REPUBLICANS WILL CONTROL ELECTION RESULTS COMPILED TENNESSEE AND OKLAHOMA BOTH HOUSE AND SENATE FOR ANOTHER TWO YEARS

Net Gain of Twenty Votes In The House

SAME VOTE THAT SWEPT HARD-ING INTO OFFICE TAKES BOTH HOUSES

NEW YORK, Nov. 4.—Republicans control for another two years with an increased house majority and a prospective increase in the senate was a major part of the election sweep. A net gain of 20 votes in the house was shown with complete returns from 17 states, but with most of the Democratic strongholds reporting. Eight of the fifteen Republican senatorial candidates had come in winners today, the seven others had substantial leads, while in ten other states all of the Republican entrants were reported in the van. For the 19 Democratic senate seats Restrictions On nine of the minority party had been returned winners-all from Southern states-while in the border and Western states the others were fighting an uphill battle. The general Republican PRESIDENT WILSON PROCLAIMS landslide would scat several more Republican senators was predicted confidently by Republican campaign managers, whose claims included a majority of 8 to 10 in the next senate. Fall Fertilizing

Fertilizer applied to citrus trees in November is one of the greatest factors in securing a heavy crop the following season, for it is during the seemingly dormant period that incipient fruit huds are

In addition to this, fall fertilizer induces a larger, stronger root system which is of great benefit to the tree in developing growth, holding fruit, and withstanding droughts. Fall fertilization in great measure prevents the usual "off year" following heavy yields. For best results, use me of the following brands:

There is every reason in the world why every farmer should buy a Fordson Tractor, while there is not a single reason in the world why a farmer should not buy a Ford-

TRADE

In the claims we make for the Fordson Tractor as being the superior farm Tractor, there is nothing of boasting. Our claims are based upon demonstrated facts. In every censible test that has been made (and we don't believe in any jockeying or technical tests) but in the real-common sense work on the farm—the work the Tractor was intended to accomplish—we say, in all such tests the Fordson has stood head and shoulders above all competing Tractors. And this is best proven in the fact that while there are about three hundred thousand farm Tractors in use in the United States today, and while Tractors have been sold to farmers for twenty years, and while the Fordson Tractor has only been on the market two years, more than one-third of all the Tractors in use in the United States are Fordson Tractors.

Now you can't upset a fact. You can't back away from an established truth, and there it is-out of three hundred thousand Tractors, one hundred thousand are Fordsons, and there are probably some fifty different makes of Tractors on the market. Just let your common sense consider these facts. "Figs are not plucked from thistle bush-

es, nor plums from thorn trees." The Fordson Tractor has the necessary power. It is economical in operation. It is flexible in control and operation. It is simple in design, and it is sturdily built of the best iron and steel. It is the product of the genius of Henry Ford and it wasn't placed on the market until Henry Ford had tested it, and tested it, and tested it, before he asked the farmers to buy it. It is no idle faith that in the Fordson Tractor Henry Ford has given to mankind one of the greatest benefits which has ever come to civilized man.

Now we solicit every farmer to buy one or more Fordsons. Come in and see them. Come in and let us tell you more than we can in an advertisement. Let us demonstrate to you. Let us put it to every test that you ask. The Tractor is just as necessary for the farmer as water is in the house. Come in! Look over the Fordson. Test it. Don't take any chances. Don't experiment. Supply your farm with the Tractor of establish

FLORIDA AND THE PAPER INDUSTRY

The world war and the profiteers to be the gainer in many ways.

able clsewhere.

and now we are well on the way to by the recent enlargement of the a big sugar industry which will bring store in taking over the second floor a hundred million dollars to the state of their mammoth building and tearannually in the near future. For this ing out all the offices and throwing now being placed under cultivation.

time when the pulp was placed in the

perior in quality and toughness. The company has disposed of about ing. hundred thousand dodars' worth of its stock, much of it being taken by large publishing houses, and the first pulp mill is being installed at Leesburg, where about 45,000 acres of saw grass on Lake Griffin and Lade Harris and along the Ocklawaha river are under lease to the company for a long term. This acreage alone would supply sufficient material for twenty pulp mills the size of the first one, which will have a capacity of from 25 to 35 tons a day of pulp, which will produce an equal amount, of finished paper, approximately, and the company has the right from the Internal Improvement Board to cut from all state lands the saw grass growing thereon and this means millions of acres and an unlimited sup-

ply for an indefinite period, The company will proceed with the erection and equipment of pulp mills, shipping the pulp to large paper mills for manufacture, until it is in a position to produce sufficient pulp to supply a large mill of its own when such a mill will be erected in Florida, probably in Jacksonville. This certainly sounds good to us and we feel like shouting our joy that another waste product in Florida has been discovered of such great use and will come to the rescue of the publishing business of the entire United States as we can grow enough saw grass to supply all the paper used in the country .- Times-Union.

The fellow who attempts to make something out of nothing sometimes succeeds-to his cost,

Thedford's Black-Draught Highly ********************* Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn .- The efficlency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years. and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for

Many other men and women throughcatch the train for Macon where she County fair will be held this year out the country have found Blackwill have charge of a fine exhibit of Nov. 23-27, an dthe fair officials have Draught just as Mr Parsons describes valuable in regulating the liver its normal functions, and in cleansing the bowels of impurities,

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes, Always ask for Thedford's.

Six Kinds of Safety

Have you every paused to consider the safety of the bank where you deposit your money?

The first consideration is the capital, which should be ample to meet the requirements of the community the bank is to serve.

The next question to consider is the officers in charge. They should be men of experience, high character and successful. Without men of ability no institution can succeed.

Then there is the question of confidence. The public should have confidence in the officers and in the bank.

These three principles determine the success of a bank. We adopted these principles in the outset of our career and we expect to live up to this high standard and increase our usefulness to the community as the years go by. We Offer You:

1ST: LARGE CAPITAL AND WORKING RESERVE.

2ND: TRAINED MEN IN CHARGE-MEN OF SEVERAL YEARS EX-

3RD: THE CONFIDENCE OF THE PUBLIC, WHICH IS PROVEN BY THE DAILY ADDITION TO OUR LINE OF DEPOSITORS.

PROTECTION BY TWO EXAMINATIONS EACH YEAR BY THE STATE BANKING DEPARTMENT, TWO AUDITS EACH YEAR. BY AN INDEPENDENT RECOGNIZED PUBLIC AUDIT COM-PANY AND TWO SWORN STATEMENTS SUBMITTED TO THE STATE COMPTROLLER BY THE CASHIER, GIVING THE BANK'S CONDITION IN DETAIL, ALL OF WHICH INSURES REGULAR, SYSTEMATIC AND THOROUGH OPERATION OF THE BANK.

5TH: THE ADVICE OF A COMPETENT BOARD OF DIRECTORS, WHO MEET WITH THE OFFICERS REGULARLY EACH MONTH AND ADVISE THEM AS TO THE OPERATION OF

6TH: INSURANCE OF ALL DEPOSITS EVERY DAY OF THE YEAR, AND IS AN ABSOLUTE PROTECTION FOR YOUR FUNDS, IN ADDITION TO ALL THE OTHER USUAL SAFEGUARDS.

THESE ARE REASONS WHY YOU SHOULD DO BUSINESS WITH US, AND WE BELIEVE THAT NO BANK CAN OFFER BETTER IN-DUCEMENTS.

AMERICAN LEGION WILL DANCE AT **COURT HOUSE**

WILL BE COSTUME DANCE BUT NOT MASKED AFFAIR

Through the kindness of the Counby Commissioners, the American Legion will have the use of the Court House to hold its Armistice night costume ball. This affair promises to be the greatest event of this sort that the city has ever seen, and will be in keeping with the spirit of the day. All arrangements are now com-

plete for the festivities of the day. Obtaining a floor suitable for the occasion, was the only uncertain part of the program and the Campbell-Lossing Post-certainly feels indebted to the Honorable Board of Commissioners for their interest in our wel-

The costume ball will be for the American Legion and invited guests, masks will not be used, but a prize of \$15 will be offered for the couple appearing in the best costume—the D. A. R. patronesses to be the judges. Also, a prize of \$10 will be offered to the couple putting on the best exhibition of dancing. .

The South's Most Useful State Fair

No effort will be spared to make the fourth Florida State Fair and Exposition the most notable show of the kind ever held in the state and it will rank with the greatest expositions of the South.

Each of the more progressive Florida counties will participate and the state and Federal governments will lend their assistance in interesting and instructing with most extensive exhibits. The usual Fair attractions will be offered in enlarged and refined form, giving a show of intense appeal to the people of Florida and visitors within the hospitable borders of the state.

ORIDA STATE FAIR JACKSONVILLE NOV. 18-27,1920

All bureaus of the United States Department of Agriculture will feature exhibits of great educational value. Countles, communities and individuals will have displays of more than usual merit.

Florida's development in this important field will be shown in pens of cattle, horses, swine, sheep and dairy cows that will open the eyes of the visitors and impress even our home folks.

Exhibits from poultrymen of this and other states will rival in extent these at the most important expositions in the country. Rabbits and pet stock will not be neglected. Poultry

Beys' and. Exhibits of increased educational value to the Girls boys and girls of Florida. Pig Clubs, Corn Club Work Clubs. Calf Clubs, Canning Clubs, Sewing Clubs and Dairy Clubs will command interest.

Parm Power farming and improved methods of meet-ing the labor shortage in agriculture will be exemplified. New models and late improve-ments will be of value to all who are inter-

New models and late improvements in passen-ger cars, business care and automobile trucks biles and and delivery cars will give prospective pur-chasers many valuable pointers in the selection of their motor equipment.

Noted airmen will outdo the thrills of last Aviation year and show the advances science has made, and World famous bands, a larger and better mid- Amuse-way, free acts and every type of clean attrac-tion will be provided to amuse and entertain.

The Florida State Fuir and Exposition in these Varied departments will leave competition, that will Industries insure excellent showings in all the various Wamen's activities summed up under these classifications. Wark

Low fares are offered to Jacksonville on all Special railroads and boat lines reaching the city and Rates en liberal time limit will enable visitors to re-All main over for transaction of business or for Railroads visiting friends.

Easy access to the grounds will be provided Tracks at for the exhibitor having carlots of freight, in-contact and inexpensive service to and from the Fair.
