pictures of State Champions. Hey look, since we're on horschides, let me tell you "vot hoppened" when I was out at the practice field with Seminole

High's squad. "Wanna tell us all 'bout Nebraska, scoop?") I still think it was Whigham who was bugging me with ventriloquism or Air, D.L.'s Lindy, Portrayal, somethin', but anyhoo, there comes this voice, "Come on scoop, hit some out to us."

Coach McCarron handed me a fungo bat (and I've eaten 15T RACE-5-16 M. Grade C Time 31.71 spaghetti that was thicker than this toothpick!) while all eyes Skorty drilled liners at me. Not to duck a challenge, I swung and away it went, right Quinieto (5-8) \$48.40

over the fence! NOPE . . . NOT A HOME RUN. I foul-tipped it back over the screen. BEHIND ME, and like the man says . . . I GOT OUT OF THERE FAST!

So, you thought I was kidding about how exciting soccer games were, didn't you? See it on TV this past Sunday!

There's action going on the field at all times . . . and how about some of those 50 or 60 yard boots? Mamma, mia! Coro Bullet Baseball is way too slow and it had better accept some Quinielo (2-5) \$115.60 of those "experiments" being offered. Like using pinch hitters more than once in a game or like those high schools up north Eagle River where you only get three balls and two strikes before you're Just My Darlin either on or out. This will create lots more interest and speed-up the

games considerably Why worry? Two of the soccer matches, ON THEIR FIRST DAY OF OPERATAIONS, pulled more spectators than did the major league teams in two cities!

And finally, did you know that the Super Bowl game drew a TV sudience of 65 million, more than twice the peak viewing of 28 million for any previous World Series game. Maybe what they ought to do is call up the folks at Deltona or Osteen and ask them how they're able to get so many spectators out for their litle league games. I almost dropped my fungo bat when they told me they had over 1.000 fans out to see the Deltona-Osteen Little League Game.

I'll betcha they'd jam the stands if they got our county commissioners out on the field and had them battle over the clay! (Now, if you're looking for a little dirt, well . . . I'd better slip out of here before they bury me in a mound of -Em. Dec. clay!)

S.O.S. FLASHES. . . . Look for some announcements following the School Board meeting tonight involving lots of 2ND RACE-Purse \$1.000 3 & Up changes at Oviedo High School. They'll revolve around Carson Coleman. . . . And on this same school, with Dick Prater's 2-Rover P. promotion to Assistant Principal, they're fortunate in getting Dave Miller as his replacement. Miller will become head basketball coach and assistant football coach, after doing 6-Real Crocker such an outstanding job at South Seminole Junior High. . . . If that's not enough, how about that former "super star" Butch Riser joining the staff as the assistant football coach, 10-Red Jed too? . . . All of you "duffers will be happy to note that our golf column will resume again this week and be written by a 12-Shody Loss local golfing professional, no less. . . .
