Herring To Appeal Sealing Of Grand Jury Indictments

By BOB LLOYD
 Herald Staff Writer

Seminole-Brevard State Attorney Abbott Herring said today he is preparing an appeal to the State Supreme Court in efforts to get local circuit court judges to unseal grand jury indictments.

Meanwhile, a group of citizens took out a parade permit and scheduled a 1 p.m. demonstration and march around the county courthouse protesting the sealing of the indictments by the circuit court.

The Seminole County Grand Jury, after a four-week reported probe of county government actions and alleged Sunshine Law violations, on Wednesday presented an interim report and four indictments in circuit court.

Circuit Judge Joe A. Cowart Jr. immediately ordered the report and indictments sealed and not made public for 15 days.

Cowart said he was following the advice of Circuit Judge Volie A. Williams, who was to have received the jury's report. Cowart took the return while Williams was at lunch and had the documents sealed in an envelope prepared by Williams.

The court cited a state law that prevents making public grand jury reports naming individuals who are not indicted until the persons named have a chance to petition the court to repress or expunge the report or portions of the report.

According to the law, if such motions are made the report must remain sealed until the District Court of Appeals rules on the circuit court's ruling on the motions.

The local grand jury report is believed to name at least one unidentified co-conspirator, thus the sealing of the report.

Normally grand jury indictments are made public once the persons indicted are arrested on warrants issued by the circuit court. But Cowart said there would be no warrants issued on the present indictments and they too will remain sealed.

Cowart later reportedly indicated the indictments are intertwined with other information in the grand jury

Mrs. Donna Brinkle (left) and Mrs. June Cameron ready signs for protest march today against judge's sealing of grand jury indictments. (Herald Photo by Bill Vincent Jr.)

report so as to make it difficult, if not impossible, to allow making the indictments public without revealing other information contained in the jury's report.

Herring said his staff asked Cowart on Thursday to release the indictments but the motion was denied.

"We're in the process now of preparing what we consider the

proper legal appeal to the Supreme Court," Herring said today.

Herring was told Thursday by State Atty. General Robert Shreve's office in Tallahassee that he can ask the Supreme Court for a writ of mandamus, which commands the performance of an official act or duty.

The issue being taken before the Supreme Court by Herring involves a dispute dealing with the official duties of a judge and a state attorney.

Herring said he doesn't expect the Supreme Court to act before the 15-day period ordered by Cowart ends, but that the appeal is necessary due to his position in the dispute.

Judge Cowart exited the Thursday afternoon closed door chambers hearing with Assistant State Atty. William Staley and attorneys Newman Brock and Gerald Rutberg and declined to reveal what had taken place. Brock, Rutberg and Staley also declined to comment.

When told today of the impending citizens' protest (Continued On Page 5-A)

Six Protest Food, Conditions

Inmates Stage Hunger Strike In County Jail

State Division of Corrections inspectors were scheduled to visit the Seminole County Jail this afternoon where six inmates are in the second day of a hunger strike protesting the food served and jail conditions.

Sheriff John Polk said the six prisoners, all in one cellblock, started their protest by refusing the noon meal Thursday.

"I say the food's good," Polk said. "When they get hungry they'll eat, or they can sit up there and lose some weight."

Polk didn't disclose the names of the striking inmates but he said, "It's the same group that started a hunger strike when we had them in the Lake County Jail."

Approved cells of any security standard for a fraction of the cost of conventional construction.

Ryan said \$11.5 million has been authorized for construction of new detention facilities in the state, and Standard Systems, Inc., can produce modular cells for a mere \$3,000 per cell-bed, whereas conventional construction can cost several times that figure.

"They talk about a referendum next year to build a new county jail, but those things get turned down all the time."

Ryan added that Standard Systems is "geared up and ready to go," and could start housing prisoners immediately at the rate of six per day.

"But we can't even get them (county officials) to take a glance at us," he said.

Meanwhile, SCOPA operations are moving "very smoothly."

A barge carrying 9,000 gallons of diesel fuel docked at the facility Thursday night, and pumped its 378,000 gallons into storage tanks before dawn today.

In a note smuggled out of the jail from one of the inmates to The Herald the prisoners' reasons for the hunger strike were outlined as follows:

"Poor food to the degree that prisoners 'are going to bed hungry at night.'"

"Only one jail commissary delivery a week consisting of 'no food stuffs to help substantiate the hunger pains.'"

"Only one visiting day a week 'consisting of only five minutes, although some visitors come several miles to see prisoners.'"

The inmates also complained that they are refused telephone calls "although some are to obtain or help counsel towards getting a fair trial," that prisoners are denied adequate medication "and are mostly laughed at when they ask for help," and that "prisoners are treated like they are in a prisoner-of-war camp by (a corrections officer) and some of the other officials at the jail as they threaten inmates with harsh punishment."

Before going into a meeting with his staff, Polk said, "There is no factual basis for the inmates' complaints."

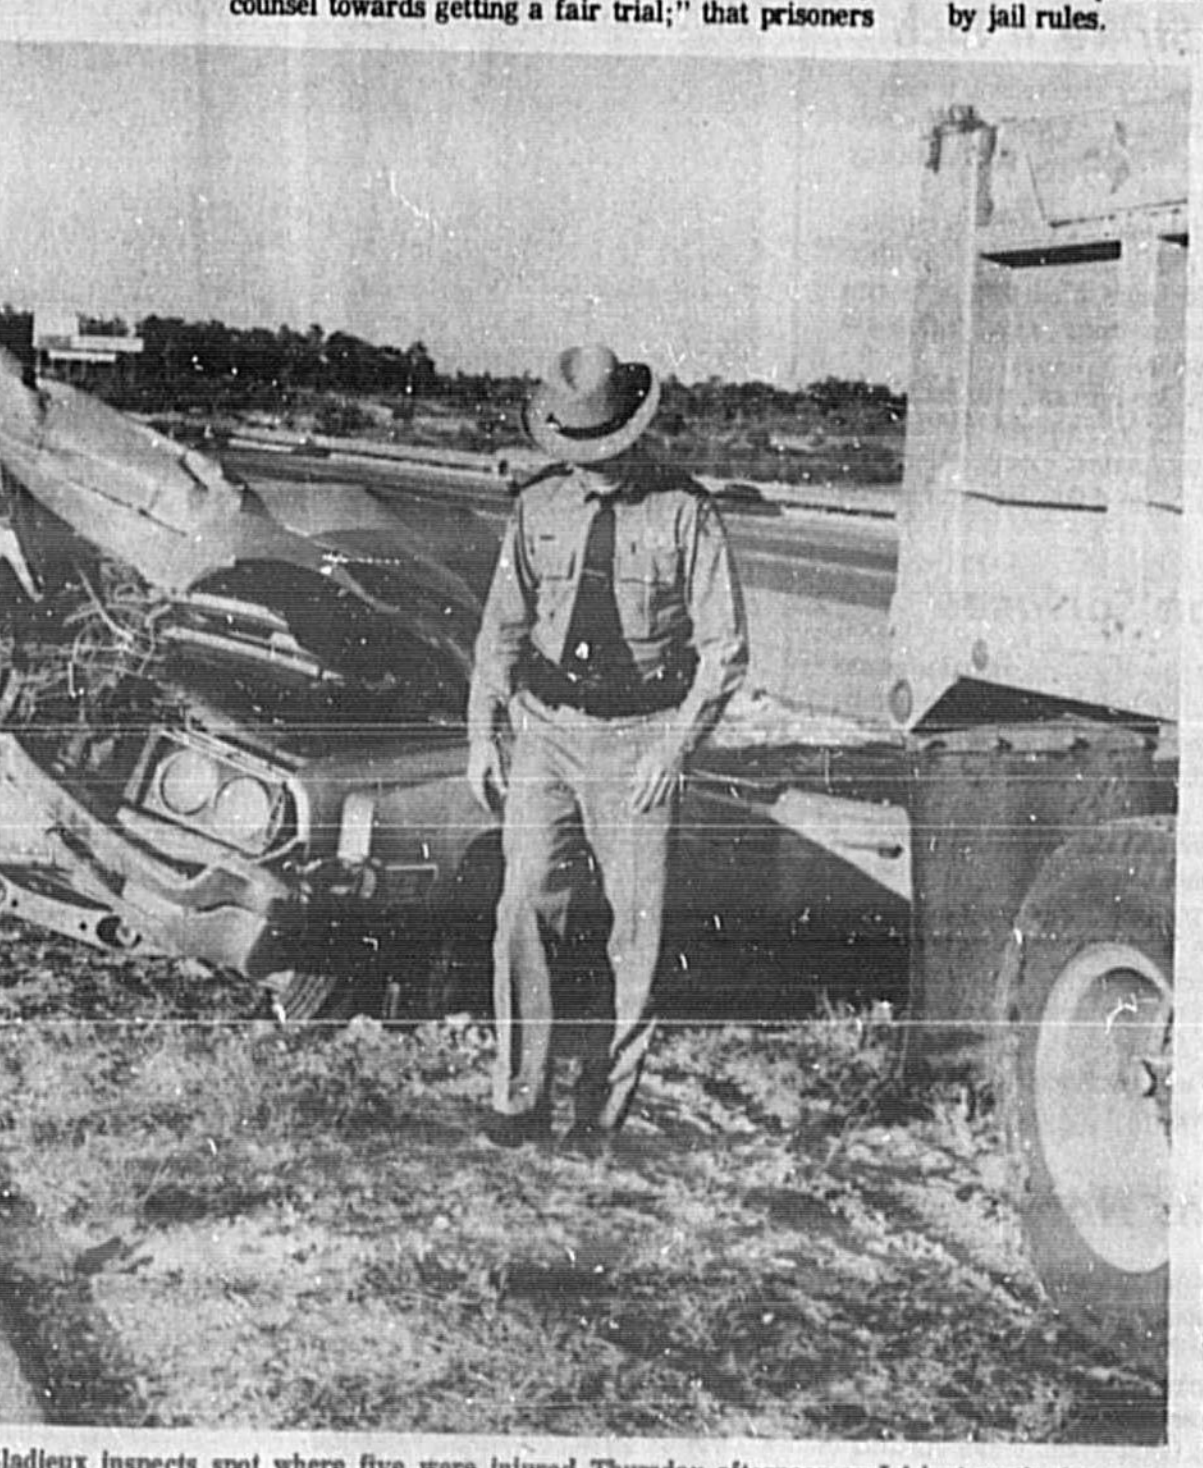

He said the corrections officer named by inmates in their complaint removed a television set from the cellblock after the cells failed to pass inspection because the prisoners hadn't cleaned it up as required by jail rules.

Ryan: Firm Can Build Jail Cells

By AUDIE MURPHY
 Herald Staff Writer

The administrator of the Seminole County Port Authority (SCOPA) says he is "unable to understand" why county officials have not commissioned SCOPA to build modular jail cells to relieve the county's prisoner-congestion problem.

James Ryan said the officials are always citing the severe need for more jail space, while "right here in our back yard we have perhaps the only company in the state that can produce

Florida Highway Patrol Trooper Gladieux inspects spot where five were injured Thursday afternoon on I-4 just north of the S.R. 436 intersection in Altamonte Springs. (Herald Photo by Joe Askevin)

Sanfordite Critical After Crash

By JOE ASKEVIN
 Herald Staff Writer

A Sanford man was still in critical condition in the intensive care unit this morning at Florida Hospital North as a result of a car and two trucks accident late Thursday afternoon which injured four other men who were treated and released, a hospital spokesman said.

Homer C. Harris, 57, an employee of the Florida Department of Transportation (DOT), was one of four workers on the median of I-4, just north of the S.R. 436 intersection in Altamonte Springs, when the crash occurred.

Florida Highway Patrolman R.L. Langdale said today a car driven by Charles Edwin Willis, 42, Orlando, apparently "made an abrupt change of lane" just before his car slammed into the rear of a DOT truck containing two workers and two others standing beside it.

"They were all lying on the ground when I got there," said Langdale.

Treated and released were Willis, Leaton C. Smith, 34, Orlando, who was a passenger in the truck; Earl Keifer Vaughn, 61, Sanford, who was standing on the median and yelled to the others; and Joseph Emmitt Priest Jr., 33, Oviedo, the DOT superintendent who was at the wheel of the truck, according to FHP Trooper Lawrence Gladieux.

Gladieux said Harris suffered skull injuries and a concussion.

"He (Harris) was bounced off a dump truck. He was standing near the open door talking to the superintendent," said Gladieux.

Gladieux said Willis was charged with careless driving.

Mayor Says Oviedo Can't Repay CETA Money

By ED PRICKETT
 Herald Staff Writer

The City of Oviedo is financially unable to repay the county \$4,000 in federal funds that a state ruling says was improperly spent, according to Oviedo Mayor Leon Olliff.

The County Commission Tuesday declared that Oviedo must reimburse the county for \$4,000 in salary paid to Police Chief Ken Triplett's daughter, Shirley, over a nine-month period until her termination Nov. 10, as a police radio dispatcher.

"I don't see any way we could do it. Right now we're in pretty bad shape, financially, just like every other city and the cash flow is scarce," Olliff said.

Ms. Triplett was hired under the county's Comprehensive Employment and Training Act (CETA) program, a federal program designed to offset unemployment. The \$4,000 came from CETA funds, according to Jim Bedsole, the county's CETA director.

Hiring Ms. Triplett was a "clear violation of CETA requirements in regard to nepotism," said Mrs. Betsey Stone, the deputy director of manpower planning in Tallahassee.

In a letter to Bedsole on Nov. 19, Mrs. Stone said, "The City of Oviedo must reimburse Seminole County for the cost incurred by an ineligible applicant."

However, both Olliff and Chief Triplett said city officials were unaware of CETA guidelines concerning nepotism and that Ms. Triplett was the "best qualified" of four applicants who sought the post of police radio dispatcher-jailer.

Olliff ordered the Chief's daughter terminated Nov. 10, on the strength of a letter from Bedsole. Later, Bedsole received the letter from Mrs. Stone asking for repayment.

Triplett said he didn't "know anything about CETA rules" and he said he terminated his daughter's employment "as

NATION IN BRIEF

Senate Said Ready To Pass Ford New York Loan Bill

WASHINGTON (AP) — The Senate is ready to shut off debate and pass President Ford's \$2.3-billion loan bill to keep New York City out of bankruptcy, a ranking Senate leader says.

Democratic Majority Whip Robert C. Byrd of West Virginia said Thursday he is confident the Senate will pass the bill today after first blocking a filibuster by Sen. James B. Allen, D-Ala.

"We will finish that bill (today) no matter how long it takes," Byrd said. Asked if he was confident it would pass, he said, "Yes, yes, I am."

Cities' Voices Mixed

MIAMI BEACH (AP) — Four years ago, the nation's cities spoke with virtually one voice on urban problems. Today, they speak with at least eight, some of them contradictory.

Four years ago, municipal leaders were crucial in persuading the Congress to pass the landmark federal revenue-sharing bill, which provided the first aid to cities without strings attached. Today, they are struggling to get it reauthorized and are criticized for mounting an ineffective effort.

The burgeoning list of groups claiming to represent cities of one stripe or another engendered considerable concern and somewhat mixed responses this week during the annual convention of the National League of Cities, the largest group of all, representing 15,000 cities.

Hugh Scott To Retire

PITTSBURGH (AP) — After 33 years in Congress, Hugh Scott has decided to end his elective political career.

There was no fanfare, no exit in a blaze of glory, as the 78-year-old Philadelphia lawyer called it quits at a Pittsburgh dinner honoring another Pennsylvania Republican.

There was also no news conference, which he had often used with consummate skill to make his point during the 16 years he served in the House and the 17 more in the Senate where he has been Minority Leader since 1969. He has 13 months to go in his present term.

In a brief, written statement Thursday night he said he would not seek re-election next year, alluding to his already long service to his state and his country and to a desire to spend more time in rest and recreation.

Drug Report Cites Dangers

WASHINGTON (AP) — While Americans were spending about \$50 million a year on nonprescription drugs that rounded either to help them sleep at night or relax in the daytime, seven scientists were compiling a 300-page report that says all that money was spent in vain.

It took three years for the experts to complete their study of nighttime sleep aids, daytime sedatives and stimulants and to make their report to the Food and Drug Administration.

That report, presented to the FDA on Thursday, says they found there are serious questions about the drugs' safety. Three members of the panel were so concerned that they argued that the brand-name items should be banned from the market at once.

Oil Swindlers Strike It Rich

ATLANTA (AP) — Oil swindlers are striking it rich in native investors if not in petroleum, say officials of seven southern states meeting in Atlanta to plan strategy against get-rich-quick schemes.

The meeting of state officials and the Federal Securities and Exchange Commission (SEC) comes two weeks after Florida Comptroller Gerald Lewis filed suit in Miami seeking to stop 15 companies from selling allegedly fraudulent oil leases in Florida.

Georgia Secretary of State Ben Fortson, who estimates that as much as \$5 million in oil and gas rights have recently been offered in Georgia, last month ordered 35 firms selling the leases to cease doing business in the state.

Abbie Hoffman Surfaces

AUSTIN, Tex. (AP) — Abbie Hoffman, founder of the Yippies, author and perhaps the best known radical on the urban, has worked as a teacher, posed as a wealthy Texas oilman and had three nazi jobs during more than 20 months as a fugitive.

Hoffman, who died about two weeks ago in two days of interviews with Jeff Nightly, editor of the weekly Austin Sun, Nightly wrote in a copyright story Thursday that Hoffman was in Texas around Thanksgiving.

Hoffman, one of the Chicago Seven charged and later cleared of disrupting the 1968 Democratic National Convention, has been wanted in New York since he failed to appear in State Supreme Court on March 25, 1974, to face charges of cocaine possession.

Recovery Signs Noted

WASHINGTON (AP) — With inflation leveling off last month, government economists now look to the latest unemployment figures for further confirmation that the economy continues to recover from recession.

Unemployment rose three-tenths of 1 per cent to 8.6 per cent of the labor force in October after four months of decline. But administration economists said "special factors" were involved and hoped the downward trend would be resumed in November. The Labor Department releases the latest job figures today.

Even if the employment picture again shows continued improvement, joblessness is forecast to remain above 7 per cent through 1976.

Richardson Approval Expected

WASHINGTON (AP) — After three hours of complaints and gentle questioning, the Senate Commerce Committee is expected to approve Elliot L. Richardson to a record-breaking fourth Cabinet post.

Committee sources said the panel likely will meet Tuesday to approve the nomination of Richardson, now U.S. ambassador to Great Britain, as secretary of commerce.

Richardson previously served as secretary of health, education and welfare, secretary of defense and as attorney general.

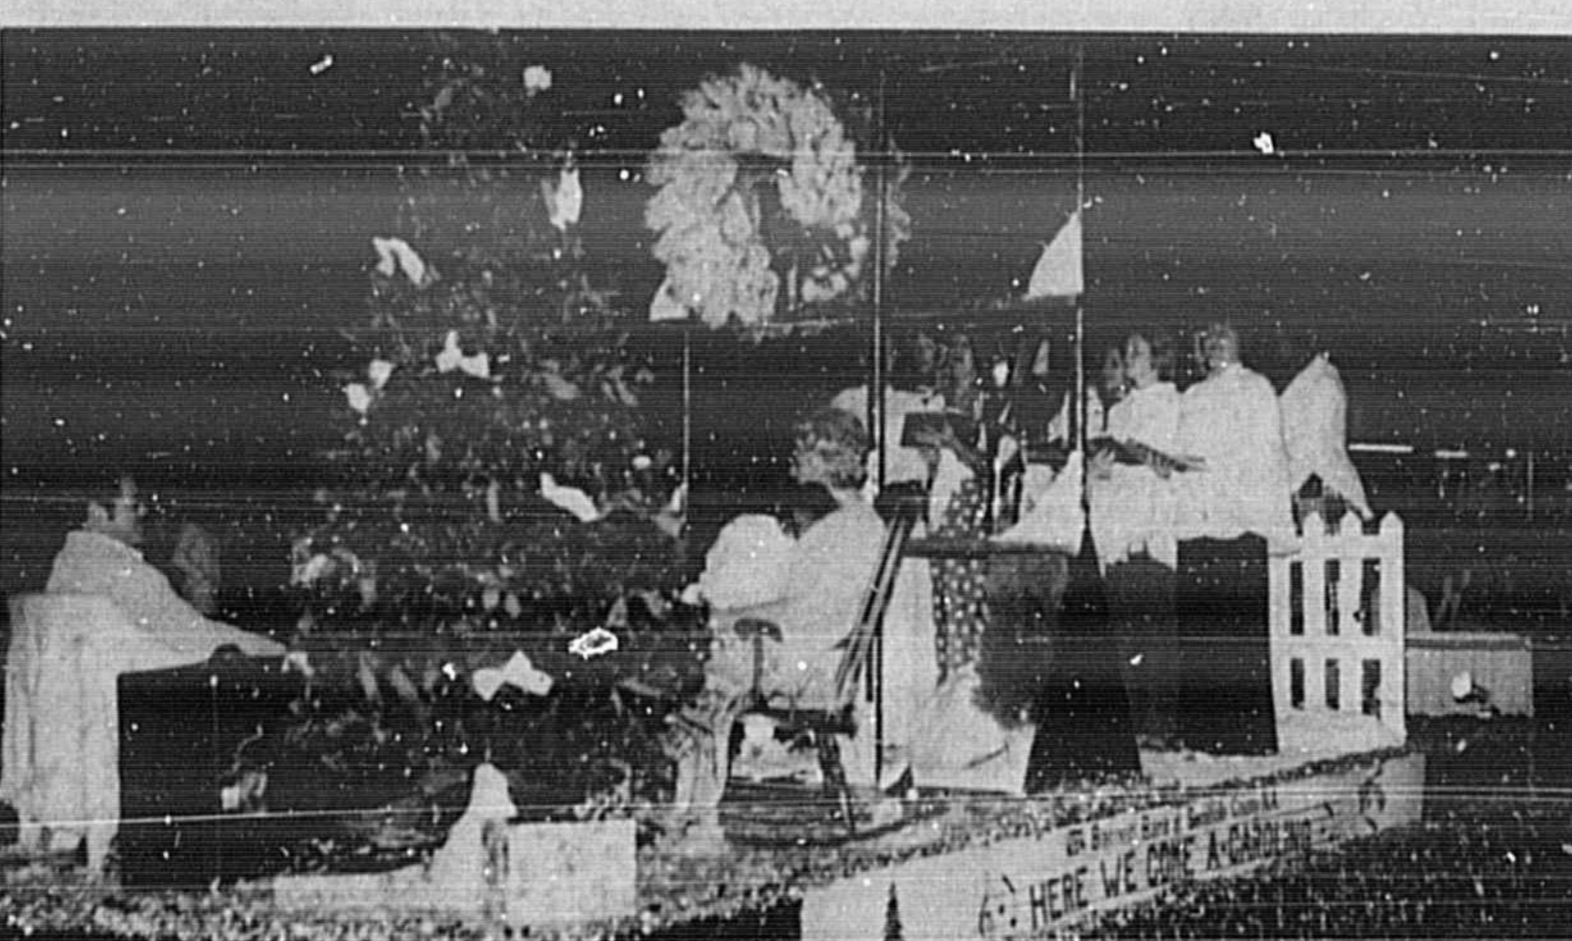

Parade Marshal Ronald McDonald (Herald Photos by Bill Vincent Jr. and Tom Vincent)

Parade Scenes

As the Sanford-Seminole County Christmas Parade wound its way through downtown Sanford Thursday night, parade-watchers and participants shared in the beginning of the Yule season. Shown on this page are just a few of those who made the parade a success.

Young and not-so young watched from sidewalks

FLORIDA IN BRIEF

Bus Driver Foils Robber, Suffers Gunshot Wound

STUART (AP) — A veteran bus driver was shot in the hand as he thwarted an armed robbery aboard his bus by shooting the would-be robber out of the door of the moving vehicle, the Florida Highway Patrol reports.

Woodrow Daugherty, 54, of Jacksonville, was wheeling his Greyhound bus southward on the Florida Turnpike Thursday, when a passenger kept asking him the time. "Finally, Daugherty said, the man pulled a pistol on him and declared it was a holdup.

"I got the brake on and threw the door open," Daugherty said. "Then I swerved the bus a little to throw him a little off balance and shoved him out of the door with my right hand."

'But I Can't Find Any Gun'

ORLANDO (AP) — "But I can't find any gun," Trooper Robert Rennie Jr. shouted in a breathless and breaking voice into his radio.

The 25-year-old rookie highway patrolman had just made the grim discovery that he had killed an innocent man, a motorist mistakenly believed to be driving a stolen car. He fired when he thought the man was reaching for a gun to avoid arrest.

After listening to a tape recording of Rennie's dramatic radio dispatches and 10 witnesses and Rennie himself, a coroner's jury ruled Thursday that the trooper was justified in shooting Frank D. Booth, 56, of Titusville.

Bell Rate Hike Takes Effect

TALLAHASSEE (AP) — Southern Bell's \$157.5-million rate-hike, the largest ever granted, goes into effect today with the three Public Service Commissioners still wrangling over the increase.

PSC Commissioner Paula Hawkins, in a strongly worded dissent Thursday, said the hike was not justified and criticized the commission's procedures as "inadequate, cumbersome and outdated."

She also claimed the commission denied due procedural process to the parties in the suit.

Regents Conflict Cited

TALLAHASSEE (AP) — It would be a conflict of interest for a firm partly owned by a vice chancellor of the Board of Regents to consult for state universities, according to the Ethics Commission.

But the panel Thursday told Steve McArthur, vice chancellor for administration, that his company could consult for other Department of Education divisions, such as public schools and community colleges.

The commission said in an advisory opinion requested by McArthur that a prohibition against doing business with one's own agency applies only to a division where the official works and not to those in which he has no say in decision-making.

Tucker Says He Has Votes

TALLAHASSEE (AP) — House Speaker Donald Tucker, D-Tallahassee, claims he has 82 committed votes — 18 more than he needs to win his bid for a second term as House leader.

Tucker revealed his head count Thursday as a colleague released the names of 18 freshmen legislators who said they will vote for Tucker over two challengers.

The 86 House Democrats will caucus Jan. 14 to decide whether Tucker, Rep. James Redman, D-Plant City, or Rep. Barry Kuttin, D-Miami Beach, will be designated as the 1977-78 speaker. It will take 44 votes to win the caucus election.

Break In Bomb Siege Awaited

MIAMI (AP) — Officials, nervously waiting to see if the latest siege of terrorist bombings is over, have imposed stringent security measures at all government buildings and the airport.

Seven bombs exploded Wednesday night and Thursday in downtown Miami, slightly injuring two persons and causing minor damage. Two groups claimed responsibility for the blasts.

But police and FBI officials said they have never heard of one of the groups and were not sure if either really exists. No arrests have been made.

Police said that Thursday's bombs, one at police headquarters and the other in a men's room near the state attorney's office, appeared to be more powerful and sophisticated than the devices set off late Wednesday at four government buildings and a bank.

House Leaders: Ignore Poll

TALLAHASSEE (AP) — House leaders are urging legislators to ignore a magazine poll asking them to rate the 10 best and worst of their colleagues.

House Speaker Donald Tucker's office Thursday released a copy of a letter to lawmakers from Tucker, D-Tallahassee, and House Republican Leader William James of Delray Beach regarding the poll by Florida Trend.

Walker Roberts, editor of the business magazine, has asked all 100 legislators to rate their colleagues in a Top 10 in three categories:

- The best in terms of "dedication, honesty, integrity and for their regard for the public welfare."
- The most effective "regardless of what you may think of their integrity, honesty or moral fiber."
- The worst who "contribute least to the public welfare."

Lively Contract Talks Expected

TALLAHASSEE (AP) — The state's chief labor negotiator says contract talks with a union representing law-enforcement officers "should be a pretty exciting time for both sides."

"First contracts are usually pretty traumatic," Dean Mielke, director of employee-employer relations, said Thursday. "Sometimes everyone's convinced this is the key to heaven."

The uniformed law enforcement officers employed by the state selected the Police Benevolent Association as their collective bargaining agent. The tally, announced Thursday by the Public Employee Relations Commission, was 981 votes for the union and 184 against.

SCHOOL DONATES FOOD FOR RANCH Non-perishable food items donated by Seminole High School students were presented to James P. Lynd, executive director, for the Seminole Youth Ranch in Winter Springs, by Student Government representatives. Reconsideration Denied

PERC Turns Down Union Challenge

The state's Public Employees Relations Commission (PERC) has turned down an AFL-CIO challenge of the recent certification of three individual bargaining units within the Seminole County School system for collective bargaining purposes.

Harry Pelley, chief negotiator for the School Board, said today he received notice from PERC of its denial of an Oct. 28 petition from the International Brotherhood of Painters and Allied Trades Local 1010 to reconsider or rehear PERC's action of Oct. 22 in certifying the three separate bargaining units.

Pelley said a letter from PERC's Chairman Curtis Mack said:

"Having considered the motion, I find no additional evidence or reason upon which to reconsider the decision and order of Oct. 22. Therefore, pursuant to authority in . . . PERC Commission Rules and regulations, the motion for reconsideration is hereby denied."

Pelley said this means the three non-instructional bargaining units are "officially certified for the 1975-77 school year and can start bargaining for their first contract after Jan. 1."

The three units include:

- The Seminole Educational Clerical Association, which includes all aides, secretaries (except confidential secretaries), bookkeepers, clerks, and data processors.
- Non-instructional Personnel of Seminole County Board of Public Instruction Association Inc. (NIPSCO), which includes food service people, custodians and plant maintenance workers, audio visual workers, electronic and typewriter repairmen, couriers, transportation and mechanical workers.
- Seminole County School Bus Drivers Association. Mr. Pelley said the Seminole Education Association (SEA), which got a master contract signed by the board in September, was not challenged by the union organization. He said SEA's certification is only for one year and certification has to be renewed by PERC each year.

Black Committee Sponsors

Arts, Crafts To Go On Sale

The state's Public Employees Relations Commission (PERC) has turned down an AFL-CIO challenge of the recent certification of three individual bargaining units within the Seminole County School system for collective bargaining purposes.

Harry Pelley, chief negotiator for the School Board, said today he received notice from PERC of its denial of an Oct. 28 petition from the International Brotherhood of Painters and Allied Trades Local 1010 to reconsider or rehear PERC's action of Oct. 22 in certifying the three separate bargaining units.

Pelley said a letter from PERC's Chairman Curtis Mack said:

"Having considered the motion, I find no additional evidence or reason upon which to reconsider the decision and order of Oct. 22. Therefore, pursuant to authority in . . . PERC Commission Rules and regulations, the motion for reconsideration is hereby denied."

Pelley said this means the three non-instructional bargaining units are "officially certified for the 1975-77 school year and can start bargaining for their first contract after Jan. 1."

He said SEA's certification is only for one year and certification has to be renewed by PERC each year.

Board Sets Work Session

On Courtesy Bus Issue

Dr. Abel said parents in recent months have been "passing the buck to the board when they're responsible for getting their children to school," within the two mile radius.

He said neither the state nor county has defined nor answered "what's a hazardous condition?"

The state only funds busing for pupils who live more than two miles from their respective schools.

Dr. Abel said eight per cent of the total pupils now bused, are receiving courtesy busing service, but the funds are coming from the 92 per cent of the student busing population, which he said is wrong.

Superintendent W. P. "Bud" Laver said the new laws of sovereignty immunity, which cost the board \$50,000 to \$75,000 a year, "violates education, too."

The other three alternatives to so-called courtesy busing include:

- Working with various governmental agencies (city and county) to remove hazards to pupils by building sidewalks and overpasses.
- Contracting with a separate bus line or commercial transportation in lieu of using school buses.
- Starting an annual review of all courtesy busing by committee.

New Lawsuits Filed In Fire At County Jail

By BOB LLOYD
Herald Staff Writer

Orlando attorney William Whitaker has filed damage suits in circuit court for seven men who survived a June 9 Seminole County Jail fire and the estates of three of the 11 men who died in the fire.

Nine other lawsuits were filed earlier by four fire survivors and relatives of five other persons killed in the fire. The suits seek millions of dollars in damages from Sheriff John Polk and Seminole County.

The 10 new civil actions filed by Whitaker name Seminole County, the State Division of Corrections, the City of Sanford, Supreme Sales Co. Inc., and four liability insurance carriers as defendants.

All 10 suits seek jury trials and damages in excess of \$2,500 each. The suits charge that the defendants with negligence resulting in injury or death.

The new lawsuits allege:

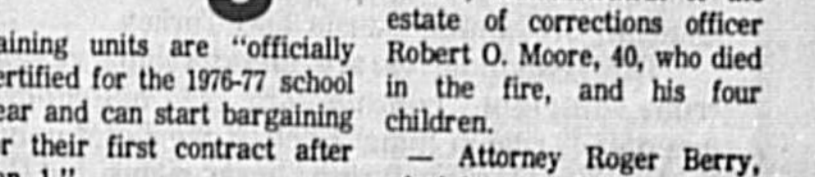

- That Seminole County negligently and carelessly failed to build, remodel, staff and equip the Seminole County Jail and failed to properly fund the sheriff so as to enable him to properly fulfill his duty on June 9.
- That the state Division of Corrections negligently and carelessly inspected, rated, supervised or controlled the Seminole County Jail on June 9.
- That the City of Sanford issued the original building permit when it knew or should have known there were insufficient fire escapes provided, a lack of safety equipment and that the city failed to inspect the jail for compliance with fire codes.
- The suits also allege that the city failed to promptly have its fire-fighting units respond to the fire alarm when it was given.
- That Supreme Sales Co. Inc., was negligent and careless in designing, manufacturing and inspection and sale of mattresses.
- The suits allege that Supreme Sales advertised the mattresses as being safe, non-flammable and as not giving off toxic smoke or gas when burned or ignited and claim the advertising was "knowingly false misrepresentation."

Complainants in the 10 latest lawsuits are:

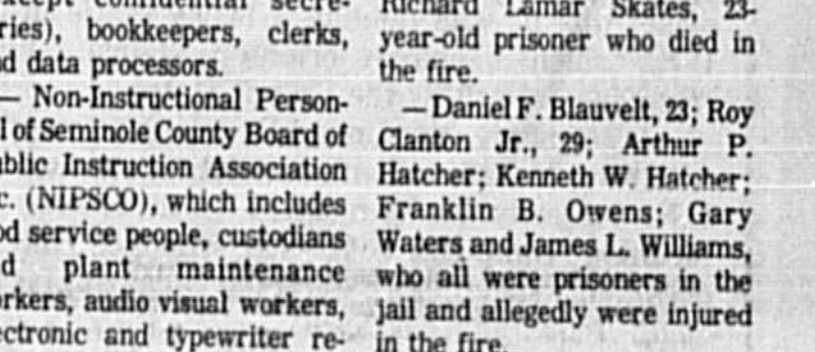

- Mrs. Cornelia Marie Moore, administratrix of the estate of corrections officer Robert O. Moore, 40, who died in the fire, and his four children.
- Attorney Roger Berry, administrator of the estate of Jessie Lee Allen, 24-year-old prisoner who died in the fire.
- Edward A. Skates Jr., administrator of the estate of Richard Lamar Skates, 23-year-old prisoner who died in the fire.
- Daniel F. Blauvelt, 23; Roy Clanton Jr., 29; Arthur P. Hatcher; Kenneth W. Hatcher; Franklin B. Owens; Gary Waters and James L. Williams, who all were prisoners in the jail and allegedly were injured in the fire.

UN Indignities Are Mounting

When U.S. Ambassador Daniel P. Moynihan proposed a resolution to the United Nations asking that all political prisoners everywhere in the world be set free...

Mr. Moynihan was doing what he said he would do when he agreed to accept the U.N. ambassadorship. He was punctuating the hypocrisy of the U.N. General Assembly with truth...

For example, recently Amnesty International estimated that there are 10,000 political prisoners in the Soviet Union alone who are not only incarcerated but also systematically tortured...

Unfortunately, the Soviet Union's political prisoners are but a drop in the ocean. Of the 72 members of the General Assembly voting for the anti-Zionist resolution...

The bill passed again in the House, but only by nine votes, compared with a 199-vote margin in 1974. This time, a threatened presidential veto cannot be overridden.

Meaning, of course, that the nay-saying congressmen will be punished by the people at the polls next election.

But either these congressmen voted as their consciences dictated in this instance, which theoretically they are supposed to do...

Exactly how does Nader's threat differ from that of any other lobbyist who warns of retribution of some kind or another against those representatives and senators who do not vote the "right way" on a given issue?

This is not to say that Nader's plan of action is not perfectly legitimate. That is how democracy works, more or less, in this country.

Secretary of State Henry A. Kissinger has warned the Soviet Union and Cuba that the United States "cannot remain indifferent" to their intervention in the civil war raging between various groups seeking control of formerly Portuguese Angola.

"We will be flexible and co-operative in settling conflicts," said the secretary, "but we will never permit detente to turn into a substitute of unilateral advantage."

Soviet and Cuban wrists must be smarting. It brings to mind a cartoon by famous British cartoonist David Low, the creator of Colonel Blimp, castigating the country's failure to take a decisive stand against Italy's invasion of Ethiopia in 1936.

On a stage strewn with the raped bodies of democracy and the League of Nations, the British hero waggles a flag at the menacing figure of the villain, Benito Mussolini.

"Have a care," he says. "You have ruined the woman I love, killed my aged mother, sunk the British fleet and set fire to the Empire. Beware! Do not go too far!"

On a stage strewn with the raped bodies of democracy and the League of Nations, the British hero waggles a flag at the menacing figure of the villain, Benito Mussolini.

He is articulate, attractive, intelligent and one of the best orators on the stump today. He also has a solid national constituency, not only among conservatives but also among many liberals. For example he would not have been elected governor of California twice without massive liberal support.

Inversely, one of the constant irritants that President Ford faces is the assertion by die-hard radicals that he does not have a 100 per cent mandate as President because he was not elected. If he had no opposition for the GOP nomination, the conservative GOP diehards would continue to insist that his mandate is deficient because he used his incumbency to stifle opposition.

Well, I guess the old company picnic has changed over the years, eh folks? Folks?

The Evening Herald has been informed that someone representing himself as an employee of this newspaper has been soliciting funds through the sale of tickets purportedly to benefit the Winter Springs Junior Police.

Mrs. Nancy Booth, an advisor for the Winter Springs Junior Police, said that her organization was planning a benefit but that her group was not selling tickets. Neither Mrs. Booth, a correspondent for the Herald, nor the Herald itself has authorized any use of its name in connection with any other fund drive.

Want a seedling tree, free for the asking? Dogwood and slash-pine seedlings are available at a couple of locations, courtesy of Forest-Greene Inc., realtors.

Persons wishing to have one of these young trees may pick them up at 106 W. Lake Mary Blvd. (at Fifth Street), Lake Mary, or at the Forest-Greene office in Altamonte Springs, which is located on Forest Ave., just north of SR 436.

The firm has been giving the trees away for the past six years as a public service and beautification project.

Do you have insurance problems? Having trouble in receiving payments of valid claims? Need the answers to questions relating to all lines of insurance or assistance in complying with the Compulsory Automobile Insurance Law and Financial Responsibility Law?

You can get help with these and many more insurance-related problems by contacting the representative of Insurance Commissioner Philip F. Ashler, who is in town on the second Thursday of every month.

Ashler's office in Orlando, which serves Seminole, Orange and Lake Counties, has assisted in the recovery of \$42,348.67, which has been returned to policyholders and this refund resulted from questions being asked by individuals who took time to contact his representative.

So, if you have queries or need help in any insurance-related matter, contact Ashler's representative when he's in town. He'll be in the Seminole County Courthouse at 1:30 p.m.

And remember, he's only here on the second Thursday of each month.

Thousands of people jammed Downtown Sanford's streets last night to witness the annual Christmas Parade, and to say that a good time was had by all would be a gross understatement.

Approximately 100 units, consisting of floats, automobiles and marching bands, as well as just plain marchers, were in the parade and it was a delight to witness.

We salute all those people who had a hand in making it one of the biggest and best parades we've seen in some time, especially to Parade Chairman Fred Davis and his entire crew.

Let's hope everyone gets behind Davis and his committee and lends them the support they so desperately need for future endeavors.

—Bill Currie

HOROSCOPE

By BERNICE BEDE OSOL

For Saturday, December 6, 1975
ARIES (March 21-April 19) Don't make winning or being the best at something so important today that you'll behave so as to be offensive to others.
TAURUS (April 20-May 20) Be very selective of those whom you choose to pal around with today. An erratic companion could cause you some problems.
GEMINI (May 21-June 20) You have a tendency today to try things before taking the time to evaluate the consequences. Don't be in such a rush.
CANCER (June 21-July 22) Business conditions are exceptionally tricky for you today. Handle your affairs prudently. Avoid debt spending.
LEO (July 23-Aug. 22) Usually you're fairly easy to get along with. Today you're not likely to be as co-operative as you should be. Stubbornness doesn't become you.
VIRGO (Aug. 23-Sept. 22) If you feel a bit uptight today, it's probably because you've given yourself too much to do and not enough time to do it.
LIBRA (Sept. 23-Oct. 23) An interesting day for you socially, but you're apt to experience some complications if you

Opening lead — K ♠

could be stop it?
A cue bid followed by a seven-spade bid would be too obvious. Finally he solved his problem by just bidding seven spades.
It was up to West to lead. He thought and thought some more. Vanderbilt arrived while he was thinking and was told to stay away from the table until the hand was finished.
It didn't take long. West decided that North was surely void of hearts. He led the king of clubs and Mrs. Jacoby had no trouble making all the tricks.
A Michigan reader wants to know what to bid with:
♠ A Q 10 9 8 7 6 5 4 3 2 ♠ J 9 8 7 6 5 4 3 2 ♠ K 10 9 8 3 2 ♠ 6 ♠ 3 ♠ J ♠ 3 ♠ Both vulnerable

By Oswald & James Jacoby
Some 40 years ago there was going to be an all-expense rubber bridge game at the home of Harold Vanderbilt (the inventor of contract) was late and Mrs. Jacoby was drafted to play one rubber with her husband until the fourth arrived.
On what turned out to be the final hand of the rubber Jacoby improvised a bid that brought in an impossible grand slam for him. He sat North and was faced with the problem of what to bid over West's five-heart bid. He realized that if he could stop a heart lead his partner would wrap up seven spades. How

CARNIVAL

For the first time in more than 40 years, five sisters and their brother reunited last week in Sanford and Mount Dora. Highlight of the reunion was togetherness and some lightening. Gathering at the home of Mrs. Lou Baker for luncheon before returning to their homes are sisters and brother, front row, from left, Mrs. Luther Mead, Chatham, N.J.; Ben Hunter Ring, Columbia Falls, Mont.; Mrs. Wallace Pike, Mount Dora; Virginia Hoover, Ft. Myers; Mrs. Baker, and Mrs. Bobby deArmond, Gambrills, Md. (Herald photo by Doris Dietrich)

FAMILY IS REUNITED

Joe and Evelyn Nelson and their children, Ernie, Teresa and Julie, of Meadowlark, journeyed to St. Cloud to speak. Thankgiving with her sister and brother-in-law and their children, Mr. and Mrs. Joe Spitz and Rufus and William.

The following day the Nelsons drove to Lake Wales where they spent the rest of the four day holiday as guests of his brother and sister, Brooks Nelson and Mrs. Irene Edward. They also enjoyed visiting with his mother, Mrs. Maude Nelson, before returning home.

Elaine and Jack Schraff of Meadowlark and their family entertained Winter Springs residents Kay and Vernon Besseant on Thanksgiving.

The following day, Schraff, the Besseants, Bob and Frieda Dyert of Casselberry and Ed Ramsey all journeyed to Clearwater to attend a Veterans of Foreign Wars District convention held at the Fort Harrison Hotel in Clearwater on Nov. 26-28.

Joan and Dan Martin, with their children, Kenny and Linda of Hacienda Village, accompanied by his father, Dan Martin Sr., treated Mrs. Martin to a day off by taking the group to dinner at an Orlando eating spot.

GARDENERS HONORED

Mr. and Mrs. Lavern N. Trued proudly display the Garden of the Month sign in their yard at 101 Forest Dr., Sanford, awarded by the Hibiscus Circle of the Sanford Garden Club, the honor was bestowed upon the Trueds because they do all their own landscaping and pruning to keep their yard looking neat and attractive. (Herald Photo by Bill Vincent Jr.)

Christmas Message Told In Stories And Singing

The Woman's Club of Sanford held its Christmas luncheon and meeting at the Oak Avenue club house Wednesday. Chairman for the hostess committee was Mrs. William Foster. Serving with her were Mrs. J. E. Baker, Mrs. Art Brown, Mrs. W. H. Crosby, Mrs. Donald Flamm, Mrs. Margaretie Graham, Mrs. S. G. Harriman and Mrs. Donald King. The holiday decorated club house provided a delightful atmosphere for the Christmas program which followed the delicious luncheon. Dr. Jay T. Cosmato, pastor of the First Baptist Church of Sanford, spoke to the club members on 'The Values of Christmas.' After amusing their participation in the Golden Age Program sponsored by the Sanford Chamber of Commerce.

Quinn, Mrs. Alfred Hunt and Mrs. Stanley Pierce. Bridge winners were Mrs. Herbert Larson, Mrs. F. J. Harris and Mrs. S.G. Harriman. Mrs. Carl Dietrich was chosen by the club members as their nominee for the Roberta Gatchel Memorial award. (This is an award presented yearly by the Kiwanis Club to a local woman who has performed outstanding civic work.

Friend's Father Needs Services Of Psychiatrist

DEAR ABBY: I need advice badly and have no one to talk to. My girl friend told me that from the age of 10 until she was 15, her father continuously molested her every chance he got when no one was home. The problem is that there are still seven younger girls at home, and she is afraid he will do the same to them. What can be done to make her father seek help without others finding out? Also they don't have much money in case he needs psychiatric treatment. And she doesn't want the police to lock him up because her mother needs his paycheck badly.

HELPING A FRIEND DEAR HELPING: Tell your friend that she should confide her fears to a clergyman, doctor, teacher, relative or some other responsible adult. Assure her that her father is a very sick man if he doesn't get help immediately, the consequences could be tragic. And please write again and let me know what has happened. I care. DEAR ABBY: I am a middle-aged, unattached gentleman who enjoys being well-dressed and well-groomed. I am well-

educated and have good manners. I am fully employed in a position that pays a modest salary. Since never told anyone about this because he threatened to kill her if she did. The problem is that there are still seven younger girls at home, and she is afraid he will do the same to them. What can be done to make her father seek help without others finding out? Also they don't have much money in case he needs psychiatric treatment. And she doesn't want the police to lock him up because her mother needs his paycheck badly.

Four Games, Four Wins
Spruce: Only Just Begun

By SCOTT ABRAHAMS
Herald Correspondent

PORT ORANGE — At Spruce Creek High School there's a hand-painted sign in the gymnasium lobby which boasts "We're Only Just Begun." A single trophy in the jug glass-enclosed nearby attests to the sign's accuracy.

The first-year school, with its spaciousness, carpeting and ball-like atmosphere, has produced a basketball team that may only be beginning, but is beginning well.

Thursday night Spruce Creek won its fourth straight game without a loss. The victim this time was Seminole High, which fell to 1-2 on the year. The score was a low one, 50-46, which Seminole Coach Joe Mills said reflected "an off night for both clubs."

Spruce Creek generally scores in the 60s and 70s.

Reuben Cotton led Seminole in defeat with 18 points which Mills described as "his average output." The big problem for Seminole was that Harry Smith and David Wiggins did not hit their averages of 15 and 10 points, respectively.

Smith could hit for only seven points while Wiggins had only one.

"Wiggins couldn't buy a basket tonight," sighed Mills.

Second high man for the Seminoles was guard Tom Hollingsworth, with 12, which Mills also called "below average."

"Tom just didn't have his usual outside accuracy," said Mills.

At times the Seminole attack was effective and quick. With Hollingsworth bringing the ball downcourt and passing inside to Smith, Cotton, and Kevin Brown, the Seminoles gained enough momentum in the second quarter to outscore their opponent, 14-13, and go ahead by three at intermission.

But the third quarter was a different story. Spruce Creek changed from a 2-1-2 defense to a 2-3. Seminole couldn't penetrate the new defense and had many passes picked off. The big gun for the Hawks was David Piccolo, who suddenly developed a magic touch and hit five shots from 15 feet in the quarter. His effort saved the day for a sluggish Spruce Creek offense which missed countless layups and tips.

A Hollingsworth bucket with four minutes left tied the contest at 41-41, but Spruce Creek quickly countered with three straight buckets. Seminole called time out and came out in a press. Cotton, whom Mills praised by saying "he must have stolen the ball 10 times," stole another and hit two points.

In the minute that remained, Seminole broke through the 2-3 defense somewhat, but then couldn't hit from the outside until Cotton dropped Seminole's last bucket with 21 seconds remaining.

Seminole started one senior, three juniors and one sophomore and Mills called inexperience a basic factor in the loss.

"We have a young team," and we didn't adjust to their defensive and offensive changes at halftime," he said.

While Seminole's variety couldn't pull off a come-from-behind victory, the Seminole jayvee squad showed everyone how its done.

The Baby Seminoles were down as much as 22 points in the third quarter and were behind 53-35 when the fourth quarter began. They went into a stifling press and held Spruce Creek to six final period points and exploded for 24 of its own, to win 67-41.

David Craig capped the rally with two free throws that knotted the game at 59-59 as regulation time elapsed. In overtime, Spruce Creek hit the initial bucket, but that was all as Derrick Martin and Joe Stallings each hit two free throws in the final overtime minute to ice the victory.

Williams: Navy Has A Rudder

FIVE STAR TAPS TOP RUNNERS
Cross country runners from Seminole and DeLand joined the Mainland-dominated Five Star Conference all-star team announced today. Members of the all-conference squad include, left to right, Sammy McKinley and Darryl Eastman of Mainland, Willie Calloway of Seminole, Cary Payne of DeLand, Pat Fleming of Seabreeze and Bobby Smith and Mike Culin of Mainland.

North Carolina's Smith Impressed By Guard Ford

By THE ASSOCIATED PRESS

Listen to Dean Smith and you get the idea that Phil Ford is the best guard in America. Watch Phil Ford and you get the idea that it may be true.

"I can't think of a better backcourtman in the country," the North Carolina coach said after Ford drove his fourth-ranked Tar Heels to a 73-63 college basketball victory over Seton Hall Thursday night. "Ford runs my offense as well as any guard that ever played in the Atlantic Coast Conference."

The angle of Smith's eye scored 27 points, handed out 10 assists and directed the Tar Heel machine with poise.

"I couldn't say that Ford was the best guard in the country last year," Smith said. "He was as good a shooter as he is this year. He worked all summer on his shooting and has really come along. He has tremendous quickness and he's now taking the proper shot selection."

North Carolina's super sophomore was almost upstaged by Seton Hall's Greg Nynes, another 6-1 guard. Nynes scored 23 points for the New Jersey team, keeping the stubborn Pirates within shooting range of the Tar Heels most of the game.

The game was the opener of a tournament at the Garden Court Square Garden in New York. In the second game, Rutgers beat Purdue 81-73, led by Phil Sellers with 41 points.

In other games around the country, Austin Peay crushed Armstrong State 101-63; Penn State beat Delaware 66-61; Drake smashed Marquette State 99-78; Mississippi State turned back Chicago State 113-81; George Washington University defeated William and Mary 76-69; Centenary nipped Northwestern Louisiana 69-67; South Florida defeated Old Dominion 77-76; West Texas downed Southwestern Texas 73-63; St. Mary's shouled Utah State 76-65; the University of California turned back Brigham Young 71-60 and Air Force defeated New Mexico State 76-70.

Eddie Davis' two free throws with 17 seconds left led South Florida past Old Dominion.

Oviedo, Brantley, Lyman Play Three Prep Clubs Eye Court Wins Tonight

Oviedo, Lyman and Lake Brantley have victory on the mind tonight in a pair of high school basketball games involving Seminole County teams.

Oviedo (0-2) plays at Orlando Colonial while Lyman (4-0) is at Lake Brantley (1-2).

Seminole and Sanford Naval Academy didn't fare well Thursday night. Seminole dropped a 50-46 verdict to a hot Spruce Creek team, and the Naval outfit was sunk by Central Florida Academy, 58-51.

Seminole led at halftime, 26-23, but poor foul shooting combined with excellent outside shooting of Spruce Creek's David Piccolo in the third quarter stopped the Seminole momentum and the Sanford crew wasn't able to regain control.

Neither team had much offensive punch in a game that began slowly and stayed that way. Both squads hit virtually the same number of free throws (Spruce 21, Seminole 20), but Seminole shot miserably from the free throw line.

Sanford went to the foul line 14 times and hit only six points while Spruce Creek had nine chances and converted eight.

Seminole was led in scoring by Reuben Cotton with 18 points. Sanford, which fell to 0-4, played a strong bustling game, but was simply outscored. Steve Mock led all scorers in the game with 29 points. Frank Leicht had 11 rebounds and Mock added nine while Joe Pitts had seven grabs.

Sanford Naval plays again Saturday at Hovey-In-The-Hills.

Raiders In Rematch At Florida College On Saturday Night SPORTS

Seminole Community College's 7-1 basketball team hits the road again Saturday night for a 7:30 game in Tampa against Florida College, the team that came within two points of the Raiders at the Sanford gym Nov. 18.

Seminole coach Joe Sterling, who only Thursday was comparing his Raiders to earlier state tournament-caliber clubs he has had in almost 10 years here, is worried about the Falcons in their Temple Terrace home nest.

If the home court advantage favors Florida College, Seminole does have one point in its favor for the second meeting. That point is Vernon Johnson. The 6-7 sophomore center was frustrated the first time the two clubs met and it showed. Now Johnson is healthy and that showed Wednesday night when he popped in 22 points to pace Raider scoring the 100-73 win over Edison.

It was in that first Florida College game that Terry Jameson chose to prove himself a capable ballplayer. Jameson scored 29 points to make up for the slack caused by Johnson's illness.

Through the first eight games, Reggie McDonald heads a close Seminole pack in the scoring race. McDonald has 112 points for a 14.0 average. Chip Noe is right behind at 108 played only sparingly, has a 68.6 floor percentage, making 56, three more than Johnson. McDonald is 46 and Jameson 43.

McDonald also leads the team in assists with 40, just one more than Faber.

The Raiders are scoring 85.9 points per game to 73.5 for their opponents.

Atlanta Falcons Rated To Win Over Redskins

By HAL BOCK
AP Sports Writer

NEW YORK (AP) — The Complaint Department, always highly vocal, has suggested that your Pro Picker doesn't select enough upsides.

Anxious to please, the Picker will immediately rectify that situation by predicting a handy upset special for this week's longshot player. He likes ... Atlanta over Washington.

Last week's record was 9-4 moving the season's mark to 104-33 for 727. The picks: Atlanta 24, Washington 24.

Schultz Goals Snap Hawk Streak

By The Associated Press

Maybe Dave Schultz wants Chicago Coach Billy Reay to get his name straight.

Schultz scored two first-period goals Thursday night to boost the Philadelphia Flyers to a 5-2 National Hockey League victory over the Black Hawks.

But Reay, whose team had tied the Flyers in their two previous meetings this season, continued to voice his opinion of the Philadelphia winger.

"He's the first time I've seen him earn his pay," Reay said after the game. "But I'm not worried about him."

Reay has been saying for several seasons that Schultz lacks skill and is too much of a blunderer.

And to add to the insult, the coach refers to Schultz as "Schwartz."

The victory shattered a 15-game losing string for the Flyers, and extended Philadelphia's winning streak to seven.

"Chicago had taken a 2-0 lead in the first period on a 35-foot slap shot by John Marks. But the Flyers tied it after eight minutes later on a power-play goal by defenseman Andre Dupont.

Schultz goals made 1-1, and Philadelphia increased the lead to 4-1 on a 15-foot shot by Rick MacIver. A second goal by Schultz made it 5-1.
