## Turner Trial Set For State Court

By PAT LEISNER  
 Associated Press Writer

CLEARWATER, Fla. (AP)—U.S. Dist. Judge Ben Krentzman sent Orlando businessman Glenn Turner's securities violation trial back to a state court today 90 minutes after the state judge delayed the trial while awaiting Krentzman's decision. Pinellas County Circuit Judge William A. Patterson said the trial would begin in the county courthouse at Clearwater Tuesday morning.

He had sent prospective jurors home after this morning's hearing at which he delayed the start of Turner's trial for the second time.

Richard Mensh, assistant Pinellas state attorney, told Patterson in chambers that the county attorney's office had been notified by Krentzman's office that the federal judge issued his order at 11 a.m., rejecting defense contentions that Turner's civil rights were being violated in the county court.

Noting that it was a federal holiday—Columbus Day—Mensch said "Judge Krentzman made himself available because of the apparent urgency."

The state also filed a contract for immunity for co-defendant William F. Humphries, who has agreed to testify for the state.

At a brief hearing before presiding circuit Judge B. J. Driver, Humphries acknowledged through his attorneys that he "arrived at the decision freely and voluntarily" and with advice of counsel.

Earlier, Krentzman said the filing of a defense request seeking transfer of jurisdiction from the state to federal level did not automatically stay further proceedings in Clearwater.

But he said Sunday if he grants the petition, any action taken in state court would be negated.

Even though today is a federal holiday in observance of Columbus Day, Krentzman said he would come to his office in Tampa to examine the motion, which was filed by Turner's attorneys late Friday.

## High Voter Registration Points To Nov. 7 Turnout

By JANE CASSELLBERRY

Elections Supervisor Camilla Bruce predicted today, in the light of the big voter registration, as high as 90 per cent turnout at the polls in the Nov. 7 general election.

Although the percentage for the primary and run-off elections was rather low, it was higher here than in some of the counties in the state, she said. She reported that her offices

have registered 4,825 voters since the September primary, making a total of 16,501 who have registered since the first to the year. "It used to take us eight or 10 years to add that many voters," she stated. The books closed Saturday

for the general election and 500 registered the last day at the courthouse annex in Seminole Plaza, Casselberry, and a little over 100 in the Sanford office, according to Mrs. Bruce. It will be a few days before a breakdown will be available as to party preference of the new voters.

She expects "a terrific turnout is indicated by the enthusiastic registration. The presidential election will bring everybody out to vote either 'for' or 'against,'" she added. In the past the high for voter turnout was 86.86 per cent. Total number of registered voters in Seminole is now 44,229.

Seminole County was the first to report its returns in the recent primary. Mrs. Bruce credits the use of the computer in Clerk of the Circuit Court Arthur Beckwith's office which is doing rapidly what used to be done by hand.

## Police Pay Hike To Get OK

By MARION BETHEA

WINTER SPRINGS — Municipal policemen will have a stated salary in "black and white" as a result of contemplated action by City Council at a 7:30 workshop meeting tonight.

Although the city has agreed to pay its policemen \$6,000 annually, the stated policy has not been formally forwarded to the Police Standards Bureau.

Therefore, Donald Fish, bureau chief, has requested that the city adopt a resolution stating the proposed salary and transmit it to the board.

Council will take under consideration a requested zoning change by W. H. Green and Sons. The request is for R-U to R1A on an 18-acre tract located off SR 434 and at South Cortez Avenue.

Representatives of three insurance companies will be on hand tonight to present proposals in the long discussed and delayed insurance program for municipal employees. Hospitalization and life insurance will be covered in the proposals.

City Engineer B. C. Conklin will appear before council to explain and discuss tariff rates for the North Orlando Water and Sewer Company.

### Counterfeit Currency

## That Real Money You Have ?

By GLEN GRANT  
 Copley News Service

When it comes to detecting counterfeit money, look for differences — not similarities. That's the advice of Loren Bates, a special agent of the United States Secret Service. The Secret Service was founded by the Department of the Treasury in 1865 to suppress a nationwide rash of counterfeiting, Bates said. The service did not become involved in presidential protection until 1901, following the assassination of President William McKinley.

Bates told a law enforcement group recently that the service's effectiveness in enforcing counterfeit laws is demonstrated by the fact that only \$4.7 million in counterfeit money was passed in 1971 as opposed to \$490 million passed in false stock securities. As a comparison, he noted that in the Washington, D.C., area alone, more than \$300 million was lost in shoplifting crimes last year.

"We are a small organization," Bates said. "We don't really have enough people to handle all the counterfeiting crimes committed. We don't work on a 24-hour basis like other law enforcement agencies. We rely on merchants and local police departments to help us."

He cited several facts about genuine paper currency which many merchants and consumers are not aware of. — Silver Certificates as well as \$1 and \$5 United States Notes are no longer being printed. The \$100 bill is the highest denomination note now being printed. — Genuine currency is printed on special paper manufactured under strict government control. The paper contains red and blue fibers visible to the eye. — Genuine notes are printed from engraved plates made by master craftsmen using the most sophisticated equipment.

## COLUMBUS DAY Presidential Drive Nears Final Weeks

Candidates Seek Votes From Columbus Day Crowds; Eunice Shriver Wins Tussle For 'Mike'

By R. GREGORY NOKES  
 Associated Press Writer

President Nixon, Sen. George McGovern and Sargent Shriver have been seeking votes from Columbus Day crowds as the presidential election campaign approaches its final four weeks.

Of the top four candidates, only Vice President Spiro T. Agnew did not campaign Sunday, but he planned to resume campaigning tonight at a rally at Anaheim, Calif.

One Sunday campaigner, Eunice Kennedy Shriver, wife of Democratic vice presidential candidate Sargent Shriver, won a tug-of-war for a microphone

before making herself heard in Baltimore. President Nixon praised labor leaders and paid tribute to ethnic groups at a Columbus Day dinner sponsored by Italian-American organizations in Washington.

Millions of immigrants have learned, Nixon said, that "America is a country in which a man or woman has an equal chance at the starting line and an equal chance to get to the top."

"Let us be proud to be Americans," he said to cheers. He praised AFL-CIO President George Meany as among labor leaders who "stand up for America."

Nixon's only other announced campaign appearance this week is a quick trip to Atlanta on Thursday.

Sen. McGovern, the Democratic candidate's presidential pick, headed for New York City today for the annual Columbus Day parade. He was to go to Detroit later in the day on another coast-to-coast campaign swing.

McGovern taped Sunday a television speech on his proposals for a Vietnam peace. Scheduled for viewing Tuesday night, the speech is said to contain a step-by-step plan for U.S. withdrawal from Indochina.

Shriver participated in a Columbus Day parade in Providence, R.I., Sunday, winning a belated endorsement from state Democratic Chairman Lawrence McGarry.

Shriver also made a reference to the poor showing by the Democratic ticket in most polls. He said that if Columbus had listened to the polls he would never have set out on his journey to the New World because the indications would have been that the world was flat.

Shriver planned to attend a breakfast with labor leaders in Baltimore today and then go to Philadelphia and Pittsburgh.

Mrs. Shriver engaged in a brief struggle with a state Democratic party official who tried to take the microphone from her at a Sunday party in Baltimore.

The Fair Campaign Practices Committee said today that the 1972 campaign "will be the dirtiest in recent years." It said it has handled "more complaints about dirty politics in the five weeks of the 1972 campaign than in any comparable period in our history since it started keeping statistics."

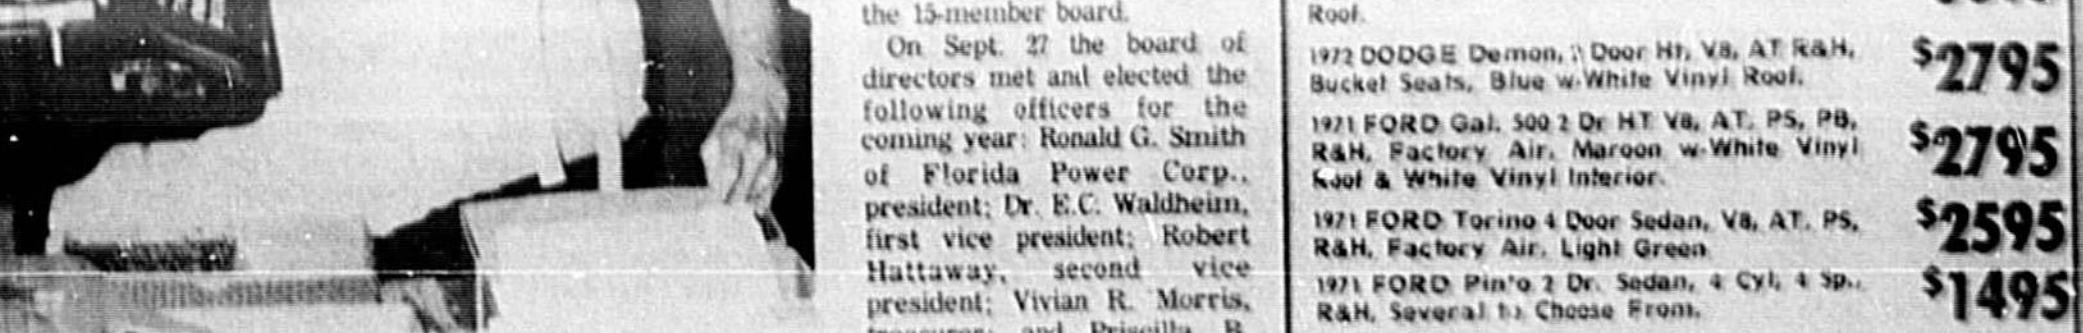

Judge Muldrew said it is his hope that the drug is never legalized.

Julian, in his summation, told the jury that the defendant had been smoking "pot" on the day of the offense and that, while this did not excuse the crime, it did go in consideration of one of the elements of the crime.

Julian continued that the effects of marijuana prevented DeBose from having a conscious knowledge of the killing, and that due to the effects of the marijuana and actions of the victim in attacking DeBose with the meat cleaver, there was a scuffle and DeBose contended he "had to hit her."

The jury returned a verdict of guilty on the charge of murder in the second degree. DeBose was sentenced to 30 years in prison.

The new officers and directors will be introduced at the annual meeting on Jan. 17.

CAMILLA BRUCE, elections supervisor continues to file some of the 4,825 additional voters added to the Seminole County rolls, boosting the overall total to 44,239. A prediction of more than 90 per cent turnout for the November General Election was made by Mrs. Bruce.

Weather  
 Yesterday's high 84 low this morning 52. Generally fair through Tuesday. Highs in mid and upper 80s. Low tonight 60s. Temperatures slipped into the 40s and 50s across most of the northern part of the nation today with 30s registered in extreme northern areas. Frost warnings were posted for parts of North Dakota, Minnesota, most of Michigan and northern Illinois.

What's Going on Here?

For Bargaining Purposes Hanoi's Position Improved

By RICHARD PVLE Associated Press Writer SAIGON (AP)—Although falling well short of the shattering victory that apparently was its ultimate goal, Hanoi's 1972 offensive in South Vietnam has greatly improved the Communist side's strategic position for a settlement—military or political.

And while battlefield reverses have forced numerous changes in the original plan, there are no signs the North Vietnamese campaign is letting up. Instead it is moving into a new phase.

The fall that followed the recapture of Quang Tri City by the South Vietnamese last month has ended in a new surge of Communist attacks. The "center of gravity," as one senior American officer phrased it, has shifted south to the region around Saigon.

Military commanders expect a rising level of enemy attacks in the vicinity of Saigon and perhaps even on the capital itself, timed to coincide with the U.S. election in an attempt to embarrass President Nixon. But officials say they find no indications that North Vietnamese regulars elsewhere in the country are pulling back from the areas which they have seized in the last six months.

"The Communist units are rebuilding their former base areas to maintain their presence and to declare 'we're here,'" said one U.S. officer. "As soon as they are refitted and resupplied, the North Vietnamese could launch another major offensive push. This time they would have the advantage of starting from positions far forward of where they were when they launched their offensive last March 30. Viewed politically, they control the Communists have won a large area of South Vietnam.

They are still capable of terror, and they will adhere to an aggressive policy of starting small attacks by fire, sapper attacks and perhaps small infiltration efforts, but the likelihood of any main attack on Saigon is rather remote."

Other American and South Vietnamese officers thought the small-scale attacks might be designed to keep government troops busy while larger enemy forces slipped past to attack such important targets as the big base at Bien Hoa, Saigon and its Tan Son Nhut Air Base. U.S. B-52 bombers attacked troop positions, base camps and infiltration routes on all sides of Saigon. Some of the raids were only four miles east of Huong Phuong and of Highway 13.

Despite the secret Vietnam peace talks in Paris, the United States also kept up its heavy air strikes across North Vietnam, and the Communist forces showed no signs of pulling back from battlefields in South Vietnam.

Malcolm Putman, 30, and Judy Deanna Rosenblom, 29, listed as occupants of the apartment, along with the 15-year-old Putman, Miss Rosenblom and the youth were booked at the third floor of the Courthouse in the County Commission meeting room.

CENTER OF ATTENTION in the Watergate affair, former White House aide G. Gordon Liddy pleaded not guilty of breaking into Democratic National headquarters last June.

City Council Meets Zoning Act On Tap

Sanford City Commission is expected to hear from interested real estate brokers and land developers during tonight's 7 p.m. public hearing in the proposed new city-wide zoning ordinance and map at city hall.

The new regulations, if approved, will adhere to an aggressive policy of starting small attacks by fire, sapper attacks and perhaps small infiltration efforts, but the likelihood of any main attack on Saigon is rather remote."

Crossing Signals On County Agenda

A decision regarding prefunding to the railroad for crossing signals will be made by the Board of County Commissioners when they meet Tuesday at 2 p.m. Also on the agenda will be the county planner's report on recommendations of Parks Advisory Board, discussion on subsidized ambulance service renewal, and juvenile detention facility proposals.

work session which begins at 10:15 a.m. Tuesday include: Subdivision variance request; clay skimming operation-side slopes; railroad crossing priority list; rumble strips; railroad signals — funding; commercial fishing — trot lines; Juvenile Detention

Facilities; Robinson injury claim; Visiting Nurses Association; Health Department Revenue Revision; Big Tree Park.

All meetings will be held on the third floor of the Courthouse in the County Commission meeting room.

Suffield Named To Panel

Lyle K. Suffield, project director of programs for the aging, Seminole Junior College, has been appointed to a national advisory committee which will give counsel to more than 1,100 community and junior colleges in establishing programs for the elderly.

Supported by an HEW grant of \$147,492, the project will mobilize colleges to prepare persons for work with the elderly.

The project entitled IMPAAC (Improving Manpower and Programs to Assist Aging Citizens) will include a survey of college programs for the elderly currently underway. Workshops will be held to establish guidelines for community college programs. After development and refinement these guidelines will be published and disseminated to the appropriate educational and governmental participants.

Members of the advisory committee include: Mrs. Lenore McNeer, representing private junior colleges; Dr. Clark Tibbets, director of administration on aging, HEW; Dr. Charles Chusler, executive director, Michigan Commission on Aging, and president National Association of State Units on Aging; Dr. Charles Wood, president National Adult Education Association; Constance McQueen, New York City Community College, representing urban junior colleges; Suffield, and Dr. H. chairman psychology department, Duke University, advisor to the committee.

Six Programs Set For Area Retarded

The No. 1 program is the Little Red School House, a day care and training program for the newborn to age 13, who have been excluded from the special education program of the Seminole County District School Board.

This school is temporarily located in the United Community Methodist Church in Casselberry and will open Oct. 23. It will serve 25 children in a program of no less than six hours per day. Applications are being accepted now.

Language development, motor coordination and self-help skills will be combined in an individualized program for each child. After Dec. 1, visitors will be welcome by appointment on Tuesday, Wednesday or Thursday by calling 831-3811.

Another exceptional program being conducted by the SCARC in Seminole County is the Tafeta program (The Association for Exceptional Trainable — For Work Adults).

This is a post-school program for adult retardates and will be reopened within six weeks with the primary training center located at the old facility at 203 East Magnolia in Sanford. Tafeta will offer a full day of activity designed to place the individual into local jobs for more than four hours each day.

A health card will be required and daily attendance is essential. Physical exercise, personal grooming and work training on a regular basis will be provided. For information on this program, call 322-7211.

NEW MEXICO COMPLEX MEXICO CITY (AP) — A vast industrial complex that will include iron mines, an 800 million steel mill, hydroelectric plants, highways, railroads and a modern seaport, is being constructed along Mexico's Pacific Coast.

To be known as Lazaro Cardenas-Las Truchas, the complex is being financed by the government. The first stage of construction will be completed in 1976, the second stage in 1980.

Teen Retardates Will Reside Here

The first residence for retarded youngsters presently living in Sanford Institution, but who are qualified to live in the community, will be housed on South Magnolia in Sanford under the joint sponsorship of the Seminole County Club and SCARC.

The present plan is to provide a real home for 12 to 14 young teenagers who will qualify for the special education program of the Seminole County District School Board. This will be a general, all-around program which will include camping, swimming, hiking and surfing.

The nucleus of a continuous program is being implemented at this time, which will consist of 44 activities, dances, birthday parties and special field trips. SCARC believes that establishing leisure time activities is a primary way of developing pleasant hours of relaxation for any retardate.

Throughout the State of Florida and the nation, there is the special olympics called a program for retardates called the special olympics. Several local participants returned with first place awards at these olympic games held recently in Tampa.

Special Olympics and camping are the two big events for the next year for SCARC. Expanding participation in the games for young retardates

beginning with age 8 and for adults who are of post school age will be the lowest effort. A supplementary activity to the other five programs previously described, providing additional information through lectures, seminars or formal classes is primarily for parents, grandparents and neighbors of retarded persons. These classes will be especially helpful to those who directly or indirectly affect the life of a retardate.

"Retardation is a natural part of every community for it refers to the lowest percent in learning capability. Communities plan for many of the needs, but seldom if ever are provisions made for the retarded."

REFITS DENTURES BEAUTIFULLY. MISCIBLE PAIN. DENTURITE relieves loose dentures in five minutes. This "Culture of Comfort" works in your mouth without pain, without glue, without messy particles under your dentures.

Carli Cancer Prexy

Twenty board members and friends, attending the annual meeting, witnessed election of John Carli, well known manager of Chase & Company, to the presidency of the Seminole County unit of the American Cancer Society.

Encouraged board members and friends to get "involved," citing to the group his surprise when he learned as crusade chairman how many are available to the community, services many times not known to the general public simply because they do not ask.

Mrs. Harry Cochran, service chairman for the unit, reported that 168 trips to Orlando had been provided for cancer patients since the first of the year. Three persons have been transported to Grand Memorial and Florida Hospitals for radiation treatment; one person every day for two weeks, one person every day for four weeks and another person every day for five weeks. This service is available at no cost because of the 20 men and women in the area who have volunteered to drive.

Other highlights of the meeting were the election of C. Howard McNulty as treasurer; Mrs. Roy W. Brown, secretary, and Ray Malby, vice president.

Awards for meritorious service to the Seminole County Unit during the recent Crusade were presented by Carli to Henry and Mildred Long, Chulato; Mrs. Gordon Meyer; Mrs. Kay Sastman; Mrs. Rose Southward; Mrs. Veris Sauls; Mrs. Zona Beckwith and Malby.

Dr. John Wilson, the retiring president of the unit, received a plaque from Carli for his dedication and leadership to the group for the past year.

WALTER JOSEPH WADDELL Jr., 41, of 117 Laurel Drive, Sanford, was taken to the Orlando Naval Hospital with injuries after a Friday afternoon accident on U.S. 17-92 in Longwood. According to Longwood Policeman J. H. Paddock, (above), Waddell was north-

bound on U.S. 17-92 in his 1966 Chevrolet, when another car cut in front of him and forced him off the road. The car was a total loss after striking a culvert. The other car left the scene at a high rate of speed.

Continuances were granted in the trials of William Lycans Jr. and Randall Green, charged with grand larceny; Wayne Kirkland, charged with possession and sale of a prohibited drug; and Peter Madison, charged with grand larceny. All of the above trials have been re-set for Nov. 27.

Deaths DAVID THRASHER David E. Thrasher, 46, of 2614 S. Laurel Ave., Sanford, died Friday night. Born in Sanford, he was a member of the Elks Lodge, Fleet Reserve of Seminole County, and Palmetto Baptist Church. He was employed by Florida Power and Light Company and was a volunteer of WWI.

Survivors include two daughters, Miss Sherry Thrasher and Miss Suzanne Thrasher, both of Geneva; a daughter, Walter, Robert C. Thrasher, Orlando; mother, Mrs. Martha Warner, Miami Beach; brother, Robert H. Thrasher, U.S. Army in Virginia.

Brison Funeral Home is in charge of arrangements.

MRS. MAGGIE ZACHARY Mrs. Maggie Zachary, 100, of 812 Magnolia Ave., died Friday morning. Born in Burlington, N.C., she lived in Sanford for the past 62 years and was a member of First United Methodist Church.

She is survived by a daughter, Mrs. James Wright, Sanford; six grandchildren and 13 great-grandchildren.

Brison Funeral Home is in charge of arrangements.

# Oil Docking Facilities Offshore Ports Studied

By JAY PERKINS  
Associated Press Writer  
WASHINGTON (AP) — The Federal Maritime Administration soon is expected to announce that offshore docking facilities—superports—are the best way for the United States to import the oil it needs to stave off an energy crisis.  
Top priority, according to a preliminary report, will be given to a site off Delaware—near the oil-hungry refineries of the East Coast that depend on foreign crude-oil for more than 50 per cent of their production.  
But the final report also is expected to recommend a site somewhere off the Gulf Coast. And it could allow environmentalists, who earlier were instrumental in getting Delaware to ban a deep-water transfer facility in Delaware Bay.  
The maritime report will not settle the controversy. Reports also are being prepared by the Corps of Engineers, the Council on Environmental Quality, and by several states that are fighting for the facility.  
A Maritime Administration spokesman says the White House probably will make the final decision on whether a superport should be built and where.  
The superport would either float or sit on tall stilts in at least 100 feet of water and

# Plane Is Fiasco; Best Ever Built

By ROBERT A. DOBKIN  
AP Military Writer  
WASHINGTON (AP) — To its critics, the F111 is a fiasco. To the men who fly it, it's the greatest airplane ever built.  
Formerly known as the FX-1, for tactical fighter-experimental, the F111 has been steeped in controversy—from its birth 10 years ago to its return to combat earlier this month.  
Robert S. McNamara, President John F. Kennedy's secretary of Defense, conceived it as the most sophisticated, flexible, economic airplane yet devised—a single weapons system capable of performing the most divergent missions of both Navy and Air Force.  
But in the past decade, after spending more than \$200 million, the Navy canceled its version of the F111, concluding it was impractical to use on aircraft carriers.  
—In six years of operations, 23 F111s crashed, killing 17 crewmen and leaving eight others missing.  
—The Air Force, finding it impractical as a "wildcat" against enemy MIGs because of its wide turning radius, assigned it primarily as a low-level, all-weather attack "ombomb."  
—A "fiasco," declared the Senate permanent investigations subcommittee in a 1970 report, on the FX-111.  
The swing-wing F111s were given a brief combat test in Indochina in 1968. But after 55 missions they were brought home. Of six initially sent over, three crashed, including two which vanished mysteriously without a trace.  
A number of mechanical and structural flaws forced the Air Force to ground the planes on a number of occasions since then. Despite the losses, the Air Force contends that on more than 200,000 hours of flight operations, the F111s have com-

would be located from 3 to 50 miles offshore. The huge facility would handle the large ocean-going super tankers that cannot dock in most relatively shallow U.S. harbors.  
The advantage of the huge tankers is economical. The Maritime Administration's preliminary report said the cost of shipping oil from the Persian Gulf to the United States—a 24,000-mile round trip—would drop from \$9.53 per ton in conventional ships to \$7.27 per ton in the super tankers.  
The figures are based on a superport connected by pipelines to onshore storage tanks and doing 200 million tons of business a year.  
The National Petroleum Council says the amount of oil imported by the United States is expected to rise from 3 million barrels per day in 1975 to 15 million barrels by 1985. Thus, superport backers contend, the need for a more economical way of shipping oil is great.  
Studies done by several states indicate a superport would cost anywhere from \$50 million upward—depending on whether it also was equipped to handle solid or containerized cargo.  
Most backers feel it quickly would pay for itself. And several oil and pipeline companies have indicated they might be

# Ex-TV Star Talks To Senior Citizens

By KATHY NIBLACK  
CASSELBERRY — Over 100 senior citizens of the area met together in the Fellowship Hall of Community United Methodist Church for the first of this year's Golden Years Fellowship luncheons sponsored by the church. Special guest speaker for the occasion was Kirby Grant, television's "Sky King," who now makes his home in Oviedo.  
Grant gave a short talk on his background and experiences before rendering two songs for the audience. Grant told of how he had started out in radio, and described some of his famous acquaintances from that media.  
From 1942 to 1945, he served in the armed forces, and returned to spend five years doing "Northwest Mounted Police" movies.  
From 1955 to 1967 he starred in the "Sky King" series. Since that series left television, much of his time has been spent in personal appearances. Grant is currently making plans for a new color version of "Sky King," and is also making plans to create a real-life "Flying Crown Ranch" modeled after "Sky King's" home on television.  
"I knew the greats, the near-greats, and the not-so-greats." His advice to the senior

# Brantley Hi Open House

Lake Brantley High School will hold an open house tonight at 7:30 p.m. Parents are asked to meet in the auditorium first, where a general meeting will be held. The organizational procedure for a Parent-Teacher Organization will be discussed.  
Parents will then follow children's schedule around to the various classes to get a chance to meet all the teachers.  
Parents are urged to visit the administrative office and guidance department during the students' study hall period. Parents will be allowed to visit each class for about 10 minutes.  
There won't be time allotted for individual conferences, but Friday, Oct. 20, is a teacher work day and appointments can be made for those days.

# Big Political Donor Facing \$\$ Problems

DICK BARNES  
Associated Press Writer  
BRYAN, Tex. (AP) — Four days after Walter T. Duncan wrote out a \$200,000 check that helped make him one of the year's largest listed political donors, a 220-acre parcel of Texas land he owned was sold at a foreclosure auction because he failed to make the payments.  
Two months later, as the little-known real estate speculator was handing out another \$257,000 in campaign contributions, he was named defendant in a \$2.27 million lawsuit brought partly on behalf of a federal corporation.  
These are among the financial, legal and governmental problems faced by the elusive Duncan.  
His difficulties were uncovered by The Associated Press in the wake of his massive contributions, first to Sen. Hubert H. Humphrey's unsuccessful Democratic primary campaign and then to President Nixon's reelection bid.  
Duncan, whose only previously recorded national campaign contribution was \$50,000 to the Minnesota senator in May and June.  
He was listed in reports to the government Sept. 10 as distributing \$257,000, most in \$6,000 chunks, to dozens of Nixon committees.  
Repeated efforts to put questions to Duncan about his contributions, by telephone, in writing and through associates, all failed. Duncan's lawyer said

SANFORD RESIDENTS:  
The utility budget also came under examination by your Commissioners. Here the City is confronted by federal guidelines and a State of Florida Citation to increase the degree of sewerage treatment by January 1, 1973. These federal and state requirements meant the sewer plant had to be expanded at a cost of one and a half million dollars (\$1,500,000). The construction is now underway but in order to pay for this expansion it did require an increase of the sewer bill by one dollar and seventy four cents (\$1.74) each month. At this point, you can see the cost of all the antipollution talk and programs which eventually came back to rest on the people. People require and demand these antipollution programs while few realize the cost or who finally pays. This sewer rate increase is directly attributable to the present ecology and antipollution steps which have been established at the federal and state levels.  
The water rate was also revised with an increase of six (6) cents per thousand gallons. The rate had not been increased for several years while pipe, labor, and equipment costs to the city have climbed until costs exceeded revenue and we were entering a small deficit year.  
In summary, an average home will feel an inc. ease of nearly three dollars a month on the user fees while the tax rate reduction of 2 1/2 mills will offset this to the city property owner.  
Sincerely,  
SANFORD CITY COMMISSION  
October 5, 1972 Lee P. Moore Mayor

By LIZ MATHEUX  
Did we ever have one big surprise this past Thursday afternoon when our son and his adorable Chinese wife drove up to visit with us for the weekend.  
She is a real China doll and I can readily see how our son could not wait until this Christmas to marry her.  
She wanted to fix us an authentic Chinese meal . . . well, she did complete to "bugs and rice" . . . the bugs being fried CRASSHOPPERS! I really had to try my thoughts room as I tried with all my might to get them down but she was so cute she made up for the food which I could not accept.  
She and Ray are living in Smyrna, Ga.  
In answer to some of you calls, I am sorry to tell you that Vivian Dunn is not feeling very well at all after her recent back surgery at Orange Memorial Hospital. She is in Room 2320 and I bet she would like a card.  
I chatted with Darrell, Vivian's husband, and he tells me that she will have to be placed in a cast and remain there for approximately three months.  
You can really tell that there is a bit of a nip in the air and I am happy. I've always said that I could put enough clothes on to stay warm, but trying to stay cool . . . well, that's another story.  
I had a pleasant chat with Fran Bickley this morning and she tells me that she had a good visit with the children and friends in Connecticut.  
Congratulations are in order for Mr. and Mrs. Steve Phillips upon the arrival of a son. Mrs. Phillips is the former Mary Bowen.  
Bill Dibble is home from the hospital and I hope on the road to a complete recovery. Mr. Bill is one of everybody's most favorite people and we don't like having him sick.  
Recent guests at the home of John Store were his nephews, Jack and Ed Stone, and their families. The Stones had from Sanford, N.C. Also visiting with John were Joe and Clara Cox of Ashboro, N.C.  
Paul and Louise Maxwell spent the weekend visiting with Paul's mother, Mrs. Carrie Maxwell and his sister Mrs. Marie Stumpf, in Sarasota.  
I passed by the Geneva School the other day and was very delighted to see our capable administrative assistant, Paul Murphy, taking our Geneva youngsters through a well-planned athletic program.

# Sanford Woman's Club Fetes New Members At Luncheon

Sanford Woman's Club held the first business meeting and covered dish luncheon of the year at the club house on Oak Avenue Wednesday, Oct. 4.

MRS. JACK BURNLEY, president of Sanford Woman's Club, poses with two of the new members who were honored at the season's first meeting, Mrs. Robert Morris, left, and Mrs. Woodrow Cash.

complement their individual attire. After a lovely and beautiful luncheon the president for the year 1972-73, Mrs. Jack Burney, called the business meeting to order.  
Following the business meeting each new member to the club with a short background on her.  
New members attending were Mrs. Wilfred H. Conrad, Mrs. W. C. Gordon, Mrs. John Hamilton, Mrs. Charles Thorne, Mrs. Robert Morris, Mrs. Nicholas Patis, Mrs. Jorge Gomez, Mrs. G. H. Drew, Mrs. George Parks, Mrs. G. H. Sykes, Mrs. C. A. Anderson, Mrs. Frank S. Kish, Mrs. George E. McManus, Mrs. Grady L. Duncan, Mrs. Woodrow Cash.  
New members who were unable to attend are Mrs. B. C. Young and Mrs. Elva Mae Kunkle.  
Continuing members sang "Getting to Know You" and individually welcomed each new member.  
Luncheon hostesses were Mrs. Kenneth Copeland, chairman, Mrs. Herbert Behrens, Mrs. Douglas Stenstrom, Mrs. Thelma Niblack, Mrs. J. C. Mitchell, Mrs. J. T. Collins, and Mrs. John Falk.  
The Social Department will host a covered dish luncheon at 12:00 noon, Oct. 11, at the club house followed by bridge and canasta.

# Joy Gayle Wilson, Ricardo L. Perez Exchange Vows

Mrs. Joy Gayle Wilson and Ricardo Luis Perez were united in Holy Matrimony, Saturday, Sept. 30, 1972, at All Souls Catholic Church with Father William Kett officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Harry Wilson, 609 E. 2nd St. and the bridegroom's parents are Mr. and Mrs. Aaron Perez Sr., 629 E. 2nd St., all of Sanford.  
Mrs. F. E. Roumillat, organist, presented appropriate nuptial selections and accompanied soloist Richard Holtzclaw.  
Standing baskets of white glads and spider pompons and length gown of silk organza over peau de soie fashioned after the Empire silhouette. The scooped-necked bodice and long sleeves featured delicate shirring.  
Her tiered veil of imported silk illusion was secured to a Dior bow and she carried a bouquet of white carnations and baby's breath, showered with satin streamers.  
Miss Kim Wilson, the bride's only sister, was the maid of honor. She wore a floor-length gown of pale blue pebble crepe with long, flowing chiffon sleeves. Her headpiece was a blue bow and she carried a bouquet of white carnations and blue-tinted baby's breath with blue ribbon streamers.  
Anthony Bonavia served the bridegroom as bestman. Ushers were Michael Perez, the bridegroom's brother and Hal Wilson, brother of the bride.  
For her daughter's wedding, Mrs. Wilson chose a pink dress and coat ensemble com-

by Gary Taylor

### Seminole Are Improving

While the Sanford Seminoles may have suffered another one-sided loss last Thursday night, any of the loyal Sanford fans who made the trip to Lakeland could certainly tell the difference in the way the team played.

For a change, the boys had some spirit and you could tell they were ready to play. A week ago you couldn't have convinced me that the Tribe would win another game this season. But now I think they might have a chance to win at least two more.

Sanford made some mistakes and twice they failed to score when they had the ball inside the Lakeland Kathleen 20 yard line. That was the difference in a wide margin and a close game.

Sanford scored on a 73-yard run by Tommy Thompson, and it was the first time this season that Kathleen has given up a touchdown on a play from scrimmage.

### Officials Were Terrible

There's only one word to describe the officials in Thursday night's game. That word is: TERRIBLE. Some of the calls they were making were unbelievable.

They made some bad calls on pass interference and face masks. One mask call was made right in front of me, and the Seminole defender was holding the man by the collar.

But the worst thing that happened all night went without even a warning from the referees. The ball was placed down and the two teams went into the huddles. Lakeland came out and set up their offense. One of the players casually walked up to the ball and rolled it back about two yards.

The head linesman seemed to be watching the incident, but didn't say a word, and just ignored shouts from the Sanford coaching staff.

### Eagles Yes . . . Dolce No

Does the Edgewater grid team deserve its success? Most certainly but we can't say the same for their coach, Bob Dolce.

With four straight victories, including three in the Metro Conference, the Eagles are looming as a prime threat to the defending champion, Winter Park.

So with all of this riding on the line and holding a 34-0 lead what did Eagle coach Dolce do Friday night against Lyman? He so wanted the shutout so badly he risked injury to members of his first team defense by returning them to the game when it appeared Lyman "might" score.

Dolce got his wish as the Eagles soared 34-0 but had any member of that first team defense been injured at that state of the game we wonder what Dolce might have been wishing for then?

To the Eagles, all the success in the world, to Dolce . . . nothing. He deserves it.

### Trinity Prep Ranked

The Trinity Prep Saints were idle this week, but still managed to climb into the top 20 of the Class A-AAA prep football poll. The Saints, 3-0 on the season, are tied with Bristol Liberty for 18th.

Port St. Joe is ranked first in the small school poll, with Chipley, Hastings, Wildwood and Tallahassee FAMU close behind in that order.

Pt. Pierce Central holds first place in the Class AAAA-AAA prep poll. They are undefeated with a 4-0 record, while Merritt Island, also 4-0, is second. Tallahassee Leon is third, just a point behind Merritt Island, and also undefeated with four wins.

Gainesville is tied with Haines City for seventh in this week's poll, climbing one notch over last week. Lakeland Kathleen fell from ninth to 11th this week. Those two Big Eight Conference teams battle Friday night in Gainesville.

## Page Packers Cop Third Straight Win

Victory number three was placed into the hopper by the Page Airways Packers of Sanford who ripped into the Ocoela Vikings, 34-0 Saturday afternoon at the Lyman High Field.

There was no halting the Packer offense which has been really steamrolling in recent weeks. After losing the ball on the first series of downs the Packers went to work for the games first score.

Big ground gainer in the first march was a 15 yard scamper by Jeff Jones who put the ball down to the eight yard line. From there Joe Smith took it over on a quarterback keeper. Running over the extra point for a 7-0 lead was Jones.

The Fall brothers, Mike and Dave combined their talents for the second Packer touchdown. Dave took the handoff from Smith, and then fired a strike to brother Mike completing a 20 yard scoring play and a 13-0 lead.

The Fall brothers, Mike and Dave combined their talents for the second Packer touchdown. Dave took the handoff from Smith, and then fired a strike to brother Mike completing a 20 yard scoring play and a 13-0 lead.

## Offense Stopped Cold Greyhounds Stymied By Edgewater

By HERKY CUSH  
Herald Sports Writer

"If we do not get our offense moving, this second half it's going to be a long night," said Lyman Coach Dick Copeland at the halfway point Friday night against Edgewater.

Well, the Hounds didn't and it was at the gridders from Longwood were bounced 34-0 by a hungry crew of Eagles with an equally "hungry" coach.

Copeland's offense could not generate a drive until the final period and it wasn't until then they were even able to manage

a first down. Containing the Greyhound offensive efforts was a Edgewater defense that played as if their very lives depended upon it.

While the Lyman offensive team has been "winding down" since the opening victory over Colonial it could not get much "flatter" than it was for the first three and a half quarters last Friday night.

For 40 minutes the Hounds went without a first down. During that time they managed 33 total yards. Their only pass completion was good for a

minus eight yards. And they ran 29 plays to 68 for Edgewater. Included in the 29 plays they took the snap from center they punted four times, had three passes intercepted and fumbled twice losing the ball both times. Thus it was little wonder they were trailing 34-0 after first 40 minutes.

The only offensive threat posed by the Hounds started midway through the first period. A third down pass from Junior Bob Costantino to Rod Dowling, a quick pitch over

the middle, moved the ball 21 yards to the Edgewater 42. From here the Hounds pushed to the Edgewater eight where the Eagle coach "eager and hungry" for not only the lopsided victory but the shutout, put his first team back in the game. The "move" worked as the Eagles took over on their two yard line with less than a half minute to play.

While the Greyhound offense was floundering the Eagles were "flying" the first time they touched the pigskin.

After forcing Lyman to punt the Eagles went to work from the 25 yard line and needed but five

plays to put six points on the board. Wayne Gandy, the fellow Lyman had to stop and didn't, carried the ball three of the five plays for 43 yards. The final 7 came on a nice sweep by Gandy who dipped inside for a brief moment then outraced the Lyman defense to the endzone.

Tim Sachse booted the extra point and it was 7-0 with 7:29 left in the period.

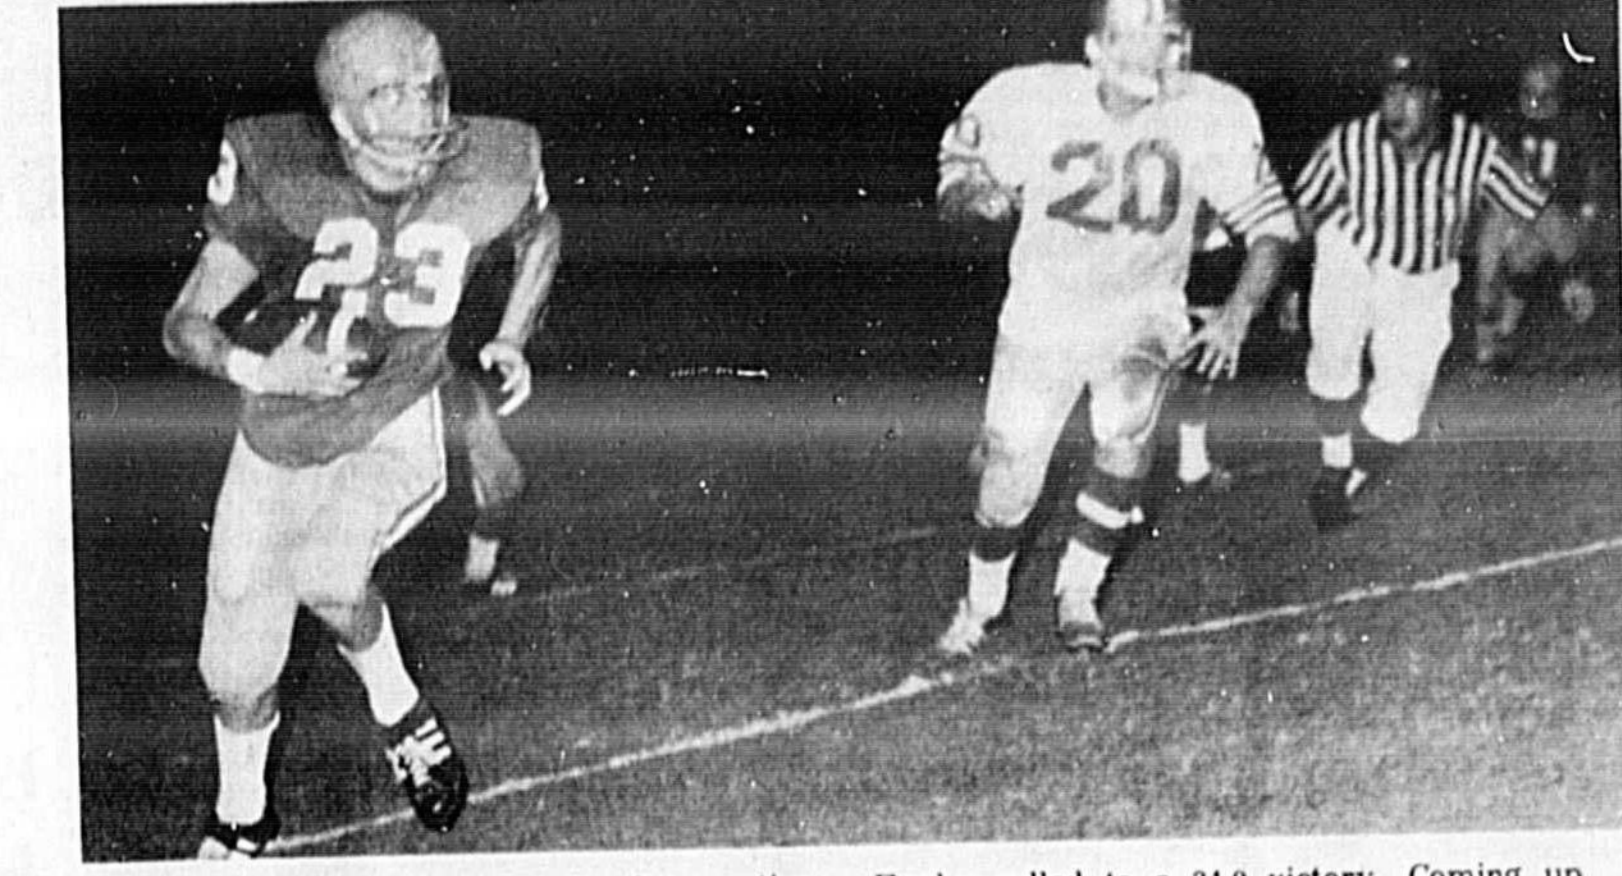

Lyman fumbled on its next possession after having the ball for two plays. It didn't hurt much as the Greyhound defense thwarted the Eagles' next scoring bid, blocking a field goal attempt from the 25 yard line.

A partially blocked punt went out of bounds on the Lyman 32, to give the Eagles fine field possession. On the final play of the first period Gandy raced 16 yards to the Hound 16. A later run of 12 yards by Gandy put the Eagles on the Lyman doorstep again. And four plays later quarterback Ken Matthews handed to Dennis Cook who bolted over from the two. This time the try for extra points failed after a bad snap from center.

Lyman had possession on five occasions in the second period. They lost the ball four times on three interceptions and fumble but still managed to "hold" the Eagles to a 13-0 lead at the intermission.

There was no holding the Eagle offense at the outset of the second half as they took the kickoff and marched 88 yards in nine plays for their third score. Big play in the drive was a Matthews to David Hanks pass good for 56 yards. The touchdown came on a sneak by Matthews from one yard out. The score went to 13-0. Matthews hit Gandy for the two point conversion.

As if the 88 yard march was not enough the Eagle offense really put on a show after a Mike Massey punt was downed on the Edgewater two yard stripe. This time Matthews, who must rate up there with

ON THE MOVE after making nifty interception of an Edgewater pass is Lyman safetyman John Mitchell (23). It was one of the few moments the Greyhound fans had to cheer Friday as the

### Fourth Setback

## Lions No Match For Darters

By GREG SINDAD  
Herald Sports Staff

Apoka quarterback Lemon Hall threw for three touchdown passes and the Blue Darters remained in the game.

Apoka appeared content to run the clock in making no feverish attempt to score. And as the clock ran out, a battered Ovielo team headed home to lick their wounds and to prepare for next week. And a very satisfied Apoka team had wrapped up a big win in the Orange Belt Conference.

Lemon Hall picked apart the Lion secondary again and again and Ovielo was powerless to stop him. The Lion defense put together their worst performance of the year and Apoka took advantage of it. And for the fourth week in a row mistakes hurt the Lions badly and accounted for a number of the Darters points.

The Lions biggest problem continues to be their offense. Once again Ovielo could not only a single touchdown on the hard and the Apoka defense held the Lions to only 52 total yards. And the passing attack which the Lions had hoped would help them did not exist as Ovielo quarterback connected on only five passes for 25 yards.

But credit cannot be taken away from the Apoka team. They played a fine game, both offensively and defensively and outplayed the Lions in every department. And the Blue Darters should have a good shot at winning the OBC title.

The Lions kicked to the Blue Darters and quarterback Hall went right to work. Mixing his plays beautifully, it took Hall only six plays to get Apoka on the scoreboard, with halfback Mitch Carter scoring from 15 yards out. The try for a two point conversion failed and the Blue Darters led, 6-0.

After receiving Apoka's kickoff, Ovielo was unable to move and Alan Daniel dropped the ball to punt from deep in his own territory. But the snap from center sailed over Daniel's head. After retrieving the ball Daniel was dropped in the endzone for a safety.

After Ovielo's free kick, Apoka again began a march toward the Lions goal. Five plays later, the Blue Darters recorded their second TD of the first period on a pass from Hall to end Mark Nelson, Hall's favorite receiver for the night.

This time the try for two points was good and Apoka led 16-0 with 1:13 remaining in the first period.

Ovielo recorded its first first down after the Blue Darters kicked but soon the Lion offense became bogged down and as the first quarter came to a close, Apoka was again in

possession of the ball. On three plays, the Darters had moved from their own 24 to the Lion 43. Then on second down, Hall handed off to his slick halfback Mike White, who broke right up the middle for the touchdown. It was the longest run from scrimmage of the night after another two point conversion, Apoka led, 24-0.

Ovielo was still unable to generate an offense and late in the first half, Apoka was again in possession of the ball. But this time the Lion defense held and the Darters were forced to punt on fourth down. But Earnest Alston's kick was blocked and Ovielo recovered on the Apoka 20. The Lions moved the ball to the three and then quarterback Greg Washington passed to Clemmie Patterson for Ovielo's only score of the evening. Mark Gomez added the extra point and with 2:04 remaining in half, the scoreboard read, Apoka 24, Ovielo 7. Neither team was able to score in the remainder of the half and the score remained the same. And it was a large, very happy Apoka crowd that observed the halftime festivities.

Ovielo took the kickoff to open the second half, but on the first play from scrimmage, Washington fumbled and the Darters recovered on the Lion nine yard line. And three plays later, White scored his second TD of the night. The score was now 29-7 and Apoka was running wild.

The Blue Darters scored once more in the third period on a pass from Hall to Nelson. This score occurred just as time ran out at the end of the third quarter and the apoka lead was 36-7. Even with this big lead, Apoka did not let up. Early in the final period they blocked a Daniel punt attempt and moved in to score their

sixth touchdown of the night on a run by halfback Kim Dunn. The Blue Darters scored once more, this time on a pass from Hall to Carter to now make the final score 50-7 with 1:14 remaining in the game.

Ovielo appeared content to run the clock in making no feverish attempt to score. And as the clock ran out, a battered Ovielo team headed home to lick their wounds and to prepare for next week. And a very satisfied Apoka team had wrapped up a big win in the Orange Belt Conference.

Lemon Hall picked apart the Lion secondary again and again and Ovielo was powerless to stop him. The Lion defense put together their worst performance of the year and Apoka took advantage of it. And for the fourth week in a row mistakes hurt the Lions badly and accounted for a number of the Darters points.

The Lions biggest problem continues to be their offense. Once again Ovielo could not only a single touchdown on the hard and the Apoka defense held the Lions to only 52 total yards. And the passing attack which the Lions had hoped would help them did not exist as Ovielo quarterback connected on only five passes for 25 yards.

But credit cannot be taken away from the Apoka team. They played a fine game, both offensively and defensively and outplayed the Lions in every department. And the Blue Darters should have a good shot at winning the OBC title.

### Weekend Sports In Brief

**Golf**  
INZAI, Japan — Gay Brewer won the \$300,000 Pacific Masters Tourney on the first hole a sudden-death playoff with David Graham after they had finished the regulation 72-holes tied at 278 and still were deadlocked after a playoff that called for three holes to be played before sudden-death.

**Auto Racing**  
CHARLOTTE, N.C. — Bobby Allison, in a Chevrolet, won the \$123,000 National 500 stock car race by a car length over Buddy Baker at an average speed of 132.23 m.p.h.

**WATKINS GLEN, N.Y.** — Scotland's Jackie Stewart led all the way in winning the \$33,000 Lancome Tournament of Champions by three strokes over Tom Weiskopf with a final round two-under par 70 for a 72-hole total of 279.

**SOUTHURBY, Conn.** — Kathy Farrer and Judy Rankin tied for the lead at 141 after 36 holes of the \$35,000 LPGA Heritage Village Open.

**NEWCASTLE-on-TYNE, England** — Bob Charles shot a final round four-under-par 68 and won the Dunlop Masters tourney with a 72-hole total of 277. Two stroke ahead of Tony Jacklin who had led for three rounds.

**Tennis**  
TOKYO — Ken Rosewall beat Fred Stolle 7-5, 7-5, 6-3 in the final of the \$33,222 WCT Tokyo tournament.

**Horse Racing**  
PARIS — San Sun, an American-bred 3-year-old filly off at 18-1, won the \$240,000 Prix de l'Arc de Triomphe at Longchamps by one length over Rescouasse, another filly.

**NEW YORK** — Unbeaten La Prevoyante, \$2.90, scored her 10th in a row with a two-length victory in the \$114,100 Frittelle Stakes over a sloppy track at Belmont Park.

**CHICAGO** — Fane and Power, \$10.90, scored by four lengths in the \$79,975 Illinois Derby at Sportsman's Park.

**LEXINGTON, Ky.** — Chou Croute, \$3.40, beat Sensitive Mute by a neck in the Fayette Handicap at Kennebec.

**SAN MATEO, Calif.** — Market Again, \$7.40, won the California Jockey Club Handicap by 2 1/2 lengths at Bay Meadows.

**SALEM, N.H.** — Pilar Elena, \$3.60, splashed home by four lengths over a sloppy track in the Lou Smith Memorial Futurity at Rockingham Park.

**ATLANTIC CITY, N.J.** — Cratty Khale, \$10.80, drew out in the stretch for an eightlength triumph in the Sunrise Handicap at Atlantic City.

SURROUNDED by a host of Ovielo defenders didn't seem to bother Apoka's fine end Mark Nelson who hauled in an aerial from the Blue Darters quarterback Lemon Hall during the 50-7 rout of Ovielo Friday night in Apoka.

(Greg Sindad Photo)

WILL MCCOY (11) heads for the sidelines with a host of Lakeland Kathleen defenders close behind. McCoy started at quarterback for Sanford Thursday night with first-string signal-caller Brent Carl out with a leg injury. Sanford lost a 42-6 decision to Lakeland Kathleen. (Roger Hodges Photo)

# Lake Brantley Crew Suffers First Loss

By J. RICHARDS  
Herald Sports Staff

David almost downed Goliath Saturday night when Lake Brantley shocked a bigger, older Tampa Temple Heights with a first quarter razzle-dazzle score, but the visiting Tampa team ground out a 22-6 win, breaking a three-game winning streak for the young Seminole team.

The scrappy Brantley Patriots gave away up to 30 or more pounds at almost every position on the line and in the backfield, as well as two years playing experience, in their second varsity contest.

Hampered by injuries to crucial linemen before the game, Lake Brantley's heretofore potent wishbone T running attack was stopped cold by a tenacious, "physically overpowering" defense. Only 42 of the Patriots' 137 yards total offense came from the rushing attack, whereas Temple Heights, paced by 250 pound Seminole fullback Brantley, amassed 214 yards on the ground and 65 more through the airways.

Outgamed but not outgotten, the Patriots never conceded defeat.

At the outset, Brantley came out passing. Halfback Chuck Couper spiraled his first option pass over to premier receiver, split end Steve Harris, on a play especially introduced for the Tampa game, producing the game's first tally. The 25 yard pass was the only score during the first frame.

Ball-hawking and alert defensive play from Craig Davis helped stave off an immediate Tampa rush in paydirt, but inside and outside running combinations pushed Brantley back to its own three yard-line in the second quarter where quarterback Steve Groover slipped in for the tying score.

Hardy brushed his way past the Patriots defense for a two-point conversion run, securing the lead.

Holding a two-point margin during the third stanza, the visiting Tampa eleven exerted its physical force, again scoring on a short burst. Carl Giddens carried a four-yard pay-off blast, but a determined host of Patriots swarmed over Hardy on the conversion try, setting up the game's most controversial play.

After holding Tampa scoreless for most of the final frame, Lake Brantley found itself faced with a third and long-yardage situation on the Tampa 45 with three minutes left to play. Ricky Garza, 125 pound speedster, gathered in a Dan Aguilari screen pass and scampered 45 yards to a tying score, but, just after he crossed the final stripe an official witnessed an apparent clipping violation against Lake Brantley, calling back the score.

After that it was anticlimactic that Ricky Garza, playing safely, was again involved in a disputed call — this one resulting ultimately in a Tampa score. Garza, battling a Tampa receiver almost a foot taller and 100 pounds heavier than himself, was called for pass interference deep in Patriots territory, setting up Randy

# Brisco Aims For Title

An action packed program has been lined up by wrestling promoter Milo Steinborn and it will all come off at the Orlando Sports Stadium starting at 8:30 p.m. tonight.

Heading the card is a World Title match between champion Dory Funk Jr. and challenger Jack Brisco. This match, the best two of the falls, has been a long time in the making and it alone should be worth the price of admission.

But there's a lot more including a Southern Area Title bout between champion Tim Woods and former Champion Buddy Colt. This match has a "special condition" that states if Woods gets a fall on Colt in the first 20 minutes of the match Phil Robley must be permitted inside the ring to work with Woods.

Florida champion Paul Jones also puts his title on the line this evening in his battle with Jim Golden.

And still another "big" match is a tag team affair which finds Man Mountain Mike (650 pounds) pairing with Bob Griffin against Spatnik Monroe and Norvel Austin.

# Brawl Interrupts Game Oakland Takes Second Straight

By ERIC PREWITT  
Associated Press Sports Writer  
OAKLAND (AP) — The Oakland Athletics, with a zero popularity rating in Detroit, would like to end the American League playoffs in Tiger Stadium Tuesday and get out of town quickly.

They moved within one victory of a three-game sweep in the best-of-5 series Sunday when John "Blue Moon" Odom threw a three-hitter to beat the Tigers 5-0 here.

The teams had today off, but American League President Joe Cronin had a decision to make—whether to take any disciplinary action against A's shortstop Bert Campaneris.

The Cuban infielder got the A's their first run Sunday and later got himself kicked out of the game for throwing his bat at Tigers' reliever Lerrin LaGrone.

Cronin, one of the 30,008 spectators, said he would get full reports from the umpires "and then sleep on it."

# Playoffs At A Glance

By The Associated Press  
Here is the schedule for baseball's championship series in the National and American Leagues:

**National League**  
Sat., Oct. 7—Pittsburgh 5, Cincinnati 1  
Sun., Oct. 8—Cincinnati 5, Pittsburgh 3  
Mon., Oct. 9—Pittsburgh (Bries 14-1) at Cincinnati (Nolan 15-0 or Grimsley 14), 3 p.m., EDT, national TV  
Tue., Oct. 10—Pittsburgh at Cincinnati, 3 p.m., EDT, if necessary  
**American League**  
Sat., Oct. 7—Oakland 3, Detroit 2, 11 innings  
Sun., Oct. 8—Oakland 5, Detroit 3  
Mon., Oct. 9—Oakland (Holzman 19-11) at Detroit (Coleman 19-14), 1:30 p.m., EDT  
Tue., Oct. 10—Pittsburgh at Cincinnati, 3 p.m., EDT, if necessary  
Wed., Oct. 11—Oakland at Detroit, 1:30 p.m., EDT, if necessary  
Thu., Oct. 12—Oakland at Detroit, 1:30 p.m., EDT, if necessary

deciding what action to take. "That was the dirtiest thing I ever saw in the game of baseball," Tigers' Manager Billy Martin said. "He's got to be suspended for the rest of the playoffs."

Cronin said, "The way I feel personally, any time you swing your bat at another ballplayer, it's something that doesn't belong in baseball."

Campaneris was hit on the ankle by a LaGrone pitch in the seventh inning. After picking himself out of the dirt, he flung his bat at the mound but missed the pitcher. The umpires prevented a fight between the teams and restrained Martin as he tried to reach Campaneris.

The A's shortstop went to a hospital for X-rays, which were negative.

Campaneris singled to open the A's first inning, stole second and third bases and scored on Ken Holtzman, 19-11 in the regular season for the West Division champions, against the Tigers' Joe Coleman, 19-14, in Tuesday's third game.

The A's will return here Tuesday night if they sweep the playoffs and go to Pittsburgh or Cincinnati.

"I think we've got the better team, and I hope we end it Tuesday," Manager Dick Williams said.

# Reds Win 5-3 Sunday NL Pennant Series Evened

By RALPH BERNSTEIN  
Associated Press Sports Writer  
CINCINNATI (AP) — Cincinnati Manager Sparky Anderson talks like all he has to worry about is who will represent the American League in baseball's World Series.

Anderson's Reds used a pair of first-inning two-run doubles by Bobby Tolson and Tony Perez and solid relief pitching by Tom Hall to beat Pittsburgh Sunday 5-3 and even the National League's best-of-5 playoff series at 1-1.

The third game will be played here today.

"I said if we won today (Sunday) we would win it (the National League pennant)," said Anderson, now a picture of confidence. "I still think it will go five games and we'll win it."

The Cincinnati boss added: "I'm not being smart about it or popping off, I just feel that way. We're going home and that gives us an advantage."

The Cincinnati Manager Bill Virdon informed predictably when reacted to Anderson's words. "If they think they're home free, they've got another

# Perez Seeking Fourth In Row

Vic Perez, winner of three straight fights, will be trying for his 15th win in 22 fights tomorrow night when he opposes highly touted Benny Curcio in a six round preliminary at the Miami Beach Auditorium.

The Perez-Curcio bout will be the prelude to the Frankie Ortero and Felix Figueroa battle.

Curcio recently turned pro after a successful amateur career that saw him make it to the Olympic boxing trials in Los Angeles.

Meanwhile the younger Perez, Aaron, battled to a four round draw with Chuck Simmons in Daytona Beach last week and a rematch is slated in two weeks.

Both the Perez boys will be fighting in Orlando later this month.

Drop Jets 27-17

By HUBERT MIZELL  
Associated Press Sports Writer  
MIAMI (AP) — Well-directed Dolphins have wowed them on the road with four-star ratings before audiences in Kansas City, Minnesota and New York.

"We think we can win every game," said Gary Yenemine, the building field goal whiz of the Dolphins.

MIAMI (AP) — The Dolphins take their smash hit home to the Orange Bowl as the unbeaten and currently unchallenged sensation of the American Conference East in the National Football League.

Dallas rallied to nudge Pittsburgh 17-13 and Washington blanked wireless Philadelphia 14-0 as the Redskins and world champion Cowboys remained tied 2-1 in the National Conference Eastern Division.

The New York Jets 27-17 to run its record to 4-6 and open a two-game division lead in the only early running among the six NFL races.

Dallas rallied to nudge Pittsburgh 17-13 and Washington blanked wireless Philadelphia 14-0 as the Redskins and world champion Cowboys remained tied 2-1 in the National Conference Eastern Division.

## A bargain is a bargain.

While you can see the Beetle is still at a nice low price, you really can't begin to see the value until you know what you're getting for your money.

A warranty, for instance, that's twice what you get with any other small car. 24 months or 24,000 miles. \*

But then, we wouldn't be offering it if it weren't for our incredibly finicky factory inspection: over 1100 inspectors pouring over more than 5,000 parts. (It sounds compulsive, but it's the best way to reach perfection.)

And now, there's our new VW Computer Diagnostic system. Meaning literally everything adding up to one important point: there's a big difference between being cheap, and being a bargain.

The most advanced service system in the world, it checks vital service parts, via sensors and probes built into critical areas, and spells the results out in plain English.

Consider also our legendary resale value. When you compare it with other cars after three years, it makes our \$1999\* sound absolutely amazing!

Everything adding up to one important point: there's a big difference between being cheap, and being a bargain.

# Dolphins Remain Undelected

By HUBERT MIZELL  
Associated Press Sports Writer  
MIAMI (AP) — Well-directed Dolphins have wowed them on the road with four-star ratings before audiences in Kansas City, Minnesota and New York.

"We think we can win every game," said Gary Yenemine, the building field goal whiz of the Dolphins.

MIAMI (AP) — The Dolphins take their smash hit home to the Orange Bowl as the unbeaten and currently unchallenged sensation of the American Conference East in the National Football League.

Dallas rallied to nudge Pittsburgh 17-13 and Washington blanked wireless Philadelphia 14-0 as the Redskins and world champion Cowboys remained tied 2-1 in the National Conference Eastern Division.

# 'Everybody Helped' Says Tigers' Jordan

By HERSHEL NISSENSON  
Associated Press Sports Writer  
AUBURN (AP) — Auburn and Florida—get to try on college football's glass slipper for real next weekend.

Auburn, 19-13 conqueror of 18th-ranked Mississippi Saturday after upsetting Tennessee the previous week, now travels to Louisiana State while Florida, fresh from a shocking 42-13 rout of 12th-ranked Florida State, visits Alabama. Both LSU and Alabama are in the Associated Press Top Ten.

"Everybody helped," said Auburn's Doug Dickey, who led the Tigers over the unheralded Ole Miss with a 16-point outburst in the third period.

"The defense just did a super job of getting us the ball," Dickey said after watching Florida State lose six fumbles and four interceptions.

The only other member of The AP's Top Twenty to taste defeat was No. 15 Stanford, a 30-21 loser to top-ranked Southern California's revenge-minded Coach John McKay.

Elsewhere, wide second-ranked Oklahoma, sixth-ranked Nebraska and No. 20 Iowa State all were idle, third-ranked Ohio State rallied from a 9-3 halftime deficit to three third-period touchdowns by sophomore fullback Harold Henson and beat California 35-18.

Alabama, rated fourth, pulled away from a 7-0 halftime lead and trimmed Georgia 25-7.

Fifth-ranked Michigan erupted for 28 points in the third period and sank Navy 35-7.

A pair of walk-on placekickers started for No. 7 Notre Dame and No. 8 Louisiana State. Bob Thomas booted field goals of 47, 24 and 25 yards as the Irish blanked Michigan State 16-0 and Juan Roca connected from 46 and 53 yards in LSU's 12-6 struggle over Rice.

Texas, rated No. 9, was held to a 10-9 halftime lead by Utah State but got fourth-quarter touchdowns from Tommy Landry and Alan Lowry to beat the Aggies 27-12 and set up next Saturday's battle of the unbeaten with Oklahoma.

Haskell Stanback's three touchdowns and Art Reynolds' 96-yard run with an interception passed No. 10 Tennessee past Memphis State 38-6.

Sonny Sikkler hit for three touchdown passes—two to John Brady—but 11th-ranked Washington needed Cal Jones' deflection of an Oregon pass in the end zone with 12 seconds left to subdue the Ducks 23-17.

No. 12 Colorado rebounded from its loss to Oklahoma State with a 38-17 decision over Kansas State.

Kernell Johnson scored twice as UCLA, No. 14, rallied in the second half to beat stubborn Arizona 42-31. No. 16 Penn State, which hadn't scored a first-half point in three previous games, exploded for 28 points and whipped Illinois 38-17.

Air Force, ranked 19th, leveled Colorado State 20-13.

# Orlando-Seminole Jai-Alai Entries

Saturday night's performance at the Orlando-Seminole Jai-Alai Fronton saw the largest crowd of the young season (3,304) pack into the facility but the big "money" match, the Friday and Saturday night crowds were the only times the attendance has topped the 3,000 mark as the first week of the season concluded.

There is a five way tie for the most victories by the players with Arza, Maruri, Juan, Garita and Julio all posting eight victories.

Juan, Yza and Muguerza share the lead for the most times in the money with 21 top finishes. Muguerza has parlayed six wins, eight places and seven shows for his 21 top finishes. Juan has won eight times, placed second seven times and came in third in six occasions. Yza is 7-6-6 in his 21 total.

Right behind Juan and Muguerza is Egula who has 20 times in the money thanks to 10 show efforts. Having 18 times in the money are Pena and Manri.

Old favorite Gasti is in with 17 times in the money thanks to nine second place finishes.

Others who've been in the money 17 times are Liru, Pedrosa, Toni and Mencha.

Altuna became the first casualty of the season when he suffered a pulled muscle in Saturday's Matinee. But he is expected to be back in the lineup this week.

Attendance is expected to rise quickly now that the season is in full swing. The patrons who've been attracted to the Fronton have been telling of their added pleasure now that 1,000 seats have been added to the complex. The Fronton now seats around 4,000.

**MONDAY NIGHT**

FIRST GAME — Doubles — Seven Points: 1. Erosa Jose; 2. Arza Yza; 3. Ibarra Yza; 4. Maruri Zarré; 5. Sala Bastida; 6. Rene Pedrosa; 7. Liru Garita; 8. Angel Bengoa.

SECOND GAME — Doubles — Seven Points: 1. Maruri Zarré; 2. Arza Yza; 3. Erosa Jose; 4. Ibarra Yza; 5. Angel Pedrosa; 6. Sala Bastida; 7. Rene Bengoa; 8. Ibarra Bengoa.

THIRD GAME — Doubles — Seven Points: 1. Liru Yza; 2. Sala Zarré; 3. Arza Yza; 4. Arza Toni; 5. Erosa Jose; 6. Arza Toni; 7. Maruri Bastida; 8. Ibarra Bengoa.

FOURTH GAME — Doubles — Seven Points: 1. Fermin Mencha; 2. Arza Toni; 3. Arza Toni; 4. Rene Laca; 5. Pena Laca; 6. Sala Garita; 7. Maruri Elorri; 8. Bayo Bengoa.

FIFTH GAME — Doubles — Five Points: 1. Arza Pedro; 2. Pena Garita; 3. Quinto Elorri; 4. Eguia Agustin; 5. Manolo Muguerza; 6. Gasti Juan.

SIXTH GAME — Doubles — Five Points: 1. Fermin Loba; 2. Arza Caballero; 3. Chuchó Gani; 4. Arza Laca; 5. Bayo Martorell; 6. Pena Mencha; 7. Julio Luis; 8. Altona Bengoa.

SEVENTH GAME — Doubles — Five Points: 1. Quinto Elorri; 2. Maruri Yza; 3. Angel Toni; 4. Liru Bengoa; 5. Rene Jose; 6. Arza Mencha; 7. Bayo Loba; 8. Arza Pedrosa.

EIGHTH GAME — Doubles — Five Points: 1. Altona Elorri; 2. Pena Luis; 3. Arza Elorri; 4. Quinto Muguerza; 5. Gasti Agustin; 6. Manolo Juan.

NINTH GAME — Singles — Seven Points: 1. Chuchó; 2. Elorri; 3. Caballero; 4. Quinto; 5. Eguia; 6. Martorell; 7. Julio; 8. Laca.

TENTH GAME — Singles — Six Points: 1. Arza; 2. Manolo; 3. Gasti; 4. Garita; 5. Juan; 6. Muguerza; 7. Agustin.

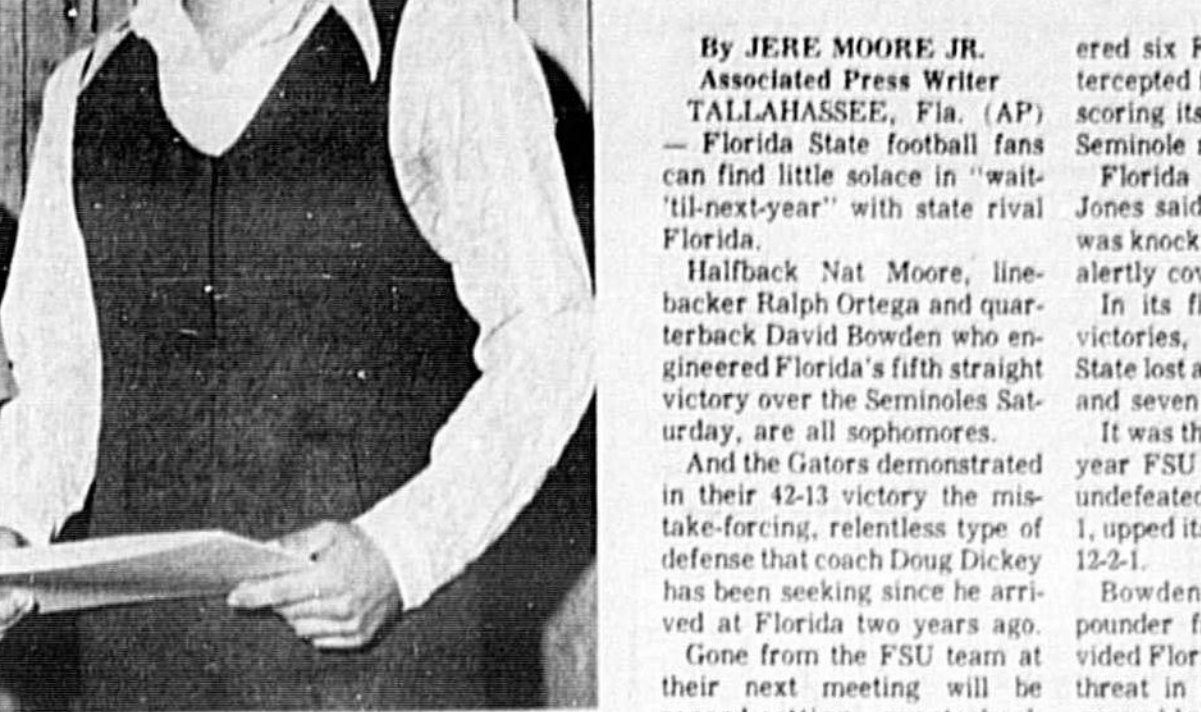

ELEVENTH GAME — Doubles — Five Points: 1. Altona Laca; 2. Fermin Bastida; 3. Bayo Luis; 4. Chuchó Loba; 5. Arza Pedro; 6. Rene Martorell; 7. Julio Caballero; 8. Eguia Mencha.

TWELFTH GAME — Doubles — Seven Points: 1. Manolo Laca; 2. Chuchó Elorri; 3. Bayo Luis; 4. Quinto Caballero; 5. Julio Agustin; 6. Gasti Garita; 7. Altona Juan; 8. Arza Muguerza.

# Next Year May Be Worse For Florida State Crew

By JERE MOORE JR.  
Associated Press Writer  
TALLAHASSEE, Fla. (AP) — Florida State football fans fear little solace in "wait 'til next year" with state rival Florida.

Halfback Nat Moore, linebacker Ralph Ortega and quarterback David Bowden who engineered Florida's fifth straight victory over the Seminoles Saturday, are all sophomores.

And the Gators demonstrated in their 42-13 victory the mistake-forcing, relentless type of defense that coach Doug Dickey has been seeking since he arrived at Florida two years ago. The Seminoles' major offensive threat in the first half as he scrambled out of Seminole grasps and passed for the first two touchdowns. For the day, Bowden completed 10 of 16 passes for 80 yards.

Moore took over at the start of the second half, racing 65 yards for one score and seven yards for the next. Ortega picked off a Huff pass and ran it 29 yards into the end zone, escorted by a covey of orange-shirted Gators.

"Our defense played great the first half," said Jones. "With all the turnovers they just couldn't keep it up."

Dickey said, "This was the kind of game you dream about as a coach. Our offense didn't give FSU any help by mistakes, and our defense forced FSU into critical errors."

Florida State seemed to have little trouble moving the ball until they got close to the Florida goal. Drives to the Gator 12 and 20 were stopped by fumbles and to the 7 by a penalty.

Huff threw a school-record 58 passes in the game and completed 27 for 335 yards, which gave him both the FSU passing and total offense career records.

Some hot information that could save your life

By Abigail Van Buren

DEAR READERS: Even if statistics bore you, please read this. I ran it last year and had hundreds of requests to repeat it. The information may come in handy if you're ever on a quiz show. It could even save your life:

Q. When was the Chicago fire?  
A. Oct. 9, 1871. Exactly 101 years ago today!

But let's get more current, shall we? Did you know that last year more than half a million fires occurred in the United States? More than 12,500 lives were lost. Even more tragically, a large percentage of deaths were children, elderly persons and invalids who had been left alone for just a few minutes.

The chief causes of fires, in order of the toll taken, were: 1.) smoking, 2.) electrical wiring, 3.) heating and cooking equipment, 4.) children playing with matches, 5.) open flames and sparks, 6.) flammable liquids, 7.) suspicion of arson, 8.) chimneys and flues, 9.) lightning, 10.) spontaneous ignition.

The total fire loss in 1971 was an estimated \$2.845 billion. No misprint—that's two billion, eight hundred forty-five million dollars.

Now for some tips that could save your life:

• Be sure your cigaret is out. Matches, too. And never leave matches or lighters within the reach of children.

• Don't overload electrical outlets with too many appliances.

• Don't run cords under rugs or over radiators where they may get damaged. And replace a cord if it is frayed.

• Never leave small children alone in the house. Not even for a few minutes.

• Have your wiring and electrical installations done by a professional.

• Store oily rags and paints in a cool place in tightly sealed metal containers.

• Never use flammable liquids for dry cleaning indoors.

• Never smoke in bed.

• Have a fire drill in your home to be sure everyone knows what to do in case of fire.

• Invest in a compact, easy-to-use fire extinguisher and keep it handy in your kitchen, or in a garage, and buy one for your cottage, car, boat and the back bedroom, too.

Problem? Trust Abby. For a personal reply, write to ABBY, BOX 178, A. CALIF. 9000 and enclose a stamped, addressed envelope.

Highlights

TV Time Previews

8-9 CBS, Gunsmoke: 'The Drummer' A former soldier is haunted by a massacre. It becomes particularly painful when he encounters the widow of a man killed in the Indian village raid. The widow's half-brother son is crippled in the same raid. Victor French plays the emotionally distressed ex-soldier, who also faces harassment by his ex-army buddies and a dangerous confrontation which puts Marshal Dillon in the middle.

9-10 NBC, Rowan and Martin's Laugh-In: There's a funny, but biting, satire in one sketch in which Michael Landon of 'Bonanza' plays a director of TV commercial. He encounters a fading actress (Ruth Buzzi) trying to keep her career alive through her first commercial. Cameo appearances by Steve Allen, Cass Elliot, Della Reese and Henry Youngman enliven the proceedings. Trigger-mouth Youngman does his one-liners through a stickup.

9-9 ABC, The Rookies: 'Convent with Death.' Lou Gossett plays an ex-convict turned minister, who dedicates himself to rehabilitating drug addicts. He's framed for a bust, and also is the target of a sniper. The villain turns out to be a man bitter about the minister's project because his own daughter is involved and hasn't gone to him for help.

9-9 CBS, Here's Lucy: 'Lucy and Joe Namath.' Broday Jr. calls on the Lucy Carter household, and another point of interest is the first appearance of the season for Desi Arnaz Jr. as son Craig. Craig is a good prospect for the

# Newspapers:

## Miracle at your doorstep

• So what's new? News from China, Russia, Vietnam, the Moon and Mars. Is that all there is? While news from far-off places seems to dominate the headlines, life goes on and things happen right here in

Central Florida that are of far greater concern to you. In this day of miracles, nothing has replaced the newspaper for keeping you informed of what's happening around your own neighborhood: weddings, engagements, births, deaths, church news, school news, police news, social events.

Where else do you get local sport news? Who helps fill quotas during fund drives, promotes safety, fights pollution, and backs every cause whose aim is to make this a better place in which to live? Your newspaper, with all its services and features is perhaps the greatest single force for service to the public and the community. Our goal is to make it continue to fill every possible need in a bigger and better way in the future. This is your newspaper... a miracle on your doorstep.

## Muskie Smear; Admitted Fabrication 'Dirty Politics' Laid To Nixon Aides

By MARGARET GENTRY Associated Press Writer WASHINGTON (AP) — White House aide Ken W. Clawson has acknowledged fabricating a letter which damaged the presidential campaign of Democratic Sen. Edmund S. Muskie. The Washington Post reported today. Clawson now denies the statement.

The newspaper quotes law-enforcement sources as saying the Clawson letter is the best

example of a Republican strategy of sabotage directed at Democratic presidential contenders as early as 1971, before the primary campaigns began. The Post said FBI agents have established that the breaking and alleged bagging of Democratic national headquarters also stemmed from the same sabotage campaign directed by officials of the White House and the Committee for the re-election of the President.

Another example, the Post said, was alleged attempts by Donald Herbert Segretti to recruit GOP undercover agents to disrupt Democratic activities. The Post said Segretti, a former Treasury Department lawyer who now maintains offices in Marina Del Rey, Calif., has been identified in FBI reports as an operative of the Nixon campaign.

A spokesman for the Nixon committee, DeVan L. Shumway, said, "The article in the Post is a piece of fiction."

The Post quoted investigators as saying the sabotage campaign included: "Following members of Democratic candidates' families; forging letters and distributing them under the candidates' letterheads; leaking false and manufactured items to the press; throwing campaign schedules into disarray; seizing confidential campaign files, and investigating the lives of dozens of Democratic campaign workers."

Clawson, deputy director of White House communications, could not be reached for comment Monday night. A spokesman who telephoned his home was told via the White House switchboard that he had retired for the night and that his wife did not wish to awaken him.

The document Clawson allegedly wrote was a letter to the editor of the Manchester (N.H.) Union Leader. It accused the Maine senator of condoning a racial slur against Americans of French-Canadian descent by referring to them as "Canucks."

The letter and editorial attacks on Muskie by the Union Leader's publisher, William Loeb, prompted Muskie to make the now-famous tearful speech denouncing the newspaper and Loeb in front of the newspaper office.

Then the front-runner for the Democratic nomination, Muskie subsequently began to slip in the public-opinion polls.

By John A. Spolski

Oh my, my... Dirty Politics is the word for the day, dear readers.

Let me borrow a couple of thoughts... the first belonging to Clarence Darrow: "Chase after the truth like all hell and you'll free yourself, even though you never touch its coat-tails."

"Truth is the greatest of all national possessions. A state, a people, a system which suppresses the truth or fears to publish it, deserves to collapse." — Kurt Eisner.

This country's problem is that we've all been conditioned to living and accepting a lie. For instance... why change dates in history?

I'd be the first one in favor of the three-day weekend; but as the 80 year old World War I veteran said in Jacksonville today, "we've not going to march in the Veteran's Day Parade" unless Congress changes the date back to Nov. 11.

Veterans Day will be celebrated October 23rd... and that's a lie in itself, isn't it?

And then there's that champion of "truth"... Mr. Agnew who charged that Senator McGovern "tries to obfuscate the issues in emotional rhetoric and reckless and groundless insinuations of corruption and scandal in high places."

First of all — obfuscate means to darken or to confuse. Therefore, Mister Vice President... it is not McGovern who is issuing those obfuscating statements; it's none other than the FBI.

So, don't obfuscate the already cloudy issue, O.K.?

Now if that wasn't enough, Mr. Agnew added that McGovern had broken a promise of last May to "avoid inflammatory rhetoric."

Which leads me to question if the Republicans, including Mr. Nixon haven't really broken one of the more important lessons in life...the Ten Commandments: "Thou shalt not bear false witness."

## New Sewer Connections Halted Here Under Orders From State

By BILL SCOTT

It's official! The State Water and Air Pollution Board has served notice on City of Sanford to make no further sewer connections until the present sewage treatment facility is equipped with a secondary stage designed to remove at least 90 per cent of the bacteria from the effluent that is dumped into the St. Johns River.

City Manager W.E. Knowles informed the City Commission at Monday night's meeting that a notice was received Friday afternoon from the state board advising the city not to connect additional users to the present plant, which is effectively removing about 80 per cent of bacteria from the effluent.

Violation of a department order may result in a civil penalty of up to \$5,000 per day for each day that the violation occurs or criminal penalty of \$1,000 fine and up to a year in the county jail.

Previously, Sanford had obtained a temporary permit, which would allow the city to

continue connections past the Oct. 1 deadline imposed by the state but the permit was rendered void by the pollution board.

Major Lee P. Moore informed the commission Sanford would request an informal conference with the state board and explain that the city is trying to conform with the anti-pollution guidelines in that it is now constructing a secondary sewage treatment facility, which will surpass the new state requirements.

It was this argument that enabled Sanford to obtain the permit, since the federal government, which is funding a portion of the costs caused the delay in building the new plant.

Moore complained that the pollution board had "harred Sanford with the same brush" that was used on other state cities that had not tried to conform to the new standards.

No date or time for the hearing before the pollution board was set since the official city request did not arrive at

Tallahassee until today. The state ban is not expected to have much effect on the city's current building boom, since most major developers took out sufficient permits two days before the ban was supposed to go into effect statewide. But now, it is impossible to obtain a permit for connecting a sewer.

Concerning alleged pollution of the city drinking water, which was reported in The Herald after a Sanford woman said "wriggle worms" in water

require more of his time. In addition, he pointed out that with the growth of the city by necessity anyone seeking the mayor's office must be willing to give almost full time to the job. This is also true of a council post, he said.

Napier reminded other candidates, who will step forward seeking the office, that two or three hours a week will not be adequate to fulfill the responsibilities of the job. He said at least six hours daily is necessary for a mayor to give to the city and nearly that much time for a councilman.

Napier thanked the people of Casselberry for twice electing him to the council and said he will continue his civic activities as much as possible as well as his membership on the local Democratic executive committee.

## Napier Dropping Out Of Public Life

By DONNA ESTES CASSELBERRY

Councilman Thomas Napier, who previously had announced his intention to seek the office of mayor in the December municipal election, told The

Herald late Monday afternoon he will not be a candidate this year for either the chief executive position or for a seat on City Council.

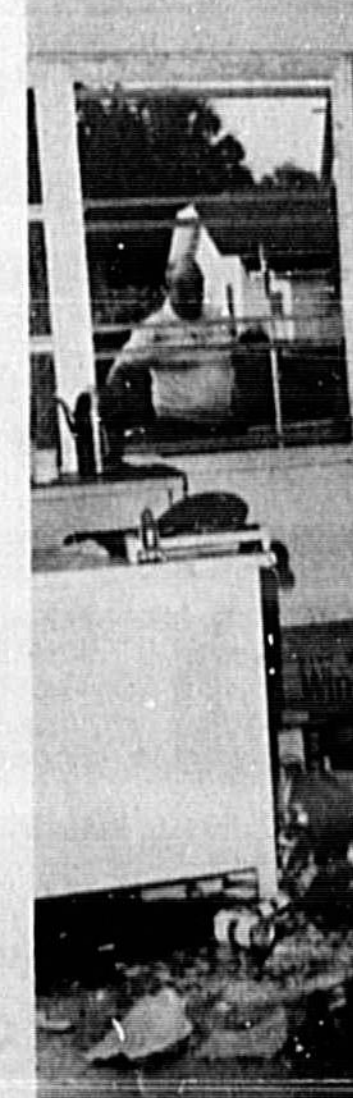

Napier said, however, he will complete his present term of office, which expires in early January. The four-year City Council veteran and past chairman said his decision not to run was made after considerable thought and discussion with his wife, Juanita, and friends.

He explained that he has recently been given a promotion with the Martin-Marietta Corporation which has more responsibility and will

## No Favorites On Utilities Tax

By BILL SCOTT

Churches, brotherhoods and governmental agencies in Sanford which are buying water and sewage service, plus telephones, electricity and gas will start paying city utility taxes with their next bills received at the end of this month.

The new city ordinance, which became effective Oct. 1, start of the city fiscal year, failed to exempt federal, state, county, municipal governments and church property used for worship or education, as was done previously.

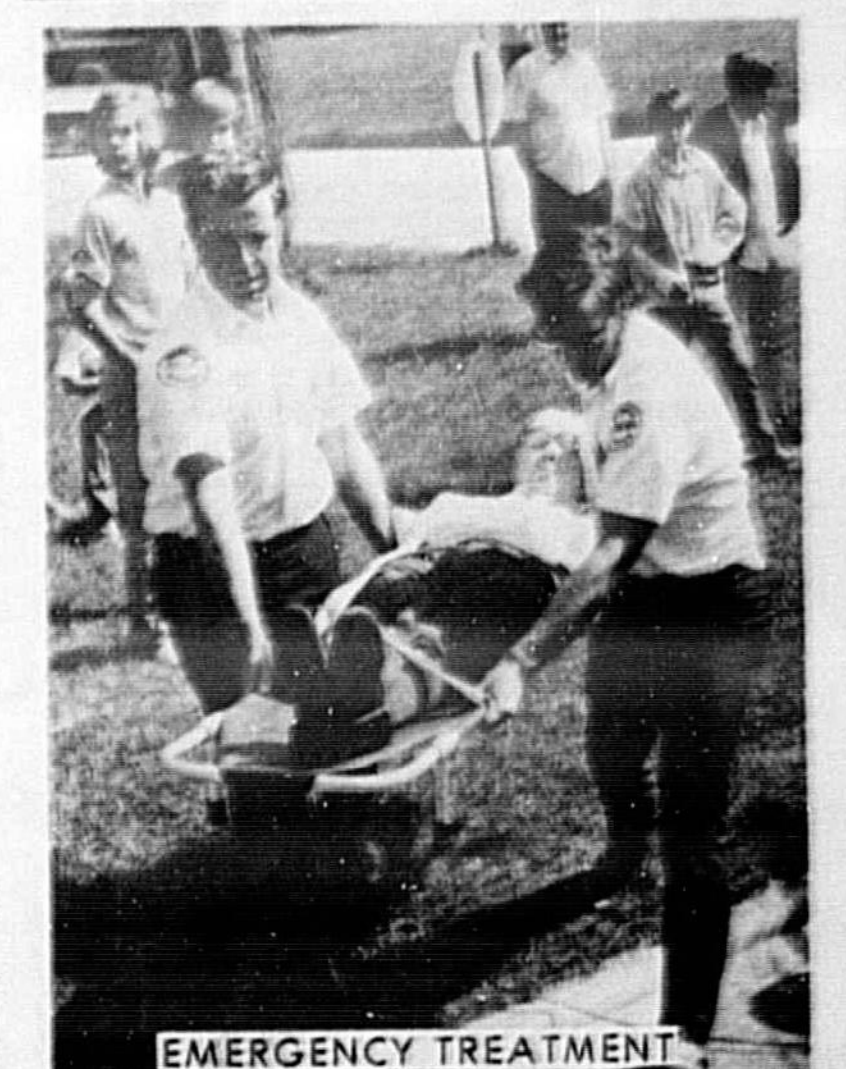

### Sanford Levies Against Statements For Churches, Governments And Similar Former Exempted Groups

City Commission was apprised of this during Monday night's meeting by W. E. Knowles, city manager, who asked if the panel wanted to allow for exemptions for these non-tax paying groups. Commission did not want to exempt anyone.

The new city ordinance means the new county courts, as well as other county offices, plus churches and other former exempt entities will begin paying utility taxes, which is 10 per cent of the total bill.

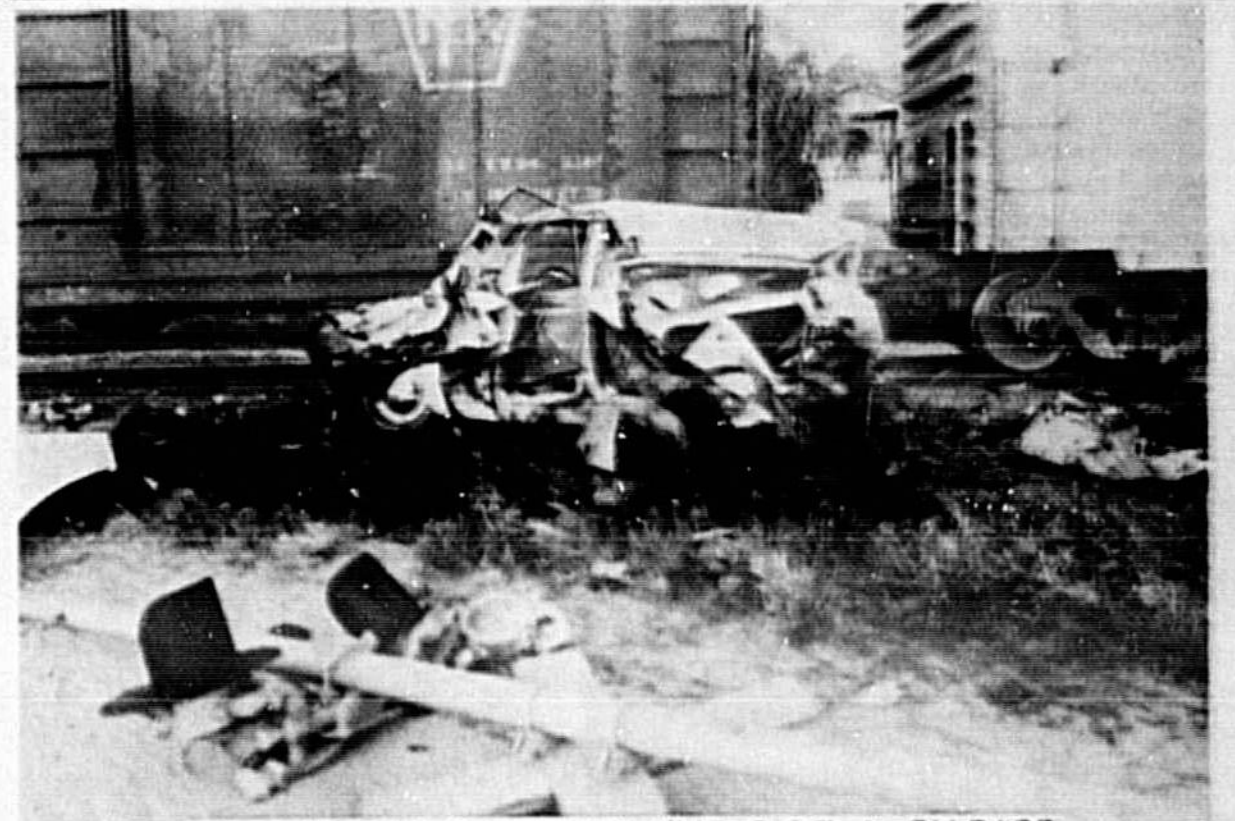

The Commission, concerned over the damage done to Pine Street adjacent to Bram Towers, by the contractor for the structure, approved a motion by Commissioner Julian Stenstrom, which put the project on notice that unless street repairs are undertaken within 30 days, the city will block off the street.

The motion was seconded by Commissioner Gordon Meyer and passed with Mayor Lee P. Moore abstaining from voting. The city manager estimated it would require from \$800 to \$1,000 to make repairs to the street, reportedly damaged by heavy equipment.

EMERGENCY TREATMENT

Robert Brown, 39, of 2317 Willow Avenue, Sanford, is carried to an ambulance after an accident at Mellonville and Rosalia Avenue in Sanford, yesterday. Brown was driving a 1971 Olds. Also involved in the accident was Gwendolyn Davis, 25, of 2303 Randolph Avenue, Sanford, driving a 1970 Ford.

ARRIVE ALIVE... YOU'VE GOT A CHOICE

Jerry Wesley Cox, 28, of 813 1/2 Laurel Avenue, Sanford, climbed out of his car seconds before it was hit by a Seaboard Coastline freight train. According to investigating trooper T.R. McIntyre, Cox pulled up to the tracks, saw the train quite a distance down the tracks and started to go across the tracks. The car stalled and Cox had to jump from the 1966 Plymouth. Impact knocked the wrecked car into a 1972 Chevrolet truck driven by Terry Von McKinney, 37, of Rt. 2 Box 203A, Sanford.

## Two Explosions Rip City Service Station

By GARY TAYLOR

Two rapid back-to-back explosions injured a Sanford service station attendant and caused extensive damage to the Imperial station at 13th Street and Park Avenue this morning, according to Sanford Fire Chief G. M. Harriett.

Harriett said a tanker was at the station, unloading 3,000 gallons of gasoline. Fumes had drifted into the building,

vaporized, and settled on the walls. The station attendant, Leroy Hickson, went into the men's rest room, where a circuit breaker box is located, and turned off the outside lights.

The spark from the breaker box ignited the fumes in two quick explosions. The explosion ripped the door from its hinges and "demolished the back wall," Hickson was treated and released at Seminole Memorial Hospital.

The tanker already had unloaded all the gasoline, so the fumes were not pouring out of the vents of the underground tanks when the explosion occurred. According to Harriett, if the pumper had been still unloading it could have been a "catastrophe."

Two engine companies from the Sanford fire department responded to the call at 8:22 a.m., with a 1,800 gallon tanker with foam equipment on the scene as a backup.

### Weather

Yesterday's high 88 low this morning 58. Generally fair today and partly cloudy Wednesday. Highs in 80s. Low tonight mid 60s.

The southern half of the nation today enjoyed fair and pleasantly mild weather today while great variety spiced the northern half with snow, rain, chilly temperatures and frost and freeze warnings.
