# SAFE START

A ONE-OF-A-KIND DROWNING PREVENTION PROGRAM  
 THAT GIVES YOUR CHILD THE SKILLS TO SURVIVE.

Protecting your child against drowning is a serious responsibility. Drowning is the number one cause of accidental death for children under four, and 11 children will die today from drowning in the United States alone. Thankfully, there is a program that teaches children water survival techniques. Safe Start teaches your child the skills of floating and swimming to safety, both in swimwear and everyday clothes. Throughout its history, Safe Start has taught survival swim skills to over 100,000 children. Of those, over 740 have saved themselves in a drowning situation.

SAFE START is available through participating YMCA Family Centers in Orange, Seminole and Osceola Counties.  
 For more information, please call (407) 644-3606. Visit our website at [www.safestart.cc](http://www.safestart.cc)

## SCSO citizens academy begins April 21

The Seminole County Sheriff's Office Community Law Enforcement Academy's next session is set to begin Wednesday, April 21, with expanded offerings, with traffic and DUI enforcement added to the course outline.

The purpose of the academy is to educate the citizens of Seminole County in the concepts and procedures of law enforcement.

It is now a 15-week course, with the addition of traffic and DUI enforcement added to the mix. It uses scenario-based training, which will allow students to participate in important problem solving that is vital in law enforcement and crime prevention.

The course also includes: Riding on patrol with a deputy; observing telecommunications personnel in the Communications Center; and a morning on the gun range, using some of the Sheriff's office weapons. The class meets each Wednesday evening from 6:30 to 9:30 p.m. Members of the sheriff's office teach it. It is free and there are no physical requirements to participate.

There are, however, some terms and conditions. Participants must live or work in Seminole County, must be 19 years old or older, possess a valid driver's license, and never have been convicted of a felony. They must file an application with the sheriff's office.

For more information, call academy coordinator, Pete Robinson at 407-665-6741, or e-mail [probinson@seminole.sheriff.org](mailto:probinson@seminole.sheriff.org).

# CRA mulls First Street closure

By Dan Ping  
Editor

SANFORD — City officials looking to make up a \$700,000 funding gap to renovate downtown's main street are considering a controversial option: closing 1st Street to vehicular traffic during construction.

In public meetings during the past year, some downtown

## Redevelopment board searches for ways to complete renovation project

merchants have adamantly opposed any street closures. The city's original plan was to phase stormwater, electrical and road work so that a portion of 1st Street would remain open

at all times.

However, bids for the project were substantially more than \$700,000 more than the

Downtown Community Redevelopment Agency had budgeted for the project.

Bob Parsell, chairman of the CRA, told board members he believed the CRA had three

options: to delay the 1st Street renovations; to shift funding from other projects — namely improvements to the Civic Center and the creation of a beach on the north shore of Marina Isle; or to transfer \$200,000 from the city's utility department and make up to a half million dollars worth of

## Attorney, county brace for Article V impacts

By Christopher Patton  
Managing Editor

SANFORD — The world is about to turn upside for the 18th Judicial Circuit District Attorney's Office in downtown Sanford.

Not only is the office preparing to move to the new justice center next to the Seminole County Public Safety Building on Bush Boulevard, but in the process they also have to figure out the impacts of Article V.

Voters in 1998 passed a referendum that required court expenses to be shifted from counties to the state. But after six years, lawmakers — and local officials — are still figuring out how the process will be funded.

Gov. Jeb Bush recommended \$104.4 million in the 2004-2005 budget to be earmarked to cover the new state court expenses. Officials are optimistic the legislature will boost that figure because it is viewed as a no-growth plan, which could hinder the 18th Judicial Circuit. Although it recently received funds for three new judges, the circuit has not had a new prosecutor position in three years.

## Goldsboro is example of school diversity

By Charles D. Jackson  
Herald Correspondent

SANFORD — The stars paraded for hours last Tuesday night at Goldsboro Elementary School. Class by class, students of the county's only elementary-age magnet school dazzled the standing-room-only crowds with songs, instruments, science and technology.

After each grade performed, families and friends toured the child's classroom and the school's NASA Space Lab for an out-of-space simulated experience.

It was the awesome Space Lab where the simulated space voyage made a striking resemblance to the school's skyrocketing ride to the top as one of the district's premier elementary schools.

It is this small but glowing portion of Goldsboro Elementary School that demonstrates the district's commitment to diversity. Last week, the district and the U.S. Justice Department submitted a unitary status report to a federal judge detailing compliance to and release from a 34-year-old federal court consent decree ordering the district to desegregate its "dual system based on race" and implement long-standing practices and procedures that ensure equity.

As part of the 1996 consent decree order, the district developed Goldsboro into a magnet school. In 1998-99, Goldsboro became a district-wide magnet school without any mandatory attendance zones.

Goldsboro, a historically all-black elementary school, currently enrolls students from 32 of the 34 elementary school districts in Seminole County, as well as students who previously attended private schools in the area. The school's 1997-

## Sanford Plaza welcomes new tenants, shopping center revitalization plan

SANFORD — Changes are taking place at one of Sanford's older shopping centers.

Much of the Sanford Plaza — located near the intersection of U.S. Highway 17-92 and State Road 417 — is under new ownership and a newly opened venue at one of the larger spaces in the commercial center is expected to spark additional interest in the once dilapidated shopping district.

With two new tenants — an equestrian shop and a country-western bar, — which opened for business Friday — the Sanford Plaza has only one vacancy. That's definitely not something plaza corporation

SANFORD — Local soldiers and veterans are to be honored at the dedication of the newly renovated

Memorial Park on Friday May 7 at 4:30 p.m. The ceremony is open to the public and will be one of several special events that weekend that celebrates the grand opening of the Riverwalk.

The tribute will be the patriotic affair appropriate for a memorial park. Skydivers will open the ceremony, smoke and streamers descending behind them,

and land near the crowd as live band music plays. Mayor Brady Lessard, together with local military, will hoist a 30-foot American Flag up the new flagpole for the first time since construc-

# SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

An oh dear odor: I'm sure I speak for all who've used the new Riverwalk in recent weeks — it stinks!

No, not in the figurative sense. Quite the opposite, everyone who has spent time on the new waterfront is impressed with the amenities and landscaping.

What stinks is the water treatment plant about a quarter mile from the western end of the Riverwalk. When the wind is blowing steadily out of the west, which it has been doing lately, the stench from the plant wafts eastward and makes an otherwise pleasant walk a little less enjoyable.

Maybe the city's utility director Paul Moore can check with the folks at Glade and see if they make one of those giant plug-in air fresheners. Or better yet, let's move the dang thing off the waterfront.

**Manatee update:** Jax the manatee is doing a bit better after his escapades at the Sanford marina on Monday.

## Around the Clock

by Dan Ping

Jax, you'll recall, was the injured manatee who sought refuge in the western basin of Monroe Harbour Marina. When a rescue team from SeaWorld Orlando showed up to retrieve and transport him to their animal rescue facility, Jax led them on a two-hour chase before he was finally captured.

Veterinarians at SeaWorld had originally listed Jax's condition as poor, but on Wednesday that was upgraded to guarded. X-rays revealed he has a fractured rib and he is still receiving antibiotics and tube feeding.

"His blood work came back good," said Cara Allen, a SeaWorld spokesperson. "The blood work incorporated several tests — blood count, white blood cell count, organ function — and it all looks good."

Allen said a chest tap was performed, and veterinarians were unable to draw fluid.

"That's good," Allen said.

Jax is scheduled to undergo laparoscopic surgery on April 14. Veterinarians will make a small incision in the manatee's chest so they can see into his lung.

**Historic hysterics:** Residents in the Historic District have complained for several months about District 1 City Commissioner Art Woodruff. To be fair, folks in the Historic District can be a grumpy sort. It's not nicknamed the Hysterical District for nothing.

Recently, however, there is talk about putting up a candidate to run against Woodruff. Residents are upset about what they perceive as Art's lack of interest in the district. They also believe Art isn't the visionary commissioner needed to lead the city.

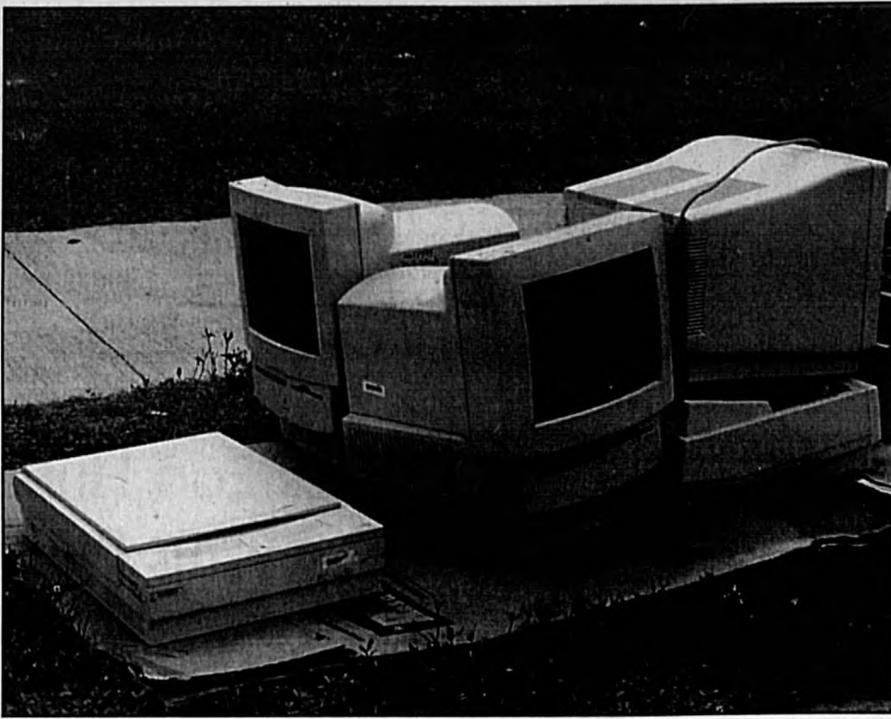

During Wednesday's Downtown Community Redevelopment Agency (CRA) meeting, Woodruff questioned whether the 1st Street renovation project is the "best investment we can make."

After the meeting Historic Trust President Linda Kuhn and Art had a vigorous discussion about Woodruff's views of 1st Street. Kuhn ranted that Woodruff has previously voted for the project and should continue to support it.

Part of the problem (if you call it a problem) is the way Art approaches issues. Mayor Brady Lessard on several occasions has said his job as mayor is to see the big picture. "I get paid to sell not spell," Lessard has said. Art, on the other hand, is the speller. He loves to dig into the minutiae and ask 11-part questions which bugs some people.

So will the district put up a viable candidate against Woodruff? I'll believe it when I see it. Though they're a vocal bunch, the Historic District hasn't had much success at the ballot box. Kuhn, in fact lost to Woodruff in the 2001 city commission election. And an initiative to create a special taxing district to purchase and install street lights failed rather handily. So far no names have been floated as a possible candidate.

## Computer upgrade

Herald photo by Tommy Vincent

Sometimes when the new technology makes your old computer seem obsolete it's time to empty the trash and get a computer upgrade — or so it seems for these computers waiting for removal by a qualified refuse engineer. These unwanted machines were spotted along Ridgewood Avenue near Seminole High School.

## Burglary

Antonio Jackson, 22, of West Seventh Street, Sanford, was arrested by Sanford police on April 5. Officers received a call regarding a burglary in progress on West Seventh Street. When they arrived, they were given a description of one of the men, but saw three men, wearing masks, fleeing on foot. An officer gave chase, and after threatening one of them with a taser, apprehended Jackson. He was arrested on charges of burglary of an unoccupied dwelling, possession of burglary tools, resisting an officer without violence, and a second degree misdemeanor of wearing a mask. The other two men were not apprehended.

## Drug related

Ashley Elizabeth Savitz, 18, of Wax Myrtle, Sanford, was arrested by Sanford police Monday. She and a male were located in a vehicle parked near Live Oak Boulevard and Sweet Bay Drive in Sanford, in a park posted as closed after sundown. She was arrested on a charge of possession of under 20 grams of marijuana. No charges were filed against the man.

Sadanna Lishay Blackmon, 24 of Cowan Moughton Terrace, and Corey Michael Rose, 21, of Magnolia Avenue, Sanford, were arrested by Sanford police Tuesday in a vehicle outside Blackmon's residence. Each was charged with possession of under 20 grams of marijuana.

## Domestic cases

John Levesque, 34, of Briarcliff Street, Sanford, was arrested by Sanford police Tuesday following a dispute with a female on Airport Boulevard. He was stopped in

his vehicle on West Second Street, and charged with battery — causing bodily harm (domestic violence).

Terrance Lee Showell, 27 of Landing Drive, Sanford, was arrested by Sanford police on April 1 at his residence, as the result of a dispute with his wife. He was charged with battery — touch or strike (domestic violence).

Twaunte Veshawn Cannon, 25, of Wyndam Crest Boulevard, Sanford, was arrested by Sanford police Tuesday following an altercation with a female in a parking lot at Castle Brewer Court. He has been charged with battery — touch or strike (domestic violence).

## Other arrests

Israel Arturo Sanchez, 36, of West 25th Street, Sanford, was arrested by Sanford police Monday at his residence. Officers investigating a disturbance located him hiding in a room at his residence, at which time he gave a false name. He was arrested on a charge of resisting an officer, obstruction by a disguised person.

Stacy Lynn Miller, 29, of Empire Place, Sanford, was arrested by police on April 1. She had previously been arrested on a charge of possession of drug paraphernalia and driving under the influence. At the jail, it was

discovered she had given a false name. She has now been given an additional charge of use of false ID by an arrested person.

Maurice N. Thronton, 19, of West Eighth Street, Sanford, was arrested by Sanford police Sunday as the result of an episode in the 1300 block of Persimmon Avenue. He was charged with armed trespassing in a structure, possession of a weapon by a convicted felon, battery, and resisting an officer without violence.

Amanda Ann Miller, 25, of Deltona, was arrested by Sanford police Thursday. Officers found her sleeping in a vehicle suspected as being stolen. The vehicle proved to have not been stolen, but Miller was arrested on charges of DUI alcohol or drugs and possession of narcotics equipment.

Jermaine Perkins, 21, of Oleander Avenue, Sanford, was arrested by police on March 25 in the 2600 block of Orlando Drive. He was wanted for violation of probation for the offense of driving with a suspended license.

Cheryl Ann Vantine, 46, listed as homeless in Sanford, was arrested by Sanford police on March 30, at Rinehart Road and State Road 46. She was seen relieving herself in the parking lot. She was arrested on a charge of committing a lewd lascivious act.

Lara Christine Martinus, 34, of DeBary, was arrested by Sanford police Thursday on West Ninth Street at Oak Avenue where she was reportedly causing a disturbance. She was charged with disorderly intoxication.

## Man pinned underneath pavement roller in Oviedo

A 42-year-old man was seriously injured Wednesday morning at a construction site in Oviedo.

Oviedo police and the Oviedo Fire Department were called to Alafaya Woods Boulevard, about 50 yards east of Alafaya Trail (State Road 434).

The man was an employee of Hubbard Construction

Company, and was pinned to the rear of an asphalt paving machine by a pavement roller, operated by another Hubbard employee.

The victim was conscious following the accident, and was stabilized by EMT's of Oviedo Fire and Rescue, and was airlifted to Orlando Regional Medical Center by Air Care III, at about

8:40 a.m. The man reportedly underwent surgery for extreme trauma to his lower torso and lower extremities.

OSHA was notified, and the incident is under investigation by the Oviedo Police Department as an industrial accident.

The name of the victim was being withheld.

# Golf tourney swings into action for Longwood family

By Christopher Patton  
Managing Editor

**LONGWOOD** — When Sherri Nicole Smith died earlier this year it left a gaping hole in a caring family and a community.

The procession line for the January funeral wrapped clear around the building as city of Longwood employees visited the daughter and niece of two fellow workers. Her father, Public Works Department Manager Tom Smith, and uncle, Pat Smith, backflow coordinator in the Utilities Department, recalled more than 600 people in attendance.

The death of the 24-year-old graduate of Lyman High School and mother of 3-year-old Jaylun shocked Longwood. Tom, an 18-year veteran of the city and his wife Pat, said Sherri's sudden death "started with having her teeth pulled and then she contracted pneumonia and then...it was found out she had leukemia."

Tom's co-workers pooled vacation time and donated it to defray funeral costs and to start a trust fund for Sherri's child. The Smith family, which includes Sherri's sister Wendi and uncle Pat, who both work for the city, is about to receive another generous gift from the Longwood community to help provide for Jaylun.

Two blocks from City Hall is sort of rallying point for past causes in the small town. Mike Holland, owner of Holland Pools located at 115 W. Pine Ave., started a golf tournament four years

ago with the sole purpose of giving back to the community.

"We wanted to have an annual event that would help the city," he said.

"It wasn't but a few years ago we were working for other people," he added. "We have been very blessed. This is our opportunity to give back."

The Fourth Annual Holland Pools Golf Tournament Fundraiser is May 3 at Rolling Hills Country Club. The 10 a.m. shotgun scramble includes an awards luncheon, course contests, door prizes and silent auction.

"When it comes time to start planning we ask around where the needs are," Holland said. "Unfortunately in our society there is never a short of need."

"This is not what Holland Pools does or for the other sponsors," he added. "This is about the hardship of one child."

Funds from the tournament will grow the trust fund for Jaylun, and similar to past tourneys that have benefited the local historic society, a woman in need of a stem cell transplant and a girl suffering from Crohn's Disease, it will not be short of local support.

Longwood resident George McKenzie donated about 145 Tiger Woods collector books for every tournament participant. In addition, he has offered a framed picture of St. Andrews golf course tournament winners for the auction table.

Herald photo by Tommy Vincent

Golf tournament organizer Betsy Nein shows Longwood Public Works Director Tom Smith one of the items to be auctioned off at the event. The tournament will benefit Smith's grandson, who lost his mother earlier this year to leukemia.

Mike Holland's wife, Gloria, said the auction is unlike other benefit events as the table is chocked with good items.

The entire tournament is packed full of surprises including a chance to win a vehicle from Cory Fairbanks Mazda for any player that nails a hole-in-one, a special appearance from Channel 9 sportscaster Greg Warmoth, and on-course refreshments provided by Jerry's Restaurant in Longwood.

"It's really exciting," Gloria said. Everybody that comes is part of it. It's a special day."

"I think I spend more on the auction items than the tournament," Mike added.

For more information about tournament sponsorship opportunities, call tournament organizer Betsy Nein at 352-751-4560. Fees for the tournament are \$125 for a single player and \$400 for team of four. Call 352-751-4560 for more details or mail checks to Holland Pools Golf Tournament, 115 W. Pine Ave., Longwood, FL 32750. Donations are also accepted at the address for Jaylun's trust fund.

## Riverwalk

Continued from Page 1A

will conclude with a rendition of the national anthem by a local singer.

"It should be an exciting time," Lessard said. "Not only is the city of Sanford dedicating this wonderful Riverwalk, Friday night's ceremony allows us a chance to honor the men and women who have served our country so valiantly."

The dedication of Memorial Park will be part of the Riverwalk grand opening weekend May 7-9. It will be a busy weekend in the city with live music, entertainers, fine food,

688-8788.

Sanford Riverwalk is 12-foot-wide pedestrian pathway stretching 1.2 miles from Mellonville Avenue on the east to French Avenue (U.S. Highway 17-92) on the west. The heavily landscaped pathway features

trellis swings, benches and other amenities for people to enjoy the views of Lake Monroe.

During construction of the \$11 million project, crews rebuilt the aging seawall using more than 4 million cubic feet of concrete and

1,666 30-foot by 4-foot concrete panels, some weighing as much as 7.5 tons each.

The completion of the 1.2-mile stretch represents Phase 1 of the Riverwalk. Phase 2 is expected to extend the pathway to Interstate 4. No timetable has been established for construction of Phase 2.

## Crowded Churches

*Easter Sunday is one of the most well attended services*

Going to church this Sunday? Most folks will be. Members of the clergy tell us that Easter traditionally has the largest turnout of church-goers in the entire year. Christmas runs a close second. Many people who are not church members, and those who perhaps never attend a church service, have a tendency to go on Easter Sunday. Years ago, one minister jokingly called them "PEC Christians" that is — Palm Sunday, Easter, Christmas Christians. Palm Sunday, last weekend, saw a relatively good turnout I hear, but nothing compared to what we can expect this Sunday.

Nick Pfeifauf

I'm glad I don't have to determine when Easter is to be held each year. It's too confusing to me. One explanation I have says, "The date of Easter is derived from the lunar calendar; the first Sunday following the first ecclesiastical full moon on or after March 21, always between March 22 and April 25.

The Council of Nicaea (AD 325) prescribed that Easter be celebrated on the Sunday after Passover, as that feast's date had been established in Jesus' time.

After 1582, when Pope Gregory XIII introduced the Gregorian calendar, Orthodox Christians continued to use the Julian calendar, so Easter can sometimes be as much as five weeks apart in the Western and Eastern Churches."

According to statistics I have found, Easter will not be held again on April 11 at least through the year 2050. That year it will be on April 10. But for the next few years, Easter will be on March 27 in 2005, April 16 in 2006, April 8 in 2007, March 23 in 2008, April 12 in 2009 and April 4 in 2010. Don't worry about writing this down — you will be informed.

Regardless, Easter is the most important holy day in the Christian religion. It is the celebration of Christ's Resurrection from the dead, which gave Christians the hope of salvation and eternal life. Although Easter is only one day, the full observance of the holy day spans from Septuagesima Sunday (70 days before Easter Sunday) which may fall as early as January to Pentecost, which can occur as late as June.

Now I fully realize that not all folks in Central Florida, or the nation and world for that matter, consider Easter as a religious celebration. Many however, will be coloring eggs and holding their own Easter Egg hunt for the children. While I don't know where the "Easter Bunny" came into the scene, I do know that the colored eggs date back many centuries, especially in the Christian nations of Europe, as typifying the celebration of Christ's resurrection.

I do hope that non-believers will at least pay respect to believers, and allow this holiday to be important to them. At Christmas time, we sing, "Let there be Peace on Earth." Possibly that belief should go on year 'round.

With the turmoil in Iraq, the Middle East, and other nations, it may be difficult to project peace, but at least we can hope and pray for it, with the expectation that it could come — some day in the future. Wouldn't that be a wonderful world in which to live.

Happy Easter to one and all. Let's make it as happy as we can.

### Turner says city is a good, close-knit community

To the editor:

In response to the letter from Bruce G. Larson and Vida L. Boyland, I would like to say a few things about my observations of Sanford these last six years that I have lived here.

When I moved into my bungalow in the Historic District, I was also "sold" on the quiet streets, the great neighbors and the community.

Soon I discovered boom boxes blaring, windows rattling, drug deals on the corner and a neighbor who got joy from watching my every move and basically stalking me.

But guess what? The neighbor moved, Brian Tooley became the new chief of police and one thing remained the same — the great community.

Yes, I still get frustrated when people use the block in front of my home to escape the red light at Sanford Avenue and 13th Street. Yes, it still ticks me off that people blare their music and make my windows rattle. But no, I don't feel I was "lured" here,

nor do I think I have to flee this fine community to avoid anything unpleasant.

You see, the people who live in Sanford, whether long-time residents or "newbies" like me, have one thing in common: we have the pioneer spirit! Like early settlers, we accept the good with the bad, but mostly look to the good. And it keeps getting better! If we dwelled on the negative, we would all flee, back to where we came from, not knowing the true joy of living in this wonderful, diverse town.

Where else would the Mayor print his home phone number in the paper for residents to call? Where else would the chief of police e-mail and call you in person to discuss your concerns? And where else, but in Sanford, Fla., could you find such a close-knit community that you can call on a neighbor to borrow a ladder, call them for a last-minute cookout (or a party for 50), or walk down the street and say hello to 10 to 100 close friends in one evening walk? AND — they even know the name of your dog!

You imagine you will be missed. You probably will be. However, you will never know how much you missed by not taking the time to get to know this wonderful com-

munity a little better.

Perhaps the new owners of your lovely historic home will have the Pioneer Spirit as well!

Amy Turner  
Sanford

P.S. One more thing: there is no such place as a perfect place to live. Happiness can be found in your own back yard if you will just take the time to look.

### Hotel manager asks city to step up midge control

To the editor:

Re: Midge Control on Lake Monroe

Dear Mayor, City Commissioners, City Manager and members of the CRA,

I have seen the data compiled by Volusia County Mosquito Control and feel that it is very misleading. As I understand it, Mr. Joseph Faella is the person in charge of compiling and analyzing this data. Statistical analysis of data can sometimes be very misleading. When one looks at the graphs produced by Volusia County, it appears that the midges are under control and on the decline.

While that may be true in some areas, it does not apply to the area surrounding the Best Western and Marina Isle.

(The year of) 2003 was by far the worst year for midges in my four years at this location. The Midge Bloom of June 3, 2003, carpeted my entire property with a half-inch blanket of dead midges. Possibly the wind direction, which I understand Volusia is going to monitor, caused it to be worse on the peninsula than in other areas.

In 2003 we had them in cooler months, which hasn't been the case previously. If this area is to be developed in the future, a more aggressive approach needs to be taken.

On behalf of the members of the Waterfront Steering Committee, we urge the City to continue to strengthen the attention and funding for a better system of control of these insects. Part of the success of the current trend for development in downtown and along the lakefront is dependent on the ability of the City and Volusia County to maintain the midge population at the lowest level possible.

Jay M. Sheppard,  
Best Western manager,  
member of Waterfront Steering Committee

## Administration's house of cards is tumbling down and down

"We will, in fact, be greeted as liberators." — Vice President Dick Cheney, March 16, 2003

As a candidate, President Bush pledged to restore integrity to the White House. Against the backdrop of President Clinton's repeated lies about a sordid adulterous affair, Bush ran on his claims to be a man of strong character — a politician of plain speaking and straight talk. He wouldn't lie to us.

Yet, this administration has produced more dissembling and distortion, more fabrications and pseudo-facts, than any White House in recent memory — Richard Nixon's included. They lie brazenly and repeatedly, refusing to back down even when caught in the web of their own contradictions. The falsehoods aren't limited

Cynthia Tucker

to Iraq. In domestic policy, Bush administration officials have shaded the truth, spread lies, and even threatened underlings who believed in a moral obligation to honesty.

As just one example, the chief Medicare actuary, Richard S. Foster, has said his supervisor, Thomas Scully (who recently joined an Atlanta-based law firm that lobbies on behalf of hospitals and drug companies), threatened to fire him if Foster revealed to Congress the true costs of the proposed prescrip-

tion drug benefit for Medicare. While the administration was ramming the costly benefit through Congress — promising that its price would be no more than \$400 billion over 10 years — Foster had calculated the actual costs at between \$500 billion and \$600 billion, figures the White House disclosed after the bill passed.

But there is no area that better demonstrates the Orwellian quality of the Bush administration — its insistence that black is white, up is down, war is peace — than its deceptions about Iraq. Testimony under oath before the Sept. 11 commission and the Iraq uprising make increasingly clear that the central underpinning of the president's re-election campaign — that he has conducted a tough-minded war on terror — stands

the truth on its head.

In fact, ousting Saddam Hussein has been a costly diversion from the war on terror. The Bushites came into office obsessed with Saddam, and when they could find no evidence that he represented an immediate threat, they simply manufactured it.

Now, our troops are trapped in a quagmire. Osama bin Laden is still at large. And the occupation of Iraq cannot help but breed a new generation of terrorists: Every time U.S. soldiers hit a mosque with mortars or strafe a carload of civilians mistaken for insurgents, another dozen teenaged boys in Egypt or Saudi Arabia or Iran become America-hating jihadists.

Bush and his underlings lie when there is no reason to. In

response to Richard A. Clarke's charge that his administration didn't view the al-Qaida threat as urgent, the president might simply have agreed and apologized. Few Americans would hold him responsible for failing to anticipate an attack as evil in its creation and brazen in its execution as 9/11.

Besides, Bush had already admitted his failure to forecast the immediacy of the al-Qaida menace. In "Bush at War" published last year, Bob Woodward quoted the president as saying he "didn't feel that sense of urgency" about bin Laden before the attacks.

Nevertheless, the administration greeted Clarke's charges with character assassination and fabrications. Vice President Dick Cheney went on Rush Limbaugh's radio show to dis-

miss Clarke as "out of the loop," a characterization National Security Adviser Condoleezza Rice was forced to refute, since Clarke was at the center of the administration's anti-terrorism efforts.

The entire premise of the Bush presidency — that he is a man of principle, of honor, of candor — is crumbling. The chaos engulfing Iraq is not just the result of guileless miscalculations. It is the inevitable outcome of a policy built on mendacity.

## U.S. Marines battling in Fallujah, Iraq: The brave don't wobble

If you've seen the photos of U.S. Marines moving against the Iraqi thugs in Fallujah, you can see their courage and determination as they advance in the face of withering enemy fire — there isn't a wobbler among them.

We owe much to these Marines and their Army comrades — and what we owe most of all is the stamina and determination to remain firm in our support of their mission until it is successfully concluded, no matter how much the current unrest distresses us.

Their duty is to fight and prevail. Our duty is to follow the advice that former British Prime Minister Margaret Thatcher gave her people in a time of trial — that "now is not the time to go wobbly."

Americans have never been wobblers, but despite that fact,

Mike Reagan

the Iraqi thugs and their terrorist allies are counting on us to throw up our hands and flee Iraq with the task we set for ourselves left undone. They think we lack the will to see a tough and often deadly struggle through to the end. They think we will go wobbly.

This we cannot do. It would be a betrayal of every member of our armed forces who have fought and died in the conflict. And it would be surrender by the world's greatest superpower to a mob of ruthless third-world thugs.

At the moment we are being

inundated with media stories about the number of Americans being killed every day. The same media have for the most part been opposed to the war in Iraq from the very beginning, and they are exploiting the deaths of Americans to prove that they were right in opposing the war and our presence in Iraq ever since.

The mainstream media, and many anti-Bush Democrats are aiding and abetting the fanatical Islamists in their efforts to cause America to cut and run as we did under similar pressures in Vietnam and Somalia.

It's important for us to understand that the majority of those stirring up rebellion and killing Americans are those Iraqis who were empowered under Saddam and these people resent having to give up the privileged lives they lived

under Ba 'athist rule.

The last thing they want is a free and democratic Iraq because that means they will never again be in charge. And so they are doing everything they can to drive the coalition forces out of Iraq and wreck any chances that their country will be democratic and free. They are bitterly opposed to their countrymen having freedom of religion or assembly or any voice in how they are governed. They are trying to provoke a civil war where both sides will be angry at the U.S.

They remember Somalia, and we would have to have blinders on not to recognize that what played out in Mogadishu — when the carnage and gruesome display of one of the U.S. soldiers being dragged through the streets of Mogadishu hastened America's retreat from

Somalia — is what is playing out in Fallujah with the bodies of the civilian contractors being desecrated. The killers hope for a repeat performance.

These people don't see America winning World War II — they see America cutting and running in Vietnam and Somalia.

The whole world is now watching to see how America fights this war and what kind of determination we have to stick to our guns when the going gets rough, as it has now. There are a lot of areas around the world where the United States has sworn to protect their friends and allies. One of those places being Japan, another being Taiwan, and another being Israel.

If the world sees this big superpower go wobbly in Iraq, where we have sworn to remain

until it is a stable, self-governing nation, what hope can these nations have that we will have the backbone to fulfill our pledge to protect them if push comes to shove?

That's what is at stake here — the credibility of the United States and the hope for a peaceful world. What matters here is not whether we ever should have gone into Iraq to begin with — what matters is recognizing that we are there and having a solemn obligation to see it through.

It is not the time to go wobbly.

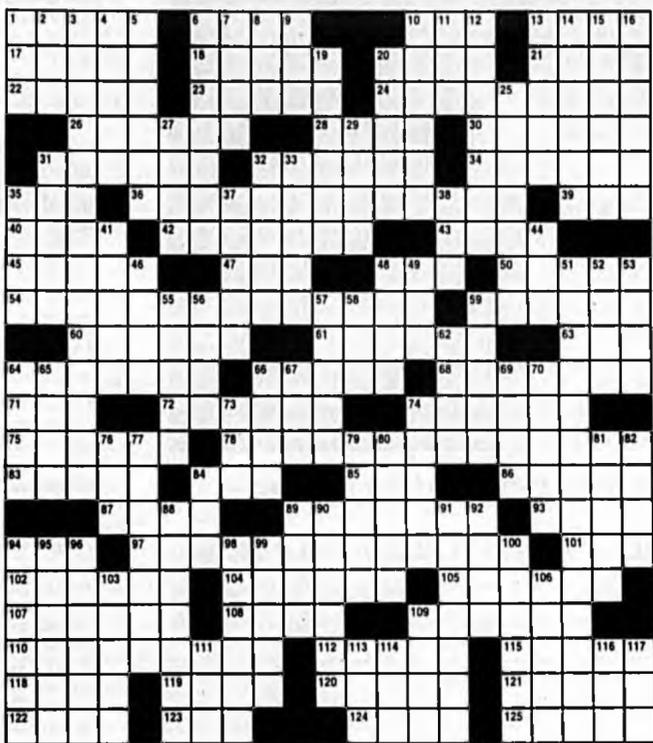

Mike Reagan, the eldest son of President Ronald Reagan, is heard on more than 200 talk radio stations nationally as part of the *Radio America Network*. Comments to [mcreagan@hotmail.com](mailto:mcreagan@hotmail.com) for Mike.

## The Way We Were: Sanford, U.S. events from year of 1934

The Seminole High School Class of 1934 is having its 70th year reunion on Saturday, April 17. To help you understand what was going on in the United States and Sanford at that time, I have gleaned the following information from the "Encyclopedia of American Facts and Dates" edited by Gorton Carruth and Peter Schaal's "Sanford as I knew it."

**The United States, 1933-34**  
At the beginning of 1933, the country

Grace Marie Stinecpher

was still in a depression and the change in administration deepened the economic crisis. By inauguration day, the nation was

gripped by a bank panic. To meet the situation, the new administration was given unprecedented powers. This led to the creation of an array of federal agencies to stimulate private industry and find jobs for the unemployed. This program became known as the New Deal.

During February, 1933, the 20th Amendment was adopted which changed the presidential inauguration date from March 4 to Jan. 20. Also, the 21st Amendment repealing the 18th Amendment was adopted on Dec. 5, when it was ratified by the 36th state. Prohibition was therefore repealed.

In March, several bank holidays were declared to prevent runs on bank assets by worried depositors.

On March 4, Franklin Delano Roosevelt was inaugurated as President. In his address he declared "The only thing we have to fear is fear itself."

During the next few weeks, the following occurred; Frances Perkins, first woman to hold a cabinet post, was appointed Secretary of Labor by FDR; the president held his first Fireside Chat; banks began reopening; and the Civilian Conservation Corps (CCC) was initiated to create jobs through a reforestation program.

Also created were the Federal Relief Act, the Tennessee Valley Act (TVA), the Federal Securities Act, and the National Industrial Recovery Act which established the Public Works Administration.

Other acts and programs were established in 1934 including the Home Owners Loan Act, and the Trade Agreements Act. Social Security was established in 1936.

In 1933, the first aircraft carrier specifically designed for this purpose, the USS Ranger, was christened, and a rise in employment was noted.

During 1934, Billy Sunday began a two week revival campaign in New York City at Calvary Baptist Church. Henry Ford restored the \$5 per day minimum wage to the majority of his workers. Nylon was first produced by Dupont Laboratories, and the first general strike in U.S. history took place in San Francisco in support of the Longshoremen's Association.

The two most popular films in 1933 were "Little Women" starring Kathryn Hepburn, and "She Done Him Wrong" starring Mae West.

Plays opening in New York City were "Ah, Wilderness" by Eugene O'Neill, starring George M. Cohen (Will Rogers in San Francisco), "Roberta" with music by Jerome Kern (Smoke gets in your Eyes

## RIVERBOAT ADDS COMEDY TO ROMANCE

### Sanford's Rivership Romance introduces wedding comedy show to Friday night cruises

By Christopher Patton  
Managing Editor

SANFORD — "Today you are gathered here by friends and family," says the boat captain Buddy Stinson.

"It's not time yet, sit down," comes a shout from the back of the boat.

"Well when are we going to get this thing started?" the captain responds.

It's just a snippet of the hilarity that plays out at the new entertainment addition to the Rivership Romance. The popular St. Johns riverboat now features the interactive wedding ceremony as part of its romantic cruises on Friday nights and the new show received rave reviews from the community last week.

"I'm just having a blast," said George Megrichian, owner of Rubyjuice on First Street in downtown Sanford. "It's my first time I've been on the boat and I must do it again."

Another downtown businessman who also enjoyed the show was hand selected by the cast to play the role of Uncle Sal during the mock wedding ceremony.

"It was great — I loved it," said Don Knight, owner of Knight's Shoe Store in downtown Sanford, as he returned to his seat after giving a brief speech to the newly married couple. "It's a lot of fun."

From the moment Rivership Romance guests board the riverboat, they will experience one of the most insane and entertaining wedding cere-

monies ever, said Sanford resident John DiDonna, writer and director of the comedy dinner show.

From one of the actresses pawning Avon products off on guests to the tardy and forgetful best man the show

involved with the Tony and Tina's Wedding show in Orlando. He wrote the rivership wedding script based loosely on some of his family and old acquaintances.

Rivership Romance owner Robert Hopkins Jr. said the show is definitely something new for Sanford.

"The energy is great, the writing is wonderful, and it's a great thing for people to come out and see," he said.

Hopkins said he and fellow fraternity brother, DiDonna, worked on bringing the comedic wedding show to the rivership as a way for the long-time Sanford waterfront attraction to grow with the new addition of the Sanford Riverwalk.

The show is unusual as it encourages the crowd to participate by talking with the cast and following them up to the second floor rivership dance floor for the couple's first dance. And on the first night of the show, the cast had successfully pulled just about all the guests onto the dance floor.

"That's the only time we like to see an empty dining hall," Hopkins joked.

As guests talk more with the cast they also learn a little more about the two crazy Italian families from New York. DiDonna says each time someone watches the show they will get a different experience because of conversations they may have with other actors or actresses.

For more information about Rivership Romance's new show, call 1-800-423-7401 or 407-321-5091.

is off and running before the rivership even leaves the dock.

The comedic wedding is an interactive experience where the actors and actresses mingle with boat guests.

"When you come aboard it's just like going to a wedding," said DiDonna, an adjunct professor at Seminole and Valencia community colleges.

A producer of theatrical plays for almost 20 years, DiDonna was

## National Youth Service Day equals local opportunities

National Youth Service Day (NYSD) may not be highlighted on your calendar just yet, but it should be.

The NYSD effort, which mobilizes millions of young Americans to identify and address the needs of their communities through service, is coming up April 16-18. This week I'll highlight a few ways local young people can get involved in what has become the largest service event in the world.

First organized in 1988 by Youth Service America and the Campus Outreach Opportunity League, the annual NYSD project has grown to include more than 89 national partners and millions of participants nationwide, as well as a worldwide partner event — Global Youth Service Day — which runs concurrently.

Local projects can be planned by communities, schools and organizations and require as

Those teens unable to spend the night have the opportunity to recognize loved ones during the evening's luminary ceremony.

Lighted luminaries purchased in memory of those who lost their battle to cancer or in honor of those who are surviving cancer are decorated with names and photos. Placed around the walking area, they light the way for walkers throughout the night.

### On the right track

A little money and moral support goes a long way toward fighting this disease through research, education, advocacy and patient services.

Volunteers are always needed to collect tax-deductible donations to the American Cancer Society and to cheer on and support the walkers involved in the overnight event.

It's also not too late to join or

form a team of teens and "Relay for Life." For more information about getting involved with the Relay for Life, call Nicole Zvosec at 407-843-8680 ext. 525.

If nothing else, attend the opening lap of the Relay led by cancer survivors — an emotional experience that will always be remembered.

## Little school history feted with marker

Saturday morning, April 3, history continued at the Little Red School House, now known as Tajiri School of Performing Arts and Academics.

The Historical Commission of Seminole County Chairman Linda Batman unveiled the historical marker that honors the first public school in Sanford.

Built in 1883 and affectionately known as the Little Red School House, it was purchased as a two-room school for \$1.

**Beat the blues**

This call for help comes from the Geneva Citizens Association which sponsors the monthly (third Saturday) bluegrass jams at the Geneva Community Center.

Ron and Dana Myers and Tom and Polly Denton have put out an urgent request for volunteers to help with the food preparation and serving once every two or three months to spell them.

They have faithfully served the community in this capacity for quite some time now and need a break. This event is a real plus for the community in fostering closeness and in helping newcomers to become acquainted with the uniqueness of Geneva.

About six to eight individuals are needed to make things work smoothly. The next "jam" is scheduled for Saturday, April 17. Food is served starting at 6 p.m. and the music starts at 6:30, filling the night air until 9:30.

There is never a cover charge and the money made from the sale of food helps offset the expenses involved in the upkeep of the Community Center.

Says Richard Creedon of the get-together; "It's really a lot of fun and I have never left there feeling worse than when I

arrived. It's a real boost to the spirits!"

To volunteer for this cause, call Creedon at 407-349-1266.

**Service is simple**

National Youth Service Day is an opportunity to start (and support) youth on a life-long path of service and civic engagement.

Involvement can be as easy as gathering clothing and donating it to a local shelter, donating food to a pantry, visiting a nursing home, raking leaves for an elderly neighbor, tutoring someone who needs help with schoolwork, cleaning up a vacant lot, bringing toys to the children's ward of the hospital, or simply planting flowers for others to enjoy.

It's easy for youth to make year-round contributions and become community leaders in service, and National Youth Service Day is a good day to start.

and the Touch of your Hand), and Tobacco Road, which became one of the longest running plays in Broadway history. Sanford's Sam Byrd starred in this production for several years.

Academy Awards in 1934 were presented to Cavalcade, Charles Lawton for Henry the VIII and Kathryn Hepburn for Morning Glory. Disney received an award for Three Little Pigs.

In the bowl games in 1933, Miami defeated Manhattan in the first annual Orange Bowl game, and Southern California defeated Pittsburgh in the Rose Bowl.

The Century of Progress Exposition was held in Chicago in 1933 in honor of the Centennial of the founding of that city.

In the first All Star Baseball Game on July 6, 1933, the American League defeated the National League 4 to 2.

The first annual Masters Golf Tournament was held in 1934 and was won by Horton Smith, and the 60th Annual Kentucky Derby was won by Cavalcade.

**Sanford in 1933-34**

Considering the state the country was in, city clerk (since 1928) Frank Lamson was pleased to announce that building permits for 1932 had increased from \$14,435 to \$15,165.

In June of 1933, 150 Sanford celery growers agreed to plow under one-third of their crop in an effort to boost sagging prices. Two weeks later, celery was bring-

ing in \$175 per crate in New York City. It had cost the farmer \$147 to produce and ship. A few years before, celery was going for \$6 to \$9 per crate.

On Feb. 1, Otto Caldwell's all steel boat "City of Sanford" sank at the dock while being loaded. It had been in use since December of 1931, meeting with moderate success. It was soon floated and put back into use.

The First National Bank Building, erected in 1923 for \$225,000 was purchased by Frank Evans for \$43,500 plus back taxes of \$5,530. On July 31, Dr. W.C. Touchton paid only \$15,000 for the old Seminole Bank Building.

A large crowd gathered on March 4, outside the Hoffman Radio Store at Second Street and Magnolia Avenue, to hear Roosevelt's inaugural address. According to Peter Schaal, the mood of the people was one of depression, gloom and shame at their present circumstances.

Joe Marentette managed to lighten things up a bit by having stage shows at the Milane Theater. First to appear was Gene Austin and his Broadway Rhapsody Review. On Oct. 11, Tom Mix came riding into town in his \$15,000 Rolls Royce. His horse Tony was also along for the show.

In mid June, the city commission had to cut salaries for all city employees. City Clerk Lamson was cut from

\$250 to \$200 per month. Police Chief Roy Williams from \$160 to \$130 and Fire Chief Mack Cleveland from \$133 to \$100.

The National Recovery Act (NRA) brought government regulations and Sanfordites sought to comply. Celery growers signed the code with mixed feelings. Sanford barbers announced that haircuts would have to jump from a quarter to 50 cents, and every barber expected a salary of \$14 per week.

Compliance included these factors; pay a minimum wage of \$12 per week to employees; white collar workers would get \$14; machinists and factory workers were to be paid 30 to 40 cents per hour. The work week was 52 hours for all stores that employed clerks. Grocery stores would have a 48-hour week. White Collar workers 40 hours, and machinists 35 hours.

On Sept. 15, Bob Holley became postmaster, replacing J.P. Hall. He was previously Sanford Herald publisher/editor and later a state legislator.

On Oct. 10, county residents voted 4-1 for a return to legal liquor sales. Geneva and Osceola remained dry by a narrow margin, but bootleggers operated just outside both town limits.

On Oct. 13, Mrs. Julius Dingfelder presented a flag to Girl Scout Troop 1, during the ceremony at their new headquarters in the former Atlantic Coast Line passen-

ger station. (I was a Girl Scout there, 1946-54, meeting every Friday afternoon after school.)

On Nov. 3, the local Relief Council announced that it had distributed 5,000 pounds of free pork and dried beans in two weeks to city and county residents. On Nov. 27, it was announced that the Civil Works Administration (CWA) would be hiring 625 men to work on city streets and county roads. Each would be paid \$12 per week but would be given no more free food. Spirits were lifted when more than \$5,000 cash was paid out Dec. 26 to 754 CWA employees.

Only 32 people cast votes in the city election on Dec. 5. T.L. Dumas and S.O. Shinolser, Sr. were elected to the city commission.

On the night of Dec. 8, Mrs. Ralph Warren, the former Demarus Musson, fell to her death from an upper floor of the Sanford Atlantic National Bank Building.

Banker Linton Allen announced his resignation from the Sanford Atlantic National Bank effective Jan. 1. He was going to help with the organization of the new First National Bank of Orlando. His successor was J.L. Ingley.

# Why the Passion of Jesus Christ?

The above question is not the interrogatory of a skeptic! Indeed, the inquiry concerns the purpose, outcome and accomplishments of Christ's suffering and death. What exactly is the great profound meaning behind this passion?

The eminence and uniqueness of Jesus Christ as historic fact extends both to past and future in meaning. Christ's suffering and death were no accidental, unplanned event simply in the hands of fate and men. Christ died according to the definite Divine plan and foreknowledge of God (Acts 2:23), prophesied some 800 years before the event. The future hope of heaven and living forever with God is inseparable from the sufferings and death of Jesus Christ.

The great passion of Jesus Christ begins to illuminate in the Garden of Gethsemane and consummates with His glorious resurrection without which we would have a suffering but dead Christ. It is through the risen, resurrected Lord that purpose and accomplishment has meaning in His passion — suffering and death.

## Resurrection

The resurrection affirmed

### Special Easter Message

Pastor Bob Parker

..... the meaning of the Christian faith which uniquely claims its founder has risen from the grave and is now seated at the right hand of God in the heavens. Calvin Miller says: "...I search in vain in history to find the similar to Jesus Christ, or anything which can approach the gospel. Neither history, nor humanity, nor the ages, nor nature, offer me anything with which I am able to compare it or to explain it. Here everything is extraordinary. The more I consider the gospel, the more I am assured that there is nothing there which is not beyond the march of events, and above the human mind."

### Jesus Christ remains the hope of the world

Job's question is still asked in the 21st Century: Is there life after death? "If a man die, shall he live again?" The world yet wonders if wars and fightings among nations,

if pain, trouble and death will ever end? Jesus Christ made an astounding statement: "I am the resurrection and the life, he who believes in me shall live even if he dies" (John 11:25). The resurrection gives the answer to the burning question about life and immortality.

Therefore, it is through the vicarious, substitutionary death of Christ and His resurrection that we have the answer to the hopelessness of life. Bodily resurrection is more than an empty dream! The hymn writer speaks of this eternal hope: "There's a land that is fairer than day, and by faith we can see it afar."

The Holy Scriptures state these truths:

- He is risen.
- He showed himself alive by many infallible proofs.
- He was seen by the apostles forty days.
- He spoke of things pertaining to the kingdom of God.
- He is declared to be the Son of God with power according to the spirit of holiness by the resurrection from the dead.

(Matthew 28:6; Acts 1:3; John 12:49-50; Luke 13;

Romans 1:4)

Because he lives, we can live Historic Christian faith declares that because Christ was resurrected, men too can be resurrected!

The hymn writer speaks of this eternal hope: "There's a land that is fairer than day, and by faith we can see it afar."

In 1st Century Jerusalem A.D. 30, there were cynical Herods and doubting Pilates. People today espouse both of these characteristics; but those in the post-modern world in A.D. 2004 who believe in the resurrected Christ, they shall live to die no more!

Up from the grave He arose,

With a mighty triumph o'er His foes:

He arose a victor from the dark domain,

And He lives forever with His saints to reign.

He arose! He arose!

Hallelujah! Christ arose!

—Robert Lowry

Think about that!

Dr. William Robert "Bob" Parker is pastor of First Baptist Church Markham Woods in Lake Mary

## Proverbial Passage

## Program offers quality food at reduced price

With the help of dedicated volunteers, Foodsource, a Christian based not-for-profit food cooperative is able to provide quality foods at lower prices, while promoting Christian values and volunteerism in the community. Each month, churches, retirement centers and community organizations participate in the program.

This is not a needy only program. It is for everyone wishing to stretch their food budget or wanting to donate food to others. There are no qualifications to participate. Foodsource accepts cash, check, Visa, Mastercard, Food Stamps and Money Orders.

The deadline for the April

order is April 16, with the pickup on April 24.

The tentative regular menu for April is at a cost of \$25, which includes such items as cubed beef steaks, popcorn chicken, macaroni & cheese, soups, veggies, fruit, and desserts.

The Meat Box Menu is for an additional \$25 and includes five pounds of chicken pieces, sausage, BBQ Chicken, ground beef, fish fillets and much more.

Foodsource accepts cash, check, Visa, Mastercard, food stamps and money orders.

For questions or to place an order, call Sanford Church of Christ at 407-322-8234.

## Easter Events

The city of Sanford Recreation Department will hold an Easter Eggstravaganza, Saturday, April 10, at Fort Mellon Park in downtown Sanford, open to all children 12 years old and younger.

The event begins at 8:30 a.m., with the Easter Bunny to arrive at 9:30 and the hunt to begin at 9:45. About 7,000 eggs will be hidden, with a special prize for the Golden Egg. There is no charge for the Eggstravaganza. There will be other events and refreshments.

For more information, call the recreation department at 407-330-5697

It's not an Easter Egg Hunt, but citizens are invited to celebrate spring during the Hippy Hop Adventure at the Central Florida Zoological Park, Saturday and Sunday, April 10 and 11, from 9 a.m. to 3 p.m.

Children are invited to hop along the Adventure Trail in search of the Easter Bunny. At various points, children can compete for games, candy, prizes and surprises.

Prizes will also be awarded for the best Easter hat, and kids will receive a bunny tail to wear and meet the Easter Bunny.

For more information, call 407-323-4450, ext. 149.

Covenant Community Church will sponsor the 2004 Seminole County Easter Egg Hunt on Saturday, April 10, from 7 a.m. to 2 p.m. at Reiter Park off Warren Park in Longwood.

The Seminole Family YMCA in partnership with Common Ground Community Church invites the public to a community-wide Easter Egg Hunt on Sunday, April 11, from 9 a.m. to noon at Greenwood Lakes Park, Greenway Boulevard, Lake Mary, and the Seminole Family YMCA, 665 Longwood-Lake Mary Road.

The family-oriented event will begin with an exciting Easter egg hunt on the Greenwood Lakes Park grounds beginning at 9 a.m. The egg hunt will be for children in age groups up to the sixth grade.

Beginning at 9:30 a.m., following the Easter egg hunt, a scrumptious continental breakfast will be served at the Seminole YMCA gym.

At 11 a.m., also in the Seminole YMCA gym, Common Ground Community Church welcomes the community to visit their worship service, celebrating the glorious

resurrection of Jesus Christ.

The purpose of the Seminole Family YMCA and Common Ground Community Church sponsoring this event is to serve the Lake Mary and Longwood communities. It is their desire to demon-

strate how much they and Jesus Christ love and care for the people that live and work in the communities by offering culturally relevant, purposeful, unifying and fulfilling physical, mental, emotional and spiritual activities like this Easter event.

For more information, call Mark P. Patterson, pastor of Care and Connection Common Ground Community Church at 386-574-9715.

## Theater company presents 'The Boyfriend'

The Helen Stairs Theatre Repertory Company of Sanford is eager to present its second show of the year. Sandy Wilson's "The Boyfriend" a light-hearted musical comedy will be performed on April 16, 17, 23 and 24, at 7:30 p.m. and April 18 and 25, at 2 p.m. Tickets are \$12 and \$15.

The Boyfriend is a light-hearted spoof an over the top look at the upper class styles and habits of the British in the roaring 1920s. The action is centered around a girls school in the south of France, where wealthy English parents send their daughters to be "finished," or to teach them how to behave in high society.

In this extraordinary cast of 26 men and women, most have performed in many other musicals. This is a very lively

and experienced group of artists who will sing and dance their hearts out while lifting the audiences spirits with the sheer delight of this happy show. The music, the dancing, the special design costumes, the scenery and the energy all add up to a very exciting and enjoyable show.

The in-house Helen Stairs Theatre Repertory Company was founded recently by a group of theatre loving, dedicated performers, under the direction of Derek Powell, the resident director, to encourage and provide opportunities for people of all ages to participate in the arts.

Other productions scheduled by this in-house Company (a non-profit organization) include "Brigadoon" in September, "The Most Happy

### S.O.D.A Pops to dance at Epcot Flower Festival

Local dancers will be performing at the opening day ceremonies of the Disney Epcot Flower Festival on April 16. Dignitaries and VIPs will be introduced and honored as the annual event opens the monthlong celebration. The S.O.D.A. Pops from Miriam and Valerie's School of Dance Arts will join in the festivities in a specially choreographed "opener," which also includes spring flowers and everything you'll need for this year's backyard garden. The 20 gals and guys representing the local dance studio recently took the title of "highest scoring" and "best studio" at the Access Broadway regional competition in Orlando.

# SAFE START

**A ONE-OF-A-KIND DROWNING PREVENTION PROGRAM  
THAT GIVES YOUR CHILD THE SKILLS TO SURVIVE.**

Protecting your child against drowning is a serious responsibility. Drowning is the number one cause of accidental death for children under four, and 11 children will die today from drowning in the United States alone. Thankfully, there is a program that teaches children water survival techniques. Safe Start teaches your child the skills of floating and swimming to safety, both in swimwear and everyday clothes. Throughout its history, Safe Start has taught survival swim skills to over 100,000 children. Of those, over 740 have saved themselves in a drowning situation.

**SAFE START is available through participating YMCA Family Centers in Orange, Seminole and Osceola Counties.

in the dike I have confidence it's going to work," said State Attorney Norm Wolfinger, whose 18th Judicial Circuit covers Seminole and Brevard counties. "Everybody is scared because even though we've got the governor's recommendation and the governor's recommendation appears to fully fund what we think it should be, there's still — even under the best circumstances — so many circumstances that need to be resolved that could change the deck of cards."

Tops on the list of those "scared" are county officials. For nearly two years, Deputy County Manager Sally Sherman has been dealing with Article V.

"We are still trying to deal with the impacts of Article V," she said last week. "Right now according to our numbers we are going to be impacted by more than a \$1 million annually."

Much of the negative impact to Seminole County comes from the loss of fees collected by the clerk of the courts office, which is nearly \$2 million annually. However, there are many other concerns for the county as the future funding of some programs is "questionable," Sherman said.

Another issue Seminole County and other area cities are paying close attention to is the proposed cost of prosecuting county ordinances.

Legislators passed House Bill 113A last summer as the first measure in overhauling the court system to become the financial responsibility of the state by July 1, 2004. The bill shifts the financial burden of bringing county and city ordinance violators to justice to the local governments as it prohibits state attorneys from appearing in court for these cases and proposes to charge a \$200 filing fee for each code or ordinance violation.

Some officials, including Wolfinger, believe a glitch bill will alter the proposed plan of prosecuting ordinances.

"Everybody has their issues and everybody has their own little glitch bills they are prepar-

ing," he said. "Like the county is concerned about being charged for going into court on county ordinances. Which to me would be foolish. We do city and county ordinance violations and frankly there are several hundred thousand total maybe in the whole circuit. And frankly that's the way it should be done because there is uniformity."

A constant wave of proposed glitch bills from Tallahassee makes it difficult for Sherman and the county to interpret the potential Article V costs.

"It's changing every day," she said adding that received another proposed glitch bill last week. "The county feels as though our legislators need to recognize the impacts of unfunded mandates."

Another realm of concern is with technology. As the state attorney's office moves into the new Seminole County courthouse this summer, uncertainty remains on who will fund certain aspects of the facility.

Of the many quirks in Article V is that the county will supply the furnishings in the new building, but then all of it will become the property of the state. The phone infrastructure, however, is slated to remain with the county, Sherman said.

"It is so convoluted we're having an attorney sitting down and spending hours trying to make some sense out of it," she said.

Not until the July deadline will the county and state attorney's office absolutely know the total ramifications of Article V.

"I'm not going to be able to rest comfortable until the legislative session is done and then give me a few days to digest what is done," Wolfinger said. "Even then there is going to be cracks and we're all going to have to recognize that and step up to the plate and work together."

Sherman said the county would probably begin to address any funding shortfalls brought about by Article V during the budget process.

"There are so many outstanding issues that we will need to address," she said.

Goldsboro

1998 student enrollment was 67 percent black. By the 2003-2004 school year, the black enrollment had been reduced to 32 percent.

Magnet programs, not as detailed as the magnet schools, have been established at three other Sanford-area elementary schools, two middle schools and its high school.

"Each magnet program has contributed significantly to the desegregated enrollments at Seminole High School," according to the report.

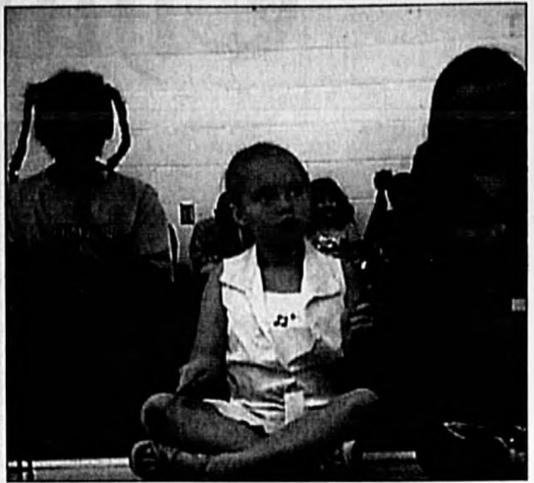

Some community members say Goldsboro has made significant progress.

"They have accomplished a lot at Goldsboro," said Ann McKinney, one of the original five plaintiffs who sued the school board in 1970 for operating an unequal school system. "How they accomplished this was by turning the school

around (from the black community of Goldsboro) and opening it to a wider community."

For some parents, the magnet concept is a dream come true. Kelly and Gregg Perko of Geneva have three children enrolled in Goldsboro.

"I would go above and beyond to get my children to Goldsboro," Kelly Perko said. "We pulled them out of an A-plus school in Oviedo starting three years ago. At that time Goldsboro was a C rated school (2003 rating: B-plus), but we wanted our kids to get a broader, diverse education. Although it's a math and science magnet school, our kids have experience to realize their artistic abilities and other subjects because it's integrated in the curriculum. They get hands-on artistic experience."

Project

cuts in the renovation project. Transferring money from the utility department would require city commission approval

"In my mind the first two just aren't feasible," Parsell said. "We need to move forward with 1st Street. We don't need to delay. And I would not be in favor of taking money away from other projects."

Parsell and City Manager Al Grieshaber met Monday with Gries Construction Company of Winter Park. In a letter to Grieshaber sent a few hours before Wednesday's CRA meeting, Gomez's branch manager Robert E. Lacey identified \$515,000 in cuts. Combined with the funding from the utility department, Lacey's cuts would meet the CRA's budget of \$2.1 million.

"I have not had the opportunity to thoroughly study these options to see which ones are feasible," Grieshaber said.

Closing 1st Street would save the city about \$55,000 and, maybe more importantly, 7 months of construction time. Parsell is still pushing for a June

1 start date, which would mean construction would finish near the new year.

"The merchants have told us that their busy season begins in January," Parsell said. "We could be done before they get into their best months."

Other savings recommended by Lacey include:

- \$25,805 — delete the stabilized subgrade under sidewalks. Grieshaber explained that sidewalks don't carry the same loads as roadways, therefore they do not require the same subgrade.

- \$89,580 — provide 300 psi (pounds per square inch) soil cement rather than 500 psi. Tom George, director of public works, said 300 psi soil cement is the standard specification and would meet the projects needs. He added that it is hard to find suppliers of 500 psi soil cement.

- \$247,923 — delete new traffic signals but include underground conduit so the lights could be installed in the future. Next to closing 1st Street, this may be the most controversial suggestion. The city has two

options if waits to install new traffic signals: the signals currently in place could be used until new ones are purchased, though they would be out of place with the new landscaping and streetscaping improvements; or stop signs could be used in place of traffic signals.

- \$10,000 — change Live Oak trees to a smaller specification than called for in the project specs and switch from "Razzeberry" shrubs to Indian Hawthorn shrubs. This suggestion appears the least likely to occur.

"I would skimp on the landscaping just to save \$10,000," said City Commissioner Kevin Hipes, who attended the meeting.

- \$53,800 — delete the line item which requires the contractor to compensate for 4,000 cubic yards of "unsuitable soils." Lacey indicated that this line item is more of a contin-

gency than a reality because a roadway soil survey does not indicate there are unsuitable soils in the work area.

- \$14,000 — eliminate the requirement that Gomez remove and store bricks in Magnolia Square and have city crews perform the work.

- \$15,800 — eliminate the under drain system under some of the valley gutters, if not required. This suggestion also appears likely to not occur.

"We believe that system is, in fact, needed," Grieshaber said.

The CRA made no final decision, but instead set a special meeting for Monday, April 26 at 4 p.m. That will give Grieshaber time to study Lacey's recommendations and possibly uncover other funding sources. Whatever action the CRA takes on April 26, city commissioners will have a chance to approve or reject at their regular meeting later that same day.

Plaza

president Stan Smith could say for quite some time.

Smith also announced this week that he sold about 27 percent of the 150,000-square-foot center to a private investor. The stores occupied by Tire City, Thrift Depot and Save-A-Lot were the first to be bought as the center is in the process of selling off other individual units to tenants and investors, Smith said.

The purchase enables Smith to focus more on improving the overall aesthetics of the center while reducing the monthly rents for tenants.

"This is a fantastic win-win situation where we get our sales and the tenants save money," he said.

The Sanford Plaza corporation is preparing to break

ground on a new parking lot layout that will feature improved landscaping, lighting, signage and store canopies. A small park is also being considered for the parking area near the Laundromat and the Speak Easy Comedy Club, Smith said.

"In a month it's going to look like a pretty fine center," Smith said.

He wasn't always able to tout the Sanford Plaza as a shopping center progressing forward. When the corporation purchased the center in 1996, J.C. Penney had moved to the Sanford mall and the area was struggling.

"We bought it when it was empty," Smith said. "It's been an uphill battle, but I think

we're finally getting there."

Some of Sanford Plaza's newer tenants focus on entertainment and activities including Metro Skate Park, the second largest indoor skate park south of Atlanta; Florida Xtreme Baseball, an indoor baseball facility; and The Facility, a Christian sports youth center. Smith hopes to continue to appeal to area families with the addition of the proposed park and possibly a fishing pond and rock climbing wall.

The shopping center's two newest tenants, The Saddle Equestrian Store and Mickey's Roadhouse, are expected to further grow the customer base.

Mickey's Roadhouse is owned and operated by Mickey and Karen Stevenson. The long-

time Sanford residents are hoping to pull patrons from other country western nightspots by offering better prices and more live country-western music, including from house band Stampede.

"Everywhere you go you get a 60-40 percent mix of country western and dance music," Mickey said. "We're planning on upping the ante a little bit by keeping it all country."

"That's what we're doing here — bringing back the honky tonk."

The new country nightspot features pool tables, dartboards, a full bar and one of the largest dance floors in the area. Because the location used to be a movie theater, the dance floor is not only large, but also uniquely

"When I walked into this building it was empty," he said.

"It was totally empty, but all I could see was potential."

"We're excited," added Karen. "It's something different in Sanford."

Weekly stats for Seminole County's Major League Baseball players

Oviedo High School's

**MARK BELLHORN**  
 2B

Boston Red Sox

ab	h	r	HR	rbi	avg.
13	2	1	0	0	.154

• Opened the season with a 2-for-3 effort with a double against the Baltimore Orioles, but has not had a hit since, going 0-for-10 in the past three games. But has been on base quite a bit with five walks in those games. Filling in very well as the starter at second base

Seminole High School's

**DAVID ECKSTEIN**  
 SS

Anaheim Angels

ab	h	r	HR	rbi	avg.
16	6	2	0	2	.375

• Has not lost anything from an outstanding preseason as he opened the season with a 2-for-5 game and followed that with a 3-for-6 in the second game. Finally slowed down on Thursday, going 1-for-5, but the Angels still completed a three-game sweep of the rival Seattle Mariners by scoring five runs in the top of the ninth inning to win 5-1.

Lake Mary's

**DANNY GRAVES**  
 P

Cincinnati Reds

w	l	sv	so	bb	era
0	0	2	1	0	4.50

• Has wasted no time in adapting back into the role of closer for the Reds allowing only one run over two innings of work to earn saves in 3-1 and 5-3 wins over the Chicago Cubs.

Sanford Middle School's

**COREY PATTERSON**

Chicago Cubs

ab	h	r	HR	rbi	avg.
11	4	3	1	1	.364

• Made his return to the line-up since a season-ending knee injury last July by hitting a home run in his first at bat in a 7-4 victory, and has been 2-4 and 1-4 with a triple in back-to-back losses.

Lake Brantley High School's

**JASON VARITEK**  
 C

Boston Red Sox

ab	h	r	HR	rbi	avg.
12	2	2	0	1	.167

• Off to a very slow start with only two hits and one RBI over the first four games, but continues to play strong defense as he learns an almost completely new pitching staff for the Red Sox this season.

## Lake Brantley grad wins skating Gold

ing Boston University on an academic scholarship, outskated 15 other competitors to claim the top spot in the Pre-Intermediate Ladies B Free Skate.

All told, nine teams from Dartmouth College, University of

Delaware, Boston University, Cornell University, University of California at Berkley, Stanford, Caltech, Michigan State, and Miami University at Ohio competed the weekend of March 26-27 for the national championship for collegiate figure skating.

Foley, performing to music from "West Side Story", skated a superior program to earn the Gold Medal, helping Boston University to a fourth place finish in the team competition.

Dartmouth won the event, with Miami finishing second and Delaware placing third.

The nine teams competed in a variety of events, including long program, short program, ice dancing, and team maneuvers.

## Lake Mary rallies

### Rams edge Winter Springs

By Dean Smith  
 Sports Editor

Winter Springs took an early lead and kept it close, but it was Lake Mary standing at the end as the Rams improved to 12-1 with a four-game victory over the Bears in Seminole Athletic Conference boys volleyball action Tuesday night.

The hosts won the opening game of the match, 25-23, but Lake Mary came back to win the next two games in extra points by identical 26-24 scores and then squeaked by 25-22 in the final game.

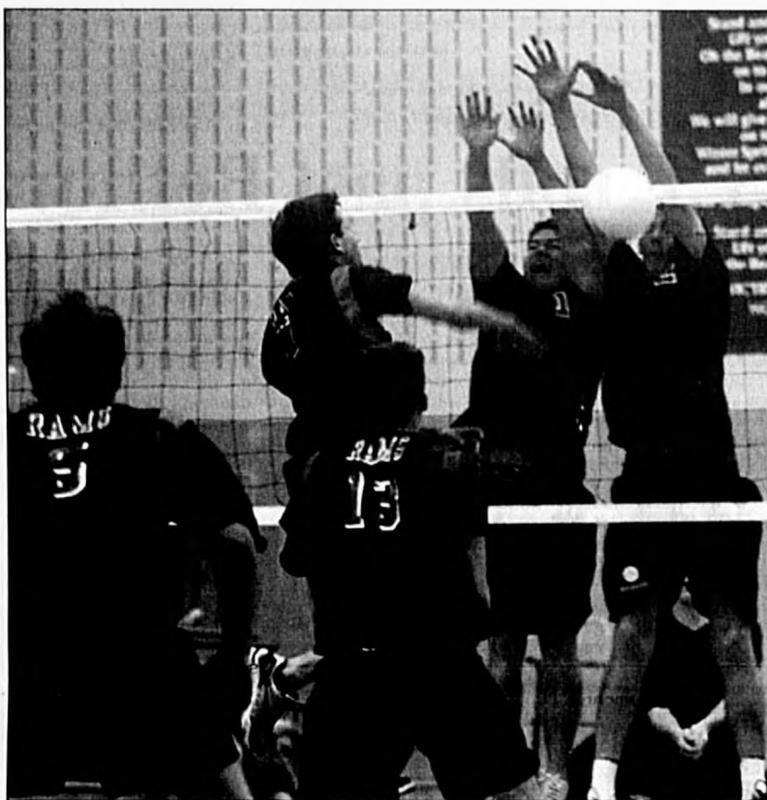

As usual, senior team captain Tim Spencer led the Rams with 35 kills, most coming on set ups from senior Rob Green, who had 41 assists in the contest.

Addison Duke had 16 kills for Winter Springs, while Brian Smith had a match-high 41 assists for the Bears, who fell to 11-7 on the season.

Lyman continued its good play, picking up straight-game wins over both Lake Howell and DeLand to improve to 13-5 on the season.

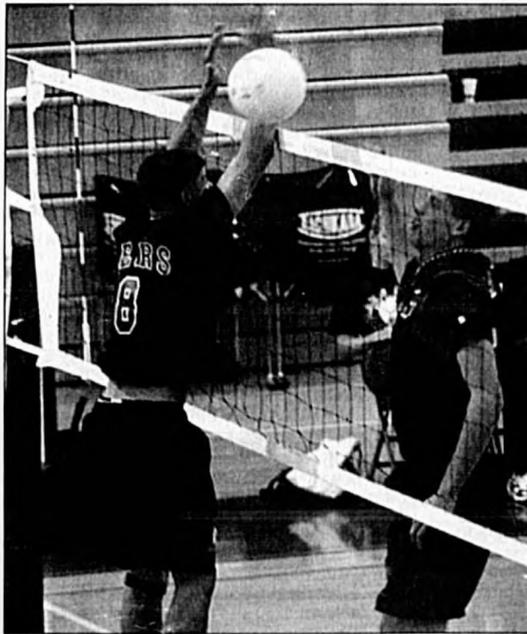

On Tuesday the Greyhounds got 16 kills from Gamboa and 38 assists from Brickelmyer in getting past Oviedo, 25-23, 25-21 and 25-10. Blahnik led the Lions with 10 kills and five digs.

Lyman came right back the next night to hand Lake Howell (8-3) just its third loss of the season in a close match, 25-21, 25-22 and 25-21, with Vaughn getting 20 See Boys, Page 15A

The Winter Springs duo of Brian Smith (above, left), who had a match-high 41 assists, and Addison Duke (above, right), who had a team-high 16 kills, come up with a block on a kill attempt by Lake Mary's Presley Dersheimer, but it was the Rams and Tim Spencer, (shown spiking the ball past the Bears' Junito Cruz, right), who had 35 kills on the night, surviving a tough four-game match with Winter Springs, 23-25, 26-24, 26-24 and 25-22, to improve to 12-1 on the season in Boys Seminole Athletic Conference Volleyball action Tuesday evening.

## Raiders stretch streak to eight

By Dean Smith  
 Sports Editor

The Seminole Community College softball team won both games of a Mid-Florida Conference doubleheader on Tuesday against Lake-Sumter Community College to push its most current winning streak to eight games.

It took 10 innings, but SCC escaped with a narrow, 2-1, victory in game one.

Lakers pitching kept the Raiders offense off-balance, as the hosts managed only four hits, but two of them came in the bottom of the 10th to pull out the win.

Sophomore Holly Lacko (15-8) went the distance for SCC, keeping LSCC off the board for the first nine innings and finishing with eight strike outs, while allowing no earned runs and just seven hits.

With the tie breaker in effect, the visitors scored first when an error by the Raiders allowed the runner from second to score.

Lacko was able to escape further damage as the Lakers loaded the bases with only one out, but back-to-back ground balls hit to third baseman Kristen Schrupp from Winter Springs ended the inning.

SCC started the bottom of the 10th with Lyman's Katie Pickelsimer, running for Karen Padgett, placed at second, who was then sacrificed over to third by Lake Mary's Ashley Bitzer.

Things started to look bleak however, as the next batter grounded out for the second out of the inning, but Victoria Rudolph hit a two-out single to right field to tie the game and Kristin Cameron then hit a triple to left field, to score Rudolph from first with the game winning run.

Sherri Rabenold and Oviedo's Megan Miller had the other hits for the Raiders.

The SCC offense finally got on track in game two as the Raiders pounded out 13 hits, including a 4-for-4 performance. See SCC, Page 14A

## Oviedo girls blank Lyman

By Dean Smith  
 Sports Editor

For four innings Wednesday night home-standing Lyman was hanging right with powerful Oviedo in a Girls Seminole Athletic Conference Fastpitch Softball game.

But the Lions broke through with three runs in the top of the fifth inning and added an insurance run in the seventh and the Greyhounds could never solve the Oviedo pitching as they were whitewashed, 4-0.

Senior Irimar Hernandez, who went 2-for-4 and scored two runs, started the fifth inning with a single and later scored on a ground out before Sara Miller broke the game open with a two-run single later in the inning.

Wheeler went 1-for-2 for Lyman (6-13), which was coming off a big 1-0, 10-inning victory over Pine Ridge on Tuesday.

Elrod (1-for-5) scored the game's only run on a single by Buchmann (1-for-5, RBI).

The heartbreaking story of the week has to go to Seminole, which lost a pair of one-run decisions to once-beaten Spruce Creek.

On Tuesday, the two powers battled through a scoreless tie until the ninth inning, when the Hawks finally plated the game's

only run. The Fighting Seminoles got five hits off Spruce Creek ace Felicia Thomas, who finished 18 strike outs and had no-hit Oviedo last week, including a double by Christine Barrett.

The two teams squared off again on Wednesday and it looked like the home-standing Hawks (19-1) would cruise to the win as they built a 6-0 lead after three innings.

The Tribe (11-7) did not quit, however, and came battling back behind Ashley Tabor (3-for-4, double, run) and Sheena Ware (2-for-3, triple, RBI) to cut the lead to 6-5 in the sixth, but that was as close as they would get as Thomas, throwing her 16th inning in two days, held Seminole scoreless in the top of the seventh to run her record to 13-1 on the season. Thomas scattered seven hits and struck out 10.

There was a big upset on Tuesday as Lake Mary suffered just its third loss in 18 starts, getting two-hit in a 3-0 defeat to Metro Conference power Boone (10-6).

Winter Springs (12-8) bounced back from a loss to DeLand on Tuesday to nip Lake Howell, 1-0, with Nichols doubling in the only run to back a no-hitter by Davis, who See Girls, Page 14A

Oviedo's Irimar Hernandez is gunned won at the plate on a great throw by the Lyman centerfielder early in the game, but Hernandez and the Lions would have the last laugh, coming through with a 4-0 victory over the Greyhounds in Seminole Athletic Conference fastpitch softball action on Wednesday.

Sara Miller's two-run single capped a three-run fifth inning as Oviedo shut out Lyman, 4-0, in a Girls Seminole Athletic Conference Fastpitch Softball game Wednesday night.

# No. 19 UCF rolls past Bethune-Cookman 9-1

## Special to the Herald

Dee Brown tied a career-high with four hits as No. 19 UCF rolled past Bethune-Cookman 9-1 Tuesday evening at Jay Bergman Field.

The Golden Knights won for the 18th time in 19 games to improve to 28-5 overall while the Wildcats dropped to 20-15. UCF swept the season series 4-0 from Bethune-Cookman for the first time since 1999.

UCF's nine runs on 11 hits was more than enough for freshman starter Taylor Meier. The Altamonte Springs native was sensational, limiting Bethune-Cookman to one unearned run on three hits with six strikeouts in a career-high 8.0 innings of work. Meier

(4-0) improved to a perfect 4-0 with the win.

UCF scored eight of its nine runs in just two innings. The Golden Knights used a three-run third and a five-run eighth to put the game away.

Brown led the way with a 4-for-5 night including a RBI-double while Lake Mary's Drew Butera was 2-for-3 with a solo home run and three runs scored. Lake Mary's Ryan Bono added a double and an RBI to the attack.

Clay Timpner was 1-for-3 with two RBI and three stolen bases. Timpner leads the conference with 30 stolen bases and he also moved into a tie for eighth place on the single-season steals chart at UCF. Timpner is tied with Reggie Arrington, who stole

30 bags during the 1981 campaign.

Jaime Douglas pitched a 1-2-3 ninth in impressive fashion as he struck out the side. Douglas threw just 14 pitches, including 13 strikes.

The Golden Knights are back in action this weekend for a key three-game series at No. 24 Florida Atlantic. The three-game series concludes today (Saturday) with a doubleheader at 1 p.m. in Boca Raton.

## SPRING FOOTBALL PRACTICE REPORT

UCF's second scrimmage of the spring last Saturday showcased a more productive offense than what was seen a week ago. Sharp passing from the Steven Moffett and Gerry Connell and strong running from

also did not walk anyone and struck out two. Plank suffered the loss, scattering five hits and striking out five.

Things had been different the night before as DeLand (8-13) had doubled the score on the Bears, 4-2, while the Silver Hawks (5-11) had roughed up Mainland (1-16), 16-1 in five innings.

Starcher and Hinkle were both 1-for-3 with a run scored for Winter Springs, while Lankay had a huge game for Lake Howell, going 2-for-3 with a triple and a double and driving in six runs. Hajek also had a good game at the plate, going 2-for-3 and scoring a pair of runs.

In other games from Tuesday, Orangewood Christian, Lake Brantley and The Master's Academy all won.

Garaffa gave up no hits and struck out 10 over four innings and Ferguson was 3-for-3 with a home run and a triple to drive in five as the Rams (7-2) clobbered Geneva Christian, 14-2, in five innings.

Marla Stevens hurled another no-hitter for Lake Brantley, striking out eight in five innings, as the Patriots crushed Colonial, 15-0. Uvino led the winner's at the plate, going 2-for-4 with a pair of doubles and driving in a run.

Nooft was 2-for-3 with three RBI and two runs scored to lead the Eagles (9-4) to a 15-6 thrashing of The First Academy (1-10).

In lacrosse from Tuesday, Lake Mary got two goals from Chmil and 13 saves from Fridman as the Rams improved to 11-1 on the season with a 10-3 victory over Oviedo (8-4), which got 11 saves from Dunlap.

Lake Howell picked up a Seminole Athletic Conference victory, whipping Seminole, 11-3, despite two goals by Belair and single score by Taylor for the Fighting Seminoles.

In tennis: Lake Howell (7-5) won twice, whitewashing both New Smyrna Beach (1-7) and East Ridge (3-6) by 7-0 scores.

Lake Mary Prep also won 7-0 over Geneva Christian, while Trinity Prep improved to 13-1, handing Cocoa Beach (13-1) its first loss of the season, 5-2.

Not other Seminole County team could win as DeLand (9-4) whitewashed Seminole (1-7), 7-0, Circle Christian upset Orangewood Christian (10-2), 4-3, and Bishop Moore (14-3) edged Lake Brantley (7-2), 4-3, in a battle of powers.

The news was not any better in water polo as Winter Parks smothered Lake Brantley (9-8), 13-2, with Hollingsworth scoring both goals for the Patriots.

## "Spring Breakout 4" set for the Eastmonte Civic Center

### Special to the Herald

Southern Championship Wrestling and the Altamonte Springs Wing House will present "Spring Breakout 4" on Saturday, April 17th at the Eastmonte Civic Center.

This 4th Annual event is one of the biggest wrestling events that SCW organizes

each year.

The Main Event this year finds The Hellraizers, Axis and Python, putting up their SCW Tag Team Championship title against the Asian Superstar Organization, Jason Hexx and the 6-foot-10 Korean Monster, Ryze, in a 15-foot steel cage. This is the second, and

most likely final, confrontation between these two teams, and this time nobody will be able to exit the cage, there must be a winner.

New SCW Heavyweight Champion "Classy" Chris Nelson was supposed to put up his belt in a rematch with the person he took the title from, Brian "The Blade" Gamble, but Gamble was attacked and injured on April 2nd and will be replaced by the winner of a match between Kahagas and Vordell Walker.

In a match for the Cruiserweight Championship, champion Chasyn Rance, the "Independent Sensation," will square off with No. 1 challenger Aaron Epic in a Best 2-out-of-3 Falls match.

In a No Disqualification Florida Heavyweight Championship bout, Champion Thump Dupree will face "Rebel Rocker" Towns Ellis.

And in preliminary matches, SCW Rookie Sensation Johnny Shumacher is scheduled to face "The Most Important Man Alive" Mister Saint Laurent and Damon Briggs, with Seven, is to battle "The Man" Manny Montana. Sequel is also scheduled to appear against an unnamed opponent.

Also, the beautiful girls of Wing House will be on hand. Bell time is set for 8 p.m. at the Eastmonte Civic Center located at 830 Magnolia Drive, which is the extension on SR 434 just South of SR 436.

Tickets are \$10 for ring side seating and are available at Adventure Into Comics (407-339-9636).

## SCC

Continued from Page 13A -ance by Amanda DeFilippo, as the hosts coasted to an 8-0, six-inning, run rule victory in the nightcap.

DeFilippo hit her first collegiate home run, a three-run shot in the bottom of the fourth inning to put SCC ahead 3-0 and Miller followed later in the frame with a two-run single to give the Raiders a 5-0 lead.

The final three runs came in the bottom of the sixth inning with Miller singling in one

her phenomenal game with a two-out, two-run bases loaded walk-off single up the middle.

DeFilippo finished with five RBI, while Miller added three hits and drove in three runs.

Other contributors were Schrupp (2-for-3), Rebenold (2-for-4, run), Seminole High's Beth Case (1-for-2, two runs), Rudolph (1-for-3, run) and Cameron (run).

Katie Brosky (18-5) picked up the win on the mound, allowing five hits and striking out 10.

improved to 36-14-1 overall and 13-8 in the conference heading into an M-FC doubleheader with St. Johns River Community College on Thursday in Palatka.

The Raiders have a pair of important conference double-headers next week, heading to Jacksonville to face Florida Community College at Jacksonville starting at 4 p.m. on Tuesday and then returning to Raider Field next Thursday to host Central Florida Community College from Ocala starting at 2:30

### ST. JUDE'S CHILDREN'S RESEARCH HOSPITAL GOLF TOURNEY

Organizers of the Annual St. Jude Children's Research Hospital gala golf tournament to be held June 16 at The Legacy Club in Longwood are looking for sponsors.

Mark A. Lang, Sr., chief executive officer of Workers Temporary Staffing, Inc. headquartered in Lake Mary, said he is seeking cash and prize sponsors for the benefit event, which is expected to raise more than \$30,000 this year.

Lang, who is chairing the event for the third consecutive year, said the tournament

raised more than \$24,000 last year.

With a 9 a.m. standard scramble shotgun start, prizes will be awarded for the longest drive and closest to the tee in men's and women's divisions.

Gold, silver and bronze sponsorships are \$850, \$600 and \$350 respectively, Lang said and prizes of any value will be considered.

"This is one of the biggest and best golf tournaments for a great cause," Lang said.

For more information, please contact: Amanda Mercer or Mark Lang, Workers Temporary Staffing, 407-472-0024, Larry Vershel or Beth Payan, Larry Vershel

Communications, Inc. 407-644-4142.

### CELEBRITY BENEFIT GOLF TOURNAMENT

The 10th annual Race Week Celebrity Golf Tourney hosted by race drivers Mark Martin and Mike and Angie Skinner, will tee off with a shotgun start at 8:30 a.m. on June 30 at LPGA International in Daytona Beach and one of the tournament's biggest fans - and biggest beneficiaries - will be on the sidelines watching.

He's Marcus Moody, the 17-year old son of Richard Moody, director of sales and marketing and project manager at DeBary Golf &

Country Club in DeBary.

Marcus, who suffers from Ewings Sarcoma, a debilitating form of Cancer, is currently undergoing a bone marrow transplant treatment at the H. Lee Moffitt Cancer Clinic and Research Institute at the University of South Florida.

In addition to the current treatment Marcus will have reconstructive surgery on his hip. Family and friends formed the Marcus Moody Foundation to help pay the medical costs. Last year, the Race Week Celebrity Tourney featured over 20 celebrities.

For more information on playing or sponsoring the tournament, please call 386-761-9495.

## Conrad going after seventh straight win at SpeedWorld

Special to the Herald

Can anybody stop Patrick Conrad? That's the question at Orlando Speedworld as the young Legends car driver has scored six win in a row and will be going for number seven Saturday night prompting track GM Dick Westfall to consider putting a bounty on the Clermont driver.

Before Conrad goes for another win tonight, he'll strap himself in his Ricky Wood owned Super Late Model for Friday FASCAR action looking for his first win in the tracks premier division.

"I'm getting more comfortable in the Super Late and we're making really good progress," says Conrad. "I'm really thankful that I've got this ride and hopefully I can get in victory lane soon" he says.

Conrad and his fast #2 Sedan will be challenged by another large field of Legends. Twenty-four Legends took the green last week, the biggest weekly Legends field ever at the track and interest continues to grow with drivers from as far away as Tallahassee competing last week.

DeLand's Ben Booth will lead a strong field of cars this week as the Dan Webster for U.S. Senate Classic Auto Racing Series will make their second appearance of the year. Booth, the defending CARS Champion, won the season-opener for the Series here last month, but will have plenty of competition from the likes of Jim Rahman, Wayne Ashton, Ed Yates, Daryl Grief, Bill Posey and many more.

Also in action will be the Bandeleros and the new Hurricane class which is fast becoming a fan favorite. Orlando's Greg Bruce has won four of five Hurricane features and has put the challenge out to anyone who thinks they can beat his fast Ford Escort.

Pit gates open at 3 p.m., grandstands at 5:30 p.m., and racing starts promptly at 7 p.m. Adult admission to the grandstands is just \$5. In other Speedworld news:

The Bandelero Outlaws finally got to run by themselves last week for the first time. Three cars signed in and ran the heat, then Kevin Henry jumped in Derrick Wood's Young Guns winning car and went out and won the Outlaw race. Henry was the Young Guns champion last year but can no longer run with that group since he turned 16 years of age. At 68, third place finisher Dave Jarrett was older than the rest of the field put together!!

Car owner Donnie Lewis was getting plenty of pats on the back after his Chad Pierce-driven Modified picked up the feature win last Friday. It was the first Modified win of Pierce's career and the first time one of Lewis' cars had been in victory lane since 1986.

Speedworld held it's first Legends/Bandelero "school" on Saturday morning and had a very good turnout of prospective racers looking to join the INEX program. A former unlimited hydro-plane racer bought two Bandeleros and a Legends car while several others expressed interest in going racing in the two spec series divisions.

Two of the top Super Stock drivers will be "missing in action" this week after being handed two week suspensions for an on-track altercation last week that resulted in another driver becoming an innocent victim, ending up with a badly damaged race car. Both Ron Whaley and defending Super Stock champion Corey Freed will get a couple of weeks off to let their year-long feud "simmer" down a bit although the suspension will not prevent Freed from racing his Classic Car on Saturday night since that is not a FASCAR-sanctioned series.

In other local action tonight (Saturday, April 10th), the Super Stocks will go for 50 laps at New Smyrna Speedway along with the Super Late Models, Open Wheel Modifieds, Sportsman, Mini Stock and Strictly Stock. The

Late Models have the weekend off due to the Goodyear Challenge Race at Bronson Motor Speedway.

Pit gates will open at 4 p.m. with grandstands opening at 6 p.m. Qualifying for the Super Stock 50 will be at 6:30 p.m. with racing action at 7:30 p.m. General admission is \$10 adults, \$5 senior citizens and students, kids 11 and under FREE and reserved seating \$15.

New Smyrna Speedway is located on SR 44 and SR 415 between I-4 and I-95 eight miles west of New Smyrna in beautiful Samsula.

Volusia Speedway Park in Barberville will be having Easter treats for the kids!

On the fast 1/2-mile clay oval, there will be races in the Late Model, Hobby Stock, Street Stock, Mini Stock and Pure Stock classes.

Grandstands open at 5 p.m. and racing starts at 7:30 p.m.

General Admission is \$10 with children 12 and under free in the grandstands. The track also offers Senior and Student discounts.

For information on schedules, etc. call 386-985-4402 or visit the web at <http://www.volusiaspeedwaypark.com>.

Volusia Speedway Park is located just 15 miles west of Ormond Beach. From I-95, take exit 88 west on State Road 40. From Highway 17, turn left on SR 40. The facility is five miles east of Barberville.

Orlando Speedworld Dragway will be hosting the season opening event of the NHRA/Summit ET Series.

The Super Pro, Sportsman, Pro-Cycle and Junior Dragster classes will be in action.

For event, ticket and race day weather information call 407-568-5522.

Winter Springs' Joey Elston pounds down one of his many kills on Tuesday, but it was not enough as visiting Lake Mary came back to win a hard-fought four game Boys Seminole Athletic Conference Volleyball victory.

## Boys

Continued from Page 13A kills and Gamboa 19.

The Silver Hawks were coming off a 25-15, 25-18 and 25-20 victory over Seminole on Tuesday in which Sutter had 12 kills and Dunham 12 assists.

Oviedo (6-9) bounced back from its loss to the Greyhounds with a 25-14, 25-14 and 25-20 victory over the Bulldogs on Wednesday. Blahnik again led the Lions with 14 kills, while El-Jamil had 15 assists and four digs.

In baseball action:

Lake Mary sophomore Josh Smith made everyone step up and notice when he hurled a five-inning no-hitter at visiting Campbell, Georgia on Wednesday, striking out 10 in the 10-0 victory.

Joey Lubonty share the spotlight with Smith, launching a grand slam and finishing the game 2-for-4 with five RBI as the Rams improved to 12-2 on the season.

Lyman got another big start from Clint Franklin as he hurled a two-hitter, striking out seven, in six innings as the Greyhounds (9-7) rolled over New Smyrna Beach, 7-2, on Wednesday. Danny Kava led the way at the plate, going 2-for-4 with a home run and driving in four.

Lake Howell (8-9) also got a strong pitching performance as Nick Farkas tossed a four-hitter, striking out five, and Grant Berman drove in the winning run in the top of the seventh inning as the Silver Hawks edged a very good Pine Ridge squad (9-4), 2-1.

Berman finished the game 2-for-3, while Gary Rodriguez added a double for the winner's.

Visiting Deltona (10-7 overall, 6-2 in 6A-District 2) jumped out to an 8-0 lead and host Oviedo could not quite come back as the Wolves won 9-6. Leisher and Ackley had doubles for the

11-10.

On Tuesday, Seminole (7-10) continued showing improvement as Hines struck out nine in a 3-1 victory over a strong group from Spruce Creek (8-4). Diener was 2-for-3 with an RBI, while Williams was 1-for-3 with an RBI for the Fighting Seminoles.

Trinity Prep (8-9) got big games from Auld (2-for-2, three runs), Reinke (2-for-4, three RBI) and Zimmer (2-for-4, three runs) in an 8-0 victory over Space Coast Academy.

DeLand (6-10) snatched another victory from the jaws of defeat against another SAC opponent as the Bulldogs scored single runs in the sixth and seventh inning to edge Winter Springs (9-6), 3-2. Danny Kelley was 2-for-3 for the Bears, while Terry Piard drove in a run.

Father Lopez (9-7) also came up with a seventh inning victory, scoring two runs in the top of the seventh to win 6-5 after The Master's Academy (7-9) had taken a 5-4 lead by scoring four runs in the bottom of the sixth inning.

In lacrosse: Lake Brantley (10-5) came up with a big win, outscoring Winter Springs (9-2), 9-8 in double overtime on Wednesday.

Force had three goals and Connelly two for the Patriots, while Hagel had four goals and an assist and James one goal and one assist for the Bears.

Oviedo (8-4) also won a big match, topping Lake Mary (7-5), 11-6.

Noonan had three goals and five assists and Wilkins four goals and an assist for the Lions, while Supraner had two goals and Rauch 15 saves for the Rams.

Lake Howell (7-4) kept pace with the big four, besting Seminole (3-6), 9-5.

Akin had two goals and an assist and Irwin two goals for

the Silver Hawks, while Ryan made 13 saves for the Fighting Seminoles.

In a non-SAC matchup, Boone (3-9) kept Lyman (0-7) winless on the season, 13-6.

In tennis: Seminole (4-5) defeated DeLand (5-9), 5-2; Lake Mary Prep won by the same score over Geneva Christian; and Lake Mary (8-3) whitewashed Eustis (2-9), 7-0, on Tuesday.

On Wednesday, Trinity Prep improved to 12-1 with a 6-1 thumping of Cocoa Beach (5-7) and Lake Howell (5-8) rolled over East Ridge by the same 6-1 score. The only loss for a county team found Lake Brantley (4-7) on the short end of a 4-3 decision to Bishop Moore (8-8).

In water polo on Tuesday, Bishop Moore (8-3) clobbered Lyman, 17-7, despite three goals for the Greyhounds' Todoreski, and Winter Park surprised 12-4 Lake Brantley, 14-4, with Tseg scoring all four goals for the Patriots.

**SAFE START**

A ONE-OF-A-KIND DROWNING PREVENTION PROGRAM THAT GIVES YOUR CHILD THE SKILLS TO SURVIVE.

Protecting your child against drowning is a serious responsibility. Drowning is the number one cause of accidental death for children under four, and 11 children will die today from drowning in the United States alone. Thankfully, there is a program that teaches children water survival techniques. Safe Start teaches your child the skills of floating and swimming to safety, both in swimwear and everyday clothes. Throughout its history, Safe Start has taught survival swim skills to over 100,000 children. Of those, over 740 have saved themselves in a drowning situation.

SAFE START is available through participating YMCA Family Centers in Orange, Seminole and Osceola Counties. For more information, please call (407) 644-3606. Visit our website at [www.safestart.cc](http://www.safestart.cc)

## Decoy vehicle foils Sanford man's thievery

Investigators of the City-County Auto Theft Bureau received a bite last week from one of its decoy vehicles parked in Sanford.

At about 1:11 a.m. Friday, Investigators Paul Herx, Scott Slavin and Frank Davis, along with the Sanford Police Department and Seminole County Sheriff's Office District 2 units, responded to a decoy vehicle alarm at a Sanford location.

Officers observed Gregory J. Williams, 49, of Bradshaw Drive, Sanford, in close proximity to the vehicle.

A perimeter was established and Sanford police made contact with Williams.

Investigators Herx and Slavin played back the video of the incident using a portable monitoring device. Williams was clearly seen entering the vehicle, breaking out the dome light, opening a decoy amplifier box, and then exiting the vehicle.

According to authorities, the video shows the suspect trying to steal a fake amplifier, which turns out to be a box with a phone book hidden inside.

Williams was arrested for burglary to a vehicle, possession of burglary tools and criminal mischief. He has been arrested 15 times in Seminole County, most of which consist of residential and vehicle burglaries, including armed burglary.

## Tow zone: Parking lot designated off limits

By Dan Ping

SANFORD — Patrons of downtown businesses incurred additional expenses this weekend when they tried to return to their vehicles only to find they had been towed.

Crews from Harry's Towing removed cars from the paved parking lot on Park Avenue behind the six-story

Wachovia Bank building as well as the grass lot at 2nd Street and Magnolia Avenue. More than two dozen cars were towed Friday night and during the day on Saturday. Tempers flared and by Saturday afternoon Sanford

police officers instructed Harry's employees to cease towing operations "in the interests of civility," said City Manager Al Grieshaber.

Employees at Wachovia Bank fielded numerous inquiries about the towing

Monday morning.

"That's not us, it was our landlord," Roberta Owen said before the question could be fully asked. Owen is the branch manager for Wachovia. "Oh god, yes, have we had complaints. People are

blaming the bank."

Both lots, as well as the bank building, are owned by James McCuen and Sharon Marikone of Lago Real LLC. McCuen said he had the cars towed for insurance reasons.

"There were some liability issues that we need to talk with our attorneys about," McCuen said. "We don't want to create a situation where we

## Program reaches out to schools

HEATHROW — An innovative community program is being introduced to Seminole County during a corporate volleyball challenge next month in Lake Mary.

Touch Your World, Inc. is attempting to connect high school students to area charity organizations by supporting poorly funded activities and sports. David Melnik, president and chief executive officer of Lake Mary-based Kinetics, Inc., created the program by chance when wrestlers from Lyman High School required assistance to purchase new uniforms.

In return for the new team attire, Melnik asked the athletes to work two days at a Habitat for Humanity home.

"It was so well received he worked to conceptualize it," said Steve Bishop, executive director of Touch Your World. Bishop, also an executive at Kinetics, was asked to lead the new community initiative because of previous philanthropy work in Lake County.

Bishop said the personal satisfaction for Melnik from that first donation was beyond helping out a local sports team. In addition to the direct benefit to the students, he effectively developed a team of community service providers for area charities that are in need of volunteers.

"You're plugging students back into the community,"

## The Lucky Star arrives

By Nick Pfeiffaut  
Staff Writer

SANFORD — Few 62 year olds arriving at the Orlando Sanford International Airport gather as much attention as the most recent arrival.

A PV-1 aircraft, named the "Lucky Star," is now in the repair facility at the airport, awaiting 18 months or more of restoration, before being placed in a display of honor.

The PV-1s were used extensively during World War II as bombers, night fighters and maritime patrol aircraft. They were flown by Navy, Marine and Air Corps pilots as well as some of the allies. After the war, most of the PV-1s were sold outside the country as war surplus.

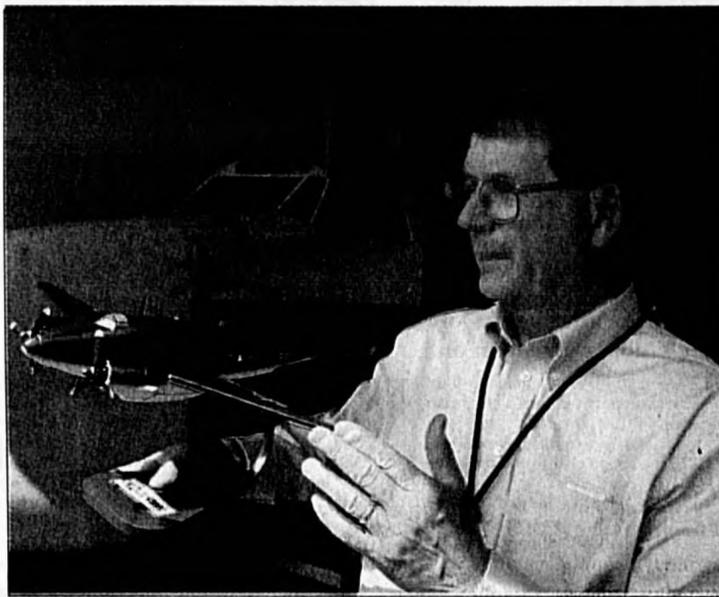

According to Patty Mahany, coordinator of the Sanford Airport Memorial Committee, "Ours is the only known PV-1 in the United States."

In obtaining the aircraft, she commented, "Imagine our surprise when we found out shortly after the dedication of the Vigilante that this aircraft was available to us."

The Vigilante stands at the entrance of the airport, as a memorial to the many men and women who served at the airport during World War II, the Korean War, and during peacetime. The Lucky Star is to be on display as well, after it is completely restored.

"While the aircraft is in unbelievable condition," she said, "with not even any dents, it is missing a gun turret."

Even though the aircraft was built by Lockheed's Vega division in 1942,

Mahany said they are still selling parts for these aircraft on e-bay, and a gun turret has been located.

"The problem is," she commented "that they want \$12,000 for the turret, and our funds just can't handle that right now."

She is hoping contributions to the Memorial Committee will make the purchase possible. Financial help is also needed for additional restoration of the PV-1, long-term maintenance of it as well as the Vigilante, and additional park infrastructure.

The PV-1 is considered the second in what is planned for a three-aircraft to be displayed at the airport entrance, as aircraft

## Sailboat racing is part of the Riverwalk party

From Staff Reports

A new sailing event has been established in honor of the Grand Opening of the new Sanford Riverwalk.

On May 8, the Sanford Riverwalk Sailing Scramble is scheduled to provide some exceptional entertainment for sailors and spectators alike.

"A slalom style course will be used to keep the racers in close proximity to each other upwind, and a long straight spinnaker run will allow plenty of downwind maneuvering opportunities as well as a colorful display for the onlookers," explained Denise Burchard of FUN Maritime Academy and who is organizing the regatta.

The race will be governed by the Racing Rules of Sailing 2001-2004.

The regatta is open to all classes. Three races are scheduled. One race constitutes a regatta.

The start/finish line will be in an area due north of the new flagpole.

Trophies will be awarded to the top three finishers in classes of five or more boats.

Yachts may register in advance by downloading a registration form at www.funma.com and sending it with a check for \$20 made payable to: FUN Maritime Academy, 531 N. Palmetto Ave., A-Dock, Sanford, FL 32771. You can also contact race organizers at sailing@funma.com or by calling 407-330-0633.

For a prime seat to view an exciting and beautiful sport, the public is encouraged to attend the May 8
