#### TRAIN RIDING MEASURE Japan's Reply WOULD HAVE LIMITED TO TEN DAYS

VOLUME IV.

#### BUILDERS HOME Exempted from City Taxes for

Five Years in Leesburg Got the Axe

(Br The Associated Press) TALLAHASSEE, June 9. - The governor vetoed the train riding measure passed by the legislature which would have limited penalties for persons who ride trains without ticket to ten days imprisonment or a ten dollar fine. The measure arresting train riders unless requested by officials or employe of the railroad at the time of offense was committed. The governor vetoed the measure which would have exempted from city taxes for five years homes to be constructed in the city limits of Lees- Sugar Jump Unburg. The measure was unique in character, in that it was designed to encourage home building. It was clearly unconstitutional and utterly

void the governor declared. SANFORD MORTGAGE LOAN

#### COMPANY OFFBRS STOCK FOR BUILDING HOMES

The Sanford Mortgage Loan Company in this issue has an advertisement calling the attention of the publie to the fact that they have some captial stock for sale and the reason for increasing their capital stock and offering it on the market is to take care of the many needs of Sanford investors for the building of houses homes and business property. ing a long felt want in this commu-

Cannot Combine With Truck Growers, Inc., But SERIOUS LOSSES ARE EXPECT-Will Complete Organization Plans

Farmers and growers generally are difficult to organize and this has always been the trouble in Sanford and every other part of the country but it has not prevented some good organizations from being formed and it will not Was Gunboats keep the growers of this county from forming the organization as originally planned. Last night the time of the meeting was taken up in action on the invitation of the Sanford Truck Growers, Inc., for all the growers of this placed rivers and creeks in Kansas section to come into their organization and when the annual meeting occurred at flood stages and with continuation to make it over or do as they pleased but this did not meet with the approval of rain predicted for today serious apology for shooting of Chinese riot- of the new organization members who after two hours of talk pro and con decided to adjourn and with the same organization committee and plans to go shead with the original plans and form the big organization that has been pinned for several weeks. There was a general good feeling throughout and the state and ranged from one to several speakers caused much merriment by their talks on their idas of what the organization should do and it is the general feeling that the big organization will go ahead with no more delays and the Sanford Truck Growers, Inc., Filipino Butler will go ahead as they have for the past five years and all will be peace and "hominy" on the St. Johns. Judge Housholder, Judge Dickinson and several other speakers last night sounded the keynote when they asked for a general

getting together of all the growers into the one big organization since they were all aiming at the same mark and it is certain that in few years there WHEN will be one big organization here handling at least seven y-five per cent of the crops on the co-operative basis-of the growers, by the growers and for the growers. G. L. Bledsoe presided at the meeting as chairman and it is

probable that the next meeting will be Friday night.

The following were among the 765 long tons and in March 647,008 long tons. The last figure excee the 521,521 long tons export of March, 1922, when the price was law, Exports of American sugar likeise increased in March to 31,632 iong tone from the 29,438 figute of April. Both figures were far below March, 1922, when 108,468 long tons were shipped abroad.

**BBCOND OFFICER BUICIDE** 

J. B. Powell, Shanghia newspaper man, is said to have lost his temper recently and knocked out one of the guards who had become offensive. The bandits are continually quarreling among themselves when they are not conversing with the prisoners. Many of the brigands unfamiliar

with firearms have nearly caused several tragedies by their carcless handling of weapons. Yesterday one of the bandits is said to have blown his hand off by accidentally discharging a rifle. A German priest who had just re-

retreat, said heat and flies were the worst of the captives' troubles. Many of the bandits, he said, were suffering fro moome ailment or other, two of

The priest, who is also versed in been virtually assured, it may be medicine, carned the good will of November before the measure is enthe bandit chieftains by attending acted. The Premier said the Fronch and Belgian governments should agree not to consider any proposal from Chancellor Kuno unless it was preceded by complete and final cessation of the German passive resistance campaign. He assured the senators that the government's relations with the Belgians were entirely satisfac-After running amuck the officer took tory and that everything was going well in the Ruhr.

Paris and Grussels are keeping in constant communication today diaturned from the bandits' mountain police and when found escape im- cussing the advisability of making a reply to the new German reparations note or ignoring it entirely as not susceptible of forming a basis for negotiation. In the event a decision is reached that a reply be made, the French government is reported to favor a curt dismissal of Germany's Intest proposition. Belgium, on the contrary, is said to be desirous of wording the acknowledgement in such manner as might leave the way

open for a further parley. The French foreign office maintains an absolute official silence on the subject, but the indications appear to be that a reply will be made and that Germany will be requested to announce, once and for all, whether she intends to continue or abandon her passive resistance in the Ruhr. The Belgian cabinet strongly favors a common inter-allied reply but it seems certain that a joint answer will be possible only if London agrees to leave no doubt in the mind of the Berlin government as to the absolute personity of discontinuing the Ruhr resistance.

Upon this point Beigium and France are solidly agreed. There has been no direct communication betwoen London and Paris on the subject, the British viewpoint being transmitted to the Qual d'Orsay thraugh Brussels.

The expectation here is that Germany must admit defeat in the Rub and that a joint note will be claborated and dispatched to Berlin teday. York fell when Geysmer - Emith others sat down on the curb declar

absolutely rejected, the German roparations proposals last 'night in his first official expression since the receipt of the note from Berlin, when he appeared before the senate commission on foreign affairs and finance to answer a long questionnaire on the operations in the Ruhr.

The Premier said the Fronch and Belgian governments should agree not to consider any proposal from Chancellor Kuno unless it was preceded by complete and final cessation of the German passive resistance campaign. He assured the senators that the government's relations with the Belgians were entirely satisfactory and that everything was going well in the Ruhr.

constant communication today dia- tions over night, but very cleverly reply to the new German reparations was also disposed of at the meeting, note or ignoring it entirely as not so his reference to the matter, inten-

wording the acknowledgement in such manner as might leave the way open for a further parley.

The French foreign office maintains an absolute official silence on that needed advice and service, and the subject, but the indications ap have given all good results. pear to be that a reply will be made and that Germany will be requested to announce, once and for all, whether she intends to continue or abandon her passive resistance in the Ruhr. The Belgian cabinet strongly fa-

vors a common inter-allied reply but it seems certain that a joint answer will be possible only if London agrees to leave no doubt in the mind of the Berlin government as to the absolute pereneity of discontinuing the Ruhr

Upon this point Belgium and France are solidly agreed. There has been no direct communication between London and Paris on the subject, the British viewpoint being tranumitted to the Quai d'Orsay

many must admit defeat in the Buhr and that a joint note will be claborated and dispatched to Berlin teday.

Seminole-Overland Company News

AUTOMOBILE PA

E SANFORD DAIL THERALD, SATURDAY, JUNE 9, 1923

The Seminole Overland Company are there with the goods in the Automobile line and they have four cars for you to choose from—the Overland Red Bird, the newest of the new and it is sure some car for the money and is one of the snappiest cars on the market today; the Willys-Knight, and they have left nothing undone in making these cars the greatest ever built, and with this season's production there are models to chose from and they are the work of experts;; then the Paige, the most beautiful car in America, with every convenience that the heart could wish for, the equipment is perfect in every detail and to ride in a Paige i slike taking a sail through the clouds; the Jewett, made by Paige, is a lighter car than the Paige, but is one of the sturdy, handsome looking cars of today with six cylinders to take you whizzing over hills and through the country whether on business or pleasure you will always find that your Jewett will be there with the touch of the starter pedal and carry you on your way with the grace of a fleet deer.

Don't forget that the Seminole Overland Company are the distributors for these four fine makes of cars and will at any time be glad to give you a demonstration on any of the above cars. They always have them on the floor at their show rooms and you are invited to call on them at any time and see the cars perform. Mr. Smith, the manager of the company, says that they are receiving shipments about every week of these cars and there will be a couple of car loads of the new Red Birds due to arrive the first part of next week.

#### Millions Added to Automobile Taxes

Central States to Feel Heaviest Burden

CHICAGO, June 9.—Millions of dollars will be forthcoming from the pockets of motorists in a number of middle western states during the coming year as the result of laws passed by legislatures of the winter and spring. \_\_\_\_\_

A Lenge Anity

Of importance to every purchaser of a quality car is the fact that there is a Lincoln representative in nearly every city and town in the country.

GRAY MOTOR SALES CO. PHONE 558-L-1

Foot of First Street-

Texas appears to have passed the most radical increase. It is estimated that \$10,500,000 additional will come from the pockets of motorists and wholesalers of gasoline. Two taxing measures dealing with automobiles were passed in Texas. One places a one cent tax on each gallon of gasoline sold by wholesale dealers, while the other revises the present system of motor license fees and increases them approximately 100 per cent. It is estimated that the gasoline tax will net the state \$2,500,000 and the license fee increase will bring \$8,000,-000.

Indiana now has a law imposing a tax of two cents a gallon on gasoline, estimated to yield \$3,000,000 yearly. This will be devoted to good road purposes. In addition the legislature passed a law effective next January 1, increasing the license tax on automobiles.

In Oklahoma a tax of 1 cent a gallon on gasoline was included in a bill passed by the legislature. This is expected to yield \$900,000 annually. In Oklahoma City an ordinance recently passed puts the charge for a city license at 50 cents and is expected to yield \$18,000 to the city.

Tax legislation in Kentucky, passed in 1922, which became effective this year is expected to net \$300,000 to the state.

In Ohio 87 bills directly affecting automobile owners were introduced in the legislature, but the only one that was passed increased the tax on trucks.

Only one state showed a decrease. This was in Minnesota where the method of taxing was changed. It was estimated that while the average car tax for last year was \$17, the average for this year will be \$16.44. However, the legislature passed a bill to submit a constitutional amendment to the voters a the next regular election authorizing the legislature to fix a tax on gasoline.

785

835

Sanford, Florida

In both Michigan and Iowa a tax of 2 cents a gallon on gasoline was passed by the legislature but was vetoed by the governors.

In Ibwa a law was passed placing motor bus and truck transportation lines under the supervision of the state railroad commission while a tonmile tax was imposed on these lines to draw from them a contribution to the state highway maintenance fund, A law was also passed requiring that automobile registration fees be based upon current list prices.

Studebaker's sales of repair parts, covering repairs due to accidents as well as replacements, averaged but \$13 per car in operation in 1922

While the sale of Studebaker cars has mounted strikingly, our parts sales show a gradual decrease,

This emphasizes two very important facts: that Studebaker cars are delivering a high degree of satisfaction to owners; and that the Studebaker dealer is primarily in business to sell cars-not parts.

This also means that the Studebaker dealer does not have to carry burdensome stocks of slow-moving repair parts. And to supplemeht the dealer's stocks, when necessary, every Studebaker dealer in the United States is within over-night touch with one of the Stude-baker Parts Depots, established at strategic points throughout the country.

The low maintenance cost, and the consequent small depreciation of Studebaker cars in the second-hand market are advantages that enable Studebaker dealers everywhere to make permanent customers and to build up a profitable business.

R. C. Chapman	Dr. C. J. Marshall	C. W. Stokes	A. F. McAlister		

From the beginning of its operations the Company has been unable to supply the demand for Mortgage Loan funds and it is anticipated that the entire capital of \$250,000.00 will at times be insufficient to meet this demand.

The success of the company is very gratifying to its officers and directors, earnings at the rate of 17½ per cent per annum having been shown upon the money employed. A dividend of 8 per cent has been declared, and the additional profit passed to the surplus and undivided profits account of the company. These earnings are a result of turnover of capital and do not represent the profit on individual loans.

In the editorial colmuns of the Sanford Herald of June 6th, there appeared this significant comment: "Real estate is the finest security in the world and especially Sanford real estate and yet it is a difficult matter to borrow money here to build homes—and it is not difficult to borrow money in cities with less backing than Sanford.".

THE PRIMARY PURPOSE OF THE SANFORD MORTGAGE LOAN COMPANY IS TO PRO-VIDE ADEQUATE FUNDS FOR NEEDED HOME BUILDING OPERATIONS IN SANFORD AND ADJACENT TERRITORY. It is also cotemplated to make long term loans on other improved real estate within this field.

The stock of a well-managed mortgage loan company is the safest investment under the sun, being backed by first mortgages on real estate based upon valuations of not to exceed fifty per cent of the actual value and in many cases at a lower percentage of value. The risk, if any, is distributed among numerous mortgages, each and every one of which is negotiated only after conservative appraisal and complete investigation by the loan committee of the Company. Coupled with this element of safety is a percentage of profit greater than can be found in any other investment which possesses the necessary safty to make it deirable to shrewd investors. There has long been vital need in Sanford and vicinity of a strong financial institution of the character and with the plans and purposes of the Sanford Mortgage Loan Company. Its stockholders will surely profit largely in a financial way through their investment in addition to having the satisfaction of knowing they are doing something constructive for the community in which they live.

A cordial invitation is extended to call at the Company's office at 115 Park Avenue, where detailed information will gladly be supplied.

Sanford Mortgage Loan Company
