

Communist Proves American Husbands Are Not Sorry Lot

By HAL BOYLE
NEW YORK. — (AP) — One of the world's most durable punch-bags is the American husband. He is particularly the target of imported intellectuals, and practically any visiting foreigner can make a fast buck here by getting up on a lecture platform and saying a few unkind words about the typical American husband.

It's been that way for 100 years. And gradually a stock figure has emerged—a wonderful cartoon that represents the average European lecturer's idea of the average American married man. This mythical fellow is a paunchy, walrus-necked tycoon who spends his mornings in an aisle-sole officer scanning the stock market ticker and roaring at underlings. Afternoon finds him belting a golf ball around a re-modelled cow pasture. And at night he comes reluctantly home to his wife, a henna-haired vixen in an ermine wrap who dishes him up a cold meal of cans and wears his cars raw with her strident wail: "You gotta earn more sugar for mama, big boy. I dropped another hundred at bridge today."

Harry Spurns "Voluntary" F.E.P.C. Bill

President Declares He Has No Plans To Dismiss NLRB Chief R. N. Denham

WASHINGTON, May 25—(AP)—President Truman today rejected suggestions that a Fair Employment Practices Commission (FEPC) be set up on a "voluntary" compliance basis.
Determined southern opposition thus far has blocked Senate consideration of a bill to set up an FEPC with compulsory provisions. The bill would bar job discrimination against any person because of race, creed, color or national origin.
Some Congress members have proposed a compromise—the FEPC be set up but with compliance on voluntary basis.
A reporter asked Mr. Truman at his news conference whether he would accept such a compromise.
"No, he would not," the President said with emphasis.
Mr. Truman added that he would not accept any "voluntary" bill. The FEPC bill is a key element of the so-called Civil Rights program which Mr. Truman has repeatedly advocated. His stand embittered many Southern Democrats and cost him the electoral votes of four Southern states in the 1948 Presidential election.
During his press conference the President said he has no plans to fire Robert N. Denham, general counsel of the National Labor Relations Board.
A reporter asked Mr. Truman whether he planned to dismiss Denham.
"The President said he does not intend to go into any phase of the NLRB setup right now. He said he had sent a plan to Congress and that he was not going to do anything about the NLRB matter."
The Senate recently rejected a government reorganization proposal under which Denham's independent status as NLRB general counsel would have been wiped out. His duties would have been transferred to the NLRB itself.
Denham's position was created under the Taft-Hartley Act. The latter fight in the Senate with Senator Taft (R-Ohio), a co-author of the T-H law, leading the fight against the plan. Taft and others sought to repeal the Taft-Hartley law by indirect means.
Denham, who has differed

Bonds For Independence

W. A. Leffer, manager of Chase and Co., center, and State Representative J. Bralley Odham at left are shown receiving from E. Tucker U. S. Savings Bonds purchased Friday morning in connection with the U. S. Savings Bond Independence Drive of which Mr. Tucker is local chairman. In the background at First Street and Magnolia Avenue is the full sized replica of the original Liberty Bell brought here for exhibition by Treasury Department officials.

Soviet Police Post Guards In Eastern Berlin

Reds Attempting To Keep Reich Youth In Russian Sector

BERLIN, May 25—(AP)—Red police posted guards along the Russian sector boundary today to keep some 100,000 "free German youth" (FDJ) members, now in East Berlin from straying to the West.
Soviet-controlled newspapers blared a warning that "Anglo-American incendiaries are throwing young German peace fighters in jail just for wearing the blue shirt."
West German police confirmed that they have arrested 15 FDJ members since Monday for riding in trucks decorated with Communist propaganda. Red officials charged that the arrests total was far higher.
Meanwhile, FDJ cohorts continue to pour into East Berlin by train and truck every hour. With 100,000 already here, Communist youth officials predicted that the figure would be double by tomorrow.
Apparently apprehensive whether they can keep the swelling mass from flooding over into the Western sector, the East Germans announced last night that their police will protect their people from unwittingly overlapping the sector boundary at the most dangerous points.
The Communist police service, bolstered by more than 15,000 reinforcements for the Whiteauntle youth demonstrations, suffered two desertions last night.
Two young patriots in uniform appealed to Western authorities for asylum.
Dr. Otto Suhr, chairman of the West city assembly, scoffed again at old rumors of Whiteauntle violence. "The West gives me more thought than we do in Berlin," he said.

Sanford Citrus Man Appointed To State Commission By Warren

TALLAHASSEE, May 25—(AP)—Governor Warren today named four new members to the State Citrus Commission. They are Warren Zuech, Vero Beach grower-shipper; Harry Tooke, Sanford grower-canner; Nash Le Gette, Leesburg grower-canner; and Frank Roper, Winter Garden grower-canner. Roper was appointed to fill out the unexpired term of the late Dodge Taylor, whose Commission ran until May 31, 1951.
Zuech, Tooke and Le Gette were named for terms ending May 31, 1953. They serve from the state at large.
The governor will name these new members in the next few days, and they will be sworn in at a public hearing to be held in Tallahassee. The governor also appointed four new members to the Florida citrus board and conducted hearings on proposals of the industry. The Committee later recommended the quality standard citrus code law which was adopted by the 1949 legislature.
Zuech, whose name is pronounced "Zooch" is an officer of the Indian River Exchange Association. He was for 10 years a member of the State Welfare Board.
Tooke is an officer of the B. and W. Canning Company of

Six Scholarships Given To Seminole County Students

Three \$400 and three \$200 Lewis Scholarships have been granted by the State Board of Education at Tallahassee to pupils of Seminole County following competitive examination.
Designed for pupils who wish to study to become teachers, the \$400 a year scholarships were awarded to Mary Anne Bolyard, Lake Mary, the daughter of Mr. and Mrs. W. M. Bolyard; Mrs. John Reed, Jr., a sophomore at Stetson University and Seminole High School graduate in 1948, and Robert M. Zeigler, Negro of Sanford, and senior at Crooms Academy.
Three BHS seniors were granted the \$200 a year "scholar" shipships. These were awarded to daughter of Mr. and Mrs. W. A. Bumblyer; John Oliver, Jr., and Doris Cameron, Parkettes, daughter of Mr. and Mrs. H. W. Bolyard. The \$200 Lewis Scholarship is a scholarship in honor of the late Lewis Lewis, a graduate of Tallahassee in Gainesville, said Superintendent W. L. Lawton this morning. The girls are valid in their application in Florida.
"All of the nominees," said Mr. Lawton, "were commended for teaching in Florida schools one year for each year of scholarship."
PATRICK J. JAMES, chairman of the National Federation of the National Federation, announced that the board of directors will meet in Washington, D. C., on June 17, 1950, at the Hotel Commodore. The board will discuss the proposed merger of the two organizations.

I.C.C. To Reconsider Florida Rail Merger

WASHINGTON, May 25—(AP)—The Interstate Commerce Commission said today it will reconsider the plan for reorganization of the Florida East Coast Railway. The decision was announced in a decision issued May 23.
The announcement said a date and place for public hearings on the matter will be announced later. The 1948 merger of the Florida East Coast Railway with the Atlantic Coast Line Railroad, Florida East Coast's only other line, had been approved by the Commission in March 1949.
The merger had caused a sharp decline in Florida's stock market. The action of the Florida Commission was a surprise.

Odgen Testifies He Never Wanted To Injure Wife

JACKSONVILLE, May 25—(AP)—Frederick Odgen testified in the second trial for his life today that "I had no malice in my heart" for the wife he shot in the back during a domestic quarrel last September.
The 35-year-old real estate man, 23-decorated assistant chief of staff, intelligence for air, on World War II, said he "blacked out" just before the slaying at their home near here.
Witnesses have testified Mrs. Flossie Odgen was killed as she and her husband argued over a divorce and custody of their small girl. He was charged with first degree murder.
Odgen received the Croix de Guerre and the Croix de Guerre with Silver Star and the Bronze Star and the Silver Star as he followed the hard-hitting general through Africa and into Europe. He was a major then, later was promoted to Lieut.-Colonel.
Odgen denied that he had ever

New Hours are Set For Use Of City's Swimming Pool

New schedules for open hours at the Municipal Swimming Pool were today announced by City Manager Clifford McKibbin in order that swimmers may enjoy the pool more during the summer months.
On Monday mornings, the pool will be drained and cleaned and will be open at night only from 7:00 to 9:00 o'clock.
Tuesdays through Saturdays (Continued on Page Five)

DEMOS TO MEET DAYTONA BEACH, MAY 26

—The Florida State Democratic Executive Committee will hold a reorganization meeting here at 10 A.M. June 17, Chairman Alex D. Littlefield said today.
The group is expected to elect a new chairman to replace Littlefield who was defeated for reelection to the committee last Tuesday.
Frank D. Upham, St. Augustine, and E. E. Donnell, West Palm Beach, are regarded as logical candidates for the chairmanship.

CIGARETTE TAX TALLAHASSEE, MAY 25 — (AP)

The Leon county circuit court has been asked to determine whether cities may reduce their cigarette tax to 10 percent of the state tax.
The city of Tallahassee has filed suit to have its 10 percent rate upheld. It should consider only 10 percent reduction in reducing the rate. Mr. Tate has been set for a hearing.

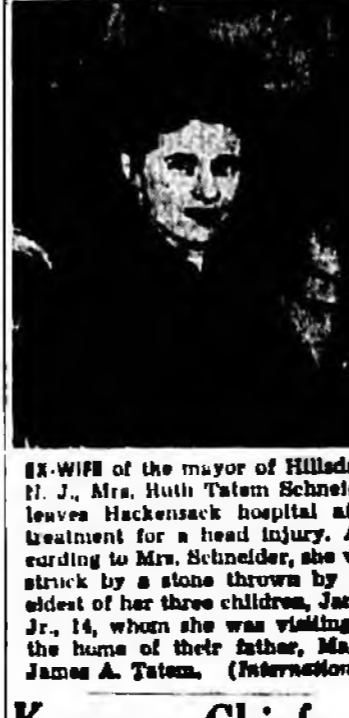

Big Three To Supply Arms To Middle East Countries

Federal Jury Indicts 3 Men For Tax Fraud

ARRESTS ARE MADE IN
PRESIDENT TRUMAN'S
HOME COUNTY AREA

KANSAS CITY, May 25—(AP)—A federal grand jury today indicted three more henchmen of the late Charles Binaggio on income tax evasion charges.
Those indicted were Walter E. Maevy, a gambler, Samuel Goldberg and John Mangiatana.
Last Monday the grand jury returned income tax evasion indictments against Samuel C. Hayden, former assistant Jackson County prosecutor, and Tano Locono, known as an enforcer for the Kansas City underworld. Hayden was a former member of the State Legislature. In an interim report, the jury charged he was interested in a \$34,000,000 a year gambling organization in the county.
The grand jury has been investigating crime conditions and the underworld in Kansas City and Jackson County—President Truman's home county—since last September.
All of the men indicted today and Locono were associated with Binaggio, a northside Democratic leader who was slain April 6 with Charles Garretto, his "convicted" henchman. The slaying occurred gang style in Binaggio's political headquarters on Truman road in Kansas City.
Today's indictment charged Goldberg had not even bothered to make income tax returns for the years 1947-1949, although it said he had received a net income of \$35,000 in those years.
The indictments also charged Maevy with making net income reports of \$10,241.15 for 1946-47 and it should have been \$31,875.82.
Mangiatana also faced three counts for the same years which the government charges he made net income reports of \$10,076.72 and it should have been \$35,010.71.
Goldberg was indicted on five counts, two for failure to make a return for the years 1947 and 1948 when the government claims he made a gross of \$68,831.41. It also indicted him on five counts of income tax evasion for the years 1946, 1947 and 1948, claiming he had received a net income of \$70,631.41 and owes the government \$25,200.92 in unpaid taxes.
The 38-year-old Mangiatana had his first brush with the law years ago. Then he was sentenced to five years in the Missouri State Training School at Booneville, Mo., for robbery.
Four years later he served half his prison term and was released from a reformatory at Chillicothe, O., on a liquor violation.

Stoned By Son

WIFE of the mayor of Hillsdale, N. J., Mrs. Ruth Tatum Schneider leaves Hackensack hospital after treatment for a head injury. According to Mrs. Schneider, she was struck by a stone thrown by the eldest of her three children, James Jr., 14, whom she was visiting at the home of her father, Mayor James A. Tatum. (International)

Colonel W. Winn Tells Kiwanians Of Island Fight

WINTER PARK OFFICER
WAS ATTACHED TO
AIR FORCE GROUP

An outline of the campaign against the Japanese in the Aleutians, including first hand observations of the fighting, was given yesterday to Kiwanians by Col. Warren R. Winn, Rotarian, grove owner, and resident of Winter Park.
He was introduced by Col. S. G. Hartman of the local Kiwanis Club, who had served with him in the Aleutian campaign. Col. Winn, he said, is also a veteran of World War I.
Col. Winn, who was attached to the Air Force unit first sent to defend the Aleutians, pointed out the great distances involved in early feeble attempts to bolster the defenses of the northernmost frontiers.
"The distance from Ketchikan in the panhandle to the Aleutian island of Adak is almost as great as the distance from New York to San Francisco," he declared. The actual distance of travel, however, between the two Aleutian points in the early days of the campaign was nearly 1,000 miles farther.
Prior to Pearl Harbor, all work authorized was in preparation for the defense of Alaska proper and the establishment of intermediate air fields. The day after Pearl Harbor, Major General Benjamin Bolivar Buckner, who was later killed at Okinawa, interned all Japs living in the territory, and implored Washington for funds and permission to locate airfields on the island of Unimak.

Military Equipment Will Be Used For Defense Alone, De- clares President

WASHINGTON, May 25—(AP)—The United States, Britain and France today announced a joint agreement to supply arms to the Middle East—for defense alone, President Truman hailed it as a move to stimulate "increased confidence in future security" in that area.
The President expressed this view in a statement commenting on the three-power accord reached at London during the foreign ministers conference early this month.
Under the agreement, arms can be sent to both the Arab nations and Israel if they give assurances they will not use the military equipment "to undertake any act of aggression against another state."
The agreement marked an end to longstanding differences among the Western powers over the question of providing weapons to either fighting over the partition of Palestine.
Mr. Truman said the United States believes the action "will stimulate, in the Arab states and Israel, increased confidence in future security, thus accelerating the progress now being made in the Near East and contributing toward the well-being of peoples there."
The participation of the United States government in the declaration emphasizes the country's desire to promote the maintenance of peace in the Near East.
The President declined to answer any questions on the statement at his news conference.
The text of his statement:
During the recent meeting in London, the foreign ministers of the United States, the United Kingdom, and France had an opportunity to review the security and armaments situation in the Near East and to consider what action their governments might take to provide greater stability in the area. As a result of this consultation, a three-power declaration is being issued. This is another of the many valuable results of the London meeting.
The participation of the United States government in the declaration emphasizes the country's desire to promote the maintenance of peace in the Near East.

Korean Chiefs Clamp Down On Northern Reds

Officials Claim They Arrest More Than 200 Communists

SEOUL, May 25—(AP)—Korean officials today announced the arrest of more than 200 Communist sympathizers and said they had smashed attempts of Red North Korea to influence this Republic's national election Tuesday.
The prosecutor's office announced the arrest of 112 persons, including one candidate for the National Assembly. He said they were plotting to overthrow the republic.
He said some high ranking officers of the republican Army were among those arrested. He didn't name them.
National Police Chief Kim Tai Sun said more than 100 members (Continued on Page Four)

Herridon Is Making Hobby of Saving Historical Objects

The once familiar downtown of Sanford, which was almost completely destroyed by a fire in the early days of Seminole County which included the present area of Seminole County.
The little copper bell, which used to sound Sanford's pioneer citizens scurrying for the school door, is believed, said Mr. Herridon, to be the first and only school bell to have been rung in Mellonville, now the Mayfair section of Sanford.
An early school house, he pointed out (Continued on Page Five)

Survey Shows That 1,838 Houses Lack Water Facilities

A survey of housing within certain areas of Sanford revealed that 95 percent, or 2,384 out of 2,510 dwelling units examined were sub-standard and 1,838 lacked running water facilities within. George W. Simons, Jr., Jacksonville engineer, revealed in his report to the Sanford Housing Authority.
These statistics were revealed Tuesday at an adjourned meeting of the Housing Authority. Edward Higgins was re-elected chairman and R. T. Cowan vice chairman of the Housing Authority. Their terms expire May 20, 1951.
Mayor Carraway appointed the Rev. J. E. McKinley a commissioner of the Housing Authority for a four year term expiring May 20, 1954.
The Simons report revealed that 1,139, or 45 percent of the dwelling units surveyed, were in a dilapidated condition. More than 2,000 of the units had no bathing facilities and 907 were not wired for electricity.
More than 86 percent of the families living in the sub-standard units had incomes of less than \$2,000 a year. Of the rents paid, 54 percent ranged from \$15 to \$30 a month, and 20 percent exceeded \$30 a month.

Korean Chiefs
 (Continued From Page One)
 of an elaborate organization called the Farmers and Laborers Unification Democratic Battle Front were arrested. He said they paid allegiance to the Communist north Korean government.
 Chial Kim said the battlefronters reported a direct line of authority extending to the north Korean President, Kim Il Sung.
 The chief said the line extended through Es Chu Ha and Kim Sam Yong—both arrested—in south Korea and two high committees in north Korea. He said communications were maintained through short wave radio.
 North Korea's official radio, Pyongyang, last week praised Es Chu Ha and Kim Sam Yong as great patriots.
 Chief Kim said seven candidates for the south Korean National

Assembly were members of the disloyal battlefront — which broke down into 30 lesser organizations. Kim said from one to 25 members of each of the 30 groups was taken in raids the past week.
 The prosecutor's office said his 112 prisoners were Communist underground workers, members of the north Korean Labor Party under direct leadership of President Kim of north Korea. It added:
 Top figures of the plot were Sung Si Baik, who came to south Korea from China in 1946, closely studied the situation here — then went to north Korea. There he conferred with President Kim and Kim Kwa Bong, a high northern official, on plans to overthrow the south Korean government.
 Sung organized the north Korean Labor Party's political commission in south Korea. It was actively supporting nine candidates for the assembly.
 The prosecutor's office said

\$14,800, some gold and two wireless telegraph sets, used to send messages to north Korea, were seized. So were some important documents.
 Meanwhile, in Saigon, Indochina, the United States announced a program of economic aid for Indochina, but warned that the main responsibility for restoring stability to the war-torn country rests with France and the Associated Indochina States.
 The American announcement was transmitted to the French and the Indochinese governments in a letter from Edmund Gullion, U. S. legation charge d'affaires here. The letter made no mention of the extent of the aid program or its specific nature.
 The general expectation here is that the program will begin with an initial allocation of about \$20,000,000, reported to have been recommended by the American mission to southeast Asia under

Allen Griffin.
 The American announcement said the aid is designed to reinforce the joint efforts of France and the governments and peoples of Vietnam, Cambodia and Laos, the French-supported states. But this assistance is only complementary

"without any intention of substitution" for the efforts of the government, the letter emphasized.
 In Taipei, the Nationalists reported they repulsed another Chinese Communist attempt to smash the Wanshan (Ladrones) Islands. The defense ministry said 3,000

Red invaders were killed and 70 taken captive, including the skipper of a warship.
 It added that Nationalist warships sank one 400-ton landing craft, several gunboats and more than 20 motor driven junks.
 The Ladrones are off the south-

east China coast between Hong Kong and Macao. They are a naval base, from which the Nationalists blockade the Pearl River estuary, main water route to Canton.
 It was the second time within a week the Nationalists thwarted a

Red onslaught on the Ladrones. On Guam, the biggest concentration of naval power in the Western Pacific since war's end—33 U. S. warships—arrived at Guam under Vice Adm. Arthur D. Struble, commander of the seventh fleet.

of home on the corner of the same street and Sanford Avenue, a lot now vacant. A year later the first school building was erected on Palmatino Avenue, and it now serves as a nursery. The first teacher was Mrs. C. H. Leffler was teacher. During the following year the school was moved to the Dr. Tuck-

Mammoth A-Bomb Plant Shutdown By A. F. L. Strike

OAK RIDGE, Tenn., May 25 (AP) — A mammoth atomic plant construction project was shutdown completely today by a wildcat walkout of A.F. workers. The strike, which members of the laborers and hodecarriers union began yesterday without warning, spread to all other crafts working on the project, the Atomic Energy Commission reported.

Swimming Pool

(Continued From Page One) the pool will be open during the following three periods: 9:00 A.M. to 1:00 P.M.; 2:00 to 6:00 P.M. and 7:00 to 9:00 P.M. Sunday hours will be from 2:00 to 6:00 P.M.

Arms To Near East

(Continued From Page One) States government in the declaration to promote the maintenance of peace in the Near East. It is the belief of the United States government that the declaration will stimulate, in the Arab states and Israel, increased confidence in future security, thus accelerating the progress now being made in the Near East and contributing to the well-being of the peoples there.

tegy importance of the Middle East in the East-West cold war, officials here were of the opinion the Big-Three foreign ministers had this strongly in mind. Their joint statement said the three governments recognized that the Arab states and Israel "need to maintain a certain level of armed forces for the purpose of insuring their internal security, their self defense and to permit them to play their due part in the defense of the whole area."

From where I sit... by Joe Marsh

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball. Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

experience and all." (Moose used to play a little semi-pro ball.) That did it! Next day Moose put up a stile over his fence. In return, the kids promised not to cause any damage. From where I sit, when you try to understand the other fellow's point of view—like his personal preference for beer or coffee—and then take into consideration the will of the majority, why, things seem to go better all around.

Joe Marsh

Smathers

(Continued From Page One) proposals. He said that as a Senate Democratic nominee "I will always reserve my right to differ with the Democratic Party and the administration on those measures which I believe to be against the best interests of our state and this nation."

Stevens Hurls 4 Hit Ball As Giants Lose To Daytona Beach Islets 2-1

Hurler's Mates Fail To Hit In Clutch; Bob Rivera Will Face Azuleas Here

By BILL HERRING
Herald Sports Reporter
Clyde Stevens held the Daytona Beach Islets to four singles last night at Municipal Ball Park, but failed to win the game when his mates balked in the clutch and left nine runners stranded on the base.

The final score was 2-1. The Islets got their only two rallies of the evening in the fourth frame when clean-up batter Krupp drew a walk and went to second on Oberlin's single. Mitroff promptly "dumpped a bunt down the third base line toward Buddy Lake. Lake scooped up the agate and threw high to Ed Levy, allowing Krupp to score and Oberlin to take third. Dutton singled the runner home for the Islets final tally.

The Giants lone tally came in the seventh inning when Foster singled, went to third on a wild pitch and scored when Stan Berman reached first via the error route. Norm Hanalick, Islet hurler, allowed the locals only five singles, while walking six and striking out 13.

Sanford dropped a scoring opportunity in the fourth when Levy walked and went to second on Lake's single to right field. The manager was nipped at the plate, however, when he tried to come home on Tom Rosa's single to right. Hanalick ended the Giant threat by whiffing Marcel Pooler.

The Giants make another home stand tonight when they take on the Palatka Azuleas at 8:00 P. M. Diamond Dust: Ed Levy drew four straight walks in four trips to the plate. . . Long struck out four times for an equal amount of at bats. . . Fields were shaken in a hit with Chadderton taking short and Lake third. . . regular shortstop Neville was benched. . . Ed Jackson made the fielding play of the night when he batted in Waltercutler's fifth inning drive while on the run. . . Bob Rivera, newly acquired Puerto Rican hurler, started tonight for the Islets.

SAINTS LOSE

ST. AUGUSTINE, May 28—(AP) — The Saints kicked away a 6-0 decision to Orlando here last night, allowing four unearned runs, three of them contributed by Shortstop George Barnes. Barnes, Orlando right-hander, stretched his hitting streak to six straight games, blasting two home runs and a double in five appearances. The Saints booted away a 3-1 lead in the sixth. They rallied to even the score at 5-5 in the seventh on Gene Petty's triple. But they smashed a triple in the eighth and came home on an error in the deciding tally.

GIANTS HURLED

By Ed Brodsky, outpitched the Islets at the Sanford Municipal Ball Park on the afternoon of Thursday, May 28.

Clubhouse

By FRANK ECK
AP Newsfeatures Sports Editor
NEW YORK—Tom Meany, who remembers when a five-cent train ride would get him to Ebbets Field, which accounts for his tremendous amount of baseball lore, has written another baseball book, "Baseball's Greatest Hitters." (A. S. Barnes, \$3) is typical of Meany, well done with anecdotes of good taste on the best—pardon, greatest—hitters known.

Rather than date on some of the humorous angles covered by Meany let's look at his 20 hitters. At a hurried glance one might think Tom attempted to list the 20 in order. He has Ty Cobb, Edie Collins and Joe DiMaggio just that way for his first three choices. But they are in alphabetical order. The others are: Jimmie Foxx, Lou Gehrig, Harry Heilmann, Rogers Hornsby, Shoeless Joe Jackson, Ralph Kiner, Nap Lajoie, Stan Musial, Mel Ott, Babe Ruth, Al Simmons, George Sisler, Tris Speaker, Bill Terry, Honus Wagner and Paul Waner.

Meany spent some time talking to baseball's best minds before settling on his list of 20. "There were many borderline cases," as French Rickey would say, and does. However, it is apparent to the naked eye that Meany disregarded any Hall of Fame list in reaching his analysis. Of the great hitters he picks, only three are in Cooperstown's shrine. They are Cobb, Collins, Gehrig, Hornsby, Lajoie, Sisler, Speaker, Ruth and Wagner. DiMaggio, Kiner, Musial and Williams, all being very much alive, will be in the Hall of Fame at a later date. Right now they are ineligible.

Celery-Feds Play In Tournament Today

The Celery Feds will tangle with Daytona Beach Mainland nine today at 1:00 P.M., at Municipal Ball Park in the opening game of the group two high school baseball contest being played here in Sanford.

If the locals win today they will be pitted against the winners of the Lakeland-Orlando series for the conference crown. The final game to decide the winner will be played tomorrow night at Municipal Ball Park.

A's TAKE PACKERS

PALATKA, May 28—(AP)—The Palatka Azuleas shellied Tony Busch, veteran Leeburg hurler, from the mound after he had tolled for five and one third innings allowing eight hits good for nine runs and a 9-3 win for the Palatka here last night. James Hartley relieved and was touched for one bingle and two runs. John Barski received credit for the win but needed help in the seventh as he and George Rivera limited the Packers to six singles. The Motmen went the rounds with Bob Rucker blasting a second inning homer, Ricky Campbell a sixth inning triple with water aboard and Miller a fifth inning double that scored three runs with the aid of a Leeburg error at third.

SPOTS HERE

The spots here of Paul Mitchell, tackle with the New York football Yanks, is Joe DiMaggio whose locker at Yankee Stadium will open in the fall.

Big Ten Coaches Pick 13 Men For 1/2-Century Squad

CHICAGO, May 25—(AP)—Big Ten coach today named a 13-man, half-century squad, headed by Ohio State's great Jesse Owens. He also named the conference's top 50-year trackster.

The squad will be honored at Saturday's finals of the 50th conference outdoor meet at Northwestern's Dyche Stadium. The mythical squad still owning a total of 38 major track and field records, was announced by Commissioner Tug Wilson, who also joined the track coaches in the selection.

100-Yard Dash—Jesse Owens, Ohio State, 1904.
220-Yard Dash—Owens, 1905.

GIANT HURLED

COLLEGE STATION, Tex., May 25—(AP)—Bruce Morrison, senior southpaw pitcher for the Texas Aggies, has been signed by the New York Giants.

Johnny Hudson, Giant scout who signed Morrison, said the 30-year-old northpaw will be sent to Enid, Okla.

The Northhelm, Tex., lad pitched two superb games in 1949, beating the Houston Buffs and Baylor University Bears. This spring he had been used sparingly due to wind-ups.

William Campbell Tops Opponent In Scotland Tourney

ST. ANDREW'S, Scotland, May 25—(AP)—The battle of "slant killers" — 1949 and 1950 versions — featured fifth round activities today in the British Amateur golf championship.

Bill Campbell, the larruping legislator from Huntington, W. Va., met Irishman Sam McCready, the defending champion, in the match that had the golf faithful of old St. Andrews drooling.

The tall, smooth swinging Campbell electrified this historic old tournament by brushing aside the heavily favored little wedge master from Elmford, N. Y., Willie Turnesa, yesterday, 3 and 1.

Al Simmons Slapped With AL Suspension

CLEVELAND, May 25—(AP)—Al Simmons had a stack of telegrams to look over today, but one of them spoiled everything.

PACKER END GREEN BAY WJ

(AP)—The Green Bay Packers today announced the signing of their second Southern Conference football player in two days.
