

U. S. Bombers Smash Red Ack-Ack Guns

The Sanford Herald Page 2 — Sept. 26, 1966

YOUNGEST DEMOCRAT at the opening of the Democratic Headquarters Friday night was four month old Michele Kelly Reynolds. Shown (front) are Pam Davis and Sherellann Nipper and (seated) Sheila Davis, Thelma Nipper, baby Michele and Jeffrey Petree, all obviously very patriotic. (Herald Photo)

SAIGON, South Viet Nam (AP) — U.S. bomber pilots reported silencing 10 anti-aircraft gun positions in North Viet Nam Sunday along a main rail line to Communist China.

During 127 bombing raids in the North, U.S. fliers also attacked four surface-to-air missile sites including one only nine miles northeast of Hanoi. Navy attack bombers reported destroying a North Vietnamese torpedo boat 50 miles northeast of Hanoi and a B-52 bomber. Ground fighting in South Viet Nam divided into small and scattered actions after a weekend in which U.S., South Vietnamese and Korean forces reported nearly 300 Viet Cong and North Vietnamese killed.

During the raids over the North, a U.S. Air Force F105 Thunderchief was shot down and the pilot is missing. It was the 38th plane reported lost in the war over North Viet Nam.

The anti-aircraft gun positions knocked out by Air Force Thunderchiefs were part of a chain protecting the northeast rail artery 50 to 85 miles northeast of the Viet capital, a U.S. spokesman said.

Navy planes from the aircraft carrier Coral Sea attacked three SAM sites in the Thanh Hoa area, and the spokesman said they heavily damaged all three. The fourth missile site, nine miles from Hanoi, was pounded by Air Force bombers.

U.S. Marines operating near the demilitarized zone between North and South Viet Nam reported a possible kill of 60 North Vietnamese army regulars in a fierce fight Saturday. The Leathernecks were hard hit themselves, reporting moderate casualties.

In a predawn attack over the demilitarized zone Sunday, Air Force B52 bombers hammered North Vietnamese infiltration routes and supply and storage areas.

U.S. sources reported three helicopters lost in South Viet Nam Sunday, one by enemy ground fire and two by U.S. artillery fire and the other by ground fire.

Two crewmen were killed and two injured when one helicopter crashed in a mine field at Bien Hoa. Two persons aboard the helicopter knocked down by ground fire 21 miles southeast of Saigon were injured.

COFFEE FOR CANDIDATES — Miss Margaret Gattis (left), president of Seminole County Young Republican Club, was hostess at a neighborhood get-together at her Dol-Ray Manor home for Republican candidates (left to right) A. F. Keeth and Jean Bryant, School Board, and Charles Beals, Legislature. (Herald Photo)

Teachers Join UF Drive

Teachers in Seminole County schools are prepared to participate in the 1966 campaign of the United Fund of Seminole County "with a vigor and a thoroughness which has for its goal 100 per cent gold medal awards for each of the 23 schools."

Ernest Cowley, president of the Seminole Education Association, made this statement as campaign material was placed on board a truck for immediate delivery so that when the kick-off takes place on Sept. 30th all will be in readiness.

"SEA supports the fine work of the 16 member agencies of the United Fund. Many of the members of the teaching profession already give of their time to the various agencies. Now we are joining together in a cooperative effort. Competition is already mounting to see which school will win the first Gold Medal award for 100 per cent participation," Cowley stated.

"This is a new action by the SEA and is entirely in harmony with the broader concept of community participation, lending the important aid of educators to agencies which are not, per se, the concern of teachers professionally but are, in fact very much the concern of teachers as citizens."

Richard Koehl, chairman of the 1966-67 UF campaign, welcomed the assistance pointing out that it was "another of the positive factors which give evidence to make this the broadest, best and most constructive United Fund year on record."

Survivors are a daughter, Mrs. Charles Dishman, of Oviedo; three sons, Owen, of Belle Glade, Robert, of Oviedo, and Henry, of Pine Island; two sisters, Mrs. Nell Dotson and Mr. Doug Mounds, both of McCar, Ky.; a brother, Virgil, of Miami, W. Va.; 29 grandchildren and 66 great grandchildren.

Brisson Funeral Home is in charge of arrangements.

GOP Candidates Guests At Coffee Get-Together

By JANE CASSELL-BERRY

This was the first of several informal get-togethers planned to give residents in various areas an opportunity to get acquainted with the candidates.

The next has been scheduled for Sunday, Oct. 9, 3-5 p.m., at the home of Mr. and Mrs. E. F. Keeth at 1515 Creston Drive. Dr. David Hills, Mrs. Robert Tope and Mrs. James Way will be co-hostesses.

Other coffee dates are being planned for the Glen Arden, Glen Arden Heights, and Draus Hills areas are especially invited.

Other coffee dates are being planned for the Glen Arden, Oviedo and Lake Mary in the near future.

By Mrs. H. L. Johnson

Seminole County School Drivers Association has elected Wilma Pope, of Longwood, as president of the 1966-67 year.

Other officers elected at the group's first meeting of the season at Lake Mary Elementary School are Mrs. Phyllis Kern, first vice president; Mrs. Gladys Broadhead, secretary; Mrs. Wilma Pope, president, and Mrs. Phyllis Kern, first vice president. (Herald Photo)

Wilma Pope Heads Bus Drivers

It was agreed drivers would wear choice of jacket, whether purchased or handmade, with the only stipulation they be the same Navy blue as skirts or trousers. Name plates will be worn on the jackets.

Herbert Mose, co-ordinator of the Seminole County School transportation system, spoke briefly to the drivers and distributed patches designating number of years of service. These patches will be worn on left sleeve of the shirt or blouse.

Area representatives will investigate the matter of providing additional patches.

It was reported overloading on some of the buses has been eliminated by drivers making double runs until the new school buses arrive.

Members will discuss joining the state drivers organization at their October meeting, Date.

Airport Advantages Topic Of JC Address

By RUTH DAVIDSON

Values of a local community general aviation airport will be discussed by Tom Tuck, owner of Flying Seminole Ranch, at tonight's 7:30 p.m. meeting of the Greater Oviedo Jaycees at the Town House restaurant.

Also on the program are showing of two films, "Anytown, U.S.A.," which highlights points of Tuck's subject, and "Devoers' Airlift," which deals with transporting supplies to Arctic explorers through aviation.

Flying Seminole Ranch is located three miles east of Oviedo on SR 410 within the general area of the proposed new Florida Tech.

Business meeting of the Jaycees will be conducted by Bob Ward, president.

There will be a "get acquainted" hour followed by a business meeting. Mrs. Margaret Withers and Mrs. Catherine Sanborn, hostesses, will be in charge of registering the guests.

Cele Glazier and Mary Cuddy will serve refreshments. Members of their committee assisting will be Bonnie Gilchrist, Betty Schaller, Lillie Vann and Collette Bower.

'Unity' Is Theme As Demos Open Headquarters

A new era in Democratic politics began with the opening of a unified Democratic headquarters at the corner of Park Avenue and First Street Friday evening.

With unity the theme, the campaigns of local opposed Democratic nominees combined forces with the High for Governor committee for Seminole County in the old Florida State Bank Building.

Dr. W. Vincent Roberts, chairman of the county Democratic executive committee, pointed out the significance of the opening of the joint headquarters "as the first time in recent history that the Democrats have joined forces to elect the entire state to office in November."

More than 30 officeholders, candidates and party officials, including Mrs. William (Alene) Edd, of Oviedo, state women's co-ordinator for the High campaign, were present.

Earlier Friday afternoon, the Villanova Restaurant looked like the Capitol in Tallahassee with all the state officials present for the Unity for Action luncheon sponsored by the Democratic Women's Club of Winter Park.

Dignitaries present included Fred O. (Bud) Dickinson, state comptroller, and Mrs. Dickinson; Doyle Connor, state commissioner of agriculture, and Mrs. Connor, and the wives of the secretary of state, Mrs. Tom Adams, and of the state treasurer, Mrs. Broward Williams.

Twenty-plus Seminole County politicians attended the affair. Surprise guest was Robert King High, Sen. Beth Johnson, of Orange County, was guest speaker.

JOHN KADER, Seminole County campaign chairman for Democratic gubernatorial nominee, Robert King High conferred with State Comptroller, Fred O. (Bud) Dickinson Friday afternoon. (Herald Photo)

Area Deaths

WALTER GEORGE Walter George, 80, of Oviedo, died Friday afternoon after a short illness.

Born in Arton, Ohio, he had lived in Oviedo since 1946. He was a retired electrician and plumber.

Survivors are a daughter, Mrs. Charles Dishman, of Oviedo; three sons, Owen, of Belle Glade, Robert, of Oviedo, and Henry, of Pine Island; two sisters, Mrs. Nell Dotson and Mr. Doug Mounds, both of McCar, Ky.; a brother, Virgil, of Miami, W. Va.; 29 grandchildren and 66 great grandchildren.

Brisson Funeral Home is in charge of arrangements.

Barbers Ponder Raise In Prices

Sanford and Seminole County barbers have not yet decided whether to follow the lead of the Central Florida barber's association and raise the price of haircuts Oct. 1, local barbers said today.

Thomas said only he and John Carver attended the Orlando meeting and would call a meeting of local barbers "some time this week to discuss the matter."

The local tonorial artists have no formal organization, Thomas said.

"We just get together whenever we need to," he explained. He said he understood some Caswellbarbers already had gone up on prices.

Proposed increases set by the Central Florida barber's association are \$1.75 for a regular haircut, \$2 for a flat-top and \$1.50 for children under 12.

The Central Florida group proposed that children pay the same as adults, \$2 on Saturdays, but Thomas said he did not think barbers here would go along with that penalty for local youngsters.

Delfona Welcome Wagon Greet 10 New Members

Ten new members were introduced and welcomed at the Welcome Wagon Association's opening meeting of the Delfona Welcome Wagon Club in the Community Center, with 80 members and guests in attendance.

In the group were Mrs. Anna Marie Foley, Helen Robertson, Myrtle Kenney, Lillian Schuchard, Jenni Dodd, Marian Ward, Betty Bower, Florence Durant, Mary Matthews, and Olga Ashman.

A business luncheon was conducted for benefit of a Christmas party to be given for the youngsters of the Methodist Children's Home in Enterprise.

Reservations were taken for the Central Florida Welcome Wagon Club. Gals welcomed Wednesday in Orlando. Local women wishing to attend should meet at the Delfona Shopping Plaza by 9:15 a.m. where transportation will be available.

Next meeting of the club will be Oct. 18 with Larry Ladd, of the Volusia County Agency's Department as guest speaker. It also is expected slides and movies taken during early days of Delfona will be shown.

The club's first Kaffe Klatch of the year was attended by some 100 ladies who met at the Little Red School House to welcome new residents and visit neighbors.

The club president, Mrs. Lillian Schuchard, greeted guests and introduced Mrs. Mildred Haney, area Welcome Wagon hostess, who spoke on a number of the many attractions the community of Delfona has to offer. She noted it can no longer be classified as a retirement area as many young families have moved there within the past year.

Worth Knowing

An accident witness reported that "the driver in the car ahead kept turning his head to look at the car behind him. I noticed I needed that the road shoulder was a mere two inches or so wider than the road. Every once in a while their car slipped off onto the shoulder, and each time he pulled back to the road his rear wheels would climb two or three inches to clear the shoulder. The crash into the oncoming car was sickening. He kept saying, 'Don't take your eyes off the road to look at that car behind you.'"

He said he was in the car on the 6th day of October, A. D. 1966.

Sanfonite Gets Clothes Cleaner

Our new Sanfonite process is as new as the space age. No other process compares with it for COMPLETE color retention. When the new Sanfonite product is used in the drycleaning cycle, it works like a magnet to pull soil out of the fabric. It will remove even the toughest new micro ingredients keep it from being redeposited. Clothes have never been so clean before!

NEW SANFONITE MAKES COLORS BRIGHTER — You will notice that colors are brighter and whiter as they wash with new Sanfonite drycleaning. The new whiteness and brightness are the result of new Sanfonite's wonderful cleaning power. Other kinds of drycleaning dull colors. With new Sanfonite, colors seem to sparkle even more than when fabrics were new!

NEW SANFONITE MAKES CLOTHES BETTER LOOKING IN EVERY WAY — Thanks to new Sanfonite cleaning, it's easy to restore a new look and feel to all kinds of apparel. Clothes are easier to press, hold their shape better, look fresher and neater from the moment they're removed from the bag. New Sanfonite even helps ward off lint through special anti-static properties.

Ohio Club To Elect Officers In Delfona

By MILDRED HANEY

Election of new officers of the Ohio Club in Delfona will be held for October at the club's opening meeting of the fall season with Mrs. Hilda Richmond, of Oviedo, as president.

Officers to be filled are those of president, vice president, and secretary-treasurer.

Forty-eight members and guests were present to enjoy a smorgasbord, prepared and served under direction of Mrs. Helen Ostrom, chairman, presiding the business session. Ornamental pepper plants were awarded as game prizes to seven persons.

The Ohio Club meets at the Deltona Community Center on Lake Monroe the second Wednesday evening of each month. All former residents of the state are invited to join the present group.

New Mail Code For Animals

WASHINGTON (UPI)—Every mail clerk knows it's not supposed to accept snakes and lizards for mailing—no matter how many stamps they may have.

But apparently not everyone is sure what to do about some other animals like rabbits and mice. So Postmaster General Lawrence F. O'Brien announced he would propose new regulations spelling out just what live animals may be sent through the mails.

Lopez Takes Mayfair In 'Sudden Death' Play

A One Stroke Victory

Joe Lopez Sr. of Miami edged Bill Girard of Sarasota to win the \$4,000 Mayfair Open Golf Tournament. Lopez and Girard both finished with a score of 206 at the end of 54 holes but Lopez defeated Girard by one stroke in a sudden death playoff. A Pop finished third with a 54 hole total of 207. First prize was \$4,000, second prize \$1,500 and third prize was \$200.

A large turnout of golf fans watched the three day tournament and saw some excellent golf from the professionals as well as the amateurs. The amateur division was divided into six flights with an "A" winner and a "B" winner in each flight.

SEMINOLE END Crow Ganus (81) makes a leaping effort for an aerial as Colonial defense prepares to lower the boom. (Herald Photo)

First place winners in the first flight were F. Cochran with a three day total of 222 and B. Held whose three day total was 234. Second flight winners were K. McCall who shot a 226 and F. Wilson with a 242. B. McCall with a 244 and P. Houston with a 244 tied for first place in the third flight. Earl Higginbotham and Bryan were the fourth flight winners with a 245. F. Durzo with a 242 and C. Robertson with a 270 were first place winners in the fifth flight. R. C. Whitmore with a 263 and H. Whelchel with a 282 won the sixth flight.

There were six prizes awarded to the top six finishers in each flight who received gift certificates worth \$200 to the "Pro Shop."

All of the scoring came in the second quarter when Colonial ripped the Sanford defense for 26 points. Cleve Higdon scored the first touchdown of the game as he rammed his way up the middle for a two-yard score after a 45-yard drive by Bobby DeWitt made the second Colonial touchdown on a determined run of 24 yards.

Peitz kicked the extra point and Colonial had a commanding 10-0 lead. Colonial then took to the air and Cleve Higdon fired two touchdown passes to Pat Carroll. Carroll's receptions were for 5 and 19 yards. Both extra point attempts failed and Colonial had a 26-0 halftime lead.

There was no scoring in the second half but Colonial used field goal control and moved the ball effectively against Sanford but could not cross the goal line. Colonial's backs romped for 325 yards on the ground and their receivers caught passes good for 97 yards.

The Seminole offense was never able to pose any serious threats against the rugged Colonial defense. Sanford crossed the midfield only twice during the entire game and their longest gain was a 15 yard pass to Bill Frisby. Bobby Lundquist picked up 13 yards on a run and that was the only bright spot on the Seminole offense.

The Seminole defensive unit held Colonial scoreless for three quarters looking good at times but could never come up with the big defensive plays to halt the Colonial offense.

Mark Cain turned in his second straight good defensive game as he again made several tarring tackles and safety man Bud Stum also stopped many a would be touchdown with his good defensive play. Linebacker Mike McGuire and cornerback Kelly Ogden also came up with outstanding individual defensive performances.

Middle guard Gordon Meyer did a good job on the defensive line but did not get enough help from his teammates to halt the determined offensive line of Colonial.

Ball control is something the Seminoles never had. Sanford got only two touchdowns in the second half. The Seminoles managed to throw 15 passes but completed only three for 25 yards.

This is the first time since 1956 that a Seminole High School football team has lost its first two games of the season. The Seminoles play Evans of Orlando this week, which was defeated by Oak Ridge by the score of 20-0.

Pepper Rodgers, backfield coach at UCLA, coached Steve Spurrier at Florida before moving to the West Coast where he inherited Gary Bohan. Also he tried to recruit Georgia Tech star in proving something of a good luck charm. When ever he goes, teams seem to win. As player at Tech and coach at Tech, Florida, Air Force and UCLA, he has had a role in almost a dozen bowl games. He's lost none.

★ ★ ★
Wanted: 11 Gridders

Metts Planning Drastic Changes

Coch Buck Metts of the Fighting Seminoles posted a bulletin at the most conspicuous spot at the school which reads — "Wanted, . . . 11 football players who have the drive and the desire to win. Choice selections available comparable to one's individual ability."

In a desperate move to reverse the current losing trend of two straight, Metts, much stronger 1966 Trojan team than last year's edition, which was trounced by Sanford, 30-0.

"Colonial 'outed' us on Friday night. . . they out charged us. . . they out played us and had their receivers out in the open everything they tried an aerial attack."

"Jay Stokes' injury will be costly to the defense," Metts added. In addition, guard-linebacker Mike McGuire sustained a sprained ankle, but will miss only a few practice sessions.

The Seminoles season travels to Evans this Friday to meet a

Who's The Best Quarterback?

NEW YORK (AP) — Monday's football wash, and it's not a question who has the whitest tablecloths but who has the best quarterback?

Pepper Rodgers, backfield coach at UCLA, coached Steve Spurrier at Florida before moving to the West Coast where he inherited Gary Bohan. Also he tried to recruit Georgia Tech star in proving something of a good luck charm. When ever he goes, teams seem to win. A Big Day For Donahue

MOSTPORT, Ont. (AP) — Mark Donahue of Stony Brook, N.Y., worked his way along 212 miles of crash-dotted track Saturday to win the Canadian Grand Prix for sports cars.

He covered 85 laps of the 2.5-mile road track in two 4.22 minutes, 5.2 seconds in a Chevrolet Lola T7 with an average speed of 102.1 miles an hour.

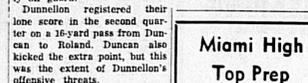

Wallopes Dunnellon Oviedo Rolls In Opener

Oviedo High School opened its 1966 football season with a convincing 30-7 victory over Dunnellon. Don Boyd scored the first touchdown of the season for Oviedo on a fine six-yard run. Quarterback Bob Fugate kicked the extra point and at the end of the first quarter Oviedo had a 7-0 lead.

In the second quarter the Oviedo offense really got rolling with halfback Simon Harper scoring twice on runs of 31 and 2 yards. Harper and halfback Hank Tulp gave Oviedo a fine running combination during the entire ball game. The Dunnellon defense was downed by Oviedo counterattacks that by faking the ball to Tulp and handing off to Harper who picked up valuable yardage to leave the Dunnellon defense completely off guard.

Dunnellon registered their lone score in the second quarter on a 16-yard pass from Duncan to Roland. Duncan also kicked the extra point, but this was the extent of Dunnellon's offensive threats.

Dunnellon registered their lone score in the second quarter on a 16-yard pass from Duncan to Roland. Duncan also kicked the extra point, but this was the extent of Dunnellon's offensive threats.

HANK TULP

Miami Prep School Top Prep Fumbles Costly In Crooms Loss

MIAMI (AP) — Miami High is Florida's leading football team among prep schools, in the opinion of coaches and sports reporters joining in the Herald's weekly poll.

Norland was ranked second and Melbourne — which meets Miami Friday — placed third. Others in the poll's top 10, in order: Tampa Robinson, Jacksonville Parker, Jacksonville Wolfson, Coral City, Columbus, Tallahassee Leon and Tampa Hillsborough.

Followed by a fumble recovered by Emory Blake, Crooms drew first blood late in the first period when Terry Brinson scored a ten yard TD pass to end Vernell Elleg.

At the second stanza, the boys from Pantherland penetrated to the Terrier one yard stripe, but were held by a stout Gainesville defense.

Lincoln rolled late in the third quarter following a fumble by Panther following Bob Alford. Dewitt Anderson threw an 18 yard TD pass to Clayton Toombs for the Terriers' first tally. Anderson passed to Toombs for the PAT.

Moments later, a Panther fumble was covered by Lincoln on Crooms' 20 yard line.

Mark Cain turned in his second straight good defensive game as he again made several tarring tackles and safety man Bud Stum also stopped many a would be touchdown with his good defensive play. Linebacker Mike McGuire and cornerback Kelly Ogden also came up with outstanding individual defensive performances.

Middle guard Gordon Meyer did a good job on the defensive line but did not get enough help from his teammates to halt the determined offensive line of Colonial.

Ball control is something the Seminoles never had. Sanford got only two touchdowns in the second half. The Seminoles managed to throw 15 passes but completed only three for 25 yards.

This is the first time since 1956 that a Seminole High School football team has lost its first two games of the season. The Seminoles play Evans of Orlando this week, which was defeated by Oak Ridge by the score of 20-0.

Pepper Rodgers, backfield coach at UCLA, coached Steve Spurrier at Florida before moving to the West Coast where he inherited Gary Bohan. Also he tried to recruit Georgia Tech star in proving something of a good luck charm. When ever he goes, teams seem to win. As player at Tech and coach at Tech, Florida, Air Force and UCLA, he has had a role in almost a dozen bowl games. . . He's lost none.

Card Winning TD Was 'Unbelievable'

By Associated Press
Premiere Gaunt couldn't believe it, but the Cleveland Browns found it really tough.

With St. Louis and Cleveland tied 28-28 in the final quarter Sunday, Cardinal Jack Gaunt hopped through the Browns' line and ran 23 yards for the score that St. Louis is 34-28 leading and its Eastern Division NFL record to 3-0.

"It was a draw play and the blocking was beautiful," Gaunt said later in a jubilant St. Louis locker room. "No one touched me. I couldn't believe it."

After the touchdown, Cardinal extra-point kicker Jim Bakken missed his first point after 125 attempts for a while it seemed as if it might cost St. Louis the ball game.

The Browns, who had blown a 23-14 lead, were held back to a first down on the St. Louis 11. Two of Cleveland quarterback Frank Ryan's passes were intercepted and Ernie Green picked up a yard on a run. On the fourth-down play, Ryan threw at rookie Bill Mearin in the end zone, but Cardinal defender Jerry Stovall reached in front of him and knocked it down.

Green Bay beat Los Angeles 24-13. Dallas took Minnesota 28-17. Baltimore bombed San Francisco 36-14. Detroit bounced at Atlanta 28-10. Philadelphia smothered New York 35-17 and Washington got past Pittsburgh 35-7.

Green Bay, now the only unbeaten team in the Western Division, had its troubles with the Rams before an 80-yard pass play from Bart Starr to Eljahn L-Williams 20 yard pass (from Anderson) run failed.

L-Anderson 25 yard pass (from Anderson) Anderson passed to Toombs for extra point.

Funs 6-30
3 Fumbles lost 3
60 Yards penalized 95
Crooms 6 0 0 0-6
C-Elly 10 yard pass (from Brinson) Kick failed
L-Toombs 25 yard pass (from Anderson) Anderson passed to Toombs for extra point.

Dexter 20 yard pass (from Anderson) run failed.

Center Mel Hein played 15 years with the New York Giants football team from 1931-1945 to set a club record for longest service.

Hanover College averaged 62.1 yards per game in the 1948 football season to set still unbroken single game record.

Blanca Wins Seattle Play

EVERETT, Wash. (AP) — "I played for par those last nine holes," said Romero Blanca, "and it kinda got me in trouble a couple times."

But the former University of Houston star weathered the storm, staying off a late charge by Jack Cupit to win the Greater Seattle-Everett Open Golf Tournament by one stroke Sunday.

The 1956 Oklahoma University football team gained an average of 291 yards rushing per game for an all-time major college record.

Will 'Duns' Back Into NL Flag?

By Associated Press
Ken Holtzman can forget about Sandy Koufax and the Los Angeles Dodgers. People Such as Chaucer and Elizabeth Barrett Browning are more important now. But Koufax and the Dodgers won't see forgotten Holtzman.

The rookie left-hander out-pitched Koufax Sunday, holding the Dodgers hitless for eight innings and winding up with a two-hit shutout as the Chicago Cubs edged the National League leaders 2-1.

Despite the loss the Dodgers retained their 11 1/2 game lead over the second-place Pittsburgh Pirates, who lost to Atlanta 6-2. Third-place San Francisco remained four back by losing to Houston 5-4.

Holtzman's start was his last in picking his last game as the first Annual Jot Lanes Men's Doubles Tournament as Charles Thomas of 111 Times Avenue in Orlando and his partner Douglass Jonas of Brookville collected their prize of \$500.

A tie existed at the finish for second place, which will divide the purse for second and third of \$450, between Jerry Carlton and Ron Wellons of Tampa and Truman Sharps and Paul Narbatate of Merritt Island. They both rolled 1866 sets.

A total of 65 prize-winners will be made to the school after the opportunity of knocking them out of first place with their 1972 series, including handicap, but the closest they came was a 13-6.

That's the story of the winners of first place in the First Annual Jot Lanes Men's Doubles Tournament as Charles Thomas of 111 Times Avenue in Orlando and his partner Douglass Jonas of Brookville collected their prize of \$500.

Jonas, Thomas Cop Kegler Play

Six hundred and fifty-four other teams had the opportunity of knocking them out of first place with their 1972 series, including handicap, but the closest they came was a 13-6.

Dawson Hits The Bullseye

By Associated Press
Lew Dawson, who wasn't even listed among the American Football League's leaders last week, is hitting a cool .600 today, a pretty good average for any pitcher.

Dawson fanned five touch-down passes, three of them to Chris Burford, as Kansas City routed Boston 42-14 for its third straight victory Sunday.

The Chiefs' attack moved mostly along the ground in Kansas City's first two triumphs with Dawson attempting only 28 passes and completing 16. Quarterbacks with less than 20 attempts were not included in the AFL list of top passers last week so Dawson missed the cutoff.

Against the Patriots' Dawson completed 20 of the 32 passes he attempted for 220 yards.

Dawson, a 18-year pro, now has completed 36 for 60 . . . a .500 percentage . . . and thrown 10 touchdown passes. He has gained 511 yards through the air.

Elsewhere in the AFL, Sunday New York and San Diego preserved their unbeaten records while Buffalo stepped back into the Eastern Division race.

The Jets, down 7-0 at the half, rallied to beat Denver 16-7. San Diego's two interceptions broke the Chargers' momentum and they were held to a 10-0 tie with the Colts.

San Diego's two interceptions broke the Chargers' momentum and they were held to a 10-0 tie with the Colts.

Galors - A Pleasant Surprise

GAINESVILLE (AP) — With 20 per cent of the football season gone, the Florida Gators are a pleasant surprise to their supporters. And no one is more pleasantly surprised than the coaches, who figured this to be a rebuilding and regrouping year.

"It is not a great team, but it's playing great football," says Coach Ray Graves. "Every team is different—even your year—and this team has a lot to offer."

The players actually like to practice, Graves insists. "They are not a great team, but it's playing great football," says Coach Ray Graves. "Every team is different—even your year—and this team has a lot to offer."

Did Lorenzen Win Car Race?

MARTINVILLE, Va. (UPI) — Fred Lorenzen of Elmhardt, Ill., got the nod as winner of the 200-mile, 500-lap race at Martinsville Speedway.

Lorenzen, driving a 1966 Ford Fairlane, was first to finish the 200-mile, 500-lap race at Martinsville Speedway.

Lorenzen, driving a 1966 Ford Fairlane, was first to finish the 200-mile, 500-lap race at Martinsville Speedway.

Miami Stunned

MIAMI (AP) — It looks just like 1965 all over again for the Miami Hurricanes.

Coach Charlie Tate's football team can fight the big boys. But it's rarely a patsy for the first-up, do-or-die underdogs.

The family pattern was set again Saturday night when Florida state, supposed to surrender to two touchdowns, wrecked Miami's home debut before a hopeful audience of 55,000.

This shocker came just one week after the Hurricanes had beaten favored Colorado so easily that the regulars sat out the second half, giving their underdog studies some experience.

Remember 1956? Early in the season, Miami knocked Syracuse out of the top 10 with a 27-0 victory.

The Hurricanes hung an embarrassing defeat on Florida's Sugar Bowl-bound Gators. And they battled mighty Notre Dame to a scoreless tie.

The 1956 Oklahoma University football team gained an average of 291 yards rushing per game for an all-time major college record.

Sophomores Didn't Need Irish Luck

Top-ranked Michigan State got two TD passes from Jim Rye and its usual strunk running game from Clint Jones and Bob Apta against Penn State. The Spartans are at Illinois this Saturday.

Bear Bryant takes third-ranked Alabama into Mississippi Saturday after the Crimson Tide ripped Louisiana Tech, Nebraska, ranked fourth, rallied for 18 points in the final quarter and beat Utah State 28-7. The Huskers play Iowa Saturday.

The sophomore aerial act — cheered on by Notre Dame's leprechaunaid cheerleaders — shared the collegiate football spotlight with UCLA's Gary Beban who engineered a 31-2 victory over Syracuse. Michigan State's backfield which ran over Penn State 42-8 and Alabama's defending national champions, who opened their season with a 34-0 rout of Louisiana Tech.

Paragran knew his sophomores were good. He was sure they just knew. "I was afraid I might be over-rating them. I have been so high on these guys since I signed I might be overconfident."

Hanratty hit Seymour 13 times for 275 yards — both Notre Dame records for receptions and yardage and left Purdue Coach Jack Mollekoop stunned.

Reban, UCLA's junior quarterback, strafed Syracuse with long bombs, most of them aimed at speedy Buzz Busby, a 19-year-old sophomore.

The Bruins, ranked second in the Associated Press Top Ten, scored three times inside of five minutes in the second quarter. Beban completed seven of 10 passes for 178 yards while the Udon defensed held field Floyd Little to only 20 yards rushing.

UCLA takes on Missouri, 21-14 comeback victor over Illinois, this week.

Homemakers Reelect Mrs. H. L. Johnson

Sanford County Homemakers Council has re-elected Mrs. H. L. Johnson as president for the 1966-67 club year.

Other officers elected at the September meeting at the home of Mrs. Kay Sussman in Lake Mary are Mrs. Pearl Yarborough, Geneva, first vice president; Mrs. Ruth Gallagher, Lake Marikham, second vice president; Mrs. Virginia Tomlinson, Lake Mary, secretary; Mrs. Becky Peoples, Sanford, treasurer, and Mrs. Molly Steudle, Longwood, delegate.

HANDBOOK for the Parent-Teacher League of St. Luke's School, Slavia, was presented at opening meeting of the group for the year. Here, the book which contains roster of families, programs, committees and their members, is inspected by E. L. Bellhorn, principal, and Mrs. Walter Duda, program chairman.

Members were reminded of the PTL handbook containing the roster of families, programs for the year, and committees and their members was distributed and explained by Mrs. Duda.

History of St. Luke's Reviewed For PTL

The PTL handbook containing the history of St. Luke's School in Slavia was presented for more than 100 members of the school's Parent-Teacher League at their first meeting of the school year.

Firemen Needed In Forest City

By MARYANN MILES
The Forest City Volunteer Fire Department needs five men. Any man living in voting precincts 6, 12 or 16, is eligible for membership and duty and those interested are urged to contact Harvey Conter, Dick Lashley, or Walt Sechrest.

Training Program

A training program for health and safety chairman of Seminole County Homemakers Clubs will be conducted from 10 until 11:30 a.m. Tuesday, by Miss Myrtle Wilson, county home economics agent. The session will take place in Miss Wilson's office at the County Agricultural Center on Highway 17-92 south of Sanford.

PTO Meeting

The Lake Marikham Parent-Teacher Organization will have its first meeting of the school year at 7:30 p.m. Tuesday in the school auditorium. Meeting will be followed by room visitation after which refreshments will be served in the cafeteria. All parents of children attending the school are urged to be present.

ORAL POLIO immunization will be available in South Seminole County Oct. 22 and Nov. 1 under sponsorship of South Seminole Jaycees. Donations received will benefit the new Edgewater Boys Ranch, a rehabilitation center for first offenders. Shown checking maps to determine distribution areas, which will be announced, are L. C. Tinsley of Bear Lake, newly elected chairman of the Boys Ranch (left), and Bob Chambliss, Jaycees project chairman.

(Herald Photo)

Sorry,

Due to health reasons I will not be able to continue CASH'S CLEANERS.

I wish to thank all my friends and former customers for their many expressions of kindness and past patronage.

Sincerely,
Woodrow Cash

MRS. H. L. JOHNSON

The Gas Cooking School scheduled Nov. 17 at the Sanford Civic Center. A request was made for more adult 4-H leaders in the county.

Mrs. Johnson appointed Mrs. Gallagher as program chairman for the annual installation service to be held Dec. 2 this year. Guest speakers will be Mrs. George Roberts, permanent representative to the United Nations for the Associated Country Women of the World, and Mrs. Herbert Post, state council president, who will serve as installing officer.

Girls Organize New 4-H Club

By MRS. H. L. JOHNSON
The Cloverleaf Girls 4-H Club was organized at a meeting at the home of Mrs. Betty Keese Smith, W. Third Street, who will serve as adult leader. Bambi Chesner will be junior leader. Officers are Paula Seifried, president; Gloria Wall, first vice president; Debbie Smith, secretary; Tequila Chesner, delegate; and Joy Wilson reporter.

Foods and clothing were chosen as first projects and group discussion centered on opening and closing rituals in the 4-H handbook.

This new club will meet each third Saturday at the Smith home.

Band Uniforms Top Project Of Band Aides

By JANE CASSIDY
Band uniforms for the two advanced bands will be the prime project for the year for South Seminole Junior High School Band Aides.

Approximately 150 parents attended the first meeting of the year conducted by Mrs. Dan Pattishall, chairman, and the Hurricane Red Band's uniform will consist of a red blazer trimmed in white and white trousers. The Hurricane White Band will be uniformed in white blazers with red trim and white trousers. Any parent or friend wishing to donate a uniform or part of one may contact Mrs. Pattishall.

Members of the band will have a fund in earning the needed funds for purchasing the new uniforms through the sale of toothbrushes and hair combs.

The Band Aides hope that everyone will buy these necessary items from the band members to help this worthy project.

Band director George Kirsten explained how the students progress as their abilities advance from the beginner band through one of the two intermediate bands into one of the two advanced bands.

He stated aims and objectives of the band program are to obtain and develop an appreciation and love of good music leading to cultural development; to train the student in habits of concentration and thinking; to train the student in the value of responsibility; to give an opportunity for self expression, and to guide gifted students into developing their talent and perhaps making music their life work.

Other aims are to develop a worthy use of leisure time, accurate coordination of mental and physical abilities, leadership and character.

TALE IN TOTO
DALLAS, Tex. (AP) — Richard Meletio, 10, poked a finger into a vending machine slot designed only for quarters. "It was just fooling around," he said.

THIS WEEK is National 4-H Week and Seminole County clubs are participating in the observation of National 4-H Week is Joe Dinda, district 7 representative to the State 4-H Council, delegate for the local council, and delegate for the Junior Leaders Club. Joe, sophomore at Oviedo High School, has been in club work for four years and has won awards in beef and leadership.

(Herald Photo)

ALTHOUGH a freshman at Brevard Junior College, Carmen Adriatic, member of the Oviedo 4-H Club, is continuing club work and this week joins in the observation of National 4-H Week. Vice president of the Luke's School in Slavia, Carmen's projects are a public speaking, home improvement, child care, sewing, and foods. She has won awards in public speaking and sewing and in her fifth year of club work.

(Herald Photo)

Officers Named By 4-H Club

By MRS. H. L. JOHNSON
The Teens of Tomorrow 4-H Club elected officers at the group's first meeting at the home of the adult leader, Mrs. Frank Hutchison.

Serving will be Julie Hutchinson, president; Miriam Tucker, first vice president; Carla Drennon, secretary; Patty Boak, treasurer; and Kathy Hutchinson, delegate. Jane Hutchinson assists as junior leader.

Other members of the club are Katrina Keeling, Gayle Book, and Susan Peterson.

Plans were discussed for a fund raising activity and projects selected were clothing, foods, health, safety, child care, and public speaking.

First lesson in sewing was given during the meeting.

Mrs. Hutchinson served cookies and punch to the girls at close of the meeting.

Meeting date chosen is each Thursday, 4 p.m., at the Hutchinson home.

A Three-Time Oscar Winner Prefers Designs To Drama

19th century mummy

Costume of bird feathers for nobleman

By HELEN HENNESSY
Women's Editor
NEW YORK — (NEA) — Three-time Academy Award winner, Dorothy Jenkins, says she has "a tired face."

"This, she claims, is the reason she looks so right for her part as Julie Andrews' New England mother-in-law in the United Artists release of James A. Michener's 'Hawaii.' But across the lunch table, Dorothy looked neither tired nor like a staid New Englander.

"It was fun playing the part," she said. "But when I saw the picture, I cried. I forgot I was looking at myself and only felt the loneliness of eternal woman standing by while one by one her family leaves home."

The wardrobe for Julie Andrews' role as the small town, 18th century New England girl who with her new husband goes to Hawaii as a missionary includes only 30 changes—a night dress. This realistic underemphasis, honest to the role and the circumstances, is typical of the kind of thinking that has won Miss Jenkins her fame.

"I owe it to De Mille," she said. "I did the costumes for 'The Ten Commandments' and the original 'Great Story Ever Told,' and when

you worked for De Mille, you became a perfectionist by necessity—unless you didn't need your job. It was the best training anyone could ever have. But it was far from sunshine and roses."

For her work on "Hawaii" she did world-wide research. She found much information on Hawaii from the Bishop Museum and the Blenheim papers. She gained knowledge of the feather cloaks worn by the ruling elite among the native Polynesians and changed the design of the intricate featherwork ever so slightly "so as not to offend the Polynesian gods."

"The Mother Hubbard garments worn by the native women (forerunner of the mui-mui) are hand-blocked just as they were in the missionary days."

"I love to delve into the past," Miss Jenkins admits. On a Guggenheim scholarship which she received in 1962, she went to Tokyo to live as a student and learn the art of costume design.

"I have worked with wonderful people and in many countries," said the California-born designer. "I even learned not to be upset by the Hong Kong slums. But New York's Broadway area scares me. You see every form of human degradation within a few blocks. It's a kind of hell."

Miss Jenkins, whose husband died in World War II, reared her two sons by working at the designing career which has made her famous. She has been in the field

for a long time. What are her thoughts on the current mod look, mini-skirts, minidresses and chain mail?

"People aren't wearing clothes any more," she said. "They're wearing costumes."

"As fashion, these clothes can't be taken seriously. But the trend should be studied thoughtfully. When you realize what's happening, it causes anxiety. Boys and girls are moving closer and closer to being look-alikes."

That isn't healthy and it's outwardly manifested when couples stroll arm in arm in pants suits and long hair. You can't tell which is John and which is Jane until you're introduced."

As for the tiny skirts and pop art designs, Dorothy maintains we are a nation of sheep and 95 per cent of the women are stone blind when they stand before a mirror.

"That's your job, to sell them anything."

To be really chic, she believes one should study the current trend and then do something entirely different. But to do this successfully, she admits, you have to have fashion know-how. "And it takes dough."

Stardust didn't get in Dorothy's eyes after her first job as an actress. "That was just a fluke," she said. "I'll stay with costume design. I love doing it."

And her costumes, at least, know their place. They're on the silver screen and not on the city streets.

Costume designer, Dorothy Jenkins, at Julie Andrews' New England mother-in-law, the role she plays in the movie, Hawaii.

Dillard-Tillis Engagement Told

Captain (USN Ret.) and Mrs. Chester Louis Dillard of Orlando announce the engagement of their daughter, Deborah, to Chris Tillis, son of Mr. and Mrs. Carl G. Tillis, of Sanford.

The wedding will take place next summer at John Calvin Presbyterian Church in Orlando.

MISS DILLARD

Chic Vinyl Styled To Glow In Darkness

By VIVIAN BROWN
AP Newsfeatures Writer
Many young newbies travel the auction circuit hoping to find furnishings to lend distinction to their homes.

For most young people, the answer is the no-so-old piece. It helps furnish a home on a lean budget with solid looking furniture and accessories that can be painted, antiqued, re-upholstered. And they can have fun doing it.

But one must learn how to bid to avoid being trapped into a "bargain."

First, attend the exhibition of the sale merchandise, marking down all items in which you have some interest, what you think they are worth and what you can afford to pay.

If a chair frame is good but the chair needs to be reupholstered, make a note of it. If a table is gouged or scratched, or needs slight repairs, make a note of it. (Veil anything that requires big repairs you can't do.)

When you return home, add up the figures and see whether the amount you'd spend is within the framework of your budget. If you are over your money goal, cross out the least important items.

The important thing is to decide that you will not go over your budget. Well, maybe, on that extra bid if you do not get a chance to bid your maximum on the last round.

The thing auctioneers seem to have in common is that they save good things for a big crowd. Always arrive early, just in case the auctioneer's best plan goes astray. A rainy, windy, foggy or steamy hot day will put him in a different frame of mind. If the auction is outdoors, he may well want to get rid of everything early if a thunderstorm is imminent.

Things you've earmarked may be just the things to go early, and you may get a tremendous bargain.

Besides the temptation to respond when the auctioneer asks "Who will give me \$25 or \$50 to start this . . ." When he brings it down to a realistic figure, someone will begin bidding. If no one does, he "is" providing it looks as if he is not going to put the item up. The object is to get it down to your level.

An auctioneer will often mention that a large collection—trivets, horse brasses, whale oil lamps—is a "lot" with bidder's choice. In that case, the first bidder should know old trivets from new trivets, if the auctioneer permits three or six to be selected. When he puts the items up again, they should not bring as large a bid because it is assumed that the best of the lot has been selected by the first bidder.

Public Invited To Candle Coffee Tuesday

The Winter Park Alumnae Association of Kappa Kappa Gamma is sponsoring a Candle Coffee, Tuesday, Sept. 27, from 10 a.m. to 2 p.m. and 7 p.m. to 9 p.m. at All Saints Episcopal Parish Hall, Winter Park.

Orders will be placed for unique and decorative candles from all over the world, which are suitable for all occasions. The candles are magnificent and would solve the problems of gift shopping for the "gal who has everything."

Chic Vinyl Styled To Glow In Darkness

By HELEN HENNESSY
Women's Editor
NEW YORK — (NFA) — Coeds will shine this season—fashionably if not substantially. They will be wearing vinyl in rain or fair weather and everywhere from opening events to the Student Union.

Vinyl is no longer considered chic merely for inclement weather. And there are coats in stripes, prints, plaids and solids, daytime dresses and suits, slacks and jackets all styled for casual daytime wear.

When evening hours bring on fraternity parties, the theater or lectures, theater suits, dresses and coats will turn up in vinyl—even fluorescent vinyl that glows in the dark.

Especially, boots made of Rayon, silk, or creck, will dot the campus, scene in red, black and white and in all lengths.

"Vinyl is 'in'" on campus from head to toe, rates top grades this semester in that special course—fashion.

Miss Wilkins Bride Of Dailey Smith

Miss Judy Faye Wilkins, daughter of Mr. and Mrs. Kenneth R. Wilkins, of North Kingstown, R. I., and Dailey Park Smith, son of Mr. and Mrs. James O. Smith Sr., of Sanford, were united in Holy Matrimony, Sept. 8, 1966, at 3 p.m. at the First Christian Church of Sanford.

Miss Jean Wilkins attended her sister as maid of honor wearing a floor length dress of shocking pink satin brocade and crepe designed along Empire lines with a floor length train. Her circular nose veil of pink illusion was attached to pink carnations and pink roses.

Mrs. Frances Hickson presented a program of nuptial selections.

Given in marriage by her father, the bride was radiant in a formal gown in Kinship silhouette. The Alencon lace bodice was fashioned with a sabrina neckline and tapered sleeves. Her Adine skirt of bridal tulle was highlighted with a lace panel, enhanced with seed pearls, and terminated in a sweeping chapel train. Her finger rings of imported

Potato Salad A La Wild West Version

Potatoes are now in plentiful supply and can do wonders to perk up drabgy summer appetites—and drabgy budgets, says the Consumer and Marketing Service of the U. S. Department of Agriculture.

Potatoes lend themselves to so many tasty combinations with other vegetables, or even meats, that you can eat every day for the duration of the summer. The vast array of combinations would only be tapped.

Here is a delightful main dish potato salad to prepare ahead of time and enjoy at meal time.

WILD WEST POTATO SALAD
6 cups diced cooked potatoes
2 cups diced cooked ham
1 cup sliced celery
1/2 cup sliced green onion
1/4 cup chopped pimiento
Salad dressing
Salt and pepper
Hard-cooked egg slices
Watercress

Combine potatoes, ham, celery, onion, pimiento and enough salad dressing to moisten; mix lightly. Season to taste. Garnish with egg slices and watercress. Makes 12 servings.

REAL FLIP ON HIP
Sporty ribbon belts are now hitting hip height. Colorful stripes are closed with brass-toned rings and, if you're real flip, hang your ribbon-banded wrist watch carefully on the hip.

RICHER NEW YORK (UPI) — This year marks the 25th anniversary of the beginning of the great enrichment program in the United States, the American Dietetic Association reports.

To be labeled "enriched," a food must contain added nutrients in kinds and amounts established by the Food and Drug Administration. Originally, standards were for enrichment with thiamine, riboflavin, niacin, and iron for flour and white bread. Later, levels for calcium enrichment were established to cover cornmeal, farina, macaroni and noodle products, plus added rice.

UNHEALTHY CROWDING NEW YORK (UPI) — The National Commission on Community Health Services is preparing a report on overcrowding in the cities as a growing problem threatening both physical and mental health.

The report, scheduled for publication in October, will represent more than four years of research.

Show Biz Mother Leads A Double Life

HOLLYWOOD, Fla.—(NEA)—"Show business can bring you closer to your children."
So says Lisa Hall, shapely blonde night club singer.
"Unlike a secretary," she says, "I'm home all day. I'm working when the kids are in bed."
Lisa, whose singing engagements take her north to Montreal and south to Jamaica, is Mrs.

Pat Mascola, wife of the entertainment editor of the Hollywood Sun-Tattler.
She's the mother of four children and a former vice president of the neighborhood Parent-Teacher Association.
"It's a challenge, certainly," Lisa continues, "but you can do both if you don't get all wrapped up in yourself and your career."
Lisa is 33, light, sun-

tanned, an ex-Life magazine cover girl who is now on the verge of her biggest year in show business since she began singing again four years ago.
But she says people generally are shocked when they learn of her double life.
"Nobody ever said I'd be better off not mentioning it (her family)," she explains. "The sub-

ject just never seems to come up. The children were there all the time but people only asked me about where I'd sung and what songs I like and where I'd modeled."
On stage, Lisa turns into a carefully groomed prima donna, a sleek performer in chic, sleek evening gown, singing in.

Los Angeles Rams quarterback Roman Gabriel had only five passes intercepted in 1965.

home and career? "Show business," she says, "would be minus one singer."

Interned Chinese Stone TV Crew

MEDAN, North Sumatra, Indonesia (AP)—Troops fired over the heads of some 3,000 interned Chinese after the Chinese stoned a National Broadcasting Co. television crew Wednesday.
Two policemen guarding the

By LARRY VERSHEL
CATCHING UP ON MY MAIL
TO THE CITY COMMISSION:

Dear Sirs: We hear you instructed the city manager not to give the Herald any news unless checked with you. In other words you are initiating a form of censorship? Sorry about that? We check with Pete Knowles every morning and will continue to do so. Sincerely, Larry

TO THE COUNTY COMMISSION:
Dear Sirs: Someone should remind you all the County Commission meets at 9 a.m. and not 8:30. One commissioner told us that the chairman called a special get-together in the conference room. Hope you didn't take any action and rubber stamp it later upstairs. Regards, Larry

TO THE FLORIDA HIGHWAY PATROL:
Dear Sirs—I read where Ted Williams' pick-up truck was seen in Marathon in the Keys. How come a stolen vehicle got some 860 miles out of town before it was picked up? Yours Truly, Larry

DR. FRANK LEONE COUNTY HEALTH DIRECTOR
Dear Frank, Ooops. I mean Dear Doctor. . . We forgot to include you in our list of high priced county employees. As you know your salary is \$16,440. . . Yes, we know some of it comes from the state. Sorry we ignored you. Love, Larry

TO THE PRINCIPALS OF THE 23 SCHOOLS IN THE COUNTY:
Dear Fellows—Thought you might like to know that four of you make more than \$10,000 per year while two others get over \$10,000. The four making \$11,800 are Andrew Bracken, (Seminole High), Carlton Bentley (Lymon), Hugh Carlton (Seminole Junior High) and John Angel (South Seminole Junior High). Hope to see you soon, Larry

TO Supt. OF SCHOOLS R. T. MILWEE—
Dear Ray—I hope you appreciate what a good man you have in Walter Teague. PS Hope this doesn't get Walt in trouble by my complaint. Willard Peebles ROAD DEPARTMENT MEMBER
Dear Will—No, I can't have that Otsego bridge dynamited. Suggest you check with someone from Volusia County. Good Luck, Larry

ANDREW BRACKEN SEMINOLE HIGH PRINCIPAL
Dear Andrew Jackson—How come it's so difficult getting a breakdown on those athletic receipts? Regards, Larry

CLAUDE KIRK CUBA RENAISSANCE CANDIDATE
Dear Claude—if you need a job after the campaign suggest you call Joe Foy at State Employment Service. Plenty of skilled jobs available. Yours, Larry

PS—Of course you have to know how to take dictation. MRS. BOYD WELFARE DEPT.
Dear Mrs. Boyd—Any taxpayer has the right to look at the welfare rolls and doesn't need any okay from the County Commission chairman as you suggested yesterday. Please check with your county attorney if you doubt me. He's listed in the phone book and his name is Harold Johnson. Laurence Vershel

Negro School Standards 'Low'--Milwee

R. T. MILWEE

Lack of qualified instructors was given as the reason for the low senior test scores received by students of Coombs High School last year in comparison to the scores recorded at the other schools by Sup. of Public Instruction R. T. Milwee.
Milwee and Mason Wharton, school board chairman, appeared at the meeting of the Seminole County League of Women Voters at a question and answer session held at the Altamonte Springs Community House Monday evening.
Milwee reported that only two students out of 129 in the senior class at Coombs had received

scores over 300 last year, while 28 out of 44 at Oviedo, 110 out of 204 at Seminole, and 109 out of 230 at Lymon, had received 300 or better.
"The Negro teachers have not received the same quality of education as the white teachers have received," Milwee pointed out. "The scores of the Negro students will improve over the next few years with integration of faculty and students, he predicted.
Concerning the possibility of double sessions to remedy the overcrowded situations at several of the elementary schools, Wharton stated it "doesn't real-

ly hurt the kids to go to double sessions in the elementary schools but double sessions are harmful in the secondary schools." In line with this thinking, property has been acquired and plans to build a new high school near Lymon and turn Lymon into a Junior High School; to build a Junior-Senior High school adjacent to the present Oviedo School and a Junior High adjacent to Seminole High School. Property also has been acquired in North Orlando and Weatherford for future schools, he said.
Milwee insisted there is no state law governing the number

of children which may ride on a school bus and that as long as there "is enough room to hold on, the buses are not overcrowded."
Milwee also contended there is no evidence that more than 25 students per classroom cannot be taught "as effectively as the ideal-size classroom." He did add, however, that with classrooms containing more than the ideal number "something has got to give."
The lunchroom program of the school system was explained by Milwee warning that if the current program does not work "the school cafeteria may

have to close and the students be required to bring their own lunches and the cafeteria space be turned into classrooms."
In answer to questions concerning physical education in the elementary level, Wharton declared, "30 minutes per day is required by the state for physical education and the children are receiving this. There are other things for the schools to do than further President Kennedy's physical fitness program."
In charge of the session was Mrs. Lou McDonald, Mrs. Arlene Teitelbaum and Mrs. Winkie LaFite.

Lakefront Face-Lift Set

Sanford's entire lakeshore "front door" is going to get a face-lifting under a study set in motion at the City Commission meeting Monday.
Proposed by the Sanford-Seminole Jaycees and the lakefront development committee, as presented by Kenneth Melnoh, met with a counter suggestion from Commissioner Joe Baker and both suggestions became a full-blown lakefront beautification project.
Melnoh's proposal was for purchase by the city of the triangular property at the intersection of French Avenue and Seminole Boulevard.
The Jaycees propose to undertake beautification of the

site, "in accordance with the desire of the city."
Baker said he was in favor of giving first priority to "doing something about the city pier. Beside the marina, the pier is going to be an eyesore. I would like to see a beautiful fountain there. A decent one would cost from \$10,000 to \$20,000," he said.
Commissioners M. L. Raborn and Earl Higginbotham agreed with Baker on beautification of the pier, with Higginbotham adding he would like to see both locations—the pier and the triangle—converted to "something spectacular."
"We can't get by with something mediocre — it must be something outstanding. We should explore beautification of

both sites with equal vigor," Higginbotham declared.
Raborn moved that Mayor Wilson appoint a committee from the city to work with committees from the lakefront committee and the Jaycees, to come up with a plan that would encompass beautification of both locations and the entire lakefront approach to the city.
Mayor Wilson appointed the committee and instructed Melnoh to notify Albert Jarrell, owner of the triangle property, that the city was "interested in the site."
The combined committees were instructed to devise an overall plan to be presented at the next meeting of the commission, Oct. 10.

A Bear Lake couple was honored over Circuit Court yesterday on charges of grand larceny in the theft of some \$500 of merchandise stolen from a home on Sept. 15. The Sheriff Office reported that the couple, Ronnie and Linda DeVore was held under \$3,000 bond.
Deputies said they broke into the Jane Forsyth home at 1219 Marie Street and stole books, records and other merchandise valued at over \$500.

Oviedo's \$629,000 proposed water system received official go ahead today with confirmation from Washington, D. C. of a \$244,000 construction grant from the Department of Housing and Urban Development.
Work on the project is expected to get underway in the very near future with completion within one year.
The new plant will be located on a three-acre tract south of the Oviedo city limits which was donated to the town by Nelson and Company.
Absent from the scene this morning were members of Local 1768 of the Carpenters and Joiners Union of Orlando, who were picketing entrances at Seminole Plaza in Casselberry Monday to protest under union scale wages allegedly being paid by Suttler Construction Corporation on the new Montgomery Ward job.
Bill Wilson, business agent for the local, said in an interview that none of his workers employed on the job, "it is the company's business if they hire union or non-union men, but they are not even paying 'Bartford scale,' and we don't like to see all our hard work undermined," he added.

City Budget Approved

Budget of \$14 million was approved by Sanford city commission for fiscal 1966-67, effective October 1, with Commissioner Vincent Roberts voting "no" on the appropriation and taxation ordinances in accordance with the stand he took on lowering of the tax millage at the Sept. 19 meeting.
Procedure of the voting was such that it allowed Commissioner Roberto to "stand on his principles" by making his opposition a part of the record, yet not preventing the city from meeting its Oct. 1 budget adoption deadline.
Other commissioners disappointed in adding extra hours would mean changing the established "open hours" at city hall.
The salary increase totals \$70,000, which brings local municipal employees "into line" with average salaries of municipal employees in comparable-sized Central Florida cities.

Contract to prepare a study for running city water and sewer lines to Seminole Junior College campus was awarded to Clark, Dietz, Painter and Associates, engineering firm, by city commissioners, Monday.
Cost of the study was set at \$5,000.
Local ambulance services, as operated by funeral homes, do not come under the new federal wage and hour law restrictions, city commissioners were informed Monday.
Request that information on "what's going on" in the city be transmitted to City Commissioners "before being released to the newspapers," was made by Commissioner M. L. Raborn Jr., Monday.

Approved transfer of two beer and wine licenses. Commissioners heard reports that replacement of burned out electrical wiring at the Civic Center will cost \$475; beautification island in the middle of West First cut \$447; the Higginbotham property in the sanitary landfill area proposed new zoo location has been purchased at a cost of \$3,300 and the deed transferred to the city.

Sanford police are faced with a puzzle today . . . and do not know what to do with it. They are holding a man for first degree murder . . . but the "dead" man isn't dead.
Sanford police on Sept. 11 received a teletype message from DeLand headquarters of the Florida Highway Patrol relating a message from Rochester, N. Y., that Walter Lee Ross, 23, of 1565 West 14th Street, was wanted on a warrant charging first degree murder.
Det. Sgt. Charles Fagan apprehended Ross Monday evening at his home and lodged him in the Seminole County jail, notifying Rochester of the arrest.
Associated Press today, at the request of the Sanford Herald, queried Rochester and came up with this message: Ross charged of shooting Elwood Chapman outside Rochester tavern Sept. 10; Chapman wounded three times and in the hospital; no reason given for the shooting; no charges filed against Ross.
Police Chief Arnold Williams said today Ross will be held until the matter is clarified but added, "How in h. . . can you charge a man with murder, when there is no death?"

City Action In Brief

City refuse collection rates will be increased Oct. 1 in accordance with a new ordinance passed by city commissioners, Monday.
Residential rates will move from \$1 to \$1.50 per month with commercial rates increased from \$3 to \$4 minimum with a sliding scale set for larger commercial and industrial customers.
Contract to prepare a study for running city water and sewer lines to Seminole Junior College campus was awarded to Clark, Dietz, Painter and Associates, engineering firm, by city commissioners, Monday.
Cost of the study was set at \$5,000.
Local ambulance services, as operated by funeral homes, do not come under the new federal wage and hour law restrictions, city commissioners were informed Monday.
Request that information on "what's going on" in the city be transmitted to City Commissioners "before being released to the newspapers," was made by Commissioner M. L. Raborn Jr., Monday.

Approved transfer of two beer and wine licenses. Commissioners heard reports that replacement of burned out electrical wiring at the Civic Center will cost \$475; beautification island in the middle of West First cut \$447; the Higginbotham property in the sanitary landfill area proposed new zoo location has been purchased at a cost of \$3,300 and the deed transferred to the city.

OK Breakwater Bid

Contract for construction of a temporary breakwater installation, just east of the marina landfill area, was authorized by City Commissioners Monday.
City Manager W. E. Knowles was authorized to ascertain the best bid on the work, which is expected to cost about \$50,000.
The breakwater, to be 600 feet long, is to be constructed

of steel sheet piling driven into dredged-up fill. Purpose of the use of the steel piling is so that the breakwater can be pulled up and moved further east when the marina landfill area is expanded and extended to the east at a future date, Knowles said.
In other action, the City Commission granted extensions on building demolition; approved requests for street light installa-

'Grid' Ambulance A Must--City Says

Concern for the safety of students prompted one direct order and one recommendation to school authorities from city commissioners, Monday.
Order was given to notify Sanford Naval Academy officials to cease marching their students "in the street" from

the school headquarters at the former Mayfair Inn on East First Street to the athletic fields at the intersection of Middleville and Cleary Avenues.
Recommendation was made that every effort be made to have an ambulance present at all football games held in the stadium in the street is "dangerous to the children and causes annoying traffic blocks for motorists, particularly at peak traffic rush hours."

has something to do with running the football games and we have been questioned about there not being an ambulance at the games," City Manager W. E. Knowles reported.

for any player or fan who might be injured.
"Many people believe the city should do something to do with running the football games and we have been questioned about there not being an ambulance at the games," City Manager W. E. Knowles reported.

Approved transfer of two beer and wine licenses. Commissioners heard reports that replacement of burned out electrical wiring at the Civic Center will cost \$475; beautification island in the middle of West First cut \$447; the Higginbotham property in the sanitary landfill area proposed new zoo location has been purchased at a cost of \$3,300 and the deed transferred to the city.
