

Bill To Curb "Goldiggers" Gets Approval

House Sanctions Measure To Allow Circuit Judges To Retire On Part Pay

Parity Law Is Given Joint O. K.

Proposal To Abolish Citrus Commission Has Been Submitted

TALLAHASSEE, Apr. 19.—(AP)—The Florida House today passed a Senate-approved bill designed to curb activities of "goldiggers and fortune hunting women" who marry elderly men for their money.

The measure, sent to Gov. Come, would limit the inheritance of step-mothers to a child's share of the husband's estate if the second wife and her husband had no children of their own. Under the present law such women get one-third of the estate.

The House also completed legislative action on a Senate-approved bill allowing circuit judges to retire on part pay. Among the new bills were proposals that the intangibles tax be boosted from two to four mills and that "teeth" be put into the collection system.

The House passed a Senate-approved measure placing the school parity amendment into effect, giving the school fund equal footing with other general fund activities. The money in the general treasury must be appropriated.

There was a new bill submitted to abolish the Citrus Commission and to permit bulk fruit to be marketed between Dec. 1 and June 30 without processing or inspection.

The House also received a bill to amend the State ad valorem tax at 3 5/8 mills.

The Florida Senate's investigation of racing will start Monday with a probe into reasons for the premature closing of Gulfstream Park at Hollywood this season and a study of illegal bookmaking in the State.

A list of witnesses on these two phases of a sweeping investigation was announced.

Injuries Prove Fatal To Auto Mishap Victim

Injuries sustained in an auto accident on the Orlando highway early Saturday morning proved fatal for Edward G. Neidt of Orlando who died at the Memorial Hospital yesterday following a delicate brain operation performed by a Jacksonville specialist on Monday.

Robert Miller, companion of Neidt in the auto which crashed into a loaded gasoline truck, was held in by showing continued improvement by hospital attendants.

A coroner's jury was called to view the body by Justice of Peace James T. Roberts but he said that the report would be postponed pending further improvement of Miller's condition.

Funeral services for Neidt will be held in the All Saints Episcopal Church at Winter Park at 4 o'clock Thursday afternoon.

PRESIDENT AND PEACE PLAN

I think you will not misunderstand the spirit of frankness in which I send you this message. Heads of great governments in this hour are literally responsible for the fate of humanity in the coming years. They cannot fail to bear the weight of their replies to me. I am free from the forethought of your history will hold them accountable for the lives and happiness of all—yours and the last.

I hope that your answer will make it possible for humanity to live free and regain security for many years to come.

A stellar message is being addressed to the Chief of the Italian Government.

In the most dramatic step taken by an American statesman since the World War, President Roosevelt, pictured at top left prior to announcing his message, personally appealed to Hitler and Mussolini to give Europe and the world a ten-year breathing spell of peace.

Weddell Named Ambassador To Franco Regime

WASHINGTON, Apr. 19.—(AP)—Alexander W. Weddell of Virginia was nominated by President Roosevelt to be ambassador to the new government of Spain.

Weddell is now ambassador to Argentina and will succeed Claude G. Bowers at Madrid. Weddell, born in Richmond, Va., in 1876, has been envoy to Argentina since 1938.

Meanwhile in Burgos, Spain, demobilization of 210,000 Spanish soldiers of the more than 1,000,000 under arms was ordered yesterday by Generalissimo Francisco Franco.

The order covered men 30, 31 and 32 years old. There was no mention of demobilization of Italian Legionnaires, but they are scheduled to leave Spain after a victory parade to be held in Madrid May 15.

Thousands of singing soldiers crowded trains—both passenger and freight—in Northern and Central Spain last night. Many were going home for the first time since the civil war started.

Many parades and celebrations were arranged to honor the returning fighters.

After the May 15 celebration in Madrid there will be a new demobilization movement. Most of 500,000 soldiers scheduled to take part in the parade will go home afterward.

D.S. Roosevelt Is Killed In Plane Crash

Relative Of Railroad Builder Also Dies When Craft Falls In Heavy Storm

MEXICO CITY, Apr. 19.—(AP)—The partially burned bodies of Daniel S. Roosevelt, nephew of Mrs. Franklin D. Roosevelt, and Bronson Harriman Ramsey, grandson of E. H. Harriman, the railroad builder, were recovered from the latter's plane which crashed and burned near Guadalupe Victoria village, Puebla state, yesterday.

Miss Carlotta Constantine, 21, daughter of Arthur Constantine, the INS correspondent in Mexico, was in the Puebla hospital suffering from a fractured leg and a burned arm. She said the plane ran into a heavy storm.

Lindbergh Ordered To Assist Army In Air Force Survey

WASHINGTON, Apr. 19.—(AP)—Col. Charles A. Lindbergh, probably the only American ever having first-hand knowledge of Germany's aerial fighting strength, had been ordered to active duty with the War Department, effective today, in connection with the vast expansion program of the Army Air Corps, it was announced yesterday.

Lindbergh, who had been a voluntary "exile" in Europe for several years, returned to the United States Saturday but it was not until yesterday that the purpose of his visit was made known.

In announcing that Lindbergh would be assigned to the office of Maj. Gen. Henry H. Arnold, Air Corps chief, Secretary of War Henry Woodring said that the pioneer trans-Atlantic flyer would be given the task of surveying all of the aviation research facilities available to the Army.

At the completion of the survey, Woodring said, Lindbergh would make a confidential report to Arnold, which probably would incorporate all pertinent information on European air fighting strength which he gathered during his stay and travels around the continent.

Only recently Lindbergh submitted a secret report to government officials on the formidable might of Nazi Germany's air fleet, urging that the United States speed its aviation research and development if it was to keep abreast of advances made in the war aviation field by the totalitarian powers.

Lindbergh also was said to have imparted his information on Germany's aerial strength to the British government in a move which purportedly resulted in British and French capitulation to Nazi demands at the Munich conference last fall.

Ernest Krupp To Head Men's Club For Next Year

Ernest Krupp was elected president of the Episcopal Men's Club during an election of officers at the regular meeting in the Parish House last night.

The program for the evening included several musical readings by Mrs. W. G. Fleming, accompanied at the piano by Mrs. Arthur Brannan. Charles Steenworth was chairman of the program committee.

Other officers elected to serve during the ensuing year were Joe Gonzalez, vice president, and C. J. Rump, secretary-treasurer. Committees were also selected for the next meeting of the club for the convention of the Episcopal Church which will be held here next week.

DISPUTE DROPPED

WASHINGTON, (AP)—Representatives of the CIO and AFL dropped their jurisdictional dispute long enough yesterday to join in opposing exemptions from the wage-hour law sought by lumber and plywood operators.

SHAMBLES IN WAKE OF KILLER TORNADO

City hall, garage and grain elevator were made shambles in Capron, Okla., above, by the tornado that killed approximately half a hundred as it swept over Texas, northwest Louisiana, Arkansas, and Oklahoma.

Law To Preserve Wild Life Urged By Audubon Head

WASHINGTON, Apr. 19.—(AP)—The Audubon Society today urged Congress to pass a law to protect wild life, animals and birds, which it said would be lost if the present law is not strengthened.

Members of the Seminoles County Board will meet in the Chamber of Commerce building Friday afternoon at 2:00 o'clock, according to President P. Raymond Smith.

British Nab Worker As Spy For Germany

French Officials Suspect Sabotage In Burning Of Liner At Le Havre Dock

U. S. Planes Are Saved From Fire

Italy, Germany Tighten Bonds With Hungarian Government

The French liner Paris burned at Le Havre dock today, and officials suspected sabotage. At Chorley, England, Joseph Kelly, armaments factory employe, was charged with espionage for Germany.

The two incidents of purported intrigue high-lighted the international panorama—in which Britain and France continued efforts to strengthen defensive ties with other states, and the world waited to see if the status of Germany for Germany would be announced at Hitler's birthday celebration tomorrow.

The French secret police warned two days ago that sabotage would be tried at Le Havre. Ten warplanes from the United States for the French army were saved from liner fire as were French art objects worth \$500,000 consigned to the New York World's Fair. The Le Havre police detained a dock worker they said was an Italian.

Elsewhere, the British cabinet in London, since 1934, have decided to establish a supply department to coordinate the acquisition of war materials, and to be considering compulsory physical training for youths which might be a substitute for military conscription in peacetime.

Italy and Germany appeared to have heightened bonds with Hungary. The Hungarian premier, Count Paul Teleki, said at a Rome banquet his country was "faithful to the policy of the axis which Hungary has spontaneously adopted."

In Washington, Col. Charles Lindbergh on temporary army duty.

Fish Praises Condition Of Masonic Lodge

Local Masons officials attending the 110th annual convention of Florida Grand Master George Fish of Jacksonville declare that the affairs of the Grand Lodge of Florida, Free and Accepted Masons, is in excellent condition.

The grand master was the principal speaker at the opening session of the convention in the Masonic Temple in Jacksonville.

The grand master said that during the past year the membership of the lodge had increased and that the financial affairs were in good shape. He reported that he had made arrangements to reference the obligations of the Grand Lodge over a period of years at an exceptionally low rate of interest and recommended that the plan be adopted.

Portions of Grand Master Fish's address were referred to committees for study and recommendation.

The Grand Lodge went into session with all elective officers present and all except three living past grand masters in attendance. Virtually all lodges have representatives there for the meeting.

The afternoon was devoted to committee meetings and with the conferring of the Past Master's Degree. Last night the Entered Apprentice Degree was administered by the committee on work.

LOCAL WEATHER

Fair tonight and Thursday, slightly cooler in the extreme south tonight, warmer in the northern portion Thursday.

Cows On The Highways

Although the Florida House Livestock Committee, to which the cattle fencing bill was unfortunately referred, has killed this bill to drive the cows off the State highways, it may not be too late even yet, if sufficient public sentiment can be aroused to obtain some remedial legislation from the current session on this particular subject.

According to figures submitted to the committee, there were 33 persons killed in Florida during the single year of 1932 as a result of collisions between cows and automobiles. There is no telling how many have been killed during the past ten years in this manner. Or how many more have been injured.

In addition to this, it was revealed that 90 cows were killed on the one highway between Baldwin and Jacksonville in Duval county in one five months period. No telling how many were maimed.

"If that ain't killing enough people (33 in one year)," says Representative Warren of Jacksonville, "then it's killing too many cows for the cows to be allowed to roam at large on the highways. There are 1,200,000 range cattle in Florida worth about \$23,500,000. They should be better protected."

As this is national "Be Kind to Animals Week," we can think of no better way in which Florida could celebrate it than for the Florida Legislature to pass a law requiring that the cows be fenced and prohibiting the use of the highways for grazing purposes.

Too Much Noise

One of the best ways to reduce errors, increase production, and eliminate nervous breakdowns which occur in various industries and business offices is to get rid of the noise. No one can do his best work with a constant racket dinning in his ears. If your office is noisy, try to get rid of the noise.

"One of the latest booms on the industrial horizon," writes Philip H. Smith in Forbes Magazine, "is the control of noise. Millions of dollars have already been spent to eliminate useless din. This isn't a drop in the bucket, however, to what will be spent in the near future. But don't be misled about noise control. Don't get the idea that it begins with the suppression of auto horns and ends with stuffing cotton in one's ears."

"These are but surface indications of a nationwide movement which will profoundly alter our surroundings. The noise engineers are now set to go. They have developed a fundamental science, they have worked out the instruments for the detection and measurement of noise, and they have translated theory into commercial practice."

"The noise-control movement has behind it a single driving force—to reduce the detrimental physiological effects which follow the impact of noise upon the human system. Hundreds of tests have been made which prove that quiet surroundings lead to better work and better health. For instance:

"Lowering the noise levels from fifty to thirty-five decibels in a telephone room, reduced errors 42% and cut costs 3%. In a well-authenticated test, noise reduction increased the efficiency of office workers 13% and cut typists' errors 29%. In still another instance, lowering the noise level is credited with reducing employee turnover by 47% and absences by 37.5%."

Digging

Hard work means nothing to a hen. She just keeps on digging and laying eggs regardless of what the business prognosticators say about the outlook.

For this, or for any other year. If the ground is hard, she scratches harder. If it is dry, she digs deeper. If it is wet, she digs where it is dry. If she strikes a rock, she works around it. If she gets a few more hours of daylight, she gives us a few more eggs.

But always she digs up worms and turns them into hard shelled profits. As well as tender profitable broilers.

Did you ever see a pessimistic hen? Did you ever hear of one starving to death waiting for worms to dig themselves to the surface? Did you ever hear one cackle because work was hard? Not on your life!

They save their breath for digging and their cackling for eggs. Success means digging. Are you?—W. M. Wilson, Poultry Item.

Jailer Had Reason To Suspect Songsters

VERSAILLES, Ky., Apr. 13.—(AP)—The loud singing at the county jail window did not ring true to Jailer John P. Meaden. There was a reason.

A group of prisoners were vocalizing lustily to draw out the banking of two who were trying to bore through the brick wall below the window with an iron pipe.

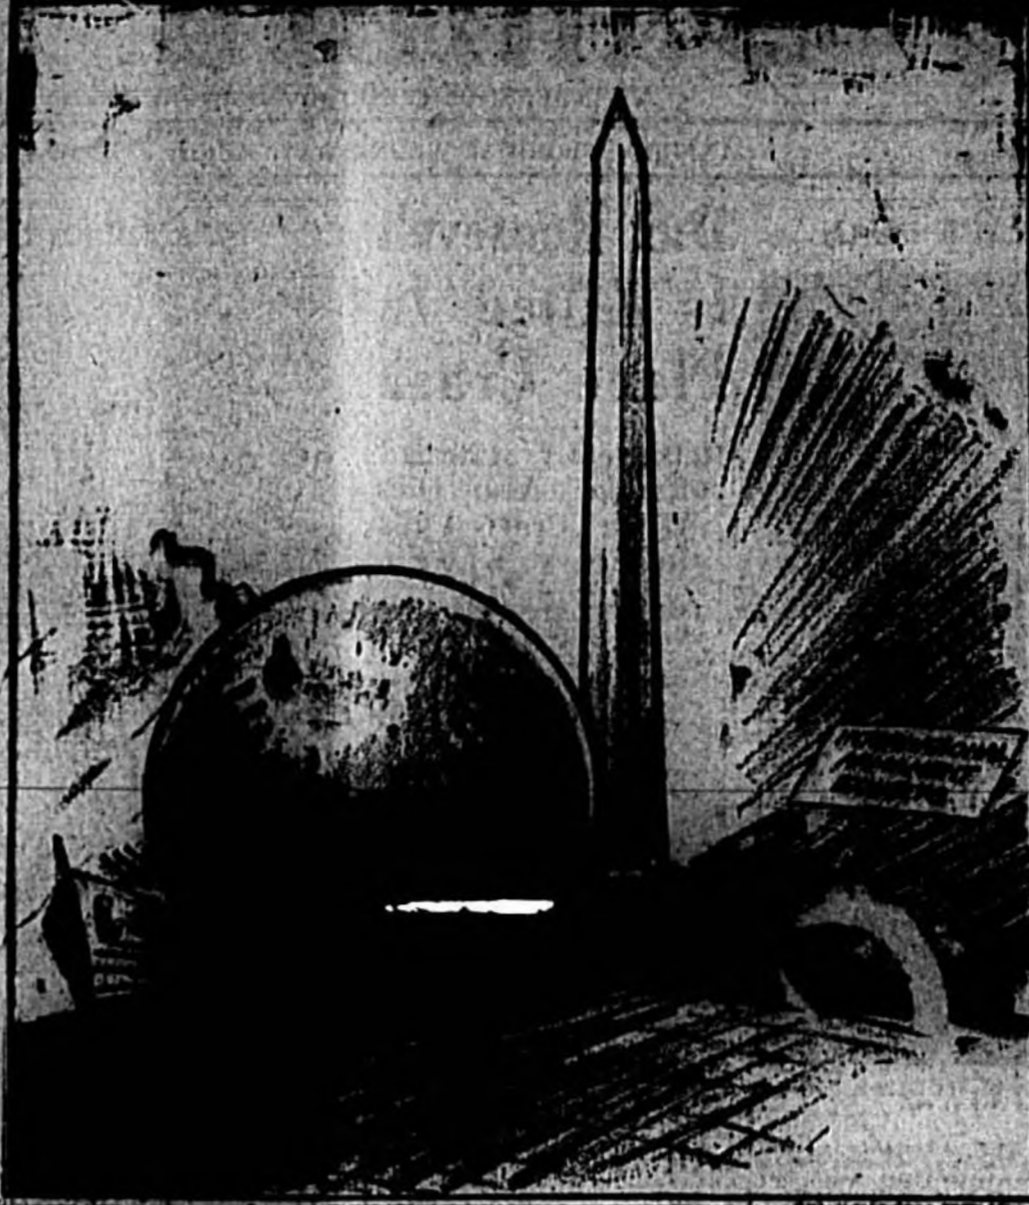

BPC BRIDGE LOAN

MORRIS, Ala., Apr. 13.—(AP)—The Mobile Press yesterday quoted Rep. Frank Boykin as saying in Washington that the Reconstruction Finance Corporation had agreed to loan \$500,000 for the construction of a bridge across the Mobile Bay.

MOVING TRIEVERS

AMARILLO, Texas, Apr. 13.—(AP)—A dog named Triever, which was reported to have been shot by a hunter in the state of Texas, was found to be a dog named Triever, which was reported to have been shot by a hunter in the state of Texas.

THE WORLD OF TOMORROW

DISPELLING THE FOG

BY CHARLES MICHELSON
 Democratic National Committee

A good deal of mail reaching Democratic National Headquarters today naturally concerns the 1936 campaign and the various candidates of both parties for the Presidency.

Not a few of these letters announce the formation of clubs for the furtherance of particular candidates and a few suggest the wisdom of the national Democratic organization endorsing the particular favorite of the group that sends the letter.

It ought to be obvious that the Democratic National Committee has no candidate. The individual members of the National Committee, of course, have their preferences but the body as a whole cannot ally itself in behalf of any individual for the simple reason that it is the party organization and is bound to support the nominee of the Convention regardless of the personal feelings of any member or of all its members.

At present there appear to be about twenty inept booms for the Presidential nomination on the Democratic ticket. As men do not strive as a rule for an empty honor, it is pretty plain that this multiplicity of aspirants indicates the confidence of the party in a smashing victory next year.

Of course, practically every one of the potential candidates and his particular supporters are quite satisfied that such a victory will only be assured by that particular candidate's nomination. That is the customary attitude preceding the national convention and as practically all of the candidates like that view, there is further evidence of the validity of the Democratic expectations.

WHERE ONE DIFFERENCE LIES

Naturally, there is similar activity on the Republican side, and an equal clamoring on the part of each Republican aspirant's supporters that he alone is the man that can unseat the Democratic regime. There is, of course, this difference in the personal attitude of the aspirants: Practically without exception all of the Democrats who are being mentioned as 1936 possibilities are well acquainted with the program of government. They are leaders of communities, business men, statesmen, and statesmen and statesmen in the House, members of the Cabinet or absent of administrative experience.

I do not believe in this but the President himself has us but the best of our knowledge he has abandoned the matter of a 1936 nomination to the hands of the party organization and the party organization is the only body that can make a nomination.

The Republican side, however, is somewhat different. The aspirants are not so well acquainted with the program of government. They are not leaders of communities, business men, statesmen, and statesmen in the House, members of the Cabinet or absent of administrative experience.

I do not believe in this but the President himself has us but the best of our knowledge he has abandoned the matter of a 1936 nomination to the hands of the party organization and the party organization is the only body that can make a nomination.

Hunting Trophies Used Successfully In Bone Grafting

LONDON, Apr. 13.—(AP)—Walrus tusks, antlers and other hunting trophies are being successfully used by doctors to patch broken bones according to Doctor Ernest Groves, a Bristol surgeon.

He explained in the "Lancet" how trophies grafted to diseased bones are completely absorbed and replaced by human bone.

In 1922 he grafted into a deep cavity in a boy's tibia, a piece of ivory from a walrus tusk.

He said an X-ray examination in 1929 revealed that the ivory graft had become covered with a deposit of bone.

Doctor Groves used a portion of a stag's antler to mend a broken thigh-bone of a 48-year-old woman. Three years later the antler cutting has been completely absorbed by new human bone.

He said an X-ray examination in 1929 revealed that the ivory graft had become covered with a deposit of bone.

OUR RECORD NOT PERFECT

By WALLIS THOMPSON
 A lot of people, discussing the conquests of the Germans, Italians and Japanese, dismiss the topic matter by saying "Oh, well, it's no worse than we did ourselves when we were expanding."

That's a very easy answer, but unfortunately, like many easy answers, it isn't so.

The aggressions and conquests of today are worse than our own people who once so boastfully followed Al Smith's suggestion that we "look at the record."

The American record in territorial expansion is no longer a record, and it falls far short of ideal standards. But in practical comparison with that of other countries it is way above the average.

The record of empire building and repeatedly broken treaties in conflict with the national idealism is not pretty. We bleed our people, but it is at least a record. We killed many.

Yet it might have been worse. Every since we have been sending out millions to keep them in a state to which we would like to have them become accustomed, and there are probably more of them today than there were when Columbus landed.

Our first big expansion was Louisiana in 1803. This vast western area, which raised by 140 percent the American land area, was bought for \$8,000,000 francs. A cheap price, certainly, yet one which Napoleon was glad to get and which was important money to a struggling and poor young republic.

When we took Florida from Spain, there was coercion certainly, yet we assumed claims up to \$5,000,000 against that government. Conscience money? Perhaps, but it is at least a record that we had a conscience.

Many still regard the Mexican War as naked aggression. Perhaps it was. Yet just before it broke, we had Sillid in Mexico vainly trying to buy California, and after the utter defeat of the Mexicans, we still paid \$15,000,000 for New Mexico and California, and assumed heavy claims of Americans against the Mexican government.

Alaska was bought outright from Russia for \$7,200,000. Does it look like a small price? Many people thought Seward was crazy to pay so much.

Even after the complete military defeat of Spain in 1898, when we found Philippines rather unexpectedly on our hands, we paid \$20,000,000 for them. Cuba has been made free and independent.

After the Boer uprising in China, the U. S. got \$24,000,000 of the indemnity, and deciding in 1907 that it was \$13,000,000 too much, handed back that amount to China.

We're not arguing that the American record in imperialistic expansion is 99 44-100ths percent pure. It isn't.

We're only contending that, when stacked up against the record of some other countries, our record of 99 and 100 years ago, remembering that much of the land concerned was practically uninhabited, presents some things of which we can be proud.

The conquerors of Czechoslovakia, Albania, and Manchuria must not be allowed to get away with their continual implications that "Oh, well, you were just as bad 100 years ago."

We weren't. Not by a country mile.

Harring cloud and fog, the constellations of the Big and Little Dippers and of Draco the Dragon are visible at any hour of light throughout the year.

Social Calendar

WEDNESDAY
The congregation of the Temple Beth Israel will meet at 8:30 P. M. at the temple.

THURSDAY
The regular meeting of Seminoles Chapter No. 3, Order of Eastern Star, will be held in the Masonic Hall at 7:30 o'clock. Reports will be made by the delegates to the Grand Chapter.

The regular business meeting of the Townsend Club will be held at the Court House at 7:30 o'clock. Reports on the convention will be made. Members are urged to be present.

FRIDAY
The Fidelity Class of the Baptist Church will meet at 7:30 P. M. in the church annex. Reports will be made by Mrs. C. B. Brown, Mrs. M. W. Roberts, and Mrs. W. J. Fell.

The fourth grade of the South Side School will present "The Wizard of Oz" at 8:00 P. M. in the school auditorium.

SATURDAY
The Home-Makers' Guild of the Congregational Church will serve a supper at the church at 6:00 o'clock.

The Orange and Seminole Counties' singing convention will hold an all-day meeting at the Fort Christmas school. Dinner will be served at noon. The public is invited.

TUESDAY
The N. de V. Howard Chapter, United Daughters of the Confederacy, will be hostess to the Fourth District Brigade of the U. D. C. at the Woman's Club. The meeting will begin at 10:00 A. M., and luncheon will be served at 1:00 o'clock. Please phone reservations to Mrs. Claude Herndon by Saturday noon.

Elizabeth Pitt will present her Junior expression racial at the Junior High School at 8:15 P. M., assisted by Helen Hutchison. Plans for cards will not be issued. The public is invited.

School Group Plays To Capacity Crowd

"A Day in the Old South" as presented by the pupils of the West Side School to a capacity audience last night at 8:00 o'clock, showed clearly the skill acquired by the young players in their rehearsals of the past few weeks.

The setting for the play was the famous southern Randolph Plantation, and featured the melodies of Stephen P. Foster. The lines and dances were written and directed by Mrs. J. B. St. John, Miss Dorothy Stokes, Miss Allen Chapman, and Miss Mary Robinson. The prologue was given by Mrs. George Moffitt.

The entire cast and program was as follows:

SCENE I
Plans for the Annual Pilgrimage to the Randolph Plantation.
"Come On Down South" Chorus
Dorothy Hughes, Bertha Hart, Jackie Beatty, Alleen Rowe, Joan McTeer, Martha Ruth Grogan, Mildred Barneau, Georgia Hutchins, Kathryn Rivers, Betty Coulson, Jacqueline Dunn, Arlen Harper, Jackie Jones, Betty Culberhouse, Raymond Hughes, Joan Dampier, Gaylon Culberhouse, Betty Prescott, Marie Prescott, Eloise Gouge, John Ashton, Estelle Gracey, Frances Bland, Gwendolyn Barneau, Juanita Harper, Agabus Stafford, Mona Rarburn, Ethel Vining, Gloria Dampier.

Personals

Mr. and Mrs. Lawrence Kent of Panama City are visiting with friends in Sanford for a few days.

Mrs. Joe Barnes left Monday for a week's visit with friends in Washington, D. C.

Miss Elsie Britts of Miami in quest of Miss Doris Hall at her home in San Luis.

Waldo L. Aldrich plans to leave for his home in Dover, N. H. tomorrow morning after spending the winter here.

Mr. and Mrs. R. A. B. Wilkinson have as their guest the Rev. B. Davidson, a missionary from South India.

Mr. and Mrs. John Schiratz, Jr. announce the birth of a son, Joseph Brantley, Apr. 16 at the Fernald-Laughton Memorial Hospital.

Mr. and Mrs. R. J. Holly have as their house guests this week their two daughters, Mrs. J. Beach Hazard and Mrs. H. E. Walker and her daughter, Nancy Mae, of Wellesley Hills, Mass. They also had as their guests last weekend Mr. and Mrs. G. T. Keenan of Daytona Beach, Mrs. C. A. Vincent, and Mrs. C. H. Thompson of Vero Beach, Mrs. Holly's mother, Mrs. E. G. Tyner, accompanied her daughter, Mrs. Vincent, to Vero Beach after a few weeks visit in Sanford.

Christian Endeavor Plans Work Program

Projects for the next six months were planned at the weekly meeting of the Presbyterian Christian Endeavor Society Sunday night at 7:00 o'clock, with Janet Boyd presiding.

In May with Helen Hutchison, chairman, the program will include visits to "shut-ins," Mary Grace Brown was chosen chairman of the party which will be given for college students in June. A Bible school has been planned for outpost Sunday Schools in July. Anne Wright is chairman.

Dooglass Garner was appointed chairman of the party at the County Home in July, while a membership drive will be of first importance in September with Henry Brownlee as chairman.

Plans were also made for a party this Monday night, and arrangements for the rally in Orlando Friday night were discussed.

CELERY SALT

"The Spice of S. H. S."
By Dick Myers

Going! . . . Going! . . . trone! . . .

Another week composed of seven swiftly moving days carrying us inevitably toward the third of June . . .

Hours spent on the soft sands of Daytona Beach . . .

The Celery City to Eds got one of their "top-of-the-moment" ideas yesterday and decided to spend a few days giving the boys a treat in Daytona . . .

they're expecting to get over around May 12 . . .

There's more'n a month to go that can be realized . . .

Don had about the ball game last night . . .

when it is played I imagine it will be, to say the least, an "important" sight to see members of the faculty who have been giving excuses such as "They haven't got to practice," and "I haven't time to go."

position to receive the well known "Hastory" . . .

mean that literally too . . .

started changing . . .

fact you couldn't see . . .

jumped off the roof . . .

could quite a bit of . . .

HUNT - LUCY ROUMILLAN - MARY FRANCES WELLS report having a swell time at the past parties in Gainesville this past weekend . . .

The definition of scandal is when someone didn't do anything and someone else found it out . . .

it out . . . so with it all . . .

up shop for the night . . . Bye . . .

Home Demonstration Group Holds Meeting

Mrs. Gladys Kendall lectured on time-and-money-saving devices at the home Friday afternoon at the monthly meeting of the Home Demonstration Club, which was held at Mrs. John Callahan's residence in Mayfair.

It was announced that the president, Mrs. C. F. Proctor, will present the club at the short study course at Tallahassee in June. May 12 and 13 were announced as I-H Club achievement days. The public is invited to attend the meetings, which will be held in the Court House.

Mrs. Leo Barette, vice-president, opened the meeting in the absence of Mrs. Proctor. A report on the president's visit to the Raleigh Army Home in Tampa was read by Mrs. John Anderson.

A special course was served by Mrs. Callahan, assisted by Mrs. Anderson and Mrs. H. M. Barnes. Other present were Mrs. R. E. Pearley, Mrs. Roy Fille, Mrs. Barette, Mrs. Clara Weaver, Mrs. Carl Chapman, Mrs. J. Crawford, Mrs. Fred M. Smith, Mrs. Ken doll, and Mrs. Alfred Wilberding.

James Cagney Stars In "Oklahoma Kid"

This season has seen an increase in the production of westerns on a big scale. When the final count is tabulated at the end of the season, the "Oklahoma Kid," now showing at the Ritz, may top the list.

James Cagney heads the cast as the "Oklahoma Kid," and completely dominates the film as he has so many others. Humphrey Bogart is seen in one of his typical villain roles and Donald Crisp lends dignity to the character of the understanding and honest judge. What little romance there is to the film is expertly handled by Rosemary Lane.

This could well be called a saga of the state of Oklahoma, and particularly Tulsa, as the story is built around the struggle of the Kinsaid family to establish a city in the territory despite the competition of the McCard gang who stop at nothing in their efforts to control the growing city.

The direction is good, the screen play typically western with a few more trimmings than the average but the real force of the production is Cagney. He makes the difference.

80 Children Cast In "The Wizard Of Oz"

The South Side School has announced as its annual Spring play, "The Wizard of Oz," one of the favorite classics for children, to be presented by the fourth grade pupils Friday night at 8:00 o'clock in the school auditorium.

The play is the story of Dorothy, a little girl who was blown away by a cyclone from her home in Kansas, and her adventures on the way to the land of Oz. Her companions in her search for the Wizard, include the Brainiac Scarecrow, the Heartless Tin Woodman, and the Cowardly Lion.

The public is invited to see the entertainment which also includes songs and dances, and has a cast of about 80 children.

The Florida Watermelon Festival, an annual event at Leesburg, will take place this year on Wednesday and Thursday, May 24 and 25, according to an announcement just made by festival president Vincent Fectel. An elaborate program is being prepared, to include a variety of entertainment, selection of a Festival queen, street dancing, acrobatics, fireworks and other features.

Mrs. Steele Elected Delegate Of Group

The Dependable Class of the Methodist Church has elected Mrs. Burke Steele as delegate to the Deer Lake Camp conference in May. The election was made Monday night at the regular monthly business meeting of the class, which was held at the home of Mrs. Oscar Toler.

The devotional service was led by Mrs. V. L. Smith. Routine business was transacted. Mrs. O. K. Guff was co-hostess for the evening, and assisted Mrs. Toler in serving a staid course at the close of the social hour.

Present were: Mrs. J. D. Callahan, Mrs. Bert Chapman, Mrs. Nancy Brock, Mrs. Paul Johnson, Mrs. H. M. Mason, Mrs. Herman Middleton, Mrs. Smith, Mrs. Steele, Mrs. Alice Ward, Mrs. E. A. Londenberg, Mrs. Don McDevand, Mrs. Toler, and Mrs. Goff.

Women's Council Has Meet In Loch Arbor

The regular monthly meeting of the Women's Council of the First Christian Church met with Mrs. W. A. Patrick, president, Monday afternoon at her home in Loch Arbor.

Mrs. A. H. Byrd opened the meeting with a prayer followed by a talk by Mrs. Patrick, in behalf of the council, on the loss of our beloved member, Mrs. F. M. Gallorey.

A social hour was held, and delightful refreshments were served by the hostess to the following: Mrs. H. E. Cordell, Mrs. R. G. Fox, Mrs. J. L. Niblack, Mrs. J. A. McGraw, Mrs. J. J. Cates, Mrs. W. D. Thornton, Mrs. A. J. Lanning, Mrs. Byrd, Mrs. Lee Conoley, Mrs. F. S. Lannon, Mrs. Alex Johnson, Mrs. Ed Caraway, and Mrs. J. J. Bolly.

The moon's diameter is one-quarter that of the earth.

Hon. John G. Leonardy, Representative

The small home-owned Mather chain of furniture stores favors the present State Gross Receipts Tax because it is fair. It treats everybody alike. The independent, the small chain, and the large foreign owned chain all must pay 1/2 of 1% of their gross receipts to the State of Florida. All pay on the same basis.

This is the tax money that keeps our schools open. If the schools needed it we would even favor increasing this percentage.

BUT

The proposed new Chain Store License Law is grossly unfair—far more ruinous than the present one which made a small Florida chain pay \$14,005.30 and Cotton Mather pay \$25,200.00 last year (3 years' chain licenses and penalties.)

It is far more unjust because it will allow a Miami chain selling annually \$5,700,000.00 worth of goods to operate on \$150.00 annual total license (less than 3c on each \$1,000.00 sold) while Mather's tax will be increased to \$36,000.00 annually to sell 1 1/6th as much goods. The typical home owned chain of small stores will pay \$40.00 license tax for each \$1,000.00 sold, while the biggest department stores in Miami, Jacksonville, Tampa, Orlando and West Palm Beach will pay an average of 3 1/2c for each \$1,000.00 sold.

THIS IS GROSSLY UNFAIR.

Let's have a law that treats everybody alike, the independent, the home owned chain and the national chain. We are all trying to serve the public.

LET'S KEEP THE GROSS RECEIPTS TAX. Every merchant should bear his part of the tax burden. One-half of 1% is little enough. Do not repeal it but repeal the unjust, unfair and discriminating Chain Store License Law.

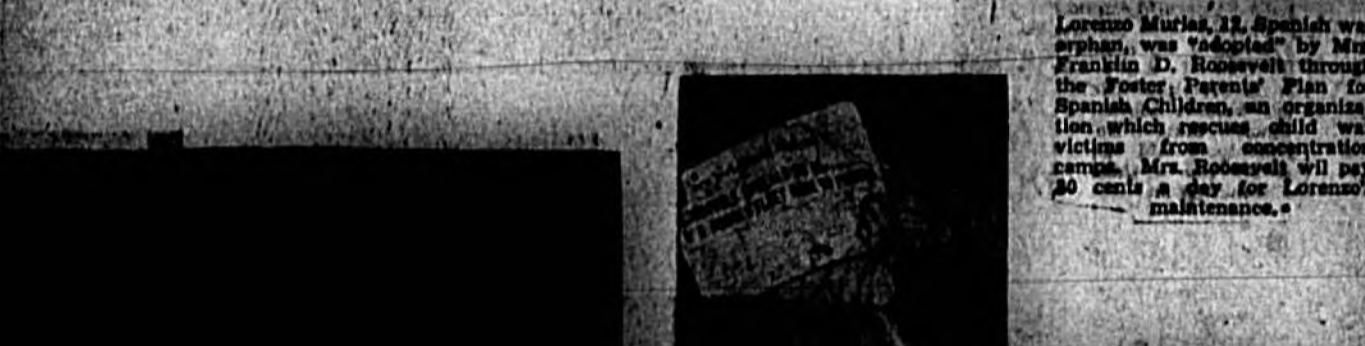

The Mather Furniture Stores

Clever Housewife Can Help Budget With Varied Menu

Clever is the housewife who saves budgeting money by making a menu of varied meats and vegetables which can be served in a variety of ways. Her menu is a good one for the family, and she has started an economy drive.

She is a woman who knows how to give spring-time dressings and dips to standard low-costers by the make use of seasonal, pungent sauces and gay, colorful combinations. Above all, she never lets her meat get dry.

Here are a few of her tricks:

BEVERED MACARONI AND CHEESE—Put a little cooked meat chicken or some mushrooms in the dish. Put in a little mayonnaise or chili sauce for heat and flavor in a coating of melted butter and crumbs dipped in melted butter.

HOT VEGETABLE SCRAMBLE—Cook a quarter of a cup of chopped green peppers, a third of a cup of minced onions and a quarter of a cup of chopped celery for five minutes in a covered pan. Pour in six eggs, beaten with half a cup of milk and cook slowly until it thickens. Serve the scramble poured around a pile of hot, seasoned carrots, string beans, green peas or meat.

HAMBURG CREOLE—Brown one pound of chopped meat; add a cup of chopped onions in four tablespoon of fat. Pour in mayonnaise, ketchup, celery, salt, and then add two cups of boiling water, and simmer two minutes. Serve with noodles or boiled rice.

The dressing can be thick, however, adding a little of the cooking fat from the onion. Mix two cups of tomato sauce, a half cup of minced green onions, half a cup of minced celery, half a cup of minced mushrooms, half a cup of minced onions, and a half cup of minced mushrooms, and a half cup of minced mushrooms.

Bill To Curb "Goldbugs" Gets Approval

A House bill to curb "goldbugs" and protect the gold standard, known as the Gold Standard Act, has passed the House today.

Chairman Graham also reported that the bill had passed the Senate by a vote of 68 to 26.

The bill is intended to prevent the use of gold certificates for anything other than the payment of taxes and the redemption of gold coins.

CALIFORNIA PRACTICALLY PULLED AWAY

CALIFORNIA PRACTICALLY PULLED AWAY and held from Washington, says the Associated Press.

There were six and one-half inches between them. The 11.5 miles and 4.5 inches, however, the record for the coast ranges by more than five seconds. The feat was now to return the Poughkeepsie crown to the Pacific coast.

Lookouts Trounce Red Hats 14-4 In Opener

10th Inning Spree Gives Locals Lead

Over Tosses Nine Innings As Sanford Gets 15 Hits Off DeLandHurlers

More than 900 people jammed Conrad Field stand in DeLand today to watch the Sanford Lookouts put on a seventh inning home run spree to blast the Red Hats and revenge a 14-3 opening day defeat handed them here on the opening day of the 1939 season.

The Lookouts, garbed in their new red uniforms, clubbed DeLand pitchers Tomes and Harrison for 14 safeties in seven innings and then climbed aboard the home run spree.

That baseman on the Red Hats, who had pitched for another safe blow, was hit by the Sanford attack.

Three hits, one of them a home run, in three trips to the plate, "Dumpy" Langston walloped in four, while Steen, slim centerfielder, banged two, one of them a double.

Sanford grabbed off a one-run lead in the first when "Stuffy" Langston pecked out a double that landed in the right field wall, and in the third when Marion swung an error. Barrett then drove home two scores after the first on Alexander's long fly to home.

In the last of the second DeLand evened the count when two runs were scored by Harrison and Smather, an infield hit by Valei located the bases with none away, and a strike out Anderson. Harrison came on home to score after the same on Newcomb's long fly to center.

Tomes grounded out to Langston for the third out.

The Lookouts grabbed off the lead again in the first of the fourth when Lane was safe on a sacrifice fly, and in the second when he would peg to first, advanced to third when Jeter grounded out to short and then came on versus when Steen batted a ground ball into right for a single.

In the first of the fifth DeLand evaded again when Harrison went to first on a pass, advanced to second when Carroll struck out and then pushed on home when Marion connected for a double to left.

The crimson bonnets made an uncharacteristic rally in the last of the sixth which peaked one tally when Clark banged a single on the second down, the third base line, and in the seventh when Smather's hit, Valei, Red's first baseman, batted a single down the third base line.

Doing into the seventh leading 14-4, the Lookouts started a 9-run spree when Marion poked a single right that got through Smather's legs and rolled to the glove for a two-base error to put the Lookouts ahead swinging for every timber on Tomes, later in the eighth when Harrison, getting their feet on a seven hit, three of them doubles, and four Red errors, including a double by Harrison, got credit for singles, while Harrison, Steen and Marion chalked up a home run.

In the first of the eighth the Lookouts picked up another two runs when the full two-run home run was scored in the last of the ninth by DeLand.

On the mound for Sanford today the ball nine Indians were led by pitcher DeLand, who pitched a 100 hit game, while the Lookouts batted out 15 hits.

The combined efforts of the DeLand moundmen Tomes, Harrison and Smather, and the Sanford offense, including the home run spree, resulted in a 14-4 victory for the Lookouts.

First Local Game Will Be Played Tonight

Baseball Makes Regal Return In Major League

Roosevelt To Toss Ball In Yankee-Washington Fray

NEW YORK, Apr. 17.—(AP)—Baseball, 100 years old and some say older, makes a regal return this week to its major league company.

Two games today, weather permitting, will sound a fanfare for the 1939 centennial season's general broadcast today.

With President Roosevelt pitching for the people, the world champion New York Yankees will inaugurate the American league campaign against the Senators of Washington, while the Pittsburgh Pirates and the Cincinnati Reds will lift the National league drapery at Cincinnati, birthplace of professional baseball.

These events should bring forth capacity crowds somewhere in excess of 20,000 at both Griffith stadium and Crosley field.

Forecast of showers has clouded the ceremonial contents in a degree of uncertainty, but all reserved seats are sold for both games, and it will take some pretty mean weather to stop the show.

Louis To Meet Roper In Los Angeles Go Tonight

LOS ANGELES, Apr. 17.—(AP)—Prize-fighters blared forth around the rival camps of Heavyweight champion Joe Louis and Challenger Jack Roper yesterday as the stage was set for their 10-round title fight tonight at Wrigley field.

The Brown Bomber spent the day resting, which in his language means sleeping, and was pronounced in perfect shape for the sixth defense of the crown he battered off the aging brow of James J. Brodock in 1927.

Roper, a grim visaged pugilist with a knockout punch in his left hand, a world of courage in his heart, and a decidedly splotchy record behind him, drove into Los Angeles after training for six weeks at Roper's ranch north of here.

"I feel fine, better'n I ever did, and I think I'll be able to give Louis all he can take care of," big Jack drawled. "This chance at the title is the best, and I reckon the only, break I ever got out of boxing."

For his "break" the 36-year-old native of Magnolia, Miss., will get 10 per cent of gate receipts expected to hit around 100,000. Louis, it was disclosed, will get 45 per cent.

Los Angeles, accustomed to things gigantic and titanic in the way of sports, frankly admitted the match was no Rose Bowl of prizefighting. Yet the prospect of seeing the champion in something other than a sparring match, the chance that the old Magnolia Blossom might bloom instead of die, that anyone of several things might happen, including a miracle, virtually assured a wild night.

Back in 1925, the boys acclaimed Brodock as the Cinderella man of the ring when he won the title from Max Baer. Roper would make a tramp in tow sack out of that Cinderella character if he upset Louis, because Brodock was only one of an untold number who have knocked out this venerable agent.

"Sure, I know my record is terrible," agreed Roper. "Awful. I never said it wasn't. But I do say that most of the time I never cared whether I won or lost. This time it's different."

Just how different some 20,000 or 40,000, including a large portion of Hollywood's film colony, will find out.

The fighters are due to weigh in at noon today and go into the ring about 10 P. M.

Orlando Takes 5 To 0 Opener From Leesburg

ORLANDO, Apr. 17.—(AP)—Ken Kasper, 23-year-old Atlanta boy, wove three-hit mound magic with his elastic pitching arm as 1,100 rabid rooters, second largest crowd in Orlando's modern baseball history, saw Orlando get away to a 5-0 opening victory over Leesburg in Florida state League play yesterday at Tinker field.

Kasper's exhibition was the outstanding mound display since "Lefty" Brewer of St. Augustine pitched his no-hit, no-runner in the local ball orchard early last summer. With a little luck, Kasper might have duplicated Brewer's performance.

Leesburg went off to a fine start in the first inning when a walk, two hits and a sacrifice fly produced two runs off "Red" Kasper, Leesburg's pitcher.

Elliot drove a base on balls, advanced to second on a sacrifice fly, and scored on a sacrifice fly.

Baseball Makes Regal Return In Major League

P.-T. A. Women And High School Play On Tuesday

All-Star Team, Coca Cola Will Meet In Final For Season

Two diamondball games, have been scheduled for tomorrow night which will bring together the women of the Seminole High School P. T. A., with the members of the faculty of the same school furnishing the competition, according to officials of the Recreation Committee of the Seminole County Chamber of Commerce.

The second game of the evening brings together a picked All-Star squad and the city diamondball loop champs, the Coca-Colas in a post-season game.

G-Men Take 7-2 Win From Daytona Beach

GAINESVILLE, Apr. 17.—(AP)—Whitney Davis, working on the mound for Gainesville, won his own game here yesterday afternoon by driving in five runs as the local club defeated Daytona Beach 7 to 2, in one of the four opening contests of the Florida State League.

Davis, besides holding his opponents to only four hits, slammed out a double, a triple and a single out of four trips to the plate.

Sparkman started on the mound for Gainesville, but was relieved by Davis, after giving up a single, a walk and allowing a hit by a wild pitch in the first inning.

Davis then struck out the next two men with the bases loaded.

The Gainesville club collected 11 hits off Sparkman.

Yesterday the Gainesville program and program in the country of St. Augustine, Fla., where diamondball games are being played, will be held at the Municipal Athletic field.

100 Years Old Better Than Ever

ALL OVER the United States the centennial anniversary for America's favorite sport is being celebrated. The Sanford Lookouts will also participate in this observance.

Lookouts To Meet Red Hats From DeLand In Initial Game At Municipal Field

Mayor Edward Higgins, and the Campbell-Loring Post, Sons of the Legion Drum and Bugle Corps will be on hand for the opening ceremonies to be held 15 or 20 minutes before the Red Hats take the mound against the DeLand Reds at 8:00 o'clock this evening.

The Sanford Lookouts, who yesterday upped DeLand's opening 14-4, will probably be faced by the second team in the mound yesterday, Balknap.

Manager Alexander plans to use much the same line-up in tonight's game as he used in DeLand yesterday. That line-up includes Red Lane behind the plate; Alex on first, Barrett on second, Marion stop third, with Campbell slated to hold down the shortstop post.

The outfield will be the same as the starting gardeners yesterday. Carroll in left, Steen in center, and Langston holding down right.

Tuesday night the Lookouts hop to St. Augustine for a regular night session with the Saints who last night turned back Palatka 6-1 in their opener.
