U.S. Warships Attack Iranian Targets

By Richard C. Gross

WASHINGTON (UPI) — Four U.S. Navy destroyers demolished an armed Iranian oil platform in the Persian Gulf today in retaliation for Iran's missile attack against a U.S.-flagged Kuwaiti tanker in Kuwaiti waters Friday, the Pentagon said.

The four ships launched 1,000 rounds of 5-inch shells 6,000 yards from their target — an armed, twin-towered inactive oil drilling platform called Ras Hadat that has been used to launch small boat attacks against and for radar targeting of gulf tanker traffic, Defense Secretary Casper Weinberger said in announcing the U.S. reprisal.

One tower was demolished completely and the second was 90 percent destroyed, Pentagon spokesman Fred Hoffman said.

No fire was returned at U.S. forces, the Pentagon said.

'Appropriate response to last week's Iranian missile attack on a U.S. reflagged vessel engaged in a peaceful, non-belligerent commerce in the Gulf.'

—Casper Weinberger
Secretary of Defense

See related story, 3A

The 7 a.m. EDT retaliation was a "measured and appropriate response" to Iran's "unprovoked" Silkworm missile strike against the U.S.-flagged Kuwaiti tanker Sea Isle City in Kuwaiti waters Friday, Weinberger said. "We consider this matter is now closed."

Although he said the United States does "not seek any further confrontations with Iran," Weinberger warned that U.S. forces "will be fully prepared to meet any escalation of military actions by Iran with stronger countermeasures."

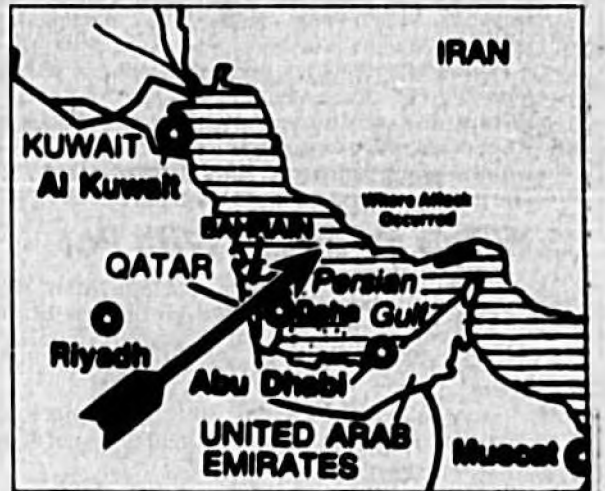

The 20 to 30 Iranians aboard the platform had been warned 20 minutes before the attack and some were spotted abandoning the area in a small boat, Weinberger said.

There were no known Iranian casualties and a search for possible survivors was under way, he said.

No fire was returned from Ras Hadat, situated 120 miles east of Bahrain, although it was armed with 23mm anti-aircraft guns and .50 caliber machine guns, and no Iranian warplanes challenged the ships, Weinberger said.

A fifth ship, the anti-aircraft cruiser Stanley,

Special Session: Second Verse Same As First

By Deane Jordan
Herald Staff Writer

The Florida Legislature finished its second special session last week on the services sales tax, and for the second time nothing was concluded. No date has been set for the lawmakers to reconsider the issue, though it may be put on the agenda in a special session planned to consider the medical malpractice issue.

This was the second special session on the services tax issue, and there appears to be no limit to the number of special sessions the governor or the Legislature can call, according to the state's constitution.

Whether the governor can call two special sessions on the same topic is in question, however, and the issue is being reviewed by the Florida Supreme Court.

While there appears to be no limit to the number of sessions, the Florida Constitution limits special sessions to 20 consecutive days, and the topic of the special session must be announced when the session is called, said John Phelps, Clerk of the House.

An exception to the limited topic of discussion can be permitted if two-thirds of the members in each chamber vote to consider other matters. The Legislature did just that in the first special session when it agreed to look at the gun licensing law even though the lawmakers were called to Tallahassee to hash out the service tax controversy.

The first special session convened Sept. 21 at the behest of Gov. Bob Martinez, a Republican.

Grace Fair, teacher and coach at Hamilton Elementary School in Sanford, awards a teddy bear to third-grader Lindsey Evans, 8, and a soccer ball to fourth-grader Adam Cornelius, 9, for their winning posters for Special Olympics. Hamilton Principal Carem Gager looks on.

Cornelius' and Evans' pictures, selected in a drawing contest for the school's third, fourth and fifth grades, will be used on a county-wide poster to promote Seminole County's coming Special Olympics Saturday at Greenwood Lakes Middle School beginning at 9 a.m.

Wall Street In A Panic

Dow Down 200-Plus Points

By Ellen Frellich

UPI Business Writer

NEW YORK (UPI) — The Dow Jones Industrial average plunged more than 200 points shortly before 11 a.m. EDT today as panic selling swept Wall Street.

The Dow, which fell 235.48 points, or 9.5 percent last week, was down 207 to 2030.99 at 10:55 a.m. EDT. By 11 a.m. the widely followed blue chip index was down 201.20 to 2029.79.

Losers wiped out gainers by a 32-1 ratio on the Big Board, where volume topped 154 million shares.

"There's full-scale panic," said Robert Kahan, manager of equity trading at Montgomery Securities in San Francisco.

Fear that the United States will let the dollar fall heightened inflation and interest fears that last week were already at fever pitch and fed the panic, traders said. More than 100 million shares changed hands in the

first hour of trading.

The New York Stock Exchange Composite Index fell 3.60 to 145.53. The price of an average share plummeted by \$3.09.

As of 11 a.m. the New York Stock Exchange tape was running 40 minutes late.

Traders said adding fuel to the market's slide was a front-page article in Sunday's New York Times quoting Reagan administration officials as saying the United States would be withdrawing from the West German market.

A decline against the mark would likely involve similar drops against other major currencies, such as the yen.

The U.S. assertion represents a sudden change in a policy to keep the dollar in a targeted trading range, a goal that has been in effect for eight months.

"We're in a panic stage," said Tom Gallagher, trader at Oppenheimer & Co. "The European markets got annihilated and the

Longwood Deputy Mayor June Lormann pays her water bill at new drive-through window at the water administration office in the newly renovated city hall annex.

Drive-Through Included To Pay Bills

Longwood Opens City Annex For Utilities Staff

By Jane Casselberry
Herald Staff Writer

Water and sewer customers in Longwood won't even have to leave their car to pay their monthly utility bills starting today. The newly renovated city hall annex has a drive-through window for their convenience.

The space problem at Longwood City Hall will be relieved since the water administration, finance, data processing, purchasing, personnel and legal departments moved next door over the weekend into the annex. Work began on the project after the police department moved out in March and into its new facilities at 235 W. Church St.

Wherever possible work on the annex was done by city employees, however, rewiring,

carpeting, drywall installation and cabinet-work were jobbed out, City Administrator Ron Waller said.

To date the city has paid out \$22,423 on the project, but all of the bills have not yet been paid, according to Acting Finance Director Mary Triplett.

The personnel director, funded in the 1987-88 fiscal year budget, has not yet been hired. Waller has received 30 applications for the position advertised in September at \$20,000 to \$25,000 a year. He said he hopes to make a decision sometime in November.

Former secretary to the city attorney, Rhonda Ledford, is the purchasing director, a position funded for the first time as of Oct. 1. Former secretary to City Clerk Don Terry and the city administrator, Martha Tyler, is

now secretary to City Attorney Michael Kramer.

The data processing clerks and the water administration personnel now report to the acting finance director.

Jacquelyn Hoefler of Kane & Associates, who has been evaluating employees and the duties they perform, said it was logical to have these departments together in the annex, but not necessarily the city attorney. Since the city attorney did not have a private office in city hall, space was allocated in the annex when renovations began.

The city administrator and city clerk's offices, Building, Planning and Zoning departments will remain in the city hall at 175 W. Warren Ave.

Five Dead In Three Weekend Accidents

By Deane Jordan
Herald Staff Writer

A Deltona woman and girl were among five traffic fatalities in three separate accidents in Volusia County over the weekend.

The Deltona residents killed were Doris L. Richardson, 13, of 531 Richmond Ave., and Lula L. Lawrence, 67, of the same

address. They were killed in an accident Sunday at 6:12 p.m. on County Road 415, according to the Florida Highway Patrol.

Also killed in that accident were Sebering Lawrence, 33, of Charlottesville, Va. Seriously injured in the same vehicle in that accident were Karen Kimble, 24, Charlottesville, and Jennifer Lawrence, 9, of

Tavares.

Injured in a second vehicle in the same accident were Ella Warren, 35, and George Rose, 24, both of Daytona Beach.

Warren was in fair condition today at Halifax Medical Center in Daytona Beach. Rose, Kimble and Lawrence were in serious condition in intensive surgical care.

The accident occurred when Warren's northbound Jeep, ran off the roadway on a curve, darted back onto the road and collided with a southbound Chevrolet driven by Sebering Lawrence. The Jeep overtook after impact ejecting Rose. Lawrence's vehicle spun half a

Sales Tax Stays On County Ballot

By Brad Church
Herald Staff Writer

Seminole County Commissioners decided Monday to go ahead with the Nov. 3 referendum on a one-cent local sales tax to finance improvements to roads and other public works projects.

The commissioners had contemplated canceling the referendum if the state legislature decided to raise the state sales tax, or remove counties' authority to levy a local sales tax, both discussed during the special session which ended

POLICE

IN BRIEF

Family Fight With Police Brings Arrest Of Three

Sanford police reported arresting a husband and wife who allegedly attacked police at Captain Nemo's, 3639 Orlando Drive, Sanford, at about 12:30 a.m. Saturday. The couple's 25-year-old son was also arrested. He was charged with disorderly intoxication.

Donna Martin, 43, of P.O. Box 365 Lake Monroe, was charged with battery on a policeman, resisting arrest with violence and disorderly intoxication. Ronald H. Martin, 48, of 234 Main Road, Lake Mary, was charged with battery on a policeman, resisting arrest with violence and criminal mischief. Their son, Ronald H. Martin Jr., was also arrested.

Donna Martin is accused of kicking a policeman in the face several times. Ronald H. Martin Sr. is accused of hitting and scratching a policeman. Police reported he ripped an officer's uniform and tore off the policeman's watch, along with a gold chain and charm. The Martins have been released from jail on bond.

Wife's Head Hit With Pot

A 35-year-old Altamonte Springs man who allegedly threw a plastic flower pot and hit his wife in the head with it at about 2 a.m. Saturday was arrested by Altamonte Springs police at his home on a charge of battery-spouse abuse.

Larry Allen Dorsey, of 302 S. Wymore Road, #102, Altamonte Springs, was being held in lieu of \$500 bond.

Convenience Store Robbed

A clerk at the Lil' Champ, State Road 436 at Bear Lake Road, Apopka, reported to Seminole County sheriff's deputies that a robber, who appeared to have a gun and who threatened to blow the clerk's brains out, got about \$40 in a robbery at about 8:50 p.m. Friday. The clerk said the suspect fled on foot, but he didn't see what direction the robber went.

Driving Under Influence Arrest

The following person has been arrested in Seminole County on a charge of driving under the influence: —Gary Douglas Gamboe, 20, of Zaneville, Ohio, was arrested at 12:34 a.m. Friday after his van which was weaving north on Montgomery Road, Altamonte Springs, almost forced an oncoming police car off the road.

Man Nabbed In Rape Case

By Susan Loden
Herald Staff Writer

Seminole County sheriff's deputies reported making an arrest early today in one of two rapes reported this weekend. The suspect who was arrested was reportedly stabbed by the victim and was treated at a hospital before being booked into jail to be held without bond on a sexual battery charge at about 7 a.m. today.

In that case, Seminole County sheriff's deputy William Shaffer reported being called to the scene of a stabbing at 3018 Dixon St., Midway, at about 12:09 a.m. today. There, Shaffer met the suspect, Charles Benjamin Smith, 34, of 2401 Sipes Ave., #1, Midway, who said he had been cut on the hand and stabbed once in the back by a group of unidentified men and woman who attacked him at that location.

The victim of the sexual assault, a 29-year-old Midway woman, told Shaffer a different story. She said she had been grabbed by the rapist, pulled into a home at that address and

raped. When she was leaving that home, walking through woods, she said the suspect followed her and threw her to the ground. She allegedly said she took a knife from her purse and stabbed the suspect. She has not been charged in connection with the stabbing.

Smith was transported to Florida Hospital—Altamonte Springs, where his wounds were treated before he was arrested by investigator Ralph Salerno.

Salerno said that, according to the suspect, the victim had allegedly smoked the suspect's crack cocaine but refused to have sex with him in exchange for the cocaine. When she refused the demand for sex, she allegedly was raped and apparently stabbed the suspect in self-defense.

In the other unrelated rape, the victim arrived at her Fern Park home at about 5:50 a.m., and a man forced his way into her home. The burglar was not armed, but he raped the woman before he fled, sheriff's investigator Janice Walther reported today.

FIRE CALLS

Sanford

Saturday
—12:48 a.m., 3639 Orlando Drive. False alarm.
—6:27 a.m., Eighth Street and Oleander Avenue. Lee Davis, 109 Park Ave., 25, assaulted and robbed by two men in park at Castle Brewer Court. Patient reported to police he was hit in back and stomach by an unknown object. Patient complained of pain in his back. He was surveyed, immobilized and transported to Central Florida Regional Hospital.
—8:53 a.m., 3291 S. Sanford Ave. Boy, 2, sprayed mace into his mouth. Patient evaluated. Mother had already flushed the boy's mouth with water and said she would take the boy to the

doctor.
—9 a.m., 200 W. Airport Blvd. Man, 70, complained of chest pains and difficulty breathing. Patient surveyed, evaluated and oxygen administered. Transported to Central Florida Regional Hospital.
—1:01 p.m., U.S. Highway 17-92 and Lake Mary Boulevard. Man involved in auto accident complained of headache. Patient evaluated and refused transport.
—2:53 p.m., 2171 W. First St. Fire out upon arrival.
—6:54 p.m., Seminole Boulevard west of Lake Monroe Inn. Man found dead in Lake Monroe. No action taken. Seminole County's Fire Department and Sheriff's Office were on the scene.
—7:18 p.m., Shenandoah Village, Apt. 18. Unlocked car with 2-month-old child inside.
—8:02 p.m., 1521 Mangoustine Ave. Man, 23, possibly intoxicated. Patient evaluated and vital signs taken. Transported by Sanford Police Department to the Seminole County Jail.
—9:55 p.m., Mellonville Avenue and Cornwall Avenue. Auto accident involving girl, 15. Patient had cuts and scrapes on both legs. Cleaned and bandaged wounds. No transport.
—10:34 p.m., 619½ Palmetto Ave. Man, 18, complained of pain when breathing. Patient evaluated and vital signs taken. No transport.
—11:59 p.m., 300 Bay Ave. Woman, 40, complained of general illness. Patient surveyed, vital signs taken and oxygen administered. Transported to Florida Hospital of Altamonte Springs.

Happy Trails To You

Herald Photo by Tommy Vincent

Freddie Hering, above left, repairs a trail marker sign as part of his restoration project at Camp Thunderbird, a camp for mentally retarded and disabled children and adults.

Herald Photo by Louis Raimondo

Above right, Al Roach, 16, (left) makes firm the foundation of a newly constructed bench, while Mike Callahan, 17, uses a builder's level to make certain the bench is set.

Summer Camp For Mentally Retarded, Disabled

Scout Does Handicapped's Exterior Decorating

Longwood's Freddie Hering had a dream, and others are reaping the benefits.

The 16-year-old senior at Lake Brantley wanted to achieve the highest rank of scouting in his Troop 203 in Altamonte Springs. To fulfill his Eagle Scout community service project, he took on the task of renovating Camp Thunderbird, a 20-acre summer camp on Lake Prevatl near

Wekiwa Springs State Park.

The camp, for the mentally retarded and disabled located, badly needed a facelift. Hering, with the help of 20 other Scouts and two high school friends, completed the project's two phases: clearing out a nature trail for campers to help learn and enjoy plants and wildlife, and building benches — rest stations — for the handicapped

campers.

Signs along the nature trail help campers identify the lakeside botany. The benches keep the disabled, who tire easily, off the ground and away from the biting insects.

Hering put more than 200 hours of elbow grease and sweat into restoring the trail and building 16 wooden benches.

Cardinal Industries granted

aid to Hering for the lumber used for sign posts and benches.

Families or guardians of Thunderbird's campers specify which activities they want the camp's staff members to work with the campers on. Campers often learn simple tasks, such as making beds, dressing themselves and ordinary social skills.

—Brian Hedberg

Warm, Balmy Breezes Chase Those Sneezes

Staff And Wire Reports

Wouldn't you know the British would retaliate. They got our hurricane, so they sent us their fog. That's what it was this morning — London fog. Burned off quickly though so you can admire that sunshine.

Enjoy while you may. Temperatures should be in the mid-80s with a balmy breeze from the north, maybe up to 15 mph. Lows for the next couple of days should be in the mid-60s. Things will change at mid-week, however, so be prepared. Won't get real bad though.

Just imagine living in Gunnison, Colorado and waking up to a 12 degree reading on the thermometer. Or, Palm Springs, California yesterday with a high of 96. Course, the two places are separated by a few mountains. You've seen a 50 degree change in Seminole County's temperature during the same day.

There're some things we don't have to be concerned about. Earthquakes, for one. Hasn't been one around here since before the Ice Age. But the western states have more than their share. Two seeks ago it was California, now it's Utah.

Part of an earthquake-damaged apartment house that had been declared partially safe by city inspectors collapsed during the weekend, but the three families who were living there escaped unhurt, police said.

Two of the four units in the building had been declared unsafe by city Building and Safety inspectors after an earthquake shook the area Oct. 1.

More than 10,000 structures sustained damage in the quake, which measured 6.1 on the Richter scale.

A minor earthquake shook central Utah early this morning, but no damage or injuries

were reported, authorities said.

The earthquake with an estimated magnitude of 3.9 on the Richter scale struck at 1:17 a.m. MDT near Mt. Pleasant, about 50 miles south of Provo, said Don Kelly of the U.S. Geological Survey.

A dispatcher with the San Pete County Sheriff's Office said he had received only one call from a person reporting rocking lamps and rattling windows, but had no knowledge of damage or injuries resulting from the tremor.

Storms roamed the southern Plains early today after hitting Texas with hail as big as golf balls, damaging winds and up to 2 1/2 inches of rain in less than an hour.

Violent thunderstorms developed late Sunday in Texas, Arkansas and Louisiana while weaker versions were reported in Oklahoma, Kansas and Missouri. Forecasters said the storms were weakening today.

"It shouldn't be a dangerous situation," said Harry Gordon of the National Weather Service. "The storms will continue in Texas but the winds won't be as gusty today and there'll only be small hail."

Golf-ball size hail was reported in northeastern Texas Sunday and hail 1-inch in diameter pelted southwestern Arkansas.

High winds downed trees near Gum Springs, Texas and rolled a couple of mobile homes. In Arkansas, winds downed trees south of Fort Lynn.

Some 2 1/2 inches of rain in just 45 minutes drenched northeastern Texas.

Skies were mostly cloudy over the rest of the nation Sunday with only a few showers dotting northern Illinois and the east coast of Florida.

The temperature dropped to 34 degrees Sunday in Astoria, breaking a record low of 35 set in 1969.

Local Report

The high temperature Monday in Sanford was 83 degrees and the overnight low was 68 degrees as reported by the University of Florida Agricultural Research and Education Center, Celery Avenue. Recorded rainfall totaled .10 inches for the weekend. Mostly sunny but mild today with expected high near 84 and little or no chance of rainfall.

Area Forecast

Today mostly sunny and mild. High in the mid 80s. Wind northeast around 10 mph. Tonight mostly fair, except locally dense fog possible late tonight. Low in the mid to upper 60s. Variable mostly light northeast wind. Tuesday mostly sunny and mild. High in the mid 80s. Wind east 5 to 10 mph.

Extended Forecast

The extended weather outlook, Wednesday through Friday, for Florida except northwest — Mostly cloudy over north on Wednesday and over central on Thursday and Friday. Rain or showers likely over north on Wednesday and over central on Thursday and Friday.

Area Readings

The temperature at 8 a.m.: 70; overnight low: 68; Sunday's high: 87; barometric pressure: 29.97; relative humidity: 93 percent; winds: North at 8 mph; rain: None; Today's sunset: 6:52 p.m.; Tuesday's sunrise: 7:29 a.m.

Area Tides

MONDAY:
SOLUNAR TABLE: Min. 3:15 a.m.; 3:30 p.m.; Maj. 9:20 a.m.; 9:40 p.m. **TIDES:** **Daytona Beach:** highs, 6:20 a.m.; 6:44 p.m.; lows, 12:21 a.m.; **New Smyrna Beach:** highs, 6:25 a.m.; 6:49 p.m.; lows, 12:26 a.m.; 1:44 p.m.; **Bayport:** h 1 g h s 12:03 a.m.; 12:07 p.m.; lows, 6:09 a.m.; 6:33 p.m.

Boating

St. Augustine to Jupiter Inlet — Today wind northeast around 10 kts. Seas 2 to 3 ft. Bay and inland waters a light chop. Tonight wind northeast to east around 10 kts. Seas 2 to 3 ft. Bay and inland waters a light chop. Tuesday wind northeast to east less than 10 kts. Seas 2 ft or less. Bay and inland waters smooth to a light chop.

COMING EVENTS

Alcoholics Anonymous Groups Schedule Tuesday Meetings

Area Alcoholics Anonymous groups meeting on Tuesday include:

- Rebo Club AA, noon and 5:30 p.m., closed to the public, 8 p.m., step, 130 Normandy Road, Casselberry. Clean Air Rebo Club, noon, closed to the public.
- Alanon, 7:30 p.m., Casselberry Senior Center, 200 N. Lake Triplet Drive, Casselberry.
- Sanford AA, noon, 5:30 p.m., 8 p.m., open discussion, 8 p.m., Living Sober (closed to the public), 1201 W. First St., Sanford.
- 24-Hour AA group beginners open discussion, 8 p.m., 317 S. Oak Ave., Sanford.
- 17-92 Group AA, 8 p.m., (closed to the public), Messiah Lutheran Church, 17-92 and Dogtrack Road.
- Alcoholics Anonymous, 8 p.m. (closed to the public), West Lake Hospital, State Road 434, Longwood.

Help For Parents Of Diabetics

Support group for parents of children with diabetes will meet Tuesday, Oct. 20 at 7 p.m. in Room 243 of the Medical Plaza at Florida Hospital in Orlando. The meeting will be facilitated by certified diabetes specialists. For information call Beth Kras, 897-1787.

Public PLANETWATCH Planned

Astronomers from the John Young Planetarium and the Central Florida Astronomical Society will gather their telescopes for PLANETWATCH, a public skyviewing session starting Jupiter and Saturn at the Orlando Science Center on Wednesday, Oct. 21, at 7 p.m. Admission is free. The center is located in Loch Haven Park at 810 E. Rollins St., Orlando.

Club Ready To Deal

Sanford Duplicate Bridge Club meets at 12:30 p.m. each Tuesday at the Greater Sanford Chamber of Commerce building, 400 E. First St., Sanford.

Sanford Lions Meet

Sanford Lions Club meets at noon each Tuesday at Western Sizzlin Steakhouse, 2900 Orlando Drive, Sanford.

Toastmasters Charter Club

Toastmasters Club meets at Seminole Community College every Tuesday at 7:30 p.m. in the Student Cafeteria alcove.

Sanford Seniors To Meet

Sanford Senior Citizen Club will meet at the Sanford Civic Center at noon on Tuesdays. The activities are open to all senior citizens.

Overeaters Support Group

Overeaters Anonymous, open to the public, meets every Tuesday, at 7:30 p.m., at the Florida Power & Light, 301 S. Myrtle Ave., Sanford.

Weight Loss Group Meets

TOPS (Take Off Pounds Sensibly) Chapter 79 meets from 8:15 p.m. to 8 p.m. every Tuesday at Howell Place, 200 W. Airport Boulevard, Sanford. For information contact Johnnie Futrell at 321-8240 between 9 a.m. and 5 p.m.

Senior Activities Scheduled

Senior Shoppers Club activities on Wednesday, Oct. 21, in Senior Community Room of Loehmann's Plaza, State Road 434, Altamonte Springs, will include exercise for seniors, 9:45 a.m.; breast cancer detection by Florida Mobile Imaging, 9:30 a.m. to 3 p.m.; computerized body analysis by Ultimate Fitness, 10:30 a.m. to 11:15 a.m.; the Benefits of Prime 55 Banking by Peoples First. Refreshments are served until 3 p.m.

Hunting Club Leases Sanford City Acreage

Maryann L. Cross
Herald Staff Writer

A local hunting club will sign a one year lease with Sanford for the 2,200-acre parcel at Lake Jesup purchased by the city for possible wastewater irrigation.

The City Commission Monday unanimously approved the \$7,500 lease with the Lake Jesup Hunting Club. Larry Casey, president of the club, said this is the seventh year the club has leased the land.

The club has a hunting camp on the property, Casey said. Casey said members visit the camp several times a week to camp out, hunt during season, and do routine maintenance such as cutting the grass to keep the snakes away.

"We have a tractor that we bring out there to keep the camp from becoming overgrown with plants," Casey said. "There are 15 members, including myself, in the club and dues are \$700 per person per year. For that fee members have use of a generator for electricity, jeeps, and access to the land for hunting. We occasionally accept new members when an opening comes up."

"For instance, one of our members changed jobs and moved out of the state. So I let some people know that we had a vacancy and they submitted some names. We have a rule that no one is accepted into the club that hasn't hunted with us as a guest."

Casey said the members hunt deer and

hawk on the property and that he feels his club is an asset to the area.

"We mend fences, keep the road maintained, and clear out and burn the brush," Casey said. "If we weren't there the poachers would just take it over. I go out several times during the week to check the property and I've assisted firefighters in the past when there's been a brush fire."

The land was purchased by the city for \$3.5 million for a wastewater irrigation program. Bill Simmons, Sanford's director of engineering and planning, said the land will be developed only if the city cannot find other sites for its proposed irrigation system.

Iranian Navy Seen As Little Threat To U.S. Forces

WASHINGTON (UPI) — Iran's navy poses little threat to U.S. warships massed in the Persian Gulf region to protect oil tanker traffic because of its relatively small size and low state of readiness, U.S. officials say.

But the few Iranian warships able to operate and the armada of small speedboats equipped with machine guns and grenade launchers could provide the Ayatollah Khomeini government with a propaganda victory by "hit and run raids" on isolated U.S. units and unprotected commercial targets in the gulf, they say.

"If you're looking at a conventional threat, the Iranian navy is not much of a threat. ... But under the circumstances of a guerrilla war at sea, at the very least they're vexing; at the very most they're an isolated threat," one military official said.

His comments echoed an official Pentagon assessment provided to Congress in June.

It stated: "Low operational readiness status has relegated the (Iranian) navy for the most part to patrol duties and search and seizure of unescorted merchant ships. It is believed Tehran remains reluctant to deliberately target U.S. forces."

Launch from the Iranian coast of the anti-ship Silkworm missile, bought by Iran from China, would only invite retaliation from U.S. carrier-based aircraft, the officials said.

Officials noted that much of the Iranian navy's military and technical expertise, provided by U.S. schooling during the rule of the shah, has been lost through revolutionary regime purges, defections and the retraining of American trained officers to minor posts.

As opposed to the revolutionary guards operating the speedboats, the Iranian naval officers manning the larger warships also have been very cordial in their radio contacts with their American coun-

terparts in the gulf, the officials said.

"I don't think those guys are going to be beating the drums to come across the gulf at us," one official said.

The lack of spare parts from Western nations to maintain the ships has also played a role in the Iranian navy's low state of readiness, the officials said.

The Pentagon's June assessment also emphasized this point. "The Iranian Navy has encountered problems similar to (its) Air Force — inadequate maintenance and spare parts and shortages," it said.

In strict military terms, the U.S. officials dismissed the 70 to 100 small attack boats operated by the Iran's fanatical revolutionary guards as posing little more than a nuisance threat.

"A certain amount of fanaticism is to be expected. But to be effective it has to be combined with a measure of military skill. They really haven't demonstrated that much," the official said.

The officials noted that a dash by 70 Iranian speedboats toward Saudi Arabia recently was turned back by Saudi forces. Three speedboats also were destroyed several days later when they fired on an American helicopter patrolling the gulf.

According to the current issue of "Military Balance," published annually by the Institute of Strategic Studies in London, the Iranian navy currently has seven warships that could be considered "major combatants" — three destroyers and four frigates.

In comparison, the U.S. Navy alone has 24 major combatants in the region, including an aircraft carrier, a battleship and the helicopter assault ship Guadalcanal.

The shah in the late 1970s had ordered several advanced versions of the highly capable U.S. Spruance class of destroyers. But, these ships were never delivered after the revolutionary Khomeini regime took power in 1980.

These ships have been jokingly referred to in the U.S. Navy as the "Ayatollah class." Ironically, one of these destroyers, the USS Kidd, is serving with the American forces in the gulf.

If any of the Iranian warships ventured any kind of an attack, the U.S. officials said, it most likely would be "a hit-and-run raid" on one of its gulf neighbors — Kuwait or Saudi Arabia — aiding Iraq in its 7-year-old war with Iran.

Bill Will Stop Bounty Hunters

We doubt that many Americans will oppose legislation now making its way through Congress to curb abuses of the taxpayers by the Internal Revenue Service.

Sen. David Pryor, D-Ark. and Rep. Robin Tallon, D-S.C., are sponsoring companion bills in the Senate and House that would hold the agency to the same standard of care now required under law of taxpayers.

Pryor said he is motivated to end a "bounty-hunter mentality" in the IRS. He said that, although the agency performs "an essential function in collecting our tax dollars, we have seen that all too often the rights of American taxpayers are forgotten."

Significant support for the measure comes from Sen. Carl Levin, D-Mich., who has been in the forefront for taxpayer-protection laws for almost a decade. "We have in the IRS an agency that simply has too much power," he said.

This overdue bill of rights would permit taxpayers to recover legal-defense costs if an IRS claim were proved unreasonable. And damages could be awarded if IRS actions were proved to be careless, reckless, or in intentional disregard of tax laws.

The bill would also:

-Require banks to hold accounts garnished by the IRS in escrow for 21 days.

-Expand the powers of the Tax Court.

-Create an assistant commissioner of taxpayer services.

-Require more accountability by the IRS. It would report annually to Congress on the status of taxpayer services.

During recent years, the IRS seems to have overcome much of its confusion and incompetence that, together with its high-handed mistreatment of taxpayers, had brought it to a nadir in public esteem. Although foul-ups, so massive they had become legendary, seem to be a thing of the past, embarrassing mistakes still happen, as might be expected occasionally in dealing with millions of tax returns.

Too many IRS agents cloaked in too much authority have abused the taxpayers for too long.

By making the IRS financially liable for its highly damaging mistakes, the Pryor-Levin bill would surely motivate a more careful and more courteous collection of federal taxes. The IRS would be instructed that it is the servant of U.S. taxpayers, not their master.

Second Opinions

Not too long ago, coronary bypass surgery was a rare, almost miraculous medical treatment. Now it is routine—200,000 bypass operations are scheduled each year. But as many as 10 percent of the bypass operations in the United States each year are unnecessary, some studies indicate.

Dr. Thomas Graboys, writing in the *Journal of the American Medical Association*, recommends that patients who are advised to have bypass surgery seek a second opinion. New Medications and procedures that assist blood flow through the arteries can be as effective as the costly and sometimes dangerous surgery. Diet and exercise programs can help.

Dr. Graboys pointed out that bypass operations are not permanent cures for heart disease. The symptoms can persist after surgery.

Surgery entails risks. Seeking a second medical opinion is never a bad idea.

BERRY'S WORLD

WASHINGTON WORLD

Sow The Wind; Reap The Whirlwind

By Arnold Sawalsh
UPI Senior Editor

WASHINGTON (UPI) — "They have sown the wind, and they shall reap the whirlwind." Hosea 8:7.

That thundering Old Testament judgment came to mind when supporters of Judge Robert Bork's nomination to the Supreme Court cried foul over the negative campaign opponents waged against him on television and in newspapers.

Many of the very people who were outraged at the slick TV attacks on Bork either supported or looked away in 1980 and subsequent campaigns when "New Right" groups, led by the late Terry Dolan's National Conservative Political Action Committee, spent \$16 million to attack liberal candidates with the same kind of simplistic appeals to fear and loathing.

It is true that the NCPAC-style attacks were aimed at elective, not appointed, officials. Dolan's claim to have defeated Democratic Sens. John Culver of Iowa, Birch Bayh of Indiana, George McGovern of South Dakota and Frank Church of Idaho, and of course those victories

for Republicans were instrumental in giving the GOP control of the Senate for the first time in a quarter century.

Bork and his conservative advocates say the use of such tactics to influence the confirmation of a Supreme Court justice is unprecedented, which is true, and that they constitute, at the least, a deplorable degradation of the judicial confirmation process, which also may be true.

However, it should be recalled that the so-called independent political expressions of opinion represented by the New Right campaigns since 1980, were upheld by the Supreme Court that Bork wants to join as clearly within the free speech protections of the First Amendment.

That amendment does not limit the subject matter of free speech, but as Bork said during his confirmation hearings, it certainly covers political opinion.

Which raises another objection of the pro-Bork side. The claim is made that judicial appointments, unlike candidacies in elections, are or should be, above politics.

That might sound high-minded except it

comes from many of the same people who supported inclusion of a plank in the Republican platform demanding the appointment of only "pro-family" — for which read, anti-abortion — federal judges and who hailed the nomination of Bork as the dawn of a glorious new conservative era on the high court.

It might also be recalled that conservatives in the 1960s and 1970s seriously proposed impeaching both Chief Justice Earl Warren and Justice William O. Douglas for their views.

In truth, the constitutional provision of checking the presidential power of appointment with the Senate power of confirmation assures an exercise of politics, if not partisan, then almost surely ideological. That has been the nature of the process for two centuries, as is demonstrated by the failure of 26 Supreme Court nominations since George Washington sent the name of John Rutledge to the Senate in 1795.

The obvious lesson here is that those who plant poison ivy in the garden of democracy should not be surprised when they start to itch.

DICK WEST

Tricks, Treats, Tequila

WASHINGTON (UPI) — If you're lucky, no adult will be "trick or treating" at your door with an empty glass next Saturday night. But, according to Jodi Levin of New York, who identifies herself as an "honorary witch," more grown-ups than ever will be taking part in the Halloween holiday this year.

This prognosis is even supported by a second opinion, this one by the Toy Manufacturers of America Inc., a trade association speaking for, among others, makers of Halloween costumes and decorations, including, presumably, empty drink glasses.

The association estimates more than 3 million grown-ups "are expected to participate in Halloween festivities" come Oct. 31.

To which Levin adds that Halloween is not just for "restless youngsters and nostalgic young professionals" any more. She insists the holiday is "an October treat for anyone with a bit of creativity."

Well, maybe so. But I remember downing a bit of creativity with a nostalgic young professional who would venture out on "trick or treat" night with an empty glass. If he came home with less than a pint, donated by frightened neighbors anxious to avoid his tricks, he considered Halloween a complete bust.

When I was a restless youngster, I might add, we didn't give our victims any option. It was all tricks.

Forestalling having one's trash cans emptied on the lawn with a handful of candy corns was a later-day development. At least we never heard of "trick or treat" back when the kids in my neighborhood were emptying trash cans.

As to what adults in that benighted neighborhood might have made of one of their number trick or treating with an empty glass, I can only speculate.

Anyway, as the toy association points out, "with nearly 45 million children under the age of 12" in this country, Halloween "is hardly a holiday that excludes youngsters."

It estimates that of the almost \$400 million that will be spent on "ghoulish get-ups" this year, adult purchases will account for about 25 percent, "up from just 18 percent last year."

The association apparently doesn't keep records showing how many of those adults are buying "ghoulish get-ups" for children. Or at least it doesn't say.

ROBERT WALTERS

Worker Rule Can Fail

CLARK, N.J. (NEA) — A bustling industrial facility only a few months ago, the roller bearing plant here owned by Hyatt-Clark Industries Inc. today stands idle and empty — a monument to a failed experiment in employee ownership.

During the first four decades of its life, Hyatt-Clark was owned by the General Motors Corp. But in the late 1970s, GM decided to shut the subsidiary for two reasons — much of the machinery at the factory was outdated and the domestic roller bearing industry faced increasingly tough competition from low-cost producers in other countries.

In 1981, however, Hyatt-Clark was dramatically "rescued" by its employees, who voluntarily took a 25 percent pay cut and borrowed \$53 million to buy the firm from GM and save their jobs.

That transaction attracted considerable attention because Hyatt-Clark was one of the largest companies ever purchased and "saved" by its workers through an Employee Stock Ownership Plan.

Their apparent something-for-everybody appeal has made ESOPs very popular. For owners seeking to divest or abandon a business, they provide an enthusiastic buyer.

For owners not interested in selling, partial employee ownership can be traded for contract concessions from workers or provided as a benefit that exemplifies management's claimed commitment to participatory decision making.

For banks willing to finance ESOPs, federal law provides substantial tax benefits. Finally, employees gain a sense of increased control of their workplace and greater power to protect or enhance their jobs.

Thus, it's not surprising that a recent nationwide survey found 57

percent of all respondents answered affirmatively when asked, "Would you own a share of ownership in your company?"

But ESOPs are not a panacea — especially when workers invest their money and raise their expectations, then discover that in return for providing management with cheap financing they have become virtually powerless minority shareholders.

Of the approximately 8,000 companies with ESOPs, fewer than 10 percent will ever allow their workers to gain control of a majority of their stock. Moreover, fewer than 1 percent are operated in a democratic fashion that allows all employees to truly share power and exercise control.

"In the 1970s, employee buyouts were seen as the wave of the future," says Lance Compa, a veteran union organizer with the United Electrical Workers. "Pleasing early results suggested to some that the vulgar division of society into workers and capitalists could be overcome by making workers capitalists."

But Compa notes that "regardless of the form of ownership, there is still a management that wants to manage and a work force that wants to keep management off its back."

After the ESOP was set up here at Hyatt-Clark, worker morale and productivity initially soared. When profitability was restored in 1983, however, management insisted upon investing all of the money in new equipment, while the employees wanted a portion of it in return for the sacrifices they had made earlier.

SCIENCE WORLD

Surgeons Put On Fun Face

By Larry Doyle
UPI Science Writer

CHICAGO (UPI) — Cosmetic surgery, bolstered by the latest advances in medicine and narcissism, is sitting pretty.

"People are more concerned about their appearance than ever before," declares Dr. John Hilger, 24th president of the American Academy of Facial Plastic and Reconstructive Surgery.

"But we're also getting better results," the Tacoma, Wash., surgeon adds. "We're able to set our standards much higher than we once did."

According to a survey released earlier this year, the popularity of cosmetic plastic surgery is up 24 percent since 1985, with more than 700,000 procedures performed last year in the United States alone.

Although the bulk of plastic surgery remains reconstructive (accounting for an additional 1.1 million procedures), aesthetics is the growth market. Blepharoplasty, which removes bags above and below the eyes, is up 15 percent; nose jobs have turned up 17 percent.

At an academy scientific meeting recently, Hilger described a few new procedures that are putting a new face on lifts, tucks and tucks.

Liposuction, or fat removal, has become a quite popular companion to rhinectomy, or facelift, Hilger says.

"Jowls have always been a problem," he says. "Because you can pull the skin tight, but if the fat is still there, you're not going to get an ideal result."

"Now we just suck it out, which gives us a much better fit. Patients are usually quite pleased."

Another recent advance attacks turkey wattle, an advanced condition of age in which most of the face ends up hanging around the neck. These wattles often do not respond well to the traditional facelift, "because, basically, there's only so much skin you can pull up into the hairline," Hilger says.

However, Hilger has begun to do a more sophisticated lift in which an incision is made near the nape of the neck and the skin is pulled up and back, to give a tighter configuration. In most women, the scar is well hidden under the hair, but the procedure is not appropriate for men.

JACK ANDERSON

Young Astronauts Prepare For Future

By Jack Anderson
And Dale Van Atta

WASHINGTON — Three years ago, President Reagan began one of his most ennobling projects. He established the Young Astronaut Program to prepare America's children for the greatest of all adventures: the conquest of space.

At no cost to the taxpayers, the program has introduced space-age education to 450,000 school children across America. In the affluent suburbs and the inner cities alike, the children have responded to the lure of space exploration. Science classes have been transformed into space adventures, with children eagerly pursuing the science and math they used to shun.

Beginning today, the Young Astronaut Council will also offer the program to the nation's preschool children. A special, year-long program has been tested in Florida; it will permit parents and teachers to start early, preparing their children for the 21st century. The text presents fun-to-do activities that will

introduce "astrotots," as they'll be called, to the basics of space-age education before they start school.

The federal Head Start program which helped develop this course, will use it in its 25,000 classrooms. Some other nurseries and day schools also plan to adopt it. There is no similar curriculum for 3- to 5-year-olds.

The Young Astronaut Council will also announce plans to construct a multimillion-dollar Young Astronaut headquarters building near Washington's Dulles airport. It will be the centerpiece for a proposed National Space Park. The power behind these plans is John Herrity, the Fairfax County, Va., board chairman, who has already brought several high-tech firms into his county and seeks to make it a national technological center.

The building will also become world headquarters for Young Astronauts/Young Cosmonauts International, which was formed in Tokyo earlier this year. Nearly 100 nations have inquired about the

program, which has already been adopted by several countries. It was introduced, this year for example, to the Chinese mainland.

President Reagan personally intervened with Soviet Chairman Mikhail Gorbachev to establish ties between the Young Astronauts and Young Cosmonauts who one day will explore space together. This resulted in the first official youth exchange in the history of Soviet-American relations. Young Astronauts and Young Cosmonauts toured one another's space facilities and exchanged dreams of space travel. Afterward they adopted a joint resolution of only three words: "To Mars Together."

The Young Astronaut Council is also crusading to improve the educational standing of American school children. Americans put up more school buildings and hand out more diplomas than any other people. But the quality of education has declined.

Graduates coming out of American schools, for example, are less qualified than their Japanese

counterparts. This has reduced the productivity of American workers, restricted their technological skills and lowered their wage-earning ability. To put it bluntly, they have lost their competitive advantage.

But the most urgent need is for teachers. Four million Americans certified to teach aren't in the classroom, because they can't afford the low salaries. Twenty years ago, 22 percent of all college freshmen planned on teaching. This has now fallen, according to the latest available figures, to an alarming 6 percent. As a consequence, a massive teacher shortage is looming in America. The reason is simply that the classroom offers no financial incentive.

But the Young Astronauts' executive director, Wendell Butler, has adopted the optimism of his children. "If the pessimists had been right," he said, "nothing much would have been invented, nothing would have been discovered, nothing would have been improved."

Twin Routs (10-1, 8-4) Leave Whitey Whining

MINNEAPOLIS (UPI) — Like the Kansas City Royals did two years ago, the Minnesota Twins are turning the St. Louis Cardinals into "Whitey's Whiners."

After the Twins bludgeoned the Cardinals for the second straight game, 8-4, Sunday night, Manager Whitey Herzog was busy making up excuses for his claustrophobic Cardinals, who can't wait to get back outdoors in St. Louis for Game 3 Tuesday night.

First he criticized the umpires, accusing them of allowing Bert Blyleven to get away with quick pitching. According to Herzog, the Twins' right-hander was guilty of balking 11 times during the game, none of which were called by the umpires.

"In the umpires' meeting yesterday the first thing they said was that they must come to a set position," said Herzog, "and if (baseball Commissioner) Peter Ueberroth, (National League President) Bart Giamatti or (American League President) Bobby Brown or any umpire on the field will show me where Blyleven comes to a stop in the 'film room, I'll agree, but I don't think he comes to a stop."

"You know what it means when Blyleven quick pitches every other pitch. It takes away our running game. If they're not going to play by the

World Series

rules, why bother to play the game?"

Herzog's complaint didn't explain how the Cardinals managed only six hits and struck out eight times against Blyleven over seven innings. Or, how the Twins crushed Danny Cox and three relievers for 10 hits, including home runs by Gary Gaetti and Tim Laudner.

But, it did give Herzog another reason to moan. "We are not seeing the real Minnesota Twins," squawked Herzog. "There shouldn't be any days off. (Frank) Viola and Blyleven are going to pitch five of the seven games. He's only using his bullpen for token appearances."

The Cardinals were full of excuses two years ago when they blew a three games to one lead to the Royals and ended up losing the Series in seven games.

Herzog is right on one point, though. These are not the same Twins that won only 85 games en route to the AL West title.

"I think we only won 85 during the season because in a 162-game season we're a little short on the mound," said Minnesota's Roy Smalley. "I don't mean to knock our pitchers, but we're a

little stronger in a seven-game series.

"We can throw two pretty good starters and we have some great closers. I think we can field and hit with anybody so in a short series it should be no surprise that we can play well."

The Twins proved it against Detroit in the AL playoffs, taking the Tigers in five games. In the two games with St. Louis, they've outscored the Cardinals 18-5.

"They kicked our butts," said the Cardinals' Jack Clark, a spectator in the Series because of an injured right ankle. "They have hitters who know how to swing the bats. They have five or six real good hitters. All we can hope is that we can turn it around at our place."

The Cardinals did exactly that against San Francisco, blanking the Giants the last two games at Busch Stadium to capture the NL playoffs.

But the Twins seem hungrier than the Giants — and more respectful of their opposition.

"We're on a mission," said Gaetti. "At least in the Dome. That's the way it's been all year. We're more comfortable here. Now we're going to a place we never played before. We expect they'll have an advantage over us like we do in our place."

A cynic might suggest the Cardinals have the Twins right where they want them. Every time

Laudner

Herzog

the Cardinals have been counted out this year, they've bounced back to win.

"It's not over until it's over," said the Cardinals' Tony Pena, stealing a line from Yogi Berra. "It's been that way all year. This team has never given up. We don't see anybody down in our clubhouse."

John Tudor, who will pitch Game 3 for the Cardinals against rookie Les Straker, agrees.

"This is a tough veteran club," said Tudor. "We don't give up and we're not giving up."

Gaetti: Twins' Catalyst

MINNEAPOLIS (UPI) — Gary Gaetti homered in the second inning Sunday night, then keyed a six-run fourth without swinging his bat.

Gaetti received a walk in the fourth, setting the stage for the outburst that sent the Minnesota Twins to an 8-4 victory over the St. Louis Cardinals and a 2-0 lead in the World Series.

Kirby Puckett and Kent Hrbek ignited the Twins' fourth with one-out singles. That brought up Gaetti, who had homered in the second to give Minnesota a 1-0 lead.

St. Louis right-hander Danny Cox tried pitching carefully to Gaetti, but fell behind 2-0 in the count. The next pitch was the dirtiest of a wild pitch, allowing Puckett and Hrbek to advance. With first base open, Cox put Gaetti on with a semi-intentional walk.

"The home run was pretty much in my zone," Gaetti said. "Then he didn't throw me any strikes (in the fourth) and none of them were close."

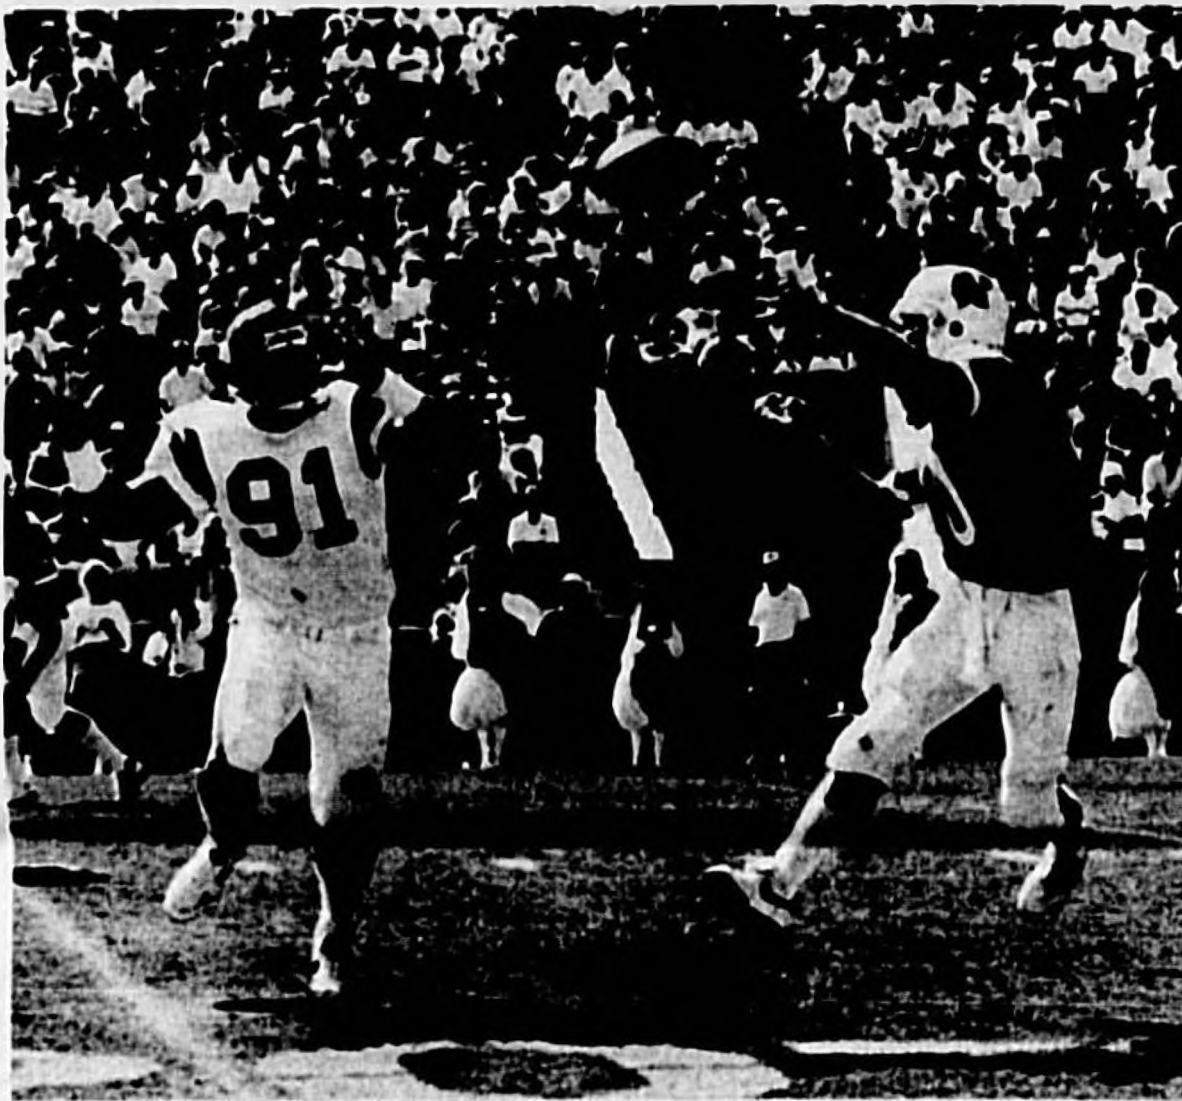

With the bases loaded, Randy Bush came up. Cox fooled Bush on two changeups, but could not sneak another past him and Bush ripped a two-run double to right for the big blow of the game.

"He threw me all changes," Bush said. "I thought he'd throw a fastball on the first pitch. Then he threw another change and I was in a deep hole. I stepped out to regroup and I stayed back so I could see the ball. He threw it up a little higher than he wanted. I'm sure. He just made a mistake."

The Twins, who had put away the Cardinals in Game 1 with seven runs in the fourth, batted around in the inning. Tim Laudner contributed a two-run single with two out, Dan Gladden added an RBI single and Greg Gagne an RBI double.

The Twins have been able to solve St. Louis starters Cox and Joe Magrane after one at-bat, and that accounts for their consecutive fourth-inning outbursts.

"Your concentration level hits such a peak; you get so high," Twins second baseman Steve Lombardozzi said. "Everybody takes every at-bat like a war. Guys are just attacking their at-bats."

Tampa Bay's Jim Zorn leaps and fires while a Minnesota player arrives to late to disrupt the play. Zorn was successful in his debut

with the replacement Bucs as Tampa defeated the Vikings, 20-10.

Slack Passes UCF Past West Georgia

Football

By Scott Bender
Herald Sports Writer

ORLANDO — After his most ineffective outing of the season against Savannah State last week, University of Central Florida quarterback Darin Slack was anxious to have a good outing against West Georgia on Saturday night.

What Slack got instead was an outing that may be engraved in the UCF record books for a long time to come.

Slack, a 1983 All-Stater at Lake Howell, threw for a school-record seven touchdown passes, leading the Knights to an impressive 52-14 cakewalk over West Georgia College before 10,029 onlookers at Orlando Stadium.

UCF (4-2) will host Northwest Missouri State in its homecoming game next Saturday. The rock group Air Supply will play a concert after the game, which is scheduled to begin at 2 p.m.

The setback, West Georgia's fourth in succession, drops the Braves to 1-5.

In addition to setting the record for most touchdown passes, Slack also set records for most yards passing (417), and completions (32). "I executed a lot better than I have been so far this season," Slack, whose 417 yards raises his total to 1,671, said. "My offensive line did a super job, and the receivers were getting open. They made my job a lot easier."

Slack, who came into the game with a 45 percent completion rate hit on 32 of 44 attempts. He has thrown 15 touchdown passes for the season.

UCF also set records for total yards (700), and first downs (34). McDowell, who is in his third year at UCF, was ecstatic with his team's performance. "This was the best overall performance since I've been here," McDowell said. "We played just about as well as we possibly could have in all phases of the game."

The Knights, who came into the game ranked No. 17 in the Division II Poll, are likely to move up a few notches. "With the type of game that we played, I'd say that we are sure to move up," McDowell, whose 14th victory at UCF ties him with Don Jonas for the school-record at UCF, said. "In addition to our lopsided win, there were a few teams above us that lost."

Slack was not the only Knight who had records on his mind. Bernard Ford, the leading receiver in Div. II, broke two records and tied another. Ford's three touchdown catches (14-42,

and 49 yards) tied the mark set by Ted Wilson. Ford pulled down 12 passes for 197 yards. The 12 receptions and 197 yards are both new records.

"This was the first all-around offensive effort that we put together this season," Ford, whose three TD grabs give him six for the season, said. "We did everything right tonight."

The UCF rushing game had been non-existent so far this season, until last week. The Knights ran for 192 yards last week against Savannah State.

UCF might have found the answer to their running questions. Mark Giacone, a 205-pound freshman tailback who had two rushes for three yards coming into the game, filled in for injured starter Robert Ector and second teamer Gil Barnes, who were both sidelined with injuries.

Giacone made the most of his opportunity to play as he set a new UCF rushing record with 177 yards on 22 tries. "Mark really ran the ball hard," McDowell said. "And most of the yards that he got were after initial contact."

The UCF defense, which has not gotten the credit that it deserves this season, also was sharp. The Knights held the Braves to 199 total yards. "Our defense did an outstanding job," McDowell said. "They have really played well all season long."

After going without a reception last week, tight end Donald Grayson, a 1985 Lake Mary graduate, hauled in five passes for 46 yards and a touchdown. "I had a pretty good game," Grayson said. "We are all pretty confident."

West Georgia coach Frank Vohon said that he upset with the final score. Vohon, a friend of McDowell's for over 20 years, said that he felt McDowell was running up the score. "They already beat our (Bleep), and with two minutes left they were still throwing the ball," Vohon said. "You're darn right in upset. But why comes around goes around."

McDowell said that he was not trying to run up the score. "Our offense works on an audible system," McDowell said. "We weren't trying to run it up on them."

UCF started out slowly, but the game was never really in

B-Bucs Trip Vikings, 20-10

Replacements Send Central Foes In Different Directions

Football

TAMPA, Fla. (UPI) — The NFL's three-game replacement season ends with the Minnesota Vikings and Tampa Bay Buccaneers moving in opposite directions.

Following the Bucs' 20-10 win over the Vikings Sunday before the smallest home crowd in Tampa Bay's 12-year history, the Buccaneers are 3-2, 2-1 during the strike, while Minnesota is 2-3, 0-3 without its regular players. The Vikings, expected to challenge for a playoff spot in the NFC, find themselves two games behind Chicago in the Central Division.

Meanwhile, the Bucs, losers of 14 games a year ago, will find themselves playing for a share of first place when they play the Bears next week.

Sunday, in a game that featured eight turnovers, 198 yards in penalties and only 20,850 people in the stands,

were penalized 109 yards. "I guess you might call this a sloppily played game, would you not," Tampa Bay coach Ray Perkins said.

Walker, a defensive back out of East Carolina, intercepted another Adams pass in the fourth quarter but injured his knee on the play and was taken by stretcher to the locker room.

On Minnesota's first possession of the second half, punter Bucky Scribner fumbled a low snap and attempted to run for a first down. He was leveled by linebacker Miles Turpin and fumbled into the end zone, where Grambling rookie Arthur Wells recovered for a touchdown and a 10-3 Tampa Bay lead.

Minnesota answered with a seven-play, 73-yard march to make it 10-10 with the score coming on a 23-yard screen pass from Adams to Jeff Womack.

Emmitt Racked Up, Returns To Rack Up 175 Yards

Football

United Press International

Freshman tailback Emmitt Smith not only struck fear into his opponents, but he also gave his fellow Gators and 74,286 fans at Florida Field a scare Saturday during Florida's 34-3 romp over Temple.

Smith emerged from a pileup in the second quarter with his right shoulder bowed and his arm cradled. The crowd and the Florida sideline were hushed.

But a quick X-ray and tape job to his right wrist were all Smith needed, and he returned in the second half to continue his assault on the record books.

When the game ended, Smith racked up 175 yards and one touchdown on 23 carries to surpass 1,000 yards in fewer games than any other freshman. The 5-foot-10, 201-pounder from Pensacola now has 1,011 yards in seven games.

That record beats the eight-game mark for reaching 1,000 yards set by Tony Dorsett of Pittsburgh in 1973 and matched by Herschel Walker of Georgia in 1980.

"I wanted to show Temple I'm no (ordinary) running back," Smith said. "That's the impression I think they had of me."

The 14th-ranked Gators improved their record to 5-2, while the Temple Owls dropped to 3-4.

In Tallahassee, seventh-ranked Florida State overcame a slow start to trounce Louisville 32-9. The Seminoles, now 6-1, were 47-point favorites over the Cardinals, now 2-4-1.

"Before the game, I walked around the locker room trying to get the other guys up," Seminole senior wide receiver Herb Galtner said. "I've never seen us like this before a game, with no intensity at all."

"We played like we didn't want to win," said defensive tackle Eric Hayes.

The Seminoles' 349-yard ground attack was led by third-stringer Victor Floyd, who rambled for 124 yards on 12 carries, and Sammie Smith, who rushed for 119 yards on 17 carries.

That yardage helped offset a 339-yard passing game by Cardinal quarterback Jay Gruden.

In other Florida college games, Florida A&M played Central State Ohio to a 10-10 tie in the Orange Bowl in Miami, Central Florida crushed West Georgia 52-14 in Orlando, and South Carolina State trounced Bethune-Cookman 41-20

in Orangeburg, S.C. The University of Miami was idle Saturday.

SEC: LSU IN DRIVER'S SEAT

The rest of the league has to face the fact that the Louisiana State Tigers are firmly in the driver's seat in the Southeastern Conference race.

The No. 5 Tigers pulverized one of their few remaining roadblocks Saturday with a 34-9 victory over Kentucky and the only remaining hurdle of any apparent consequence enroute to their second straight SEC championship and Sugar Bowl berth is a home date with Alabama on Nov. 7.

Alabama indicated it might be a problem Saturday with a 41-22 victory over No. 8 and previously unbeaten Tennessee.

Oviedo Faces Biggest Week

**By Chris Pieter
Herald Sports Writer**
Oviedo's Lady Lions face their biggest challenge of the season this week with Seminole Athletic Conference matches against Lake Brantley and Lake Howell. Oviedo, 13-1 overall and 8-1 in the league, takes a one-half game lead over DeLand (8-2) into this week's action.

And the Lady Lions will be right where they want to be as they continue the quest for a second consecutive SAC crown — Oviedo High — where points are hard enough to come by for opposing teams, let alone victories.

"I can't remember the last time we lost on our home court," Oviedo coach Anita Carlson said. "We haven't lost here this year and we didn't lose any home games last season."

"But, that doesn't mean we can expect to win just by being at home," added Carlson. "We still have to play solid volleyball and we can't give Lake Brantley or Lake Howell anything."

Still, many a team has come out of Oviedo High completely dumbfounded this season. Seminole High dropped a 15-3, 15-3 decision at Oviedo, but came back to take the Lady Lions to three games at Seminole High. DeLand strutted into Oviedo unbeaten, and allitered out a candidate for squirrel bait after a 15-1, 15-2 shellacking at the hands of the Lady Lions.

Oviedo, which takes an 11-match winning streak into Tuesday night's game against Lake Brantley, has already beaten both the Lady Patriots and Lake Howell away this season. Although Oviedo owns those victories and many more accomplishments, Carlson vows the Lady Lions can not

Volleyball

rest on their laurels.

"I have to convince the girls to get their minds right for the big games," Carlson said. "They play better when they know they have to."

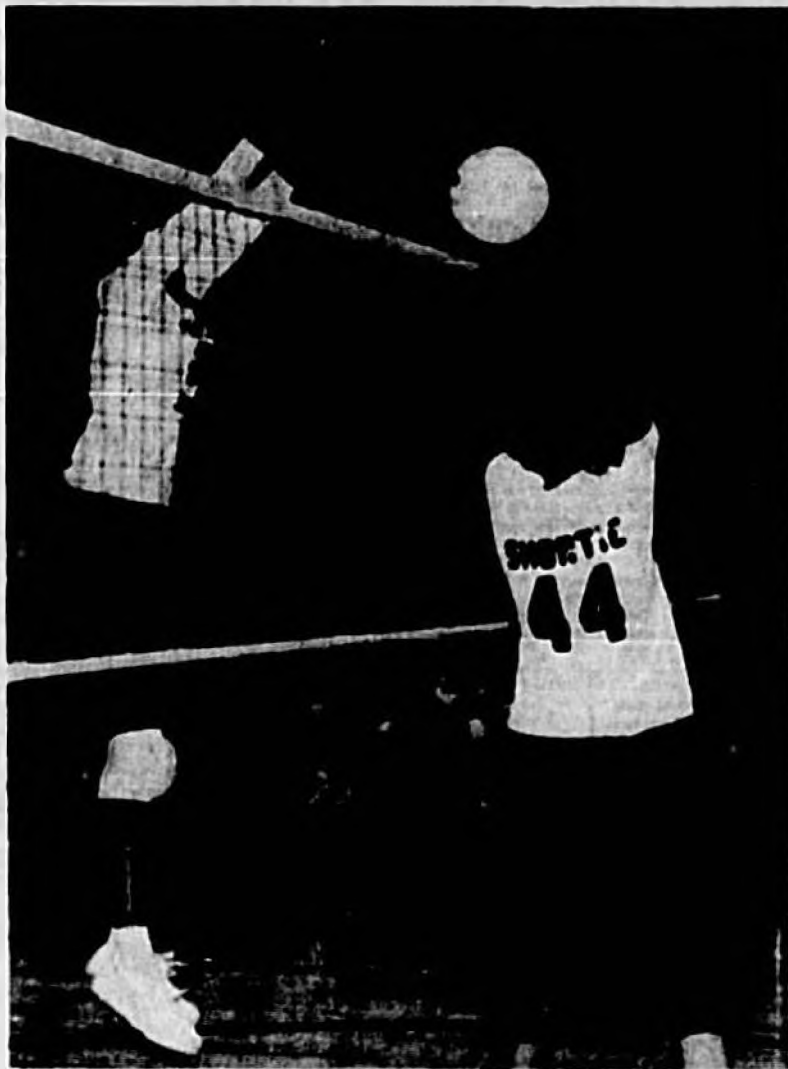

Oviedo played one of its best matches of the season in the first meeting with Lake Brantley and will have to do the same again as the Lady Patriots have won three in a row, including a rout of DeLand. Lake Brantley is 15-7 overall and 6-4 in the SAC.

"We played a very solid match all around the last time against Lake Brantley," Carlson said. "Serving and blocking will be a big key against Brantley. They have big girls who hit hard and if we can control the net and serve well we'll be in good shape."

The four players who have helped Oviedo control the net most of the season include seniors Jill Knutson, Jodie Switzer and Bobbie Kelley and junior Suzanne Hughes.

"I've been really happy with the front row play for the most part," Carlson said. "Jill (Knutson) and Jodie (Switzer) have done an excellent job setting and Suzanne (Hughes) is hitting the ball harder than ever. I'm also looking for Suzanne and Bobbie (Kelley) to do a good job on the net blocking in the middle."

Knutson is also as devastating a hitter as there is when she's on while Switzer is another capable hitter. Serena Caldeyro, Siri Harris and Anne Wolary add power off the bench while Corrie Lawson is the defensive specialist. Perhaps the most consistent player all-around for Oviedo this season, though, has been junior Anna Hollis.

Oviedo's Suzanne Hughes goes high above the net to block a bump from Seminole's Liz Long. The Lady Lions have a big week ahead of them with home games against Lake Brantley and Lake Howell.

Herald Photo by John Logan

"Anna (Hollis) has been a nice, steady player all year," Carlson said. "She's one of our best servers, can set and is a very consistent hitter. She doesn't have the real hard kills, but doesn't miss too many of her hits."

Lake Brantley also has a power-packed team led by seniors Kim Gunderson and Wendy Vickery and juniors Dawn Grbhart and Pam Wittig. Sophomore Marianne Rodriguez

has been a steady setter all year while junior Gretchen Mull provides additional strength up front off the bench. In two years under coach Stephanie Gance, the Lady Patriots have went from a sub-500 team to a legitimate contender.

"Lake Brantley is the best team we've played so far," Carlson said. "I know they'll be ready for us. It should be an exciting match and we're hoping to have a big crowd."

Lake Mary's Pack Tops At Gateway

**By Chris Pieter
Herald Sports Writer**
After watching five Lake Mary runners cross the finish line within 27 seconds of each other, an opposing coach strolled up to Mike Gibson and said, "I thought you were supposed to be in DeLand, why are you here?"

Gibson couldn't help but have a grin on his face when he answered he didn't like running his team at DeLand and needed a suitable alternative.

As it turned out, the Gateway Panthers Invitational was indeed a good alternative for the Lady Rams as they ran away with the championship trophy with a team score of 62 compared to 89 for New Smyrna Beach in Saturday's meet at Osceola Stadium in Kissimmee.

"We called Wednesday afternoon and they said they had no deadline for entry so we got in," Gibson said of the late entrance at Gateway. "It was definitely worthwhile."

Christine Adamson led the tight Lake Mary pack as she finished sixth with a personal record time of 13:19. Adamson was followed in the Lady Rams' top five by Tabatha Gano (11th at 13:33), Tara Braheny (13th at 13:34), Heather Heikkila (15th at 13:43) and Allison Snell (17th at 13:46). Also running for the Lady Rams and setting personal records were Kwaja Floyd (30th at 14:34) and Shannon Duffy (75th at 16:56).

Cross Country

SMITH SETS RECORD
Senior Brad Smith took advantage of excellent conditions to set a Lake Mary school record Saturday as he took the individual title in the boys division of the Gateway Panthers Invitational with a time of 15:11.3.

"Brad (Smith) ran a great race," Lake Mary coach Mark McGee said. "And it was one of the best courses we've run on this season."

In the team scoring, Rockledge was first at 55 followed by Titusville at 98, Lake Mary at 101 and Orlando Oak Ridge at 105. It was the first time this season 10th-ranked (Class 4A) Lake Mary has finished ahead of third-ranked Oak Ridge.

While Smith, the seventh-ranked individual in the state, blazed to a school record, Matt Sutliff and Eric Petersen also turned in solid performances. Sutliff finished sixth with a time of 15:50.1 while Petersen finished seventh at 15:54.1. Completing the top five were Scott Plyler (41st at 17:04) and Paul Evans (46th at 17:08). Also running varsity for the Rams was Bob Robertson (67th at 17:51.1). The top junior varsity finisher for Lake Mary was Tom Henning (32nd at 18:51).

DeLand Invite: Howell Girls 1st, Boys 2nd

**By Mark Blythe
Special to the Herald**

In the smallest DeLand Invitational ever, Lake Howell's girls won what amounted to a dual meet with Lake Brantley and the Howell boys finished second to 3A powerhouse Bishop Moore.

"There weren't very many positives about the meet," Lake Howell coach Tom Hammonree said. "We managed to use the meet to our advantage, though, which pleases me."

Hammonree was pleased with the way the team reacted to the small number of runners and the new course. Lake Howell finished with a team score of 23 compared to 33 for Lake Brantley. The only other team in the girls division was Bishop Moore which had no team score.

Jenny Bolt of Lake Howell won the individual title with a time of 13:05 while teammate Jessica Cardarelli finished third at 13:15. Next for Lake Howell was Bonnie Oliver who finished fifth at 13:25 followed by Michelle Cook (eighth at 13:45) and Stacy Johnson rounded out the top five finishing ninth with a time of 14:01. Mariselle Lugo (12th at 14:31) and Kristi Blayney (14th at 14:54) rounded out the varsity squad.

Lake Brantley's girls finished second led by Joyce Tullis who

Cross Country

finished fourth at 13:15. Beth Schaefer finished sixth at 13:35. Heather Camino followed with a seventh place finish with a time of 13:42 and Dee Decker rounded out the top five with a 10th place time of 14:03. Lisa Frizzell gave Brantley a strong sixth as she was 11th at 14:04.

In finishing second, Lake Howell's boys ran well according to head coach Doug Blackwell.

"We ran fairly well, but couldn't break up Bishop Moore's pack any better than we did," Blackwell said. "I didn't want to run in a big meet so this was a nice change for us, it was worth the trip."

Bishop Moore took first place with a team score of 19 while Lake Howell finished at 45 and Lake Brantley was third at 86. There were just five teams in the boys division.

The Silver Hawks were led by Kavan Howell who finished third with a time of 16:43. Next was Brandon Lowenthal who finished ninth at 17:18. Luis Caban was a step behind finishing 10th at 17:19 and Jason Springhart completed the pack finishing 11th at 17:19.

This Close One Doesn't Elude Hawks

Coming into last Friday's game against Lake Brantley, Lake Howell offensive line coach Mike Bouch said that the Silver Hawks had not learned how to win a close game yet.

"We've put ourselves in a position to win, but haven't done it," Bouch said. "A lot of kids haven't learned how to win a game yet. Once they do, I think that they'll be in good shape."

Hawks got exactly what Bouch was looking for as they turned a 19-14 fourth-quarter deficit into an important come-from-behind 27-19 Seminole Athletic Conference/District 5A-4 victory.

The victory was of monumental significance for the Hawks as it reaffirmed the fact that they are still contenders for the SAC and 5A-4 crowns.

Lake Howell 2-3 overall, and 2-1 in the SAC and 5A-4 will host Lake Mary (4-1 overall and 3-0 in the SAC and 5A-4) in a game that might decide the conference and district winners. The Rams were idle on Friday night.

"Our kids played their hearts out," Lake Howell coach Mike Biscaglia said. "This (a hard-fought win) was exactly what our kids needed."

One player that rose to the occasion was

Scott Sander
HERALD SPORTS WRITER

quarterback Jeff Neace. Neace, a maturing senior, threw three touchdown passes against the Patriots. "I'm a lot more relaxed than I was earlier in the year," Neace, who got off to a shaky start this season, said. "We are a very confident team, and we are looking forward to next week."

Linebacker John Schultz, who had a big game against the Pats, said that the team has never lost its desire. "We had a few tough losses," Schultz said. "But we always hung together. We still believe in ourselves."

Seminole ended its three-game losing streak on Friday night with an exciting 19-13 come-from-behind District 4A-7 victory over Leesburg. The Victory improves the

Seminole to 3-3 overall, and 2-0 in the 4A-7. Seminole, which is idle this Friday, can win the district and go to the playoffs if it beats Oviedo on Oct. 30.

The Noles, who were feeling down after three losses (Lake Mary, Dr. Phillips, and Lake Brantley), used a pair of end-arounds for touchdowns by Brandon Cash to pull out the win. Cash scored on runs of 13 and nine yards.

The Seminole defense seems to like to put on goal-line stands. It did it earlier in the year against Edgewater, and it did it again against the Yellow Jackets. Seminole, nursing a 19-13 lead, held Leesburg on fourth-and-goal from the one with just over eight minutes to play.

Quarterback Jeff Blake atoned for a couple of poor outings in the three previous weeks as the rifle-armed senior went nine for 13 with 190 yards and a touchdown. Blake, who came into the game with five interceptions, didn't throw any against Leesburg.

Lyman posted a hard-fought 10-6 come-from-behind SAC victory over Oviedo. The Greyhounds, 3-2 overall and 1-2 in the SAC, used a 113-yard rushing performance by tailback Victor Farrier to edge the Lions.

SPORTS

IN BRIEF

St. Andrews Girls Dominate At NSPI, Lake Brantley 2nd

Many of the same girls who helped Boca Raton Spanish River to the Class 4A championship last season have moved on to 3A Boca Raton St. Andrews to form another powerhouse. The St. Andrews girls amassed 53 3/4 points Saturday to easily win the National Spa and Pool Institute Invitational at the Justus Aquatic Center.

Lake Brantley's girls were in second overall and the top 4A finisher with a score of 254 1/2 followed by Tallahassee Maclay at 197 1/2. Obviously weakened by the transfers to St. Andrews, Spanish River came in fourth at 178.

In the boys division, Spanish River was the winner at 282 with defending 4A champion Pensacola Washington second (229 1/2). Lake Mary High was seventh at 114 with Lake Brantley 12th at 62. Lyman High only had a handful of swimmers at the meet and did not compete for the team title.

The top performances for Lake Brantley's girls included a second place by JoDee Lake in the 50 freestyle (24.56) and a third by Lake in the 100 free (53.82); a third by Kristen Pauley in the 100 breaststroke (1:10.14) and a sixth by Pauley in the 100 butterfly (1:00.03); a fourth by Manda Davis in the 200 individual medley (2:13.75); a fifth by Jennifer Moon in the 50 free (25.50) and a fifth by Moon in the 100 backstroke (1:03.03). The Lady Patriots also finished second in both relays.

Lake Mary's boys were led by Brad Bridgewater in the 100 back (fourth at 58.62) and Karl Kuchma in the 100 breaststroke (fifth at 1:04.75). For Lake Brantley, David Bridges was fourth in the 100 fly (54.53) and Scott Rowe was sixth in the 100 back (59.24). For Lyman, Sam Renard took fifth in the 100 free (52.68) and sixth in the 50 free (24.04).

Nelson Stuns Disney Field

LAKE BUENA VISTA (UPI) — Larry Nelson expects to stun his competitors as much with his words as he did with his 20-under-par total in the \$600,000 Walt Disney World Classic.

"Some of the other players might not be happy when they read this, but I didn't putt all that well this week, and I didn't really hit the ball all that well this week, with the exception of today," Nelson said Sunday after tying a tournament record with a 9-under-par 63 in the final round.

Nelson won his second Disney Classic, coming within two shots of his own record of 22-under set in 1984. The former U.S. Open and reigning PGA title won \$108,000 and the ninth championship trophy of his 14-year career.

Morris Hatalaky and Mark O'Meara tied for second at 19-under par while third-round leader Steve Pate faltered and wound up alone in fourth place at 18-under. Mike Reid, David Frost and Mac O'Grady were another shot back.

The victory gives Nelson more than \$400,000 in earnings for the year, a personal best, and puts him over the \$2 million mark for his career.

Geiberger Wins Seniors Event

HILTON HEAD, S.C. (UPI) — Al Geiberger is enjoying golf's senior citizenship.

Geiberger won the Seniors International at Harbour Town Golf Links Sunday for a \$37,500 paycheck, beating Jim Ferree with a birdie on the second hole of a playoff.

That gives him \$197,671 in earnings since turning 50 and qualifying for the seniors tour seven weeks ago. "That's more money in seven weeks than I made in my best year on the PGA Tour (when he won \$104,821 in 1976)," Geiberger said.

Geiberger took a one-shot lead into the final round and made 18 pars for a 71. He never trailed while carving a 71 that gave him a 54-hole total of 4-under 209.

Lendl Outguns Weary Cash

United Press International
The outcome of the final of the Australian Indoor Championships may have been determined the day before it was played.

Ivan Lendl downed a weary Pat Cash 6-4, 6-2, 6-4 Sunday to win the \$345,000 event. It was the first meeting between the players since Cash beat Lendl in the final at Wimbledon.

Cash, the No. 3 seed, offered little resistance after having survived a long three-set semifinal against Boris Becker that finished early Sunday. Top-seeded Lendl had an easy ride to the final with a 6-3, 7-5 decision over Slobodan Zivojnovic.

Weightlifting Gets 30 Countries

Thirty countries have confirmed participation in the first Women's World Weightlifting Championships to be held Oct. 30-Nov. 1 at the Ocean Center in Daytona Beach.

The United States and China are expected to battle it out for the team title, with China, a country boasting one million women lifters, taking the lighter weight classes and the U.S. winning the heavier divisions.

Altamonte LL To Register Nov. 7

The Altamonte Springs Little League will hold an early registration Saturday, Nov. 7 at the Lyman High School Cafeteria from 10 a.m. to 4 p.m.

Players must be accompanied by a parent or guardian. They must bring a birth certificate and hospitalization insurance coverage (number). For info, call Marie Selden-faden at 869-0799.

Gunderson Is Brantley's Best

Kim Gunderson was named Diary Queen Patriot Player of the Week for Oct. 4-Oct. 10. Lake Brantley Athletic Director Bob Peterson announced Thursday.

Gunderson, a volleyball player, was 6 for 6 serving, had five kills and made two saves in a victory over Apopka, according to coach Stephanie Glance.

...UCF

Continued from 6A

question. The Knights jumped out to a 3-0 lead when kicker Eddie O'Brien, the leading field goal kicker in Div II, booted a 26-yard field goal late in the first quarter.

Slack then threw a pair of touchdown passes in the second period, a 24-yarder to Poe White and a 14-yarder to Ford, to give the Knights a 17-0 halftime cushion.

But the Knights didn't quit there. Slack went on to throw three touchdown passes in the

third quarter. Slack hit Ford with a 42-yard bomb. Grayson with a one-yard toss, and Arnell Spencer with a 27-yard strike.

West Georgia got on the board early in the final period when John Strickland caught a three-yard touchdown pass from quarterback Dave Barker. West Georgia scored again when Darin Habersham intercepted a pass by Slack and raced 51 yards for a touchdown.

Slack threw two more touchdown passes in the fourth quarter, a 49-yarder to Ford, and five-yard bullet to Sean Beckton to make the final 52-14.

"I wish that we hadn't thrown that last one," McDowell said. "If I could take it back, I would."

Baseball Tournaments

By United Press International

Florida's top baseball teams

became the first freshmen to NCAA history

to top 100 ranking over the first 3

games, going 17-0 in a 30-0 record of

100 runs scored and 100 hits and scored on

41-0 run. For the season, South has posted

19 wins in 1,011 yards with 11 TDs.

Missouri's top team, South has posted

19 wins in 1,011 yards with 11 TDs.

Ranked 1 team for 20 yards with 1 TD.

caught 7 passes for 140 yards with a TD.

returned 3 passes for 48 yards and 1 catch for

43 yards in the Crossroads 49-18 triumph over

Buckner. His 27th of 28 passes were a career

high. On defense, he had 1 sack tackle

for the season. He has 48 passes for 320 yards

with 1 TD, 34 catches for 388 yards with 5 TDs.

2 punt returns for 77 yards, 7 kickoff returns

for 141 yards, 1 punt for 20 yards, and 1 blocked

1 punt and 1 sack.

Michigan running back Justin Smith

ran 27 times for 140 yards with a TD in a

37-16 victory over Iowa. For the season, he has

120 carries for 771 yards with 7 TDs.

Michigan State running back Lawrence White

carried 22 times for 147 yards with 3 TDs in

the Spartans' 34-0 victory over Northwestern.

For the season, White has rushed 149 times for

107 yards with 3 TDs. He has caught 10 passes

for 100 yards with 1 TD. He has also blocked 2

knick-knocks and 1 punt. In the Big Ten history, he

has more carries than any other player in 1987,

including last year.

Indiana quarterback Steve Taylor

completed 12 of 23 passes for 147 yards with 1

TD and ran 11 times for 48 yards in a 27-10

victory over Oklahoma State. For the season,

Taylor has carried 108 times for 388 yards with

1 TD and completed 30 of 77 passes for 455

yards with 10 TDs and 1 interception.

North Carolina running back Tim Brown

returned 3 punts for 97 yards, including one

over All Force. He has rushed 10 times for 12

yards, caught 7 passes for 90 yards and returned

a kickoff 11 yards. For the season, he has

caught 17 passes for 140 yards with 3 TDs,

rushed 10 times for 48 yards with 1 TD, and

returned 11 kickoffs for 173 yards with 2 punts

for 20 yards and 1 TD.

Chris Spillman

collected 10 interceptions and 4 sacks —

his 10th straight game with at least 10 tackles

— in a 37-17 triumph over Purdue. For the

season, Spillman has 48 sacks, 41 assists

— and in the Big Ten with 10 sacks — 3

Michigan quarterback James Robinson

carried 12 times for 140 yards with 1 TD and

completed 1 of 7 passes for 28 yards and a

sack in the 14-10 victory over Michigan State

for the season. He has carried 57 times for

357 yards with 3 TDs and completed 17 of 44

passes for 425 yards with 1 TD and 3

interceptions.

Michigan State running back Thomas

Thomas

carried 3 times for 14 yards in the Cowboys'

34-14 loss to Texas. For the season, Thomas has

carried 14 times for 70 yards with 1 TD.

Penn State running back Steve Thomas

rushed 14 times for 48 yards with 1 TD in a

37-10 victory over Iowa. For the season, Thomas has

carried 147 times for 700 yards with 1 TD.

Pittsburgh running back Craig Woodruff

rushed 100 times for 400 yards with 1 TD.

Pittsburgh running back Craig Woodruff

rushed 100 times for 400 yards with 1 TD.

Howard has carried 108 times for 388 yards

with 1 TD.

Springer quarterback Don McPherson

threw for 2 TDs and ran for 1 more in a 49-21

victory over Penn State.

McPherson completed

15 of 20 passes for 228 yards and passed 29

yards on 7 carries before being pulled out of

the second half. For the season, McPherson

has completed 71 of 136 passes for 1,343 yards,

16 TDs and 6 interceptions. He has carried 71

times for 48 yards with 3 TDs.

NCAA running back Steve Smith

rushed 22 times for 122 yards and 1 TD in a

41-16 victory over Oregon. For the season,

Smith has carried 128 times for 771 yards with

1 TD.

Stocks Drop Sharply

NEW YORK (UPI) — Panic selling sent stock prices plummeting in heavy trading shortly after the opening today, burying any hopes that some buyers might come looking for bargains after last week's record dive.

The Dow Jones Industrial average, which plunged 235.48, or 9.5 percent, last week was down about 82 points to the 2185 level soon after the market opened.

Losers led gainers 20-1 among the 1,383 issues crossing the New York Stock Exchange tape.

Early turnover topped 48 million shares.

Traders said adding fuel to the market's downward slide was a front-page article in

Sunday's New York Times quoting Reagan administration officials saying the U.S. would be willing to let the dollar decline against the West German mark. A decline against the mark would likely involve similar declines against other major currencies, such as the yen. The U.S. assertion represents a sudden change in a policy to keep the dollar in a targeted trading range, a goal that has been in effect for eight months.

Selling reflects Wall Street's gathering pessimism about rising interest rates, inflation and the possibility that economic growth will prove slower than originally projected, said A. Marshall Acuff Jr., portfolio strategist at Smith Barney, Harris Upham & Co.

Dead

Continued from page 1A circle and came to rest facing north.

The accident was alcohol-related and charges are pending, according to Florida Highway Patrol investigators.

In an accident Saturday, a DeLeon Springs man was killed when he was ejected from his car as it overturned.

Dead is Demetrio Alvarez, 25, of DeLeon Springs.

That accident occurred on Lake Wimona Road around 2:30 p.m. Saturday, said a FHP re-

Dollar Opens Lower; Gold Shoots On Up

By United Press International

The U.S. dollar opened lower on major foreign exchanges today, and dealers said the fall was triggered by U.S. Treasury Secretary James Baker's remark the dollar could fall further. Gold moved sharply higher.

Zurich and Tokyo traders said the market reacted to Baker's weekend remark that the United States was prepared to allow the dollar to slip some more from recent levels.

Tokyo traders said the statement touched off dollar selling by speculators and concern over possible inflation levels in the United States was a contributory factor.

One London dealer reported "large-scale" dollar selling

"especially in the Middle East."

Another dealer blamed the dollar selling on Wall Street's record one-day fall Friday and Baker's statement that the United States was ready to set lower target zones for the dollar.

In Tokyo, the dollar plummeted to a 40-day low against the Japanese yen in active trading, closed at 141.35 yen, down 1.00 yen from Friday's close of 142.35 yen.

In Europe, the dollar opened at 1.7715 German marks in Frankfurt, down from Friday's close of 1.8025.

The dollar opened at 1.4689 Swiss francs in Zurich, down from 1.4925, only slightly above its all-time low of 1.4475 set last May 5.

BMW Japan Growing Fast

TOKYO (UPI) — BMW Japan Corp., a wholly owned subsidiary of West Germany's BMW AG carmaker, said today it has increased its capital for investment to expand its service facilities in response to fast growing sales in Japan.

The company said its paid-in capital was raised about \$14 million to \$36 million through investment by its parent company, effective Oct. 1.

The capital increase parallels the planned establishment of new facilities, including a pre-delivery inspection center in Chiba, south of Tokyo, and a service factory in Tokyo.

The Chiba facility with a 24,000-unit capacity in the initial year will be ready by April 1984, and the Tokyo factory, which will be exclusively used for service, will be completed next month.

BMW is one of the most successful foreign carmakers doing business in Japan. Its sales this year are expected to reach 21,500 units, according to a company estimate.

Citrus Shipments

WINTER HAVEN (UPI) — Weekend citrus shipments reported by the Division of Fruit and Vegetable Inspection. Shipping total in 4-5th bushel cartons and canneries totals in 1 3-5th bushel boxes:

Red	1,907 grapefruit, 3,800 K-early.
Export	11,744 grapefruit.
Truck	57,847 grapefruit, 697 early mid, 1,676 navels, 29,051 K-early, 3,418 Robinson tangermes.
Cannery	7,925 grapefruit.
Shipping total	110,180.
Cannery total	7,925.

AREA DEATHS

Alvarez' Ford, traveling at an excessive rate of speed, left the roadway, struck a fence, then a tree causing the vehicle to overturn and eject Alvarez, who was not wearing a seatbelt. Alvarez died around 8:30 p.m. the same day at Halifax Medical Center.

The accident was alcohol-related, according to the FHP. A 27-year-old woman was killed late Friday in a third accident near DeLeon Springs when she was thrown from her motorcycle around 11:40 p.m. and struck a powerpole.

Dead in that accident is

Brenda N. Dumont, of Vancouver, Wash.

Dumont's motorcycle, a 1981 Suzuki, was northbound on County Road 3, just over a mile north of DeLand St., when it fell onto its left side and propelled Dumont into a powerpole. She was wearing a helmet. Tests are being conducted to determine if the accident was alcohol-related. Why the vehicle fell was not reported.

Dumont died at Halifax Medical Center.

The accidents bring the total number of traffic fatalities in Volusia County this year to 64.

John Stennis To Retire From Senate

WASHINGTON (UPI) — Sen. John C. Stennis, D-Miss., the oldest and most senior member of the U.S. Senate, announced today he will not seek a seventh term in 1988 because of his age and health.

"I greatly regret leaving the Senate where it is my high privilege to represent the people of Mississippi whom I dearly love and respect, but age and health control," he said in a statement

released through his Jackson office. "My heart says 'yes,' run again, but my best judgment says 'no.'"

Stennis, 86, president pro tempore and chairman of the powerful Senate Appropriations Committee, issued the statement as he prepared to enter Walter Reed Army Medical Center in Washington "to undergo a surgical procedure to correct a prostate gland problem."

The senator, according to the statement, is expected to return to work in the Senate later this week.

"I have been blessed to be able to carry the load thus far, and, even though I have had some problems in recent years requiring medical attention, I have not missed any time because of illness since my recovery from gunshot wounds inflicted by robbers in 1973," he said.

...Dow

Continued from page 1A

psychology here is to sell 'em."

Gallagher said the panic stage is usually the last phase of a decline.

"The people with big pockets will make a lot of money off this

decline," Gallagher said. "It's a real opportunity to buy stocks but you have to sit here and swallow. Sometimes it's very hard."

On the trading floor, AT&T was the most active NYSE-listed issue, falling 2 1/4 to 28. General Electric followed, dropping 4 1/4 to 46. American Express was third, plunging 2 1/4 to 28 1/2.

Chrysler was down 4 1/4 to 28 1/2. Ford Motor was off 6 1/4 to 77 1/2. IBM was down 10 1/4 to 124 1/4. USX was down 4 to 30.

Santa Fe Southern Pacific was down 6 1/4 to 44 1/4.

On the American Stock Exchange, where prices fell in heavy trading, Echo Bay Mines led the actives, down 2 1/4 to 28 1/2.

...Session

Continued from page 1A

who wanted the Legislature to place the service sales tax to a referendum vote. The Legislature, with a Democratic majority, balked, and political tempers have flared since. The second special session began Monday.

Another special session is planned in November to consider the malpractice insurance issue. The tax issue could be considered on a two-thirds vote of both chambers, as the gun bill was introduced, said Rep. Art Grindie, R-Altamonte Springs.

The Legislature, through its presiding officers, can call itself into special session, Phelps said. The members of the Legislature also can call

themselves into special session if 20 percent of the members so agree in writing.

There also is no set time limit between special sessions, said Phelps. During the session, however, neither house of the Legislature can take a break of more than 72 consecutive hours. If the houses cannot reach an agreement as to when to adjourn, the governor, upon a 24-hour notice, can force the Legislature to adjourn.

Regular sessions last 60 days. The Legislature convenes on the first Tuesday after the first Monday in April. The Legislature can extend a regular session by a three-fifths vote of each chamber.

Organizational sessions are held on the 14th day after each general election. It is for the exclusive purpose of organization and selection of officers.

...Attack

Continued from page 1A

positioned itself between the Iranian coast and the oil platform to guard against air attack from Iran, the Pentagon said. Weinberger said an Iranian warplane had taken off but had turned back.

Iran appeared to be goading the United States into a military reaction.

It marked the third engagement between U.S. and Iranian forces in the gulf since Sept. 21, when Army helicopter gunships crippled a mine-laying ship, the Iran Ajr, killing at least two Iranians and wounding four others. Similar gunships sank an Iranian patrol boat and virtually destroyed two others Oct. 6.

But the naval bombardment was the first direct retaliation for an Iranian attack against a U.S.-flagged vessel, even though the ship was inside Kuwaiti territorial waters when it was hit by the missile and not on the high seas.

There had been a question about whether the United States would respond to the attack since it took place in Kuwaiti waters. The defense of those waters had thought to be left up to Kuwait and Weinberger said the retaliation did not reflect a change in U.S. policy.

The missile strike "took place on a U.S. flag vessel and the fact that it took place or inside an actual line doesn't excuse it," Weinberger said.

The destroyers that took part in the attack were identified as the Kidd, the Hoel, the Leftwich and the Young. All were part of the U.S. MidEast Force in the gulf and had been in those waters before the attack, Pentagon officials said.

The U.S. naval attack was the first such bombardment since the battleship New Jersey launched 2,000-pound rounds at Syrian targets in Lebanon in December 1983 and came following three days of jitters about whether the United States would retaliate for the Iranian missile strike.

The naval response, Weinberger said, "will contribute markedly to the future safety of peaceful, legal, non-belligerent actions of the United States in the Persian Gulf."

He said the United States could not permit a situation in which Iran "can feel that they can attack non-belligerent shipping with impunity."

Navy search and rescue teams found no Iranian dead or wounded after the attack, the Pentagon said.

President Reagan, through White House spokesman Marlin Fitzwater, said the reprisal came after "numerous" warnings to Iran about the consequences of continued attacks against and interference with shipping in the gulf.

"The action against the Iranian military platform came after consultations with congressional leadership and friendly governments. It is a prudent yet restrained response to the unlawful use of force against the United States and to numerous violations of the rights of other non-belligerents."

Twenty minutes before the attack, the Navy broadcast the following warning to the platform on distress frequencies: "Ras Hadat, Ras Hadat, this is the U.S. Navy. We will commence firing on your position at 1400 hours (2 p.m.). You have 20 minutes to evacuate the platform."

Merchant ships in the area also were warned and Washington notified Britain, France, Belgium, Holland, Italy, West Germany and Japan before the attack, the Pentagon said.

Congressional leaders were summoned to the White House about 12 hours before the attack. Similar meetings occurred just before the U.S. invasion of Grenada in 1983 and the U.S. bombing of Libya in April 1986.

Among the congressmen included in the White House meeting Sunday night were House Speaker Jim Wright, D-Texas, Senate Democratic leader Robert Byrd, D-W.Va., House Democratic leader Thomas Foley, D-Wash., and Senate Republican leader Robert Dole.

...Tax

Continued from page 1A

Friday. The legislature adjourned without reaching agreement on whether to repeal or revise the state sales tax on services.

County commissioners decided Monday that there was no reason to cancel the election since state tax laws have not been changed since the commis-

sioners decided last month to schedule the referendum.

Even if the legislature ultimately decides to raise the state sales tax, or take other action which would affect Seminole County residents' tax bill, that action is not expected before another special legislative session in November or December — after the local referendum is held.

The one-cent local sales tax will be in effect for 15 years if

approved by the voters. It will be levied on all purchases up to \$5,000.

County Administrator Ken Hooper, who recommended the commissioners take no action to cancel the referendum, estimates it will raise about \$19 million per year, which will be divided among the county and the seven cities within it.

Hooper has estimated that if the sales tax is removed from services, which the legislature still may do completely or partially, it will mean about \$3 million to \$4 million less revenue from the local one-cent tax.

The county has projected spending its share on road improvements, including the largest portion, \$60 million over the 15 years, as backing for bonds to construct the proposed Seminole County Expressway between State Road 434 and the junction of Airport Boulevard and U.S. Highway 17-92. Cities have proposed a variety of projects to be financed with revenues from the local one-cent sales tax, ranging from road improvements to community centers to sewer projects.

Body Found In Lake

An autopsy performed on the badly decomposed body of a man found in Lake Monroe, Sanford, by fishermen, failed to establish a cause of death, but Seminole County sheriff's investigators said today that foul play has been ruled out.

Because the body was so badly decomposed, investigator Janice Walthers said that only tentative identification has been made of the body. She added that more extensive autopsy tests will have to be performed before cause of death is established.

The man believed to be the persons found in the lake at about 8:19 p.m. Saturday is John William Carlisle, 37, of New Smyrna Beach. Walthers said a fingerprint comparison will have to be made to confirm if the body is that of Carlisle.

Carlisle was reported missing about one week ago. Walthers said.

The body was found floating at the seawall in Sanford by fish-

ermen John Henry Huhley, 74, John P. Knight, 26, and Darlene Potts, 26, all of Apopka, a sheriff's report said.

Walthers said it had not been determined that the victim drowned. Seminole County Medical Examiner Dr. G.V. Garay reported that Carlisle had a history of seizures. It has not been established how the victim ended up in the lake.

—Susan Loden
