Fellowship

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	17	21-26
Monday	Matthew	18	20
Tuesday	Luke	24	13-32
Wednesday	Acts	2	42-47
Thursday	Acts	20	28-35
Friday	Mark	10	42-45
Saturday	Romans	15	1-7

It was Sunday morning. I had stopped only long enough on my journey for an hour of worship. The church was almost filled when I slipped into my seat. I knew no one. Yet between me and these worshippers there was a bond of fellowship. I bowed my head in worship of our Lord.

Then I thought of those in distant lands who must worship the Christ amidst ridicule and persecution. They too were my brethren and I prayed for them.

Through the church rang the triumphant notes of the opening hymn "Faith of our Fathers, Living Still."

My heart and my voice sang together as I remembered those of old who had labored and died that the Church might live. With fellow Christians, whom I did not know, I sang my promise:

"Faith of our fathers, holy faith
We will be true to thee till death."

If only everyone knew the joy and satisfaction that my faith brings to me! Start attending the services of the Church—and your life too will be enriched by that bond of Christian fellowship that has sustained millions through the centuries.

Sorority Has Dress Discussion

Mrs. Mary Wheelock and Mrs. Esther Ridge of Mary Esther's Dress Shop held an open discussion on the art of dress at the Tuesday night meeting of Gamma Lambda Chapter of Beta Sigma Phi.

Members of the sorority asked many questions. They told how to co-ordinate a wardrobe. The discussion also covered personality clothes, style, and color. Following the program a business meeting was conducted with several reports given. Plans for the sorority Christmas float were discussed and a theme was chosen. A rummage sale was slated for Dec. 13 at the corner of Sanford Ave. and First St. The social committee reported on the Christmas party. It will be held on Dec. 13 at the home of Mrs. Clyde Robertson.

Children Make Gifts With Finger Paints

MYRTIE WILSON Home Demonstration Agent RECIPE FOR FINGER PAINT: Combine 1/2 cup laundry starch with 1/4 cup cold water in a medium size saucepan. Soak one envelope unflavored gelatin in 1/4 cup cold water. Add 2 cups hot water to the starch mixture and cook over medium heat, stirring constantly, until it comes to a boil and is clear. Remove from the heat, blend in the softened gelatin, and add 1/2 cup packaged soap or detergent. Stir until the mixture thickens and the soap or detergent is thoroughly dissolved. This recipe makes about 3 cups of finger paint base. For variety, pour this into several jars and tint each a different color. Just stir in powdered paint, tempera, poster paint, or liquid food coloring as desired.

HOW TO FINGER PAINT - Every member of the family will be intrigued and delighted with this creative-but-easy painting method. It is fun to gather around a big table and work with jars of poster or tempera paint, boxes of soap or detergent, and paper. Each "artist" creates his own designs - the more imaginative, the merrier. First wet the paper, and spoon out a little of the Soda Paint. It's impossible to say what comes next other than, "Use your hands, arms, thumbs, elbows if need be, to smear - literally! - the paint into an attractive design." As you work you'll find yourself developing your own techniques. You'll soon discover that fingertips make excellent tools for drawing sharp lines, that the palms of the hands are fine for painting backgrounds and so is the flat of your arms, and that fingertips are good for swirls and shapes. And it will be a pleasant surprise to discover that you are not as unfamiliar with the "abstract art" as you thought you were!

From the Harvey Berin fall collection designed by Karen Stark is a short green silk satin evening dress, moded, but freely, in the Triumph silhouette. The Empire bodice is self-bowed above a tied, full skirt.

Modern Ways Best

Some folks still hanker after "the good old days." Well, doubtless they were wonderful fun. Only a diehard conservative could seriously wish for their return. Few housewives would want to go back to making their own soap out of cooking fats and drippings, mixed with lye and boiled for hours. Not many families would advocate a return of the Chic Sale. And certainly very few of us would want to go back to sleeping on a mattress that consisted of a muslin bag filled with duck feathers in the winter and hay or cornshucks during the summer months. There may be nostalgic charm in the old ways. But store-bought detergents are more efficient for house cleaning, modern plumbing keeps the feet dry, and a firm level mattress and spring combination that serves comfort for years without much care certainly has the old sagging sack beat a mile.

of the school board of directors, dropped by the Herald office to say a few words of explanation in regards to the school. Five or six years ago a group of Orlando parents with exceptional (retarded) children organized to provide companionship and facilities for their children. There were no facilities in central Florida for exceptional children in private or public schools. The federal government donated the use of an old wartime hospital building on Primrose Street at the Orlando Air Force Base. Through donations the building was repaired and made suitable for the children. Civic clubs and other organizations helped. A qualified staff heads the school. A board of directors, consisting of doctors, laymen, the faculty, and parents, administers funds and guides the progress of the school. At the present time there is an attempt being made to have the school system take over Gateway

Light Salad Best With Festive Meal

Molded fruit salad recipes are good to have on hand for the many holiday meals that are coming up. These salads best supply the lightness and tangy flavor needed with heavier foods, at the same time they furnish the festive color your menu may otherwise lack. For example, here's a two-tone salad mold suggested by the Meadow Gold Test Kitchens that teams tart, red cranberries with more delicately flavored and nourishing cottage cheese and peaches. Both lemon and raspberry flavored gelatin help provide pretty color contrast in this holiday salad.

- Cranberry Peach Mold (10-12 Servings) 1 No. 2's can sliced peaches, drained 1 package lemon flavored gelatin 1 cup hot water 1/2 cup peach sirup 1 cup cottage cheese 1 package raspberry flavored gelatin 1 1/2 cups hot water 1/2 cup canned whole cranberry sauce 1/2 cup peach sirup

- Arrange peach slices in bottom of oiled 1 1/2 quart ring mold. Dissolve lemon gelatin in 1 cup hot water. Add peach sirup and chill until slightly thickened. Fold in cottage cheese. Pour over peach slices; chill until almost set. Dissolve raspberry gelatin in 1/2 cups hot water. Add cranberry sauce and peach sirup. Chill until slightly thickened. Pour over lemon layer; chill until firm.

Cheese In Desserts

EAST LANSING, Mich. (UPI) - Cottage cheese, long popular in salads and dips, makes a good dessert. Michigan State University home economists report. Dress 1 cup of creamed cottage cheese through a sieve or whip it with an electric mixer to make a fine curd. Add 3 tablespoons of sweet or sour cream, sweeten with sugar to taste, and whip until fluffy. Serve as topping on fruit tarts or pies, baked apples, or fresh fruit salads and desserts.

School. The system now gives personnel and materials to the school. There is a possibility that the organization will not be allowed to continue using the building. They hope to relocate in a permanent place. Day students attending the school are from age six to the early teens. As many children as are accepted, children do not have to be from Orange County. Parents pay whatever they can afford. The school has about 30-35 children enrolled. There is a supervised recreation program. A fenced-in playground was equipped by civic clubs. As the exceptional children progress they are advanced in their activities. Although none of them will ever be normal, progress is noticeable and some are helped to a remarkable degree. The Gateway School needs funds to carry on the work and care of these children. Companionship and activities on his own level can make a great deal of difference in the life of an exceptional child.

Men Get More Pay

By PATRICIA WIGGINS WASHINGTON (UPI) - In spite of the growing number of states with equal-pay laws for women, the fair sex still takes a trimming in pay checks, compared with males holding similar jobs. The study, based in part on intensive surveys conducted in 1956, also showed that white education is an important determinant of income for both men and women, men with the same amount of education as an excess came off better in post-school salaries.

For example, the median income for women with four or more years of college and fulltime jobs was \$3,809, compared with \$6,980 for men of comparable schooling and working fulltime. "Since many women leave the labor force for marriage and family reasons, and return when their responsibilities decrease, they often lack job seniority and work experience needed to qualify them for advancement," the booklet said.

Figures on women in the federal government seem to bear this out. Of 533,802 women working for the government - 25 per cent of all federal employees - 85 per cent ranked in grades 5 and below, and less than three per cent in grades 12 and above.

The average length of service was 11.3 years for men and 7.6 for women. Employees with less than five years of service included 41 per cent of the women and 16 per cent of the men. Michigan and Montana adopted equal pay laws in 1957, but were alone in the field for nearly 25 years until World War II. California and Nebraska took the step in 1957 and brought the roster to its present number - 17 states.

But the Labor Department reports that women "consistently" have lower average earnings than men in each of the major retail trade groups. The greatest difference is in department stores, where women average \$1.15 an hour and men \$1.74; and in drugstores, where women average 95 cents and men, \$1.54. Some consolation, however, is offered by the report of a New York Stock exchange survey. The survey noted that almost 32 per cent of the individual shareholders of publicly-owned corporations were women—underpaid or not.

Seminole High PTA Has Meet Tuesday

The Seminole High School PTA met Tuesday night at the school auditorium with Mrs. John Schirard Jr., president, presiding. Mrs. George Pittard gave the devotion. A record of last year's achievement was read by Mrs. J. P. Wilson. Mrs. Michael Cagle, safety of the student body, Charles Fox spoke briefly in behalf of the student body requesting that a drag chairman, introduced members of

Sanford Needs Drive To Improve Facilities

Does 40 to 60 per cent of Sanford's shopping dollars go to Orlando? John Krider, manager of the Seminole County Chamber of Commerce, thinks so.

In a statement to the Committee of 100, Krider said "it is a known fact." If this is true and there is little reason to doubt it, something should be done to remedy the situation.

Charles G. Staubitz of DeBary, retired merchandising authority with Sears, Roebuck & Co., gave the Committee of 100 food for thought. He said a town's appearance is very important, urged a city-wide effort to improve the looks of Sanford.

Staubitz suggested "new dress" for buildings in need of repair, a neat look in stores. A clean town, a modern town is one which makes progress.

Another speech in Sanford provided added fuel for the shop-at-home campaign by some local residents. Dr. Ralph Eastwood, agricultural economist for the Florida Extension Service, said every dollar turns over five times in the economy. Doubling the amount spent in Sanford would give the town's economy a big boost.

Local residents who now go out of town to shop aren't going to stop this practice because a few figures are cited, or because they have been urged to shop at home. They must be given good reasons for shopping in Sanford.

Those who would benefit most from more shopping at home must lead the way. Local merchants must set the pace. As Staubitz said, "if you wish instead of want, you never will do anything about improvement."

The battle will be long, and hard. But it can be won. Once, "bigness" was closely associated with good business. This, however, is not always the case now. A small town, a small organization, a small business can be just as good as a larger competitor. In many cases, it can be better.

Study Of Economics

One thing can be said with little fear of contradiction—the young people of this country need a better grounding in simple economics, and a wider knowledge of the economic machinery that makes this country tick.

In recognition of this need the American Economic Foundation prepared a number of messages which appeared month by month in Boy's Life, the official publication of The Boy Scouts of America. All consisted of a series of drawings with brief explanatory captions. And one was concerned with "The 'Invention' that made big business possible"—that is, the stock exchange.

When the country was young, the message points out, the people's needs could be satisfied by individually or family-owned businesses. But as population and demand grew such businesses needed more tools of production—land, buildings, machinery, etc.—than the owners could afford to buy. In other words, money had to be pooled in some way to buy all the required tools.

So, in 1774, the Stock Exchange was "invented," and started operation under a butternut tree on Wall Street. The needed tool money was raised by selling shares of stocks—and that is exactly how it is raised now.

The "invention" of The Exchange would certainly be astonished at what has happened to their "invention." Today something like 10 million people own shares, and most of them are of average means. Stock ownership in America is the right of the many, not the privileged few.

6-Month-Old Baby Suffocated By Cat

HENDON, England (UPI)—The infant son of an inquest who found the family cat was blamed Thursday for the death of a six-month-old baby.

Fred Othman Says

By FREDERICK C. OTHMAN
 WASHINGTON—The late Mort Thompson, who used to be a newspaperman, himself, before he became an author, hated turkey. Insofar as he was concerned, a slice of gobbler on Thanksgiving was a slice of nothing.

I, too, figured that the Pilgrims ate turkey for only one reason; they had nothing else to eat on that historic Thursday. So it was a happy day when Mort came up in his column in the Hollywood Citizen-News with his magnificent, deadpan spoof on how to cook a turkey. He figured that would end turkey eating in southern California; instead folks took him seriously and told him how superb was the bird roasted according to his formula.

Last year about this time I mentioned Mort's recipe on how to make a turkey taste like some thing and from all over the land came blither mail from people who still followed—after 20 years—his method for incinerating a bird. Mostly they charged that I libeled Thompson; they said his recipe proved he was one of the great cooks of all time.

Now it seems appropriate to jot down, in his own words, Mort Thompson's turkey essay, which starts out logically enough with the suggestion that you rub the bird inside and out with salt and pepper.

"In a stewpan put the chopped giblets, neck and heart and add one bay leaf, one teaspoon paprika, half teaspoon of coriander, a clove of garlic and salt. Let this simmer while you go ahead with the dressing," Mort continued.

"Dice an apple, and an orange in a bowl and add a can of crushed pineapple, the grated rind of half a lemon, one can of water chestnuts, and three tablespoons of chopped, preserved ginger.

"In another bowl put two teaspoons of dry mustard, two teaspoons of celery seed, two teaspoons of celery salt, one crushed bay leaf, one teaspoon black pepper, four tablespoons of chopped parsley, four cloves, one-half teaspoon of tumeric, four large onions, six chopped stalks of celery,

Inside Washington

By MERRIAM SMITH
 AUGUSTA, Ga. (UPI)—Back stairs at the White House. Any minute now, President Eisenhower will be sending secret orders to the Army and Navy, an annual chore which strains to the utmost his position on unification of the armed forces.

The problem at hand is Saturday's Army-Navy football game. Eisenhower, despite his many years as a professional soldier, and even with his background as an entire Army halfback, has declined since taking office in 1953 to attend the annual service gridiron classic.

"Why? He doesn't want to be in the position of rooting for one service against another."

Possibly Mrs. Eisenhower dropped a hint when she went shopping the other day here for such dietetic foods as cottage cheese and skim milk. The First Lady told the supermarket cashier that she wanted whatever trading stamps she had coming to her.

Shortly after a story of Mrs. Eisenhower's shopping trip and her interest in trading stamps appeared in the local afternoon newspaper, the Augusta Herald, a member of the White House staff was seen carefully stowing away some stamps which he ordinarily would have thrown away.

"I'm no fool," this official said. "I didn't know she was interested until I read it in the newspapers."

The football faithful who endure annually the vicissitudes of weather, crowds and transportation to watch the Army-Navy battle might search beyond Eisenhower's inter-service propriety to determine why he never goes to the game.

The Army and the Navy, when they originally established the tradition of playing at the close of the season, did not realize that their game date would eventually conflict with prime time for golfing in Georgia.

If Eisenhower gives up golfing Saturday afternoon, it will represent not only his personal interest in the two teams, but a sacrifice that can be appreciated only by an ardent golfer.

Then, too, it might rain here Saturday.

Augustans are rumors that the Eisenhower may be back here for Christmas, or at least for a part of the yuletide holidays. Nothing of that sort from the White House staff as yet.

FORMER SEMINOLE CAPTAINS — Here are seven of the 22 former football captains of Seminole High School who attended the homecoming game Wednesday night. Left to right, Richard Bass, John Alexander, Joel Field,

Glenn Lingle Sr., Glenn Lingle Jr., McKay Truluck and Herman (Foots) Brumley. The senior Lingle was captain of the 1920 team, his son was captain in 1945. Bass was one of three brothers, captains all, who sat on the bench. (Herald Staff Photo by Jerry Covington)

Rutgers, Pitt Out Of Bowls

By JOHN GRIFFIN United Press International
Rutgers bowed gracefully out of the post-season football bowl picture today and Pittsburgh was rudely bounced out as the hour for filling the last remaining bowl berths drew rapidly nearer.

Pittsburgh, a Gator Bowl hopeful, became the main casualty of the Thanksgiving Day holiday when it blew a 14-0 halftime lead and lost to old rival Penn State, 25-21. The defeat scratched the Panthers from the list of teams being considered by the Gator Bowl committee at a special meeting today.

Texas, impressive 27-0 victor over Texas A&M in the holiday's nationally-televised game, was on that list—along with Mississippi, Florida, Vanderbilt, Georgia Tech, South Carolina, and Alabama.

Rutgers, with a perfect record against college foes this year, withdrew from bowl consideration by notifying the Blue Grass Bowl (at Louisville, Ky., Dec. 13) it does not wish to play a post-season game.

Cotton, Sugar Bowls Open
In addition to the Gator and Blue Grass berths, other choice spots still open include the visiting teams vs. Texas Christian in the Cotton Bowl and the rival for Louisiana State in the Sugar Bowl.

The Air Force Academy could very well be the Cotton Bowl team, if it can complete an unbeaten season by making good as seven-point favorite over Colorado on Saturday.

SMU, a one-point underdog against Texas Christian Saturday, is a leading candidate for the Sugar Bowl spot along with Mississippi and Clemson.

Georgia Tech, included on the Gator Bowl list, is only even money against Georgia in their "old rivalry" game on Saturday. Other feature games of the last big Saturday of the season find Auburn picked by 7 over Alabama, Houston 7 over Texas

Lions Not Sharp, But Beat Packers
DETROIT (UPI)—Coach George Wilson admitted his Detroit Lions weren't as sharp as usual in their Thanksgiving Day battle with the Green Bay Packers but quickly pointed out, "I'd rather win a bad game than lose a good one."

Marathon Winner
BERWICK, Pa. (UPI)—Robert Carman of Pittsburgh pulled away from Browning Ross of Camden, N.J., in the final mile to win the 48th annual Berwick Marathon Thursday. Bob Seaman, former UCLA star, was third, Jack Barry of Philadelphia finished fourth and Johnny Kelley, former Olympic runner from Boston, wound up fifth.

Boots Three Home
NEW YORK (UPI)—Bobby Caspers stole the show at the Jamaica Race Track Thursday when he rode three winners on the holiday program. His winners were French Bleu (\$14.90), Moony (\$28.20) and Warriors stand (\$9.70).

DETROIT (UPI)—Coach George Wilson admitted his Detroit Lions weren't as sharp as usual in their Thanksgiving Day battle with the Green Bay Packers but quickly pointed out, "I'd rather win a bad game than lose a good one."

Marathon Winner
BERWICK, Pa. (UPI)—Robert Carman of Pittsburgh pulled away from Browning Ross of Camden, N.J., in the final mile to win the 48th annual Berwick Marathon Thursday. Bob Seaman, former UCLA star, was third, Jack Barry of Philadelphia finished fourth and Johnny Kelley, former Olympic runner from Boston, wound up fifth.

Boots Three Home
NEW YORK (UPI)—Bobby Caspers stole the show at the Jamaica Race Track Thursday when he rode three winners on the holiday program. His winners were French Bleu (\$14.90), Moony (\$28.20) and Warriors stand (\$9.70).

Mont Is Selected
MONTGOMERY, Ala. (UPI)—Tommy Mont of Maryland has been selected as a replacement for Floyd Schwartzwalder of Syracuse on the North coaching staff for the annual Blue-Gray football game here Dec. 27.

Perfection Grabs Lead In Sandspur

Such a close race has developed for the lead in the Sandspur Bowling League that, lately, a new team is in first position after each week's bowling.

This week, Perfection Dairies is on top, but only by a scant half game. They have 30½ wins, followed by Roundmill & Anderson Drugs, who have 30 wins. Still in the running are ABC Garbage Service with 28½ wins, Wade's Market, 23½, Wilson-Maier Furniture, 23, and Robson Sporting Goods, 20½.

Action Tuesday night saw Wade's take three points from Roundmill & Anderson for the high scratch game 799 of the evening. They also had high handicap game with 862.

Southerners Again Lead Small College Grid Race

NEW YORK (UPI)—Mississippi Southern today topped the United Press International small college football ratings for the 10th straight week.

The Board of Coaches which rates the nation's small colleges for UPI gave coach Thad (Pie) Vann's Mississippi Southern club 32 first-place votes and a total of 366 points.

was fifth with two first-place votes and 149 points.

Montana State College was sixth with 145 points, Chattanooga seventh with 137 and Wheaton (Ill.) eighth with one first-place vote and 104 points.

The ballots were based on games played through last Saturday and did not include Thursday's clash between Mississippi Southern and seventh-ranked Chattanooga.

Others still in contention are Mississippi (7-2), Florida (5-3-1), Vanderbilt (5-1-3), Georgia Tech (6-3-1), South Carolina (6-3), and Alabama (5-3-1).

Miami of Ohio, with one first-place vote and 238 points, was runner-up for the third straight week. Miami played Cincinnati, a major school, Thursday.

Others still in contention are Mississippi (7-2), Florida (5-3-1), Vanderbilt (5-1-3), Georgia Tech (6-3-1), South Carolina (6-3), and Alabama (5-3-1).

Dawkins Is Chosen 'Player Of Year'

PHILADELPHIA (UPI)—Pete Dawkins, Army's star halfback who will display his talents here Saturday in the annual game against Navy, is the winner of the Maxwell Trophy as the nation's best college player of the year.

Others still in contention are Mississippi (7-2), Florida (5-3-1), Vanderbilt (5-1-3), Georgia Tech (6-3-1), South Carolina (6-3), and Alabama (5-3-1).

Others still in contention are Mississippi (7-2), Florida (5-3-1), Vanderbilt (5-1-3), Georgia Tech (6-3-1), South Carolina (6-3), and Alabama (5-3-1).

Puck Blow Is Fatal

DENVER (UPI)—Barry Sharp, 21, of Portage La Prairie, Manitoba, Canada, died Thursday of a brain injury suffered in a practice session at the Denver University hockey arena. Sharp was struck by a puck Wednesday.

Gleason Visits Godfrey; Jackie Should Just Talk
NEW YORK (UPI) — Jackie Gleason dropped into the CBS-TV "Arthur Godfrey Show" Tuesday night and triggered an enormous, amusing half-hour.
The strange thing about the session was that it was not studied with many really witty lines, although Gleason did manage to unsprung a few shots that might be labeled as puns.
What it had instead, however, was something infinitely more inviting in television terms: An air of unpretended and bawdy good spirits, a give-and-takeness without strain, and the sort of untidy immediacy that the NBC-TV "Jack Paar Show" manages to channel out when it catches fire.
Gleason quarterbacked most of the show and he handled the ball with roistering confidence. After watching him Tuesday night, I'm convinced he should suspend the regular stage business on his Friday night CBS-TV program for a while, round up a few cronies and just talk.
Tuesday night Gleason talked to Godfrey about the huge money to be made in show business, but complained about the limited satisfactions that money gave him. He talked cheerfully about bulls and horses and cellos, subjects about which he seemed to know nothing. He also talked to opera star Rise Stevens, another guest, about her profession. I recall these words best:
"The same thing that's wrong with Dixieland music is what's wrong with opera — they keep playing the same tunes... opera is like rock 'n' roll — you can't understand what they're singing about."
Short Shot: CBS-TV's Red Skelton pantomime show Tuesday night was rather watered-down—Skelton had an off-camera announcer explaining the meaning of much of the action for the duller members of the audience. Denise Lor's hole-in-the-water-bucket sketch on the CBS-TV "Garry Moore Show" Tuesday night was the highlight of the show — Denise has a large comic talent and it's strange more shows don't make use of it. Jack Paar unleashed a pull-no-punches attack on his NBC-TV show on a New York Newspaper (The Post) which recently turned out a series of articles on him.
The Channel Swim: "Dr. I.Q." will replace "Anybody Can Play," the George Fenneman quiz, on ABC-TV Dec. 15. Sherry Jackson is outgrowing her role as the oldest daughter on the CBS-TV "Danny Thomas Show" and the producers are looking for a replacement. There's talk that a new part may be written into the series for a girl who would join the Thomas family as an exchange student from Italy.
Cy Howard, creator of "My Friend Irma," will produce and write a new CBS-TV Comedy series, "The Wonderful World of Little Julius," which will star Sam Levene and Eddie Hodges. ABC-TV will drop "Tales of the Texas Rangers" into a Monday night slot starting Dec. 22.

Baseball May Return To Sanford

Sponsorship Plan For Minor Leagues Could Bring Team

Organized baseball could return to Sanford next year. Overtures now are being made by officials of the Florida State League. Lack of money to get the team started has been cited as the reason for the continued absence of Sanford in the league. Peter Schaal, league secretary, said today that he is confident that eight teams will be ready when the 1959 season arrives. In addition to Sanford, overtures are being made to Clearwater, Deland, Sarasota, and Bradenton. Schaal said that he expected "developments at the Sanford meeting" to put eight teams in the league, quickly. Schaal said the "developments" he referred to were proposals whereby major league teams would "sponsor" clubs in the Florida State League. Schaal quoted Jackson as "confident" that the major leagues would buy such a proposal, not only for the Florida State League but for farm clubs in other minor leagues. Under the proposals, farm club operators would receive a larger cash benefits from the parent club. There also is a possibility that the majors also will pay the entire salary of the manager they assign to the farm, Jackson said. Under this arrangement, it would be possible for a farm club to operate without worries about financial backing, except from ticket sales, officials said. Proposals to be offered at the Saturday meeting are designed somewhat along the lines of those which brought rookie league into existence. Schaal said Coca-Cola sponsors had voted to continue a club there; Daytona Beach now has a season ticket campaign under way; Gainesville's City Commission has voted \$6,750 for new seating and club house facilities; Orlando is seeking a full working agreement with a major league team; Palatka already has signed a working agreement with Cincinnati; St. Petersburg is "set" with the Yankees and Tampa is seeking entry in a league of higher classification.

LARGEST BARGE VISITS — A 246-foot barge pumped its liquid fertilizer supply into the industry's tanks, the first load to be received by Allied here. Part of the load was discharged at tanks in Jacksonville. (Herald Staff Photo)

EXPLORING PROGRAM INTRODUCED IN SANFORD — Seminole County Judge Wilson Alexander introduced the new scout program for high school age boys Sunday afternoon at the Legion Hut. The St. Johns

Record Cold Wave Surges Into East

United Press International — A record cold wave surged into the East today on the heels of a paralyzing snow storm, to extend winter's grip across most of the nation. The arctic air mass plunged temperatures to near or below zero in northern New England early today, while temperatures near 10 degrees ranged southward across western Pennsylvania into West Virginia. Freezing temperatures reached to near the Carolina coast. At least two persons died of exposure in the bitter cold. Snow and ice-laden roads caused hundreds of traffic accidents. In western New York, snow plows bucked drifts up to six feet Sunday to free thousands of cars. Snow in northern New England early today, while temperatures near 10 degrees ranged southward across western Pennsylvania into West Virginia. Freezing temperatures reached to near the Carolina coast. At least two persons died of exposure in the bitter cold. Snow and ice-laden roads caused hundreds of traffic accidents. Eight Hurt In Seminole Auto Mishaps

Thanksgiving weekend began peacefully in Seminole County, but ended in a series of automobile crashes that resulted in mangled cars and eight injured. A head-on collision on Lake Monroe Bridge Saturday night involved seven persons. Driving while intoxicated was charged to 21-year-old Billy Joe Wade, Daytona Beach, who attempted to pass another car on the bridge and drove directly into the vehicle driven by Paul Gardner Bradley, 18, Orlando, officials said. The two cars were jammed together against the railing of the bridge. Injured were Mr. and Mrs. Clifford Braley, both 46, Orlando, and Danny Roberts, passenger in Wade's car. Mrs. Braley suffered a severe scalp wound and is listed in "fair" condition today at Seminole Memorial Hospital. Her husband was transferred to Orange Memorial Hospital with a possible skull fracture. His condition is "fairly good," officials said this morning. Roberts was treated for severe throat wound. Condition of another passenger in the Wade auto-

Heavy Fire Rakes Offshore Islands

TAIPEI, Formosa (UPI)—Communist Chinese guns blasted the offshore Quemoy islands today with the heaviest artillery barrage in almost a month. A Nationalist communiqué said the shore guns hurled a total of 2,456 shells at Big and Little Quemoy up to 6 p. m. The attack was the biggest bombardment since Nov. 5, when nearly 6,000 rounds were fired. It marked the opening of the second month of the Reds' alternate-day bombardment of the offshore islands.

Morrison Named To Chamber Post

United Press International — Charlie Morrison, former public relations director for Holler Motor Co., will continue his work as "good-will ambassador" with the Seminole County Chamber of Commerce. The new public relations position was announced today by Mack Cleveland, Jr., president of the Chamber. Morrison will visit 25 new business firms in the county to welcome and assist them in orientation. Working on a part-time basis for the Chamber, the public relations director will cover the entire county in an effort to make those in outlying districts feel that their interests are as important as those in Sanford. Cleveland explained that Morrison will be conducting a year-round membership drive for the Chamber, whose activities have been curtailed for lack of spare time on the part of its business and professional leaders. "We feel very fortunate in being able to obtain someone as well known locally as Charlie," he said. The Chamber Executive Committee feels that his work will result in a better informed public and an expanded membership.

607 Persons Dead In Holiday Mishaps

United Press International — The nation's traffic fatalities in the Thanksgiving weekend ran below the toll for an ordinary week-end of the same duration at this time of year, but a sharp drop in the number of deaths was reported today. A United Press International count showed that between 6 p. m. Wednesday and midnight Sunday, 628 persons died in traffic accidents. Fires took 48 lives, plane accidents killed 111 persons, for a total of 807. California had 32 auto deaths, New York 28, Alabama 24, Pennsylvania 21, Illinois 20, Michigan 19, and Ohio and Virginia 18 each to lead the list of states. Rhode Island, Nevada and Alaska reported no traffic deaths in the holiday period.

Weather

Partly cloudy and little change in temperature through Tuesday. High today mid-70's, low tonight 55 to 62. Northeast and east winds 15 to 20 miles per hour.

Industries Giving Under Payroll Plan

The payroll deduction method for United Fund pledges was enthusiastically received last week by employees of Sanford Manufacturing Co., according to Howard McNulty, campaign chairman. More than \$300 was pledged by the company employees, who found the "pay as you go" plan easier on the paycheck and the money. Pledges are now being received under the same system from Pierce Manufacturing Co., Harcar Aluminum, Brookfield Mills and Caylor Printing Co. The pledges will be deducted monthly from employees' salaries by the firm. "This method should give the United Fund drive a boost," said McNulty.

Sanford Warmest In Nation Friday

Sanford was the warmest town in the U. S. Friday, and if you don't believe it, check with the weather bureau. The temperature here led all the rest of the nation with a high of 87. The Seminole Chamber of Commerce is taking credit for the heat wave. This morning, John Krider, manager of the CoCo, said, "We're getting things so stirred up, it's bound to be hot here."

Special Mail Box For Santa Claus

Attention, Santa Claus fans! A box has been placed in the lot next to the Sanford post office where you can mail your letters to Santa Claus. The reindeer express will give them prompt delivery to the North Pole. Only Santa's letters can be put into the box, which has been built low for mailing comfort — just the right height for little children.

Lake Mary Group Extinguishes Fire

Lake Mary volunteer firemen put out a wood fire last night with alacrity after the alarm was sounded by H. M. Gleason. The small fire was reported by Mrs. Ann Alexander, on the south end of Fifth St. While the fire was small, the response was great, and shortly after the fire sounded firemen were on the scene. The sound of the siren is an important one to everyone in this tiny community, where fire fighting is a very personal thing.

Sir Winston Is 84

WESTERHAM, England (UPI)—Sir Winston Churchill celebrated his 84th birthday Sunday with a "commonwealth cake," a wave of his cigar and a message of thanks for good wishes "from friends known and unknown all over the world."

Allies Get Orders To Shoot Invaders

BERLIN (UPI) — The tenth anniversary of the Communist split of Berlin today found American, British and French troops under orders to shoot back if Soviet or East German troops invade the Western sectors of the city. The Western allies also were pledged to defend the city's lifelines running 110 miles through Communist territory. The pledge might well have to be relearned, East German Communists emphatically have said the Western powers will need their permission to supply their garrisons here. They warned a new Allied air lift would be considered a military threat. Western plans to defend the city were disclosed Sunday by Gen. Hiram L. Hodges, U.S. Army commander in Europe. He told a news conference the United States not only will be helping itself, but will safeguard the city's lifelines to the West.

Morrison Named To Chamber Post

United Press International — Charlie Morrison, former public relations director for Holler Motor Co., will continue his work as "good-will ambassador" with the Seminole County Chamber of Commerce. The new public relations position was announced today by Mack Cleveland, Jr., president of the Chamber. Morrison will visit 25 new business firms in the county to welcome and assist them in orientation. Working on a part-time basis for the Chamber, the public relations director will cover the entire county in an effort to make those in outlying districts feel that their interests are as important as those in Sanford. Cleveland explained that Morrison will be conducting a year-round membership drive for the Chamber, whose activities have been curtailed for lack of spare time on the part of its business and professional leaders. "We feel very fortunate in being able to obtain someone as well known locally as Charlie," he said. The Chamber Executive Committee feels that his work will result in a better informed public and an expanded membership.

Frankfurter Better

WASHINGTON (UPI)—Supreme Court Justice Felix Frankfurter continued to make good progress today from the mild heart disturbance he suffered last Monday.

Bomb Trials Under Way; Judge Throws Out Plea

ATLANTA (UPI)—The trials of five men accused of bombing the Jewish temple here began today under a ruling that they must be tried separately. The first defendant to be put on trial was George Allen Bright, one of five indicted on charges that could bring the death penalty. The defense immediately asked that the case against Bright be thrown out on grounds that the laws under which he was indicted were unconstitutional, both federally and in this state. Defense counsel James Venable argued that the law cited in the indictment discriminate against persons in certain sections of the state because the statutes involve violence only within city limits. He said the laws also did not spell out in any way that church buildings were included by a phrase in one law making it a capital crime to bomb a house inside a city. The men also were indicted under a law which provides the death penalty or life imprisonment for the willful destruction of an occupied dwelling, storehouse, barn, depot or any other house, business or lodging within the limits of any town. At the outset of the trial Judge Durwood Pyle warned Venable sternly that "the Jewish faith is not on trial here." The judge refused defense requests that the Jewish Anti-Defamation League be required to produce a list of its contributors, and that Atlanta newspapers and a radio-TV station submit advertising records showing accounts controlled by Jews.
