THE  
RECORD  
OF  
NEW  
HOMES  
BUILT,  
AND  
SOLD  
BY

# ODHAM & TUDOR

*Eleven Months ago this month...*

The impressive panorama of homes pictured in the above aerial view was a tangle of palmetto, scrub oak and pine. The land was cleared then all modern city conveniences installed—sewers, water, electricity and paved streets. Soon, as if by magic, modern Florida homes appeared until now, just 11 months later, 108 families live in this beautiful community.

# SOUTH PINECREST

**WE ARE PROUD**

THAT WE HAVE BEEN ABLE TO BUILD AND SELL MORE HOMES IN SANFORD IN THE LAST 11 MONTHS THAN ALL OTHER BUILDERS COMBINED. WE FEEL THERE ARE SEVERAL IMPORTANT REASONS FOR THIS:

We are interested in building you a home — not just a house. So we carefully selected our architects who would design individual homes. Each home designed to take full advantage of Florida climate and weather.

Our homes have twice the usual amount of windows for better light and ventilation. Each of our homes have long roof eaves to allow your windows to remain open during light summer showers.

Our floors are all of marble terrazzo, life time floors, no rot warping, no termite damage to be concerned about.

HAVE YOU SEEN SOUTH PINECREST LATELY?  
WHY NOT DRIVE OUT?

from **\$11,000** to **\$15,000**

All roofs are 8 ply built up with asphalt and marble chips. Throughout each home we have used only the best workmanship and best materials.

Our finance plan is the best. We offer V. A.—F. H. A. and Conventional Financing.

We know how to qualify our buyers without delay. In 30 minutes we can tell you yes or no. If your answer is yes you can move in while we process the papers.

For 1 year we fully guarantee you that any defects, major or minor that occur in your home will be corrected at our expense.

Don't take our word for this, ask our home owners. They are our best sellers.

We sincerely believe we are offering the best dollar buy in home values today. We invite you to compare our homes with all others.

## Important Meeting Of Polio Chapter Set For July 20

An important meeting of the Seminole County Chapter of the National Foundation for Infantile Paralysis has been announced for 8 o'clock, July 20, in the Educational Building on Commercial Ave., in Sanford.

Invited to the meeting are the present active members of the chapter and other leading citizens of the community.

The invitations were issued by the State Representative of the National Foundation for Infantile Paralysis, Marion T. Jeffries.

"An interesting meeting is being arranged," said Jeffries in his letter to members of the Chapter.

Membership cards will be presented to chapter members present at the meeting planned for next week and "special recognition" will be given to those who have been active in chapter work for five years or more, the invitation read.

Also planned for the meeting is an interesting motion picture of the Salk Polio vaccine.

Reports will be given of the work accomplished by the chapter during the past year and officers for the ensuing year will be chosen.

Members of the chapter have been urged to attend next week's meeting which, it was announced, will adjourn not later than 8:30 p. m.

John Smith, chairman of the Seminole County Chapter of the National Foundation for Infantile Paralysis said this morning that the coming meeting should prove to be one of the best attended, one of the most worthwhile, and one of the most revealing in the history of the local organization.

Only recently, the Chairman announced the biggest fund ever raised by the Seminole County Chapter and said, "plans will be laid for the next year's fund campaign which is held in January."

## King, Queen Tour Thira To Comfort Quake Survivors

ATHENS, Greece (U. S. — King Paul and Queen Frederika toured Thira in a jeep today to comfort survivors of the Aegean earthquake which centered on that island. The official death toll rose to 24.

Eight earth tremors persisted as the King and Queen made their way through Emporio, Pyrgos, Volhos, Messaris and Phyra, talking with the villagers. The two were accompanied by their 17-year-old daughter, Princess Sophie.

The Athens Observatory reported more than 240 tremors had been recorded since the big quake struck about a dozen islands and set off tidal waves at dawn Monday; but that they were subsiding in intensity and frequency.

Damage reports mounted. A monastery on Patmos Island was almost completely destroyed. Advertisers from that island, 25 miles from Thira, said 20 houses also were ruined and 75 fishing boats were sunk or wrecked.

BOY HAS END POLIO ATTACK  
EL MONTE, Calif. (U. S. — Robert Shipman Jr., 14, has been admitted to the Sister Kenny Memorial Hospital for the second time with polio.

Since the hospital opened in 1950 these patients were admitted for the second attack of the disease. Robert was first stricken in 1948.

## Suit Against Odham To Go Before Jury

The Florida Supreme Court ruled today 5-2 that the one million dollar libel suit of a Jacksonville political puller, Joe Abram, against Brailley Odham of Sanford must go before a jury for trial.

The Supreme Court cleared the Florida Publishing Co., publisher of the Florida Times-Union of Jacksonville, of libel and threw out Abram's complaint against the newspaper. Abram named the publishing company as a co-defendant.

Circuit Judge Edwin L. Jones of Jacksonville had dismissed Abram's suit against both Odham and the newspaper.

The Supreme Court said Judge Jones was wrong in not permitting a jury to determine whether Odham was motivated by malice in making what the court termed defamatory remarks of qualified privilege.

Abram's pail during the 1954 Democratic campaign for governor, reported that Odham was running second to acting Gov. Johns and appeared "to be slipping badly."

Odham was quoted by the Times-Union as saying in reply that "Joe Abram is a phony and his pail is a phony."

The Supreme Court in the majority opinion written by Justice B. K. Roberts, said that under the circumstances "the remarks of the defendant Odham, even though defamatory, were qualified privilege, for which there is no liability in the absence of express malice."

"The plaintiff Abram injected himself into the 1954 gubernatorial campaign and made derogatory remarks respecting the defendant Odham's candidacy. The defendant Odham had an interest in defending and a right to defend his candidacy, and his remarks in rebuttal to those of the plaintiff were directed to persons having a corresponding interest, right or duty and were made upon an occasion properly to serve such right, interest or duty."

But Justice Roberts wrote, the rule is subject to the limitation that the parties must act without malice.

The court said "there can be no question but that the uncontroverted facts disclosed by the complaint negative any possibility of malice on the part of the defendant publishing company."

"The news story was a routine report of what went on at a political rally in the midst of a heated gubernatorial campaign in which there was wide public interest, and apparently quoted only a minor portion of the defendant Odham's remarks concerning the plaintiff."

Chief Justice E. Harris Drew and Justices T. Frank Hobson, Glenn Terrell and Stephen C. O'Connell concurred with Roberts.

Justices Elwyn Thomas and Campbell Thornall dissented, holding the complaint should be dismissed against Odham as well as the publishing company.

## Breckenridge Will Emcee Little Miss 7 Beauty Contest

The master of ceremonies for the state-wide Little Miss Seven contest will be Forrest Breckenridge, manager of the Seminole County Chamber of Commerce, who will introduce contestants in the pageant scheduled for July 20 and 21 at Seaside Springs.

Seven-year-olds will be judged for beauty, talent and "dignity." Entry blanks are available at the Chamber of Commerce.

## Duda To Preside At Fall Convention

Andrew Duda Jr., of Oviedo, will preside at the final business session of the Florida Fruit and Vegetable Association's convention at Miami Beach this fall.

John W. Evans of Oviedo will be in charge of registrations for the three day event.

Other committee appointments for the Sept. 27, 28 and 29 convention of the Florida Fruit and Vegetable Association at Miami Beach have been announced by Luther L. Chandler, Goida, convention chairman.

To assist with convention plans, Chandler appointed Allen Markham, Ocoee, to head the registration committee; and J. E. Brooks, Homestead, buffet luncheon.

W. R. Hancock, Tampa, is chairman of suppliers' night; W. E. Burquest, Sarasota, banquet; and Dixon Pearce, Miami, hospitality.

President Rudolph Mattson, Fort Pierce, will preside at the opening business session. Roy Vandegrift Jr., Pahokee; and J. P. Harlowe Jr., Palmist, will preside at the second and third business sessions.

"This experienced and capable committee is sure to produce a convention which we will remember as one of our finest," said Chandler.

## Mrs. Lawson, 102, Gets Birthday Card From Ike

MIDDLESBORO, Ky. (U. S. — Mrs. Nancy Lawson, whose hair began to gray only a year or so ago, is 102 today—and among her well-wishers is the President of the United States.

A birthday card from President Eisenhower is among Mrs. Lawson's proudest possessions, as is a letter from Gov. A. B. Chandler thanking her for her support.

She was forced to retire to a wheelchair after breaking a hip in 1945; she broke the other one a year later.

Married when she was 19, Mrs. Lawson became the mother of 13 children.

## Mediators Pave Way For Meet

WASHINGTON, (U. S. — Federal mediators confer today with a management team to pave the way for a face-to-face meeting tomorrow with union spokesmen in the hope of ending the national steel strike.

Federal Mediation and Conciliation Service officials arranged a "preliminary" meeting here with a team headed by John A. Stephens, vice president of U. S. Steel and the industry's chief negotiator.

The mediators met yesterday with officials of the striking United Steelworkers. They plan to call management and labor together at Pittsburgh tomorrow for resumption of negotiations.

The talks collapsed July 1, precipitating a strike which has idled 700,000 workers and cut national steel production by 80 per cent.

Chief mediator Joseph P. Finnegan said after a one-hour discussion with union officials the situation was "grave" but he was confident that both sides would cooperate in new bargaining efforts.

## Hunt-McRoberts Is Twin Bill Victor

The Hunt-McRoberts entry in the Sanford Softball League beat out the Wilson-Meier team in a twin bill last night at the Fort Mellon Park diamond.

The first game of the double-header ended in a draw with Hunt-McRoberts collecting five runs off eight hits and the Wilson-Meier team taking five runs off five hits.

A home run by Carl Crews of the Hunt-McRoberts outfit proved to be the thriller of the first half of the evening's play.

Batteries in the first game for Hunt-McRoberts were Ben Bowman and Peanut Galloway; for the Wilson-Meier team Larry Chama and Jack Schirard.

In the night, Hunt-McRoberts defeated Wilson Meier 11-8, with both teams collecting six hits off the pitchers.

Batteries for Hunt-McRoberts were Perry Pitts and Peanut Galloway; for Wilson-Meier, Joe Edes and Jack Schirard.

F. R. Thomas batted in two runs for the furniture men but the team failed to stack up enough runs to overcome the automobile group. George Kirby for Hunt-McRoberts also batted in two runs.

There will be another double-header tonight beginning at 7:30 with Robson Sporting Goods meeting W. Ailee Burpee.

Playoffs for the league's summer softball season will start on Tuesday, July 17.

# Canal Project Plans To Be Heard At July 24 Meet Here

PREPARING 96 JARS of Florida honey for their International convention in Miami Beach are members of the Sanford Pilot Club at their meeting last night. (Staff Photo)

## Mrs. Stevenson Is Sanford Delegate To Pilot Confab

Mrs. Sue E. Stevenson will be the official delegate of the Pilot Club of Sanford at the 25th annual convention of Pilot Club International in Miami Beach, July 18-21. She will join some 1,000 other executive business and professional women in this classified service organization on Florida's Gulf Coast.

The local Pilot Club will furnish 96 jars of Florida honey for the "Tropical Fruit Luncheon" to be held at the Fontainebleau. Mrs. Stevenson, president of Sanford's Pilot Club, will be accompanied at the convention by Mrs. Harvey Swanson, alternate for the local group, along with Mrs. B. E. Chapman and Mrs. V. C. Messinger.

Labeled the "fabulous 25th," the convention will officially open with a brunch at 11 a. m. Wednesday, July 18, with Miss Ethel Richardson, Jacksonville, convention chairman, presiding, and Mrs. Edith McBride Cameron of Calneville, president, speaker.

Mrs. Cameron is head of the Department of Auditory Instruction and Women's Activities of the General Extension Division of Florida, representing all state-supported institutions of higher learning.

Along with the business sessions will be a projection of committee work and panel discussion on the role of volunteer plays in providing community service through America's various voluntary health and welfare agencies.

On the panel will be top ranking officials of the National Foundation for Infantile Paralysis, Girl Scouts of the U. S. A., and the National Safety Council. Mrs. Mary Fysekson, Jacksonville, past president, Pilot International, and executive secretary, Florida Tuberculosis and Health Association, will be the panel leader.

## Civil Defense Corps To Take Part In Attack

The Seminole County Civil Defense corps will have an opportunity to test its ability to organize and operate under the established plans when it takes part in a nation-wide exercise to be staged July 20-26, according to A. B. Peterson Sr., director.

Working together on the problem, the Federal Civil Defense Administration, the Office of Defense Mobilization and the Department of Defense have set up a simulated enemy attack that is designed to evaluate plans thus far developed for civilian protection.

There will be 78 target areas in the United States and in each instance the time of attack, the size of the bombs, their number, will be transmitted in advance.

According to Peterson, Seminole County will not be one of the targets, but will be alerted for possible evacuation and for handling possible evacuees from other cities.

The radio alerting facilities also will be tried out, and in this the public will have an opportunity to see how they might pick up alerts and instructions by means of their radios.

Civil Defense officials point out that the problem compares to naval maneuvers or Army war games as a means of checking the progress of training of the personnel expected to execute the defensive details.

Further plans regarding the exercise will be released as the impending "enemy attack" comes closer on July 20, it was said.

Director Peterson is issuing orders to the county defense personnel to cover their participation, and the public will be informed more fully in the next few days.

## Voters To Approve Harness Horse Racing In County

The State Racing Commission, meeting today in Miami, accepted the application of Seminole Raceway located near Casselberry in Seminole County, to conduct harness horse races, subject to the supplementary reports on the track's financial condition and an election by Seminole County voters.

Nat Turnbull, an Orlando attorney, told the commission that the track was built in the late 1920s and recently renovated. It would operate, he said, during the winter season.

The Seminole County Chamber of Commerce, in a telegram to the secretary of the State Racing Commission, asked for a public hearing before the permit was granted but the commission pointed out that a referendum would be necessary.

Considerable interest has been created throughout the County regarding the harness horse racing at Seminole Raceway Park and yesterday some viewers felt that there would be a good chance that the track would be allowed to operate with pari-mutuel betting.

It was believed that the pari-mutuel betting, for which a permit was granted the track during the 1930s and had lain dormant for a number of years, would require only the commission's approval and reinstatement.

The project, under the planning of William E. Kemp, operator of the Coliseum in Orlando, has been under consideration for a number of months. Kemp, a former partner in the enterprise started negotiations for the harness horse racing as early as last Fall.

Plans, as explained by Kemp earlier this year, would include the housing of at least 500 horses at the sprawling Seminole Raceway Park which has undergone a number of renovations and at the present also houses the Turf Club.

A request from William E. Kemp for support of his application before the State Racing Commission for approval of his pari-mutuel harness racing operation at the Seminole Raceway Park was discussed.

The Chamber of Commerce Directors decided not to take any stand on Kemp's request but instructed the Chamber of Commerce Manager to send a telegram to the Secretary of the State Racing Commission calling for a public hearing on the application. (Continued On Page Three)

## County Areas Will Receive Checks From Smoke Tax

Seminole County towns and cities will receive checks from the State Revenue Department totaling \$12,602.31, according to a release today from J. D. Williamson, director.

Money available for distribution from cigarette taxes collected in May 1956, amounts to \$1,227,226.15. Williamson announced that of this amount \$323,061.78 will go to the General Revenue fund. The remainder of \$1,604,164.37 will be distributed to incorporated municipalities.

The City of Sanford will receive a check for \$10,673.31. The town of Allamonte Springs' check is \$633.77; Casselberry \$74.87; Longwood \$399.91; and Oviedo \$678.45.

Significant is the fact that the amounts of these checks are increasing month by month, showing the general trend in spending in Seminole County.

## Bride, 17, Saves Husband's Life

GRAND PRAIRIE, Tex. (U. S. — A 17-year-old bride of four weeks was credited with saving the life of her husband after ignited gasoline turned his body into a torch last night.

Ernest Leroy Strawn, 18-year-old construction worker, was cleaning asphalt from his clothes with gasoline when the flame from a nearby water heater ignited the fumes.

"Here were flames all over him. I looked for a towel or sheet to wrap around him. I couldn't find one. So I wrapped my arms around him and hugged him all over. That smothered most of the fire. Then he saw the bed and rolled up in a bed spread," Mrs. Strawn said.

Hospital attendants said Strawn was in a "very serious condition." Mrs. Strawn was treated for burns on her arms and her feet. Their two-room home was destroyed by the fire.

## Nicholas Home Will Be Scene Of Boat, Ski Club Meeting

Members are urged to attend the meeting of the Sanford Boat and Ski Club which will be held tonight at 8 o'clock at the home of the commodore, Joseph Nicholas, 3245 Yale Ave.

The public is cordially invited.

## Marine Recruit Is Found Dead

PARRIS ISLAND, S. C. (U. S. — Pvt. Sidney G. Droughman, a 20-year-old Marine recruit who had been worried about missing on the rifle range, was found dead today here early today.

Death certificate said a preliminary investigation indicated no other cause.

State Insurance Commissioner Calls Meeting For July 27

TALLAHASSEE (AP)—State Insurance Commissioner J. Edwin Larson has called a meeting for July 27 here to discuss revision and codification of Florida insurance laws for presentation to the 1957 Legislature. Larson said two previous sessions of the Legislature had made considerable progress in adopting sound insurance legislation. "We are now ready for a revised, modern version of our insurance laws, compiled without duplication and according to subject matter," he said. Larson said he would conduct at least eight public meetings on the subject of revision and codification in various cities throughout the state so legislators and the general public could be heard.

CANDIED BANANAS
Bananas are wonderful baked. Peel 6 firm bananas and arrange in a shallow greased baking dish. Brush with melted butter or margarine and sprinkle generously with brown sugar. Bake in the oven of your range 15-20 minutes at 375o F. Serve either as part of the main course or as dessert with a chilled sauce of coconut cream pudding or floating island.

(Continued from Page One)  
 tour, and a formal banquet at which Mrs. Vera M. Dean of the Foreign Association, New York, will be featured speaker, are included on the program. The convention will close with the installation of new officers and a reception for the new president.  
 Convention chairman is Miss Fythel Richardson of Jacksonville. Vice chairmen are Mrs. Georgina Havlena, Washington, D. C., and Miss Lyb Okey, Philadelphia, Pa. This is the second time the Sunshine State has played host to the Pilot International Convention but the first time the group has met on the Gold Coast.

### Two Freighters Collide In Fog

NEW YORK (AP)—Two freighters collided early today in thick fog in the North Atlantic 450 miles east of Boston and one of them went to the bottom about three hours later.  
 All crewmen of the sunken Panamanian ship Estoril were reported safe aboard the other ship, the Italian freighter Dea Mazzella.  
 An SOS sent out by the Estoril after the collision with the Dea Mazzella said she was taking on water. The crew took to lifeboats. The Estoril, loaded with iron ore, sank at 4:22 a. m.  
 The Coast Guard cutter Casco, 117 miles away when the SOS was picked up, arrived at the scene at

9 a. m. She reported to Coast Guard headquarters in New York that the Dea Mazzella said she needed no assistance, and was headed for Halifax, N. S., under her own power. The cutter said the Dea Mazzella declined to give any information as to the number in either ship's crew. No mention was made of any damage to the Italian ship. Sydney, N. S., reported the Estoril carried a crew of 34.

### Campaign Fight Between Ike, Demo Majority Looms

By THE ASSOCIATED PRESS  
 A hot campaign fight between President Eisenhower and the Democratic majority in Congress loomed today in the wake of a revelation that Eisenhower definitely is a candidate for re-election.  
 Democrats generally professed no surprise at the news that Eisenhower is a candidate and little alarm at his reported criticism of their handling of administration legislation.  
 The President was described as "irritated" yesterday at congressional cuts in his foreign aid program. The report came from Sen. Bridges (R-NH), who attended the presidential conference at which Eisenhower reaffirmed his intent to run again.  
 Sen. Humphrey (D-Minn) said Democrats are prepared to prove that the embattled foreign aid measure has had little assistance from Republican members of Congress.  
 "Before Eisenhower starts trying to convince millions with his leap year liberalism," Humphrey said, "I suggest that he try convincing about 223 Republicans in Congress who don't go along with him."  
 The U.S. National Parks Service looks after 181 areas.

### Cools Political Tempers

With the shouting and the tumult of the political conventions coming up, you'll want plenty of refreshment to soothe television and radio audiences' tempers. Canned Florida grapefruit juice is a favorite easy-to-serve thirst-quencher and is good to have on hand for making refreshing ices and punches. Iced tea is a bracing drink and remember all coolers will look and taste better if you serve them with ice cubes made from fruit juices.  
 Lime cubes are easy to make: simply combine juice of two Florida persian limes with 3 cups of water, or use the limeade concentrate reconstituted. Pour into refrigerator ice cube tray and freeze. For other flavor combinations, freeze juice of No. 2 cans of Florida grapefruit juice, or blended orange and grapefruit juice. Pour beverage over regular ice cubes to chill and then add 2 citrus cubes of desired flavor to each glass.  
 Convention Cooler  
 1 46-ounce can Florida grapefruit juice 1 pint ginger ale  
 2 No. 2 cans Florida tangerine juice  
 Chill all ingredients thoroughly. Combine citrus juices with ginger ale in big pitcher. Serve with lime ice cubes. Yield: 12 tall glasses

### Canal Project

(Continued On Page Three)  
 sation before taking any action.  
 The telegram forwarded to the commission meeting in Miami read as follows: "Requesting that the Chamber of Commerce recommend that before any action is taken with reference to the request for pari-mutuel harness racing at Seminole Park Raceway that a public hearing be held in Seminole County."  
 Lewis Girard, coordinator of the Diversified Cooperative Training program at Seminole High School was introduced to the Chamber of Commerce Directors by Fred Murray, Director of Vocational Education for Seminole County. Girard explained the operation of the DCT program and urged the cooperation of the businessmen of Sanford in making it successful. He said that "Trainees would participate in the program beginning with their Junior year in high school." He stated "They must be at least 16 years of age and have grades sufficiently high that their chances of graduating would not be endangered." He advised the Chamber of Commerce directors that each participant would spend at least four hours in their school classes and at least four additional hours working in local business establishments.

SOVIET DELEGATION LEAVES FOR VISIT  
 MOSCOW (AP)—A 13-member Soviet delegation headed by Ekaterina Furtseva, the world's top woman Communist, left by plane today for a visit to Britain. The group, made up of members of the Supreme Soviet Parliament, is repaying a visit British lawmakers made to the Soviet Union in 1954.

American domestic, scheduled airline traffic has doubled since 1950.

# Action Underway On 3 Important Projects In Seminole County

There's a sure sign of progress in Seminole County as huge pieces of road building machinery line up along the Sanford-Orlando Highway and go into action on the long awaited widening, four-laning and paving project.

This first section of the throughway in Seminole County will take 350 working days to complete, but before this section is completed there will probably be other machinery on the link between Five Points and Sanford, to complete the county line to county line project.

Coming after that will be the proposed causeway project that is destined to link the French Avenue thoroughway with Volusia County by the "across the lake" route

connecting with U. S. 17-92 from Orange City on into Enterprise along the present Orange City-Enterprise Road.

Not only is action underway on these three unprecedented projects in the county. There is an access road into Seminole County by way of State Road 415 connecting with the East Coast and the projected work on State Road 46, about to get underway in a repaving and widening move so that travel will again become heavy along these routes.

Only by the cooperation of citizens and the continual working and planning by various city and county groups were these projects instituted and brought into reality.

There was a time when even the mention of such projects would have brought instant and complete "we can't do it" response.

Now, faced with unprecedented growth and a nearly unbelievable future before it, those forward looking citizens who realize that such progress must come to be have boosted the morale and interest of the county's citizens to the point that Seminole County is now the center of Florida's most gigantic growth.

We can look forward now to a successful, profitable, and faster growing community.

## Mowing Grass Is Healthy

Of interest to middle-aged husbands and housewives is the medical theory that lawn-mowing helps ward off many heart ailments. None other than Dr. Paul Dudley White of Boston, heart consultant to President Eisenhower, advances his theory.

Dr. White says that cutting the lawn without a power mower is among the most beneficial forms of exercise toward preventing coronary artery disease. He believes mowing grass keeps body muscles in good tone, aiding digestion and favoring longevity.

Other exercises advocated by the President's personal physician include gardening, pulling weeds, golfing, fishing and other normal activities which tend to keep muscles active and in good condition. He also advocated the revival of bicycle riding as a beneficial male exercise.

There seems little question that all too many men past 40 get little or no exercise of the type necessary to keep their bodies in top condition. This is clearly indicated in the steady increase in heart ailments among the male population of our state and nation. As Dr. White reminds us, if more people would systematically exercise to achieve muscular fatigue, there would be less need for tranquilizing drugs and other medication in order to get a good night's sleep.

## TODAY'S NINE VERSE

Whoever shall lose his life for my sake shall find it. Matthew 16:25—We do lose our life one day at a time. If we spend life without purpose we shall end very far short of any decent goal.

## Vacation Hazards

Sunstroke, drowning, insect bites, car crashes, food poisoning, shark's, polluted water, high prices, jelly fish, forest fires, sprained ankles, over exertion, summer romance—these are only a few of the many vacation hazards you're warned against. You get good advice from newspapers, magazines, radio, TV, friends, and even enemies.

This column is as ready as any to advise you to carry rattlesnake antidote, boil the drinking water, sit quietly in canoes, and avoid college boys. But occasionally we are haunted by a picture of any family that might follow all the good advice. Vacation preparations take weeks. Once packed, the car is a moving drug store carrying preventative and cures for possible emergencies. There's enough safety equipment for a Himalayan expedition.

At last the family arrives at the sea shore, lake or mountain, but life is a perpetual fight against fear, seeking protection against the perils of nature. There's one consolation. They'll be glad to get home. We wonder how they got up their courage to leave home at all. There's something not quite healthy in this picture. It's wise to take reasonable precautions so that your vacation won't be spoiled by accident or illness. But worry won't keep you well.

We would like to advise you to take a vacation. Decide where you want to go and what to do, then do it. Unless you decide to pack into the Canadian wilds or the jungles of Guatemala, you will not be too far from civilized, human help in emergencies. Pack the car with suitable clothes, crackers to hold off starvation between hotdog stands, a simple first aid kit and a reasonable amount of good sense.

And for goodness sake have a good time.

FALL MODEL AT THE HAT MAKERS' UNION CONVENTION

## Most Actors Are Hypochondriacs

By HAL BOYLE

NEW YORK (AP)—There is a saying that, except for doctors, actors are among the world's worst hypochondriacs.

It is easy to see how a doctor, surrounded all day by ill health can become a hypochondriac. Let him get even a degree of fever, and he can suspect a thousand things that may be wrong with him.

But why actors? "It's the tension they live under," said Henry Fonda. "The theater is exacting. The necessity of making eight performances a week—month after month if you have got a hit play—gets you to worrying about your health."

"Even a sneeze will start you to brooding. Gradually, against your own better judgment, you turn into a kind of hypochondriac."

Fonda himself, however, seems to have the durability of a draft horse. He played "Mister Roberts" on Broadway more than 1,000 times without missing a performance.

After appearing in more than 60 films and dozens of plays, Fonda has joined the growing ranks of stars who have formed their own companies to produce their own pictures.

He is refreshingly frank about why he finally turned producer. "It's about the only way you can make any money and save it," he said. "You pay regular income tax on your salary. But the profits of a picture you make as head of your own company you have to pay only a corporate tax. That's a big difference."

Fonda is president of Orion Pro-

ductions, a title he picked merely because he didn't want to use his own name.

His first venture will be certainly modest from a financial standpoint. He is starring in a screen adaptation of Reginald Rose's television play, "12 Angry Men," a psychological study of an all-male jury trying a slum kid for murder.

The film is being shot in a studio here on a budget of \$370,000—an amount Cecil B. DeMille might spend on a single scene.

So far Fonda says he hasn't found much difficulty adjusting to his dual role as producer-actor. "In both jobs you have the same problem—trying to find something that excites you and you want to do," he said.

"Eventually, if I go on, however I'll need someone to take over some of the producing problems which I won't have time to handle."

Fonda who came from the Nebraska prairies, started out to be a newspaperman but, fortunately couldn't find a job in that field. He worked as a physical training instructor, iceman, window dresser, garage mechanic and clerk before he became an actor.

Now ranked with Frederic March as one of the most versatile men in his profession he is deeply serious about acting. The tribute he draws most often from other actors is this: "The guy has integrity."

MIAMI LODGE PLANS NATIONAL DRIVE

MIAMI BEACH (AP)—The Miami Beach lodge of the Fraternal Order of Police plans a national campaign to permit traffic law violators to pay off their fines with blood donations.

The system, instituted here in September, has produced more than 200 pints of blood for charity patients.

Miami Beach policemen plan to make their appeal through the national magazine of the enforcement group, The Fraternal Order of Police has some 40,000 members in 48 states.

## U.S. Has About 60,000 Addicts

By JAMES MARLOW

Associated Press New Analyst WASHINGTON (AP)—Congress has tried to make dope-peddling a truly hazardous occupation—and save thousands from the penalties on both selling and possessing narcotics.

President Eisenhower is expected to sign the bill.

For a peddler who sells heroin—the most habit-forming of all the narcotics—to a child under 18 the proposed penalty is toughest of all: death, if a jury brings in that verdict, or life imprisonment, or 10 years to life.

This death penalty may chill the blood of "pushers" or peddlers who do the direct selling to addicts. It remains to be seen whether it scares the big-time operators who sell to peddlers and not to addicts.

In this country there are at least 60,000 addicts—according to government figures—who spend the minimum of \$50 million dollars a year on drugs. But more

is involved. Since many can't afford the drug they crave, they steal to get the money.

Roughly about 25,000 persons are arrested yearly for narcotics violations.

Harry J. Anslinger, chief of the government's Narcotics Bureau, who calls drug addiction "murder on the installment plan," figures that known addicts under 21 are about 13 per cent of all addicts.

That the dope racket pays off handsomely for the operators can be seen from this picture drawn by an official of the U.S. Customs Service: An ounce of heroin can be bought in Hong Kong for \$60. One ounce contains 437 1/2 grains. By the time it reaches the addict here it may have been cut to 5 per cent purity. For one grain of this diluted narcotic the price is \$1.

Government estimates early this year listed the 10 "worst" cities for dope addiction as New York, Chicago, Los Angeles, Detroit, Cleveland, Washington, San Francisco, Cincinnati, St. Louis and San Antonio.

Congress did not act suddenly. A Cabinet committee appointed by Eisenhower over 18 months ago to investigate the traffic in narcotics had recommended stiffer penalties.

So did two congressional committees—one from the Senate, the other from the House—which inquired into this racket in nationwide hearings.

These are the proposed new penalties covering heroin, marijuana, opium, morphine or any other drug derived from opium:

For having it: 2 to 10 years for a first offense; 5 to 20 for second offense; and 10 to 40 for a third and all subsequent offenses. In addition, anywhere along the line a judge can impose a fine up to \$20,000. There can be no suspension.

## Rock 'n Roll Breaks Piano Bass String

KANSAS CITY (AP)—A delegate to the National Piano Tuners Convention says he had seldom seen a bass string on a piano broken—until the advent of rock 'n roll music.

O. J. Dodd of New Orleans, recalled: "I went into a place to tune a piano and it was broken—the bass string—and it was a real thick cord."

"I asked how it was broken and this fellow said it was rock 'n roll music."

Dodd held his hand over his head and dropped it like a hammer.

"That must have been how the piano player hit the key. He must have hit them like a hammer to break the bass string."

U. G. Jeffers of Charleston, W. Va., vice president of the National Piano Tuners Assn., interrupted.

"I'm an advocate of the master's work," he said. "Rock and roll has a fixed place in society and now because there's something wrong with society. There must be a trend in public attitude to drift from stable things in music to unstable things. There will be a return to the masters with their thought of life. These other things come from baser emotions."

The tuner agreed rock 'n roll will soon pass but Dodd was pessimistic.

"Don't worry," he said, "someone will find something else to follow it."

## Larson Approves Insurance Rate

TALLAHASSEE (AP)—Workmen's compensation insurance rates are going up an average of 12.9 per cent in Florida, effective Aug. 1.

The new rates, approved by State Insurance Commissioner Larson, will become effective on new and renewal business.

Average increases by industries are: Manufacturing 14.2 per cent; contracting 17.3 per cent, and other categories 9.4 per cent.

The National Council on Compensation Insurance, which asked for the increase, said there had been an underwriting loss of about 13 million dollars in Florida in this type insurance over the past five years.

Central Florida Celebrates Citrus Tower Opening

With the ringing music of the newly installed carillon bells, the Citrus Tower on Route 27 in Clermont, will be officially opened to the public at 9 a. m. on Saturday, July 14.

The carillon bells which are designed and manufactured by the world famous Shumaker Company, are played from a master keyboard in the Tower lobby, and can be heard twenty miles away.

The Tower is 210 feet high, is constructed of steel, concrete, with glass brick paneling, and has an observation platform approximately 525 feet above sea level. The observation platform is served by express elevator service. The viewing area is more than 40 miles in all directions from the observation platform.

Formal dedication ceremonies are scheduled for noon on Saturday, July 14. Governor Leroy Collins and other state and national dignitaries have been invited to attend and officiate.

Legitimate medical needs use only 500 of the 2,000 tons of opium produced annually in the world.

## West Coast Consumes Much Oil

By SAM DAWSON

SAN FRANCISCO (AP)—Higher prices for oil, a curb on imports of foreign oil, a fear that industry is growing faster than its supply base—these problems, or bogies, and other oilmen on the eastern coast of the Rockies.

That is because the West Coast, although a major oil producer, is an even greater consumer of oil products. Just look at their crowd-

ed highways, or at the new factories, or at the new factories.

And the urge to zoom through the barrier of the Continental Divide grows ever stronger in the breasts of Texans, Oklahomans and other oilmen on the eastern slopes.

California oil producers are sharply divided on the wisdom of an even greater consumer of oil products. Some, notably the smaller ones

with interests concentrated in this state, point out the squeeze between the rising costs of operations and the fixed price of crude oil. They also urge that since California must import oil to make up the shortage, there will be little consumer resistance to raised prices.

Against this T. S. Peterson, president of Standard Oil Co. of California, contends that a price rise now would be unwise and unjustified in the face of a growing surplus of oil reserves in the nation and the world. California Standard takes a worldwide view, perhaps because it produces oil both in the United States and in Canada, South America and the Middle East.

The independent producers, especially the independents without foreign oil sources of their own, are eager to enter this market and more of their products move in this direction each year. The independents in particular sound away at the importation of foreign oil.

The West Coast situation is this: No great growth in population and industry brings an ever greater demand for oil products. Production west of the Rockies falls short of demand by about 100,000 barrels a day. This is made up by imports, chiefly of late from Canada (until recent years Canada was a market for California oil), next from the East Indies and Venezuela, and a smidgen from Kuwait in the Middle East.

Since California is a shortage state, there are no production allowances here as there are in Texas, for example, where sometimes producers are permitted to operate only 15 days a month.

California will produce at will, and this cuts down the cost of operations—expenses go on when you shut down part of the time. The independent operators naturally would like to produce more days a month and sell that extra oil in the West Coast than one foreign oil, which may be cheaper in some cases to get the most.

The fear of fuel shortages here is also probably a matter largely ready to give any help it can in world reserves are high.

## Russia - Over Ten Years Behind West In Cutting Forces

LONDON (AP)—Prime Minister Eden has told Soviet Premier Bulganin Russia is more than 10 years behind the West in trimming her armed forces.

Eden said in a letter to Bulganin, made public, that he welcomed Moscow's recent announcement it was demobilizing 1,500,000 men.

But the Prime Minister said, Moscow was only copying what Western powers have been doing since 1945, the end of World War II.

Eden rejected as "not practicable" at this time Bulganin's suggestion the West make a similar cut in its over-all armed strength and also trim its forces in West Germany.

Bulganin made his proposals in letters last month to Eden, President Eisenhower and the government heads of France, West Germany, Italy and Canada. The Soviet chief said his government was taking 20,000 of its troops out of East Germany, Italy already has rejected the proposal.

Eden's answer left the door open to a further study of the Bulgarian troop reduction proposal. The Soviet leader had called it a possible "first step" toward a complete withdrawal of foreign troops from Germany and a final peace settlement.

Eden replied that "existing guarantees" for the security of West Europeans must be maintained in any East-West understanding in Europe.

"My own feeling is that unilateral reductions of this kind are helpful," Eden said. "I do not think, however, that they are of themselves sufficient if international confidence and security are to develop as we wish."

There is no substitute, the Prime Minister said, for an international disarmament agreement providing for effective control and inspection and adequate measures for protection against surprise attack.

## Try and Stop Me

By BENNETT COFF

WALL STREET BANKER took his wife to Paris where he closed a big bond deal. Final signing of the papers took longer than he had expected, so he called the hotel and told the French maid, "Please tell madame to go to bed and wait for me."

"Bien, monsieur," answered the maid, "but who shall I say called?"

Another new maid turned up at the Vanderbricks to help at a big dance. "From 7 to 9," Mrs. Vanderbrick instructed her, "you are to stand at the ballroom entrance and call the guests' names as they arrive."

"What jolly fun that will be!" enthused the maid. "I know a couple of boozers!"

And a very social Mrs. Broadbent told her new maid: "When we give a big party for the embassy set, you may have to help the butler upstairs."

"That will be all right," conceded the maid. "I'll be do the same for me. I may take a nip or two myself."

## Methodist Circles

**Circle No. Three**  
Circle meeting of Circle No. 3 WPCS of First Methodist Church held its July meeting at the home of Mrs. Ralph Dean. The meeting was conducted by Mrs. Ray Heron in the absence of the chairman Mrs. A. H. Beckwith Jr. A very beautiful worship center was arranged by Mrs. Ralph Dean using an open Bible, white hibiscus, and candles.

Mrs. Eva Harkey gave an inspiring devotional using Psalm 37 as the scripture. Mrs. Heron announced a picnic supper would be held Wednesday, July 11, at Rock Springs for the preacher and his wife and new educational director, Miss Rachel Beasley.

All members are invited to attend and will eat at 7 p.m.

Money has been appropriated for Mrs. B. B. Cramley, Christian Social Relations chairman, of the WPCS, to continue the job of redecorating the kitchen of the educational building.

Furthering the idea of refurbishing the church kitchen, 40 place settings of china and two new coffee urns have been purchased. Circle No. Three voted in favor of having a supper along with the bazaar to be held in November.

Mrs. Ray Heron, Mrs. W. E. Glidewell and Mrs. L. A. Anderson will serve the youth supper July 29th. Mrs. Wallace visited Mrs. Murphy, the circle's shut-in, in June. Mrs. Harkey will visit Mrs. Murphy this month and Mrs. Heron and Mrs. Walte will visit Mrs. Barcliff.

The study was given by Mrs. John Dominy entitled "Growing Spiritually."

Mrs. Dominy brought out the fact that spiritual growth for our children is overlooked while we are so conscious of their physical growth. She also stated we learn spiritual growth step by step.

The study was closed by the reading of a beautiful poem, "A Woman's Prayer."

The next meeting will be held at the home of Mrs. W. E. Glidewell 2416 Stevens Ave. Mrs. R. L. Brown assisted Mrs. Dean in serving refreshments to the following: Mrs. L. A. Anderson, Mrs. Bradford Byrd, Mrs. John Dominy, Mrs. Ralph Dean, Mrs. W. E. Glidewell, Mrs. Eva Harkey, Mrs. Ray Heron, Mrs. Bill Kirk, Mrs. J. O. Walte and Mrs. C. L. Walte.

**Circle No. Four**  
Circle No. Four of the Methodist Church met at the home of Mrs. J. D. Crawford. Mrs. Eugene Williams presided over the session while Mrs. N. W. Castle gave the devotional.

The Golden Rule was the basis for the study by Mrs. Ed Shinholser. It was announced that a bazaar will be held in November.

Mrs. DuBose and Mrs. W. L. Clark were announced as shut-ins for the month.

Officers for next year include: chairwoman, Mrs. Eugene Williams; co-chairman, Mrs. Blake Sawyer; treasurer, Mrs. Harold Whittem; secretary, Mrs. Walter Price; Spiritual Life, Mrs. C. J. Meriwether; study, Mrs. Ed Shinholser; Status of Women, Mrs. R. F. Crenshaw; promotion secretary, Mrs. C. Williams; sunshine chairman, Mrs. L. F. Richard; telephone chairman, Mrs. T. Wilson.

Delicious refreshments were served to Mrs. Frank B. Adams, Mrs. M. N. Castel, Mrs. J. B. Crawford, Mrs. W. P. Fields, Mrs. J. H. McDaniell, Mrs. M. L. Nichols, Mrs. Walter Price, Mrs. Blake Sawyer, Mrs. Ed Shinholser, Mrs. T. E. Wilson, Mrs. Harold Whittem and Mrs. Eugene Williams.

**Circle No. Five**  
Circle No. Five of the WPCS of the First Methodist Church met at the home of Mrs. F. Y. McDaniell Monday afternoon at 3 p.m., with 15 members present. The session was presided over by Mrs. Albert Jerrell, chairman. All repeated the Lord's Prayer and the Pledge which is, "Thy word is a lamp unto my feet, and thy light unto my feet."

The study was given by Mrs. Grady Herman using for her theme, "The Washed of the Master." This was inspiring and enjoyed by everyone.

The chairman announced that one project for the year is to sell 12 bottles of vanilla flavoring. Other business transactions were taken care of in the usual manner.

Delicious refreshments of punch and home made cookies were served to the following: Mrs. Albert Jerrell, Mrs. Grady Herman, Mrs. Clyde Ramsey, Mrs. J. Anderson, Mrs. Bessie Grook, Mrs. R. T. Cowan, Mrs. T. F. McDaniell, Mrs. W. V. Bittling, Mrs. G. W. Biley, Mrs. A. C. Phelps, Mrs. M. E. Mays, and Mrs. W. R. Mays.

**Circle No. Seven**  
Circle No. Seven of the WPCS of the Methodist Church met Monday afternoon at the home of Mrs. L. T. Doss.

Mrs. N. B. McCall, chairman, presided over the session after which the devotional was conducted by Mrs. Roy Wall. The theme of the devotion was "Prayer" taken from the book "Adventure of Prayer."

Mrs. R. E. Wiggins, study

## Sponsor Relates Camp Experiences To Elsie Knights

Miss Margaret Benham, who was sponsored by the Elsie Knight Circle of the First Baptist Church at Y.W.A. Camp in Tampa in June, reported on the activities during the week she was there at the meeting of the circle held at the home of Mrs. George C. Dixon on Monday evening.

In describing the highlights of the encampment, Miss Benham stated that she had the opportunity of hearing 25 missionaries speak during the week. She also stated that she had received the honor of being invited to serve as a counselor there next summer, which would give her the opportunity of spending the entire summer there.

Miss Benham was introduced by Mrs. Roy Reel, program chairman. The meeting was presided over by Mrs. Verne Messenger in the absence of the chairman, Mrs. C. A. Anderson Jr. Mrs. Reel gave the devotional.

Plans were made for the meeting of the Business Women's Federation to which the Elsie Knight Circle will play hostess on Sept. 12. A committee, composed of Mrs. Mrs. Irving Pryor, Mrs. V. G. Hasty, Mrs. Sheila Cameron and Miss Martha Fox, was appointed to make arrangements for the supper which will be served prior to the meeting and installation service.

Mrs. Watson Reel was welcomed into the circle as a new member. Miss Fox invited the circle to meet with her for the Aug. 13 meeting. Following the business and program the hostess, assisted by the Little Misses Jo Anne and Ginger Norris, served cooling refreshments.

Those present were Mrs. Charles Benham, Mrs. Sue S. Stevenson, Mrs. Pryor, Mrs. Messenger, Mrs. Herbert MacFarland, Mrs. Hasty, Mrs. Cameron, Mrs. Estelle Glidewell, Mrs. Watson Reel, Mrs. Roy Reel, Mrs. Dixon, Miss Isabel Simonds, Miss Martha Fox and Miss Margaret Benham.

## Margie Vaughn, Donald Witt United In Marriage Monday

Miss Margie Vaughn, daughter of Mr. and Mrs. Earl Vaughn and Donald Witt, son of Mr. and Mrs. Donald Witt Sr. of Maryland, were united in marriage July 9 at the Vaughn home in a simple ceremony.

The room was decorated in pink and white gladioli interspersed with natural greenery.

The bride wore a white lace creation featuring a very full ruffled skirt and a Peter Pan collar. It had short sleeves and she wore a small wreath of flowers in her hair. The former Miss Vaughn carried a white Bible topped with white satin streamers. She wore a white satin dress with a pink corsage of pink flowers.

Mrs. Nancy Andrews was matron of honor while Chief Eastman of the U.S.N. acted as best man. The Rev. Ross officiated the ceremony.

Mrs. Andrews chose for her costume a white lace street length dress with a full skirt and a round neckline. She wore white shoes and on her shoulder pinned a white gardenia corsage.

A reception followed with the traditional wedding cake and punch. Mrs. Barbour was in charge of the event.

Miss Vaughn was born in Ocoee and attended schools here in Sanford. She attends the First Baptist Church and is employed by Reynolds Drug store.

Mrs. Witt was born in West Virginia and has been in the U.S. Navy for three years. He is presently stationed at the Sanford Naval Air Station receiving his final discharge July 31. He plans to attend college this fall in Maryland.

After a short wedding trip to Daytona Beach the couple will reside at 701 E. 23th Street.

## Lake Monroe News

**BY GRACE THURSTON**  
Mr. and Mrs. C. E. Norwood and two children, of Gainesville, were the recent guests of Mr. and Mrs. E. Hamilton, of Lake Monroe. The Norwoods' are former residents of Lake Monroe.

Mr. and Mrs. Buford Eason and son Donnie of Cordele, Ga., visited Mr. and Mrs. C. E. Hittell over the weekend.

Mrs. O. W. Murray of Dunnellen, N. J., sister of Mrs. Herbert Thurston, visited Mr. and Mrs. E. F. Georg of Mt. Dora.

Miss Claudette Hawkins, left for Daytona Beach, to enter school, to take a beauty course.

Mr. and Mrs. Fred Thurston, are visiting her son-in-law and daughter, Mr. and Mrs. Gene Terwilliger, and granddaughter and husband, Mr. and Mrs. Dick Zeblyns of Pennsylvania.

Capt. and Mrs. Fred Stone, and their two children, of Hobbs N. M., visited with their cousins, Mr. and Mrs. E. Hamilton of Lake Monroe. Captain Stone is stationed at Tindell Field, Panama City.

## Try This One

**WANT TO TRY** a classic dish from the Italian cuisine? Then fill small squares of homemade pasta with a divine three-cheese filling. A filling as tempting that you want to eat it by the spoonful as soon as you mix it!

If your kitchen equipment boasts two rolling pins, the short thick kind and the long thin variety, choose the latter for rolling out the dough. The narrow old-fashioned roller—the sort our mothers always used for noodle dough—will help you make your pasta thin. And the thinner the dough, the more tender those outer double edges of the ravioli.

We had been warned about the possibility of the little filled squares coming apart during the boiling period. But we used our pastry wheel—as the recipe directs—to cut out the squares, and we had no trouble in this department.

Nowadays Romano and Parmesan cheese are widely available, and so it is easy to join them with cream-style cottage cheese for the delectable filling. Get acquainted with the two Italian cheeses; if you don't already know them; they give marvellous flavor to so many dishes.

**RAVIOLI**  
Ingredients: 2 eggs, 1 cup warm water, 2 tablespoons butter or margarine (melted), 1 teaspoon salt, 3 1/2 cups sifted flour, Three-Cheese Filling, 2 cups hot tomato sauce.  
Method: Put 1 egg and 1 egg yolk in a large mixing bowl; reserve remaining egg white. Beat whole egg and egg yolk enough to combine yolks and whites; stir in water, melted butter and salt. Beat in flour a little at a time. On a well-floured board or pastry cloth, knead dough gently until smooth. Let stand covered with a warm towel about 10 minutes at room temperature. Cut dough in half. On well-floured board or pastry cloth, roll each half very thin into large matching rectangles. Beat reserved egg white until stiff; brush one rectangle with beaten egg white. Also on this rectangle, starting 1/4 inch in and 1/4 inch down from

upper left-hand corner, drop slightly rounded teaspoonfuls of Three-Cheese Filling 1 1/2 inches apart over the pasta. Cover with second rectangle. Gently press dough, with finger-tips. Cut into 1 1/2-inch squares with pastry wheel. Place ravioli on rack and allow to stand (uncovered) 1 hour to dry. Drop ravioli one by one into 3 quarts of rapidly boiling salted water; cook until tender—10 to 15 minutes. Remove with slotted spoon and place in colander to finish draining. Serve at once with hot tomato sauce and sprinkle with 1/4 cup grated Parmesan cheese remaining from Three-Cheese Filling. Makes about 48 ravioli.

**THREE-CHEESE FILLING (FOR RAVIOLI)**  
Ingredients: 2 cups cream-style cottage cheese, 1/4 cup grated Romano cheese, 3 packages (1 1/2 ounces each) grated Parmesan cheese, 1/2 cup fine dry bread crumbs, 1 tablespoon minced parsley, 2 eggs, salt, pepper.  
Method: Mix together the cottage cheese, grated Romano and three-quarters of the grated Parmesan. (The three packages of grated Parmesan called for will make about 1 cup packed down; there will be about 1/2 cup remaining to be sprinkled on the ravioli after they are cooked.) Add bread crumbs, parsley and eggs; mix thoroughly. Add salt and pepper to taste. Use as filling for ravioli. Note: The small packages of grated Parmesan cheese called for come in transparent plastic wrapping; the cheese may also be bought in 3-ounce jars.

Vance Duke will lead the R.A.'s at First Baptist Church at 8:30 a.m.

**TUESDAY**  
The Unity Class will meet at 8 p. m. in the Valdes Hotel with the Rev. Carolyn Parsons as teacher. The public is invited.

## Personals

Mr. and Mrs. T. M. Dillard and son Jerry, have returned home from Stock Island in Key West, where they spent their vacation.

Cliff Thomas of Statesboro, Ga., is visiting Charles Wilke. They are both students at Georgia Tech in Atlanta, Ga.

Mrs. G. L. Anderson is spending her vacation visiting relatives in Boston, Mass., and Portland, Maine.

Miss Vera Woodcock has as her guests her sister, Mrs. Bertha Terrell of San Antonio, Tex., Mr. and Mrs. Lionel Rivers and son Lionel Jr., and daughter, Nancy, of Corpus Christi, Tex., and E. C. Woodcock from Jacksonville.

Friends of Peter Monje will be glad to learn that he is back from the Florida Sanitarium and is now at his home 417 W. First St. His wife is the former Mary Morris and friends are now able to call on him.

Mr. and Mrs. M. N. Langston of 2010 Hibiscus Ave., are leaving soon on a two weeks vacation.

**WHAT NEXT?**  
Ever poach eggs in soup? In Germany your order of onion soup often produces this tasty, hearty surprise. But you should try eggs poached in tomato soup. It's good, too.

**SPARKING CLEAN**  
Encourage children to learn that cleanliness is a wonderful virtue by providing a constant clean towels, and soap near every sink and bathtub in the house. Supply of heated water, plenty of

**ANSWER TO A PRAYER**  
What vegetable to serve at a buffet supper often poses a problem. It should have "keeping" quality and a touch of the unusual. Here's one for your next party of eight: Cook two packages of French-cut frozen green beans, add a can of condensed cream of mushroom soup, one-half cup of milk, and half a can of French-fried onion. Mix lightly and pop into the oven of your range for about 20 minutes.

**WRAPING UP**  
Girdles and bras need frequent laundering in warm suds and rinses to assure that all-over softness so essential to good grooming. Furthermore, advises the Gas Appliance Manufacturers Association, washing tends to tighten them up for maximum figure control.

**TEXAS' FAVORITE**  
Here's a Texas favorite to celebrate Anniversary Day (this date in 1845): The Gas Appliance Manufacturers Association suggests that you try squares of butterscotch cake (easily made with instant butterscotch cake mix and baked in the oven of your range topping them with vanilla ice cream and spooned over with butterscotch or chocolate sauce.

**SWEET LIVERS**  
Chicken livers are delicious when diced, then dipped in milk, flour and sugar... you must! Then fry in a deep-fat bottle that has been going strong on the top burner of your range. Serve, with colored toothpicks.

### Residents Happy In Massachusetts Housing Program

WALTHAM, Mass., (U. S. A.) — A 12-million dollar housing program for elderly Massachusetts residents is making some of the state's senior citizens feel they are "having a bit of heaven."

The plans of 27 projects designed for residents over 60 years old opened in 24 apartment houses to 50 persons last January. Known as Carey Court, it is a two-story brick building nestled in a settled neighborhood on a main street two blocks from the main thoroughfare.

The oldest tenant is 87; the youngest 63. The average age of five married couples, 18 widows and one widower is 74.

Since moving into their compact, comfortable three-room apartments the old folks at home say their new environment is "like a spring tonic."

"I'm 81," says Mrs. Gertrude Hodges, a retired watchmaker, "but for the last five months I haven't felt a day over 30."

The Massachusetts State Housing Board, already possessed with smoothly-running know-how after its work with 200 millions of housing for veterans, put its housing design for the elderly on the drawing boards two years ago after studying plans for older age housing in all parts of the world.

"Massachusetts has no intention of neglecting its senior citizens," says Charles A. Lawless, executive director of the Waltham Housing Board.

Carey Court is built in familiar surroundings. The old folks can still shop at the old store, visit the same library and worship in their own church.

"Everything has changed, but nothing is different, only newer and nicer," says Mrs. Helen Chamberlain, 70, a retired nurse. "The Bay State plan for pleasant housing for older residents calls for a maximum rental of \$41.50 a month on each apartment. Rent includes heat and water, the annual income ceiling is \$3,125 for single persons and \$3,750 for couples."

Each apartment is similar, but color schemes vary. Older folks don't see so well, thus glass has been used abundantly throughout the development. Entrance halls are glass enclosed, and big-size picture windows invite up to three times normal daylight into living and bedrooms.

Each apartment is laid out like the apartment above. Entering, a view opens into the living room, which runs the length of the T. To the left is a kitchen; across the hall is a bedroom and beyond that is a bathroom. A fire escape leads from the bedroom of each upstairs apartment.

The housing board discovered that old folks frequently have difficulty climbing stairs—not so at Carey Court. Steps are lower and residents are not required to lift their feet more than seven inches. Exclusive of front entrances, thresholds have been abolished. Bathrooms have built-in seats and grab bars.

Kitchens have sink, stove and refrigerator arranged side by side within a five foot area. Under the sink is a handy disposal; to the right of the refrigerator is a roomy pantry closet with low shelves.

Because older people often have difficulty detecting odors, all appliances are electric. Other safeguards are luminous light switches, triple lighting, and "trouble bells."

The "trouble bells," one in the bedroom, another in the living room, are the apartment watchdogs. If a tenant is suddenly stricken or a suspicious noise is heard, he can summon outside help merely by pressing the bell button.

So far the "trouble bell" hasn't been used, but "it gives you a nice feeling to know that help is as near as the next apartment," says Mrs. Isabelle McQuillen, 74, a retired watchmaker.

Bill Burke, 71, a retired fruit and produce dealer, thinks the development's major asset is the "feeling of independence it gives us."

### Airway Program Revealed By CAA

WASHINGTON (U. S. A.) — The Civil Aeronautics Administration told Congress Monday about a 246-million-dollar federal airway program aimed at preparing for the jet age and guarding against in-air collisions.

Charles J. Lowen, CAA administrator, said that within a year CAA will be well along on a five-year plan which he described as the greatest air traffic control program in history.

Besides coping with the greater speed of jet aircraft, one aim of the program is to ward off the collision dangers of increased air traffic.

In testifying before a House Government Operations subcommittee, Lowen noted that the Grand Canyon crash of two commercial airliners which claimed 128 lives occurred "approximately 130 miles from the points at which these two aircraft left the controlled airway system."

The new program, he said, will provide complete radar coverage of the United States at high altitudes and give the CAA traffic controller "radar eyes."

Lowen said the 40 million dollars requested by President Eisenhower and voted by Congress this year to establish new air navigation facilities is the first installment of a plan that will "put this nation in a state of readiness for the first stage of the jet age."

THE SWEDISH YAWL Bofo, owned and skippered by Sven Salen of Stockholm, crosses the finish line to break the 24-year-old record for the 835-mile yacht race from Newport, R. I., to Hamilton, Bermuda. The winner clipped one hour, 24 minutes and four seconds off the time registered in 1932 by the Highland Light, which made the run in 71 hours, 25 minutes and 43 seconds. (International)

### Red Countries Expanding Trade

UNITED NATIONS, N. Y. — The U. N. says Communist countries now are expanding their trade with underdeveloped regions by exchanging complete factories for raw materials.

The U. N. world economic survey for 1955, published Sunday added that the new trend may have considerable significance for future developments in world trade.

The survey said that last year the "centrally planned" or Communist economies absorbed from a fifth to a sixth of Egypt's total cotton exports in exchange for "capital goods and armaments."

The Red regimes also made big purchases of sugar from Central America and rubber, jute and rice from Asia and "delivered, in exchange, significant numbers of complete industrial plants, other equipment and industrial semi-manufactures."

The report said Communist trade agreements for 1956 suggested increased deliveries of industrial goods, through the Iron Curtain in return for primary commodities.

"Agreements concluded with Afghanistan, Burma, India, Indonesia and Syria," the report observed, involve deliveries of complete industrial units by Czechoslovakia, East Germany, Poland and the Soviet Union.

"Trade with Latin America and the Middle East has also been developing along similar lines."

The survey attributed the new trend in red export trade to "general policy considerations," the Communist nations' growing need for primary commodities and their expanding output of capital goods and the plight of agriculturally-developed countries for capital goods and the plight of agriculturally-developed countries for capital goods and the plight of agriculturally-developed countries for capital goods.

Sugar, cotton, rice and grain—commodities for which prices were weak and stocks large—were the main items the Communists bought.

There was a 33-1-3 per cent increase in trade between the Red Countries and the United States and Canada, which were dealt with as a unit.

### New Drug To Fight Flu

By HERMAN H. BUNNICK, M.D. ONCE again, many authorities are anticipating an influenza epidemic this year.

Most cases of flu, you see, are caused by variations of viruses called A and B. Generally, outbreaks of influenza A appear to occur in cycles of two or three years.

Influenza B, which usually breaks out every four or five years, was last considered an epidemic in 1953 in certain areas.

New Vaccine We now have a new vaccine, however, which may be helpful in preventing a serious outbreak in time. It is composed of antigens against Type A, two strains of A-Prime and against Type B.

While not effective against every conceivable virus strain, it generally is considered better than most vaccines used in the past, which did not seem to protect against A-Prime, the virus responsible for the 1947 flu epidemic.

The new vaccine seems to be effective only for six to eight months. If you see signs of egg, chicken or chicken feathers, or, as a rule, feel that you'd

better not take the vaccine, since it is derived from chick embryo material.

How It Begins Flu viruses usually are passed from person to person in droplets coughed or sneezed from the throat, nose and lungs. Following an incubation period of one or two days, you will suddenly become ill and you will begin to ache and maybe have chills.

You may become nauseated, vomit and have a headache. Your temperature may climb to 101 or 104 degrees within a few hours.

Sulfu drugs and antibiotics will help ward off any complications. If there are no complications, your fever will probably drop within three to four days.

Even though you recover rapidly, you will probably be weak for some time. So take it easy for a while. Do not be too much of a hurry to get back to work.

QUESTION AND ANSWER M. L.: What, in your opinion, is the surest way to remove a cyst, surgically or chemically? Answer: In general, it is best to remove cysts surgically.

### Information For Veterans

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families:

Q: I am a World War II veteran and I have a permanent insurance policy. I am planning to get a loan on my policy. Am I supposed to repay it in amounts that are multiples of \$5?

A: Not necessarily. You may repay it in amounts of any size so long as they are not less than \$5 per payment.

Q: I entered service for six months under the 1955 Reserve Forces Act. How long does the free indemnity coverage last after I leave military service? I heard it lasts for only 30 days.

A: The free indemnity coverage continues for 120 days after you leave service. Previously, it continued for only 30 days after service, but the period was extended to 120 days under a recent law.

Q: I was a real estate salesman before I was called to active duty. Now that I have been discharged, I wonder if I could take a "refresher" course in real estate under the Korean GI Bill, so that I could brush up on the subject.

A: A "refresher" course would not be permitted under the Korean GI Bill. The law prevents veterans from training for objectives for which they already are qualified by reason of prior training or experience.

Q: As the widow of a World War I veteran I am interested in knowing if there are different rates of death pension paid to widows in my category?

A: Payments of a death pension to widows of veterans of World War I under the present laws are at the rate of \$50.40 per month when there are no minor children. This rate is

applicable when veteran's death was due to a non-service-connected disability. Death pension should not be confused with death compensation, which is payable to a widow of a veteran whose death was due to a service-connected disability.

Veterans living in Central Florida who wish further information about their benefits should write the VA office at 42 E. Central Ave., Orlando.

**INSTANT HEAT**  
It's mighty convenient to have one of those small room heaters for use wherever direct heat is needed when autumn days suddenly turn cool. So be prepared by installing one now!

**SHORT CUT TO LEISURELY LIVING**  
To be an efficient homemaker, learn to let hot water and thick soap or detergent suds do most of your cleaning for you. The Gas Appliance Manufacturers Association says this saves a considerable amount of your energy for the fun aspects of house management.

ATKINS JOHN P. HOWLAND WHOSE RESIDENCE IS UNKNOWN, IF ALIVE, HIS SPOUSE IF MARRIED, AND IF

DEAD, THE UNKNOWN HEIR, DEVISEE, LEGATEE AND GRANTEE OF SAID JOHN P. HOWLAND, AND ALL PERSONS HAVING OR CLAIMING AN INTEREST IN THE PREMISES DESCRIBED IN THE JUDICIAL NOTICE AND RETURN IN THE COUNTY OF SEMINOLE AND STATE OF FLORIDA.

The SS of the NRM of Section 1, Township 11 South, Range 1 East, 11th 1/2 way of the Atlantic Coast Line Railroad, Seminole County, Florida. Subject to 50 per cent of the mineral rights reserved.

You, and each of you, are hereby required to appear and file personally or by your attorney with the Clerk of the above-named Florida

Court, post within 30 days if any, to the Bill of Sale filed herein against you in Case No. 6186, to verify a copy of the same on Plaintiff's attorney, below. A. D. 1956, the 10th day of July, 1956. A true and correct copy will be ordered against you. THIS 11th DAY OF JULY 1956. Seminole County Florida 10th day of June, A. D. 1956.

O. P. Escobedo, Clerk of the Circuit Court. By: E. Burdick, County Clerk. (Circuit Court Seal) C. Hutchings, Attorney for Plaintiff. O. Box 1111, 446 North Park Avenue, Sanford, Florida.

**Little Folks BY BILL WADE**

BAKTER'S NOT FEELING WELL TODAY, BUDDY!

MOM, I COULD SURE GO FOR A SNACK WITH THOSE GROCERIES!

OF COURSE, BAKTER!

...BUT NOT JUST ONE SMALL SNACK MOM! I'M SO NERVOUS THAT EVERY LITTLE THING UPSETS ME!

## Groups To Hear Experts Report

### R. Ovington Says Florida Should Have 2 Parties

By MARY FOWLER

The De Bary Republican club has 139 paid members most of whom were at the meeting yesterday morning in the firehouse. Raymond Ovington of Daytona Beach, candidate for sheriff of Volusia County, was the speaker.

Humorously referring to the latest Soviet edict which promises that in the free country of Russia there never shall be anything but a one party system, Ovington declared that in this free state of Florida there should be two parties that would act as a brake to each other in the political field.

"We must be forward looking," he stated, "we must look to the future and in so doing, influence our friends here into the belief that a two party system will bring about good men at the helm of government."

Vice president George Percy footnoted this speech by adding drily that while he thought the sentiments of Ovington were beautiful, still up North where he was constantly in politics, they had one main objective; to get elected; and he wanted everyone in the state of Florida to have the same goal.

"There are three million people in Florida and two and a half million of them come from other states," he pronounced, "so there is no reason why they should stand back and accept this one party system which was originated by provincial settlers years and years ago."

"The Republican party in Volusia county has grown from 800 in '52 to 4,800 this year. It should be able to show its strength at the voting booths this fall. While I believe in Ovington's statement that we must be forward looking, we should look out for ourselves right now; show that we mean business; get on the ball and clean ranks for the November election, voting right across the state."

Mrs. Harry Keller told of the picnic plans and stated that a list of speakers would be posted later. The following board of directors was unanimously elected: Arthur G. Watt, Frederick Clarings, Earl Pickford, Mrs. Carl Smarling, Robert Brown, Mrs. Wallace Gubler, Harry Keller, Mrs. James Livingston, Carl O. Lind and Mrs. Arne Edleson.

**Funeral Services  
Are Set Tomorrow  
For V. W. Davis**  
Volter W. Davis, 60, died at 8 p. m. yesterday at the home of his daughter and son-in-law Mr. and Mrs. Ted Jones, 616 W. 1st St., after a short illness.

Born Sept. 21, 1895, in Henry County, Ala., he was engaged in the lumber business in Alabama and west Florida and had retired 20 years ago. He had been living in Sanford for 20 years and attended the Church of God of Prophecy.

He is survived by his widow, Mrs. Eula Davis; six daughters, Mrs. B. T. Williams, Ft. Walton; Mrs. J. C. Stokes, Mrs. E. M. Cain, Mrs. C. T. Swagerty, Mrs. O. W. Hill and Mrs. Ted Jones, all of Sanford; two sons, N. W. Davis, Sanford; and H. M. Davis, Tampa; 20 grandchildren and 14 great-grandchildren; two sisters, Mrs. J. M. Brown, Woodville, Tex.; and Mrs. Ida Boswell, Port St. Joe; and one brother, Cleasb Davis, Millville.

Funeral services will be held at 11 a. m. tomorrow at Brison Funeral home with the Rev. D. D. Creary and the Rev. E. W. Martin officiating. Burial will be in Evergreen Cemetery.

**Mrs. M. J. Duer  
Dies This Morning**  
Mrs. Martha J. Duer, 82, died at the Seminole Memorial Hospital at 9:00 a. m. this morning after a lengthy illness.

Born Jan. 12, 1874 in Nesbit, Mo., she had lived in Sanford for seven years and resided at 413 Willow Ave.

She is survived by her husband, E. C. Duer of Sanford; one daughter, Mrs. C. H. Schwamer, Tampa; one grandson, Charles H. Schwamer, Jr., Atlanta, Ga.; and several nieces and nephews.

Brison Funeral Home is in charge of arrangements and burial will be in Oaklawn Memorial Park.

Senator Douglas Stenstrom, member of the Senate committee to consider segregation measures and Representative Mack N. Cleveland Jr., a member of the House committee for the same purpose will hear a report in Tallahassee Monday by a committee of legal experts which has been considering possible recommendations.

The calling of a special session of the Legislature apparently depends on the committee's findings.

House Speaker Ted David said after a conference with Gov. Collins the governor left him with the impression a special session will be called only if the committee presents specific proposals for segregation legislation and recommends immediate action.

If called, the special session is expected to convene July 23 and also to take up other emergency matters.

Chief among these would be appropriation of 2 1/2 million dollars to battle the Mediterranean fruit fly which is menacing citrus. David said the governor apparently feels funds can be borrowed from other appropriations to carry on the meekly fight if no special session is called.

Retired Circuit Judge L. L. Fabianski of Pensacola, chairman of the segregation study committee said he has invited the president of the state Senate, speaker of the House, members of House and Senate committees named to consider segregation measures, the governor, Cabinet and Board of Control members, university presidents and representatives of associations of county school board members and county school superintendents to hear the report.

Meanwhile, Rep. Prentice Pruitt of Jefferson County said he mentions on segregation legislation "work to the end" of outlawing the National Assn. for the Advancement of Colored People at the next session of the Legislature.

Fruit, one of the Legislature's most ardent segregationists, made the statement in a letter to the NAACP in which he complained he had been enrolled as a member of the organization without his consent.

He said he believes the NAACP principles are not in the best interest of his county, state and nation and declared "I therefore advocate the outlawing of the NAACP in Florida and will work to that end at the next meeting of the state Legislature."

The chairman is Lacy Mahon of Duval County. Other members are Roy Surles of Polk County; J. B. Hopkins, Escambia; Cecil Costin, Gulf; Bart Knight, Calhoun; Thomas D. Bessley, Walton; J. S. Alexander, Liberty; Mallory E. Horne, Leon; Doyle E. Conner, Bradford; A. Max Brewer, Brookard; Farris Bryant, Marion; Sam Gibbons, Hillsborough; B. C. Smith, De Soto; W. C. Herrell, Dade; A. J. Musselman, Jr., Broward; John J. Crews Jr., Baker; Sherman Smith, Indian River; Charles D. Stewart, Okaloosa; and J. Emory Cross, Alachua.

Senate President W. Turner Davis named a committee for the same purpose; Woodrow Melvin, Milton, chairman; Wilson Carraway, Tallahassee, vice chairman; and W. A. Shands, Gainesville; E. W. Gautier, New Smyrna Beach; L. K. Edwards, Irvine; Charley F. Johns, Starke; Verle Pope, St. Augustine; Dewey M. Johnson, Quincy; John Rawls, Marianna; Doyle Carlton Jr., Wauchula; B. C. Pearce, East Palatka; and Fred O. Dickinson, West Palm Beach.

BUILDING CONTRACT SIGNED for Slavia's St. Luke's Lutheran Church. (Left to right) Joseph Hyzduk, member of building committee; W. A. McCree, Orlando, contractor; Pastor Stephen M. Tuby, chairman, church building committee; and James Gamble Rogers II, architect, Winter Park.

## Church Adding Sunday School To Structure

The First Church of Christ Scientist, located in Sanford at the corner of East Second St. and Locust Ave., has begun the construction of a Sunday School addition to the present church structure.

The completion of this addition will make possible the accommodation of about 30 Sunday School students and will enable the Sunday School to be held at the same hour as the church service. This will enable parents of small children to attend the morning worship.

Completion of the new addition which is architecturally designed to conform with the present church building is expected in about 60 days.

The Sunday School addition is being added to the northeast corner and side of the present building. It is also being constructed so that future additions can be readily added.

Chairman of the building committee is Floyd C. Richards. Members of the committee are: Sam Lawson, Mrs. Ira Wilson, and Mrs. Harriette Shelby.

## Plans Made To Enlarge Slavia Lutheran Church

SLAVIA—The St. Luke's Lutheran Church of Slavia will be enlarged. The contract for additions and alterations was awarded by the Church to W. A. McCree, Inc., of Orlando, for the sum of \$64,293.00. Pastor Stephen M. Tuby, Chairman of the Building Committee, signed the contract for St. Luke's Church. The architect is James Gamble Rogers II, of Winter Park. The estimated construction time is 150 days.

Construction will begin the latter part of this week, it was reported. The Building Committee consists of: A. Duda Jr., Ferdinand Duda, George Jacobin Sr., Hugo Weber, Joseph Hyzduk, David Earle, Joe L. Mikler Jr., E. L. Bellhous, and Pastor Tuby, chairman. Joseph Hyzduk will serve as public relations representative.

The decision to let the contract was made Sunday afternoon at the Regular Quarterly Meeting of St. Luke's Congregation. The contract was signed Tuesday afternoon in the office of Gamble Rogers, in Winter Park.

**ALLOWANCE NOT ENOUGH**  
TOPEKA, Kan., (AP)—A 13-year-old Topeka boy told officers he broke into a service station because his \$40-a-month allowance doesn't keep him in cigarettes.

He was turned over to the juvenile authorities. His name was not divulged.

## Raceway To Qualify With County Board, Racing Commission

### Pilot Club Hears Delegates Relate Girls' State Events

Miss Juanita Wynne, sponsored by the Pilot Club of Sanford, and Miss Nancy Cash and Miss Carol Nutt were dinner guests at the monthly Pilot meeting and spoke to club members of their trip and experiences while attending Girls' State in Tallahassee. They were instructed in legislature operation and in bill drafting which was informative and has given them a knowledge of procedure used in State government.

The dinner meeting was held at Phelps' Restaurant after which the business meeting was held at the home of Mrs. Al Hunt with Mrs. Sue Stevenson, the president, presiding.

Mrs. Viola Faust and Mrs. Vela Lambertson, two new members, were welcomed into the club. Plans were told of the Pilot International convention that is to be held at the Hotel Fontainebleau in Miami with the Hibiscus Brunch opening the session. The climax of the convention, members were told, will be the installation as president of Miss Jean Concher of Hamilton, Ont.

This will be the first time in Pilot Club history that a non-resident of the United States has been an International President.

Mrs. Sue Stevenson, president of the Sanford Club is the official delegate and Mrs. Felice Swanson is the alternate. Mrs. Raymond Chapman and Mrs. Lourine Messenger will also attend the convention.

**REWARD OFFERED FOR HAMS**  
NASHVILLE, Tenn., (AP)—Restaurant operator John Hatoon offered a reward today for the return of 40 hams stolen from his restaurant. He promised to forget about the \$58 in stolen cash.

When he saw the fire was out of control, Zuras ran outside, kicked over and died of a heart attack.

### To Request Place On Ballot

Plans for the expansion of the Seminole Park Raceway near Casselberry, in Seminole County, are beginning to take shape, according to William R. Kemp, president of the organization.

Yesterday the Florida Racing Commission accepted the application for pari-mutuel betting at the harness horse racing track described by Kemp as "one of the finest facilities in the nation."

Kemp said this morning, "We felt highly complimented toward the Florida Racing Commission and the attitude that they assumed toward accepting our application for harness horse racing at Seminole Park Raceway."

He said, "The State of Florida can be complimented on the high caliber of men on its Racing Commission."

Other than Kemp, as president of the Seminole Park Raceway, three others are on the Board of Directors. They are Ray Klippstein, a nationally known engineer, as vice president; Carl Lindberg, secretary-treasurer; and Jack Roberts of Roberts Awning and Venetian Blind Co., vice president.

In outlining plans for the future of the fabulous harness horse track and the pari-mutuel betting, Kemp said this morning, "We hope to fully qualify with the racing commission at its August meeting, in accordance with the requirements laid down by them in granting us a full pari-mutuel permit."

"We then intend to qualify with the Board of Seminole County Commissioners and request a place on the General Election ballot in November for the approval by the electorate of Seminole County," he said.

Explaining the plans for expansion at the Seminole County track, Kemp said, "If this referendum is successful we intend to begin the development of what we believe will become one of the outstanding race tracks in America. Our plans call for the paving of approximately 40 acres for a parking area, the immediate building of a half-mile track, the development and landscaping of the infield which will be second to none in the United States, enlargement of the grandstand and the construction of 10 additional barns which would, when completed, as we understand, give us the largest harness training track in America in addition to the pari-mutuel activity."

"We already have what is contained on (Continued on Page Six)

### Two More Florida Cities Grant FP&L 30-Year Franchises

Two more Florida cities have granted new 30-year franchises to Florida Power and Light Company.

At Sanford, the new franchise, which was adopted unanimously by the Board of Sanford City Commissioners, became effective yesterday. It had previously been approved by a vote of the citizens.

The day before, at Arcadia, the freeholders voted nearly four to one in favor of granting a new franchise. The vote was 667 for the franchise, 178 against.

Members of the Arcadia City Council publicly urged the freeholders to endorse the franchise proposal.

In both instances opponents of the franchise proposed that the city undertake municipal ownership of a city-owned electric plant and distribution system.

Robert H. Fite, president and general manager of Florida Power and Light Company, hailed the results as a resounding endorsement of the American free enterprise system.

"Florida welcomes new industries and venture capital," Fite said. "Arcadia and Sanford, both located in rich agricultural areas, are expected to share in the rapid business and industrial expansion that is taking place all over Florida."

"This is just further evidence that they, like other progressive Florida communities, extend a warm welcome to free enterprise," he said.

The granting of these two franchises follows closely on the heels of a defeat of a municipal ownership proposal at Lake City when the citizens there voted down by a 3 to 1 margin a plan advocated by City officials that would have put the city into the electric light and power business.

"Since 1945," Fite said, "a total of 100 Florida towns and cities have granted new long-term franchises to the company, including all of the large cities served on the east and west coasts by the company's distribution system."

### Boat, Ski Club Sets Sunday Cruise To Silver Springs

The Sanford Boat and Ski Club, a group of boating enthusiasts is planning a one day cruise Sunday, July 16, up the Ocklawaha River to Silver Springs. The group will meet at the Municipal Parking lot at the end of Palmisano Ave., at 7 a. m.

Any boat owner interested in making the cruise with the club can contact Joseph Nicholas, Phone 8234 or 2634-R or Jeff Davis at No. 12.

He is survived by his widow, Mrs. Blanche Pollett and one sister, Mrs. Ruth Blace of Ramsey, Ill.

Funeral arrangements will be announced later.

**CHILD SHOCKED BY MIXER**  
DETROIT, (AP)—Pressed for time, Mrs. Alva Perry put her 3-month-old son Mitchell in the bathtub, plugged an electric mixer into a bathroom outlet and prepared to mix a cake while bathing the child.

She was mixing and Mitchell was splashing when the mixer slipped from her hands and into the tub. Mitchell was knocked unconscious by electric shock. He was revived and suffered no apparent injury, police said.

ST. LUKE'S LUTHERAN CHURCH, Slavia. Expansion plans were announced today.

### Church Of God Plans Series Of Services

A series of special services will be held this week at the Church of God, Rev. H. W. Henderson, pastor said services each evening, Thursday through Sunday, will begin at 7:45.

Guest speaker will be Rev. John J. Fournie, Mr. and Mrs. Fournie, of Durbin, Union of South Africa, have been attending college in the United States since 1953. They are graduates of Lee College, Cleveland, Tennessee, and recently attended Trinity College, Clearwater.

A cordial invitation is extended to the public to attend the services.

**BE READY!**  
A mock enemy air attack designed to train Civil Defense personnel and acquaint the public with planned protective procedures is set for July 20.

**YOU SHOULD**  
1. Tune your radio to Channel 840 or 1240 at 3:05 p. m., July 20.

2. Listen for warning alarm in your neighborhood.  
3. Thank God that this is only a simulated attack and that protection is planned, prepared and provided.
