Robbins Is Charged With Criminal Attack Of Orlando Nurse

Decision Awaited From Westinghouse On Latest Proposal

PHILADELPHIA (AP)—Federal mediators and union officials today awaited a decision by the Westinghouse Electric Corp. on the latest proposal aimed at ending a nationwide strike now in its 31st day.

The AFL-CIO International Union of Electrical Workers last night accepted a suggestion from Joseph F. Finnegan, head of the Federation Mediator and Conciliation Service, that a three-man board be appointed to consider points in dispute and make a recommendation for further negotiation.

The opinion of the board would not be binding. Each side would select one member and Finnegan would choose an impartial chairman. The mediator asked the union and Westinghouse to make known their selections to him within 24 hours.

The proposal followed a series of daylong separate conferences held by Finnegan with the company and the union.

USS Glacier Passes Iceberg Larger Than Capitol City

ABOARD USS GLACIER, in the Ross Sea (AP)—This icebreaker flagship of the U. S. antarctic expedition today passed an iceberg bigger than the city of Washington and considerably higher.

The flat white monster covered an area of about 100 square miles. It rose 150 feet above the water and was estimated to have another 300 feet thickness under the sea.

Adm. Richard E. Byrd, the expedition's leader, said the square iceberg encountered at the western end of the Ross Sea was one of the biggest he had ever seen in his five antarctic expeditions.

Marilyn Wins Out In Studio Battle

HOLLYWOOD (AP)—After a year-long squabble, Marilyn Monroe returns to 20th Century-Fox Studio next month with a seven-year contract estimated to be worth more than eight million dollars.

The deal, announced yesterday, ended one of the most publicized walkouts in film history.

The actress was reported dissatisfied with her salary. She said she was making less than \$500 a week when she first appeared in the list of the movies' top 10 box office stars.

The contract, with Marilyn Monroe Productions, Inc., calls for four pictures in seven years on a profit-sharing basis. The studio would not comment on the deal, one of the most solid victories for a star fighting a studio.

Orchestra Of Aunts Celebrates

MIMONO VILLAGE, Japan (AP)—The "Orchestra of the Aunts" celebrated its fifth anniversary today by dashing off Haydn's "surprise symphony."

This 15-piece orchestra, composed entirely of village housewives, is one of those things in Japan stemming from the Allied occupation's "household" of 1943.

The "Obasan Gakudan" or "Orchestra of the Aunts" sprang up without outside urging five years ago in this small farm village. It has three miles from the grand house of the symbol of Japanese culture on the west shore of Nagoya Bay.

The housewives average 40 years of age. Five years ago they were undistinguished among millions of Japanese housewives, many of whom drudge in field and kitchen day and night, their chief amusement the feudalistic game of raggie their daughters-in-law.

A warrant, charging Gilbert Robbins, 28-year-old negro pool-room operator of Winter Park, with the criminal attack of an Orlando nurse as she was on her way to her Longwood home on the night of October 6, was served yesterday afternoon.

The negro, being held in the Seminole County Jail, has two charges now pending against him. He is charged with the attempted rape of a 35-year-old Allamonte Springs white woman Tuesday night, and the criminal attack on the 27-year-old Longwood white woman on the night of October 6.

It is understood that another white woman who was run off the road several months ago will be called in to identify the attacker.

According to law enforcement officers, the same manner of running women, driving alone, off the road in lonely places was used in each instance.

The Winter Park negro denies having ever seen either of the white women. However, Robbins was immediately identified in a lineup which included Fletcher Jones who is being held on the October 6 criminal attack case.

No Charges Made Against Husband Following Spree

NORTH HOLLYWOOD, Calif. (AP)—No charges will be pressed against song writer Merle Travis, 27, who climaxed an all-night drinking spree yesterday by slugging his wife with a pistol and barricading himself in his San Fernando Valley home for more than 30 minutes.

Travis, who will turn an estimated \$75,000 from his current song hit "Sixteen Tons," said he "didn't remember a thing" after 30 policemen armed with rifles, shotguns and tear gas stormed his modest bungalow.

Police said the husky composer, dressed in pajamas and a robe, was drunk when they found him unarmed in his living room. After a short snooze at the Van Nuys jail, he was released when his wife, Betty, 31, refused to sign a wife-beating complaint.

"I love him very much," she said. "He's really a very nice guy, but he was drinking."

Famed French Star Mistinguett Dies

PARIS (AP)—Mistinguett, French music hall star for half a century whose legs were once among the world's most famous, died today after a two-week illness. She was 52.

The noted entertainer died in her sleep at her brother's home in suburban Boulogne. She suffered a paralytic stroke while spending the Christmas holidays there and subsequently developed pneumonia.

Her last days were spent in an oxygen tent.

Mistinguett had been a symbol of the gay life of the French music hall for longer than most present theatergoers can remember. She admitted herself that she was never beautiful, except for her fabulous legs. Even in operettas she was more personality than singer.

POPCORN GAINS FAVOR

TOKYO (AP)—Popcorn is gaining favor with young Japanese moviegoers, a survey of theater owners showed today. Previously movie fans with an urge to munch had favored dried octopus.

The widow was left \$2,300 in cash and the income from one third of his estate for the rest of her life—the minimum under New York state law.

GILBERT ROBBINS

Jan. 14-21 Named As Jaycee Week By Mayor Cordell

A PROCLAMATION WHEREAS, the civic bodies and service organizations of our community and the departments of the local government recognize the Seminole County Junior Chamber of Commerce;

WHEREAS, the affiliated state and community chapter of the United States Junior Chamber of Commerce have set aside the week of January 14 to January 21, to observe the founding of the Junior Chamber of Commerce, and to commemorate such founding by selection of the outstanding young man of this community as recipient of the Distinguished Service Award;

WHEREAS, this organization of young men through projects of community betterment is building leadership within its ranks for the future of our city;

THEREFORE, I, J. Denver Cordell, Mayor of the City of Sanford, Florida do hereby proclaim the week of January 14-21, 1945 as JAYCEE WEEK and urge all citizens of our community to give full consideration to the future services of the Junior Chamber of Commerce.

Dated December 12, 1944
Signed: J. D. Cordell,
Mayor

Bulk Of Big Estate Left To Daughter

NEW YORK (AP)—Ham Fisher, creator of the comic strip "Joe Palooka," left the bulk of an estimated \$7-million-dollar estate to his 17-year-old daughter, Wendy.

Fisher's will, filed for probate yesterday, left the legal minimum to his second wife Marilyn, whom he married in April 1934. No child has been born to them.

A section of the testament contained this paragraph: "This will and its provisions thereof shall not be either wholly or partially revoked or rendered wholly or partially ineffective or otherwise affected by the subsequent birth of a child or children said to be mine."

Republican leaders who were given a preview of the document said it contained "no shocks or surprises."

Specific recommendations in the fields of agriculture, finance, school aid and health assistance will be spelled out in separate messages scheduled for delivery late in the month.

RESTAURANT BURNS NEW ORLEANS (AP)—Fire struck Galatoire's, famed French quarter restaurant, late last night and caused about \$75,000 damage.

Fire chief Howard Day said the blaze was confined to the second and third stories. Considerable water damage was caused by the overflow from dining room and kitchen.

No injuries were reported. Cause of the fire was not determined.

Fletcher Jones Is Released

Fletcher Jones, 24-year-old Sanford negro, was released from the Seminole County Jail yesterday afternoon shortly after 4 o'clock.

Charges of criminal attack on an Orlando nurse were dropped when the 27-year-old Longwood woman identified Gilbert Robbins, 28-year-old negro pool-room operator of Winter Park, in a six-man lineup at the Seminole County Jail yesterday.

Fletcher Jones said, as he was released from his cell, "I knew that I would be released. I read my Bible every day and had faith that something would happen to clear me of the charges."

Sheriff's Deputies said that the heavy negro, when he wasn't eating would be reading his Bible that was kept in the cell with him.

Average Person's Animal Knowledge Tested In Columbus

COLUMBUS, Ohio (AP)—Is a bat blind in the daytime? Which bird lays the largest egg—the ostrich, eagle, swan or hummingbird?

How can you tell the difference between a crocodile and alligator? You can read those questions and others at Columbus restaurants today. The Ohio State Veterinary Medical Assn. distributed 2,500 quiz cards at the city's eating spots to test the average person's knowledge of animals.

It was the association's way of publicizing its 12nd annual meeting.

Just as you won't be left up in the air: A bat has limited vision in the daytime.

An ostrich lays the largest egg. A crocodile's head is triangular in contrast to the broad-snouted alligator.

Suit Is Modeled For More Tailoring

WASHINGTON (AP)—The new suit in which the administration hopes to dress up its farm program was modeled for additional tailoring today before Republican members of the Senate Agriculture committee.

Secretary of agriculture Benson arranged to meet with the senators, as he did with House members yesterday, to discuss with them the proposals he will suggest that President Eisenhower recommend to Congress in a special message Monday.

He also arranged to meet later with Senators Ellender (D-La) and Aiken (R-Vt), the Democratic chairman and senior Republican on the committee, before flying late today to Key West, Fla., to make his recommendations to the President tomorrow.

Work Blueprint Sent To Congress

WASHINGTON (AP)—Congress gets from President Eisenhower today a 1946 work blueprint which Democratic leaders may subject to major redrafting.

Eisenhower, recuperating in Florida from his Sept. 24 heart attack, will not deliver his annual State of the Union message in person. Clerks will read it in the Senate and House chambers.

Republican leaders who were given a preview of the document said it contained "no shocks or surprises."

Specific recommendations in the fields of agriculture, finance, school aid and health assistance will be spelled out in separate messages scheduled for delivery late in the month.

RESTAURANT BURNS NEW ORLEANS (AP)—Fire struck Galatoire's, famed French quarter restaurant, late last night and caused about \$75,000 damage.

Fire chief Howard Day said the blaze was confined to the second and third stories. Considerable water damage was caused by the overflow from dining room and kitchen.

No injuries were reported. Cause of the fire was not determined.

Seminole County Growth Depicted In Credit Report

Nautican Opening Set Back One Week

The River Cruise boat "The Nautican" made a test run today with officials marking the route that the boat will ply each day beginning with the new opening date, Jan. 15.

Richard Sodero and W. R. Kemp, co-operators of the "Nautican" said today that the boat will be put into first class shape for the opening event which is to take place Jan. 15 at 3 p. m.

The entire boat will be repainted, said Sodero. It is to be trimmed up with hundreds of flags flying and multi-colored lights streaming around it for the night runs during the winter season.

Another feature on the boat will be put in tip top shape. The dance floor will be relayed to take care of the hundreds making the four hour river cruise. A snack bar will also be a feature on the new boat.

Although plans are not yet complete for the gigantic opening day ceremonies, Sodero and Kemp said today that the Seminole High School Band will play for the occasion.

Senator Bates Kefauver has been invited to the official opening and it is expected that he will accept the invitation.

Governor Leroy Collins has been invited to be in Sanford for the occasion and other state dignitaries will be on hand to see and ride the "Nautican" as it makes the official first trip on the St. Johns River following rededication ceremonies.

Hundreds of visitors are expected in Sanford from cities within a 75-mile radius. Chamber of Commerce officials, along with members of the surrounding area, have been extended an invitation to take part in the rededication of the St. John's River.

Florida May Send 40 Delegates To Demo Confab

TALLAHASSEE (AP)—Florida may send 40 delegates to the Democratic national convention in Chicago this summer to cast the state's 24 votes for presidential candidates.

State Democratic Chairman James Milligan said at Orlando yesterday he was polling the executive committee by phone to determine whether the 12 delegates at large will have a full or a half vote.

While full returns aren't in yet, Milligan said indications were a majority of the committee favored giving the delegates at large a half vote. That would make 24 delegates at large.

WANTS HALF OF PICTURE LITTLE ROCK, Ark. (AP)—William Gene Shelton of Little Rock yesterday waived his right in court to a divorce sought by his wife, Peggy Lou, but he asked chancery court to force her to give him half of their wedding picture.

Romanians Are Slowly Learning About Good Things In America

VIENNA (AP)—The Romanian people normally read little good about the United States. But now they are learning.

California is a fertile wonderland with marvelous irrigation projects. American agriculture produces so richly that vast surpluses have to be undertaken to sold down surplus. Negro workers enjoy a five-day, 48-hour week.

Many Romanians undoubtedly know or suspected these things. But they never got to read them in Scantasia, organ of Romania's ruling Workers (Communist) party, until publication of article by a Bruca member of a Romanian farm delegation which recently toured the United States.

The past American surplus continually abandoned the Romanians, who come from a country where the government is constantly hammering for greater production.

Bruca describes a visit to Corp Rapid, Iowa. The Romanians even the guests of one expert

Nation's Requests Higher

Dun & Bradstreet Gives Statements Each January business concerns in all parts of the United States receive from Dun and Bradstreet requests for its annual financial statements. This year the number of requests going out nationwide will exceed three million.

The growth of Seminole County is reflected in statistics just received by the credit reporting firm. Clyde L. Houk, District Manager at Jacksonville, which office covers this area, says that there will be more requests for financial statements made of business concerns in Seminole County than ever before. The Seminole County section of the current issue of the Dun and Bradstreet Reference Book contains 433 local names, comprising manufacturers, wholesalers and retailers. It does not include some of the service and "professional" businesses such as barber and beauty shops, real estate and stock brokers. The figure for business in Seminole County would actually be higher than the 433 quoted above. In 1944, the number of listed names totaled only 368, an indicated increase for this year of 86 per cent.

During 1944, Dun and Bradstreet estimates they will be required to make about 75 per cent. changes in the listings of business enterprises in Seminole County. These changes will result from adding the names of new businesses, and deleting the names of those who have discontinued; as well as accounting for changes in ownership, trade names and credit ratings.

Better than 95 per cent of all commercial transactions in the United States are made on credit terms and the buyer and the seller are brought together by means of credit information.

When the owner of a business or his account returns his financial statement to Dun and Bradstreet, the owner has taken the first step in establishing his responsibility as a seeker of credit. The statement becomes part of the credit report on his business along with a financial analysis, a description of what the business does and a record of how it pays its bills.

On the basis of the information in the report, a rating is assigned and the businessman is listed in the Dun and Bradstreet Reference Book. This makes it possible for his suppliers and insurance underwriters, who use the book, to look him up and in this way he is assisted in getting his goods and insurance.

In other words should a manufacturer or wholesaler receive an order for merchandise from a merchant, regardless of where the seller is located, and regardless of where the merchant is located, the listing and rating of the merchant is available to the seller in the Reference Book which covers the entire United States.

A Reference Book listing contains the name of the business and the rating. The rating consists of two symbols. The first, a letter of the alphabet, indicates financial strength or capital. It is the difference between what the business owes and what it owns. The second symbol, a numeral, reflects a composite of financial stability and payment record.

Officers Identify Object From Plane

PITTSBURGH (AP)—After 24 hours of scrutiny, Army bomb disposal officers have identified a small object found aboard a TWA passenger plane as a soldering iron heat element often used by airplane mechanics.

Lewis Rhinebold, head of the Civil Aeronautics Authority here, said last night the object apparently was harmless unless it was set off and it would require considerable force to do so. He said a mechanic probably dropped it after some repair work at Chicago before the two-engine plane took off Tuesday on a flight to Washington.

Officers Identify Object From Plane

PITTSBURGH (AP)—After 24 hours of scrutiny, Army bomb disposal officers have identified a small object found aboard a TWA passenger plane as a soldering iron heat element often used by airplane mechanics.

Lewis Rhinebold, head of the Civil Aeronautics Authority here, said last night the object apparently was harmless unless it was set off and it would require considerable force to do so. He said a mechanic probably dropped it after some repair work at Chicago before the two-engine plane took off Tuesday on a flight to Washington.

Now Down

LOS ANGELES (AP)—The president-elect of the American Medical Assn. has this advice for tycoons: Slow down. Save yourself and help business too.

"We could salvage some of our most valuable business executives if we could get them to slow their pace from a gallop to a trot," Dr. Dwight H. Murray told a crowd of medical convention yesterday.

"In upper middle age, men should do such things as eat less salt and fats and, above all, take less stimulants."

Summons Served For Duty On Jury

Summons to serve on the jury for the January term of Circuit Court are being served today on the Seminole County Sheriff and Sheriff's Deputies.

Fifty summons, said Sheriff J. Denver Cordell, are being delivered to those whose names were drawn to serve on the jury.

No Injurious Fall From Radiation Is Reported By AEC

LAS VEGAS, Nev. (AP)—The Atomic Energy Commission's final report on radiation-recording film badges says there was no injurious fall-out last spring from the Nevada nuclear test series.

"No community was exposed in fallout radiation which would have affected people's health," said J. B. Sanders, AEC, ranch manager, after a study of badges worn by 171 persons or posted in 284 locations within a 30,000-square-mile area.

The data was recorded and analyzed by the U. S. Public Health Service. It showed a high reading of 3.9 roentgens for a population area, accumulated on a badge at Elgin, Nev. This is the standard safety level set by the AEC for one year. One film badge posted 12 miles east of Alamo in the desert, and deep end of the test site, accumulated 6.88 roentgens during the three-month series of 14 blast.

Nearly 80 per cent of the badges worn showed no radiation exposure.

Prince Of Monaco Captures Heart Of Grace Kelly

MONTA CARLO (AP)—Prince Rainier of Monaco, a wealthy and eligible bachelor, has captured the heart of Grace Kelly, an old Hollywood's most eligible stars.

Their engagement was announced today—first through a palace announcement here, and then by Miss Kelly's parents, Mr. and Mrs. John B. Kelly, in Philadelphia.

He is 32 and she is 26. The handsome prince met blonde Miss Kelly when she was making "To Stop a Thief" on the Riviera. He is currently visiting her in the United States.

Rainier is a Roman Catholic and rules over a mid-size principality on the Mediterranean coast. His subjects have been anxious for him to marry because the principality reverts to France—with French taxes—the sovereign dies without an heir.

Monaco has a voting population of about 1,000 but visitors and French residents swell the population to about 200,000. There are no personal taxes, with the government drawing its revenues from the famous Monte Carlo Casino.

Ted David Files Notice Of Appeal

TALLAHASSEE (AP)—House Speaker Ted David today filed notice of appeal to the Florida Supreme Court of his suit seeking to test eligibility of Gov. Collins to seek reelection.

He is appealing from a ruling of Circuit Judge Hugh Taylor dismissing the suit.

In another development, Paulose Streets of Lake Placid filed an amendment in his suit in which he called attention to a recent announcement by Collins that he would run for reelection if the courts hold he is eligible. Streets is an announced candidate for governor.

Taylor had dismissed Street's suit Dec. 8 on the ground the courts couldn't determine the issue until Collins made an announcement of his intentions.

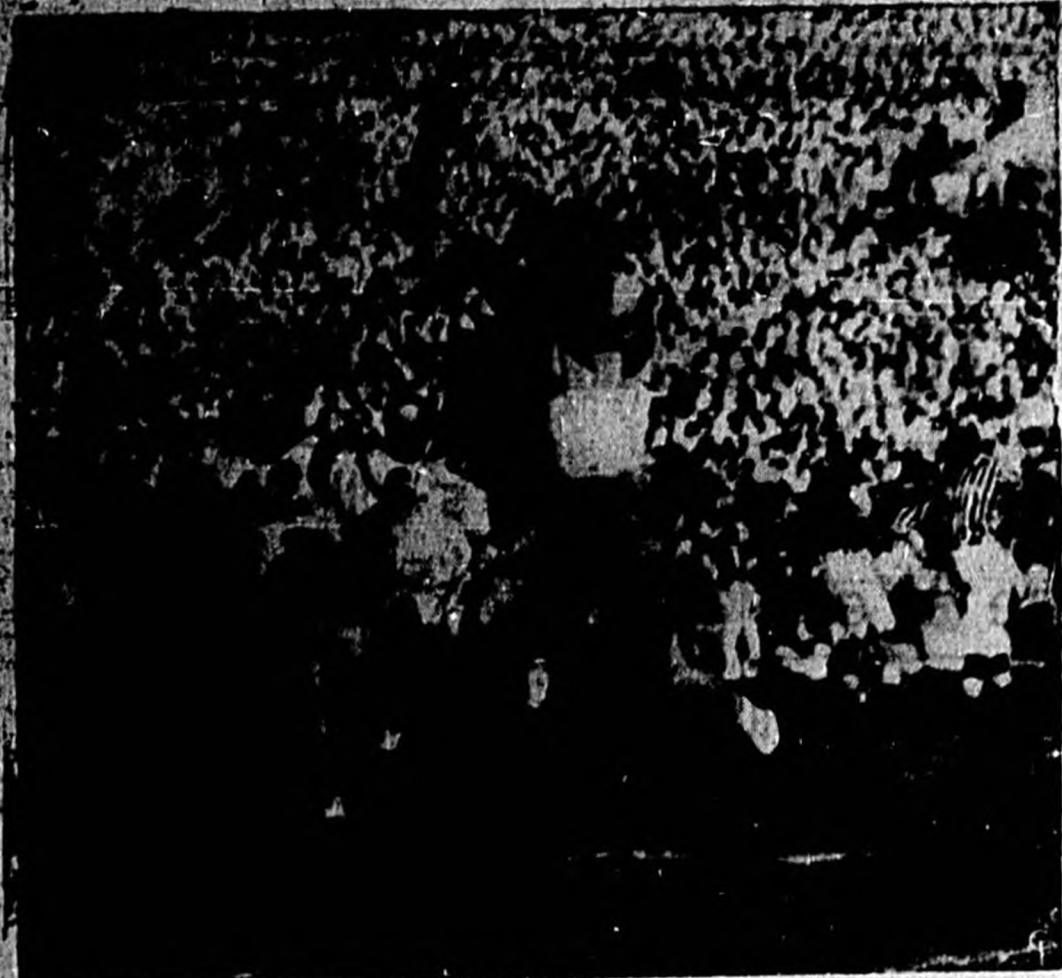

Summons Served For Duty On Jury

Summons to serve on the jury for the January term of Circuit Court are being served today on the Seminole County Sheriff and Sheriff's Deputies.

Fifty summons, said Sheriff J. Denver Cordell, are being delivered to those whose names were drawn to serve on the jury.

Circuit Court gets underway Monday with the trial set to begin at 10 o'clock.

News of the World in Pictures

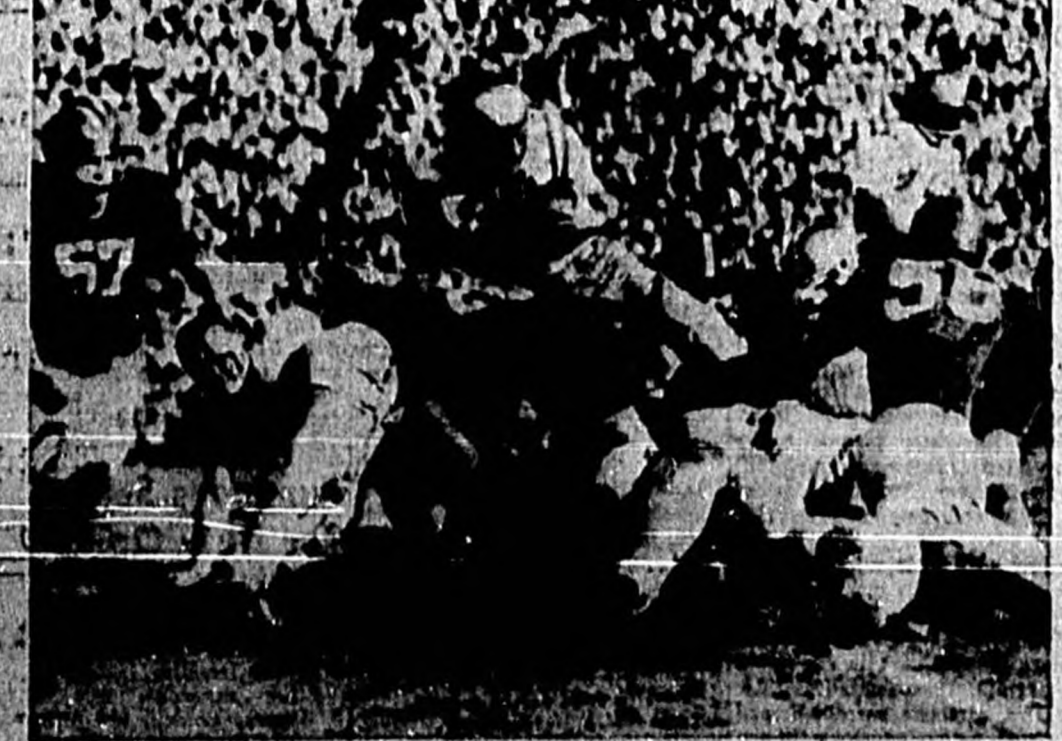

UCLA BREAKS UP SPARTAN PASS ATTEMPT—Doug Bradley (12) leaps high to try and snare a pass intended for Walt Kowalsky (14) of Michigan State in the Rose Bowl game in Pasadena, Calif. Kowalsky sparked the Spartans to an aggressive attack on the UCLA team that forced them to give to the air. A field goal by Michigan State in the final seconds of the game brought them their second Rose Bowl victory over UCLA in three years. (International Soundphoto)

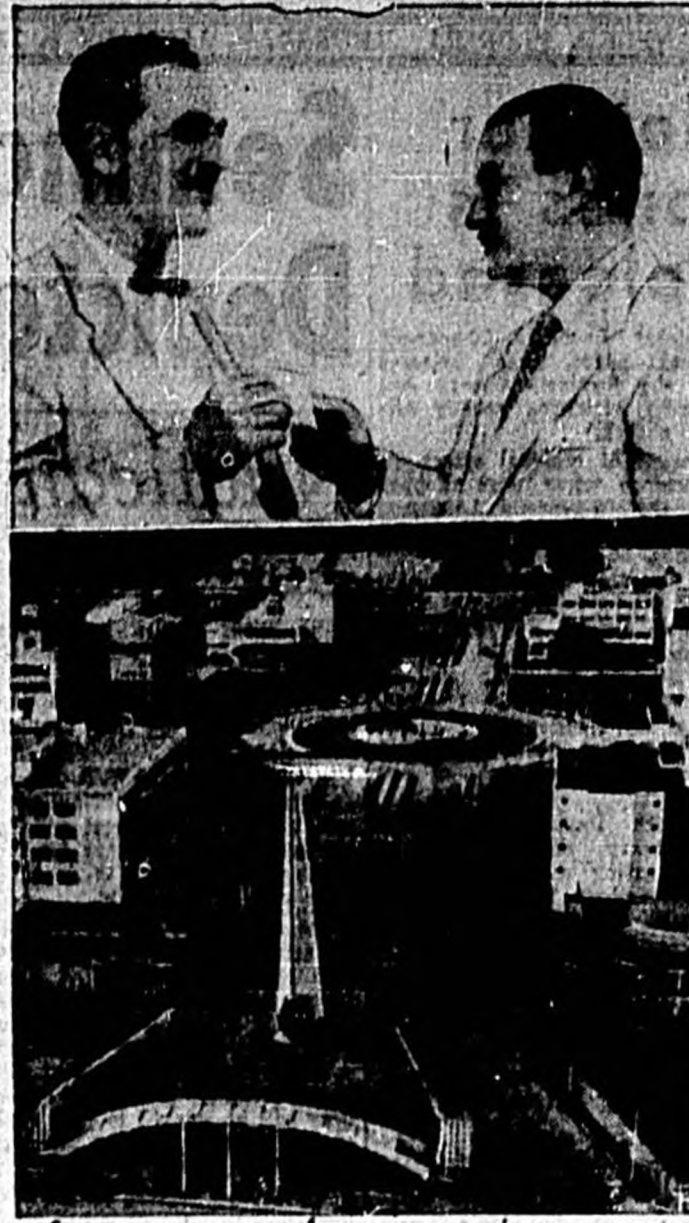

OKLAHOMA TOPS MARYLAND, 20 TO 6, IN ORANGE BOWL—Oklahoma's left halfback Tom McDonald (25) takes the ball through the Maryland line at the Orange Bowl game in Miami, Fla., but Frank Tamburello (10, right) closes in for the tackle. Oklahoma, trailing 6-0 at the half, came back with three touchdowns to run away from Maryland 20-6. (International Soundphoto)

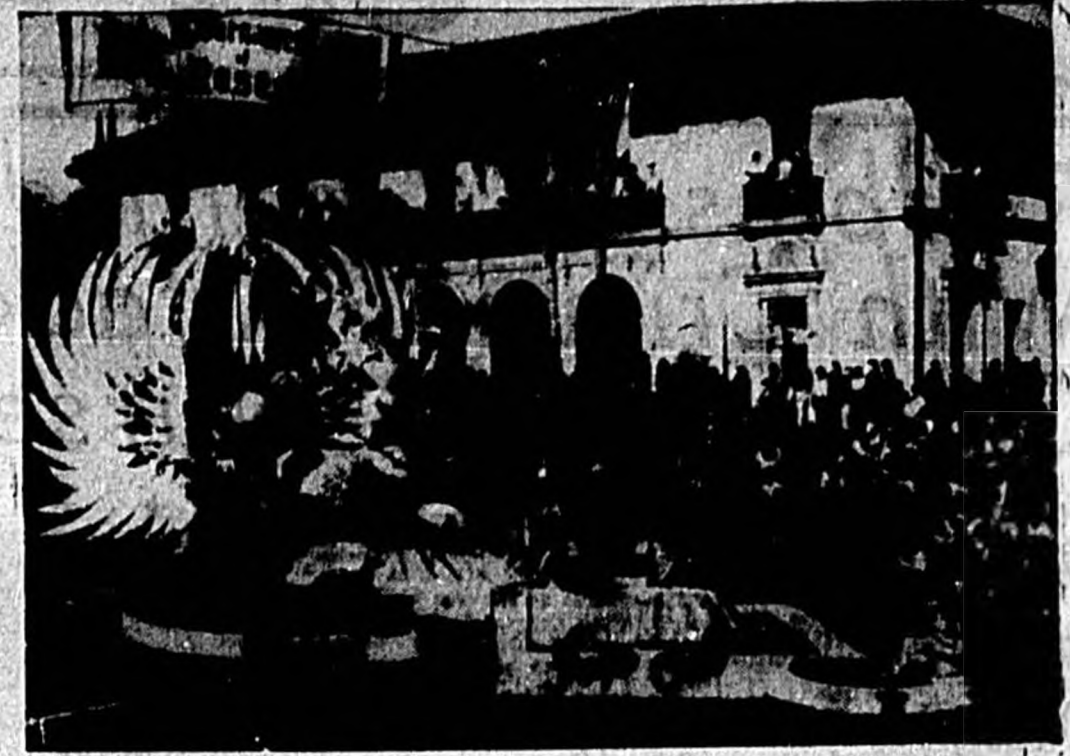

GAINS IN CLOSING MINUTES OF SUGAR BOWL GAME—Pittsburgh's Darrell Lewis (14) carries the ball around end past Georgia Tech players to the ten-yard line during the closing minutes of the Sugar Bowl game in New Orleans, La. The game ended there and Georgia Tech won its fifth straight post-season game by downing the Panthers by a score of 7 to 0. (International Soundphoto)

UCLA STOPPED AS MICHIGAN STATE WINS 17-14—Jim Decker (50) of UCLA clutches the ball as he tries to go over the hump in the first quarter of the Rose Bowl game but Michigan State holds him to a four-yard gain. The Spartans from the Mid-West took the Pasadena, Calif., classic with a fourth field goal to win by a score of 17 to 14. (International Soundphoto)

THE DOMINICAN REPUBLIC opens its \$30,000,000 International Peace and Progress Fair in Ciudad Trujillo, and Omero Caton (top, left) of Teaneck, N.J., buys the first ticket from an official. Caton, internationally known as "Mr. First," waited 14 hours at the gate to assure his place. At bottom is a general view of the fair with its theme, a winged globe, and with 70 pavilions spread over a 125-acre tract. About 20,000 visitors came to the opening of the fair. The exposition will be held for the next six months. (International Soundphotos)

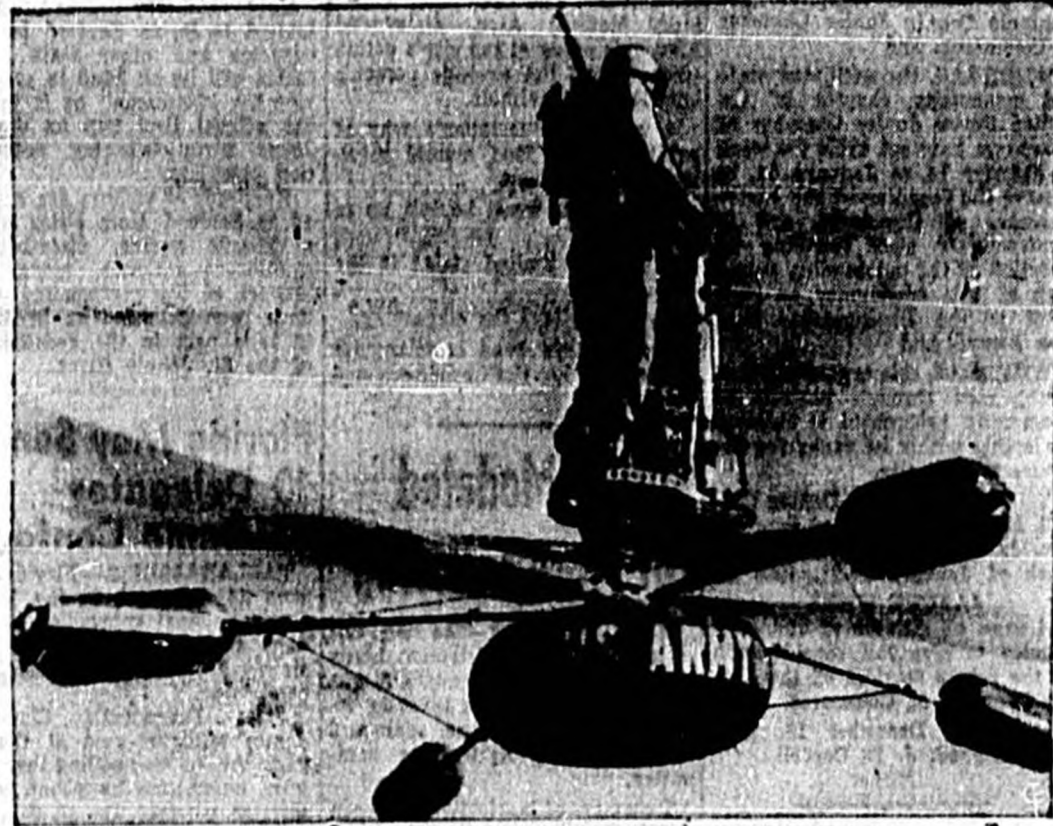

CREATION OF THE UNIVERSE is colorfully depicted in orchids, sweet peas and rose petals as the town of Burbank's entry in the 1958 Tournament of Roses float parade in Pasadena, Calif. "Page One" is the title of the float, which shows floral planets hanging over the earth. The entry won the sweepstakes as the parade's most beautiful with Italian actress Rosszha Podesta and a court of two aboard. (International)

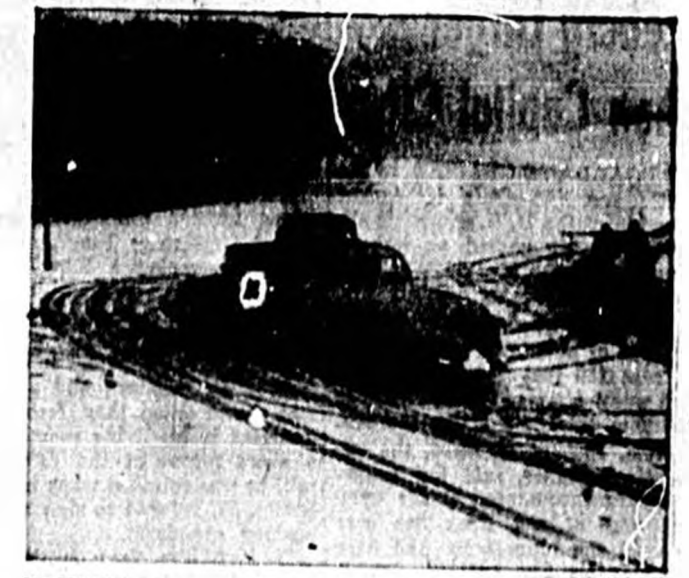

WASHINGTON, D.C. (PTING)—General Randolph McCall Pate assumed duties as the 31st commandant of the Marine Corps January 1. He succeeds General Lemuel C. Shepherd, Jr. General Pate, a Marine since 1921, is a combat veteran of Santo Domingo (1923-24), Guadalcanal-Tulagi, Palau, Iwo Jima, and Okinawa during World War II, and commanded the 1st Marine Division in Korea.

A YOUNG ARAB rebel chieftain, Kerbaddou Ali (left), 37, gives himself up to French military authorities at the oasis of Kanga Sidj (Nad), Algeria. He led a band of 150 tribesmen in to seek a pardon, declaring that, having changed his viewpoint about France, his life was threatened by other rebel chiefs. Groups of terrorists, meanwhile, have continued their slaughter in the hills, burning farms and schoolhouses and killing residents. (International Radiophoto)

IMPROVED BATTLEFIELD MOBILITY takes a giant step forward with the procurement by the Infantry of 32 aerocycles like this one being demonstrated at Camp Kilmer, N.J. The pilot stands on a platform over the rotor blades and guides the 200-pound craft by leaning in the direction he wishes to travel. The aerocycle will fly an estimated 65 miles an hour with a range of about 150 miles. (International)

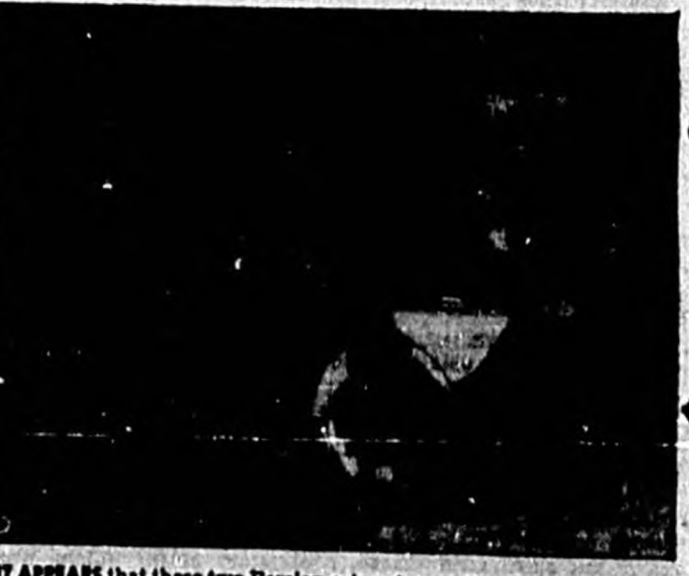

NORTHERN CALIFORNIA, still trying to shake off the effects of the recent devastating floods, finds itself under a heavy mantle of white. More than eight inches of snow fell atop 2,500-foot Mount Tamalpais, north of San Francisco. (International Soundphoto)

FLOATS AT TOURNAMENT OF ROSES PARADE—Michigan State's float (top) entitled "Centennial" passes by spectators at the 67th annual Tournament of Roses parade in Pasadena, Calif. It was one of 61 colorful floats entered in the annual event. At bottom, pretty girls wave from the University of California in Los Angeles float, called, "Halls of Ivy". The climax came when Michigan State won the Rose Bowl game by a score of 17 to 14. (International Soundphotos)

GEN. RANDOLPH McCALL PATE (left) is sworn in as the 31st commandant of the U.S. Marine Corps by Adm. Ira Nunn, Judge Advocate General. Mrs. Pate watches the oath-taking ceremony in Washington. Gen. Pate, who succeeds retiring Gen. Lemuel C. Shepherd, Jr., started his military career as an Army enlisted man.

IT APPEARS that these two Persian cats got an early start in celebrating the arrival of the New Year. Bagdad Tiny Bitt (left) tips over his catnip cocktail to get the last drop while Bagdad Bobby Sox looks place at a banquet in New York given by the Empire Cat Club for the benefit of the club's rescue and welfare fund. (International Soundphoto)

Ladies To Be With Us Again In Naming '56 Hurricanes

The ladies, bless 'em, will be with us again in 1956.

The Weather Bureau announces that it will continue to abuse its practice of giving feminine names, in alphabetical order. The argument that this was unjust to women is disregarded.

The year's crop will start with Anna, followed by Betty, Carla and Dora. To readers of Dickens' "David Copperfield", in which Dora was David's child bride, Dora will seem hardly an appropriate name for a violent and destructive gale. But the Weather Bureau replies justly that it cannot pick and choose. Some difficulties are already developing

Historic Date

Besides ushering in the year 1956, January 1 was an historic date for another reason.

On that day, in accordance with a law passed by congress, workers in all establishments having four or more employees were brought under the protective wing of federal unemployment insurance.

That adds up to about 1,700,000 in addition to those already eligible for unemployment benefits, bringing the total to more than 40,000,000.

It is a good occasion for a reminder that this form of social security, which was once bitterly condemned as socialism and plain foolishness, now has become an established part of our federal system of safeguards against disaster. Democrats and Republicans alike support it, and public approval is strong.

The basic reason for this approval is that unemployment insurance actually works. Though the system will doubtless be improved further in years to come, the fact remains that already it has protected many Americans against complete loss of income when they have become unemployed. At the same time it has also kept up purchasing power and thus benefited the entire economy.

Reports indicate that improper payments have been held to a low level, and that there have been relatively few abuses of the system. Unemployment insurance is expensive; more than two billion dollars is paid out annually.

But on the whole it seems well worth the cost.

TODAY'S BIBLE VERSE

"Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day: and not to me only, but unto all them also that love his appearing."—II Timothy 4:8.

In finding names that have not been used, Q, X and Z, always troublesome letters, are represented this year by Quenda, Xina and Zenda. It will be a bit of bad news to us here in Florida if there is an occasion to use Quenda, because that would be the 17th hurricane of the year; and heretofore there have been no more than 11 of the big gales.

In 1955 the series ended with Katie, the eleventh.

Enough!
Too many!

Resolution Time

A new Mayor, a new commissioner, and a brand new year!

And ahead of us is the most prosperous year in the history of Sanford and Seminole County.

All of it reminds us that we need new resolutions to tide us through the next twelve months.

The resolutions should include closer cooperation to work for the things that are better for our community. Only by working with the people, for the people, do we accomplish the goal in life and in a community that is the pinnacle of achievement for health and happiness.

What do we see ahead of us in Sanford and Seminole County?

The widening, repaving and four-laning of 17-92 from one end of the county to the other.

More industry to bring bigger and better payrolls to the countywide community.

Another twenty-five per cent increase in population.

A bigger Sanford Naval Auxiliary Air Station.

A docks and wharves project completed and in operation along Seminole Boulevard using our natural resources to their fullest extent.

The biggest building program in the history of the county.

With better roads and highways, an expanded trade area bringing thousands of shoppers to the business houses of Sanford and Seminole County.

A cross state airline serving Sanford and other similar communities that need air travel service.

The General Sanford Memorial Library and Museum building.

Completion of the citywide street improvement program.

These forward looking projects will mean much to Sanford and Seminole County, along with the hundreds of other projects that will be completed in the twelve months we know as 1956.

But, without the wholehearted cooperation of every official, every citizen, and every business, we will again be standing still.

Resolutions are in order every day of the new year!—If we live up to them and work toward their accomplishment.

A new year, a new calendar, a new outlook on life—but the same darn old bills.

The great number of soap commercials on television must prove something. Either we're the cleanest people that ever lived or the most bored.

DOCTOR SIR ANTHONY, MY TROUBLE IS

Your City Charter

Part 24

SECTION 112. PUBLIC IMPROVEMENTS, BONDS, ISSUANCE AND SALE FOR PAYMENT OF COST OF: SPECIAL ASSESSMENTS PLEDGED; BONDS TO BE GENERAL OBLIGATION; EXCLUDED FROM DEBT LIMIT; ELECTIONS.

After the equalization, approval and confirmation of the levy of special assessments for street improvements as hereinbefore provided by Section (108) of this Act, and as soon as a contract for said street improvements has been finally let, the City Commission may by resolution issue bonds pledging the full faith and credit of the municipality to an amount not exceeding seventy per cent of the proportionate part of the cost of said street improvements to be paid by special assessment, and the estimated cost of said street improvements as stated in the resolution provided by Section (105) of this Act, shall be used as a basis of calculation in determining seventy per cent of the proportionate part of the cost of said street improvements to be paid by special assessment; said bonds to be general obligations of the municipality; and, if special assessments be not imposed and collected in respect of the improvement in season to pay the principal and interest, the City Commission shall levy and collect on all taxable property in the municipality a tax sufficient to pay such principal and interest as the same respectively become due and payable. All bonds issued under the provisions of this Section shall be excluded from any limitation of bond indebtedness otherwise prescribed by this Act, and shall not impair or invalidate any special assessment made against abutting property under the provisions of this Act, and said bonds shall be issued upon the adoption of a resolution by the City Commission providing for the issue thereof, submitting the question as to the issuance of said bonds to a vote of the non-exempt, taxpaying, freehold electors of said municipality in such a manner as may be provided by ordinance.

SECTION 113. PUBLIC IMPROVEMENTS, BONDS, ISSUANCE OF ADDITIONAL; NOT TO EXCEED AMOUNT OF UNPAID ASSES-

MENT; SPECIAL ASSESSMENT PLEDGE; TAXES TO BE LEVIED IF SPECIAL ASSESSMENTS ARE NOT COLLECTED. After the levy of special assessments for street improvements stand confirmed, and after the completion and acceptance of said improvement by the City Commission, the City Commission may, by resolution, issue further bonds, pledging the full faith and credit of the municipality to an amount not exceeding the unpaid assessments for said street improvement; provided, however, that if any bonds have been issued under the preceding section, upon an estimate of the cost of the improvement, the bonds issued under this section shall not in the aggregate exceed the amount of the unpaid assessments.

All special assessments levied and imposed in respect of the improvement, under this and the preceding section shall constitute a fund for the payment of the bonds authorized by this and the preceding section, and, in the event there be a failure to collect and receive the said special assessments in season to pay the principal and interest of said bonds, the municipality shall levy and collect on all taxable property in said municipality a tax sufficient to pay such principal and interest as the same respectively become due and payable. All bonds issued under the provisions of this section shall be excluded from any limitation of bond indebtedness prescribed by this Act, and shall be issued in the same manner as provided for in the preceding section; provided that no bonds issued under the authority of this Section shall be held in any way to impair or invalidate any special assessment made under the provisions of this Act.

JAMES MARLOW

Russians Get Opposite Of Request

WASHINGTON, Jan. 4.—The Russians seem to have broken at a time when election year and if they could not get the American government to reduce its spending, particularly military spending, in the belief this will bring on a depression here.

They're reported to be thinking that way but—

They won't agree on disarmament and they talk of developing an intercontinental guided missile. So the United States will step up defenses. The Russians promise economic aid to Asia. The United States will boost its foreign aid.

This isn't the first time the Russians got the opposite of what they may have hoped for. The classic example was in 1950 when Stalin let the North Koreans attack South Korea.

Early that year the Truman administration, bent on economy, wanted to cut military spending. The then secretary of defense, Louis Johnson, said he would ask Congress for only 13 1/2 billion dollars.

The Korean War began, the United States jumped in, American military spending shot up, defense plants have done a land-of-fice business, and American prosperity has reached a peak.

This is the total of American military spending since and including 1950: \$224,197,000,000. The Eisenhower administration gradually has been cutting down on it.

The Defense Department estimates that in the present fiscal year, ending next June 30, it will spend about 34 1/2 billion dollars. But now Secretary of Defense Wilson figures spending will hit 38 1/2 billion next year, in part because of higher costs.

The United States can't afford to lag behind the Russians, who talk disarmament but are armed to the teeth. And probably this government heard the Soviets are working hard on guided missiles. Premier Bulganin said as much last week.

Wilson said one billion dollars would go next year into developing missiles. The United States is spending 750 million on them now.

After Bulganin and Communist party chief Khrushchev made their trip to Asia with promises of economic help, Secretary of State Dulles said foreign aid spending by this country would go up from \$4,200,000,000 this year to \$4,600,000,000 next year.

scribed by this Act, and shall be issued in the same manner as provided for in the preceding section; provided that no bonds issued under the authority of this Section shall be held in any way to impair or invalidate any special assessment made under the provisions of this Act.

You never can tell when some low-cost accident insurance might be the best investment you ever made in your life.

E. H. Case, Radio Ham, Elected 'Master-Oscillatorship' Jan. 1

On Jan. 1, E. H. Case, owner and operator of amateur radio station W4NGR in Lake Mary, took over the "Master-Oscillatorship," a word comparable to master of ceremony of the oldest "ham" network of amateur radio stations in the United States.

The "Knights of the Kilocycles," a network of "ham" radio stations covering the state of Florida in all principal cities and communities has been organized since 1934 and has held its meetings each Sunday morning, religiously except for the years covered by World War II when amateur activities were suspended by governmental order.

Over 50 privately owned ham operated stations answered roll call when called by Case last Sunday.

After the roll announcements were made of a coming "ham-fest" at Daytona Beach Feb. 18 by W4RWM and a DX Contest High Score Stations by W4JG of West Palm Beach stations by W4JG of West Palm Beach.

Each station in turn transmits for two minutes on the "first go-around" and three minutes on the second. Topics of conversation vary from weather to almost anything imaginable and local member stations that call in each Sunday morning at 7:30 include W4HGO owned by Ralph Dawson; W4TWT owned by Tommy Baborn Jr.; W4VVS owned by Jim Williamson; W4JZV owned by Forrest Breckenridge.

Case's wife, Claudine, and his two daughters are ardent short wave listeners and associate members of the "Knights of the Kilocycles."

Final Wedding Plans Revealed For Jan. 7 Rites

Miss Mary Julia Thurbay, daughter of Mr. and Mrs. William T. Thurbay of Orange City, will become the bride of Robert F. Clark, son of Mr. and Mrs. George T. Clark also of Orange City at a nuptial mass which will be celebrated at 9 a. m. at the All Souls Catholic Church with the Rev. Richard Lyons officiating.

Richard Alken will be soloist for the occasion.

Bridal attendants will include Miss Mary Helen of Orange City, maid of honor, Mrs. Bernard Harvey, Sanford, bridesmaid and little Miss Brenda Thurbay cousin of the bride of Orange City as junior bridesmaid.

Sharon Sloan of DeLand will be flower girl and ring bearer will be David Rankin, cousin of the bride, Orlando.

Theodore Clark will be his brother's best man and is from Savannah, Ga. Ushers include William Thurbay Jr., brother of the bride and George Haten.

No invitations are being sent but all friends of the couple are invited to the ceremony and wedding breakfast which will be held at the Woman's Club in Sanford.

Wesley Daughters Sunday School Unit Meets On Tuesday

The Daughters of Wesley Sunday School Class met in McKinley Hall at 7:30 p. m. Tuesday evening with Mrs. John Gillon, Mrs. Ross Adams, Mrs. T. S. Sullivan, Mrs. D. M. Paul and Mrs. A. C. Rector as hostesses.

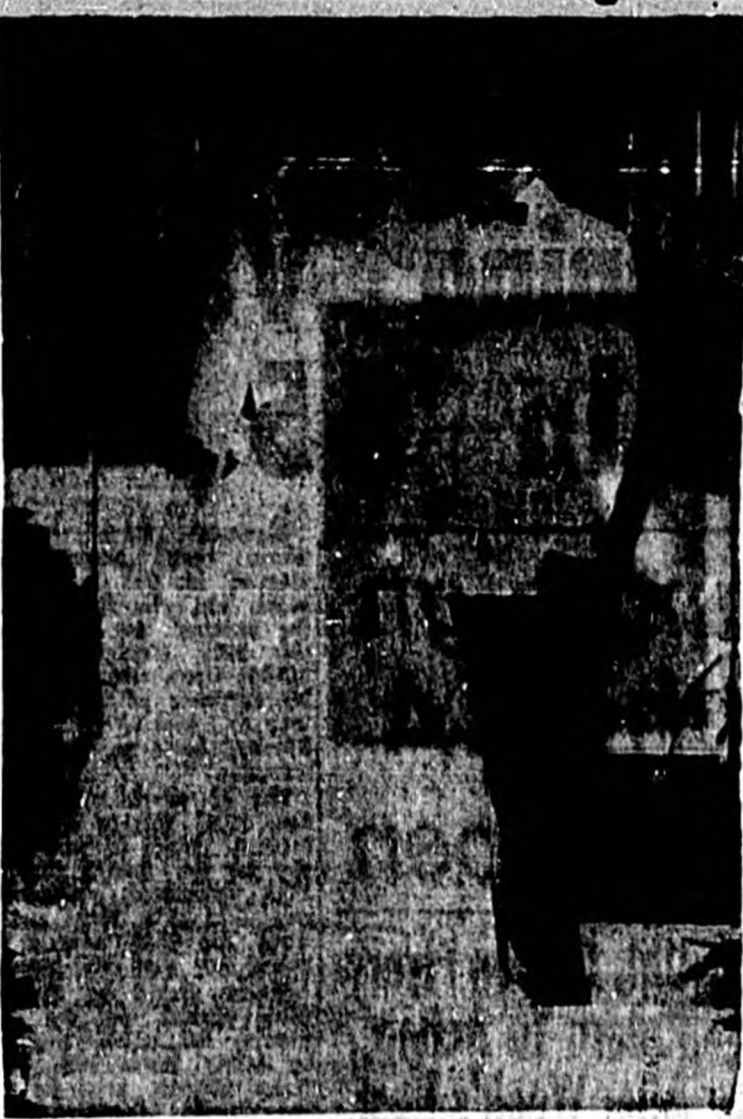

The Hall was beautifully decorated with greenery, Brazilian pepper and poinsettias. Mrs. Roy Tillis, class president, opened the business session with the class song in unison. This was followed by Mrs. Tillis reading "A Happy New Year Recipe".

All standing committee chairmen made their reports. Mrs. E. H. Laney made a donation to the birthday bank along with Mrs. John Gillon, Mrs. J. E. Courier, Mrs. A. D. Zachary and Mrs. Lida Stall.

Mrs. Charles Meriwether gave the class devotional reading a Psalm. She also read some articles from the book "Rainbows" ending with a prayer.

During the social hour refreshments of fruit cake, coffee and nuts were served to Mrs. R. A. Putwell, Mrs. P. A. Rowland, Mrs. Bea Monroe, Mrs. A. H. Gregory, Mrs. H. W. Dick, Mrs. Harry Brown, Mrs. O. White, Mrs. R. F. Cole, Mrs. Lida Stall, Mrs. J. Brodie Williams, Mrs. C. J. Meriwether, Mrs. John M. Gillon, Mrs. Louise Knowles, Mrs. S. G. Harrison, Mrs. J. E. Courier, Mrs. Claude Herndon.

Also Mrs. R. F. Robison, Mrs. A. D. Zachary, Beatie Zachary, Mrs. E. H. Laney, Mrs. R. G. Hickson, Mrs. Clark Leansedy, Mrs. Pauline Howard, Mrs. W. E. Raines, Mrs. Z. B. Ruffell, Mrs. M. R. Strickland, Mrs. Albert Hickson, Miss Aline Chapman, Mrs. Roy Tillis and Mrs. C. M. Flowers.

Sanford Teacher Is Married In Lake Worth To W. Walker

LAKE WORTH—In an impressive candlelight ceremony at the First Presbyterian Church Tuesday night, Dec. 27, Miss Virginia Ruth Booth, daughter of Capt. and Mrs. Herman Booth, 211 N. M. St. became the bride of William James Walker Jr.

The Rev. Fred A. Kullmar performed the double ring ceremony before the altar adorned with white chrysanthemums, English holly and poinsettias. Candle were lit by choir boys—Johnny McChesney and Tommy Williams.

The Bride

Chantilly lace over bridal satin was worn by the bride, who was given in marriage by her father. The tight fitted pointed bodice featured a Mandarin collar of scalloped lace and long pointed sleeves. A full skirt ended in a cathedral train of nylon tulle, and her three-tiered fingertip veil of illusion was attached to a tulle and pearl trimmed eolot. She carried a white tulle muff with spray of white carnations.

Wedding Party

Miss Roberta Pemble, sorority sister of the bride from St. Petersburg was organist, Elvin F. Green III sang "Father Thou Who Art in Heaven" and "Entreat Me Not to Leave Thee."

Mrs. Charles Ash, also a sorority sister from Panama City was matron of honor. She wore a holiday green ballerina fitted dress designed with a light fitted pointed bodice featuring collar and cuffs and carried a green tulle muff adorned with English holly and red roses. She wore a headpiece of piated tulle and English holly.

Bridesmaid, Mrs. Herman Booth Jr., Toronto, Canada and junior bridesmaid, Miss Barbara Jean Booth, Toronto, niece of the bride wore gowns similar to the matron of honor. Their muffs were adorned with English holly.

Christie Smith, flower girl, wore a white tulle dress with tulle collar, sleeves and skirt. She carried a tiny basket trimmed with holly and sprinkled holly leaves. Her headpiece was a crown of white flowers with a two-tiered veil attached to it.

Charles Ash served as best man. Ushers were Herman Booth Jr., Mabry Carlin Jr., Wauchula; Jesse Little, Robert Munn, West Palm Beach, and Robert, Beechman, Clearwater, fraternity brothers of the bridegroom.

Mrs. Booth, mother of the bride

Methodist Circles

The Woman's Society of Christian Service of the First Methodist Church met in McKinley Hall, Jan. 3, 1956, for regular board and business meeting which was presided over by Mrs. W. A. Hunter as president of the W. S. C. S.

Following this a program was presented by Circle Nine, entitled "Changeless Gospel in Revolutionary Age".

Mrs. R. E. Baker was in charge of the devotion. Mrs. R. U. Hutchison led the program. Discussions were given by Mrs. Ben Wiggins representing the "World", Mrs. Albert Hardesty representing "Christianity", Mrs. H. W. Dick representing "Communism", Mrs. J. N. Azarillo as "Undecided Nation," and Mrs. Thomas Butts as "Modern Missionary Program".

Also an important announcement was made concerning the musical travelogue, "A Trip To The Holy Land", presented by Stephen A. Haboush, under the auspices of the First Methodist Church W.S.C.S. at South Side Primary School, Friday, Jan. 4, 7:30 p. m.

February Circle meetings are as follows: Circle One will meet with Mrs. John Comney, Orange Drive, Loch Arbor, 10 a. m.; Circle Two will meet with Mrs. T. R. Hatcher, Lake Monroe; Circle Three will meet with Mrs. E. M. Williams, 2100 Cordova Drive; Circle Four will meet with Mrs. J. B. Crawford, Lake Mary Blvd. Members going will meet at church. Cars will leave church at 9:30 a. m.; Circle Five will meet with Mrs. M. R. Strickland, 918 Palmetto; Circle Six will meet with Mrs. R. F. Robison, 1407 E. 2nd, Monday afternoon 3 p. m.; Circle Seven will meet with A. D. Zachary, 812 Magnolia, Monday afternoon 3:30 p. m.; Circle Eight will meet with Mrs. Tate Chapman, W. 1st Street; Circle Nine will meet with Mrs. Thomas Butts, 1418 Park Ave. Monday afternoon 3 p. m. and Circle 10 will meet with Mrs. Grady Herman, 610 W. First St.

was attired in ecru brown lace with brown velvet accessories. Her corsage was of autumn mums.

For her son's marriage Mrs. Walker was dressed in midnight blue lace with matching accessories and wore an ink carnation corsage.

Reception

Miss Kathleen Erskine had charge of the bride's book at the reception that immediately followed the ceremony in the church parish hall. Others assisting were Mrs. Nat Smith, Mrs. Robert Erskine, Miss Dorothy Nordman and Miss Katherine Snyder.

The bride was graduated from Lake Worth High School and Sieton University where she was a member of Phi Mu sorority. She is a faculty member of South Side Primary, Sanford.

Mr. Walker, an alumnus of London High School, Jacksonville, is a student at Sieton University where

On The BOOKSHELF

By S. DRIGGERS

Here is the right way to start the new year! Read some good books and pass the word around to friends. Books are good companions; wonderful for an armchair journey into another land or another life.

For instance, three new books came in the mail this morning: "Look Of The Eagle" by Robert Scott Jr. (author of "God Is My Co-pilot"), a novel about a jet pilot; also "The Last Round" by Frank O'Rourke, the story of a boxer—a boy who looks good, fought well, and finally made his way to the last round; then, too, "The Outdoorsman's Cook Book" by Arthur Cahart, a guide to good eating in camp or on the trail.

Three different trips you can take and not move from your chair or bed, if you're that kind of a reader.

There are so many other good books, old ones, that you may not have had a chance to read while your children were growing up.

Now that the rush of the holidays is over, come to your library and look around. We welcome browsers. And don't forget our magazines. We subscribe to over 50 from which you may choose.

Our winter visitors who come in seem to think we have a "lovely library". We do want to make them welcome to come in and use our library while in town.

Good luck, good health and good reading to you all for the new year.

Weight-watchers take notice: Cut a baked potato in half and scoop out the insides. Put the potato through a ricer and mash with salt, pepper and hot milk until fluffy. Spoon the mashed potato back into the shells and sprinkle with paprika. Reheat in the oven or under the broiler. Garnish with parsley sprigs. Chances are that you won't miss the calorie-rich butter usually lavished on baked potatoes!

he is majoring in accounting. His fraternity is Delta Sigma Phi.

After a tour of the state the couple will live at 448 E. Church, DeLand.

Tourist Club Group Elects, Installs New 1956 Officers

The Sanford Tourist and Shuttleboard Club held a supper Tuesday after which a short business meeting was held.

An election and installation of officers was held and are as follows: president, J. Roy Hall; vice president, Mrs. R. F. Crenshaw; secretary, Mrs. V. S. Rowan; treasurer, Mrs. J. J. Weber; trustees, Dr. W. V. Gardner, Joseph Murray, A. C. Madden, Herbert Lyang and Roy Vance.

Approximately 35 members and guests were present.

Look what maidenform has dreamed up now!

Amazing new pre-beds the bra with the miraculous contour-band

At last, a bra with a contour-band... Maidenform's new design discovery that actually curves up between the cups, separating and lifting you with amazing ease.

New contour-band Pre-beds gives you beautiful natural separation with perfect comfort. So dainty to wear, in flower-fresh white embroidered broadcloth A, B, and C cups... 2.00

Several Million Due For Raises

WASHINGTON (AP)—About five million workers, perhaps several million more, will get automatic pay raises during 1956.

These raises will boost the annual wage bill of American industry by a billion dollars or more.

The pay increases either have been negotiated by labor unions or will come through a jump in the federal minimum wage March 1 from the present 75 cents an hour to a dollar.

A Labor Department survey indicated last night the negotiated boosts will run generally in a range of 6 to 11 cents an hour, or from \$2.40 to \$4.40 for a 40-hour week.

Some of these union-negotiated pay boosts will be as low as 3 cents, some as high as 30 cents an hour. Some workers stand to get as much as 25 cents an hour more through the higher minimum wage.

The Labor Department's statistics bureau estimated that raises will fall due this year for at least 24 million workers under major long-term labor-management contracts. These contracts run for two, three or even five years and provide in advance for specified annual boosts.

The bureau had calculated earlier that 2,100,000 workers would be entitled to increases under the higher federal minimum wage, approved by Congress last year. More than half these workers are in Southern states.

Officials expressed belief there is very little duplication between the two groups. They said most workers now paid less than a dollar an hour are not union members.

Moreover, the bureau's study of union-negotiated increases due this year was concerned only with contracts covering 1,000 or more workers. It seems safe to assume that a considerable number of workers in smaller bargaining groups also have deferred pay boosts coming in 1956.

The bulk of the automatic raises will fall in the second quarter of 1956. This means that purchasing power should increase around mid-year. It could have some inflationary effect. But it also could counter any dip that might develop in the over-all economy.

Out of the roughly 3 million workers expected to benefit from deferred wage boosts, nearly 1 1/2 million are in metal industries, primarily autos, farm equipment and electrical goods fields.

Others include 500,000 construction industry workers, 350,000 transportation workers and 300,000 soft coal miners. Still others are scattered in the printing, leather, chemical, public utility, clay-glass and retail trade occupations.

Legal Notice

NOTICE OF APPLICATION FOR TAX DEED

1956, 19416 Florida Statutes of 1941.

NOTICE IS HEREBY GIVEN, THAT W. E. KIRCHHOFF, III, the holder of the following certificate has filed said certificate for tax deed to be issued thereon. The certificate number and year of issuance, the description of the property, and the name in which it was assessed are as follows:

VOLUME XLVI

1956

SANFORD, FLORIDA

FRIDAY, JANUARY 6, 1956

Associated Press Leased Wire

No. 384

DEAN PARRISH is retiring from the Navy today but will still be seen around the Navy Exchange as general manager.

None Injured In Auto Totally Demolished

Familiar Figure At Navy Exchange To Swap Uniforms

A familiar figure at the NAAS Navy Exchange Store may not be quite so easy to recognize after this week.

Dean Parrish, attached to the Exchange for the past two years, will swap his khaki uniform of Chief Ship's Serviceman for civilian garb when he retires from naval service today but will remain as an integral part of the navy store.

Parrish, a native of Manatee County, Fla., will say goodbye to the service after 20 years active duty, but will be employed at the Exchange in the civilian capacity of general manager.

Enlisting into the Navy in June of 1936 directly from high school, Chief Parrish has seen over 18 years sea duty. He has served aboard such vessels as the USS S. S. Milwaukee, Canopus, Belmont, Demobola, Alcor, Yellowstone and Afridack as well as duty at Argentinia, Newfoundland and Green Cove Springs, Fla.

He reported to Fastlon-51 at NAAS in December of 1953 and was sent to the Navy Exchange for duty where he has remained until now.

Uoff Celebrating 103rd Birthday

The University of Florida is 103 years old today.

Although the University was established in Gainesville in 1903, it traces its history to the State's support of the East Florida Seminary in Ocala in 1833.

A land grant college, the University is the largest in the southeast and 18th largest in the nation. In its 103 year history, it has had only seven presidents, including Dr. J. Wayne Riffe, appointed to the presidency in April, 1955.

No special ceremonies have been planned for the occasion.

**Helen's Mailman
Is Busy Carrier**
CHICAGO (AP)—The mailman on the route embracing little Helen Wilson's home has had a busy week.

He has delivered about 3,500 cards and letters and 100 packages to the 5-year-old girl's home at 3230 Plainfield Ave. The writers, from all parts of the country, were answering the request of police-
men of the Jefferson Park station for persons to write to Helen, whose father, Kenneth, is a policeman at the station.

State Farmer's Market Breaks Records Here

The Sanford State Farmer's Market has shattered all previous records in the sale of produce and fruit at the local one stop loading and sales platform.

The report, made by Sandy Anderson, Market Manager, stated that the Sanford State Farmer's Market sold 342,637 packages at a gross valuation of \$853,602.54 for the month of December.

The nearly one million dollar month sets an increase of \$8,024 packages with an increase in valuation of \$228,960.12 as compared with December 1954.

Anderson said, "We are proud in reporting volume and valuation for December 1955 broke all previous records of produce and fruit sold through the Sanford State Farmer's Market for any one month since the erection of Mr. Mayo's guinea pig market."

The increase in sales through the local market adds optimism to the future of local produce sales and the movement of produce and fruit from the Sanford area into channels throughout the country.

Sandy Anderson, usually moderate in making reports of sales and movement of produce and fruit was unusually enthusiastic over the report completed today for the December sales and volume.

Dry Cleaning Cost Will Be Boosted Beginning Monday

It's going to cost a little more to keep a crease in trousers and pleats in skirts, according to local dry cleaners.

Prices have continued at a set level in Sanford since February of 1950, with the cost of materials and supplies continually advancing through the nearly six year period, they say, without any advance in service costs to the dry cleaning customer.

However, in order to maintain a high standard of quality service, throughout the dry cleaning industry here, cleaners have been forced to adjust their prices effective next Monday, Jan. 9.

The adjustment in prices of dry cleaning services will allow the continued employment of experienced help and the purchase of the finest supplies and materials, according to spokesmen in the Sanford Dry Cleaning industry.

City Parking Lot Paving Is Started

Pavement on the municipal parking lot just off Commercial Avenue and extending to Seminole Boulevard was begun yesterday, according to City Manager Warren E. Knowles.

The laying of the top pavement for the entire area will probably take the entire week beginning Monday to complete, Knowles said.

Signs have been erected in a number of prominent places directing visitors and local citizens to the free parking area which will accommodate more than 250 automobiles.

The complete use of the new municipal parking lot will enable the City to relieve the congestion in the downtown shopping area.

Poor Chico Is Dead But Dog's Services Are Remembered

By SANDRA BERG
Chico is dead!

For those few of you who did not know Chico I shall explain that he was the indiscriminate terrier who was "absolutely dedicated to a self appointed job of riding the Sanford mail truck from morn to night."

Wednesday afternoon about 5 Chico was hurt in an accident with the same loved mail truck and later died about 7:30 that night. Driver of the truck and six months companion of Chico, Eugene Mero, said that the little three-year-old dog heard the truck coming down the alley after he thought it was through with the day's run and was returning to ride in it coming so fast that he hit the truck and was thrown ten feet to the side.

Upon hearing of the dog's death a funeral was planned and held yesterday afternoon at 2 p. m. on the lot next to the post office. As one post office worker exclaimed, "This is where he lived and this is where he should be buried."

A beautiful stained wood coffin with brass trimming was donated by Gordon Brinson and a memorial wreath was given by Dr. Richard Bass. After the burial, the wreath, of silvered leaves and pine cones bearing the letters, "In Memory of Chico", was laid gently on top.

A large crowd gathered around the tiny grave to watch the burial. Many had seen Chico or heard of him and had come to pay their last respects.

His owner Mr. and Mrs. W. O. Brinson and daughter, Lucretia of 210 W. 13th St. were also present. Mrs. Brinson said that Chico had loved the post office so that he had learned to open the back door to be able to meet the mail truck at the corner each morning at 5 a. m. "We hardly ever saw him except on holidays," she said.

"I guess he was lonely after I started teaching school," she explained in regard to the question of how he became so attached to the mail truck and post office. "He followed the mail man one day as far as the lake front and I received a telephone call at school telling me he was down there. It was raining and I didn't have the car so I told the mail man to call a cab and send him home. When the cab arrived there was Chico sitting in the back seat calmly watching the traffic riding by and looking for all the world like a king."

"From then on he made it a point to reach that mail box at 5 a. m. He rode the truck all day and was the smartest dog I have ever seen. One day Mr. Brinson made the remark that Chico ought to come to the depot and help him with his work. Believe it or not at 6 a. m. the next morning when he arrived at the station there was Chico sitting in the baggage room waiting on him!"

At the mail office he was "at home". Mail Supt. Dick McLain reports that Chico would first enter the mail room as soon as the post office was open and take a small look at the drawer which

Engineers Appear Before City Board

VISITORS AT PINECREST SCHOOL yesterday included the only woman member of New York City's Board of Education. Left to right as a tour of the school was completed are: Dr. Irving J. Sands, Sandra Berg, Sanford Herald Society Editor, Mrs. Margaret Reynolds, principal, and Mrs. Cecile Ruth Sands of the N. Y. Board of Education. (Staff Photo)

Knowles Misquoted In Recent Story Of Commissioners

The Sanford Herald corrects a quotation by City Manager Warren E. Knowles which was published in this paper on Wednesday, Jan. 4.

The statement should read, "A schedule of position classifications was prepared and submitted to the Civil Service Board over a year ago and was pigeonholed."

The statement was erroneously quoted during a discussion at the first meeting of the Board of Sanford City Commissioners when the salaries and position classifications were being discussed.

The correction is important in that the Civil Service Board does not have any control whatsoever over salaries of employees. The only consideration that can be given by the Civil Service Board is to POSITION classification.

Circuit Court Term Will Start Monday

The winter term of Circuit Court will get underway Monday morning with Judge Vassar Carlton sitting on the bench.

Eleven cases have been included in the two week term of criminal cases to be tried.

"Fifty prospective jurors have been summoned to appear Monday morning for the winter term of court."

The docket, according to State's Attorney Murray Overstreet, will include State of Florida cases against Floasie Mae Sitt for resisting an officer; William Oscar McKendree charged with murder; William Cross for assault with intent to commit murder in the 2nd degree; Norman Kimble for cutting and carrying away timber from the lands of another; Dan Wells charged with shooting into a dwelling house; Clayton Thomas charged with conducting a lottery and aiding in conducting a lottery; James Riley for attempt to commit rape; Ellis Kettles for grand larceny; Mabel Smith, charged with breaking and entering with intent to commit a misdemeanor; and Bobby "Happy" Johnson for entering without breaking with intent to commit a misdemeanor.

Grey Brewer, formerly of Miami, will serve as Court Reporter and comes to Sanford for his first term in court here.

PIG GOES TO SCHOOL
MAYSVILLE, Ky. (AP)—When the custodian at Minerva High School went to work he found a 100-pound pig trotting around in the school cafeteria. An investigation showed the pig either had fallen or been pushed through a window which had been opened. It was turned loose in hope its owner would find it.

General Outlines Presented Meetings Held To Present Facts

Five firms of consulting engineers are appearing before the Board of Sanford City Commissioners at informal meetings that were started Wednesday night at the City Hall.

The firm of Russell and Axon of Daytona Beach appeared Wednesday evening for informal discussions which are held at the open meetings.

Smith and Gillespie of Jacksonville appeared before the commissioners last night for a 30-minute discussion.

Tonight, the firm of Robert & Company Associates of Atlanta, Georgia will be in Sanford for another meeting.

Further meetings will be held next Monday night when Reynolds, Smith & Hill of Jacksonville will be heard and next Thursday night, Conner Townsend & Associates of Chicago will be represented by Carl H. Bowen at another meeting.

The meetings are being held to allow the Board of Sanford City Commissioners to become familiar with the various consulting engineering firms and for the firms to become familiar with the City's problems.

The firms are allowed, at the meetings open to the public, to present to the Board of Sanford City Commissioners a general plan as to how they would approach the problems of the City if the commission considered it advisable to hire consulting engineers.

Such possible work would mean a feasibility report and present the facts as to whether or not it would be advisable for the City of Sanford to acquire an electric distribution system.

H. H. Coleman of the Florida Power and Light Company has been invited to the meetings and is sitting in on the discussions.

Vets May Consult Tom Deen Jan. 12

Veterans of this area who need assistance in obtaining benefits provided by law may receive guidance from Tom B. Deen, Assistant State Service Officer.

Veterans or their dependents may consult Deen while he is in this area and may receive assistance in filing applications for hospitalization, compensation, pensions, insurance problems, loan benefits, educational training, burial benefits and miscellaneous subjects, where legal entitlement is involved.

Deen has been invited to this area as a special consultant by Karlyle Householder, County Service Officer, and may be contacted as follows: Jan. 12, at 2 p. m., Sanford at the County Service Office, Brumley-Puleston Building.

New York Visitor Amazed At Schools

"I am so glad you took us around" were the concluding words of Mrs. Cecile Ruth Sands and her husband Dr. Irving J. Sands of New York after a tour of Seminole High School and Sanford's new primary school Pinecrest yesterday morning by myself and Marion Harman The Herald's Editor.

Mrs. Sands is a member of the Board of Education of the City of New York and is, I might add, the only woman member of the nine-member board. She and her husband have been staying at the Mayfair Inn during the Christmas and New Year holidays.

As we started out Mrs. Sands was full of questions and I got the impression that HER impression of southern schools was changed by our tour. She was full of praise and both she and her husband were "amazed at the happy look on the children's faces, especially in High School."

Principal Herman E. Morris of SIS met us and explained the questions asked as he took her through the school. He explained that 60 per cent of the SIS students attend college in answer to her questions of college entrance exams. She also asked if the men were paid more than the women here and the definite answer came, "No."

"In New York a BA Degree will receive \$3800 a year and a teacher may work his way up to a \$7800 salary," she said.

On the question of, "vulgar delinquency she brought out the point of over crowding in the New York schools, along with parental problems were two of the
