GERMANY MUST BE GOOD IF SHE GETS THE LOAN ---OTHERWISE NO MONEY

Terms of Ultimatum Must Be Accepted or Nothing Doing GUARANTEES

NECESSARY AS SCRAPS OF PA- PER MIGHT BE "WOODEN NOTES

(By The Associated Press)
PARIS, May 27.—Berlin reports that the German government had accepted the Allied reparations propositions qualified by fears in reparation circles propositions accepted only as a basis for discussion while determination of commission is they constituted the last word.

PARIS, May 27.—The committee of international bankers in session here last evening served notice on Germany that further consideration of a billion dollar loan to the German government is virtually out of the question until Germany accepts in full the conditions of the ultimatum of the reparations commission which expires May 31, and also gives adequate guarantees that the inflation of Germany's currency will be stopped immediately. The committee then decided to adjourn until May 31, to await the decision of Germany.

The conclusion of the bankers was arrived at during the meeting yesterday afternoon which was attended by Karl Bergmann as representative of Germany. Bergmann immediately telephoned the decision of the bankers to Berlin.

In reparation circles last night the view was advanced that the action of the financiers probably would result in complete acceptance by Germany of all their conditions. It was further stated that acquiescence by Germany in the reparations commission's conditions probably would be productive of a loan of more than a billion dollars, since the bankers have determined that a large loan could be arranged under those circumstances.

DAUGHERTY UNDER FIRE AGAIN TODAY

ATTORNEY GENERAL CHARGED WITH HAVING SECRET SER- VICE TO SHADOW SENATORS

(By The Associated Press)
WASHINGTON, May 27.—Daugherty was again today put under fire in the senate, Caraway elaborating charges that Department of Justice assigned secret service men to shadow senators and representatives and commenting further on attorney general's letter to Senator Watson, of Indiana, as to Daugherty's connection with the Morse pardon case.

Driver of Death Car at Pablo is Held Responsible

For Accident in Which Two Were Kill- ed—Liquor Said to Play Part

JACKSONVILLE, May 27.—West Carroll, of Jacksonville, driver of the automobile in which two men, Edwin McKell and Charles H. Kersey, of Atlanta, Ga., were killed when their car collided with another machine on the Pablo Beach highway early yesterday, was held responsible for the accident by a coroner's jury here. He was held in \$1,000 bond on a charge of manslaughter after a preliminary hearing.

Testimony introduced at the inquest was to the effect that whiskey guided the ill-fated car, W. T. Lindsey, one of the occupants, testified that altho he was intoxicated when he entered the car with the four other men for a fishing party, he did not witness any drinking in the car. Although sitting alongside one of the men killed, he did not know of the accident until noon the next day, several hours afterward. After the collision he had pulled himself from the wreck practically unscathed.

Occupants of the car headed in the direction of Mayport, with which the incoming car collided testified that they were going to the beach on a fishing trip and that the driver, Otis W. Kellum, dimmed his lights and slowed down as the other car approached. The party which lost two of its members by death, had abandoned its excursion and was returning to Jacksonville. A mechanic of Pablo Beach testified that he had been engaged by one of the members of the hilarious party to bring him back to Jacksonville, refusing to accompany his friends because of their condition. They came upon the wreck enroute.

McKell and Kersey were prominently connected in Atlanta, and long time friends. They had come to Jacksonville on their vacation and planned the fishing trip as one of its features. Three men accompanied them, Correll having borrowed the car for the occasion from its owner.

The out-bound car contained five local railroad men. All of the eight survivors received scratches of some kind, but none sustained any serious hurts.

FIGHT IN PUBLIC SCHOOL AT ATLANTA LAST NIGHT OVER QUESTION OF TEACHERS

Question of Catholic Teachers in the Public School Started Trouble

(By The Associated Press)
ATLANTA, May 27.—Policemen acted as watchman at Inman Park public school here today after the police were called last night to quell a fight that took place at a meeting of the Parent-Teachers Association of the school. The disturbance developed after the introduction of a resolution recommending the re-election of a principal and an assistant principal. The substitute resolution was offered charging they refused to permit the Bible to be read in school and saying this because they were Catholics. Announcement made recently in school board that an effort would be started to rid the public schools of Catholic teachers but the question never came to a vote. Nobody was seriously hurt in fistcuffs that took place last night, police said, and no arrests were made. Four or five men took part.

FORD MAY POSSESS MUSCLE SHOALS PLANT, NEW PROPOSAL MADE

By House Military Committee Corresponds to the Plan of Henry Ford

(By The Associated Press)
WASHINGTON, May 27.—Proposal for development of the Muscle Shoals plant was finally agreed upon today by the House Military committee after more than three months of continuous investigation. While proposal held in strictest confidence with regards relating to development of projects, it was learned Gorgas, Ala., steam plant eliminated. In other respects plan followed very closely to terms offered by Ford. Proposal drafted by committee and committee members said represented plan it would submit to all persons and interests for acceptance regardless of whether they already made offer for properties. Copy given Ford representative who said he would leave today for Detroit to confer with Henry Ford and ascertain whether Ford was willing to accept terms laid down by the committee.

CAMPAIGN IS ON AGAINST TUBERCULOSIS IN SEMINOLE CATTLE

Dr. D. C. Gilles, state veterinarian, began his work of freeing Seminole county from Bovine tuberculosis last Wednesday, and will continue this work all next week. The city and county will supply an assistant, one that knows all the stock owners throughout the county. Tuberculin test does not effect a healthy cow or cause any influence on the milk during the time of making test. It has been satisfactorily proven that bovine tuberculosis is communicable to the human race and the test is very important to every citizen of the county. Every stock owner should make application at once by mail or otherwise so as to get the work lined up to cause as little delay as possible.

DR. J. T. DENTON,
County Physician.

GREAT TOMATO RECORD

George Lavinge, of the firm of Partin Bros., of Wagner, near here, was in the city today and stated that Partin Bros., had made a fine record this season with tomatoes. They make a specialty of a good pack and good stuff and their vegetables always bring a better price in the markets in consequence. Their gross receipts from 22 cars of tomatoes so far are over \$40,000 and they will get at least \$10,000 from their pepper crop. The growers at Wagner and all the other places in and around Sanford this season have made good on all the crops with the exception of lettuce and cabbage and some of the growers made good on these crops. It demonstrates that Florida is the greatest state in the union and the Sanford section is the greatest vegetable section in the state growing and marketing every kind of vegetable that can be raised in Florida.

ONE BIG DAY

AND FESTIVITIES WILL NOT CLOSE UNTIL DANCES ARE OVER AT MIDNIGHT

This is one big day in Sanford.

The Shriners are here and it is estimated that several thousands of them are present or will be present when all the trains and autos get in and they are coming all the time. The big parade took place this morning led by G. W. Spencer, of the local Shrine Club and Chief of Police Killebrew on horses and then came the Morocco Band and the "fresh meat," the candidates, some holding on the long rope and some of them in all kinds of equipages, Judges Maines, Judge Housholder, and several others riding on donkey carts and all of them being prodded up by the executioners.

John Smith and George DeCottes, as the Street Cleaning Gang, had sweepers and trash carts to push down the streets. A. P. Cunnely in a cart dressed up as a chorus girl was too cute for anything. Little Charles Betts was dressed up in a full dress suit and with a red cap rode the radiator of his grandfather, Sheriff C. M. Hand's car. The red zouave uniforms of the patrol and the purple of the band made a beautiful sight as they swung up the streets to the inspiring strains of "Dixie" and other martial airs.

The boys on the rope looked rather tired but happy for they knew the ordeal would be over some time this afternoon when they will be allowed to wear the red fez forever afterward and the next time will get their innings on some other candidates.

There were about one hundred candidates in line and from the looks of the jolly Shriners who had them in tow there will be some fun this afternoon when they get to working on them.

After parading the principal streets the parade being brought up in the rear by the patrol and patrol band all in the zouave costume, the parade came to a close at Park Avenue and First street where Mayor Henry gave the Shriners the keys to the city in a welcoming address, being introduced by Frank Miller.

The fancy drill by the patrol was great and only a heavy shower kept them from doing some real sure enough drilling for they know how to do it. The parade was greatly enjoyed by the thousands who thronged the sidewalks.

The program will be carried out as arranged and the river trip for the ladies and the big barbecue on the lake front and the band concert at the pavilion on the lake front will all go as per schedule unless a heavy rain interferes with the plans.

Tonight the Shriners and their friends will dance at the court house and at the Valdez and those who do not dance will be entertained at various homes and clubs and when midnight strikes there will be a tired but satisfied bunch of Shriners and citizens of Sanford.

The many friends of Mr. and Mrs. James F. McGee will be sorry to learn that they will leave tomorrow for Tampa where they will make their future home. Mr. McGee left some time ago and his family will follow tomorrow. "Mac" is a live wire and will make a success wherever he goes. While here he was the senior member of the Hof-Mac Battery service selling out to Billy Hoffman who is now operating the same.

McCORMICK, South Carolina, May 27.—A loss estimated at one hundred thousand fire in the business section here today.

BABE RUTH PEEVED, THREW SAND IN THE UMPIRE'S FACE

(By The Associated Press) NEW YORK, May 26.—Babe Ruth is in hot water again. Just what the temperature of the water is was a question burning the thoughts last night of 15,000 fans who saw him throw diamond dust in an umpire's face.

The Yankees defeated the Senators 6 to 4. It was the second game of the series and Ruth, back in the game a week after serving a six weeks' suspension for having gone barnstorming last fall, contributed to the victory.

But the Babe, like all great stars, is temperamental. After laying down a bunt in his first time at bat and advancing the two runners who subsequently scored,

Ruth came up in the third and bumped a safe one into center. The Babe rounded first and kept going. He made a great slide for second but Umpire Hildebrand ruled that Rice's throw had reached Harris in time for him to tag the Bambino for an out.

Ruth protested vehemently, and then gathering a handful of dust threw it in the umpire's face. Hildebrand wiped his eyes with one hand and waved Ruth to the showers with the other. On his way from the field Babe stopped many times in an effort to get the last word. This aroused the displeasure of some of the fans and they booed Ruth as he walked to the Yankee bench.

As Ruth reached the dugout a fog-horned voice in the stands roared something which to Ruth was unpleasant. The home run hitter vaulted the dugout and started for the man who had displeased him. This fellow fled to a safe spot under the stands and Babe started for the showers. With head bent, he walked slowly and as he reached the bleachers he looked up to shake his fist at those who jeered him. Then the stands let out a great cheer and Ruth doffed his cap and bowed as he disappeared through the club house gate.

A group of fans then started for the man who had shouted at Babe. This individual was requested by the police to leave and he did.

The Bambino's attempt to vent his wrath on a booping fan recalled the action of Ty Cobb, the veteran Tiger, who entered the stands in New York ten years ago and had more success than Ruth in reaching his annoyner. Ty was suspended for ten days at that time and the incident caused the famed "strike" of the entire Detroit team.

Whether the Babe will draw another suspension or merely a heavy fine depends upon the good nature of Umpire Hildebrand and the American League officials.

LAKE COUNTY HAS GOOD PUBLICITY

Under the above caption the Kissimmee Valley Gazette says:

The Chamber of Commerce of Lake county is to be congratulated upon the foresight shown by its intense desire for publicity—and because of this continued effort made by each of the secretaries of local chambers throughout the county there has followed a growth that is proving remarkable. From merely a "backwoods county" a few years ago there has been a wonderful change in the condition. There are splendid roads many progressive towns, charming homes, magnificent groves, throughout the entire county.

The greatest factor of this wonderful progress has been publicity—it should be written PUBLICITY—backed by business and brain, and backbone. The publicity in Lake county has not been gained in a haphazard manner; there has been nothing spasmodic about it; it has been continuous and convincing. Propaganda has been sent out in a liberal manner—and the business men over the entire county have backed their belief by their bank roll. Residents of the county believe that every newcomer and investor is a source of lessened taxes in a few years—and they prove all "prospects" that there is money to be made by the resident who puts his heart into his work.

As a result there is system in every method used to bring new settlers. Each week there go from the newspaper offices thousands of copies to all sections of the country—and these bear fruit. Every response received from any section of the country by any of the local chambers of commerce passes on to the head office of the county, and from there each paper in the county is requested to mail sample copies of their publication to these prospects. The people realize that each paper in the county is doing a splendid work gratis for the upbuilding of Lake county.

Citizens and public officials of all counties in Florida should visit Lake county and learn the methods of handling the vast amount of correspondence from "everywhere" which accumulates each day. There is nothing miserly in any of the transactions—but there is a spirit of co-operation evinced at every turn of the wheel of progress. Each city and town, while striving, of course, for advantage, co-operates into one enthusiastic whole—the belief existing that when one portion of the county receives a benefit there is a proportionate gain in every section. Kissimmee and Osceola county will be great gainers if there shall be secured the same system of cooperation and unanimity—with the same system of financing and a similar spirit of liberality.

SANFORD'S TEMPERATURE

Looks like rain for the Shriners but it is not well to look for trouble until we get to it and the Shriners will probably be glad to see a few showers to cool off the burning sands—at least the candidates will—and then if it rains today it will no doubt clear up fine for the big day tomorrow. Anyhow, everything is sitting pretty, the old town looks fine and we are all ready. Let's go! 5:40 A. M. MAY 26, 1922. Maximum 89, Minimum 67, Range 69, Barometer 30.05, Rain 1.43, Calm and cloudy.

WELCOME SHRINERS

The Nobles of the Mystic Shrine are here today in full flower and fezzes and Sanford welcomes them with open arms, lockers and pocket books. They are a jolly bunch of fellows all of them prominent men in their own home towns and men who are out for a day of fun and unalloyed pleasure. They represent one of the greatest fraternal orders in the world and while the Shrine is more or less devoted to fun it is nevertheless a great lesson and teaches many things that are of incalculable good and benefit to the members. The Shrine is one of the greatest orders in the world because it gets away from the informality of the regular lodges and gives the members an outing where joy reigns supreme and each member meets the other on an equality and all are brothers in the true sense of the word. There seems to be something in the Shrine that makes the whole world kin and even those who are not members of the Shrine feel that they are a part and parcel of the bunch of jolly good fellows who take the town and keep things lively while they are here.

Welcome Nobles! We hope you will like Sanford as well as Sanford likes you and that wherever you go you will always remember this city at the head of the St. Johns river and remember that you saw it in May, 1922, a city of seven thousand and when you see it again in May, 1924, you will see a city of ten thousand and when you see it ten years from now you will see a city of twenty-five thousand. Look around while you are here and watch us grow.

We intend to make your stay pleasant and if you want anything ask for it or take it and if you don't see what you want ask the Herald for it. And be sure and take a copy of the Shriner's Edition of the Daily Herald home with you.

NEW FEATURE FOR DAILY HERALD

The Daily Herald is installing new features all the time for the benefit of our readers. We want you to feel that the Daily Herald intends to give you all the news that is fit to print and since it takes all kinds of news to make a real newspaper we want every reader to know that we are catering to his wants as much as it is physically possible for a paper to do. We have just made arrangements to print each week and especially on Saturday, the financial report of Roger Babson, said to be the best and one of the most authentic financial statements that can be obtained. There are no long columns of figures in these statements. In fact there are no figures quoted to confuse the mind of the readers. The reports are simple articles on the financial condition of the entire country as Mr. Babson sees it and as he gets his reports from every part of the country in his comprehensive system of compiling the financial figures of the United States. The statements are entertaining and writ-

ten in a style that even the folks who are not greatly interested in finances will like and they will read them and become interested in the financial condition of the country in spite of themselves. Every true American is interested in the whole of America and they would like to keep up with the financial situation every week. It makes every man, woman and child feel better to know just what the financial condition of our great country is today and tomorrow and the day after. It gives you the feeling that you are living in a great country and that you have a part in the making of this country and that your country is getting better financially every week as the report will show you.

Watch for the Roger W. Babson reports on this page every Saturday or more often if possible. We have to pay for this service and no paper is allowed to use it without paying for it but we believe the expense will be justified in the satisfaction of our readers.

INCREASING OFFICES WHILE PROMISING REDUCTION.

Discussing the bill which provides for increasing the number of internal revenue districts from 64 to 74, involving an additional expenditure annually of \$500,000, Representative Eugene Black (Dem., Texas), pointedly called attention to the fact that this increase is not only in violation of Republican promises of economy, but is made at a time when the transactions in the Internal Revenue Department have fallen off 20 per cent. He said:

"We reached the peak of taxation in 1921. In that year the Internal Revenue Department handled 20,000,000 transactions; that is the filing of a return, either income tax or excess profits tax or a sales tax return, or a payment or a quarterly payment for income tax, excess profits and other taxes. It is estimated this year there will be something more than 16,000,000 transactions, a decrease of 20 per cent in the routine business of the office from 1921, and yet after we have passed the peak of taxation, after the department has carried the heaviest load of detailed transactions, it is proposed to increase the number of internal revenue offices by 10. Gentlemen, you forget that the Republican party in 1920 promised the people economy in your platform, and not only that, but some of your most vigorous and extravagant orators said, 'Put us in power and we will abolish half of the Federal offices.' Now that you have been entrusted with the power, what are you doing?"

"Why, you promised the people bread, and now you are giving them a stone by such bills as this and the one you recently passed to increase the number of federal judges. The people are already concluding that there is too much rattling of the dishes among you Republicans for the fewness of the victuals, and they are going to express their disapproval in no uncertain terms next November."

WHAT ORLANDO WILL DO.

Orlando is assisting in the waterways nobly. And when the St. Johns river is deepened Orlando can easily cut a canal to the river.—Florida Grower.

That will be some job, even for Orlando—and Orlando can do most anything. What Orlando will do when the St. Johns is deepened will be to roll its fruit and other products on trucks over brick roads to Sanford.—Titusville Advocate.

Sanford is getting ready for the Sanford-Titusville deepwater canal. It voted \$625,000 bonds last week for city improvements, including a municipal pier and boat basin.—Titusville Advocate.

STETSON MALE QUARTETTE WILL BE HERE SUNDAY

Music lovers will be delighted to know that the Stetson Male Quartette will be here next Sunday (tomorrow). They will sing in the Sunday school service at the First Baptist Church, and also will sing at the baccalaureate services at the High School Sunday morning.

In the evening they will render several selections at the First Baptist church.

These popular young men made a great hit at the Southern Baptist convention where they sang before thousands of people in that great gathering. While here they will be the guests of Mr. and Mrs. E. M. Carroll, of Sanford Heights.

This is a big day in Sanford but Sunday is always made a pleasant day through the fact that the Seminole Cafe has an elegant chicken or turkey dinner all ready for you at noon. They are the greatest dinners you ever ate. Stay and get one. 52-1tc

CHURCHES

METHODIST CHURCH

Sunday school at 9:30 A. M. Dr. Walker's class at Princess Theatre 9:50 A. M. 11:00 A. M., Commencement service at High School—Dr. Hyman. Epworth League 7:00 P. M. Preaching Service 8:00 P. M.

DR. WALKER'S CLASS

The men are asked to be at the Princess Theatre promptly at 9:50 tomorrow as the class will go in a body to the Baptist church to return the visit of the Baptist Men's Class. The necessity for this may have been foreseen since Dr. Walker is riding the "goat" today and may not be able to navigate tomorrow.

CONGREGATIONAL CHURCH

Owing to the Union Service tomorrow morning at the High School Auditorium we will have no preaching service at eleven o'clock. But, our Blue and Red Contest in the Sunday School will be on in strong fashion at nine forty-five A. M. and we are looking for a large attendance. Our C. E. Society meets at seven P. M. Let every member be

present as we are expecting something unusually good and which we know every one present will enjoy.

At the night service Mr. Burhans will speak on the subject, "If a Man Die Shall He Live Again." Common sense and reason as well as the Bible point to a future life. Come and hear a sermon that will exercise your thinking machine. Seats free and all are welcome.

CHURCH OF THE HOLY CROSS

Church services for the Sunday after Ascension, Expectation Sunday, will be:

7:30 a. m., Low Celebration. 9:45 a. m., Sunday School. 11:00 a. m., Morning Service. 8:00 p. m., Vespers and address. The splendid Ascension-tide music will be rendered this Sunday.

Shriners of Tampa File Suit Against "Rising Sun Temple"

Seek to Restrain Negro Lodge From Using Emblems and Paraphernalia of the Organization

TAMPA, May 27.—Members of Egypt Temple, Shriners, yesterday filed suit in circuit court here to restrain the officers and members of "Rising Sun Temple," a local branch of the "Ancient Egyptian, Arabic Order of Nobles of the Mystic Shrine of North and South America," a negro organization, from using the emblems and paraphernalia of the organization.

Officers and members of Egypt Temple take the position that the negro organization has no legal right to employ the words and letters "Ancient Arabic Order Nobles of the Mystic Shrine of North America," the initial letters "A. A. O. N. M. S.," or the words "Nobles," "Shriners," "Potentate," "Shring," "Chief Rabban," "Fez," or the phoenix head and banners and other paraphernalia used by the white organization and which have been recorded with the secretary of the state of Florida as required by law.

The Seminole Cafe makes a specialty of chicken and turkey dinners on Sunday. Tomorrow we will have them as usual only a little better if possible. In fact our regular customers say our dinners get better all the time. We certainly strive to please and our satisfied customers are our best advertisement. See us Sunday. 52-1tc

THE SPRINGS make it comfortable on rough roads.
THE FOUR is strong and durable, like all Buicks.
CLUTCH positive in action, still a child can operate it.
GEAR SHIFT made by slight touch of the hand.
THIRD MEMBERS absorbs all the driving strain—not the
springs.
ALL THE KNOWLEDGE Buick has accumulated during the
past 22 years of knowing how to build automobiles is
incorporated in the Four.
BUICK REPUTATION was made on four-cylinder cars.
From 1899 to 1915 they manufactured only fours, many
of them still on the road.
THIS PRESENT FOUR-CYLINDER line is open for your

**REDUCED RATES
TO CONFEDERATE
REUNION JUNE 19**

ALL MEMBERS AND THEIR FAM-
ILIES CAN TAKE ADVANT-
AGE OF RATE

RICHMOND, Va., May 26.—(Spec-
ial).—All members of the United Con-
federate Veterans, Sons of Confed-
erate Veterans, United Daughters of the
Confederacy, the Confederated South-
ern Memorial Association, sponsors
and maids and matrons of honor who
come to Richmond for the Confederate
Reunion, June 19-22 will have the
privilege of traveling at reduced rates
of fare. General Jo Lane Stern,
chairman of the Reunion committee,
has completed negotiations with the
Southern transportation systems whereby
the veterans and accompanying
members of their families may
travel at the rate of 1 cent per mile.
Members of affiliated organizations
will be given the benefit of the round
trip to Richmond and return at the
rate of a one-way fare.

The city is making preparations to
entertain not less than 5,000 of the
surviving 45,000 Confederate soldiers,
although this number of visitors will
be increased several times by the
presence of the Sons and Daughters of
the Confederacy, other affiliated orga-
nizations and sponsors.

The opening date for the actual re-
union of the veterans is June 20, al-
though the Sons and members of the
Confederated Memorial Association
will start their program one day ear-
lier. All of the organizations will
close their meetings simultaneously,
or one June 22.

Preparations have been completed
to take care of the veterans in fine
style. Many will stop at the hotels,
others will be the guests of relatives
and friends, but the majority of them
will be comfortably accommodated in
private homes, and at reasonable rates.
The cost of lodging and breakfast in
private homes will range from \$1.25
to \$2. Dinner and supper with the
compliments of the City of Richmond
and Commonwealth of Virginia, will
be supplied Confederate Veterans on
June 20, 21 and 22. Information about
accommodations may be had by ad-
dressing Major B. B. Morgan, postof-
fice Box 685, Richmond, Va.

The program of exercises and en-
tertainments indicates that this will
be one of the most elaborate reunions
in the history of the United Confed-
erate Veterans. One of the most im-
pressive features during this reunion
will be the laying of the cornerstone of
a monument to Matthew Fontaine
Maury, the "Pathfinder of the Seas,"
and one of the heroes of the Confed-
erate navy.

**TWO ARRESTS IN
FLOGGING CASE**

LAKELAND, May 25.—(Special.)
—James T. Spence, employe of the
Atlantic Coast Line railroad shops
here, and Joe Ratcliffe, also employe
at the shops were arrested here
today and lodged in jail by Sheriff
John Logan, following an investiga-
tion in connection with the assault
on W. S. Stephens last Saturday
night, when he was taken from his
home here, six miles into the country
and brutally beaten then forced to
walk home without any clothing on.
Stephens now lies in the city hospi-
tal in a serious condition, but will
probably recover.

Sheriff Logan is conducting a close
investigation into the affair and other
arrests may follow, as there were
at least four connected with the
beating of Stephens.

Stephens in a statement to news-
papermen Sunday declared he was
in bed and alone in the house when
his nocturnal visitors arrived; that
the band hustled him into an auto-
mobile, threatening his life if he
made any outcry. He said the auto-
mobile was driven at high speed into
the country. Then he was taken out
and bound and flogged, after his
clothing had been stripped from him.
After the flogging he was turned
loose, naked, and made his way
home as best he could.

Stephens seems to believe that do-
mestic troubles are at the bottom of
the outrage committed against him.

**SOUTHERN PRESBYTERIANS --
STAY IN FEDERAL COUNCIL
DISAPPROVE OF THE
CURTAILED VERSION**

(By The Associated Press)

CHARLESTOWN, W. Va., May
26.—The sixty second general as-
sembly of the Southern Presbyterian
church adjourned yesterday to meet
next year at Montreat, N. C., the
summer assembly grounds.

The meeting declined to reconsider
its decision in retaining membership
in the Federal Council of Churches
of Christ in America while with-
drawing financial aid from the coun-
cil. The effort was made to have
the body through reconsideration,
withdraw from the council altogether,
but it was unsuccessful. The
gathering after consideration, de-
clared it was not right to bring up
so important a matter at the last
minutes after many of the commis-
sioners had left to catch trains. The
assembly reconsidered its action in re-
fusing to appoint a committee to in-
vestigate the financial system of the
church. The committeemen named
for this purpose and instructed to re-
port at the next assembly was Rev.
Ernest Thompson, Charleston, W.
Va., J. Nat Harris, Virginia Synod;
H. S. Welch, Paducah, Ky., and John
Egan of Atlanta. The committee
will obtain from all financial officers
of the church statements of their
accounts and salaries.

Disapproval of the "Shorter Bible"
was expressed at the sessions yes-
terday afternoon.

The "Shorter Bible" is a digest of
the bible, containing selected pas-
sages.

The Northern Presbyterian church
apparently is uncertain as to the re-
lention of the Southern church to the
general council of reformed churches
in America, it developed when a tele-
gram from the northern organization
asking a correct interpretation of
the action of the Southern Presby-
terians in this respect. After some
discussion the general assembly de-
cided that the telegram was a per-
sonal line but it was made clear that
the Southern church is a member of
the council whether or not the Nor-
thern church considers it as such.

Salary of the state clerk of the
assembly was increased from \$1,600
to \$3,600 with provision that he de-
vote full time to his work.

BUILD NOW

"BUSINESS MEN SHOULD CHEER UP," SAYS BABSON

"Talk about musicians and actors being temperamental! They cannot beat the average business man who is up today and down tomorrow. Within a period of sixty days he will be a pessimist, an optimist, and back again to a pessimist, when all the time nature is slowly but surely following its natural course," said Roger W. Babson in his weekly interview on business conditions.

"A year ago business men were very pessimistic; then came a temporary upturn in business and following the lead of certain Federal officials and prosperity forecasts have not matured, they are again down in the dumps. How long will it take us to learn that presidents don't make business but rather business makes presidents. It is true that conditions are dull at the present time, partly on account of the late wet spring, partly due to the floods of the South, partly due to the strikes in New England and New York state, and partly due to the upset conditions in Europe. When, however, business is looked upon from a long range it will be seen that it is passing through only a natural readjustment which takes always considerable time. I stated over two years ago that no permanent improvement could be expected before August, 1922, and I still feel that way. Even after the corner turns in the summer or fall of this year, it will be a slow altho a steady climb upward.

"On the other hand, as all industries were not hit at the same time, they will tend to come back at different times. The industry that was first

hit will be the first to come back. This was the silk industry and a change for the better is already in evidence. The industry which was most suppressed during the war will show the greatest recovery during the next few years; indeed, it is already recovering. I have in mind the building industry. There is a marked increase in the demand for all building materials, notably lumber, altho iron and steel are sharing in the building boom. The sales of hardware and paints have increased. If labor does not become too hungry for increased wages, this spurt in new building may develop into a real boom.

"Another industry should quickly show better employment is the automobile industry, especially the makers of the more expensive cars. These makers were the first to be hit and these should be the first to come back. Following booms in the stock market the makers of expensive cars and other semi-luxuries always experience good business. For the first time in two years and a half, rubber factories at Akron are advertising for help. This same improvement in the employment situation is noticeable also in certain steel centers such as Youngstown, Ohio, and hardware centers such as Ansonia, Conn., where a wage increase of 15 per cent goes into effect May 16th.

"Commodity prices are likewise adjusting themselves naturally. Those products which were first to decline, such as cotton, sugar and lumber are showing a hardening tendency, while other products, such as furs, that were bought by the masses during the war

in great quantities, are showing continued declines.

At the recent fur auctions, Silver Fur Fox was 25 per cent lower than in February, Marten 40 per cent lower, and other furs are falling in proportion. Better still, the cost of living as a whole is still on the decline. A man can purchase for 75 cents today what cost him a dollar a year ago. Retail sales are holding up very well, the mail order houses are showing increases, western shoe manufacturers are busy, and furniture factories are working on a liberal schedule. Even coal production is holding up fairly well.

"All of this means that there is no reason why the banker, manufacturer, or merchant should be a pessimist or an optimist today. Neither the prosperity boomers nor the calamity howlers should be followed. Business has not yet turned the corner, but it is naturally and steadily approaching the corner. No nation could go thru the great industrial development which this country experienced during the war without a natural reaction. This reaction we are passing through today. We have already reached the end of the decline in the security markets. These markets are well on their way upward. Within a few months, concluded Mr. Babson "we should reach the end of the decline in general business. Honesty, thrift, industry, and the spirit of service will hasten the day."

The trend of general conditions as reflected in the index of the Babson chart shows an improvement of 2 per cent during the last week. General business now stands at 13 per cent below normal.

MOOSE FORMALLY CLOSE FOR SITE NEAR JACKSONVILLE

JACKSONVILLE, May 26.—(Special.)—That the formal opening of the Orange Park center of the Loyal Order of Moose will take place on July 4, was indicated last night when Charles A. Brown, Jr., owner of the hotel property and acreage being taken over by the order received a telegram announcing that all features of the agreement between himself and the order had been accepted. H. Rodney Brandon, grand regent, advised Mr. Brown that the supreme council and regents of the order had fully agreed to every clause of the proposal which had been held up pending such ratification.

Local officials of the order said last night that it is their understanding the formal opening will occur on Independence day and that a number of national officers of the order will be present to participate in the ceremonies.

Already arrangements have been started by the town of Orange Park for a Fourth of July celebration and barbecue in conjunction with the ceremonies incidental to the opening of the home.

It is said that the regents of the Mooseheart Legion, the second degree of the order under the supervision of which the Orange Park home for the aged will be operated, probably will meet in Jacksonville during the first week in June.

The local lodge of Moose and the South Jacksonville lodge have appointed special committees to assist in arrangements for the reception of these visitors.

Clyde Wood, engineer for the Automatic Sprinkler Company of America, is now at Orange Park completing his survey for the installation of a protective system to be in operation at the time the Moose old folks are moved to the new home.

DIXIE ROADS WILL BE MOVED TO HIGH SPOTS

DIXIE HIGHWAY WILL GO WHERE PEOPLE ARE IN FAVOR OF ROADS

JACKSONVILLE, May 27.—Action towards removing the designation of Dixie Highway from those roads in the various states which have not been brought up to the standard sought by the Dixie Highway Association was

taken here tonight at a special meeting of the directors of the association. Four new directors were elected. Steps to eliminate the inferior roads were authorized in a resolution offered by Judge M. M. Allison, of Chattanooga, president of the association. It called upon the directors in the states of Georgia, Florida, Kentucky, Tennessee, North Carolina and South Carolina, to make a careful investigation of bad portions of the Dixie highways in their state, ascertain what were the prospects of improvement, and report at the next meeting of the directors whether they should be taken from the official sanction of the association.

Judge Aldison declared that some of these stretches had ben in bad condition for several years and the association's efforts to have repairs made had proved unsuccessful.

The new directors chosen were: S. S. Bonfield, of Cincinnati; Dr. Ira Boswell, Georgetown, Ky.; E. D. Reed, of Chattanooga, Tenn., and Milton B. Ochs, Chattanooga, Tenn.
