

# Seminole Gridsters Undergo Tough Practice Yesterday Afternoon

## Line Continues To Work On Blocking While Backs Drill On Running Plays And Passing

Rumor That Colbert Lost For Season Is Spiked When Coach McLucas Says Right End Will Continue Play

By JULIAN EYENSTROM

The Seminole High School Colery Feds under the direction of Head Coach Leonard McLucas and his two assistants, Coaches Wood Riser and Russ McCracken, went through a tough Tuesday afternoon practice session yesterday afternoon when the boys of the orange and black went through strenuous drills on the offensive and defensive sides of the game.

The Seminole lineemen drilled in their pull out plays and blocking assignments while the backfield men went through sessions on their end runs, line plays and particularly their spinners over the line.

The backs and ends worked on their passing for a few minutes. Opening the practice, the entire squad went down on punts with lineemen doing the tackling and several of the backs returning the kicks.

During the session the Feds looked somewhat impressive in their work and it seemed as if they were taking more interest in their work since the coaching staff discussed the possibilities of the squad in the future at the Monday afternoon practice.

It is believed that the Seminole gridsters will use their aerial attack more often than they have in the past two games for so far this season they have passed six times and five of them were completed which means that the aerial department of their offensive is one of the most important methods that the Feds can use.

According to a statement by Coach McLucas, the Lake City Lions coached by Hobart Hooser, have a much stronger eleven this season than the one they brought to Sanford last year only to be defeated by a score of 16 to 4.

The game will take place Friday evening under the floodlights of Lake City's new gridiron.

Circulating rumors that stated Billy Colbert would be lost to the Colery Feds for the remainder of the season were smashed this morning when Coach Leonard McLucas announced definitely that Colbert would continue his work with the Feds at his right end position.

## Gators Look "Not So Hot" Against Scrubs' Warner Style

### Puzzling Warner Plays By Frosh Tricky To Gators

### Cody Still Seems To Be Satisfied With Clubs Appearance

(Continued From Page One)

The Gators continued to look "not so hot" yesterday as they were sent through what Coach Josh Cody says will probably be their last scrimmage in preparation for their intercollegiate clash with Pop Warner's Temple Owls in Philadelphia Friday night.

The scrappy frosh squad puzzled the varsity boys for the second day in a row with tricky plays run from the double wing-back formation employed by Warner's team.

It was only toward the end of the session that the big boys began to stop the yearlings in any fashion at all, and even then the first year backs were getting through for occasional sizeable gains.

Coach Cody, however, appeared fairly well satisfied with the changes he has made in the first string lineup following the Saturday game. Charley Krejciak, who has been shifted from his tackle position to right end to fill the spot made vacant by a bad knee injury to Watson Ramsey, the regular wing man, took over his new post in good style. Burrell Hassett, sophomore tackle from Coral Gables moved up from the reserves to take over Krejciak's old spot in the line, made a satisfactory showing in yesterday's rough work.

Jack Blalock, who was promoted from the reserves Monday to replace Paul Brock at quarterback, was running with the first eleven yesterday, and from all indications will start against Temple Friday night.

Players who were used by Coach Cody, in the scrimmage work yesterday included Tom Walker, Krejciak, Femie Pennington, Clifford Whiddon, Jack Maynard, Bill Howell, ends; Clark Goff, Hassett, John Crabtree, George Owen, Harry Killefer, tackles; Gordon Gardner, Nelson Davis, Frank Gosis, Lynn Lightbown, guards; Jim Oxford, Bill Williams, centers; Walter Mayberry, Alt. Capt. Ken Willis, Blalock, Red McGhee, Brock, Paul Delaney, Moon Mullins, Red Evans, Jim Mulcahy, Ed Manning, backs.

A workout under the lights tonight, and a possible drill this afternoon, according to whether or not arrangements can be made for both drills, will constitute the Gators' last home preparation before they board the train at 4:30 o'clock Thursday morning for Philadelphia.

## Gulls May Be Backed By Major Loop Team

ORLANDO, Oct. 6.—(AP)—Charles Bradley, secretary of the Orlando Gulls, Florida State League entry, said yesterday efforts are under way to make a major league farm of the Orlando ball club for the 1938 season.

Bradley said the Detroit Tigers, the New York Giants, Brooklyn Dodgers, Boston Bees and the Washington Senators had been contacted regarding the proposition.

## Yankees Win Initial Game Of Series, 8-1

(Continued From Page One)

men in hot water all during the hit. The only time the American League ace was in trouble was in the fifth inning when two strikes brought over the Giants lone tally.

During the first three innings of play, the Yankees and the Giants played scoreless ball and neither team threatened, except in the first inning when the Yankees put two men on the sacks by virtue of Rolf's walk by Hubbell and DIMaggio's single down the left field line. The Giants were credited with only one hit and that by Dick Bartell and DIMaggio secured the only Yankee blow.

In the first half of the fourth the Giants went down in order and Gomez allowed no one on the bases. Hubbell rattled off during the world champion's time at the bat and forced DIMaggio to go out, second to first, and he went ahead to send Columbia Lou Gehrig down via the strike out route. McCarthy made a brilliant play on Dickey's hard grounder down the first base line and retired the side.

The Giants started the ball rolling in their half of the fifth when the National Leaguers sent one run over the platter. Jimmy Ripple started the inning off with a single to deep right field. Young Jim McCarthy then hit a ground ball through first and second into short right field and Ripple advanced to third and McCarthy holding up at first. Gus Mancuso, Giant catcher, hit a hot grounder down to Crossett who fielded it and threw to Lazzari to nab McCarthy and then relayed it to Gehrig to get Mancuso for a double play but Ripple scored on the play.

Whitehead doubled to deep right field but the side was retired when Hubbell grounded out to Gehrig, unassisted.

Hubbell took the mound for the American Leaguers' half of the fifth and he sent them down in order. Hoag and Blair hit first and second into short right field and Hubbell fanned Lazzari.

Moore started the sixth inning off for the Giants with a nice single over second into center field but he was unable to advance for Bartell fled out to right field. Ott fouled out to Dickey near the Yankee dugout and Hank Leiber fled out to deep left field for the final out.

The Yankee big guns finally broke the Jinx that Hubbell had so far held on them when they sent seven runs across the platter on six hits and three walks.

Gomez started the big inning off when he worked Hubbell for a free pass. Crossett singled to left, Blair hit a Texas-leaguer into left field and loaded the bases and Joe DIMaggio got his second hit to score Gomez and Crossett. Gehrig was walked intentionally, but Dickey hit a hot grounder down to second and it was too hot for Whitehead to handle and it went out into center field. Rolf scored on the play. Hoag hit a grounder to Ott who threw to the plate to nab DIMaggio. Blair singled to right field and Gehrig and Dickey scored on the play.

Hubbell was taken out of the

between occasional showers, an estimated 250,000 of the city's 611,000 registered voters nominated two candidates for mayor and 18 for the nine-member city council. They had until 8 P. M. (Eastern Standard Time) to deposit their ballots.

Principal object of the labor factions was the important post of mayor, a \$150,000-a-year job. As head of Detroit's non-partisan type of government, the mayor is empowered to appoint more than 70 department heads without consulting the council.

The Committee for Industrial Organization, whose united automobile workers claim a membership in the Detroit area larger than the total vote, endorsed Patrick H. O'Brien, former Michigan attorney general, for mayor, along with a slate of five council candidates.

O'Brien's statement that "labor must seize the reins of government in Detroit and every other American city" drew especial fire of some of his opponents.

John W. Smith, former mayor and once president of a union, headed the slate endorsed by the A. F. L. He expressed belief in property and responsibly conducted labor unions.

A leading conservative candidate, Richard Reading, who is city clerk and has been a city official in various posts for 17 years termed O'Brien's statement a "red declaration" and said that "a concerted attempt is being made to place a minority group in power in Detroit."

Reading will run against O'Brien in November.

## Lockett Named To Head Northeast Florida Conference

Bob Lockett, athletic director at Leesburg, is the new president of the Northeast Florida Conference, an organization of 13 high schools.

The circuit met at Gainesville last Saturday and the news of Lockett's election was given out yesterday by Charlie Jones, St. Paul's coach, who was named secretary and treasurer.

The other officer elected was Jack Smith of Ocala, the vice-president.

The Northeast Conference track meet will be staged at Lockett's park here on May 7. Jones said. The basketball tournament will go to either Ocala or Leesburg, a definite decision to be reached later.

The next meeting will be held at Gainesville Nov. 19.

## Red Ruffing Hurls Five Hit Victory Over Giants, 8-1

60,000 Jam Yankee Stadium To Watch Junior Loop Team Secure Second Win  
Yanks Get 12 Hits Off Three Hurlers  
Bartell, Shortstop For Giants, Takes Fielding Honor

**YANKEE STADIUM**—NEW YORK CITY, Oct. 7.—The masterful hurling of Big Red Ruffing resulted in the second straight World Series victory for the New York Yankees when they today's 8 to 1 win over the New York Giants as they belted out 12 hits off three of Bill Terry's moundmen.

Ruffing, keeping out of hot water at all times during the game except when the National League Champion scored their lone run in the first inning, was very effective as he allowed the Giants only five hits, two of them coming in the initial frame. His curve and fast balls were at the peak and his control was perfect.

The Yankees were held to par and could do nothing with the effective pitching of young Cliff Melton until the fifth inning when they scored their first two runs of the game and overcame the Giant's lone one run lead. In the sixth they came back for four runs.

## Gardner Sustains Head Injuries In Automobile Crash

C. Gardner of Sanford sustained a severe head injury in an auto accident at the intersection of Third Street and Holly Avenue last night. Chief of Police Roy G. Williams reported this morning.

Mr. Gardner was riding in a car with E. B. Pickett of Orlando, who also was treated in the local hospital for lacerations sustained in the wreck.

According to early reports received at the Police Station, Mr. Pickett was struck by a hit and run driver as he was driving west on Third Street.

However, L. C. H. Shaffer, member of the local Police Department, investigated the automobile accident and which was alleged to have been responsible for the accident but failed to find any trace of evidence that might locate the driver in a charge of undue negligence.

Mr. Shaffer's report to headquarters was as follows: "I examined the car and found that it was not damaged in any way. I believe that the Pickett car passed directly in front of the Buick coupe and that the driver lost control when he hit the curb."

Mr. Gardner has improved considerably according to reports from the local hospital today.

Mr. Mason and his partner traveled approximately 15,000 miles during the trip and according to Mr. Mason, the most interesting feature of the trip was the opportunity to observe the dropping of a farmland in Southern California.

## Market Agreement Is Being Signed By Celery Farmers

Many of the celery shippers have already signed the proposed Celery Marketing Agreement recently voted on in a referendum of all the growers of the State, C. R. Dawson, county agent, stated today.

The shippers signed the part in accordance with the requirements of the Agricultural Adjustment Act of 1937 which provides shippers of 51 percent of the State's celery tonnage must sign the agreement and two-thirds of the shippers must vote favorably in a referendum.

The referendum was held some time ago but as yet no announcement of the results has been made by the Department of Agriculture. It was intimated, however, that a large majority of the growers of Seminole County voted for the agreement which was drawn up by a committee of growers and shippers in an effort to maintain a higher market price level for the product at the peak of the shipping season.

This will be accomplished by declaring a period of proration thereby regulating the quantity of the product placed on the market. The proration period can be declared only by an order of the Secretary of Agriculture, Henry A. Wallace.

Mr. Dawson intimated that he expected to get the returns of the referendum sometime in the near future but in the meantime he would continue to receive the signatures of all the shippers who wished to sign.

## Three Negroes Face Death For Attack

KANANSVILLE, N. C., Oct. 7.—(AP)—Superior court jury convicted three negroes of attacking a 20-year-old white woman of Madison, Pa., last Aug. 18. They were sentenced to die in the gas chamber at Raleigh next Dec. 27. They were Angus Outley, Louis Gardner and Webster Outley.

## CITY NEWS BRIEFS

The monthly meeting of the Seminole County Public Relations Association will be held in Seminole High School tonight.

Freddie Curry, alias Fred Lee Turner, charged with loitering, was sentenced to serve 30 days in the City Jail by City Judge Frank L. Miller in a special session of the Municipal Court today.

Marriage licenses were issued to Louis Tracy Morse and Jacqueline A. Cooper of Fitzgerald, Ga., and to Clifton Morgan of Winter Park and Amelia Barkis of Orlando yesterday at the office of the County Judge.

Henry Stevens, negro, charged with the larceny of \$10.85 from the City Barber Shop here was given an alternative of paying a \$25 fine or spending 60 days in the City Jail by Judge Frank L. Miller in a special session of the Municipal Court yesterday.

Beginning Monday the buses will leave the Sanford Primary schools at 8:30 o'clock instead of waiting until the remainder of the school dismisses. It was decided at a meeting of the principals of the Sanford schools and the bus drivers yesterday.

This action will enable the small children to get to their homes about an hour earlier than they have been since the opening of school.

The morning opening of the schools and the bus departures from the other Sanford schools will remain the same, T. W. Lawton, county superintendent, stated.

## "Ezekiel," By Sanford Author, Mrs. Garner, Goes On Sale Today

"Ezekiel," Mrs. Elvira Garner's humorous account of negro life in the Southland, goes on sale at Coleman's Office Equipment and Supply today. It was learned this morning.

Mrs. Garner has personally autographed a large number of the books that will be sold in Sanford and has made a miniature of Ezekiel's home, his "mummy" and "pappy" and his 13 brothers and sisters, to be displayed in the window of the Coleman Store.

Widespread recognition has been given Mrs. Garner through the north for the manner in which she has so vividly reproduced the color and naturalness of negro life in her child's story which has its setting in Sanford. She has been acclaimed as one of the leading authors of children's stories for the year.

Yesterday Mrs. Garner received the following telegram from Harmon Tupper, of Henry Holt and Company, publishers of her new book.

## Hazards Of Fire Are Discussed By Chief Cleveland

Gigantic Losses Due To Fires, Preventable, Chief States

This week is Fire Prevention Week and Fire Chief Mack Cleveland is doing everything in his power to make the people of Sanford conscious of the fire hazards in their homes and in their businesses.

In an interview with a Herald reporter this morning, the Chief made the following statement: "Right now, the national observance of Fire Prevention Week is on my mind and the mind of every fire-fighter in the country. The week gives us our big opportunity to put the problem of the country's huge fire loss before the people. We take things for granted until the danger is upon us."

## Japs Meet In Special Session Over U.S. Act Bomb Raids Kill 500

8 Japanese Planes Reported Shot Down In Sudden Stiffening Of Sino Defense

Japan Replies To U. S. With Bombs

Dozen Railroad Centers From Hankow To Canton Attacked

SHANGHAI, Oct. 7.—(AP)—More than 500 Chinese civilians were reported today to have been killed by mass bombing raids of Japanese warplanes on the rich southern province of Kwangtung. The Chinese Central News Agency reported that eight Japanese planes, including two huge bombers, were shot down by a surprise Chinese defense of the strategic military railway linking Canton on the south coast and the Yangtze River port of Hankow.

Massed Japanese flights took to the air yesterday just as the League of Nations and the United States were condemning Japan for violation of her treaty obligations by invasion of Chinese territory.

A dozen railway centers were bombed along the route from Canton to Hankow. Chinese dispatches said, killing and wounding more than 700 non-combatants in those towns alone.

At Shanghai where a desperate battle was raging through the rice fields northwest of the city, the Japanese flagship battleship was reported to have been damaged.

## Recruiting Officer Of U. S. Marines To Be In Orlando

All young men of Sanford and Seminole County who desire enlistment in the United States Marine Corps will be interviewed at the Post Office building in Orlando on Oct. 13 and 14 by a representative of the Recruiting Service from the district headquarters in Savannah, Ga., according to information received here today.

All applicants must be white, single, eighth grade or above in education, 18 to 35 years of age, in good physical condition and of good moral character.

It was indicated that information, application blanks, and pamphlets describing the life and opportunities of a United States Marine will be furnished by the Recruiting Officer.

Young men selected for enlistment will be transported to Savannah via Marine motor vehicle. Those enlisted will be transferred to the Marine Barracks, Parris Island, S. C., for the usual training period preparatory to regular assignment aboard ship or at a foreign station.

## Parent Teachers Group Holds 1st Meeting Of Year

The Seminole High School Parent-Teachers Association held its initial meeting of the year last Tuesday afternoon at the high school and 55 members of the organization were present.

Mrs. Vella Williams presided over the meeting with a inspiring reading and a message from the new National President of the Parent-Teachers Association.

Professor G. E. McKay, principal of the institution, introduced the faculty to the group and also introduced the mothers of the Freshman students. The new welfare plan adopted by the organization and explained by Mrs. E. D. Swales.

## S. A. L. Captain

Jack Keene, elected recently as captain of Harvey Seeds Squadron 29, Sons of the American Legion, Miami, hopes to make it the strongest in the department. Young Keene was a resident of Sanford in 1935 where he attended High School while his father, Arthur G. Keene, was employed on The Sanford Herald.

## Two British Ships Are Captured By Spanish Trawler

Loyalists Announce Victory In Battle For Asturias Hill

LONDON, Oct. 7.—(AP)—Two British steamers were captured today off the northern coast of Spain by a Spanish insurgent trawler, the Admiralty said. The vessels were the Yorkbrook and the Dover Akbar.

The Admiralty said "presumably" the ships were within territorial waters. It was pointed out such vessels had been warned repeatedly they entered territorial waters at their own risk. The capture was not observed by British warships on regular patrol along the Spanish coast.

MADRID, Oct. 7.—(AP)—A Spanish government communiqué today said three insurgent tanks were destroyed, 200 insurgents killed and two companies of insurgents surrounded in the fighting for the possession of a hill dominating the valley of Santro in Asturias province. The insurgent attack on the hill preceded by an aerial bombardment in which 16 planes took part, the communiqué said. The battle is said to be still in progress.

LONDON, Oct. 7.—(AP)—France and Great Britain last night gave Benito Mussolini 24 hours grace to respond to their joint bid for tri-power discussion of Spanish volunteer withdrawal. The two governments, alarmed by new Italian aid to the Spanish insurgents, strongly indicated their patience with Il Duce is not unlimited after Foreign Secretary Anthony Eden conferred lengthily with Prime Minister Neville Chamberlain and Ambassador Charles Corbin of France.

Mrs. Kendall reported today that she has enrolled 115 active members in the girls 4-H club in Seminole County during the past month.

## Britain, France And U. S. Plan Convocation Of Nine Power Meet In Washington

Tokyo Officials Taken Off Guard

U. S. Joins League In Condemning Japan's Invasion Of China

The Associated Press Tokyo statement assembled in an emergency session today to discuss the United States condemnation of Japan's invasion of China while Britain and France began an exchange of views with Washington on the convocation of a nine-power conference aimed to curb hostilities in the Far East.

Taken completely off their guard, according to one of the highest Japanese government officials, Tokyo statesmen were not expected, however, to reply immediately to the formal statement of the American state department accusing Japan of violating the Nine-Power Treaty guaranteeing China's territorial integrity and the Kellogg Pact outlawing war as an instrument of national policy.

The prevailing sentiment of the Japanese government is that there is no reason for the (United States) action, a high official said. "We completely fail to understand the American action which is bound to make (Continued on Page Two)"

## High Court Divides Evenly In 2 Cases Involving Gas Tax

TALLAHASSEE, Oct. 7.—(AP)—The Supreme Court split evenly yesterday over two cases in which special acts diverting State gasoline tax funds were attacked as invalid.

Three justices voted to uphold the statutes relating to Washington and Jackson Counties. Three other justices said they were unconstitutional.

The effect of the ruling, Chief Justice W. H. Ellis said, was to leave the disputed point unsettled and permit Comptroller J. M. Lee to decide whether he will make payments claimed by the two counties under terms of the special acts. Lee refused to distribute money to them from the gasoline funds and precipitated the cases involved in yesterday's opinions.

Should the court remain divided, attaches said, any decision made by Circuit Judge J. B. Johnson in a case involving 33 counties now pending before him will be upheld. An even division in the Supreme Court affirms the lower court decision. As judge of the Circuit Court here, Johnson is the only circuit judge who has jurisdiction over State officials.

WOMEN VOTE FOR TODAY

THE LAW IN FEW WORDS
He said unto him, What is written in the law how readest thou? And he answering said, What shall I love the Lord thy God with all my heart, and with all my soul, and with all my strength, and with all my mind; and thy neighbor as thyself. And he said unto him, Thou hast answered right: this do, and thou shalt live.—Luke 10:28

TODAY'S TAXODRAM

By Ellis Parker Butler
Reprinted from the New Mexico Tax Bulletin
Said Statesman A to Statesman B:
'What can we tax that is not paying? We're taxing every blessed thing—How's what our people are defraying?
'Tariff tax, income tax, Tax on retail sales, Club tax, school tax, Tax on beers and ales, City tax, county tax, Tax on obligations, War tax, wine tax, Tax on corporations, Brewer tax, check tax, Tax on drugs and pills, Gas tax, ticket tax, Tax on gifts in wills, FOL tax, dog tax, Tax on money loaned, State tax, road tax, Tax on all things owned, Stamp tax, land tax, Tax on wedding ring, High tax, low tax, Tax on everything.

Said Statesman A to Statesman B:
'That is the list, a pretty heavy; No thing or act that is un-taxed; There's nothing more on which to levy.'
Said Statesman B to Statesman A:
'The deficit each moment grows; This is no time for us to fall; We will decree a tax on taxes.

History Repeats

There is something strangely reminiscent about the events of the last few days in the world's capitals. An old, all-but-forgotten treaty has been brought out and dusted off, and it has been disclosed that nine of the principal nations of the world have guaranteed the territorial integrity of China and have pledged themselves to oppose with force if necessary all acts of aggression against this great Oriental country.

It will be recalled that it was the Belgian Neutrality Treaty and the German violation of it which brought England into the World War on the side of France and Russia. Many years before at the Hague Peace Conference England, together with Germany and other leading nations, had guaranteed the independence and neutrality of Belgium, but the Kaiser, declaring the treaty a mere "scrap of paper," had no idea that England would take her obligations under it seriously.

There are many competent authorities who believe that if Germany had known for a certainty that England would actively take part in the war, the Kaiser would never have moved his troops into Belgium and very likely would never have declared war on Russia. Hence the World War would not have taken place and such hostilities as there might have been because of the assassination of the Austrian Archduke would have been confined to Austria-Hungary and the Balkan countries.

And there are many people who believe that England committed a grievous error in not making it perfectly clear to the German government just what would happen if Belgium were invaded. The British procrastinated, fluctuated between protestations of friendship and warlike ultimatum, and left the Kaiser wholly in the dark as to what England really would do if the treaty were violated. The Kaiser took a chance and hoped for the best.

It is apparent today that Japan entertains somewhat the same notion with respect to the Nine Power Treaty and the Kellogg-Briand Pact, both of which were engineered by the United States. It is simply inconceivable to Japan that the United States would take her treaty obligations so seriously as actually to do anything about the invasion of China. The Japs probably regard those treaties too as mere "scraps of paper" and doubt if the United States has a much higher regard for them.

Recent happenings in this country could hardly have done otherwise than encourage them in this belief. Haven't we made it perfectly clear to the whole world that we don't want to become involved in any foreign war, that nothing short of an actual invasion of the United States could induce us to fight? Didn't our Congress pass a Neutrality Act which practically served notice that we would remain neutral in any foreign conflict? Didn't we tell our nationals in China that they remain there at their own risk and didn't we order our ambassador to leave Nanking, the only nation in the world which did?

And yet today we find the United States preparing to invoke the Nine Power Treaty. No wonder the Japanese are confused.

A New Industry Needed

What Sanford needs is new industries, more tourists, new all year around residents, new payrolls. That would increase business for everyone, would boost land and other property values, would reduce the proportionate share of taxes which everyone has to pay. That is what Sanford needs. We are more convinced of this than ever since reading a recent article on the present needs of the whole country.

"What this country needs is a new industry or a new group of industries," John T. Flynn, ranking financial writer for the Scripps-Howard newspapers, said recently in an interview in New York, citing the fact that it was the automobile industry—a new one—and the construction industry—an old one on a new track—that produced the prosperity of the 1920's.

"The automobile industry made its vast contribution not merely because it was a new industry and employed a larger number of people, but because of the great changes it made in our national scene," Mr. Flynn declared. "It built up the suburbs as we know them today. And, of course, new schools and stores and theaters and streets had to be erected to supply these new neighborhoods. It required vast road building, the erection of hundreds of thousands of garages, filling stations, service stations and so on." He continued:

"The building industry got its revival from the new forms which building took. The skyscraper had made one big change in American business sections. In the 20's it made another. Engineers learned how to put up larger buildings and presently we saw all the old buildings come down and new ones go up. We rebuilt the business sections of America in the 20's.

"What would send us forward again on a wave of business activity would be some new industry or group of industries, or some revolutionary change in an old industry."

The war remained a stalemate in all fronts. China's aggressive display showed she still was not exhausted in the defense of Shanghai and Japan apparently held at bay also in North China.

Japan again struck from the air yesterday in a series of raids on cities in Central and South China. None of the air attacks achieved major damage, however. Chinese officials declared.

Bombing squadrons raided the lower Yangtze River Valley and a widespread area of South China. Reports said at least a half dozen localities in Kiangsu and Anhwei Provinces were attacked.

Chinese sources at Canton, the great southern port, said 66 Japanese planes participated in raids over a large area of Kwangtung Province, on the south China coast.

Both Chinese officials and American residents of China looked to the United States at least for moral support against Japan after President Roosevelt's declaration at Chicago for "positive endeavors to preserve peace."

In the case of the State versus Louis Love, alias Sonny Brown, charged with petit larceny, the defendant pleaded guilty before the court and was sentenced to serve 6 months in the County Jail.

Ed Bush, charged with selling intoxicating beverages without a license, entered a plea of not guilty in the Court and after testimony by both parties in the suit the court charged the jury which returned verdict of not guilty for the defendant.

General Ota Sugiyama, the Japanese minister of war accused the World Powers of preaching justice and humanity for China and at the same time "directly" contravening every international law by selling China dum-dum bullets for use against Japanese soldiers.

The League of Nations also put pressure on Japan last night to end her undeclared war on China.

The League assembly threw its moral support to the United States, called on the Nine Power Treaty group to act and told Japan there might be other measures if she did not end her war.

The assembly, in which 22 nations sit, first unanimously adopted a report of its advisory committee which named Japan as the guilty nation in the Far Eastern strife and warned of the

## Russian Munitions Purchased In U. S.

WASHINGTON, Oct. 7. — (AP) — Soviet Russia was disclosed yesterday to have bought more than \$10,000,000 in arms, munitions and implements of war in the United States during September more than half of which was for war vessels.

This expenditure was believed to have been for the first materials and equipment for the battleships which the Moscow government sought sometime ago to buy from the United States.

Three Joliet Convicts Slug Guard, Escape

JOLIET, Ill., Oct. 7. — Three convicts suggested a guard into unconsciousness and temporarily used another for a hostage today in making an escape from the Stateville prison honor farm.

The felons, all serving terms for robbery, waylaid J. W. Black during a change of shifts and then forced Albert Druncen, another guard, to accompany them. Druncen in whose car the convicts fled, was dumped out of the car unharmed north of the prison. The prisoners who escaped were Gene Moorehead, William Hanley and James Pogg.

Mr. and Mrs. G. E. McKay attended the official visit of the Worthy Grand Matron, O. E. S., to Mizpah Chapter in Orlando last night. They were guests at the banquet given by the chapter at Carolyn Manor preceding the meeting.

### U. Leave Kentucky To Play Second Game

### Wash Higgins Taken Squad Of 21 Men For Teachers Game

TAMPA, Oct. 7.—(Special)—A party of 21 headed by President John W. Higgins of the University of Kentucky, left this morning for Bowling Green, Ky., where the Kentucky football team will meet the University of Florida Teachers College Saturday afternoon.

Coach Nash Higgins, assistant coach P. H. Pierson, trainer George Lucas and 19 players complete the Tampa party.

The squad follows: Quarterbacks—Lyon Ashmore and Anthony Freedy. Fullbacks—Red Cox, Earl Isaac, Dick Spoto and Ed O'Reilly.

Halfbacks—Jim Mandula, Ed Stephens, Lather Sparman and Stan Lender, lowered the hopes of Spartan followers for a win over the Kentucky Teachers.

Stephens and Sparman, regular ends, and two of the veterans upon whom Coach Higgins pinned much hope for a successful season, may be back on the list for the Stetson game.

Stephens is deficient in his credits, and must pass an examination before becoming eligible. Sparman, who has one more year of college football to play, was rated a senior last year, and this technically must be straightened out before he can resume his place on the line-up.

The Spartan squad will make its first leg of their journey by bus, traveling to Thomasville, Ga., where they will work out like this afternoon. They will board a Pullman tonight at 10 o'clock, and leave for Kentucky two hours later, arriving there Friday night.

### Mariene Dietrich Is Branded Traitor By Anti-Jewish Weekly

BERLIN, Oct. 7.—(AP)—Julius Streicher's anti-Jewish weekly, Der Sturmer, yesterday branded Mariene Dietrich a "traitor" because she has taken out her first American citizenship papers.

Dr. Streicher, publishing a photograph of the actress taking the oath of citizenship before a Los Angeles judge, said "Her association with Hollywood film Jews has made her un-German. She has become a traitor to Germany."

The 33-year-old actress, whose father was killed while fighting for the German army early in the World War, snubbed Father Adolf Hitler last March, by appearing at the Los Angeles Federal Building and announcing her desire to become a U. S. citizen.

A short time before Hitler had invited her and other German artists to return to Germany and work in films there. She not only refused, but announced that on her next trip to Europe she would not visit her native land.

### Tommy Farr Signs A Five Year Contract

NEW YORK, Oct. 7.—(AP)—Miss Jacobs announced yesterday Tommy Farr, Welsh heavyweight, had agreed to fight under Jacobs banner for the next five years.

Farr's first start will be in Madison Square Garden January 21, possibly against the winner of Friday's bout between Nathan Mann of New Haven, Conn., and Arturo Godoy of Chile. His second bout probably will be in Miami between February 15 and February 20.

The Welshman, who recently played 15 rounds with Champion Joe Louis, called last night on the Queen Mary for a short vacation in Great Britain. He may engage in one fight while abroad.

Miss New Hampshire and Vermont are the only states in the union almost entirely free from poisonous serpents.

The Continental Divide between Colorado and Canada formed the western limits of the Louisiana Purchase.

### Red Ruffing Hits Five-Hit Victory Over Giants, 8-1

Continued from Page One—Ruffing added the final pair in the seventh.

During the game the Giants secured one run, seven hits and six errors while the American Leaguers chalked up eight runs, 13 hits and no errors.

Ruffing added more laurels to his exceptional play during the game when he tied several other players for batting honors with a single and a double in four appearances at the plate.

The Giants started the ball rolling in their half of the initial inning when scoring hostilities began when one away; Dick Bartell hit a Texas-leaguer into left field and it was good for two bases and Mel Ott then hit a sharp single into right field and Bartell scored.

On the throw into the plate Ott advanced to second base. Ruffing bled down on Rippie and sent him down swinging and also sent McCarthy down via the strikeout route. All three men went down by strike-outs.

Cliff Menton took the mound for the Giants and fanned Crossett, Rolfe went out Bartell to McCarthy and DiMaggio lined a hard one down to Bartell who nabbed it for the third out and it was described as the most beautiful play of the series so far.

Ruffing had no trouble with the Terrymen in the first half of the second as he sent all three men down in order. Bartell, Giant shortstop took the time light of the second inning, when he made a beautiful stop of Gehrig's grounder and threw him out. Dickey

filled out to Chivino in center and Bartell made another beautiful stop of Hoag's grounder through the box for the third out.

Ruffing again had no trouble with the Giants when in the third frame, Melton went out Rolfe to Gehrig, Moore went out short as first. Bartell got his second hit of the afternoon in two trips with a single down the left line but Ott filed out to Hoag in left.

With one out in the Yankee half of the third and Lasseri on first, Ruffing hit a roller down to Bartell who threw to Whitehead to get Lasseri and Whitehead relayed the ball to McCarthy to get Ruffing for the games first double play.

Ruffing set the Giants down again in order but Melton got into a little hot water but pulled himself out easily. Crossett filed out to Bartell but DeMaggio singled in short center field. Melton threw two straight strikes to Gehrig and then four successive balls to issue Columbia Lon a free ticket to first base. Melton then bore down and fanned Dickey for the third out.

In the first half of the fifth the Giants threatened to enlarge their one run lead when with two men out, Melton walked and Moore singled sharply to right field sending Melton to second but Ruffing sent Bartell down swinging.

The American Leaguer's offensive the one run lead that was held by the Giants when they knocked the Giants rookie star, Cliff Menton, to the showers. The Yankees sent 2 runs scurrying across the plate off 4 hits and 0 errors. It all started when Hoag doubled to sharp right field and scored when Slikirk singled between first and second into right field. Slikirk held up at first and

advanced to second when Lasseri hit a line single in left field. Ruffing then came to the bat and hit a hot grounder down between short and third for a single into left field to left. Slikirk, who

Crumbert went in to replace the Giant rookie star, Melton. Crossett hit one into the upper tier of the right field bleachers but it was foul by a few feet. Crossett went ahead to fly out to Moore in left.

Rolfe then hit a grounder down to Whitehead at second who threw to Bartell at second to nab Ruffing. Lasseri advanced to third but Crumbert fanned DeMaggio to end the inning.

In the first half of the sixth, all three Giant batters filed out to DiMaggio in center.

A Yankee barrage of hits enlarged their one run lead over the Giants to 5 when they scored 4 runs off 4 hits and no errors. Gehrig hit a hot grounder down to Ott at third and was safe on first when he beat it out. Dickey

struck to center field to send Gehrig to second. Hoag bunted down to McCarthy who threw to Ott at third to force Gehrig. Slikirk hit a hard grounder down to McCarthy and it bounded off McCarthy's knee and rolled out into right field and both Dickey and Hoag scored. Lasseri was intentionally walked but Ruffing smashed a long double that hit the bleacher wall in left-center field and Slikirk and Lasseri crossed the plate.

Terry then sent Dick Gottman in to hurt for the Giants, replacing Crumbert. Crossett filed out to Chivino in deep center field and Rolfe went out. Whitehead

to McCarthy, to end the inning. Ruffing went through the Giants half of the seventh with no trouble at all.

The Yankee powerhouse sent two more runs in during their half of the seventh when DiMaggio singled to left, sent Dickey to second when Gehrig walked, and scored when Dickey singled to right field sending Gehrig to third.

Hoag filed out to Chivino in center and Gehrig lagged up and scored the Yankee's eighth tally. The inning without any more Slikirk and Hoag went out to end damage.

Joe Moore started off the eighth frame for the Giants with a double to center but Bartell fanned. Ott filed out to DeMaggio in center and Rippie went out Crossett to Gehrig.

Coffman had no trouble with the Yanks in the last half of the eighth when all three men went down in order.

McCarthy filed out to Hoag in left field to start off the ninth. Chivino singled into left-center field for his first hit of the game. Mancuso goes down swinging but Whitehead singled sharply to center field and Chivino goes to second. Sam Leslie comes into pinch hit for Coffman and worked Ruffing for a free pass to fill the bases. Moore retires to side when he hits a grounder down to short and goes out at first. Score 8 to 1.

### Leaping Is Feature In Downie Bros. Circus

Revival of the leaps with Downie Brothers Circus that comes to Sanford Saturday for an afternoon and night performance is one of its most spectacular features.

Leaping the heart jump with excitement and laughter, its mastery and variety, its variety and virtuosity, the famous High's casting radius, the herculean and clarity of the champion leapers and circus acrobats and nightly and thrillingly staged in an all world's tournament over herds of elephants, a grove of camels and camels, horses and various high elevated objects, according to circus officials.

As far upwards as they can go without hitting the lofty hippodrome top, with somersaulting heads and heels, this company of champions are like flying porcupines who dive and double somersault over incredible distances.

They are really flying foots that fall all over the atmosphere, landing everywhere except on their feet.

It has been many years since this sensational feature has been seen with a talented organization and it makes the old folks recall the days of the famous leapers of yesteryears, while the younger generation look on in awe and wonderment.

Charles Barker, manager of Downie Brothers Circus, personally supervises the leaps while his western screen star and side-laze cowboy, Red Russell, watches every performance with increasing amazement.

REALTY MEET POSTPONED

ORLANDO, Oct. 7.—(AP)—Stephen McCurdy, president of the Florida Association of Real Estate Boards, said the board of governor's meeting called for Saturday has been postponed until Nov. 6 to allow the legislative committee more time to work on its program.

### Resolution Adopted For Lower Gas Taxes

ATLANTA, Ga., Oct. 7.—(AP)—The interstate conference on automotive taxation yesterday adopted a resolution urging the governors of eight southern states to sponsor reductions in gasoline taxes.

The resolution endorsed the efforts of Governor Gordon Browning of Tennessee to bring about tax relief.

Copies of the resolution were sent to the governors of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, South Carolina and Tennessee.

The meeting was sponsored by the American Petroleum Industries Committee.

### 1,650,000 To Be Employed By WPA

WASHINGTON, Oct. 7.—(AP)—WPA intends to employ an average of 1,650,000 persons during the fiscal year ending next June 30, spokesmen for the organization said yesterday.

This average would be well within the 2,000,000 figure, which President Roosevelt declared no longer necessary in a press conference yesterday at Hyde Park, N. Y.

Hazards Of Fire Are Discussed By Chief Cleveland

(Continued From Page One) ... You take safety for granted until the moment that a carelessly tossed match, or an over-heated furnace, or a badly connected wire, or a chimney spark on a dry, spark-catching roof brings disaster and perhaps death.

"During this week while hundreds of thousands of people hear and read and, on the screen, also see warnings about the dangers of fire and ways to prevent fire. Some of those warnings and precautions stick in the mind, just as they did in the mind of that little boy in Little Rock, Ark. The story is short. It's about 12-year-old Sterling Cockrell of Little Rock, Ark.

"That was Sterling's matter-of-fact story. He didn't consider himself a hero. But the fact that his little sister emerged from this experience with only a slight burn on her back was a tribute both to her brother's quick-thinking and to the fact that the Little Rock city officials wisely had stressed the importance of teaching fire prevention in the schools.

"And it is heartening that the school buildings of most of our cities today are constructed and supervised with the fire danger paramount in our minds. But there are still too many schools around the country that are potential traps and if Fire Prevention Week does nothing else, I hope it will focus the attention of the school officials on that problem.

"Just think of those figures I have mentioned—a home burning every four minutes; five churches every day; 10 public buildings; 114 farm homes every day; factories, industrial plants, school buildings—it's staggering.

"And the staggering thing about it is that this loss is unnecessary—absolute waste that is caused by negligence.

"First there are rubbish fires. Don't let rubbish accumulate. Either have it collected regularly or burn it in an incinerator that is far enough away from any buildings to be safe.

"Secondly at this time of year, stoves and fireplaces and chimneys should be overhauled and chimneys inspected. A cold snap comes, the house is chilly and we start everything full blast. We don't look to see if the smoke-pipes are clean and the chimneys safe.

"The Sanford County Poultry Association will hold their regular monthly meeting tonight at 8 o'clock at the Seminole High School.
