## BLIZZARD PARALYZES NORTHEAST

### Score Known Dead In Wake Of Winter's Worst Blasts Over New England Area

(By The Associated Press)  
A paralyzing blizzard in northeastern U. S. and a severe cold wave in other sections last night left more than a score of deaths in its wake.

New York City saw its transportation system tied up for hours reported nine deaths attributed to the weather; New England which was covered by a snowfall as deep as 23 inches in some places had a like number; Pennsylvania reported six, Colorado, one and ten women lost their lives in the burning of a home for indigent at Brookville, Pa.

The northeastern storm swept over a wide area, crippling ships on the Atlantic, tying up rail transportation throughout New England and delaying the air-mail.

The weather forecast, however, had prospects of relief today in most of the most severely storm assailed regions.

Sixty miles an hour winds put cooperative shipping in distress. Thick ice locked doors in New York City and made skating rinks of streets. The New York Stock Exchange opened an hour late, and thousands of workers were much later at offices, shops and factories.

Whistling gales swept snow ranging in depth from six inches to a foot late drifts that trains between Boston and New York and in many other sections of New England, could not negotiate. Ships were battered by high winds, ice floes, and pounding waves. Lives of crews aboard were endangered.

Over practically all of the nation it was too cold for comfortable flying in the army's open cockpit ships—and for any other occupation or diversion that might take citizens away from stores and radiators. Even in sunny Florida the temperature fell below freezing. It was 31 at Jacksonville.

The sun was bright over all the South, but the wind was cold and meteorologists said a general warming up process would not get underway until late this morning.

### Yowell Funeral Rites Held In Orlando Today

Funeral services for Mrs. Susan N. Yowell, 54, mother of Arthur Yowell of this city, were held in Orlando this afternoon at 3:00 o'clock from the Carey Hand chapel. Burial was in Greenwood cemetery.

Mrs. Yowell died early yesterday morning after a long illness. She had lived in Orange county for 40 years, and she was an active church worker in Orlando, her interests in Presbyterian church activities continuing until illness prevented further active participation.

Mrs. Yowell was born in Luray, Va., and with her husband she came to Orlando in 1888. Mr. Yowell died in 1927.

Survivors include a daughter, Mrs. Margaret Barnes of Orlando, (Mrs. N. P. Yowell) and H. R. Yowell of Orlando, Arthur Yowell of Sanford, and W. D. Yowell of Daytona Beach, a sister, Mrs. E. A. Yowell of Washington, D. C., and two brothers, David and Ambrose, both of Luray, Va.

## Florida Is Host To Over Million And Half Visitors From All Over Nation, World

TALLAHASSEE, Fla., Feb. 21.—Florida has a million and a half visitors within her gates this season in the opinion of State Hotel Commissioner James B. Sullivan, who has returned to his office after an absence of six weeks visiting the various tourist centers of the state.

Commissioner Sullivan estimates that there are now 40 percent more visitors in Florida than at any previous time in the state's history, and because of the fact that Florida over-built during the previous high tourist season so as to avoid inadequate housing, facilities for living are far less difficult to secure than the previous

## U. S. SAID AIMING AT UNIFICATION OF BANK SYSTEM

CINCINNATI, Feb. 21.—The Roosevelt Administration is determined to build a nationwide banking structure which will be "the pride and not the apology of every American," J. F. T. O'Connor, controller of the currency, said here yesterday.

The chief of the bureau of the currency reviewed the many problems that must be overcome, pointing out that there are 49 different banking systems in the nation. He called attention to the two authorities, federal and state, which charter banks, and said this system sometimes operated to the disadvantage of having too many institutions.

"No bank," O'Connor said, "is too small."

## Roosevelt Policies Praised At Meeting Of State Democrats

JACKSONVILLE, Feb. 21.—(AP)—William W. Howe, vice-chairman of the Democratic National Executive Committee today told the Florida Executive Committee of the organization that "As yet we have had only a beginning of a system characterized by the NIA, AAA and the rest of the alphabetical series which are symbols of well being."

Howe was pinch-hitting for Postmaster-General James Farley who at the last moment had to cancel his trip here because of the press of official business in Washington.

Howe praised the Roosevelt Administration, and defended its legislative program before the largest crowd of Florida Democrats ever to attend a committee meeting.

## Wynkoop Trial Jury Finally Completed

CHICAGO, Feb. 21.—(AP)—The jury for the second trial of Dr. Alice Wynkoop, accused of the murder of Rheta Gardner Wynkoop, her daughter-in-law, was completed today in the court of Judge Harry Miller.

The 63-year-old defendant said at the opening of the session that she felt "terrible," declaring that she "was not as strong as I thought I was," and expressed gladness that a holiday tomorrow will prevent the court session.

## 4000 CHICKENS BURN

SANFORD, N. C., Feb. 21.—(AP)—Fried chickens in a favorite dish in the South, but this was poor consolation to Dr. E. W. Hunter, whose poultry houses burned the other night and burned 4000 chickens to a crisp.

## HOUSE TO VOTE ON BONUS BILL ON MARCH 12

### Roosevelt Opposition To Cash Payment At This Time Fails To Deter Its Advocates

WASHINGTON, Feb. 21.—(AP)—In the face of a definite White House warning that now is not the time for payment of the bonus, House members yesterday mustered enough signers to a petition to force a vote on the issue on Mar. 12.

Within an hour after Speaker Rainey formally announced President Roosevelt would not approve the legislation, the Luntian petition on the Patman bill to pay \$2,400,000,000 in greenbacks to the veterans was signed by the necessary one-third of the House membership.

Just as the House convened, Representative Patman, Democrat, Texas, author of the bill, put the 128th signature to the document. Speaker Rainey had returned from a conference with President Roosevelt barely in time to open the session. As soon as he could relinquish his office, he summoned representatives to his office to announce "I am authorized by the President to say this is not the time to sign."

## Frank Smith Shoots Negro Man Who Cut 3 Persons Sunday

Carlson Harris, negro employed on a CWA crew for some time, ran amuck with a knife in negro quarters on the East Side Sunday afternoon, and before he was halted by a bullet fired by Frank Smith, white employee at the Zachary Veneer Co. plant, he had cut three persons, and threatened injury to two others. Harris is in the county jail.

Harris slashed the arms and hands of Mabel Ware, negro girl, near her home on Spivey Avenue at about 4:00 o'clock Sunday. Leaving the scene, he advanced along the street toward the E. Kersey Grocery Store. Enroute he threatened James Reed and Tom Grier, negro fire workers, by placing his knife against their throats.

## Cotton Surplus Will Be Reduced This Year

WASHINGTON, Feb. 21.—(AP)—Reduction of the cotton surplus to eight or nine million bales under the Agriculture Adjustment Act in 1934, is forecast by Chester C. Davis, administrator. Testifying before a House appropriations sub-committee on the Agriculture Department supply bill, Davis said the acreage reduction program in 1933 cut production by 4,000,000 bales.

## Deny Duponts Right To Fly Over Wild Jungle

RIO DE JANEIRO, Feb. 21.—(A.P.)—Authorities at Manaus, if was reported yesterday, refused to allow Richard Dupont of Wilmington, Del., and his sister Alice to fly over hazardous jungles north of there, which Colonel and Mrs. Charles A. Lindbergh traversed in December.

## Johnson Asks Nation To Send In Constructive Criticism Of NRA, Its Codes By Feb. 27

WASHINGTON, Feb. 21.—(AP)—An appeal for criticism of NRA, by letter or in personal appearance, was made to the country last night by Hugh S. Johnson in a speech prefacing general hearings beginning next week in which operation of codes is to be studied as a basis for remaking Administration policy.

The Recovery Administration attached just one condition, NRA will not, he said, receive "unsubstantiated personal assaults," and it will take "academic conjectures not backed by facts" only for what they are worth.

## DEVALUATION OF FRANC OPPOSED BY GOVERNMENT

PARIS, Feb. 21.—(A.P.)—The weight of the government was thrown yesterday against the theory that devaluation of the franc is the best road out of the French economic muddle.

Because devaluation has been so frequently discussed recently, Louis Germain-Martin, minister of finance, went before the chamber of deputies, struggling to balance the 1934 budget, 12 o'clock today.

Silver Money

The Orlando Sentinel recently told of an interesting stunt pulled off by manufacturers in Freeport, Ill. Instead of meeting their weekly payroll with paper currency and checks as had been their custom, they handed their workers on Saturday little canvas sacks filled with heavy clinking silver dollars.

The step was taken, the Sentinel explains, to help popularize silver currency and to co-operate with the Administration in its silver policy. There is something solid and comfortable, the Sentinel says, about the feeling of a fifty dollar in your hands or in your pockets.

Everyone prefers paper currency. It is just as good. It will buy just as much. And it is far more convenient to handle. One dollar in silver might easily weigh more than \$10,000 in paper.

Weight vs. Height

The ratio between a man's weight and his height has a great deal to do with his health, we learn from life insurance companies, which are always anxious to know whether a policy-holder is able to see his own feet without looking into a mirror.

The American Magazine has made a study of 336,000 Americans to determine the relation between their weight and their health. From insurance examinations, it is shown that the ideal weights, from the standpoint of health and length of life, are as follows for various heights:

Table with columns for Height (with shoes on), Weight (Men), and Weight (Women). Rows range from 5 ft. 2 in. to 6 ft. 0 in.

SANFORD, TWENTY YEARS AGO

One of the prettiest events of Sanford's gay season was the reception given Friday afternoon by Mrs. D. L. Thrasher at her charming home on Park Avenue in honor of her two sisters-in-law, Mrs. Harry Avery Ferran and Mrs. Carl Llewellyn Ferran of Kuala, who were Mrs. Thrasher's house guests.

WHAT IS FASCISM? UNITED STATES NEWS

What is Fascism? This question is being asked these days in view of the late developments in Europe. Austria has been the scene of a serious struggle between Fascists and Socialists. Following a recent disturbance in Paris, a general strike was called. This was a protest against rumored attempts to set up Fascism there.

Italy embraced Fascism in 1922. In 1933, Germany followed suit. Fascism as a theory of government differs widely from Democracy or Communism.

Under Democracy the individual is all-important. He is protected in his right to own property and use it for his gain. He has the right to embrace the political faith he likes best, and help select those who govern.

Under Fascism the State is all-important. The ambitions and desires of the individual give way to the building up of the State. The individual owes a duty to the state under Fascism—a duty under which he may be called on to sacrifice anything, even his life.

Workers as well as those who own property are under strict control of the State. The individual may not question the power or wisdom of those in authority. A chosen few make up the governing class. It is believed that the great mass of citizens is too ignorant or too concerned with private affairs to bother about government. Speech and press are censored.

Remove seeds and juice of kumquat. Cook skins in water (changing two or three times if necessary) until tender. Drain. Chop in meat chopper. Combine juice and peel adding 3-4 cup of sugar for each cup of fruit. Boil to jellifying point.

Kumquat Preserves (State of Florida Bulletin No. 50) One pound kumquats. Three cups water. 3-4 pound of sugar. Wash well with soap and water. Sprinkle with soda (one tablespoon soda to one quart kumquats). Pour on boiling water and let stand 10 minutes. Pour off water. Rinse in three waters. Slice kumquats 1-4 inch inside, cutting seed cells. Place in kettle with water to cover. Boil 15 minutes. Repeat boiling process until fruit is tender. Drop kumquats into boiling sugar solution made by adding 3-4 pound of sugar to 3 cups of water. Boil to 222 degrees Fahrenheit. Pack in jars. Strain syrup over fruit. Seal while hot. The fruit may be allowed to "plump" in the vessel covered for 25 minutes.

They are as follows: Kumquat Marmalade Wash fruit and slice very thin. Take out seeds. Add three cups of cold water to every cup of pulp. Let stand over night. Next morning cook until rinds are tender. Add sugar, cup for cup of fruit, and let stand over night again. Next morning cook, with not more than four cups to a kettle, until fruit jellies (about half an hour). Quick Process Wash, take out seeds. Slice very thin or put through grinder with two lemons or oranges. Add water to juice to make three cups liquid for every cup of fruit. Boil 15 minutes. Add sugar, cup for cup. Boil until it jells (1-2 or 3-4 hour). Kumquat Marmalade (State of Florida Bulletin No. 50).

### Mrs. Papworth Lists Kumquat Recipes

In answer to many requests from persons in the city and county who are interested in preserving kumquats, Mrs. H. M. Papworth wife of the president of the Seminole County Chamber of Commerce, has written four recipes for preparing kumquats for preserving. Two of them were procured from the State of Florida bulletin while two others were from Mrs. Papworth's recipe book.

### RECOVER SEAMAN'S BODY

SARASOTA, Feb. 21.—(A.P.)—The body of Harold Haas, Buffalo, N. Y. seaman, was found yesterday in Sarasota bay, about two miles from the pier where he leaped from a boat and disappeared Feb. 12. A coroner's jury returned a verdict of accidental drowning. Haas, two companions said, was trying to recover an ear that had been lost from their boat.

### WAR MATERIALS REPORTED ON WAY TO EUROPE

Danger Fraught Situation Intensified By New Revelation

(By The Associated Press)

With news of a danger-fraught European situation occasioned by another Nazi demand of the Austrian government came the revelation Monday that large amounts of nitrate, useable in the making of munitions are being sent to Europe.

Shipping men in the Panama Canal Zone remarked about the increase in cargoes of nitrate and scrap iron in transit to the Azores for trans-shipment to France, Russia and England, and shipments of metals to Japan.

In Berlin Capt. Anthony Eden, British lord privy seal, was seeking a way out of the disarmament tangle in talks with Chancellor Hitler; Paris and Rome were concerned over the Austrian situation, and Vienna had a demand from Nazis for co-operation.

Hitler acted to prevent a clash between Austrian fascists and Nazis. He let it be known that Theodore Habicht, exiled Austrian Nazi leader, acted without authority when the latter delivered an ultimatum to the Austrian government giving Dollfuss eight days to take the Nazis into the Austrian government.

By deflating the ultimatum, Chancellor Hitler reduced the tension produced throughout Europe yesterday over Habicht's sensational speech which he gave at Munich.

Despite Hitler's action, Paris believes that matters have reached a point where a "show-down" between Hitler and Premier Mussolini of Italy over Austria will take place.

Informed French circles regarded Austria's political future as "obscure" and said Austria's plight is due primarily to the Hitler-Mussolini battle which has gone so far neither is able to give up now.

Newspapers in Italy attacked Germany. Referring to the three-power declaration on Saturday, they warned that Germany must not interfere with Austrian independence.

Mussolini dissolved the Nazi party at Trieste and had a German and two Austrians arrested when police found 350 bombs in the possession of the Nazis in that city.

### Educational Group Holds Regular Meet

With a full attendance of members, the Childhood Education Association held its regular meeting Tuesday evening at 7:30 o'clock at the West Side Primary School. The program for the evening was based on public school music.

At the conclusion of the program the song, "America's Blue Eagle" composed by Mrs. Stella P. Arrington and Mrs. Jane Turner, was rendered by the group of teachers present. The auditorium was decorated in a color scheme of red, white, and blue by way of observing Washington's birthday.

Refreshments were served to the following: Mrs. Stella P. Arrington, Mrs. June Turnbull, Mrs. J. C. Mitchell, Mrs. Jacob, Mrs. Helen Stephenson, Mrs. Merian St. Johns, Mrs. Irene Watt, Mrs. Quinton Brown, Mrs. E. J. Booth, Mrs. H. M. Mason, Jr., Mrs. Parks Hunter, Mrs. S. J. ## BIRTHDAY OF 1ST PRESIDENT IS OBSERVED

### Official Washington Idle Although Congress Tails With Varied Problems

WASHINGTON, Feb. 22.—(A.P.)—Official Washington had a holiday today except the Senate and House which kept ahead with manifold activities ranging from an investigation of the New York Stock Exchange to a debate on the controversial veterans legislation.

President Roosevelt planned to motor late in the day to Mount Vernon, where George Washington is buried, in commemoration of the birthday of the first president. All government departments are closed.

Richard Whitney, president of the Stock Exchange told the House Interstate Commerce committee that the proposed Fletcher-Rayburn legislation for federal control of the mart would "destroy the free and open market for securities."

An invitation was extended to Charles Francis Adams, former navy secretary, to testify Saturday before the House naval subcommittee about airplanes and engine contracts let during the Hoover administration when he was in Congress.

Thirteen Democrats joined an almost solid lineup of Republicans in a Senate revolt against the Economy Act yesterday and by a single vote put through a proposal to restore the whole 15 percent federal pay slash on July 1.

The victory encouraged the combination of Republicans and Democrats who want to go far. (Continued on Page Four)

## Plans Complete For District Meeting Of Elks Tomorrow

Anticipating a throng of visiting Elks, including Attorney-General Cary O. Lendle and Chief Justice Fred Davis of Tallahassee, members of Sanford Elks Lodge No. 1241 late today had virtually complete plans for the joint meeting of lodges at Daytona Beach, Deland, Edisto, New Smyrna, and Sanford, to be held here tomorrow night.

While a highlight of the meeting will include talks by men high in state Elks circles and the initiation of a large number of candidates, much interest is being centered in plans for the observance of three birthdays during the meeting—the 65th birthday anniversary of the founding of Elks lodges, George Washington's birthday, and Abraham Lincoln's birthday.

J. H. Hughes, G. H. Adams, and Rupert Strickland are among the men who will be initiated tomorrow night.

The entire program will be in the hands of a selected list of officers, named at a meeting in New Smyrna last week. They are: G. W. Spencer of Sanford, executive; C. E. Bealy of Deland, secretary; leading knight; L. J. Johnson of New Smyrna, sergeant; A. L. Smith of New Smyrna, lecturer; John Parkinson of Daytona Beach, chaplain; A. C. Sage of Daytona Beach, guard; E. M. Savage of Edisto, chaplain; Ed Roberts of Sanford, tiller; Charles Butler of Edisto, secretary; Matthew Slater of Lake Helen, organist; and F. C. MacMahon, reader.

These men are scheduled to meet in Deland tonight to rehearse their part in the ceremonies. The meeting will close with the serving of refreshments. Howard Overlin, secretary of the Sanford lodge, today called upon every member to plan attendance at this colorful affair.

## Otto Caldwell Will Provide Free Rides To Fair For Scouts

Through the courtesy of Otto Caldwell and the St. Johns River Line Co., every Boy Scout in this city and county who wishes to attend the Central Florida Exposition in Orlando tomorrow is invited to meet at the Montezuma Hotel by 11:00 o'clock to board one of Mr. Caldwell's large trucks and be transported to the Fair grounds and back.

Tomorrow being school children day at the Fair, they will be admitted free of charge provided they arrive at the Fair gates before noon. The Scouts are to leave here promptly at 11:00 o'clock. The truck will return for them at 9:00 o'clock tomorrow night to have them back in Sanford by at least 10:00 o'clock.

Arrangements for this courtesy were made by Arthur Branan and Julius Dingfelder of the Seminole County Boy Scout Council.

They also announced that Walter Coleman of the Coleman Office Equipment Co., has agreed to donate a fountain pen and pencil set to the Sanford Kiwanis Club of which he is a member, to be given to the outstanding Seminole County Boy Scout next June. The award is to cover a one year period.

## Hillsborough Grand Jury Fails To Find Killers Of Negro But Condemns Officer

TAMPA, Feb. 22.—The county grand jury, reporting yesterday, found no evidence of a mob or a lynching in the murder of Robert Johnson, negro, while being transferred from the city jail to the county jail by T. M. Graves, acting deputy constable, early on the morning of Jan. 30.

It also found no evidence sufficient to return an indictment against Graves, but admitted it was divided on this point. It said Graves had no commission of authority of any kind except that he was acting under Constable Hardy Graves, and condemned Graves for "the lack of precaution, diligence and courage" as well as his apparent gross negligence in protecting and defending his custody of the negro.

The jury also condemned a practice of transferring prisoners from one jail to another "at unusual hours of the night." Johnson

## GOTHAM BACK TO NORMAL AFTER STORM

### Rapid Recovery From Paralysis Of Transportation Aided By Bright Sun

(By The Associated Press) New York City and environs staggered back to normal Wednesday after the buffeting of a snow storm termed the worst in the metropolis in 35 years.

While transportation on the suburban lines into New Jersey, Westchester and Connecticut returned to approximately regular schedules, the greater part of Long Island continued snow-bound. Milk and other supplies went undelivered in many places Northport, L. I., had sustenance for only "a day or so."

But with moderating temperatures a rapid recovery from the paralysis of transportation agencies was progressing.

Many automobile arteries in the greater city continued blocked by drifts, however, the snow reaching a depth of several feet in places. Sanitation Commissioner P. Goodrich in charge of snow removal estimated the cost of the storm to the city at \$2,000,000. The sanitation department had (Continued on Page Four)

## Boy Scout Activities Discussed By Kiwanis

The needs of their growing Boy Scout troop occupied most of the attention of members of the Sanford Kiwanis Club when they met at the Montezuma Hotel yesterday, and a decision was reached to take immediate steps leading toward fulfillment of several objectives.

One of these is the annual trophy award which goes to the Scout with the year's best record. The trophy was won by Billy Zachry, and he will be invited to appear before the club at an early date.

Kiwanis, seeking funds to carry on their work among underprivileged children in the city and county, decided to take steps toward sponsoring a "honkey" baseball game here late in March. The Sanford Elks Lodge will be challenged to a game, it was decided.

Music, during the meeting was furnished by members of the Seminole Chapter Future Farmers of America string band, including Willard Connolly, John Senkarik, Harry Gustafson, and Talmadge Metts.

Those attending were David Burpee of Philadelphia as a guest, and Kiwanis C. H. Mason, who presided, Bill DuBoise, W. B. Zachry, Howard Overlin, Howard Long, B. J. Nix, J. G. Rharon, C. E. Andrews, Karl Nordgren, E. P. Deudney, W. R. Coleman, Jos. L. Maronetta, B. D. Hoffman, Julius Dingfelder, B. C. Moore, L. Sharp, Gordon Barnett, J. N. Whitlurst, W. A. Cooper, J. G. Leonard, Jno. D. was removed from the city jail at 2:35 A. M. The report, issued after an investigation over a period of three weeks, said the jury desired to consider any additional evidence that may be produced, and indicated the case is not formally closed. It was commended by Judge W. T. Harrison of Bradenton, presiding in circuit court, for its willingness to continue.

"I join you gentlemen in all that you have said about this Robert Johnson case," said Judge Harrison. "It is deplorable, not only for Hillsborough county, but for the state as a whole. This case should not be dropped, but should be pursued so long as there is any chance of solving it."

The jury outlined its work in attempting to place responsibility for Johnson's death and its consideration of an indictment.

## Johnson Says 30 Hour Work Week Cannot Be Applied To Industry As General Rule

WASHINGTON, Feb. 22.—(A.P.)—Hugh S. Johnson, who has asked a lot of questions of other persons during the last few months, answered a few himself yesterday, during the course of which he told a House plied to industry.

He went to the labor committee early in its hearing and sat by while Gerard Swope, president of General Electric, voiced similar views against Chairman Connerly's 30-hour work week bill. Both he and Swope took the attitude that hour reduction should come through the more flexible operations of NRA codes.

Johnson told the committee he thought the NRA "a much more flexible and intelligent way" of reaching the problem of workers' hours because so many circumstances had to be taken into account.

"My opinion from nine months' experience in watching the codes go by," he explained, "is that you couldn't apply a flat rule in industry. Such a law would be acceptance only if it were made just as flexible as it is now. You've got to maintain a flexibility to prevent an untoward result that you or nobody would want to have."

"The complaints that have been coming in from the small industries have been chiefly not of any monopolistic tendencies of the codes but that they could not sustain under the shorter hours" (Continued on Page Two)

## FRUIT FLY BILL GIVEN APPROVAL BY SENATE BODY

WASHINGTON, Feb. 22.—(A.P.)—Doubt that there ever was a Mediterranean fruit fly in Florida, and an intimation of senatorial belief that the government's \$6,000,000 effort to eradicate the pest was "for the interest of some other citrus growing sections" were expressed yesterday before the Senate agricultural committee.

These opinions were voiced by Senator Trammell (D., Fla.), and Chairman Smith (D., S. C.). In securing a favorable report on Trammell's bill to appoint a board to receive claims from growers whose citrus groves were damaged during the two-year campaign that started in 1928.

## Johnson's Request For NRA Criticism Released By Board

Officials of the local NRA Compliance Board released this morning the following statement which was sent them by General Hugh Johnson at Washington:

"Beginning Feb. 27, there will be an open hearing in Washington for public complaint, criticism, and suggestion on any aspect of NRA and codes and agreements thereunder."

"Beginning Mar. 5, the code authorities of 500 industries under codes or about to adopt codes will be gathered in Washington to consider all complaint, criticism or suggestion thus or otherwise received."

"The purpose of both meetings is to bring the industrial and labor organization under NRA as near to perfection and general satisfaction as possible with justice to all concerned."

"Those not able to attend may submit what they have to say in writing."

"The meeting of practically the whole of American industry through representatives and their discussion with government, labor and consumers' representatives with a view to constructive national action in an emergency was never before possible because of lack of organization seven or eight million separate employers can no more act intelligently and in unison than a mob can, but the heads of 500 hundred organizations can act under governmental control as easily as a congress man."

"The significance of these conferences is so great that information of them should be carried to every part of the country."

"This communication is being sent today as a letter to every one of the 5,000 committees that worked on the Blue Eagle campaign and wired to each of our state directors. Each state director is requested to get in touch with all avenues of public information in his state to explain and announce these steps. Each local committee is requested to utilize every means at its command to saturate the locality with this information. Action in both instances must be taken without delay as the public meetings begin on Feb. 27."

## Belgium Pays Final Tribute To Dead King

### Thousands Gather For Solemn March From Palace To Crypt In Church Near Castle

BRUSSELS, Feb. 22.—(A.P.)—Belgium buried her king today—Albert the valiant.

Kings walked in the funeral procession and so did commoners. A hundred guns salved and church bells tolled.

Behind wooden barriers a crowd that in places was back to a depth of 250 yards watched the solemn march.

Some likened the funeral of Albert to that of the world's remaining monarchies, high officials of Democrats, and leaders of the allied armies escorted the king's coffin from the Grand Palace to a crypt at a little grey church near the royal castle at Laeken.

Brussels became a vast camp for the sad occasion. Thousands of visitors of every circumstance spent the night in the streets to obtain good vantage places along the route of the procession.

True to Belgian custom, no women took part in the ceremonies but 30,000 or 40,000 Belgian (Continued on Page Two)

## MIAMI JOBLESS DEMANDING FOOD FROM CWA BOARD

TALLAHASSEE, Feb. 22.—(A.P.)—The Civil Works Administration yesterday was faced with reports from Miami that unemployed persons there were "demanding food or work, or both," while Marcus C. Fagg, state executive officer, said he expected some "repercussions" when 20,000 men are dropped from the payroll Friday.

Reports from Miami on the situation there, were based upon a telegram which L. L. Lee, city manager, sent here Tuesday to C. H. Reeder, Miami city commissioner, who came to attend a meeting of the State CWA Advisory Council.

"Unemployed dropped from CWA flooding back to city and (Continued on Page Three)

## CWA Heads Spend Night Cutting Down Quota Of Workers

After an all night conference, executive officers of the local CWA this morning had completed the task of reducing the county's quota of workers from 788 to 484, under orders from Tallahassee, and the 294 men and women who have had to be cut from the payroll were scheduled to have been notified early this afternoon.

Messengers and field workers connected with the local CWA administrative office spent the morning delivering the following message to the 294 persons who will be out of a job after tonight:

"Carrying out instructions received from CWA headquarters in Tallahassee, we regret to advise that it will be necessary to drop you as a CWA or CWS worker as of Thursday, Feb. 22."

When the list of workers had been studied and names had been erased, it was disclosed that 283 names had been removed from the rolls of those persons working on CWA projects, and that 13 names had been removed from the list of those working on CWS projects.

Suggestion was made this morning that the 294 persons affected by the new order should register at the Federal Re-Employment Office as quickly as possible so that they might be available for any jobs that may be placed at their disposal through that office.

Heads of the re-employment office on Magnolia Avenue again appeal to all employers of labor that the services of the office be taken advantage of. Names of more than 1300 persons now employed are on file at this office, together with much detailed data as to the qualifications of each worker. There is no charge for the service, and employers needing laborers of any kind will be given every co-operation.

## MUCH GOLD IS MINED

TJUANA, Mex., Feb. 22.—(A.P.)—More than 2000 ounces of newly-mined gold, the largest amount accumulated for shipment from here in many years, was sent to San Francisco yesterday. It was "hand picked" in gold fields in the Alamo district, Baja, California, about 80 miles east of Ensenada. At current prices the 2000 ounces are worth about \$80,000.

## Fletcher Completes 25th Year In Senate

WASHINGTON, D. C., Feb. 22.—Congratulatory letters by the score were arriving at the offices of Senator Duncan U. Fletcher of Florida here yesterday as the veteran legislator was observing his 25th anniversary as a U. S. senator.

The letters will be presented in a bound volume to the senator at a testimonial dinner to be held on his honor here Mar. 1.

The committee on arrangements announced yesterday that to be included in bound volumes, congratulations must reach suite 317 in the Senate office building, on or before Feb. 20. They should be single page only, instructions said.

Hosts of the senator's friends are expected to comply with the committee's invitation to participate in his fashion.

## Clean-Up Campaign Will Be Discussed

Plans for the county-wide beautification campaign which is to be staged during March will be discussed at the City Hall at 3:30 o'clock next Saturday afternoon. It has been announced by Mrs. Emory Curlett, chairman of the committee in charge of the campaign.

"We need your suggestions and advice in connection with the Seminole County Clean-Up and Beautification Campaign," Mrs. Curlett appealed today in a notice that was mailed to over 60 residents of the city and county, asking that they attend the meeting on time.

Reported slain with Sandino were his former generals, Umanzor and Estrada.

## State Democratic Executive Committee Issues Call For Primaries, June 5, 26

JACKSONVILLE, Feb. 22.—(A.P.)—The Florida state Democratic executive committee issued the call yesterday for the June primaries, June 5 and 26, and made no changes in the usual off-year ballot.

No attempt was made to leave off names of candidates for circuit courts or state attorney in certain circuits as had been suggested in some quarters recently.

The committee declined to refer back to the resolutions committee, the matter of qualification for Republican candidates in the last general election.

An attempt to have the committee set up machinery for a state convention to adopt a party platform for the coming campaign was left dangling by a motion for adjournment.

Assessments for candidates was placed at two percent of the first annual salary, or compensation of the offices sought by each candidate.

Claude Pepper, of Tallahassee, immediately paid his qualifying fee as a candidate for United States senator against Frank Trammell.

The committee set the following conditions for qualifying as a proper member of the party:

## MAN FOILED IN KIDNAPING ACT HANGS SELF

### Death Came 12 Hours After He Confessed Plot To Hold Editor For \$40,000 Ransom

CHICAGO, Feb. 22.—(A.P.)—Twelve hours after he had confessed an abortive plot to kidnap Emanuel Phillip Adler, Davenport, Iowa publisher, Fred Mayo of Birmingham, Ala., alias Charles Phillips, hanged himself in a Marquette police station cell today.

He died soon after police found him suspended by his necktie from cell bars. They had called to take him before Jack Lacey alias Wyman, his alleged confederate, who was arrested today.

His dramatic confession that he plotted to kidnap Adler, for \$40,000 ransom was seen earlier as marking a new victory in the drive to end the snatch racket.

The plot was frustrated by the plucky resistance of the 61-year old publisher and bank president. When Mayo and his accomplices slugged him with a blackjack yesterday in the Morrison Hotel, Adler fought them off.

Wyman was captured this morning in a South Side hotel and taken to headquarters for grilling.

Mayo, captured a short time afterward, admitted after 15 hours questioning that he and a companion known as Jack Wyman of Des Moines planned to put Adler into a trunk and ship him to a Southside flat to await ransom negotiations.

## Forest City Group Denies Staging Of 'Indignation' Meet

Forest City residents did not stage an "indignation" meeting in that town Monday night as was reported in an Orlando newspaper Wednesday, it was stated today in a letter issued by Fred Forward, J. E. Curtis, and A. L. Hoover, officials of the Southwest Seminoles Progressive Association.

The letter, which prompted the editor of the paper to ask pardon for the inferences contained in the story sent in by a correspondent in the Forest City area, is as follows:

"The statement regarding the 'indignation' meeting held at Forest City is somewhat inaccurate. There is no such organization as the 'S. W. Seminole Voters League.'"

This meeting was the regular meeting of the S. W. Seminole Progressive Association and in no sense an indignation meeting. No mention was made of "joining up" with Orange county.

The statement that "the organization had rounded up 120 voters to date" is also somewhat exaggerated.

The "Bear Lake section," being a part of Forest City precinct, is, of course, interested in the expenditure of public money as well as all other matters of public interest.

The S. W. Seminole Progressive Association meets at Forest City on alternate Monday evenings at 7:30 o'clock. All interested parties are invited to attend. The association is working with the county commissioners and CWA committee for the furtherance of projects submitted by Chairman John Melach of the Seminole County commissioners.
