

## SANFORD'S NEW THEATRE IS NOW AN ASSURED FACT PURCHASE OF LOT MADE

Frank Miller and E. F. Lane Bought Star Theatre Lot

### PLAN NEW THEATRE

THAT WILL TAKE CARE OF ALL ROAD SHOWS AS WELL AS MOVING PICTURES

Sanford will have a new theatre, the same to be finished by January first. This is the good news that is being spread today by those who have been wanting a fine new theatre in Sanford for many years. The deal was practically closed yesterday when Frank L. Miller and Edward Lane purchased the old Star Theatre lot at the corner of Magnolia avenue and Second street from the former owner, O. P. Herndon.

Messrs. Miller and Lane will immediately form a company of local people and make it a stock proposition since so many local people want an interest in a new theatre and in a few days they will announce the incorporators and immediately get busy on plans and specifications.

As far as can be learned the new building will be 57x117 feet and will contain two nice store rooms on Magnolia avenue on each side of the lobby. The building will seat at least one thousand people and will be modern in every respect costing about \$50,000 or more if the plans call for it.

For the past ten years Sanford has needed a new theatre building, one that would take care of the many big shows that come to Florida during the winter season and one that could also play the moving pictures during the interim, one that would cater to the best and get only the best of attractions and one that would be a pride to the citizens of Sanford. There have been numerous attempts to build a new theatre but up to now none have gone straight to the mark as have Messrs. Miller and Lane and backed by their many friends and by the public in general on something tangible and something that is needed the new theatre promises success from the start.

The plans and the personnel of the incorporators of the new theatre will be given in a later issue of the Herald.

### Three American Buildings in China Struck By Shells

(By The Associated Press) PEKING, June 20.—Three American buildings in Canton were struck by shells during Sunday's bombardment of the city by gunboats of Sun Yat Sen in an attempt to recapture his stronghold. American Minister Schoonmaker asked Rear Admiral Strauss to rush protection to Canton and American gunboats are expected to proceed there. The extent of damage to American property was not stated. A protest was made to Sun against indiscriminate firing.

### BABE RUTH SUSPENDED NO LIMIT ANNOUNCED WENT BAD YESTERDAY

(By The Associated Press) CHICAGO, June 20.—President Johnson suspended Ruth. No limit has been announced pending the receipt of Umpire Dineen's report.

CHICAGO, June 20.—Babe Ruth faces another suspension or fine as a result of his conduct in the New York-Cleveland game yesterday, when he was banished from the diamond in the eighth inning for disputing a decision. President Johnson, of the American League, said today that the action he would take depended upon the report of Umpire Dineen.

Later it was announced Ruth's suspension would be for three days.

### EFFORT FAILED TO GET BONUS BILL BEFORE SENATE

WASHINGTON, June 20.—An effort to get the bonus bill before the senate failed today, the senate adoption 51 to 22 motion to lay on table the motion by Walsh, Democrat, of Massachusetts, to displace tariff bill with bonus.

### FRENCH PLAN TO CO-OPERATE BRINGS JOY

TO OTHER EUROPEAN POWERS IS FORTHCOMING NEGOTIATIONS

(By The Associated Press) THE HAGUE, June 20.—France's decision to co-operate with the other European powers in the forthcoming negotiations with the Russian soviet had a buoyant influence on the conference here yesterday. Arrangements for the meeting with the Bolsheviks were advanced by the formation of three substitute commissions. In accordance with the Genoa agreement the names of the countries represented on the various substitute commissions will be communicated to Moscow today.

France's adherence, which was officially announced at yesterday's session by M. Benoit, is not without reservation, however. The French minister read a letter saying that he had been instructed by his government to make known that France would be presented at the meeting on June 26 with the Russians and then added: "In authorizing me to make this notification the French government desires to recall that this meeting is merely a reunion of experts ad referendum; that all political questions will be eliminated from the negotiations, and that France retains her experts at any moment if the attitude of the soviet representatives appears to render it necessary."

### ROTARIANS MET TODAY AT VALDEZ

GREETED THEIR PRESIDENT WHO HAS BEEN TO CALIFORNIA TO ROTARY MEETING

The Sanford Rotary Club was glad to greet their president, D. L. Thrasher, upon his return from California today and in a few words he told them about his wonderful trip and a few of the side lights of the big convention of all the Rotary Clubs of the world at Los Angeles.

Rube Morris was down on the program for a talk on business and told some very interesting tales of his struggles here with the plants of the Southern Utilities and of the difficulties he had in trying to get the plants in shape. The Southern Utilities made more ice and led more refrigerator cars here this year than ever, they are extending their electric lights to Monroe and to Cameron City out thru the celery section, putting in many miles of water mains and gas pipes and getting ready for a big city. Their annual pay roll is between \$250,000 and \$300,000 and they are getting ready to put in a mammoth turbine to supply electric service for this part of Florida.

Ham DuBoise told of the good points in the Rotary Magazine and stressed the matter of capital and labor as this was one of the many articles in the magazine. Mr. DuBoise handled his subject with his customary good style and both talks were most interesting and greatly enjoyed.

George Phillips, of the Lake Mary Casino and Edgar Ball, leader of the band, told of the plans for a big gala day at the casino on Thursday, June 23rd and asked for a committee from the Rotary Club to assist in this big occasion when the public spirited citizens will endeavor to raise money for the band. Rotary as usual will keep up her part of all the good things for Sanford and vicinity.

### CONFEDERATE VETERANS OPEN THEIR THIRTY-SECOND ANNUAL REUNION AT RICHMOND TODAY

Speakers of Prominence Will Address the Veterans at Opening

(By The Associated Press) RICHMOND, June 20.—The Confederate veterans officially opened their thirty-second annual reunion here today. The speakers at the initial session were General Julian S. Carr, commander-in-chief, Governor Trinkle of Virginia, Dr. Douglas E. Freeman, the reunion orator, and Senator Pat Harrison, of Mississippi.

RICHMOND, Va., June 20.—All the affection and sentiment that an unforgetting community could express was today bestowed by Richmond upon the gray-clad soldiers, who from every section of the South, once more have gathered within this historic city's borders for the thirty-second annual reunion of the United Confederate veterans.

As if sensing in some measure the possibility that this may be the last time when the fast-thinning band of men, who fought for the Confederacy, will meet together in the city that once was the heart of their beloved cause, Richmond, in countless ways, is showing the veterans they are not forgotten, and that the South still cherishes with abiding pride the deeds that gave the gray armies undying fame sixty years ago.

Special trains last night and all day today arrived with veterans, their families and friends. As the old sol-

### APPROVE COMPROMISE PROGRAM TO DEFER ACTION TODAY TO SIDETRACK BONUS BILL

Several Republicans and Democrats Tried to Bring Up Same

(By The Associated Press) WASHINGTON, June 20.—The compromise program of Republican leaders to defer action on the soldiers' bonus bill until after the tariff measure has been disposed of was approved yesterday at a conference of majority senators. The vote was 27 to 11. At the same time the conference went on record as favoring final action on the bonus before any recess or adjournment of congress.

Before adopting a resolution embodying this program, the conference rejected, 30 to 9, a motion by Senator McCumber, Republican, of North Dakota, to lay aside the tariff for action on the bonus. Mr. McCumber, who has charge of both pieces of legislation, then offered the compromise resolution.

Despite the conference action, there will be an open fight in the senate to get the bonus bill up before the senate returns to consideration of the tariff measure, laid aside last week for the naval appropriation bill. Several senators on both the Republican and Democratic sides were prepared to offer a motion today that the bonus be taken up immediately, but Republican leaders appeared confident that such a motion would be defeated.

Should the majority's compromise program be put through, final senate action on the bonus probably would not come before September. Estimates today were that the tariff bill could not be brought to a vote before August 1 at the earliest, and more likely not before August 15. With senators on both sides prepared to make a determined fight on the bonus it is figured that it will take from a month to six weeks to put that measure through.

Some senators favorable to the bonus fear a filibuster if the bill goes over until after action on the tariff.

### FORTY-FOUR COALITION PRO-TREATY MEMBERS WIN IN THE IRISH PARLIMENT

UNION MEN WILL STRIKE IS OPINION

RAILROAD MEN WILL BE ALMOST SOLID FOR WALKING OUT

CHICAGO, June 20.—Formal reply to communication of ten railway unions who informed the railroad labor board the railroad strike would be authorized if the present referendum favored suspension work, being prepared by the board, it was learned today. Reply to union chiefs not to be forwarded for several days. Meanwhile union headquarters is speeding up strike vote in an effort to have it completed and tabulated by next Saturday when the general committee representing rail unions meets here to canvass the returns. Fifty thousand ballots were cast by the shop crafts employes almost solidly for a strike according to Secretary Scott, of the Railway Employees Department of the Federation of Labor.

### RETURNS SO FAR

SHOTS ARE FIRED IN VICINITY OF OFFICIAL RESIDENCE OF NEW PREMIER

(By The Associated Press) BELFAST, June 20.—Numerous shots were fired today in the vicinity of Stormont Castle, which was purchased by the Ulster government as the official residence of Sir James Craig, the premier, who with his wife took up their residence there for the first time last night. The officials are reticent regarding the firing.

DUBLIN, June 20.—Forty-four coalition pro-treaty members and twenty-five coalition Republicans were elected to the Irish parliament from contested and uncontested constituencies according to returns so far received.

DUBLIN, June 20.—The first count of the vote cast in Mid Dublin for parliament showed:

Lord Mayor O'Neill, independent pro treaty, 9,467 votes; Alderman Byrne, pro treaty, 7,800 votes; both elected.

Northwest Dublin: R. I. Mullenby, pro treaty, 8,362; Philip Cosgrove, pro treaty, 6,119; both elected.

There are four seats to be filled in each case.

Eamonn de Valera announced yesterday morning that he would not issue his expected statement on the new Irish constitution today. He said he had only received the full official text of the document yesterday afternoon.

BELFAST, June 20.—It developed later the attack on the premier's home was more serious than at first reported. Several bullets struck the building where Craig and his wife were sleeping.

PERSONALS

Good old summer time.

And no frost is on the pumpkin as yet.

Sanford is coming right along and everyone knows about it.

Those who did not know about it were told by The Daily and Weekly Herald.

The many friends of Capt. P. M. Elder, the genial postmaster, will be sorry to learn that he is ill at his home on Oak avenue with influenza.

Real estate is changing hands so fast these days in Sanford that one can hardly keep up with it. And every time it changes hands it makes money for the owners.

There are still some vacant lots in the city that ought to be sold by the owners to some one who would build on them or the owners ought to build on them. There is no place here now for vacant lots.

Mr. and Mrs. Staten Fields have arrived in the city and will be the guests of Mr. Field's parents, Mr. and Mrs. W. T. Fields at their home south of the city. Mr. Fields will engage in farming and expects to make Sanford his home again after an absence of many years.

It is rumored today on the streets that the old Star Theatre location at the corner of Second street and Magnolia avenue has been sold to local men and a new theatre will be started on this property in the next few weeks. The Daily Herald will give all the facts about the transaction in tomorrow's issue. Another big thing for Sanford.

Lawrence Jernigan is here for a visit with his brother, Perry, of the H. & O. Garage Mr. Jernigan has been in service in the Panama Canal division, where he was 1st sergeant in the headquarters detachment. He was put to work as soon as he arrived, as Perry is opposed to anyone (except himself) being without constant and steady employment.

The many friends of W. J. Thigpen are glad to see him back home after several weeks spent in John Hopkins hospital at Baltimore. Mr. Thigpen had a number of operations while away but will have to return some time in the fall to finish. Meantime he is back at the old business of insurance and real estate and will be glad to see his friends at any time.

Dr. and Mrs. E. D. Mobley and daughter, Georgia, are back from a trip to Tampa, where they visited friends and relatives and Dr. Mobley attended the State Pharmaceutical society annual meet. Dr. Mobley was honored by being elected vice-president of the association, and the next meeting will be held in Eustla. Dr. Mobley says everybody is talking about Sanford and the marvelous growth of this city.

BITE OF BARRACUDA CAUSES DEATH OF GIRL

(By The Associated Press) ST. PETERSBURG, June 19.—Miss Dorothy McClatchie, high school swimming star, was bitten to death Saturday afternoon by a barracuda while swimming a mile off the Municipal pier.

Miss Mary Buhner, also a high school star, towed the injured girl more than half a mile before her cries for help were heard. A boat was sent out and she was brought to the pier but died before they could get her to land.

"Kiss me, Mary, my leg is gone and I am gone," Miss Buhner said the McClatchie girl told her when the fish attacked her. She fainted into the arms of Miss Buhner, who started to tow her to shore, more than a mile away.

Miss Buhner collapsed last night and is under the care of a physician. It is the first time on record that a bather has been attacked with fatal results in local waters.

(Note: Miss McClatchie took part in the aquatic meet at Rollins college last April.)

GOVERNOR SMALL WILL OFFER NO EVIDENCE IN TRIAL

WAUKEGAN, Ill., June 19.—Governor Small will offer no evidence in his own behalf at his trial for conspiracy attorneys for the defense announced today but will rest on the evidence of the prosecution. The announcement was a surprise as it was expected the defense would require two or three weeks.

Sanford is one of the busiest cities in Florida. It intends to keep busy all through the summer months.

Not all the teachers of Florida are taking a play vacation, or even a restful one. Some are regaining their health after the long, tedious term in this climate.

Five hundred Florida teachers are taking the summer course for teachers at the Florida College for Women.

The summer school at the Florida State College for Women was opened Wednesday morning with about 500 teachers, mostly women, in attendance.

These teachers have a hard course of study ahead of them for the next two months, and they are to be congratulated on being willing to quit their teaching work and to spend months in mid-summer to better equip themselves for the services expected.

The school teacher has many duties, and there is no class of people on earth who give more for salaries received than do these people.

Those men and women who figure the \$60 to \$150 a month paid teachers in this state lose sight of the fact that it is for but really eight calendar months, and are four full months on the first day of which bills payable come due, and come in, and bills receivable are unknown.

In addition, these teachers have to keep themselves up to date of their own, and gathering talk of removal.

The people of the state should consider well before they criticized or hinder the teachers of Florida, when

SENATE TO SLICE \$50 DUTY OFF OF POTASH FOR FARM

WASHINGTON, June 20.—There was practical assurance here yesterday that the efforts of Senator Dial of Georgia to have potash placed on the free list instead of going through the tariff bill with a duty of \$50 a ton, as the Smoot bill placed it, have been successful and that hundreds of thousands of dollars will be saved the farmers this way.

When the present tariff bill was made public and it was ascertained that the Republicans would place this enormous duty of \$50 a ton on potash there was a storm of protest from many parts of the country. It was a crushing and most exorbitant duty and one that would practically make it prohibitive for many farmers to use potash at all.

Both the senators named today had succeeded in getting amendments to do away with this duty and either make the "protection" of a small, graduated nature, until a period of five years had passed at which time it would be "free."

Senator Dial said he considered this one of the most important steps which could possibly be made for the agricultural interests of this country. Farming must be encouraged, he said, and the people taught to produce more of the things we consume at home, else we can never get back to a normal condition.

Senator Harris is equally as well pleased at the outlook of having potash on the free list. His state, Georgia, is one of the big agricultural producers and it was no time, he claimed, to place this staggering and wholly unnecessary burden on a people struggling under most oppressive economic conditions.

While those two southern senators took the initiative in this matter, and while their efforts help their respective sections, they also help all the agricultural people of this country.

No better work could possibly be done for the people generally than the taking of this step and the results which will follow with this burdensome duty removed.

WELLESLEY HILLS, Mass., June 19.—With the news full of strikes, threatened strikes and labor unrest, Roger W. Babson, statistician today issued the following statement regarding general industrial situation: "For some time," said Mr. Babson, "business in the East has been languishing. There has been no revival of the textile and other strikes in New Hampshire, Massachusetts and Rhode Island, business conditions in New England, New York State, and Pennsylvania would be very good today. During the past year, the Central West has been the weakest spot in the business situation. The abrupt drop in the price of grains, live stock, and other farm products led the agricultural sections of our country in a very bad condition. You will remember the Farmers' Conference at Washington and various forms of aid enacted by congress and different state legislatures.

The rise in agricultural products, however, which occurred a few months ago, accompanied by the good weather conditions of the past few weeks, has made the farmers feel very much better. Reports which I am receiving from correspondents in the west are truly encouraging. This applies not only to the agricultural districts but also to the mining and lumber business. Even the automobile industry, which is such a factor throughout Ohio and Indiana, is feeling much more encouraged. Of course, the union coal fields are quiet, but the non-union fields are more active each week. The cut in freight rates should help the coal and lumber business. The demand for cotton continues strong and the South is gradually feeling better. This better feeling throughout the West and South is reflected by the improvement in the business of the mail order houses. The customers of the mail order houses are largely in the rural districts. This shows that the farmers have again begun to buy. This is very gratifying and is one of the reasons for the continued strong stock market.

"Owing to the change in the foreign trade situation and the sale of foreign bonds in this country, sterling exchange is much stronger. Although it may be only a temporary improvement, the whole foreign situation looks better than it has looked for some time. Private advices tell me that a settlement is being approached between Germany, England and France, regarding the German reparations. If this is so, it should be distinct impetus to business, both by causing Europe to buy from this country and giving this country confidence to loan Europe. Although no change has taken place in the Russian situation during the past week, yet signs even in Russia are favorable at the moment. For the first time in many years, things look somewhat brighter in Europe.

"The strike situation in New England is gradually clearing up. The strike in Providence is about over, and production in all the mill cities is gradually increasing. It is believed that mills will have all the men they need after the Fourth of July. Another factor helping the mill situation is the fact that many of the disaffected employees are getting into the shops. There is considerable demand for common labor today. Many of the striking employees from the textile and other mills have been able to get a satisfactory wage in connection with the building and other trades. Thus there is very little suffering or hardship in these mill cities. The strikes may never be officially declared off. They may be ended by the mill owners securing other employees from the country districts, who have never before worked in the mills, and by the old mill workers getting into other lines of activity. The strike is developing largely into a swapping of jobs. So far as the general welfare of the country is concerned, this is as satisfactory a situation as could be expected. The average business man is primarily interested in having people employed, and little difference for whom individuals work.

"I prophesy that the threatened railway strike will end by the men shifting jobs. These men engaged in the maintenance of way, are largely men who have not been able to secure positions in trades. Under present business conditions the cut is justified, as these men could not secure elsewhere a wage equivalent to what they are now paying them. If, however, business begins to improve this summer, and the demand for labor increases, it is very probable that the best of these maintenance-of-way men will get positions in the building and other trades while

WORST FLOOD IN HISTORY OF THE RIO GRANDE EXPECTED

SAN ANTONIO, Tex., June 20.—Possibility of the worst flood in the history of the lower Rio Grande valley is seen in an unconfirmed report that the San Juan river in Mexico is on a third rampage and that its flood waters may enter the Rio Grande at the same time that the flood waters which passed Eagle City Sunday night reach Rio Grande City.

If the report is true and the waters of the San Juan joins that of the crest of the Rio Grande flood federal weather observers here believe it will produce a flood unparalleled in the history of the valley.

The flood in the Rio Grande which carried away the wagon and the railroad bridges at Eagle Pass Sunday night has passed that town and high water is beginning to be recorded at Laredo.

As far as can be learned there has been no loss of life in the Rio Grande flood unless it is on the Mexican side.

OUTLAWS ATTACKED JAP-LOGGING CAMP NEAR VLADIVOSTOK (By The Associated Press) TOKIO, June 20.—Outlaws attacked Japanese logging camp about 300 miles from Vladivostok and it is feared that all the Japanese were massacred. A Japanese warship has gone to the scene of attack.

THE CHINESE TROUBLES ARE ALMOST OVER—SECTIONS ARE UNITED

(By The Associated Press) PEKING, June 19.—General Chen Chung Ming, formerly civil governor of Kwantung provinces, whose troops seized Canton Friday, announced today that the so-called Canton government has been liquidated and that henceforth Canton would unite with the north in recognizing the old republican parliament. Dispatches from Canton describe the collapse of the southern government as complete. Sun's military forces have been completely routed. Chen Chung Ming's forces, commanded by Vechu, suddenly surrounded Canton, seized the fort, invaded the city, and marched upon the palace.

The fall of the southern leader is said to have been the result of an agreement between Wu Pei Fu, dominant military chieftain of northern China, President Li Yuan Hung and Chen Chung Ming, formerly Sun Yat Sen's supporter, but who later came out in favor of a republic. Unless Sun is able to retrieve his lost authority it is believed that Chen Chung Ming's coup will result in many southern members of the old republican parliament proceeding to Peking and constituting the necessary government quorum to put that legislative body in legal motion again.

One dispatch from American sources in Canton declares that Sun's bodyguard continued to hold the presidential palace in the face of the results of Yeh's troops, after their leader had taken refuge aboard a gunboat and departed for Whampoa. Another report said that Chen Chung Ming's forces, commanded by Vechu, suddenly surrounded Canton, seized the fort, invaded the city, and marched upon the palace.

RELEASE BOY WHO SHOT AND KILLED JACKSONVILLE MAN

(By The Associated Press) JACKSONVILLE, June 20.—Herman Rawls, 16 year old boy of Columbus, Ga., slayer of George C. Smith, member of the city fire department, was ordered released from custody by Circuit Judge D. A. Simmons, who held habeas corpus proceedings in behalf of the boy yesterday afternoon. Judge Simmons, after hearing arguments and testimony, declared no jury would convict the youngster.

The alleged attempt at hold-up occurred when the boy became lost in the streets of Jacksonville. He was taken to the home of his uncle, who accompanied him and offered to show him the way.

The youngster's story that he overpowered Smith and took his gun was for sharp questioning by officials investigating the case. Smith, who was shot in the chest, was a trained athlete of the fire department force, the officials called upon him to demonstrate his self-acquired art of self-defense. This youngster did by handling burly policemen in apparently easy fashion.

The Morris Phosphate Mine at Barrow is the only one that has been running at full force in that section since its completion some two years ago. It is expected however, that all the other mines near there will soon have a full complement of men again, to furnish fertilizer so necessary for the growth of all kinds of plants.

Those attending the meeting were Presidents F. O. King, Orlando; Robert Garrol, St. Petersburg; E. H. Armstrong, Daytona; C. Henley, Lakeland; Marcus Conant, Jacksonville; Director S. B. Denton representing Tampa.

THREE ARE ARRESTED BY SHERIFF'S OFFICE FOR SUNDAY SELLING

After failing to secure warrants from County Judge Julian L. Hazzard on indictments from the grand jury on information filed against certain alleged violators of the so-called "Sunday blue laws," Sheriff W. C. Spencer made three arrests yesterday. The three cases will be made test cases, Sheriff Spencer stated, and in the event convictions

Peculiar Story Told By Youth on Murder That Fooled Police

Jacksonville Man Was Killed by Boy of Seventeen in Self Defense

JACKSONVILLE, June 19.—Geo. C. Smith, member of the city fire department, whose body with a bullet wound above the heart was found in the railroad yards Wednesday morning, met his death when he attempted to take advantage of a youngster just arrived in the city, according to a story told by Homer Rauls, 16, of Columbus, Ga., who surrendered to the authorities Saturday.

The youngster was held pending an investigation, while authorities asserted they were strongly inclined to believe him.

Smith had apparently been dead several hours when his body was found near the union depot by a railroad switching crew early Wednesday morning.

Young Rauls, who was accompanied by his relatives and an attorney when he surrendered Saturday afternoon, said he was employed by the Central of Georgia railroad at Columbus. He came here Tuesday morning to visit his uncle, G. B. McElroy, foreman in the boiler department of the Seaboard Air Line shops. His mother followed him the next day.

Tuesday night the youngster said he decided to come up town. When he started to return he lost his way and found himself near the union station.

In this predicament he was accosted by Smith who asked the location of a certain hotel. The youngster replied that he was a stranger and himself needed information. Smith offered to start him in the right direction so his uncle's home and to do so they set about to cross the railroad yards as a means of saving time. When deeply in the yards Smith confronted him with a pistol and ordered the boy to give up his money. The lad, much smaller in stature than Smith, gripped with him. Subsequently Smith was tripped and fell to the ground, the boy coming from the struggle with his assailant's pistol. He fired and ran home. For two days he says he kept his secret, brooding all the while at the turn the official investigation into Smith's death was taking. Two men and a woman had been arrested.

Thursday, the youngster confessed to his uncle and mother. At first not believing him, they were brought around to the fact realization, and then other members of the family were summoned to determine the course of action. This course Saturday led to an attorney, who suggested that the boy immediately surrender.

Of the three arrests in connection with the case, no charges were placed against R. L. Hunt and F. A. Williams, while authorities indicated they would release Mrs. Estelle Gilder, a waitress. Hunt is said to have been a traveling salesman. Mrs. Gilder's arrest comes in the belief that she knew something of the man's death.

Smith was married and had two children.

The race will be twice around a three mile triangular course and will be sailed about 2:30 p. m. at Yalaha on the south shore of Lake Harris.

TEN STATES HAVE NEW TRAP CHAMPIONS.

(By Peter P. Carney, Editor National Sports Syndicate.)

This is a tough year for the big time champions of the sport of trap shooting.

Year in and year out the trap-shooting championship in quite a number of states have been won by some one of two or three men, but this year a lot of the champions have failed and in their places we find a lot of new names. The names may not be new in the trapshooting world but they certainly are new from the standpoint of winning championships.

Alabama T. R. Alexander won the title in Arizona, Joe Steed in Georgia, H. J. Foster in Indiana, W. Baird in Mississippi, R. W. Thompson in Missouri, W. C. Dempsey in New Jersey, M. S. Haines in North Carolina, L. P. Hael in Tennessee, McGannick Hayes in West Virginia, Ira Williams. Unless we are greatly mistaken none of these have ever before won a shooting championship.

Aycock in Florida, Heer in Oklahoma, Cairns in Kansas, and Tappan in Nebraska, who have won championships in the past, repeated. Championships are being decided every week in the United States and Canada and when the final results are in there will be so many new names among the champions that it will look as if a lot of old timers had cashed in. There are just as many new faces among the doubles champions as among the singles. "Tackhole" Lee after winning the doubles title in Alabama for three years was displaced. The fact that a lot of new champions are with us this year will do a wonderful lot of good in the clay target game, for it will give a lot of confidence to others who have never been able to hang it on the veterans.

Some remarkable shooting is being done this year. In the Oklahoma state shoot "Pete" Miller broke 378 straight and Frank Troch broke 3341. Troch and Miller each broke 543 targets out of 550. Boyd Duncan has

been going like wildfire in the Southern states, making the highest run in three and being high over all in two.

Outer Beauty—Inner Strength

Beneath the beauty of a skyscraper stands a skeleton of steel—hidden, yet holding the great structure together for all time.

Under the weatherproof surface of Flex-A-Tile Giant Shingles lies a base of genuine Richardson felt—hidden, yet giving tensile strength without which surface beauty cannot last.

The best obtainable materials, and all the skill of more than 50 years' experience are built into every piece of Richardson felt. Scientific manufacture is primarily responsible for the long life of Flex-A-Tile Roofing.

This superfine felt is first thoroughly saturated with natural asphalt; then asphalt-coated on both sides. That is why Giant Shingle roofs offer perfect resistance to heat, cold or moisture from above or beneath.

FLEX-A-TILE HOUSE TOPS

Outer beauty is added to this inner strength by a layer of genuine slate from our quarries at Flex-A-Tile, Georgia. The rich, natural green of this special slate blends beautifully with any surroundings and any type or architecture. It cannot be imitated, because nature produced it and age has mellowed it.

Flex-A-Tile Giants give to a roof, whether new or old, an appearance of strength and permanence that adds to the beauty of the entire house. And they are better adapted for laying right over the old roof covering than any other type of asphalt shingles.

SOCIETY

MRS. FRED DAIGER, Editor, Phone 217-W

SOCIAL CALENDAR

Tuesday—Mr. and Mrs. Albert Pinckney Connelly will entertain at a reception and dance at their home on Magnolia ave. in honor of Mr. and Mrs. Lee Hawkins Connelly.

Tuesday—Mrs. Percy Mero will entertain the members of the Sans Souci Bridge Club.

Friday—Seminole Bridge Club will meet with Mrs. Fred S. Daiger, Jr. at her home on Fourth street, at 3:30 p. m.

Saturday—Mrs. J. D. Woodruff will entertain in honor of Mrs. Hawkins Connelly a recent bride.

Monday—St. Agnes Guild will meet with Mrs. Paul Biggers at the home of Mrs. Zinsner on Palmtoe avenue at 3:30 p. m.

Miss Pattie Lyle had as her guest for the week end, Mrs. Marks, of Lakeland.

Mr. and Mrs. W. M. Bloom, of Palm Beach, arrived in their car yesterday and are the guests of their niece, Mrs. Paul Biggers.

Mr. and Mrs. H. T. Parker, of Tulleahoma, Tenn., are the guests of Mr. and Mrs. L. Y. Bryan at their home on Palmtoe avenue.

Mrs. G. A. DeCottes returned to her home in Jacksonville Sunday after a very pleasant visit here as the guests of Mr. and Mrs. George DeCottes.

Mr. and Mrs. I. T. Thrasher and daughter Louise, left this morning in their car for Waynesville, N. C., where they will join Mr. and Mrs. F. S. Daiger, of Tampa, and spend the summer.

D. L. Thrasher returned home yesterday afternoon from Los Angeles, Calif., where he attended the International convention of the Rotary Club. He also visited places of interest in the West, and enroute home stopped over at the eastern markets to buy goods.

JENNY SPAULDING CIRCLE The Jenny Spaulding Circle met last week at the home of Mrs. Godwin; this week the meeting will be with Mrs. Herbert Speer at her home opposite Ross Court, Wednesday afternoon at 3:40 p. m. All members are urged to be present.

ST. AGNES GUILD PICNIC One of the most enjoyable picnics given this season was that of yesterday given by the members of the St. Agnes Guild at Lake Mary.

The members met at the home of C. M. Hand on Park avenue, and motor to the lake in cars and a large truck.

The afternoon was merrily spent with bathing, music and other things, and late in the afternoon a picnic supper consisting of every thing that goes to make up a perfect picnic supper, was served at a long table placed in the pavilion.

Among those enjoying this affair were Mrs. R. W. Pearson and children, Mrs. Kessler and baby of Jacksonville, Mrs. W. M. Belding and Betty Belding, Mrs. Howard Overlin, Mrs. Paul Biggers and son Paulie, Mrs. Bloom of Palm Beach, Mrs. M. Minarik and children, Mrs. Chris Matthews, Mrs. Archie Betts and Charles Betts, Mrs. C. J. Marshall and son, Mrs. Clarke Leonard, Mrs. Thomas F. East and daughter, Mrs. Gwynn Fox and children, Mrs. A. W. Lee, Mrs. Fred S. Daiger and son, Fredrick and Rev. A. S. Peck.

Controversy on the Haitian and Dominican intervention policy divided both parties. The Republicans, Senators Borah of Idaho, Johnson of California, Ladd of North Dakota, La Follette of Wisconsin and Norris of Nebraska, supported Senator King's withdrawal amendment, and four Democrats, Senators King, Overman of North Carolina, Walsh of Massachusetts and Walth of Montana, voted in its behalf. Another amendment by Senator King to cut the marine corps from 19,500 men to 17,500 men was rejected without a record vote.

FT. PIERCE REFUSES TO CLAMP DOWN THE SUNDAY LID (By The Associated Press) FT. PIERCE, June 20.—Disregarding the warnings of Sheriff Ruffner to clamp down the Sunday lid, Fort Pierce business houses whose custom it is to remain open on Sunday did business as usual last Sunday. Deputies from the sheriff's office took names of those who kept open and these names will be turned over to the county attorney, it was announced. The later has stated that he will not prosecute such cases.

BOY SCOUTS ENTERTAINED. The Boy Scout troop of the Baptist church was entertained at a watermelon cutting at Crystal lake by Scouts Acry and Andrew Carroway. Two cars and a truck left the church at 7 p. m. under the direction of Scout Master Haddock, Assistant Scout Master S. M. Carroway and

WOMEN'S CLUBS OF ALL THE STATES ARE AT CHAUTAUQUA

(By The Associated Press) CHAUTAUQUA, N. Y., June 20.—Several thousand women, representing every state in the Union, have gathered here for the biennial convention of the General Federation of Women's Clubs, which opens today and will continue for ten days.

Many prominent persons have accepted invitations to speak during the sessions. These will include Thomas A. Edison, Will H. Hays, Count Ilya

Tolstoy, Hanford McNider, commander of the American Legion; Hugh S. Cummings, surgeon-general of the United States; Simon Flexner, of the Rockefeller Institute for Medical Research; and Judge Martin J. Wade of the United States district court.

The convention convened this morning and will be formally opened tomorrow evening with Mrs. Thos. G. Winter, of Minneapolis, president of the General Federation of Women's Clubs, delivering the welcoming address. Mrs. Percy V. Pennybacker, president of the Chautauqua Women's Club and hostess to the convention, also will speak.

The program embraces a wide variety of subjects for discussion. These include international relations, public revenues and expenditures, American citizenship, the problem of the ex-servicemen, child welfare, motion pictures, the elimination of illiteracy, public health, education, art, literature, music and science.

Plans for the purchasing and furnishing of a \$200,000 home in Washington, D. C., to be used as a national headquarters of the federation, are meeting to be completed during the session.

The biennial election of officers also will be held. Mrs. Thos. G. Winter is a candidate for re-election to the office of president without opposition. Others are Mrs. W. S. Jennings, of Florida, vice-president of the general federation, who is a candidate to succeed herself; Mrs. George Plummer of Chicago, for second vice-president; Mrs. James E. Hays, Georgia, candidate for recording secretary; and Mrs. Florence Floore, of Texas, for treasurer.

MISS McCLATCHIE IS LAID TO REST (By The Associated Press) ST. PETERSBURG, June 20.—Miss Dorothy McClatchie, who lost her life Saturday as a result of being attacked by a monster fish while swimming in the bay here, was buried today. Hundreds of persons attended the funeral, one of the largest ever held here. Flowers were dropped on the grave from the air by Albert Wh
