While You Drive!

- Dissolves Carbon
- Raises Engine Compression
- Stops Costly Oil Burning
- Increases Gas Mileage
- Improves Performance
- Reduces Repair Bills
- Over 4½ Million In Use

**USE IT JUST ONCE!
LASTS 200,000 MILES!**

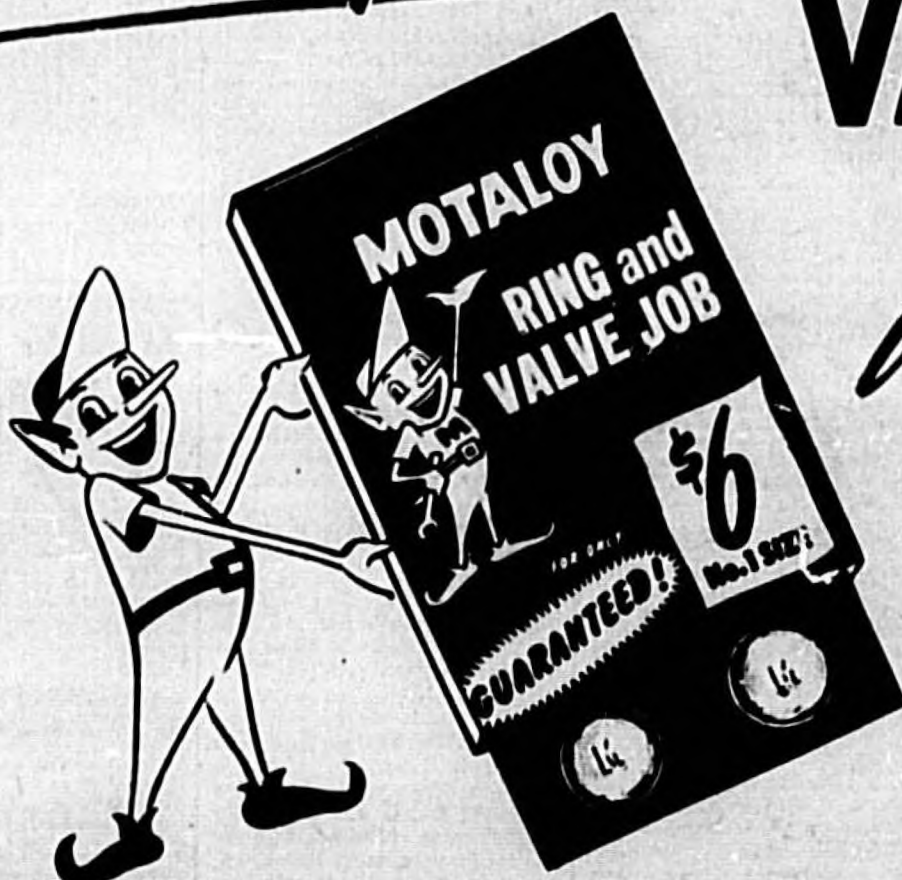

NEW CARS

New cars should be Motaloyed immediately to insure continued top performance for the life of the engine. The steady accumulation of lead deposits (common in most gasolines) in the combustion chamber of your motor and on the tips of your spark plugs, is the chief cause of pre-ignition and spark plug misfiring. It is one of the major causes of poor motor performance. MOTALOY COUNTERACTS THIS ACTION.

OLD CARS

Older models, due to their greater deposits of lead and carbon, need Motaloy even more so to retain their original efficiency. The sloshing of fuel (gasoline or diesel) over these tabs creates a Chemical Motaloy gas solution. The chemical remains in suspension in the fuel, passes through the fuel system and has absolutely no effect on anything until it reaches the flashfire and intense heat in the combustion chambers of the engine. Its first action is to completely and absolutely clear all hard, crusty carbon from the interiors of combustion chambers down to the skirt of each piston (including oil ring slots). Then it sets to work filling in all scored, scratched or pitted places and building up worn surfaces on the cylinder walls, pistons, ring faces, valve faces, stems and guides with a friction proof tin plating—AT TOLERANCES NO HUMAN HAND CAN DUPLICATE (because it is being done under ideal conditions—intense heat and moving parts) while you drive.

**MOTALOY IS GUARANTEED! IT WORKS!
Or Your Money Back!**

NOW POSITIVE PROOF!

BY LATEST ATOMIC RESEARCH METHODS: TRACER TESTS USING RADIOACTIVE ISOTOPES
Here's How Motaloy Works... While You Drive!

1. Simply drop four Motaloy tabs in vehicle's gas tank. That's all!

2. In driving, Motaloy goes into "suspension" in gasoline.

3. The gasoline-Motaloy solution passes into engine's combustion chambers.

4. Flash fire and heat start Motaloy working to remove carbon deposits.

5. Motaloy metalplates worn, pitted surfaces on cylinders, rings, valves.

These tests performed by Testing Engineers and Chemists, principals of which are members of American Society for Testing Materials... the American Council of Commercial Laboratories... American Chemical Society... National Society of Professional Engineers, as well as the Highway Research Board.

SNAAS Officials Organize Safe Driving Council

Mrs. Paul H. Ochiltree
Mrs. P. Ochiltree
Arranger, Lecturer To Speak Friday

Officials at the Sanford Naval Auxiliary Air Station, becoming increasingly concerned over the number of persons involved in automobile and traffic accidents, organized a Safe Driving Council Thursday morning at a meeting beginning at 10 o'clock.

The Senior member of the council, Commander H. C. Cole, called the meeting to order with seven present including Lt. Col. G. K. Tilley, Lt. W. J. Blevin, Lt. M. Callie, Lt. J. E. King, W. E. Giles and Mrs. Allen T. Rumbough.

Commander Cole explained that the council is a modification of a similar type council that had already been established. However, he said, the newly formed council is based on instructions from the Commandant of the Sixth Naval District which set forth the purpose and scope of the council.

As directed, Commander Cole said, by the Commandant's letter, the Sanford Naval Auxiliary Air Station's Safe Driving Council will analyze vehicle accident violation experience within its jurisdiction and then recommend measures to prevent the recurrence; to evaluate the present safety programs and recommend improvements; and to coordinate motor vehicle safety programs in the interest of public relations.

Lieutenant Commander Tilley gave a resume of the number and type of accidents for the period April 1 to Sept. 30, 1955 and violations that have been experienced.

Sherwin-Williams Leases Property

The Sherwin-Williams Co., world largest manufacturer of paints, signed a lease today for the property located at 117 Manolia. The transaction was handled through Crumley & Monteith local Realty Company.

The store premises will be occupied by Sherwin-Williams Branch, operating both as a retail outlet and a service center for painting contractors and for Sherwin-Williams dealers in this area. "We selected Sanford for a new branch because this is a progressive community," said W. B. Bell, regional Director of the Sherwin-Williams Company with headquarters in Atlanta, Ga.

An analysis of recent residential and industrial growth indicated a need for a complete paint and color service center. "After remodeling we will open the most completely stocked paint outlet in this area. Our inventory will include a full line of interior finishes and exterior house paints, plus special purpose finishes used by the professional painter. This branch will also be in position to serve manufacturers in the area with specialized product finishes," he continued.

The store structure includes 2,000 square feet of floor space. Remodeling operations are to start immediately. No date has been set for the formal opening of the branch, but it is expected to be ready for business by Nov. 15.

Library Additions Announced Today

Mrs. Sarah King, Librarian, announces new additions to the Sanford Public Library.

They are: "Turning Point"; Erdman, "The Far Journey"; Raas, "Live Till Tomorrow"; Langwin, "Dust Over the City"; Warren, "The Darplace"; Warren, "Band of Angels"; Bagby, "Dirty Way to Die"; Zaldenberg, "Your Child As An Artist"; McCutcheon, "None Shall Sleep Tonight"; Toark, "The Big Dry"; Duncan, "Madone Tree"; Brown, "Bloody Mountain"; Cameron, "Catch A Tiger"; Ernst, "The Bronze Mermaid"; Conner, "The Shadow Of Truth"; Kalpscheer, "A Shroud For Mr. Bundy"; Berchman, "The Evil Of Calling"; Clungston, "A Murderer In The House"; Marshall, "Bond Of The Flash"; Queen, "The King Is Dead"; Coles, "Happy Returns"; Dennis, "Amie Mame"; Vining, "The Virginia Kites".

There will be a nursery open in the Auxiliary Room. All children's items will be donated by the various organizations and will be loaned to the kitchen. Details of every community served by the Community Blood Bank expressed hope that many will donate on this "Donor Day" as there have been two calls for blood within the last week.

P-TA Meet Slated

The Ladies P-TA will meet at the school tomorrow night at 7:30 for a regular meeting. Guest speaker will be Minister B. G. Brown using as his topic "Moral Lessons are the Eighth grade mothers. Plans for the Halloween Party will be discussed.

DEPUTY SHERIFF MORGAN McLELLAN, Willis Peacock, Deputy Sheriff Bob Cassell, Jack Evans of Valdosta, Ga., and Ralph Pezold, all enjoying smoked mullet at a picnic given by Sheriff Luther Hobby and the deputies. More than a score of co-workers of the Sheriff's Department of Seminole County were on hand for the Saturday afternoon affair held at Mullet Lake Park. (Staff Photo)

Members Are Urged To Show More Interest In Association

Services Are Held For Mrs. Vaughan, Pioneer Resident

Funeral services for Mrs. Eliza Doudney Vaughan, pioneer resident of Sanford and Seminole County, were held this afternoon at 3 o'clock with the Rt. Rev. John D. Wing of Winter Park officiating, at Holy Cross Episcopal Church.

Mrs. Vaughan passed away Saturday morning at 3:30 at the Anderson Nursing Home.

Mrs. Vaughan was a pioneer resident in central Florida and was widely known throughout this section. She was born in Terrytown, New York in 1865 and celebrated her 90 birthday on Sept. 18 of this year.

She first came to Florida at the age of 17 to visit her father, Dr. John C. Downing, who was then living in Montclair and later practiced medicine in Leesburg. In 1891 she married Alexander Vaughan, a well known pioneer citizen of Sanford.

Mrs. Vaughan was for years a member of the Church of Christ in Sanford and was the wife of the late Henry S. Clark, a retired celery grower.

Mrs. Clark had spent her entire life in Seminole County. Survivors include five children: Mrs. W. I. Allman, Sanford; Mrs. R. L. Sutton, Osteen; Charlie Clark, Oak Hill; Arthur Clark, Osteen; Harry Clarke Frostproof; four brothers, W. B. Hickson, R. J. Hickson, J. K. Hickson and Jack Hickson; one sister, Mrs. Lenora Hodges, Sanford; 23 grandchildren; 37 great grandchildren and one great great grandchild.

The main school building at Crooms Academy was broken into either Friday night or Saturday morning, said Constable J. Q. "Slim" Galloway.

Two buildings were damaged by the intruders when the Home Economic Building was broken into and then the Main School Building entered. At first, the burglars broke a door to the Home Economic Building but could not gain entrance. A window was then broken for access. A Coke machine was burglarized by prying the machine open and a number of nickles taken.

The investigation so far has not turned up the identification of the trespassers.

Citizen Pleads Own Case By Mail

Pleading one's own case is something unusual in legal procedure. One Seminole County citizen plead his case, by mail, named his own fine, and came out the winner.

It seems as if a Seminole County automobile was tagged Friday by one of the local law enforcement officers with one of the yellow return-your-mine-in-it envelopes left on the windshield with the charges "parking improperly" plainly marked.

Saturday, the envelope was returned to the Sanford Police Department, in a plain envelope with a recent stamp attached. Across the front was written, "a dollar in plenty" and plainly added was the comment "doctor and the other dollar."

Nine Items Confront City Commissioners At Tonights Meet

The Board of Sanford City Commissioners meet tonight for their regular bi-monthly session. Nine items confront the five-man board this evening.

H. James Galt and Edwin Shinholter will be honored by the City of Sanford for their long and brilliant service to the city.

The new head of the Utility Department will be named at the meeting tonight. Russell Dallas will take over the reins of the newly formed department when his appointment is confirmed this evening by the commissioners.

A resignation of Thomas Vaughn from the zoning and planning commission as well as a resignation of J. G. Galt as Superintendent of the Street Department will be handled to the commissioners this evening.

A request for a beer and wine license will come before the board of commissioners.

Two new ordinances are slated for discussion and possible action tonight when a proposed ordinance for the regulating of school buses and an ordinance in regards to moonshine, whiskey come before the city board.

Matters of business from the commission meeting room as well as from individual commissioners will be discussed.

The breaking and entering was discovered early Saturday morning by the Constable said.

Lewis Enlists In Guard Unit

Norman Aquilla Lewis, 17-year-old son of Lake Monroe, has enlisted in Company I, 124th Inf., Sanford's own National Guard unit.

Lewis, who is originally from Searta, Tennessee, is also a member of some renown, having played with Lester Platt and Earl Rogers, well known recording artists.

Pat Lewis has been assigned to the first rifle platoon of Co. I and is beginning his sixteen weeks of recruit training.

City Funds Will Shrink In 1956

Christian Teaching One Theme Heard At Sunday Service

Churches filling to overflowing yesterday, as the city and county population turned to worship in their individual faiths.

"Respect of Persons" was the theme used by the Rev. Perry L. Stone last night at the First Christian church in his sermon "Major ideas in the Epistle of St. James." He said, "One of the most far reaching teachings of our Master is to respect for personality, that is, belief in the dignity and worth of human beings regardless of their nationality, age, sex, education, economic status, attitude toward us or anything else. Respect for personality and respect of persons sound very much alike, but one is Christian and the other is un-Christian. Having respect of persons means looking people over and being partial in favor of some and partial in opposition to others."

"The proper Christian treatment of visitors and strangers at church," the speaker said, "is to show equal honor to rich and poor, well dressed and shabbily dressed, high and low, cultured and illiterate; to be warm and sincere in hospitality to all, and to speak to every body, especially to strangers." Concluding his message.

(Continued on Page Eight)

Sanford's Share Of Cigarette Tax Totals \$6,567.44

Sanford's share of the State cigarette tax collected in the month of August 1955 is \$6,567.44, according to a report from the State Revenue Department.

Money available for distribution among incorporated municipalities eligible for the tax is \$1,229,221.39 according to a report from J. D. Williamson, Director of the State Revenue Department which collects the tax.

Other municipalities will receive their share in the smoke revenue. Altamonte Springs received \$208.67, the Town of Casselberry received \$209.71, the Town of Longwood's check will amount to \$400.15, Orlando will receive \$4,728.05.

Total tax collected from the sale of cigarettes in Florida during the month of August amounts to \$1,116,398.02. Of this amount \$417,086.72 will go to the general revenue fund of the State of Florida. The balance is distributed among the eligible Florida municipalities.

Bonds Set At \$50 In Recent Arrests

Four arrests were made by Constable George Kelsey of Ovido in the Little Elm neighborhood area with two of the charges the other two, "illegal hunting."

Elton Earl Ozgen, 21-year-old Air Force man was driving the car at the time of the crash while the owner of the car, William D. Johnson, also 21, accompanied him.

The two men were taken to Florida Sanitarium for preliminary examination and treatment before being transferred to the Orlando Air Force Base hospital. Ozgen remained in the car while it spun and hurtled to a stop while Johnson was thrown out. Ozgen was dismissed from the hospital by Air Force doctors, and Johnson was hospitalized for injuries to his chest and head.

Ozgen was lodged in the Seminole County Jail charged with reckless driving.

8 Deacons Elected By Presbyterians

Eight deacons, nominated by the members of the First Presbyterian Church, were elected unanimously at a called congregational meeting during the worship service yesterday morning. The following were called by the members to serve for a period of three years: Elbert H. (A1) Case, Robert A. Cobb, Henry D'Amico, Jack I. Greene, C. C. Henderson, C. L. Redding, Harry M. Weir and Fred H. Williams.

The Rev. Angus G. McInnis was the moderator for the meeting. Ted Runce served as clerk and George Touhy made the report for the nomination committee of the Session.

50 Per Cent Levy Is Diminishing Municipalities Hurt By Cut

City street improvement programs in the incorporated municipalities of Seminole County will be hard hit when new budgets are made up.

The usual 50 per cent of the Road and Bridge Fund levy is diminishing with the Seminole County Board of Commissioners' economy move in the reducing of the millage.

Section 303.17 of the Statutes of Florida returns to incorporated municipalities 50 per cent of the Road and Bridge Fund levy collected from citizens and property within the boundaries of such cities.

1954 millage for Road and Bridge Fund was 4 mills and the 1955 millage is 2 mills, cutting in half, approximately, municipalities' income from the county tax.

The City of Sanford in this year's budget from the county tax source. This will strain the city, in making its next year's budget, in finding some source of revenue to replace the possible loss of approximately \$8,000.

The City of Ovido receives about \$2,000 from the Road and Bridge Fund levy, of which half will not be received by the Seminole County township should the 2-mill levy only produce approximately \$1,000.

The matter will surely come before the Board of Sanford City Commissioners who have, only recently, seen the necessity of levying a Refuse Collection fee to meet the requirements for the replacing of city streets in various sections of the municipality.

Lee Goss of Ovido when asked (Continued On Page Eight)

Two Air Force Men Crash Into Grove

A 1949 Chevrolet sedan was declared a total loss early Saturday morning when it crashed into a wooded grove on State Road 424 about one mile west of 17-92 inside the Longwood city limits.

Two Patrick Air Force Base men were on their way to visit, on the way a girl friend of one of them, when the crash occurred. Following a visit to the Orlando Seerdays, the two men were traveling west, at an apparent high rate of speed, when they failed to make a sharp curve and left the highway for approximately 110 feet and then crashed into the grove.

Time of the accident, said Florida Highway Patrolman Carl Williams, who investigated, was placed at 1:30 a.m. Saturday morning. Both ends of the car were battered and smashed in as the car hurtled to a stop plowing up earth and dense shrub.

Elton Earl Ozgen, 21-year-old Air Force man was driving the car at the time of the crash while the owner of the car, William D. Johnson, also 21, accompanied him.

The two men were taken to Florida Sanitarium for preliminary examination and treatment before being transferred to the Orlando Air Force Base hospital. Ozgen remained in the car while it spun and hurtled to a stop while Johnson was thrown out. Ozgen was dismissed from the hospital by Air Force doctors, and Johnson was hospitalized for injuries to his chest and head.

Ozgen was lodged in the Seminole County Jail charged with reckless driving.

5 Boys Will Speak At Luncheon Meet

The Sanford Lions Club will hear the five Seminole High School Boys' State representatives at their noon luncheon meeting tomorrow. The five high school boys will give an account of their full week of learning by doing while in Tallahassee during the early summer. Those who will appear before the Lions Club group tomorrow are: Kenneth Ramsey, Howard Allied, John Clark, Jim Hawkins and Ernest Morris.

Paul J. Stine
Inspirational Talk At Rotary Club

"This is Rotary's Golden Anniversary but it is not the end. It is actually the beginning," stated Paul J. Stine of Orlando, former president of both the Sanford and Orlando Rotary Clubs and Past District Governor of Rotary International in a challenging and inspirational talk that held his hearers in undivided attention at the weekly meeting this noon at the Club.

Stine who began his career in Rotary as a member of the local club in 1928 made mention of the fact that Rotary today is active in 32 countries of the world, in 100 clubs and has a membership of over 420,000, actually more representative than the United Nations.

Among the speakers listeners were his brothers, George A. and Andrew C. Stine, prominent local business men and Rotarians. Stine, president of the Harry P. Lou, industrial supply company, was introduced by program chairman for the day, Charlie Morrison, Bill Bush presided over the meeting and expressed the appreciation of the club to the guest speaker.

Sheriff's Office, Highway Patrolmen Have Big Weekend

The Seminole County Sheriff's Department and the Florida Highway patrol had a field day over the weekend as they stopped traffic violations within the county.

Roy Leslie Boynton, 32-year-old truck driver of Pompano Beach, charged with operating his car with no drivers license when stopped 10 1/2 miles south of Sanford, by Patrolman Carl Williams of the FHP.

William Lewis Sterchman, 21-year-old truck driver of Ormond Beach was charged with "excessive speed" 10 miles south of Sanford by Patrolman Williams.

Price Edward Satterfield, and Orlando salesman, was charged with "improper passing" 5 miles south of Sanford as he passed Deputy Sheriff A. E. Evans while directing traffic along the thoroughfare.

William Arch Peach, 45-year-old retired man of Longwood, was stopped by Patrolman Carl Williams in Casselberry and was charged with "driving while intoxicated."

Edmund Earl Stover, an Orlando Truck driver was charged with "driving on the wrong side of the road" on State Road 424 south of Sanford. Deputy Evans made the arrest.

Morris J. Williams, 28-year-old negro of Ovido was charged with (Continued On Page Eight)

LAKE MARY NEWS

BY VIRGINIA P. ANDERSON

The Rev. Kelby McCollister, former pastor of the Baptist Chapel, was the guest of Mr. and Mrs. C. S. Donaldson. He was on route to the Baptist Seminary in New Orleans, La. where he will continue his studies.

Mr. and Mrs. George Skewes of Escudido, Calif. are spending some time with their uncle and aunt, Mr. and Mrs. J. H. Skewes.

Mr. and Mrs. Robert Norwood and children have returned from a vacation spent in Henderson, N. C.

Mrs. Susann Martineau of Tampa and her daughter, who is a student nurse in Orlando, were the guests, Sunday of their friends, Mr. and Mrs. C. S. Donaldson.

Lewis Mitchell of Lebanon, Tenn., was the weekend guest of his brother-in-law and sister, Mr. and Mrs. Hutch Tullis.

Mr. and Mrs. W. F. Thorne Jr. spent Sunday with his parents, in Longwood and helped his father celebrate his 80th birthday.

The Rev. and Mrs. W. L. Scott were in Crescent City on Monday attending a church meeting.

Mrs. James Dingman has returned from an extended vacation spent visiting relatives in New York and Ohio.

Friends of Mr. and Mrs. Frank Evans will be sorry to learn that each has had a setback and are again on the sick list, at their Boston home.

Mrs. Wilamina Hines who has been visiting her son-in-law and daughter, Lt. and Mrs. L. R. Beckley returned to Pensacola, recently.

Miss Lava Berland has said her place and she and her brother, S. T. will leave soon for St. Augustine, where they plan to make their future home.

Friends of Mr. and Mrs. August Phillips will be interested to hear that their son, Sergeant First Class Clyde H. Phillips has recently been graduated from the Transportation School, non-commissioned officer leadership course at Fort Ewell, Va. He is a veteran of 12 years Army duty and holds the Good Conduct Medal, the Asiatic-Pacific Campaign Ribbon and the UN and Korean Service Ribbons.

F. G. Lee who has been improv-

ing at the Pernaud Loughton Memorial Hospital in Sanford, following a recent stroke, is being taken to Orlando, for further treatment. His mother, Mrs. S. J. Grady of Starke who was called here due to his illness, has returned to her home. His sister, Mrs. Hazel Murphy of Norwichtown, Conn., also called here, is remaining a while longer.

Mrs. Ida Keogh and daughter, Mrs. Ellen Willard and Kathy returned last week from a vacation spent visiting relatives in North and South Carolina.

Mr. and Mrs. M. Flanders of Winter Park spent Sunday with her mother, Mrs. J. L. Bullard who accompanied them home for a little visit.

Friends of Miss Gayle Burke will be sorry to hear that she dislocated a finger recently, playing softball.

Mr. and Mrs. Tom Freeman Jr. and children, Stevie and Ruthie are home again after a short vacation visiting relatives in Alabama and Georgia.

Tuesday evening the Lake Mary Community Presbyterian Church sponsored a farewell reception for Mr. and Mrs. George R. Patterson, who move to Orlando, Thursday.

Mrs. J. M. Thompson was chairman of the affair and was assisted by various women of the church.

Zinnias and hibiscus in shades of pink were used for decoration. The refreshment table was overlaid with a lace cloth and the crystal punch bowl at one end was balanced by an arrangement of Mexican Love Vase, in a crystal vase. Petite four, frosted in pastel shades, nuts and punch, served by Mrs. H. M. Gleason, were enjoyed by the more than 40 friends and neighbors who gathered to wish the Pattersons well in their new location.

After a period of visiting among the guests, all took part in the singing of hymns, led by Mrs. Bertha Houghton. At the close of the evening, the Rev. L. W. Scott, pastor of the church, presented the honorees with a gift of money, to be used for something in their new home. For the occasion, Mrs. Patterson chose a print dress with which she wore a corsage of white carnations, given her by the Lake Mary friends.

Governor Collins Proclaims Oil Progress Week

Governor LeRoy Collins today issued a proclamation officially designating the week of Oct. 9 through 15 as Oil Progress Week throughout Florida. During the brief ceremony attended by industry officials, the Governor said:

"By virtue of the authority vested in me as Governor of the State of Florida, I hereby proclaim the week of October 9th through 15th as Oil Progress Week in Florida, and do call to the serious consideration of all citizens the many services and other contributions made in the betterment of our public, social, business and private lives, as well as to the security of our beloved country, by the oilmen and women who work in our midst."

The ceremony in Tallahassee was attended by A. E. Cousins, of Jacksonville, State Chairman of the Oil Industry Information Committee, the industry's public relations organization; R. C. Parker, Tallahassee Area Chairman, and J. M. Endres, Tallahassee, who represented the vast Exploration, Land and Oil Producing activity in the state.

Endres presented the Governor with a unique desk pen set, the base of which was made from a "Core Sample" from 10,000 feet beneath the Everglades. The core was cut out by an oil company exploration crew in its search for clues which could lead to additional oil discoveries in the state. Endres explained that the cost of securing such a sample might be as high as \$250,000. He said that the information might sometimes be worth the price, but the actual rock sample is practically worthless.

Chairman Cousins said that oilmen throughout the State will join together during the week to sponsor many special events, civic club and school audience programs, banquets, window displays, newspaper advertising and radio TV interviews and spot announcements.

As a kickoff to Oil Progress Week, the industry also sponsored (or will sponsor) a nationwide "live" television program called "1976". The show, a preview of American life in the nation's

Spotlight On Hollywood

HOLLYWOOD — Sudden death has erased from the Hollywood scene a strange, brooding acting genius named James Dean.

His death at 24 in a highway crash came two months after loss of Susan Ball, who died of cancer at 22, and Robert Francis, killed in an air crash at 25.

Dean's first big film, "East of Eden," provided a rise to stardom even faster than Marlon Brando's.

Dean probably will be nominated for a posthumous Academy Award for his moody playing of the Steinbeck hero. He may also be nominated for his work in "Giant." All Dean's scenes in that film were completed just before he died.

Dean was a colorful figure. His unpredictable behavior was the talk of Hollywood.

His life was strangely connected with Brando's. Their styles were

somewhat similar, and Dean seemed to follow the Brando legend. He often dressed sloppily in blue jeans, T-shirt and leather jacket, he rode a motorcycle and played bongu drums.

Conscious of the similarity, Brando told Dean when they met at a party: "You ought to see a psychiatrist." Dean once told me he was convinced Brando hated him. Brando indicated, however, such was not the case.

Dean once said his motorcycle riding was not in imitation of Brando—"I've been riding motorcycles since I was 13." He remarked at the time that he was becoming more interested in sports cars. It was in a new Porsche

THE SANFORD HERALD
 Mon. Oct. 10, 1955 Page 3

sports car that he met death near Paso Robles, Calif. last Friday. Hollywood gossips opined the only woman Dean ever loved was Pier Angeli, dark-eyed Italian beauty. They met while both were working at Warner Bros. Reports were that she had caused him to change his sloppy manner of dress. One Saturday evening they had their last date together. That afternoon she had accepted the marriage proposal of singer Vic Damone. Friends said this made Dean morose. He returned to his uninhibited ways and played the field romantically.

Accidents Increasing - Deaths On Upmarch - Let's Do Something!

Have you ever seen an accident? Have you been involved in an accident when property loss was high, there were injuries, and possibly a fatality?

There is something sinister about standing alongside a pile of smashed up metal plate, upholstery, steel, and various materials necessary to put together an automobile or truck.

You get a speechless feeling when a steering wheel is pushed into the space where the driver once sat. There's a moment of weakness when you see for yourself the ripped up upholstery where passengers once rode.

Words won't come as one walks along picking up scraps of what once was a car, scattered over a hundred, two hundred, three hundred, maybe four hundred feet.

Groans coming from once healthy citizens, cries of children, moans from men and women, as they lay alongside the highway or in the wreckage, torn beyond recognition, cut and gashed and bruised, covered with blood, torn flesh, clothes ripped to shreds.

This is the picture of a wreck.

Sometimes we cannot write all of the details involved in an accident. It would take too much room, columns and columns, at times, would be necessary to describe every reaction to one such highway toll. Then again, words are not available to describe some of the pictures around the scene of a traffic accident.

There have been accidents, within our own community area, where hands were

laying in the road, pieces of flesh scattered about, pieces of what would be a normal person.

What happened?

Well, talking with folks who have seen hundreds of accidents, with folks whose business it is to investigate every automobile accident, revealed many, many causes for accidents. And the biggest, most common cause — SPEED. Too fast, the law enforcement officers said. He couldn't hold his car in the road, a stone started the speeding car into a skid, smooth tires wouldn't hold the car in its hurtling speed, steering wheel broke, a curve loomed up in front, and dozens of other causes from SPEED.

Then, there's the imbibor. Just one more won't hurt. Let's take another old-time's sake. And that's the one I remember. The two don't mix. A wheel and a spinning head don't mix. That will mesh. One has to give up at times, according to reminiscing some of the accidents along the highways of Seminole County, it's the spinning wheels. You meet all sorts of obstacles for an automobile to hurdle when the drinking driver is at the wheel. Trees, fences, ditches, walls, curbs, gutters, highway markers, even store fronts and houses.

The rate of accidents is increasing. Deaths are on the upmarch. Something must be done.

Looking at the matter very frankly, the only group of persons that can do the most in the cutting down of accidents, property damage, injury, and death, is the drivers of automobiles.

Law enforcement officers are stopping automobiles by the hundreds in a vast effort to stop this ghastly waste of life, the tremendous waste of property, the climbing toll of injured and maimed. But those officers, in the State, County, and City can only stop a small portion of the violators.

Only the VIOLATOR HIMSELF can bring to a sudden stop, the traffic dirge that's humming the death tune for motorists. You may be the next one that popular tune lulls to sleep. IT'S TIME TO WAKE UP — IT'S TIME TO SAVE YOUR OWN LIFE.

On the biggest scale that's ever been known, SPEED MUST BE REDUCED — DRIVING WHILE DRINKING MUST STOP — AND OBEDIENCE TO TRAFFIC LAWS MUST BE ENFORCED.

If you drive a car, this is a message to you. It is a plea, an earnest gesture. Slow down! Obey the laws and ordinances you know must be adhered to by every driver! Watch for the signs of life along the street, road, or highway.

This is everybody's business because the next man heading toward you in an automobile may be the one that will take your life!

HAL BOYLE

Need Any Mosquitoes Today?

NEW YORK (AP)—If you ever want to rent a mosquito—and, pay tell, who doesn't?—Lorraine D'Essen is just the young lady for you.

Mrs. D'Essen, a comely, hazel-eyed woman in her early 30s, has one of the oddest jobs in this odd lot of all possible worlds. She is an animal talent scout.

In three years she has built up a \$100,000-a-year business locating specially trained animals for the movies, television programs, advertising agencies and industrial firms.

Her casting bureau for animal actors now can draw on 750 furred or feathered creatures ranging in size from a sneezing mouse to a dancing elephant.

"So far I haven't had a call for a tightrope-walking trained whale," mused Mrs. D'Essen. "and, frankly, I'd just as soon never do it."

If she does get such a call, she might rise to the emergency. Her failures are few.

One example of the crises that arise almost daily in her unusual career: A studio sent a hurry-up call for a mosquito—in the middle of February.

"I finally located one in Florida, and had it flown here," recalled Mrs. D'Essen.

"The mosquito had had no special training, but proved a great natural talent. The scene called for a close-up of him biting a man's hand. He went through his role as if he had spent his life before a camera. The scene didn't require a single retake."

For this one performance the studio paid \$100, making the mosquito perhaps the highest paid insect in history.

"What did we do with him?" said Mrs. D'Essen. "We turned

him loose in the studio. I didn't feel like swatting him. Who wants to swat a \$100-a-day performer?"

Her animal actors average \$100 an appearance, whether it is for a moment, an hour, or a full day. Elephants, whose upkeep is more expensive, get the top rate—\$750.

Mrs. D'Essen rents some of the animals from other trainers, keeps many of her own on a 37-acre farm at Gillette, N.J.

They often remain overnight in her four-story old brick home in Greenwich Village.

"We have an animal United Nations here," she said. "Right now we are keeping an American crow, a llama from Peru (the llama named Lucky and has a girl friend named Linda), an English sheep dog, two great Danes, a wombat named 'Mr. Wimsole' from Australia, a Siamese cat, and a Yorkshire terrier called 'T. E. Elliot'."

"All of them are real characters. Each animal has his own personality. If you take the trouble to understand his personality, then he usually will take the trouble to understand yours."

Her current favorite is the bird, known as "Ole Crow," who makes one of the fattest livings of anything in feathers as the talking trademark for a firm that makes a well known Kentucky beverage.

"Ole" (pronounced "oh-lee") is the member of a crow family that has spent four generations in captivity," said Mrs. D'Essen. "He has a vocabulary of 16 words (none are four letters) and can mew like a cat."

"He has been given an honorary college degree, owns a 26-by-36 inch Texas ranch, is an actual stockholder in a distillery, and loves to go to cocktail parties."

"Ole" won't eat crow for any

JAMES MARLOW

Business Enters Last Lap

NEW YORK (AP)—Business enters the last lap of 1935 in top form. It has two hurdles immediately ahead:

1. Reaction of industrialists and consumers to the political and economic implications of the President's illness.

2. Introduction of the new automobile models with consumer reaction furnishing the test of whether the auto industry will continue to lead the economy into new ground.

First reactions to the President's illness have been in the stock market. This is natural since it is the most sensitive instrument recording distant shocks to business.

Business itself hasn't faltered. Consumer spending at retail is expected to rise this month to nearly 16 billion dollars. Merchants freely predict that trade from now until Christmas will get a new high.

Retailers purchasing plans for the rest of the year haven't bobbed since the president was stricken.

Manufacturers' new orders stand seven billion dollars higher than a year ago. Shippers predict that rail freight volume between now and the end of the year will be nine per cent greater than last year. This will mean loading nearly 7 1/2 million freight cars during the three months.

Industrial plans for plant expansion have been increased, if anything, since the President's illness.

The second uncertainty centers in Detroit. Auto makers are confident the public will respond to 1936 models with a burst of buying in the final weeks of 1935. We will have to wait to see.

Optimism is high because employment continues near the top and the national total of personal income after taxes stays at record levels. Many observers, therefore, feel that the public's strong urge to spend will continue through the rest of this year at least.

The administration can move quickly on several fronts if business should unexpectedly turn downward. The tight credit situation can be reversed quickly, making more money available if businessmen or home builders, or even car buyers, need it. And easier credit might spur state and local governments to start some

of their building programs—highways, schools, water and sewer systems.

More than 4 1/2 million American families own more than one car, an increase in number of more than 70 per cent in the last five years.

LONGWOOD NEWS

Longwood viewed one of its longest parades last Saturday preceding the ground-breaking ceremonies of the new medical building. Leading the parade was Chief of Police Claude Lajo, followed by the color guard of the American Legion Old Glory Post No. 183. Then the Lyman School Band under the leadership of G. Fisher, Longwood Little League Ball Club, Boy Scouts and Cubs, three decorated cars with members of the Women's Civic League, Ladies Auxiliary of the Longwood Volunteer Fire Dept. Followed by very attractive displays by the local merchants including a beautiful decorated station wagon and truck by Herman Jean, Carhart's Variety Store, Longwood Shoe Store, the new Suprex Market with Borden's display and a sound car with Larry Jones, Juvenile Counselor of Seminole Co. M. C. O'Brien's Garage, Lois's Rest, O. M. Snodgrass and the Longwood Volunteer Firemen's truck. The parade proceeded to the grounds where the ceremonies began.

Seminole County Prosecuting Attorney Carlyle Householder, was then introduced by Chamber of Commerce Pres. Charles Morrison who spoke to the assembled group. Morrison presented Householder, Harry Weir, Administrator of the Seminole Memorial Hospital, and T. E. Tucker, President of the Florida State Bank, with shovels and the first earth turned in preparing the ground for the new Medical Building. After which the Lyman School Band played several selections.

All those present were then invited to the Library Building for refreshments under the Chairman's supervision of Mrs. Charles Morrison and committee.

The various committees extend their sincere appreciation to everyone who helped make this event possible. Also the Sheriff's Office of Seminole County and Constable Bill Lewis who assisted the Volunteer Firemen in maintaining traffic throughout the affair.

The Women's Civic League of Longwood met Tuesday afternoon for the first meeting of 1955-56. Mrs. R. C. Carlson, president, presented the club with plans of the club's activities for the coming year, which will include a fashion show, card party, a supper and food sale.

The new year books were given each member by Mrs. Cox, and they list very interesting programs for the coming meetings.

Announcement was made that the Fashion and Hair Styling Show will be presented on Wednesday evening, Oct. 26, at 8 p. m. in the Library Building. Also that the Hollywood Shop of Sanford will present the Style Show under the supervision of Miss Levy, Manager of the Sanford Shop.

Mrs. Maxine McGrath gave a very interesting and instructive talk on "Civil Defense and Community Preparedness" to the members.

Mrs. George L. Granger was hostess chairman and was assisted by Mrs. J. O. Durning, Mrs. George Otto, Mrs. H. E. Ballance, Mrs. Herbert Hunter and Mrs. Earl Duncan.

The Lyman P.T.A. will again sponsor the annual Halloween Carnival to be held on the Lyman athletic field Saturday, Oct. 29, beginning at 8 p. m.

James Birkemeyer and Walter Krohne will serve as general chairman. The home room chairman will be assigned booths to be managed by their groups.

Mrs. James Birkemeyer will supervise the serving of an Italian spaghetti supper in the school cafeteria. Ross Mobley will arrange the special concessions and supervising the construction of the necessary forms and foundations. A donation will be asked from each adult for the aid of the school program. All funds will be used to carry out the budget of the Lyman P.T.A., as this is its only money-making project for this school year.

Chairman Walter Krohne and James Birkemeyer have appointed the following committee for the event, Ross Mobley, Leonard Casaberry, William Hudson, Mrs. Carl Stiles, Mrs. William Simkins, Mrs. C. W. Swofford and Mrs. E. Stevens.

Mrs. G. W. Swofford, president of the Lyman P.T.A., has announced the home-room mothers for this school year.

They will be: first grade, Mrs. Donald McLeod, Mrs. William Young and Mrs. A. W. Eldridge; second grade, Mrs. Ross Mobley, Mrs. Charles Harris and Mrs. Jack Simkins; third, Mrs. Don Hitman, Mrs. James Lambert and Mrs. Clements Hallett; fourth, Mrs. Glen Pans and Mrs. Jack Waltman; fifth, Mrs. E. E. Goodwin and Mrs. B. D. McIntosh; sixth, Mrs. Forrest French and Mrs. Carl Stiles; seventh, Mrs. Williams Simkins and Mrs. Leonard Andrews; eighth, Mrs. R. E. Paul and Mrs. William Moon; ninth, Mrs. Walter Krohne and Mrs. J. M. Weaver; tenth, Mrs. Roy Reiter and Mrs. Ross Frambro; eleventh, Mrs. Harman Joyce and twelfth, Mrs. Otis Fouracre.

The Longwood Tourist Club met this Wednesday in Sunnyside Park for their first meeting of the coming season. All business was held for the next meeting to be held, Wednesday,

Social Events

MISS MAYME DAMPIER

Parents Reveal Engagement Of Mayme Dampier, J. Gibson

Mr. and Mrs. Frank Dampier are today announcing the engagement and approaching marriage of their daughter, Mayme Frances to Jack Harley Gibson of Kissimmee. He is the son of Mr. and Mrs. Fred Gibson of Chester, S. C.

The wedding will be an event of Nov. 12 at 3 p. m. in the First Baptist Church here with Dr. W. P. Brooks officiating.

Miss Dampier attended schools in Sanford and is a graduate of the Memorial Hospital School of Nursing in Charlotte, N. C. She is at present assistant supervisor of surgery in the Orange Memorial Hospital in Orlando.

Mr. Gibson attended schools in Chester, S. C. and served in the Coast Guard during World War II. He graduated from Clemson College in 1952 with a B. S. degree in Agriculture Engineering. He is at present employed by the Peninsula Sales and Service Co. of Kissimmee.

Harry Weir Elected President Of P-TA; Miss Wilson Speaks

The newly organized Pinecrest P-TA held a meeting Thursday night in the school to elect officers and discuss business organization.

Harry Weir was elected president, Mrs. Richard Elam, first vice president, Mrs. Margaret Reynolds, second vice president; Mrs. Mary Totten Barnes, third vice president; Mrs. J. Burton, corresponding secretary; Mrs. Rowland De John, recording secretary; Mrs. Marijany Bailey, treasurer and Mrs. Valda Robbins historian.

R. L. McKnight headed the nominating committee and the installation of officers was led by Mrs. Marian St. John, Seminole county council of P.T.A.'s president.

Miss Myrtle Wilson, Seminole County home demonstration agent gave an interesting and appropriate talk on "Packed Lunch Suggestions."

Mrs. P. H. Colbert presented the P-TA with a check for \$150 dollars from the Southside P.T.A.

Business was taken up and then discussed two delegates were elected to go to the P.T.A. convention which is to be held in Miami.

Mrs. Robbins announced information in the Halloween Carnival P-TA meeting is going in with Southside this year as has just been established.

The year then broke into work groups by grade and discussed budgets and had refreshments. Southside also supplied the soft drinks for the evening. Approximately 125 members attended.

Shirley Ann Jones, Ray Beasley United In Marriage Saturday

Mr. and Mrs. Arthur M. Jones of Oviedo announce the marriage of their daughter, Shirley Ann to Ray Beasley, son of Mr. and Mrs. Joe Beasley, son of Mr. and Mrs. O. B. at 7 p. m. in the Methodist parsonage before the Rev. George Carlton.

The bride was attended by Miss Ann Leinhardt and Ben Ward Jr. served the best man.

The bride wore a ballerina length frock fashioned of duality Rose Taffeta designed with a long fitted torso and featuring a cameo neck line. She had brief sleeves and her bouffant hair was accented by a huge lily-of-the-valley hat. A short veil was attached to her matching hat embroidered with sequins. Short white gloves and matching accessories completed her outfit. She carried a colonial bouquet of lily of the valley centered with a white orchid.

The bridesmaid gown ballerina length of powder blue taffeta. It was made on the princess line with a wide neckline, soft inverted pleats over skirt waist which followed out below waist and a bow train added interest in back. Her accessories were matching and she wore a pink rose bud corsage.

The couple left immediately following the ceremony for a wedding trip and will be at home after Oct. 15 at 418, South Seminole St., Orlando.

The bride graduated in 1954 from Oviedo High School and was active in the school office. She was a star athlete, talented singer and participated in many local affairs. She attended the Florida State University last year and has been working in Orlando as a secretary, since June.

Mr. Beasley graduated from the Oviedo High School and has been in the army service for several years. He is now working for Soko Charm Fruit Co. in Oviedo.

First Fall Meeting Of Hibiscus Circle Scheduled Friday

Mrs. R. D. Brisson, president of the Hibiscus Circle Circle announces the first fall session of the year to be held Friday at 10:30 a. m. in the form of a covered dish luncheon at the hostesses for the day are Mrs. W. H. Stewart, Mrs. Frank Meisch and Mrs. Joe Meisch.

Mrs. Brisson said that the meeting will disband at 12:45 in order to give the members of the circle an opportunity to go to McKinley Hall to hear a lecture on flowers arranged given by Mrs. Paul H. Ochiltree.

Mrs. Brisson and Mrs. J. C. Jones, secretary will assume duties for the new year. New officers are Mrs. Joe Meisch, vice president and Mrs. Joe Fahy, treasurer.

Woman's Club To Honor Teachers

The annual supper given by the Sanford Woman's Club in honor of the teachers in the Sanford schools will be held tomorrow night, Oct. 21 at the Woman's club house. Supper will be served at 7 o'clock. All teachers and their husbands or wives are cordially invited to attend.

The committees functioning for the supper are Mrs. James Eckert, Mrs. Thomas Hatchett, calling and registration; Mrs. Raymond Bass, kitchen; Mrs. H. N. Greer, tables; Mrs. David Lanier, prizes; Mrs. Douglas Sternstrom, serving; and floating bar-crowns will be Mrs. Robert Kays, Mrs. Bill Kirk and Mrs. F. E. Breckenridge.

Personal

Friends of Mrs. Alma Angel will be pleased to learn that she is home after under going surgery at the Florida Sanitarium in Orlando. Her sister, Mrs. H. J. Schein, of Queens Village, N. Y. is here with Mrs. Angel.

Doctor up those canned beans to give them a homemade taste! Add maple syrup, catsup, Worcestershire sauce and finely diced onion and heat the beans thoroughly.

VFW Auxiliary District President Attends Local Meet

A record attendance of 17 members were on hand to welcome the district president, Mrs. Helen Paine, at the VFW Auxiliary meeting last Tuesday evening. Mrs. Florence M. Harwood, district secretary and district deputy chief of staff was also present and the auxiliary was complimented for its growth and the enthusiasm of all its members.

Plans are being made for the auxiliary's annual Christmas box to be sent to a veterans hospital. A bake sale held recently was very successful it was stated.

Legion Auxiliary Hears Mrs. Warren

The American Legion Auxiliary met Friday night at the hall with Mrs. Noah Newcome presiding. The Auxiliary decided to buy a flag for the high school.

Mrs. Bobbie Jean Warren said that she was looking forward to a big increase in membership for this year.

Two visitors were present from Fern Park Mrs. J. F. Warren and Mrs. Frank Russell. Mrs. Warren was the speaker for the evening.

After the meeting adjourned, delicious refreshments of punch and cake were served to those present.

Oviedo Woman's Club Will Open

OVIEDO—The opening of the Oviedo Woman's Club will be held on Friday, Oct. 14. This will be in the form of a supper honoring the husbands of the Oviedo Woman's Club members.

The affair will be held at 7 p. m. at the city hall memorial building with Mrs. H. G. Smith and Mrs. George Jacobson Jr., acting as co-chairman. All members who cannot attend are urged to notify the chairman.

Volie Williams Jr. Will Be Moderator At P-TA Session

The Oviedo P.T.A. will meet Tuesday evening, Oct. 11, at 8 p. m. in the school auditorium.

Mrs. Walter A. Teague, program chairman, is announcing that the program will be a panel discussion on the Parent Teacher Code; Volie Williams Jr., being moderator.

The panel will be made up of students from the seventh through the twelfth grades, also Professor Stewart Gatchel and Mrs. John Evans.

The ninth and tenth grade mother will be hostesses for the occasion.

TEL Class Gathers In Baptist Chapel

The TEL Class of the First Baptist Church met in the chapel Thursday for its regular meeting with Mrs. E. M. Carroll presiding.

Mrs. E. H. Beattie offered the devotional and urged all members to attend the youth revival to be held Oct. 18-23. Reports and routine business were taken care of. Refreshments of ice cream and cake were served by Mrs. Ellen Shaddon and her group to Mrs. P. Rines, Mrs. A. K. Russell, Mrs. E. M. Carroll, Mrs. Lillian Vickers, Mrs. M. Cummings, Mrs. C. E. Benton, Mrs. W. L. Widdon, Mrs. W. B. Stovall, Mrs. R. W. Smith, Mrs. M. S. Nelson, Mrs. Martha Marshall, Mrs. S. L. Price, Mrs. Marie Stewart, Mrs. Beopile Mrs. Shaddon and a new member, Mrs. Tucker.

Vary your favorite recipe for tomato soup by adding chopped hard-boiled egg and chopped green asparagus spears (canned) to it.

Battling Lyman Loses Tilt 26-19

BY B. HUGH ANSLEY

Little Lyman, battling gamely despite an epidemic of virus, ran out of gas in the fourth quarter to drop a hard one 26-19 Friday night in Tavara. Lyman led for three quarters in the game that was played on "cuts".

Lyman's first score came when Don Stevens recovered Tavara's fumble on the 25 yard line and ran it back to paydirt. The try for the extra point failed. In the second stanza Lyman's Lamar Helms stepped in the way of a Tavara pass, snagged it, and ran it for 20 yards and Lyman's second TD. This time the extra point was made and Lyman led by a score of 13-0, and it looked as if the Lyman line would provide a solid wall for another game.

But Tavara bounded back in the same stanza as Darrell Purcell passed to end John Kennington from his own 40 yard line. Kennington took the pass on the Lyman 40 yard line and raced for the 60 yard pass-and-run to their first of four touchdowns. The extra point was good, and the half ended with

Lyman leading 13-7.

In the opening minutes of the second half Tavara tied up the game as Darrell Purcell ran through the tiring Lyman team for 60 yards and paydirt. Lyman snapped back with a 55 yard running attack that was climaxed when Billy Lemons raced around end for thirty yards and 6 points. And then the team was practically out on its feet. Tavara started a seventy yard drive on the next kickoff, and the ball was on the one yard line as the third period closed with Lyman still leading 19-13.

The fourth quarter opened for a Tavara score as Roger Purcell rammed over from the one yard line. Then Lyman tried an aerial attack that was fatal. John Kennington intercepted a wild Lyman pass and ran it back for 30 yards and the winning 6 points.

Guard John Shultz paced the Lyman Greyhounds in this, their second, CFC try this season as they were dumped into seventh place with their 0-1-1 record.

SHS Band, Pep Club Entertain Friday With Drill Series

The Friday night half-time show given by the Seminole High School Band and Pep Club proved to be a spectacular performance.

After a entry fanfare the group marched onto the field and saluted the home side. A counter-march at the north end of the field was followed by the band and Pep Club dividing into 24 separate pinwheel and without the aid of any commands by the drum major went into a series of precision drills.

Following the drills, the Major-tie Corps formed a "V" and rendered a baton and dance routine while the band played the school song.

Hawkins Leads Feds To 13-7 Victory

BY B. HUGH ANSLEY

Quarterback Jim Hawkins couldn't be stopped Friday night as he dazzled an invading Apopka team and over 2000 fans by leading Seminole's Fighting Feds to a 13-7 victory, their third in a row, at Memorial Stadium. No word could better describe Hawkins than brilliance. He rushed for 139 yards, passed to John Clarke for 27 yards, scored two touchdowns, and kicked the extra point that spelled the 13-7 victory over the Apopka Blue Darts.

After a scoreless first quarter of seasaw defensive play and a series of Feds' penalties, Hawkins lit a fire under the Seminoles, and they went on the warpath. The Feds marched for 63 yards and paydirt as Hawkins climaxed the drive by carrying the ball over from the ten yard line on a keeper play. He kicked the extra point.

Apopka came bouncing back in the same quarter with a passing attack. One pass for 25 yards carried the ball out to the 50, and then for the second time Apopka quarterback Ben Pitman connected with end Marvin Wright, and this time it went for the remaining fifty yards and Apopka's singular score. The extra point was good and the half ended with a 7-7 score.

In the third quarter Apopka penetrated to the Feds 22 where Seminole dug in and took the ball on downs. Two plays later Hawkins took the ball on a keeper play through the middle of the line with a sensational 75 yard run that brought victory to the Feds.

Again in the third quarter the Fans were thrilled as Hawkins returned a punt for 40 yards through

ten of the Apopka team. This was his second outstanding punt return. Once in the second quarter he returned the ball to the Apopka 40 yard line by a 30 yard punt return.

Again the entire Fed team was outstanding. How better can this be illustrated than by the statistics? Seventeen times the Blue Darters were stopped for no gain, seven times they were dropped for a loss that totaled 34 yards, and nine times they were allowed only one yard gain. The Feds were held for no gain only seven times, they were dropped for a loss only twice (once on a fumble) for a total of seven yards, and were held to one yard gains only six times.

Gene Bass, Robert Carter, David Galloway, and Howard Allred were all outstanding as they repelled the Blue Darter attack consistently. They were the boys that stopped the line charges by Apopka. The Feds' great weakness was their pass defense. Apopka completed three out of six attempted passes for a total of 62 yards. Only one of the Apopka incompletions was due to deflection by a Fed player. Twice the intended Apopka receiver was in a scoring position and only the hard charging Fed line saved the day by forcing the passer to get rid of the ball in a hurry.

It was a glorious night for the Feds as they ran their season string out to three straight victories.

Courchesne, Perez To Stage Battle In New York Tonite

Bobby Courchesne, a 20-year-old featherweight boxer from Holyoke, Mass., and Lulu Perez, a 22-year-old on the comeback path, clash in a television 10-rounder at New York's St. Nicholas Arena tonight.

Courchesne made a hit in his ninth-round technical knockout of rugged Tony Puleo at St. Nick's Sept. 5 to stretch his unbeaten streak to 16.

Perez former leading 126-pound contender, was drubbed by Carmelo Corta in his last outing May 27 and was dropped clear out of the first 10.

Courchesne's record is 26-3-2 with 15 knockouts. Perez's record is 22-6-1.

Du Mont will telecast at 9 p.m. EST.

Ralph (Tiger) Jones, seventh-ranking middleweight contender from Yonkers, N.Y., takes on Al Andrews, Superior, Wis., in the Wednesday night radio-TV bout out of the Dinkey Key Auditorium in Miami.

A couple of young middleweights with modest winning streaks and a rest for fighting, Ray Drake of New York and Tony Baldoni of Wilkes-Barre, Pa., collide in the TV-radio Friday fight at the War Memorial Auditorium in Syracuse, N.Y.

Mrs. P. Ochiltree

Author of a book "Tricks in Flower Arranging."

Mrs. Ochiltree thinks of flowers and enjoys sharing everything she can find in it. While in the north this summer attending the National Council of State Federated Garden Clubs, she purchased a number of new accessories, many from Italy as shown by importers in the Chicago market. Mrs. Ochiltree has planned for her Sanford appearance a very full demonstration program including Thanksgiving and Christmas arrangements which should be of particular interest to local flower show exhibitors. This year the annual Flower Show of the Sanford Garden Club will be held early in December and will feature a religious theme.

Originator of hat decorations and designing as a part of garden club shows, Mrs. Ochiltree has a unique niche among the thousands of garden club women in the United States. She began creating bonnets of dried leaves, blooms and bark about 23 years ago while she was president of the Miami Beach Garden Club. Five years later she created one-day-only chapeaux with fresh blossoms. Hats designed of and decorated with flowers have since become a standard class of most flower shows throughout the nation.

She makes none of her hats commercially and never takes orders for them, she makes them for gifts to friends and frequently designs them for prominent visitors to Florida.

The Mamie chapeaux was presented to the President's wife at the official opening of the International Garden Club show in Washington this past summer. The mamie hats, from which Mrs. Eitchever's hat was made, is soft, resembling chambray both in color and texture. The little hat was tailored, its sections lined together with brown and metallic chenille.

In addition to being a very entertaining speaker, Mrs. Ochiltree explains her materials and techniques as she makes arrangements on the spot so that members of the audience know exactly how it is done. Her enthusiasm and step-by-step methods inspire many who hear her to go home and create an arrangement of their own. Mrs. Ochiltree's wide selection of plant materials and use of interesting containers provide extra stimuli. It is suggested that those attending bring notebooks. Anyone wishing additional information call Mrs. Fred Murray or Mrs. Fred Ganas.

SECOND LARGEST TALLAHASSEE, Fla. — The 15,352 paid patrons that turned the thrills at FSU's opening encounter against N.C. State this season marked the second largest home crowd in FSU's young football history. Largest crowd was 1954's opening contest against Georgia, 15,000.

GUNNING FOR NO. 2 TALLAHASSEE, Fla. — Coach "Slim" Stults' Florida State University swimming team will be gunning for their third straight national season this year.

SNAAS

(Continued From Page One)
The Lieutenant Commander called the council's attention to a total of 18 accidents. The causes were enumerated as: six by reckless driving, one by excessive speed, nine by careless and negligent driving, and two by the car not being under control. The cost of fines assessed military personnel was \$1,800 and estimated damages were \$28,402. There were 19 injuries, he explained with 10 of the major and 9 minor, with two fatalities.

The security Officer stated that the overall record did not look good in comparison with the cost. Commander Colee found that the accident increase was not caused primarily from the station's growth, and that the accident rate followed a pattern or cycle.

Measures to prevent recurrence of accidents were discussed by the group with a decision that were the programs in which most good could be realized. One such item would be the placing of a statistics board at the main gate of the station as a constant reminder of the figures on accidents, injuries, deaths and cost. Other safety programs, explained by W. E. Giles, NAAS Safety Engineer, would include handbooks, posters, pictures of recent accidents and a safe drivers training course.

Commander Colee asked for facts and figures relative to the effectiveness of the safe drivers training course with special emphasis on the number of graduates of the course involved in accidents and violations. The NAAS Executive Office also announced that the station's standard speed limit, effective Oct. 15, would be changed to 20 miles per hour.

Lt. Commander Tilley, NAAS Security Officer, suggested that pedestrian crosswalks be established and that jay walking be prohibited.

In closing the meeting, Commander Colee emphasized the need for action by the council in the field of Motor Vehicle Safety Programs and Public Relations. "It is important," he said, "because the natural friendship of the people of Sanford can be strained beyond limits by inconsistent action on the part of Naval personnel, especially if Navy traffic violations grew out of proportion to the civilian population."

MAN ACQUITTED
DETROIT (AP)—A Recorder's Court jury Wednesday acquitted Murray Sinuk, 26, of kidnaping his former girl friend.

Sinuk was accused of abducting Miss June Dallen, 21, at gun point and taking her on a wild car ride to Ohio last May 19 in an attempt to persuade her to marry him. Sinuk claimed she went willingly.

Police said Sinuk still faces a charge of felonious assault.

The Riango, gentle and polite tribesman of southeast East Pakistan, have a strange way of expressing apology. They stick out their tongues.

City Funds

(Continued From Page One)
what he thought of the possible cut in revenue facing the city next year commented, "that hurts". He explained that funds not provided from the annual "road and bridge fund" source would have to be replaced.

Hibbard Casselberry, founder of the City of Casselberry, said Friday that the action on the part of the County Commissioners was to "make somebody think they're reducing the taxes." And he added, "all they're cutting is the fund they give back to Sanford and the other incorporated municipalities of the county."

The Road and Bridge fund for the county will not be hurt with an unprecedented \$181,000 surplus brought over from the previous year and with increasing tax collections from racing revenues passed along from the State.

Some officials are looking askance at the recent action of the Seminole County Commissioners when funds were evenly divided between commissioners for disposition. Commissioner Fred Dyson, by law is prevented from spending any part of the Road and Bridge fund dollars within his own district since it lies wholly within the incorporated limits of the City of Sanford. It is yet to be determined just how Commissioner Dyson will spend funds in districts of other commissioners.

Leslie Eryan, an official for the Town of Allamonte Springs, made no comment on the cut in funds by reduction of the millage. He said, "it concerns us greatly, of course, since we receive about \$1,000 from the Road and Bridge fund for the upkeep of our city streets." He withheld further comment until a study of the budget adopted by the Board of Seminole County Commissioners is made and it is determined how the cut will affect the city.

Sheriff's

(Continued From Page Eight)
"excessive speed" when stopped by Patrolman Williams 13 miles south of Sanford.

Lorenzia Robinson, 26-year-old negro Navy man attached to SNAAS was charged with "excessive speed" when stopped by Constable J. Q. "Slim" Galloway.

Henry Lester Brooks, 46-year-old mechanic of Orlando was charged with "driving while intoxicated" 6 miles south of Sanford when stopped by Patrolman Williams.

Another "driving while intoxicated" charge was made by the FHP Patrolman when he stopped Charles Lamb, 27-year-old warehouseman 6 miles south of Sanford.

"No Drivers License" was the charge against Paul Vandiver, Orlando Mechanic.

The Seminole County Sheriff, the Constables, and the Florida Highway Patrol, along with other law enforcement agencies of the county have begun a campaign to stop traffic violations along the highways.

Christian

sage, the Rev. Stone said, "A friendly church has drawing power. Nothing can take the place of the personal touch, the friendly greeting, the cordial smile, the warm handclasp."

Choosing his text from Deut. 6:4-8, the Rev. Phillip Schlessmann, at the Lutheran Church of the Redeemer, spoke yesterday morning on the sermon-subject "The Christian Training of our Children."

The Rev. Schlessmann said, "In our day we consider education of the greatest value; but what type of education are we speaking of? Education for our benefit in the future on the face of the earth, usually we mean some kind of training which will enable us to secure a good living. But the greatest education is so often overlooked. That is Christian Education, the education for our soul's benefit, the education of faith in Christ Jesus our Savior."

And the Rev. Schlessmann continued, "To become truly great citizens, to become truly great parents, to become truly great workers, to become truly great leaders, the education of the mind for earning a living, but must be done by training the heart for the greater life, life by faith in the One who gave himself for us. We, as Christian parents must devote our life, our all, to give our children the great goal of life eternal, and then add the training of the mind for our earthly labors."

The Rev. David S. Carnifax, at the Christian and Missionary Alliance Church, chose for his topic last night, "Doubting is Believing."

He said, "Doubting is believing. It is believing the opposite of the truth as revealed in God's Word. Doubting and believing are so closely allied that often the greatest doubter becomes the strongest believer."

The Rev. Carnifax said, "To really doubt demands that you

Services Held

1883 she returned to Florida for another visit and met Alfred Cecil Doudney of Hastings, England whom she subsequently married in 1892. She and Mr. Doudney bought the Wellington house which stood at the head of Park Ave. when the street ended at Twentieth St. Together they were very prominent in all church and social activities in the early days in Sanford and surrounding communities, taking an active interest in all civic affairs and in the Episcopal Church where Mr. Doudney formed and directed the choir. Mr. Doudney died in 1901 and in 1910 Mrs. Doudney joined the DAR and a charter member of the Sanford Woman's Club. She has had a lifelong interest in the American Bible Society which was founded by her forbears and has, through all her life, actively supported its widespread work. It was her request that no flowers be given in memory of her but, if anyone wished to give a memorial in lieu of flowers, it was her hope that a contribution would be given to the Bible Society to further its important work, or to any other charity the donor might desire. Anyone wishing to contribute to the Bible Society may get in touch with Mrs. Randall Chase, Telephone No. 125.

Mrs. Vaughan is survived by three children, two sons, A. Gurney Doudney of Miami; Sanford F. Doudney, Sanford; and a daughter, Mrs. W. Cautlin Hutchison, Sanford; five grandchildren, Mrs. Harry Steadman, Miami; Mrs. George Dangleman, Texas; Alfred C. Doudney and William C. Hutchison Jr. of Sanford; and Miss Pennington.

know something about the truth so that you can believe the opposite. When you already know the truth—even if you say you don't believe it—it is not a far step across the line from Doubting that is Believing the lies of Satan — to Believing that is faith in Jesus Christ unto eternal life."

Members

attend. There should be some way, he said, to improve relations between members and the association itself.

The dean of cattlemen told the Seminole County group that "there is a ready market in Florida for your beef." Florida cattlemen, he said, should have more faith in Florida and the beef industry. If they do, they won't have anything to gripe about.

Williams also talked about the Beef Council and its work to promote beef sales in Florida. The council, he said, is made up of members of the beef industry, growers and packers. "The council recently asked of all associations to agree to pay 10c per head of cattle sold to finance the work of the council." And he concluded, "it has found poor support among the members of our cattle raisers."

J. R. Gunn, secretary of the Florida Cattlemen's Association and Al Cody, co-editor of the Florida

rose Hutchison, Orlando. She is also survived by eight great-grandchildren.

Active Pallbearers were: B. F. Whitner, George A. Speer Jr., Randall Chase, S. O. Chase Jr., Douglas Stenstrom and R. W. Deane. Honorary Pallbearers were: J. E. Terwilliger Jr., W. A. Lefler, Chester W. Goodrich, W. B. Miller, B. C. Dodd, Otis Furakre, E. L. Burdick, C. J. Merivether, Roy Holler, Roland Dean, Ralph A. Smith, John L. Galloway, H. R. Herndon, Claude Herndon, Fred W. Ball, Raymond Key, W. B. Nicholson, E. L. Perkins Sr., A. K. Rossetter, William Beardall, Dr. J. A. Smith, W. C. Hill, John Meisch, O. P. Herndon, Judge E. F. Heusholder, Sheriff J. L. Hobby, R. T. Milwee, Fred Dyson, Mack N. Cleveland Jr., and W. A. Fitts Sr.

Burial was in Lake View Cemetery.

Hungry Ants Eat Plastic Insulation

LOS ANGELES (AP)—Hungry red ants with a taste for plastic insulation have been traced as the culprit responsible for a mysterious series of short circuit failures in San Fernando Valley traffic signals.

Manager Lloyd Braff of the Los Angeles Traffic Department said there have been 56 short circuits in six weeks, mostly along heavily traveled Lankershim and Ventura boulevards.

Electricians were mystified. Motorists were confused. Finally, Braff related yesterday investigators found that the red ants, traveling in armies of thousands, burrowed down through 10 inches of crushed gravel in wire-conductor boxes placed near the signals and chewed the insulation off the wires.

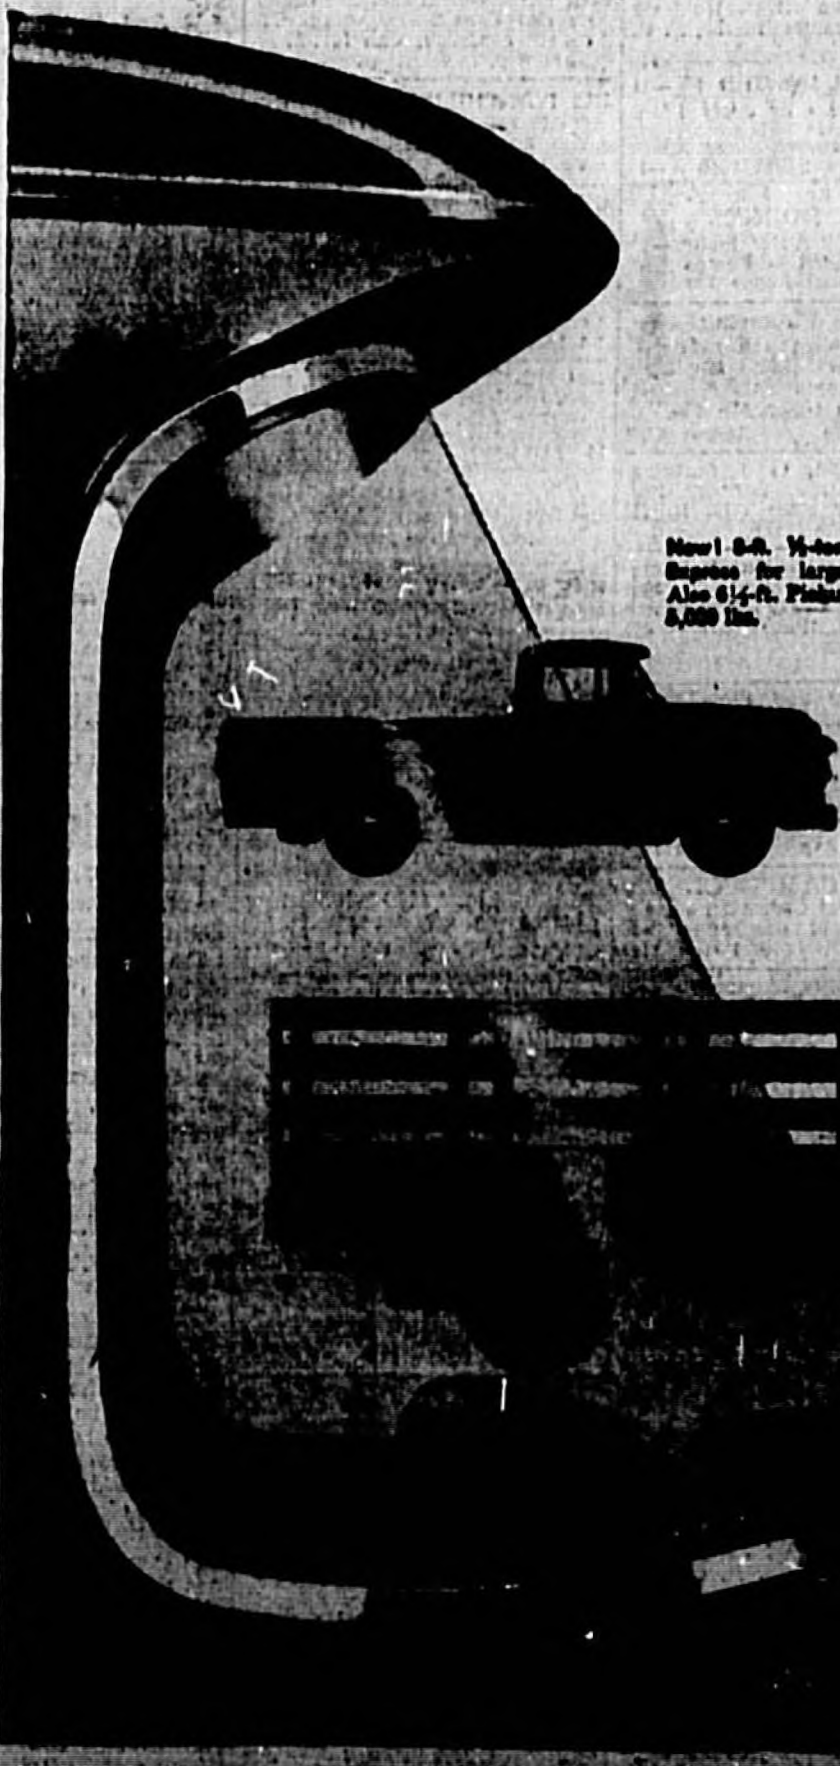

At the conclusion of the business meeting, over 250 pounds of T-bone and sirloin steaks made up the main course of the meal which also included potato salad and side dishes for a complete meal.

Commissioners Adopt Resolution Approving Appraisers Report

GEORGE W. MORGAN

George W. Morgan Named Manager Of New Local Store

George W. Morgan, active in local business circles for the past ten years, has been named manager for the Sherwin-Williams Company's new Sanford branch, to be located at 117 Magnolia Ave.

The appointment was announced today by Mr. W. B. Bell, of Atlanta, Ga., Southeastern Regional Director for the world's largest paint company.

Mr. Morgan attended schools in Kentucky, graduating from the Sharpshurg, Kentucky High School.

Mr. Morgan is interested in baseball, football and basketball. He came to Sanford in 1944 as a member of the armed forces station at the local Naval Auxiliary Air Station, having enlisted in Atlanta. Following his discharge from the service he became store manager for the Cowan Company, later identifying himself with the Gulf Life Insurance Company. Shortly afterward he was named manager of the Navy Exchange at the local station.

Mr. Morgan is a member of the Kiwanis club of Sanford. He is a member of the First Christian Church where he is chairman of the Church Board.

As branch manager for Sherwin-Williams Mr. Morgan is to receive special training, including technical courses covering formulations and uses of various finishes. Expert training also is scheduled in color harmony.

Although details of the formal opening have not yet been determined, the store is expected to be in operation Nov. 15.

Mr. and Mrs. Morgan, the former Wilma Bond, of Richmond, Ky., and their 15-year old daughter Shirley reside at 2533 Magnolia Ave.

Negro Is Charged With Ransacking Academy Buildings

A 27-year-old Negro was taken into custody yesterday and charged with the ransacking of the Crooms Academy buildings Friday night, it was reported.

William Miller, alias "Brother" Miller, was picked up on a complaint yesterday when a negro woman reported an attempted breaking and entering of her home. Patrolman Arnold Williams of the Sanford Police Department held Miller for questioning at the local police department.

Constable J. Q. "Slim" Gallo-way, notified of the complaint and of the fact that Miller was being held, questioned him regarding the Crooms Academy breaking and entering. Constable Gallo-way said that he detected Miller as being the intruder from cuts on the right hand.

When the Crooms Academy loss was reported it was noted that there was an alarm possibly from the broken out of the doors of both the Administrative and Business Buildings at the Crooms Academy.

A hearing is being held in the Seminole County Jail charged with breaking and entering, said Constable Gallo-way.

The Board of Seminole County Commissioners unanimously adopted a resolution, this morning, approving the appraisers report of the 17-92 right-of-way properties from Five Points south to the Orange County line.

According to the appraisal, submitted to the commissioners, the entire cost of the right-of-way properties will come to \$283,232.

However, it was pointed out in the report, the submitted appraisal does not include parcels where owners of the property could not be contacted.

A further appraisal of properties for 17-92 right-of-ways will continue for the section from Five Points north to Section 902 at Onora Street, C. E. Duckworth Sr. was employed for the appraisal with appraisers named as Raymond Ball and A. R. Peterson Jr., both local real estate men. The appraisal will be made as soon as deeds and instruments are returned from the State Road Department. Abstracts have already been furnished on which the instruments will be based.

John F. Fox, Seminole County Right-of-Way Agent, pointed out to the commissioners who met in special session this morning to consider only the 17-92 right-of-way matters, that the appraisal does not include the eight parcels and neither does it include borrows pits and drainage easements. "These," said Fox, "will have to await the release of the plans by the State Road Department."

Commission Chairman John Steich told the commissioners that the State Road Department has left open a suggested municipal section that would save the county about \$30,000 in right-of-way expenditures. "There is no indication that the State Road Department will approve the 2,700 foot municipal section, but it is left open for possible consideration," he said.

Commissioner Otis Fouracre said, "Our next move will be to contact each property owner for a possible purchase or option on right-of-way properties."

However, County Attorney Mack N. Cleveland Jr., suggested that each property owner be written enclosing with the letter a self-addressed, stamped card for information. (Continued On Page Eight)

Tabulation Of Bids Presented To Board

Bids were opened yesterday morning by the Sanford City Manager, at 10 a. m. for a Sewer Cleaning Machine, Heating Kettles, Police Cars, Pickup Truck, Motor Grader, Tractor, Semi-trailer, and Dragline.

A tabulation of the bids was presented to the Board of City Commissioners at last night's meeting for the awarding of the sale to the lowest bidder.

The heavy equipment expenditure totals an estimated \$45,408.64 with two items authorized to be bought and selected by the City Manager and two of his department heads.

The purchase of a Sewer Cleaning Machine for \$2,539.40 went to Southern Pipe and Tool Company of Ft. Pierce, while Heating Kettles were bought from the low bidder, Highway Equipment Company of Orlando for \$410.

Two police cars were purchased from Strickland-Morrison, Inc. for the net price of \$3,686.64. The two Ford cars, one to be painted yellow and one black, will be the 200 hp engine car. The purchase price includes the trade-ins of two cars.

A pickup truck was purchased from Strickland-Morrison, Inc. for \$1,342.60. The 6 cylinder 137 hp Ford truck will be used by the Utility Department.

A Gallon Motor Grader was purchased from the Florida-Georgia Tractor Company of Orlando for \$11,850. The price includes a \$2,000 trade-in allowance for the city's present grader.

The Board of Sanford City Commissioners authorized the purchase of a used tractor not to exceed \$1,500 and a semi-trailer not to exceed \$2,500. The reason for the authorization is due to the fact that used equipment, when specified in bids, cannot be guaranteed for delivery.

A Dragline purchase was made from Florida-Georgia Tractor Company of Orlando for a Northwest Dragline equipped with a Murphy Engine. The City Manager explained that such an engine is tailor-made for a dragline with 600 instead of 1400 rpm. Cost for the complete machine came to \$8,575.

Jaycees To Hold Luncheon Meeting At Fire Station

The Seminole County Junior Chamber of Commerce will hold its noon luncheon meeting Thursday at the Sanford Fire Station where the Fire Chief, Mack N. Cleveland Sr., and his firemen will be host for luncheon.

Garfield Willea, Fire Prevention Week chairman, has had the cooperation of Fire Chief Cleveland in lining up one of the most progressive programs for the event ever presented in Seminole County.

Some of the highlights of the Fire Prevention Week program that will be discussed at the meeting are:

The Jaycees have distributed "Home Inspection Blanks" to all school children.

Fire trucks to visit all city schools for demonstrations and fire drill for children.

The Sanford Fire Department and Station is to be open all week for public inspection.

Fire prevention display shown in Cowan's window.

Children's show at the Ritz Theatre Saturday morning at 10 o'clock.

And a midnight show at the Ritz Theatre Saturday night.

Mayor Denver Cordell has signed a proclamation announcing Oct. 9-15 as "Fire Prevention Week" in Sanford.

5-Year-Old Found At Baseball Field

A 5-year-old Sanford Ave. youngster was found last night about 7 o'clock having "the time of his life" at the Sanford Memorial Baseball Stadium.

Tommy Jones, son of Donald Jones, 1215 Sanford Ave., was missing yesterday afternoon since 4:30 until located by the Sanford Police Department last night.

Undaunted, unafraid, and having a good time, and as someone mentioned, "possibly waiting for the Sanford-Palaska game Friday night."

Building Permits Take Big Tumble

Building permits issued in the City of Sanford took a tumble during September of 1955.

According to a report from City Clerk H. N. Sayer, a total of 29 permits were issued in September for a total valuation of \$72,022.

The figure this year is less than half of the amount issued in the comparable period last year. According to the records of the city, permits in September of 1954 totaled \$149,150.80.

From the 249 cases, fines imposed came to a total of \$1,258.25 while court costs collected with the fines came to a total of \$356.

Parking meter fines brought the city a total of \$200.04 and parking meter silver collected from the city's parking meters totaled \$1,941.33.

Exercises Performed By VC-9

Operations completing the qualification of Composite Squadron Nine pilots in carrier landings were conducted aboard the aircraft carrier U.S.S. Ticonderoga Saturday and Sunday.

The exercises were performed by VC-9 in connection with its status as the Ready One Squadron of the Heavy Attack Wing. Both day and night landings were made despite intermittent bad weather.

Directions in landing the AJ-1 aircraft aboard the Ticonderoga were given by the VC-9 Landing Signal Officers, Lieutenant Commander Robert S. Heid and David Ludwig, who also are pilots in the squadron.

An LSO helps the pilots land aboard the ship by giving a series of signals from a platform located at the stern of the ship. These signals relate to the approach, speed and altitude of the oncoming aircraft.

The AJ-1 Savage employed by Heavy Attack Squadrons is the heaviest aircraft that has landed aboard and taken off from an aircraft carrier.

A crew of 22 officers and men from the squadron boarded the Ticonderoga at Mayport late last week to assist in the operation. They are scheduled to return to Sanford late today.

Clerk, H. N. Sayer Reviews Record

In a report to the Sanford City Commission, City Clerk H. N. Sayer reviewed the record of work accomplished by the Police Department during the month of September.

A total of 249 cases was brought before the City Judge for hearing.

Of these cases, 26 were for careless and negligent driving, 19 for drunkenness, 8 for disorderly conduct, 8 for drunkenness and disorderly conduct, 7 for driving drunk, 8 for assault and battery, 2 for failure to yield right-of-way, 2 for brandishing firearms, 4 for petit larceny, 2 for leaving the scene of an accident, 1 for escaped ely prisoner, 1 for trespassing, 1 for sale of share of lottery for money, 1 for possession of a share in lottery for money, 19 for exceeding the speed limit, 5 for no drivers license, 3 for operating a car with improper drivers license, 1 for passing a school bus while unloading children, 1 for improper passing, 2 for improper drivers license, 34 for improper parking, 40 for parking overtime, 42 for parking meter violation, 3 for parking prohibited, 1 for parking in alley, 3 for running a red light, 6 for running a stop sign and 1 for running stop sign and red light.

From the 249 cases, fines imposed came to a total of \$1,258.25 while court costs collected with the fines came to a total of \$356.

Parking meter fines brought the city a total of \$200.04 and parking meter silver collected from the city's parking meters totaled \$1,941.33.

Residence Requisite Of Charter Discussed

Captain Roy Tillis Resigns From Force

One of the City of Sanford's oldest employes in the length of service submitted his letter of resignation in the Board of Commissioners last night.

Captain Roy Tillis, who is 43 years old, and who began his work with the city in 1914, asked that his resignation be accepted effective Nov. 1.

Captain Tillis expressed his sincere thanks to the Sanford City Commission, to the various agencies of the city, and to individuals within the city government, for their cooperation during the time of his employment.

The Board of Commissioners accepted the resignation of the Sanford Police Department Officer with deep regret. For his long years of service, the city will pay the Captain's salary through the end of the year and will present him with the proper resolution and silver platter.

CAPT. ROY TILLIS

Last Sewer Section Nears Completion

Work is being expedited on the last sewer section to bring the million and a half dollar water and sewer project to completion.

Hubbard Construction Company is now laying the last sections of pipe in the area connecting the huge system of sewer lines to the Fort Mellon Park lift station.

City Manager Warren E. Knowles last night said that the project has not been accepted or approved since there were several places that pipe had to be re-laid and corrections made.

A manhole in the City Hall area was completed yesterday while machine and men were assigned to the lift station area in an effort to bring sewer construction to a close.

School Bus, Moonshine Ordinances Adopted

City Commissioner John Krider introduced the New York Giant's Mayfair Inn manager, Frank Melane to the Board of City Commissioners to lead off last night's meeting.

Melane was welcomed by the commissioners, and the city commission room audience that "I want the people of Sanford to feel at home at the Mayfair Inn." At least someone is there, he said, who realizes that not only is the hotel an asset to Sanford but that Sanford is an asset to the hotel.

I am sure, said Melane, that the people of Sanford will welcome our guests.

The commissioners were at odds when the discussion relative to the employing of Russell Dallas came up. It was explained that the new man would be employed to head the Utility Department at a salary of \$6,000 and at the end of six months a \$500 increase. Commissioner John Krider brought out that "if a man doesn't think enough of his position to move into the city—no wouldn't employ him." Our charter says "live in the city"—either abide by it or take it out of the charter, said Krider.

Mayor Denver Cordell asked how many employees of the city now lived outside of the city limits and he was told that there were 15 or 16. However, Clerk H. N. Sayer revealed that when the charter was adopted, those living outside of the city were given 90 days to move inside or lose their jobs.

Commissioner Earl Higginbotham said, "I think it is time we rectify the situation or take the requirement out of the charter."

Commissioner Krider told the group that the person living outside of the city has a take-home pay 25% greater than the person living inside. Numerous citizens complained when Mr. Johnson lived in Orange County and worked for the City of Sanford, said Krider.

"I don't believe there is a single city that doesn't have a similar restriction," he said, "must live within the city for 6 months." (Continued on Page Eight)

FCM Round Table Discussions Slated

Florida Citrus Mutual round table discussions are slated with the new season rapidly approaching full speed operation. The talks are held annually to give growers council's first hand information on 1955 plans for the new season and receive any new suggestions for making its operations more effective.

Talks for the Sanford group, along with other groups in the Sanford area, are slated for Oct. 18, 12:30 noon, at the Duck Inn, Orlando. Besides Sanford, other groups to attend this meeting will be Orlando, Apopka, Ocala County, and Winter Garden.

Robert W. Rutledge, general manager, announced the schedule of the round table discussions in the current issue of Mutual's weekly membership publication. They opened last night at 7:30 p. m. at Johnnie's Steak House, Wauchoula for Hardee County, Alva, Arcadia, Avon Park and Fort Meade.

Nine meetings are planned, with the chairman, co-chairman and secretary of each council invited to the meeting for their area. All members of Mutual are also welcome, however, Rutledge said.

In past years, these sessions have proven "very helpful," the Mutual manager said, "by giving us an opportunity to let our council officers know first-hand, and through them the rank and file of Mutual members, what services their organization will provide during the season. The round table meetings also provide an opportunity for council officers or any member to make suggestions for making Mutual more effective."

The schedule of meetings for (Continued on Page Eight)

Two Eager Youths Write Santa Early

Steven Roy and Nathan Reed of 1802 Mellonville Ave. are getting the jump on most boys and girls this year by mailing their letters to Santa Claus early.

Two letters are being forwarded to the Jolly old gentleman that were received late yesterday and they're sure to reach Santa in time for first choice.

The letter from Steven Roy reads: "Dear Santa Claus: Please Santa Claus... Will you please bring me a bicycle. And then the letter from Nathan Reed reads: "Dear Santa Claus: Please bring me a bicycle and a bow and arrow, also a cowboy gun and holster set. With such promptness, it is possible that their wishes might be realized. Anyway, it sure doesn't hurt to be first."

County Marriages Top Divorces Says Board Of Health

There were just about twice as many marriages in Seminole County as divorces and annulments according to a report from the Florida State Board of Health for the period January-August 1955.

With a population of 33,847, the marriages in Seminole County for the 8-month period came to 215 while divorces and annulments totaled 107.

Births, white and colored, for the same period, totaled 328. There were 261 white births and 267 colored births, said the report received today.

There were 201 deaths in Seminole County during the January-August period of this year, the statistics reveal, with 110 of them white deaths and 91 colored.

Infant deaths during the period of time covered by the report include 28, three of them white infant deaths and 25 of them colored.

Heart diseases caused the largest percentage of deaths in Seminole County during the eight months covered by the report with 62 recorded. Cancer claimed the next largest number of deaths with 27 reported for the period. Other deaths from certain causes were three from tuberculosis, one from syphilis, four from diabetes, one from anemia, nine from influenza and pneumonia, 20 from cerebral vascular diseases, eight from all other circulatory diseases, six from nephritis and nephrosis, one from motor vehicle accidents, and 11 from other accidents.

Local Guard Unit Announces Plans For Reorganization

Announcement was made today of the reorganization plans for conversion of the 4th Infantry Division in the 4th Armored Division, Florida and Georgia National Guard.

Co. I, 124th Inf., Sanford's own National Guard unit, will be converted to Co. B, 15th Armored Inf. Bn. The tentative date for units in the 4th to convert to an armored status has been set for Nov. 1.

With the conversion to armor the 124th Inf. will be one of the nation's finest Infantry Regiments, will be deactivated with the current First Battalion of the 124 becoming the 124th Armored Inf. Bn.

The newly formed 124th Armored Inf. Bn. will be composed of units in Apalachicola, Quincy, Panama City & DeFuniak Springs, and Tallahassee.

Units from the Second Bn., 124th Inf. will form a Tank Bn. (120MM Gun). Companies from Live Oak, Gainesville, Ocala, and Lake City will form this Battalion, the only tank battalion in Florida.

The Third Bn., 124th Inf., of which the Sanford Company is a component will become the 154th Armored Inf. Bn. The newly created 154th will be composed of Co. "A" in Deland, Co. "B" in Sanford, Co. "C" located in Orlando, Co. "D" in Leesburg, and Hq., Hq., and Service Co. in Eustis.

Special units and the 748 Armored Ord. Bn. will be located in North Florida in the Jacksonville area while the 148th AAA AW Bn. will have units in Jacksonville, Palatka, St. Augustine and Daytona Beach.

The 149th Armored PA Bn. will be in South Florida with units in Lakeland, Haines City, Bartow, Plant City, and Winter Haven.

The 302nd Armored Med. Bn. will have units in Jacksonville, Fort Lauderdale, and Miami.

The rest of the 6th Armored Division will be located in Georgia. Besides the 48th units there are many other units of the Florida National Guard scattered throughout the state, including the 211th Inf. Regt. of the 21st Inf. Div. and many special units.

ATTORNEY ROBERT SHINDLER receives a resolution from Mayor Denver Cordell commending him on his long, faithful service to the City of Sanford as City Attorney. Mayor Cordell reaches for a silver platter to also present the local attorney for his work. (Staff Photo)
