spirit."

"Thus, she adapts fashions to bring out her greatest charms instead of blindly following the leader."

"And she makes most of her own outfits, so she has good taste."

"Being an artist myself, that intrigued me at the start, for I can't stand women who adopt bizarre styles just because the fashion designers in Paris prescribe such."

Alas, the chief source of women's styles is Paris.

And for men, it is London.

So America's youth here is in slavish devotion to Europe.

the textile mills and dress shops.

"Dr. Crane," I am often asked, "didn't women adopt the miniskirt just to pander to men's 'radical' fashions?"

"For example, after the miniskirt fad we now find maxi-skirts and long skirts."

"Well, there is often an ulterior commercial reason for this extreme shift in skirt lengths."

Think, the textile mills grow girdled at the new trend toward long skirts and skirts.

For that demands millions of yards of new fabric!

When fashions shift from long skirts to short ones, the smart housewife can cut off parts of those long dresses and sell them in style.

But you can't conveniently lengthen a miniskirt, so 60,000,000 second women must bankrupt their budgets by buying new dresses each month.

This is obviously a boon for the textile mills and dress shops.

Polly's Pointers

By Polly Cramer

DEAR POLLY—Mrs. S. H. Y. could buy door bell plastic coated wire, cut into pieces about four inches longer than the width of her draperies. Run this wire through the hems of the curtains, pleat and bend the wire at the bottom to the shape of the plants.

You will receive a dollar if Polly uses your idea for home-making idea. Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

plants (top and hem) together and tie a narrow strip of soft cloth loosely around the folded drapery in several places up and down the length. Let them hang for a couple of days. — M. L. M.

Polly's Problem

DEAR POLLY: The rubber coated wood they have on our bathtub is present in pieces in a mess. Soap film sticks around the small suction cups and I don't know how to get it clean. Sinking and scrubbing does not work. Someone please help me with this problem. — E. M.

DEAR POLLY—Mrs. S.H.Y. could soak her Bergiere draperies in mild, sudsy water until the foam is gone, then rinse. Switch them up and down and do not wring. Hang up wet. When almost dry, hang at the windows. fog

Altamonte Has Long Agenda

By MARION BETHEA
ALTAMONTE SPRINGS — City Council faces a lengthy agenda when it meets at 4:30 p.m. today.
A letter will be read to Council relative to the opening date for bids on the water pollution control facility. Opening date has been set for Aug. 28 at 10 a.m.
The council will consider a letter from the Suburban Fire Control District regarding negotiations with the municipality. Some contention arose when the city proposed an escalating three-year contract with charges of \$23,000, \$27,500 and \$30,000. The district offered a counter proposal of \$13,500 for the first

Ranch Tours Available

Boy's Ranch Barbecue On Sunday
The fourth Annual Birthday Barbecue for the benefit of Edgewood Boys Ranch will be held Sunday, August 23 from 12:30-6:30 p.m. at the ranch site on Silver Lake Road. It will be sponsored by Edgewood Boys Ranch, 4000 E. 17th St., Palm Bay, Fla. The dinner will be on hand to entertain the youngsters (and adults, too). The Fairway V.I.P. will also entertain.
This year there will be a choice of chicken or beef. Donation tickets will be for chicken or beef dinners at nominal prices for children and adults.
Tours of the ranch will be conducted by the boys with staff and Moms Club members helping.
During the afternoon, the winner of an Afghan, made by a Moms Club member, will be announced.
Edgewood Ranch is located in the heart of orange groves on the shore of Lake Hiwassee. Those who have been to the ranch before should drive west on Old Winter Garden Road past Oria Vista and Hiwassee Road, turn south on Steer Lake Road and continue south to the ranch.
The first cottages for the boys were completed last year and dedicated in November 1969. Progress is now being made on a second building for which proceeds from the BBQ will go.
The ranch depends entirely upon public contributions for its operation.
The concept of Edgewood Ranch is different from other ranches in that it receives only boys who are under the jurisdiction of the Juvenile Court — first offenders, ages 10-16. Girls or boys' ranches serve those who lack only parental care. This ranch is a home, not a "reform school." Boys are here to receive, not to be reformed. Both kids are located north of town in quiet residential areas of opportunity. Here they are given guidance, by trained leaders, in the routine of daily living as a Christian (interdenominational) and saved from exposure to sophisticated delinquents in our state training schools.

Edwards Talks To SISTER

Dr. G. W. Edwards, a prominent member of the Sanford Zoo Committee, spoke recently at the regular noon meeting of Sanford's SISTER, a women's civic improvement group, on plans for developing the city zoo and botanical gardens on the new 14-acre city zoo site.
Edwards told his recent visit to Tampa's Busch Gardens where Robert Rosen, executive director, gave him a tour of the 200-acre animal attraction.
It has been reported that he heard and his engineer have tried to help Sanford with its zoo problem as well as offering to host the newly named city zoo committee in a tour of Busch Gardens. Edwards feels that the city should spend funds for the local zoo.
Chairing the meeting at Trophy Lounge was President Ruth Swinney.
According to National Geographic, most Latinos miss of being sickens comes from eating a pit, one of the spirits that dwell everywhere.

Witness Had 'Visions'

Linda Thought Manson A 'Devil'

By LINDA DEUTSCH
Associated Press
LOS ANGELES (AP) — On the dark night of the Sharon Tate murders, Linda Kasabian says she had "visions" that Charles M. Manson was "the devil" and that he might kill her and her infant daughter.
The petite, blonde witness at the Tate murder trial, testifying for the 16th day, said on the stand Monday that she kept quiet about the murders she'd witnessed because "I was afraid maybe Charlie would kill me and kill my little girl."
There and I was sort of a vision, and Charlie entered into my head and I was afraid for my baby. I was sort of a vision, and Charlie entered into my head and I was afraid for my baby. I was sort of a vision, and Charlie entered into my head and I was afraid for my baby.

Dead Orlando Found With Bogus \$20 Bills

ATLANTA (UPI) — A 26-year-old Orlando, Fla., man whose body was found in a motel room here along with \$130,000 in counterfeit \$20 bills died of a pneumonia-like lung congestion, an autopsy revealed.
Special Agent A. B. Wentz of the U.S. Secret Service said the body of Robert Lewis Williams, who checked into the motel Sunday morning, was found by a maid the same evening.
After the autopsy report was released late Monday afternoon, Wentz said a doctor from a Tennessee town, which he refused to specify, had tried unsuccessfully on three occasions last week to convince Williams to enter a hospital.
He added that a quantity of roids and cough medicines and antibiotics was found in the motel room.
Wentz said the money found in Williams' room was part of a series of counterfeit bills which had been circulating for about six weeks and the Secret Service was still investigating their origin.
The bills had also shown up in Savannah, Ga., and Montgomery, Ala., Wentz said. Identification papers found on the body listed two addresses, he said, one in Orlando and the other in Fort Pierce, Fla.

Doctor's Case Sent To Circuit Court

Direct information against a Maitland doctor, Ralph Cail Lee Jr., 328 Lake Ave., was filed Tuesday by State Attorney Abbott Herring. Dr. Lee is charged with unlawfully obtaining or attempting to obtain a habituate by the forgery or alteration of a prescription.
The alleged offense is supposed to have taken place on June 27 in the vicinity of Eckerd's Drug Store in the Seminole Plaza.
The doctor had been brought to the chambers of County Court Judge Wallace Hall Tuesday for a preliminary hearing on the county jail where he was being held under a bond of \$3,000. At that point Herring filed the information, and the case was transferred to Circuit Court.
Lee was subsequently rearrested and returned to the county jail, this time under a bond of \$500. Arrangements has not been set.
The physician was arrested by the Casselberry Police Department. In an attempt to obtain Dr. Lee had used an alias, Dr. Ken Cavanaugh and a false patient's name.
The new information charges Lee with attempting to obtain a drug listed on the State's drug abuse statutes. The original charge listed a new, yet habit-forming drug that is not on those statutes, explained Don Brumley, chief of the Casselberry Police Department. Lee faces similar charges in Maitland.

Agriculture Secretary Doyle told Mayor Lee P. Moore, Sheriff John Polk, Sanford Industrial Commission Director David Conner and other assembled city officials gathered at the airport, officials gathered at the airport, officials gathered at the airport.

Hearing On Budget Appeal

By MARION BETHEA
"This county has a belly full of legal technicalities." So stated County Commissioner Greg Drummond in relation to the hearing on the budget appeal of Sheriff John Polk which has been scheduled for Aug. 24 at 11 a.m. in Tallahassee.
Drummond said that the county should withdraw its first pleading in the reply to the appeal petition in which it is stated that the sheriff failed to fulfill clerical action by not providing the County Commission with a certified copy of the statement, that the request was reasonable and necessary, in asking for more funds in his budget than the county allocated.
However, Chairman John Alexander contended that it was not a clerical error, but a requirement under the law.
Sheriff Polk has charged that the budget appropriation is insufficient to meet the needs of law enforcement in a rapidly growing county.
The county may be represented at the hearing by Mack Cleveland Jr., who was reported to serve as associate counsel. Johnson recently advised the commission that his time was at a premium with legalities involved in issues which he would be placed on the election ballot and the Court House litigation. He therefore requested assistance, which was estimated to be an expenditure of \$15,000. Drummond voted against the associate counsel.

Port Authority O.K.'s Lease With PESCO

Seminole Port Authority has approved a lease for 4.3 acres of port authority land and construction of a steel storage building at the port site as requested by Port Everglades Steel Company (PESCO) but not until the original proposal from PESCO had been amended.
W. C. Hutchison, port attorney, said he would contact PESCO's lawyer today to confirm whether the amendments of the lease would be acceptable.
The attorney disclosed that PESCO wanted to have an agreement completed by Aug. 21, so the firm could get ready for handling overseas customers.
Under the arrangement, the authority would lease land and a storage building for five years with options for extensions at \$15,000 per year.
James Ryan, port administrator, said GSI Steel Corporation of St. Petersburg, a prefabricator of steel products had inquired about locating at the port site.
He indicated that several trucking firms have also expressed interest in locating at the port, so as to be near the steel company.
Speaking of the Port, Ryan said the lease facility is 93 percent completed. Hutchison, on the other hand, said "you will get billed for \$2,000 worth of fill by the contractor, who has already requested arbitration. Other building troubles revealed by Hutchison evoked around a subcontractor who claimed he had not been paid. The attorney said this had been turned over to the bonding agency after the contractor had disagreed with the claim.
Hutchison said still another subcontractor said they were owed \$14,000.
Other problems concerned with the signed PESCO lease evolved around raising \$125,000 from local banking houses to fund the costs of constructing the steel PESCO facility.

Planners Report On Sewer

County Planner David Farr, who is meeting today on the tri-county planning commission in Orlando, gave a report yesterday to county commissioners relative to the Orange-Seminole-DeSoto comprehensive sewer plan.
Farr said that he had contacted authorities in the state Health Department and other knowledgeable persons as to sewage treatment methods and questioned whether (1) land spreading was an accepted practice (2) the advantages of land spreading (3) pollution effects of wet season discharge of effluent (4) whether tertiary treatment is needed. Farr said the answers he received were "possibly, maybe, perhaps and need more study."
He continued that there would be no advantage to the county in the location of a sewage treatment plant on the Highway 50 in Orlando, and favored suggesting to the planning commission that the location be located in a county between Orange and DeSoto.
Commission Chairman John Alexander said that since Orange County was not considering bulk treatment, there was no advantage to be realized, and suggested that land spreading be considered and that this county would possibly tap into the system if Orlando would consider bulk treatment to be located near the Seminole County line.
Farr also pointed out that the plant on Highway 50 (Continued on Page 2 Col. 3)

Published Reports

Published reports that \$400,000 was found missing at the First National Bank at Maitland Friday with the possibility of embezzlement were neither confirmed or denied by bank officials, who have refused to issue any statements on the subject to the press.

\$4,134,000 Low Bid On New Courthouse

A special meeting has been set by the City Commission for Aug. 21 at 8 a.m. to review the bids for the Court House and jail.
County Attorney Harold Johnson advised the board yesterday that it had until Friday to set the bids under the 20 day bond provision, and that the special meeting be called with all pertinent information presented. Johnson said that the bids had not been sold as yet, and the bid opening would be at a Florida Supreme Court hearing is scheduled for Sept. 15 on modifications of the wording on the legal letter rate.
Johnson discussed insertion of a provision in the contract to be awarded for the facility that if the county is unable to sell the bonds within three to four months that it be absolved from liability. He contended that contract negotiations be undertaken Friday, not necessarily in a monetary aspect. The three low bidders will be under discussion.
Low bidder was Greenhut Construction Company of Pensacola, with a bid of \$4,134,000. Next lowest bidders were Graham Contracting, Inc. of Orlando at \$4,135,000 and Byson and Company of Pensacola with a bid of \$4,111,200.
Low bid on the prison equipment was Decatur Iron and Steel Co. with \$248,500.
