'Voice' Group Charged With Red Activities

Employee Of Broadcasting Enterprise Charges His Fellow Workers With Taint

WASHINGTON (AP)—A New York employee of the "Voice of America" today charged three of his fellow workers with being communists and Communist sympathizers in a letter to the Federal Bureau of Investigation.

The employee, Virgil H. Fulving, told a Senate subcommittee that he had encountered several such instances and had come to feel he was fighting "sinister influences."

Asked by Chairman McCarthy (R-N.Y.) to name those he considered responsible "for this softening down or catering to the Communist," Fulving called out the names of Harold Herman, Donald Taylor and Robert Goldman.

Fulving identified himself as chief of the Latin American news service of the "Voice."

He presented to the subcommittee documents which he said covered a specific instance of a wiretap down last Jan. 21, the day after (Continued On Page Six)

Opening, Closing Hours Studied By Merchants Group

M. L. Hahn, president of the Sanford Merchants Association stated yesterday at a meeting of the group's board of directors he will personally conduct a canvass of the 94 member firms in an attempt to standardize opening and closing hours.

Some of the stores have been closing at 5:30 p.m., while others close at 6:30 p.m. and opening hours also are different for various businesses, it was brought out.

The action to be taken by the association will be in the form of a recommendation for standard opening and closing hours, it was said.

Included in the canvass will be the question of when to start closing business establishments on Wednesday afternoon during the summer.

A election committee, consisting of D. K. McNabb, John Knudsen, H. D. (Bud) Lake and Willie Penick, was appointed by the board to conduct the canvass.

The election of officers for the first part of March. The annual dinner meeting also will be held next month.

The election will be conducted by mail and ballot will include all 94 member organizations of the association, split into various classifications. A vote is to be cast by each member for one business in each category. A representative of each winning business will be on the board of directors.

The board of directors, in turn will elect the officers of the organization from their own group, according to David Gatchel, secretary-treasurer.

A resolution was passed by the directors, endorsing Sanford Industries, Inc.

Discussed with the Seminole County Chamber of Commerce was the affiliation with the Florida Retail Merchants Association. Mr. Gatchel said the directors want to "push" the affiliation to an "early conclusion." He said such affiliation would bring about more efficient operation of the association.

WASHINGTON'S BIRTHDAY The Post Office will be closed Monday in observance of the birthday of George Washington, which is Sunday.

However the Post Office will deliver special delivery mail and perishables. Also, mail will be sent out of the city, and placed in Post Office boxes, as usual. No regular city or rural deliveries will be made.

CAR PROGRAM The Children of the American Revolution, sponsored by the local chapter of the Daughters of the American Revolution, will present its annual radio program in commemoration of George Washington's birthday over WTRF tomorrow from 9:45 until 10:00 a.m.

Miss Barbara Ruprecht, senior president of C.A.R., announced today.

Salvation Army Story For Today A man, a woman, a baby in arms, arrived in Sanford with this story: Mary had a good job, but because of illness in his family, had to come to Florida to find a job, because he had to stay longer than he thought. His father, who was sick, needed money to pay for the doctor. He had to sell his clothes, and they were broken and hungry. The Salvation Army brought them here, and they had a marvelous amount of clothing.

Brand New Cost-Of-Living Index To Make Appearance After Long Tests

By HOWLAND EVANS JR. WASHINGTON (AP)—A brand new cost-of-living index, computed after an exhaustive three-year price and spending survey across the nation, makes its first appearance next week.

Evan Clague, commissioner of the Labor Department's Bureau of Labor Statistics, says the new index, though not "an exact measurement," will be the "most comprehensive" in the past 20 years.

The consumer's price index is nothing more than a monthly measurement of the change in prices—with the accent on "change"—of hundreds of goods and services bought by moderate income families who live in big and small cities.

Taken all together, BLS said, these 200 items, ranging from cigars to surgery, "the market basket" of goods and services which families of wage earners and clerical workers must buy to maintain their level of living.

The American people are constantly changing their spending habits. Ten years ago there were almost no television sets. Today there are nearly 21 million TV sets, and now a major part of the average family's budget is automobiles and movies. Thus, TV sets will now be included in the "market basket" of goods.

Mr. Burns had no information concerning the alteration of the monthly index. Mr. Tucker said he had indicated there is a chance Mr. Tucker explained the Commission would be eligible for such additional funds but it wasn't known last night if such funds would be available.

A meeting of a council governing the State Commission will meet in April, Mr. Tucker said, at which time the final board will know definitely that the transfer has been made.

Also, the board will learn at the meeting if additional funds will be granted.

Dr. J. C. Boyce appeared at the meeting last night, held at the Florida State Bank, as the representative of the Seminole County Medical Association.

He came to the meeting, Mr. Tucker said, to report on the (Continued On Page Six)

night until just recently, she would just while pliffily and look sadly as the carrier's car rolled by.

The dog became sadder day by day. The principal act of her dog life had been broken up. The sun had disappeared from her blue sky.

Mrs. Musgrave and her husband observed all this with a sympathetic tenderness. Finally, one day when the carrier called to collect for the Herald, Mrs. Musgrave told him about Peggy and the daily chore to which she looked forward each day with such pleasure and anticipation.

"Wouldn't the new carrier throw the paper in the back yard instead of the front?" This request was so easy with to comply because the Musgraves live on a curve and the place is just as accessible as the other.

Now things are different. There's a sparkle in Peggy's eyes again. Life's not so dreary and everything's just dandy. There she stands late each afternoon, and you can bet it just won't happen again for her assistant has been completely satisfied and sunshine has entered her life again.

Tampa Bandit Is Chased By Cigar Maker

Angered Tobacco Executive Foils Gunman's Attempt With Heavy Wooden Chair

TAMPA (AP)—A 45-year-old cigar company executive, angered at a payroll holdup attempt, chased a masked gunman from the factory with a heavy wooden chair today.

So confused was the bandit at the unexpected counter-offensive he did not fire a shot at Jose Llaneza, the office manager for the Villa San Cigar Company.

Detective Sgt. Pete Franks said Llaneza probably would have killed the gunman if Llaneza hadn't slipped and fallen in the chase down the front steps of the building.

The fallen holdup man jumped into a waiting car and an accomplice drove away.

Llaneza said he was alone in the office when a man appeared wearing a green, mesh mask and demanded the payroll, which was locked in a safe.

The manager said he quickly picked up the chair and rushed at the intruder, swinging the chair. The man turned and ran down a long corridor. Llaneza in close pursuit and gaining until they reached the stairs.

Llaneza did not say how much money he had on hand.

Navy Blood Drive Gets Total Of 144 Pints Of Blood

A sailor's dream of becoming a blood donor materialized Thursday when he donated his blood to the Navy Blood Drive.

The donor, a 21-year-old sailor, donated the first pint of blood in an Armed Forces Blood Drive conducted at the U. S. Navy Auxiliary Air Station. A total of 144 pints of blood were donated in the drive between the hours of 10 a.m. and 10 p.m. and many other would-be donors had to be turned away when the drive ran out of blood.

Missing School Children Found Safe, Unharmed

Group Had Been Missing In Bus In Snow-Locked Mountains

DENVER (AP)—A radio report to the Sterling, Colo., police station early this morning said that nine school children missing since yesterday in the snow-locked northern Colorado had been found safe and unharmed in a brown house.

The U. S. Weather Bureau said that there had been greater snow depths but not as much sustained wind with a snow storm in the evening than the big one in 1949, which left 47 inches in the day.

Envoy-Designates At Hearing

Mrs. CLARE BOOTH-LUCE, nominated by President Eisenhower as Ambassador to Italy, and C. Douglas Dillon, named envoy to France, were seen today at a hearing before the Senate Foreign Relations Committee in Washington.

The new program announced by the government last night to cut taxes on an estimated 30 million dollars in 1953 included a 10 percent drop in the income tax and reduction in corporation taxes.

Reduced the cost of legal litigation to 25 cents a pack by dropping four cents off the federal tax on legal fees.

Eliminated a 10 percent sales tax on new-print for domestic consumers only (to help for S. papers).

Removed a dollar license fee on imported goods.

Trimmed an estimated one million dollars a year in import duties on goods from the United States.

The income tax cut is effective July 1. With that it was estimated that the total savings in 1953 would be approximately \$1.4 billion.

Mr. Boyd, 58, of Denver died of a heart attack yesterday, said a medical examination said was caused by over-exertion while putting on the chains. Earl G. Schultz, 39, of McGill, Nev., and Guy S. Stewart, 18-month-old baby, died in traffic accidents blamed on ice-covered roads.

Mr. Victor Mamatey, Professor of history at Florida State University, will speak at Slovak Day observances to be held Sunday afternoon on the Slovak Gardens grounds, located four miles from Sanford on the Lake Howell road.

Other events scheduled for the program include a display of Slovak art and handicrafts, the singing of native songs and a parade of young ladies dressed in native folk costumes.

According to Charles Bohlen, chairman of this event, a large number of people are expected to attend the celebration not only from the local area but from distant points as well. The program promises to be of unusual educational and informative value to the general public.

Slovak Gardens is a state-chartered institution of recent origin whose purpose is to provide a home for aged American-Slovakians. Souvenirs relative to Slovakian culture will be available for purchase, although no admission charge whatsoever will be made. It was stated that all profits derived from such sales will be turned over to the Treasurer of that charitable organization to be appropriated where need is the most indicated.

A damage suit for \$40,000, filed by Mr. and Mrs. James F. Young against Helen Hines, was dismissed out of court, and a mistrial of the case was declared yesterday in Circuit Court by Judge M. B. Smith and the jury was discharged.

The plaintiffs were represented by G. W. Spencer, Sanford attorney, and Helen Hines was represented by the Orlando law firm of Maguire, Voorhis and Wall.

New York Solon Embodies Suggestion In Amendment To Taft-Hartley Law

By DONALD LE BRETON WASHINGTON (AP)—Sen. Ives (R-N.Y.) introduced today that strikes should be limited to the national welfare and that the national welfare should be the basis for legislation geared to meet such an emergency.

The amendment to the Taft-Hartley Act, which permits the government to order a 60-day injunction against strikes affecting the national welfare.

Ives proposed a critical test that could not be settled by mediation or arbitration and would be settled by the government before a strike could be called.

New Canadian Budget Calls For 10 Percent Reduction In Income Tax

OTTAWA (AP)—Canada's government announced a new budget last night to cut taxes on an estimated 30 million dollars in 1953.

Reduced the cost of legal litigation to 25 cents a pack by dropping four cents off the federal tax on legal fees.

Eliminated a 10 percent sales tax on new-print for domestic consumers only (to help for S. papers).

Hot-Rod Driver Wrecks Tombstone Of Horse Buried In City Cemetery

The general public may be interested to know a horse named Hob is buried in the Municipal Cemetery.

This bit of information was uncovered yesterday when the tombstone on the horse's grave was knocked over by a teen-aged hot-rod driver.

Police Chief Roy Williams today expressed considerable interest in the matter of a horse being buried in the cemetery and said it probably is the only one to be buried in a public cemetery in the United States, later attaching his opinion to the world.

The horse belonged to Frank Miller and was used to pull a 1941 Ford sedan which was driven by John B. Howell, who died at the age of 88 years.

The horse's tombstone was one of three knocked over by the hot-rod driver, which was revealed they were absent again from school today—making repairs at the cemetery.

by the American Foundation for
Animal Health which says that
overcrowding of livestock is the
chief cause. There is no excuse for
overcrowding in Florida.

While the Democrats were in
power from 1933 to 1953 the federal
debt rose from about 22 1/2
billion dollars to 267 billion dol-
lars, and the per capita load is now
about \$1,700 for every man, woman,
and child in the country, or about
\$8,500 for a family of five. You
can't borrow that kind of money
without paying for it later.

A Navajo Indian has just com-
pleted his basic training and is
about to be shipped overseas, al-
though he is unable to speak Eng-
lish. The Army has long realized
that a good talker doesn't neces-
sarily make a good soldier, that the
ability to shoot straight is much
more important than the ability to
talk big.

A cheap mine which sends out
a shower of flaming death in all
directions is now in use in Korea
and has proved to be an effective
device in stopping land attacks.
These mines cost only \$8,000 apiece
and are about the least expensive
way we have of killing the enemy.
It is reassuring to know that where-
as some phases of war are not
getting any less cruel, at least, they
are becoming more economical.

Senator Taft lays it on the Dem-
ocrats "for having the nerve" to
criticize Republicans for the farm
price deterioration when prices had
been declining steadily for two
years under the Democrats and the
Republicans have been in power
not quite a month yet. There is a
point here, but one reason the
Democrats got turned out was be-
cause of the farm situation. The
Republicans will have to provide
something better than the Democ-
rats or they will be turned out
too.

It seems a little hard to cheat
students from college for expelling
on examinations as was done to 30
of them at William and Mary Col-
lege the other day, but it seems to
be the only way to stop this method
of stealing. It is as bad, if not
worse, to steal knowledge from an-
other than it is to steal money. If
a person does not learn this lesson
in school, what will happen to him
when he gets out of school? He
might be fired, as these were in
college, or he might have to go to
jail.

We can appreciate the emotions
of that St. Petersburg couple who
wrecked a burglar they found try-
ing to steal some things in their
home. They beat him so badly \$2
shades had to be taken to close
the wound in his face. However,
we do not recommend that policy.
Burglars are usually well armed
and malicious. And the money or
other valuables they are likely to
take are not worth the risk. It is
wiser in trying to save them. But
if you have a burglar in your home
and you are not sure of your own
strength, it is better to call the
police.

Diplomatic Break

The Kremlin has broken diplomatic relations with the state of Israel. The announcement of the break came in a Russian note which refused to accept an apology by the Israeli government for a recent bombing of the Russian delegation in Tel Aviv in which three persons were injured. A group of young men, who call themselves the "young Hebrews," claim credit for the bombing and call it a reprisal for the recent wave of anti-Semitism behind the Iron Curtain.

Prime Minister David Ben Gurion has denounced the bombing as a "dastardly act" and a blot on the good name of Israel. His apology to the Russian government was sincere and instantaneous but the Kremlin, obviously seeking an excuse for ending relations with the new state it recognized in 1948, spurned the apology and said that the Israeli government condoned and encouraged an anti-Russian attitude.

The bombing of the Russian delegation must be deplored. Acts of violence by mobs never accomplished anything and it is likely that those responsible for the affair succeeded only in making matters worse for Jews in Communist countries. It is easy to understand the resentment that the people of Israel, with their dreadful memories of past persecutions, must feel to the Russian representatives in Israel. But mob action is unworthy of a great and gallant people.

As for the departure of the Russian diplomats from Israel, little is lost. Russian diplomacy is always a matter of expediency and the Russian diplomatic mission to Israel was merely after the recent anti-Semitic purges conducted by the Reds. It may be feared, however, that the formal ending of diplomatic ties may mean the intensification of Communist attacks upon Jews.

Staunch Ally

A few short weeks ago the Netherlands asked to be removed from the list of countries receiving aid from the United States. The Dutch were grateful for the aid they had received but with the pride characteristic of them they announced that they had reached the place where they could stand on their own feet. Wise planning and economy measures had brought about the improvement in their fortunes.

Then came the floods by the North Sea and all the gains made in the Netherlands in the years since the end of the war were wiped out. Saddened by the loss of life and the millions of dollars worth of property damage, the Netherlands has appealed to the United States, asking to be put back on the list of countries receiving aid.

Sometimes Americans question the worth of our aid abroad. There are those who say that we are robbing our allies of their own initiative; that they will never work out their own salvation as long as we supply them with funds. The story of the Netherlands, which made a valiant attempt to help itself and do without our assistance, is refutation of the argument of those who oppose foreign aid.

The Netherlands stood fast against Hitler and is now in the ranks of those pledged to mutual defense against Communism. Its request for renewed assistance deserves every consideration.

Knowing Washington

To many people George Washington is harder to understand than Abraham Lincoln. That may be because Washington's life is remoter from us than Lincoln's, not only in time but in its details. Many have known personally, either by themselves or through family tradition, the simple rural surroundings that were Lincoln's, and can appreciate his rise to greatness from humble beginnings. Few know, except by reading, of the life of a great Virginia planter such as Washington, and still fewer know what it was to be, like Washington, the richest man of his day.

This unfamiliarity with Washington gives special importance to the new life now appearing, the largest and most important yet written, by Douglas S. Freeman, the Virginia newspaper editor who achieved great reputation from his volumes on Robert E. Lee. The fifth volume is out, taking Washington through the Revolution. The presidency is yet to follow.

Patience and imagination were Washington's most useful virtues. He was diligent and kind, ever ready to give the humblest soldier a hearing. He had every quality that can make the word "aristocrat" a term of praise. Few generals have done so much facing so many obstacles. Neither in his lifetime nor afterward has anyone doubted that without Washington the country would never have won independence.

Notables Begin To Arrive At Rollins For Annual Event

WINTER PARK (AP) — Lester Pearson, president of the U. N. General Assembly, and other notables begin arriving here today to take part in Rollins College's annual Alumni Magazine.

The magazine, which will celebrate Sunday, differs from its paper counterpart in that its articles are orally delivered by its contributors.

Headed Pearson, the program will include Gen. Omar N. Bradley, chairman of the U. S. Joint Chiefs of Staff; Adm. Alan G. Kirk, former ambassador to Russia; and Gaganvihari L. Mehta, ambassador to the U. S. from India, and many others.

Arriving today are Chancellor Henry T. Hoel of New York University; Walt Kelly, cartoonist; and Architect Wallace K. Harrison, director of planning for the U. N. headquarters building.

Hoel also will give an address Saturday night at the Founders Week dinner, Saturday is Alumni Day.

Magazine speakers expected Saturday are Mr. and Mrs. James E. Hollingsworth, world travelers from Palm Beach; Robert Hufstader, choral director of the Julliard School of Music in New York; Adm. Kirk; Ambassador Mehta; Francis J. Thompson, writer; and Harry Wismer, sportscaster. Gen. Bradley is due Sunday.

Wismer will interview Chuck Davay, welterweight fighter. Both are graduates of Michigan State College where Davay received a degree in education.

The Rollins Alumni Magazine is published annually. It is one of the largest and most interesting of its kind in the country.

Yacht Owner Rests After Near Tragedy

MIAMI BEACH, Fla. (AP) — Newell H. Crumley, Elko, Nev., hotel owner, and his family rest up here today after an exciting experience aboard a yacht that ran aground on a coral reef near the Bahamas Islands.

Crumley, member of the University of Nevada board of regents, his wife and their three small daughters were flown here while the crew of the yacht, *Callie II*, remained aboard to help a rescue tug out of Nassau get the craft afloat.

The yacht, owned by Lawrence J. Holland, Reno, Nev., was blown onto a reef at Frasers Hog Key in the Berry Island group 30 miles northwest of Nassau Wednesday night. She had left Miami Feb. 4 for a month's fishing trip in the Bahamas.

Crumley, his wife, Frances, 39, and their daughters went ashore in a dingy. It was just a 90-yard trip but Crumley said the high wind and waves made it seem "like a million."

Next morning, the yacht *Cudacatcher* approached the stricken vessel. Crumley roared to the *Cudacatcher* and used his marine radio to call a Miami flying service.

"You'd think the girls would have been scared," Crumley said, "but they liked it fine. They want to know when we are going fishing again."

NATIONALIST RAID
TAIPEI, Formosa (AP) — About 400 Chinese Nationalist guerrillas, streaming down from South China mountain hideouts, killed or wounded more than 40 Reds in a raid Feb. 18 at Lunging, 115 miles southwest of Canton, the Nationalist official Central News Agency said today.

The guerrillas said the report that the Nationalist army had killed 400 Reds was exaggerated. They said they had killed 400 Reds and wounded 100 more.

Sanford Rotary To Observe Birthday With Other Clubs

CHICAGO, Ill. (Special) — Sanford will join Monday with more than 7,000 other cities and towns in 84 countries of the world as the Rotary Club of Sanford commemorates the 49th anniversary of the founding of the International Rotary organization.

In commenting on the program of Rotary Bob Harris, president of the Sanford Rotary Club, said: "Rotary activities throughout the world are based on the same general objectives—the development of fellowship among business and professional men, the betterment of communities, leading boys and girls into good citizenship, the promotion of high standards in business and professions, and the advancement of international understanding, good will and peace."

"The one basic objective of Rotary," he continued, "is its 'ideal of Service'—which is to be thoughtful of and helpful to others. To attain this objective, Rotary seeks all that brings people together and avoids all which separates them. That is the reason why Rotary has become a world-wide institution, whose ideals have been accepted by men of practically all nationalities and political and religious beliefs."

"In tracing the growth of Rotary," President Harris said, "the first Rotary Club was organized in Chicago on Feb. 23, 1905, by Paul P. Harris, a young lawyer, who suggested the idea to a group of his friends. It was called the Rotary Club, because all meetings were held in rotation, in the offices of its members."

"For nearly half a century, Rotary has continued to grow in numbers and strength. In the last twelve months, for example, nearly 300 new Rotary Clubs have been organized in 30 countries of Europe, Africa, Asia, the Americas and the Islands of the Pacific. Today, Rotary is a world-wide organization of some 395,000 business and professional executives of which the nations of the world are members of more than 100,000."

"Through this program of other-country Fellowships, Rotary is endeavoring to foster better international relations by increasing the personal contacts which the nations of the world have with each other."

When Church Meets Mission

Paris (Texas) News

One of the prominent figures in the Methodist Church is Bishop G. Bromley Oxnam, now stationed in Washington, with his diocese covering the District, Maryland, Delaware and Central Pennsylvania. It is considered the most desirable post that the Methodist Church can give.

The Bishop says that "The Church is determined that religion shall become a force in our national life. This does not mean that Methodism as an ecclesiastical organization is to enter politics. . . . Religion becomes a force when the Church meets its obligation to teach the principles of conduct, to voice judgement and to herald a new day. A primary need is for competent Christian laymen who will discover the concrete means to transmute the ideal of religion into the realities of law and order, economic justice and racial brotherhood."

Certainly the Church cannot take part in politics as an organization, but members of any and all churches can and should, as individuals, be interested in honest government. Had there been what there should be of this interest by church members we would have had few if any instances of dishonesty in the government.

Bishop Oxnam has a fertile field in which to work. There is much reason to believe that axils of morals in Washington gave rise to much of it over the nation. When it is stopped at the source it will be easier to stop it elsewhere. It may not be good politics to preach against corruption in all places, high and low, but

late the ideals of religion into the realities of law and order, economic justice and racial brotherhood."

7,000 Rotary Clubs. There are Rotary Clubs in almost every city in the United States and Canada and in 84 countries and geographical regions throughout the world.

Referring to one of the projects in which all Rotary Clubs around the world are participating, President Harris said that the Rotary Fellowship program was inaugurated as a memorial to the founder of Rotary, Paul Harris. "These Rotary Fellowships enable outstanding graduate students to live and study for one year in a country other than their own, as ambassadors of good will, on grants ranging from \$1,500 to \$2,000," he said.

Nearly 500 Rotary Fellowships have been awarded to students from more than 50 countries on every continent. This is a dynamic, continuing program. In the past seven years, Rotary's awards in this field of international understanding have amounted to approximately \$1,250,000.

"Through this program of other-country Fellowships, Rotary is endeavoring to foster better international relations by increasing the personal contacts which the nations of the world have with each other."

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON (AP) — One of the most puzzling things President Eisenhower has said since taking office—it was in his State of the Union message Feb. 2—was on the subject of war time secret agreements.

By putting together various statements since then, this seems to be what he had in mind: He wants Congress to denounce Russia, which has been roundly denounced in the past by this country for breaking agreements.

And this week Eisenhower said he personally knows of no agreements which are really still secret in the sense of not being known. Some parts of the Roosevelt-Churchill Stalin agreements in 1945 were kept secret for awhile.

The three men agreed that the people in the eastern European countries, now under Russia's heel but then just being freshly liberated from the Nazis, should choose their own governments in free elections.

Russia violated this agreement by making Communist-ruled satellites of these countries. Eisenhower has expressed belief that denunciation of Russia as an agreement-breaker will give anti-Communist people among the satellites renewed hope of freedom.

But hope seems all they can expect right now. Communists controlling or completely controlling the scene in the East seem capable of freeing them soon. And no one in the Eisenhower administration is talking of war.

When he first raised the subject of secret agreements, Eisenhower was trying to live up to a pledge contained in the Republican campaign platform last July.

The word "repudiate" is far reaching. If this country tried to repudiate one agreement made with Russia, the Communists, if it were renewed, could promptly repudiate other agreements which might hurt this country.

Berlin is not so simple. The American, British and Russian made wartime agreements on dividing up Berlin and Germany. American officials in Berlin this week said not all those agreements have been published.

When it came time for him to deliver his message Feb. 2, Eisenhower did not go so far as to talk of "repudiating" agreements. This is what he said:

"We shall never acquiesce in the enslavement of any people in order to purchase fancied gain for ourselves. I shall ask Congress at a later date to join in an appropriate resolution making clear that this government recognizes no kind of commitment contained in secret understandings with foreign governments which permit this kind of enslavement."

But from the language, no one could tell for sure what Eisenhower meant or what agreements he might have in mind or whether

it will be carrying out the command of Christ that we render unto Caesar the things that are Caesar's and unto God the things that are God's. They are separate duties, yet each is a duty and must be recognized and obeyed. The Church can do more than any other agency to bring about a return to decency and honesty in government as well as in our individual lives.

BERLIN (AP) — The official Soviet newspaper *Tass* today announced that the Communist East is preparing to sell East-West electrical traffic in Berlin.

The *Tass* said the only evidence the West had for its allegation was "the work being done on the S-Bahn elevated in the Berlin Railway Direction." It did not explain, however, why the work is being done.

KILLED IN ATTACK
JAKARTA Indonesia (AP) — Reports received here today said that six persons were killed, four wounded and 115 houses burned in an attack on the West Java Mountain town of Garut, 120 miles southeast of here. The attack was one of several this week blamed on a step in activity of the fanatic Muslim "Darul Islam" guerrilla movement.

he meant some war-time agreements still secret. So reporters asked for clarification when he held his first presidential news conference this week. Then, for the first time, he used the word "repudiate." He said he didn't assume it was desirable for the government to say everything agreed to in secret. Eisenhower said he, personally, knows of no agreements still secret only in the sense the Senate has not formally approved all of them.

But when Secretary of State Dulles held his news conference the following day, he said no "repudiation of any legally effective agreements" was intended. Making it clear that Eisenhower was proposing a joint resolution by Congress, Dulles said:

"The declaration by the Congress and the President has two primary purposes: One is to register dramatically what we believe to be the many breaches by the Soviet Union of the war-time understandings; and, secondly, to register equally dramatically the desire and hope of the American people that the captive people shall be liberated."

Setting For Meeting

The Mt. Plymouth Hotel was the setting yesterday for the annual general business meeting and luncheon for the Sanford Garden Club. Guest speaker for the occasion was Mrs. Paul Ochiltree of Miami, noted lecturer and authority on the subject of flower arrangement.
The meeting opened at 10:30 a.m. in the Green Room of the beautiful hotel with a talk and demonstration by Mrs. Ochiltree on the fundamentals of flower arrangement. She was introduced by Mrs. Fred Gannas who stated that she was the first flower show school instructor of Florida accredited by the National Council of State Garden Clubs. She was also the sixth in the state to obtain her national judging certificate.
Prior to the luncheon a brief business session was conducted by Mrs. George C. Harden, president of the club. During the meeting delegates were elected for the State Convention to be held in Miami Apr. 8, 9 and 10. Delegates are Mrs. Harden and Mrs. Clyde Dickerson, with alternates being Mrs. Charles Flowers and Mrs. J. M. Moye.
The luncheon was served in the hotel dining room and on the small tables were various types of canapies in beautiful shades. On the speaker's table was an artistic arrangement of white azaleas and plum blossoms in a white container on black base.
Following the luncheon the group returned to the Green Room where they enjoyed another illustrated lecture on fresh flower hairdressing, which she had on display at the meeting. The materials used in her making.
Making up the committee in charge of the event were Mrs. Gannas as program chairman; Mrs. H. B. Crumley, general chairman; and Mrs. James Terwilliger, assisted by club courtesy chairman, decorations. About 145 club members attended the annual affair.

Mrs. John Miller
Entertains Class

Mrs. John L. Miller entertained recently with a Valentine party for members of her primary Sunday School. The children met at the Miller home where they enjoyed games indoors and outdoors. Games included croquet and a "Mickey Mouse" game. A contest was won by Sandra Estridge. Sandra Avrette was the winner of a "Mickey Mouse" game. Later in the afternoon the children gathered around the dining table where each received a Valentine from Mrs. Miller, and refreshments consisting of chocolate sandwiches, cookies and Valentine candles were served. Those attending were Sharon Hiler, Tommie Wyatt, Betty Ann Slaton, Kay Burnett, Sandra Estridge and Nancy Avrette.

There was a huge crowd at the Celery Saturday night for the fall-out show. Those who weren't there really missed a superb performance! We do have some wonderful talent at SRS, you know. It was good to see the many parents up to see the show. We are always glad to have them come.
Ronnie Anderson, president of the Celery Crate, acted as master of ceremonies and really did a fine job of it. He was the one that suggested and carried out the program with the help of the class presidents.
The first number on the program was a song entitled "Dusty Road" sung by "Sugar" Ray Davis himself. By request of the students he then sang "Tramp, Tramp, Tramp" one of his specialties. The next number was a tap dance entitled "In the Mood" which was performed professionally by Phillip Boyd. This concluded the senior talent.
The talent from the Sophomore Class was then begun with Mona Jane rendering beautifully "Till I Waltz Again With You". She was accompanied by Helen Welder. Maxine McKinley then played a beautiful number, "Sweet and Lovely", on the trumpet. Next was a piano duet expertly rendered by Marilyn Callahan and Betty Brian. The title of this was "Spanish Dance".
At the halfway point of the program Mr. Gordon, our director, was absent. He was singing "You're So Fine" and "I Went to Your Wedding". This was really great! Not many youth centers have a director who can really sing and help on our entertainment.
The junior talent came up next beginning with a number that literally "stole the show"—pantomimes by Jimmy Wade and Ross Hammon. First was Jimmy's impersonation of Johnny Ray singing "Broken Hearted". Then Jimmy and Ross did two numbers to get the audience "in the mood" for "Out" and "Working on a Building". These were hilarious and everyone enjoyed them immensely. Elise Snyder was well received by the audience for her rendition of "With a Song in My Heart". She sang an encore "A Kiss in the Dark". Miss Whittle was her accompanist. Johnny Carter, also a junior, contributed two outstanding features—two numbers on the harmonium, "The Cat and Dog Chase" and "The Model T Ford" and a vocal solo "Indiana Love Call". He was accompanied by Tommy Wyatt. The last number was a piano solo by Tommy Wyatt, a freshman. It was entitled "Shortnin' Bread" and was performed expertly.
The regular activities of the Celery were continued after the show. Don Kelly, Marvin Mekun, Teddy Miller and Irene Nichols were enjoying a game of pool while Ann Clark and Nancy White

Mrs. Touhy To Play
At Rollins College

WINTER PAIR (Special)
George Touhy Kinsley, the guest artist for the opera organ recital at Knowles Memorial chapel of Rollins College, at 5:30 o'clock, Wednesday, Feb. 25, it was announced today by Dr. Norman Stewart under whose supervision the weekly services are given. Mrs. Touhy is Minister of Music at the First Presbyterian Church of Sanford.
The three annual Skinner organ festival for two years for the Rollins Festival that is presented each Spring in the chapel and has previously played one of the organ services.
A past dean of the Central Florida chapter of the American Guild of Organists, Mrs. Touhy has studied with Dr. George Thompson at the University of North Carolina and at the Cincinnati Conservatory of Music as a pupil of Marvin Titus. Recently she has continued her study under the tutelage of the Rollins College professor of organ, Dr. Stewart.
Locally, in addition to her work with the music of the First Presbyterian Church, Mrs. Touhy was organ accompanist for the Seminole Church group when they sang Handel's Messiah. She also has acted as accompanist on many Sanford musical occasions.
On Wednesday Dr. Knowles, Music and Organist of the Rollins College chapel, the presentation will include Canby's "Rhapsody on the Strum Corda," Chopin's "Nocturne in A Minor by Caspar Franck." The public is invited to attend and this concert will be of less than an hour's duration.

Mrs. Shaffer Will
Leave For Germany

Mrs. Donald Shaffer of Ovidos and Mrs. J. H. Lee Jr. of Sanford and her sister, Mrs. Valita Tripp of Ocoon, left yesterday for New York City where Mrs. Shaffer will leave for Worms, Germany to join her husband. Mrs. Shaffer has been stationed in Germany since last September. Mrs. Lee and Miss Tripp plan to return to Florida by train. Mrs. Shaffer is the daughter of Mr. and Mrs. J. H. Lee of Ovidos and Mr. and Mrs. Charles G. Shaffer, also of Ovidos.
A number of parties have been given for Mrs. Shaffer prior to her departure and included one given by Miss Shirley Hadden of Orlando. Guests were members of the faculties of both the Boone and Edgewater schools in Orlando where Mrs. Shaffer has been instructing in schools. A party was also given by Mrs. John Gurner Jr. of Ovidos during the past week.

Riser, Ruth Riser, Edith Lee Riser, Dottie Jordan, Iris Leadward, Clifford Smith, Sharon Hines, Carolyn Turner, Vera Seidel, Doris Seun and Mary Lynn Homan. Mrs. A. J. Peterson, president of the W. M. U., was a guest at the meeting which was closed with a clean prayer.
The Sunbeam Band of the First Baptist Church met on Monday at 7:30 p.m. in the beginning's classroom. Circle No. 1 and 3 of the W. M. U. sponsored the band and the meeting was opened with a collection given by Mrs. C. L. Park who told the story of the life of Samuel which was taken from Samuel 1:1 to 4:1.
Mrs. Robert Lynch explained the amount of tithing and told of how the money is used. Announcement was made that the Sunbeam Band, the first of the church's organization primarily designed to give the children an introduction to the young people, has grown in its organization to 10,750. Besides the school ages, six through eight years, the organization includes the pre-school band for ages four and five years of age.
Songs were sung during the afternoon; after which Mrs. H. H. Newman, assisted by Ann Turner, Virginia Thomas and Mrs. Lynch, served delicious refreshments to Ruby Cohen, Tommie Wyatt, Linda Wyatt, Kay Burnett, Sharon played a game of ping pong. Others playing pool were David Callaway, Homer Wade, Raymond Hasty, Don Holloway, Larry Red and Patricia Sykes.
Having lots of fun playing checkers were Sandra Montfort and Jimmy Hollinger. Sandra Dunn and J. H. Howell were dancing.

Prize Fruit On Way To Washington For Secretary Benson

WINTER HAVEN (AP) — The grand prize box of pineapple oranges at the Florida Citrus Exposition was on the way to Washington by air today.

The growers, H. M. Sorrell, Arcadia, will present the box, judged Thursday the best box of citrus fruit grown in Florida this season, to Ezra Benson, secretary of agriculture. Accompanying Sorrell is Robert W. Rutledge, general manager of Florida Citrus Mutual.

Today was Governor's and Press Day at the exposition. Gov. Dan McCarty was scheduled to address a noon luncheon. The exposition puts on its annual press "breakfast" luncheoning public officials tonight.

The Lake Wales Citrus Growers Association won second grand prize Thursday for a box of pink seeded grapefruit. Melridge Packing Co., Seville, took third grand prize for a box of tangerines.

District prizes included: District 1 — Palm Harbor Citrus Growers Assn., Palm Harbor; District 2 — Ferris Groves, Florida City; District 3 — Melridge Packing Co.; District 4 — American Fruit Growers, Maitland; District 5 — Sorrell, Arcadia; District 7, Lake Wales Citrus Growers Assn.; District 8 — the Indian River District, did not compete.

Winn-Lovett Grocery Co., Jacksonville, bought most of the prize-winning fruit, bidding as high as \$260 for a box of pineapple oranges.

Miami Gambler Is Convicted In Jax Of Evading Taxes

JACKSONVILLE (AP) — A Federal court jury Thursday convicted James Demetrie, Miami gambler, of cheating on his income taxes.

He will be sentenced Thursday. Demetrie, 49, was convicted of evading taxes for 1946 but acquitted on a count of doing it in 1947. An Internal Revenue Bureau computation claimed he was short \$14,733 in 1946 and \$1,253 the next year.

Judge Boyce H. Savage said he would rule on a motion for a new trial when he returns for sentencing.

Mark Hulsey Jr., assistant U. S. district attorney, said Demetrie had been arrested in Miami in the last 18 years on various charges.

The prosecution sought to show that Demetrie, a former taxi driver, earned \$1,000 to \$3,000 (between 1941 and 1943 and two years later had accumulated over \$60,000).

Government testimony indicated he was a "50-50 hire" for the ABC News Agency, a Miami gambling syndicate in 1946, but Demetrie denied it.

Demetrie did admit paying "a couple" in protection money for gambling but said he was only fronting for some bookmakers and that anyway that was in 1948. The jury deliberated four hours.

Demetrie was the second of five South Florida persons to be tried here on income tax evasion charges. The first, Gordon F. Williams, Ft. Lauderdale, was acquitted.

On Tuesday, Judge Bryan Simpson will open the trial of former Duval County Sheriff Jimmy Sullivan and his wife, Judge Savage, from Tulsa, Okla., is assigned here only for February and it is believed the Sullivan's trial may be long.

DISCUSS SAFETY
GAINESVILLE (AP) — Elementary school principals today continued a discussion of health and safety education in schools. Dr. George T. Stafford, University of Florida, physical education and health lecturer, told the principals Thursday, "We have stopped diphtheria, smallpox and many of the other diseases, but we have not stopped accidents. We must think in terms of safety education."

SCHOOL CHILD KILLED
BOYNTON BEACH (AP) — As she ran across the street in front of her home to board a school bus for the first time, Karen Merkel, 8, was struck and killed by an automobile Thursday.

The child always had been driven to school by her mother, Mrs. Norman Merkel. Thursday, she persuaded her mother to ride the bus with the other children.

Survey Discloses Mistakes Made By Older Job Seekers

By ADELAIDE KERR
NEW YORK (AP) — Anyone over 40 looking for a job has better take stock of himself to make sure he is not his own biggest stumbling block.

Personality traits, such as talking too much and lack of adaptability, may be far greater handicaps than any prejudice against the older worker.

That is the consensus of 90 private employment agencies of New York City, as revealed in an exhaustive survey of the job-hunting problems and performance of men and women over 40.

The survey was made by the New York State Joint Legislative Committee on Problems of the Aging as part of many years' effort to aid the job-seeker in his quest for work. The committee is headed by State Sen. Thomas Desmond.

"Again and again the jobseeker over 40 smelt his own chances of getting a job," said Sen. Desmond. "Too often this is the picture he presents:

"He talks too much. He interrupts the man who is considering him. He fidgets or drums on the chair with his fingers. In other ways and in his opinions and lacks timorousness to adapt himself to new conditions."

"In short, he shows that he is giving no thought to the boss's needs and has no interest in them. All things considered, he presents a personality he would not hire himself if the tables were reversed. Of course he is not aware of what he is doing but nevertheless, in just these things, he often blocks his own progress."

Sen. Desmond said the survey indicated that women are a bigger problem than men in 40-plus job placements — largely because of their own attitudes.

"There is the woman who makes a matter of herself because she has to take a job at her age and will gladly take anything," he said.

There is the over-mate flirt who goes job-hunting wearing too much makeup and too elaborate clothes. There is the one who saves too often "I've never done that before" and objects to accommodating an employer in such small things as switchboard relief, office reception or information service.

"Then there is the applicant who feels that the way she has been taught to do a job is the only way. Instead of trying to fit herself in the job, she tries to reorganize it to meet her standards. Finally there is the applicant who resents giving any information about herself because she thinks the inter-

President Eisenhower's inauguration.

On that day, Felling related, he prepared a script which told of anti-American demonstrations by "anti Communist" elements in Guatemala.

The demonstrations were a spontaneous showing of affection for the American people and gratification over Eisenhower's inauguration, Felling said.

However, he said that the document pencilled out of his copy on the central news desk of the "Voice" in New York.

Felling said the editing was done by Goldman, an employee on the desk, at the direction of Taylor, a supervisor there.

Mundt told reporters that on the basis of what already has been disclosed he is convinced the Voice needs a lot of new blood and a new set of directors.

"Clellan (D. Ark.) said he feels 'a major shake up' is in order. Mettlellan declared the situation 'looks rotten'."

3 MEN PRESUMED DROWNED

JACKSONVILLE (AP) — Three Negro men are presumed drowned after their rented fishing boat was found capsized. The men, tentatively identified as Frank Gray, 63; W. P. Shrewsbury, 52, and J. H. Bright, were fishing in near-by Nassau Sound Wednesday.

forecast a nine million dollar surplus for 1952-53, but he now expects to wind up the year on March 31 with an excess of nearly 48 million dollars.

Parliament is expected to approve the budget with no substantial changes. St. Laurent's Liberal party has a big majority in both the House of Commons and the Senate.

Abbott estimated the personal income tax cuts would save the Canadian public 87 million dollars in the 1953-54 fiscal year and 155 million dollars a year after that.

Present average income taxes— including an unchanged 2 per cent social security tax— for a married man with two children range from \$130 on an income of \$3,000 to \$21,000 on \$50,000. Under the new schedule, estimated tax figures in 1953 for these brackets would be \$120 and \$22,397. They would be lower for 1954, since the reduction is effective for only six months of this year.

The cut in corporation taxes was made effective back to last Jan. 1 and was expected to save corporations 85 million dollars in the 1953 fiscal year and 120 million dollars a year after that.

The tax previously took 20 per cent of the first \$10,000 in profits and 50 per cent of all profits above that figure. Under the new budget, the tax will be 18 per cent on the first \$20,000 and 41 per cent on all above that.

The tariff reductions were spread among some 40 items— ranging from atomic isotopes to electric stove clocks.

The cigarette tax cut is expected to make cigarettes sold legally somewhat more competitive with packs smuggled into Canada from the United States. The illegal U. S. "smokes," called "smugs," go for about 30 cents a pack.

The \$2.50 yearly license fee for each radio owned in Canada would end March 31. The government-owned Canadian Broadcasting Corporation has been vetting the fees. To compensate, Abbott said, the government will give CIBC income from an existing 10 per cent sales tax on radios, television sets and tubes.

The elimination of the domestic tax on newspaper means reduction of about \$1.1 a ton to Canadian publishers but is no help to American importers who take most of the nation's production. The tax has never been assessed on newspaper exports. Canadian newspaper publishers have complained it discriminated against them because it was not applied to magazines.

MIAMI (AP) — Jimmy Nelson Jr., 3, was struck and killed by a car Thursday. Police said he ran into the street in front of his home.

Program Held By Progressive League

The first anniversary of the United Progressive League on Feb. 8 was marked with one of the greatest programs of its kind, at Bethel AME Church in Midway and Cannon East Sanford.

The program featured an "Annual Report" given by the league's president and founder, James D. Hagan, who described briefly the history of the organization and its year of activities.

The main address was given by P. A. Smith, a young and energetic physician of Sanford. Dr. Smith was introduced by Mrs. Nellie H. Batts.

The subject of Dr. Smith's address was "What Else Can We Do For Our Children." From this subject Dr. Smith painted a clear picture of the social, psychological and physical environment, which is a part of the child and his development. Dr. Smith then set forth methodical means of improvement such as environment, making it wholesome and capable of producing better children.

From the point of sanitation upon which Dr. Smith placed major emphasis he said there are no many so-called little things that can and need to be done that will improve us physically.

Dr. Smith stated and restated that the child is a social being and should be given status in society. The response was given by Earl E. Williams who presided.

The program culminated with the reading of the honorary membership certificates for Mrs. J. L. Moore, principal Crooms, principal Crooms Academy; Mrs. J. L. Moore, principal Crooms Primary; Miss F. B. Reid, principal Midway Junior School; Mr. T. W. Lawton, former Superintendent of public instruction; Dr. G. H. Starke, M.D.; Mrs. Nellie H. Batts, Cleveland and Volie A. Williams and Kaylie Housholder; Judge O. Douglas Stenstrom and Marion Harman.

of the board and to offer the cooperation of the association. J. M. Tucker said the hospital board and the medical group expect to work close together in the future.

Employment of an architect was discussed but most of the meeting was taken up with Mr. Burns and Dr. Boyce. Mr. Tucker said the meeting was adjourned at midnight, he said, until Tuesday at 8:00 p.m., at which session an architect will be employed. The board has had about four applications, he said.

per cent for medical care; 2.1 per cent for personal care (such as toilet articles); 5.4 per cent on reading and recreation (which includes TV); and 5 per cent for "other goods and services"—tobacco and alcoholic beverages, legal services, burial expenses and others.

Comparing this modern market basket with the one in use up to now shows interesting contrasts. For example: the old cost of living index gave a weight of 35.4 per cent to housing, nearly two points more than housing's new value in the market basket.

The new index will use average prices in the period 1917-1949 as a base of 100. The base is arbitrary—it could be any period at all. In fact, Clague has announced that he will use the new index also on a 1933-1939 base for at least the next 12 months, so that easy comparisons can be made between the new and old index.

The old index was tied to the 1925-1939 base.

The 1947-1949 base means this:

Jones Scores 34 As Oviedo Wins 12th In Row, 68-50

Miklermen To Play Titusville Five In CFC Tourney's Semi-Final Round

By KENT CHELAIN
 MOUNT DORA (Special) — Lapping Johnny Jones of the Seminole County scoring record with 34 points as he led the rampaging Oviedo Lions in their 12th consecutive victory and initial win in the second round of the Central Florida Conference basketball tournament, leading Clermont 68-50, here yesterday afternoon.

Captain Paul Mikler's amazing cage machine advances to play the unpredictable Titusville Terrors in the semi-finals of the CFC meet tonight at 7:30 p.m.

The rebounding and feeding tactics of giant Harvey Joe Clayton and Warren Mac McCall were the stand-out features in the Oviedo victory, their 12th of the season as against only two defeats.

The Clermont Highlanders thrashed early in the clash to meet the top-seeded Lions by constructing a narrow 14-13 lead at the beginning of the second quarter. The deadly driving lay-ups by Johnny

Lyman Upsets Tavares, 47-40, To Advance To CFC Semi-Finals

Greyhounds To Play Mount Dora Five Tonight; Driskill Scores 15 Points

MT. DORA (Special) — This was the greatest day of the season for the Lyman Greyhound outfit from Longwood as the variety boys scored their third straight victory of the season and second successive win in two days of Central Florida Conference tournament play here last night.

Captain Jim Payne's variety boys stomped the CFC experts again last night in following through with their pre-tourney label of a "dark horse" entry by throttling the second-seeded Tavares outfit, 47-40, in the quarter final.

Those rickety Hounds now advance into tonight's semi-finals to play the Golden Herd from Mount Dora. The Pavemen administered an amazing upset only last Friday night when they reared up and stumped Florida Conference tournament play here last night.

Sanford's Junior "Blitz Kids" Will Try For 10th Win

These victory happy Seminole High School junior varsity "Blitz Kids" are aiming for a 10th win against their brother varsity "Blitz Kids" by New Smyrna Beach tonight at 7:30 p.m. at the Barnard J.V.S.

Coaches Bill Fleming and Fred Gams, who seem to be making a habit of leading winning teams these days, will turn loose their junior varsity on the non-helpless Barnardas this evening with the intention of racking an victory No. 10 for the outing.

With a sterling 9-2 mark this year, the Junior "Blitz Kids" have already surpassed last year's record of 8-6. If the present pace is maintained, last year's record will look mighty puny in comparison.

These victory happy Seminole High School junior varsity "Blitz Kids" are aiming for a 10th win against their brother varsity "Blitz Kids" by New Smyrna Beach tonight at 7:30 p.m. at the Barnard J.V.S.

Coaches Bill Fleming and Fred Gams, who seem to be making a habit of leading winning teams these days, will turn loose their junior varsity on the non-helpless Barnardas this evening with the intention of racking an victory No. 10 for the outing.

With a sterling 9-2 mark this year, the Junior "Blitz Kids" have already surpassed last year's record of 8-6. If the present pace is maintained, last year's record will look mighty puny in comparison.

Major league hurlers will get down to serious spring training this week when one of its main cagers, Gordon Clark, withdrew from school to return to Frankfort, Ky., with his family.

The Kentucky transfer senior wasted little time in zooming to the fore this year with his shooting skill acquired in the tall line grass surroundings of the Kentucky country known as Kentucky.

The husky forward showered the nets for 21 markers in the Seminoles' second outing against Edgewater in Orlando. He tied last year's high individual mark of Gerald Covington's, Clark, after being the Fed's all season in the scoring column, wound up his SIS career with 105 points in 11 outings for a lofty 9.5 average, second to Junior Metts' 112 team high while standing fifth in the

Sanford's "Blitz" Cagers Go To New Smyrna Seeking 3rd In Row

By KENT CHELAIN

Coach John Scott's resurgent Seminoles "Blitz" cagers will stage an invasion of New Smyrna Beach this evening to try and extend their two-game winning streak to three consecutive in an East Florida Conference varsity cage tussle.

The Scott-constructed hoop machine received a stunning blow this week when one of its main cagers, Gordon Clark, withdrew from school to return to Frankfort, Ky., with his family.
