### BACCALAUREATE SERMON

Sunday evening marked the opening of the graduating class of the Sanford High School. There is an unusually large class this year, 22 in number.

All the churches of the city united and the exercises were held at the High School auditorium, beginning promptly at 8:30.

Dr. C. DeW. Brower read the Scripture lesson followed by a prayer by Dr. M. H. Massey. Mr. Mallory Horne, Jr., then sang "Ave Maria" with Mrs. Fannie S. Munson accompanist. The music of the evening was rendered by the High School choir, under the direction of Mr. Horne, with Miss Alma Blount as pianist.

Following this was the Baccalaureate sermon by Rev. E. D. Brownlee, who took for his text: "What hast thou, that thou didst not receive?" I. Cor. 4:7.

This is the day of hope for you; it is the fruition of hard study and work. You are approaching a day of economic independence and approaching it with joy. But I want to lay on your hearts a very solemn message to take with you into this new period of life. May the consciousness of your great debt to the past, to all men today, and the God above send you forth with a true ideal and goal for life.

Dr. Broudelee said in part: "No man liveth unto himself, we are debtors to the whole world. Follow me with a brief survey of some items of that great debt."

I. To Organized Society. In primitive times a man lived under his own vine and fig tree and was in large measure independent of all other men. There was little commerce and each man provided his own necessities. But as society advanced there came more and more exchange of commodities. People were drawn closer together and each began to depend upon the other for various necessities. Today we are absolutely interdependent. The farmer cannot say to the merchant: "I have no need of thee." Neither can the merchant say to the railroad man: "I have no need of thee." We are all so interdependent that it required the contributions of many groups to complete the satisfaction of needs and wants.

II. For Our Physical Necessities. Have you ever thought how completely dependent you are on other people for the common necessities of life? Take such a simple thing as the invisible hairpin which you account of so little value that you young ladies hardly stop to pick it up when it falls. Thousands of men wrought in mine, railroad, in foundry, in wire factory, in hairpin factory, in stores, and elsewhere to bring this one little item to you. Its history reads like a romance. But so is every other thing you use. Some time take stock of what is on your dinner table and you will be

surprised how the labor of men from the very ends of the earth has contributed to your meal. You would not know how to live today, unless countless multitudes served you.

III. Our Mental Debt. Our mental debt is likewise as great. These textbooks are all the contributions of others to you. They gather the accumulated wisdom of thought of all ages and lay it at your feet. We are debtors to all past for our intellectual life. But not only so, but the whole world of contemporaneous thought is ours through the press of today. Poverty stricken indeed would be the mind which received no contribution from the world of thought.

IV. Our Emotional Debt. Our happiness is likewise dependent upon other people. We are social creatures, and our deepest pleasures must be shared or much of their value is lost. If you would know how greatly we are dependent upon others for happiness, imagine yourself under the "Silent Treatment" among men, so that wherever you go, you were so completely ignored as a post. Those who have endured say that death is preferable to it.

V. Our Debt to God. Ultimately of course our whole debt is to God. For "Every good gift and every perfect gift is from above and cometh down from the Father of lights." "What shall I render unto the Lord for all His benefits?"

Now, a meditation upon these things will impress us that we are dependent upon others for everything that makes life worth while as an infant. And remember this, the day of autocracy is gone. No man has a right to receive from the world its service and give no service in return. We are in a new day of democracy, whose kind gave us the example, "Even as the Son of Man came not to be ministered unto, but to minister." The standard of greatness in the new day will be service. I want to impress this upon you, that if any go out into the world with the chief thing being to get all you can for as little as you can give, you will be a leech upon all life and an ingrate. If you would be worthy of all the world's service for you, seek to find some useful channel, and give a good honest life of service in return.

If you will make it the ambition and work of your life to give some valuable contribution to all life by a life of good hard work, no matter what may be your position among men, you will be among the truly great when life shall be truly understood and rewarded.

### LET'S OVER-SUBSCRIBE OUR QUOTA

WE SHOULD NOT BE CONTENT TO MERELY MEET THE AMOUNT ALLOTTED TO US

Seminole County is in reality short about \$50,000 in the present Liberty Loan Drive.

While it is understood that the banks have agreed to make up the deficit it is the earnest desire of the committee that the subscribers aside from the banks will raise our quota and that the banks will then be able to subscribe an additional \$50,000 above our quota.

From present reports throughout the country the loan will fall short unless some strenuous effort are put forth in the last few days of the drive. Some communities will fall short and it is expected that the more prosperous communities, such as ours, will over subscribe.

Oviedo, with a quota of \$9,000 has already subscribed \$9,600 or \$600 over their quota. If the county as a whole can subscribe \$50,000 over its quota it will not only be an excellent investment for our people but will show that we are doing our part in this "Thanksgiving Loan."

Presbyterian Church Sunday will be Mother's Day and appropriate services will be held at the morning hour at 11:45. Come to church in honor of Mother.

Also at that hour Mr. D. L. Thrasher will be installed an elder and Messrs. C. E. Henry, W. M. McKinnon and J. M. Neely will be ordained and installed deacons. This will be an interesting and impressive service, and it is desired that every member of the church especially be present.

In addition to the election of these new officers last Sunday, the church raised the salary of the pastor to \$200 per month and manse.

Mrs. Austin C. Williams came up from Tampa last Sunday morning to attend the Commencement exercises in Sanford this week and is being royally entertained by her many friends. Mrs. Williams is the guest of her brother and sister, Mr. and Mrs. Calvin M. Williams.

### T. J. MILLER PROPERTY IS SOLD

IMPORTANT BUSINESS CORNER IS PURCHASED BY BOSTON MAN

One of the most important real estate deals in Sanford for many months was closed this week when Geo. F. Washburn of Boston, Mass., purchased the T. J. Miller corner on First street and Park avenue, the transaction being made through H. C. DuBois of this city.

This is one of the best business locations in Sanford being on one of the busiest corners in the city. It was built by Mr. Miller twenty-one years ago and has been occupied by him ever since by his undertaking and furniture business.

Mr. Washburn purchased the property as an investment. He intends to build a modern business building on the lot in the future but not immediately. He is a prominent financier of his native city and is treasurer of a large trust company of Boston.

The T. J. Miller & Son Furniture Company expect to remodel the Imperial building on the corner of Magnolia avenue and Second street and will make this into one of the largest store rooms in the city, moving the business to the new location when completed.

While these changes will not be made immediately they will not be delayed more than a year or more and are certain to come. They will be a valuable improvement to the city.

Who Will be Queen of the May? Intense interest will be centered upon this feature of the Spring Festival, Queen of the May Contest, children filled with enthusiasm and zeal will be teeming with excitement until the end of the contest.

The May Pole Dance pictures to us happy faced children dancing with grace and rhythm while gay ribbons and bright flowers lend their essence of color and tone, enhancing attractiveness to the scene.

So young and old, should you meet with a timid plea for some change and an accompanying vote

don't forget our Children's Day-Feature of the Spring Festival. Children between the ages of nine and fourteen are eligible to this contest. Also while you stray in the stores of Mobley's, Phillips, Bowers, Yowell's, McCuller's and Miller's please place your votes in boxes there for the purpose. Remember everything given remains in the town of Sanford.

If you have other names you would like to add to those written below this article be sure and phone them to Mrs. A. P. Connelly.

Three prizes will be awarded in this contest and are now on display in the window of Mr. McLaughlin's jewelry store.

First Prize Watch or diamond ring.  
Second Prize French locket or pendant.  
Third Prize Diamond ring or brooch.

Winners will be announced the last evening of the Spring Festival, May 22nd, at which time the Queen of the May and her two bridesmaids shall be crowned.

Each contestant will be started with one hundred votes. Watch the Herald for heightened interest in the list next week.

Pipe Organ Club  
The Pipe Organ Club met with Mrs. Henry Peabody on Monday. The afternoon was spent pleasantly in sewing for our Xmas bazaar, after which delightful refreshments were served. Those present were Mrs. J. B. Lawson, Mrs. Robt. Roawe, Miss Gladys Bryan, Mrs. Forrest Gatchel, Mrs. Leslie Bryan, Mrs. Ernest Betts, Mrs. Kent Rossetter, Mrs. C. M. Edge, Mrs. Taylor and Mrs. Jack Adams.

Mrs. Forrest Gatchel will entertain the club on next Monday at 4:30. All members are invited to come and bring their thimbles.

### BIG RECITAL TUES. NIGHT

On Tuesday evening at the High School auditorium the usual large audience greeted the various performers on the music recital program, with appreciative applause that testified to the warm interest in the annual recital that has come to be the musical event of the year to the music lovers of Sanford and not only is it enjoyed greatly by our own townspeople but friends come from communities within a radius of a hundred miles to either participate or enjoy.

Through the unremitting efforts of Mrs. Fannie Stenbridge Munson the recital is a standard feature of the Commencement Week exercises, adding that touch of culture and art that only such programs can infuse into the general activities.

A pleasing innovation that appealed to the audience was a program featured entirely by home talent, the young pupils being assisted by several of Sanford's sweetest singers. Vocal solos, duets and quartets gave a charming variety to one of the most attractive programs ever presented during Commencement Week.

The vocalists are well known and popular, their selections a happy thought that added much to an evening of real pleasure.

The quartets with Mrs. A. M. Phillips, Mrs. J. E. Terwilliger, Mrs. Geo. Fox, Jr. and Mrs. Frank Woodruff composing the quartet were greatly enjoyed, the last, "Dreaming" being especially beautiful. They were ably supported by Mrs. D. L. Thrasher, one of Sanford's best musicians.

Mrs. A. M. Phillips, soprano soloist was in fine voice and sang delightfully. "The Sunlight" was brilliantly rendered. "The Robbins Song in the Apple Tree" and the encore number, "Darlin'" was rendered with much feeling and a plaintive sweetness that was very appealing. She was accompanied by Miss Alma Blount, a talented young pupil of the Junior Class High. Mrs. Phillips is a vocal pupil of Mrs. Julius Takach and is a great favorite in music circles.

Mr. Mallory Horne, Jr., tenor soloist has made a notable reputation during his short stay in Sanford for his splendid voice. He possesses a dramatic tenor of excellent quality, power and flexibility, musical and very beautiful. Mr. Horne's interpretations were notably fine and his numbers heartily received and called for repeated rendition of "Flanders Field," to the musical setting of Bergen was a masterpiece that held a rapt attention.

Mrs. Madge Ward Deas, who is a most artistic accompanist added greatly to the finish of Mr. Horne's selections.

Especially delightful was the vocal duet of Mrs. Phillips and Mr. Horne.

(Continued on page 6)

# ROLLINS COLLEGE Better Than Ever

REV. GEORGE M. WARD, D. D., L. L. D., President  
Winter Park, Florida

**HIGH SCHOOL GRADUATES, Ambitious Young Men and Women, and those who may be older, or younger:**

**ROLLINS OFFERS** you a First Class Liberal Education.

**THERE** is the College with its splendid, thorough Courses.

**THERE** is the Conservatory, its High Record more than maintained.

**THERE** is the Academy, preparing for College.

**THERE** is the Business School with three courses and best results.

**THERE** is the School of Applied Arts.

**DO YOU KNOW** that regular graduates of the College can obtain Teachers' State Certificates without Examination?

**THE MEMBERS** of the faculty stand at the head of their profession. There is no weakness in the corps of teachers.

**NEXT YEAR, Hamlin Garland, Irving Bachelor, William Allen White, and other world famous men of letters and affairs will from time to time give lectures without added expense to students. Concerts are a feature.**

**ROY GREENE** will be back from the Navy to take charge of Y. M. C. A. work and athletics.

**THERE** is a stirring Y. W. C. A., and the whole management of the College is Christian of highest standard.

**YOUNG PEOPLE:** Here is Rollins, with Dr. Ward back again, and at Winter Park only eighteen miles away, one of the most beautiful places in Florida.

**PLAN** for the best for your lives, be leaders. Here is your chance! Our country needs your best help.

**WRITE** to the Secretary of the College for catalogue; or, better, go there and meet the President, look around, be convinced, and enter the Institution next year.

**CAN MONEY** be invested better than for the lives of priceless young people?

**LAST MENTIONED,** first in importance, Rollins stands for character—the purpose of true education is Christian character.

At the Congregational Church "The Church and Education" will be the theme for the morning in connection with the service of prayer and praise. Meeting at 11 o'clock.

The Christian Endeavor meeting has for its subject "Our Relation to God through Service." Miss Gussie Frank is the leader. Meeting at 7 o'clock.

There will be no evening service, the church accepting the invitation to attend the Baccalaureate exercises at the High School at 8:30.

#### Rollins New President

Rollins College at Winter Park has just installed as president the man who some years ago was active and successful in bringing the institution

up to a high place in the educational world. George Morgan Ward, D. D., L. L. D., accepted the unanimous call given him, and after twelve years of successful presidency of Wells College returns to Rollins to take the place of President French, resigned.

The biggest meeting the Winter Park's Board of Trade has known was held last week in honor of President Ward and the windows rattled with applause when Mr. Cumstock introduced him. Rollins now has and will have next year as fine a faculty as can be obtained. Every professor and teacher is skilled in his line. Better opportunities than ever are offered students. A new dining room is being built. The Conservatory standard of work al-

ways high will be more than maintained. Eminent men of letters and affairs will lecture next year without extra cost to pupils. Character will be sought for every student.

High school graduates and other young people are invited to consider the splendid opportunities offered by this college and academy so close at hand.

All persons desiring to attend Sunday school will phone No. 19, 306 or 90-J not later than Saturday noon. Free transportation will be furnished them to and from if within a radius of three miles of the Methodist church.

and Mrs. N. O. Garner and Mrs. Weidman Caldwell left today for Daytona Beach where they will spend some time.

Mrs. Mary E. Starling, Mr. and Mrs. R. J. Starling and Miss Brenda Morrison motored over to Daytona Beach Sunday where they spent the day very pleasantly.

Mr. and Mrs. E. L. Ferran of Eustis were the guests of their daughter, Mrs. D. L. Thrasher sev-

**GETTING DOWN TO CASES**  
Did you ever stop to figure out how much more you have put into new auto tires and tubes that you might have saved by having the old ones vulcanized? That means, vulcanized by us! Besides the actual savings in dollars and cents, which are considerable, think of the continual annoyances, etc. Often our vulcanizing improves tires and tubes a great deal.

**The War is Over and the World is Now Earnestly Striving to Establish a Permanent Peace, to that end It Becomes the Duty of every Man to look well to his citizenship.**

Nothing promotes peace and good will between man and man more surely than thrift and industry, a determined effort on the part of Every Individual to do his bit for the common good. Good citizenship now demands a broad and progressive spirit, a willingness to promote every worthy object; hence what in all the world is more productive to the common good of all than good roads. They develop the section traversed and thereby increase the value of lands. They bring the rural sections in close touch with churches and schools and uplift humanity; they lessen the cost of transportation and reduce the cost of living; they attract the newcomer and increase the population, and on the whole they lift the world to a higher standard of civilization.

Let Every Qualified Elector in Seminole County do his duty on May 13th and

**WEST GENEVA AVENUE**

The good rain we had a few days ago was much appreciated by every one, as the crops were needing it very badly.

Mrs. J. E. Vaughn is on the sick list. Hope she will soon be all right again.

Little Clifford King, the little grandson of Mr. and Mrs. Robinson has been very sick for several days. Dr. Tolar was called to him and he is improving fast.

Mrs. W. N. Culp and Mrs. M. V. Foster were callers at Mrs. J. E. Vaughn's Monday and purchased a fine lot of berries of Mrs. Vaughn.

Mrs. Tom Fortier and mother, Mrs. Nicolo were guests of Mrs. Will Robinson Tuesday.

Mr. and Mrs. Will Robinson were on a fishing trip Wednesday at the river, where they had quite a pleasant time and plenty of fish.

Well, all the school children are busy and happy too, except a few of the schools, as they will enjoy their holiday after their long study at school.

**EAST SANFORD**

Rev. J. R. Allen of Enterprise will preach at Moore's Station church Sunday next.

Mr. and Mrs. T. B. K. and Mrs. J. E. McDaniel attended quarter conference meeting at Osteen last Saturday.

Col. H. W. Babson is the guest of Mr. and Mrs. J. D. Martin enroute from St. Petersburg where he has been for the winter to his home in Tallahassee, Fla., enroute on the Mohawk on the 16th from Jacksonville.

Mr. and Mrs. John Davis of Plant City are guests of Mrs. Davis's sister, Mrs. P. E. Davis and family of Jacksonville.

Mrs. F. E. B. and Mrs. J. E. B. are expected to arrive at Enterprise next week.

Mrs. J. E. M. and son, Wallace are driving a new Buick car.

W. B. G. and family are expected to arrive at Enterprise next week.

Mr. and Mrs. C. Boyce Bell and son, Wallace are driving a new Buick car.

W. B. G. and family are expected to arrive at Enterprise next week.

Mr. and Mrs. J. S. Dinkel were in Orlando on Friday.

The Longwood hotel is closed for the season and Mr. and Mrs. Le-May left Sunday for their home at Tarpon Springs.

Ollen Pomeroy has received his discharge after serving three years in the service of Uncle Sam. Ollen deserves honorable mention as he has returned with a ride.

Miss Alice Halley was shopping in Sanford on Tuesday.

Mr. and Mrs. C. W. Entzinger spent Tuesday in Sanford.

Mrs. Satcher and Miss Marguerite Allen were shopping in Orlando on Wednesday.

Harry Phipps of Ft. Myers is visiting his mother, Mrs. J. E. Phipps, who has made an ideal camp on Greenwood Lake.

Miles Bistline, recently discharged from the service and located at Paris, S. C., is visiting his brother, J. A. Bistline.

Mr. and Mrs. McDaniels of Oakland spent the week end the guest of Mrs. Nettie Hardaway.

Death has again claimed one of our old settlers, Mrs. E. W. Driggers, who has been ill for some time and passed away into the "Great Beyond" April 25th. She leaves two sons to mourn her loss, Ed Driggers of Wagner and Jasper Driggers who enlisted nearly two years ago and is still overseas. It will be a sad home coming for Jasper as his father died in December, 1918. The many friends extend their heartfelt sympathy.

**UPSALA AND GRAPEVILLE**

We're pleased to note that Miss Margaret Ericson, graduate of the eighth grade this week.

Mr. and Mrs. Jesse Lee have another make of car now, a five passenger Chevrolet.

Mrs. Andrew Bertelson returned home from Georgia last Saturday, having visited at several points in the state, among them Tifton and Cordele.

Mrs. Ballinger was in town Tuesday to see the doctor. Mrs. Beck kindly taking her in and she also enjoyed a trip out to the ice plant and an inspection of its workings with other friends who later brought her home.

We hope all will bear in mind May 15th, the day of the year for the bond issue whereby we are assured of good roads. With good roads for man and beast and trackless pastures for the cows some of the greatest drawbacks of 1919 country will be done away with.

Rev. Albertson was with us for Sunday school and service, preaching from the great text of Paul: "Study to show thyself approved unto God." 2 Tim. 2:15. Rev. Albertson was the guest of Mr. and Mrs. Durant of Lake Mary, who left for a temporary home.

Mr. and Mrs. J. E. M. and family are expected to arrive at Enterprise next week.

There will be preaching at the Lutheran church on Monday evening as Rev. Swanson preaches Sunday at Greveland.

Rev. Beasley is expected to arrive in our section Tuesday, his kindly visit to the church and his again Sunday at Beulah, the land of the living. He will be in charge of the service at 10:00 a.m.

**WEKIWA ITEMS**

Frank Powell visited his mother, Mrs. Coates in Jacksonville Sunday. Her health is still very poor.

Everyone is cordially invited to church services Sunday, as Rev. Allen will fill his appointment at that time.

Fred White was in Wekiwa Tuesday. He claims he just came out to see if Wekiwa was just like it used

to be and found it the same, to left. He is at work with Mr. Safford in Sanford.

N. A. Brockway and C. S. Flow-ers were on a camping trip Saturday and spent a pleasant night in the woods with the mosquitoes.

J. K. Boyd has the finest garden here. He says he will soon have tomatoes ready for the market.

The young people met at W. C. Holiday's Sunday afternoon to practice some songs for church.

J. K. Boyd, Frank Rush and Dave Boyd spent an afternoon on the Wekiwa river fishing last week and brought back all the fish they could carry. Every one is having good luck fishing now.

**GENEVA**

Mrs. G. R. Nicholson is visiting her son, Homer Nicholson and family at Mims.

Miss Lois Grant and little niece, Florence Grant left last week for New Smyrna, where they will visit Mr. and Mrs. Frank Ritts.

Miss Emma Eichnor spent last week visiting points of interest on the East Coast, in company with her sister and husband, Mr. and Mrs. Charles Brumley.

The annual Sunday school picnic of the Methodist and Baptist churches, combined will be held at the Lake Harney picnic grounds and a "big" time, is expected as usual.

J. H. Huddleston spent last Tuesday in Sanford.

Last Wednesday evening at the home of Prof. J. M. Chaffer the "Reds" of Mrs. Pattishall's Sunday school class entertained the "Greens" of same class. A lively contest having ended at that time in which the losing side was to entertain, the captains being, "Greens" Miss Kate Flynt; "Reds" Miss Helen Moran. The house was decorated with flowers and ferns, and cake and fruit and punch was served as refreshments. A very pleasant evening was spent.

Mr. Frank Jones left last Tuesday for Augusta, Ga., where he expects to spend the summer with relatives.

Mr. and Mrs. Harry Quigg and children of Daytona spent the week end with Mr. and Mrs. J. V. Wicks.

Mrs. John Lew of Jacksonville was a visitor at H. H. Pattishall's and Aubrey Moran's last Wednesday.

**OVIEDO**

Mrs. Mary Lawton, Mr. and Mrs. Glover Bernhouse and baby are visiting Messrs. W. J. and R. W. Lawton this week.

Rev. and Mrs. Wm. Stone are spending two weeks at the beach.

Miss Virginia Wright and little sisters, Elizabeth and Amelia who were operated upon for Trachoma Saturday are improving rapidly and will soon be able to return to their school.

Bruce Anderson, who was operated upon for Trachoma Saturday, is spending his father in Orlando this week.

Carl Farnell spent Sunday with his mother, Mrs. A. P. Farnell.

Clarence Gutteridge of Highgate City visited Osteen last week.

Mrs. A. P. Farnell and Mrs. Edna Beck, Mrs. W. E. Y. and family spent Tuesday in Orlando.

Miss W. B. G. and family spent the past two months left Monday for Tampa.

Mrs. B. G. Smith spent Wednesday in Sanford.

Mrs. C. A. Brannon spent Sunday in Plant City.

Little Mrs. Winona Wolfe of Wildwood is visiting Mrs. C. A. Brannon.

Bruce Anderson spent Monday in Orlando.

Clement Hall has opened a lunch

(Continued on Page 3)

## COUNTY HAPPENINGS

(Continued from page 2)

and cool drink stand in the brick building next to the O. P. Swope Land Co.'s office. For the present Mr. Hall keeps his store open only on Saturdays and a part of Sundays, but judging by the first week's business the place will soon become the "Hall of Fame" and be operated through the week.

Mrs. Lee Wheeler and Mrs. S. McBride visited Orlando Monday.

B. F. Wheeler spent several days this week in Lakeland.

Mr. and Mrs. L. O. White and little son, Elton left Friday for St. Louis where Mr. White will attend the O. R. C. convention to which he is a delegate. From St. Louis they will visit Chicago and Detroit, being away about five or six weeks.

O. P. Swope and S. Nelson attended the State Horticultural Society meeting in Orlando Wednesday. Mr. T. L. Mead also attended their meeting, carrying with him some of the beautiful amaryllis specimens.

Mrs. Lizzie West is visiting her son, C. L. West at Lake Charm. Mrs. West has many friends in Oviedo who extend her a hearty welcome.

A large crowd of Oviedo people attended the Sanford-Oviedo ball game in Sanford Thursday.

Mrs. J. B. Jones and Mrs. O. G. Wolcott are attending the U. D. C. meeting in Jacksonville this week.

**LAKE MARY**  
Emory Martin arrived home last Thursday from Fort Meade to spend a while with his family.

Mrs. W. T. Humphrey and Mrs. M. E. Smith of Clyde were business visitors here last Friday.

Mr. Fred Sjoblom and family consisting of Mrs. Fagan, Mrs. Albert Sawyer, Miss Julia Sjoblom and

## TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice told testimony. It's Sanford evidence—doubly proven.

Mrs. R. Z. Murphy, 106 Laurel Ave., Sanford, says: "I used Doan's Kidney Pills a short time ago and I am now quite free from any lameness across the small of my back or kidney weakness. I suffer terribly from this trouble before I used Doan's Kidney Pills, which I got at Brown's Drug Store. Doan's gave me relief from the first. I have used three boxes and they helped me so much I gladly recommend them" (Statement given May 21, 1914.)

On March 19 1918 Mrs. Murphysaid: "I haven't had the slightest need for Doan's Kidney Pills since I endorsed them in 1914. I consider myself cured and give Doan's credit for my cure."

## Buy With Your Ears as well as your eyes

## PHONOGRAPH

No needles to change

The Pathe Plays all Makes of Records

**SANFORD FURNITURE CO.**  
J. D. DAVISON, Manager

—and you won't mistake a peacock for a nightingale or an ordinary talking machine for a jeweled Pathe.

Listen to the Pathe with the Sapphire Ball and all-wood violin tone chamber. You hear every note—every word clearly, distinctly, no scratching metallic sounds. You cannot help being impressed with the Pathe superiority in tone when you buy with your ears.

Your eyes will see the tiny (hand-polished) Sapphire Ball gliding smoothly round and round without-searing or cutting the groove.

See it rubbed across the record—children often do this—without hurting it. And remember no needles to change.

Even if you buy with your eyes—you will see many advantages in the Pathe instrument not found in the ordinary talking machine.

Come to our store and hear the tone of an instrument as clear as the song of a nightingale, in a cabinet as big and beautiful as a peacock.

## WOMAN'S CLUB

**Social Department**  
As a rule the Social Department have their meetings Tuesday afternoon but last week the precedent was altered to Tuesday evening thus insuring a hearty good time for a larger number, seventeen couples at tending.

Cards and dancing were both enjoyed. At bridge Mrs. H. H. Heren was recipient of first prize and Mr. Ball receiving men's prize. Mrs. Walter Morgan was hostess for the evening. Mrs. E. M. Galloway and Mrs. George Fox serving ice-cream and cake.

**Club Members Attention**  
The monthly business meeting of the General Club will be held Wednesday afternoon 3:30 at the club rooms. This means every member in her place. Come!

A call meeting of the Welfare Department of the Woman's Club was held in the Woman's Club rooms April 23rd, for the purpose of electing officers for the coming club year and also to discuss important business. Results as follows:

Vice Chairman, Mrs. L. P. Hagan; Secretary Treasurer, Mrs. W. M. Haynes; Membership Committee, Mrs. N. L. Goodhue; Finance, Mrs. R. J. Holly; Program, Mrs. G. I. Loucks.

Mrs. S. Puleston, Welfare chairman gave a splendid outline of the coming year's work, also naming her chairmen, who were to serve on various committees, being defined thus: Victory Boulevard, 4th Street Park, Mrs. W. A. Hill, Mrs. J. M. McKinnon; Parents and Teachers Association, Mrs. T. M. Puleston, Mrs. J. N. Whitner.

Plans for Spring Festival were given and committees named for same. The date for this occasion being May days of 20th, 21st, 22nd, Place, Ninth Street Park. Following discussion and suggestions of this the Welfare Department's greatest hobby at the present time came the interesting subject, Better Baby's Contest. Motion was made and carried that this be embodied in the Spring Festival, Mrs. R. R. Deas being appointed chairman.

Mrs. W. E. Watson gave a full and complete report as chairman of civics, this including Arbor Day planting, starting of Victory Boulevard, Orphan's Christmas Matinee and contributions toward Owen Lovejoy, Genl. Sec'y National Child Labor committee.

**Literature Dept.'s Meeting**  
Wednesday, April 23rd an interesting meeting of the Literature Department was held. Mrs. L. R. Phillips, chairman, presided. The program was given over entirely to that all important question of the reconstruction period, "Our Schools." A worth while article on the "War and Secondary Education," taken from the Michigan Alumnus was read by Mrs. G. L. Maris. Quoted in part:

"It does not require a gifted mind," says Dean Coffman, "to discover that schools will never again be what they have been." Transformations are being made in respect to aims, organization, subject matter, internal administration, government and methods."

This quotation is not only applicable in England but is just as appropriate for American schools. To perfect itself is the new task which is before civilization today, and to accomplish the task the public schools as a unit must be dedicated.

This task involves new standards of life values, new ideals of human intercourse, a fine spirit of social cooperation, and a broader, kinder spirit between class and class and man and man—all this together with an enhanced efficiency and improvement in agricultural, industrial, domestic and commercial activities. This will in turn perfect democracy.

In conclusion, "By the cataclysm of this great war, the forces of industrial and social life, the intellectual activities and spiritual emotions have been stirred to their utmost limits. Before, we skated on the surfaces of things; now we are looking into their illimitable depths.

**Sure Sign.**  
Said the head barber (all barbers being head ones, strictly speaking), "I can always tell a man who is used to shaving himself by the way he tries to put out his cheeks in ticklish places."

## WOMAN'S CLUB

was ready for the onset, which was not long in coming, for 1895 arrived with its awful freeze of the orange groves of Florida and millions of boxes of oranges in one night and was followed in 1897 by another freeze which seemed destined to destroy what was left from the wreck of two years before. Banks are of course expected and intended to extend reasonable financial aid to their communities in times of distress, and when there are several to divide the burden the task may be easy. But it may be remembered that much of the time of bank failures and other public disasters recounted, the First National Bank of Sanford stood almost or quite alone in proximity to this community, and however heavy the demands upon its resources had been, those arising from the last two mentioned catastrophes were greater still, but were met with characteristic energy and promptness.

New industries have since sprung up, the people are prosperous, and appreciate the solidity of the First National and its helping hand of the past have bestowed upon it a liberal patronage so that in spite of its struggles and burdens, and in spite of the natural and energetic competition which has arisen, this institution is stronger today than ever and enjoys a share of deposits, even in excess of the past.

What more appropriate time, then, to advance one so intimately identified with its management and career through so many hazardous situations to its supreme head? Mr. Forster has, of course, always kept himself surrounded by a competent corps of assistants who have rendered valuable aid in co-operation with him and the able board of directors in achieving the bank's success. The late addition of ladies to the force the janitor says he thinks "Quitter improvement!"

Citizen.

## Hulley's Bill to Put Untaxed Land on the Tax Lists

One of the best measures so far passed by the senate is a bill introduced by Senator Hulley to produce more revenue. Millions of acres of land throughout the state are unproductive. Taxes on millions of acres were unpaid by their owners at a time when the lands were not bringing returns. These taxes have accumulated for years. Added to the cost of the land, the price is prohibitive, no one will buy them with all the back taxes on them. And so they lie on the hands of the state, and bring in no revenue.

It has long been a problem what to do with these lands. The big question before the legislature is to provide money to pay the expense of redeeming the government. Dr. Hulley brought in his plan to increase income by making all the land productive. There are buyers waiting in every county to take up these lands. But the back taxes are in the way.

This bill provides that all tax certificates held by the state prior to 1915 may be redeemed by payment of their face value, the accumulated interest being wiped out. There are millions of dollars worth of these tax certificates now held by the state. The bill will bring into the market ready purchasers, and add millions of dollars to the state income.

The committee on finance and taxation accepted the bill as the best measure ever proposed dealing with the vexed question of the redemption of tax certificates.

The bill, if it goes through the house will permit of the redemption of these certificates at any time in the future. It does not affect tax certificates held by individuals. But all land that has reverted to the state for non payment of taxes will now pass out again into the hands of owners who will be subject at once to taxes on it. It is regarded as one of the most constructive pieces of legislation so far proposed.

## Her Ears Open.

A little girl who always has her ears open for the conversation of her elders, heard her grandmother diagnosing a case of the hives. Later this little girl noticed a red spot on her arm. She ran to her grandmother, exclaiming: "Oh, grandma, see, I have the hives, too."

## Sounded Like That.

Dorothy's mother was getting her to repeat the Lord's prayer, and all went well until near the end. "And deliver us from evil," said her mother. "And deliver us from measles," repeated Dorothy.—Boston Transcript.

 So Says Saunterer.

No matter where I chance to land,  
 As through the world I stray,  
 I'm right here to take my stand  
 For the good old Dixie way.

In far off countries things are done  
 In different style—but say—  
 I can't forget, for I've been won  
 To the good old Dixie way.

East and West and North will tell  
 You thus and so is the proper way  
 And of course they're meaning well  
 But gimme the Dixie way.  
 —PHA.

While there is so much being  
 said and done about the "Monroe  
 Doctrine" it might be interesting to  
 note just why, when and where it  
 arose. Moses Folsom says the so-  
 called doctrine was announced by  
 President James Monroe in his 22-  
 nth annual message Dec. 2nd, 1823,  
 as follows: "With the existing col-  
 onies or dependencies of any Euro-  
 pean power we have not interfered,  
 and shall not interfere. But with the  
 governments who have declared their  
 independence and maintained it, and  
 whose independence we have, on a  
 great consideration and on just  
 principles, acknowledged, we could  
 not view any interposition for the  
 purpose of oppressing them, or con-  
 troling them, in any manner, their  
 destiny, by any European power, in  
 any other light than as the manifes-  
 tation of an unfriendly disposition  
 toward the United States. In the  
 war between these new governments  
 and Spain we declared our neutral-  
 ity at the time of their recognition,  
 and to this we have adhered, and  
 shall continue to adhere, provided  
 no change shall occur, which in the  
 judgment of the competent authori-  
 ties of this government shall make a  
 corresponding change on the part of  
 the United States indispensable to  
 their security." The Doctrine was  
 received with widely different views,  
 but France was the only one that  
 suggested that it be opposed by Euro-  
 pean powers. The Doctrine was  
 not favorable in this country until  
 the time of Polk who spoke in favor  
 of it. Grant then took it up with  
 regard to the occupancy of Mexico  
 by French troops, who supported  
 Maximilian as Emperor. Grant  
 sent an army under General Sher-  
 man to the Mexican border. The  
 French troops were withdrawn and  
 Maximilian was shot to death by  
 the Mexicans. Cleveland gave the  
 doctrine another boost when he noti-  
 fied Great Britain to order her  
 battleships away from Venezuela.  
 Roosevelt extended the interpreta-  
 tion. The American delegates to  
 the Hague conference in 1899 an-

nounced that the doctrine was an  
 American policy. Now that the  
 peace conference in Paris seems will-  
 ing to accept it, world opposition  
 will cease and no foreign power can  
 extend its authority, without trouble  
 to any part of the American conti-  
 nents.

The question is—are we to have  
 a complete system of good roads or  
 are we not. The only way this  
 question can be answered is at the  
 polls on the 13th of this month—  
 next Tuesday, when the people of  
 Seminole county will have the privi-  
 lege of going to the polls and ex-  
 pressing their conviction as to bonds  
 for good roads. To have good roads  
 bonds must be voted. Good roads  
 bring one another closer together,  
 they make transportation much eas-  
 ier and cheaper. Good roads are the  
 best asset a city or a county or a  
 state can have, and with the pro-  
 posed loops Seminole county will be  
 world famed within a few years for  
 its excellent drives, and magnificent  
 roadways. Good roads will show  
 that the people are considerate of  
 the man who does not happen to live  
 in town—they show that he may  
 have some of the comforts of a city  
 without living within the limits of  
 one, on the other hand the same  
 good roads will show that the  
 people are considerate of the man  
 that does happen to live in town and  
 has his farm or his ranch out of  
 town and is forced to make the trip  
 each day—also when it is necessary  
 for the farmer to deliver produce to  
 the market or the merchants to de-  
 liver stores to the farmer the roads  
 will be there. I could go on for a  
 day and enumerate the various bene-  
 fits of the good roads but suffice it  
 to say that the good roads will help  
 everybody. Vote for bonds.

I don't know whether it will do  
 any good to talk about them or not,  
 but if there is anyone here who has  
 not had his little outing with the  
 present day "Wash Lady" let him  
 stand up. Well, there is one old  
 bachelor over there, and he says he  
 did not understand the question. I  
 would just remark that the impu-  
 dence of some of the critters is of  
 the strongest kind. Many of them  
 advise poor fellow who has to get  
 his clothes washed that they are just  
 washing for a pastime and for that  
 reason can afford to do as they please  
 about it, and most of them please to  
 charge about four prices and then  
 when the clothes come back it is  
 hard to tell whether they washed  
 them or scrubbed the pots with  
 them, but before that time, dear  
 reader they have the long green  
 stuff in their stockings and it aint  
 nothing to do but grin and bear it.  
 This kind of thing won't last so very  
 long at that, though no one minds  
 paying for their wash in the least,  
 but they do want to be treated civil-  
 ly about hiring some one to do it.

The whole of Seminole county is  
 enjoying a time of prosperity as  
 never before enjoyed. More building  
 and more work is going on and will  
 be going on in a few days than ever  
 before. There are now twelve large  
 forces clearing lands for crops and if  
 one should go down along the Jesup  
 Drainage District he would have to  
 stop and think for awhile and see if  
 the noise of the battle front had not  
 been transferred there. Dynamite  
 and all kind of stump persuaders are  
 being used, and then on across the  
 other side of Sanford the same thing  
 is going on, then too, out along  
 Oviedo way they are just getting  
 started to do some clearing of land,  
 although they have been clearing  
 there for two years or more. Now  
 just think of that, and then the new  
 Valder hotel is to be built this sum-  
 mer. The new court house is now  
 under way, and if the road bonds  
 carry, just look at the force of men  
 that will put to work—everybody is  
 prosperous, and seem to be having a  
 good time. Let the good work go  
 on, don't a man here presume to  
 stop such magnificent workings.  
 There is another item that deserves  
 the credit and attention of Sanford  
 and Seminole county and that is the  
 new Seminole Hotel—that is just  
 being finished up, and a brighter  
 hostelry cannot be found anywhere  
 in the state—that is a good move  
 and will do its share to make San-  
 ford come out. The Carnes Hotel  
 also is receiving a good stripping and  
 when it gets its end changed it will  
 not be any slouch of a hotel itself.  
 The prosperity is with us—now don't  
 run it away.

**Watermelon Stem-End Rot**  
 The loss from stem-end rot last  
 year equalled about 2500 acres from  
 four southeastern states. This rep-  
 resents about one-fifth of the entire  
 crop. The watermelon crop of Flor-  
 ida was heavily affected. Much of  
 this loss can be avoided by the fol-  
 lowing precautions, says H. E. Ste-  
 vens of the Experiment Station:  
 Field sanitation is an important  
 practice. All rotting melons should  
 be collected in barrels or boxes at  
 least once a week and removed from  
 the fields. Melons should be care-  
 fully handled to avoid any possible

bruising or cutting of fruits, espe-  
 cially the slashing of fruits that often  
 occurs when cutting them from the  
 vine. When harvesting, melons  
 should be cut with as long stems as  
 possible, and they should be loaded  
 within a few hours after cutting.

Before loading, the car should be  
 thoroughly cleaned and provided  
 with bedding of dry straw. The  
 sides of the car should be lined with  
 some heavy paper and care should  
 be taken to see that the ventilators  
 are opened.

Stem treatment is a most impor-  
 tant practice in preventing decay in  
 shipment. As the melons are loaded  
 the stems should be cut, leaving  
 about an inch attached to the fruit.  
 A disinfectant paste is immediately  
 applied to the freshly cut stems with  
 a small brush. Care should be taken  
 to keep from smearing the fruits  
 with this paste.

For more detailed information  
 concerning this disease, see Farmers  
 Bulletin 821, "Poster on Water-  
 melon Stem-End Rot."

G. D. Tucker and M. L. Benn of  
 the Bureau of Plant Industry, Wash-  
 ington, are in the state directing  
 control operations of this and other  
 diseases, and interested growers may  
 secure the services of these men by  
 addressing them, Agricultural Ex-  
 periment Station, Gainesville.

**Florida Editor in Town**

Mr. Robert J. Holly, editor of the  
 Sanford (Florida) Herald, is in  
 Charleston, being here as a Y. M.  
 C. A. transport secretary on board  
 the Martha Washington, which  
 reached the Port Terminal Sunday  
 morning.

Mr. Holly declares that he was  
 amazed at the splendor of Charle-  
 ton harbor. He said that he had  
 heard of Charleston as a genuine  
 deep-water port, but that he was not  
 prepared to find so magnificent a  
 land-locked harbor.

Charleston, Mr. Holly said, ought  
 to move forward steadily, now that  
 the impetus has been given. Up-  
 building of this port, he said, will, in  
 his judgment bring large benefits to  
 other cities along the South Atlantic  
 coast.

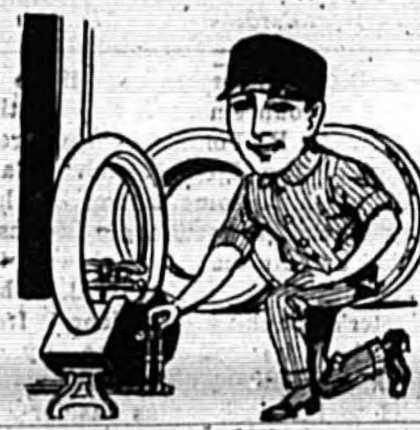

Feeling that he ought to do some-  
 thing in active service for the men  
 who were defending the Stars and  
 Stripes overseas, Mr. Holly arranged  
 to take a leave of absence from the  
 Sanford Herald and enter the Y. M.  
 C. A. secretarial service.

He said that his duties aboard the  
 Martha Washington were very  
 pleasant and that he has striven to  
 let the returning soldiers know that  
 the Red Triangle is their particular  
 friend.

**Ships for South America**  
Senator Park Trammell is today in receipt of information that the sub committee of the Shipping Board, at a meeting on yesterday looked with favor upon assigning a number of the government's ships for use in carrying on trade with South and Central America from southern ports. Final action will probably be taken before the end of the week. It will be recalled that on last Thursday Senators Trammell, Simmons of North Carolina and Smith of South Carolina appeared before the Shipping Board and urged that fourteen ships be allocated for establishing lines from

the ports in Florida, Georgia, North Carolina and South Carolina.

**Papers Behind Loan**

Atlanta, Ga., May 8. The Victory Loan of the south will have more than ever before the power of the press behind it, was assured her by the more than 300 editors who came to Atlanta as the guests of the district Liberty Loan organization. Many of them made vigorous addresses pledging renewed efforts to lay the importance of the last loan before the people, with a view to having every citizen join in finishing the job.

Carter Glass, Secretary of the Treasury and publisher of two news-

papers in Norfolk was the guest of honor. He spoke at two meetings; one for the newspaper editors and active Victory Loan workers, and one open to the general public. He expressed absolute confidence that the American people would put through this loan as they have all the others.

"The American who quits now is like a deserter in the face of the enemy," he said. "The soldiers in France and Germany are sticking to their job until it is finished. Shall we who stayed at home do less?"

The editors and many chairmen in the campaign who had put their counties over the top were guests at a luncheon given at the Piedmont Driving Club by the Liberty Loan organization. Haynes M. Faden, executive chairman was toastmaster. Addresses were made by several members of the district organization, including St. Ermo Massegnae, director of publicity, who spoke of his cordial relations with southern newspaper men for twenty five years.

"Nobody has done more than the newspapers and newspaper men to put over the five loans," he said. "This country owes them an enormous debt. They have given faithful service which could not have been paid for in money, not even with millions. And they will continue to render this service as long as it is needed."

Frank P. Glass of Birmingham, president of the American Newspaper Publishers Association was one of the principal speakers at the meeting in the forenoon. Senator Hoke Smith introduced Secretary Glass.

The editors came from as far as western Louisiana, West Tennessee and Southern Florida. There were several who represented large dailies, while many owners of small country weeklies paid their first visit to the district headquarters. They vied with one another in pledging hearty support to the Victory Loan.

Prospects for the Sixth District campaign are bright, according to reports from the headquarters' offices. Hundreds of banks which had delayed making reports of subscriptions wired them in, and the Atlanta district was lifted from last place to a position higher in time.

**"The Centenary"**  
E. F. Lacy

A century has passed since a group of men organized the "Missionary and Bible Society of the Methodist Church in America." We have grown from a few thousand to more than five millions, from a contribution of seven hundred to seven millions of dollars a year. And now the Southern Methodist church alone proposes to do that much each year for five succeeding years. Florida will do her part in raising this amount.

Not only at night that we observe in a worthy way the celebration of the hundred year, of such blessing, but God has given us the most fitting day in all history for such a celebration. No such day has heretofore dawned.

Every nation is wide open and ready now for the message of Jesus Christ. A century ago the doors were closed.

Men and women are heeding the call for enlistment for service in larger way than was ever known before. The call is more distinct and response fuller.

The historic celebration and the providential hour mark a wonderful conjunction for us in the history of the world. We can never undertake the things of the kingdom of God on the small basis of the past endeavors. We must meet the world situation in adequate terms of service and of gifts. And according to our faith, will it be.

The Centenary Movement is fundamental to the right adjustment of international relations. It is not an accident that the Centenary comes at this time. We have our accident that the Centenary comes at this time. We have our legitimate and worthy place in this larger service for humanity. Unborn generations will rise up to bless a generation.

The Centenary Movement comes with the message of Jesus Christ for the whole world, which is the only basis upon which we can build with any hope of permanent peace among men. At such a time and with such a mission every Methodist in the land ought to bring his very best in service and in gifts, that we may do our part in this world-wide task. The hourglass has struck the hour, let the church go forward.

**Marketing Hogs**  
Beats burping them. Steve Hoover, Mt. Pleasant, Iowa, writes, "Confined feeding my herd of about 100 hogs B. A. Thomas' Hog Powder over two months ago. Fifty were sick and off feed. Nearby herds had cholera. I did not lose one—they are well and growing fast." Merchants Grocery Co., Sanford Fla. 61-8tc

**Spoiling the Ship for a Penny's Worth of Tar**

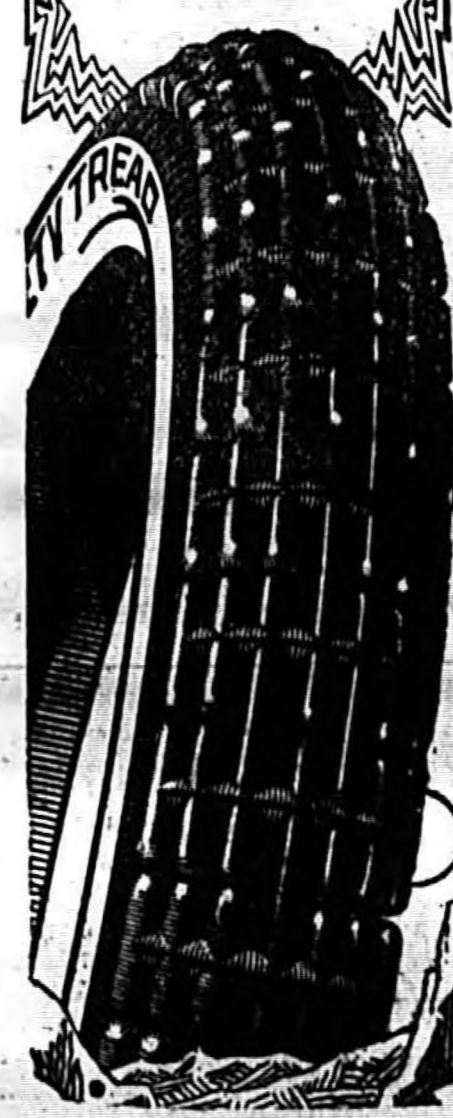

You know the old saying—Don't let this ship go to our American Ship of State.

Our Country has never stood higher in the eyes of the world than it does today. A place second to none among the Nations has come to mean a place in the sun calling upon us Americans to be teachers and examples instead of followers.

We forget to make the World a decent place to live in, now we must pay to keep the World a decent place to live in. The eyes of all people are upon us, we must put this Victory Loan over a dealer quick time.

Remember, 14 1/2 per cent a quarter more this time, and with America's whole resources behind you. Do your bit towards steering our American Ship of State towards the greatest smooth sailing prosperity the world has known and wish this war in a different way.

**Shall We Spend Our Own Money or Shall They?**

That's the one big question that the citrus growers of Florida are called on to answer. Shall we, citrus growers, spend for ourselves and families the money which our fruit sells for in the markets? Or shall they, the persons connected with the speculating marketing agencies, expend for their comforts and pleasures the profits earned by our groves? The issue is clear cut and well defined. We and ours may enjoy the full returns from our investment and labor, or they can be allowed to benefit tremendously at our expense. We fruit growers who market our fruits cooperatively through the Florida Citrus Exchange, sell it for more than it would bring if handled through any other channel—consumers and dealers are willing to pay more for the assurance of good quality and spare dealing that the Sealsweet brand gives them. And we growers who are members of the Florida Citrus Exchange know where and to whom our fruit is sold, what it sold for and the cost of selling—and receive all the money it brings, less the reasonable deductions agreed upon in advance to cover the necessary expenses of advertising and sales work.

**They Have Made Hundreds of Thousands of Dollars Off the Oranges and Grapefruit That We Produce!**

And they can afford to spend huge sums in persuading us to let them keep on profiting from our labor. Mighty little real money earned from other sources ever has been invested in the fruit business by the speculative marketing agencies. Practically all of the vast sums on which they operate and all the enormous amounts they have made from their transactions came out of our work. The money with which they maintain their elaborate organizations, the money they offer to loan us on our crops, the money they use to buy our fruit on the trees before the shipping season at prices far below its real value—all the money that they spend is our money. During the shipping season, just ending, a great many more of us citrus growers of Florida than ever before decided that we had in our

ranks the ability and capacity to market our fruit in a manner that would cause it to bring all it was worth and return to our pockets all that it brought. Now they who have to do with the speculative marketing agencies of the state are alarmed over the outlook. They fear that more and more of us will come to see the light and insist on doing for our own benefit, that which so long they have done for their profit and pleasure—the marketing of our fruit. They are ready to spend hundreds of thousands of dollars of the money that they have made on our fruit to induce us to let them retain the marketing privileges through which they have piled up these big sums from the product of our groves, and by the combined possession of which they can pocket still bigger amounts from the proceeds of our crops.

Shall we spend the money we earn or shall they? If you want to spend your share of it, join the Florida Citrus Exchange and you can. Further facts about what the Florida Citrus Exchange has done and will do for its members can be secured by calling on, phoning or writing to

slide down the cellar door with anybody. So she took her dolls and dishes and went home.

The soldier's mess kit has been so long his plate and salad plate and bread and butter plate and vegetable dish that he is astonished to realize once more how much china it takes to serve a simple meal.

In Chicago every purchaser of \$25,000 worth of the Victory Loan is entitled to ride in an aeroplane. Some of us would pay \$25,000 (if we had it) to stay out of the darned thing.

The ex-kaiser has been officially charged with the commission of thirty different crimes. We are not vindictive, and will be satisfied if he receives a light sentence of one year's imprisonment upon each count.

Who would have thought two years ago that the ownership of a seaport town upon the Adriatic could interest public feeling throughout our country?

The resumption of American travel in Europe is fixed for January, 1920.

The fact that foreign travel has

not been permitted has had the excellent result of making Americans better acquainted with their own country. People who would naturally under ordinary conditions have taken European trips have learned the beauties and possibilities of Florida.

Before the war Americans spent annually \$300,000,000 in Italy and France. Since then great part of this money has gone into Uncle Sam's coffers, or into different branches of patriotic work. And the remainder has helped to increase the circulation of money in our own country.

If you can afford a trip abroad next year, well and good. But make sure first that you are not neglecting your own country. See AMERICA FIRST.

MOTHERS' DAY

The annual celebration of Mothers Day takes place next Sunday, May 11th.

There could be nothing more fitting for us to commemorate. The earliest recollections of each of us center in a mother's devotion.

No relationship in the world entails as much self sacrifice as that of mother and child. From utter helplessness to full maturity, every step of the child's life is guarded by the mother's sympathy and wisdom.

The mothers of this country deserve especial recognition this year. Since entry of America into the war so many of our mothers have seen their sons go away at the call of the country to certain privation and hardship, to possible death, to mutilating, courageous and often fully the mothers have made their sacrifice. Letting their beloved sons go with a smile and an encouraging word, the mothers have devoted themselves to keeping the homes cheerful and uncomplaining.

And now the day has come when we must recognize their part in the war. Their presence near in their lives. The memory of their sacrifice is a source of strength and inspiration to us.

It is the duty of every citizen to do his part. We must recognize the part of the mothers in the war. Their presence near in their lives. The memory of their sacrifice is a source of strength and inspiration to us.

and elections. When we believe that this issue should be voted, and will be voted, it is not fight that voters should pass this check up with the idea that it is a very little thing to do. It is a very important matter. It may be the only chance we have to get our minds and our hearts set on the right path.

Chicken Livers
An old hen has a much larger liver than you in proportion to weight or food eaten. Then it follows that they get bilious just like you do. They are gradually, cross, unhappy. Start her liver and make her happy. Then she will lay eggs all the winter. Come and get a package of Dr. A. Thomas' Peasantry Powder. Use it occasionally. See your hens perk up - hear them sing - look for eggs. Your money back if it fails. Merchants' Gro. Co., Sanford, Fla. 51-52c

PIANO RECITAL
TUESDAY NIGHT

(Continued from Page 1)

Added to his regular program numbers by request were "Sweet Little Woman of Mine" (Bartlett), "Here is my Heart" (Silen), included in his encore "I Love you Truly" (Cairie Jacobs Bond) and "The Children's Story Book" this last for the young people who were truly delighted to hear the Mother Goose songs given a new twist.

The piano numbers were most artfully rendered and with the exception of a few Grammar School pupils was given by the students of the High School.

The praise of each pupil was commensurate upon with expressions of pleasure, the graceful and quiet technical style and splendid pedal effects were noticeable even in the little folks numbers.

The selections, from the latter

Ford THE UNIVERSAL CAR
Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country or town. They require a minimum of attention; anyone can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

group of pianists were faultlessly executed and technically difficult for their years. Each little performer was enthusiastically endorsed. Loveliest floral tributes were showered upon the participants testifying to the popularity of each. None were more appreciated than the dainty bouquet of sweet peas presented by the young ladies of the telephone exchange and exquisite clusters of Easter lilies, the gift of Mrs. C. W. Shinholser to Mrs. Munson.

The simple beauty of the stage decorations with its graceful bamboo and stately white lilies and gleaming statuary was a charming setting for the graceful women and youthful figures in dainty attire. The program follows:

**Letter From R. J. Holly**

Few people know of the wonderful possibilities of the Charleston section as a place to raise and ship spring crops. Having been out in this great section with J. E. V. Jervy to spend the day it was my privilege to meet Messrs. Carleton and Towles of the South Carolina Produce Association, to inspect their offices and mode of doing business and to get some idea of the great benefit of this association to the growers and shippers of this section. I saw over 2000 acres in cabbage alone and some of the finest Irish potatoes that are almost feady to ship and many other crops that are bringing the growers good money and as in Sanford, this season the growers are reaping a rich harvest. The Association controls 90 per cent of the crops here and has made a wonderful record the principal crops handled being cabbage and Irish potatoes, although they also grow cucumbers, turnips, squash, sweet potatoes, beets, etc. The association last year shipped 223,287 crates of cabbage and will ship more this year. They also shipped 215,209 bbls. of Irish potatoes and 100,000 crates of cucumbers, the total number of cars of truck being 3,100 for the season so that they could talk in big figures just as fast as I could talk about our section.

The association was established along the same lines as the Florida Truck Growers in our city and modeled after the Eastern Shore but the method of handling the office features has been changed and I believe after going over the record of keeping track of the returns, the freight claims, etc., that the South Carolina Association has installed one of the most complete systems of all the associations. The members of this association are looked after right straight through the season and are loaned money for seed and the fertilizer guaranteed but if they are as successful as they are this season they will not need any help in this respect. The greatest thing accomplished by the association is one that has always been uppermost in my mind in our section and that is the improvement of the soil. The growers here the inspectors have not proved satisfactory in every respect and they have about abandoned the idea of depending upon the inspectors in the field. The buyers in fact prefer to do their own testing at the platform and this might be a good idea in our section. It can be seen that the soil is not as good as it used to be and that the crops are different. But the phosphate fertilizer that is being used here has proved true to the game and means that the soil is all right and it brings the price which is reason enough for a standard pack and brand that can and should be maintained.

I was entertained at dinner at the cozy bungalow of Mr. and Mrs. Carleton where I had a very pleasant time. The garden was in the best of condition and everything in good shape. I saw a new one on me but proved to be a winner. Mr. and Mrs. Carleton were in Sanford this season and he operated some in Sanford every I believe and aside from being one of the biggest men in the vegetable and shipping game he is one of the biggest men in the state. And I was a treat to go over this great section and see other people grow and manage and making money. One man here makes a specialty of growing cabbage plants for the trade all over the country and planted this year \$1800 worth of seed which is some stunt even to a blue celery man like myself. And then Charleston has the advantage of two railroads. Water rates, nearer the northern market and is reasonably safe from cold on account of the water protection. While my heart is still with Florida I must confess that the country around Charleston looks awful good and I find that people can grow money crops in most any place where they have the right climate and the right spirit and the idea of getting together and pulling together is the only principle under which success is sure. My old friend J. E. V. Jervy who lives here has a cinch on the business of getting stuff here and is also a friend of the association and spends five months or more here among his friends while he is shipping produce north. All of which makes me think that when I return to Sanford I will engage in growing and shipping vegetables and buy a car or a Ford.

**Perfume in the Early Ages.**

From the very earliest times man has loved sweet odors. In the Bible we read of the burning of incense on the altar and the very word perfumery (under which head we may include all of those things of small value) comes from the Latin perfume, smoke or vapor. The use of perfumery dates back to the earliest times and is the separation of the odorous principle from fragrant plants, but the most ancient odors were drawn from natural gums such as saffron, myrrh and cinnamon.

**The Black Diamond.**

Although white diamonds come chiefly from the Transvaal, the black diamond is found in its greatest purity in Brazil and especially in the Province of Bahia. For its finest stones the diamond is valued at \$200,000 per carat.

bamboo and palms with a small door. The background was arranged in evergreens, and the two large letters in white roses "S-K" was beautiful.

The bride on her father's arm entered through the improvised door as the groom and his best man, Mr. Gus Small entered the other of the room, to the strains of Lohengrin's Wedding March and were met by the minister at the altar. During the ceremony the soft strains of violin solo "Spring Song" were heard.

The bride was never more becomingly attired in her beautiful white gown with large bouquet of white roses.

After the ceremony delicious ice cream and cake were served.

The bride and groom left immediately for Jacksonville, Palm Beach, Miami and Fort Lauderdale, where both Mr. and Mrs. Robbins have relatives.

The happy couple received numerous presents, among which were cut glass berry set, water pitcher and glasses, sherry and ice tea glasses, fifty dollars in cash, a chest of silver and soap, ice tea, coffee, and cereal spoons, blue bird dinner set in china and a tea set of dishes in dainty pink and gold design, a complete culinary outfit of aluminum, bed and table linen, hand-painted china, bowls, plates and single pieces too numerous to mention, also a \$5.00 piece from an old settler who makes it a practice of giving all the brides of his neighborhood a \$5.00 gold piece, Miss Vihlen being the tenth bride who has been a recipient.

Both these young folks are well known as Miss Vihlen has been working for S. O. Chase & Co. for the past three years. Mr. Robbins has been a valued employee of the A. C. L. R. R. for several years.

After the wedding trip Mr. and Mrs. Robbins will reside in Sanford, making it their future home.

The best wishes of all their friends go with them for their future happiness and success.

**NOTICE**

Notice is hereby given that the undersigned will, on Wednesday, the 14th day of May, 1919, at noon thereafter at convenient, apply to the Honorable Sidney J. Cates, Governor of the State of Florida, for letters patent incorporating "The Ball Hardware Company," under the following proposed charter, the original of which is now on file in the office of the Secretary of State of the State of Florida at Tallahassee.

**Articles of Incorporation of "The Ball Hardware Company"**

The undersigned hereby associate themselves together for the purpose of forming a body politic and corporate under the laws of the State of Florida, and under the following proposed charter:

**Article II.**

The general nature of the business to be transacted by the corporation shall be: To buy and sell, and otherwise deal in and dispose of, all wholesale and retail, for profit or otherwise, all kinds of hardware, machinery, piping, fittings, plumbing, tinware, tinware and generally to acquire, deal in and dispose of, in the manner provided, all articles and commodities incident to a general wholesale and retail hardware business, to engage in and carry on the business of plumbing, roofing, gas fitting, electrical fitting and other businesses of like nature.

**Article III.**

The amount of capital stock of the corporation shall be Fifty Thousand (\$50,000) shares, divided into Five Hundred (500) shares of the par value of One Hundred (\$100.00) Dollars each, which shall be payable in law in the United States of America, or in property, or labor, or services, at a fair and reasonable valuation to be fixed by the board of directors.

**Article IV.**

The term for which the corporation shall exist shall be perpetual, unless sooner dissolved according to law.

**Article V.**

The business of the corporation shall be conducted by a president, a vice-president, and a secretary, and such other officers and directors as may be elected from time to time by the stockholders. The directors shall elect a president and vice-president for each year at a meeting held for that purpose in the principal office. Said officers and directors shall immediately thereafter, be elected for the first annual meeting of the corporation, to be held on the 1st day of May, 1919.

**Article VI.**

The business of the corporation shall be conducted by a president, a vice-president, and a secretary, and such other officers and directors as may be elected from time to time by the stockholders. The directors shall elect a president and vice-president for each year at a meeting held for that purpose in the principal office. Said officers and directors shall immediately thereafter, be elected for the first annual meeting of the corporation, to be held on the 1st day of May, 1919.

**Article VII.**

The name and number of the incorporators shall be as follows:

1. J. G. Hall

2. Roy F. Symes

3. H. E. Squires

4. H. E. Squires

**NOTICE**

Notice is hereby given that the undersigned will, on Wednesday, the 14th day of May, 1919, at noon thereafter at convenient, apply to the Honorable Sidney J. Cates, Governor of the State of Florida, for letters patent incorporating "The Ball Hardware Company," under the following proposed charter, the original of which is now on file in the office of the Secretary of State of the State of Florida at Tallahassee.

**Articles of Incorporation of "The Ball Hardware Company"**

The undersigned hereby associate themselves together for the purpose of forming a body politic and corporate under the laws of the State of Florida, and under the following proposed charter:

**Article II.**

The general nature of the business to be transacted by the corporation shall be: To buy and sell, and otherwise deal in and dispose of, all wholesale and retail, for profit or otherwise, all kinds of hardware, machinery, piping, fittings, plumbing, tinware, tinware and generally to acquire, deal in and dispose of, in the manner provided, all articles and commodities incident to a general wholesale and retail hardware business, to engage in and carry on the business of plumbing, roofing, gas fitting, electrical fitting and other businesses of like nature.

**Article III.**

The amount of capital stock of the corporation shall be Fifty Thousand (\$50,000) shares, divided into Five Hundred (500) shares of the par value of One Hundred (\$100.00) Dollars each, which shall be payable in law in the United States of America, or in property, or labor, or services, at a fair and reasonable valuation to be fixed by the board of directors.

**Article IV.**

The term for which the corporation shall exist shall be perpetual, unless sooner dissolved according to law.

**Article V.**

The business of the corporation shall be conducted by a president, a vice-president, and a secretary, and such other officers and directors as may be elected from time to time by the stockholders. The directors shall elect a president and vice-president for each year at a meeting held for that purpose in the principal office. Said officers and directors shall immediately thereafter, be elected for the first annual meeting of the corporation, to be held on the 1st day of May, 1919.

**Article VI.**

The business of the corporation shall be conducted by a president, a vice-president, and a secretary, and such other officers and directors as may be elected from time to time by the stockholders. The directors shall elect a president and vice-president for each year at a meeting held for that purpose in the principal office. Said officers and directors shall immediately thereafter, be elected for the first annual meeting of the corporation, to be held on the 1st day of May, 1919.

**Article VII.**

The name and number of the incorporators shall be as follows:

1. J. G. Hall

2. Roy F. Symes

3. H. E. Squires

4. H. E. Squires

**BOX FILES**

for filing Letters, Bills, Invoices, Receipts, Etc. Plenty of them at 50c each

**HERALD PRINTING COMPANY**  
Office Supply Dept.  
Phone 148 Sanford, Florida

**Early Fertilizing**

Citrus trees need fertilizer earlier than usual this season. With the abundant spring moisture the soil supplies have moved freely and the trees have had a vigorous development. Now they need more fertilizer to properly sustain the fruit they are carrying and to promote a good summer growth. We offer any analysis.

All the potash you want.
