## Fire Destroys Altamonte Springs Hotel

### Early Morning Blaze Damages \$125,000

By CHARLES SOMERBY  
An early morning fire of undetermined origin today razed the 70-year-old, three-story Altamonte Hotel at Altamonte Springs. Total damage including many valuable antiques in the lobby of the leveled main building amounted to approximately \$125,000 according to Town Clerk Leslie Bryan.

The 70-year-old Altamonte Hotel in Altamonte Springs was reduced to a heap of rubble early this morning despite the efforts of five departments from as far away as Sanford. The blaze was at its peak when the picture at the top was taken. In the picture immediately above an unidentified fireman directs his hose on the blaze.

### President Declares Unrest Is Spreading Behind Iron Curtain

WASHINGTON (AP)—President Eisenhower said today unrest seems to be spreading like wildfire behind the Iron Curtain.

This demonstrates that people who have known freedom are willing to sacrifice life itself to regain it, the President told a news conference.

He ruled out, however, any active support by the United States in the satellite countries.

Eisenhower also said he believed with very deep conviction that a satisfactory conclusion of the Korean war will be worked out.

He described the present negotiations with South Korean President Syngman Rhee as a confused situation, but said Americans should not be discouraged.

Eisenhower added quickly that these differences with Rhee are very real.

On other matters the President said he believes Secretary of State Dulles can get out a clear directive making it plain what books should be stocked in the overseas information libraries maintained by the State Department.

He called his attention to the law allowing these libraries to be set up and this law makes it plain the books in the libraries should be about American life and the American system of government.

2. Described the central purpose of the forthcoming Anglo-American French foreign minister conference here as to increase understanding among the three powers on a variety of subjects including Korea, the Eastern Bloc, the North Atlantic Treaty Organization, Indochina and world trade.

And Gen. Mark Clark, the U. N. commander, called a secret conference of his top generals and admirals in Tokyo.

Washington sources indicated the showdown with Rhee might come within a few days.

The high official who talked with newsman here today said assistant Secretary of State Walter G. Robertson, Eisenhower's peace envoy, agreed tentatively to a joint U. S.-Korean walkout from a post-armistice peace conference if the Reds attempt to win advantages they could not win on the battlefield.

### Showdown Seen On Rhee Refusal To Accept Plan

SEOUL (AP)—President Eisenhower's peace emissary postponed his sixth meeting with President Syngman Rhee today amid predictions that a showdown is coming soon on Rhee's stubborn refusal to accept a Korean armistice.

### President Signs Control Bills In Hurried Move

WASHINGTON (AP)—President Eisenhower signed into law today two bills pushed to the White House on an emergency basis last night to keep alive housing and economic control programs which expired at midnight.

In the normal course of business several days elapse between final congressional action and the presidential signing.

One of the bills extends several housing loan guarantee and insurance programs for a year.

Among other things it gives Eisenhower the power to order easier terms on moderate-priced homes bought with government-guaranteed mortgages.

The second bill, the rent control act, required down payment on a \$12,000 house is 20 per cent but under the law Eisenhower could cut that to 5 per cent, and extend the mortgage repayment time from 25 years to 30.

Mrs. Clara Jobe, executive secretary of the Seminole County Health Association, will take a three-week leave of absence beginning Monday.

Mrs. Jobe will take her annual two-week vacation after the course and will be back at her desk on Aug. 17. In the absence of Mrs. Jobe, the association office will remain open until July 17 with Mrs. J. H. Hall in charge.

However, the tuberculosis office will be closed for one month from July 17 until Aug. 17. All business pertaining to the TB Association will be handled by the County Association President Marion Harman during the time the TB office is closed, Mrs. Jobe stated.

Government Seeks Reversal Of Award  
TAMPA (AP)—The government asked federal court Tuesday to set aside award of \$10,000 in veteran's insurance to two Watchala women on grounds a check which purportedly reinstated the insurance originally was sent in for the account of another man.

Mrs. Anna V. Conner, mother of William Milton Conner, and Mrs. Helene Wilson Conner, his wife, received the award. Conner died Aug. 6, 1948.

Draper Is Optimistic As He Calls On Ike  
WASHINGTON (AP)—William H. Draper Jr., just-retired U. S. special representative in Europe, called on President Eisenhower today and described himself as "reasonably optimistic" about conditions in Europe.

"I believe that eventually the European Defense Community will be ratified," Draper added in a brief meeting with reporters.

Draper, whose resignation from the European post took effect yesterday, said he plans to go fishing and then return to private business in New York.

### Senate Votes End To Foreign Aid In 1 Year

WASHINGTON (AP)—The Senate today voted to end the Mutual Security Administration July 1, 1955, and stop actual foreign aid starting one year later.

The amendment was adopted by voice vote with no objection. It had the support of acting Republican leader Knowland (R-Calif.) and Democratic Sens. M. A. (Mike) Monroney and George (Giz) Murphy, ranking member of the Senate's foreign relations committee.

"From now on I will not support any program for mutual security," George said. "The only way for Europe to stay on its own feet is to let them find a way themselves to do it."

The MSA has conducted U. S. foreign aid since 1951. It succeeded the Economic Cooperation Administration, known as the Marshall Plan.

The administration had requested the program be continued to 1958. The committee cut this to July, 1956.

Today's action came as the administration pushed hard to win final approval of the pending \$3.8-billion program for this fiscal year without cuts.

### New Governor Of Girls' State To Take Office

TALLAHASSEE (AP)—Newly elected Florida Girls' State governor Rosalyn Lebowitz, 16, will be inaugurated today and will begin her administration by delivering a message to the youth legislature.

Miss Lebowitz, who won every body vote, defeated Pat Henderson, Tampa, in a general election Tuesday after counting the nomination of her nationalist party over seven other candidates in the primary.

Mrs. Henderson, a federalist, had two opponents in the primary.

The new girl governor comes from a political neighborhood in Ocala. She lives next door to Florida House Speaker C. Harris Bryant and her best friend is the daughter of former State Senate President Wallace E. Sturgis, who lives just down the street.

Truman Takes Usual Walk Despite Heat  
NEW YORK (AP)—Former president Harry S. Truman today took his customary early morning walk despite a hot 78 degree temperature.

He never once slackened his pace in the humid heat, and left several well-wishers behind as he covered nearly a mile in 33 minutes.

When Truman reached Rockefeller Center, an NBC announcer in the walking party, asked the former president to appear on the Dave Garroway TV show, "Today."

On the show, Truman said he attributed his good health to his early-morning walks. He also said he intended to remain in New York for two or three days more.

Adenauer Reports On Red Execution Toll  
BONN, Germany (AP)—Chancellor Konrad Adenauer told the West German parliament today the Russians and the East German Communists had so far executed 62 persons in reprisal for the anti-Communist revolts in the Russian zone.

He said another 25 persons had died in the riots and that 25,000 persons had been arrested.

"These dead will go down in German history as heroes," the chancellor declared.

Ward C. Cornelius Is Given Parole  
TALLAHASSEE (AP)—Ward C. Cornelius is free on parole today from the five-year prison sentence he received for the Tampa slaying of a divorced Baptist preacher who sloped with his 15-year-old daughter in 1948.

Royal Pair Arrives For African Jubilee  
LONDON (AP)—Queen Mother Elizabeth and Princess Margaret arrived by Comet jetliner in Britain's South African colony of Rhodesia today to join in celebrations of the 50th anniversary of the birth of Cecil Rhodes, the colony's founder.

FUNERAL RITES SET  
Funeral services for Evaristo Del Rio, who died following an automobile accident on Saturday, will be held at 8:30 p. m. today at the Evergreen cemetery with the Rev. A. G. McManis, pastor of the First Presbyterian Church, officiating.

By CHARLES SOMERBY

The rough time that farmers in Seminole County had during the season lasting from July 1, 1952 until yesterday can be clearly seen in the sharp decrease in the Florida products during the past 12 months. Sandy Anderson, manager of the Sanford State Farmers Market, almost took his breath away yesterday when he gave us the following statistics with the product listed on the left by the number of units handled first in 1952 and then in 1953: collards (dozen bundles), 15,439 and 1,422; mustard greens (bushel baskets), 14,000 and 2,347; turnip roots (bushel baskets), 9,951 and 741; turnip tops (bushel baskets), 14,827 and 922. That's a decrease from 64,981 to 6,919 in the space of two seasons. "All of which," he pointed out, "has ruined many of our grow farmers and their families to exist on fish and grits this winter."

Mrs. Sallie Barber, director of the publicity committee for the Central Florida Rabbit Breeders' Association, was visitor in the office yesterday. She wanted to issue a blanket invitation to everyone in this area to attend the regular monthly meetings of the association. The next session is July 7 at 7:30 p. m. in the Hidden Heights Community House in

own Ursinus. During the July meeting, there will be a rabbit bench show to be judged by the members of the club. The group publishes a monthly magazine entitled "The Rabbit News" which the Herald receives. Anyone with rabbits as a hobby is invited to drop into the office and look the publication over.

Now something yesterday we hadn't seen since our last tour of duty in Korea and that was a colored mammy and her little daughter walking down First Street carrying bundles on their heads. Now all we have to see to wonder what country we're in is a bearded old gentleman striding down the main drag with an A-frame on his back. For those who don't know what that contraption is, we'd suggest they consult any of the veterans. Actually, though, carrying heavy loads atop their heads gives the Japanese, Korean, and Chinese a bad name. In the practice, posture which would put many of our own slouching females to shame.

The past weekend was cleanup time in the Somertimer household, and while browsing through some old magazines we came across a brochure entitled "Sanford—Your Open Door to Baseball Fame." While we were sports editor up in Ogdensburg, N. Y., on the St. Lawrence River, the Class C ball club of that community was a farm club of the Giants and managed by Russ Wein, whom local fans will remember as one of the coaches at the Giant camp there. There are several pictures in the folder, and it was interesting to compare the pictures of the old stadium then and now. Officials in charge of the Club were: Carl Marshall, president; and Hal O'Brien, manager.

Some streams have been in the habit of drinking beer and soft drinks at the City Softball Field and leaving the party cans and bottles lying around. The City has decided to put a stop to this practice by placing a sign at the park entrance. By banning cans and bottles from the area, the park will be a cleaner and more enjoyable place.

### State Agencies Start Operating With Big Balance

TALLAHASSEE (AP)—Florida's state agencies and institutions today started operating with the biggest surplus in their history as a new business year opened with a 50 million dollar cash balance in the general fund.

The record general appropriations act and other expense allowances totaling 352 million dollars which the recent Legislature authorized for the next two years became effective at midnight.

They carried with them pay raises for school teachers and most state workers, higher payments for most needy old age assistance beneficiaries, more money for operating expenditures and authorizations for a record construction program of nearly 40 million dollars.

The pay raises won't show up on salary warrants until the end of the month. New buildings won't get started in any volume for several months—after priorities are established, plans drawn and contracts awarded.

### Tampan Will Get New Trial On Charge

TAMPA (AP)—Eloy Ramirez will get a new trial on a rape charge because a juror said he didn't realize a verdict had to be unanimous.

A circuit court jury convicted Ramirez, 31, two weeks ago of raping a spastic victim. Sentence had not been pronounced.

GRASS FIRE  
City Firemen extinguished a grass blaze at 2114 Summerlin Avenue at 9:30 a. m. this morning, it was reported by Fire Chief M. N. Cleveland.

Members of the National Aeronautics and Space Administration's lunar team, who will participate in "astronaut" training for the moon landing, were at the airport today as they prepared to take off for Korea from the National Airport in Washington. In the foreground are Maj. Gen. Frederick R. (Dick) Egan, chief of the mission, and Col. Gene Anger, executive officer. (International)

## Ranch Of Herman Morris Begins 7-Week Summer Session For Boys

By KENT CHITLAIN  
The 4,000-acre M-Q Ranch, owned and operated by Herman E. Morris, principal of Seminole High School, opened its seven-week summer session for boys Sunday near Osteen.

The combination ranch, camp, farm, hunting and fishing preserve will be the outdoor paradise for over 50 youths during the next seven weeks. For the past two weeks 45 girls between the ages of nine and 15 attended the first session, camping, fishing, swimming and having the time of their lives.

The extensive camp is in the

center of a vast pine woods sprinkled with 21 natural sand bottom and spring-fed lakes of various sizes and shapes. The campers sleep in one of 10 cabins with a foreman, or counselor. Besides the cabins there is a "cook house" where they eat, a "trading post" and the headquarters where Mr. and Mrs. Morris live throughout the summer supervising the various and sundry activities.

The M-Q Ranch, derived from the Morris' last name and the word Quartette from the number in the Morris family, is located approximately 14 miles northeast of Sanford about five miles north of Osteen.

DR. CHOUGH FUNG OK, leader of the main opposition party to Dr. Syngman Rhee, was arrested while fleeing from Seoul in the wake of an attack and leading by pro-Rhee youths. Dr. Chough is being held in "protective custody" by military police. (International)

### Game Commission Sets Up Its Budget

TALLAHASSEE — The State Game and Fresh Water Fish Commission today set up an operating budget of \$1,872,000 for the new business year.

It is \$113,200 less than the budget under which the agency operated during the fiscal year that closed Tuesday.

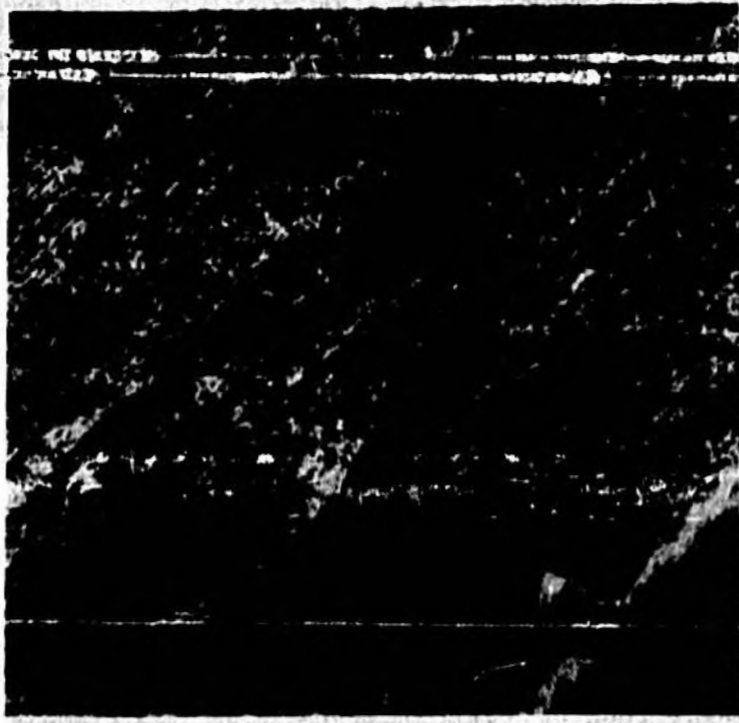

The commission expects to establish an emergency reserve of about \$175,000 by holding its operational expense below the anticipated revenue and cash carry over from the old year.

The agency is supported by receipts from sale of hunting, fishing and trapping license plus federal aid funds.

### Truitt Says Innocent To Assault Charge

MIAMI — Charles Edward Truitt, 35, has pleaded innocent to a charge of assault with intent to murder a Miami Beach night club snake dancer.

He was arrested last week after witnesses told police he shot and wounded Thelma Rose Humphrey, 21, known professionally as Mickey Rhee, following an argument in a hotel lobby.

HUNGRY COWS WANDER over a scorched pasture near Dallas, looking for feed and water. Many pastures and ranges in the Southwest have been ravaged by high temperatures and lack of rain. Meanwhile, Ezra T. Hanson, Secretary of Agriculture, announced emergency measures to ease the economic distress spread throughout parts of drought-stricken Texas, Oklahoma, Kansas, Colorado and New Mexico.

### East Germany Reported Cutting 125,000-Man Army By 50 Per Cent

BERLIN — Communist East Germany today reported slashing in half its 125,000-man army which so signally failed to put down the recent workers' revolt.

The move appeared designed to free men and money for the Red's announced new program to placate the East Germans with more consumer goods.

Reporting this, the Socialist-led West Berlin newspaper 'Telegraf' said over 60,000 of the Soviet-trained soldiers would be sent back to industrial jobs by July 15.

The East zone army failed dismally when it was sent into action against the June 17 revolt. After Russian armored forces intervened to put down the rebellion, German soldiers were put on police duty under Soviet command.

The force reportedly slated to be cut in half is the Kasernierte Volkspolizei (KVP), an organization separate from the 100,000-man Volkspolizei or people's police. The KVP is completely militarized and has undergone infantry training since 1949.

A vast reduction in armament expenditures had been ordered by East Zone Premier Otto Grotewohl's regime on the eve of the uprising. The cutback apparently will be carried out now despite the anti-Communist discontent still seething in East Germany.

# Sen. McCarthy Asks Report On Books

WASHINGTON (AP)—Sen. McCarthy, (R-Wis.), called on the State Department today for a report on the banning of books from U. S. overseas libraries, which some critics have denounced as "book burning."

McCarthy and his Senate investigations subcommittee reopen their library investigation today into what the senator terms some authors' "alleged Communist connections."

He told reporters the once-suspended hearings are being reopened to "end the confusion in the minds of some people," and "to make very clear the type of books we feel should not be used."

McCarthy made public a letter to Dr. Robert I. Johnson, who heads the State Department's information and propaganda program, inviting him to come before the subcommittee "at your earliest convenience" with a report on why books are being banned, and why.

How it happens that Whitaker Chambers' book "Witness," a denunciation of Communism, and some other "effective writings exposing communism" are among those removed.

At a news conference last week, Johnson declined to name the authors whose books have been removed. He said all copies of about 300 titles have been taken from the overseas libraries, but conceded the purge effort has been marked by confusion induced in part by 10 separate directives since February.

# Intelligent People Suddenly Go 'Daffy' With Arrival Of Spring

By CYNTHIA LOWRY  
AP Newsfeatures Writer

A woman of my acquaintance announced recently that she is contemplating the life of a hermit during a period of some six months each year—the pleasant months. During this time, she complained, all of her friends turn into a species of human she classified as the "outdoor here." She added:

"As soon as you people feel the first warm sunshine, you start getting like a bunch of blithering idiots. You caper around as though you were bewitched."

She glared at me as I sat absent-mindedly scratching some recent spider bites and trying to remember the name of that new squarish lotion.

"All of you are perfectly sane, intelligent human beings who follow orderly, pleasant lives until the day when you spot your first daffodil. Then you're completely misanthropic."

"In the first place, there's no carrying on any conversation. You may be in the middle of a very interesting discussion, and all of a sudden a strange man comes into your eye, and you rise, command attention and force everyone to speak up to look at some dear little bird carrying some nesting straw into that big elm tree. The maple, the elm is over on the other side—or hauling us out of comfortable chairs to inspect a clump of shy marigold in the middle of some bog, or bringing up strange bugs for identification."

She seemed particularly bitter about our determination to include her in our enthusiasm.

"I don't really care if you outdoor lovers want to knock your sleeves out digging in the garden, swinging golf clubs or killing yourselves chasing some ball around a court, and dear, do you really think your figure is good in shorts? But I do wish all of you wouldn't gang up trying to make me appreciate all this. I do not like to take sunbaths and I do not want to get a nice deep tan. I do not like gardening, golf or tennis and although I am fond of looking at flowers, I'm perfectly happy to look at them in a vase. I also do not like to sit in the shade of a tree. Sun always sneaks down through the leaves and hits me on the nose, and nasty bugs which bite always climb down

# Indiana Bank Robbed Of Sum By Casual Thug

EVANSVILLE, Ind. (AP)—The East Side branch of the Old National Bank was robbed of about \$20,000 yesterday by a gunman who relaxed in a swivel chair while a teller scooped the money into a bank bag.

The gunman, carrying either a shotgun or a submachine gun and wearing a summer suit, sport shirt and snap-brimmed hat, was calm and cool as he forced four bank employees and a half dozen customers to lie on the bank floor.

He allowed only the teller to remain on his feet as he emptied cash drawers of small-denomination bills. W. C. Roney, bank manager, quizzed the gunman as saying:

"I have a car around here. The best thing for you folks to do is lay there 4 or 5 minutes." Then he left saying, "Thank you," as he stepped through the door.

Japan Will Observe Landing Of Perry

TOKYO (AP)—The 100th anniversary of U. S. Commodore Matthew Perry's landing in Japan will be celebrated July 19.

John H. Allison, U. S. ambassador to Japan, will speak at Kurama, where Perry first set foot on July 4, 1853.

# Red Batteries Give U. S. Slip 'Kick In Pants'

TOKYO (AP)—This happened off North Korea June 23 but the Navy did not make the incident public until today.

The U. S. destroyers Gurke and Endicott and the Canadian destroyer HMS Athabaskan had wrecked two locomotives and strings of rail cars when enemy shore batteries punched hell after Navy described as "a neat little hole" in the Gurke's fantail, and set off the following conversation:

Athabaskan to Gurke: "Sorry you got kicked in the backside."  
Gurke to Athabaskan: "Now everyone will know which way we were going when we got hit."  
Endicott to Athabaskan: "Don't you think that patch on the Gurke's rear end looks like an advertisement for band-aids?"  
Athabaskan: "Nothing like a kick in the pants to pep one up."

# Another Day Of Blistering Heat Predicted

By The Associated Press

Another day of blistering hot weather was indicated for most of the nation today. No immediate relief was in sight.

Hot, moist air from the Gulf of Mexico spread across most of the eastern two-thirds of the nation and millions sweltered in the heat and most humid weather of the summer season. Skies generally were clear.

Temperatures headed for the 90s and higher over wide areas of the scorched belt after a night of unseasonal readings. Record highs for the date were set yesterday in many areas.

Rain brought at least temporary relief in some areas. Rain and wind storms in Michigan and Wisconsin last night resulted in the deaths of seven persons.

In Hentswood, Mont., a near cloudburst caused an estimated \$300,000 damage to crops and property. Two persons were drowned and 400 others were forced from their homes as the cloudburst raised the tiny Elder creek 20 feet in 20 minutes.

# No Immediate Drought Relief Seen For Southwestern States

AMARILLO, Tex. (AP)—Southwestern cattlemen, divided in their opinions of administration moves against the deadening drought, faced further bad news today from the Weather Bureau.

A hotter-than-normal July was forecast in Central and Western states with dry conditions continuing from the Southwest into the Central plains.

Four years of searing heat and sub-normal rain have so damaged the great southwestern livestock ranges, the President declared them a disaster area.

Livestock men's comments on administration plans to help them ranged from "a step in the right direction" to "a drop in the bucket."

The government announced a 200 million pound beef buying program yesterday. It is designed to support slumping cattle prices.

Other relief measures: 1. President Eisenhower designated 152 counties in Texas and 40 in Oklahoma where stockmen are eligible to share in an eight million dollar drought relief fund.

2. The Interstate Commerce Commission yesterday gave rail authority to reduce freight rates on carload shipments of hay, feed and livestock to and from drought areas in Texas, Oklahoma, Colorado, New Mexico and Kansas.

NEWSMEN CROWD AROUND Joseph Laniel in Paris as reports spread that the 64-year-old farmer-businessman from Normandy was about to be approved as French Premier by the National Assembly. Laniel, who had agreed to attempt formation of a French Cabinet after a tough government crisis, refused to talk.

# Education Leader Asks Freedom Of Expression In U. S. Schools

MIAMI BEACH, Fla. (AP)—A plea for freedom of expression in American schoolrooms as a continued "bulwark of democracy" was made today by Sarah C. Caldwell, president of the National Education Association.

The Akron, O., schoolteacher made her plea in a speech prepared for the 6,000 delegates at the NEA convention. Resolutions condemning censorship of teachers, meanwhile, were being read to present to the convention Friday.

"In our free public schools, we have the true instrument of human progress," said Mrs. Caldwell. "But such progress can continue only when the climate is right—when the air is cleared by forthright, open discussion."

"Censorship is a weapon of the totalitarianism. Freedom of expression is the bulwark of democracy."

Before Mrs. Caldwell spoke, the NEA Commission for Defense of Democracy Through Education drew up a resolution to condemn "book burnings, purges or other devices which restrict freedom of thought" in classrooms in the United States.

The government announced a 200 million pound beef buying program yesterday. It is designed to support slumping cattle prices.

Other relief measures: 1. President Eisenhower designated 152 counties in Texas and 40 in Oklahoma where stockmen are eligible to share in an eight million dollar drought relief fund.

2. The Interstate Commerce Commission yesterday gave rail authority to reduce freight rates on carload shipments of hay, feed and livestock to and from drought areas in Texas, Oklahoma, Colorado, New Mexico and Kansas.

# Two Warrants Issued In Hunt For Missing Boy

STURGEON BAY, Wis. (AP)—Two first degree murder warrants were issued yesterday as the manhunt was pressed for 14-year-old James Duranly, sought in the grisly killings of his friends and next-door neighbors, Mr. and Mrs. Sumner Harris.

There was no new clue to the whereabouts of the husky youngster, who had been a student at the Westmont, Ill., Catholic seminary. He had been notified two weeks ago he could not return next fall because his grades were too low.

The son was missing from his bedroom yesterday morning. His parents found a note: "Dear Mom, I killed Mr. and Mrs. H. You can call the police and let them in Michigan because that's where I'm headed."

Police found the mutilated bodies of Harris, 53, a newspaper and radio executive, and his wife Grace, 50, in their blood-soaked ransacked house. The Harris' 1949 sedan was missing, a bloody 8-inch knife and James' rory clothing were found in the Duranly yard.

# Plans To Better Mail Service Discussed

WASHINGTON (AP)—The Post Office Department says it has conferred with representatives of the railroads, the airlines and the trucking associations on plans to improve mail service and reduce costs.

One of the several proposals before the department, informed sources said, calls for air movement of all or most first-class mail going long distances and movement of short-haul mail by truck.

# 800 Men Wait In Line For Jobs As Laborers

NEW YORK (AP)—Eight hundred men, some of them in line since last Saturday, waited overnight to apply for 180 city laborer jobs to be filled today.

The jobs, paying \$3,100 a year, will go to the 180 physically qualified applicants. Others will be placed on an eligible list.

# 30 Dead In Korea

WASHINGTON (AP)—The Defense Department today identified 180 Korean War casualties in a new list (No. 200) that included 30 dead, 120 wounded, 11 missing, 9 captured and 15 injured.

# No Security Slip On Weapons, Official Says

WASHINGTON, D. C. (AP)—The Army Robert T. Stevens says there "actually was no security slip" when the existence of new U. S. weapons was disclosed by publication of testimony given the House Appropriations Committee.

Development of a new tank killer came out in the testimony made public last Thursday, as well as increase in the range of the atomic cannon.

But Andrew Berling, Defense Department chief of information, said that in the view of the department's security review branch "there was definitely security involved."

# Poison Conviction Upheld By Court

MONTGOMERY, Ala. (AP)—The Alabama Supreme Court yesterday upheld the poison conviction of Mrs. Earle Dennison and ordered her electrocuted Aug. 21.

The 33-year-old nurse was convicted of killing her infant niece, Shirley Diane Weldon, 2, in May, 1952, with an arsenic spiked soft drink at nearby Wetumpka after insuring the child for \$5,500.

The unanimous decision is the first time the supreme court has ever ordered the electrocution of a white woman in Alabama.

It has been estimated that expanding U. S. populations will require available acreage in the nation to produce 28 per cent more by 1975 in order to maintain present standards.

# Japan Proposes Talks On U. S. Aid

TOKYO (AP)—Japan has proposed talks with the United States on an agreement for American assistance under the mutual security program.

Foreign Office sources said they thought talks would begin by the end of this week or early next week.

# Oilmen Rally To Aid Stricken Neighbors

WICHITA, Kan. (AP)—Kansas oil men rallied to the aid of their drought-plagued cattleman neighbors today.

Tom Orr, executive secretary of the Kansas Independent Oil and Gas Association, said drilling crews and equipment will be sent out in an effort to tap water in the normally lush grazing lands of Butler, Greenwood, Wilson, Woodson, Coffey, Lyon and Chase counties.

John Ed Arm appealed to the oil men yesterday for such aid.

Efforts will be made not only to drill water wells but to pipe water from rivers and streams to farm ponds and tanks.

# Vanderbilt Sheds His Fifth Wife

RENO, Nev. (AP)—Cornelius Vanderbilt Jr., son of the late great railroad builder, divorced his fifth wife yesterday.

His attorney said the 55-year-old millionaire "has no plans whatsoever for future marital adventures."

Vanderbilt broke his latest marital tie with Patricia Murphy Wallace Vanderbilt, 33, on grounds of extreme cruelty. They were married at Greenwich, Conn., in 1948.

# Frontline Communist Speaker Is Optimistic

SEATTLE (AP)—"Our true committee has agreed. We will be going home soon," a Chinese Communist front line loudspeaker blared over the Western Front today.

## Road Courtesy Will Pay Off

While 4,485 men died on battle fronts in seven years of the American highways this year, several hundred of them while celebrating the independence their forefathers won 175 years ago.

With this thought in mind we would like to point out the urgent need for observing all the safety factors available in reducing the number of accidents and keeping the death and injury toll at the lowest possible figure.

The question has been asked if it does any good to keep reminding people of all the things to do to make driving safer. The reasoning is that everyone is conscious of the dangers, we all know what to do and what not to do, so why bore the reader with advice he's already had and with warnings he probably won't heed.

This sounds like a sensible argument but we can't help believing that some time, some where, and some how a little reminder might result in an accident being avoided and might save just one single life. If this is so it is worthwhile to caution motorists to ponder the hazards they face before setting out on a weekend excursion.

There are so many things we know we should do to make the weekend drive, we will not make a long list like not speeding, liquor drinking, passing on a curve or hill, driving with faulty brakes, and many others; but will confine our suggestion to just one factor in motoring which we hope will do a little good. That one factor is the matter of courtesy.

If a person is courteous he will not be angry and impatient, he will not try to reach his destination by beating everyone there, he will not hog the road or crowd other cars, he will stay a respectful distance behind the car ahead, he will dim his lights, he will stay on his side of the road he won't be drunk, he will act like a gentleman and the chances are he will get home safe and sound.

## Hammarskjold Is Big Headache

The copy desk, where Times headlines are written for news stories asks if we have any bright ideas as to what can be done about the gentleman who has succeeded Trygve Lie as secretary-general of United Nations — Mr. Hammarskjold. A one-column, fair-sized headline in The Times is limited to about 12 units, units being letters other than M, W and I, the former two being a unit and a half each and the latter half a unit. Mr. Hammarskjold's name is 13 units, a problem indeed for gentlemen used to writing "Ike or "FDR" or even "Liz" (for Trygve).

Of course, in our contact with such office agencies as the copy desk we usually take the position that our bright ideas in such matters are trade secrets for which there should be some return in kind—and the present inquiry included no offer of return, either in kind or in cash. We generously went so far however, as to explain in print how to pronounce Mr. Hammarskjold's name, explaining that the best that could be hoped for was "Harrorshild," a Dane or a Swede promptly telephoned that we would have been closer if we made it "Hammer-shield." He pronounced it his way, which really wasn't "Hammer-shield" or "Hammer-shielded" but it didn't help. Others of varying nationalities said if we know how to say "Hammer-shielded" or "Hammer-shielded" we'd bet closer, but we flunked there too. However, as to the headline problem, the best we can do for the copy desk—at least until some of that "in kind" is produced—is to offer this little poem by Helen Corn Smith in the Wall Street Journal:

Copy desks are desperate  
For headlines brief to star  
A name not as condensible  
As Ike or FDR—  
Trygve Lie was easy but  
Brave hearts are being chilled  
In the struggle to abbreviate  
UN's Dag Hammarskjold.

Shucks, the last line doesn't even rhyme the way we say it!—Shreveport Times.

## TODAY'S BIBLE VERSE

Sharing multiplies our substance. Charity draws compound interest to all eternity, so long as memory endures. There is a lad here with five barley loaves and two fishes, but what are they among so many.—John 6:9.

Frankly we would rather have something to eat now than food "out of this world."

The New York Yankees have lost eight in a row and already there is more talk about the strange things that have happened since those atomic blasts took place in Nevada.

A newspaper photograph shows Harry Truman getting his hair cut in New York by Casper Dittinger. The last time Mr. Truman got trimmed in the Empire State, the barber was named Eisenhower.

The government is developing a new plan for the control of materials in wartime which could harness industry for defense purposes within a month after mobilization is ordered. The only trouble with this is that in the next war a month after mobilization will be one month too late.

We have been taking with a grain of salt all the predictions of economic experts about future trends until we just read that 59 men camped on a sun-baked Manhattan sidewalk to beat the rush for 180 laborers' jobs that wouldn't be available for two days. We have revised our thinking and must admit there are ominous signs that the old days may be near at hand.

Because rats were eliminated from a certain California city, fleas are now feeding on the next best thing which happens to be human beings, much to the chagrin of city officials. All of which reminds us of that little poem:

Big fleas have little fleas  
On their backs to bite 'em  
And little fleas have lesser fleas  
And so ad infinitum

Fourteen residents in a Japanese town burned to death in a fire which broke out in a theater where part of the population had gathered to celebrate the installation of electric lights in the town. Japan is listed as one of the modern nations of the world and it should make Americans appreciate their blessings more when they read about a public celebration over the advent of electricity.

John Reginald Halliday Christie, who confesses he killed at least seven London women, now plans to appeal to the Queen of England in an effort to escape the gallows. Ordinary run-of-the-mill murderers don't usually make such appeals but when you are involved in some monumental crime like the Rosenberg case or the London strangler murders, it seems to be the fashionable thing to seek clemency from the highest places.

The executive vice-president of the United States Steel Corporation advises industry to make greater use of its advertising "Sunday muscles," basing his opinion on the thought that hard selling will be necessary if the astronomical output of farms, factories, and services are to be absorbed in a receding economy. The opportunity to profit by judicious advertising is always present, when things are good and when they're bad, but it is usually when things aren't so good that the realization suddenly dawns that advertising is the prescription for ailing business.

## SERVICE WITH A SMILE

SAM DAWSON

## Lively Business Pace Seen For Rest Of Year

NEW YORK (AP)—Business steps into the second half of the year at a lively pace, most business men are betting that Christmas will find that pace slackened only slightly if at all.

The only signs of recession are in a few persons' heads, the president of an Eastern railroad scoffs. Bankers expect business to hold at a high level during the second half and see no "immediate indication of a slowing down," the American Bankers Association reports.

Government economists insist that after the usual summer lull—with many plants closing for mass vacations and retail business will pick up in the fall and keep to a fairly fast clip the rest of the year.

This optimism of the majority isn't universally shared, of course. Four supports of the boom in the past are being watched now for economic signs of trouble: production, housing, farm income, and defense spending.

Auto production—Hitting a record high in the first half—may slow down by fall, although the big companies deny this. Used car dealers already are complaining of slow sales and growing inventories.

Home appliances—Also doing a record business, much of it with Detroit—say orders on their books will keep them busy to the end of the year. They report no slowdown yet in orders from auto production.

Home building is slowing down just a little. Some in the building industry expect that it will be harder to find mortgage money and interest charges will be higher. Construction costs won't ease much. Demand for new homes won't be as pressing. Old homes will sell at lower prices.

Business, on the other hand, plans in the next three months to top by 13 per cent last year's expansion of plants and equipment. Farm income will be smaller this fall than last, but for most farm products are lower than a year ago. And huge surpluses of some commodities weighing the market. Already makers of farm machinery are cutting back production schedules.

Defense spending will continue high—the big hangover of appropriate budget cuts—shorten the work week, or even mean layoffs.

Jobs will be at a peak this summer, but could be a little less plentiful by year's end. The work week may shrink, bringing down average weekly earnings from their present record high of \$71.05. Wages increased this spring and summer have been a little more modest than in previous years.

Personal income, rising through the first half, isn't likely to go up much more. The pace was definitely slower at the end of the year.

The cost of living is fairly stable during the first half—likely to be less galling. Rents and services may be a little more costly, but not much.

## Civil Rights Case Will Be Re-Opened

MIAMI (AP)—State Attorney George Brautigam plans to reopen the case of Paul Mimick, Homestead policeman, who was acquitted Friday on a charge of violating the civil rights of a Negro he admitted shooting to death.

Brautigam's decision was made by jurors who acquitted Mimick on the civil rights charge prompted him to act and that he will consider possible prosecution of the officer.

Bernard G. Broder, a lawyer, said the acquittal was voted because there was no way to get around the instructions of Florida judges.

## Rescue Workers Probe Wreckage Of Hotel Hit By Mystery Blast

QUATEMALA, Guatemala (AP)—Rescue workers probed the wreckage of a hotel and an apartment building for additional victims today as the death toll in a mystery dynamite explosion reached at least 30. Officials said the grim count may go as high as 50.

Thirty-one other persons were injured in the blast yesterday that demolished a thick concrete grocery warehouse near the city's general cemetery. The nearby adobe construction hotel and the apartment building collapsed, burying the victims.

The explosion, which shook the capital city of 300,000 set off a fire which raged through adjoining homes for four hours before it was brought under control.

An official statement said the blast was caused by a "great quantity of highly potent explosive" but they added the reasons for the dynamite being stored in the warehouse was still unknown.

Police and Army officers were investigating the possibility that it may have been connected with a possible plot against the government.

## Dismisal Of Kilgore Suit O. K. By Court

NEW ORLEANS (AP)—The U. S. Fifth Circuit Court of Appeals has upheld dismissal of S. L. Kilgore's suit charging former Gov. Fuller Warren and his road board colleagues in a kick-back conspiracy.

The appeals court said Friday that Federal Judge Bryan Simpson of the Southern District of Florida was correct when he threw out the case last winter on grounds it did not come under federal jurisdiction.

Kilgore charged in his suit that Warren set up a deal to rake off 10 cents a ton on materials going into state roads to repay campaign contributions. He said he was fired from his \$10,000 a year job with the Florida Crushed Stone Co. in Ocala, Fla., for opposing the plan, and asked \$300,000 damages.

## Lack Of Food Report To Be Investigated

BARTOW (AP)—County Solicitor Clifton Kelly says he plans an investigation into a member's report of a food shortage at a home for elderly people in Lake Alfred, one of six operated in Florida by the Fellowship Foundation.

Officials of the foundation, a non-profit corporation which guarantees care for old people for the rest of their lives in exchange for a stated payment, denied there was a shortage.

## Maggie Truman Gives Surprise Party For Harry

NEW YORK (AP)—Former President Harry S. Truman ended the fourth day of his New York vacation with dinner at daughter Margaret's hotel, followed by a movie party.

Truman went last night expecting to dine with only Mrs. Truman and Margaret. Instead he found himself the guest of honor at a surprise party of about 20 persons arranged by Miss Truman.

They later saw a preview of a film biography of Gilbert and Sullivan.

## New Harvard President Hit By McCarthy

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) says Dr. Nathan Pusey, new president of Harvard University, "has neither learned nor forgotten anything since he was a freshman in college."

"I do not think Pusey is or has been a member of the Communist party," McCarthy said in a letter to Neal O'Hara, Boston Traveler columnist, made public yesterday. But he said the new university head was among those who "Hated and contemned those who are infinitely greater for these who effectively expose and injure the Communist cause" than for Communists themselves.

McCarthy conceded that he might "not be entirely unbiased" about the educator, who formerly headed Lawrence College in the senator's home town of Appleton, Wis., because Pusey fought his reelection in the Senate.

At Appleton, Pusey commented: "When McCarthy's remarks about me are translated it means only 'I didn't vote for him.'"

## Actor MacMurray To Inherit Most Of Wife's Estate

LOS ANGELES (AP)—Actor Fred MacMurray will inherit most of the estate of his wife Lillian, who died June 22 after a long illness.

Her will, filed for probate yesterday, left her personal effects and her share of community property to her husband, \$100 each to two brothers, Milford and Beauford Wehmhoefer, and \$2,500, payable at the rate of \$100 monthly, to two sisters, Mrs. Naomi F. Levy and Mrs. Viola G. McKenzie.

The only value given in the probate petition was an estimate that the California real property would yield an income of \$2,000 a year.

## Earl Schumacher Is Attending ROTCC Camp

FORT BENNING, Ga. (Special)—Earl W. Schumacher, of Sanford, Florida is one of 50 Infantry ROTC cadets from the Texas A & M College, College Station, Texas, attending the six-week summer encampment at Fort Benning.

Schumacher, son of B. E. Schumacher, RFD 2, Box 44, Sanford, is a junior at Texas A & M College, and is a cadet Master Sergeant in the ROTC unit there.

The six-week summer camp at Fort Benning is designed to give practical application of the theories ROTC cadets study during their academic year. The course stresses leadership and includes a study of infantry weapons, tactics and techniques.

Some of the more than 2,000 cadets at the summer camp will be commissioned second lieutenants of infantry upon completion of their training. The cadets represent 75 colleges and universities in the second, third, fourth and fifth years of the ROTC program.

## New Members Named To Board Of Control

TALLAHASSEE (AP)—The State Board of Control has three new McCarthy administration appointees but holdovers from the Warren administration still have a majority on the board which administers Florida's state universities.

Newly named by Gov. McCarthy to succeed appointees of former Gov. Warren whose terms expired Saturday are William H. Dial, Orlando attorney; Fred H. Kent, Jacksonville attorney; and J. Lee Ballard, former state hotel commissioner who now is in the banking and hotel business in St. Petersburg.

Their replacements are George J. White Jr., Mt. Dora banker; Ell H. Fink, Jacksonville attorney; and Frank M. Harris, St. Petersburg banker and attorney.

## JAMES MARLOW

## Churchill's Eloquence, Courage Symbolize British Character

WASHINGTON (AP)—Sir Winston Churchill had been at the heart of the world so long it was hard to accept the sudden news that he had to take a month's rest, which meant his clock was running down.

Information from Britain about his condition has been vague. Finally, it was said. So he may improve and return to his duties. Or he may not. And if he does not the English-speaking people have lost a rallying-point and a shield.

He had stood equally indomitable against the darkness of fascism and the medievalism of communism. In his own eloquence and courage he symbolized the British character.

More than that he symbolized the indestructible and unterrorized human character which rises to its full development in a free society, for which Churchill fought against the enslaving tyranny of right and left.

He was a genius, born in an island which has produced more than its share of geniuses who had character and courage and eloquence. But the vitality of any nation is not unlimited. History is full of nations which lost theirs.

It is possible that a great man, by sheer force of will and leadership, can pull a whole people, even a tired people, up to a height, unity and determination they could not have achieved without him.

It is also possible that a man who appears to be providing supreme leadership, like Churchill, was only reflecting the tremendous will of his people who gave him popular support because he so truly represented them.

How much of Britain's achievements these past 14 years was due to Churchill and how much to the British people themselves, may remain one of the unanswered questions of history.

The answer may be found if Churchill cannot return to his old position of leadership. For that would be a test of the British people. He was such a towering figure no one of his stature is in sight to take his place.

The British people must find from among themselves new and younger leadership. If they still have their great and ancient vitality.

## Cashier Accused Of Augmenting Salary

JACKSONVILLE (AP)—Police today accused a \$25 a week cashier at the Sportland Arcade of augmenting her salary at the expense of the boss but not telling him about it.

Miss Myrtle Marie Anderson, 30, was charged with grand larceny. Police said she had obtained a master key to the coin-operated machines in the arcade and used a boy as a lookout for the boss while she dipped into the coin boxes.

Miss Anderson worked at Sportland off and on for eight years and the boy lookout told him she has taken at least \$50 a week for four years.

## 'Lewd Show' Ends In Navy Court Martial

CHARLESTON, S. C. (AP)—A Feb. 9 stage show at Key West, Fla., described by a Navy chaplain as "lewd and lascivious," has resulted in Navy court martial proceedings against six enlisted men and one officer.

Lt. Cmdr. Jerry F. McDaniel, 37, Gulfport, Miss., is accused of "conspiracy, willful disobedience of a lawful order and conduct unbecoming an officer and a gentleman."

## Mrs. Wise Honored With Stork Shower

Wednesday evening, Mrs. Toni Wise was honored with a stork shower at the home of Mrs. Cecil Nixon. Entertaining with Mrs. Nixon were Mrs. Chester Millon, E. L. Humphrey, R. W. Keogh and M. H. Rice.

During the evening various games and contests were enjoyed by the guests and at 7:30 the hostesses served fruit punch and individual cakes, nuts and mints, all carrying out a pink and blue color scheme.

Those invited to be with Mrs. Wise were her mother, Mrs. R. H. Eubanks and sister, Mrs. Irma Jean Eubanks, and the Misses C. W. Sjoblom, D. L. Hendricks, Glen Stuart, Frank Evans, R. E. Trout, Ted Brookly, P. D. Anderson, J. L. Hobby, of Sanford and the Misses Dillon Baker, Rochelle Eubanks, Susan Brookly, Wanda Nixon and Craig Keogh.

## Personals

Mr. and Mrs. Thomas Rutliff Sr. have left for a month's visit in Hendersonville, N. C.

Mr. and Mrs. C. W. Baker have returned after spending some time in Franklin, N. C. and Georgia.

Mr. and Mrs. George Eick will leave today for Macdon, N. Y. to spend about four months.

Mr. and Mrs. Bell Biller of Fremont, O. were the recent guests of Dr. and Mrs. J. C. Boyce.

Mr. and Mrs. Henry Witte Jr. will leave Thursday to attend the Lions' International Convention in Chicago.

Mr. and Mrs. Harry Robson and children have left for New Smyrna Beach where they will spend the month of July.

Mr. and Mrs. R. W. Williams and four children left today for a two weeks' vacation at New Smyrna Beach.

Troy Hay Sr. is spending a few days with his sister and brother-in-law, Mr. and Mrs. Byron Simpson, of Tampa.

Mrs. L. N. Harvey returned today from Columbia, S. C. where she attended the wedding of her niece, Miss Anna K. Singler.

Mr. and Mrs. W. W. Tyre and children, Shirley and Billy, left today for New Smyrna Beach where they will stay in the Wall Apartments for the month of July.

Miss Dorothy Johnson, daughter of Mr. and Mrs. H. L. Johnson, left this morning for Camp Manitowick, Cranby, Conn. to spend the summer.

Miss Donna Witte will return today after spending some time as a counselor at the Congressional Church Camp in Avon Park.

Bobby Conley arrived Monday to visit his parents, Mr. and Mrs. Joe Conley, on Cameron Avenue. He is stationed with the United States Navy in San Diego, Calif.

Mr. and Mrs. C. H. Dawson and daughter Denise of Winter Park were afternoon guests yesterday of Mr. and Mrs. G. R. Dawson, 683 Oak Avenue.

Dr. and Mrs. Gordon Stanley and children, Doug and Patti, left today for their home in Durham, N. C. after spending some time with Mrs. Stanley's parents, Mr. and Mrs. Paul J. Chesterson, at their home on Editha Circle.

T/Sgt. G. O. Adams and Mrs. Adams and children, Vaughn and Mary Jo, of Jacksonville are

## LAKE MARY

By VIRGINIA P. ANDERSON

daughters, Marene and Joan Peckham of Tampa.

Mrs. Mary E. Hall of Dunellon, arrived to spend some time with her son-in-law and daughter, Mr. and Mrs. J. K. Brower and children, Nancy and Ken, of West Palm Beach arrived Friday to visit her parents, Mr. and Mrs. P. D. Anderson.

Friends of Joe R. Wells, Jr. stationed with the Navy in Guam, will be interested to hear that he has recently been promoted to Electrician, 2nd Class.

At the recent County Council of Home Demonstration Clubs, held at the Longwood Library, Mrs. Arthur Coplin modeled a street dress and won first place. Mrs. J. Ervin, also modeling a street dress won second place. As prizes, they were presented with potted plants.

Mrs. Coplin was elected to appear in the State Dress Revue at Gainesville, representing Seminole County. Mrs. Ervin will attend the course in Interior Decorating, also at Gainesville. Lake Mary members at the Longwood meeting were: Mrs. James Dingman, H. R. Whipple, J. Ervin, Arthur Coplin and H. M. Haven of Ocala, formerly of Lake Mary.

Mr. and Mrs. Richard Blizard and two sons, of Cincinnati, have returned to their home, after spending some time with their parents, Mr. and Mrs. C. P. Bradenton.

Handy Bryant of Winter Haven is visiting his grandparents, Mr. and Mrs. William Thorne.

Mr. and Mrs. J. A. Peckham

spending two weeks' vacation in New Smyrna Beach. Mr. and Mrs. R. D. Vaughn will join them over the Fourth of July weekend.

Irving I. Prior, Sanford representative for the State Farm Insurance Co., will leave this weekend for Coronado Beach where he will attend a five-day career training school sponsored by the company.

The many local friends of Dr. John L. Crenshaw will regret to learn of his death in Rochester, Minn., on June 17 after an illness of eight months. Dr. Crenshaw spent several winters in Sanford and at one time was on the staff of the Mayo Clinic in Rochester.

Mrs. H. Wade Hocker returned yesterday from Mocksville, N. C. after attending the wedding of her niece, Miss Marion Horn to E. T. Ellis Jr. of Coral Gables. She was joined by her daughter, Mrs. Robert Jones of Raleigh, N. C., who was an honorary bridesmaid.

Lt. Comdr. John L. Hughes and Mrs. Hughes and children, Michael, David, and Patricia, of Chicago arrived Monday to visit Mrs. Hughes' parents, Mr. and Mrs. G. A. Silve. Comdr. Hughes left today for Newport, R. I. to attend a special justice school for several weeks' training. Mrs. Hughes and children will accompany the Silves to Daytona Beach for a two weeks' vacation.

## USO Gets Recognition In National Publication

The Sanford USO has received recognition in the national USO magazine this month for outstanding program planning, according to Mrs. Lowell Oiler, executive committee member.

In the column "Orchids to You" Sanford USO junior hostesses were called their group parties through which the building has a new lease on life. Servicemen and girls in the club painted, patched and repaired, wielded mops and scrub buckets to put the Center in good shape.

Considerable space in the party line department of the magazine was devoted to Sanford and its program counseling.

To quote: "Sanford hit its stride in the program council, which is as full of ideas as a plumb cake full of plums."

The article went on to mention the hayrides dances, ice cream freeze and scavenger hunt as a few of the noteworthy activities.

## Training Union of Church Has Supper

The Training Union of the Baptist Church held a covered dish supper Monday at 7:00 p.m. in the educational building of the church. Reports were given on the work of the past month and plans were made for the coming month. Mrs. W. C. Lynn, assistant director, was in charge.

One of the plans for the coming month is a picnic to be held at Sandalwood Springs on July 21 to which the whole department will be invited.

The following departments were represented at the supper: Mrs. A. L. Rayburn, Junior Department; Mrs. C. W. Eagle, director of the Intermediate Department; Mrs. Harold Dekle, representing the Young People's Department; and Mrs. A. J. Peterson, Adult Department.

About 30 other members were present for the planning.

Some Mexican birds nest in trees the trunks of which are surrounded by wasps' nests and form a protection from monkeys, racoons and opossums.

## Betty Hilliard Is Wed In Webster To Pfc. McKinnis

Miss Betty Hilliard, daughter of Mr. and Mrs. M. J. Hilliard of Webster, and Pfc. Darold McKinnis, son of Mr. and Mrs. C. R. McKinnis of Lyons, Fla., were united in marriage on June 20 at 3:30 p.m. at the home of Rev. W. F. Flanders, pastor of the St. Catherine Baptist Church in Webster.

Rev. Flanders officiated at the ceremony in the presence of the immediate families.

Following the ceremony the bride and groom left on a short wedding trip to Kansas.

Pfc. McKinnis is stationed at Eglin Air Force Base in west Florida.

Mrs. McKinnis is the sister of Mrs. Dewey Cothurn, Mrs. Earl Bourguardner, and Mrs. W. J. Holland, all of which make their home in Sanford.

The first historical record of the use of horses is believed to have been found on a Babylonian tablet dated about 2,000 B. C.

## Calendar

**MONDAY**  
"You Name It Night" at the USO. Senior hostesses from the Jewish Women's Club Evelyn Jones will serve as junior hostesses.

The monthly meeting of the W.M.S. of the First Baptist Church will meet at 2:30 p.m. at the educational building. Chas. E. Clark will give reports. June officers emphasize work for coming month.

**TUESDAY**  
The Unity Truth Class will meet at the Valder Hotel at 7:45 p.m. with Carolyn Parsons as teacher. The public is invited.

**WEDNESDAY**  
Prayer Service at the First Baptist Church at 8:30 p.m.

The Ladies Society of the B of F and E will meet Wednesday at 7:30 p.m. in the Oddfellows' Hall.

The Sanford Duplicate Bridge Club will hold its weekly meeting at the Woman's Club. Seating will start at 7:45 and playing will begin at 8:00 p.m.

**THURSDAY**  
Intermediate G.A.'s of the First Baptist Church meet at 3:30 p.m.

Junior B.A.'s of the First Baptist Church meet at 7:00 p.m.

Intermediate B.A.'s of the First Baptist Church meet at 7:00 p.m.

Junior Brotherhood of the First Baptist Church meets at 7:30 p.m.

Fix-up Party at USO from 7:30 to 10:00 p.m. Methodist Women's Junior hostesses, Pat Cassique junior hostess.

**FRIDAY**  
Dance at the USO from 8:00 to 11:00 p.m. with senior hostesses from the Eastern Star. Host will be Mrs. J. A. Peckham.

# Local Legion Trims Orlando, 13-0, For 5th In Row

## Jimmy Hawkins Hurls 2-Hitter For Fourth Straight Triumph

By KENT CHETLAIN  
Jimmy "The Hawk" Hawkins spearheaded the unbeaten Sanford Junior Legion to its fifth successive triumph of the infant summer season by twirling the locals past Orlando, 13-0, on a brilliantly pitched two-hitter at the Municipal Park yesterday afternoon.

The peerless "Hawk"—who will be only a sophomore next fall at Seminole High School—whiffed 16 Orlandoans and passed only four in notching his fourth straight victory in as many outings this year.

While Hawkins was keeping visitors in line, his mates were fattening their respective batting marks, rapping three Orlando batters off his tank on nine hits. Sanford drove starter Ben White from the hill early in the second frame as the Lake Monroe "Locomotive" Virgil Talmadge "Junior" Metts, clouted a tremendous one-

Jim Hawkins

run triple in the very first stanza. Metts almost knocked himself out when he swung at a ball and it glanced off his hat, hitting him in the upper lip. He merely shook off the stunning blow and played out the game drilling a pair of singles. As the game progressed, Metts' upper lip swelled up giving the effect of some primitive African native who purposely stretched his lip as a religious ritual.

LEGIION PLAYS IN ORLANDO  
The Sanford Junior Legion will journey to Orlando tomorrow to engage the Orlando Legion nine in the return game of the week's series. Manager Al McMillan indicated that Jimmy "Hawk" will probably be his hurling choice. Since the

FASRON, VC-9  
The two Sanford Naval Air Station representatives lightened up the City Men's Softball League pennant chase as FASRON-31 drew within 99 percentage points of the league leading Salvation Army by whipping third standing Wilson-Mater, 18-3, and VC-9 drew within two games of third on a 13-11 victory over last place National Guard at the Lakewood Diamond last night.

FASRON, with one more victory and one more loss than Salvation Army, is even with the front runners in respect to games behind. However, the Warriors hold the edge in percentage points.

SAL-ARMY PLAYS ROBSON'S  
Salvation Army's leading Warriors will battle the fifth place standing Robson's Sporting Goods tonight in the opening game of the softball twin bill at 7:30 p.m. on the Lakewood Diamond. Third ranking Wilson-Mater will face the hapless National Guard in the nightcap at 9:00 p.m.

FASRON coasted to victory behind the masterful three-hit twirling of Dodson last night. Chuck Flanders, hurling for ailing Lew Hires, was racked for 16 hits and 18 runs. Loflin and Zubovich paced the triumphant onslaught. Loflin drilled out a pair of singles and a double while Zubovich was clubbing two two-baggers. Bruce hit a triple for the losers.

LEGION PLAYS IN ORLANDO  
The Sanford Junior Legion will journey to Orlando tomorrow to engage the Orlando Legion nine in the return game of the week's series. Manager Al McMillan indicated that Jimmy "Hawk" will probably be his hurling choice. Since the

# Sanford Loses 6th Straight, 13-8, To Cocoa Tribe

## Errors Hurt Cards; Travel To Cocoa

By KENT CHETLAIN  
As the dust settled on a typical ding-dong Sanford-Cocoa fray in the Memorial Stadium last night, three Sanford errors stood glaring through the haze as the vanquished Cardinals lost their own bag game, 13-8. The once invincible Redbirds who had amassed 21 victories in only 30 encounters, now are in an unbelievable route.

These once proud Sanford victors, upholding the distinguished St. Louis Cardinal farm system winning tradition, are now a completely disinterested baseball machine, humiliated with six consecutive defeats—equalling the Cards' longest losing string of the year.

The big inning opened with Vadimsky doubling down the leftfield foul line, Andy Caldwell drawing a pass and Calloway striking out. Joe Ducker, Palatka refugee, singled Vadimsky across. With runners at first and third, Dimingo Vellz—alias the "burnt Cuban"—hit a double play ball to Bill Samuels, who hurried his relay to Harold, and the ball went zooming beyond the second sacker over the right field foul line permitting both Caldwell and Ducker to score and Vellz to go all the way around to third.

Hughes hit a grounder to Barone, who threw over Wise's head at the plate in an attempted outplay of Vellz. Howell laced out a triple to left center, countering Hughes. At this juncture, Melia replaced Smith. Howell promptly stole home on the way working Melia for the final run before the side was retired. By scoring six times in the sixth, Cocoa wiped out the 4-2 Sanford advantage and made the scoreboard read 8-4.

However, Sanford rebounded to tie the game up in the last of the sixth when Bill Batty singled to lead off. Harold silverthorne flied out. Tommy Leonard bounced another bingle through the box and Manager Dunn loaded the bases

by reaching first when Vellz bobbed his sharp bouncer. Harris rapped a ground single between first and second sending both Batty and Leonard scurrying across. Meanwhile, the relay from right field to Vellz got away from the "burnt Cuban" and Dunn came tearing in, Harris taking second. Merle Wise cracked out his third single of the evening to push Hires around and set off wild pandemonium among the 484 cash customers.

Cocoa had the last laugh, however, as it parlayed a hit bunt, and three straight singles by Vellz, Hughes and Rowell into three more runs to make the final score 13-8.

CAR CAREERS: Both Sanford catchers, Merle Wise and Bill Harris, who is playing first base now, collected three hits to pace the Sanford losing attack. One of Harris' blows was his 10th double of the season last night when Bill Silverthorne swiped second in the third frame and Wise made second without a throw in the fifth.

Michigan State lost 21 lettersman from its 1953 national championship football team, but has 21 lettersman returning.

THE NICKNAME OF JOHNNY LOGAN, shortstop of the Milwaukee Braves, is Yachta. It means John in Ukrainian.

NO HITTER

### First Wolverine Born In Michigan

DETROIT (AP)—Michigan, the Wolverine State, has a native-born Wolverine reported for the first time in its 116-year history.

Just why the state got its nickname has long been a mystery. For its animal population does not include wolverines.

At least, it didn't until someone captured a female wolverine in Alaska last year and presented it to Director Frank G. McInnis of Detroit Zoo. She gave birth to a son March 20.

### Newfoundland Wood Firm Gets New Head

ST. JOHN'S, Nfld. (AP)—Premier Joseph Smallwood announced last night that Victor P. deHone, vice president of the Newfoundland and Labrador Corporation, Ltd., has been chosen president of the Newfoundland and Labrador Corporation, Ltd.

The government-backed mineral and timber development company was set up in 1951.

### Neckline That Plunges Too Low Is In Bad Taste For Young Teenager

By VIVIAN BROWN  
**AP News-features**  
 In carefree spring, the dance is the thing, tra-la, tra-la.  
 Every age has used the dance as an expression of joy or sorrow. Romans and Greeks cavorted in rhythmic cadence at spring festivals. Indians have whooped and hollered through the centuries. Adam and Eve probably indulged in "The Big Apple."  
 The goddess Terpsichore is every girl's special queen during the spring dance season.  
 Is there any wonder then that the U. S. mails are loaded with queries from musical muses? Here are some of the social puzzles that May Queens want solved before

they step into their dancing shoes:  
**Question:** What is the proper way to wear a corsage?  
**Answer:** The flowers always should be worn heads up—whether roses, chrysanthemums or orchids.  
**Q:** I like a certain boy who never has spoken to me. I am planning to have a buffet party before a school dance, and I am inviting some of his friends. May I invite him?  
**A:** Why not get his friends to invite him along in a casual way. Then he may not suspect that you have a crush on him.  
**Q:** What kind of jewelry should I wear with an off-shoulder gown?  
**A:** Pearls are youthful and sweet with most dainty formal

clothes. Other alternatives are precious stones, rhinestones, French Paste Jewelry.  
**Q:** Is it correct to wear a low-cut gown to a dance?  
**A:** There is a limit to the plunge of neckline that a young girl may wear within good taste. An off-the-shoulder gown is feminine and enchanting, providing the dress fits securely. A neckline that dips too revealingly is in the worst possible taste.  
**Q:** How old should a girl be before she wears lipstick?  
**A:** The 16th birthday seems to be the go-ahead signal in many households for such famous firsts

as girdles, lipstick, powder, occasional dates, and party-time high heels.  
**Q:** What hours should a girl have to be home after a dance?  
**A:** A pretty plastic question depending upon many factors posed by parents. If the boy is known to the family, if the dance is the girl's special school group, or if a late supper is held at the home of a family friend, chances are the girl will be given a later-than-usual curfew. But if the boy is a new friend and the dance was at the boy's invitation, then perhaps the 12 o'clock curfew should be invoked.

FORMER PRESIDENT Harry S. Truman chats with Marine Sgt. Ernest Smith, of Paw Paw, Mich., at the annual convention of the Reserve Officers Association in Philadelphia. Truman, in his first major address since leaving the White House in January, challenged the Eisenhower Administration's defense budget cuts. He told the delegates that "those who talk about our defense program being too big may be letting their pocketbooks obscure their judgment." (International Soundphoto)

### Lili St. Cyr Plans To Shed Husband

HOLLYWOOD — Lili St. Cyr, noted for getting rid of her clothes, plans now to shed her second husband.

The blonde striptease dancer, presently completing a movie role, said yesterday she will obtain a Nevada divorce from Armand Orsini, New York restaurateur, whom she wed three years ago. "We get along well enough, but Armand wants to stay in New York and operate his Italian coffee shop," said Lili. "I guess we just drifted apart."

Her first husband, actor Paul Valentine, obtained a divorce in

1919, complaining that "everyone in the country saw more of her than I did."

### Strike In St. Louis Makes People Walk

ST. LOUIS — A strike by AFL maintenance and operating employees of the St. Louis Public Service Company virtually left this city of 350,000 without bus and street-car service today.

The company also operates vehicles in the populous suburbs in addition to the city proper.

Company and union officials termed it a wildcat strike. The walkout began as negotiations were still in progress on a new contract.

## Germans Balk Over Paying France Debts

### Bitter Outbursts Mark Parliament Meet

BONN, Germany (AP)—The West German Parliament today refused to approve repayment of German debts to France, declaring the French had "robbed" the Germans during the postwar occupation.

In a bitter burst of anti-French sentiment, the Bundestag (Lower House) rejected a bill providing repayment to France of \$11,840,000 under the 1948 London Debt Agreement signed last February, which sets a total of \$14 billion in repayments.

It was the sharpest anti-French action ever taken by the four-year-old parliament.

It followed by a few hours bitter attacks against the French over the disputed Saar territory. Numerous speakers accused the French of leaving away this coal-rich territory from Germany and virtually annexing it in violation of international agreements.

The Bundestag declared it considers the Saar territory as an inseparable part of Germany and that it wants the Saar's "de facto separation" by France abolished.

The ruins of the 70-year-old Altamonte Springs Hotel were still smoldering today while a pump from the Altamonte Springs Fire Department kept water on a fire of the big blaze which destroyed the main portion of the building early yesterday morning. An abson in the above picture, the three-story frame structure was leveled by flames, although several adjacent buildings remained standing. The hotel was built in 1883 and was a favored spot for a quiet winter vacation. Staff Photo.

## U. S. Envoy Will Come Home Regardless Of Korea Truce Outcome

### Time Bomb Blast Coincides With Royal Visit To Northern Ireland

REPAF—Northern Ireland—British extremists time-bombed a Irish railway bridge and Belfast's power supply went dead today, apparently in protest against Queen Elizabeth's state visit to the British-held northern part of divided Ireland.

A bomb on a rail bridge, used for the southern border, killed and injured several people. It was an apparent attempt to stop special trains bringing southern Irish to meet the Queen, but the excursions went through on time.

Hours later trouble at Belfast's main powerhouses brought street cars and trams to a halt. Thousands were delayed coming into the city to watch Queen Elizabeth II and the Duke of Edinburgh in a royal procession.

The royal party arrived yesterday for a three-day visit as part of the Queen's coronation celebrations.

### Talks Temporarily Stalled By Rhee

SEOUL—President Eisenhower's envoy will leave for home within two days whether or not he is successful in his efforts to win South Korea over to a truce, informed sources said today.

The U. S. South Korea "little truce talks" were temporarily stalled today by President Syngman Rhee's upping prices for an American U. S. assistance of a unified Korea.

The sources said the departure of Assistant Secretary of State Robert A. Lovett would set back the truce talks on a U. S. South Korea truce alliance. They said Rhee apparently would have shown a real change of heart if Eisenhower is to stay any longer.

The sources said Rhee knows there will be no more truce talks until he has a truce in mind. If he doesn't agree with the truce, he won't.

The Secretary of State John Foster Dulles has made it clear that the U. S. will proceed with a truce and will not change its basic position on the Korean issue.

Neither Rhee nor Rhee's cabinet would comment after their sixth week meeting Thursday, but a reliable source said they are divided while both sides consider their stands.

Al Wilson, intellectual chairman for the Citizens Club, is only today starting to recover from the rule toll he received yesterday at Groveland during a joint meeting in that community. The story as we received it is that Charlie Morrison, who presented a quiz program at the meeting, had just got through introducing himself when the Groveland chief of police burst into the gathering to state that he had been notified that a dangerous criminal by the name of A. L. Wilson was in their midst. Al, visibly shaken, was looking for the nearest exit when laughter from the Sanford delegation which consisted of the two already mentioned and Bill Dawson, Nery Oriol, Harold Kastner, and Forrest Breckenridge tipped him off to the fact that he was not in the Groveland. Wilson was not in the Groveland. The chief of police helped Al cool off a bit.

## Sabres Surprise Red Tanks, Drop Mass Of Bombs

SEOUL—U. S. Sabres jet fighters surprised 30 to 40 Communist tanks in a camouflage valley just behind the Western Front today and saturated the area with 100-pound bombs.

Black smoke filled the valley, making an accurate count of wrecked tanks impossible, the Fifth Air Force said.

Not since early in the war has a comparable concentration of Red armor been spotted so near the front in Korea.

The Eighth Army, meanwhile, reports that heavy fighting cost the Reds 38,000 killed and wounded last month—the equivalent of about three Red divisions.

## City's New Land Fill Method Told At Jaycee Meeting

City Commissioner Denver Corbett explained that the city's new land fill way of disposing of garbage is a better method than the old incinerator burning scheme, in discussing City government before the Junior Chamber of Commerce at the Yacht Club today.

Mr. Corbett said "by packing the refuse down and covering it with dirt, we eliminate millions of flies."

"In five years time we also will have filled in the waste swamp land making it worth something. It will be ideal for industrial building when the fill is complete."

He also explained that the City purchased Oldsmobiles in place of any other make since the Oldsmobile agency could bid others.

Commissioner W. A. Stepmoer said at the present rate of \$100,000 annual budget, the bond indenture retirement of the City's \$1,500,000 debt could not be reached on the projected 1952 deadline.

Commissioner John Kater stated that the interest rate of two percent was the lowest obtainable and that by having a good record of payments in the last six years, Sanford can procure lower interest rates in the future at a low rate.

Forrest Breckenridge, president and President Cliff Able, presided.

## 107 Employees Of U. S. Are Dropped As Poor Security

WASHINGTON (AP)—A House committee learned today that 107 state Department employees have been fired this year as a result of investigations concerning homosexuality or questionable security.

The information came from R. W. Scott McLeod, State Department security officer, in a letter to the House Government Operations Committee.

It was made public by Rep. Brewster (R-Ill.), who sought the report recently.

McLeod also said in reply to a direct inquiry that the department does not have any record identifying the 107 persons who were removed by the State Department.

He said the information is a February 1953 report.

McLeod said he realized by an earlier date when funds became available, the State Department could have issued a list of the 107 names.

Trustees are having the best capacity in the last six years, as indicated by the fact that the minimum bonds they expect to get will amount to \$1,000,000. This total includes a \$300,000 bond issue still to be authorized by the State Supreme Court and \$270,000 federal aid to be granted through the Hill Burton Act.

Trustees appeared in favor of using the \$250,000 minimum pledged by the Fish Estate when all will not become available until the hospital is started to return to the County bonds.

A motion by Trustee John Evans, seconded by Trustee Joe Greene, that an additional consultant be hired prior to drafting of final plans, fell by the wayside when Trustee A. B. Peterson and Fred Wilson voted against the measure.

At the suggestion of Chairman T. E. Tucker, who decided against raising the \$250,000 minimum, a compromise motion by Mr. Evans and seconded by Mr. Greene, received unanimous approval.

"Before we go into the final plan around and turn the plans back to final drafting and specification, we should inquire into the services of a hospital consultant and what his fees might be."

Hospital plans call for separate white and colored delivery rooms, two operating rooms, beds on the second floor for 30 colored patients and on the third floor for 30 whites. In an emergency, the hospital could serve 62 patients.

## Former Fugitive Is Heading Back To Family, Job

CHARLESTON, W. Va. (AP)—A 27-year-old fugitive, whose conviction was pronounced last year, is heading back to his family and job in New Rochelle, N. Y., with the blessing of probation officer Shannon E. Apter found that William M. Beard would be "a credit to any community" and set him free.

Beard walked into the county jail here Sunday and told deputies "Let me in, I've had enough."

He had been sought for four years on a probation violation charge. In 1948, he was given three years probation on a charge of breaking and entering. Beard, who then lived at St. Albans, W. Va., reported regularly to probation officers for one year and then vanished.

## Tech Pays Respect To Former Head As Classes Close

ATLANTA (AP)—Georgia Tech suspended classes today for the remainder of the week in honor of Dr. Marion Luther Brittain, 87, president emeritus, who died yesterday.

Dr. Brittain suffered a stroke a week ago and had been critically ill since.

Flags on the Tech campus will be flown at half staff for a month in memory of the educator who retired in 1941.

Dr. Brittain continued active in behalf of the school after his retirement. He wrote a history of Tech and helped supervise construction WGST and the Human estate, school properties.

## Jaycee Membership Drive Is Now At 117

Nearing the end of the second week, the Seminole County Junior Chamber of Commerce membership drive has hit the 117 total mark at the end of the current drive, announced today by Gordon Sweeney, chairman.

Mr. Sweeney's committee is planning a party for the members at the end of the current drive. Each membership card will entitle the holder a free ticket to the party at Blandford Springs.

## German Sentenced On Spying Charge

REGENSBURG, Germany (AP)—Herbert Gold, 43-year-old German, was sentenced to seven years in prison today for spying for Communist Czechoslovakia. His wife received a suspended two-year term.

The Golds pleaded guilty to the espionage charge before a U. S. district court here.

## Frances Moore Goes To Reach As Jaycee Entry

FRANCIS MOORE, Miss Moore, the 29-year-old home-bred daughter of Sanford, is expected to reach the city to compete in the 1953 Miss Florida beauty contest.

Miss Moore is the daughter of Mr. and Mrs. J. L. Moore, who have been in the Florida Jaycees for many years.

Miss Moore is a member of the Jaycees and is expected to be a member of the Jaycees in the future.

## Mass Meet Seeks To Get Strikers To Run Streetcars

ST. LOUIS (AP)—A mass meeting of AFL operators to persuade the city to return to work was held today in an effort to end an unauthorized strike which cut off St. Louis mass transit facilities.

The walkout, which came with no warning, began at midnight Tuesday.

Union President Arthur J. Conroy said today's meeting was called to persuade the men to return to work and to ensure that the Public Service Company would not be permitted to operate as long as the strike is in progress.

More than 500,000 passengers ride the transit company's buses and streetcars daily in St. Louis and surrounding suburbs.

## Torrential Rains Flood Manila Area

MANILA (AP)—Torrential rains and high tides flooded large areas of Manila today as a roaring typhoon skirted the island cluster off the northern Philippines.

The huge storm with winds of 145 miles an hour at its center was headed toward Formosa.

## Pope Pius Receives Adlai Stevenson

VATICAN CITY (AP)—Adlai Stevenson, 1952 Democratic candidate for president, was received by Pope Pius XII today.

The special audience lasted about 20 minutes.

Stevenson, nearing the end of his round-the-world tour, arrived in Italy Tuesday and plans to leave for Austria July 8.

## Eisenhower Affixes Name To Freedom Declaration

WASHINGTON (AP)—President Eisenhower affixed his signature today to a solemn declaration that "the heritage of freedom which we cherish as Americans is from God."

The signing of the large leather-bound measure touched off a year-long "March of Freedom" sponsored by the National Association of Evangelicals "to emphasize the fact that freedom depends on faith in God."

Earlier, the President issued a proclamation calling on Americans to observe July 4 as a day of penance and prayer.

"Today, as he signed the freedom declaration, Eisenhower remarked, 'I am glad to be able to say that this is the kind of thing I am glad to do.'"

He added, in reference to the document, "The fundamental ideas expressed here are the foundation stones of our country. This is a deep, profound and simple ideal, like most great truths."

The declaration, to be signed later by other leading government officials, cites the seven "divine freedoms" guaranteed in the 23rd Psalm—freedom from want, from hunger, from thirst, from sin, from fear, from enemies and, finally, the freedom to live abundantly.

Asserting that "the forces of evil in the world are bent on destroying our religious freedom as guaranteed by the Constitution," the declaration says America needs to be reminded of its great spiritual heritage and its responsibility to almighty God as its sovereign ruler.

## Maddy Quizzed In Food Probe Of Foundation

HANCOCK, N. H. (AP)—The Food Foundation center at Lake Umbagog County, N. H., today was quizzed by a state health officer in a probe of a food probe of the foundation.

Kelly, quizzed several persons at the center. While the day's operation was reported to be normal, Kelly said he was getting plenty to eat and was satisfied.

The center, one of five operated in Florida in the foundation for elderly and handicapped persons, is operated by the foundation. Kelly said he was getting plenty to eat and was satisfied.

## Hobby Case Being Argued Today In Circuit Court

JUDGE M. B. SMITH is today arguing in circuit court in Sanford a case which involves a dispute over a building. The case is being argued by Sheriff J. L. Hubbs' attorney, J. L. Hubbs, against the County Commission. The case involves a dispute over a building. The case is being argued by Sheriff J. L. Hubbs' attorney, J. L. Hubbs, against the County Commission. The case involves a dispute over a building.

## Free Movie Will Be Shown In JC Safety Program

The growing Seminole Junior Chamber of Commerce safety program will sponsor a free movie for children at 7:30 p.m. Monday at the Junior Chamber of Commerce. The movie is "The Story of the Boy Scouts." The movie is "The Story of the Boy Scouts." The movie is "The Story of the Boy Scouts."

## Winnwood Homes Added To City Rolls

The 100 new homes being completed in the Winnwood Subdivision in Sanford are being added to the city rolls. The homes are being added to the city rolls. The homes are being added to the city rolls.

## Dulles Will Spend 4th At Summer Home

WATERTOWN, N. Y. (AP)—Secretary of State John Foster Dulles arrived here by plane yesterday to spend the July 4 week end at his summer home on Main Duck Island in Lake Ontario. He was accompanied by Mrs. Dulles.

## Nationist Troops Sent To Formosa

SAIGON, Indochina (AP)—About 30,000 Nationalist Chinese soldiers, interned near here since 1949, have been shipped to Formosa to join Chiang Kai-shek's forces. It was disclosed here today.

Evacuation of the Chinese troops began in greatest secrecy May 24 and the last convoy left June 22.
