LAST DAY WEDNESDAY - "THE DARK MIRROR"

Graduating Exercises

(Continued from Page One)

Wing of Ocala.

American Legion and other honor awards will be made by Supt. T. W. Lawton. Principal Morris will present the diplomas.

Huston Babcock, who won an award for his bass singing in the Glee Club completion in Tampa, will sing "Old Man River" by Kern. The Glee Club male quartette will sing, "Like A Mighty Eagle."

Invocation will be by the Rev. Glenn E. Smith and benediction by the Rev. K. I. Wright.

The Rev. J. E. McKinley will deliver the baccalaureate sermon Sunday evening at 8:00 o'clock at the high school. Invocation will be by the Rev. Mark T. Carpenter and benediction by the Rev. L. R. Rushton. "Pomp and Circumstance" by Elgar will be played by an instrumental group for the professional.

An outstanding program of a novel nature is promised by senior students for the Class Day program at the school tomorrow morning at 10:30 o'clock.

The Junior Senior banquet will take place Friday evening at 7:30 o'clock at the Mayfair Inn. Bobby Pullen, president of the Junior Class, will serve as toastmaster. Margaret Partin will welcome the seniors. Simon Dingfelder will respond in behalf of the seniors.

Miss Ollie Reese White will direct the musical portion of the program with the boys' double quartette and a girls' group including Peggy Pippin, Missa Ruth Mills, Betty Jane Copeland and Lillian Moran, accompanist.

Miss Whittle and Mrs. Elizabeth Lynch will sponsor the program. A dance will follow in the hotel ballroom with music by an Orlando orchestra.

Mother Of Earle To Sue City Of Greenville

NEW YORK, May 28, (AP)—Herbert C. Cooke, national executive chairman of the National Negro Day committee, said last night that Tessie Earle would sue Greenville, S. C., for \$250,000 on grounds it neglected to safeguard her son, Willie, 24, from lynchers while he was in jail.

In another suit, Cooke said, the mother will seek \$250,000 damages from the 28 defendants acquitted last week in the slaying of Earle, who was taken from jail while awaiting trial on a charge of stabbing a taxicab driver.

Cooke and Archibald Palmer, attorney for the committee, announced the suit plans last night during a Madison Square Garden entertainment at which Earle's mother was introduced to the audience of 30,000.

Potatoes

(Continued from Page One)

abroad, didn't want those 22,000,000 bushels as a gift.

The most recent case of the Government's buying of surplus potatoes was in Alabama. Of this early 1947 Alabama crop, the government figured 28,500 bushels were surplus. It bought them. It gave \$1,000 to the school lunch program and destroyed the remaining 7,500.

The Agriculture Department says there wasn't anything else to do with them. How long does this program go on? Under the law, until Dec. 31, 1948. The Agriculture Department has asked Congress to re-consider this whole problem but there has been no action.

Marshall Backs Canal

(Continued from page 3)

tested a reduction in a shell contract held by the Garson munitions combine.

May, wartime chairman of the House Military Committee, is on trial with Murray and Henry Garson, officials of the munitions firm, on bribe conspiracy charges. May is accused of taking \$55,000 from the Garson brothers to get them favors at the war department.

Marshall, former Army chief of staff, told the jury he knew nothing about May's dealings with the Garsons and that he regarded the Kentucky Democrat as a "man of integrity." Several of May's former congressional colleagues also testified that he enjoyed a good reputation while serving in the House.

The subject of the Garson shell contract came up after Marshall related that he had met May and other congressional leaders at "secret dinner meetings" in 1944 to review war strategy and discuss Army production needs.

Pilot Club Meet

(Continued from Page One)

sey, to all civic clubs in Sanford.

Mrs. Joel S. Field presided at the business session at which the club went on record as favoring the re-nomination of Miss Ruby Newhall of Galvestone as treasurer of Pilot International. Miss Newhall is former governor of District Four, comprising 21 clubs in Florida.

An award of merit was presented to the club from Red Cross chairman, H. E. Morris and B. B. Crumley, for the club's assistance during the recent Red Cross drive. The treasurer reported that a check in the amount of \$25 has been sent to the Texas City, Tex. Pilot Club for rehabilitation work following the recent disaster. A financial report was given by New Celery Crain in which the Pilot Club contributes \$5 monthly.

Mrs. Edward Kircher cited the cases that have been furnished milk from the Milk Bank, stating that a total of \$44.66 was spent during the past month leaving a balance of \$14.00. Mrs. Kircher resigned as chairman of the Milk Bank and Mrs. W. E. Hollyhead was appointed to fill the vacancy.

The club went on record as favoring the Health Unit's request that each member report for an x-ray when the State Mobile Unit is here during the week of June 3. Mrs. Ruth Scott, who represented the Pilot Club at the annual meeting of the Tuberculosis Association, gave a report of the meeting.

There were 22 members present at last night's meeting.

Robbery Attempt

(Continued from Page One)

able to open the vault and it was not entered.

After Henderson was left bound in his own car the kidnapper was picked up by another car, the sheriff reported. He said Henderson was unable to give many clues but described his abductor as 25 or 30 years old, of dark complexion, dressed in coveralls and wearing glasses.

The State Highway Patrol, FBI and other officers were brought this morning into a search for the two or more men the sheriff said were believed to be involved.

Acadia Coal Company Boosts Coal Prices

STELLARTON, N. S., May 28, (AP)—The Acadia Coal Company announced today it was boosting coal prices an average of \$2.75 a ton to meet rising production costs due in part to wage increases granted union miners Sunday as an agreement ending a 18-week strike.

Approximately 15,000 members of District 28, United Mine Workers, won wage increases of \$1.25 a day under the settlement, with the prospect of an additional 45-cent boost on Dec. 1 if production is raised to company-set levels by that date.

LEGAL NOTICE

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY NO. 6572. FREDERICK PHILIP RACINE, Plaintiff, vs. MARGARET M. RACINE, Defendant.

NOTICE TO APPEAR: THE STATE OF FLORIDA; MARGARET M. RACINE, c/o WILLIAM KERR, 1415 WEST OLNEY AVENUE PHILADELPHIA, PENNSYLVANIA.

You are hereby notified that a suit has been brought against you in the Circuit Court for Seminole County, Florida, in Chancery, styled as above shown, by FREDERICK PHILIP RACINE, and you are hereby required to file with the Clerk of said Court at his office in the Court House of Seminole County, Sanford, Florida, your written appearance (personally or by attorney) in said suit on the 19th day of June, 1947, and thereafter to file with said Clerk your written defense, if any, to the bill of complaint in said suit at the time prescribed by law, said suit being for a divorce by the said Frederick Philip Racine from you, the said Margaret M. Racine.

HEREIN fall not or judgment will be entered against you by default.

WITNESS my hand the seal of said Court at Sanford, Florida, the 26th day of May, 1947.

D. P. HENDERSON, As Clerk of said Court. By O. L. HUNT, Deputy Clerk (Official Seal)

NOTICE OF MEETING OF LANDOWNERS OF SLAVIA DRAINAGE DISTRICT OF SEMINOLE COUNTY, FLORIDA TO ELECT A SUPERVISOR OF SAID DISTRICT

NOTICE IS HEREBY GIVEN that a meeting of the owners of lands situate in SLAVIA DRAINAGE DISTRICT of Seminole County, Florida, will be held at the office of A. Duda & Sons in said district at ten o'clock A. M. on the 16th day of June, 1947, for the purpose of electing one supervisor for said district for a term of three years, at which election every acre of land in the district shall represent one share and each owner shall be entitled to vote in person or by proxy in writing duly signed for every acre of land owned by him in such district; guardians may represent their wards, executors and administrators may represent estates of deceased persons and private corporations may be represented by their officers or duly authorized agents. The owners of a majority of the acreage included in such district shall be necessary to constitute a quorum for the purpose of holding such election.

JOHN DUDA, President. C. H. CLONTS, M. L. GARY, As Board of Supervisors of Slavia Drainage District.

Sales Tax Is Again In Fore In Legislature

Host Of Tax Bills Voted Down Leaving Slot Machines And Sales For Revenue

TALLAHASSEE, May 29, (AP)—Sales tax talk took a split in the Legislature today as the Senate Finance and Taxation Committee in short order rejected proposals to put a 5 percent tax on hotel bills and to license and tax book-making.

The group also rejected a bill which would permit counties to levy an eighth cent tax on each gallon of gasoline for city and county road building purposes.

Action on the hotel tax proposed by Senators Collins of Tallahassee and Carroll of Kissimmee to raise about \$8,000,000 a year came as a surprise, since the committee had called a public hearing on the measure for next Tuesday.

Action in the committee today leaves the slot machine legislation and taxation measure, proposed by McArthur to raise about \$15,000,000 a year, as the only revenue bill on the calendar of either house.

The Senate passed and sent to the Governor today the House-approved bill prohibiting establishment of a new race track within 100 miles of an existing track. The bill was 24-14.

Final vote on the bill came after senators failed to adopt amendments which would have exempted Pinellas and Volusia counties from the measure and would have delayed its date of becoming operative.

House Committee Recommends 8 Per Cent Army Budget Cut

By WILLIAM F. ARHOGAST
WASHINGTON, May 29, (AP)—The Army's 1948 military budget was cut 8.3 percent by the House Appropriations Committee today despite testimony from General Eisenhower and Secretary Patterson that "real danger" lies beyond the "irreducible minimum" of men and money they had requested.

If Congress upholds the committee, the Army will receive \$5,240,982,423 in new appropriations for the fiscal year starting July 1. President Truman had asked \$5,716,791,500 for the Army's military activities, exclusive of foreign relief and other civil functions to be financed in a later bill. For the current year military activities appropriations totaled \$7,263,542,400.

140 Seedsmen Attend Opening Of Annual Meet

President Stresses Need Of Concentrating On Quality

Approximately 140 representatives of seed companies throughout Florida and the southeast, are attending the 15th annual convention of the Florida Seedsmen's Association at the Mayfair Inn. Important policies of the association are to be decided by Friday when the convention ends.

Members of the Association and their wives were welcomed last evening at the banquet at the Mayfair Inn by Edward Higgins, manager of the Seminole County Chamber of Commerce. About 125 were present. Edgar A. Martin, Jacksonville responded. Frank L. Holland of the Florida Agricultural Research Institute of Winter Haven served as master of ceremonies. State Legion Commander Frank Caton, entertained with his "magic". George H. Cooper of Princeton, Fla. told some amusing stories.

Work of the Southern Seedsmen's Association was related to State Seed Associations was told this morning by Don M. Hastings of Atlanta, Ga., president of the Southern Seedsmen's Association.

Need of concentrating on quality, rather than quantity of seed and of improving the productivity and edible quality of vegetables.

Drainage Group To Discuss Ditch Cleaning Plans

A meeting of the Drainage Committee of the Seminole County Farm Bureau will be held Friday afternoon at 2:00 o'clock at the office of County Agent C. R. Dawson in order to determine which ditches need cleaning, according to M. L. Cullum, Bureau president.

The County Commission, he said, has advised the Bureau that they will co-operate in order to get ditches cleaned in the order of necessity which the Committee may determine after hearing growers and visiting sites.

Through the effort of Rep. M. B. Smith, he said the State Road Department has just about completed cleaning of the Geneva Ave. ditches east of Beck Hammock which had been causing flooding south of Geneva Avenue.

All growers with drainage problems are urged to attend the meeting, as otherwise the Committee will not originate any plans outside of their own personal knowledge, said Mr. Cullum.

While the County does not assume any responsibility for cleaning ditches solely on private property, he pointed out, in the past it has worked out so that such work can be done for a very reasonable cost. The grower will be assessed with the cost.

Group Hears From Steel Mystery Man

WASHINGTON, May 29 (AP)—Herbert M. Karp of Brooklyn, scoffing at characterizations of himself as the mystery man of a \$50,000,000 gray market steel transaction, told a Senate committee today.

1. That a letter flurging in the transaction (experts have said it was forged) was handed to him in a Pittsburgh hotel by a man he never saw before or since.

2. That he never told anyone a bonus of approximately \$100,000 on the deal was to be split among Karp and the executives of five big steel companies.

3. That he did not evade service of a subpoena the committee issued for him 10 days ago and made every possible effort to appear before the small business subcommittee before today.

Karp, a 33-year-old Brooklyn attorney, said he had never been a steel broker and the only work in the field he has done was as an attorney.

Action Of Welfare Group Is Defended

NEW YORK, May 29 (AP)—Welfare Commissioner Edward E. Rhatigan says that because of the housing shortage 37 New York families on relief were placed in hotel rooms "rather than have women and children sleep in the streets, parks or some tenement stairway."

Referring in a radio address last night to news stories about the welfare situation as "this campaign that two New York evening papers seem to think is worthy of the great traditions of Greeley and Politzer," Rhatigan said: "They have discovered that 37 families or 123 people out of 225,000 in relief have been placed in hotels. As a matter of fact, of the 37 a number were placed in hotels by Catholic charities, the Salvation Army, the Social Service Bureau of St. Bartholomew's Church and then turned over to the Department of Welfare."

The State Board of Social Welfare began an investigation of the City Welfare Department this week after disclosures of high grant hotel cases which in one instance totalled \$640 per month. The State pays 90 percent of direct relief costs.

British Zone Gets Majority Of Food

BERLIN, May 29, (AP)—More than three-fourths of the food, seeds and fertilizers imported into the combined Anglo-American occupation zones of Germany in the first four months of 1947 were distributed in the British zone, the American military government disclosed today.

The food crisis in the British zone, largely industrial, was described as the greatest. The American zone has a smaller population and larger agricultural resources.

Lottery Conviction

TALLAHASSEE, May 29 (AP)—The Supreme Court declined today to reconsider its reversal of the conviction and one-year jail sentence of a C. M. Thomas of Ocala for participating in connection with lottery operations while he was sheriff of Marion County.

Party Gives Bevin Vote Of Confidence

Earlier Attacks On Foreign Policy Of Secretary Are Defeated By Body

MARGATE, England, May 29 (AP)—Foreign Secretary Ernest Bevin received an overwhelming vote of confidence on his foreign policy from the Labor Party Conference today. Bevin applauded the American decision to extend economic and financial aid to Greece and also declared world peace depended upon solution of Asia's problems, proposing that the 11 nations which were at war with Japan should take part in drawing up the Japanese treaty.

By TOM WILLIAMS
MARGATE, England, May 29, (AP)—Opponents of a "too close" alliance between Britain and the United States launched a heavy attack on the policies of Foreign Secretary Ernest Bevin in the annual Labor Party conference today.

Bevin, listening intently, prepared to reply later in the day.

Konni Zilliacus, outspokenly pro-Russian laborite member of Parliament, led off by moving adoption of a resolution—the longest yet presented to the conference—which urged close co-operation between Britain and Russia.

"We believe that subservience to capitalist America will inevitably draw us into an anticipated slump and that the only way to avoid this is to co-operate with Socialist economies," the resolution said.

Although several other labor rebels against Bevin's foreign policy spoke in support of the motion, party leaders expressed confidence that Bevin would win approval for his course by a large majority after he makes his reply.

Bevin was cheered when he took his place on the platform at the start of the foreign affairs debate, a highlight of the conference. Zilliacus ran into heckling at one point when he commented, in an aside, "I am not an expert in foreign affairs."

There were loud, ironic cries of "Hear! Hear!"

Zilliacus said modification of the resolution was necessary.

Red Paper Hits Mark Clark For Russian Policy

By EDDY GILMORE
MOSCOW, May 29, (AP)—One of the sharpest references yet made here with respect to the United States' "firm policy" toward Russia appeared today in Pravda, which published a bitter attack on General Mark W. Clark, former American military governor in Austria.

David Zaslavsky, one of the Soviet Union's best known publicists, declared that Clark belonged "to that number of unwise politicians who declare that in relations with the Soviet Union one should maintain a 'firm policy.'"

The Pravda editorialist said that by this they really meant deliberately getting tough and being rude "because they do not want agreement."

"Their task is hamstrapping peace and provoking war," he said.

"The Triumph of General Clark Which Has Not Taken Place," he said. Clark had hoped to return to the United States like a "conquering Caesar" with an Americanized Austria behind him but instead arrived "with empty hands and a 'sour' and bitter and disappointed."

Clark reached the United States last week en route to his new Sixth Army command in San Francisco. To reporters and in a radio speech, he criticized Russian policy in Austria.

"He relied on laying at the feet of Wall Street an Americanized Austria," Zaslavsky wrote. "He was able to put at the feet of Wall Street only several Americanized Austrian politicians."

"It should be recognized," Zaslavsky continued, "that Clark did everything in Austria in order that Austria should look like a 'democracy' as Greece resembles one."

Zaslavsky said that "Clark added to the defense of the sovereignty of Austria by proposing that it be made into a colony of the United States." He accused United States occupation authorities in Austria of holding on to gold stocks and plants and other enterprise in their zone.

Baby's Life Saved By Quick Acting Sister

FESTUS, Mo., May 29, (AP)—Eleven-year-old Daisy Sue Flinn modestly accepted the role of a heroine today as the story unfolded how she saved her three-year-old brother, Larry, from drowning in an open cistern by holding his head above the water for two hours until help arrived.

Daisy Sue related that she was drawing a bucket of water when her brother fell into the cistern yesterday and reaching for help would drown in the six feet of water before she could get help, she said.

She held the boy's head out of the water with her left hand and wrapped a chain hanging in the well around her right hand and cried for help at first before she realized how to save my strength," she said. Two hours later Judy Moore, a six-year-old neighbor, heard sobs from the cistern, looked down and received Daisy Sue's instructions to go for help.

Hungarian Premier Attacked By Reds

BUDAPEST, May 29 (AP)—The Russians have charged Ferenc Nagy, premier of Hungary, and two other high officials with being implicated in a plot to overthrow Hungarian "democracy," a high Hungarian disclosed today.

Fear was expressed by sources friendly to the premier that the minority Communist Party might spring a coup d'etat while Russian occupation forces are still here, seizing outright power from Nagy and his moderate small laborers party.

Nagy's friends warned him not to return for the present from Switzerland, where he ostensibly is on vacation, and Nagy himself was represented as wondering whether he had not in fact already been deposed by the Russian move.

Red Proposal Approved By UN Committee

U.S. Amendment On Right Of Veto On Atomic Functions Rejected By Group

LAKE SUCCESS, N. Y., May 29, (AP)—The United Nations atomic energy commission's working committee today unanimously approved a Russian-sponsored resolution which some delegates said was designed to vest final powers over atomic control in the U. N. Security Council, where the veto applies.

The committee vote, 11 to 2, with Colombia absent, was taken after the delegates rejected a United States amendment which would have specified that the right of veto should not prevail over atomic functions.

Brazil, Britain, Canada, and Belgium supported the United States amendment; Russia and Poland voted no, and Australia, China, France and Syria abstained. A majority of seven votes of the committee was required for passage.

The committee decision represented a minor victory for Russia in that the committee stated its agreement with the arms limitation resolution, approved unanimously called for atomic control plans to be set up within the framework of the Security Council, but with the organs having

Thirty Students Finish Work At Vocation School

Eleven ex-service men will be among the 30 graduates who will receive diplomas from the Sanford High School for work done at the Sanford Vocational School, it was announced today by Mrs. W. L. Maxwell, principal, and Mrs. J. P. Hall, assistant instructor.

A number of the veterans will also be among those who will receive certificates from Superintendent Miller and Mrs. Dorothy McDaniel. Others who will receive diplomas are: James Aiken, Mrs. L. E. Armstrong, Mrs. H. R. Miles, Mrs. Vernon Carroll, Miss Ruth Davidson, Jay Franklin, Miss Sophia McDougall, Miss LaVerne Newcomb, Miss Jean Reiter, Mrs. C. W. Shoemaker, Mrs. W. E. Smith, E. E. Talbot, Miss Mildred McIntyre, Mrs. Viola Johnson and Mrs. Victor McClelland.

Those receiving certificates are: Earl Abel, Lee Armstrong, James M. Aiken, Douglas Bratchie, Randall Collins, Jay Franklin, Lonnie Gaine, Alvin Ramsey, Victor McDaniel, Harold Moore, George Roland, Albert Sumner, Rudolph Walters, Mrs. L. A. Armstrong, Murlet Dakin, Viola Johnson, Dorothy McDaniel, Sophia McDougall, Mildred McIntyre, Margaret Miller, LaVerne Newcomb, Jean Reiter, Mrs. Mary F. Smith, Mrs. C. L. Shoemaker, Ruth Davidson and Mrs. H. A. Billingsley.

Brumleys Make New Machine For Harvesting Corn

60,000 Ears Can Be Picked And Packed During One Day

A new belt type conveyor machine, which enables 13 field workers to pick and place in mesh bags 60,000 ears of corn a day, has been invented and put into successful operation in Collier Avenue sweet corn fields by John Brumley who invented it and his brother William who built it in their shops.

The hour after the corn is picked, it has been pre-cooled and packed in mesh bags, one ton per bag, in a refrigerator car at the Brumley shops. The mesh bags are packed in the field containing 12 dozen ears each. In about one

Scientists Report Use Of Atomic Energy As Aid To Agriculture

BERKELEY, Calif., May 29 (AP)—The use of atomic energy to increase farm production has become a reality, University of California scientists reported today they had used radioactive phosphorus to increase the yield of plants.

The radioactive phosphorus was used in a field near Santa Rosa as a fertilizer and in a laboratory to determine the amount of phosphorus which plants use.

Dr. Albert J. Ulrich, plant physiologist, Louis Jacobson, biochemist, and Dr. Roy Overstreet, expert, applied to a patch of sweet corn a quantity of fertilizer containing the radioactive phosphorus.

The phosphorus in the fertilizer, except that its movement could be traced with Geiger counters, phosphorus is one of the three main plant foods. The other two are nitrogen and potassium.

By taking cuttings from the plants at various times the experimenters said they were able to determine how much of the radioactive phosphorus was taken by the plants and to what parts of the plant it went. This gives plant scientists an accurate picture of the extent to which plants will pick up added fertilizer and what parts of the plant are benefited most. Agricultural chemists may profit by producing fertilizers more nearly in line with plant requirements.

Truman Family Fly Back To Washington

WASHINGTON, May 29, (AP)—President Truman returned to the capital today from a 12-day visit with his ailing mother, Mrs. Martha Truman, in Grandview, Mo.

The President's plane the "Sacred Cow" landed at the National Air port at 1:09 P. M. EST after a flight from Kansas City, before leaving there at 9:00 A. M. EST. Mr. Truman had received assurances that the condition of his 84-year-old mother is improved.

Secretary of the Treasury Snyder and top White House officials were on hand to welcome the President, Mrs. Truman and their daughter, Margaret.

Steve Hodgkin Lands 30-Pound Snapper

Steve Hodgkin, member of Puyallup Farmers' Seminars High School Chapter, landed a 30 pound snapper during the outing yesterday of the group in a fishing boat 30 miles out from Daytona Beach. Steve was the center of an admiring group when he brought his prize to town this morning in the back of his coupe.

The son of Mrs. Mayme Hodgkin, he was much photographed in Daytona with his prize.

Agricultural Instructor Alex R. Johnson reported that the 300 pounds of snapper, sea bass, mackerel and other fish has been processed and stored at the Central Florida Quick Freeze and Storage Company of which he is co-owner, and will be used by the boys for fish fries throughout the summer.

Agreement Reached On Tax, Labor Bills

Hoover's German Peace Plan Is Seen As Possible Solution

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst
Herbert Hoover's suggestion for an actual unilateral peace with Germany may be considered premature, but nevertheless it solves a general idea which many think will have to be adopted if the stalemate with Russia continues.

While there is hesitation to draw such a firm line through Europe, there is a growing realization that failure of agreement at the next foreign ministers meeting is likely to force recognition of a definite situation in Germany, with the western powers launching a definite program of reorganizing their zones into a self-supporting state without regard for the Russian area.

This would entail a reduction of German industrial power, and, thereby, its war potential. This is something that is not desired and would require strict policing on a permanent basis, but it would be the only means of paying for imports which now face the occupying powers with a staggering drain. Careful control guarantees would have to be given to Germany to go along, but without such stringencies, can frequently outweigh other fears.

Probably the most important point of the Hoover statements is that this dream, of trying to support a European economy which must remain unbalanced until Germany's case is settled, is a definite part of Russian policy, which others say is designed to cause a depression in the United States and thus help prepare the ground for revolution.

This leads us back, however, to the question where, from the Russian standpoint, is the point of diminishing return in all this. She is playing several games. If she

Today's Youth Challenged By Jaycee Speaker

The young people of the nation are convinced that this nation can march up to a destiny even more glorious than its in comparable present," William Rosier of Daytona Beach asserted at the noon luncheon of the Junior Chamber of Commerce at the Mayfair Inn today.

The youths of today must have stout hearts and knees and the devotion Jesus said he added. Their goal was positive.

War Department Aide Says Seaway Would Aid Defense

WASHINGTON, May 29 (AP)—Undersecretary of War Donald H. Russell said today a seaway would aid defense.

Seaway would aid defense, he said, by providing a route to Europe it would be "1,200 miles less ocean distance, thereby minimizing to some extent the risk and danger of submarine and other attack."

Increased use of water transportation and of water-borne steam plants would "relieve the threat of a rail bottleneck in event of a future war."

Russell said the Army does not agree with opponents of the seaway who said it would make an invasion of this country easier.

"Not only is an invasion from the sea unlikely with our superior naval power," he said, "but it is also true that if an invasion seemed imminent, the locks and other installations could be easily destroyed."

He said the necessity of defending the seaway, however, would require extra men and equipment.

Eisenhower Testifies At Andrew May Trial

WASHINGTON, May 29 (AP)—Gen. Dwight D. Eisenhower testified today at Andrew May's trial on wartime bribe charges that he knew "nothing at all about" reported efforts to sell expanded shell production in 1945.

May, former Kentucky congressman, has testified that because Eisenhower was "screaming" for more artillery shells in Europe he protested a cutback that year in a shell contract with the \$78,000,000 Garsson munitions combine.

Asked if he was acquainted with May's reputation, Eisenhower replied: "I never heard the subject mentioned."

Eisenhower, who appeared to testify under subpoena of defense attorneys, told the jury that he received 10 letters in Europe from May in 1945 asking his personal review of the court martial of Capt. Joseph Garsson, son of Murray Garsson.

He was shown one of the two letters May had written. He said it was handled at his European headquarters in a routine way "exactly like any other letter."

Roman Building In England Uncovered

CANTERBURY, Eng., May 29, (AP)—A large Roman building complex with fourth century Turkish baths, has been uncovered in excavations in Canterbury's blighted area.

The building was erected about the end of the second century and extensively altered in the fourth century, archaeologists said.

Winn Spelling Bee

WASHINGTON, May 29 (AP)—Marjorie Lou Mollars, twelve Georgia's spelling champion, today won the 20th National Spelling Bee.

The 14-year-old Thomaston, Ga. girl correctly spelled "maggoty" after the runner-up, Sonya Rodolfo, Chicago, a native of the Philippines, missed the word by ending it with the letters "ey."

FOUND GUILTY

MANILA, May 29, (AP)—A Manila barber, Julio C. Guillen, who attempted to assassinate President Roxas with a hand grenade May 11 was sentenced today to die in the electric chair for the death of one bystander and injury of five others in the explosion.

WELLER (From Wings)

How often in educated youth I read of all thy splendid and immortal deeds... And dreaming all the young years, bopied at last...

JOHN IRVINE

Just about the time we think prices have reached their peak, a new wave of strikes sweeps the country and a new wave of price advances naturally follows.

To hear some of these experts talk you'd think an immediate solution to our newspaper problem can be found in southern forests.

Those who think they can write but can't spare the time should get in touch with John D. Rockefeller who has just established a \$50,000 fund for the purpose of assisting those who feel "qualified and anxious to write sound, readable and purposeful books in the fields of biography, fiction, history, sociology, poetry, or technical or scientific studies."

SANFORD FORUM

Editor The Herald, Sanford, Fla. Dear Sir:

While attending a meeting called by Department Commander Frank Cotton of the American Legion, we were in Sanford May 24th and 25th.

Mr. Ganger and I went to a base ball game the night of May 24th between Sanford and Daytona. A dog walked out near the field and during the game a little fence a few feet away and threw that dog with force at the fence and it fell to the ground, he again picked the body of the little dog up and hurled it over the board fence, which must have been eight or nine feet high.

In all my fifty years I have never seen such cold blooded brutality. That individual is not fit to wear the uniform of a policeman. How can that person meet a big situation when only a little thought was needed to carry that little dog forty or fifty feet to the exit.

Whatever action you take is up to you. I do know I talked to twenty or twenty-five little boys, that run after the baseballs, and they were horrified that a policeman would do such a dastardly thing.

Sincerely, Louise B. Ganger Miami

At 32 degrees to 40 degrees F. dried fruits hold their original color, flavor and vitamin C content for long periods and also are safe from insect damage.

Frozen peas may be cooked in the usual way in less time than it takes to bring pressure up in a pressure cooker. However, lima beans take only 15 and half to two and a half minutes under pressure but 13 to 15 minutes without it.

Fire Traps

There are more ways of making a fire trap than one and perhaps the most common is clothes which ignite easily and burn at a furious speed.

In a New York hospital recently, a woman who was convalescing from an operation was the victim of her highly inflammable dressing gown. When she started to light a cigarette, the head of the match flew off and ignited the gown which was made of chenille. She burned to death before a hospital aide could rescue her.

Other types of similar tragedies are presented in the current issue of "This Week" by Clarence Woodbury who says that during the past two years more than 20 boys have died or been seriously burned from wearing fuzzy inflammable cowboy chaps.

Meanwhile, the National Board of Fire Underwriters suggests a few simple precautions by which everyone can protect himself and his family:

- 1. Check over your wardrobe and note any garments that are fire hazards. 2. Don't wear highly inflammable garments near flames. 3. If you have a glazed arnon, raincoat or shower curtain, be sure it is flame-retardant before letting it come into close contact with flame, sparks or intense heat. 4. Protect your garments and those of your children from fire by dipping or spraying each garment before it is ironed in a solution made of three quarts of water, seven ounces of borax and three ounces of boric acid. 5. If one of your garments catches fire, don't run into the open. Tear off the garment or smother the flames with a woolen blanket, rug or coat. Clutch the blanket tightly around your neck to keep out the gases from reaching your face. 6. You can make the fifth direction unnecessary by closely following the other four. The best way to smother a fire is to stop it before it starts.

Influential Books

What are the 100 most influential American books, at least before 1900? The Grolier Club, a New York society of book collectors has been brave enough to list them, and has had the even greater courage to include fiction. "Ragged Dick" by Horatio Alger is here, to the delight of the millions who were brought up on Alger's stories of ordinary boys who rose to achievement through their pluck and talents. So too is Louisa May Alcott's "Little Women," which still delights girls and grown-ups.

The list starts with the Bay Psalm Book of 1640, the first book printed in English North America, a copy of which was lately sold for a price running into six figures. Noah Webster's Dictionary is here, and the original proclamation of the Monroe Doctrine. So too are the "Book of Mormon," the "Emancipation Proclamation," Edward Bellamy's "Looking Backward" and "Mrs. Lincoln's Boston Cook Book." Certainly all these books left their mark on American life.

Anyone criticizing such a list should be challenged to make a better. Yet, even though the committee decided that it was not an American book, no one could name a title of greater influence on Americans than the Bible.

Universities For A Few

University training should be only for those who can profit by it, says Chancellor Robert M. Hutchins of the University of Chicago. Speaking at the inauguration of Dr. George D. Spalding, a president of the University of Illinois, Hutchins proposed a nation-wide system of junior colleges, which should graduate their students at from 18 to 20. These should award degrees, which he seemed to think would satisfy most of the students and their parents; all that some of them go to college for is the prestige of a degree, it does not much matter what.

This view sounds familiar, even a little antiquated. But the "good-old-Siwash" type of college, turning out unformed alumni, is less common now than formerly. And all evidence indicates the seriousness with which the ex-ter are living up to their college opportunities. Perhaps there are not so many weeds in our college gardens as Dr. Hutchins seems to think.

Reds Served Notice

By Chiang Kai-Shek

NANKING, May 29. (AP)—Generalissimo Chiang Kai-Shek served notice today that his government would continue to fight back as long as warring Chinese Communists ignored peace negotiations.

Even as he spoke before the people's Political Council, Red troops opened a new drive against government forces in Manchuria. Nationalist press reports said 10,000 well-equipped Communists had pushed to the vicinity of Pulantien, 45 miles northeast of Pusan-occupied Dairen.

Chiang told the council last night that the government was willing to negotiate with the Communists but that until they responded, the Nationalists would "not relax their efforts to defend the nation."

Bevin Policy Approved

(Continued from page 1)

Britain's foreign policy so as to smooth relations with Russia would make it possible to reduce the size of Britain's armed forces.

"It is going to be very difficult," he declared, "to convince the housewives and workers of this country that it is really necessary to put up with more austerity and hardship for the sake of maintaining forces abroad."

Wing Commander E. R. Ellington, another member of Parliament, said the conference "should give power to the elbow of the Foreign Secretary so that in developing Europe we can inflame ourselves from the strangle hold of the Almighty Dollar."

Richard H. S. Crossman, Labor member of Parliament, called upon the United States to supply dollars for "the reconstruction of Europe and not in building up capitalism."

"The dollar sign," he said, "should be abolished in Anglo-American relations. The can be done only on the basis of lend-lease."

Crossman, speaking on behalf of a resolution urging abolition of a United States control and establishment of the fiscal year 1948 provides no more than the minimum resources for carrying out these tasks assigned to it. If a further large-scale cut were to be made we should be under no illusions as to what the effect of such a cut would be. The chief victim would be the Army Air Forces. Our position in occupied areas would be jeopardized, with gravely serious potentialities.

"Disarmament by parity is the most expensive policy this nation before you will provide this nation with the barest rudiments of security."

Patterson said he would consider a cut of half a billion dollars or "several hundred million dollars" as "a major cut."

Army Budget Cut

(Continued from page one)

Secretary Patterson had told the committee, "The estimate submitted to you by the War Department for the fiscal year 1948 provides no more than the minimum resources for carrying out these tasks assigned to it. If a further large-scale cut were to be made we should be under no illusions as to what the effect of such a cut would be. The chief victim would be the Army Air Forces. Our position in occupied areas would be jeopardized, with gravely serious potentialities."

"Disarmament by parity is the most expensive policy this nation before you will provide this nation with the barest rudiments of security."

Patterson said he would consider a cut of half a billion dollars or "several hundred million dollars" as "a major cut."

TOO LATE TO CLASSIFY

Frankly, this isn't the column I had planned for this week. I arrived at the office in a cheerful mood ready to coax a nice constructive thought from my slink tank and weave it into a readable column, and then something happened that made me blow my top.

Before I have a chance to get through reading my morning's mail the telephone jingles and some guy who says his name is Stevens calls me by name and wants to know how I'm getting along.

All the time I'm scratching my head and trying to figure out "Who in the heck is Stevens?" He knows me all right from his conversation. I was convinced that it was someone I'd known real well.

After taking up about five minutes talking about what a swell day it was and how am I doing, he gives me what I assume is intended to be a hint of his identity. He remarks that "Joe told him to call me. Joe thinks you are about the swiftest guy in town." He continues about good old Joe, and of course I'm supposed to know who Joe is. But since I fall for the smooth line handed out by G. I. Joe, I am still in the dark.

Now I am worse off than ever. I've been talking to a guy that must certainly be an old friend and he brings in another character by the name of Joe that I am supposed to know and still I can't even guess.

I hem and haw and stutter and stammer, but he doesn't give me a chance to even get in a word. He continues to chatter away like a magpie and break out by a sweat. Finally he thinks he's got me sufficiently softened up so he lets me have it. He is the guy who is putting on the Minstrel Show for the Independent Order of Bald Eagles. There is a great organization for rent. They do more good than any other group. They care for crippled children, help the blind, put flowers on unknown graves and extend a helping hand to fallen women.

Joe is general chairman of the committee; Joe told him to call me and I'd be glad to help out by purchasing a flock of tickets at two dollars a throw. Of course I understand that every penny brought in from the sale of tickets will go to the fund the Bald Eagles are raising for the aid of those suffering with fallen arches.

Maybe I don't realize what a

serious menace fallen arches really are. Do I know that during the last war out of twenty million young men examined by the armed services, nine thousand eight hundred and sixty-three were found to be unfit for military service because of fallen arches? Do I know how many cases there are right in my own community? Suppose I were to develop a case of fallen arches, where would I turn? What would I do?

It was the old telephone ticket gag. The boys are at it again. I promptly and more or less roughly informed my friend Mr. Stevens that I wasn't interested that I never bought tickets or made contributions over the telephone. He was still whining about crippled children and the afflicted when I hung up the phone and cut him off.

Smart racketeers and glib-tongued promoters travel about the country milking an unsuspecting public of millions of dollars annually with this telephone solicitation racket. It's an old gag and you would think reputable organizations would steer clear of it, but unfortunately groups like Kiwanis, Rotary, Jaycees and others fall for the smooth line handed out by these promoters and agree to sponsor shows or events with an understanding that they get all the credit for doing a noble work and are in no way obligated. All they do is accept the money collected less actual costs and expenses, etc., and they never stop to think of what an injustice it is to the general public.

Usually the racketeer gets the lion's share of any money collected. They fulfill their part of the contract of course, stage a dance or put on a show which usually doesn't amount to much and draws little attendance.

If business men would get smart and quit falling for this racket everybody would be a lot better off. It isn't necessary—oh, a lot of tickets to some show or make contributions to some trick fund to retain the respect and regard of fellow citizens. It is all right to make contributions to reputable efforts like the Fight Against Cancer, the Red Cross, The Association for Crippled Children and Adults, and the like, but don't be a sucker for the telephone solicitor. Be smart, and regardless of what organization is sponsoring the program, if the solicitor is a stranger to you, tell him "thanks, but no dice," and you'll be doing yourself and a lot of other folks a real favor.

Greenville Aftermath

Christian Science Monitor

Anti-American propaganda will leap eagerly on the recent acquittal of the 28 men accused of lynching Willie Earle. It will use it to document its thesis that there are two kinds of American justice: one for white men and one for Negroes. Among millions the world over this will be one more blow at American democratic claims.

Those closer to the trial will see something else. Despite inevitable disappointment that a defense resting on nothing but appeal to prejudice should have won the day, they will recognize the solid gains represented by the trial. For the first time a lynching has been stripped in court of its dark anonymity. The law has moved clearly, decisively and impartially to bring the offenders to light and to trial. A precedent has been set.

Even if it is true that the jury's decision—as distinct from the court's intent—must be taken as a setback for justice, the fact

U.S.-Britain Agree On

All-German Council

BERLIN, May 29. (AP)—United States and British occupation authorities agreed today upon the establishment of an all-American economic council, first step toward a united German self government to speed reconstruction of their economically merged zones.

This agreement, subject of weeks of discussion, was announced by the American military governor, Gen. Lucius D. Clay, and the British deputy military governor, Lt. Gen. Sir Brian Robertson.

Strike Of Chinese Students Breaks Up

SHANGHAI, May 29. (AP)—Most of Shanghai's university students agreed to go back to their classes today, following the arrest of 64 of their classmates and an ultimatum from Mayor K. C. Wu.

Wu apparently cracked the student strike front when he declared that all students arrested, these now total 160, would be held unless other demonstrating youths resumed their schoolwork. The Shanghai Student Federation also appealed for a resumption of classes.

Hoover's Peace Plan

(Continued from Page One)

can't force us to continue paying out for support of Europe because of a partitioned Germany, they would like, by collecting damaging reparations from a unified Germany, to accomplish a similar result by different methods. At the same time she seeks a centralized government for Germany which would at least give her a chance of taking it over by her usual methods, still arriving at the goal of separating Germany's economy from the west.

But Russia's overall goal is to attain an industrial and a military position in the next 10 or 15 years which will permit her to throw renewed strength behind her old dream of world revolution. Having dislodged western democracy in its own economic juices, for which Moscow now hopes, this could lead to war.

In that event, Russia's position would be seriously weakened if, over the years, the great industrial area of Germany had been turned into a potential arsenal under control of the western powers.

Will, then, Russian intransigence proceed to the point of setting these forces in motion?

The hope of the west is that it will not, once the determination on this side is made perfectly clear. Some observers see the Hoover statement as a sort of trial balloon to test Anglo-American sentiment. But others considered it as moving a notch to Moscow that something must be done if agreement is not reached by the foreign ministers in November.

Sales Tax

(Continued from Page One)

tive for 18 months. The Pinellas-Volusia amendment failed by a six vote 19-19.

Senator Baynard of St. Petersburg attacked the bill declaring "You're saying forever there shall be no other tracks in Florida and saying to the present track owners you can operate forever. It's discriminatory in every respect."

Supporters of the measure said it was designed to protect race track revenues coming into the state.

The House passed 62 to 6 a bill appropriating \$275,000 for forest fire control. The sum would be in addition to other appropriations made for the State Forest Service. The measure now goes to the Senate.

The Senate voted to re-submit the bill which would create a State Athletic Commission to the committee on miscellaneous legislation for a re-hearing. The move was taken on a motion by Senator Fraser of St. Augustine who said he heard that the American Legion was opposed to the measure and

said he wanted to give the Legion an opportunity to present its case to the committee.

The Senate also completed legislative action on the House-approved bill to allow the State Improvement Commission to help finance construction of armories through issuance of revenue certificates against anticipated army revenues.

Senator Fraser of St. Augustine said passage of the bill would help out with construction of armories at Pensacola, Ft. Lauderdale, Gainesville, Marianna, St. Augustine, Palatka, Leesburg, Ft. Myers and army addition at Miami.

Gourmets of ancient Rome frequently ate an apple as the last course at dinner.

Social Calendar

MONDAY
 Board of the Presbyterian Women's Auxiliary will meet at the church at 3:30 P. M.
 Circles of the Women's Society of Christian Services will meet at 3:00 P. M. as follows: No. 1, Mrs. Roy Tills, 310 Elm Avenue; No. 2, Mrs. E. G. Kilpatrick, 228 West Eighteenth Street; No. 3, Mrs. A. C. Starks, 409 Mellenville Avenue; No. 4, Mrs. J. C. Davis, 510 Magnolia Avenue; No. 5, Mrs. J. H. Gowan, Lake Mary, covered dish luncheon at 1:00 P. M.; No. 6, Mrs. W. B. Jarrell, 210 West Fifteenth Street; No. 7, Mrs. Roy Williams, 449 Elliott Avenue; No. 8, Mrs. Ernest Southard, 508 West Twelfth Street at 3:30 P. M.

TUESDAY
 Circle No. 10 of the Women's Society of Christian Services will meet at 8:00 P. M. at the home of Mrs. J. N. Azzarello, 2516 Sanford Avenue.

The Daughters of Wesley Class of the First Methodist Church will hold their monthly business and social meeting at 8:00 P. M. in the church annex. Mrs. C. M. Flowers' group will be hostesses for the evening.

GENEVA NEWS

Rev. H. J. Daniels of Coral Gables spent several days visiting his mother, Mrs. W. J. Daniels recently.

F. M. Mulkey, father of Mrs. Ruby Ball formerly of Geneva, went deep sea fishing near Palm Beach and landed a six foot salmon, fish which took about 40 minutes to be landed.

Mrs. A. Hinajosa and W. B. Howell, sister and brother of Mrs. Leona McLain, have returned from a short visit with their parents, Mr. and Mrs. C. C. Howell in Columbia, S. C.

Mr. and Mrs. J. T. McLain, Jr. spent Sunday at Rock Springs.

Mr. and Mrs. Joe E. Mathieux and family spent Sunday in New Smyrna.

Mr. and Mrs. W. L. Sieg have returned after spending a few nights on their new boat in Ft. Myers.

The Baptist Missionary Society met at the home of Mrs. H. C. Juggins on Thursday.

Freshments of cake and ice cream were served at the following: Mrs. Bertha Lindsey, Mrs. Phillip Bauer, Mrs. Pearl Peters, Mrs. Joe Mathieux, Mrs. O. C. Brockman, Mrs. Calvin Oldham, Mrs. Oris Mathieux, Mrs. Harry Geiger, Mrs. W. L. Sieg, Mrs. T. N. Priddy, Mrs. David Speer and Mrs. Batta.

John Neal Calpepper was a week end guest of his brother-in-law and sister, Mr. and Mrs. E. M. Ward on Lake Buck.

Mrs. J. A. Logan and Mrs. M. E. Dooley attended the County Home Demonstration meeting at the Woman's Club in Sanford on Thursday.

Friends of Evelyn Daniels will regret to learn she underwent an operation at the Fernald Loughton Memorial Hospital in Sanford on Monday.

Mr. and Mrs. Joe E. Mathieux and Mrs. A. E. Moran were dinner guests of Mr. and Mrs. Edson Golt at the "Duck Inn" in Orlando on Sunday.

Edson Golt left Monday in his plane to fly to his home in Illinois for a visit with his folks.

Mrs. Sara LeFils has as her guests on Sunday, Mr. and Mrs. W. A. Teague and Mr. and Mrs. Frank LeFils from Oak Hill.

Mr. and Mrs. Vincent LeFils are the proud parents of a baby girl born on Saturday at the Fernald Loughton Memorial Hospital in Sanford. The baby's name is Bethel Ann.

Picking Machine

(Continued from Page One)
 days they reach the New York market, along with hampers of locally grown peppers.

The tractor-driven picking machine is mounted on a small flat topped trailer and from a distance they appear to be passing motorized as a strange flying machine forced down in the corn patch. This is due to the 12 foot wing-like extensions upon which are mounted endless canvas belts which convey corn above the heads of the eight pickers, four to each side, to the three packers who remove the ears of corn from the belts and deftly pack them in the mesh bags. A helper follows the machine and another man the tractor.

The belts are powered by a small gasoline motor which during the winter season is used for celery planting, according to Mr. Brinlan. Sixteen rows of corn are covered down the length of the field, and at the end of the row, the bags of corn are placed in trucks and taken without delay to the pre-cooling plant. Within the pre-cooling chamber, the corn remains about one-half hour and gets a bath in cold water the same as celery and other vegetables.

Negro workers tend the ice breaking machine and pass cans of cracked ice into the freight car to pack around the corn which is conveyed to a belt the same as celery or oranges. Sacks in each car number 860.

Tax And Labor Bills

(Continued from Page One)
 over the veto.

On taxes, the major decision the Senate-House committee had to reach was the date when tax cuts would be effected. It agreed to July 1, the date the Senate voted for. The House, which passed its bill last March, voted for a cut effective as of last Jan. 1.

The cuts promised range from 10.5 to 30 percent in individual income taxes. Most taxpayers would get a 20 percent cut. The Senate passed its bill late yesterday 52 to 34—not enough margin to override a veto. In the House, the vote was more than a two-thirds majority.

On the Labor bill, the past point to be settled was whether food processors should be excluded from the kinds of workers guaranteed the right to organize unions and bargain collectively. The House voted to exclude them. The Senate decided to drop the whole matter. That means leaving unchanged the present National Labor Relations Law's provisions. That law does not cover farm workers and the National Labor Relations Board decides when a food processor is a farm worker within the meaning of the law.

Red Proposal To UN

(Continued from Page One)
 authority to make their own decision on day-to-day operations.

The decision left delegates still divided whether the resolution as it now stands actually puts all the power within range of the veto, as the western countries feared.

Soviet Delegate Andrei A.

Nancy Williams Is Honored With Supper

Mr. and Mrs. Robert Williams entertained on Tuesday evening in honor of their daughter, Miss Nancy Williams, who is a member of the graduating class of Seminole High School, with a supper and theater party. The guests gathered at 6:00 o'clock at the Williams home on Valencia Drive.

The living room was decorated with arrangements of white geraniums and red Dientra with greenery which carried out the class colors of red and white. White candles lighted the party rooms and centered the individual tables where supper was served. Each guest's place was a gardenia corsage tied with red ribbons.

Supper was served by Mrs. Williams assisted by Mrs. H. N. Sawyer, Mrs. A. E. Dobbins, Mrs. Eugene Estridge, Mrs. E. C. Williams and Miss Barbara Rucker. The menu consisted of fried chicken, potato salad, creamed peas, hot rolls, olives, pickles, celery, deviled eggs, iced tea, ice cream and cake.

Those invited to be with Miss Williams were the Misses Jean Sawyer, Lillian Boyle, Dolores Lee, Caroline Lee, Myra Southward, Kitty Odham, Gloria Dampier, Joyce Goodspeed, Louise Clark, Mikey Browning, Helen Slaughter, Helen Hayman and Saidee Williams.

Baptists Will Hold Summer Bible Class

The First Baptist Church today announced a Vacation Bible School to begin on June 16 at 9:30 A. M. This school is for all boys and girls between the ages of 4 and 13.

There will be three departments for those 6, 7, and 8; Junior for those 9, 10, 11, and 12 years of age.

The superintendents of the departments will be Beginner—Mrs. Fred Godwin; Primary—Mrs. C. A. Anderson, Jr.; and Junior—Mrs. A. J. Peterson. There will be Bible stories, character stories, memory work, hand work, music, and recreation. The session will last two weeks and will open each morning at 9:30 o'clock and close at 11:30 A. M.

All boys and girls are cordially invited to attend. The church will have workers and facilities to take care of around 200. Last year there was almost a capacity enrollment and it is suggested that every boy and girl make an effort to be present on the first day.

Jack Moye Honored With Stag Supper

Mr. and Mrs. J. M. Moye entertained for Jack Moye, a member of the graduating class of Seminole High School, with a stag supper on Tuesday night at their home on West Sixteenth Street. The group gathered at the Moye home at 7:30 o'clock.

The rooms were decorated with arrangements of white Easter lilies. The dining table was covered with a lace cloth and a miniature garden arrangement centered the table. A delicious dinner was served by the hostess assisted by Mrs. E. I. Hoy and Mrs. M. E. Moye. Placecards were napkins rolled in the shape of tiny diplomas tied with streamers of the class colors of red and white.

Following the dinner card games were enjoyed by the following: honor guest, Mr. Moye; Larry Fortner, Bill Ludwig, Spencer Harden, Harold Kastner, Clarence Grantham, Howard Wheelchel, Jan Jenkinson, Earl Lee, Carl Williams, Paul Perold, John Brunley, Nollie Trapp, Clyde Hutt, Huston Babcock and George Chapman.

Miss Goodspeed And Miss Dampier Honored

Miss Gloria Dampier and Miss Joyce Goodspeed were honored on Wednesday morning with a breakfast given by their mothers, Mrs. F. L. Dampier and Mrs. H. W. Goodspeed, at the home of the latter at 906 Myrtle Avenue. A color scheme of yellow and white was used in decorating throughout the Goodspeed home.

Breakfast was served at a long table in the dining room. The table was covered with a yellow linen cloth and centered with an arrangement of yellow daisies.

Those invited to be with Miss Goodspeed and Miss Dampier were the Misses Jean Sawyer, Nancy Williams, Dolores Lee, Caroline Lee, Evelyn Ratliff, Myra Southward, Kitty Odham, Lillian Boyle, Louise Clark, Saidee Williams and Helen Slaughter.

Jaycee Meeting

(Continued from Page One)
 Challenging obstacles lie ahead for the youths who at in the counsels of the people. They face difficult adjustments of group with group and interest with interest to be made for national harmony," Rosier stated.

"America, your youth challenges you and counsels you to a new devotion to your age-old convictions, your age-old ideals and dreams," he said.

Mrs. Edward Kircher invited all Jaycees to be taken advantage of the mobile x-ray facilities which will be in Sanford from June 3 to 12. "It is the responsibility of every good citizen 15 years of age or over to take advantage of this opportunity," Mrs. Kircher stated.

President Jack Rathigan urged all Jaycees to meet at the Seminole County Health Unit next Tuesday morning at 9:30 o'clock to have x-rays made.

The annual election of officers for the Junior Chamber of Commerce will be held Monday night at the Community Center. It was announced.

Charlie Tidwell, popular local pianist, appeared on the program and rendered several musical selections.

Guy Allen, Frank Moore and Harry Robson were appointed to arrange a program for next week's meeting.

TEEN TALK

Dear Judy,
 AP News Service

Summer jobs are scarce this year, kids report. But lots of them have managed to get their applications in early, and, as in everything else, the early bird wins.

The first thing to figure out is whether (1) you are interested in the money; (2) whether you want your job to be part-vacation, and (3) whether you can afford to take a job which will pay a little cash but not much in experience.

If you haven't made up your mind, you might get some ideas from the Book of Knowledge Annual. During the summer of 1946 about 4,000 kids were asked to tell what kind of jobs they wanted when they finished school, and why. Out of that number, four letters were included in the Annual.

You might be suited for a job you'd never thought of before. For instance, one girl, Claire Mitchell of Toronto, Canada, wrote that she was interested in ordinary medicine as a career.

Why? Claire says: "All my life I have wanted to help in some way my fellow man. . . . Because of this desire I have chosen for my life work the profession of a veterinary surgeon. I have always loved animals; I have owned a dog and a cat of my own and know something of their habits. . . . I am not interested in the money. . . . but in curing sick animals."

Betty Glover of Southgate, Calif., decided she wanted to be a surgeon, and says: "As I grew older I began to read all I could about medicine. Now I know what I want for a career."

There's Betty's cure for seeking a job. If you know what you want to be and understand your ambitions, read about the subject frequently and it follows, naturally, that you will try to get a summer job along the same lines.

For those mainly interested in the money, keep in mind that there are jobs open at all the resorts. Good swimmers should take advantage of jobs open at pools and beach resorts. There are any number of interesting jobs to be found at summer camps. In every locality there are jobs.

ed one baronet.

The Royal Family had their tea from the gold service in the royal tent with Prime Minister and Mrs. Attlee, Foreign Secretary Bevin and other government leaders and their guests. Next door, in a larger tent, were ambassadors and their families.

The rest of the guests had their refreshments from the silver service in a long-covered pavilion.

Personal

Larry Fortner of Balboa, Canal Zone is the guest of Jack Moye at his home on Fifth Street.

Mrs. John Meisch, Sr. plans to leave on Monday for Chicago, Ill. to spend several months.

Mrs. Lela Laney has returned to her home in Birmingham, Ala. after spending four weeks in Sanford with Dr. and Mrs. J. O. Laney.

John Krider, Jr. who is a student at Fort Gordon Military College in Barnstable, Ga. has arrived to spend the summer months with his family.

Mrs. F. S. Verney is spending a short time with her daughter Mrs. Frank Chase at Islesworth while Mr. Chase attends his class reunion at Exeter Academy in New Hampshire.

Mr. and Mrs. A. J. Peterson have had, as their guests for the past week, Maynard Thorne, Jr. and James Thorne of Farmville, N. C. Mrs. Peterson, Maynard Thorne and James Thorne spent the past few days in Vero Beach with Mr. and Mrs. J. J. Perrett.

Royal Couple Have Tea For 5,000 Guests

LONDON, May 29. — King George and Queen Elizabeth had some folks, in fact some 5,000 folks, over for a cup of tea and a piece of cake in the backyard at Buckingham Palace today. The food was delicious.

There was creamy frosting on the cake and little sandwiches with watercress squiggling out the edges. To top it off there was ice cream and if you didn't like tea there was orange or lemon drink.

The sun shone brightly and two bands played. The women were wearing picture-hats and the men their gray topers. All in all, it was by far the brightest social event England has known since before the war.

It was what they call a presentation party. Girls who have just "come out" were "presented" at court. The affair used to be vastly more formal, held indoors and at night, in the pre-war days. But old hands said the girls' knees shook as much as before.

King George wore an admiral's uniform as he made his way through the crowds and made little jokes for the girls. The queen was in pale blue with matching parasol. Princess Elizabeth wore pink and white, and Princess Margaret white net.

Practically everybody in DeBrett's Peerage was there. Long dresses and hats with ostrich feathers abounded, but one elderly guest wore a frock that barely reached the garter line. The men were permitted to wear lounge suits, but 19 out of 20 turned out in frock coat, striped pants and the works.

"There is a decided smell of mothballs around here," commented Gromyko said after today's vote that "each member can discuss the veto in his heart's content" when the veto issue specifically comes up in the committee.

Mrs. Wayne Rucker Honors Graduates

Miss Jean Sawyer and Miss Nancy Williams, who will receive their diplomas with the 1947 Seminole High School graduating class, were honored on Wednesday with a Coca Cola party given by Mrs. H. Wayne Rucker at her home in the San Lanta-subdivision. Invitations were in the red and white color scheme which carries out the class colors and the Rucker home was lovely with arrangements of red and white flowers.

Games and singing were enjoyed by the guests throughout the afternoon with a prize for an original spelling contest being won by Jean Hoteler Brooklyn. Mrs. Rucker presented the honorees with gifts of costume jewelry.

Late in the afternoon refreshments were served from the dining room by Mrs. Rucker assisted by Miss Barbara Rucker, Mrs. H. N. Sawyer and Mrs. Robert Williams. The table was laid with a lace cloth and centered with a large bowl containing ice and cocoa surrounded by red flowers. Served with the cool drink were open faced sandwiches, salted nuts, cookies and cakes.

Those invited to be with Miss Williams and Miss Sawyer were the Misses Louise Clark, Dolores Lee, Caroline Lee, Lillian Boyle, Myra Southward, Kitty Odham, Joyce Goodspeed, Gloria Dampier, Helen Hayman, Mikey Browning and Charlotte Steyn.

Also Janice Cook, Mary Touchton, Evelyn Ratliff, Audrey Toll, Georgia Hutchins, Bobbie Lee Morton, Helen Slaughter, Etta Jane Gleason, Harriet Matthews, Betty Shannon, Saidee Williams, Rebecca Stevens and Mrs. Brooklyn.

Photo by Nichols Studio

Mr. and Mrs. Thomas Ratliff, Sr. announced today the engagement and approaching marriage of their daughter, Mildred Gladys, to William Brewster, Jr., son of Mr. and Mrs. William Brewster of Charleston, W. Va. The wedding will be an event of May 31 at 3:00 o'clock at the First Presbyterian Church.

to be had in libraries, recreation centers, beach clubs and golf clubs. Attractive to the kids who love to ride and can get their parents' permission are the dude ranches.

One group of kids organized a club called "The Robertsovers" and plan a sophisticated approach to baby sitting. Instead of sitting home with the 3-5-6 and 7-year-old youngsters, they plan to take a snuff, fry under their wing and entertain them by the day at beach resorts or on a boat trip or on picnics. The parents will pay for the day's sitting plus a set fee. In the case of young boys, they can station on fishing expeditions and teach them how to bait hooks, what kind of bait should be used and where and how certain kinds of fish can be spotted.

There will be hikes on which bird life will be studied; trips to

Hints To Housewives

Weekly from Home Demonstration Specialist, Tallahassee

HINTS TO HOUSEWIVES SPILLED INK

It's an old household custom to pour on milk when ink is spilled. But textile chemists of the U. S. Department of Agriculture advise other methods which are easier, faster and more successful. Milk may remove ink stains but it usually takes long soaking, and sometimes it leaves a spot more difficult to remove than ink.

Writing inks differ so much in composition that no one remover suits all. Moreover, what removes one kind of ink may set another. The washable, non-permanent inks, often used in schools,

The kids figure that if a group goes together the youngsters will be supervised better and the Robertsovers won't get lonesome.

Bye, Cookie,
 Vivian

As soon as ink is spilled, spread cornmeal or talcum powder on the stain to absorb as much as possible and keep it from spreading. As the powder shows color, shake it off and shake on fresh until no more ink is taken up. Then pour either glycerine or one of the soaps shampoos on the fresh stain. Rub slightly between the hands, rinse and apply more as long as any ink comes from the stain. Finally, rinse with clear water.

A generous serving of fresh strawberries will, on the average, supply the recommended daily quota of vitamin C, according to plant scientists of the U. S. Department of Agriculture.

1946 Is Biggest Year For Home Financing

By ALEXANDER E. GEORGE
Washington—The nation's debt on homes has reached an all-time high. A record increase in the amount of residential loans is accompanied by a big advance in the average size of home mortgages.

The Federal Home Loan Bank Administration estimates that the home mortgage debt is now well over \$23,000,000,000, compared with a 1930 high of \$21,259,000,000 following the building boom. At the close of 1945 it was \$19,291,000,000. These figures do not include farm home mortgages.

The active market for real estate at inflated prices, the construction of new homes and guaranteed G.I. loans resulted in making 1946 the biggest year in the history of home financing. Home mortgages placed during the year totaled about \$8,000,000,000, almost 40 percent more than the previous year in 1945.

The average size of new mortgages (\$20,000 and under) recorded on non-farm homes increased from \$2,722 in 1939 to \$4,536 in 1946, a rise of 65 percent. The biggest yearly advance was from 1945 to 1946 when home prices in many sections were at record high marks.

Alarm Expressed
Government officials, state bank commissioners and others have expressed concern that many home buyers may be unable to carry their debts on houses bought at inflated prices. They say that, owing to the housing shortage, thousands of veterans and others have purchased homes which they probably cannot afford.

John H. Fahy, commissioner of the Federal Home Loan Bank Administration, has warned of the danger of a repetition of conditions which caused the mortgage panic of the thirties, with its attendant obliteration of thousands of lending institutions and the loss

Housing authorities, however, point out there are some favorable factors in the home mortgage situation now which did not exist back in the "boom" twenties.

Long Term Loans
One outstanding improvement is of the call type, payable on demand of the lender.

Housing officials estimate that the average amortized loan now runs for about 20 years, compared with an average of 12 years in 1930. Also, interest rates are lower than in the pre-depression period.

Another favorable factor in home buying today is higher income levels for many people. Department of Commerce statisticians estimate the average American will have an income after taxes of \$1,097 in 1947 compared with \$954 after taxes in 1929.

Last year and during the war years there was a large volume of loan repayments. Increased income enabled many people to pay off old mortgages entirely.

HITS TWO-FOR-FIVE
WASHINGTON (AP)—Bob Feerick, diminutive captain of the Washington Capitals of the Basketball Association of America and former Stanford star, has completed an amazing 40 percent completion of shots taken average. Feerick has tossed up 461 attempts and has sunk 185.

ROXAS OBSERVES ANNIVERSARY
MANILA, May 29 (AP)—President Manuel A. Roxas, completing his first year in office, yesterday said "Communist intent on seizing political power through force" are the only Filipinos still in organized resistance to the government of the 10-month-old republic.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidney is Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 pints a day.

If the 16 million of kidney tubules and filters don't work well, poisonous waste builds up in the blood. These poisons may start nagging headaches, rheumatic pains, leg pains, loss of sleep and energy, getting a night, twinging, pulling or aching over the eyes, backache and dizziness. Frequent urination passages with smarting burning sometimes show these poisons are being wrong from your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 16 million of kidney tubules flush out poisonous waste from the blood. Get Doan's Pills.

Home demonstration activities throughout the country during May have centered attention on the farm homes and the work of the industrious women who manage them. The women, too, are saving time, energy and money by adopting improved methods.

Many of them, in Florida and elsewhere, are preparing and freezing whole meals, so that when company comes and the cook wants time to be with the company instead of in the kitchen, she simply goes to the freezer or locker, gets a package labeled "Dinner" and presto, the meal is ready.

Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights, and leg aches are often caused by nothing more than impure blood. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

If you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kiefer's Swamp-Root. It works on the kidneys to flush them out, increasing the flow of urine to help relieve that excess acidity and ease that burning when you pass water, helps that bladder irritation that gets you up nights.

Made of 16 herbs, roots, vegetables, and barks. Swamp-Root is absolutely non-habit forming. Caution: take as directed. For free trial supply, send to Dept. Z, Kiefer & Co., Inc., Box 1151, Stamford, Conn. Or get full-sized bottle of Swamp-Root today at your druggist.

Everglades farmers are growing several thousand acres of Egyptian wheat as a cover crop this season, while growers along the coast are planting about 6,000 acres of sorghum and hairy indigo for the same purpose, according to Palm Beach County Agent M. U. Mounts.

Everglades farmers are growing several thousand acres of Egyptian wheat as a cover crop this season, while growers along the coast are planting about 6,000 acres of sorghum and hairy indigo for the same purpose, according to Palm Beach County Agent M. U. Mounts.
