FIN THE WAKE OF A SONG THE CHURCH FOR ALL Carols in the night . . . the old story made over now again . . . the love for the Christ Child,

ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good eitizenship. It is a storehouse of spiritual values. Without democracy nor civilization can survive. There are four sound feasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his chil-dren's sake. (3) For the sake of his community and nation.

poignant, deep ... the nostalgia of past Christmases remembered. In the make of a song, "Silent Night, Holy Night," all this comes to mind. And we endow Christmas with the trappings of holly and mistletor, the flash of bright red ribbons, the glitter of the tinsel on the tree.

Yel, south of the Equator, Christmas comes in mid-summer. There is no holly, no mistleton and there's not upt to be a tree. But it is Christmas just the same

This is not morely a season, this time of the birth of Christ. It is much, much more. To understand it fully ... to see it in its entirely ... turn to the Church.

Beautiful Lunar **Eclipse Visible** For One Hour

By United Press

One of the most beautiful lunar eclipses ever seen was visible Friday night for about one hour for half the world. The shadow of the earth cast 238,000 miles in space turned the moon from pearly white to dull copper red.

The rare total lunar eclipse was visible in both North and South America, most of Europe and Africa, and across the Atlantic Ocean. It was the last total moon blackouts Americans will see until Oct. 12, 1968 .

"It has to go down iff history as one of the most beautiful lunar eclipses ever seen," said Dr. Fred Hess, associate astronomer at the Hayden Planetarium in New York.

He said a "beautiful diamond ring effect" was created as the earth moved silently between the moon and the. sun-the source of reflected umar light. The heavenly phenomenon

hills of a remote Roman Province, the Christmas story has become the most revolutionary challenge since

It is doubtful whether mighty Cossar ever heard of Mary and Joseph or of the good tidings brought to the shepherds by the angel chorus. Yet the tender blessed event heralded by the Star of Bethlehem has proven to be more revolutionary than the Hiroshima blast or Ranger Seven's trip

to the moon.

Like baubles on our Christmas tree, in terms of infinity, nuclear war heads and space rockets are manmade devices which will in time be supplanted and obscured. The birth in the manger and the angels' message will affect mankind throughout all eternity. What happened at Bethlehem represented a divine offer of peace and good will not only in this age but for the hereafter.

Fortunately for this and all future generations, the promised Prince of Peace proved to be more than just an oriental monarch and more than a Jewish messiah. He was the Son of God and his gift to the world is immortal testimony that there is a generous living Creator who feels deep concern for the welfare of all mankind.

The miracle birth which was made known to a few shopherds marked the beginning of the Christian religion. However, the Bethlehem mystery unfolded into something far more significant and more dynamic than a new religious faith. The Christmas story represents the be-ginning of Christian civilization, which we now know as the civilization of the west. Our calendars mark time according to His birth and our laws and rules of conduct are based

on His teachings, It is proper of course that we celebrate the birth of our Savior with music, with gifts and with fellowship. However, this Christmas let's probe despar into the Christmas story for guidance in handling our present problems at home and around the world. Beyond the lights, the carols and good cheer, what can Christmas bring to the modern world?

Our troubled world needs many things today but the one thing we need above all else is good will, the kind of good will mentioned by the divine messenger over the Palestine

Starting like a faint echo in the hill tops. Today we find bitterness lils of a remote Roman Province, between nations and between races - between labor and management - between liberals and conservatives and bitterness between neighbors.

Perhaps we are forgetting that the sacred promise of peace which came during the holy night at Bethlemen

was directed to men of good will. The Christmas story carries a message of brotherhood and takes the form of a parable wherein the despised Samaritan aids the injured man who was ignored by a priest. The story is continued in the sermon on The Mount during which blessings were promised to peacemakers.

At Calvary the story ended for a brief interlude but not before the crucified Savior requested God's for-giveness for his heartless tormen-

By word and by precept the Prince of Peace taught that it is more important to be a good neighbor than to observe-religious rituals.

In our self-suffcient complacency we sometimes assume that our en-lightened belief in the integrity of the individual and our insistence that a man is innocent until proven guilty come natural to intelligent men. But it is not so. All these humanitarian principles come to us from the story which began in the City of David and ended with the miraculous open-

ing of a scaled tomb at Calvary. Today the world's rulers wrestle in vain with the problem of human relations and we fall back on legislutive panaceas and military alliances to establish mutual respect between men and nations. Yet for 2000 years we have had before us the one golden rule which could maintain peace and good will:

"Do unto others as you would have them do unto you" Truly the gift of God's Son was the love gift of the ages and anyone

who harbors hate on this holy day is

out of step with the season. Once more through the eyes of hope we join the faithful Mary and Joseph - the revenent shepherds and Magi - in adoration before the Babe in the manger. With them we seem to hear faint echoes of a heavenly choir singing "Glory to God in the highest, and on earth peace, good will toward men."

Radio And T.V. Offer Music In Yule Programs

Many excellent musical programs are scheduled on television and tadio during the Yuletide sesson; watch your local newspaper for announce ments concerning these programs and make a date with the family to stay home and enjoy these special programs of Christmas music.

Churches also afford a wonderful opportunity to enjoy the music of the season; many of them annually present special programs of beloved works. Again, check your newspaper for announcements of these local offerings.

Taking advantage of the many opportunities to hear appropriate music together during the holidays will pay great for your family but also in drawing them closer together at this most family-centered of

Colorful Bag

Aids In Wrapping Bulky Gifts

Wondering what to do with those bulky or oddly shaped gifts that seem to defy wrapping paper, ribbon or tape? Here's a wonderful new idea for wrapping with a covering that serves as a second gift

To make a "gift bag," cut two square or rectangular pieces of fabric large-enough to hold gift when sewn together. Place right sides of the fabric together, and machine or hand new on three sides. Hem the open top edges or trim by cutting the edges with pinking seissors. Turn the bag right side out, spray with Faultless apray-on starch, and iron. Repeat until the fabric bag is starched to a fresh, crisp finish. Place gift in hag, gather the top as you would a paper bag.

Use any color or fabric for your gift hag, adding monogram or appliques if desired by sewing them on or froning them on with colored mending tape. A drawstring ribbon in the top hem will make it a personal laundry hag, or convert it to a carry-all for hair rollers and clips. There are no end to the uses to which these attractive gift hage can be put after the fun of opening them on Christmas morn-

MRS. ARTHUR BECKWITH JR., seated left, and Mrs. Robert Karns were hostesses recently at the Capri Restaurant to a bridal luncheon honoring Miss Martha Stemper, December bride-elect of Richard Springstead. Standing from the left are Mrs. George Wells, grandmother of the bride-elect; Miss Stemper and her mother, Mrs. William Stemper.

Protocol Slackens In Men's Formals During Holidays

A welcome relief for the holidays is the break in protocol's rigid requirements for men's formal wear. If you're planning to attend a Christmas dance, but lack the truditional black tux, have no worry. Baugh Bows Out As Oiler Coach In Sunday Tilt

HOUSTON (UPI) - Sunlay's game with the Denver Broncos will be Slingin' Samny Baugh's last appearance as head coach of the American Football League's Houston Oilers.

In an unexpected move Frilay, the 51-year-old former professional passing wizard nnounced his resignation so he could have more time to spend at his West Texas ranch near Rotan.

"I have been treated very fairly here, but I also have a ranch out in West Texas that would like to spend at least half the year on," Baugh said at a press conference. "I can't give the Oilers as much of my service as I think I should if I go to the ranch as much as I like."

The lanky, drawling tobacco-chewing coach added, however; "I still love football and I intend to stay in football." As proof, he said he would be pleased to stay with the Oilers as an assistant coach. Baugh is completing his

Small Claims Court Okayed By Long 1:00d

By Donna Estes Proposals to provide facilities for Judge F. R. Miller of Sanford to hold small claims court in Longwood, as has been requested by numerous business people of the area, were

approved Thursday night at a continued session of the city Mayor-elect David Wen

worth offered his services to open and close city hall for the court sessions and was authorized to meet with Judge Miller to work out the necess-

to request a change in zoning ordinances to permit construction of auxiliary buildings closer than 25 feet from property line. He explained that having no knowledge of this restriction he already had erected an 8 by 20 foot structure to house garden and power tools within the set back area and that he had been informed it must be removed. He was advised to do no further work on the building and that changes in the zoning are being considered.

In other business council set fees of the building inspector at the rate of 50 per cent of permit fees with a maximum of \$50 for any single permit.

A letter was read from County Commission Chairman James Avery asking council's opinion on banning Hwy. 17-92 side, parking, however, Chairman R. C. Carlson was asked to seek further clarification on the matter before action is taken.

The postman dropped off a greeting card at the home of Mrs. Byron Squires, at 207 East Fifth Street. The card was addressed to Mrs. "G?nis," and the return was Gastonia, N. C.

Mrs. Squires promptly turned the greeting over to her daughter, Mrs. B. F. Ganas, who opened it, found a Christmas card and a postoffice money order, all addressed to "Mother."

Mrs. Ganas sought The Herald's aid in locating Mrs. "Ga-

nis." No record in the telephone and city directories, the post office, city water works, etc. The Herald tried the information operator at Sanford, Ariz. and Sanford, N. C. No luck.

The Herald then enlisted the aid of the Gastonia Gazette. where The Herald's advertising director, Bob Alexander, was one time employed.

It was remembered Mrs. D. M. Gaines lives on West Fifth Street, but she said the card wasn't for her, although she, too, had resided at one time - in Gastonia.

Later that evening Mrs. Ganas learned the eard was properly addressed, and she delivered it to her mother's new tenant, Mrs. Garris.

Newsprint Use Hiked This Year

NEW YORK (UPI) - The American Newspaper Publishers Association disclosed that nearly 7.5 million tons of newsprint were used in the first 11 months of 1964, compared to a little more than 6.75 million tons last year.

Newspapers consumed 549,-913 tons last month, or five per cent over last year's figure for November, the ANPA
